## Boys' Work Conference

### Successful Session Opened in Bridgetown Friday, Closing Sunday Evening

To the Editor of the MONITOR:

DEAR SIR—Having been asked to contribute a report of the Valley Fall Conference for Tuxis Boys, I submit the following:

Bridgetown during the last few days from Friday afternoon to Monday morning has been the scene of a memorable and impressive event, the Tuxis Boys' Conference for the counties of Yarmouth, Digby, Annapolis and West Kings.

Delegates to the number of 95 have made the quiet town of Bridgetown hum with awakened vigor and new life. Many of the residents of Bridgetown who formerly thought of the word Tuxis as designating some new make of automobile or brand of soap are becoming educated in regard to this growing Boys' Work Organization and are beginning to realize that it is a vital factor in the building up of the new Canada and that only by training our Canadian youth under an organization such as this can our fair "land of the Maple" rank among the foremost nations of the world.

On Friday evening at 8 o'clock the Tuxis Boys of the Annapolis Valley district opened their second Fall Conference. After a short devotional period the Conference proceeded with the election of officers. Nominations were put forward in favor of delegates from Yarmouth, Hebron, Annapolis, Centerville, Bridgetown, Lawrenceport, Middleton, for the offices of Grand-Pretor, Grand-deputy Pretor and Grand Scriptor.

The results which were awaited with a good deal of excitement by the assembly had shown excellent judgment in electing: As Grand-Pretor Mr. Herbert Davidson who has shown such distinctive executive ability in the Conference that all are convinced that he will follow with distinction in his worthy father's footsteps, and as Grand Deputy Pretor and Grand Scriptor, Messrs Maurice Armstrong and Harold Price both prominent workers in the Tuxis organization of Bridgetown.

Dr. Armstrong representing the Mayor who was unable to be present now gave an address of welcome in which he stated that the town has extended its bounds in order to make room for the Tuxis Boys' that he hoped they would be able to procure an abundance of "spotted Gravensteins," and that he felt sure the Chief of Police would view the process of procuring very leniently.

An address of welcome given on behalf of the Tuxis Boys of Bridgetown by one of our youthful orators Mr. Jack Weare, went far towards strengthening the friendship between the Bridgetown Boys' and their visitors.

An explanation of the mystic word Tuxis was the next item on the evening program. T stands for training, S for service, U and I the other fellow and myself and X (the Greek symbol for Christ). When joined together this word reads thus: You and I training for service with no one but Christ between us. The speaker called attention to the fact that the "U" came before "I" and that so should we place the other fellows' happiness and welfare before our own.

Six squares, the Imperials, Royals, Nationals, Loyals, Progressives and Excelsiors were then organized who should contend in athletics, attendance, stunts and records of their meetings for the privilege of wearing the coveted ribbon which should proclaim him as belonging to the top notch square of the Conference. Having organized themselves and discussed various business matters the Squares adjourned after a word of Prayer from the respective Mentors.

At 9 o'clock on Saturday morning the Tuxis Boys' Conference gathered for its second session. After the usual Devotional Period two speeches were given by G. M. Grant, of Yarmouth and Kingsley Collins, of Digby, former speaking on the subject: "Is the C. S. E. G. a Boys' Program. Mr. Collins who addressed us on: "What a Boy can do to help the C. S. E. T."

gave us his experience in C. S. E. T. work at Digby stating that through the influence of the program two boys have entered the ministry. A discussion on difficulties in the carrying out of the Program was led by Mr. Machum. Among the problems presented to him by Tuxis Boys were: "How can we get boys to attend Sunday School in Summer" and "How would you deal with the problems of getting boys to stop smoking." Mr. Machum answered these questions in a manner highly satisfactory to all and gave us a few pointers in keeping up the interest of the fellows in the square.

Mr. Sidenius' speech on "Playing the Game" was another feature on the morning program. With eloquent words and interesting illustrations he showed in life as in a ball game to bring in a run you must play a clean game and that the boy Christ who lived 1900 years ago made a sacrifice hit that we might make a run.

The Conference after retiring into squares, and having occupied a short time in devotion and business adjourned to the steps of the Methodist Church where the Conference was photographed by Miss Cunningham, of Bridgetown, and Mr. Simon Moses, of Hebron.

On Saturday afternoon at two o'clock the meeting opened in the usual manner. Mr. Patterson, of Granville Ferry, spoke on what it means for a Boy to be a Christian.

The Conference was now addressed by Mr. Machum on "Our Boy Friends of other Lands," which gave the boys a new understanding and appreciation of the work done in foreign lands by missions and the opportunities before the boys for service in this work. Our Boy Friends of other Lands completed the address of the afternoon and a new form of entertainment, a Treasure Hunt explained by Dr. Armstrong who appointed Mr. Davidson Master of Ceremonies, was taken up by the Boys. The treasure having been discovered in a corner of the athletic field, group games were indulged in and at 5 o'clock the various groups withdrew to secret places to practise their yells and stunts for the evening program.

At 6:30 the Boys' of the Conference sat down to a bountiful and altogether magnificent banquet prepared by some generous ladies of Bridgetown. Many of the young gentlemen distinguished themselves by gastronomic achievements. The banquet was voted a huge success by all hands and was concluded by a sing-song.

The next item on the order of the day was the (proposing of toasts?) which was carried on by the boys themselves. Among the toasts proposed were: Our King, Nova Scotia, Our Leaders The Roses (Ladies who prepared the banquet) and our C. G. I. T. In responding to the latter toasts, Mrs. F. H. Fowler and daughter Miss Marion, the fairest "carnation" of them all, spoke very eloquently and were greeted with great applause.

The stunts and yells by the difference groups of the Conference were now put forward. Among the most original stunts were "A church wedding" and "The impersonation" of a country store on Saturday night.

Mr. Herbert Davidson here further added to his reputation by a solo "Darling Clementine." His impersonation of grief at the fate of Clementine was very realistic.

Mr. L. A. Buckley who needs no introduction to the people of Bridgetown now rose, amid waves of cheering which threatened to bring down the roof and made a few remarks in which he stated that he was glad to renew old friendships and that he felt the Conference would be a highly successful one. After these remarks and a short address by Rev. Mr. Richardson and Auld Lang Syne the meeting adjourned.

Readers of the MONITOR I wish time and space would permit me to enter more fully into the inspiring service of Sunday afternoon and into the resolutions and reports of the Conference given at the Sunday evening service. Suffice it to say that the Conference was brought to an end by the very impressive closing ceremony and the repeating of the words "I do now declare this Conference closed" by the Grand Pretor.

This Conference has brought about many desirable results. It has revealed a great deal of talent which has hitherto remained hidden. It has shown to the 95 delegates, who attended it the great mission that lies before them today, to make a purer, happier and better Dominion of this our "land of the maple" and it has sent the fellows away with a warm spot in their hearts for the citizens of Bridgetown who treated them so royally.

In this imperfect manner I conclude this report of the Tuxis Boys' Conference of the Valley District. I have the honor to be my dear sir, Your most obedient servant, G. MACGREGOR GRANT.

## SUPREME COURT IN ANNAPOLIS

Result of Regular Session Held at Annapolis Royal Last Week

As stated in our last issue the October term of the Supreme Court opened in Annapolis on Tuesday, October 5th.

The grand jury met and after being addressed by the presiding judge retired and subsequently presented true bills of indictment against the following parties charged with offences:

The King vs Lewis Milbury, carnal knowledge of a girl under fourteen years—A true bill. The King vs Elwood Milbury, carnal knowledge as above—A true bill. The King vs Woodworth, charge of stealing a bicycle—A true bill. The King vs Peemer, charge of receiving stolen goods—No bill. The King vs Isiah Fanc, charge of incest under Code Section 204.

While the grand jury were considering the above cases the court proceeded to a second trial of the case of Maurice Wilkins, on a charge of carnal knowledge of two children under fourteen years. This case had been tried previously at the June term at Bridgetown, but the trial at the June court resulted in a disagreement and had to be tried again. The second trial this term occupied two days and after many witnesses had been examined, the jury acquitted the defendant.

In the King vs Woodworth, on a defendant being arraigned he pleaded guilty. His counsel, Mr. W. G. Parsons, asked the court to exercise clemency and give him a suspended sentence. The Crown Prosecutor consented to the sentence being suspended but suggested that the court should make an order that in addition to furnishing bail for his good behavior, he should also pay the expense to which the owner had been subjected on receiving his property. To this the court agreed and ordered that the defendant should pay the prosecutor the sum of twenty dollars.

The last case tried was the King vs Fanc, which resulted in the prisoner being convicted and he was sentenced to serve two years in Dorchester.

A special session of the supreme court may be held on or about October 26th, to try the civil causes, a list of which appeared in our last issue.

## Annual Harvest Festival Service In St. Mary's Church, Belleisle

This annual event took place on Sunday last. The Church was very tastefully decorated with flowers, autumn leaves, and the "fruits of the earth." The attendance was large and the service entered into heartily. The special preacher for the occasion was the Rev. Dr. Boyle, President of King's College, Windsor who preached a very appropriate sermon on the theme of Stewardship.

## OCTOBER!

and not a bit too soon to be planning for, and having your Christmas Photographs taken.

Like most things nowadays, Photography has been keenly effected by the rising cost of materials. But we have made a careful selection of the new styles, and are offering you, we believe, the best yet.

The prices range from \$10 per dozen for the best grade cabinet pictures to \$4.50 and \$5 for the smaller ones together with the required 2% Government tax. What else could you get for the money that would go so far or give your friends so much pleasure as your Photograph?

We invite your inspection and would urge again. Please come early.

**FREQUENT HEADACHES A DANGER SIGNAL**

The Victim Nearly Always Suffers From Weak Watery Blood.

There are few ailments that cause more genuine misery than nervous or sick headaches. Only those who have endured the suffering, sometimes for days at a stretch, can realize the agony of the victims. Noise increase the pain, food is unthought of, for it only adds to the distress. When the attack is on there is little to be done until it passes away. These headaches are nearly always a danger signal that too frequently pass unheeded. They are the symptoms of many maladies, such as anaemia, constipation, indigestion, etc., and when these are cured the headaches permanently disappear. Headaches are more often a sign of weak, watery blood than anything else, and the most successful treatment, therefore, is a remedy that will rebuild the blood and make it rich and red. This can best be done through a fair course of Dr. Williams' Pink Pills, which has a special action on the blood, and through the blood on the nerves. In this way Dr. Williams' Pink Pills have been found invaluable in a wide range of diseases due to poor, watery blood such as anaemia, rheumatism, indigestion, after effects of influenza, neuritis, etc. The effectiveness of this tonic treatment is illustrated in the following case: Mrs. Geo. Arn, R. R. No 6, Simcoe, Ont., says:—"Some years ago my daughter, then a young girl of eleven, became very much run down and nervous. She was troubled greatly with sick headaches, and frequently with vomiting spells, and although we lived just across the road from the school, she was not able to attend. She was taking medicine all this time, but it did not seem to do her any good. I had often read of Dr. Williams' Pink Pills, and finally decided to give them to her. By the time she had taken two boxes she seemed much better, and before the 15th box was finished, she was again in the best of health and has always since enjoyed the best of health. I am satisfied it was Dr. Williams' Pink Pills that restored her, and I have since seen equally good results in other cases."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**HOW TO CURE IT!**

"Oh, no," replied the supervisor. "I can't do it; I've an awful toothache this evening."

"Toothache nothing! you only think you got a toothache. I thought I had one yesterday. I went home to my dear little wife and after she kissed me and made a tender fuss over me the pain was gone. Why don't you try the same thing?"

"By Jinks, I think I will," replied the sufferer, "is your wife here tonight?"

**Feels Lost Without It**

"We had never used Zam-Buk before but would feel lost without it now," writes a grateful Ontario mother, Mrs. T. G. Miller, of Winton.

"Whilst at play," she says, "my little two-year-old ladderman sprang across a cut saw and gashed his forehead badly. "As we happened to have a box of Zam-Buk in the house I got it down and applied a dressing to the injury. It speedily soothed away the pain."

"After treating the wound with Zam-Buk twice daily for three days, it healed so well that I was able to leave off the bandages. There's not even a scar now, thanks to Zam-Buk."

Our files hold thousands of similar letters confirming the wondrous soothing and healing power of Zam-Buk in cuts, burns and scalds, and for ending obstinate attacks of Eczema, Poisoned sores, Stings from Ureos and Bites.

There is need of a thoroughly reliable antiseptic under the Zam-Buk in every home. It ensures safety from festering and blood poisoning and chronic skin disease. Zam-Buk has ordinary ointment or salve, and it is completely herbal.

# YOUR RAILWAYS AND THE COST OF LIVING

**B**EFORE the Privy Council at Ottawa, protest against the new railway rates has been made on the grounds that the giving of the new rates would raise the cost of living by a percentage many times higher than the percentage actually charged by the Canadian railways.

It was pointed out that the numerous middlemen who act as the distributors of goods would each add his percentage of profit to the freight rate, so that although the railways might only receive say 40 cents additional freight charge on a shipment the public would be forced by the distributing middlemen, to pay many times that amount.

The managements of the various Canadian Railways desire, through this, their assertion to draw the attention of newspaper readers to the highly significant fact that the recent increase in United States Railway Rates—an increase similar to the increase in Canada—has actually been followed by a decrease in the cost of living in that country.

## Furthermore:

**A** GREAT Canadian Manufacturer recently made public—without any solicitation and without the previous knowledge of the railway managements—figures which proved that the retail selling price of a yard of plain white cloth in Winnipeg, after being hauled from Montreal to Toronto and Toronto to Winnipeg, would be increased only one half a cent, even after the wholesaler had added 20 per cent profit to the new freight rate and the retailers another 50 per cent.

He showed that these distributors, whether rightly or wrongly, added 15 cents to his millprice of 16 cents per yard.

**Y**ET the railways carried the raw cotton for this yard of goods from Texas to Montreal, and the finished goods from the mill to Toronto and Toronto to Winnipeg for one and one half cents.

One and one half cents as against fifteen cents.

We venture to believe that, whatever the explanation or the justification may be, the same serious additions to cost by the distributing trades will be found in relation to almost every article of common household use.

This is not to attack distributors. They may themselves be victims of a bad system or of an overcrowded trade. But it is to point out that if they add whatever percentages they, as a trade, find convenient, the railways cannot help either themselves or the public.

The oppressive results of these practices should not be charged against the railway managements, nor cited as reasons for holding freight rates down—merely because railway rates can be held down—while other prices soar as the various trades find necessary.

**R**AILWAY charges always must be a serious item in determining cost of production, but the managements of your railways urge upon your attention this fact: that antiquated, overloaded and wasteful system of distributing goods are much more properly a subject for public anxiety.

Canada cannot prosper without prosperous railways. Canadian railways cannot prosper unless Canada prospers.

Beware of those who would restrict and even strangle the railways simply because control exists there, and is not so convenient in other departments of commercial activity.

Farmers in Maritime Provinces Can Give Ontario Agriculturists a Few Pointers on Farming

(From the St. Thomas, Ont., Times Journal)

E. A. Smith, Rosebery Place, who with Mrs. Smith, Mrs. Pauline Brackin and Edward Smith, has been on a month's visit to Nova Scotia on Prince Edward Island, has at the request of The Times-Journal, written his impressions gained on the trip. He writes:

As requested I am giving you a few outstanding facts that impressed themselves upon me while on my trip to Nova Scotia. About all we hear in this country is that in Nova Scotia they are about one hundred years behind us and live on fish. This I found had changed very much in the past twenty years and Nova Scotia is going ahead very fast and can certainly teach good old Ontario some good things on specializing the growing of fruit and vegetables, particularly potatoes.

The Annapolis Valley, which is especially adapted for the growing of apples, is a wonderful sight this time of the year, as all the orchards have been kept under cultivation up till the first of July and no weeds or grass of any kind are found. Trees are all properly trimmed and sprayed. Rough buckwheat is sown in the orchards about July 1. It grows very rank and is left, in all cases, to drop down as a fertilizer. No attempt is made to produce any crop in the orchards except the apples. The farmers club together and have warehouses at all small railway stations. They team their apples to these warehouses and pack them in No. 1, No. 2 and No. 3. All farmers pick their own apples or oversee the picking and buy their own barrels. Apple buyers were buying tree run at \$5 per barrel in August. It is nothing for a farmer to have two or three thousand barrels of apples.

**POTATOES FOR CUBA**

Potatoes are grown for shipment. This year the potatoes are being bought to go to Cuba, packed in barrels and selling at \$6 per barrel. Buyers are contracting for them now. The potatoes are kept sprayed for eight or ten or three weeks until the frost comes, thus keeping the tops green and bringing all small potatoes to maturity. They claim that every day the tops can be kept green by spraying twenty bushels per acre is added to the yield and if the frost holds off they dig no small potatoes, every potato comes to maturity.

Blueberries grow wild in pastures and wood lots and are picked free by everyone. Raspberries and strawberries grow extra well on account of plenty of moist weather and they grow very large. We arrived there on July 14. Homegrown Oxheart cherries were served to us and were sold all along at the stations where the train stopped. This continued for over a month, as on the day we left in the middle of August we bought cherries at the station before going on the boat. The cherry trees grow naturally there. Between Digby and Annapolis, a distance of twenty four miles, instead of maples being planted along the line fences or in front of the houses, cherry trees are found. They are very large and produce an abundance of black and red Oxheart cherries. The sour cherries are not grown.

**NO FENCES; BARN PAINTED**

What impresses one the most, in driving along the country roads, is the absence of fences. There are no fences along the highway and the farms are not fenced except the pasture in the rear of the farm. All the houses and barns are painted. You do not see any old barns that are not painted in the whole of Annapolis Valley and nineteen out of twenty houses are frame and painted white. Both house and barn are painted white. This, with the spruce tree growing naturally everywhere, is very pleasing to the eye and makes the country very picturesque.

We visited the land of Evangeline and Evangeline Beach. The C.P.R. have lately taken over the Railway and have improved Evangeline Park very much, putting in new drives and flower beds and arranging the old well with the swing pole lift as it was.

While the Annapolis Valley comes in for a great deal of the praise in Nova Scotia, the Cornwallis Valley is just as good perhaps a little more fertile and the homes, which are large with splendid lawns, and as I said, all painted white, are to be admired.

There is another matter I must speak of and that is the water. Every one in the valley has water in the house. You see no old pumps and women luging water. All along the mountain they bring the water down

**Children Cry for Fletcher's**

**CASTORIA**

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

**What is CASTORIA?**

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind, Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. WE know the sale of the Chevrolet Light Delivery Wagon depends on the satisfaction it gives in actual service. We also know that its valve-in head motor eliminates fuel waste and delivers fullest power, that its ample bearings cut friction to a minimum, that its perfect balance—strength without weight—insures stability and makes a maximum of power available for actual hauling.

These are only a few of the obvious reasons for Chevrolet ability, durability and economy.

RHEUMATISM FOR OVER 16 YEARS

No Return Of The Trouble Since Taking "Fruit-a-lives"

103 Church St., Montreal. "I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good. Then I began to use "Fruit-a-lives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-lives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

OCTOBER WEDDINGS

BENT-YOUNG On Wednesday last, St. Mary's Church, Belleisle, was the scene of a very popular and pretty wedding, when Mr. Jack Deerness Bent, youngest son of Mr. and Mrs. Sylvester Bent, was united in marriage to Mary Hester Young, second daughter of Mr. and Mrs. Joseph Young. Both bride and groom were born and brought up in Belleisle, consequently a large congregation assembled to witness the nuptial ceremony. The church, which readily lends itself to artistic effect, had been tastefully decorated with flowers and autumn leaves, and this was added to by the lighted tapers on the altar which was otherwise adorned in festal array. Shortly after 10:30 the bride, who was attired in a navy blue travelling suit with hat to match, and carrying a bridal bouquet of pink roses, white chrysanthemum, maiden hair and asparagus fern, entered the church, to the strains of Lohengrin's Bridal chorus, on the arm of her aunt, Miss Anne E. Young, by whom she was subsequently "given away". The groom was unattended. The service was prefaced by the singing of "O Perfect Love," and the ceremony was performed by the Rev. B. Underwood, Rector of the parish. An especial interest attached to this from the fact that the bride and her sister, were the first children baptized by Rev. Mr. Underwood on his coming to the parish of Bridgetown which embraces Belleisle. At the conclusion of the ceremony and while the Register was being signed, the choir sang "O Father all creating" after which the bride and groom left the church, the march played being Mendelssohn's. Mrs. A. K. Lyle presided at the organ, and the choir was specially announced for the occasion. The wedding breakfast was served at the home of Miss Ann E. Young, with whom the bride has been living for a number of years. And here was displayed the collection of very useful presents which attested the

popularity of both bride and groom, a cover having been given the previous Thursday. Shortly after noon the newly wedded pair motored to Bridgetown whence they boarded the train for Halifax where the honeymoon will be spent. On their return they will reside in Belleisle. HINES-SLOCUM A wedding of unusual interest took place at the bride's home Outram, Wednesday morning, Sept 29th, at eleven o'clock when Miss Emma (Aberia, third daughter, of Mr. and Mrs. James H. Slocum, and one of Outram's most popular young ladies, was united in marriage to Mr. Gerald B. Hines, of Mt. Hanley. The ceremony was performed by Rev. M. W. Brown, at the strains of "A. P. Wyman's wedding march" rendered by the bride's sister, Alma Slocum, the young couple took their place on the lawn under a beautiful arch of evergreen, sweet peas and live fern.

The bride, who was given away by her father, looked charming in a gown of white duchess paillette with hand embroidered silk, net overdress and conventional veil and orange blossoms and carried a shower bouquet of bridal roses, sweet peas and asparagus fern. After a dainty collation was served to about 100 guests the happy couple left in an auto, very prettily trimmed for the occasion for Greenwood Kings Co. where they will spend a few days visiting places of interest. The bride's travelling suit was of blue serge with hat to match and white furs. The gifts were numerous and beautiful consisting of money, cut glass and silver and articles too numerous to mention. The groom's gift to the organist was a gold chain and pendant. Guests were present from Greenwood, Worcester, Mass; Bridgetown, Williamstown and other places. The happy couple have the best wishes of all for a long and happy married life.

PAYNE-CARLING The Annapolis Spectator says: A very quiet home wedding took place on Monday at the residence of Mrs. Matilda Carling, Drury Lane, when her daughter Miss Margaret A. Carling, was wedded with Sydney H. Payne, the popular photographer of the Dominion Entomological Laboratory this town. The ceremony was performed by Rev. C. A. Munro and the happy couple left at once for Kentville where they took in the exhibition, going afterwards to Cape Breton for a fortnight's trip. The high esteem in which both are held assures them a glad welcome on their return.

What are Peps

Peps provides a new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds and their price is within the reach of all. All dealers, 50c. box. Send 1c. stamp for FREE TRIAL PACKAGE.

WILLIAMS-WHITMAN The marriage took place on Oct 6th at St. Luke's Church, Round Hill, of Miss Grace Louise Williams youngest daughter, of Mr. and Mrs. W. H. Williams and William Healy Whitman, only son of the late Rufus G. Whitman. The bride was becomingly dressed in a suit of navy blue serge with hat to match, and carried a shower bouquet of sweet peas and asparagus fern. After luncheon the happy couple left for Halifax, where they will spend a few days. On their return they will reside in Round Hill. The wedding presents were numerous and costly, including cut glass, silver, linen etc.

WIVES WILL VOTE "YES"

Mothers of Nova Scotia's Children Will Not Compromise With Drink.

Do not spoil your ballot by marking it with anything but X Shall the importation or bringing of intoxicating liquors into the Province be forbidden. NO Shall the importation or bringing of intoxicating liquors into the Province be forbidden? YES X

DRINK is an ugly word in the ears of a woman. Thousands of women have had all hopes of happiness in this world blasted by Drink.

Drink has starved little children and clad them in rags.

Drink throughout history has made fiends out of men and rewarded the tender affection of women and children with curses and abuse.

DRINK BRINGS POVERTY AND SICKNESS

Drink decreases the household income, lessens the husband's earning power and kills his ambition to succeed.

I received two treatments in all, and I have never felt better in my life. Many thanks for what you have done for me. I highly recommend your treatment to everyone, everywhere. Yours respectfully, GABRIEL MOSHER

REFERENDUM NOTES Written for the MONITOR by the Local Branch of the N. S. S. C. In less than two weeks the referendum on the Referendum will be taken. The result is not in doubt, but Nova Scotia should not be satisfied with a mere majority. Annapolis County and Nova Scotia must answer the Referendum question with an emphatic "Yes" vote.
