

ARBITRATION SHOWS HYDRO'S UNFAIRNESS

Mr. Lovett Awarded Almost Three Times as Much as Commission's Best Offer.

Two awards have been handed out by J. Walter Gage, arbitrator in the Hydro-Electric right-of-way cases. Mr. Wesley Smith, of Glanford, has been allowed \$850 and William Lovett, of Ancaster, was awarded \$1,750.

OAKLANDS AS A CITY PARK.

Commissioner Van Allen Discusses Such a Proposition

With the City Solicitor and the City Clerk.

Beach Park Work Will Go On In the Spring.

The latest proposition for a summer resort for Hamilton is for the city to acquire the Oaklands property, across the bay, and convert it into a recreation grounds.

Chairman Van Allen's real object in calling on the city officials to-day was to make enquiries about the old Elsinore dock.

Mr. Van Allen announced to-day that the commission expected to proceed with the beach park scheme the first thing in the spring.

The city officials are of the opinion that by charging the Hamilton Bowling & Athletic Club a license for the bowling alleys, which it is said the city has the power to do, the club can be forced to close at the same time as the billiard and pool rooms.

Before the Board of Works began the asphalt work on Barton street it notified all property owners that any excavations for sewer or gas connections must be made before the pavement was laid.

Representatives of the Barton Township Council, at a conference with the Board of Works officials, expressed a willingness to pay 50 per cent. of the cost of a cement sidewalk on the south side of Barton street, from Sherman avenue to Lottridge or Ottawa street, the city to do the work.

The following building permits were issued to-day: James Bryers, brick house on Burris street, between Main street and Delaware avenue, \$3,800.

Shot Woman

Carlisle, Ind., Aug. 25.—A mob attacked the home of Stephen Hart, superintendent of the Carlisle coal mine, early to-day and Hart's wife was fatally shot.

CANADIAN FIRE CHIEFS.

New Organization With Chief TenEyck as President.

Chief TenEyck returned last night from Grand Rapids, Mich., where he has been attending the International Fire Chiefs' Convention.

A meeting of Canadian Fire Chiefs will likely be called by Chief TenEyck, during Toronto Exhibition, at Toronto.

Those present at the convention at Grand Rapids were: Chief TenEyck, Hamilton; Chief Thompson, Toronto; Chief Aiken, London; Chief Henderson, St. Thomas; Chief Myers, Stratford; Chief Cook, Berlin; Chief Howard, Peterborough; Chief Barnes, Owen Sound; Chief Critchley, Chatham; Chief Murray, Windsor; Chief Armstrong, Kingston; Chief Moore, Walkerville; Chief Tremblay, Montreal.

WILL APPEAL.

Solicitors Have Been So Instructed In Degrar Case.

The judgment of Magistrate Jelfs in finding William Degrar guilty of non-support will be appealed by his solicitors, Messrs. Staunton, O'Heir & Morrison. The grounds for the appeal are the same as were argued yesterday at the Peace Court.

London, Aug. 27.—The admiralty announces to-day that the Australian squadron of the Imperial navy will consist of one armed cruiser, three other cruisers, torpedo boat destroyers and three submarines.

NEGLECT AND DIME NOVELS

Land Many Children In Juvenile Police Court.

Crime Among Youngsters On Increase In Hamilton

In Spite of Secret Court and Other Measures.

Lately the number of youthful transgressors of the law has been appalling, and the cases that have been brought into the limelight of publicity have been a mere fraction of the number that have appeared before the magisterial bench at the juvenile court.

Then the prevalent reading of dime novels has a tendency to arouse their adventurous and evil loving propensities, for the stories in those novels make vice appear attractive.

A well known police officer has just returned from a visit to several of the large American cities, and has confessed that not in any city he had visited had he seen so many young boys and girls on the streets as in Hamilton.

Both Magistrate Jelfs and Chief Smith have expressed themselves strongly on the wanton neglect shown by some parents in the up-bringing of their children, and a few days ago the Magistrate said the opening of the Hess street playground was one of the best things ever instituted in this city, for it would have a tendency to counteract this neglect.

A dead carrier pigeon was found at the corner of Hughson and Murray streets this morning with these letters and figures attached to it: W. W. 34, 1909.

ANOTHER QUAKE IN ITALY.

Province of Siena Badly Shaken Up This Morning—Many Houses Destroyed—One Person Killed—People Flee In Terror.

Siena, Italy, Aug. 25.—A heavy earthquake was felt throughout the Province of Siena at 1.29 a. m. to-day. Practically all the houses in San Lorenzomere were destroyed or badly damaged. Many persons were injured.

The quake was felt most severely within a radius of twenty miles from Siena. Considerable damage was done in Buonconvento. Several houses collapsed and one person was killed. Several persons were injured in Monteroni. A number of houses there also were damaged and masonry fell into the streets.

The shock was recorded in Piombino, on the coast about fifty miles southwest of Siena at 1.25 a. m., and there was a repetition five minutes later. The people fled from their homes in terror but no damage has been reported.

Siena itself escaped with only a severe shaking. The people were badly frightened, however, and rushed into the streets, where they wandered about in a state of semi-panic until they were assured that the quakes were over.

Siena Province has an area of 1,470 miles and a population of 233,000. The city of Siena contains about 30,000 inhabitants.

A SMART ONE.

Boy Who Has the Instinct of a Capitalist.

Capitalist monopoly is not confined to Rockefeller, Harriman and other magnates prominent in circles of high finance. The spirit of monopoly is even in that indispensable unit, the newsboy, and a peculiar manifestation was witnessed yesterday morning at the corner of King and James streets, much to the interest of an observant passer-by.

Two newsboys were seen negotiating together, and the passer-by overheard a price being offered by the larger of the two boys to the smaller for his whole supply of morning papers. It was refused, but still the youthful capitalist persisted. At last a suitable price was offered by the younger boy, who evidently thought that he could easily buy some more morning papers from the respective offices, little thinking that they were all sold. It was not till after the deal was closed that he was enlightened about the fact.

The boy who had done the purchasing ran up the street, rejoicing over the result of his enterprise, irrespective of the unfair advantage he had taken. The spectator of the affair predicts that the name of the boy who had practiced the tactics of the present day financial giants will yet appear on the rolls of the future capitalist monopolists.

A Jockey's Fatal Fall

Carthage, Mo., Aug. 25.—Witnessed by 10,000 people, Fred Tucker, a jockey of Nashville, Tenn., was thrown from the back of his running horse at the Great Kneel Fair yesterday and is dying at the Carthage Hospital.

RUCTION AT BEAMSVILLE.

Trouble Over Building Which Is Said to Encroach.

Beamsville, Aug. 25.—(Special.)—Everything looks like a ruction before the Council gets through with the resolution passed a couple of weeks ago at a special meeting.

Councillor J. D. Bennett has already resigned as a result of the controversy. A meeting has now been called by Reeve Davis for to-night.

The cause of the trouble is a building in course of construction by Mr. John Stirling at the corner of King and Ontario streets that those in authority say is encroaching on the corporation limits.

BACK FROM THE OLD LAND.

Bishop Dowling and Dean Mahoney Returned Yesterday.

His Lordship's Quest For Health Eminently Successful.

Talk of a Visit to Rome Was Only Guess Work.

His Lordship, Bishop Dowling and Very Rev. Father Mahoney, Dean of the Diocese of Hamilton, arrived home yesterday after a trip of one month's duration. Both are in excellent health, and enjoyed the trip immensely.

As announced in the Times when they left, the primary object of their outing was for His Lordship's health. They spent a few days in Queenstown, Ireland, but it was the water they were after.

Asked about the bishopric of London, about which so much guessing was done while they were away, Dean Mahoney replied: "That subject was far from our thoughts. Personally, I paid a good deal more attention to the fishes in the sea than to that."

A RUNAWAY.

Toronto Newspaper Man Saved Two Small Boys.

That two young boys escaped with their lives and without injury yesterday afternoon is due to the heroism of Abe Cohen, an employee of a Toronto newspaper.

A horse and rig were standing outside Cornell Bros' store, 346 Hughson street north, while Mr. Cornell was taking in some goods, when two boys untied the horse, jumped into the rig and commenced to apply the whip.

AGAINST THE COMMISSION.

New Question Raised In Writ Against Hydro.

Toronto, Ont., Aug. 25.—A writ has been issued claiming an injunction to restrain the Hydro-Electric Power Commission of Ontario from carrying out its contract with the Ontario Power Company for the supply of power generated from the waters of the Niagara River and from proceeding with the erection of transmission lines, transformer houses, and other electric appliances, and the purchase of real estate and easements for the transmission lines.

The plaintiff is John A. Murray, of Toronto, who sues on behalf of himself and other ratepayers of the city of Toronto. The grounds for asking the injunction are that the Niagara is a navigable river, and forms part of the boundary between the Dominion of Canada and the United States, and as such is under the exclusive control and jurisdiction of the Dominion of Canada, that the Ontario Power Company has not obtained the right from the Government of the Dominion to take water from the river for the development of electrical power, and that the contract of the commission with the company to take power so developed is illegal, and is no contract at all.

CARON CUP.

Eighth Royal Rifles Won First and Second Places.

Rockliffe Rifle Ranges, Aug. 25.—The D. R. A. meet had nice clear weather for the shooting to-day. The wind was strong but fairly steady.

For teams of five men in the aggregates of the Tyro, Bankers, McDougall and Dominion matches, at 500 and 600 yards, the first team of the 8th Royal Rifles won the cup and \$20 with a score of 606 points.

New York, Aug. 25.—Geo. W. Drinkwater, of Jersey City, second engineer, was instantly killed, and three other men fatally injured to-day by the explosion of a feed pipe on the tug boat Bee in the East River.

RANG BELL ON A CAR

And Caused Trouble Which Lands McCarthy In Jail

Crusade Against "Gentlemen" and "Lady" Vags Goes On.

Parties In Non-Support Case Advised to Get Together.

With the determination to thoroughly rid the city of every vag the police are continuing their crusade against them vigorously. The diligent trio of officers, Cameron, Barrett and Holland, have had the importance of their duty urged upon them in being detailed to gather in all undesirable, and they have done it so faithfully that Chief Smith is being overwhelmed with letters of commendation about the excellent results his men have brought about.

Thomas McCarthy has been hanging around the city in unenviable quarters lately, the police say. This morning he was charged with vagrancy and pleaded not guilty.

Tom said he was a digger for stone in the quarries at Vinemount, and promised to hasten thither.

"Do you want to go to jail?" asked the magistrate.

"Get back to work as fast as you can then, and don't come here again, or it will go hard with you."

Tom was out of the precincts of the court when the sound of the voice at the throne had died away.

Another alleged vag, George Jennings, engaged an eloquent lawyer in the person of Mr. A. M. Lewis to plead for him, and through him pleaded not guilty. He was remanded for two days.

Two "doves" were taken back to the coop after being arraigned for vagrancy. They were Mabel Buckingham, 294 Ferguson avenue, and Josephine Visheva, frequent indulgence in bacchanalian orgies has marred their womanly charms and gracefulness considerably.

P. C. Gillespie said he was told by some residents near the North End Park that there were two "dies" in the park last night behaving in such a way as to arouse suspicion, as a number of young men were with them. He hastened to the spot and saw several dark figures running away, but the girls ran not, so he apprehended them. They pleaded not guilty, and were remanded for three days.

With a party of friends John McCarthy, Sherman avenue, spent last evening pleasure seeking, and about 11 p. m. boarded a car to return home. McCarthy's impatience predominated, and he pulled the bell for the car to start, as he thought it had stopped long enough.

Conductor Gibson in a gentlemanly way asked him to leave the bell alone, but he resented the request and, the conductor swore, smote him on the face. John told his worship he received pro-tection from Gibson, but it took no effect on the magistrate. McCarthy was committed to the Palace Ogilvie for two weeks to reflect on the folly of such conduct.

Large tankards of stagger juice made Maurice Glover publicly discourse on the strength of his right arm and what have a blow from it would work. He proceeded to give a demonstration to P. C. Campaign, jun. That is how he came to face the man on the elevated platform this morning.

Next Ontario High Court, I.O.F. to Meet Here. (Special Despatch to the Times.) Chatham, Ont., Aug. 25.—At this morning's session of the High Court of Ontario Independent Order of Foresters, Hamilton was chosen as the next place of meeting in 1910. John Peebles made the invitation speech, which was a most eloquent one. The Hamilton delegation had a campaign song and sang it heartily at the meeting. They were not to be suppressed. They sang strongly in the parade last night and everybody assisted in the noise consequently on its proper rendition.

"Hush," she said, looking round. "Do you think I have done wrong? Are there no sharp eyes here that will recognize in you the well known Dr. Bromwell?"

"No," he said. "Look at me, I smooth my face and all the wrinkles go, I smile and I am young again. Besides, where is the slight limp, the long dark hair, the doctor's stoop?"

"I thought not, likewise, my lady," was the answer. "But it seems that I have, and that they need me. Have I your ladyship's permission to take a holiday?"

"What do you want--money?" "It is the first time I have ever asked to see my money," she said, smiling.

"You may go, if you are waiting for my permission, as soon as you please," Miss Lucas still waited.

BAD BULLETS, GOOD SCORES.

Excellent Shooting at Second Day's D. R. A. Events.

Thirteenth Team Third For Anson A. Gurd Cup.

Cadet on the Roberts Team Had Leg Broken.

Rockliffe Rifle Ranges, Aug. 25.—Good weather conditions and high scores prevailed yesterday. In the Governor-General's, the 200 yard range of which was fired, Sergeant Freeman and Corporal Freeborn, of the 13th, Hamilton; Sergeant A. McDonald, of Alberta, and Sergeant W. A. Smith, of the G. F. G., made possibilities at the first range. The 500 yards range of the Governor-General's will be shot to-day, and the 600 on Thursday.

The last stage, 800, 900 and 1,000 yards, will be shot off this year on Friday. The 200 yard range was under good conditions early in the morning. Later the light became irregular and the wind quite strong. The first range of the Walker match was finished, and all afternoon was taken up in the Dominion match.

Sergeant Major Dymond, of the R. C. R., Toronto, made the remarkable score of 134 out of 140 to-day. This included all the ranges shot during the day, namely, the 200, 500, 600 and 800 yards.

An unfortunate accident occurred when one of the best shots of the cadets was put out of action for the rest of the meet. Cadet C. McKenzie, of Charlottetown, P. E. I., was jumping off an electric car at the range, when he fell, breaking his leg. He was one of the members of the cadet team which is shooting as representatives of all Canada for the Lord Roberts trophy. He was taken to the City Hospital. The team for the Lord Roberts trophy, cadets under 16 years of age on July 1st, were selected to-day from those making the highest aggregate in the tyro and cadet matches yesterday.

The members of the original team, with their aggregate scores, were: Cadet Robertson, Renfrew, 81; Cadet C. McKenzie, P. E. I., 60; Cadet Haggarty, Harbord C. I., 53; Cadet Porter, Yarmouth, N. S., 55; Cadet Ode, Harbord C. I., 53; Cadet Robertson, St. Andrews, N. B., 49; Cadet Lawson, Dundas, 52; Cadet Kellock, Harbord C. I., 48.

McKenzie dropping out, Cadet Wright, of Ottawa public schools, takes his place. His score, 44.

The Dominion match was seven shots each at 600 and 800 yards. The possible was 70. The winners were: Patterson cup and \$30.—Lieut. M. E. Sutherland, 78th, 69.

19.—Pte. W. J. Clifford, 10th R.G. 68

ANSON A. GURD CUP.

Teams of five—Royal Grenadiers, 323. Rest in order: 3rd Vics., 320; C. A. S. C., 317; 13th Regiment, 316. The Royal Grenadiers' team were: Sergt. Craig 63, Sergt. Phillips 61, Sergt. Baylis 61, Sergt. Kelly 68, Sergt. Clifford 68.

THE CADETS.

This year the D. R. A. put up a new cup for teams of the cadets between 16 years and 18 years. There were eight cadets to each team, and three entered. The holders of the cup was decided by the scores made in the Cadet Match. The three teams were: Harbord Coll. Institute, Toronto; Dundas High School, and Ottawa Collegiate Institute. They finished as above.

The Lord Roberts Trophy team competition was shot at 200 and 500 yards after 6 o'clock. The team of eight cadets made a total score of 410. The individual scores were: Cadet W. Wright, C. I., 44; Cadet A. Porter, Yarmouth Academy, N. S., 32; Cadet R. Kellock, Harbord Coll. Institute, Toronto, 60; Cadet P. Landright, Charlottetown, 41; Cadet Wm. Robertson, Renfrew Coll. Institute, 53; Cadet C. Lawson, Dundas High School, 51; Cadet F. Ott, Harbord Coll. Institute, 48; Cadet G. Haggarty, Toronto, 61.

The scores will be forwarded to England.

THE ANNUAL MEETING.

The "kickers" meeting was held last night, with Col. Hugh MacLellan, President of the Dominion Rifle Association, in the chair. A complaint was made as to the sanitary arrangements of the camp, and Col. Tilton said that perhaps the President had promised things he might not be able to carry out. The Government has purchased 500,000 rounds of ammunition for the camp, and the Minister of Militia had assured him he would do all he possibly could to help out the scheme of extension. He could almost promise a modern sanitary system within a year.

Captain McHarg, Vancouver, questioned the matter of railway fares as to the British Columbia men. He said that the British Columbia men had to pay \$100. Col. Tilton said this meant a consideration for all the Provinces, and must be looked into very carefully. There were a very large number of men who had come to the D. R. A. because of the railway advantages given them.

Major Davidson, of Quebec, moved that the matter of defective bullets which cause rifles to become coated, be brought before the proper authorities. The motion carried.

Major McRobbie agreed with this, but said the same thing had occurred with the British ammunition.

Col. Hughes, referring to the Bisley team, said that the boys had done their duty and had advertised Canada.

It was moved by Major R. Dillon, seconded by Captain Duff Stewart, "that this gathering desires to take advantage of the opportunity afforded by the presence in Canada of Lord Strathcona, High Commissioner, to offer to him the appreciation of all branches of the service for his continued interest in a branch of training which is acknowledged to be the all-important work of the future." For his encouragement in the physical development of the youth of the country, and the advancement of the system of military training of the boy of to-day, so that future generations will physically and intelligently uphold the honor of the nation that has been and will be for all time

supreme in the advancement of Christianity and civilization." BISLEY TEAM CONGRATULATED. It was moved by Captain Lampert, of Waterloo, seconded by all present, and carried unanimously, "that the thanks and congratulations of the D. R. A. are hereby tendered to Lieut. Col. Alex. Bertram (Dundas), Major G. M. Mercer (Toronto) and the members of the Bisley team representing Canada at the recent prize meeting for their admirable work at Bisley."

MARBLE HOUSE. Julia Ward Howe Attends Suffragists' Meeting at Newport.

Mrs. Belmont's Great House Was Thrown Open For the Cause.

Newport, R. I., Aug. 24.—Unique among the varied events which have marked Newport's summer resort life of many years was the meeting to-day at Marble House, Mrs. O. H. P. Belmont's magnificent summer home, in the interests of votes for women. The meeting, which was under the auspices of the National Woman Suffrage Association, was held beneath a spacious tent, pitched on the extensive lawn surrounding Marble House. In the centre of this tent a platform had been erected, whereon the speakers sat.

Those who addressed the audience of 500 persons, of whom about 300 were women and about 150 men, were the Rev. Dr. Anna Howard Shaw, president of the National Association; Mrs. Julia Ward Howe, the venerable author and reformer; Mrs. Belmont and Mayor P. J. Boyle, of this city. Mayor Boyle also acted as chairman.

It was estimated that the receipts from the sale of tickets and souvenir cards aggregated nearly \$1,500. The money will be paid into the treasury of the National Association. For the privileges of the mansion, with admission to the tent, \$5 was charged; to the former alone the fee was \$1.

It was in 1895, on the occasion of a ball announcing the engagement of Miss Consuelo Vanderbilt to the Duke of Marlborough, that the last assembly met in the great mansion. The visitors to-day were restricted to the lower floor and to the balcony surrounding the upper part of that floor. Policemen were stationed inside and out.

From her summer home in Middletown came the venerable Mrs. Julia Ward Howe to say a few more words for the cause of woman suffrage, which she has furthered for 50 years. Mrs. Howe was wheeled to her place in an invalid chair.

Mrs. Belmont was the first speaker. Her remarks were brief and simple. She said that all were welcome to Marble House in the cause of woman suffrage; that the movement was one which should succeed, and that it was to the best interests of the nation that it should.

Mrs. Howe got a splendid reception. It was really the feature of the day. Every person of the 500 was standing and applauding. Meanwhile, the little woman, supported by Mayor Boyle and Mrs. Belmont, stood at the front of the platform.

For nine minutes Mrs. Howe, now in her 91st year, spoke in favor of the cause. She could be distinctly heard by all in the tent.

Mrs. Shaw talked in a humorous vein.

READING

Was the Subject of Fifth Lesson In Oratory.

The fifth class in the Hamilton Summer School for Oratory series met in the parlors of the Y. M. C. A. last night. Mr. George A. Young, secretary of the Canadian Underwriters' Fire Association, was the master in charge and taught a very instructive lesson on the subject of "The Art of Reading." Mr. Young explained to the students how necessary it was to read aloud in order to become a good reader. A fault he found with public readers was that they dropped the last words of their sentences with too great frequency. Ministers should make the reading of the lesson as important as the delivery of the sermon. Greater importance should be given to the teaching of correct reading in the public schools. At the conclusion of the lecture the lecturer, moved by Gibson Eccles, seconded by C. Elkington, Principal James L. Jolley occupied the chair. The school will not be closed till October.

THE EARLY HARVEST TREE.

I was walkin' in the orchard, way down on Lizzie's farm. I was feelin' blue, a little, the day had been so warm. But sixty years rolled backward, I can tell you, when I see A ladder's doin' duty in that 'Early Harvest' tree!

My mouth was runnin' water, an' my eyes, too, I confess. Yer eyes will get the best of you, when feelin' like I do, when I see 'em ev'ry summer faithfully.

'Twas just as I was about to be absent from that 'Early Harvest' tree! The robins in the pear tree near was scoldin' dreadfully. I begged them not to worry—pears had no room for 'em. But all my soul grew meller, as them apples surely be. When I found a ladder standin' in that 'Early Harvest' tree!

STARTED HOTEL FIRE.

Writer of Letter Confesses to Having Acted in Spirit of Revenge.

Vernon, B.C., Aug. 24.—A sensational letter has been received by the officials inquiring into the Okanagan hotel fire of two weeks ago, in which eleven lives were lost.

The letter purports to have been written by a man who confesses that he set fire to the building. The letter adds that by the time of its receipt the writer would be well out of the way. He left Vernon only three days ago, and it is said he acted in a spirit of revenge.

Robert Reid, of Milton, Ont., was arrested at the Union Station, Toronto, by Detective Tipton yesterday, on a charge of deserting his wife, laid by the chief of police of Milton. He was sent back to Milton on the evening train. It is alleged that Reid sold all the furniture in his home for \$225, and departed. He said yesterday that his wife told him to go.

Amusements

"Paid in Full," Eugene Walter's play of modern American life, is acknowledged one of the greatest dramas of recent times. Its human interest quality is uncommonly strong, and the author has displayed keen knowledge of mankind in drawing his characters. He has crowded his play with those things that are most entertaining on the stage. He has combined power and depth and humor. Grave situations are skillfully alternated with droll comedy. "Paid in Full" will be presented at the Grand to-night, this being the third engagement in Hamilton. The cast the Waghenhals & Kemper Company, is sending here has just won exceptional recognition in New York. It is the cast especially formed to act "Paid in Full" at the Astor Theatre where a feature was made of its third year on Broadway. The coming of his celebrated play to this city with so brilliant a New York cast is of greatest interest to all patrons of the local theatre.

"THE TALK OF NEW YORK." Last year's musical success, "The Talk of New York," with Victor Moore and the original cast and chorus, will be presented at the Grand on Saturday next for two performances. The play is a mixture of the ingredients that made "45 Minutes From Broadway" rather uncommon of its kind. There is a flavor of melodrama, touches of plain sentiment, patterning tunes, general liveliness and an outward semblance of every day life. Geo. M. Cohan is responsible for the book and music, and the pieces were produced under his personal direction which is an assurance that the event will be an enjoyable one. Seats will be placed on sale to-morrow morning.

"THE BURGOMASTER." The burlesque music of "The Burgomaster" will be heard at the Grand to-morrow and Friday evenings, when this delightful Fixley & Luder musical comedy will be offered here again. "The Burgomaster" was the first of these producers' pieces to gain popularity, following which came "The Prince of Pilsen," "King Dodo" and "The Grand Mogul." None of them, however, have lasted like "The Burgomaster," which is no doubt due to its many catchy songs. The music is of the singing and whistling variety and is always popular with theatre goers. Patrons of the Grand should bear in mind that for this engagement they are given an opportunity to witness "The Burgomaster" at dollar prices, owing to the fact that it is to be presented in Toronto during the Fair at this scale of prices, though in other cities it maintains the dollar and a half scale.

BENNETT'S OPENING. The advance sale for the opening show at Bennett's Theatre will begin to-morrow morning at 10 o'clock and as there is always a certain fascination about being in attendance at the opening performances of the season the demand will undoubtedly be brisk. Patrons who prefer to have certain seats reserved for their use throughout the year will find it convenient to arrange early for this. Manager Appleton is confident that the array of talent secured for opening week will furnish one of the most pleasing and meritorious entertainments seen here yet. Featuring John B. Hymer and a company of a dozen clever people in Jack Levy's fantastic spectacle, "The Devil and Tom Walker," the bill will include the Five Musical McLarens, a crack musical organization; Peter F. Baker, the popular German comedian of "Chris and Lena" fame; the Vivians, world famous sharpshooters in a novel act; the Overing Trio, clever juveniles in a bright comedy singing and dancing skit; Hal Davis' jolly comedy sketch, "One Christmas Eve," presented by a clever cast; Anderson and Goines, the famous colored entertainers, and the Bennettograph with the latest American and European pictures.

MAPLE LEAF PARK. There will be a big time at Maple Leaf Park to-night, when the employees of the Westinghouse and of Thomson & Douglas will hold a joint picnic. Special attractions have been arranged and the attendance is expected to be away above the average. The three Jokers will put on the free show, as usual. To-morrow night the Sawyer-Massey employees will hold an outing.

MOUNTAIN THEATRE. "The Guardian," this week's offering by The Summers Stock Company at

Mountain Theatre is one of the best comedies ever produced by this popular organization. Miss Belle Stevenson and Mr. Wm. E. Blake, in fact, the entire company, appeared to the best advantage. Large crowds will no doubt be the rule during the entire week, as a good laugh is on tap at this breezy resort.

TEMPTS FATE.

Girl Writes Upon One Dollar Bill Inviting Correspondence.

Regrets Action as Letter Comes From Bald Headed Man.

Chicago, Aug. 25.—When Edna Plumtree wrote her name and address on a \$1 bill she failed to count on a "bald-headed bachelor" as the possible man who should find that particular piece of currency and accept her challenge to write.

She received a letter on Sunday from D. W. Wing, who asked to become acquainted with her, pleading that fate had brought the marked bill to him. But she disagreed with fate and there won't be any romance.

One week ago she wrote her name on one of the paper dollars she found in her purse because she wouldn't take a dare. She scribbled with a fine pointed pen "Write to Miss Edna Plumtree, 482 Colorado avenue, Chicago, Ill."

Nothing was heard from the message until last Friday, when it appeared in the pay roll funds of the Southern Traction Company. An insurance broker, who attends regularly when the workmen of this firm are paid, was present to make collections and received this paper dollar.

When he reached his office he offered it at auction to the unmarried men employed there.

Mr. Wing was the highest bidder. He composed a short, businesslike letter and mailed it. It read:

"My Dearest Edna.—According to your request as per the \$1 bill on which I found your name and address, I would be pleased to know you. I am a bachelor, slightly bald, good looking, worth about \$40,000 with an income of about \$8,000. I have seen thirty-five summers. If this description meets your approval please address D. W. Wing, 840 Tribune building, Chicago. Trusting to have the pleasure of meeting you, I am, yours truly, D. W. W."

Miss Plumtree states that she wrote the name and address on the dollar bill, but professed extreme penitence.

"I am sorry that I ever saw the money," she said. "I was foolish enough to write my name on it in the spirit of fun, but I regretted it as soon as I had let the money go. I don't want to hear of it again, and I will not answer any letters which come because of it."

"It is not because this man is slightly bald, and the fact that he is worth \$40,000 makes no difference to me. I didn't realize what I was doing until it was too late, but it is all over now."

Miss Plumtree lives at the home of her brother, Oliver L. Plumtree, 482 Colorado avenue, and says she is perfectly contented with her home.

LID ON TIGHT.

Drastic Prohibition Laws Enacted in Alabama.

Montgomery, Ala., Aug. 25.—The special session of the Alabama Legislature, which adjourned last night after twenty-two working days, accomplished the chief purpose for which it was called, by passing drastic prohibition laws and capping the laws by submitting to the people an amendment to the constitution prohibiting the sale or manufacture of intoxicants in Alabama.

The election will be held the last week in November. At least ten prohibition measurements were passed. Under the new law a person may not have liquors anywhere, but in his home. Keeping liquors at places is made prima facie evidence that they are for sale. Prosecutions are to be made before chancellors and not by state attorneys and sheriffs may be impeached for failure to execute the laws.

Foreign corporations may not do business of any kind in Alabama if it is shown that they sell or manufacture liquors in other states.

"Look here, Jane, it seems to me that you're asking me for money all the time." "That's a delusion, John, dear. If you'll think a minute, you'll realize that I'm spending it part of the time." —Cleveland Leader.

Scrap Book Poetry

JAMIE DOUGLAS. (Author Unknown.) It was the day when Claverhouse Was securing men with the sword To charge with fire and bloody sword The faith of Scottish men.

They had made a covenant with the Lord Firm in their faith to bide, Not to break to him the pledged word, Whatever might betide.

The sun was well nigh setting, And o'er the heather wild, And up the narrow mountain path, Alone there walked a child.

He was a bonny, bithersome lad, And strong of limb and stout, A father's pride, mother's love, Were fast bound up in him.

His bright, blue eyes glanced fearless round, His steps were firm and light; What was it underneath that made him bold, And in a little hand, grasped tight?

It was hankies which, that very morn, His mother made with care, From out her scanty store of meal; And now, with many a prayer,

Had sent by Jamie, her own boy, A trusty lad and brave, To root out those infamous boys, Now hid in yonder cave.

And for whom the bloody Claverhouse Had hunted long in vain, And swore they would not leave that glen 'Till old Tom Roy was slain.

So Jamie Douglas went his way With heart as true as steel; He turned the great curve in the rock, Nor dreamed that death was near.

And there, with bloody Claverhouse men, Who laughed aloud with glee, Who trembled now with their power, The frightened child they see.

He turns to flee, but all in vain, They drag him back space To where their cruel leader stands, And set them face to face.

The cakes concealed beneath his plaid Soon tell the story plain—"It's old Tom Roy and his men are for," Exclaimed the angry man.

"Now guide us to his hiding place And I will let you go." But Jamie shook his yellow curls, And stoutly answered, "No."

"I'll drop you down the mountain side, And there upon the stones, their tread, And old aunt woe and carrion crow Shall battle for your bones," he said.

And in his brawny, strong right hand He lifted up the child, And held him where the clefted rocks Formed a chasm deep and wide.

So deep it was, the trees below Like stunted bushes seem'd, Poor Jamie soaked in lightning's maze, It seemed some horrid dream.

He looked up at the blue sky above, Then at the man who held him, Had they no little boy's home, That they could let him die?

But no one spoke and no one stirred, Or lifted hand to save From such a fearful, frightful death, "The little lad so brave."

"It is wonderful deep," he shuddering cried, "But O, I can't tell So drop me down then, if you will— It is nae so deep as hell!"

A childish scream, a faint dull sound, 'O' Jamie Douglas true, Loose, long within that lonely cave Shall Tam Roy wait for you.

Long for your welcome coming— Waits the mother on the moor, And watches and calls, "Come, Jamie, lad," Through the half-open door.

No more adown the rocky path You come with fearless tread, Or, on moor or mountain, take The hood man's daily bread.

But up in heaven the shingling ones A wondrous story tell Of a child snatched up from a rocky gulf That is nae so deep as hell.

And there beyond the great white throne, His mother dear and old Tam Roy Shall meet their bonny lad.

LIVE FOREVER.

NEW RELIGIOUS CULT THROWS IN A DAY FOR GOOD MEASURE.

Just 144,000 Eligibles—Promise of Immortality in the Flesh is Made at First Meeting—Woman in White on Throne—Promulgation of New Doctrine of Longevity.

New York, Aug. 24.—At the first public meeting held in this city by a new religious cult last night the leaders of the movement declared they had leased and dedicated a four-story brown stone residence at 32 East Thirty-third street for the purpose of demonstrating their belief that persons who follow their teachings may live forever right here on earth.

Thirteen women and four men were attracted to the meeting last night by a newspaper advertisement which said that a "new revelation" would be made, were admitted by a man servant in livery and escorted by another man servant in livery to large parlors in the rear of the first floor.

There, on a throne under an artificial rubber plant, they found a woman dressed in flowing white silk robes. She declared an address, in the course of which she said that the cardinal dogma of the cult which held its first public services last night was that men and women who follow the teachings of that cult will live forever.

"If I told you how old I am you would not believe me," she said in a whisper. "but I am not so old as a few persons with whom I broke bread not long since. One of those persons was five hundred years old and another was one thousand years old as we tell you to live and you will live forever. You will grow younger instead of older. David will not speak to you."

DAVID TELLS HOW TO DO IT.

David came forward attended by a blonde young woman who had previously said she was one of the leaders of the new movement. David, who had a high forehead and a black moustache, wore very light clothes and a lavender scarf. The woman in the white flowing robes on the throne waved her hand toward David and whispered:

"From India, where he spent ten years in meditation."

Before David began to speak the men servants moved noiselessly to the windows and drew silk shades across them. "I speak in public for the first time," said David, whose accent seemed more suggestive of Liverpool than Barnum. "I am here to tell you the wonderful good news that you may all live forever. The end of the sixth day in the period of the creation of the world is at hand. In our belief a day is as one thousand years and one thousand years is as a day. It is in this day that immortality begins on earth."

"I counsel you to go into the silence each morning at 6, again at high noon and again at 6 in the evening. Concentrate your thought on the idea that you cannot die. Live as we tell you to live and you will find that you can live forever on this earth."

"Perhaps some of the friends would like to ask some questions, David," said the lady in white, mildly. "for instance, that gentleman on the sofa may have a question in his mind."

HIS VIBRATIONS WAVY.

The gentleman on the sofa, who wore his tie drawn through a diamond ring and who wore the look of a man who has come upon something he has not expected, coughed upon his hand and said: "No, lady, there's nothing troubling me."

"But there is," said the lady, sweetly. "your vibrations are wavy. I beg your pardon," said the man, "I didn't get that."

"Vibrations," explained the lady, patiently. "Vibrations by which we live and by which we shall make you immortal are governed by thought. If you think right, you are right. If you vibrate right you shall live forever, ay, forever and a day."

Before the gentleman on the sofa received any more information of a biographical character a woman dressed in deep black arose to ask why it was necessary to think about death at all.

David started to answer, but the woman on the throne was ahead of him. "It is not at all necessary," she said; "you must not think of death or of any topic suggestive of death. Think rather 'I shall not die.' Keep that thought."

CULT BOASTS NO NAME.

"What is the name of this religion?" asked a thin man who leaned pensively against a shaded lamp.

"It has no name," answered the woman on the throne. "Most religions have nothing but names—names and collection boxes. We have neither. None of you shall ever be asked for a penny."

TARIFF MORALS.

DOES A HIGH TARIFF POLICY COST IN MORAL DETERIORATION?

Has the Spread and Increase of Fortunes Made Us Skeptics of the Higher Things in Politics?—The Greatest Product of Politics.

The question we wish to raise is one which may fairly be addressed primarily to all patriotic and well-meaning citizens who may be direct beneficiaries by the tariff. It would be idle to deny that, as regards the equality of men before law-making bodies, there is throughout the country an ardent skepticism. Ask any ten men—young in idealism or old in experience—what is the strongest influence to obtain indulgence, whether by favoritism or evasion, and nine will answer "Pull." We are not saying that these are right. Honest legislators can tell of many instances in which "forbidden and abhorrent forces" have failed to overcome causes thrice armed in justice. But the cynicism is there, and it has grown with the last half century to an alarming extent. Even men who are devoting themselves day and night to the betterment of their time, though they exhibit not the "faltering" that is "sin," cannot rid themselves of the "doubt" which the poet calls "disloyalty." Many are the braver for their fighting, but the less efficient for their doubt. As for "the man in the street," justice on its merits has become with him a hissing and a byword.

From what chief source has come this pervasive distrust of the "square deal" in making and the administering of law—most persuasive in regard to State legislatures and municipalities—which has caused the finger of scorn to be pointed at us? Does any candid advocate of a high tariff fail to see that it is due in large part to the object lesson which that system presents of inequality before the law, special privileges, this or may or not be in return for political support. The time has long gone by when legislation in Congress can be influenced directly by money. Every scandal makes a new moral record, and the Credit Mobilier exposure had its use in quickening the sensitiveness of legislators. There is no difference between the personal honesty of a protectionist and that of any other representative, and some of the highest types in both Houses are men who are convinced that the "square deal" is the abandonment of this time-honored policy. But the inequality is there, and inequality is a denial of democracy and a lie to our professions. It has brought us dangerously near to political hypocrisy in pretending to be something we are not, and this by consequence has made us almost a nation of cynics.

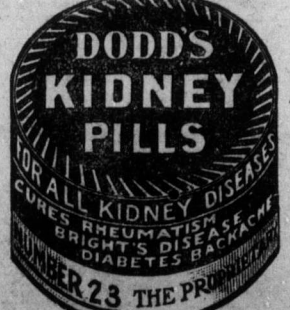

Now the question to be taken into account is whether all the class prosperity of great magnitude due to the tariff, followed as it has been by a wake of lesser prosperity to others, is worth what it has cost in helping to take the heart out of the popular faith in republican institutions. The enormous increase of wealth is spoken of as though it were an unmixed good. But has not the very spread and increase of fortunes made us skeptics of the higher things in politics? Shakespeare read one great temptation of life aright when he wrote: Great greys make true men thieves. Wealth has noble uses, but it has also a hypnotizing power which stills the conscience and makes us oblivious to the fact that the greatest product of a political system is not money, but high-minded, self-respecting and altruistic men.—Century.

A CLOSE CALL.

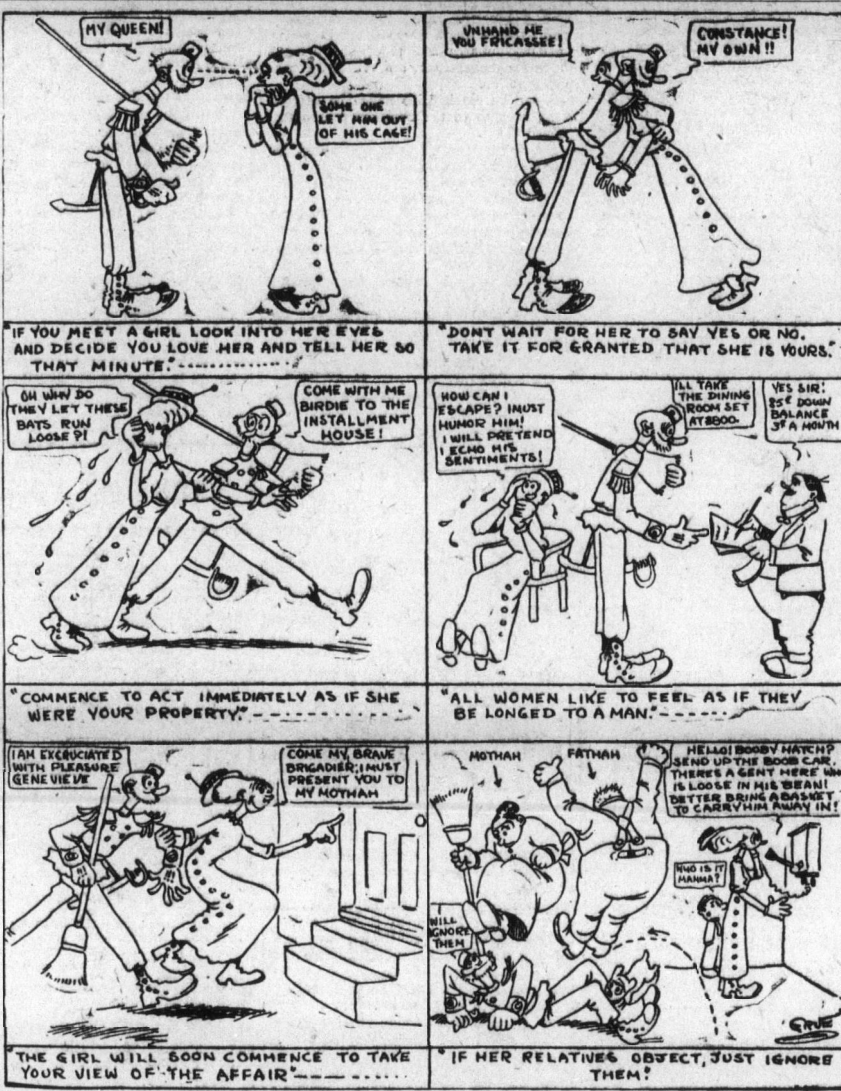

Clung to Sailboat in Lake Oneida for Nineteen Hours.

Utica, Aug. 24.—After clinging all night to their overturned sailboat and shouting for help at intervals during nineteen hours of helms drifting, Edward Carney, of Ilion, and John Smith, of Galveston, Texas, were rescued from Oneida Lake at 11 o'clock this forenoon. The two men, who are each about twenty years old, were taken to South Bay and they will probably be none the worse for their long exposure.

They were rescued by Edward Hubbard of Cleveland, who came upon them clinging to their boat while he was rowing.

The death occurred in Toronto yesterday of Rev. J. B. Duncan, father of Rev. J. M. Duncan, D. D., associate school publications, aged 85 years. Mr. editor of the Presbyterian Sabbath Duncan was one of the strong men in the church some years ago, but latterly has been living in retirement.

These are the views of Gen. Thos. S. Hutchinson, who won his bride in 30 minutes.

NEW FAITH CURE

Former Brampton Ministers Bloodless Surgery.

With Boston Physician, Puts Life Into Woman's Paralyzed Limbs.

Boston, Mass., Aug. 24.—Rev. Dr. W. J. Stewart, a Baptist minister from Brampton, Ont., who three months ago gave up preaching to bend all his energies in the direction of mental healing, and Dr. William B. Hidden, of Boston, have successfully performed a scientific experiment, which, it is declared, constitutes the greatest step yet taken towards bloodless surgery.

The doctor and the minister restored to Mrs. Mary Zief, of 12 Ash street, Chelsea, the use of her limbs, which, since Mrs. Zief's frightful experience in the great Chelsea fire, have been doubled up and practically paralyzed.

For some weeks Rev. Dr. Stewart sought to prepare this patient to enter the experiment by a carefully thought out system of mental suggestion.

Mrs. Zief was sent into a quiet and peaceful slumber by the use of chloroform, but before this she was given a strong series of suggestions as to what would occur while she was unconscious. She was told that when she opened her eyes the use of her limbs would be restored to her, and as the suggestions had been methodically given her each day for a considerable time, Mrs. Zief firmly believed she would wake up with her limbs restored, and that is what happened.

When Mrs. Zief sank into an unconscious condition the minister mentally concentrated on the result he desired, and, under Dr. Hidden's observation, began a manipulation of the muscles, and gradually drew down the limbs, which were fixed upon the thighs and the thighs upon the pelvis. The experimenters claim that in response to the manipulation and the evident command from the subliminal consciousness of the sleeping patient, the limbs were brought into the position intended by nature.

Toronto, Aug. 25.—It is fifteen years since Rev. Dr. Stewart held a pastorate at Brampton. He came from the Maritime Provinces, and, after two years at Brampton, left for the Western

States. He would be about 60 years of age. Rev. Dr. McKay, of the Canadian Baptist, said that from his recollection Dr. Stewart would be a man singularly gifted for such an experiment as that announced.

A. O. F. HIGH COURT.

Banquet a Feature of Entertainment at Sarnia.

Sarnia, Aug. 24.—The High Court of the Ancient Foresters convened in the Town Hall with an attendance of one hundred and fifty. The visitors were welcomed by a civic deputation, Mayor Milne and Councillors Johnston and Watson, and by committees from the local fraternal societies. Responses to the addresses of welcome were made by Dr. Secord and Major Snelgrove.

At 8:30 o'clock a procession, headed by the Sarnia band and companions, local courts and High Court delegates, marched through the streets, after which they were conveyed to Lake Huron Park, where a banquet was held in the pavilion. The visitors expressed themselves as delighted with Sarnia as a convention town.

FIREBUG BURNS RINK.

Portage La Prairie Has \$12,000 Blaze—Incendiary Epidemic.

Portage La Prairie, Man., Aug. 24.—The big arena and skating rink was totally destroyed by fire this morning, loss \$12,000. It was the work of a firebug, traces of gasoline being observed by those who first arrived on the scene. It is the third fire within a week and the sixth within a month, and the authorities are convinced that incendiaries are at work.

DIZZY HEIGHT.

PAULHAM'S AEROPLANE MOUNT-ED 500 FEET AT RHEIMS.

Came Down in a Great Curve So That Spectators Thought the Machine Was Falling—The Superiority of the Bi-plane Demonstrated.

Betheny Aviation Field, Rheims, Aug. 24.—High winds here to-day afforded some opportunity of testing the relative merits of the bi-plane and monoplane. The experts agree that the bi-planes thus far have demonstrated marked superiority, stability, and possibilities of control in a wind as compared with the monoplane. No monoplane was ventured out except in absolutely calm weather.

Young Bunau-Varilla was the first to ascend, and he treated the crowd to a thrilling sight. The breeze was still over fifty miles an hour, and the bi-plane rocked like a ship in a heavy sea, but the daring aviator continued his flight, managing to round the first turn and come back to the tribune. A wild cheer broke out when Bunau-Varilla descended safely.

Bunau-Varilla was followed a few minutes later by Paulham, who flew past the tribune at a height of one hundred feet. He saluted President Faidheres as he went by. After he had rounded the turn and was racing down the track under him, moving in the same direction, Paulham gradually overtook the train and passed it. Returning to the tribune, he ascended to the dizzy height of 350 feet, and passed over the tiers of seats at this altitude.

He waved his cap in response to the enthusiastic cheering of the spell-bound spectators, who a moment later held their breath as Paulham's machine was caught by a gust of wind and he keeled over to a dangerous angle. But the intrepid pilot righted his aeroplane promptly and continued his flight. He made the round in twelve minutes and thirteen seconds. Without appreciably coming down from this great altitude Paulham completed his second and his third round of the course. At the end of the second round Paulham arose to the remarkable height of 500 feet. The spectators, spell-bound, forgot to cheer, and many women turned their faces away as they saw the machine away in the wind. Paulham continued at this height for some time.

COLLINGWOOD SUNK

A DISASTROUS COLLISION IN THE DETROIT RIVER.

Steamer George L. Craig Signalled She Would Pass on Starboard Side, and Ran Between the Collingwood and Another Upbound Vessel.

Detroit, Aug. 24.—In a collision in the Detroit River off Sandwich Point, shortly before 9 o'clock to-night, the steel steamer Collingwood, commanded by Captain F. J. Bassett, of Collingwood, and carrying a crew of twenty-three men, was rammed by the steamer George L. Craig. Five minutes later the Collingwood went down in forty feet of water, after Captain Bassett had made a heroic effort to run her ashore on the American side of the channel. The crew all escaped in safety. The Craig was and claiming to furnish the long sought delay proceeded.

The collision occurred in the middle of the channel and about a thousand feet above the Pittsburgh Coal Company's docks. The Collingwood, carrying a cargo of seven thousand tons of coal from Lorain, destined for Fort William, was coming up the river in company with an unknown vessel, when the George L. Craig, down bound, whistled that she would pass on the starboard side. The signal was apparently understood by the captain of the Canadian boat, and the other, for it was answered by each. Then the boats came on, but to Captain Bassett's surprise, the Craig steered directly between the Collingwood and the other up-bound vessel. Even then all might have been well had not the Craig suddenly veered sharply, a moment later crashing with a terrific impact directly into the side of the Collingwood.

She struck her squarely amidships, tearing a great hole in her below the water-line and extending upwards almost to the deck. The Collingwood, reeling from the shock, began to fill at once, and Captain Bassett realized that his only hope lay in beaching his boat before she went down in the channel. By this time the Craig, apparently little the worse for the accident, had backed slowly off.

Suddenly the gongs in the engine room of the Collingwood rang out "Full speed ahead!" and the prow of the Collingwood was turned towards the American shore, nearly half a mile away. Half filled with water as she was by this time, the Canadian boat responded gallantly, and within a few minutes Captain Bassett had her out of the channel, but the distance was too great. When about a hundred yards from shore the water had risen high enough to extinguish the fires in the engine room, and almost immediately afterwards the Collingwood sank. She lies to-night in forty feet of water, with only her forward and after cabins showing.

The crew took at once to the yawl and quickly reached the shore in safety. All are residents of Collingwood. It is impossible to say to-night to what extent the Collingwood has been damaged. The Collingwood was built at the town of Collingwood, which she takes her name, in 1907, and is owned by the Farrar Transportation Company, of Collingwood.

ASTORIA. The Kind You Have Always Bought. Bear Brand. Pure Malt. PASTORS SCORE ONE.

Chances Are Good That Atlantic City Will Be Dry Next Sunday.

Astoria City, N. J., Aug. 24.—The Atlantic City Sunday closing controversy was complicated to-day when representatives of the State Law and Order Society served a mandamus on Judge E. Koffer, of the city police court, requiring him to show cause at once why he should not accept complaints of violations of Sunday regulations brought by detectives of the reform organization.

The mandamus was issued by Justice Garrison, of the Supreme Court. More than a week ago Koffer refused to receive any complaints for infractions of Sunday laws unless they were preferred through the office of Police Chief Woodruff, and Chief Woodruff refused to co-operate with the reform bodies in any way.

If the mandamus served to-day is made permanent by the court, the pastors' alliance will be in a position for the first time in years to compel absolute closing along the beach front.

GOOD SHORT STORIES

SHE WASN'T PLAYING.

In a Western Kansas town, relates Paul Lovell, at a party of adults, it was proposed that the entertainment consist of the games that prevailed in the good old days of childhood—"Post-office," "tin-tin," "London bridge," and so on. Finally a prize was offered for the person who could make the ugliest face. The judges witnessed the contortions of faces for a while and then awarded the prize to an old maid.

"You win," they said, handing her a box of bonbons. "I will thank you to know," she replied, "I was not playing."

HAD SMOKED THEM.

Erskine M. Phelps, of Chicago, was introduced at Nice to Lord Blank, of England. As he was smoking, he said to Lord Blank: "Will you have a cigar?" "Thank you, but I smoke only one brand, the Henry Clay." "All right, I'll order some." The box was brought. It was embellished with the familiar figure of "Harry in the West." As he took his cigar, Lord Blank said: "When old Clay was alive he made a good cigar, but his sons don't keep up his reputation." "Henry Clay? Why, he didn't make cigars; he was a statesman, and ranked as high with us as Gladstone and John Bright do in your country."

"I beg your pardon, I've smoked these cigars all my life, and I tell you old Clay made a d— sight better cigar than his boys do."

BOILED TO MUSIC.

A well-known American bishop tells a story of a visit to a small town in one of the Southern States, where he was awakened one morning by a soprano voice, which came from the kitchen, singing a famous hymn. As the bishop was dressing he meditated on the piety of the servant. Speaking to her after breakfast of the pleasure it had given him, he was met by an unexpected answer, "Oh, thank you, sir!" she replied. "But that's the hymn I boil eggs by—three verses for soft and five verses for hard."

A DEAF SENATOR.

The deafness of Senator McEnery, of Louisiana, is well known. He is able to hear but little of the Senate debates, and is obliged frequently to ask for information as to pending question before voting.

One day one of the Washington correspondents, desiring to see the senator on business, sent in his card. Senator McEnery came out into the lobby, and the correspondent, placing his mouth at the statesman's ear, hawled out: "Senator, have you got any news?" A look of astonishment came over McEnery's face. Putting his hand in his pocket he pulled out a cigar, and, handing it to the newspaper man, stalked back into the Senate. He went over to the seat of the late Senator Pettus, of Alabama, and said: "Some of these newspaper fellows are mighty funny in their ways. One of them called me out just now and asked me for a cigar."

TOO MUCH FOR HER.

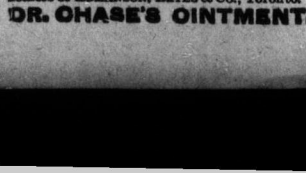

Winnipeg, Man., Aug. 24.—Nothing new has developed in the carpenter strike situation other than that the master builders have refused to accept the ultimatum, handed them last night. The chief demand is for an increase in wages from 35 to 45 cents an hour, and the employers were presented with a new set of articles, embodying the demands of the men to sign, failing which the strike goes into effect to-morrow morning. Twelve hundred men are involved.

MOTHER DROPS DEAD SEEKING DOCTOR FOR INJURED SON.

Escanaba, Mich., Aug. 24.—Running across logs, stumbling over fences in the darkness and taxing her strength to the utmost, Mrs. Louis Courtright dropped dying on the porch of a physician's home to-night, after she had gazed out that her young son had been terribly burned. Hemorrhage of the heart and lungs is declared to have resulted from the sudden excitement and nervous strain.

AN "ASSASSIN." Grand Jury Asked to Indict Men Who Sold Paper.
 St. John, N. B., Aug. 24.—In his address to the grand jury to-day Judge Forbes asked them to find true bills against two Greeks who sold Free Speech, the paper edited by C. Bruce McDougall, who was arrested in Montreal last week, and is now in jail here. Referring to the paper, the Judge said: "No man is safe from this midnight assassin, who travels in the guise of a secretary, and imperils our families when we are not prepared to come down with the cash."
 McDougall, it is likely, will be sent up for trial before Justice White in the Supreme Court. There are eight counts in the charge against him, and should he be convicted he is liable to two years in penitentiary on each count.

BUG-PROOF POTATC. Massachusetts Minister Has Succeeded in Growing New Variety.
 Montague, Mass., Aug. 24.—The Rev. Amos N. Somers, a Unitarian minister here, stated to-day that he has succeeded in growing a "bug proof" potato. He said: "The vines of my potatoes have a peculiar odor, which is offensive to a potato bug, for it never goes near them. I have taken bugs from plants of the usual type in the next row in my potato patch, and put them on my new vines, in half an hour I cannot find one."

How to Win Her in 30 Minutes; Love Rules of a Brave Man.

THE GIRL GENERAL HUTCHINSON WON IN THIRTY MINUTES.

Love Rules of A Real Hero
 Here are Gen. Hutchinson's love rules:
 "If you meet a girl, look into her eyes and decide that you love her; tell her so that minute.
 "Don't wait for her to say 'Yes' or 'No'—take it for granted that she is yours.
 "Commence immediately to act as if she was your property.
 "All women like to feel as if they belonged to a man.
 "The girl will soon begin to take your viewpoint of the affair.
 "It ought not to take any man more than 30 minutes to win a wife.
 "If the young women's relatives object, just ignore them.
 "If the girl and her relatives flee—follow them. They will soon capitulate."
 Chicago, Ill.—"When you find the girl you want, take her. Don't waste any time. Tell her you love her right away. And then get her. I won my bride in just 30 minutes."
 This is the philosophy of 32-year-old Gen. Thos. S. Hutchinson, of Tennessee, by gad sub, as gallant and impetuous a lover as he showed himself a soldier in the Spanish war. And here's what this hero did:
 He went to the Confederate veterans' reunion at Memphis in June.
 At the grand ball there he saw a beautiful Texas girl, Miss Louise Cheatham. He got one look into her eyes. Then he hunted up Gov. Pattison—he serves on the Governor's staff, but that isn't how he got his title—and demanded an introduction.
 He got it—glad to meet you—charmed you know.
 Exactly 30 minutes later—just long enough to get Miss Cheatham out of the crowd of admiring young men—he had proposed.
 And Miss Cheatham—who is a girl after Mr. Hutchinson's heart—had accepted.
 Followed two months of trips—to Texas, to Memphis again, and to Chicago, convincing Miss Cheatham's relatives that they ought to have him in their family.
 Then they were married, and are now on the honeymoon at the Auditorium in Chicago, where he told the story.
 And both are very happy.
 The bride is the daughter of the late Col. Daniel W. Cheatham, a noted Confederate soldier of Clarksville, Tex.
 The general is several times a millionaire, and has a splendid Spanish war record.

AN AWFUL TALE. SUFFERINGS OF CASTAWAYS ON A PACIFIC REEF.
 Captain Drowned Before Wife's Eyes—Woman Drowned Children Fearing Cannibalism—No Food or Water for Two Weeks.
 Victoria, B.C., Aug. 24.—Because no wreck had occurred in the vicinity for years, the British government some time ago ceased leaving supplies for shipwrecked mariners at desolate Middleton Island, in the South Seas, and because supplies were not found there, as they had been led by the sailing direction to expect, the crew of the Norwegian Inga, Errol (formerly the Caribroke Castle), experienced all the agonies of approaching starvation during the awful two weeks in which they had no morsel of food nor drop of water. Several of the seamen went insane, and others, including Capt. Anderson, perished in their endeavors to make and float a seaworthy raft. Mrs. Anderson, the master's wife, sacrificed her four children, and then committed suicide, when, after the death of her husband and father, she heard the seamen discussing a project to resort to cannibalism.
 The story of the marooning of the Errol's crew, and their subsequent experiences, was brought here by the Australian Line Makara, this morning. The survivors of the Errol's hapless company had reached Sydney shortly before the sailing of the Canadian-Australian steamer Tofu, after two weeks of torment on the reef, following June 18. None were able to give a clear account of their sufferings, and two, if they live, will be mentally unbalanced.
 Patrick Palmer, a seaman, has the best recollection of fourteen days of horror on the reef. "We are the last of the twenty-two," he said. "That's including the captain's wife and four children. Five of us got away from the wreck on a raft. We went all over the reef in search of water, but found none, and one died on the reef. We had difficulty in building the raft, and the captain and second mate both got drowned assisting. The captain's wife stood within a few feet of him watching him drown. As she stood there, wringing her hands, she had her four children, from the baby one year old to the eight-year-old girl standing beside her. We thought we would be able to find water on the reef, but the sailing directions lie. There was another wreck on the reef, and we thought it was a store ship. We boarded it, but found nothing to eat. It was musty and old and all it held was a bottle with about two gills of water, that must have been there for years from the horrible taste of it. The carpenter and I drank that. It was afterwards found some more water, and although it was in a bad state, we drank it. We then decided to build a punt from the wreckage, and while we were working on this we lived on shellfish."

 London, Aug. 24.—The Select Committee of the House of Commons on the Daylight Saving Bill has ended its sittings, but has not yet issued its report. HUMAN PIN-CUSHION Sixteen Blackened and Bent Pins Taken From Girl's Arm.
 New York, Aug. 24.—Miss Adeline Newkoff, 18 years old, employed as a winder in a silk mill at Paterson, N. J., has been found to be a human pin-cushion. Within three days sixteen pins have been taken from her right arm, and she cannot tell how they got there.
 A few days ago the girl felt intense pains in her right arm, found a pin protruding and removed it. More pins soon made their appearance, and Dr. Flood was called in, and he took out sixteen pins, all shaped like the first one and blackened.

SHELLED MOORS. ATTACK ON PENON CONTINUED FOR 24 HOURS.
 Tribesmen at Last Yield—Another Town Fired on by the Rebels—Elude the Discharges of Spanish Artillery.
 Madrid, Aug. 24.—The Moorish attack on Penon, which began on Saturday, continued until Monday, when the gunboat General Concha approached and shelled their strongholds, scattering the Rifians.
 The Rifians also persisted in their attack upon Alcazara, where they fired upon the Spanish positions all night, and at 5 o'clock in the afternoon, when the last report was received by Gen. Marina, the fighting was still being continued there, the Moors using their artillery. According to a report, they fired four shots against the town, but without effect.
 Yesterday's convey was attacked like previous ones, but there were a large number of assailants, and they showed great determination. Ten Spanish soldiers were wounded.
 All reports, whether official or private, agree in the statement that the Kabyles have increased the number of their fighting men and are again showing great boldness, although they were apparently tamed after the combat of July 27.
 The Spanish notice that the new arrivals in the Moorish ranks are dressed in white, from which circumstance it is surmised that they come from the interior. El Chaldi, who seems to be the leading chief of the Kabyles and director of their war against Spain, probably intends to keep the Spaniards busy so as to prevent the execution of Gen. Marina's plans.
 When the Spanish artillery opens fire on the heights of Gurugu, aiming at places pointed out by an officer from a balloon, the Rifians scatter in small moving groups, thus making the efficiency of the shells a mere matter of chance.
RESERVISTS ORDERED OUT. Madrid, Aug. 24.—Sixteen thousand more men of the reserves are to be mobilized immediately for service in Morocco.
ARMY CANNOT ADVANCE. Melilla, Morocco, Aug. 24.—The present situation of the army of 35,000 men sent over to Africa by Spain to advance against the Moors is causing widespread and great discontent. Owing to the lack of proper transport for water and supplies, as well as for strategic reasons, no advance is possible for a fortnight or more. The commanding general seems in no hurry to move.
 Spain made every effort quickly to concentrate this army, and now the her soldiers are here they are cooped up in unhealthy camps, and if they do not move soon they probably will be decimated by an outbreak of disease. The soldiers are discontent at the delay. Officers and soldiers alike detest the country and are anxious to return home.

A STRONG PATRIOT. Says He Manipulated Contracts For French Citizens of Montreal.
 Montreal, Aug. 24.—A humorous turn was given to the work of the civic Royal Commission, when Mr. Rodolphe Brunet, the famous middleman for the distribution of road contracts, came into the limelight on the witness stand. Mr. Brunet described his work as a patriot; triumph for the French-Canadians, as opposed to their English-speaking fellow-citizens.
 Despite his patriotism, however, Mr. Brunet was compelled to admit that he had been quite imprudent and accepted commission from English contractors who wanted to get their tenders approved by the Council as readily as he had taken the same from his own friends of the French-Canadian persuasion. He will probably spend some time in the witness box.
ANXIOUS TO SHARE. Daughter Nations Want to Aid in Imperial Defence.
 London, Aug. 24.—Sir Edward P. Morris, Premier of Newfoundland, prior to sailing for home, said the Imperial Defence Conference had been a wonderful success. He thought the local committee had been too busy serving and making comfortable their guests to notice the omission. But this is the second day, and I think in justice to the representatives from Canada—and we number fifteen—a British flag should be displayed. If it is only one I shall be satisfied.
 The speech of the chief appealed to the delegates in the hall, who applauded him generously.
 In the afternoon British flags were conspicuously displayed.

FOUND A POCKETBOOK. John Hall, of Stratford, Sent to Penitentiary for Theft.
 Stratford, Aug. 24.—John Hall, a colored man, cook at the American Hotel, was to-day sentenced to two and a half years in Kingston Penitentiary for the theft of a pocketbook containing \$68. The pocketbook was owned by J. M. Wilhelm, a farmer of North Easthope, who dropped it on the market on Saturday.
 Hall was seen to pick it up, and on being confronted with the fact produced the purse, declaring it was empty when found. However, the evidence showed that before he was apprehended he had given a bar tender the money to keep for him.

A LOST CAUSE. Martial law reigned supreme in the strike zone.
 Sixty-six men were loaded into a special car from the box-car jails in the car company plant yard and brought to Pittsburg in the afternoon where they were arraigned before a magistrate on a charge of disorderly conduct and carrying concealed weapons.
 The death list resulting from Sunday night's disorders now totals eleven.
KILLED OLD MAN. Quebec, Aug. 24.—Pascal Parent, aged 72 years, of Notre Dame de Sacre Coeur, near Rimouski, was killed by a vicious fall in a field at his home on Sunday. The animal had been chained up owing to his viciousness, but was liberated by the old man, who had gone to feed it. The victim was well known and highly esteemed, and was Mayor of the parish.
SECRETARY ARRESTED. John Osterholm Charged With Stealing Lodge Funds.
 Niagara Falls, Aug. 24.—John Osterholm, for three years financial secretary of Clifton Lodge, No. 44, A. O. U. W., was arrested by Patroman Dart last night on a warrant sworn out by a trustee of the lodge, charging the appropriation of lodge funds to the amount of \$702. When he appeared before Magistrate Fraser last night he was held in \$1,000 bail, which was furnished by two local business men. He will appear at 11 o'clock next Tuesday morning for trial. During the years 1907-8-9 Osterholm was elected financial secretary of Clifton Lodge. It is said that his speculations cover the three years in which he held office.

Strikers at McKee's Rocks Attend Funeral of Dead Companion. Charge of Peonage to be Investigated by U. S. Officers.
 Pittsburg, Pa., Aug. 24.—Gloom covered the little manufacturing village of McKee's Rocks to-day. Long funeral processions wended their way from the Greek Catholic Church to Saint Mary's Cemetery, a small burying plot just outside Schoenerville in the van of these funeral trains.
 The finding, late to-day, of three more bodies of beaten strike sympathizers was horrifying in its ghastliness, for troopers, detailed to the work of searching for dead and wounded, made little effort to spare the feelings of the men who gathered about them when the bodies, two under a pile of railroad ties and one under a culvert on the tracks of the Pittsburg & Lake Erie Railroad, were pulled into sight. The corpses were hastily piled into a morgue wagon and turned over to the county officials.
 An official investigation of the condition inside the stockade of the McKee's Rocks plant of the Pressed Steel Car Company will begin to-morrow morning. From the Department of Justice at Washington, Jordan late to-day received orders to move at once on the big plant in an investigation of the charges of peonage which have been made against President Frank H. Hoffstott of the car company, in conjunction with Samuel Cohen of the employment bureau at the car-making plant.
 Attorney Jordan is under orders to make the investigation most complete and as secret as possible, yet he is empowered to take with him in his search through the plant those who may prove that they have an interest in the workings of the plant. It is understood that the strikers, who have made the charge of peonage against Hoffstott and Cohen will be given ample opportunity to send a committee with Jordan through the mills to make good their claims that workmen are held there against their will and that they are insufficiently fed. The strikers and their sympathizers gave up a mass meeting planned for the late afternoon. Eugene V. Debs, the socialist orator, was in McKee's Rocks to address the strikers, but even he declared that words were of little avail now, as the riots of Sunday night had for once and all placed the strikers in the position of outcasts whose cause was all but lost.
 And on every hand to-night it is conceded that the strikers have lost their fight. The Pressed Steel Car Company plant to-day was in operation, with over 1,000 men at work.

A LOST CAUSE. Martial law reigned supreme in the strike zone.
 Sixty-six men were loaded into a special car from the box-car jails in the car company plant yard and brought to Pittsburg in the afternoon where they were arraigned before a magistrate on a charge of disorderly conduct and carrying concealed weapons.
 The death list resulting from Sunday night's disorders now totals eleven.
KILLED OLD MAN. Quebec, Aug. 24.—Pascal Parent, aged 72 years, of Notre Dame de Sacre Coeur, near Rimouski, was killed by a vicious fall in a field at his home on Sunday. The animal had been chained up owing to his viciousness, but was liberated by the old man, who had gone to feed it. The victim was well known and highly esteemed, and was Mayor of the parish.
SECRETARY ARRESTED. John Osterholm Charged With Stealing Lodge Funds.
 Niagara Falls, Aug. 24.—John Osterholm, for three years financial secretary of Clifton Lodge, No. 44, A. O. U. W., was arrested by Patroman Dart last night on a warrant sworn out by a trustee of the lodge, charging the appropriation of lodge funds to the amount of \$702. When he appeared before Magistrate Fraser last night he was held in \$1,000 bail, which was furnished by two local business men. He will appear at 11 o'clock next Tuesday morning for trial. During the years 1907-8-9 Osterholm was elected financial secretary of Clifton Lodge. It is said that his speculations cover the three years in which he held office.

Everybody Should Visit Canada's Greatest Exhibition. On account of the Canadian National Exhibition, the Grand Trunk Railway System will issue return tickets at single fare to Toronto from all stations in Ontario, west to Cornwall and Ottawa, August 28th to September 11th, inclusive. Good returning from Toronto on or before September 14th, 1909.
 Special low rate excursions will be run from all points on certain dates, giving patrons of the Grand Trunk an opportunity of visiting Toronto at very small cost.
 Don't fail to call on nearest Grand Trunk Agent for full particulars.
Eyes Burned by Lime. London, Ont., Aug. 24.—While playing with some lime on Wellington street this morning, Michael Catalano, son of C. Catalano, fruit dealer, was badly burned about the eyes and face. Hopes are held out that his sight may be saved.

Strikers at McKee's Rocks Attend Funeral of Dead Companion. Charge of Peonage to be Investigated by U. S. Officers.
 Pittsburg, Pa., Aug. 24.—Gloom covered the little manufacturing village of McKee's Rocks to-day. Long funeral processions wended their way from the Greek Catholic Church to Saint Mary's Cemetery, a small burying plot just outside Schoenerville in the van of these funeral trains.
 The finding, late to-day, of three more bodies of beaten strike sympathizers was horrifying in its ghastliness, for troopers, detailed to the work of searching for dead and wounded, made little effort to spare the feelings of the men who gathered about them when the bodies, two under a pile of railroad ties and one under a culvert on the tracks of the Pittsburg & Lake Erie Railroad, were pulled into sight. The corpses were hastily piled into a morgue wagon and turned over to the county officials.
 An official investigation of the condition inside the stockade of the McKee's Rocks plant of the Pressed Steel Car Company will begin to-morrow morning. From the Department of Justice at Washington, Jordan late to-day received orders to move at once on the big plant in an investigation of the charges of peonage which have been made against President Frank H. Hoffstott of the car company, in conjunction with Samuel Cohen of the employment bureau at the car-making plant.
 Attorney Jordan is under orders to make the investigation most complete and as secret as possible, yet he is empowered to take with him in his search through the plant those who may prove that they have an interest in the workings of the plant. It is understood that the strikers, who have made the charge of peonage against Hoffstott and Cohen will be given ample opportunity to send a committee with Jordan through the mills to make good their claims that workmen are held there against their will and that they are insufficiently fed. The strikers and their sympathizers gave up a mass meeting planned for the late afternoon. Eugene V. Debs, the socialist orator, was in McKee's Rocks to address the strikers, but even he declared that words were of little avail now, as the riots of Sunday night had for once and all placed the strikers in the position of outcasts whose cause was all but lost.

TOURNAMENT IS UNDER WAY.

Mrs. Hannam and Miss Sutton Among Winners.

Miss Moyes, Toronto, Beat Miss Steever.

Vesey, of Montreal, Beat Bissell, of Buffalo, in Men's Handicap.

Queen's Royal Hotel, Niagara-on-the-Lake, Aug. 25.—Thirty-six games were played yesterday in the International tennis tournament. All six courts of the Queen's Royal Hotel were constantly in use from the time set for the first game this morning until darkness compelled the players to stop. Two games were unfinished last night.

With so many crack players entered, the interest in the more important games in the different competitions was keen, and they were watched by a big gallery.

Most interest naturally centered in the games in which Miss Sutton and Mrs. Hannam took part. A victory for both was generally expected, and both ladies won their games with ease.

Miss Sutton defeated Miss Summerhayes by 6-0 and 6-0, but the world's champion had frequently to use all her skill against her plucky young opponent. Her skill was greatly admired.

Mrs. Hannam scored a victory over Miss Beard, Cleveland's best player, by 6-2 and 6-0. In the second set Mrs. Hannam only allowed her opponent one point in the whole six games, five being love games. Mrs. Hannam was always aggressive and her placing superb.

The game between Miss Moyes, of Toronto, and Miss Steever, of Chicago, was an exciting and grueling contest, lasting over two hours. Miss Steever took the first set by 6-4, but Miss Moyes won the second by 11-9, and the third by 6-4. Miss Steever had only two points to make to win the second set and match. There were many rallies, which aroused the spectators to the highest pitch of excitement. Both players excelled in overhead play, and their smashing was very effective. The lobbing of both was very good. A short lob meant invariably a loss.

The final, in which it is expected Miss Sutton and Mrs. Hannam will be the competitors, will be played on Saturday afternoon.

Vesey, of Montreal, defeated Bissell, of Buffalo, in the men's handicap, after a struggle that lasted three hours, by 7-5, 9-11, 10-8.

In all fifty games were played in this match.

Davis international challenge cup, left here to-day for New York on board the steamer Kron Prinz Wilhelm.

Seattle, Wash., Aug. 25.—The Wisconsin baseball party of eleven men arrived last night on its way to Japan to play with the Kolo University team. The men will sail on Aug. 31.

The Pure Milk Company's soft ball team defeated the Foresters' team in a friendly game yesterday afternoon at Victoria Park by a score of 14 to 3.

Soft Ball. Two games were played last night in the Victoria Park soft ball league and both were hotly contested. The first game was between the Waterworks team and Lytton. The Waterworks made the majority of their runs in the first innings and the Dominions did not start to score until the seventh innings and it is possible if the game had gone the full length that they would have pulled out. The final score was 9-4 in favor of the Waterworks. The line up was as follows: Waterworks—Ed. Davison, Hygham, G. Hemstock, Ganson, Lautman, Willis, D. Duntrop, P. Duntrop, Rockmaker, Male, Woods, S. Duntrop, Crawford, Walters, Watt, Little, Shipley.

The game between the Western Thistles and Shamrocks was a battle royal from start to finish. The Thistle pitcher had, it is said, a little of the Shamrock man. The Shamrocks' field was working splendidly. The final score was 4-4 in favor of the Thistles, but the Shamrocks got together and in the last two innings scored as they wished, the score being 2-12 in the Shamrocks' favor at the finish. The line up was as follows: Western Thistles—Slater, Martin, Mephan, J. Martin, M. Mephan, Paisley, McCormick, Morris, Stewart. Shamrocks—Reid, Smith, Laury, Patterson, Hayes, Fell, Garrick, Robinson.

A rather exciting game of ball was played between the Waterworks team and Lytton Junior Scoundrels last night at Lutz's diamond. The score was a tie in the third inning, but the Scoundrels got together and in the last two innings scored as they wished, the score being 2-12 in the Scoundrels' favor at the finish. The line up was as follows: Scoundrels (21)—F. MacDonald, P. A. Lowrie, O'Brien, J. Stewart, B. R. Harrie, B. F. Kime, r.f.; John Hazel, l.f.; Sturgeon, c.f.; F. Homewood, s.s. Waterworks—J. C. Waterbury, p.; W. Waterbury, c.; C. Waterbury, l.f.; W. Tunc, r.f.; N. Stewart, 3b.; M. Corey, r.f.; W. Corey, l.f.; G. Grey, c.f. The line up was as follows: Umpire—Ed. Shuttler. Base umpire—Jas. Hazel.

A fast and exciting game was played in the Retail League when Finch Bros. nine batter G. W. Robinson's aggregation all over Victoria Park and when the balloon came down the score stood 31 to 5. Vipond pitched a steady game but got poor support. He was also strong at bat. Ironman Wilson was in the box for the winners and showed his old time form and was well supported. The batters were well filled.

Moonlight is so intense at times in Cuba that it causes sore eyes, and the natives go about with umbrellas and parasols. This affection is cured, according to Frank Steiner, former consul-general to Cuba, by washing the eyes with moonlight fallen dew. These dew drops have been found to have radio-active and electric properties.

To make an umbrella last a long time don't roll it. Also don't lend it. long as they can use a club.

Mr. Hardy officiated at the house and grave, and the pallbearers were: John Babcock, Philip Babcock, John Zimmerman, William Babcock, William Amstee and J. A. P. Morrow. The floral tributes were numerous and beautiful.

AUSTRIA'S WAR ON SNAKES.

Austria's new territory is undeniably rich in snakes, mostly of the poisonous varieties. Next year, when the official reward system became more generally known, these figures increased enormously, no fewer than 28,78 snakes being killed, including 27,899 poisonous.

Last year's figures were very nearly the same, and it will be some years before the work of extermination can be anything like completed. But at the same time the number of persons reported bitten by poisonous snakes seems to be steadily decreasing—306 in 1901 and 109 last year.

Frankness With Daughters. Playing at hide-and-seek with our daughters is such a mistake. We cannot blind ourselves to the fact that it is changing daily, that every day adds to her development. We must be aware that each month and each year which rolls over her head carries her closer to womanhood. We know that she does not look upon life as seventeen as she looked upon it at fourteen, and she knows that we know it.

It is no use for us to say: "O, Elsie is still a child, and it will be some years before the sooner we cease playing at this game of hide-and-seek with her, the better it will be for us both. We want the broad full light of day upon all our thoughts and upon all our deeds where our daughters are concerned. Literally, she must be heart of our hearts and soul of our souls if we would see her develop into true, noble womanhood with a mind far above petty things, subtleties and deceptions.—Gabrielle B. Jackson.

COBALT STOCKS. The mining market was somewhat dormant in Toronto yesterday, although there was a little flurry in Foster, which sold up to 60 on the Standard Exchange, the closing sale being around 59 1/2. There was a further appreciation in Ophir, which closed at 140 on the Standard and was held at 138 on the Toronto curb. Beaver was active around 38. The balance of the list held about the same. Kerr Lake closed at 8.40 on the Standard and the same figure on the Toronto curb, although the closing sale was at 8.33.

LIVE STOCK. The railways reported receipts of 90 carloads at the city yards, consisting of 1,411 cattle, 686 hogs, 1,359 sheep and lambs, 305 calves and 2 horses.

There was not any improvement, but just about the same quality of cattle as has been coming, a few lots and loads of fairly good quality of slaughterhood of the common to medium.

As usual the best cattle sold readily at last week's quotations, if not a little higher, but the common and inferior were from 15 to 20c per cwt. lower, with some cattle unsold.

There were many lots of eastern cattle; these were hard to cash at any price, and some of them were reported unsold at the close of the market.

Exporters—George Rowntree reported having bought a few exporters at \$5.40 to \$5.60.

Butchers—George Rowntree bought 480 cattle for the Harris Abattoir Company, principally butchers, at \$4.20 to \$5.60, the latter price being for a few prime picked cattle; cows, \$1.50 to \$4.60.

Milkers and Springers—Eastern buyers being on the market made trade better than otherwise would have been. Prices as a rule ranged from \$30 to \$80, but very few brought the latter figure. Medium to good cows sold from \$40 to \$50 each, while extra quality brought \$55 to \$60.

Veal Calves—Veal calves sold at \$3 to \$8.25 per cwt.

Hogs and Lambs—About 1,400 sheep and lambs sold at steady prices. Export cows, \$3.50 to \$3.75; rams, \$2.25 to \$2.75; lambs, \$5 to \$5.85 per cwt.

Hogs—Mr. Harris quotes selects fed and watered at the market at \$8, and \$7.75 f.o.b. cars at country points.

SUGAR MARKET. St. Lawrence sugars are quoted as follows: Granulated, \$4.75 per cwt., in barrels; No. 1 golden, \$4.35 per cwt., in barrels. Beaver, \$4.45 per cwt., in bags. These prices are for delivery here. Car lots 5c less. In 100-lb. bags prices are 5c less.

NEW YORK SUGAR MARKET. Sugar—Raw, steady; fair refining, 3.61; centrifugal, 96 test, 4.11; molasses sugar, 3.36; refined, steady.

WINNIPEG WHEAT MARKET. Wheat—October, 95 3/4c, December, 92c, May 97c.

WOOL MARKET FIRM. The purchase of 25,000,000 pounds of Montana wool by a single purchaser in Boston has been an event which has set the whole wool trade talking. The price paid attracted a good deal of attention on this side, because of the wide margin between the American price, as revealed by this transaction, and the local quotation. In the sale mentioned the price ran from 24 to 30c. The Montana wool is a merino similar to our northwest product, and practically identical with that coming from the Lethbridge district. The local value of the wool is about 16c. Adding 12c duty to this, one obtains the middle price in the large American transaction. Our market is, of course, safely below the American limit, and the duty.

The Ontario clip has been pretty well picked up, although there are a few good-sized lots still being held in the country for higher prices. The condition of the American market and the improvement in general business in this country suggest that these expectations may come true.

A good deal of western wool is coming

HARRIMAN STOCKS WEAK. New York, Aug. 25.—The stock market opened weak to-day on unfavorable interpretations of the reports of Mr. Harriman's health, and disappointment over his interview, in which he indicated it to be his policy to securely maintain present dividends and extend the property rather than to increase immediately the returns.

The Harriman railroads, the N. Y. C., Erie, and Reading, were conspicuously weak, with declines of a point or more.

Before the end of the first hour further weakness was shown by the Harriman stocks, and Union Pacific sold 3-8 below yesterday's close, the former stock 2-3-8, and So. Pac. 2. Reading was sold extensively at a decline of over two points.

General Electric sold off 2-1-2. Despite the fact that the business of the first hour was limited largely to a half dozen issues, the volume of trading was in excess of 300,000 shares.

KING EDWARD'S ORDERS.

The Origin, Romance and Etiquette of the Various Decorations Worn by His Majesty.

When King Edward goes abroad amongst his subjects on occasions of ceremony, the observant eye will note some details of the insignia he wears. Everyone is aware that the royal coat of arms, which is not restricted to one portion of the royal person; they may be worn on the right or left shoulder, on the breast, on the waist, around the neck, or suspended at the hip. It is probable that the broad blue ribbon for the Order of the Garter, which is equally possible to wear the badge of the Garter round the neck, on the left shoulder, or on the breast, hanging the left way.

It has been said that the desire to possess honorific distinctions is a natural and almost universal human ambition almost from time immemorial. The sovereigns of the world, and the monarchs of Europe, it grew impossible for one individual to wear all the chains, ribbons, medals and crosses of which the world is the recipient. Consequently, a selection only can be worn, and this selection is governed by his Majesty's prerogatives and the nature of the occasion. Thus, at a purely British function, the display of the insignia of British orders and of British decorations is naturally the order.

But first of all let us see what the insignia of an order generally consist of. In the case of the order of great distinction, the Garter, they consist first of a habit, collar, badge, star and garter. In what is called a full charter of the habit is worn only on certain days, known as "collar days." An ordinary recipient of an order wears the badge, the star and the garter, and the motto of the order—"Honi soit qui mal y pense"—is worn on the knee on the left leg.

The badge is worn on the left shoulder, and is a representation of the Order of the Garter

OLD FARMER MURDERED.

His Decomposed Body Found in a Ravine in Vermont.

Remains Were Discovered by Two Young Sons of the Deceased.

One Son Awaiting Death Sentence For Murder of Woman.

Townsend, Vt., Aug. 25.—The accidental discovery of the decomposed body of Geo. Kent, a 60-year-old farmer, of this town, and father of Elroy Kent, a convicted murderer, at the bottom of a deep ravine near the Kent home, on Tuesday, was the cause of an investigation into the man's death by State's Attorney Williams, of Bellows, yesterday. On July 9 Kent visited the neighboring farm of Herbert Barker, and since leaving Barker's house to go home nothing has been heard of him until the discovery on Tuesday, made by two little boys.

Two lads, Bernard, aged 14, and Perry, aged 10, sons of Geo. Kent, while playing on the hillside near their home, clambered to the top of the ravine, and looked over to see how deep it was. The trick eye of the elder boy detected something that looked to him like the coat his father had worn on the day he disappeared. With an eager cry, the lad made his way down the gully, followed by his brother. They discovered the remains of their father beneath some bushes.

Horried at their discovery they fled hastily from the gloomy depths, and running to the nearest house told of their discovery. Led by the two lads, a party of men went to the ravine and confirmed the story of the two boys. It could be learned from the boys except that there had been friction between their father and one of his elder sons. The dead man was the father of Elroy Kent, who is at the Windsor jail awaiting the death penalty by hanging for the murder of the deaf mute, Della Congdon, at Wallingford. This crime was committed after Kent had escaped from the State Insane Asylum at Middlebury, Vt. He was later apprehended at Pittsfield, Mass., where he had been arrested by the local police on the charge of the theft of a bicycle.

AT GRIMSBY.

Park Cottages Changing Hands—Good Programmes Presented.

Mr. H. A. Martin, who came up from Grimsby Park this morning, announced that several cottages are changing hands. Some are selling through fear that the property will depreciate in value, while others are purchasing with the expectation that it will increase. The report circulated that Mr. G. G. G. of St. Catharines, is buying stock, and the holders are glad to sell, he says, is not correct. Mr. G. G. G. is on the grounds all the time keeping a close watch on the movements made. He is acting under instructions of the Merchants Trust Company, and last week made some complaints about the way the property was being taken care of. An agent was sent down to make an investigation.

Last week the tax collector was around and collected from the cottage holders \$1,000. The revenue, which goes to the township, the cottagers think should be applied, in part at least, to the improvement of the property. The only benefit the park derives from the taxes is a road outside.

About a week or so ago, Mr. Norman Joffe, who was struck by a baseball while engaged in a game, received such a wound on the nose that he has had trouble with it ever since. The last jar of the body starts it bleeding and he has lost much blood by hemorrhage during the past week. This morning he went to Toronto to have a specialist examine the bruise. He is a very popular young man at the park, and has been engaged much in singing there. Last Sunday night he sang a solo in Centenary Methodist Church.

The entertainments during the season have been excellent. Several soloists have been engaged. The following ministers have taken the Sunday services: Dr. McDunough, of Toronto; Major Bond and Waff of the Toronto Salvation Army Ward; Rev. Charles Manning, assistant secretary of the Methodist Missionary Department, Toronto; Rev. J. L. Rutledge, Brantford; Rev. E. B. Laneley will conduct the services next Sunday.

Rev. Dr. McDunough, who is now over eighty years of age, and walks with the assistance of a crutch, left for Toronto yesterday to attend the wedding of a prominent young lady there. The reverend gentleman will also be married there in a day or so to a young lady who has been engaged as a nurse. The two ladies in question are sisters.

THE SUNK STEAMER.

Collingwood, Ont., Aug. 25.—The Farther Transportation Co.'s steamer Collingwood sunk in the Detroit river last night was built by the Collingwood Shipbuilding Company in 1907, and is one of the biggest type of lake freighter steamers. She is valued at \$325,000, and is fully covered by insurance. Her cargo consists of 7,000 tons of coal, valued at \$21,000, which is insured by the shippers.

A WEDDING GIFT.

Mr. Henry Obermeyer was honored by his fellow employees of the Herald, yesterday. Henry has just taken unto himself a wife in the person of Miss Annie Stewart, recently of the Public Library, and the boys of the Herald showed their goodwill towards a good fellow by presenting him with a cheque for a substantial amount, together with their best wishes.

The director of the Bank of England has a salary of only \$10,000 a year. Of the 1,300 employees, about 100 are women. The first cashier gets nearly twice as much as the director, and the total pay roll amounts to over \$1,000,000.

TEA TABLE GOSSIP.

George Going had his bicycle stolen from in front of the Sugar Bowl, King street east, last night.

The Barton Board of Health will meet to-morrow night to discuss the Crown Point scarlet fever outbreak.

Joseph Oethel had a toe badly crushed last night at the steel plant. He was taken to the City Hospital, where his injury was attended to by Dr. Parry.

Quite a large bush fire burned all yesterday and last night along the line of the Grand Trunk Railway not far west of Stoney Creek. It is supposed to have been caused by sparks from a passing engine.

Thieves are busy on the mountain top. They have visited several houses during the last week or so, invariably stealing food. Last night they were scared away from Mr. Blandford's residence after securing several trifling articles.

City Solicitor Waddell this morning wrote Mr. Geo. S. Kerr, K. C., solicitor for Mr. R. S. Morris, demanding further particulars in the power suit against the city. Mr. Kerr's reply was that, at the present time, he was unable to give further particulars.

Mr. Robert Freehand, owner of the Yonge street wharf in Toronto, has placed the property on the market for sale. It is thought amongst navigation men that the Richelieu & Ontario Navigation company will acquire the property, which is at present used by their boats, the Hamilton Steamboat Company, the Niagara River line and the Niagara & St. Catharines Navigation Company.

CIVIC LEAGUE.

Convention of American Municipalities in Montreal.

Montreal, Que., Aug. 25.—The thirteenth annual convention of the League of American Municipalities opened at Windsor Hotel to-day with the president, Hon. Sir John A. Macdonald, in the chair. In the absence of Mayor Payette, a cordial welcome to the city was extended to the delegates by Alderman Sadler. The president thanked Montreal for the cordiality of its welcome, after which the convention got down to business and listened to the report of the secretary and the treasurer, from Mr. J. McVicker. This was quickly approved and the convention proceeded to a discussion on the management of the leading departments on civic government. Mayor Speer, of Denver, and Mayor Crittenden, of Kansas City, among others, taking part. The afternoon session was brought to a close by a paper on city improvement leagues by Dr. W. H. Atherton, secretary of the City Improvement League of Montreal.

LIGHT AND POWER

For Fonthill, Ridgeville, Fenwick and Other Places.

(Special Despatch to the Times.) St. Catharines, Ont., Aug. 25.—Hugh A. Rose, of Welland, has applied for the incorporation of the Ridgeville Electric Light & Power Company, Limited, whose object is to furnish electric light and power for Fonthill, Ridgeville and Fenwick, and such other places in the townships of Thorold, Pelham and Lansboro as may be desired. A franchise has also been obtained from the two townships first named and one will be applied for in Gainsboro. The charter of the company will also provide for a telephone system in connection with the company's business. Power being secured from the Falls Power Company, of Niagara Falls. The men behind the enterprise are George Arnold, of Ridgeville; Hugh A. Rose, Welland; Frank W. Houston, electrician, Welland; J. C. Sloan, Fenwick; and H. S. Arnold, Toronto. The company is capitalized at \$40,000.

CRUSHED TO DEATH.

Six-Year-Old Edna Kopas Killed at Play on Father's Farm.

Listowel, Aug. 24.—A sad fatality took place this morning on the farm of Peter Kopas, about a mile from this place, on the townline between Elma and Wallace. The farmer's children were playing on a large pile of logs, when the pile began to move. The children hastened to get to safety, but one of them, Edna, aged six years, was caught under a heavy piece of timber. When her body was extracted she was dead, as she had been terribly crushed by the log.

Slater Shoe Fire Sale.

The interest in the fire sale of high quality shoes at the Slater store, King street west, is almost as keen as the first day of the sale. And why should it not be so? When did the people of Hamilton ever have such an opportunity to get shoes for style, fit and workmanship equal to the best at and below half the original cost? Smoke does not injure leather, and the damage by water was so slight that it had very little, if any, effect on values. Yet the fact that there was a fire, damaging the premises very much, makes this sacrifice sale necessary. It takes quite a while to sell a \$23,000 stock, so you may be sure of even greater bargains to help clear out the balance of the stock. The bargains for to-morrow are women's shoes at \$1.45 and men's shoes at \$2.45, the original prices of which were \$4 and \$5. Go to-morrow early to get first choice. Surprises will be the order every day, and it will pay to watch the store as these bargains will not be repeated.

MR. REID'S FUNERAL.

London, Ont., Aug. 25.—The funeral of the late Robert Reid, one of the Transcontinental Railway Commissioners, took place this afternoon. A very large number of prominent and representative people, including the Minister of Railways, Hon. George Graham, followed the remains to Woodland Cemetery. The pall-bearers were the four brothers of the deceased, James, George, Thomas and Edward, and Railway Commissioners Messrs. Colin McIsaac and C. A. Young.

Society

I. Jackson and her sister, Mrs. J. P. Paterson, and her two children, Master Edmund and Miss Adelphine, of Jersey City, are spending their vacation with Mr. and Mrs. Jas. Hammond and family, Macaulay street.

The marriage of Miss Ruth Hamilton Fuller, daughter of Mr. and Mrs. Valancey E. Fuller, and granddaughter of the late Lord Bishop of Niagara, to Mr. Richard Walsh, of Texas, will take place very quietly from the residence of Mr. E. F. B. Johnston, 119 St. George street, Toronto, on Monday, Sept. 6.

Yesterday afternoon, Aug. 24, a quiet wedding was celebrated at Caledonia, at Burnbrae, the residence of the bride's parents, when Maude Ethel, daughter of Dr. and Mrs. W. J. Burns, of Caledonia, was married to Mr. John P. Ross, B. A., of Edmonton, Chief Inspector of Schools for Alberta. The ceremony was conducted by the Rev. Wm. Burns, of Toronto, grandfather of the bride, and the Rev. Dr. R. N. Burns, of Toronto, the bride's uncle, and the Rev. A. E. Smith, B. A., of Caledonia. The "Lohengrin" wedding march was played by Miss Stella Campbell, Orangeville. The bride was attended by her sister, Edna M. Burns, and the groom was supported by Mr. J. R. Dunsford, of Columbus, Ohio. The bride was given in cream silk with wide watered stripes, over cream affetta, with pearl ornaments, and duchesse lace, with red and orange blossoms, and carried a shower bouquet of bridal roses. The bridesmaid wore rose silk cascade with an exquisite bolero of French hand-made lace of deep cream interlaced with gold, and carried a sheaf of pink rosebuds. The bride's mother wore a black gown of Directoire satin and Flemish lace. The groom's gift to the bride was a necklace of whole pearls, of exquisite workmanship and design, to the bridesmaid a pearl pendant and chain, to the pianist a broque pearl bar pin, and to the groomsmen a scarf and tie. Mr. and Mrs. Ross left for an extended tour of the Maritime Provinces, after which they will take up their residence in Edmonton, Alberta.

Miss Josephine King, of the Royal Victoria Hospital, Montreal, is spending her vacation at her home, 180 Bay street north.

Mr. A. H. Robinson, who has made a decided success of his art work, is in the city for a few days with his parents, Mr. and Mrs. W. W. Robinson, Emerald street south. He will return to Montreal on Friday.

Mr. and Mrs. James A. Woodman were busy on Friday receiving the congratulations of a host of friends on the celebration of their china wedding anniversary. They entertained at their summer home, Station 9, at the Beach. Many beautiful and costly presents were received, hand painted china were predominant. Mr. Woodman is one of the proprietors of the Hamilton Ferry Company.

RANG BELL ON A CAR.

(Continued from Page 1.)

Worship," said the constable. "Pay \$5," was the decision.

The itinerant element in some canines will manifest itself. G. A. McIntosh was fined \$2 because his dumb friend roamed about the city and barked at a dog.

Magistrate Jelfs acted as peace-maker between Francis Hazelwood and his wife. Hazelwood was charged with non-support and the case has been pending for two years in the High Court, and last Saturday was brought before the Magistrate, who decided to adjourn it as a matter of course to the other court.

This morning counsel for the complainant, Mr. O'Heir, agreed to withdraw the case from the High Court and let his Worship dispose of it.

A. W. Petrie, counsel for defendant, asked for an enlargement, as he was not ready, but it was decided to take the evidence of the complainant. After sundry bickerings the Magistrate suggested that man and wife should meet and try to arrange an amicable settlement. All parties agreed to this, so the case was adjourned.

Listen, you readers, and you shall hear how the name of McKenzie came to appear on the Police Court roster to-day. Then you all can readily say that the cause of it being there is plain and clear.

Last night he lay on the Market Square. And at passers-by continued to swear. So he was taken down to the cell. There to sleep off his drunken spell. This morning \$3 he paid for the city's care.

DAMAGED THE WAGON.

An accident occurred at the corner of Hess and York street this morning. Childman's baker wagon was standing at the side of the street and a team of horses, owned by Mr. Freed, drawing a heavy wagon along the street, walked too close to the baker wagon, broke in the side and did considerable damage to it. The tongue of the heavy wagon went right through the side of the bakery wagon.

Notices of Births, Marriages and Deaths which are inserted in the Daily Times also appear in the Semi-Weekly Times. 50c first insertion; 25c for each subsequent insertion.
