McCALL BILL REACHES UNITED STATES SENATE

Democratic Opposition Threatens Passage of Measure, Unless an Extra Session Comes to Its Rescue—Senator Bailey Attacks Free Wood Pulp Clause as Class Legislation in Favor of Wealthy Publishers.

WASHINGTON, Feb. 24.—Opponents of the Canadian reciprocity agreement attempted to put a quietus on legislation on the subject when the McCall bill to carry out the provisions of the agreement late to-day was reported "without recommendation" from the senate committee on finance. So far as the present session of congress is concerned they took a long step toward accomplishing their purpose.

As only a few days remain to put the bill thru a hostile body, the speeches against it were accepted generally as its death knell, until a resurrection should come in an extra session.

Senator Bailey, the Democratic leader, expressed the opinion that the best interests of the agriculturists would be served by the defeat of the bill. The Texas senator said that while the agreement admitted wheat and cattle free, it retained the duty on flour and beef meat.

"Civilized people eat flour and not wheat, beef and not cattle," he said. True it was, he continued, that the agreement provided for free wood-pulp, but this change in the tariff laws would mean the loss of almost \$500,000 of revenue to the treasury annually.

He had been informed, he said, that this change would be worth \$5,000,000 to the newspaper and magazine publishers, but for himself he could not consent to a measure which gave such a preference to the rich as against the poor and needy.

Senator Hale concurred in all that Mr. Bailey had said and added that while the bill had been reported without recommendation, the committee had done so in the face of the fact that an unquestioned majority could otherwise have been had for an adverse report. Coming to the consideration of the bill on its merits Mr. Hale said:

"It is my understanding that the bill will take its course in accordance with the feeling and desire of the senate, whatever that may be. If the senate does not choose to take it up, that course will be within its clear right, and any effort on the part of anyone, of whatever authority, to drive the senate now or at any time, would be an assumption of power which would be unwarranted."

Senator Stone of Missouri, minority member of the committee, announced his intention of supporting the measure on the ground that it would be in the line of wise and progressive statesmanship.

The bill went on the calendar, where it is subject to consideration whenever the senate may decide to take it up.

FIREMEN HURT IN COLLISION

Hose Wagon and Street Car Crashed Together on Queen Street.
Hastening to a Dominion messenger service call to 455 West King-street, occupied by the Toronto Pharmaceutical Company, No. 6 hose wagon collided with an eastbound Queen-street car near John-street last night, and firemen Joseph Waterman and Percy Cleland were hurled to the pavement. It looked like a disastrous mix-up for a few moments, and a nearby physician was summoned to attend the injured men, who were carried back into the station. Waterman was the more severely hurt, but not seriously. He has an injured back and a bruised knee. Cleland only got a shaking up. There was no real fire. False alarm.

PERHAPS A SKYSCRAPER UP-TOWN.

The recent sale of the lot (60 x 126 to a lane) with four stores on Yonge-street (Nos. 460-2-4) turns out to have been to Charles C. Cummings and associates, who gave Toronto the Lumensden building, corner of Adelaide and Yonge. The price is reported at around \$150,000, or about \$2500 a foot. The lot faces the centre of the mysterious purchase of the two blocks on the east side of Yonge north of Carlton, and the price therefore looks reasonable in view of the possibilities. The corner lots of this block are held at \$5000 a foot. Mr. Cummings admitted that the above were about the facts and further that if they did not sell at an advance they might put up an office building somewhat after the Lumensden one down town. According to Mr. Cummings before long it will be more retail up town and more financial lower down the street. He said further that he had satisfied himself that the finest department store in the world would be opposite his recent buy.

Kicking Over the Pail.

GALT, Feb. 24.—This evening Rev. R. E. Knowles delivered his lecture "Reciprocity and Romance" in the Knox Church lecture room to a large audience. He said: "I think we as a nation have much more to lose than the Americans, but of course there are many things to be considered. The one thing we should demand is plenty of time and consideration, lest we should now kick over the national pail that it has taken us forty years of commercial conflict with the republic to make so full that it surprises them even more than it does ourselves."

NO MOTIVE SHOWN YET FOR KENORA MURDER

Two Witnesses Testify to Facts of Killing—Inquest Adjourned a Week.

KENORA, Feb. 24.—Following the inquest this morning on the body of Dymtra Pritka, the victim of Wednesday morning's tragedy, John Berillo, the perpetrator of the deed, appeared before Magistrate McLennan on a charge of murder. Crown Attorney McGillivray conducted the prosecution while Mr. J. A. Kinney appeared for the accused. Two witnesses, Pietro Poldero, Italian section foreman, and Mike Powlika, a Galician, who were present at the preliminary hearing yesterday, were examined again to-day, but no added information was given, which would throw a new light upon the motive for the crime.

Mike Powlika swore that he was in the kitchen of the section house on the morning of the tragedy and that Berillo, who would take no breakfast, passed thru the outer room where Pritka was eating his meal, and taking his axe from the wall, carried it to the kitchen, returning with it to the other room, where a few minutes later he heard Berillo say to Pritka, who was still at the table: "You say I will kill Mr. Clark—I will kill you." The blow Mr. Clark-I will kill you. The blow Mr. Berillo, who rushed into the room fled from it, followed by Berillo, who overtook him as he was leaving the house and asked him where he was going, exclaiming, "I not kill you Mike."

Satisfying Berillo that he was not leaving on that score, he made his way quickly to the Robinson farm, some distance off, and gave the alarm.

Another hearing will take place on March 4th, when several other witnesses will be present. Last night Berillo refused his meals, but he was prevailed upon to take a little dinner to-day. The rumors current, and which are credited by several in the vicinity of the late murder, that Berillo is the escaped murderer from Point Du Bois, received little credence at the police headquarters here.

FIFTEEN BURNED IN MINE.

TONOPAH, Nev., Feb. 24.—Fifteen bodies of miners burned to death in a fire which burned for a time yesterday in the Belmont mine, were brought to the surface to-day. It is believed that there are from four to eight bodies still in the mine. The last four bodies removed were fearfully mutilated. They came from the bottom of the shaft, which is 1196 feet deep. The fire is out. It did little damage to the mine. Of the dead, six are Americans and the remainder are Slavonians.

Struck by a Car.

MONTREAL, Feb. 24.—The doctors at Notre Dame Hospital hold out no hope for the recovery of S. Rigleman, who was struck by a car at noon to-day, as he was crossing St. Catherine-street, where Pabst-street intersects the big thoroughfare. The victim's skull is fractured and he lies in an unconscious condition, hovering between life and death.

A Long Balloon Flight.

SAN ANTONIO, Tex., Feb. 24.—The balloon Miss Sofia, with W. F. Assman and J. M. O'Reilly of St. Louis aboard, ascended 1000 feet at 6.40 o'clock to-night and headed northwest on its long distance flight. The balloonists hope to capture the Lahm Cup.

Better Pay for Mail Clerks on Railway

Hon. Rodolphe Lemieux Makes Announcement in House of Commons—Special Concession Stamps.

OTTAWA, Feb. 24.—(Special.)—During the discussion of Hon. Rodolphe Lemieux's postoffice estimates in the house of commons to-night the minister informed J. E. Armstrong that he was preparing a bill which would give Canadian railway mail clerks, stampers and sorters an increase in pay.

Mr. Armstrong pressed the minister for details, but Mr. Lemieux said that while he and his deputy minister had made up their minds as to the amount of increase, the matter had not yet been dealt with by council. The increase, he assured the house, would be a substantial one.

Mr. Armstrong asked if the minister proposed to place the mail clerks under the civil service act.

E. M. MacDonald expressed the hope that the minister had no such intention.

Mr. Lemieux said that a year or two ago he was under the impression that this could be done, but the more he studied the act the less inclined he was to think it advisable. The act was too exact. Under its provisions it would not be possible to deal with the special conditions which exist, more particularly in respect of securing extra help at rush seasons. It was possible, that the employees in the postoffices of the larger cities might be brought under the operation of the act.

Mr. Lemieux during the discussion of his estimate also made the important announcement that there would be a special issue of stamps, to mark the coronation of King George. He did not give any details, but announced that a copy of the design would shortly be received from England, and would be submitted to the house.

COUNT APPONYI'S ARRIVAL

Distinguished Hungarian Hero This Morning—Denies Chicago Story.

His Excellency, Count Apponyi, formerly Hungarian minister of education, and of world-wide reputation as an apostle of peace, will arrive from Chicago at 10.30 a.m. to-day, to fill his engagement to lecture in the university physics building, on "The Menace of War as Europe Sees It," at 3 p.m. He will be met at the station by Prof. James Mavor and Prof. Ramsey Wright.

Assurance that there was no interruption of Count Apponyi's address in Chicago Thursday night, and that no personal violence was offered him, was confirmed in a message received here to-night from the Hungarian statesman himself. He declared that the rumor concerning disturbances in the meeting was not to be characterized as an exaggeration, but as an absolute falsehood. "Nothing of the kind happened," said the count, "it was a brilliant meeting throughout."

SOUTH BRANT CONSERVATIVES

Denounce Reciprocity and Elect Officers for 1911.

BRANTFORD, Feb. 24.—(Special.)—South Brant Conservative stalwarts to the number of 400 gathered here to-night at a splendid banquet in Masonic Hall. Hon. Frank Cochrane, Ex-Judge Doherty, M.P., St. Anne, Montreal; W. F. Cookshut, ex-M.P., W. S. Brewster and J. H. Fisher, Brant's representative in the Ontario Legislature, delivered stirring addresses. All parts of the riding were represented and enthusiasm ran high, as telling points were delivered on the recent reciprocity pact with the United States, which would, if adopted, put a crimp in several of Brantford's industries.

At the annual meeting this afternoon the following officers were elected: President, S. P. Fitcher, vice-presidents, A. McEwen, W. H. Scaze; secretary, H. Hawley; treasurer, A. L. Baird.

HONORED BY ALMA MATER.

St. Joseph's Academy, St. Alban-street, was the scene of a brilliant function on Tuesday evening, the twenty-first of the anniversary of the birth of Cardinal Newman, when the pupils of her alma mater presented Miss Lawler with a beautiful sheaf of St. Joseph lilies and a charming congratulatory address to show their appreciation of her appointment to the Senate of Toronto University. Miss Lawler, who was the valedictorian of her class when she was graduated from her convent school several years ago, was affected to tears, as once more, wearing the academy colors and her graduation medal, she stood upon the same platform, and made acknowledgment.

VERY TRANSPARENT

Canada Sees Thru the Reciprocity Offer.

HOLDERS OF LITTLE NIP Bogus Stock Issue Brings on Crisis VOTE TO DOUBLE CAPITAL

Secretary R. W. Eyre Left Books in Hopelessly Tangled Issue, and Amount of Over-issue Remains Mystery—Meeting Shows Confidence in Directors.

That the capital stock be increased from \$1,500,000 to \$3,000,000, that 500,000 of the increase be sold at the best price available, and that shareholders be notified to send in their scrip for comparison with the official records within 90 days on peril of having their certificates confiscated by the company.

This was in brief the motion approved by the shareholders of the Little Nipissing Silver Cobalt Mining Co. at their meeting at the King Edward Hotel yesterday afternoon.

The gist of the resolution is that the over-issue of the company's stock will be validated by increasing the capital by \$1,500,000, of which \$300,000 will be sold in order to pay the indebtedness, funds borrowed to carry on development work, and the stock certificates called in for comparison with the books of the company.

The motion was introduced by W. T. Chambers and seconded by Wm. Claude Fox, both mining brokers, and was only one of a number placed before the shareholders. Alternative propositions, having in mind the reorganization of the company and the raising of funds, were introduced at various intervals, but these did not meet the approbation of the meeting.

A VIGOROUS PROTEST

Against Granting "Wide Powers in Railway Franchises."

WINNIPEG, Feb. 24.—A vigorous protest was made by several rural members in the legislature this afternoon against granting wide powers to companies seeking railway franchises in the province. The question arose over a couple of bills of incorporation which came up. The charters in the opinion of several members called for almost every conceivable power. The house, without approving the principle of the bills, finally agreed to allow them to go to the committee, there to be dealt with.

"BECAUSE"

Premier Roblin Cables His Objections to Reciprocity to London Express. (Canadian Associated Press Cable). LONDON, Feb. 24.—Premier Roblin of Manitoba cables The London Express his objections to the reciprocity agreement in 16 paragraphs, each commencing with the word "because." Amongst the reasons are: "The agreement is not asked for by Canadians; it will injure interprovincial trade; depreciate British capital; impair the value of hard wheat; make more remote the time when Canadian representatives will sit at Westminster to deal with imperial interests along the lines laid down by Chamberlain. The final objection is: 'Because it is in Canada un-British and leads us into ways which we know not to, and end that may be more disastrous than financial loss, namely, the loss in dependence of the Dominion upon the British Empire.'"

ROCHESTER INCREASES CAPITAL

At a meeting of the shareholders of the Rochester mine yesterday, it was decided to increase the capital stock from \$1,500,000 to \$2,500,000. Of the new stock, 600,000 shares will be issued by the directors to the present shareholders at not less than 50c per share. The balance will remain in the treasury.

GOOD ROADS

The county council of York yesterday passed the "good roads" bylaw, giving \$100,000 to that object. So that: Toronto voted \$100,000 Ontario (prov.) voted 100,000 York County voted 100,000

To build the following "good roads" from the limits of Toronto outward:

Miles

Langstaff and Markham Village east	12 1/2
Malton-road, Weston to Malton	5
Total	112

"HAREM SKIRT" ALMOST CAUSES A RIOT IN N.Y.

Blue-eyed Blonde in the New Garb Blocked Traffic on Brooklyn Bridge—Polish Custom.

NEW YORK, Feb. 24.—Brooklyn bridge broke its record as a scene of dare-devil exploits to-day. A suicide or professional bridge jumper never thrilled the throng of bridge promenaders more than did the appearance of a dashing young blonde on the great thoroughfare late this afternoon. She was attired in the new harem skirt—the first of the millions of New York women publicly to venture the new affectation of men's clothes, which has stirred continental cities to riot. It nearly came to that on the bridge to-day.

Pedestrian traffic was blocked by the crowds which collected in her wake, and her bold lead light into newspaper row, postoffice square and down Broadway, finally vanishing into the underground station of the Hudson tubes. The boldest of newspaper reporters, "Fell down" on the story, all balking at the suggestion that some one enquire the heroine's name. There were few who even observed the detail that she was a blonde, that her eyes were blue, and that she wore a black fur coat. The focus of attention was on the split skirt reaching a little below the knees disclosing black bloomy-like contrivances tightly gathered up about the ankles.

Two Polish girls, unable to afford the new Paris fashion, created quite as much excitement by parading the main streets of Williamsburg in boys' clothes to-day, until they had a crowd of 5000 and the police after them. Their explanation that it was a custom in Poland for girls to dress up in their brothers' clothes during the week before Lent, proved to the satisfaction of a magistrate that their disguise was a matter of harmless innocence, and with a lecture on the proper things for girls to wear, he demised them.

TWO KILLED AND FIVE INJURED

Halifax & Southwestern Train Wrecked—Cars Took Fire and Axes Had to Be Used to Rescue Passengers.

HALIFAX, Feb. 24.—The Halifax and Southwestern train from Idleton for Lunenburg was wrecked near New Germany this evening. Two men were killed and five persons were more or less badly injured. The cars took fire and the passengers were rescued thru the roof, which had to be cut. It was impossible to get out by the door. The accident, it is thought, was caused by spreading rails. The engine and two or three box cars went along all right, but the baggage car and passenger car at the rear jumped and fell over a ten-foot embankment, lying on their side.

In a few minutes after the cars fell over, the baggage car took fire, and the flames afterwards spread to the passenger coach, which held 12 persons. Within the baggage cars were four men. Standing on the outside was Orin Sargent, the baggagemaster. He was thrown to the ground and the car fell on him, causing instant death.

People ran to the baggage car and opened the door. They pulled out three men, and thinking that was all, they diverted their attention to the passengers. One had been left, however, and he perished in the fire that burned the baggage car, if he had not been killed in its fall. His name was Look McLaughlin.

Axes were used and the skylights of the passenger coach were cut away and the passengers pulled out. They were seriously bruised, but none fatally injured.

OUR LOVE TO MOTHERLAND

Greater Than Ever Before, Says Hon. Adam Beck at London.

LONDON, Ont., Feb. 24.—Speaking on the reciprocity agreement to a large mass meeting of the city hall to-night Hon. Adam Beck, minister of power, had his own opinion as to the direct effect on Canada, but he preferred to leave it to the press and the people to discuss, and to the wisdom of the government at Ottawa.

"But I will say this," he said, "we are not inclined to annexation in this country to-day, if we ever were before, and our loyalty to the motherland is greater to-day than ever before, and we realize what she is to us to-day. I am a descendant of foreign parents, and I appreciate the fatherland, more than all do I appreciate the land of my birth and the sovereign who rules over it. Come with me and it will all be well with Canadians, and Canada will always be British."

Australia Fears Meat Trust.

LONDON, Feb. 23.—A despatch to The Chronicle from Melbourne says the federal minister of trade and customs declares that the Australian Commonwealth will spare no expense to "oppose sinister operations of the American meat trust in seeking to control the Australian trade."

Drank Carbolic.

WEYBURN, Sask., Feb. 24.—Joseph J. Panek, 39 years of age, from Canby, Yellow Medicine County, Minn., committed suicide here last night by drinking carbolic acid.

MEN'S HAT DAY.

You may be thinking of a new hat to-day. We can only suggest that when you do purchase a hat you will see it bears the name of a big maker on the inside band. The Dineen Company is sole Canadian agent for Henry Heath of London, England, and Dunlap of New York. All the very latest blocks are now on sale—Silks, Alpines and Derby Hats. Dineen stores is open until 10 o'clock Saturday night.

A Successful Musical Production.

The "Three Twins," or triplets, as they appear on the stage, provide amusing features enough to drive audiences into fits of laughter. The play which will be seen at the Princess all of next week is a most successful musical production.

A Hockey Extra of the Sunday World out to-night at 10.30 Get one from the newsboys.

Cricket Big Night at Lakeview Varsity 7 Laval 6 Bowling League Scores

Note and Comment

One of the most remarkable curling matches took place Thursday night at the North Jersey Country Club, at Paterson, N.J. Both teams were drawn from the club members, among whom are numbered some of the foremost curlers in the world.

Lakeview curlers fairly outdid themselves in the form of entertaining the visitors last night at the annual presentation of the single-rink trophy and prizes. Everyone enjoyed himself, and nothing better received than Mr. McKee's final chorus to the tune of "The Heilman's Toast."

There may be an excuse for the method employed by Carroll and Martin, who were carried for the star bout last night at the Metropolitan Club, but the crowd did not know about it. The room was well filled, and, after the exciting preliminary, everyone expected at least as honest a final, but in that they were sadly disappointed, many of the place long before the tenth round. The worst that can be said is that it was as bad as the preceding bouts that have been put on here of late—advertised as a match, and pulled off as a barny.

The crowd was wise, and many of them were hurried at the posturing of the two men. "Oh, you, Doc Roller!" and such like were favorite verbal missiles. It was stated that Carroll had a tired hand, but that was no excuse, it certainly was not mentioned in the press notices.

If Jack Johnson insists on the posting of a \$20,000 side bet by Sam Langford, the man has called to Joe Woodman offering to put up \$20,000 more.

West End Athletics. The crowd was well after the 400 record on the West End track last night. The trial again the distance and weight, and the crowd was well after the 400 record on the West End track last night.

Hamilton Fight Off. The annual meeting of the Canadian Cricketers' Association will be held at the Windsor House on Tuesday evening, Feb. 28. Representatives will be present from the Eastern Cricketers' Association, the Western Cricketers' Association and the Ontario Cricketers' Association.

Hayseed Carnival. Owing to the exceptional demand for tickets, the Hayseed Carnival, which was held in Association Hall by the Boys' Club, Central Y.M.C.A., last night, attracted many patrons who held rush seat tickets were unable to get in the hall.

The Gasoline Exploded. MONTREAL, Feb. 24.—A fire causing damage to the extent of \$20,000 broke out in the Braut Carriage Works on St. Antoine-street, to-night. There was a high wind at the start and the flames spread rapidly to the Rousseau Garage, adjoining the building.

SINGLE RINK PRIZES AWARDED TO LAKEVIEWERS

Curlers Have Enjoyable Time at Lakeview Club—Mayor Geary and Speaker Crawford Present.

The single rink prizes were well and duly presented last night at Lakeview, which club holds the championship curling team of the year. The club hopes was packed with curlers and other prominent citizens. The refreshments were ample and enjoyed by all.

Mayor Geary stated that while his heart was with the winners of the season, he carried a growth against them because of their being on the losing side. He presented the trophy to the winners, and the presentation oration in regard to second award, Dr. Hawke replying for the Lakeview club.

London Curlers Coming. LONDON, Feb. 24.—Five rinks of the Thistle Curling Club will be by special train to Toronto to-morrow to play the Victoria Curling Club. A large crowd of curlers and other will take advantage of the trip.

Sir Martin is Top Weight in Classic English Handicap

According to the estimates of the English handicappers Sir Martin was the best horse which was in the Epsom Derby of 1910, in which he fell when running in a prominent position, and is now the best horse in training on the British turf.

West End Athletics. The crowd was well after the 400 record on the West End track last night. The trial again the distance and weight, and the crowd was well after the 400 record on the West End track last night.

OTTAWA DEFEATED BY RENFREW RENFREW met Ont., Feb. 24.—The crack Ottawa team met defeat at the hands of the local aggregation here to-night in one of the fastest games ever seen in this period. The game at the end of the first period was Renfrew 3, Ottawa 1, and at full time Renfrew 8, Ottawa 7.

CHAMPIONSHIP HOCKEY GAME. A very clean and keenly contested game of hockey was played in the final of the Intermediate M.Y.M.A. Hockey League between Centennial and Wesley, the latter winning by 4 to 2.

EMINENT LAWYER DEAD. OTTAWA, Feb. 24.—J. J. Gormully, K.C., died shortly before midnight last night, after a brief illness from pneumonia. He was one of the well-known legal men of Canada.

HE POSITION. "Life is something of a game, after all," said the cynical person. "Perhaps," replied Mr. Meeking; "but I wish Henrietta wouldn't regard it as a bridge, with me forever playing opposite as dummy."—Washington Star.

THE FERTILE SOIL OF THE CANARY ISLANDS is devoted almost exclusively to the cultivation of the vine and fruits, owing to which about seventy-five per cent of the food consumed must be imported.

Hotel Kraussmann, King and Church Sts. Ladies and gentlemen. German music, open till 12 a.m. Imported German Beers on draught.

Varsity Beat Laval In the First Game Of College Finals

MONTREAL, Feb. 24.—Only the magnificent work of Barker in goal saved Toronto from defeat at the hands of Laval in the first of the college finals of the Intercollegiate League. The half time score was 5 to 2 in favor of the visitors, poor work on the goal line having given good chances for the home seven.

Under new conditions Lynch was induced to return several years later, and in Boston he had his second career in with Doyle. Jack was playing first base for the visitors when Lynch made a close decision in favor of Doyle. Doyle rushed in to the plate and scored the king of umpires roundly, at the same time trying to stop on Laval's feet with his spiked shoes. Lynch, driven to desperation, suddenly lost his self-control and handed Doyle a stiff punch on the jaw.

Out To-night at 10.30. All Newsboys.

GOSSIP OF THE UMPIRES APPOINTMENT OF DOYLE

Noted Kicker Made Serious Trouble With President Lynch Years Ago.

NEW YORK, Feb. 18.—In appointing Jack Doyle to the National League umpire staff President of Lynch made a mistake in the opinion of baseball men. Once a star ball player, one of the game, Doyle was equipped to judge up-to-date methods on the diamond. Having caught behind the bat before he developed into a crack first baseman, he is well qualified to discriminate between balls and strikes.

Doyle was covering first base, that Lynch had an unpleasant experience at the Polo Grounds, where Doyle was umpire in several close decisions until Lynch lost patience and fined each \$100. Davis and Doyle promptly appealed to the New York Club, who had no time in requesting Lynch's removal from his assignment at the Polo Grounds. As N. Young, then president of the league, failed to sustain Lynch, the latter was removed from the umpire staff in spite of protests from players and fans all over the country.

Under new conditions Lynch was induced to return several years later, and in Boston he had his second career in with Doyle. Jack was playing first base for the visitors when Lynch made a close decision in favor of Doyle. Doyle rushed in to the plate and scored the king of umpires roundly, at the same time trying to stop on Laval's feet with his spiked shoes.

Under new conditions Lynch was induced to return several years later, and in Boston he had his second career in with Doyle. WESTON DEFEAT CENTRAL IN THE DECIDING GAME

Are Now Champions of Toronto Hockey League—Frontenacs Win Again—Gossip.

WESTON defeated Carlton-street Methodist Church for the senior championship of the Toronto Hockey League, by 4-2, at Mutual-street rink.

A fairly large crowd witnessed the game, and the ice was in good condition. Weston had considerable more weight than their opponents, but were not as clever stick-handlers.

Carlton scored first, but Weston evened up when the goal umpire held up his hand on a shot that hit the crossbar and went right over.

Carlton questioned Weston's next goal, and had the umpire removed, but on this occasion he was right, the puck being in play. Weston then scored two rather easy goals, and then held Carlton safe, despite the fact that the Church boys had considerably the better of the play.

Queen's Hotel Defeated King Edward. The Queen's Hotel hockey team defeated the King Edward rink by a score of 3 to 1. It was nip-and-tuck until the checking of Graham and Barnes was hit rough but they'll play. The line-up: Whalen; cover, P. Burns; rover, E. Stearns; centre, W. Mann; right, C. Dowd; left, B. Macmillan.

Practically all hockey teams were sold for the Senior O.H.A. game to-night between Parkdale and Argonauts, and the bachelors will be in a tower of strength to his team.

Kingston disposed of Ottawa in the junior semi-finals, and are now ready for either Preston or Orillia.

Varsity Juniors Win. Varsity III, won their game at Port Hope from Trinity College School by 5 goals to 1, and in the replay Kingston defeated the Intercollegiate junior semi-final.

SATURDAY MORNING, FEB. 25, 1911.

THE RAID ON PARLIAMENT AND PEOPLE.

Why do not The Globe and Star explain or justify the conduct of Sir Wilfrid Laurier and Mr. Fielding in refusing to give parliament or the country any effective voice in the tariff bill now before the house?

The house is in committee of ways and means, dealing with certain tariff changes referred to it by Mr. Fielding, but the members can only say, yea or nay. Also there are a hundred or more articles affected, the house cannot alter, amend, compromise or in any way change the contents of the resolutions and the taxes which they impose.

For the first time in the history of Canada, since it achieved control of its own tariff, has parliament been refused the right to modify or amend the tariff bill.

This was one of the chief points of Mr. Maclean's speech the other day, and neither Mr. Fielding, who followed him, nor any of his friends have yet answered the charge.

It is the most high-handed thing ever attempted, and what is worst about it is that as long as Mr. Fielding remains in office, the parliament of Canada will never have an efficient voice in framing our tariff.

This is the most tyrannical exercise of brute majority in the matter of the rights of parliament ever perpetrated in this country.

As we pointed out the other day, all tariff bills heretofore have been introduced to the house by the minister of finance; they were then open for discussion; innumerable changes and amendments were made; deputations were heard; counter deputations were heard; evidence was given; everything was weighed, pro and con; eventually the tariff bill in the shape of a compromise on the one originally introduced was finally passed, signed by the governor. The bill as passed was no more like the bill that was introduced than a sheep dog is like a foxhound. No change to the crossing of a "Y" is allowed in this one.

But there is a still more discreditable aspect of this new kind of tariff legislation and it is this: that the tariff now being put thru the Canadian house and as to the contents of which the Canadian Parliament has not a word to say, was actually written, signed and absolutely closed in Washington, the capital of the United States, largely at the dictation of the president of the United States and his representatives after a short conference with two members of the Canadian Government!

Again we say, never was there such an invasion, not only of the rights of parliament, but the rights of the people and above all the rights of our nationality; and Mr. Fielding may squirm as much as he likes, but this is the issue that the Canadian people must thresh out for themselves and which we believe they will stop this tyrannical act of the government. And as usual, it is men who profess to be Liberals, who lead in this kind of a raid on the rights of parliament, the rights of the people and the rights of the nation. And it is all done because certain public men at Ottawa years ago contracted the fever of commercial union, and have returned to it twenty years after without any warrant from the people, in order to realize a dream that may end in the destruction of Canadian nationality.

Again we ask The Globe and Star to give their warrant or justification of this notorious and piratical conduct in parliament of the Liberal Government.

BUT HERE IS A DEFENCE.

The Hamilton Herald of last night says:

PARLIAMENT IS SUPREME.

It was a strange argument against the reciprocity agreement that W. F. Maclean used in parliament a day or two ago. He held that the negotiating of the agreement was tariff-making; that tariff-making is a function of parliament, and that for the ministers to make a tariff agreement at Washington and lay it before parliament to be adopted without amendment is a breach of parliamentary privilege, is autocratic and in spirit unconstitutional.

The argument will not bear examination. Altho the agreement is not a treaty, it is a bargain, which it took the representatives of two governments to make. But the representatives of the two governments themselves could only make a provisional bargain. They agreed upon the terms, but the bargain itself could be made only by the national legislatures of the two

countries. On Canada's side the agreement cannot come into force unless and until it is ratified by both houses of parliament. If either the house of commons or the senate doesn't like it, one or the other of them can refuse to ratify it, and it perishes. The disposal of the matter is absolutely in the hands of the people's representatives.

If it be objected that the government supporters in parliament cannot be expected to vote against the agreement, for that would be an expression of want of confidence in the government and a breach of party discipline, the answer is that our political constitution recognizes no political parties. Parliament is supreme. If members of parliament vote contrary to their own judgment and the will of their constituents, whatever may be their motive for so voting—whether it be fear or corruption or partisan subservience, or personal malice, or any other unworthy cause of action—that is their own affair and the affair of the electors whom they represent. They are supposed to vote for what is, in their judgment, for the welfare of the country. If they vote otherwise, thru fear of offending the government if they vote according to their own judgment and conscience, they are in the same position as the members of the ancient parliaments, who voted against their own judgment and conscience because they feared to offend the monarch and court.

Parliament has the power to wield, if it desires to wield it. All that the government does in the matter of this trade bargain with another nation is to recommend parliament to ratify it. How can it possibly be a breach of parliamentary privilege to ask parliament to do something that it has the power to do, or to refuse to do, as it pleases?

That is, all tariffs made heretofore by parliament when exercising the power of amendment, of rejection, of alteration, of substitution, as to individual items or to groups of items—such tariffs were unconstitutional and unparliamentary. That the constitutional way is to have them made in Washington and merely submitted to Ottawa for the swallowing process. This is parliamentary, this is constitutional.

Next the criminal code, our railway law, all other laws, will be made at Washington in the same way. The Canadian Parliament will simply do the swallowing.

TORONTO'S WATER SUPPLY.

In the discovery of the fracture in the intake pipe there is a complete justification of the engineers of the waterworks department. The extension of the intake pipe to the middle of Lake Ontario would not have obviated such an accident, the only remedy for which would be the existence of a second intake such as the one proposed. Very hard things have been said about the waterworks department in the past few weeks, and we trust those who said them will have the grace to do what justice now remains to be done, little as that may avail.

The winter has been exceptionally severe, the most severe probably in twenty years, and the impossibility of proceeding with work which is difficult in the calmest and most favorable weather, must now be seen under the conditions which have lately prevailed on the lake front. Storm forces suddenly violent to fracture the suddenly laid pipe would have rendered any attempt to lay additional lengths in deeper water absurd.

We have still to hear from the three great experts, who are to be appointed, and who will, no doubt, listen to all that is to be said about the situation and judge accordingly. The city council should take pains to see that the expert evidence upon which the experts are to form their opinion is carefully prepared. The most important result of the experts' verdict will be to afford the council sufficient backbone and moral sand and grit to order the expenditure of the sums that will be necessary to replace the waterworks in a condition to supply the prospective requirements of the city. We ought to look ahead twenty years, but we will be grateful if the city fathers can anticipate five.

SOLVING MORAL PROBLEMS.

During the past seven years the recurrent visits of Mr. Edward Howard Griggs have added much to the intellectual pleasure and the mental standards of Toronto. He has a peculiar gift of exposition in phases of thought which are usually considered too abstruse for the ordinary man. In the lips of the average expositor no doubt the ordinary man feels that ethics and metaphysics and transcendental poetry are not for him. Mr. Griggs seems to have a different point of view. One would think he reasons it out that any man can understand anything if it is made clear to him. To make a subject clear the expositor must understand it thoroughly.

One might deduce from this that the hazy expositors and teachers do not understand their subjects. They are unable to simplify them because they do not grasp their elements. When they do not know their elements they are hopelessly lost in conveying anything more complicated.

Mr. Griggs has spoken on "Moral Leaders," on Dante, on Shakespeare and in his courses of lectures has made subtle things clear, rough places smooth and crooked paths straight in a way that only those who hear him can appreciate. In his new course on "Faust," he will probably excel himself. The tremendous moral problems involved in Goethe's masterpiece are just what humanity is wrestling with, and scholar and layman and business man alike are concerned in their settlement. Mr. Griggs has much help to give in this direction.

GREAT WEST LIFE ASSURANCE COMPANY.

Any life assurance company that issues new policies aggregating over \$14,000,000 in one year must stand high in public favor. That figure, which by the way creates a Canadian record, was reached in 1910 by the Great West Life Assurance Company and it resulted from an increase in business of considerably more than \$4,000,000 over the result of 1909. This company now carries a very large amount of Canadian insurance, the increase for last year being close on \$11,000,000, constituting another record. Its success in attracting business is not accidental, since it claims and can substantiate by statistics, that its premium rates are the lowest and its profits the highest among concerns of its class.

Elsewhere in this issue of "The World" will be found twelve points suggested by the last report of the Great West Life Assurance Company. They contain in succinct form some of the more important reasons why its business expands in so rapid a ratio. In life insurance as in other lines people naturally look for good profits, and the Great West Company is able to show them, because the interest it gets on its invested funds is 7 per cent. per annum net. Yet its investments are the safest obtainable and are practically confined to real estate mortgages, government securities, and other soundly managed and carefully selected investments. It is able to participate in profits with material advantage, and the company is establishing the correctness of its statements.

Yet its investments are the safest obtainable and are practically confined to real estate mortgages, government securities, and other soundly managed and carefully selected investments. It is able to participate in profits with material advantage, and the company is establishing the correctness of its statements.

DR. CHASE'S OINTMENT. Dr. Chase's Ointment is a certain and guaranteed cure for hemorrhoids, piles, and all other ailments of the rectum. It is a simple, safe, and effective remedy, and is prepared by Dr. Chase, of New York City. See testimonials in every issue of this paper. You can use it and get your money back if not satisfied. See at all drug stores.

A Vest Pocket Camera Which Makes Postcard-Size Pictures

This camera—the "ENSIGNETTE"—is different from any other. With an Ensignette you make clear pictures, postcard size and yet the camera is so compact that it slips into a vest pocket.

UNITED PHOTO STORES, Limited,

15 Adelaide Street East Toronto.

Branches at: Quebec, Montreal, Ottawa

The medicinal value of any kind of liquor depends upon its purity. IF IT'S FROM MICHIE'S IT'S GOOD.

MICHIE & CO., Ltd.,

7 King St. W., Toronto

ESTABLISHED 1835.

fore Mrs. Lafferty went off to visit her young relative.

"Grand in all right," said Mrs. Lafferty, with a toss of her head, "but let me tell you what thing, Mrs. Doan, there was none of their automobile shows, nor trolley cars, nor the like, that looked half so good to me this day when I came around the corner, stepped over the Casey's hop-scotch game and saw the ashes blowing out of Dan Grogan's barrels as they hit the back of the seat. And when the Donahue baby let out that scream of hers I said to myself: 'Praise be! I'm home again!'—Youth's Companion.

History of the Safety Pin.

A historian of invention tells us that the walls of a long suffering infant owe the boon of the safety pin. Here is the story: A little boy named Harrison, an English blacksmith's son, had a brother, after his baby brother. The baby often crying this pinners were usually traced to pin punctures. The boy nurse tried a long time to bend the pins in such a form as they could be used with safety, but his brother's flesh. In this he failed, but his father, the blacksmith, perceiving the utility of the pin that the lad had been at work on, took it up on his own account and eventually turned out the safety pin that is in use to-day all over the world.—Kansas City Star.

"Be It Ever So Humble."

"There's no place like home," said Mrs. Lafferty to Mrs. Doan, as she paused in her tea drinking to cast a glance at her loved possessions, and admire the old stove, polished by neighboring hands till it shone almost like new.

"I suppose 'twas grand at your niece Mary's" ventured Mrs. Doan, who had heard much talk of splendor before Mrs. Lafferty went off to visit her young relative.

FREE TO THIN FOLKS

Send To-day For Free 50c Box

New Discovery Which Was Awarded Gold Medal at Brussels

The Mirror Shows Plainer Than Words What a Wonderful Improvement May Be Realized by a Gain of Even 10 or 12 Pounds.

Lean, lank, skinny, scrawny men and women should take advantage of this ten-day Free offer before it expires. Nothing is more embarrassing than extreme thinness. It is the plump, well-developed man who "cuts the meane" and has the fun socially.

Scrawny, skinny women are seldom popular. We all admire fine figures. No dressmaker can hide a bony, skinny form. Here is a chance to test free one guaranteed reliable treatment which has made good" for years in this country, which has taken England by storm and which has just been awarded a gold medal and diploma of honor at Brussels, Belgium.

Nothing in history has ever approached the marvelous success of this new treatment, which has made more than thirty plump than all the "tonics" and ineffective medicines for fifty years.

There is a reason. Plump, well-formed men and women assimilate what they eat. Thin, scrawny ones do not. This new discovery supplies the one thing which thin folks lack; this is, the power to assimilate food. It renews the "vigor," re-establishes the normal, all in nature's own way. It is not a "fad" or "fad" medicine, but a generous upbuilder.

This new discovery puts on firm, solid flesh at the rate of ten to thirty pounds a month in many cases. Best of all—the flesh "stays put." The treatment is furnished in concentrated tablet form. A week's supply can be carried in the vest pocket.

FREE COUPON.

To the Sargol Company, 424 E. Herkules Bldg., Binghamton, N.Y. Gentlemen—I am a reader of The Toronto World, and desire a Free 50c package of Sargol. In accordance with your generous offer, I enclose the sum of \$1.00 to defray expenses. PIN THIS TO YOUR LETTER.

NEW FAB

Every colic by

JOHN CATTO & SON

NEW DRESS FABRICS

Every day enhances our beautiful collection of Spring Dress Fabrics by reason of its added quota.

The range of colored materials includes nearly all the old favorites with a great many improvements and minor variations of already known weaves.

Only a meagre idea can be gleaned from a list of names, and the only way to realize what our stock holds is to call and look it over, or send for samples.

Here are some fabric names:

- Ripple Cretons, Crepe de Paris, Satin Meters, Satin Cloths, Volles, Etamines, Canvas Cloths, Illusion Stripes, Worsteds, Wide Wales, French Tweeds, Resaldas, Cashmeres, Bollenzes, Satin Maintenances, Basket Cloths, Trigger Cloths, Snowflake Tweeds, File Stripes and Figured Grenadines, Cravenettes, Herringbone Suitings, Honespuns, Marquisettes, Albatross, Armures, Reps, Broche effects, Creponettes, Silk Warps, Crepons, Crepe de Chine, Broadcloths, in full range of staple and fancy shades, etc., etc.

GREYS AND BLACKS

Most exceptional showing of handsome black fabrics, also strong range of greys in worsted, chevot and Saxony weaves, in stripes, black and white checks, broken outlines, pepper and salt mixtures, etc., etc.

WASH NOVELTIES

Charming display of new washable fabrics, including: Madras, zephyrs, gingham (striped and plain), cotton foulards, white madras, delaines, printed cotton volles, etc., as shown in the centres of European fashion.

FOULARD SILKS

A new range of Handsome Double-width French Printed Foulard Silks offering at exceptional prices.

SHETLAND SPENCERS

Just opened a large shipment of Real Shetland Wool Spencers, in all sizes, white and grey. Just the garment to fortify against spring changes of weather.

MAIL ORDERS CAREFULLY FILLED.

JOHN CATTO & SON

15 to 61 King Street East, TORONTO.

A POPULAR APPOINTMENT

A. L. E. Davies to be Director of Music at Metropolitan Church.

The announcement of the appointment of A. L. E. Davies, who now directs music at Trinity Methodist church, to the position of choir-master of Metropolitan church will cause much interest in local musical circles.

Got Father Morrissey's "No. 10"

Just in Time To Save His Life.

Mr. Aylward's letter tells the story: Campbellton, N.B., Feb. 5, 1909. Father Morrissey Med. Co.,

During the winter of 1907, while travelling on the Gaspé Coast, I contracted a severe cold which settled upon my lungs.

After I returned home I wrote to Father Morrissey explaining my case. I received a letter from him with the prescription for his medicine, which could not be filled at the time here.

After one week's delay I received it, just in the nick of time to save my life. After one month's use I felt like a new man.

There is not much time to lose when a cold settles on the lungs. Pneumonia kills within a week. With Father Morrissey's "No. 10" at hand, you don't even have to wait for a doctor. "No. 10" cures all throat and lung troubles. It is a cure for Lung Tonic, and fortifies against future attacks. Trial bottle 5c. Regular size 50c, at your dealer's, or from Father Morrissey Medicine Co., Ltd., Chatham, N.B.

Sold and guaranteed in Toronto. The Broadway Drug Co., cor. Spadina Ave. and College St.; Hennessey's Drug Co., Ltd., 107 York St.; J. W. Wood, cor. Carlton and Parliament Sts.; also The East Queen St. W. T. Pearce, 142 Dundas St. W.; also 12 Dundas St. W. Hooper Drug Co., Ltd., 52 King St. W.

THE WEATHER

OBSERVATORY, TORONTO, Feb. 24. (P.M.)—The weather has been mild in the western provinces and Ontario, and comparatively mild in Quebec and the Maritime provinces. Local snowfalls have occurred in southern Alberta, southern Saskatchewan and the lower St. Lawrence, and in Nova Scotia; elsewhere the weather has been cloudy to fair.

Minimum and maximum temperatures: Atlin, 23-24; Prince Rupert, 22-23; Kamloops, 18-21; Calgary, 20-26; Prince Albert, 26-42; Moose Jaw, 15-32; Port Arthur, 25-41; Toronto, 23-33; Montreal, 23-30; St. John, 15-30; Victoria, 45-50; Vancouver, 34-40; Edmonton, 15-21; Saskatoon, 14-28; Winnipeg, 13-38; Parry Sound, 12-28; Ottawa, 14-22; Quebec, 2-15; Halifax, 4-32.

Lower Lakes and Georgian Bay—Southwesterly winds; fair and mild. St. Lawrence and Upper St. Lawrence—Southwesterly winds; mostly fair and mild, with local snowfalls. Lower St. Lawrence and Gulf—Moderately cold, with light local snowfalls. Western Provinces—Fair; not much change in temperature. Superior—Fresh northwesterly winds, comparatively mild. Western Provinces—Fresh northwesterly winds, with light snowfalls. Eastern Provinces—Not much change in temperature.

THE BAROMETER.

Table with 2 columns: Time, Bar. Wind. Rows include Noon, 2 p.m., 5 p.m., Mean of day, etc.

STEAMSHIP ARRIVALS.

Table with 2 columns: From, At. Rows include Genoa, Liverpool, Trieste, etc.

TO-DAY IN TORONTO.

R. MOFFATT UNDERTAKER

Removed to 571 College Street, Corner Manning and Toronto. Lady in Attendance. Phone College 768.

DEATHS.

MARBLE—At Buffalo, on Feb. 23, 1911, Walter Markle, beloved husband of My Givens, formerly of Toronto. Funeral on Saturday upon arrival of the train at the City Station. Interment in St. Michael's Cemetery. O'DONNELL—On Thursday, Feb. 23, 1911, at his father's residence, Station-road, Mimico, Charles O'Donnell, youngest son of Charles and Catherine O'Donnell, aged 9 years 8 months and 21 days. Funeral Monday, Feb. 27, at 9 a.m., at St. Leo's Church, Mimico. Interment at Port Credit Cemetery.

E. J. HUMPHREY BURIAL CO.

407 QUEEN STREET WEST. Furnerals furnished at reasonable rates. Residence: 555 Spadina Avenue. Private Ambulance.

For a Comfortable Trip to Montreal

Secure a berth in a Pullman sleeper on a Grand Trunk train. The smooth roadbed, laid with 100-lb. steel rails, together with the only double-track line, makes this the desirable route. Four Grand Trunk trains leave Toronto daily, the 9 a.m. and 10:30 p.m. being particularly attractive. The library car to Montreal, also Pullman sleeper through to Boston, while the latter has six or more Pullman sleepers over and both sleeping cars are equipped at 9 p.m., and a through Ontario sleeper. Remember, the Grand Trunk is the only double-track route. Tickets, berth reservations and full information may be obtained at Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto.

Odor of Tobacco.

There is no odor more disagreeable than that of stale tobacco smoke and tobacco ashes. Sometimes a room becomes so permeated with it that it becomes hardly possible for delicate persons to breathe in it. Here is a remedy suggested by a woman who suffers and overcame. Close the room up well over night, with doors and windows tightly shut, and leave in it a large pailful of water with a few wisps of straw. For some reason the water and straw together absorb the smoke and even take up the odor of ashes. Needless to say, all discoverable ashes should previously have been removed and thrown away. By morning the room is odorless and a little airing will cool it out and put it again in condition for use.

Use Gibbons' Toothache Gum.

Buffalo and Return, 52¢; C.P.R., 1-15 p.m., Saturday—Gladstone Bowl-Club.

The Gladstone Bowling Club have arranged for a special excursion to Buffalo, leaving Toronto on the 1:15 p.m. C. P. R. train Saturday. Tickets are good returning all trains Saturday night, Sunday and Monday. Tickets are on sale at all Toronto C. P. R. offices, or may be obtained from committee, Gladstone Bowling Club.

ROYAL Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

Royal Baking Powder is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is more economical at its price than any other leavening agent, because of the superlative quality and absolute wholesomeness of the food it makes.

Mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food. In England, France, Germany and some sections of the United States their sale is prohibited by law. Alum is a dangerous mineral acid, and all physicians condemn baking powders containing it.

The label of alum baking powders must show the ingredients. READ THE LABEL.

LOSSES IN LAKE NAVIGATION.

Few people who travel on the great lakes take a thought of the dangers of navigating those waters and do not dream that the loss to vessels on the lakes compares with those of ocean carriers, and in fact is greater when the number of vessels and the area of water are taken into consideration. During the past six years 167 lake vessels with a carrying capacity of 5,940,000 tons, passed out of existence. The boats that were lost were valued at \$7,627,000. Most of the ships that were total losses during that period were wooden boats, and freighters of that class out little figure in the coal and ore trades.

Since the season of 1906, 23 steel vessels were lost. Three ships of that class were wrecked during the past season. The greatest property loss in the history of the lake trade was in 1905, when 46 boats, with a season capacity of 2,000,000 tons, and valued at \$2,241,500, passed out of existence. In addition to the total loss for 1905, it cost something more than \$1,000,000 to repair and rebuild the boats that were wrecked in the great storm that swept Lake Superior in November of that year. Half dozen steel vessels were lost, and some of them were not released until the following season.

Altho only 15 vessels were lost last season, the property loss was \$1,252,000. The steel steamers Moreland, Pere Marquette and Godfrey made up \$1,005,000 of that amount.—Columbus, O., State Journal.

Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto.

Not Made in England.

While the United Kingdom imported 33,000,000 lbs. of apples worth \$11,650,000, in 1910, the imports of the dried fruit is a negligible quantity. Apples are not dried in Great Britain and the British consumer does not use them to any extent. The dried apples which find their way into the London market come from the United States and Canada, and are sold to cheap boarding houses, low-priced hotels and to firms dealing in ship's stores. One dealer in this country has been said to import in an ordinary year 50,000 boxes of dried apples at \$8 to \$10 per box. The year just closed, however, has been far below the average in this trade, and the imports into London are estimated at 10,000 to 20,000 boxes at a price much in excess of the average figure.—Newark News.

A Bad Lot.

When charged with being drunk and disorderly, and asked what he had to say for himself, a prisoner gazed pensively at the magistrate, smoothed down a remnant of grey hair, and said: "Your honor, man's inhumanity to man makes countless thousands mourn. I'm not as debased as Swift, as profligate as Byron, and as dissipated as Poe as described as—" "That will do," thundered the magistrate. "Ten days! And, officer, take in list of those names and run 'em in. They are as bad a lot as he is!"—London Mail.

Sir Charles Dilke's Republicanism.

In the days of his youth Sir Charles Dilke showed ardent republican tendencies and made many speeches in the House of Commons and throughout the country against monarchy. Perhaps the best comment on the episode was that of Queen Victoria herself. It has been said that Dilke's father had been on terms of intimacy with the Prince Consort. The Queen recalled that she had struck Dilke's hair when he was but a child. "Perhaps," she said, "I rubbed it the wrong way!"—London Standard.

LONG SAULT BILL STILL REQUIRES WATCHING

Government Has Made Representations to Ambassador Bryce—G. T. R. Strike Discussed.

OTTAWA, Feb. 24.—(Special.)—An interlude of the reciprocity debate occurred to-day when the house went into committee of supply. A number of items were brought up, the chief of which was the British discussion on the Long Sault dam project.

Col. Sam Hughes introduced the question, stating that although the bill had been passed in Washington by the house of representatives, it now appeared in an amended form in the senate. As congress seemed to have taken active steps to prevent the passage of the bill, as it was an invasion of rights under the Ashburton treaty, he also stated that the rights under that treaty had been superseded by the international waterways treaty.

Dr. Reid (Greenville) continued the discussion. He complained that while Canada had always observed her treaty obligations, United States had always found an opportunity to evade them. Canadian vessels could not use the state canals, such as the Erie, while armed vessels were stationed on the great lakes, nominally maintained by the States as training ships.

Will Bring Down Correspondence. Sir Wilfrid Laurier replied that the government had made proper representations to Ambassador Bryce, and the correspondence would be presented on Monday.

Now is the time for this house to take action," said Col. Hughes. Dr. Reid rubbed it in a little by saying that prominent friends of the government were behind the enterprise. Col. Hughes remarked that the minister of railways had blushed when the charge was made that it had been the seats of the mighty. The railways thought the Canadian vessels could use the canals of New York State.

E. N. Lewis (W. Huron) introduced his bill for the session, this time to provide a penalty for "baggage smashing." He proposes to inflict a fine on summary conviction of a passenger in excess of the damage done by baggage in handling trunks, etc., or in default, one month in jail.

Hon. Geo. F. Graham said that the railways were liable up to the amount of baggage carried, but he had no objection to the bill having a first reading.

Replying to a question by Mr. Borden, the minister of railways said the contract for the Quebec bridge had not yet been signed. He said that the retirement of Mr. Vautelet, chairman of the Quebec Bridge Commission, on account of ill-health.

The Grand Trunk Strike. On the discussion of the estimates of the labor department, Dr. Reid (Greenville) said that in most sections of the country the government had found that the company got the best of it. It was that way in the Grand Trunk Railway strike.

Hon. Mr. King thought not. Strikes were difficult things to settle. The G. T. R. strike settlement was a fair one. Mr. B. Northrup (E. Hastings) said that the Grand Trunk had not lived up to its strike settlement pledge, and said the government should take the settlement of the strike into consideration. The men were not all back in 90 days, as stated they would be.

Mr. King pointed out that the 90 day clause was not in the written agreement of the strike settlement. But it was thru the influence of the government that Judge Barrett was appointed, and his work had resulted in many adjustments being made that otherwise might have caused misunderstanding.

Dr. Reid asked if the minister had considered the amount of misery caused thru this strike, and thru the failure of the company to take the men back promptly.

Mr. King asked if Dr. Reid had considered the amount of misery that would have been suffered had the strike not been settled.

There would not have been as much for the men to consider as there had been if left alone, thought Dr. Reid. "Who says so?" asked Mr. Nesbitt. "I do," said the member from Grenville.

Mr. Nesbitt thought he had as much right to his opinion as the other member, and he considered that the men had done a worthy act in the settlement they made.

Not Made in England. While the United Kingdom imported 33,000,000 lbs. of apples worth \$11,650,000, in 1910, the imports of the dried fruit is a negligible quantity.

Apples are not dried in Great Britain and the British consumer does not use them to any extent. The dried apples which find their way into the London market come from the United States and Canada, and are sold to cheap boarding houses, low-priced hotels and to firms dealing in ship's stores. One dealer in this country has been said to import in an ordinary year 50,000 boxes of dried apples at \$8 to \$10 per box. The year just closed, however, has been far below the average in this trade, and the imports into London are estimated at 10,000 to 20,000 boxes at a price much in excess of the average figure.—Newark News.

FIRST MOTOR AMBULANCE BUILT IN CANADA.

The accompanying picture represents the first automobile ambulance ever built in Canada. It was made by the T. Eaton Co. Limited, for A. W. Miles, 398 College street, and the chassis was constructed by the Chalmers Automobile Co. of Detroit. The upholsterings are most elaborate, the car being equipped with pneumatic sanitary mattresses, and every appliance of the most approved and up-to-date nature. It is a handsome motor ambulance may be seen at the exhibit of the T. Eaton Co. at the Automobile Show, now being held in the Armories.

ANTIQUITIES AS HEIRLOOMS.

The well-known medieval castle of Kreuzenstein has been made a "Heidelkommis," i.e., entailed in the family of its owner, Count Hans Wilczek, and its contents have been made heirlooms. This is news which will gladden the hearts of all antiquarians, as it means that the unexampled collections of antique furniture, weapons and objects of art of the middle ages will be kept together in their present setting for all time.

Kreuzenstein is a doubt, the most complete genuine specimen of a medieval castle in existence. When the present owner inherited it as a young man it was a ruin, but Count Wilczek has devoted a large fortune to restoring the buildings and furnishing them through down to the minutest detail with furniture and household articles of the middle ages, which he has spent a lifetime in collecting. The castle lies on a hill overlooking the Danube within a drive of Vienna, and is one of the first sights which all distinguished visitors to the capital, such as in recent years King Edward, Emperor William and ex-President Roosevelt, have been taken to see.

A "Heidelkommis" is stricter than its English equivalent, as it cannot be cut off like an entail, an estate can, however, now be tied up in this way only by a special act of the Austrian Parliament, which the lower house is unwilling to pass. The castle has been created for 15 years. This difficulty was got over in this case by the legal device of a so-called "Heidelkommis," and he was permitted by the judicial authorities to give the castle under the entail in the piece of land in Silesia, which was thereby released.—Vienna correspondent London Standard.

Safe Bet. Nebuchadnezzar had taken to the turf. "Bet some woman will bet on me because my name sounds so cute," he cried.

American Stocks. They sell abroad in fair amounts. Any might sell the government. If he dresses were wedding counts. No longer.

But every heffess takes enough. To load a carriage. 'Tis cheaper to acquire the stuff by marriage.

The first man that married the second time was an optimist. The first man that built a house in a suburb was an optimist.

Once there was a man who fell out of the window of a 23-story building. As he passed the tenth floor he said, "Everything's all right so far." That man was an optimist.

And, as for the ladies, they're all members of my club. I let you to gaze at any man, coolly and dispassionately, and then tell me how any girl could love him—if she were not an optimist.

On second thought, I'm convinced that it was woman who made an optimist out of me.

Yours optimistically, Frank Daniels.

Another Modern Miracle Locomotor Ataxia Cured

The Sufferer Had Been Given Up as Incurable by Several Doctors—Hospital Treatment Also Failed—Doctor Williams' Pink Pills Worked the Miracle.

Before the discovery of Dr. Williams' Pink Pills, locomotor ataxia was considered an incurable disease. It has been fully demonstrated, however, that this disease can be cured through the use of these pills, where the treatment is persisted in and the directions carefully followed.

Locomotor ataxia is a disease of the spinal cord, and first shows itself in an inability to stand erect when the eyes are closed, or in the dark. It is characterized by peculiar disturbances of the gait, and difficulty in governing the motions of the legs. One of the commonest and earliest signs is a tired feeling, particularly noted in the knees and ankles. This sensation is provoked by slight exertion, and is not relieved by rest. Often a numb feeling is associated with it, and these two symptoms are always present in the early stages. As the disease progresses, there is an increase in the duration of the numb feelings, covering at times the foot alone, then extending to the leg. The disease is usually of slow growth, and the increase and intensity of the symptoms is not noticed, but its progress is constant and gradually approaches a total lack of feeling in the legs, causing a wobbling gait and an entire inability to govern the steps. As the disease progresses the patient loses all control over bowels and water, and becomes utterly helpless, and has to be cared for like a child.

In proof of the power of Dr. Williams' Pink Pills to cure this terrible malady, Mrs. Sarah Jane Ruller of Antler, Sask., says: "For seven years, from 1900 to 1907, my son James was afflicted with locomotor ataxia. During that time he was treated by several of the best doctors in the west, but their treatment failed to be of any benefit, and he kept growing worse and worse, till finally he lost all control of his limbs, and could not move at all. I had to carry him from his bed to a chair, when as an infant; he lost all control to enable him to sit up. He was as helpless as an infant; he lost all control of his kidneys and bowels, and we daily looked for death to relieve him of his suffering. In 1905 we sent him to the Brandon Hospital, hoping that the treatment there would benefit him. In this, though, we were disappointed, and the hospital doctor advised me to take him home, as they said they could do nothing for him. At this time a friend advised the use of Dr. Williams' Pink Pills. Being willing to try anything in the hope of finding relief for my boy, I bought a supply. In less than three months I noted a slight improvement in his condition. In six months he would walk once more, and from that on the improvement continued, till now he is fully cured and able to do an entire day's work in an ordinary year. London imports 50,000 boxes of dried apples at \$8 to \$10 per box. The year just closed, however, has been far below the average in this trade, and the imports into London are estimated at 10,000 to 20,000 boxes at a price much in excess of the average figure.—Newark News.

Dr. Williams' Pink Pills have done for him is truly wonderful, and I would strongly recommend them to all sufferers, for they most certainly saved my boy's life."

In substitution of what Mrs. Ruller says, Mr. A. E. Steele, the well-known lumber and coal dealer of Antler, Sask., says: "With reference to what Mrs. Ruller says concerning her son's cure by Pink Pills, I have no hesitation in saying that what she says is as truly true in every particular, as I am personally acquainted with the case."

This great cure is not the only one performed by Dr. Williams' Pink Pills. They have brought thousands back to health and strength after some of the best doctors in the country have been forced to give up the case as incurable. Not only in cases of locomotor ataxia, but in cases of partial paralysis, sciatica, acute rheumatism, and many other severe ailments have they been successful. The whole secret of their wonderful success is in their power to make rich, red, health-giving blood—the one essential for good health. The pills are sold by all medicine dealers, or direct by mail at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams Medicine Co., Brookville, Ont.

BIG AUTO SHOW OPENS TO-DAY IN ARMORIES

Greatest Exhibition of Motors Ever
Held in Canada Ready
For Public.

The largest automobile show ever held in Canada and one of the largest in America opens at 1 o'clock this afternoon in the Armories. All of the finishing touches were put on yesterday; every car was wheeled into position; the aeroplanes were hoisted to their places; the pom-poms and Maxim armoured autos escorted to the military section and almost at the same hour the crowd of decorators, electricians, carpenters, and helpers laid aside their tools and surveyed the results of many weeks' careful planning and labor. The Armories interior has never appeared to such advantage, and so extensive has been the plan to make the show the record in its class, that money has

E. M. WILCOX
The man who makes the show.

been plentifully spent in every department, not only in making it a picturesque spectacle, but in the lighting, heating, music tea rooms, lecture rooms and the many other special attractions for visitors.

A Wonderful Change.
Automobile men who were at the Armories early yesterday, and who saw the interior at a disadvantage in its state of semi-completion praised the architectural plan and the ornamental scheme in unmeasured terms. By the co-operation of Brig.-General Cotton in according the use of such an attractive building, careful preparation has been made for the comfort of visitors, the aisles, running like streets through the big array of autos, making it possible to inspect the show in perfect comfort while the installation of furnaces guarantees plenty of warmth, and strings of powerful electric arc lamps will make the place radiant. What is not set aside for the pleasure of sight-seers is devoted entirely to the presentation of motor cars, cycles, motor boats, various accessories and aeroplanes, together with a very important feature of the show, the array of military automobiles. The latter display has enlisted the interest of the Canadian military authorities and one result of the demonstration may be their adoption for the Canadian army, as has been previously hinted.

The total value of the 350 motor cars on view to-day is over \$700,000. Insurance policies not only cover that amount, but the value of the building as well during the run of the show. The cars are of all types, of all makes, and for all purposes in which they have proven their superior efficiency. From the \$600 runabout, to the \$10,000 lavishly fitted limousine is an extensive enough range to allow of hundreds of other grades and kinds at every possible price. Heavy commercial trucks that have demonstrated their improvement over six horses will be on view along with pleasure gasolines and electric cars brought from every part of Canada, United States, England, France and Germany.

An International Show.
In this way the show will be international in character and will demonstrate as no local or even national show could do the remarkable progress of Canada in the automobile industry. This co-operation of foreign makers to assist Toronto Show to a big success is shown by one instance alone. The Cadillac company have sent from Chicago two aeroplane destroyers, a type of army car mounted with a Colt's gun and designed for great speed and destructiveness. German and English makers have forwarded their finest types of motorcycles. The usual customs difficulties were overcome by making the Armories during the week a bonded warehouse, under customs supervision. To excite interest of Torontonians in aviation, a French pilot is on hand with other aeroplanes, one built by Corporal C. L. Richardson of the Second Field Engineers, who has charge of the show's military department.

An interesting night was presented yesterday during the raising of the huge white canvas ceiling in the Riding School which is joined to the rest of the show by a convenient passage-way. The decorators made the ceiling in one piece, 180 feet long, and after spending a half day in the difficult task of assembling the pieces, and attaching the extreme ends to the roof, a few dexterous pulls sent the enormous sky of canvas into place, and completely shut out the upper section of the school, adding greatly to the beautiful effect of the fall decorations.

While the show opens this afternoon, the formal opening takes place to-night. Hon. J. M. Gibson, Lieutenant-Governor, arriving with party at the Armories at about 8.30, accompanied by Mr. Paul J. Miles, President of the Ontario Motor League, with a large body of directors, members and others. The band of the Royal Grenadiers will be present and during the week regular hands will take part every day.

Aviation.
There was a new named Fred. In an aeroplane flew overhead. He has been where it snowed. But his epithet shows that he's dead.

Free Pants today To Introduce Our Big Spring Opening

Saturday the Scotland Woolen Mills Company has its big "Spring Opening." To make the event more noticeable we have decided to give with every suit or overcoat, a pair of pants, absolutely FREE. These may be selected from any goods in the house—absolutely your choice—and thousands of imported cloth from which to choose.

FOR ONE DAY ONLY—this is for one day only. We want you to visit our store, and to bring you here we are making this remarkable offer: **A PAIR OF PANTS FREE WITH EVERY SUIT OR OVERCOAT, AND ONE PRICE—FIFTEEN DOLLARS—NO MORE, NO LESS.**

The goods you will find here to-day are imported from the mills in Scotland and represent the latest patterns introduced in the fashionable centres of the world—Worsteds, Cheviots, Tweeds, and Serges.

You cannot afford to pass this offer. The Toronto Branch of the Scotland Woolen Mills has been a thriving item in the big business, and is only that because the Company has "delivered the goods." The stock this "Spring" is larger and better than ever.

**Your Choice of Any Cloth In the House
Made-to-Order Suit or Overcoat
and Extra Pair of Trousers**

There are two great products for which Scotland is justly famous—woolens is one of them, and we take it that it is the only one in which you are interested. Your great-grandfather appreciated the weaves that come from the looms of the "Heather Isle," as you will to-day should you visit our showrooms.

\$15

Giving you the best that we can turn out in fine wool fabrics at the mills, and putting behind your order the best talent we can buy in the making of the clothes, assures you that you're getting more than "MONEY'S WORTH" when you leave your order with us.

NO MORE—NO LESS

Let us impress you with the fact that we are the "original" Scotland Woolen Mills Co. We claim to have introduced the first Made-to-Order Fifteen Dollar Suit. The goods we sell to you to-day are the same quality of woolen goods that have earned a world-wide reputation for "Scotland Woolen Mills Suitings and Overcoatings."

We have just received a shipment of Spring designs which will be on show to-morrow. We solicit your Spring order now, before the real busy season begins. Come to-morrow and see the new styles. Buy now—this is an offer that may never come again.

The Trousers we are giving away would cost you beyond our doors from Five to Six Dollars.

Don't Miss This Big Chance—A Pair of Trousers Given Away Free With Every Suit or Overcoat—Fifteen Dollars, No More, No Less

The Scotland Woolen Mills Co., Limited

139 Yonge Street, Toronto

Branches: Detroit, Mich., Hamilton, London, Montreal, and Winnipeg

VIEW OF DRY GOODS MEN

Interests Menaced by Threatened Diversion of Trade Lines.

Another of the many speeches aimed at reciprocity was delivered by W. R. Smallpiece, secretary of the wholesale drygoods section of the board of trade, in his annual address yesterday. After reviewing the business of the year 1910, which he declared to be highly satisfactory to drygoods men, especially those trading with the northwest, he said:

"It is gratifying to be able to report that the French Treaty and the withdrawal of the German Surtax already indicate beneficial results; but while reflecting on the benefits of these two advantages, we cannot help but view with anxiety the proposed Reciprocity Treaty between the United States and Canada. "It does not appear that the dry goods trade will be directly affected by the ratification of the treaty, but the tendency, we fear, in the general trade of the country, is the direction of the trade west of the Great Lakes, north and south, rather than east and west. By which the older provinces who financed and paid for the construction of the original railway may be cut off from their rightful benefits in the growing west."

"Toronto merchants have not paid sufficient attention to our north country," he said, "and it is gratifying to know that a movement is on foot to organize a trade extension excursion to the district referred to, and which should be of the greatest interest to all Toronto merchants and manufacturers." The following officers were elected for the year 1911: Chairman, W. R. Smallpiece; vice-chairman, J. C. Douglas; secretary-treasurer, F. G. Morley; executive, J. D. Allen, C. B. Lowndes, J. Northway, J. D. Ivey, J. W. Woods, A. T. Reid, J. Muldrew, A. M. Ivey, Henry Brock, J. P. Watson, A. F. Rodger, R. A. Nisbet, A. W. Allan, J. Macdonald, F. C. Daniel, J. C. Green, Douglas McCull.

A great picture of the immense delegation from the north land that interviewed the Ontario Cabinet last week. The World camera caught this interesting body as they were leaving the Parliament Buildings. Get a copy of this week's Sunday World and see them.

ARTIST AND INVENTOR DEAD

Was a Resident of Brockville—Mother of Late Hon. C. F. Fraser Dead. BROCKVILLE, Feb. 24.—(Special.)—Professor H. T. S. G. Wemyss, a well-known artist and inventor, of Eastern Ontario, died at his home here to-day, aged 84. For a number of years he lived in Renfrew County, teaching school, before settling in Brockville. He was a graduate of Dumfries Academy and Edinburgh University. His widow and two children survive. The death occurred here this afternoon at the age of 88 years of Mrs. John S. Fraser, the mother of the late

Hon. C. F. Fraser, for many years minister of public works in the cabinet of Sir Oliver Mowat. Mrs. Fraser spent practically her whole life in Brockville and leaves four daughters and one son, O. K. Fraser, local registrar and clerk of the high court of Brockville. \$2.10—Buffalo and Return—\$2.10, 1.15 p.m. Train, Saturday, Feb. 25. Excursion train leaving Toronto 1.15 p.m. Saturday, Feb. 25, promises to be a huge success, on account of the number who have signified their intention of taking in the 97th Regiment games, at which Tait and Bonhag are entered in the mile and a half race. Tickets are good returning all trains Sunday and Monday.

Act Quick, Buy Buick Oil Now

Buick Oil Co., 420 Marquette Building, Chicago.
Buick Midway well flowing upwards of thousand barrels daily. Closed contract with Standard Oil Company for hundred thousand barrels. Tank of 2,000 barrels about completed, another will be ready next week.

Los Angeles, Cal., Feb. 24th, 1911.

This telegram shows the company has moved fast indeed, and that it has already arranged for the sale of 100,000 barrels of oil to the Standard Oil Company. This is progress, quick, active and valuable. This means that this company is to-day a producing and a profit-earning company. Each and every question we have claimed for this particular piece of property we have demonstrated by the bringing in of this well. The company will withdraw its shares from sale after the small stock of remaining shares which is left, and it is doubtful if a single share will be offered after this announcement appears. Almost any day now we may discontinue for all time the sale of these shares to the public. This company is now in a position where its future is a demonstrated fact. It is only a question of days until we have another well as big as, if not bigger than, the one we have already brought in, and then there shall be as many as possible until we have a large number of wells upon the Midway 40 tract, where our No. 1 well was brought in.

Earnings to Be \$500.00 to \$3,000.00 a Day

Do you know what this means? It means that each and every well which we bring in will have an earning power of anywhere from \$500 to \$3,000 per day from the sale of its oil. Ten such wells upon this single 40-acre tract mean a production of \$3,000 per day, or \$30,000 every twenty-four hours. This means an earning capacity of \$10,000,000 per year, or, in other words, it will enable this company to show a profit of 200% each year in dividends. You who have bought this stock at 50c per share will earn 400% each year upon your investment, should this earning come to pass. Those of you who bought at 75c—and who now can buy at 75c—will earn 266%. But for the purpose of being conservative let us find out exactly what the Buick Oil Company represents, and what its real future is. The earnings we have computed for you upon the basis of thirty wells apply only to the forty-acre tract located in the famous Midway field. You must remember that this is only one of the pieces of property controlled by the Buick Oil Company. Its 40-acre triangular tract at Maricopa Sunset is, in our opinion, a far more valuable tract than that located at Midway, for all about this triangular forty there are to-day producing valuable oil wells. Here you can see the dirty derricks, which are turning out thousands of barrels of oil and earning enormous dividends for their companies. Here you can see the well drillers at work under the direction of the most expert managers of some of the largest capitalists and corporations in this country. We are very soon to begin work here. Then there is the Sunset Security tract, controlled by this company, which includes 560 acres within its boundaries. Just think, if you can, of the enormous earnings of this tract of land, as we already have seven derricks up here.

Company Now a Producer

The Buick Oil Company is no longer an unknown quantity. No longer is it one about which there is the slightest doubt, or against which the scornful criticisms of competitive companies or ignorant critics can be directed. During the last week this company has been practically swamped with business. Thousands of people who have held back their remittances and their applications sent them in as soon as they saw that the Buick No. 1 well had come in. Telegrams are pouring into this company's headquarters from almost every section of the North American continent. Orders were received last week from far-distant England, and we were compelled to refuse a number of applications from people who wanted to reserve this stock and pay for same sixty to ninety days in advance. We do not know what the price of this stock will be, it is already worth over par, it may go to \$1.00, yes, \$5.00, overnight; for that reason we cannot fill orders on the installment plan after March 1st. We

do not even know whether we will have a share of it for sale ten days from to-day. This property has advanced so far in value that Mr. Buick and his associates, who are now in California, may decide that the best interests of the company would be conserved in the withdrawal of all stock from public sale. Certainly the company is now in such a position that the drilling of its new wells is only a matter of time and expense.

The most conservative business men in this country are now placing their money in Buick Oil. In California, and especially in the oil fields, the Buick Midway No. 1 well has proved the Buick Oil Company to be one of the best-going businesses in this field.

We told you that this stock would go to 75c per share. Many of you doubted this fact, and you held back your applications until too late. You know, and we know, that you are to-day buying this stock at 75c per share, not one of you, but by the hundreds. We told you that this company would bring in this well, and the well is now in, and the telegram above shows that we have already sold 100,000 barrels of oil for future delivery to the Standard Oil Company. We have shown you that this well is a great gusher; that we are only allowing it to flow 1,000 to 3,000 barrels per day, and that the oil men who have visited this well pronounce it not only a great gusher, but one of the greatest that have yet been brought in.

Now is the Time to Buy

We want each and every man who reads this advertisement not to delay or wait one single moment. We have shown you in language that cannot be doubted, in the actual telegrams received from Mr. Buick himself, in the proof and figures of some of the greatest authorities on oil in this country, just exactly what the California oil fields are and what they are producing now, and what they have been producing for years back. We have shown you how our property lies, totally surrounded by some of the greatest oil corporations in the world. The Buick Oil Company is a people's company. It is headed by a man who has demonstrated himself to be one of the greatest inventors of the age. D. D. Buick is the inventor and founder of the great Buick automobile. Buick automobiles have won all manner of prizes and have stood all the tests possible to machinery. They are to-day being sold by the thousands, and the factory which makes them employs thousands upon thousands of workmen. A large majority of the stockholders of the Buick Oil Company are men who run and own Buick automobiles. The name of D. D. Buick anywhere in the United States, Canada, England, or the civilized world in general, means that the company with which he is associated is not only an honorable and just company, but that it is a successful one besides. No longer do our critics assail this company. Buick has made good again, just like he said he would make good on the Buick automobile. It is the ambition of Mr. Buick to make the Buick Oil Company the biggest oil-producing corporation in the world, and the very first well he brought in proves, by one step at least, that he has made good.

Those of you who read these words should make up your minds to buy some of this stock, and to buy as much of it as you can afford to own. We have made the terms for the sale of this stock such that each and every man can meet them. Don't wait a single day.

No Stock Sold on Installment Plan After MARCH 1st

THE PRICE OF THESE SHARES IS SEVENTY-FIVE CENTS—PAR VALUE, ONE DOLLAR

HOW TO BUY THESE SHARES:

\$ 7.50 Down and \$10.00 Monthly for 3 Months Buys 300 Shares
 15.00 Down and 20.00 Monthly for 3 Months Buys 100 Shares
 30.00 Down and 40.00 Monthly for 3 Months Buys 200 Shares
 \$250.00 Down and \$100.00 Monthly for 3 Months Buys 1,000 Shares

NORTH TORONTO'S LOOKS IMPRESS CONTROLLERS

City Beginning to Take Interest in Annexation Question—Prompt Decision Wanted.

Controller Ward and Controller Church made a trip to North Toronto yesterday afternoon, and, in company with Mayor Brown of that municipality, viewed the thriving suburb from one end to the other. All the public buildings were looked over and the town generally sized up by the two controllers.

Controller Ward was most favorably impressed. He expressed the opinion that it was in many respects a better town than the eastern and western suburbs, which had already been taken in. He was free to admit that he had a warm feeling towards the town, but further than that he would not care to commit himself.

The visit of these two controllers was but a start. The mayor and other members of the board will also make the trip, and it is possible that the entire council will also journey to the north before annexation is definitely decided.

North Toronto is in a hurry to arrange an agreement with the city, because they are going to vote on a by-

law for a sewer system on March 13, and they want to know what their chances are for becoming a part of the city before they take the vote.

Controller Ward expressed the opinion that it would be a wise move on his part to vote for a month at least, the part of the northern suburb to delay this vote for a month at least. He would not say that he thought a visit of the city council would result in a creation of sentiment in favor of annexation, but he did say that the Town of North Toronto should be careful not to commit itself on the sewer question until that of annexation was definitely settled.

TETRAZZINI'S ENGAGEMENT.

Altho Madame Tetrazzini does not appear in Massey Hall until Friday, March 3, and then for only one concert, the demand for seats has been unusually large, due to the fact that she is

MADAME TETRAZZINI

The highest-salaried singer, coming soon to Massey Hall.

The world's greatest singer of the present time; that it is her first appearance in Toronto, and last, but not least, she will be heard at a much lower scale of prices here than in other cities. The famous singer, who will soon finish her road tour, will be a guest in Toronto four days next week. She will arrive here Tuesday evening from Cleveland, where she sings on Monday night, and will leave again Saturday night for New York, where she begins her four weeks' engagement the following

ing Tuesday. Tetrazzini gives only two concerts each week, but for these she receives \$500, at least she receives one-half of that amount, the remainder is sent to the United States high court, where it is held pending the outcome of the litigation between her and Oscar Hammerstein.

It is not advisable for those who intend to hear the noted prima donna to delay too long in procuring seats, as Massey Hall can only accommodate so many.

Carnival at Falls.

NIAGARA FALLS, Feb. 24.—(Special.)—The executive committee to-night set July 3 and 4 as the dates for holding an international carnival. Aerobline flights over the falls will be a feature.

WAS TERRIBLY AFFLICTED WITH LAME BACK.

COULD NOT SWEEP FLOOR.

Three Boxes of Doan's Kidney Pills Cured Her.

It is hard to do housework with a weak and aching back.

Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause.

But they can't help it. If more work is put on them than they can stand it is not to be wondered they get out of order.

Weak back is simply a warning from the kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney trouble.

Mrs. N. Larmour, Smith's Falls, Ont., writes:—I take pleasure in writing you, stating the benefit I have received by using Doan's Kidney Pills. About a year ago I was terribly afflicted with lame back and was so bad I could not even sweep my own floor. I was advised to try Doan's Kidney Pills, which I did, and with the greatest benefit. I only used three boxes and I am as well as ever. I highly recommend these pills to any sufferer from lame back or kidney trouble.

Price 50 cents per box, or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. M. L. Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

MOTOR CARS IN TANGLE

Costly Machines, Owned by E. R. Wood and C. Cummings, Smashed.

An inexperienced motorman becoming excited almost caused a tragedy yesterday. As it was a \$5,500 motor car was entirely smashed by a street car near the corner of Davenport and Avenue Road.

The machine, a limousine belonging to Chas. C. Cummings, the well-known real estate man, was leisurely speeding along Davenport, on a grade when the car came round the corner from behind and bumped into it, throwing the auto sideways into E. R. Wood's car, seriously damaging the body of the machine, as well as doing considerable damage to Mr. Wood's car, which was standing at the curb. The tangle was occupied by Mrs. Cummings, and Mrs. Meivin White, both of whom were severely shaken up.

The machine, as estimated at about \$2,000, and that to Mr. Wood's somewhat less.

The motorman in charge of the street car was a new man, not even being in uniform yet, and had evidently lost his head and permitted the street car to bump into the auto ahead of him.

Both of the automobiles are in a very disfigured looking shape.

Use for Spiders' Webs.

It is a fact that the natives of New Guinea use spider webs for fishing nets. They bend the tip end of a long bamboo rod in such a way as to make a loop five or six feet in diameter. They set up this arrangement in the forest where the spiders are thickest and wait for one to weave its web in the loop.

The web has a mesh about one inch square at the outside, which gradually decreases in size to not more than an eighth of an inch square at the center. The native uses this as a scoop net as he stands in the stream and dips the fish out as they come near. It is strong enough to hold fish weighing a pound. The spider which makes it has a body about the size of a small hazelnut, with legs that spread out two inches.

An Ingenious Reason.

Salesman—You'll find these good wearing socks, sir.

Customer—Rather loud—ain't they?

Salesman—Yes sir. But that keeps the feet from going to sleep.—Tit-Bits.

Wars Are Unnecessary.

We are misled by the fiction of the necessity of being prepared for war. Must the state belike the citizen—always in fear of the robber? Must the citizen stand with arms under his pillow and walk with an arsenal in his pockets? The law properly forbids him to carry arms, and we welcome the report that all the religious denominations in the world are getting ready to make it by omitting in a declaration of the world's peace—Leslie's Weekly.

Doctor Told Her She Did Not Have A Pint Of Good Blood In Her Body.

Mrs. Dostie P. Cormier, Middle Sackville, N. B., says:

"In the spring of 1907 I was all run down, and the doctor told me I had not a pint of good blood in my body. I took different remedies from doctors, but they did not seem to do me any good. After having taken a lot of different kinds of medicine, and they did not seem to benefit me, I was almost in despair and did not know what to do until my husband met a lady and told her about my sickness and she told him to try Burdock Blood Bitters as she had received the greatest benefit from using it. My husband went and bought me a bottle, and after having taken it I felt better, so I kept on using one bottle after another until I had taken six in all and then I was 'strong and well. I am positive that my being alive to-day is due to the use of Burdock Blood Bitters. And applying since then I was not feeling very well and had a lot of work to do. I thought I would procure a bottle of Burdock Blood Bitters and after I had taken two I was able to do a lot of hard work all the summer, and I never felt better in my life. In the winter of 1906 I had Pneumonia, and it left me with a severe pain in the left side. Every morning when I would get out of bed I had to sit down for a while it was so painful. After I had used Burdock Blood Bitters the pain disappeared completely. It has also cured me of bleeding piles. I have received so much benefit from Burdock Blood Bitters that you may publish this as it may help others as it has me."

Manufactured only by The T. M. L. Co., Limited, Toronto, Ont.

THEIR GOLDEN WEDDING

Samuel Rose and Wife Celebrated Event by Family Reunion.

Mr. and Mrs. Samuel Rose, 93 Yonge-st., caretakers of Shea's Theatre, celebrated their golden wedding last night. Mr. Rose, who is 73 years of age, and his wife, who is 68 years, were married Feb. 24, 1831, at St. Mary's Hospital, London, England. They came to Canada and have resided in Toronto since July, 1873. A family reunion was held in honor of the 50th anniversary of the wedding.

HABITS OF THE OSTRICH.

Those who manage ostrich farms declare that much diplomacy is required in the handling of the ostrich, which, in more respects than one, is a decidedly queer bird. The ostrich, according to a writer in Harper's Weekly, requires, aside from other necessary qualifications, a master's hand, a strict hand tempered by justice and mercy. Not that the ostrich is at all appreciative of kindness. Indeed, he never becomes thoroughly domesticated, says those who know him in captivity.

On the contrary, the ostrich is haughtily and stolidly irresponsible to kindness, and so treacherous is he when full grown, that his daily attendants never approach him unless equipped with the necessary appliances to bring him to terms when in an ugly or dangerous mood.

The ostrich's chief object in life seems to be to fight on every possible occasion. Indeed, a fight to him is the very spice of things. The male ostrich is not without commendable qualities, however. For instance, he makes but once and forever. Should he, as often happens in the course of a domestic complication, kick his mate to death, he remains true and constant to her memory, never seeking a successor.

In the ordinary phases of domesticity he is attentive and helpful. He digs the hole in the ground that is to serve as a nest, and during the process of incubation, which continues for forty days, he relieves the mother bird in her duties from early evening till late next morning.

A curious habit of the male ostrich is his "constitutional." At sunrise and just before twilight the male birds line up in single file and pace around the enclosure at whirlwind speed until thoroughly flustered up. Then, sudden-

ly arranging themselves in sets, they execute a grotesque minuet with ludicrous gravity.—Newark News.

Nine or Ten Deposits.

"It is expensive to learn to fly," said Clifford Harmon at Mineola. "Your aeroplane costs more than \$500. You must pay a fee of \$500 for tuition and you must deposit, too, about \$500 more for damages. All the damage you do to the machine you learn on must be paid for, and your deposit may easily be eaten up."

"I was talking one day at Nice to an English flyer."

"I learned to fly in a week," I said.

"Oh, nine or ten—"

"What?" I interrupted. "Not nine or ten weeks?"

"No, aeroplanes," said he.

\$3.50 RECIPE FREE FOR WEAK MEN

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excessive unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope, to any man who will write me ever put together.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest-acting combination of the cure of deficient manhood and vigor: failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence, so that any man, anywhere, who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, unbuilding SPOON-POUCHING remedy ever devised, and so cure himself as home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 2933 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain, ordinary envelope free of charge. A great many doctors would charge \$2.00 to \$5.00 for merely writing out a prescription like this, but I send it entirely free.

ORDER C.P.R. TO PROTECT CROSSINGS IN GUELPH

City, However, Failed to Make Railway Contribute as Much as It Wished.

Guelph City, thru Hugh Guthrie, M.P., succeeded yesterday in securing from Chairman Mabee of the Dominion Railway Commission an order ratifying an agreement between the city and the C.P.R. concerning the protection of the crossings.

The city will have to build the bridge to cost \$6500, but will be reimbursed to the extent of 20 per cent. of the cost.

The company will have to install a bell at Allan's bridge road crossing, and will have to provide flagmen for all switchings at this point.

The C.P.R. applied for an order to be allowed to use for switching purposes, certain lands of the Grand Trunk in Guelph.

The Grand Trunk will have to erect a road gate and provide watchmen for day and night.

The city will have to erect a five applications for the protection of level crossings in Peterborough and Raleigh.

The Michigan Central Railway were authorized to divert the highway at Fletcher Station, between East Tully and Raleigh.

The board is waiting for the estimates of the works department before starting in.

Left Large Estates. Mrs. Mary Doel, widow of Rev. John Doel, left an estate of \$44,120.96.

Alleged Perjuror Committed. Lionel Johnston, the witness in the Munro gambling prosecution, who was arrested in the courtroom at the close of his evidence.

Wheat Market Backs and Fills And Closes About Unchanged

Chicago Exchange Holds Steady, But Conditions Show No Improvement—Some Talk of Better Export Business.

CHICAGO, Feb. 24.—Playing for a rally appeared to be the favorite diversion to-day in the wheat pit on exchange.

There was a decided disposition among wheat traders to ignore the weakness of the stock market.

There was a decided disposition among wheat traders to ignore the weakness of the stock market.

THE CANADIAN PITTSBURG

Welland

The Steel City

Watch It Grow

Hon. J. M. Gibson, Lieutenant-Governor of Ontario, says: "I regard Welland as being situated more favorably, with its power facilities, railways and canals, than any other town or city in Ontario, and this situation invites the establishment of the very largest industries. There can be no obstacle to your growth. I believe with the utmost confidence that within a few years Welland's population should double and treble."

We believe Welland will in a few years be the greatest manufacturing city in Canada.

We have for sale a few choice lots adjoining the factory section of this town at from \$60.00 each up, which should double in value in a short time.

We strongly recommend these lots as the best investment, promising the largest profits of anything on the market to-day.

For particulars send Name Address To—

CANADIAN GENERAL SECURITIES CORPORATION LIMITED 39 Scott Street Toronto, Ont.

Union Horse Exchange. Mr. Smith, manager of the Union Horse Exchange, reports conditions of the horse market as being unchanged from those of last week.

Annual Clydesdale Sale. The annual auction sale of registered Clydesdales (imported and Canadian bred) stallions, mares in foal, and fillies will be held at the Union Horse Exchange, Union Stock Yards, March 14, 1911.

GRAIN MEN'S OFFICERS. D. O. Ellis Chosen Chairman at Meeting Yesterday.

There was a good attendance of the flour and grain section of the board of trade yesterday, the principal business being the election of officers for the ensuing year.

They were as follows: Chairman, D. O. Ellis; vice-chairman, G. T. Somers; secretary-treasurer, F. C. Morley.

Executive: C. B. Watts, C. W. Band, A. O. Hogg, John Camrick, Murray Brown, Jas. A. Richardson, J. N. Hay.

5,000 Pairs Women's Custom Grade Boots

the Regular Selling Prices of which are \$2.50, \$3, \$3.50, \$4 and \$4.50 will be sold on Monday at per pair

\$1.95

Fashionable Custom-Grade Boots, with plenty of "snap" and style, clean-cut lines, short vamps, high heels, pointed toes, cloth, suede and dull matt tops. Also conservative and common-sense styles. The leather used in their manufacture was specially selected for flexibility, firmness, fine finish and wearing qualities. Hand workmanship at every important stage in the building has given them those features of fine shoemaking for which their brands are well known. The linings and inside trimmings are of standard quality. We fully guarantee every pair to give perfect service.

5000 pairs Women's Boots, Blucher, button and lace styles, made from patent colt, patent kid, vici kid, chocolate kid, tan Russia calf and suede leathers; some styles have black, grey and brown suede and cloth tops, high New York, Cuban, military and low heels; pointed, swing, medium, college and broad toes; Goodyear welt; fine McKay and hand-turned soles; B, C, D, E and EE widths; all sizes 2 1/2 to 8. Regular prices \$2.50, \$3.00, \$3.50, \$4.00 and \$4.50. On sale Monday, all one price...

The Robert SIMPSON Company Limited

Boys' Suits and Ulsters at Reduced Prices

Notice the reduction particularly; looks as if prices have been divided by two. The young man who wants this Ulster is probably learning to divide and multiply, and it is just for his journey to and from school that this half-priced garment is coming in most useful. These Ulsters are going to be cleared out on Monday. At the price advertised they won't last long, so come in the morning—first come, best choice.

Made from heavy-weight English and Scotch fancy tweed, in brown and grey grounds, self and fancy colored stripes, cut single and double-breasted styles, with military and convertible collars, lined throughout with fine quality twill mohair body lining and haircloth-sleeve lining; sizes 29 to 33. Regular up to \$10. Monday at \$4.95.

Boys' English Worsteds Suits, in a dark brown ground, with stripes, double breast-

ed, with close-fitting collar, nicely tailored and finished with extra quality linings; pants bloomer style; sizes 26 to 30, \$6.75; 31 to 34, \$7.50.

Boys' West of England Worsteds Suits, in mixed grey patterns, with stripe effect, cut from American double-breasted models, slightly conforming to the figure, tailored in the best possible manner; pants-bloomer style, fastened with strap and buckle at knee; sizes 26 to 34, \$9.00.

The Silverware Sale

There is a grand opportunity here to get a further supply of flat silver of the most reliable make known. Notice that the prices are practically halved. Please realize exactly what this means. Let us emphasize it once more:
