EDWIN MURRAY.

"GOOD CLOTHES."

We all like to wear what we call "Good Clothes." Now good clothes are costly—not dear—but they become dear if they have to be discarded practically unworn. The French Dry Cleaning Process meets the difficulty. We can afford to buy the best and most beautiful fabrics without being extravagant, because of their quality we can rely on being able to have them restored to their original beauty quite often enough to enable them to be eventually discarded without a lament.

THE SINGER SEWING MACHINE CO.

beg to announce to their numerous patrons that they have recently installed a machine for hemstitching and picot edging. This work has become very popular throughout the United States and Canada, and the numerous requests that we have received for this class of work from St. John's, Nfld., has caused us to install the above machine. This work is done at a very reasonable rate and should prove a great benefit to the dressmakers of the city. Any person requiring hemstitching done will find it to their advantage to call at our shop at 339 Duckworth Street, where our Demonstrator will be pleased to show them the work that can be done on this machine and explain to them the prices charged for the various classes of work.

ELDERLY WOMEN SAFEGUARDED

Tell Others How They Were Carried Safely Through Change of Life.

Durand, Wis.—"I am the mother of fourteen children and I owe my life to Lydia E. Pinkham's Vegetable Compound. When I was 45 and had the Change of Life, a friend recommended it and it gave me such relief from my bad feelings that I took several bottles. I am now well and healthy and recommend your Compound to other ladies."
—Mrs. MARY RIDGWAY, Durand, Wis.
—Mrs. PIERRE COUROYER, Box 239, Blackstone, Mass.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, palpitation of the heart, sparks before the eyes, irregular menstruation, variable appetite, weakness and dizziness, should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through this crisis.

Miners Quit Bell Island.

Quite a number of men who for the past winter were employed in the mines at Bell Island are leaving each week to prosecute the fisheries. However this will not interfere with the shipping of the iron ore as large stock piles are in evidence at the mines and at the shipping pier, and with the help of steam shovels can be loaded on board trolley cars and from there through the medium of shutes and the endless chain bucket system is placed on board the ship.

An Early Submarine.

London Chronicle.—Few would associate the name of Napoleon with the submarine, and yet, had it not been for the vigilance of the British Government, the two might have been inseparably linked for all time. When Napoleon was banished to St. Helena, various schemes were set on foot to effect his escape. One of the most remarkable of these originated in the inventive brain of a notorious smuggler named Johnstone. "A submarine vessel," says Scott in his "Life of Napoleon," "was to be the means of effecting this enterprise. It was thought that by sinking the vessel during the day time, and then, on the notice of the British cruisers, and being raised at night, might approach the guarded rock without discovery. The vessel was actually begun in one of the building yards upon the Thames but the peculiarity of her construction having occasioned suspicion, she was seized by the Government.

Report Officers of L. S. P. U.

Your Officers in presenting this, the 13th Annual Report of the Union, point with pride to the fact that a large number of the members have answered the call of duty by enlisting as volunteers for defence of the Empire. Some of those who enrolled have already paid the price of liberty with their lives in battling against the mighty hosts of the enemy. Although their bodies rest in foreign lands, nevertheless the memory of their gallantry and of the heroic services rendered by them, in the cause of Right and Truth, is and will not be forgotten. To the bereaved ones, who lost a breadwinner, the Union begs to tender its heartfelt sympathy, and trusts that the fact that those lives were offered in the most worthy of all causes, will help in some way to assuage their grief. The Union, at the same time, is pleased to assure that many of its members would respond to the call of the defenders of the Empire, should the need arise. Standing any members enlisting as volunteers, thus showing its appreciation of the members who responded to the call of duty.

During the past year the Union, through the efforts of the Honourable M. P. Gibbs, was able to secure an increase in the wages heretofore paid the members. Under ordinary conditions this would have proven of material advantage, but the tremendous increase in the cost of the necessities of life has completely nullified any benefits that might otherwise have accrued. The increase in price of all commodities of life is of very serious moment to all. Daily the struggle for an existence is becoming more and more accentuated. This calls for serious reflection and thought on the part of the members as to what action should be taken in the future to bring about an equalization of their wage schedule with the increase in the cost of living. The need of a concerted movement among the members of the Union in this city, whereby their needs, requirements, and grievances will meet with more prompt recognition than in the past, and their organized strength be used in the future in the interest and advancement of all, should be carefully considered by every member of this Union. Serious thought and reflection are vitally necessary as to the best means of bringing this about.

The Union has during the year made contributions out of its funds to various philanthropic and charitable organizations, notably The Ladies' Bazaar Society, Ladies' and Men's St. Vincent de Paul Society, Trafalgar Day, Cot and Mayo-Lind Funds.

It is with sincere regret that your officers have to record that during the past year thirty-five members and twenty-two members' wives passed to the Great Beyond. The mortality benefit provided for in such cases were paid, amounting to \$2,939.00. In view of the splendid financial position of the Union our officers beg to commend that the Men's Mortality Benefit be increased ten dollars.

We would also direct attention to the fact that the Hall needs certain repairs this season, and we suggest that the necessary money from the funds of the Union be appropriated for the purpose as soon as the character and cost of the repairs be ascertained. The total receipts from all sources for the past year amounted to \$8,472.07, and the expenditure to \$5,861.55 leaving a surplus of \$2,610.52 which has been deposited to the Reserve Fund.

It is with pleasure that your officers desire to place on record appreciation of the very many services rendered the Union during the year by the Hon. Mr. Gibbs, whose counsel and advice have been frequently sought and cheerfully given. Working men in general have in Mr. Gibbs a staunch and tried friend of the cause of the toiling masses.

In conclusion your officers beg to thank the members for their hearty co-operation in the management of the business of the Union during the past year.

Respectfully submitted,
JAMES McGRATH, President.
FREDMAN MOORES, Secretary.

Where the Shoe Pinches

Philadelphia Public Ledger.—The bitter protest in the note against the British blockade is a confession that it is this which in the end will compass German defeat. The assertions that German women and children are being threatened with starvation need not be taken too seriously. The real pinch is the stoppage of war supplies, and that is a grievance upon which the German Government continues to dwell. That is the motive of the demand that, if submarine attacks on merchantmen are to be abandoned, Great Britain must be brought to book for her alleged infringements upon neutral rights. The President has frequently and positively declined to debate this question with Berlin that it must be taken for granted he will not accept this condition as the sine qua non of enforcing "the sacred principles of justice and humanity." That would be too humiliating a surrender to contemplate. What he demanded was that Germany should forthwith put an end to inhuman and legal practices. He cannot now enter into any bargain to compel Great Britain to put an end to a humane and legal practice. If Germany cannot win the war except by trampling upon rights universally acknowledged, she must lose it. The United States cannot and will not help her.

Capt. Bernier Soon Off to Arctic Again.

Quebec, May 12.—Capt. J. E. Bernier of Quebec, Arctic explorer, is about to prepare for his next visit to the North. He will start on July 1st.

The Guide, the vessel on which Capt. Bernier made his last cruise to the Arctic regions, is at present in the Davis drydock at Lewis, undergoing slight repairs, which will be completed within a short time.

Captain Bernier will be accompanied on his coming voyage by a number of Americans, some of whom it is expected, will be sent by the United States Government.

"Slackers."

Philadelphia Public Ledger.—Many men are at large from the cradle to the grave without doing a thing that counts; they never get anywhere because they never start, and they never rise high enough to fall. The long row of goose eggs on their scorecards through the years is set there because they learned nothing profoundly, because they were desultory, because they did the heavy sitting round and the loud anatomizing while others rolled logs and floated them downstream and saved them and made bats and clouted the ball over the fence for a home run. To see the thing through to the end from the beginning, to go behind the product to the process, to set one's mind at work and hold it tight, resilient, indefatigable on the track of truth, is to come not far from the switchboard in the power-house of all creation.

TABASCO LEFT.—The S. S. Tabasco sailed yesterday afternoon for Liverpool, taking a large outward mail and freight including 2,013 lbs. of Maso Tobasco, 100,000 cigarettes and one box of cigars for our boys at the front.

Richard's Linctant Cures Diphtheria.

My Enemy My Corn
It's Utterly Needless

This is to prove that every corn which stays and hurts is folly.

Lovers of dainty foot-wear are bound to start corns. But nobody needs to keep them.

At the first sign—anytime—apply a Blue-jay plaster. That ends all pain. And it ends the corn. In two days it disappears.

You know that taping never cures.

You know that harsh applications are wrong.

Now you should know Blue-jay. It has cured 70 million corns. To a world of men and women it has brought perpetual freedom.

We promise that to you.

Blue-jay Ends Corns

Manufacturers of Specialized Footwear, etc.

Daylight Saving Bill.

Editor Evening Telegram.
Dear Sir,—By advancing clocks and watches one hour on Sunday night at 9 o'clock, and making the time 10 o'clock—I have no desire to cheat the Devil in the dark, but I have yet to learn one good objection against it. So far I have heard none. Any appeal that is made to the workmen against it is sentimental.

The scheme is entirely for the workman. All we hear about going to bed and getting out of bed means nothing. You can go to bed when you like, or you needn't go at all; and if you go to bed you can stay there. You cannot make more than twenty-four hours out of one day, but you can divide it how you like.

We often hear that a hen has a small brain, but she is ahead of us in the utilization of Daylight at any rate.

The Daylight Saving Bill was referred to a Select Committee of fifteen members of the British House of Commons in 1909. At that time by a majority of one they were not to proceed further with the Bill. What do we find to-day? The Bill has been introduced in Great Britain by Sir Henry Norman, who was a member of the Select Committee of 1909. The vote was 170 for and 2 against it on its first reading. The principal of the Bill is supported by a majority of the British House of Commons, by the House of Lords, by Lords of the Privy Council, Judges, etc., and over twenty million of the population of Great Britain. The best authorities have stated in England that the object proposed cannot be attained without changing the clocks.

I will try in as simple a way as I possibly can to explain to the workmen—mechanics, shop hands, office hands and others who are interested in the proposal to save Daylight. Let us suppose the change has been made and the clocks and watches have all been advanced one hour. On Tuesday we start the day with 24 hours. Men who go to work at 6 o'clock will continue to go at 6 o'clock; men who go to work at 7 o'clock will continue to go at 7 o'clock; others who go to work at 8:30 o'clock will continue to go at 8:30; those who go to work at 9 o'clock will continue to go to work at 9 o'clock. Trains will continue to go at the same hour if the Reid Co. adopt the Colonial time; not then they will go by Standard time. Banks will open at the same hour, and transect business during the same number of hours they do now. We have no doubt whatever that the whole city will fall in line.

Dinner hour will be at the same hour as now. When the day is over, and we come to six o'clock in the evening we have worked the same number of hours, we have earned the same pay. We leave our work at 6 o'clock by our watches; we go home to tea; afterwards we have a long light evening of one hour extra to spend in the garden, fixing our houses, fishing, games, etc. In fact, Mr. Editor, you need never go home in the dark.

I shall be pleased indeed to have a good controversy on this very important subject. Writers need not be ashamed to sign their own names, and if at all possible let us have some real substantial objections against the Daylight scheme, not superficial words with no meaning. Sarcasm or trying to be a modern wiseacre is no argument. Let us have one practical objection. And oblige.

Yours truly,
JOHN ANDERSON.

To Trifle With Catarrh Is to Risk Consumption.

Usually it comes with a cold. Being slight it is neglected—but the seed is sown for a dangerous harvest, perhaps consumption. To cure at once, inhale Catarrhozone. It destroys the germs of catarrh, clears away mucous, cleanses the passage of the nose and throat. The hacking cough and annoying cold disappear, and health is yours again. Nothing known for colds, catarrh and throat trouble, that is so curative as Catarrhozone. It cures in a method that never yet failed. The one dollar outfit includes the inhaler and is guaranteed to cure. Smaller sizes 50c. and 20c. sold everywhere.

BIG SHOWING
—OF—
American HOSIERY
For Ladies and Children from the Leading American Mills.
Superior Goods at Low Prices.

In fact we are now offering you American Hosiery all at last year's prices. This we have achieved by looking up last Fall for this Summer's requirements, since when goods have advanced considerably. Further than that, you can depend on our Hosiery when washed, proving FAST, as we have been particular in buying Hosiery that was manufactured last year, and with the Fast Sulphur Dyes. Therefore you can depend on our Hosiery values being as right as ever all round. We offer you amongst many others:—

Special Values, at 20c. pair.

In Ladies' Plain Thread Hose, reliable makes, in Blacks, Tans, Whites, Pinks and Pale Blues.

Of course we have 15c. values, too, if you want them in Blacks, Tans and Whites.

A very special value is our Ladies' "Sutrite" White Mercecrised Hose, with the maker's guarantee on every pair, at 10c. pair.

All smart dressers will be interested in our assortment of Ladies' Half Silk and Real Silk Hosiery, in Black, White & Colored.

Get Wise and Save Money by Buying The Children's Hosiery Here.

See our "Johnnie Jones" Hose for Johnnie Jones and all other boys. These are good, strong, clean and true. Will suit Johnnie's sister, too. Prices 15c. to 25c. pair, according to size.

Shakespeare, the Journalist.

Christian Science Monitor.—A Bostonian says that Shakespeare was "the supreme reporter." Not because he could depict so vividly so many imaginary, although that power would have insured him a place on the staff of many newspapers published to-day, but because he had insight and descriptive power in dealing with nature and men as they are visible to a good reporter. Shakespeare might have qualified for journalism of the best sort, old or new. Poets, dramatists and wise commentators surely will not begrudge the effort of the journalist to establish some affinities with the Avon bard at this hour. He was big enough for all.

Teach Patriotism.

London Telegraph.—Patriotism needs to be taught like other lessons and this country has suffered from the lack of it. We have neglected these things, through a sort of false shame, as though it were boastfulness to praise one's country and the sign of a choice spirit to be rather contemptuous of the old-fashioned virtues of patriotism. The United Day movement was a protest against this deadly cosmopolitanism, and the Society of St. George, to mention another body has striven to cultivate in England the sense of purely national patriotism which had flourished far more freely in Scotland, Ireland and Wales.

LARGE BERT.—Yesterday afternoon a large iceberg was reported off Cape Race. It was moving southward. It is a menace to shipping in foggy weather such as prevails to-day.

"An Act respecting the Refining of Cod Liver Oil,"
(Passed May 4th, 1916.)

Be it enacted by the Governor, the Legislative Council and House of Assembly, in Legislative Session convened, as follows:—

1. From and after the first day of June, one thousand nine hundred and sixteen, no person in Newfoundland shall engage in the business of refining Cod Liver Oil without having first obtained a License from the Department of Marine and Fisheries, under a penalty not exceeding one hundred dollars, to be recovered in a summary manner before a Stipendiary Magistrate or a Justice by any person who shall sue for same.
2. Such Licenses shall be issued by the said Department subject to such rates and regulations as may be made by the Governor in Council in that behalf.
3. Any person who after the first day of July, one thousand nine hundred and sixteen, shall export from Newfoundland any refined Cod Liver Oil without having the same first inspected and branded in accordance with the provisions of Chapter one hundred and four of the Consolidated Statutes of Newfoundland (Second Series) shall be subject to a penalty not exceeding five hundred dollars to be recovered in a summary manner before a Stipendiary Magistrate or a Justice by any person who shall sue for same.
4. One-half of all penalties recovered under the provisions of this Act shall be paid to the party giving the information, and the other half to the Minister of Finance and Customs for the use of the Colony.

The foregoing is published for the information and guidance of those interested, and they are required to govern themselves accordingly and apply for a License to the Department of Marine and Fisheries immediately.

A. W. PICCOTT,
Minister of Marine & Fisheries,
Department of Marine & Fisheries,
No. 15th, 1916,
St. John's, Newfoundland.

BIG SHOWING
—OF—
American HOSIERY
Superior Goods at Low Prices.

In fact we are now offering you American Hosiery all at last year's prices. This we have achieved by looking up last Fall for this Summer's requirements, since when goods have advanced considerably. Further than that, you can depend on our Hosiery when washed, proving FAST, as we have been particular in buying Hosiery that was manufactured last year, and with the Fast Sulphur Dyes. Therefore you can depend on our Hosiery values being as right as ever all round. We offer you amongst many others:—

Special Values, at 20c. pair.

In Ladies' Plain Thread Hose, reliable makes, in Blacks, Tans, Whites, Pinks and Pale Blues.

Of course we have 15c. values, too, if you want them in Blacks, Tans and Whites.

A very special value is our Ladies' "Sutrite" White Mercecrised Hose, with the maker's guarantee on every pair, at 10c. pair.

All smart dressers will be interested in our assortment of Ladies' Half Silk and Real Silk Hosiery, in Black, White & Colored.

Get Wise and Save Money by Buying The Children's Hosiery Here.

See our "Johnnie Jones" Hose for Johnnie Jones and all other boys. These are good, strong, clean and true. Will suit Johnnie's sister, too. Prices 15c. to 25c. pair, according to size.

Evening Telegram

W. J. HERDER, Proprietor
 W. F. LLOYD, Editor

FRIDAY, May 19th, 1916.

Sunlight Saving

The Hon. John Anderson at the meeting of the City Council last night moved a Resolution expressing the opinion of the Board that it was in the interest of the workmen of St. John's and others to advance time one hour during the months of June, July, August and September. The Resolution was seconded by Mr. Mullaly and carried unanimously. The Chairman stated that the Board of Trade, and the Importers Association were discussing the matter with the employers of labour with a view to bringing the scheme into effect. The object of the measure is to get folks to work one hour earlier in the morning and to stop work an hour earlier in the evening. This would enable them to enjoy a larger period of hours after they close the day's work. The object itself is commendable, if acceptable to those mostly concerned. There can be no doubt that it will be a distinct boon to those who devote their evening to trouting or walks to the country and there can be no doubt that there will be a distinct saving in the use of oil and other means of lighting. It further appears that the movement is distinctly popular in the mercantile community and among the professional classes, but it is idle to expect the measure to be successful unless it meets with the ready acceptance of the workmen of the city. The question is are workmen generally prepared to get up and go to work one hour earlier in the morning in order to have an extra hour off in the evening. If they are the measure is likely to be a success. If they are not it cannot be successful and it is no use entreprising it. It is not a question simply for merchants, professional men and employers of labour, who go in for Golf, Tennis and Motoring. It is a question mainly for workmen and before any attempt is made to put the scheme into operation the sentiment of the community generally should be discovered. As the Daily News pointed out yesterday there has been no expression of opinion from the Labor Unions of the city and steps should be taken to sound the Unions and see how the members regard the proposal.

Got Quick Despatch

Western schooners, which came here for supplies this season, did not have to wait long to get salt and as much of it as required, and in that connection the fishery will not be hampered anything as there will be no salt famine. During the past ten days upwards of sixty sail of craft left here with supplies on board for the home ports, much earlier than usual. They got their salt from the S. S. Cranley, which brought over 6,000 tons and at present several crafts are receiving salt from the S. S. Alconda, which brought a similar cargo as her sister ship.

Baseball Meeting.

The B. I. S. Baseball Club held its annual meeting last night, Mr. J. L. Slattery in the chair. There was a goodly attendance of supporters and much interest was manifested throughout. Election of officers was held and resulted as follows:—
 Capt. and Manager—R. T. McGrath.
 Sub-Capt.—Alan Doyle.
 Delegates—N. J. Vinnicombe and W. J. Carew.
 The B. I. S. will be represented in the League by a strong aggregation of players this season. Practice will start as soon as weather conditions permit.

Cape Report.

Special to Evening Telegram.
 CAPE RACE, To-day.
 Wind N.E., fresh, weather fine. The s.s. Coban, Fremona, Florize and a large ocean liner passed west yesterday; nothing sighted to-day. Two large icebergs are in sight, one south-east and the other south of Cape Bar. 29.54; Ther. 50.

Man Killed by Train To-Day.

Deputy Minister of Justice Hutchings is in receipt of a message from the Magistrate at Trinity, conveying the sad intelligence that George Rex, sr., was killed by a locomotive at Port Beaton, T.B., today. No particulars of the tragic occurrence are yet to hand and the Magistrate at Trinity is holding an enquiry.

Private Phil. Jensen.

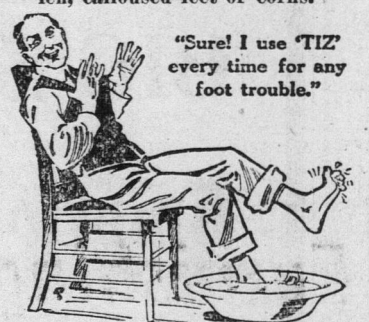

May 31st is the date settled by Private Phil. Jensen for his second lecture. He is returning to St. John's especially to speak in aid of the British Red Cross which rescued him from death, and to let the hundreds who were unable to enter at his last, have a clear account of what war means from one of Newfoundland's sons who has been in the thickest of the fight, suffered and won through. The lecture will be given at the College Hall, which will be seated to its capacity, containing fully one thousand seats. Further details will be given in a week's time before the tickets are ready for sale or exchange.

Naturalized Germans Interned in London.

London, May 10.—Discussing the necessity for the defense of the realm regulations, Herbert Samuel, secretary for home affairs, stated to-day that within the last few weeks there had been discovered in the heart of London a public house (saloon) occupied by a naturalized German, and a resort of other naturalized Germans, where language of the most treasonable and anti-British character was used. He added that it might have become a most dangerous centre. Mr. Samuel said he doubted whether any charge would have been formulated under the ordinary law, but it was obviously necessary to deal with such cases, and the powers in his hands enabled him promptly to intern all the men concerned.

Use "Tiz" if Feet Ache, Burn, Puff Up

Can't beat "Tiz" for sore, tired, swollen, calloused feet or corns.

You can be happy-footed in a moment. Use "Tiz" and never suffer with tender, raw, burning, blistered, swollen, tired, aching feet. "Tiz" and only "Tiz" takes the pain and soreness out of corns, callouses and bunions. As soon as you put your feet in a "Tiz" bath, you just feel the happiness soaking in. How good your poor, old feet feel. They want to dance for joy. "Tiz" is grand. "Tiz" instantly draws out all the poisonous exudations which puff up your feet and cause sore, inflamed, aching, sweaty feet. Get a 25-cent box of "Tiz" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.

Here and There.

Turkeys, Ducks, Chicken, at ELLIS'.—apr19,tf

POLICE COURT (Before Mr. Morris, J.P.).—Two drunks were let go without fine. In an affliction case a volunteer furnished bonds.

Stafford's Phorotone Cough Cure is a good preparation for all kinds of Coughs and Colds.

BANKERS AT SYDNEY.—A number of our banking vessels, on their way to the Magdalens, for it called at Sydney a few days ago for a supply of ice. All the bankers were fairly well fished.

SAVE KERO OIL, besides getting six times more light, by using the Aladdin Lamp. CHESLEY WOODS, Sole Distributor, 182 Duckworth St.—ap26,tf

HERE FROM CARDIFF.—The s.s. North Cambria reached port to-day from Cardiff, after a 12 days' passage. She came in ballast. She will first go into dry dock to be cleaned up and then proceed to Chance Harbor, and load pit props for Wales.

McGUIRE'S Cherry Dandy Cake on the market for the first time. An exceptionally fine Cake for 15c.—m19,tf

The S.S. Glencoe which left Placentia last evening took the following first class passengers:—Rev. F. Ryan, Rev. A. Mahar, Mrs. Harris, Miss Tibbo, Miss Morris, Mrs. Garland, Mrs. Moulton, R. and Mrs. Garland, J. E. Meehan, W. Webb, W. R. Stirling, S.A. Darby, F. Murphy.

S.O.E. PARADE.—The Sons of England will hold its annual parade on Sunday next, attending Divine Service at St. Thomas's Church. The Rev. Dr. Jones will be the preacher. It is hoped that there will be a large turnout of members. A collection will be taken up for the patriotic fund.

PIANOS AND ORGANS.—CHESLEY WOODS, 282, Duckworth St.—ap26,tf

Grand Finale of Photo-Drama.

All who have seen the "Creation" pictures will be interested in the Grand Finale at the British Theatre next Sunday.

Pastor MacMillan will deliver two lectures in this connection. At 3 p.m. his topic will be "Death, Redemption and the Hereafter." All Christian people are interested in this topic, and will enjoy a treat in its discussion. At 8 p.m. the subject will be Christ's Second Coming—When? Why? Many Bible Students believe that the time of the Lord's return is at hand, and that the startling events of our wonderful time are in accordance with what the prophets and the Lord Himself, said would transpire just before the second coming and the establishment of the Kingdom. Illustrative pictures will be shown after each lecture. Seats free. No collection.

SPECIAL TO VISITING FISHERMEN
 Realizing new arrivals, daily, of visiting fishermen, the International Bible Students Association desire to extend a further invitation to witness the "Creation" Photo-Drama pictures being shown at the British Theatre, Part 3 at 3 and 8 p.m., to-day, and Part 4 at 3 and 8 p.m., Saturday.
 Pastor A. H. MacMillan's two lectures at 3 and 8 p.m. on Sunday, advertised in another column, closed the Creation programme in this city. Please remember all these entertainments are free.

Here and There.
 "St. Ivel" Lactic Cheese, small tins, at ELLIS'.

SCHOONERS ON DOCK.—Five more schooners went on the Dry Dock for repairs this morning.

McGUIRE'S Cherry Dandy-kake is a leader. See that it is Dandykake you get. Price 15c.—may19,tf

FLORIZE OFF.—The s.s. Florize got away from here yesterday afternoon for New York. She will be absent several weeks as she will make a trip to Cuba before coming this way again.

McGUIRE'S Cherry Dandy-kake is a sure winner. We are pleased with it ourselves. You will be pleased if you buy one. Price 15c.—may19,tf

ICE BLOCKING HARBORS.—A message received from Battle Harbor to-day stated that loose ice could be seen in every direction, but that it was starting to move off the coast. Messages were also received that nearly all the harbors in Green Bay were blocked with ice.

DIED.

This morning, at the General Hospital, Francis Cash; funeral on Sunday, at 2.30 p.m., from Undertaker Myrick's Rooms, 87 Murray. Ready friends and acquaintances will please accept this intimation.
 Yesterday, at 5 p.m., of measles and convulsions, Basil George, darling child of Ina and Reginald Netton, aged 9 months.

Passed peacefully away this morning, after a short illness, Jane, relict of the late Wm. Martin, Quidi Vidi, aged 58 years, leaving 1 son, 4 daughters, 2 sisters and 2 brothers in Sydney, to mourn their sad loss. Funeral at on Sunday, at 1.45 p.m., from her late residence, 3 Duckworth Street. Friends and acquaintances please accept this the only intimation.
 Patrick Healy, an old and respected resident of Petty Harbor, died on Thursday, May 18th, at 1.45 o'clock, aged 85 years, he leaves one daughter, two sisters and one brother and a large circle of friends to mourn their sad loss. Funeral on Saturday at 12 o'clock (noon), from his daughter's residence 48 Monroe Street, to Petty Harbor.—R.I.P. New York and Boston papers please copy.

War News.

Messages Received Previous to 9 A.M.

HEARING OF EVIDENCE.

LONDON, May 18. From testimony developed to-day at the hearing opened by the Royal Commission to inquire into the Sinn Féin rebellion, it appeared that the Government had received advance information of preparations for an uprising with help from German sources. This testimony was given by Sir Matthew Nathan, who resigned as Under Secretary for Ireland after the rebellion broke out. The government had received advice, said Sir Matthew, that an attempt would be made to land arms in Ireland from German submarines, also that rifles could be purchased from Irish soldiers on some leave; while others had been taken into the country in passengers' baggage. The former Under Secretary gave this testimony in the course of a long statement, outlining the formation of the national volunteers of which he declared a small section only had shown themselves disloyal. The leaders of this section only having issued a manifesto declaring that Ireland should provide for its own defence, and indicated an intention to establish the free national government of Ireland.

IMPRISONED WITHOUT CHARGE.

LONDON, May 18. Timothy Healey said in the Commons to-day that he understood that James M. Sullivan, former American Ambassador to the Dominican Republic, had been kept in jail in Ireland for eight days without lodging any charge against him. Healey asked Foreign Secretary Grey to ascertain what explanation was offered by General Maxwell, British Commander in Chief, in Ireland, for this vigorous treatment to which Sullivan had been subjected. Secretary Grey said that the United States had brought to the notice of Britain the detention of Sullivan, who was arrested in Dublin on April 20th. It was understood at the time that he was charged with complicity in the rebellion. The case was being investigated, the Foreign Secretary said, and when the facts were ascertained they would be communicated to Ambassador Page.

GERMAN STEAMER STRUCK IN THE BALTIC.

STOCKHOLM, May 18. The German steamer Hera, was struck this morning off Landsort, in the Baltic, and is sinking. The Hera marks the first activity of British submarines in the Baltic this season. The Hera left Stockholm on Tuesday to take on ore to Oxloeund, and was carrying a cargo of 2,000 tons. The captain was ordered aboard the submarine with the ship's papers, and made prisoner. Sufficient time was given the crew to leave the ship.

BRITISH SUBS. IN BALTIC.

LONDON, May 18. A large number of British submarines are operating in the eastern and southern portions of the Baltic Sea, which is now free of ice, says a despatch to the Exchange Telegraph Co., from Copenhagen. It was one of these submarines which sank the German steamer Hera, the despatch added.

AVIATORS KILLED.

LONDON, May 18. Lieutenants Selwyn and Bateman, military aviators, were killed instantly to-day at Gosport, Hampshire, near Portsmouth. The aeroplane which they were flying dived from a height of 1,000 feet. The cause of the accident has not been determined. Both Lieutenants were experienced aviators.

SUCCESSFUL ENTERPRISE.

LONDON, May 18. The following official communication concerning operations in Egypt was made public to-night: The General Officer commanding in Egypt reports a successful enterprise against the enemy at Bayoud and Macta, which was carried out by a force of Australian and New Zealand and mounted troops on May 14. The enemy made no resistance, but fled at once and was pursued by us. Very great heat and had going over the desert and made it impossible for the pursuit to be carried very far. Thirty-six camels, a quantity of Turkish ammunition and one Turkish soldier were captured at Bayoud. The enemy camp there was entirely destroyed.

NOT SATISFIED STEAMER WAS SUNK BY MINE.

LONDON, May 18. The Dutch authorities are not altogether satisfied that the steamer Batavier V., which was blown up in the North Sea, with the loss of four lives, was sunk by a mine. They have ordered the examination of the ship by divers, to establish the cause of the disaster. This will be a comparative easy task, as the wrecked steamer lies in shallow water. All but three of the lifeboats were destroyed by the explosion. These three boats were launched.

STEAMER MIRA SUNK.

LONDON, May 18. Lloyds announces that the French steamer Mira has been sunk. The announcement gives no details as to the sinking. The Mira was 3,000 tons gross, built at South Shields in 1895, and owned in Marseilles. (For balance of early messages see 9th page.)

Warner's Rust-Proof Corsets!

The season's vogue of soft materials that cling to the figure, portraying every defect, makes a careful study of the corset a necessity.

The semi-fitting frocks, for instance, are really more dependent upon the lines made by the corset than one imagines at first glance.

Our study has been to stock only such corsets as we know, through a thorough fitting test, to not only meet every style requirement but to fit, while adequately supporting comfortably.

Therefore we have selected **WARNER'S RUST-PROOF CORSETS** because they Shape Fashionably—Fit Comfortably—Will Not Rust, Break or Tear.

See our West Window for a Display of these well proven Corsets.

MARSHALL BROTHERS

Which Kind Are You?

RUTH CAMERON.
"Yes, it's pretty but it will fade." A young friend of mine had bought some very dainty dress goods at a great bargain. She was showing them to a group of us and the practical one promptly made the above comment.

After the practical one had gone out of the room, the girl with the bargain said, "Did you ever see anything like the way she always takes the wind out of your sails? I suppose I ought to have thought about its fading, but I don't care! I'm thankful I'm not thinking of that sort of thing all the time. That's the way she always is—old pessimist!"

That is, With Some Optimists.

Did you ever hear the definition of a pessimist. It is—"a person who has to live with an optimist."

I thought of it when I listened to that little passage between the two girls.
The optimist congratulates herself on not taking into account the disadvantages that are likely to result from following a certain course. One can well see that a steady diet of such illogical optimism might be difficult to stand.

There are two kinds of optimism, the optimism that puts its wishbone where its backbone ought to be, and the optimism that supplements backbone with wishbone.

It Hopes Instead of Thinking.
In other words, there is the optimism which makes its decisions on a basis of unreasoning hopefulness. It hopes things will come out all right and does not prepare for any other outcome.

It buys the goods because they are pretty and cheap without considering the question of durability.

It takes foolish risks because it

RUTH CAMERON.

doesn't realize that they are risks. When the Foolish Optimist Becomes a Pessimist.

I once knew a man who insisted on taking a boat-load of people into the open ocean in a small boat. He was warned that it was dangerous, but he scouted the warnings and called the man who gave them a pessimist. When the warnings were more than justified, the optimist at once became the most hopeless and helpless pessimist on board.

On the other hand, there is the wise optimism that weighs and balances both the agreeable and disagreeable possibilities in making its decisions, but having once made them refuses to worry and persistently hopes for the best.

"To be fortified against any outcome but to expect the happiest"—that is the motto of a friend of mine. Do you think the person who has to live with such an optimist has any reason for pessimism, or for anything but thankfulness?

I don't!

Great Poison Plot.

Hartford, Conn., May 12.—The statement of the State's Attorney, Mr. Alcorn, that the case of Mrs. Amy E. Archer-Gilligan will reveal one of the greatest poison plots the country has ever known, was met to-day by flat denial by Benedict M. Holden, counsel for Mrs. Gilligan, of her guilt.

"We will meet the charge of murder in court, and beat it fairly," he said. "There will be no insanity plea."
Mrs. Gilligan is being held on the charge of murder by poison of the aged Franklin R. Andrews, one of the forty-eight persons who have died in her home for Elderly People during the last five years.

Though refusing details, Mr. Alcorn and Dr. Arthur J. Wolff, a toxicologist, to-day declared that several bodies in addition to that of Andrews have already been exhumed and examined, and that each examination has shown that death resulted from poisoning.

Each refused to say how many deaths they thought the defendant responsible for. The additional evidence, according to Mr. Alcorn, is to be presented to the Grand Jury in June.

Soper & Moore,

Retail and Wholesale.

earlier than customarily, without altering the clock. But if this were to become at all universal, it would soon prove to be hopelessly impracticable. Business hours would have to be changed; railway time-tables would have to be changed; church services would have to be changed; everything, in fact, would have to be changed which is marked by definite and recognized hours. The result would be confusion worse confounded. We should be unable to rid ourselves of the association of certain acts with certain hours. We should find it hard, for instance, to reconcile ourselves to going home to dinner at noon.

The other expedient on the proposed putting our clocks and watches on one hour upon a specified date. This would serve every purpose and cause no inconvenience whatever. Things would go on as before, and no one would notice the difference. To this may be answered that certain hours stand for certain positions of the sun in the heavens. At the risk of being tedious, one cannot too strongly insist that it will only be by observing the sun that anyone will be conscious that the slightest change has taken place. We do not think that even our working classes, about whom there seems to be so much concern, are in the habit of making solar observations.

One objection that has been put forward frequently is that we may confuse our business relations with other countries. To this may be answered that England has, or soon will have made the change, and that Halifax and other parts of the Dominion have done the same. Will there not be more likelihood of confusion if we, holding the intermediate position, persist in the status quo?

To sum up, if the opponents of the scheme can prove that we do things by the sun and not by the clock, they will have established their case. But they cannot do this. We are governed entirely by the clock. Let us get rid of the notion that we should have to rise an hour earlier, and do everything an hour earlier. We should go to bed, get up, transact our business, and have our meals, precisely at the same time as before. That this is not scientifically correct need not trouble us. We are a community of business men, not astronomers. It will be a great pity if an idea of which the benefits are undoubted and obvious falls of adoption because it is not understood, or because of apprehensions which are groundless.

Yours truly,
P. B. P.
May 18, 1916.

The Daylight Bill.

Editor Evening Telegram.

Dear Sir.—Being an enthusiastic supporter of the Daylight Saving Scheme, I have followed closely and with interest the discussion on the subject which has been proceeding in the papers. Whether or not the idea will be adopted remains to be seen, but one thing seems certain, and that is, at present the fundamental principle underlying it is misunderstood not merely by most of its opponents but even by a number of its advocates. The former point out grave objections to the proposed change; the latter consider that the advantages gained more than counterbalance them. The truth is, that these objections do not exist at all, or are so slight as to be negligible.

The whole argument against the scheme is epitomised in one sentence in the Daily News of this morning: "It makes little difference to Mr. X, who saunters down to his office at 10 o'clock, and goes to bed at midnight, whether he changes the hours to 9 a.m. and 11 p.m.; but we are not sure that the labourer, who rises at 5 in order to be at work at 6, is particularly desirous to rise at 4, even though 4 o'clock is called 5." The fallacy of the implication contained in the latter instance is obvious. If the case is to be fairly stated, it must be remembered that the labourer has gone to bed one hour earlier the night before. I should think that the inconvenience or otherwise of rising in the morning depends more upon the amount of sleep obtained than upon the particular place of a hand upon a dial.

It may be true that it makes little difference to Mr. X, whether he changes his hours to 9 a.m. and 11 p.m., but this is precisely what he will not do. If he went to bed at 12 and to work at 10 a.m., he will continue to do so at the same hours. The same applies to everyone else in the community. After the first day or two under the new system, no one would be in the least degree sensible of the change. Except, possibly, every evening after close of work, which is exactly when it is desirable that he should be sensible of it.

Granted that, by reason of custom and habit merely, we lose in sleep during the summer months many hours of sunlight, and granted that the loss should be retrieved, the question arises, how this can be done. There are two methods. One, which is advocated by many, is that those who wish to can adopt the simple plan of doing everything an hour

A Big Shipment OF BABY CARRIAGES

Has just arrived, all this Season's Models. We have Folding and Stationary Go-Carts, Folding Runabouts, Pullman Sleepers, English Carriages on Cee Spring, etc. All are roomy and comfortable, and some models are built to seat two.

Amusements.

AT THE CRESCENT.
The Crescent Picture Palace to-day presents Claire McDowell and Charles J. Malles in "Aches of Inspiration," a great Biograph feature produced in two reels, and Sally Crute in a stirring detective drama, "The Secret of the Cellar," by the Edison Company; and Mr. and Mrs. Sydney Drew in "Their Agreement," one of the celebrated Drew comedies; and "Dreamy Dud and Charlie Chaplin" in a film of cartoon laughs. Mr. Frank De Groot, the popular Crescent vocalist sings "Arrah go on, I'm gone-a-go back to Oregon," the latest comedy number. The usual extra comedy pictures will be on for the children's benefit at the big Saturday matinee.

THE PLOUGHSHARE AT THE NICKEL.
One of the most powerful dramas ever shown in St. John's will be seen at the Nickel Theatre to-day. It is by the Edison Co., and is entitled "The Ploughshare." This story is by Mary Finlay Taylor, and is one of her best works. This picture was first released in New York and made a great impression there. It is really a very fine subject. "Trials and Climbs" is a very interesting travesty of the "Canadian Rockies." "The Stage Coach Guard" is a drama of Western life, splendidly presented by the Selig Co. The Vitagraph Company appears in a dainty social comedy-drama—"The Reward." The comedy is also by the Vitagraph artists. The title is "On the turn of a Card." Harry Morey appears in it. Bert Stanley will sing one of his novelty songs. There is a big matinee for the children to-morrow.

Here and There.

Fresh Saimon, Fresh Halibut, at ELLIS.
PLENTY OF ICE.—There is plenty of ice reported along the French Shore at present.
LOADING FOR MEDITERRANEAN.—The schr. Lucia, Job's new purchase, is now loading fish for the Mediterranean.

TO-DAY'S Messages.

10.30 A.M.

ASQUITH CONFERS WITH IRISH LEADERS.

CORK, To-day.—Premier Asquith's conference with the Irish leaders lasted two hours this afternoon. He left Cork at six o'clock.

TO BE RELEASED.

DUBLIN, To-day.—The military authorities have made arrangements to facilitate the release of persons inadvertently arrested. Printed forms for application for release, have been issued and commandants of prisons have been instructed to assist in liberating giving proofs they had no connection with the rebellion or the Sinn Fein Government. Other modifications made for visit of friends for securing legal advice.

NORWEGIAN STRIKE.

LONDON, To-day.—A despatch from Copenhagen says the employers' union has declared a general lockout, and that twenty-seven thousand men are affected by it. The Norwegian Cabinet met last night to discuss the situation.

FINANCE AFTER THE WAR.

LONDON, To-day.—An interesting discussion on finance after the war, was raised in the Commons to-day by Wm. A. Hewins, Union member, and representative of the tariff interests. Hewins pointed out the tremendous growth of direct as compared with indirect taxation, warned the country against under-estimating Germany's economic strength, and urged that it was imperative and necessary for the Government to state its attitude towards the economic conference at Paris, and to take steps in the direction of trade preference within the Empire and preferential arrangement with the Allies. J. Austin Chamberlain, replying, made a significant speech which seemed to foreshadow some kind of economic agreement among the different parties in the Commons. Like Hewins, he warned the House it would be unwise to count on the rapid economic exhaustion of Germany, and declared it would be much better for Britain to build on her own strength than on Germany's weakness. Britain's tremendous financial resources as compared with Germany's were worth remarking, added Chamberlain, as was the fact that Britain seemed to be hearing the burden without undue strain as was proved by the buoyant taxation returns. The nation was using up its capital for war purposes, while neutral countries, through large

profits made at the expense of belligerents, were accumulating resources to compete with this nation after the war. How far opposing political parties could agree in common after the war was an interesting question. We have made an immense advance towards an agreement, he said, and at a time like this I would not like to consider myself bound to exact principles advocated before the war.

THE IRISH QUESTION.

LONDON, To-day.—With the return of Premier Asquith to London, the question of the immediate future of the Irish Government will take the centre of the stage for the British public. It is expected that Mr. Asquith will immediately arrange a series of conferences with the Irish leaders including Carson and John Redmond. The attitude of Carson undoubtedly will be a vital factor in the situation, and there is more than a hint that Lloyd-George will take a leading part in an effort to bring all the Irish parties into line. There will be no attempt on the part of any section of the interested parties to inaugurate Home Rule, such as was provided for in the Home Rule Bill. The solution of the situation most generally favored is the formation of an Irish Cabinet with strictly circumscribed powers which will be gradually extended. The new order of things is expected to go into effect as soon as details can be arranged.

MOUNT ETNA ACTIVE.

LONDON, To-day.—Mount Etna is again active. A new crater 315 metres wide has opened.

KING CHRISTIAN OPERATED ON.

COPENHAGEN, To-day.—King Christian was operated on today for an intestinal trouble, similar to that which necessitated an operation in the early part of 1915.

ASKS FOR DELAY IN EXECUTION.

WASHINGTON, To-day.—President Wilson, acting at the request of Senator O'Grady, New York, sent a message last night through the State Department to Ambassador Page, London, directing him to make every possible effort to secure delay in execution of the sentence on Jeremiah C. Lynch, New York, naturalized American, convicted by court martial as being implicated in the Irish uprising in Dublin. Information telegraphed here to-night to Senator O'Grady, from friends of Lynch, in New York, was to the effect he had been sentenced to death and would be shot at midnight, New York time.

WAR BUDGET.

The Italians in southern Tyrol are now tenaciously holding back the Austrians from further inroads into their positions. In Ledro Valley, southwest of Trent in Lagarino Valley to south of the city, Austrians after heavy artillery preparations threw vicious attacks against the Italian lines but all of them were repulsed with heavy casualties, according to Rome. Five attacks were made on Zogatorias and same number were made Wednesday again, all of them were

stopped with sanguinary loss. In Adamello Zone west of Trent where previous gains had been made by the Italians, King Victor Emmanuel's troops occupied additional territory in the Sarca River region. Montebelluna region near head of the gulf of Trieste and recaptured trenches taken from them by the Austrians on last Monday. Another ineffectual attempt has been made by the Germans against the French positions at Avocourt Wood and Hill 304, northwest of Verdun. Paris reports that a strong attack here was put down by the French guns and that the Germans appear to have suffered serious losses. On remainder of front in France and Belgium, aside from unsuccessful German infantry attack against the Belgians north of Stenestraets there have been only bombardments. Austrian aeroplanes have bombed Avlona, Albania, the only seaport on eastern Adriatic remaining in the hands of the Allies. That Avlona is probably well fortified against infantry attack is indicated by the statement of Austro-Hungarian Admiralty that the raiding aircraft were heavily shelled. Three German steamers have been sunk in the Baltic Sea by Entente Allied submarines, two by Russians, one by British. A British fishing smack arriving at Lowestoft reports having been shelled by a German submarine; one member of the crew was killed and two injured.

WILL ASK FOR £300,000,000.

LONDON, To-day.—It is generally believed that the vote of credit which Premier Asquith will ask from Parliament next Tuesday will be for £300,000,000. This will be the eleventh vote since the beginning of war and will bring the total thus granted up to £2,382,000,000. Last previous vote granted February 21 estimated would carry the war to the end of May.

1.00 P.M.

FIGHTING RESUMED ON VERDUN FRONT.

PARIS, To-day.—Violent fighting on a large scale was resumed on the Verdun front last night when two fresh divisions of German troops attacked the French positions at Avocourt Wood and Hill 304, west of the Meuse. The French announces that the attacks in the main were unsuccessful although the Germans obtained a footing in a small post south of Hill 287, which lies just to the east of Avocourt Woods. The Germans attempted to recapture the small fort on the northwest slope of Hill 304 which the French took on the preceding day, but their efforts failed. Infantry fighting was confined for the most part to the sector west of the Meuse and east of the River, and in the Worvre artillery was active. The official statement says that the troops employed by the Germans in their attacks had recently been sent to the Verdun front. Sub-Lieut. Navarre, one of the best known French aviators, brought down his tenth machine in an aerial combat at Dolante in the Argonne.

NEW TREASURER FOR GERMANY.

LONDON, To-day.—A despatch from Amsterdam says: A general shake up is expected in the German cabinet, and that Herr Von Rathenau succeeded Dr. Helfferich as Imperial Treasurer.

Mild. Soldiers Won Many Prizes at the Sports at Ayr.

The Ayrshire-Agricultural Association held a Cattle Show at Ayr on Wednesday, April 26th last, and in connection thereto ran off a programme of sports. Competition in the series of events was restricted to the military units in and around Ayr, and as will be seen by the results, appended hereunder, Newfoundland's representatives made a creditable showing. Handsome prizes, we hear, were presented to the winners of the various events. The programme was:

- 1.—Tug of War, won by Newfoundlanders.
- 2.—100 yards dash, won by Ayrshire Yeomanry.
- 3.—Relay Race, won by Newfoundlanders.
- 4.—Obstacle Race, won by Newfoundlanders.
- 5.—Sack Race, won by Newfoundlanders.
- 6.—Egg and Spoon Race, won by Newfoundlanders.
- 7.—Pillow Fight won by Ayrshire Yeomanry.
- 8.—Jostling Match, won by Newfoundlanders.
- 9.—Cavalry Tournament, won by Newfoundlanders.
- 10.—Officers Mounted Race, won by Lieut. John Edens.

Reids' Boats.

The Argyle arrived at 2.30 p.m. yesterday, from west.
The Clyde leaves Lewisporte to-day.
The Dundee left Port Blandford at 6.30 a.m. to-day.
The Ethie left Port aux Basques at 10.55 p.m. yesterday.
The Glenoe left Piacenta at 5 p.m. yesterday.
The Home leaves Lewisporte to-day.
The Kyle arrived at Port aux Basques at 7.40 a.m. to-day.
The Petrel left Clarendville at 5 a.m. to-day.
The Meige not reported leaving North Sydney.
The Sagona left Bonne Bay at 6 p.m. yesterday, going north.

Train Notes.

The outgoing express left Grand Falls at noon to-day.
The incoming express left Port aux Basques at 8.53 a.m. to-day; due at 4 p.m. to-morrow.
The train from Trospesay arrived in the city at 12.15 p.m. to-day.
The local from Carbonear, reached town at 12.45 p.m. to-day.

Child's Narrow Escape.

Last evening between the hours of 4 and 5 o'clock, little Harold, the 2½ year old son of Mr. and Mrs. Peter Hiscock, of Morris's range, Water St. West, narrowly escaped being crushed to death, beneath the wheels of one of Harvey's trucks, which was proceeding along Water Street. It appears that the little chap was in the habit of picking up beans that lay along the street, and not seeing the horses approach was knocked down and fell beneath the truck. The wheels coming so close to the child's body that it tore the heel and tap from his boot. He was taken to Mr. Peter O'Mara's Drug Store, and Dr. Tait was summoned and on examination it was found no bones were broken.

MINDARD'S LINIMENT FOR SALE EVERYWHERE.

Supreme Court.

Present: Chief Justice Horwood.

THE KING VS. FRANCIS PIERCE.

This is an indictment for arson, Mr. W. J. Higgins for the Crown, vs. Mr. W. Lloyd for the accused. A special jury was present and sworn, and are as follows:—John King, Alfred Macnamara, Robert Grant, Albert Falconer, George Cook, William Kenny, Frank Connors, Andrew Murray, Geo. Jeans, William O'Dea, Ernest Spry, J. H. Farrell. The following witnesses were sworn: Joseph Sharpe, Francis C. Rendell, Philip J. Cleary, Henry F. Colbourne, Emanuel J. Hoskins, Patrick J. O'Neil, Frank J. Morris (Judge), and Hyram B. Curtis. Court rose for recess at 1 o'clock till 2.30 p.m.

Here and There.

SUSU.—The s.s. Susu left Gander Bay at 8 a.m. to-day, going north.

WEATHER.—The weather across country is light northeast winds and dull, with temperature 38 to 45 above.

LADY SYBIL REACHES PORT.—The s.s. Lady Sybil reached port from North Sydney at 7 a.m. to-day having on board 428 tons of coal and 50 tons of nail wire, the latter for the use of the Nail Factory.

IF

You Use Envelopes

It will pay you—and pay you well—to buy a full year's supply now, for though envelopes are higher than they were a month ago, they are not near so high in price as they will be two months from now.

One firm in the city for whom we used to print two thousand at a time, recently placed an order for twenty thousand; another firm for whom we used to print two thousand at a time, ordered ten thousand. They anticipated the rising market and saved almost a dollar a thousand. If you buy NOW, instead of three or four months later, you will make about an equal saving.

Yesterday we received a price list from our paper dealers and in it we find that the three grades of flat Papers, of which we purchased most, have gone up in price 40 per cent. within the last 30 days. This makes a total increase in price of about 100 per cent. within three months, and prices will still go higher.

Buy your Letter Heads and Envelopes NOW. If you are in business you must use Letter Heads—and you must use Envelopes. If you don't need them now you will need them before the prices go down, so buy NOW. The saving in price will be the best proportionate investment you can possibly make.

War News.

Messages Received Previous to 9 A.M.

(Continued from 5th page.)

HEAVY FIGHTING IN PROGRESS.
GENEVA, May 18. Reports from Innsbruck indicate that the heaviest fighting in the war between Italy and Austria, during this year, is in progress in the region of Hovertio and Sugana Valley, while there is every evidence that the Austrians have begun a general offensive against the Italians from the Alps to the Adriatic. A large number of bodies of Austrian soldiers, killed during the recent fighting, is said to be floating down the River Adige. The Austrians have brought several batteries of their heaviest guns from Germany, and have installed them near Gorizia and Montefione, where the staff of Archduke Frederick has arrived. The Austrians are also rushing troops from Innsbruck into the region of Trent. Swiss troops on the frontier report that Austrian positions on the Adamello range have recently been greatly strengthened, and that artillery duels are increasing in intensity.

FRENCH TROOPS OCCUPY FORT DOWA TETE.
BERLIN, May 18. The Overseas News Agency to-day gave out the following: It is reported from Athens that French troops have occupied Fort Dowa Tete by force, and that the Greek Government has delivered a protest to the Ministers at Athens of the Entente Powers. Greece points out that occupation of the fort is contrary to promises given.

SUNK BY STRIKING MINE.
PARIS, May 18. It has been definitely established that the British freight steamer Eritoria went to the bottom as a result of striking a mine off the Isle d'You, according to American Consul Patten at La Rochelle. The first report was that she had three Americans aboard, and had been torpedoed, but Consul Patten says that, despite early indications, investigation by the Maritime Prefect at La Rochelle definitely establishes that sinking was due to a mine.

AMERICAN SOLDIER SHOT.
EL PASO, May 18. An American soldier who crossed the international boundary a mile and a half east of Juarez, early to-day, was shot and killed by Mexican customs guards. General Gavira Carranza, Commander in Juarez, advised General Bell that the American was intoxicated and fired on the Mexicans before they shot him.

Threat to Destroy Federal Buildings

Special agents of the Government, police and post office inspectors are co-operating to-night to trace a letter received by all newspapers of Washington, reading:

"The main buildings of the Department of Agriculture will be blown up Friday morning, May 12."
The letters were written on plain white paper and enclosed in plain envelopes postmarked at half-past four o'clock yesterday afternoon in Washington. They were identical.
Extraordinary precautions are being taken at the Department of Agriculture to prevent the success of any such plot, if plot it is. Guards have been stationed at the main buildings and at the additional building with instructions to apprehend suspicious characters who might place time bombs. Similar precautions are being taken at the other Government buildings. Officials do not take the letters seriously, believing they were written by some joker. They are, however, taking no chances, realizing that when Frank Holt placed the bomb in the Capitol about a year ago he wrote letters to the newspapers about it. Holt's communications arrived after the explosion.

A WEARY WORLD.

It is a weary world, you say, when things don't chance to come your way. You've made a lot of bonehead breaks, you've hallooed things up by punk mistakes, you've crossed your wires, you've queered your game, and you look round to place the blame. Of course, you never are at fault, when things are going lame and halt. The poor old world in which we dwell, and do our stunts, and buy and sell, is wapperjowed and out of plumb, and full of prunes and on the bum. There is no justice here below, we loudly clamor in our wo, when we trade horses with some gent, and draw a plug not worth a cent. But when we soak the other chap, work off a boss not worth a rap, and get a charger slick as grease, our breasts are filled with Balmey Peace. "This is a scrumptious world," we say, "wherein all things are good and gay; there are no other spheres on deck which can compare with it, by heck!"

A paper towel is an excellent thing to use when drying lettuce. Put the lettuce on a piece of the toweling and pat it with a crumpled piece of the same.

Supreme Court.
Chief Justice Horwood.
KING VS. FRANCIS PIERCEY.
is an indictment for arson. Mr. Higgins for the Crown. Mr. W. Lloyd for the accused. A special jury was present and sworn, and are as follows:—John King, Alfred Macara, Robert Grant, Albert Fair, George Cook, William Kenny, Connors, Andrew Murray, Geo. W. William O'Dea, Ernest Spry, J. Farrell. The following witnesses sworn: Joseph Sharpe, Francis Rendell, Philip J. Cleary, Henry Colbourne, Emmanuel J. Hoskins, J. J. O'Neill, Frank J. Morrissey, and Hyram B. Curtis. Court rose for recess at 1 o'clock 30 p.m.

Here and There.

ST.—The s.s. Sasu left Gander at 8 a.m. to-day, going north.
WATHER.—The weather across try is light northeast winds and with temperature 38 to 45 above.

IF YOU Use Envelopes

will pay you—and pay you well—by a full year's supply now, for such Envelopes are higher than they were a month ago, they are not near high in price as they will be two weeks from now.
The firm in the city for whom we to print two thousand at a time, lately placed an order for twenty thousand; another firm for whom we to print two thousand at a time ordered ten thousand. They are ordered the rising market and saved a dollar a thousand. If you NOW, instead of three or four weeks later, you will make about an saving.
Yesterday we received a price list our paper dealers and in it we had the three grades of that Paper of which we purchased most, gone up in price 40 per cent. in the last 30 days. This makes a 10 per cent. increase in price of about 10 per cent. within three months, prices will still go higher.
Your Letter Heads and Envelopes NOW. If you are in business must use Letter Heads—and you use Envelopes. If you don't them now you will need them at the prices go down, so buy. The saving in price will be most proportionate investment you possibly make.

LIGHT, HEAT, COMFORT!

The proprietor of one of the best known multiple shopping systems is credited with saying, "Give me any old shop, in any old street, and I'll guarantee to make it in twelve months the most widely known and best frequented shop in the district." He was asked to explain. Holding up three fingers he said, "I believe in the trinity of LIGHT, WARMTH, COMFORT. I should dazzle the moths until the candle drew them, I should bring them into a warm, comfortable shop, filled with a soft, pleasing radiance, and the rest is—well, mere child's play."

Mixed metaphors, perhaps, but expressive. Now we can more than imagine the kind of shop this well-known individual would open, for we pass it in almost every town—always a landmark to the street. No one fails to notice it. There is an indefinable air of welcome and invitation as one stands for a moment on the pathway and lets one's gaze travel inside it. The subdued, restful lighting effect that so charms because of its very unobtrusiveness, the absence of dark corners, the intangible feeling that if one would step inside one would be sure of experiencing a delicious sense of warmth and comfort and cheerfulness—all these are part of its appeal. Truly a shop with an individuality.

We cordially invite all progressive business men to visit our showroom and see our latest Lighting and Heating Appliances, by the adoption of which the ideal outline in the above extract from a London paper may be easily secured. Our new RADIO X. Lamp and GASTREAM Radiators fill all light and heat requirements.
