QUEENS CO. AS. CURE FREE

Asthmalene Brings Instant Relief and Permanent Cure in All Cases.
SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL. WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing like Asthmalene... brings instant relief even in the most severe cases. It cures when all else fails. The Rev. C. F. WELLS, of Ridge, Ill., says: "Your trial bottle of Asthmalene received in good season. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with parrot sore throat, and Asthma for ten years. I despaired of ever being cured. I saw your advertisement and had overspoken myself, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-sized bottle."

Rev. Dr. Morris Wechsler, Rabbi of the Cong. Bnai Israel, New York, Jan. 3, 1901.
Dr. TART BROS. MEDICINE CO., Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful. After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or other very toxic drugs.
REV. DR. MORRIS WECHSLER, AVON SPRINGS, N. Y., Feb. 1, 1901.

Dr. TART BROS. MEDICINE CO., Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effects of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as other, various, I changed to see your sign upon your windows on 100th street, New York, and purchased a bottle of Asthmalene. My wife commenced taking it about 10 days. Asthma has disappeared and she is entirely free from all distressing diseases.
O. D. PHELPS, M. D., New York, N. Y., Feb. 1, 1901.

Dr. TART BROS. MEDICINE CO., Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and sent for a trial bottle. I found relief. I have since purchased your full-sized bottle, and I am ever grateful. I have family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make use of as you see fit.

AN OLD LADY'S TALE.
Remarkable Results from Dr. Clarke's Wonderful Little Red Pills.

Editor of QUEEN'S COUNTY GAZETTE.
Sir,—I was troubled with rheumatism for about eight years, and tried a great number of different kinds of medicines, without getting relief. Last spring I became worse and I could hardly walk. It was then that I tried Dr. Clarke's Wonderful Little Red Pills, and two boxes cured me completely. I have had no rheumatism since taking this. I am eighty-two years of age, and can walk now quite smartly. Thanks to this remedy, I am able to do my own work. I have had no rheumatism since taking this. I am eighty-two years of age, and can walk now quite smartly. Thanks to this remedy, I am able to do my own work. I have had no rheumatism since taking this. I am eighty-two years of age, and can walk now quite smartly. Thanks to this remedy, I am able to do my own work.

They cured me of Rheumatism after I had been given up.—Andrew Cleskey, Victoria, B. C.

Ex-Ald. Bailey St. John's writes: I cannot speak too highly of Dr. Clarke's Wonderful Little Red Pills. They worked a miracle in my case and cured me after many years of suffering. I do not think their value is to be obtained. Nothing like Dr. Clarke's Little Red Pills for the cure of heart trouble, weakness, and blood diseases. Have used them everywhere with success.—Dr. E. F. Mann, late of H. M. Fort, South Africa.

Dr. Clarke's Little Red Pills are a positive and certain cure for leprosy, rheumatism, beriberi, paralysis, catarrh, gonorrhoea, cough, headache, indigestion, all stomach and liver troubles, female complaints, even when the disease have been standing for many years, the most stubborn cases will yield. Price 50 cents per box. For sale by all druggists and local dealers. The Canada Chemical Company, Peterborough, Ont., will forfeit \$10.00 for any case that these pills do not help.

Dr. Clarke's Sure Cure for Catarrh, and Dr. Clarke's Sure Cure for Eczema same price. \$100 will be paid for any case they will not permanently cure.

ST. JOHN LETTER.

The exhibition was opened this evening and financially bids fair to be as successful as the exhibitions that have preceded it, but as an educational and industrial affair it is likely to fall short of its purpose, as all others have done that have been held here in recent years. The people of the province are not suffering to witness a tragedy, and an exhibition of fireworks, a skit, a dog show, even a base ball game. They come here for the purpose of learning whether we are progressing or retrograding in the science of farming, in stock raising and manufactures. If in any branch of rural industry great progress has been made they want to know how it has been achieved. A series of short lectures on butter and cheese making, on fruit growing and marketing, and limited subjects would be much more satisfactory to the average citizen than any of the "side shows" that have been or can be provided.

An attempt at robbery on the yacht Scionda the other night resulted in a fight and the arrest of two men who are now in jail.

A North End hoodlum, 13 years old, is in jail for general lawlessness. He is not a public school pupil.

A lad named Wheaton was run over by a team driven by George McLaughlin on Main street last Friday and very seriously injured. But the Hoeligan owns the team and George McLaughlin will not be punished.

Daniel Sudbear, for whipping his wife, was fined \$20 last Friday. He should have had twenty lashes additional.

An effort is being made to procure the postponement of the trial of Higgins, the Park murderer, which is set down for next Tuesday. It will be very unfortunate for the community if this is done. The only way to abolish crime is to make its punishment speedy and certain.

Our reformers are talking less of the suppression of Sunday soda and fruit, and more of the suppression of crime, and it is the people who will have to act in this matter—not the reformers.

Steamer Lake Superior stands firm where she was stranded and may continue to do so until she is buoyed by the Autumn gales.

The features of the market are unchanged since last week.

Harry W. deForest has in transit from India, Ceylon and China between one hundred and one hundred and twenty tons of tea, all of which is due to arrive before the close of the year. All grades of Union Blend consist entirely of India and Ceylon teas.

The second prize in the Miles art distribution of Nov. 18, is a large allegorical picture by J. C. Miles, representative of human progress from youth to age. It has occupied the artist's easel for three or four years and is much admired.

EDWARD EDWARDS, St. John, Sept. 1, charged with Murder.

QUEBEC, Aug. 26.—The coroner's jury in the case of Beauchamp, found dead on Cove field, returned a verdict today to the effect that deceased came to his death by hemorrhage caused by severance of femoral artery in the right leg by a knife or sharp instrument, and that Maxime Fortin criminally responsible. Fortin was remanded to goal to stand trial.

Will Not Let Boer Generals Enter Belgium.

The HAGUE, Aug. 27.—General and Mrs. Botha started for Brussels this afternoon. The general expects to return here within a week.

LONDON, Aug. 27.—It is announced here in a special despatch from Brussels that the Belgian government has requested the Boer generals, Botha, De Wet and Delany, not to enter Belgium, and that the station master at the Northern railway station has been instructed to summon troops to keep order in the event of his receiving notification of the presence of the generals on board a train from Holland.

Chief of Police Shot.

ROANOK, Va., Aug. 27.—It developed today that the shooting to death of Chief of Police Panning at the mining town of Cooper (W. Va.) last night, may have been the work of striking miners. A representative of the Associated Press was advised at the general office of the Norfolk & Western Railroad today that there had been a sudden change in the activities in the coal mines at Cooper.

Drowned at Idaho.

WESTPORT, N. D., Aug. 28.—The news of the drowning of Geo. Lyon, of Glasgow, of the drowning of his brother, Ludlow B. Lyon, in the Spokane river (Idaho). He had been working in the gold mines in Idaho all winter where he had several claims. He thought he would go to Post Falls (Idaho) to see his brother Levertit Lyon, and take a rest.

After being there about a month he started out one day to shoot ducks in the Spokane river, which runs past his brother's ranch. He was out a while and then came back and worked around, then went out again and did not return.

His brother, thinking he had gone to call on some friends, did not go to look for him that night, but the next morning he got uneasy about him. So they formed a party of 28 men and searched the woods closely for two days, but no trace could be found.

The police in nearby towns were informed and an advertisement put in two papers, and still there was no trace.

On the 17th of August, after searching for six days, Mr. Lyons thought he would search the Spokane river and there he found the body floating. The river the walls, in places perpendicular, of 50 feet, and it is thought the unfortunate man had lost his footing on one of these places and fallen over and was drowned. He was a good swimmer, but it will never be known how he was drowned for he was alone. He leaves his aged mother and three brothers, one brother, Bradford Lyon, living in Eureka (Cal.), Levertit Lyon, of Post Falls (Idaho), and George Lyon, of Westport, Queens Co.

Another Poisoning Sensation.

Victoria county has a poisoning sensation which is creating some excitement and a deal of talk among the people of that section of the province. A few days ago a young married woman named Rogers, who lives near the American boundary line, was placed under arrest on a charge of attempting to poison her husband by putting rough on rats in his food. She was lodged in jail at Andover, and the preliminary examination was commenced at that place on Monday before Police Magistrate McQuay. Titus J. Carter, late of St. John, appeared for the prosecution, having been engaged by relatives and friends of Rogers to institute the proceedings against Mrs. Rogers.

From the somewhat meagre information which has reached here it appears that Rogers was taken ill several weeks ago, and a physician whom he called in pronounced it a case of poisoning. Since that the man's condition has showed but little sign of improvement; his eyes have turned white and are dropping, and his general health seems to be considerably impaired. While he has a chance for recovery it is feared by his friends that it is a very slim one.

Mrs. Rogers' explanation of the affair is that she had been using rough on rats in the house, and a rat, after swallowing a quantity of the poison crawled into a jar of cream and died. Her husband afterwards drank some of the cream and her theory is that he got poisoned in this way.

The preliminary examination of the prisoner has not yet been completed as it was found necessary to postpone it in order to give the prosecution an opportunity to procure additional evidence as to the exact condition of the man supposed to have been poisoned.—Fredericton Herald.

South African Line.

MONTREAL, Aug. 26.—Particulars of the contract of the South African line have come to hand. It provides for a five years' service once a month. The steamships must fly the British flag and have electric light and cold storage plant. There must be no preference against Canadian shippers or goods. Freight and passengers are to be accepted as they come in rotation. The contract is to be subject to the law of Canada during the time of its existence. The rates are to be fair and reasonable and subject to the approval of the Canadian government.

Shipments of goods at any Canadian port. If freight offers they may put on more steamers subject to the same conditions. The total subsidy is thirty pounds sterling, not forty-five thousand, as previously reported. Canada contributes one-third, James T. Smith, manager of the Furness, Withy line, says that the rates will be higher than the New York rates, but lower than the combined price.

A Familiar Name.

In the houses of Canada and the United States there are few names more familiar and more reverently spoken than that of Dr. A. W. Chase, the great physician and receipt book author. He is blessed for the suffering he has relieved and the diseases he has cured; his remedies are used and endorsed by the best people in the land; they are popular because they cure when others fail.

Fatal Fire.

New York, Aug. 28.—One woman was killed and several others suffered from shock and burns as a result of a fire which started on the first floor of a five story flat house in West 121st street early this morning. The dead woman was Mrs. Eva Arnold, who lived on the fourth floor of the house. She jumped from a window and died in a hospital of her injuries. The other women who were hurt will recover.

Barden Bearer must Make Choice.

Paine's Celery Compound Takes Away The Load of Disease and Leads to New Life, Health and Happiness.

The unhappy victim of disease who has just dragged through the summer, and who is now racked with suffering and almost a physical wreck, must make his immediate choice of two paths. One leads to increased misery and certain death, the other to new life, health and happiness.

The use of Paine's Celery Compound is a necessity for all who seek the path of health and long years. Victims of rheumatism, neuralgia, kidney disease, liver trouble, dyspepsia, nervousness and blood diseases, quickly and surely find new life, vigor and strength in Dr. Phelps' medical prescription—Paine's Celery Compound. It builds up the system, purifies the blood, braces the nerves and regulates digestion as no other medicine can do. Mrs. Chas. Chapote, Chamblay, P. Q., wonderfully recited by Paine's Celery Compound writes as follows:

"I can honestly say that I would not be living to-day if it had not been for your wonderful medicine. For a long time I suffered terribly from nervousness, sleeplessness, head and stomach troubles, and never received much benefit from ordinary medical treatment. I heard of your Paine's Celery Compound, and I have good reason to thank God that I used it. I can now eat well and sleep well, and my nervousness is a thing of the past. I now feel perfectly rested after a night's sleep, which has never been the case before using the Compound. My neighbors are surprised at the grand cure made by your medicine, and some are using it now. I thank you sincerely for the honest results given by Paine's Celery Compound."

Best Is Taken to Charleston to Die.

SALEM, Mass., Aug. 29.—John C. Best, the condemned murderer of George E. Bailey, who is to die in the electric chair during the week beginning September 7, was secretly taken to Charleston yesterday. A large crowd had gathered at the railway station at Salem to see the man, but Best was taken to the city street crossing by Sheriff Johnson and Deputy Sheriff Kearney and put aboard the train before the crowd was aware that the party had left the jail. The train left Salem at 7:32 a. m., over the western division, and arrived in Boston at 8:25.

Scene of World Interest.

LONDON, Aug. 28.—Discussion in the National Review, international relations in the Persian Gulf, Capt. Alfred T. Mahan, U. S. N., (retired), characterizes the problem there presented as second only to the Chinese question, and as one certain to claim world notice so soon as a stable equilibrium is established in the farther east. Comparing the various interests bound up in the Persian Gulf, Capt. Mahan says:

"While Russia and Great Britain have nominally equal interests, Great Britain's ultimate pre-eminence is probable owing to the necessity of her safe-guarding her trade route by way of Suez to India. Germany's interests coincide so closely with Great Britain's that it is reasonable to expect them to work hand in hand, while Russia will hardly undertake an aggressive move in Southern Persia until she has completed the Siberian railway which will absorb all her available money and energies for some time to come."

St. Paul's In Danger.

LONDON, Aug. 26.—A full report is expected soon from Sumner Clark, the architect in charge of St. Paul's Cathedral, but there seems to be small question, in spite of the hesitating denials of the dean, that the chapter is seriously worried over the condition of the cathedral, whose foundations have been weakened by bad draining coupled with extensive excavations in connection with the railroads and other sub-surface work. It is said on good authority that prompt and extensive repairs, estimated to cost \$1,100,000 are imperative to insure the safety of the historic building. As the cathedral authorities are decidedly pressed for funds it is not improbable that the public may be appealed to.

Shot to Death by Mob.

MONTROSE, Mich., Aug. 29.—Walter Lemerand, lately of Toledo, came here this noon and found a man in the house with his wife. A quarrel ensued, the unknown finally running from the house. An officer attempted to arrest him, when he ran, a crowd pursuing.

The cry "Assault!" was raised, and the mob began to shoot. The unknown ran into a cornfield where he was surrounded and shot dead, a bullet penetrating his heart.

Will Take Orders—Mr. J. E. Austin of White's Cove has been appointed to take orders for subscriptions to the QUEENS COUNTY GAZETTE.

ASSESSMENT LISTS AND BILLS—School assessment lists and school tax bills can be procured in Oldman from Mr. L. R. Wilson, who has always a supply of the above on hand.

DANCING—A party composed of about fifteen couples arrived here on Monday evening from Greenock on the Simr. Majestic and hired the Temperance Hall, where dancing was kept up until the boat returned in the morning.

Of all the teas that ever were known, 'O'fall the best was that which was brewed by My Mary knows what she's talking about.

And she says, "Of all teas without a doubt, the best by far is Union Blend, and on my word you may depend."

Excursion to St. John—Although the number was not large that went to St. John on Monday on the Aberdeen the excursion was a financial success. The excursion was arranged by Rev. I. N. Parker. The steamer did not return Monday evening as advertised as the night was so foggy and dark. She left St. John on Tuesday evening, reaching here at noon.

KINGSTON RURAL DEANERY—The quarterly meetings of the Rural Deanery of Kingston will be held at Greenock on Sept. 3rd and 4th. There will be a special service at St. John's church at 7:30 p. m. on Wednesday, Sept. 3rd, and on Thursday, Sept. 4th, a celebration of the Holy Communion at 8 a. m.—The Rev. Scott Neales, M. A., will preach on Wednesday, Sept. 3rd.

PICNIC—A picnic will be held near the Hall, Armstrong's Corner, on the beautiful Armstrong grounds on Wednesday afternoon, September 10th. The usual games and races will be provided for. Music will be furnished for dancing. Proceeds to be used for Hall purposes. Admission to the grounds free, tea, 35c.; children, 15c. If weather proves unfavorable will be held the first fine day.

CAMP SUSSEX—Camp Sussex will be opened on September 9, and besides the cavalry, about eight infantry regiments will be under canvas. A peculiar feature this year is the reduction of the number of each unit. The regiments will have full strength on the staff, but each company will send only one officer with full complement of non-commissioned officers, but only twenty-two privates.

LABOR DAY—The schools were closed here on Labor Day, but with this exception the holiday was not observed.

SUSSEX CAMP—Those who would like to attend the military camp at Sussex in the cavalry regiment would kindly call on Mr. Arlie Dickie here.

DEATH OF AN AGED RESIDENT—Mr. S. Mahood, one of the oldest and most respected residents of Head Line, died at his home there on Friday last and was buried on Sunday.

ST. JOHN EXHIBITION—The St. John Exhibition was opened on Saturday by Lieut. Governor Snowball. The exhibits are said to be very fine this year and the attendance good.

A COMING EVENT—Rumor says that there is to be a wedding at Mill Pond this week where a young lady of that place will be married to a former resident of Upper Gagetown but now of this village.

AN OLD PAPER—Mr. Benjamin Gray has left at this office a newspaper dated September 10th, 1866, which was printed in London, England, a few days after the great London fire.

SUDEN DEATH—Mr. Harry Woods, of Wolford, on Friday last received a telegram with the sad intelligence that his brother, Charles Woods, died suddenly at Quebec. The body was brought home on Monday for interment. The telegram gave no particulars.

MAN FOR THE WOODS—About thirty men came up to the Alexandra, Tuesday, to hire for the woods. They marched through the streets with big packs of clothing on their backs. They will have no trouble in finding employment, as woodmen are in great demand and wages higher than last fall.—Chatham World.

FINE WEED—The fine weather of last week was a great boon to those who had to do. The crop in this vicinity is nearly all housed and is said to be an average one. The oats are being thrashed and are the best crop that has been raised here. In Paterville there is a good crop of oats. The buckwheat and in fact all crops are fine.

CRAB OF DATE—On account of the St. John Exhibition, and the lateness of the hay season, Capt. Bridges has found it necessary to change the date of his six days' excursion. The schooner will leave Sheffield on Monday the 8th day of September, calling at the different points down river. See advertisement in another column.

NOTICE—The Queens County Sunday School convention will be held at the Free Baptist Church at Hibernia, on Monday, the 1st day of September, at 10 a. m. The convention will be held at 10 a. m. All delegates and others coming by steamer will land at Hampstead. A good representation from each school in the county is requested. All delegates and others coming by boat will be charged one fare, return free. I. S. VAN WART, President. Hampstead, Q. C., Aug. 28th, 1902.

"HOME NURSING"—We have recently received a book entitled "Home Nursing" published by the Davis & Lawrence Co., Ltd., Montreal. This publication contains practical information for the performance of all offices pertaining to the sick. It tells what to do in case of accidents, treats with nearly all the diseases to which human flesh is heir, as well as containing many recipes for preparing solid and liquid food for the sick. No home should be without a copy of it. It is a very attractive book of about 50 pages, and can be obtained upon application to the publishers, Davis & Lawrence Co., Ltd., Montreal, enclosing to them 5c. in stamps to cover the expense of mailing, etc.

LATE ENGLISH NEWS—The late English news has been so circus as it appears from a seat in the tent, but there are few who have traveled with the company day and night, studied the inner life of the circus folk and the thousand details that make up the organization of a modern circus. The August Comptrolleur's article "The Organization of a Modern Circus," is especially illustrated with photos, especially taken by the Comptrolleur's staff photographer, reads to the layman like a chapter from the Arabian Nights. Much has been written about how America's millionaires accumulate wealth in their business hours, but little has been said about how these interesting individuals spend their millions in their hours of leisure. The August Comptrolleur's illustrated article on "Diversions of Some Millionaires" gives an interesting view of this side of the millionaire's life.

SOCIAL AND PICNIC—A picnic social and picnic will be held on the afternoon of Sept. 6th, at the place known as the "Hestia Homestead" near Humphrey's wharf, McDonald's Corner. The social will be under the patronage of the Sewing Circle at McDonald's Corner and the proceeds will be used to get goods for said Circle to begin work with. We have assisted until the debt on the church at this place has been paid off and now contemplate commencing anew and doing what we can towards building a Temperance Hall here. We hope all friends of temperance will assist us in the work. The sale of the pies will commence at 5 p. m. Refreshments will be sold on the grounds. A pleasant time is expected and we hope for a large attendance. By order of the Circle. Susie Gilchrist, Secretary.

DOG SHOOTING—The open season for shooting ducks, snipe, etc., commenced on Monday and a number of black ducks were shot around here that evening. They are reported to be plentiful.

NO SCHOOL—There was no school in the Grammar School here on account of Mr. D. Mitchell not returning from St. John to go to school on Labor Day.

METHODIST CHURCH SUNDAY APPOINTMENTS—Rev. I. N. Parker, pastor. Services will be held at Burton, Pine Grove, at 10:30 a. m.; Shirley at 2:30 p. m.; Oranoto Village at 7 o'clock p. m.

A Man's's Deed.

CINCINNATI, O., Aug. 28.—While suffering from temporary insanity yesterday Emma Bankard, a spinster, 40 years of age, attempted to kill her mother and her sister Dorothy, and then committed suicide at her home, four miles south of Covington, Ky.

Mrs. Bankard and Dorothy were asleep in separate rooms at the time and each was dealt a terrific blow on the head with some blunt instrument, their skulls being fractured. Both probably will die.

Having dealt these blows to her mother and sister she saturated their bed with oil and applied a lighted match. As soon as the flames began to spread she ran to a cistern in the yard and jumped in, drowning before assistance could reach her. Hundreds of neighbors were attracted to the Bankard home by the fire and succeeded in rescuing the two victims of the insane woman before they were harmed by the flames. Emma had been eccentric for several months, but the family did not consider her dangerous and had not restrained her.

Earthquake Shookles in Philippines.

WASHINGTON, Aug. 27.—A telegram received at the war Department from General Clifton reports a series of earthquakes in the Lake Llanos country, in the Cavite section of Mindanao, near Camp Vicia, the present headquarters of the American forces there. The earthquakes and mountains were considerably disturbed, and 50 or 60 natives killed, but no Americans perished. The military situation in that section remains unchanged.

Steamer Hits Pilot Boat Off Louisbourg.

HALIFAX, N. S., Aug. 22.—A dispatch received here tonight states that the steamer Egda, bound into Louisbourg harbor late Thursday night, struck the pilot boat which went 'out to meet her, and in which there were four men.

The pilot boat was swamped by the E. Townsend, the light keeper's schooner, was instantly killed.

Life buoys were thrown from the steamer to the other men, and they kept afloat until rescued.

HALIFAX, N. S., Aug. 22.—Captain Garrison, of the schooner Bolina, which arrived at North Sydney today from Gaspere, reports the wreck of the schooner Tarquin of Souris, (P. E. I.), during the terrific gale on Sunday last at Grand-stone, one of the Magdalen Islands.

The Tarquin was broken into kindling wood in an hour after going ashore. The captain and crew barely escaped with their lives. They lost everything.

Vessel Has Gone Down.
STONINGTON, Conn., Aug. 22.—A vessel has been sunk about five miles south-east of Moose Head, which itself lies south of Fisher's Island, and the circumstances point to this craft having been cut in two.

Captain John Ostrum, of the smack Edna F. Lena, picked up a 19 foot yawl adrift near a lot of wreckage near the place indicated, and he also saw the mast of a vessel, apparently of about 250 tons, rising out of the water.

Five Suffocated.
PORTLAND, Me., Aug. 24.—The four children of William Kronberg, and his servant girl were suffocated in a fire at 3.30 o'clock this morning and died before the firemen could reach them. The dead, Sadie, aged 17; Moses, aged 15; Edward, aged 13; and Charles, aged 8; and Miss Agnes Marcus.

The fire was in a 2 1/2 story building at the corner of Franklin and Centre streets. When the firemen arrived they were greeted with a cry that four children were in the third story. From the upper windows dense clouds of smoke were pouring and at the second story window at the rear a sheet of flame had burst. There was no chance to rescue the children and the servant girl who were probably at that time dead from the smoke and flames.

Mr. Kronberg, the father, stood half clad on the sidewalk, calling pleadingly to the firemen to go to the aid of the children, but there was no chance for them. Several times he cried out in agony: "My God, my children are burned, my furniture gone and I have no insurance."

The Portland firemen raised their extension ladders against the front of the house and two men ran up, but they met a deadly flame.

The first body of the servant girl was gained to the third story. Two of the boys were lying dead on the floor near the front window.

Kronberg is a cigar manufacturer, aged 40. His wife was taken to the hospital for an operation Friday night and is in such a condition that the death of all her children has not been announced to her. The father of Mr. Kronberg is a well known Boston Hebrew.

A Monoton Forger.

MONROTON, N. B., Aug. 18.—Quite a number of citizens, including several legal gentlemen, are mourning the departure from the city of a young I. C. R. brakeman named Henry R. Pierington, who, they allege, is a forger to the extent of some hundreds of dollars.

According to some facts which came to light today, Pierington's boldness and audacity have never been equalled in the forging line in this city. They say he did not stop at forged notes, but went so far as to deed himself another man's property, and then give a mortgage on it.

Two or three months ago Pierington went to C. A. Steeves, barrister, to raise \$150 by mortgage on a property in Albert County for which he held a deed, alleged to have been given by John Somers and executed before E. Girouard, barrister.

Pierington got the money, as everything seemed straight. In addition to this he discounted a note signed by his brother-in-law, Moses L. Somers, with L. W. McCann for \$250, and also discounted notes with Moses L. and William Somers and Wright Edmondston's names attached, totalling about \$135, discounted by R. A. Borden.

The notes held by McCann came due Friday last, but Pierington had disappeared. On the morning of the 15th, his wife says, he left home for work as usual, but she has not seen him since, and knows nothing of his whereabouts. Pierington's absence naturally aroused suspicion among those holding documents passed around by him, and it now transpires that the deed alleged to have been given by John Somers was a forgery and also the note given McCann, and possibly some of those held by Borden. Pierington's forgery of the deed was astonishingly bold. E. Girouard, before whom the deed was executed, did not know either Pierington or Somers, consequently it was easy to impersonate Somers. Mr. Steeves never dreamed of the deed being a forgery, as it was properly acknowledged by Girouard, and accordingly handed

RIPANS
Ripans is a common, well established, effective cure for dyspepsia, biliousness, indigestion, flatulence, constipation, and all disorders of the stomach, liver and bowels. It is a safe and reliable remedy for the relief of men, women and children everywhere, and has proved itself to be a truly valuable medicine. It is not claimed that it cures every case, but some of the cures which it has effected are so remarkable that it is not surprising that it has become so popular. It has no rival as the best remedy for the majority of its ailments.

Vail is the Victor.

Harry Vail, professional trainer for the Ariel Rowing Club, yesterday won a two-mile single scull race from James A. Ten Eyck, the professional trainer of the Arundel Boat Club.

The contest was for a purse of \$300 and was to have been rowed Saturday afternoon, but was postponed because the water was not smooth enough to suit Ten Eyck.

A good crowd on the Spring Garden shore and on the city side saw the event scull over a course that left nothing to be desired. At about 6 p. m. the famous sculler arrived at the starting point, which was near the Baltimore shore. The course was one mile up the river, each man to turn a buoy and return.

Referee William F. Werner got the men in line and gave them the word. They went off like a flash, each rowing 30 strokes to the minute. The referee in an eight-oared barge tried to follow, but could not keep up to the little shells, which slipped rapidly through the water. Each contestant strove hard for a lead, but at the end of a third of a mile they were on exactly even terms.

Here Vail began to draw ahead, but more than half a mile had been sculled before his little boat appeared a part of a length to the front. He kept gaining, and when he reached the stake boat, he had made his lead something more than a length.

After the turn Ten Eyck made a gallant effort to reach his rival, but could not do it. Vail increased his lead until he was two boat lengths to the fore. They were beginning the last half mile of the homeward journey, when within 100 yards of the finish line Vail eased up a bit and Ten Eyck got within an open water length of him.

When the sculler showed how strong he was at this stage by sending his boat ahead with powerful strokes at the rate of 33 to the minute. When Vail crossed the finish line there were two open boat lengths of water between the two shells. Ten Eyck's defeat was most decisive.

As soon as the defeated man had crossed the line Vail and he brought their frail little craft together and the oarsman shook hands. This started the yelling of the crowds afresh.

Then there was a race for the boat-houses. Single sculls, doubles and four-oared, six-oared and eight-oared racing boats, workboats, batteaux, small power launches and sailing craft propelled at the time by cars were passing through the drawbridge bound for the boat-houses.

Ten Eyck was first of the racing men to emerge into the view of the crowds about the clubhouses. As he neared the Ariel Clubhouse some one started a "three cheers" for Ten Eyck, the trainer of the rivals, which was given with a will. He responded by doffing his cap.

When he reached the Arundel Club his boys cheered him heartily.

In the dressing room he turned to a reporter of The Sun and said:

"It was a fairly won race. The man who has the better, today was I. I have in years past defeated Vail as decisively as he defeated me today. I think he got the better of the start, and if he did he deserves credit for it."

"I had to pull very hard at the start to get on even terms with him. While a tugboat towing a big schooner out made a big wash he got as much of it as I did and it did not affect the race. I feel the humility of defeat, but if I was to be beaten I am glad that Harry Vail was the man who did it. He is a good fellow and a square one."

About this time Vail came polling in leisurely. When his shell reached the Ariel's float members of the club picked him up and carried him to the boat house. Then they stood him on a chair and demanded a speech. Vail was all smiles. He said:

"Gentlemen, my relations with members of this club and with Baltimore people have been great. You boys have always sided me and helped in everything I have undertaken. I am almost as glad for your sakes as for my own that I won. I am proud that my crews have won and I say now we will win more races this year and I hope in the years to come."

"Now, about my race. Say, boys, I was sure that I had that race won after I had pulled 100 yards. I felt all and strong. The farther I went the more certain did I become that the victory was mine. I did not have to over-exert myself, and when I finished I could have gone on and rowed two miles more. I was very strong at the finish. I am strong now and—just then some of the crowd decided to show him that there were other strong people about."

They grabbed him, pulled him off the chair, carried him down to the float on a run and threw him overboard. Then a number of the enthusiasts jumped into the river with him.

Vail was like a schoolboy on a holiday. He climbed upon the float and tried to dive from the spring diving-board. He never did and never will learn to dive, and he struck the water, as he invariably does, flat on his face. Harry's crown is a bit shy of hair, and this may account for his never diving in head first.—Baltimore Sun, Aug. 26th.

Call Their Cattle Gods.

WINDSOR, Aug. 23.—Private advices received by an official today is to the effect that the Dominion government will interfere in the case of the Donkohours, who are under the influence of a religious mania. Five thousand are effected and the mania seems to be spreading. They have discarded the use of horses, cattle and other live stock, claiming they are gods, and have turned them loose on the prairie.

They will not eat the product of any animal, and live on bread and water and vegetables. A few weeks ago they doctored up to wear leather boots or wooden shoes. They are totally unprepared for a severe winter and unless the government does interfere there will be intense suffering. They have made no provision whatever for the winter.

Thinks Roosevelt Hit Britain.

VIENNA, Aug. 28.—President Roosevelt's speech on Mroism has caused widespread attention here. The Neue Freie Presse thinks it was directed chiefly against Great Britain and that it sounds like an answer to the conference of colonial premiers.

The paper believes it will make a deep impression on Great Britain, which country "may find herself faced by the prospect of war over Canada with a mighty foe, with which the South African states cannot be compared."

"Mr. Roosevelt waved his honny fist against England because the Boer war published to the world the poverty of Great Britain's military forces."

The paper concludes as follows: "It must not be forgotten that Mr. Roosevelt's fanfare was sounded in an election speech. If the head of an European state had spoken in such a manner one might anticipate war in the near future. But American election speeches are judicious only from an American standpoint."

The Neues Wiener Tageblatt says: "The speech is a forecast for the platform for the next campaign and is not intended as a warning to Europe, though it comes at the right time, when the European governments are considering a renewal of their commercial treaties."

Chipman.

The railway bridge across Salmon river is progressing under the management of Mr. Brewer. One span is just completed and the workmen are putting up the temporary work for building the second span. Men are engaged in pumping out the caisson for the purpose of filling in with stone and cement for a foundation for the draw.

A large number of tourists are finding their way here this summer and the hotels are taxed to their utmost capacity to accommodate the visitors who are daily arriving.

The Presbyterians held their annual meeting last Thursday on the grounds of Mrs. Martha Darrak. It was a financial success, the weather being all that could be desired. The many sports provided by the managers made the day a pleasant one for the goodly number who had met for a day's outing. The tug of war between a team from Salmon Creek and that of Red Bank resulted in an easy victory for the Red Bank team.

The ladies of Chipman provided an excellent supper. The ice cream was counted the best ever seen at any picnic—it was cream.

The managers of the cheese factory have posted a notice on their building warning any person from hauling away more than three-quarters as much whey as what milk the patrons hauled to the factory.

Sheffield.

The excursion from Cole's Island, steamer Aberdeen, on the 22nd ult. to Fredericton, was well patronized from Lower Sheffield. Councillor C. J. Burpee and lady with many others joined the happy crowd.

Hay making is progressing very slowly in Sheffield this season. Any who are superstitious about St. Swithin's day have had their faith strengthened this season, for we had some light showers on that day and we have had very little good hay to be cut yet, either on the highlands in Sunbury and York counties.

Prof. Stockton gave one of his popular medical entertainments in the Temperance Hall, Sheffield, academy, last Friday evening, and the Temperance Hall at Lakeside closed on Monday last. We presume, it was appreciated for he had following to Clark's Corner the following evening.

Capt. Bridges' scores are leading pulp wood today at Bridge's Point for St. John.

Mr. Warren Purdy, merchant, and wife, from Boston, are here visiting Mr. Purdy's sister, Mrs. Hollie Bridges.

Mention was made in the last issue of your paper of a pleasure excursion given by Capt. J. P. Bridges, of Gagetown, last Saturday on a portion of the St. John river and a picnic as well. Many of his social and relative friends enjoyed it with him.

He gives many of such outings to his friends in Gagetown and Sheffield. The writer of the trip for your paper says it was given in honor of his sister, Miss Bridges, from Boston, and some other social friends tourists, male and female. This may be so. At the same time we imagine that there was no more conspicuous figure on the boat among the U. S. tourists than Harry C. Bridges, merchant and postmaster of Westvale, Concord Junction, Mass., nor on the general Captain would more "delight to honor," and to the mind of some was worthy of mention with others. Among those who joined the excursion at Sheffield were Mrs. Jonathan Bridges, the Captain's venerable mother, his sister from home, his sister-in-law and his "country cousins," some other friends and relatives, etc. And when the Captain sails out again we hope the most of them may be there again to enjoy the outing with him.

There has been great slaughtering of live stock. A meat dealer from St. John came up to Sheffield this week and purchased from H. B. Bridges 15 spring lambs and two fine calves and had them all slaughtered on the premises and shipped the carcasses the next day for St. John market.

The Hoegg fruit and vegetable factory in Sheffield has commenced operations. Five hundred barrels of apples have been sold to the firm in a few days. They give employment to fifteen hands, mostly females, who were brought from Fredericton.

The Rev. N. B. Rogers, pastor of the Baptist church of Sheffield, is now attending the Baptist Maritime Convention in Yarmouth, N. S.

George C. Treadwell, of Manguerville, has been calling upon his intimate friends in Sheffield this week for the first time since his visit to Senator Parley's home in Manitoba and his extensive travels for some months in that great wheat growing country, and is very warm in its praise.

Mrs. M. F. Reid came down from Maryville, York Co., this week, and made a brief visit with her friends in Sheffield. She had an artist brought to her old home with a camera and a family group taken, representatives of three generations.

J. Wallace Bridges had by accident on Friday last the end of his fingers cut off and has been to Fredericton for surgical treatment.

It was but a few days since we were writing to the public that Judson Estabrook, of Fredericton, had sold out all his right and title to his freehold property on the interval below us here. Now the public press brings word to our homes that with a short, brief sickness he died at his home last Saturday and was buried beside his loved companion of his youth in the old cemetery at Fredericton on Monday last.

BABY'S OWN TABLETS

Are Nature's Cure for Children's ailments.

Medicines containing opiates should never be given to children—little or big. When you use Baby's Own Tablets for your little ones you have a positive guarantee that they contain neither opiate nor harmful drug. They are good for all children from the smallest, weakest infant to the well grown child. These Tablets quickly relieve and positively cure all stomach and bowel troubles, simple fevers, troubles while teething, etc. They always do good and can never do the slightest harm. For very small infants crush the Tablets to a powder. Mrs. P. J. Latham, Chatham, Ont., says:—"My baby took very sick. His tongue was coated, his breath offensive and he could not retain food on his stomach. He also had diarrhoea for four or five days and grew very thin and pale. We gave him medicine, but nothing helped him until we gave him Baby's Own Tablets. After giving him the first dose he began to improve and in three days he was quite well. He began to gain flesh and is now a fat, healthy boy. I am more than pleased with the Tablets as I think they saved my baby's life."

Baby's Own Tablets are sold by all druggists or will be sent by small post paid at 25 cents a box by writing direct to The Dr. Williams Medicine Co., Brockville, Ont., or Schenectady, N. Y.

Four Young Women Drowned.

NEWSBURG, N. J., Aug. 27.—Four young women were drowned in Lake Pearce, two miles from Pawling today. Their bodies were recovered within an hour.

The Coal Strike.

REPELTO, Aug. 23.—Senator Hanna yesterday for the first time stated that he had abandoned all efforts to end the coal strike. He said it with evident sorrow, for his sympathies appear to be with "our boys" and he believed the operators should get it then in arbitration. "I have exhausted my efforts," Senator Hanna said. "I have done all in my power and can do no more. I will make no further attempt for it would be useless. There can be no arbitration when only one side is willing to arbitrate. The operators are not. The miners will stand out as long as they are able. It will not be a short fight."

King's County Men Suicides.

HAMPTON, Aug. 23.—Thomas Crockett, whose home is about four miles from Barreville, took his own life on Saturday morning by taking strychnine. After feeding the cattle he returned to the house to breakfast and almost immediately was seized with convulsions. To his wife and a neighbor he said that he had poisoned himself. In 15 minutes he was a corpse. Doctor Allen and Coroner Smith were summoned but it was found that an inquest was unnecessary. Deceased was about 45 years of age and wife the death of a young daughter, three months ago, he has been melancholy. The funeral took place this afternoon.

One Dead, Seven Injured.

MEMPHIS, Tenn., Aug. 23.—One person dead and seven injured is the result of a trolley car accident here today. As a south-bound car for Jackson Mound park neared the crossing of Georgia and Kentucky avenues the trolley was broken in front of it.

The noise made by the burning wire caused a panic and the passengers made a mad rush for the rear door. The conductor was on the platform and was swept off by the frantic rush of men and women. The passengers piled in a heap on the ground. Mrs. Newton E. Morris was picked up unconscious and died before an ambulance could reach her.

To prove to you that Dr. Chase's Ointment is a certain and effective cure for each and every form of hemorrhoids, the manufacturers have guaranteed it. So long as you use the daily cream and ask your druggist for what they think of it. You can use it and get your money back if not cured. See list of all dealers of BOSTON, BATES & CO., Toronto.
