WHITE BED SPREADS

A BIG SHOWING
AT ALL THE
POPULAR PRICES

A big consignment of White Satin Quilts has just come to hand. The order for these was placed with an English maker, fully six months ago, before the heavy advance in the price of cotton goods, so that the values we are in a position to give you to-day, are fully 20 per cent. better than if we were buying these same goods to-day. The patterns represented in this lot are all the newest designs. We shall be pleased if you will come in and look at them—we are sure they will please you.

CIVIC RATE TO BE 28 1-2 MILLS

Ald. Chas. Austin Says it
Cannot Possibly Be Be-
low This

City has a Number of Heavy
Debentures to Meet this
Year

Chairman Austin, of the Finance Committee of the City Council, is not as optimistic about the civic rate as His Worship Mayor Stone. He thinks that the rate will be at least half a mill higher this year than last, but said that he was well pleased to note that the Board of Education were doing all in their power to cut down their estimate. "I would consider it very fortunate if under all the prevailing conditions we were able to reduce the rate to 28 1-2 mills," he told a Planet reporter this morning. "We would like to see it 28, but if we adhere to the policy of paying all this year's expenses we cannot make it that amount. Our rate excluding out of the ordinary expenditures would not be over 27 mills, but debentures which we will have to meet and an excess in the educational estimate will make it a mill and one-half higher than this. We could have done with a mill less last year, but the extra mill levied went to pay off a portion of the floating debt.

"However, after the committee meeting this afternoon, we will know definitely what report to make to the City Council with regard to the matter."

HOME FOR TWO WEEKS

Dan Robertson and Gray Mitchell, of Winnipeg, are spending a couple of weeks at their homes in the Maple City. Last evening Dr. Reg. W. Rutherford gave a small stag in their honor and a very pleasant time was spent.

Both of the visitors like Winnipeg very much, but they still have a warm spot in their hearts for Chatham, and are glad to be back, even for a short time. Gray is connected with a large fashionable grocery store in Winnipeg and Dan enjoys a lucrative position in a jewelry store. There are many Chathamites in the western city, and all of them are doing remarkably well. There is not a failure in the whole lot who have left Chatham for the west, and this speaks well for the Maple City. The boys like Winnipeg all right, but they would like it just as well if it were not so cold in the winter time. Both of them got their ears frozen every day last winter. There is not a person in Winnipeg, they say, who has not at some time had his ears frozen. And wind! Winnipeg is full of wind all winter. In spite of the cold, however, it is a good town.

They came around by Chicago on their way to Chatham, and spent a few days in the windy city. Both are looking well, and Winnipeg evidently agrees with them.

Need Any Stove Repairs?

Look over your stoves carefully and see whether they need any repairs. Far better to get them now than to wait until the stove season arrives and everything is in a whirl and it is impossible for us to get the repairs from the makers in time. This is the slack time for them and they are sure to fill the orders promptly.

It matters not what repairs your stove or furnace needs, let us know.

Will you take a few minutes to examine them now?

A RECEPTION FOR MR. WHITE

Champion Fat Sprinter
Should Receive Public
Recognition

Prominent Citizen Makes
Wise Suggestion—City
Being Boomed

In view of the fact that one J. W. White, a local barrister, probably better known as the Maple City's champion king of fat men's races, has brought considerable distinction upon this city through his unquestioned prowess on the amateur athletic track, and as this city has gained considerable fame and valuable advertising, as the home of the only living fat man who has never been fairly beaten during his whole sprinting career, it has been aptly suggested that a public reception should be tendered him by the Mayor, Council, Board of Trade, Board of Education, Board of Health, Library Board, Water Commissioners, and citizens, upon his return from Mt. Clemens.

As is pretty well known, Mr. White has been gaining fresh laurels since he went to Mt. Clemens. Some fat talkative person over there spoke out of his turn recently, and Mr. White in a quiet but firm manner, politely requested him to make good his threats. Fortunately Mr. White, quite accidentally, went to Mt. Clemens prepared for all emergencies and a hurried search in the bottom of his trunk revealed the presence of his racing tights, spiked shoes, etc. There is no use dwelling upon the details of the race. Of course Mr. White won—as he knew he would. Chatham was advertised as the home of the fastest fat man—that is of course in a foot race—in America. No doubt there will be many from Mt. Clemens who will want to come to the place where such sturdy athletes are turned out, and in this way the population of this city will be materially increased. For this reason, it is only fitting that the people of this city should give some evidence of their appreciation of Mr. White's noble efforts to boom Chatham. It is a question of what form this token of esteem should take. The idea of a monetary consideration is scouted by all who know Mr. White personally. It is the general opinion that it would be only an insult to offer a purse of gold to Mr. White as a recompense for his services, when they are given with such public spirit. Then, too, it would be placing a money value upon services which cannot be estimated in dollars and cents.

The idea of a public reception seems to be the only way out. An illuminated address might be prepared in which reference could be made to the sprinter's past efforts, thus covering his whole career, for which, it is the lamentable fact, he has never received public recognition.

The idea has been suggested by one of the most prominent citizens in Chatham, and it should be met with universal favor. If anything is done, it should be done immediately, as it would not do to go into the matter half-heartedly. The Planet would suggest that if there are any citizens interested in this movement, their opinions should be sent to this Great Home Journal, when due publicity will be given to them, in a united effort to work up the proper enthusiasm.

CHAMBER RENOVATED

The Judges' Chambers in Harrison Hall are undergoing a thorough renovation, and will present a much different appearance in the course of a few days. The walls and ceiling have been repainted, the woodwork will be re-varnished. The floor is being covered with linoleum. Right here it might be well to say a good word for Janitor A. M. Scarlet, the new caretaker of the Hall. Since Mr. Scarlet took charge he has spent a great deal of time in cleaning and scrubbing the interior of the building. The whole place has now been cleaned out thoroughly from top to toe, and the various officials in the Hall are loud in their praises of Mr. Scarlet and the thorough and satisfactory manner in which he attends to his duties.

CHARGE WITHDRAWN

The charge against the Morton, of Wellington street, who was accused of ill-treating a horse he had hired from a firm, has been withdrawn by Officer McGregor. However, Officer McGregor told the Judge yesterday morning that he wished to have the charge withdrawn on account of Morton's wife and family. The case was previously taken up and remanded.

INTERESTING WILL CASE

It is Alleged Undue In-
fluence was Used Draw-
ing it up

Relatives Bring Suit to
Have Document Set
Aside

Quite an interesting action is in progress before Judge Bell in Surrogate Court. It is an action to set aside the will of the late Henry Allinor, whom the older residents of the city will remember as a well-known local drayman, but who previous to his death lived retired some time, and was reputed to be quite well off.

The relatives who are endeavoring to have the will set aside, bring their action on the grounds that undue influence was used when the will was drawn up.

The deceased, it is understood, left property to his sister, Mrs. O. Sprung, amounting to \$7,000. Mrs. Micklejohn, another sister, instituted the action to have the will set aside. J. S. Fraser is acting for Geo. A. Sayer, solicitor for the executors, while O. L. Lewis is counsel for Mrs. Micklejohn.

THE I. P. S. APPOINTMENT

Considerable interest centres on the question as to who will be appointed to succeed the late Robert Park, whose demise leaves vacant the position of Inspector of Public Schools in West Kent and the City of Chatham. It may be that two appointments will be made—one to each of the inspectors. This suggestion, it is understood, is looked upon with considerable favor by the powers that be.

Among the gentlemen who are prominently mentioned as possible successors of Mr. Park for the inspectorate of West Kent are—Geo. Karpish, Arch. McVicar, and A. E. Jewett.

This matter will undoubtedly have the entire attention of the County and city authorities, and it is hoped that they may come to an unanimous decision upon one of the various competent gentlemen who will be candidates.

The Planet is creditably informed this afternoon that J. H. Smith, Principal of the Dutton High School, and for fourteen years holding the position of Assistant Principal of the Ridgeway Collegiate Institute, will be successor to the late Robert Park as I. P. S. for West Kent.

The selection is in the hands of the Warden, and will hold good until the meeting of the County Council in December, the appointment being for the present a temporary one.

NORTHWAY'S FOR BARGAINS

One of the central attractions for the fair sex of the city at present is the Northway Store. As has been announced in the Planet, this firm is now conducting one of the biggest sales of the year. The watchword of the sale is "Move On," and this order is addressed to every piece of goods in every department of this large establishment.

The firm announces that all their summer stock will have to go right away, in order to make room for the fall goods. On this account they are offering exceptional bargains, which the ladies of the city should not be long in picking up.

Reference to their big "Ad," which is running in to-day's issue, may remind prospective patrons if there is something they need, and if they find that they need anything in the dry goods line, the prices quoted will be sufficient to induce them to pay a visit to the store. The advantage of buying early is apparent to everyone, for in such an exceptional sale as this one is, the best goods will be picked up in very short order.

Standard Oil Seeks Appeal
Chicago, Aug. 8.—Attorneys for the Standard Oil Co. of Indiana, which was recently fined \$25,000 in the United States district court yesterday presented to Judge Landis a motion seeking an appeal in the case. The hearing of the motion was set for 11 o'clock to-day.

All Quiet in Belfast.
Belfast, Ireland, Aug. 8.—The dispute in the coal trade here has been settled, and work was resumed yesterday. The troops again took possession of the streets yesterday; the factories are re-opening and the normal conditions of business are gradually returning.

Coronation Not Observed.
Rome, Aug. 8.—The Pope yesterday countermanded all the receptions planned in honor of the anniversary of his coronation, fearing that the crowds might be involved in the street fighting which was reported from London.

MAY SELL OUT ELECTRIC LINE

W. E. & L. S. Road May Be
Turned over to Hamilton
People

There will then be Connect-
ion Between Niagara
Falls and Detroit

Detroit, August 8.—If things turn out as they are planned by the Cataract Power Company, of Hamilton, the Windsor, Essex & Lake Shore Electric Railway will be made a part of a system which will practically connect Niagara Falls with Detroit, and there will be a new ferry company running boats across the Detroit River.

It is reported from a very reliable source that the managers of the Hamilton Company are negotiating with the W. E. & L. S. officials with a view of purchasing the road and thereby adding one more to the already large number of traction companies they control in Canada. The company, which draws its power from a little falls about fifteen miles this side of Niagara, already controls the H. B. & S., the H. & G., the H. & B. electric lines and a number of others, and has an ambition to have electric connection between the Falls and Detroit.

If the company can succeed in buying the W. E. & L. S. line—and a committee is soon to visit Windsor, it is said, to look over the ground—the crossing of the river will be the next step in the system. It is said the company has already made a formal application to the Dominion Parliament for a franchise permitting it to operate such an international ferry between Detroit and Windsor.

DEADLY FOE OF SAN JOSE SCALE

St. Joseph, Mich., August 8.—A new savior for the peach crop has appeared in this section. The Japanese lady bug beetle, imported into this country two years ago by the Agricultural Department as a deadly foe of San Jose scale, is found in great numbers in shade trees in this city. In trees occupied by the bugs unmistakable evidence of the destruction of the scale is found.

Fruit growers in this part of the country are making plans to propagate the little animals in great numbers and bring them in their orchards. When the beetles were planted in this country by horticultural experts it was feared they would not stand the rigors of northern winters. They have proven their hardiness and give every promise of being an effective weapon in the war against the scale.

FRIDAY, AUGUST 9, 1907.

It is hard to say how soon we may be called upon to help pay the Standard Oil Company's thirty million dollar fine.

A wild deer ran through a china shop in Moncton, N. B., recently. The fabled bull in the china shop will now have to take a back seat.

Fruit is said to be a poor crop this year, but the easy mark will still be able to locate an abundance of lemons on the market.

If President Roosevelt were a member of the Dominion Fisheries Commission, what a glorious chance he would have to expose a new species of nature fake.

The Globe says that the trouble in Morocco is a religious one. Quite a wise conjecture. From this distance it appears to be almost as noisy as some Presbytery meetings of which we have known.

There is talk of another session of Dominion Parliament this fall. Care should be taken to have the Resignation Bureau appointed before the session opens, and thus avoid a great deal of usual but unnecessary delay.

Mayor Judd, of London, claims to be highly offended over an alleged misrepresentation in a headline in the Free Press. Seeing that Mayor Judd bears the name of a famous brand of soap, he should know that it will all come out in the wash.

The Board of Education proposes to dismiss a number of the kindergarten teachers, but a magnifying glass and a spot-light will probably be necessary to find the member who will be small enough to select the teachers to be dismissed.

It is now August, and the City Council have not yet struck the civic rate. A few more delays and election time will be around, when the size of the rate might not prove a very good advertisement for present aldermen who will be on the "prospective" line-up.

At Henry Bourassa's stormy meeting in Jacques Cartier the other day, a number of the politicians were hit on the head with beer bottles. This might be noted as one case of politicians vs. booze, where the politicians were not doing all the hitting.

A few people in London are raising an awful howl over the prospect of having to drink filtered water. Chatham people drink filtered water from the Thames seven days in the week, and they are as healthy and as happy a class of citizens as will be found anywhere in the Province.

Perhaps the Banner, which all along has had so much to say about reducing the kindergarten staff, will help the members of the Board of Education out of an awkward rut and select the kindergarten teachers whom it thinks should be dismissed.

Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has the names of doctors on every bottle wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, diarrhoea, catarrhal, pelvic drain, dragging down distress in lower abdomen or pelvic region, dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or other derangement of the feminine organs, you can not do better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and local treatments of the family physician can be avoided and a thorough course of successful treatment carried out in the privacy of the home. "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs.

Do not expect too much from "Favorite Prescription"; it will not perform miracles, it will not dissolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weaknesses and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time.

You can't find a better substitute for this remedy of known composition.

Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is guarded as strictly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic. Easy to take and candy.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Falling hair is caused by germs at the roots of the hair. Dandruff is caused by germs on the scalp. Your doctor knows why Ayer's Hair Vigor, new improved formula, quickly destroys these germs. Makes the scalp clean and healthy. We publish the formulae of all our preparations. J. C. Ayer & Co., Lowell, Mass.

MODERN LADY GODIVA

Representation of Historic Event Given in Coventry.

Actress Takes Star Part—Wore Fleshings and Draperies—Was Centre of Pageant Witnessed by Crowds—Many Clergy Leave the City—Rider Complains of Superfluous Clothing—Traversed Six Miles.

Coventry, Eng., Aug. 8.—Mounted on a white palfrey and decorously clothed in masses of hair, pink fleshings and clouds of gauze, a modern Lady Godiva yesterday morning gave a representation of the historic ride through the city streets.

Coventry has been Lady Godiva mad for months. When a revival of the procession, last witnessed in 1887, was first mooted there were many who desired a strict adherence to tradition even to the nudity of Lady Godiva, but the anti-nudists succeeded in effecting a compromise, and a vaudeville actress, whose specialty is to display herself in groups of living statuary, was engaged to represent the historic benefactor of Coventry.

The actress, who is said to have complained that she could make half a dozen summer frocks out of the gauze she was compelled to wear, took an hour and a half to arrange her trailing hair and long draperies, and then a special committee had to approve of her costume before Lady Godiva was permitted to take her place in the pageant.

Many of the local clergy who had been preaching against the fleshings as being suggestive of nudity left the city temporarily, but most of the people of the country and eighty to one hundred thousand from the outside had a sight of Lady Godiva as she traversed the six miles and of the splendid pageant of which she was the central figure.

The Legend of Coventry. Lady Godiva, who flourished about the middle of the eleventh century, was the wife of Leofric, Earl of Chester. She was a woman of great beauty and the benefactress of many churches and monasteries.

According to the legend, Lady Godiva begged her husband to relieve Coventry of a burdensome tax, and he consented to do so on the condition that she should ride naked through the market place. This she did, covered only by her long hair, and thus won relief for the people. According to some versions of the story the people were commanded to keep within their houses while Lady Godiva passed, and only one man, "Peeping Tom," disobeyed, and he was miraculously stricken with blindness.

ARMAMENTS KEEP THE PEACE.

Admiral Beresford Says That to Disarm Would Mean War.

Liverpool, Aug. 8.—The British Channel fleet, consisting of 17 battleships and cruisers, commanded by Admiral Lord Charles Beresford, have arrived to participate in the celebration of the centenary of the foundation of Liverpool.

Replying to an address of the mayor and corporation, Admiral Beresford, referring to the proposals for a reduction of armaments, said he sympathized with the idea of the peace societies, but it was impossible to reduce it, as it was absolutely certain that this country would soon be involved in war.

All implements of war were deplorable, but they kept peace, and the British fleet should be so strong that anybody violating peace should be immediately annihilated.

Irish Tenants Bill Passed.

London, Aug. 8.—After a long and uninteresting debate in which the leaders of the opposition indicated their intention of amending the measure in committee, the evicted Irish tenants' bill passed its second reading in the House of Lords.

A dramatic incident of the debate was the appearance of Lord Clanricarde, the most hated landlord in Ireland.

With bent and shrunken frame, outstretched shrivelled fingers, and in a voice now shrill, now husky with passion, he denounced the bill in unmeasured terms as the "epoch of robbery."

In the midst of his diatribe the aged earl occasionally took a phial from his pocket and sipped the contents.

Every member of the House turned to watch the speaker, but his speech was received in chilly silence.

Deliberately Wrecked.

Winchester, Va., Aug. 8.—An automobile in which Miss May Bushnell, 35 years of age, was riding with Jacqueline Hardesty was wrecked Tuesday night. Miss Bushnell had her skull fractured and died soon after.

Hardesty had observed several large stones piled in the road, evidently by wreckers. These were avoided. A few moments later the machine dashed into a large log placed over the entire roadway.

Doctor's Quick Surgery.

Ottawa, Aug. 8.—At Aymer, Que., Tuesday evening John Smith was watching a ball in the air while sucking a big candy.

The candy slipped down the lad's throat, and he was choking to death when a doctor promptly made an incision in the neck and took it out.

The lad will be little the worse in a few days.

Tragedy in Alps.

Berne, Switzerland, Aug. 8.—An automobile containing Herrich Corried, New York, while touring Lake Zurich, ran down and instantly killed an almost deaf peasant near Lachen. Hundreds of villagers threatened Herr Corried and his party.

Three Die in Auto Accident.

Milwaukee, Aug. 8.—Two men were killed, one man fatally injured and a fourth slightly hurt early yesterday when an automobile was ditched at Brookfield Corners.

A CASE OF NERVOUS PROSTRATION

Relieved In a Remarkable Manner By Pe-ru-na.

Pe-ru-na Is a Systemic Catarrh Remedy.

Especially Adapted to Cases of Nervous Prostration

Caused By Overwork, Mental Strain or Extreme Summer Heat.

IN latitudes where warm weather is of long continuance, the inhabitants become more or less accustomed to it.

In Temperate Zones, however, where the change from winter to summer is great, the system is sometimes poorly prepared to meet the exigencies of hot weather. This is the cause of much sickness.

Stomach catarrh, indigestion and dyspepsia are not among the least of summer ailments.

When the digestion is disturbed, the assimilation is also affected, and as a result the body does not receive the nourishment it should. Lassitude, weakness, brain fog, loss of flesh and nervous prostration are the natural results.

What is needed is a remedy that will restore the digestive organs to their normal condition.

Such a remedy has been found in Peru-na. It has proven itself of great value in thousands of cases of this kind.

Its action has been remarkable at times in restoring some patients who had given up all hope of recovery.

But there is nothing strange about Peru-na's action. It simply tones up the mucous membranes of the organs involved, restoring them to their normal conditions and leaving Nature to perform her duties unhindered.

That person who has sound, healthy mucous membranes lining the entire digestive tract is well-guarded against the usual summer ailments.

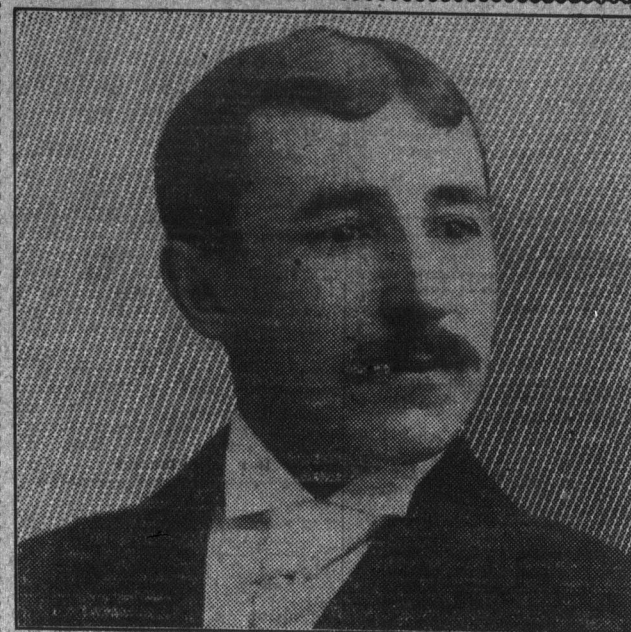

Peru-na is the means whereby to attain this most desirable condition.

If you suffer from any of the above mentioned symptoms, try a bottle of Peru-na.

One bottle of this remedy is often sufficient to convince any one of its merit as a safe and reliable remedy for all catarrhal conditions.

We have many letters of gratitude received from persons who have experienced its benefits.

These testimonials are proof to us that Peru-na has not failed in the mission for which it was intended, that of relieving suffering and restoring health.

MR. P. BRIENS, 23 Third Street, Limonou, Quebec.

"The fatigues entailed by my duties as accountant began to weaken my system about a year ago. I felt that I would not long be able to withstand the severe strain upon my nerves, as, a thing unknown to me before, I would long for office hours to be over in order to rest."

"I gradually grew weaker and a few months later my sight was impaired. I then broke down completely and was obliged to take to my bed. I was also suffering from palpitation of the heart."

"After a few weeks' treatment by a local physician, I was in the same critical condition and as the doctor held out no great prospects for me, I decided to experiment on myself."

"I took several remedies advertised as tonics, but did not derive any benefit. Peru-na was then given a trial, and before I had taken it a week I felt my condition improving. After a few weeks more had elapsed, during which time I followed the directions carefully, my shattered nervous system became firmer, my sight stronger and I hoped to be out soon again."

"My expectations were realized, for in three weeks I assumed my duties as accountant at the office."

"Peru-na certainly worked wonders on my system, and for persons run-down from overwork, I believe it is the most efficacious tonic."

As a good, true friend and is the tonic needed.

"I have tried it for months and am only too glad to acknowledge it as a true, loyal standby in times of trouble. I do not hesitate to recommend it to all."

Completely Run Down—Pe-ru-na Restored to Health.

Mrs. J. Colson, 851 Notre Dame street, Maisonneuve, Montreal, Can., writes:

"Last winter I contracted a severe cold which affected my head and throat so I had to take to my bed and could not do my housework. A friend advised me to get a bottle of Peru-na, and procure a bottle. I felt better from the start. I have taken three bottles and am a new woman. My daughter's system was also completely run down and after using Peru-na she is again restored to health."

"If you are suffering with the excessive heat, Peru-na restores you, or if you are afflicted with a cold, la grippe or bronchitis, Peru-na restores you in a short time."

"Or if you suffer with sleeplessness or if your appetite is poor, again Peru-na

TOWNSHIP COUNCIL

HOWARD TOWNSHIP COUNCIL.

The municipal council of the Township of Howard met at the township hall Saturday, June 8th, 1907, as per adjournment, all members present.

Minutes of previous meeting and Court of Revision on the outlet east branch Bell or Crawford drain and on Harrison Drain Extension, were read and confirmed.

Communications.

From Jonas Gosnell, County Clerk, giving notice that the town of Wallaceburg had appealed against their assessment as equalized by the county, the judge having appointed June 29th for the hearing of same, also stating that the rate levied against Howard for 1907, general rate \$3.713.15, school rate \$239.25.

From H. C. Secord, objecting to perform his statute labor west of Thamesville bridge, also wishing the council to attend to the completion of the Duffin drain.

From Mrs. A. J. Jullied, asking council to appoint a pound keeper in division 13 instead of A. Jullied, deceased.

From H. A. Thomson, manager of the Melsons Bank, stating that on June 30 there was a credit to the township of \$5,233.98.

From Wm. Barker, superintendent of Telegraph Company, stating that they would attend to the removing of poles on River Road as requested.

Reports.

From A. McDonnell, C. E., stating that he had inspected the Buller drain and found that the drain was much wider than required, with the exception of the south branch, which is not as wide as the specifications called for as to the levelling of the earth have no objections to find.

From E. Briens, stating that he had met on the McLarty and Hatten drain as per resolution of council, all parties being present. Came to an agreement, the township to complete eight and one-half rods of same.

From A. McDermid, township engineer, stating that a portion of an award drain was adjudged to be performed by John Clark, having failed to do so was sold to Charles Wright for \$6.16, other expenses \$4.25, to be charged to the south half of lot 7, concession 4.

From Thomas Seane, C. E., stating that the Crouch drain is now complete in accordance with specifications.

From George Winters, inspector of the Harrison drain, stating that he had inspected same and found some obstructions, notified the parties interested, and they removed same.

From Miles Bright, inspector of the Crouch drain, stating that said drain was in good shape except at 12th and 13th sideroad, which was badly blocked with drift wood, had same removed, which should be charged to the township, \$100.

From E. Briens, W. A. Walters, re culvert on lake shore, reported that same is now complete at a cost of \$316, recommend that the contractor be paid his amount, less \$25, same to be paid when concrete is satisfactory to commissioners.

From Hiram McLarty, stating that

he had attended at Chatham, re Taff drain, appealed with Harwich before the referee in which judgment was given in our favor with costs. Also report that Alex. McKerracher, has completed the culvert over the concession 5, entitling him to \$105. I also notified the Reeve of Harwich in reference to the culvert over the Taff drain as being dangerous, as yet he has not met me, but would recommend that the drain be straightened as at present it is difficult to keep said culvert in repair.

I also waited on Mr. Clarke at Windsor with papers in connection with the suit of Lamb vs. Howard. I also met at Chatham June 29, re the appeal of Wallaceburg versus co-equalization.

Petitions.

From W. Muckie and 28 others from Harwich and eight from Howard, asking council to appoint an arbitrator, re union school section at Troy.

A number of accounts were ordered paid.

The following persons addressed W. Muckie, requesting appointment of arbitrator for Union S. S. Ridley.

W. Osborne, contractor Bell or Crawford drain, stating that the drain could not be done at estimate.

No action.

Jas. Brown and D. Crawford, asking a grant for Erie street north, between concessions 5 and 6.

Moved by Campbell and Arnold, that the report of E. Briens and W. A. Walters, putting in pipe on lake shore, road, be received and contrast paid, as per report.—Carried.

Moved by Briens and Walters, that

the report of M. Bright, inspector on Crouch drain, be received and he be paid as per by-law.—Carried.

Moved by Walters and Briens, that the report of A. McDermid, C. E., re Buller drain, be received and placed on file, and the accounts of A. McDermid, C. E. be paid, and charged to drain.—Carried.

Moved by Arnold and Campbell, that the report of A. McDermid, township engineer on the Clark and Wright D. and W. be received and parties paid as he recommended.—Carried.

Moved by Arnold and Campbell, that W. Cudmore be appointed inspector on Tullon drain.—Carried.

Moved by Briens and Arnold, that F. Frye be appointed pound-keeper instead of A. Jullied deceased.—Carried.

Council met as Court of Revision on the outlet of east branch Bell or Crawford drain.

Moved by Walters and Campbell, that Court of Revision on above drain be no wcos.d.—Carried.

Moved by Campbell and Arnold, that this Council grant the sum of \$50 to be expended on Erie street north, between concessions 5 and 6, and Jas. Brown be commissioner to expend same.—Carried.

Moved by Campbell and Arnold, that the report of Thomas Seane, C. E., on the Crouch drain, be received and placed on file.—Carried.

Moved by Arnold and Walters, that the report of J. N. Campbell, re completing of Crouch drain be received and he be paid as per by-law.—Carried.

Moved by Briens and Walters, that the report of H. McLarty, re Taff drain, be received and placed on file, also of Geo. Winters on the Balmer branch, and he be paid as per by-law.

Council met as a Court of Revision on the Harrison drain extension.

Moved by Walters and Briens, that Court of Revision on above be closed.—Carried.

Moved by Walters and Campbell, that the reeve and clerk be empowered to issue orders in favor of W. Graham, contractor for concrete culvert, concession 12, opposite lot 4, when certified to by commissioner in charge.—Carried.

Moved by Briens and Walters, that the reeve and clerk be authorized to issue orders in favor of A. McKerracher contractor for concrete culvert over Harrison drain, when certified to by commissioner in charge.—Carried.

Council adjourned.

Geo. McDermid, Clerk.

What might have proved a serious accident took place last Wednesday night on St. Clair Street. A gentleman who was crossing the street, opposite Ald. Meynell's house, where an electric light should be, was struck and run over by a horse and buggy. He received a bad cut above the eye, and was somewhat stunned. He was taken to his home, where the wounds were dressed. This place is decidedly in need of a light, and the authorities of the city should make arrangements for the same before more serious and, perhaps, fatal accidents, may occur.

An Honorable Mayor.

Kansas City, Aug. 8.—Mayor Dudley E. Cornell of Kansas City, Kansas, has resigned because the expenses of the city are greater than the revenues. The council refuses to accept the resignation.

The revenues have been greatly reduced by the suppression of liquor traffic and gambling.

Denies Theft of Nuggets.

Cobalt, Aug. 8.—Horace Crowe, a married man about 40, employed at the Nipissing, has been arrested by the officials on a charge of stealing silver. When arrested he denied any knowledge of the stolen nuggets, claiming they were put in his clothing.

NOON IN CHATHAM

What Is Going On In Town When The Clock Strikes 12.

Noon, the dinner hour, the hour of comfort, of pleasure and relaxation—the one hour in the twenty-four which comes to men and women of every station with greater similarity than the hour of any other function in life.

Promptly as the clock strikes 12 in Chatham the shadows on anxious faces turn to lines of good will, and if villainous hot bread, pies, spices and other indigestibles were excluded there would be no such words as dyspepsia or indigestion in the dictionary.

But the contrary is true, and modern science has to step in and aid the man or woman who has been too busy to pay proper attention to health.

The greatest step forward in medical discovery is Mi-o-na, which cures all stomach and digestive troubles. In hundreds of the best homes in Chatham and adjoining towns the handy little tablets, so pleasant to take, yet effective, have given quick and lasting relief in indigestion and that disagreeable full feeling after eating.

Mi-o-na acts very gently. Much of its wonderful power over indigestion comes from its uniform but sustaining action. The required stimulating and strengthening is given to the important organs of digestion without producing the slightest weakness or reaction.

A 50-cent box lasts for a couple of weeks and will ward off a dozen attacks of indigestion. C. H. Gunn & Co. give a guarantee, absolute and unqualified, with every box of Mi-o-na to refund the money if it does not give satisfaction.

MARTIAL LAW IN BELFAST.

Soldiers Take Possession of Streets Carrying Ball Cartridges.

Belfast, Ireland, Aug. 8.—Troops took possession of the streets of Belfast yesterday morning and strong guards were posted at custom house square and other centres.

Thousands of citizens watched with mixed feelings, the inauguration of military control of the city as a result of the strikes and insubordination of the police.

The soldiers will carry ball cartridges, and there are some fears that this practical placing of the city under martial law may precipitate a crisis.

The plan is to have the soldiers perform police duty in order to enable forces of constabulary to be told off to protect the conveyance of merchandise to and from the docks.

The city has been divided since the division of the city into five divisions, each under control of a battalion of infantry.

The city is quiet. The strike pickets turned out as usual yesterday morning, but they were inactive.

The day passed in absolute quietude. The effect of the presence of the troops on the business streets of the city was most excellent. Some of the mills and factories that had closed were re-opened and others announce that they will re-open to-day.

More goods have been moved from the docks than on any day since the docks began, and it is apparent that the strike of the carters will collapse speedily.

MUST GET A LICENSE.

U. S. Fishermen Get Same Privileges as Britishers.

Washington, Aug. 8.—The State Department yesterday received a communication from Ambassador Bryce in connection with the seizure and release last spring in the Gulf of St. Lawrence of the American fishing schooner Alert, engaged in trap net fishing.

The ambassador says that the action of the Canadian authorities in that case was taken solely with a view to the preservation of the fisheries and no question of nationality was involved.

In order to prevent further friction instructions have been sent to the local authorities not to interfere with trap nets set by American fishermen in cases where a license would not be refused to a British fisherman even though the special license has not already been taken out.

The ambassador says that the Dominion Government hopes that American fishermen will be requested to apply for license and not proceed to fish without them inasmuch as they will be issued on the same conditions as to British fishermen.

The State Department regards this outcome as most satisfactory and is gratified at the attitude of the Dominion authorities.

TURKISH INVASION OF PERSIA.

Christian Village Shelled, Many Killed and Girls Carried Off.

Teheran, Persia, Aug. 8.—Turkish troops which recently crossed the northwest frontier of Persia, are marching on Urumiah, burning and devastating villages along their route.

The Christian village of Ewan is reported to have been shelled and 90 persons, including many women and children, are said to have been killed. Then girls were carried off.

The Government is consulting with the foreign representatives regarding the Turkish invasion.

FORTY YEARS FOR BURGLAR.

And Chum Who Gave Evidence Gets Twenty-Five Years.

New York, Aug. 8.—August Van Fahrig, aged 20, convicted leader of a gang of burglars, who terrorized Nassau County residents for nearly six months, was yesterday sent to Sing Sing Prison for a term of forty years at hard labor.

Christian Schlange, aged 19, another member of the gang, who turned state's evidence was sentenced for 25 years, and his mother, for receiving stolen goods, for five years.

Schlange's sweetheart, who gave valuable information convicting the robbers, will be given her liberty.

IS YOUR TROUBLE INDIGESTION?

Then probably you know the evils of indigestion, fermentation and irritation that accompany digestive troubles. Next important is to know how promptly Nervine cures. Quick as wink it relieves bloating and feeling of fullness, puts the entire digestive apparatus in perfect order, makes you feel fit and fine all over. For internal pain Polson's Nervine surpasses every known remedy. Keep it in the house always, it's a source of comfort in the hour of emergency. Large bottles for 25c. at all dealers.

Richest Nickel in Canada.

Sault Ste. Marie, Ont., Aug. 8.—J. B. Miller has discovered what is said to be the richest nickel deposit in Canada, near Worthington.

A vein a hundred feet wide and almost pure metal was found.

Cleveland and Pittsburgh capitalists, who are supposed to be close to the Standard Oil group which controls the nickel field in Canada, are trying to get it.

REGAINED NERVE AND VITAL ENERGY.

From Walton, P. O. Que., comes the following from Mr. Nazaire Beguin: "If anyone had told me any remedy could build up my nervous system so well I would not have believed them. Before using Ferro-China I was run down in nerve and vital energy, and in very weak health. I didn't get enough sleep at night, felt poorly in the day time. Ferro-China has filled me with energy and vim, increased my weight and made a new man of me."

Hundreds tell the same story—Weak and dispirited, everything going wrong, unable to catch up. They took Ferro-China and all was changed to health and serenity. Price per box 50c. at all dealers.

Shoots Wife, Hangs Self.

Experts Coming.

Berlin, Aug. 8.—The commission of electrical experts and railroad officials appointed to visit the United States, Canada and Mexico for the purpose of studying transportation facilities, will sail from Genoa Aug. 12.

A WONDERFUL RECORD.

As made up by improved and exact processes, Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodic headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is advised.

HELD UP KING'S MOTOR.

French Agent of Police Was Officious But "Got Left."

Some amusing stories are current about his Majesty's luxurious Mercedes motor-car, which he took over with him on his recent short visit to France. Possibly it is not generally known that the car bears no number, and the absence of this gave rise to some ludicrous incidents.

One day the car, then only carrying the chauffeur, an Englishman, was stopped by an "agent de police," as the Gallic brothers of our men in blue are called.

This officer produced his pocket-book and began to question the wretched driver, who could not speak French well enough to explain. He therefore contented himself with pointing towards the side doors, upon which the Royal Arms, accordingly small, were emblazoned; but the policeman did not deign to look. The crowd, which had collected, however, was not so haughty, and thus the policeman was the only member of the by now, very large gathering who did not know who owned the car.

He therefore, headed a procession of the nearest police-court. Walking majestically before the motor car, and his alarmed expression, says the chauffeur, when he was understood, afforded ample compensation in amusement for the trouble he had unnecessarily given.

Tiger Hunt in Corea.

"The tiger," said George Robertson, of Scotland, who has had many exciting experiences in hunting tigers in Far Eastern countries, "is usually looked on as a tropical beast, but as a matter of fact, he is found pretty much throughout the Continent of Asia. He is an animal of great power, resource and intelligence, and exerts a large influence on the lives of the people."

In Corea, where I have hunted, there are no forests on the seaboard, but the inland ridges are heavily timbered, and here the tigers are found. The beasts are numerous and are pursued on foot. After two or three vain chases I was told by the natives that no tigers could be found unless a sacrifice were offered and accordingly I gave up some coin for the necessary rice and wine, and the next day I shot a very handsome specimen. In every Korean village there is an official horn-blower, whose duty it is to sound his horn whenever a tiger gets into the village at night. The natives are sorely afraid of them, and many a human life is annually destroyed by the savage beasts.

In the Province of Amoy I ran across the cave tigers. The land is bare of woods or brush, and the tigers live in long tunnels in the rocks. The Chinese hunt them with torches, carrying three-pronged spears, and the boys who go on these dangerous expeditions proceed with as much coolness as the average youth in this country does a rabbit hunt. A tiger, however, will not charge a light, but woe to the hunter whose light goes out.

In Java there are more tigers than anywhere I have hunted. In some places the brute were so numerous that the inhabitants slept on piles, so as to be protected from their assaults. The Javanese, old and young, saw that many of the natives slain even from using the name of the beast.

An Egyptian Nationalist.

In an obscure street in Cairo, lives Arabi Pasha, the man who contested with England for the control of Egypt a quarter of a century ago. He was the Egyptian Minister of War and represented the national party opposed to the "dual control" by England and France. He was crushed by the English and Lord Wolseley at Tel-el-Kebir near Cairo, and was long a prisoner on the Island of Ceylon. Four years ago he was permitted to return to Cairo. He is described as still a man of great size though in his seventieth year. His hair and beard are snow white. He has kindly eyes, dulled somewhat by age, but lighting up wonderfully when he talks about things that interest him. His nose is straight and powerful. A large mouth, once hard and cruel upon occasion, has been much softened by a degree of grim interest upon the present national movement which represents the ambitions of those who wish to see a termination of British control of Egyptian affairs.

A Domestic Tragedy.

Passengers in an L. C. C. train, recently witnessed what they probably regarded as the most comical scene they ever beheld outside a Drury Lane pantomime. A woman belonging to the waiting and entered the crowded car with a dirty and diminutive youngster. Firmly wedged over the child's head was a black and grimy saucer, which came down to the boy's mouth, while behind, the handle stuck out like a Chinese pig tail. "Tommy's been playing soldiers," said the irate mother, "and been an' jammed the saucer over 'is 'ed. I can't get it off. I shall have to take 'im to St. Thomas' Hospital." At length an old gentleman sitting next the boy turned to him and said in a kindly tone, "Well, my lad, how did it all happen?" The boy turned sharply to his questioner and said: "I was speak when—crash went the handle through one of the plate-glass windows of the car!"

Cat Adopts Rabbits.

At the White Lion Hotel at Spalding the landlady, Mrs. Betts, has a cat who is rearing a litter of young rabbits. Mrs. Betts had an Angora rabbit which died leaving a litter of six 8-day-old ones.

At the same time she had a cat bringing up three kittens, at that time five days old. As an experiment two of the young rabbits were substituted. As the cat took kindly to her unusual proteges the other four young rabbits were added, and the cat is now bringing up the litter of six young rabbits.—London Standard.

Vandal At Shelley's Grave.

A correspondent who visited the Protestant Cemetery at Rome the other day reports an act of silly vandalism at Shelley's grave. "As we wandered about," says the correspondent, "we saw for about half an hour a young man tourist sitting on Shelley's grave, carefully occupied in cutting the marble with a sharp instrument."

Formula for Eyebrow Grower.

Ordinary vaseline makes the very best tonic for both brows and lashes, as it promotes the growth and also strengthens the eyes. FOLLOWED HER MOTHER'S EXAMPLE.

AND KEPT DR. FOWLER'S EXTRACT OF WILD STRAWBERRY IN THE HOUSE.

Mrs. W. J. Wilson, Tessier, Sask., tells of her experience in the following words: "I wish to tell you of the good I have found in Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY. Last summer my little girl, aged two years, was taken ill with Summer Complaint, and as my mother always kept Dr. FOWLER'S in the house, when I was a child, I seemed to follow her example, as I always have it also. I at once gave it to my baby as directed and she was at once relieved, and after a couple of doses were taken was completely cured."

Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY imparts a healthy tone to all mucous surfaces, corrects and heals all forms of canker and counteracts all tendency to pain and inflammation, while it gives tone to the debilitated system when weakened by exhaustive discharges and fluxes of whatever nature, thus making it the best and safest remedy for Diarrhoea, Dysentery, Colic, Cramps, Pain in the Stomach, Sea Sickness, Cholera Infantum, Cholera Morbus and all Summer Complaints.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Do not make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart and Kidneys as well. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. Neither remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or constipation, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by all dealers.

JAP PRINCE IN LONDON

METROPOLIS GIVES ROYAL WELCOME TO MIKADO'S COUSIN.

Received by Brilliant Gathering of High Officials—Guarded by "Sovereign's Escort"—Drives Through Cheering Crowds to Buckingham Palace Where Prince Fushimi Has Audience of the King.

A most royal welcome was given to Prince Fushimi, cousin of the Emperor of Japan, when he arrived in London recently, as special envoy of the Emperor to the Court of St. James, in return for Prince Edward of Connaught's visit to Japan, the object of which was to convey the Order of the Garter to His Majesty. The Prince of Wales and other members of the royal family, the Premier, the Cabinet Ministers and a number of army and navy officers of high rank greeted the Japanese prince at the station.

Then followed a brilliant state procession, with what is known as a "sovereign's escort" of troops, through

PRINCE FUSHIMI.

cheering crowds to Buckingham Palace, where Prince Fushimi had an audience, lasting an hour, with King Edward. The Prince afterward proceeded in state to York House, where he will reside during his stop in London. The Prince was accompanied by Admiral Yamamoto, former Minister of the Navy, and a distinguished suite. Soon afterward King Edward formally returned the visit.

The ridicule with which prohibition of the presentation of "The Mikado" has been received has caused a reconsideration on the part of the Lord Chamberlain, and it is now announced that if certain modifications are made in the text the restriction will be removed.

A petition is in preparation for presentation to Prince Fushimi, cousin of the Emperor of Japan, asking him to intercede for the removal of the ban, and the latter is reported to have remarked that he would like to see the opera himself, as he had always understood that it was delightful and harmless.

A SILLY MISTAKE.

But It Did Not Turn Out as the Colonel Expected.

Beef was very scarce in Ladysmith during the siege, but Gen. Sir Ian Hamilton, then a colonel, insisted that horse is not half bad when properly cooked and when one is used to it. In fact," he said, concluding a discussion, "I have a joint cooked to-night which I hope you will all sample. Of course there's beef, too—to-night! Everyone at the table preferred the beef, with the exception of Colonel Ward and Ian Hamilton, who ostentatiously refused the generous slices from the "horseflesh."

The dinner was nearly over when one of the servants whispered a communication to Ward. Up he sprang, "distressed gentlemen," he announced to the startled company. "A silly mistake has been made. Those named to dine here tonight are not you have been eating the horse! I'm really annoyed, but I hope you'll be convinced now that the meat is splendid and I'm sure you all seemed to enjoy it!" Glances were exchanged; moustaches were quivered. Nobody moved. A voice from the bottom of the table piped up: "Oh, don't distress yourself, Ward. I thought some mistake had been made. So I just changed those who were stood on the sideboard. It was you and Ian Hamilton had the horseflesh all right!"

Vandal At Shelley's Grave.

A correspondent who visited the Protestant Cemetery at Rome the other day reports an act of silly vandalism at Shelley's grave. "As we wandered about," says the correspondent, "we saw for about half an hour a young man tourist sitting on Shelley's grave, carefully occupied in cutting the marble with a sharp instrument."

We thought he was restoring the lettering, but, coming to his side, we found that he had cut his own name into it. I will not give, New Zealand, April, 1907. A SURE CURE.

About Ben Had'em—may his tribe increase—Awoke one night from a deep dream of peace.

He rolled him over, and his form he eased.

He fixed his pillow—then, behold, he sneezed!

He cooled his forehead with a pillow-slip.

He said: "By jingo! I have got the grip!"

He called—his household angel quickly came.

With lamp in hand; a good and portly dame.

She gave him barks, she gave him boneset.

But naught relieved his fearful miseries.

She gave him stuff that made poor Abou sweat.

Then rubbed him down, but still he suffered yet.

She gave him pills and squills both thin and thick.

And still her patient was most awful sick.

And must poor Abou die? O fearful thought!

She got some whiskey and she made it hot.

She filled up Abou to his noble throat.

And made him fuller than an alley goat.

He rose and dressed himself—he left his bed.

And then he painted half the city red.

LAWYER'S SHARP PROTEST.

Refuses to Be Subdued By Judge and Throws Up Case.

R. A. Bonnar, of Winnipeg, the leading criminal lawyer of Western Canada, caused a startling sensation in legal circles last week by withdrawing from the prosecution of the famous "grain conspiracy case" because of a sharp reprimand from the sitting judge, Mr. Justice Phippin, one of the members of the recently appointed Appeal Court of Manitoba. Mr. Bonnar was retained as Crown prosecutor in the case and the preliminary hearing at the police court during the past winter occupied many weeks, but according to the ruling of the magistrate, failed to secure any startling evidence of a conspiracy, but nevertheless, the case was sent up for trial before Judge Phippin.

As is his habit when dealing with witnesses in criminal cases, Mr. Bonnar attempted somewhat to crowd a witness and to use rather stronger language towards him than the judge deemed fit and proper. His lordship intimated that the witness was not brought to the court to be insulted (The witness in question had been called by the crown.)

"I have examined hundreds of witnesses," said Mr. Bonnar, "but never a more stubborn one than the one on the stand."

Would inflict Penalty.

The storm burst. "If things are repeated," he declared the judge, "I shall have to inflict a penalty you will not forget."

Mr. Bonnar suddenly stopped examining the witness and sat down. He left the court in a few minutes, though it was early in the afternoon, and the case was opened by the judge when court opened he was not present, but Attorney-General Campbell appeared and informed the court that Mr. Bonnar had withdrawn from the case and refused to continue the prosecution. His lordship said that in accordance with the rules of the Law Society, Mr. Bonnar could be punished for breaking a contract. Speaking to the Attorney-General, the judge said, "For some time past I have seen witnesses in the box blackguarded."

It is the only word I can use to express it. While I was at the bar, and as long as I was on the bench I consider it is the duty of the presiding judge to protect the witness."

The case was enlarged to allow of time to instruct new counsel for the prosecution.

THE STAGE

ANNOUNCEMENTS.

Supplied to The Planet by Press Agents.

At the Brisco Opera House—
"Peck's Bad Boy," Aug. 15.

THE GREAT ORIGINAL.

"Peck's Bad Boy," the Harious Hero
Of the Stage.

The fact that the famous farce comedy, "Peck's Bad Boy," is to be presented at the Brisco Opera House, on Wednesday, August 15,

suggests the tribute that to Hon. George W. Peck, Ex-Governor of Wisconsin, the creator of the bad boy, as he is now so widely presented in the press and upon the stage,

belongs the credit of having been the first to discover and exploit the almost limitless possibilities of humor and genuine, hearty and

happiest fun latent in his aggressive make-up. If the boy is father to the man, George Peck is also

father to the boy, who, since his birth in print, now nearly a generation ago, has had so many imitators of the Rastus Brown order, but never a rival in originality, or those

graphically natural touches or juvenile human eccentricity, which have millions so happily hilarious,

whether hidden between the covers of a book or given the centre of theatrical production. The owners

of the play in question are alone authorized by Ex-Governor Peck to reproduce his story in the form in-

deated, and have done so with a liberality and faithfulness which he most highly commends. In short,

the best and most entertaining story of its kind ever written has been converted into the brightest and most laughable farce-comedy ever put before the public. Such

has been the unanimous verdict for the past twenty years, and the many new features introduced this season serve to fully confirm it.

Summer tourist rates to all Pacific Coast points are now on sale daily by the C. P. R., Vancouver, Seattle, Portland, San Francisco, Los Angeles, etc. For further particulars call at C. P. R. city ticket office, corner of King and Fifth streets.
