FOREIGNERS IN HAYTI IN PERI

General Massacre of White Residents Feared---Refugees May Not Leave Island.

Paris, Mar. 17-A general massacre third believes that the present of white residents of Hayti is imminsulate at Gonaives and St. Mary, to leave the Island.

Ten Citizens Executed.

Today came the report of the execu tion at Port-au-Prince on Sunday of ten or twelve prominent persons charge of conspiracy against the government, together with a cable-gram from M. Charton, announcing hat General Nord Alexis, president of Hayti, had not only refused to confirm the assurances given by M. Borno, but flatly declined to permit the refin the consulates to depart. The French cruiser Destrees is exvery soon at Gonaives, where she will co-operate with the British and German ships of war. General Antenor Armin, who led the last revhat the men will have a fair trial.

DAYSLAND INDUSTRY. The \$100,000 Abattoir Camille David

Will Establish. Winnipeg, March 18 .- Among the reof Daysland, Alberta. This gentlepurposes to erect an abattoir to include a fresh beef slaughtering house, pork packing establishment and a meat canning factory. Mr. David has been a resident of the district for the last fourteen years and believes that lude a fresh beef slaughtering house, past fourteen years and believes that none of the newer centres in the province have a brighter future. He has already a curing factory in Daysland, and this Stanner will stairt erecting the several buildings which will comprise the new industry. The total cost of the investment will be \$100,000 and of the investment will be \$100,000 and are standard assault, was turned grown.

farm, besides attracting many 'new settlers to the enighborhood of Days-land. 'The extension of the present power plant and \$40,500 in the Decarie in-

Many Farm Laborers Wanted.

Winnipeg, March 18 .- At the immi gration department one thousand ap-plications have been received for farm Each day from 25 to 50 applications are being received and nen in the city and incoming settlers will find no scarcity of employment At the present time 500 men are need ed on the Portal branch and every where throughout the west farmers ar calling for men to assist them in the

Manager. FRIDAY, MARCH 20, 1908.

TO TINKER THE TARIFF. The Republicans of Onio have con to the conclusion that the United States tariff needs fixing, and said so in their Columbus convention. This is at least disturbing to Canadians Twho have been told by high tariff orators that the tariff system of the neighboring Republic was the summum bonum of things material. It is the more disturbing because the Republicans of Ohio are the fathers of the present United States tariff. It was under the aegis of their greatest man that tariff, was planted, grew,

news to the Canadian manufacturers Association and their political allies. the Ohio Republicans reached this unwelcome decision. Some of the reasons for their failing faith they felt necessary to admit. While wages in the United States are generally higher than in 1897, others things are higher too. The cost of living is higher. Rents are higher. The cost of raw materials is higher. The expense of production is perhaps higher. The gentlemen are right so far as they go but they do not go far. Their statement is the truth, but not the whole truth. They confess indeed to the failure of the system, but they do so in language - as little humiliating as possible. Had they desired, they might with equal veracity and without telling the public anything remarkably new have gone much farther. They might have said that the ed article; that under the shelter of a in international relations. enormities have strangled the public

tariff that prevented wholesome competition, trusts, combines and kindred financial storm paralysed the opera-tions of the artificial system, threw at trend as it also is of an unmistak-worth. On this begin the cost of the In short they might have confessed that the general operations of the Dingley tariff have made the conditions of the makers of manufactured goods no better, have made the conditions of the consumers of manufacportly and wear jewellery on the increasing disproportion between the tions from his customers. They might to protray the follies of his child.

### ONE OF THE ITEMS

A statement from the Minister of the Interior last week throws light on one of the heavy items of expense in connection with the holding of a session of Parliament-the preparation of "returns" of papers requested by members to be laid on the table of the House. Replying to questions he said.

Twelve returns were brought down during the session of 1905, forty-three luring the session 1906, thirty-five during the session of 1906-7, and formation and the country pays for dollars and cents neither few nor seltwenty-six during the session of 1907- the re-preparation of the return.

No record was kept of question asked by members in 1905. Seventyone questions were asked in 1906; one hundred and eight in 1906-7 and ed Parliament to make the Fruits Act ninety-three during the present session, to date of the interests of their patrons. It is to be hoped the the Canadian Militia means more ninety-three during the present sesthan the gratifying recognition of the fact that the most capable command. No record was kept of time occu-

### YEAR OLD BOY COULDN'T STAND! Limbs Weakened by La Grippe Made Strong by Zam-Buk.

Mrs. T. Brixton, of 5 Woodworth Ave., St. Thomas, Ont., says: "I had had some experience as to the efficacy of Zam-Buk in healing sores, cuts, etc., and had heard good reports from friends who also tried this balm, so when a year ago my little lad, four years of age, was left weak in the limbs as the result of a severe attack of influenza, I began rubbing in the Zam-Buk. His legs were so weak he would tremble and shake and was unable to stand for any length o time. Frequent applications of this ointment well rubbed in, seemed to strengther him daily, and in a very short time the shaking and trembling in his limbs had been banished and he soon got strong and able to run about, thanks to Zam-Buk.

WHAT ZAM-BUK CURES.

A lame horse is a dead loss.

# Kendall's Spavin Cure

It takes away the pain and stiffness from Sprains and Bruises—draws the soreness out of Strained Muscles and Tendons—CURES Spayins, Soft Bunches and Swellings. Used for two generations by two nations.

KATKINE STATION, ONT., Dec. 15, '04.
"I have use Kendall's Spavin Cure for a Bone Spavin of 4 years standing, which has entirely cured the lameness and greatly reduced the swelling. Another bottle of the Spavin Cure, I am sure, will complete the cure."
HOWARD BROCK. #1.00 a bottle or 6 for \$5. Sold by dealers everywhere. Write for free copy of our mous book.—"Treatise On The Horse," You will find a need for it every day.

With Liberal Government at Helm Canada Has Unprecedented Surplus. The Federal Budget.

Ottawa, March 17.—The budget

the members of the House keep only two ideas in view, first, the rights of the great cities, and second, the rights of railway companies. They were innature to be the outlet of the west.

Senator Perley declared that it had been demonstrated that the Hudson Bay was navigable and intended by nature to be the outlet of the west.

Senator Loughed thought the attitude mentioned a surplus for the nine. forget the great travelling Senator Lougheed thought the attitude mentioned a surplus for the nine \$1.40. clined to forget the great travening public, which no city had the right to keep from getting within its limits in the most convenient marner possible. Rather than give cities too great had said in February, 1907, in the public weighing not more than the most convenient marner possible. Rather than give cities too great had said in February, 1907, in the public weighing more than three said in February, 1907, in the public weighing more than three said in February, 1907, in the public weighing more than three said in February is proposed to the government as surplus for the nine weighing not more than the sixteen millions, the largest in the history of the country up to last from either foreign or year. Then there is a surplus for the nine sixteen millions, the largest in the history of the country up to last from either foreign or year. Then there is a surplus for the nine sixteen millions, the largest in the public weighing more than three saids and the said in February is proposed to the government last session made it unnecessary to discuss the feasibility of the country up to last from either foreign or year. Then there is a surplus for the nine sixteen millions, the largest in the public weighing not more than the public weighing the public weight Rather than give cities too great had said in February, 1907, in the year. Then there is a surplus of vote powers of restriction, they would prefer to leave things largely under the yet one thing more needed and that fiscal year, which ends with this more needed and that fiscal year, which ends with this more needed and that fiscal year, which ends with this control of the Railway Commission, is an outlet to the sea, and it seems month, by far the greatest surplus to me that that outlet is the Hudson Bay." similar body in the world and hoped would always possess enough common sense to give out an even-handed justice to all parties concerned.

To me that that outlet is the Hudson upon which the country enters Mr. Fielding predicts that while the revenue will not be so large as for the prime minister had overlooked his undertaking to apponence a plan last. J. G. Turiff (Liberal, West Assiniboia) explained regarding the press statement that the cheque from Fraser & Burbidge did not arrive till two days after tender for berth No. 1048

The shown arrived in the read. Here R. W. South said there was a statement that the characteristic and overlooked his undertaking to announce a plan last cient to meet all ordinary expenditures and leave something to the good. For the nine months of the past fiscal year, it will be sufficient to meet all ordinary expenditures and leave something to the good. For the nine months of the past fiscal year, it will be sufficient to meet all ordinary expenditures and leave something to the good. For the nine months of the past fiscal year, it will be sufficient to meet all ordinary expenditures and leave something to the good. For the nine months of the past fiscal year, it will be sufficient to meet all ordinary expenditures and leave something to the good. For the nine months of the past fiscal year, it will be sufficient to meet all ordinary expenditures and leave something to the canadian Northern to build a line should be renewed, but Government that the chaque from Fraser is to the Canadian Northern to build a line should be renewed, but Government that the chaque from Fraser is to the Canadian Northern to build a line should be renewed, but Government fiscal year, it will be sufficient to meet all ordinary expenditures and leave something to the canadian year. days after tender for berth No. 1048 ment should take the land and build was closed. The cheque arrived in good time, but the departmental accountant did not receive it for two days. This was not an uncommon occurrence.

Senator Davis, in reply to the criticism of Senator Power, declared the land and build for the heavy expenditure on the transcontinental there would have been five and three-quarter million dollars taken off the public debt this year. For the current year over

with a very material reduction in postal rates. Turning to another have made representations to us with branch of the revenue and expenditure, Mr. Fielding drew attention to the fact that for nine months the Interest of the fact that for nine months the Interest of the same respects. The possibility not in all, will find that as the fact that for nine months the Interest of the banks would not avail themselves of the banks would not avail the
