British Admiralty Gives Complete Story of Dardanelles Naval Action.

AIRMEN CHASE GOEBEN

Battleship Cruiser Struck Mine Outside of Straits During Engagement.

London, Jan. 22.-The British destroyer Lizard was about two miles from the northeasterly point of the Island of Imbros on patrol duty at 5.20 o'clock Sunday morning when it sighted the warships, Goeben and Breslau (Sultan Selim and Midullu), says an official statement from the admiralty, giving a detailed report of the engagement which resulted in the loss of the Breslau and the beaching of the damaged Goeben.

The Breslau was steaming in northerly direction to the south and east of Cape Cephalo, followed shortly by the Goeben, which was about a mile astern. The Lizard at once gave the alarm and opening fire it proceeded to keep in as close touch as possible with the enemy ships. The Goeben and Breslau engaged the Lizard at about 11,000 yards, shooting over

her without hitting.

shorter range. The destroyer Tigress now joined the Lizard and the two

Meanwhile the British Monitor Raglan had been hit heavily and sank. The smaller monitor, M.-28, which was on fire amidships, blew up and finally disappeared about six a.m. The enemy then ceased his fire and altered his course to the southward.

the men who are protecting the lives and homes of those left behind.

See Pages 4 and 10.

The source to the southward.

Observing trawlers coming to the assistance of the monitors, the Tigress and Lizard followed the enemy. At and Lizard followed the enemy. At 7 a.m. when the Breslau was about six miles south of Cephalo, a large explosion was observed abreast her after funnel. Two or three minutes later three more explosions took place, and at ten minutes past seven she sank by the stern, keeling over as

she went down.
On seeing the Breslau sink. Gceben turned and circled round her once and then continued on a southerly course. Immediately after this four enemy destroyers were sight-ed coming out of the Dardanelles, supported by an old Turkish cruiser. The Tigress and Lizard at once engaged the enemy destroyers, which hurriedly retired up the straits, the nearest one being hit repeatedly and set on fire.

The Goeben continued a southerly course until an attack by British air-craft forced her to alter her course and head for the Dardanelles. In the act of turning. she struck a mine which caused her to settle down aft with a list of ten to 15 degrees. Which considerably reduced her speed. She proceeded slowly up the Dardan-

ben repeadly and obtained two dinew army, from which a number of rect hits when she was off Chanak. The Goe was now in such a dam aged condition that she was steered This subject lately has been agitat- for the shore and beached at the exed in the newspapers, and The Daily treme end of the Nagara point, Mail says the government's decision has been taken in deference to overlighdt house. It has been found impossible to remove the machinery, and the vessel has been the target of submarine and airplane attacks. in England. submarine and airplane attacks. The crew has attempted to save the bigger guns, and the ammunition has been thrown overboard to avoid an explosion. Numerous tugs have arrived off Nagara to assist the beached cruiser.

ITALIANS REPULSE FOE

Reconneitring Groups on Adige Are Beaten, as Well as at Pagare.

Rome, Jan. 22.—The report from general headquarters today says:
"The artilleries carried out persistent and spirited actions in the La-garina Valley, in the regions between garina Valley, in the regions between the Brenta and the western slopes of Monte Grappa and the middle course of the Piave. On the left bank of the Adige enemy reconnoitring groups were repulsed by our fire, and to the north of Pagare were driven back by Italian reconnoitring parties.

CANADA MAY FACE A FUEL FAMINE

Expert Says U. S. Might Keep Coal for Her Own Use.

PEAT A SUBSTITUTE

Bogs Can Supply Nearly Twenty-Six Million Tons of Fuel.

Montreal, Jan. 22.—Warning that Canada may face a fuel famine in the near future was given by B. F. Haanel, chief of the division of fuels and testing, department of mines, in a paper read today at the annual conpaper read today at the annual convention of the Canadian Society of civil Engineers. He pointed out the possibility of a situation arising which would cause the United States to keep her fuel within her own country, and such an emergency might come before long, he said.

HOME RULE FIGHT

HOME RULE FIGHT he said.

Mr. Haanel expressed the belief that

Canada need not be dependent upon the United States for its fuel, as there are large lignite and peat resources in this country which can be developed and converted into satisfactory fuel. He said the principal fuel resources of the Dominion are bituminous and anthracite coal, lignite and peat. The coals are in the extreme east and west, and large fields of lignite and peat are in Alberta and Saskatchewan. He claimed that peat could be economically converted fuel, and seven bogs conveniently situated with reference to Toronto and seven near Montreal could be made to supply from 23,000,000 to 26,000,000 tons of fuel. It was agreed that a committee of engineers should study the develop-ment of Canada's water power.

TWO MILLION FARMERS APPEAL TO PRESIDENT

Lord Rhondda Specifies Two Unless the Existing Conditions Are Radically in the U.S. Cannot Be Equaled.

MUST NOT DRINK MILK

Allowances of Supplies Are Worked Out in Fractions of Ounces.

London, Jan. 22—Lord Rhondda, food controller, has taken drastic measures to deal with the meat shortage. An official order was issued today, applying to all hotels, restaurants, boarding houses and public places, to begin forthwith. It specifies two meatless days weekly—Tuesdays and Fridays, in the London district and Wednesdays and Fridays, and Fridays, and Fridays. trict, and Wednesdays and Fridays in other parts of the kingdom. Between the hours of 5 and 10.30 o'clock in the morning no meat, poultry or game may be consumed on any day and no milk may be consumed as a beverage except by children under ten years

A guest must provide his own sugar for sweetening boverages except that residents of hotels, clubs and boarding houses may be supplied with not exceeding six ounces of sugar weekly for this purpose, if they do not possess ordinary sugar rations.

Minute Indications.

Minute Indications.

The order gives a table indicating minutely, even to fractions, the exact amount of meat, sugar, bread, flour, butter or other fats allowed each guest for each meal for the guidance of hotel and restaurant proprietors in their weekly dietary. Of fats only one-quester ourses may be allowed each quarter onnce may be allowed each guest daily, of which not exceeding one-half may consist of butter and margarine.

margarine.

The weekly allowance for each guest is: Meat, thirty ounces; bread, four pounds; flour, 14 ounces; sugar for cooking, two ounces; butter or fats, 8% ounces.

In weighing, 2% ounces of poultry or game are reckoned the same as one ounce of meat; four ounces of bread are reckoned as three ounces of flour.

HOME RULE FIGHT position in confederation was resumed this afternoon in the legislative expected very drastic measures will be undertaken.

lows Ulster Leader Into Opposition.

CONVENTION GOES ON

Continuance of Sessions Furnishes Good Portent to Well-Wishers.

London, Jan. 22.-Sir Edward Carson's resignation from the war cabinet continues to be the subject of interest and speculation. Belfast messages say that he goes immediately to Ulster for a conference with the local leaders. The Ulster papers take sages say that he goes immediately to Ulster for a conference with the local leaders. The Ulster papers take it for granted that he resigned in order to renew the fight against here.

Changed, They Say Last Year's Production

ASHINGTON, Jan. 22.—An appeal to President Wilson to speed up governmental machinery in aid of production, so as to relieve the anxiety of farmers as to labor supply, credit facilities and seed shortage, was made today in a memorial from the federal board of farm organizations in behalf of more than two million organized farmers.

"If food is to win the war, as we are assured on every side, the farmers of America must produce more food in 1918 than they did in 1917. But unless present conditions are radically changed, increased crops next year are impossible. Under existing conditions we cannot equal the production of 1917, much less surpass it, and this for reasons over which the farmers have no control.

. . . "The chief causes which will in-evitably bring about a smaller crop next year, unless promptly removed by national action, are six in num-

1. The shortage of farm labor. 2. Shortage of seed. 3. Prices often below the cost of

production. 4. Lack of reasonable credit. 5. Exclusion of the farmer from his right and necessary share in the conduct of the war, and
6. Deep-seated doubt whether he can raise the increased crops demanded of him and still support his family and pay his debts.

necessary hands had left the farms. Already great numbers of farms near excellent markets lie idle for lack of a living return. Millions of acres will be wholly or partly idle next summer, because the money to buy seed and subsistence will be lacking. Many of the farmers thus affected are tenants whom misfortune will compel to abandon the farm.

"Comparing their own small earnings with the huge war profits they see on every hand, the farmers have lost confidence that the government understands the needs and difficulties of the farmer. Unless that confidence can be restored, it is useless to hope that we can maintain the food production of last year and meaningless to talk of increasing it."

RUIN TO QUEBEC BY SEPARATION

Sir Lomer Gouin would be the Joshua to bring them to the promised land. Enemy Raid at Rheims Fails—Artillery Active on Banks of Meuse.

Paris, Jan. 22.—The war office communication tonight on the campaign reads:

"An enemy raid on one of our small posts north of Rheims failed under our fire. We raided the German lines west of Navarin Farm. Our detachment penetrated as far as the third enemy parallel, and after having laid waste to the trench brought back about ten presence.

It for granted that he resigned in order to renew the fight against home Quebec was ready, politically speaking. The Belfast News Letter, the leading Carson organ, saws.

"His resignation is Ulster's gain in the struggle that is now before us. We shall enter upon it under his leadership with unabated courage." Lieut.—Col. James Craig, Unionist member of parliament for East Down also an Ulster leader, resigned his position today as lord treasurer of the house in consequence of Sir Edward Carson's action. In his letter to the trench brought back about ten well over 75 per cent, of the taxes of seriously affect the economic situa-

> Would Be Ruinous.
> The cost of military and naval protection would be too much for the Province of Quebec, Mr. Gault continued. The interest alone on Quebec's share of Canada's debt would amount to fifteen million dollars, and would be ruinous. The inevitable result would be annexation to the United States, and Quebec would lose its language, as well as its secular educational system. He said that it was regrettable that reports were circulattinued. The interest alone on Que-bec's share of Canada's debt would amount to fifteen million dollars, and would be ruinous. The inevitable reregrettable that reports were circulated in Ontario that the Roman Catholic clergy in Quebec were not sympa-thetic to the allies, and remarked that these reports should be contradicted. The war in Europe, he thought, should strongly appeal to every French-Canadian. He considered that the Ontario school question had been the first cause of the present difficulty in this country, and he believed that this question would have been settled be-fore now but for the agitation which had been going on since the outbreak of the war.
> Mr. Gault deplored the fact that French-Canadian leaders had not adopted stern measures to suppress the violent tactics of their followers

Restrictive Measures to Check Conscription of Men by War Industries.

ARE TAKEN BY WILSON

Real Labor Needs Will Be Met by U.S. Employment Service.

Washington, Jan. 22.—Measures to check conscription of labor by the war industries and government agencies have been taken by the department of labor. This was announced today after a delegation of Virginia truck growers, headed by Representative Holland, had called on Assistant Secretary Post with a protest that the farmers would lose a million bushels of potatoes this year if the enlistment

of farm laborers by industrial con-cerns were permitted to continue. cerns were permitted to continue.

The delegation was told that the department had already stopped the circulation of extravagant advertisements for men, which are considered detrimental to the government's war program. Industrial plants are being assured that all real labor needs will be met by the United States employment service, in whose hands the distribution of the available labor supply has been placed by Secretary Wilson.

Mobilization of shipyard workers, a department statement tonight said, has been placed entirely in the hands

of the employment service by the shipping board. It was estimated that from now untimes this number of voluntary work-ers is expected to be enrolled during registration week, beginning next

STILL IN FERMENT

Trouble Expected to Come Up Again in Aggravated Form.

RUMORS OF RIOTING

Failure of Offensive Against Italy Causes Widespread Discontent.

London, Jan. 23. - The Austrian premier's conciliatory statement to the labor leaders has had the effect tem-porarily of allaying the ferment among the Austrian workers, but it is feared that the trouble is too deep-seated not to come up again, and probably in an aggravated form. To-day darkness belouds the situation in

were rumors of renewed labor riots to sail from this port.
in Vienna, and Austrian shares fell Barth said that Reis heavily. There is no confirmation as the mitted that Walter Unde and Joseph yet of the report that the Austrian Zeffert had been employed in carry-ing bombs on several occasions to has resigned.

Food Difficulty. The pressure of the food problem now is adding its force to the desire for peace which has been uppermost in Austria ever since the new emperor mounted the throne. The food difficulty always has been more acute in Austria than in Germany, and has been the cause of a deal of friction between the Teutonic allies Palliation of Austrian discontent was Palliation of Austrian discontent was found for a time in the successful offensive against Italy, but that having failed to give the promised results, hope was again founded on the Brest-Litoysk negotiations. The present outbreak in Austria-Hungary seems to be a reflection of intense disappointment at the attitude of the German delegates at Brest-Litovsk, which threatens the peace negotiations.

There is still slender hope for the Austrians in the prospect of peace with the Ukraine, which commands the principal food reserves in Russia; but here again the Austrians fear that the militarists among the German delegates are standing in the way. The Socialists in Austria declare that the worksnen's movement in Austria is spontaneous. There are also signs that the movement is not unwelcome to the Austrian Government. which desires to bring pressure on Germany in favor of peace.

The Veinna Frismdenablatt, the tion. organ of the Austrian foreign office declared recently if Dr. Von Kuchlmann, the German foreign secretary, would not was dismissed, Austria permit the militarist Prince Von Buelov to replace him.

Worthy of notice, altho the militmany, is that almost daily meetings of the fatherland party are being broken up by peace adherents. According to The Weiser Zeitung, one such meeting at Stuttgart had to be closed by the police after the participants had made speeches covering a period of only 15 minutes, owing to the continuous interruptions by jeering and whistling.

An Amsterdam despatch received the acquaintance of some of the alleged plotters. Eugene Reister, one of the dependants, had admitted, actoday, and that the German papers, at Austria's request, were printing no news from Vienna, news from Vienna.

On the Amsterdam bourse there placing of bombs on ships that were

> Barth said that Reister also adpersons known to them as "the west side people."

The fact that these men carried bombs to the west side previous to the sinking of he Lusitanian, Barth said, led to his belief that he had been placed on the ill-fated vessel. Barth testified that after he had gained the confidence of Captain Charles Von Kleist, a German steamship engineer, he told him "all about the making of fire bombs for the desruction of sugar and munition-carry-ing steamships." Von Kleist also told him, Barth declared, that five vessels had been destroped by rfie bombs, and complained that while some of the men in the plot had made considerable money out of the conspiracy, he had not been given his share.

YORK COUNTY -AND-SUBURBS

REEVE T. GRIFFITH IS CHOSEN WARDEN

New York, Jan. 22.—Testifying in Head of York Township Council Becomes Chief Executive of County.

PATRIOTIC GRANT

Councillors Agree to Quarter Million Dollars for Big Campaign.

Reeve Tom Grif-fith of York Township was yesterday chosen to the highest office in the gift of his colleagues, wardenship of

By the unani-mous vote of his

fellow - councillors

as one of the most courtly ever wit-nessed in the historic old chamber, and the felicitations given the reeve of East Gwillimbury were little less

hearty than those accorded the warden. Warden Griffith has been a member of the York Township Council for nine years, climbing steadily up the ladder from councillor to deputy and reeve. He is a native of West York and has always been a most successful farmer, retiring two or three years ago from active life. He is an exago from active life. He is an expresident of the West York Agricultural Society and has always taken a keen interest in every progressive movement. In the county council he served on every important committee, and his judgment is held to be sound.

Another thing the York County Council did yesterday was to unantmously pass a resolution on motion of Messrs. Keith and Gardhouse, granting the sum of \$250,000 to the Toronto and York Patriotic Fund and Red Cross campaign, accompanied with a promise to refer the giving of a further sum to the finance committee of the council.

This action was taken following the visit of Sir William Mulock, Mayor Church, J. E. Atkinson, Senator Nicholis, H. H. Williams, ex-Mayor Joseph Oliver, Col. Dinnick and Nor-

Sir William, who spoke by invitalasted, the duty of looking after the stores each day for the next three dependents of the soldiers rested upon the people and the state. The Co ty of York had last year given \$250,-000 and approximately all this amount had been expended among the needy ones in the county. Sir William said that the action of the city and county of the other parts of the province, and while not suggesting an increased amount, he said the need was neve greater than at the present time. by City Clerk McCarney tonight, the mount, for many years active in poli-nominees being R. M. Hamilton, Find-tical circles here, was shot to death present would be the last appeal, Sin market, who wanted to know if the William said: "With the disappearance of voluntary enlistment and the substitution of a compulsory system, the Patriotic Funds will naturally be taken over by the government and the people of Canada, as a whole, be held responsible for the care of dependents.' A measure to this effect would, he believed, be introduced and car-

> Mayor Church, Col. Dinnick, Norman Sommerville, and J. E. Atkinson principal command. As this Austrian spoke briefly, Mayor Church suggest-Slav enjoys a reputation as a defen-ing a grant of \$400,000 to be spread over two years. Following this the vote was taken with the result stat-

There are only five new faces in British airmen dropped two tons of front by at least 150 miles. This are Messrs, McCutcheon of King, Fairbairn of Leaside, Gardhouse Etobicoke, Mitchell of Markham and Rout of Holland Landing.

There was a big crowd of visitors to see the inauguration of the new warden, among them no less than ex-wardens, including W. J. Hill, D. Evans, R. J. Bull, Alex. Baird, W J. Knowles, Jonathan Nigh, W. H. Pugsley, Arthur Pugsley, George S. Henry, J. A. Cameron, "Sandy" Mc-Murchy, and J. G. Cornell, the retiring warden.

Miller, secretary of the Retail derchants' Association, w'll address the neeting of the Earlscourt Business Men's association in the Belmont Theatre, West St. Clair avenue, this afternoon, when the 5th Field Ambulance, which he organized. He served for fifteen months in France with the ambulance, and then was given command of he proposed early closing movement, a t will affect the Earlscourt district, wil

No. 2 Hospital at Boulogne, France. U. S. AVIATORS MAY LOSE EXTRA ALLOWANCES

Flying in War Time is Considered Less Dangerous Than Infantry Service.

Washington, Jan. 22.—Discontinuance for the duration of the war of the extra pay allowances for men in the aviation service is under consideration at the war department. The extra pay was provided on the theory that aviation was the most hazardous branch of the service, but casualty figures of the allied armies show that while flying in peace-time is relatively the most dangerous, in war it is safer than the infantry and ownship.

Kent—W. A. Walters, Howard Tp.

Lambton—W. A. Annette, Brooke Tp.

May Not Export From Canada Any Sugar, Seeds, or Feed

Ottawa, Jan. 22.—In future no exportation from Canada of sugar, farm or garden seeds, or bran, shorts or middlings from grains will be permit-ted except under license from the food controller. Revised instructions have been issued by the commissioner of customs to collectors at all ports of exit that shipments of small value must not be licensed by endorsement Donald Nicholson of this city, Union on the usual shippers' export entry, candidate for Queen's at the last when such shipments include any of when such shipments include any of the commodities enumerated.

In the case of bran and shorts this action was taken as a result of information that at certain points on the frontier persons were taking feed into the United States on farmers' vehicles dealers, who are going to put up a fight for a more equal allotment of coal to Galt, since Honorary Fuel Controller Harris states that they have not made energetic effort to get for his colleague, Martin, and him-self. This, taken in connection with probabilities of the overseas vote, inor sleighs, securing large profits on coal. Only one car of pea coal their operations.

Big Clearance of Women's Suits, Half-Price, \$8.25

Made in Attractive Styles of All Wool Men's Wear Serge No need to extol the value, for at half-price it is self-evident. And every woman who knows anything about the present cost of serges knows that you could scarcely buy the material for the money. You could scarcely even get the suit made for so small a sum. Prices of materials and labor are continually increasing, so the offering takes an added value. The coat has a convertible collar, pointed pockets, and belt all ornamented with silk saddle stitching, is lined with a good sateen and warmly interlined. The skirt is plain with a little fulness at the back. Colors navy and black. They must be disposed of to make room for the new goods which are arriving, but it will most likely be many a long day before there is another opportunity of securing all-wool serge suits at such a price; so make

300 Corduroy Skirts, Half-Price at BARGAIN DI.30

An Offering That is Truly Extraordinary Even as a Sale Special

JUST STOP TO CONSIDER the present price of corduroy, and you'll realize what a really splendid offering Why, you'd find it almost impossible to get the material for the money. And the quality of the corduroy is really surprisingly good, while the style, as you may see from the sketch, is smartly simple, with its two pretty pockets and a little fulness beneath the belt at the back. It is a skirt, in fact, that will give you more than the ordinary \$1.98 worth of wear, and being well cut, it will look smart till its last day. The colors are pretty, too, Copen., brown, navy, green and black. Waistband 23 to 30. In view of the immense value, it is

well to impress upon you the necessity of coming early. Sale price, 1.98 HERE AGAIN the price scarcely covers the cost of material. Sweater Coats that you'd choose for a very cold day, either to wear in the house or under a coat, and made in heavy jumbo stitch, with roll collars and two pockets. Colors, cardinal, grey, Copenhagen, brown and navy. Sizes 36 to 42. Such values are few and far between, and if you need a "hardwear" sweater, you'd scarcely 198 do better. Remember, though, to come early. Sale

Ribbed Cotton Hosiery, are fleece-lined, seamless and elastic fitting. Sizes 61/2 to 10, 3 pairs for \$1.25; or, Great Price Reductions on Women's

FOR SOME DAYS past special prices have prevailed in each and every department of the Store, for stock-taking is upon us! Today is the final day of inventory, and in order to reduce stock, a great majority of Neckpieces and Muffs in the department have

been reduced to but a fraction of their former price. Fox and mole in particular offer a splendid opportunity to invest in smart furs to finish out the latter half of this blustery winter. Thus.

AMONG THE NECKPIECES and Muffs of fox are dozens of

exceedingly smart pieces cut from soft, rich skins in the new shades of taupe, Georgette, Poiret, Yukon, deep brown, cinnamon, red and the ever-popular black fox. Their shapes are as varied as their colors in both muffs and neckpieces, but the quality throughout is of the very best. Stocktaking time has necessitated the ruthless use of the blue pencil, and they have all been marked at very much less than their earlier price. At these reduced figures their prices range

NOTEWORTHY VALUES PREVAIL also in Neckpieces of electric seal (dyed seal rabbit), glossy black in color, silky in texture. They are cut in smart, pull-through fashion or in straight-cut stole shapes. Lined with silk and satin. They are greatly reduced, some to half-price, at 5.75 to 15.75

FIREMEN'S BENEFIT **FUND IS ADJUSTED**

Board of Control Sends Recommendations to Council Which Look Promising.

CITY ASSUMES SHARE

Firemen Will Increase Contributions to Seven-and-a-

force to increase their contributions to seven per cent, of their annual sal-

aries.
4. A regulation requiring all new men on joining the force to become members of the fund and pay nine and one-half per cent of their salaries to the fund

5. The city to assume control of the fund by a majority on the benefit fund committee, which would consist of the city treasurer, the city solicitor, a member of the board of control, the fire chief and a representative elected by the firemen. 6 A revision of the benefits. No

officer of the fund could, on retiring, draw more than \$1500 a year pension. Board is Unanimous. The members of the board of control were unanimous in their decision, and the members of the fire department expressed themselves as entirely sat-isfied with the arrangement. "I am glad the city is going to take over the fund. It has caused more friction in

the department than any other one thing," said Chief Smith. me revision of the amount to be paid by the city will be necessary, as the investigation of the city treasurer was made in 1916. The amount of the deficit has increased slightly since then, but Mr. Bradshaw promises to have the figures revised before the next meeting of the city council. Under the present estimate the city's annual contribution during the next 31 years will be increased from \$8750 to \$19,-543, in addition to the salary centage, which would amount to \$9025

A long discussion preceded the adoption of the finance commissioner's report. Mr. Bradshaw opened it with resume of the attempts to reform "The city is not legally responsible to the men for anything," he stated in conclusion. They organized the fund thomselves many years ago without consulting the city."

are legally responsible or not we must keep the fund going, especially in war-Forced Into Fund-

Controller Maguire: "In 1902 Mayor Clarke told the firemen that they must either come into the fund or stay out of the department. That makes us orally if not legally responsible. Mayor Church: "If we disbanded the fund we might be liable for damages from the men.".

W. D. Slaght, secretary of the present committee, stated that about forty members of the fire department were not members of the fund. They had been taken on during the regime of the late Chief Graham, but had not been taken into the fund because the were over the age limit of 26. At present, however, no one was being placed on the permanent force who was over the age limit for the benefit fund.

Controller McBnide suggested that no man be attached to the force unless he would agree to pay nine and onehalf per cent of his salary to the benefit fund. "Could you get enough men to fill your needs with that provision attached?" he asked the chief. "I could get all the men I wanted despite that provision," answered Ohief Smith.

Capt. Fox stated that the majority of the men were in favor of paying the extra two and one-half per cent providing the city assumed a portion of the expenses.

SERGEANTS' MESS MEETS Queen's Own Rifles of Canada Non-coms Elect Officers.

There was an unusually large attendance at the annual meeting of the Sergeants' Mess, Queen's Own Rifles of Canada, held last evening in their mess rooms, 48 University avenue. PORTABLE SCHOOLS NOT SATISFACTORY

Are Hard to Heat, But Toronto Has Many Scholars Who Must Be Accommodated.

Special taxes of all kinds, including a poll tax and levies on ice cream stands, on wagons, on electricians, on cemeteries, fees for the use of parks for sport and an all round increase in license fees are the chief recommendations made by the finance commendations made by the finance commendations for increasing the city's revenue, which were adopted by the board of control at a private session on Monday. Most of the new sources of revenue will have to meet with the approval of the legislature before they can be put in operation.

The commissioner recommended a \$3 poll tax on every male person in the city between the ages of 21 and 60, but this was raised by the board to \$4. It is also proposed to levy an income tax on profits of corporations who at present pay only a business tax. Pollec court fines, which are at present shared with the province, should be handed over entirely to the city treasurer, says the report.

Other recommendations are: to double registry fees, to make the of the like working for the campaign.

> If I understand correctly the newspaper discussions which are taking place in certain parts of the country on this question and the objection which is being brought forward by the honorable member for South York (Mr. Maclean), the only thing of which com-plaint is made in regard to the increase of capital is the disposition which the company proposes to make of the additional number of shares by distributing those shares among their shareholders at a figure less than the present market price of Canadian Pacific Railway stock as bought or sold in regard to which it seems to me unnecessary that I should express any opinion one way or the other. I shall not discuss it beyond stating this: That no device of this nature which a company can apply to its financial affairs will enable that company to increase the amount of its wealth.

We may pursue this subject further on future occasion, and trace that wild \$65,000,000 or \$265,000,000. No matter what Canada's deadliest enemy has been the happens, rain or shine, come day, go day, ghost of single tax. It has successfully holders of the Canadian Pacific should the C.P.R. stockholder must get 10 per not receive a perpetual dividend of 10 cent. from the people of Canada, world decay. On grounds of both good faith his recovery. per cent. upon their stock in case of without end, Amen. We are not prepared and expediency it will not transcontinen nationalization. A great deal of that to swallow this without looking, and we talize the Canadian Pacific." stock was issued either to retire 4 per ere not quite sure why The Globe is so cent, debentures or to raise money that anxious to ram it down the throats of women of all ranks who have worked on a level in the munition faced on a level in upon deaf ears. The Globe, we believe. The World or the péople will confiscate, whole of the Laurier regime it had not a should read up, and then print the story sleep.

day amounted to \$500,000,000, instead of \$265,000,000, would The Globe still stand out for its ten per cent, dividend? If the capital stock amounted to only \$65,000,000, instead of \$265,000,000, would The Globe still say that the stockholders should receive a ten per cent, dividend, no more, no less? We think it is up to our neighbor to explain why ten per cent., and only ten per cent., should be the dividend paid to stockholders of the Canadian Pacific Railway Company in case that road be taken over for a time, or for all time, by the people of Canada.

And in the meantime our readers may discover an able ally of The Globe in its advocacy of the cause of C.P.R. shareholders as against the Canadians who have to pay the freight rates-and now the Canadian Pacific Railway Company about to be increased-in the following of power to increase its capital stock choice editorial from the organ of the plunderbund of Wall Street, set out in

SUFFICIENT ROOM FOR WOUNDED MEN

Director of Military Hospitals Commission Tells of Accommodation.

ROUND UP DEFAULTERS

Over a Hundred Recruits Examined at Mobilization Centre.

B. A. Armstrong, director of the military hospitals commission, stated definitely yesterday that the commission has ample accommodation in the province for the returned invalided

There are 1,171 hospital beds availsble for returned soldiers, and not occupied, in Toronto military district, these comprising 160 empty beds at Whitby, -203 at Burlington, 409 at (Juelph, and about 400 at Cobourg.

The policy of the Army Medical Corps of concentrating the returned men in Toronto is the root of the overcrowding trouble. The A. M. C. authorities hold the returned soldier patients in the three hospitals in the city instead of distributing them even ly among the hospitals of the military district. The claim is put forward by the A. M. C. that it is necessary to keep the soldiers in Toronto because they require observation by Toronto specialists. As the hospitals commission does not control the medical service of the hospitals it furnished, it is impossible for it to step in and rearrange the location of these patients.

Round Up Defaulters.

Acting under instructions from Ottawa, rounding up of the defaulters under the Military Service Act in Toronto district commenced yesterday under the direction of the district military provost-marshal. The checking over of the lists of defaulters has not been concluded, but it was decided to proceed to appreciate the decided to proceed to apprehend the men whose names appear on the list first compiled, it being pointed out that men who can show valid reasons for not reporting will, of course not he arrested be arrested

The draft of members of the Canadian Officers' Training Corps, recently selected for transfer overseas, will within the near future be starting eastward. Announcement is made, however, that 12 members of the draft are to be retained in Toronto district so that they can be used as conducting officers, everyseas, going conducting officers overseas, going with parties of men called up under the Military Service Act.

Recruits Attested. One hundred and two recruits were examined yesterday by the Toronto Mobilization Centre, of whom 63 were accepted. They were enroled as follows: Central Ontario Regiment, 28; Flying Corps, 25; Military Police and Railway Construction Corps, each 3; N. C. O. Training Company, 2; Guards and Ordnance Corps, each one.

Lieut. H. G. Brunton, formerly of the 4th Battalion, has been detailed for duty as adjutant of the permanent conducting staff in Toronto Military District. Lieut. C. J. Miner. A.M.C. has been raised to rank of captain Lieut. G. W. Harris, late 15th Battalion, has been appointed to the 1st Battalion, 1st Central Ontario Regi-

BRITISH WOMEN AIM AT PEACE ATTEMPT

Nottingham Conference Delegate Sends Invitation to Germany.

BACK LABOR OBJECTS

Resolutions Also Support Proposed League of Nations.

Nottingham, Jan. 22.—At a conference of British workwomen here, a long resolution on the peace settlement was moved on behalf of the executive committee of the organization by the treasurer, Mrs. Ada Solner of Lon-

ances. She congratulated the government on the resignation of Sir Edward Carson, whom she regarded as too warlike.

In speaking with reference to the women of America, she said: "It is particularly fitting that we who have just won the franchise should feel ourselves thus drawn closer to the women of the United States, many of whom have had it for some time. It is an excellent occasion for us to urge upon our sisters in America how much they and we can do toward the realization of the league of nations which will make war impossible. Let us both, then, resolve to continue without ceasing to press upon our respective governments that no peace will be satisfactory to the women of England and America which does not provide for such international peace arrangements."

Aviator Five Times Shot Down

And His Observers Killed

And His Observers Killed

Special to The Toronto World.

Woodstock, Jan. 22.—Lieut. Leslie Dickson arrived home from England last night on furlough. He went overseas eighteen months ago and has been with the Royal Flying Corps in France for some months. He has had many thrilling experiences and narrow escapes. On no less than five different occasions he was shot down, and on each occasion the observer accompanying him was killed. The falls resulted in Lieut. Dickson receiving serious injuries from which he is still suffering.

He went overseas with a draft of officers from Camp Borden, and was attached to the Flying Corps in England, His home is at Holbrook.

"UPSTAIRS AND DOWN" **EVENING OF LAUGHS**

Well Staged and Well Played Comedy Seen at the Royal Alexandra This Week.

"Upstairs and Down" was worth waiting for. The only pity is that Frederic and Fanny Hatton didn't Frederic and Fanny Hatton didn't concoct it sooner and that Oliver Morosco didn't serve it up earlier to the hungry first-nighter. A crowded house at the Alexandra Theatre last night testified that the disappointment Monday, when the company didn't show up in time, was all forgotten, for every one settled back comfortably to enjoy an evening of solid laughs. "Upstairs and Down" has many

points in its favor—the author, the producer, the company and the play itself—but the title should not be overdon. In her speech she also invited the women of Germany to join in the movement, saying:

"Surely our sympathies ought to go to many women in Germany, for they have suffered even more than the play and the play and the play sails. It proves that both are human beings, they have suffered even more than the play and "Upstairs and Down" they have suffered even more than we, and most of them are as desirous of peace as we are."

The resolution supported the labor war aims memorandum in full, denounced all private ownership of armament manufacturing concerns, and demanded the limitation of armaments to a police basis and the abolition of conscription.

Mrs. Solner supported President Wilson's statements generally regarding peace conditions, but declared herself suspicious of some of Premier Lloyd George's recent utterances. She congratulated the government on the resignation of Sir Edward Carson, whom she regarded as too warlike.

Queen's - 9 St. Patricks 7

District Cup Final Today

Results at **New Orleans**

IRISH IN CELLAR; **QUEEN'S WINNERS**

Kingston Team Came From Behind to Get Verdict in Senior Game.

Poor old St. Patricks. The Irishme opped into the cellar of the O.H.A.

race with a loud thump last night. Ending the first period the Irish battlers had a 3 to 1 margin over Queen's and looked as if they would breeze home. The Kingston outfit suddenly came to life, piled up a lead and waltzed away with the verdict, 9 to 7. The "knowing ones" were laying five to one that the Irish would win before the game and were laughing up their sleeves when anybody bit.

It was not good hockey. Both teams were poor at the passing game, and there was a lot of loose work around the net. The same old trouble beat the Saints. They had a barrel of chances, but could do nothing with the rubber when inside. Fox rushed dozens of times, but his shooting was off color. Adams had the same fault, and the whole forward line failed to take time with their shots.

the same fault, and the whole forward line failed to take time with their shots.

It was a spirit of "keep plugging" and wait for the luck to turn that got the Kingston University the verdict. They opened up the second round with a determination to win and kept right on going until the goals came. Every Queen's man was right on with the shot and when Crooks fell down on some long ones the rest came.

The defensive work on both sides was not up to the average. The forwards tore in time after time and only hurried work stopped a larger score.

At the end of the first period the Irishmen had a three to one lead. Queen's ran over St. Pats in the second round after the first five minutes and scored seven goals while the Toronto team was getting two. While St. Patricks came back in the final round and outscored the visitors two to one, they could not cut down the lead.

Purvis and Paul were best for the winners, Purvis rushed repeatedly in the second and third periods, Millan was good, and the goaler, a new man, was fair. Sullivan checked well for the Saints, and Fox and Adams rushed often. The team play was lacking, but the boys made up for it by their earnestness.

The train from Kingston was four hours late in arriving, and it was an hour after the scheduled time before the game got under way.

The teams:

St. Patricks (7)—Goal, Crooks; defence, Fox. Adams; centre, Sullivan; right, Muston; left, Mullett; sub., Quain.

Queen's (9)—Goal, Legault; defence Millan, Purvis; centre, Stinson; right, McCuaig; left, Paul; sub., Taft.

Referee—Lou Marsh.

The summary:

—First Period.—

1 St. Patricks Muston:

200

Two junior fixtures will be staged at the Arena today. In the afternoon St. Michael's College and St. Andrew's hook up in a prep college group game. St. Michael's displayed excellent hockey in their first two fixtures and will be favorites this afternoon. The youngsters in this group have surprised the fans with the brand of hockey displayed.

De La Salle, who staged the great over-time game with Aura Lee on Saturday night, meet Beaches in a junior contest at night. If Beaches should turn in a victory it will put Aura Lee right back in the running. The Irisimen cannot afford to take a chance and will put their strongest team on the ice.

East Riverdale will meet McCormick in the first game of the Senior Ladies' Playground League tonight on the East Riverdale Rink. The team for River-dale will be: Goal Miss Brown; defence. Misses Powell and Green; rover, Miss Ray; centre, Miss Haacke; right, Miss C. Walford; left, Miss N. Walford.

. 9 St. Patricks

This was the subject of a very fine paper read by Mr. L. Watson, of the civic playgrounds, before the Toronto Physical Education Society at Central "Y" on Tuesday morning. The speaker said that playground equipment pales into insignificance beside the need of special "equipment" on the part of the supervisor, which should include personality, that gift which attracts others and makes leadership possible, executive ability, tactful methods of securing discipline, common sinse, courtesy, unlimited patience, robust health, enthusiasm, technical training in games, folk dancing, story-telling, etc. While organizing baseball and other sports for the older boys the supervisor should not neclect his

BASKETBALL GAMES FOR GALT DISTRICT

Gait, Ont., Jan. 22.—J. T. Carley, physical director of Galt Y.M.C.A., and convenor of this district of the Ontario Basketball Association, announces the following schedule of games:

Jen. 25—Stratford at Guelph.

F.b. 1—Guelph at Galt.

Feb. 8—Stratford at Galt.

Feb. 15—Gait at Guelph.

Feb. —Guelph at Stratford.

Mar. 1—Galt at Stratford.

GETS THE GATE.

Schedule of Games at General Meeting.

tary units in the city met in the Red last evening for the purpose of complet-ing arrangements and electing officers for the carrying out of the schedule of

The Old Country Football Club held their banquet in the church hall, Dunn Avenue Presbyterian Church. A large number of members and friends turned out to enjoy the evening's fun. Songs were rendered by Mr. Art Davies and A. Andrews; also Mr. J. Davidson, the latter's song, "sussex By the Sea," being well received; duet by Miss Graham and Miss Andrews. Mr. A. Campbell gave some fine violin selections, and the rest of the program was of a high-class order. After the concert everybody satom to tea, and this is where the staying powers of the Old Country players come in handy. Mr. Mitchell, president, gave a speech and Mr. McGewen, treasurer T. & D. League, was a welcome visitor. The rest of the evening was spent in playing games, and when it was all over everyone was sorry, so good had the evening's fun been.

CUP MEDALS TO ULSTER. Ulster United will present their Bridgen Cup medals tonight at their euchre and dance, to be held in the Orange Hall, corner Euclid and College streets; also six special medals donated by the committee for the most consistent players during the season just finished. Cards will commence at 8.30. There will be dancing at 10.

BRIGHTON BEAT TRENTON.

Brighton, Jan. 22.—By a score of 13 to 1 the Brighton hockey team defeated the Trenton Riverdrivers in an interesting game. The score at the end of the first period was 7 to 0. The ice was in good condition and the game fast, notwithstanding the disparity in the scores. Following was the line-up:

Brighton (13)—Goal, McCracken; defence. Strong and Markle; rover, Jones; centre. Brent; wings, Cheer and Ross; substitute, King.

Trenton (1)—Goal, Choinard; defence, McCauley and Firman; rover, Larmoore; centre, Brown; wings, Dafoe and Allire. Referee—Hourds of Trenton.

Fulton Fought Miske With a Broken Hand

St. Paul, Jan. 22.—Frank P. Thompson, chairman of the Minnesota Boxing Commission, gave notice today that the commission would investigate reports that Fred Fulton fought with a broken bone in his hand in the match with Billy Miske here Friday night. Thompson said if the commission was satisfied that Fulton went into the ring knowing the bone was fractured, he would recommend that was fractured, he would recommend that the boxer be barred from Minnesota bouts. The statement was made by Dr. Edward J. Clarke of Minneapolis, that cocaine he gave Fulton to ease the pain in his hand rendered him unable to make a better showing.

Lewis and Bartfield in Main Cabinet Decided Against Pub-Bout at Massey Hall -The Program.

soldiers. The first bout is carded to get under way at 3.15 tonight, and it is expected that the largest crowd that has attended a boxing show in Massey Hall will be on hand. Major Marsh will be the referee. The main bout will be staged last and will be one of ten rounds. Lewis is taking the chance of losing the title by the knockout route, and Bartfield will make every effort to put over the sleeper. Bartfield has met Lewis on three occasions and the welter champion has been hard put to keep the soldier from landing the right one on two occasions. Bartfield is the only welter in America, who has any chance to win the welter crown from the clever Britisher.

SNEERS AT BRITAIN; A DETRIMENT TO U. S. United States Divine Brings Back Mes-sage From General Pershing at the Front.

The Front.

New York, Jan. 22.—"Tell them this is the greatest thing we ever tried to do, and we are looking to them to back us up at home," is a message from General Pershing, which the Rev. Dr. Hugh Birckhead today told members of the National League for Woman's Service here he had been asked by the general to carry back to the United States.

Dr. Birckhead recently returned from several months of relief work on the French front, and a tour of England, at the request of the Red Cross, to assure the English people of the co-operation of America in the war.

"If we can know every day and every hour that they are standing behind us, it speaker said General Pershing added Referring to the activity of German agents in the United States. Dr. Birckhead in the country today is the anti-British propaganda which is spread by German agents to belittle the work of England in the war. Whoever detracts from what England has done in the war is striking at the very heart of our country with a dagger."

HAS BEEN REPATRIATED

HAS BEEN REPATRIATED.

Brantford, Jan. 22.—Official word has been received that Pte. R. Gilbert, who left here with the 36th Battalion and who has been a prisoner of war for some time, has been repatriated to England.

WAS HEAVILY FINED.

Brantford, Jan. 22.—Tony Lorenzo, 50 Wadsworth street, poured some beer into an empty whiskey barrel. Today he was fined \$200 and costs.

FAVORS WOODEN SHIPS TO HELP OUT STEEL

Ex-Chairman of Shipping Board Says Position Has Been Misrepresented.

Washington, Jan. 22.—William Denman, former chairman of the shipping board, told the senate commerce committee today that his position regarding wooden ships had been misrepresented to the public. He declared the press had "overplayed our hand in the matter of wooden ships," and said the impression that the board was devoted to a wooden shippuilding policy only had done more harm to ship extensions in this country than anything else.

"The public had the opimion that we were trying to build up wooden ships were trying to build up wooden ships and run down the value of steel vessels," Mr. Denman said. The real situation was that he wanted additional tonnage, he added, and thought wooden about the local way to get it.

en ships the best way to get it. Toronto Officer Engaged; Belleville Subaltern Weds

Canadian Associated Press Cable.

London, Jan. 22.—The engagement is announced of Lieut. A. H. McCabe, son of J. H. McCabe, Toronto, to Doris, eldest daughter of J. Wooler, Catteshall Manor, Godalming, Surrey.

The marriage takes place Feb. 4 of Lt. C. W. Jones, Canadian infantry, second son of the late James Foster Jones, Belleville, Ont., and Norah Comrie Thomson, only child of the late Andrew Thomson, and grand-daughter of the late Sir Chas. Crosthwaite.

Special to The Toronto World.
Chatham, Jan. 22.—Corporal Chas.
Smith of this city, who went, overseas with the 70th Battalion, has been
awarded the Military Cross for distinguished conduct in the field, according to advices received by the
wife of the soldier, who resides on
Park avenue in this city.

WOMEN CHEERFULLY DOING THEIR "BIT"

Workers at Patriotic Headquarters Optimistic as to Final Result.

REPORTS ARE GOOD

Children Will Be Told by Returned Soldiers Meaning of Campaign.

Any woman in Toronto who is disheartened or indifferent regarding the Patriotic and Red Cross campaign ought to have heard the story related by Hon. T. W. McGarry, provincial treasurer, at the noon meeting yes-

The story was that of a young Canadian, who had been in the trenches three times and several times had he been wounded, but who set out yesterday—the same day as the launching of the campaign—for his fourth term on the line of danger. If a man could go enthusiastically four different times to what might have been his death in the cause of duty, how willingly ought every woman in Toronto to go heart and soul into the campaign that is to help the men who are wounded and those depending upon them? With this incident before her there is not a woman but will surely do her "bit" by joining the 50,000 Club or by giving her best contribution during the campaign.

At the luncheon the happy event of a double birthday was announced, and Mrs. Plumptre, on behalf of the women's committee presented Sir William.

speech to the generous manner in which he had spent his substance and which he had spent his substance and time in the cause. Sir William was able to reciprocate, this being by a happy coincidence the birthday of Mrs. Plumptre, and her associates on the women's committee had a sheaf of white roses, which Sir William presented, saying that the white flowers typified the life of the recipient—a life in which she spends so much in the interests of others, her gifts and talents helping so much in the carrying out of the work. The company then joined in singing "For They Are Jolly Good Fellows," followed by enthusiastic cheers.

the S. O. S., of which Lady Hearst is convener, had a cheering message when seen at the close of the noon ters How it is Done.

"We've been out at the different disson, vice-presidents of the women's organization, were also most optimistic. Miss Church is assisting Mrs. Willoughby Cummings in making collections in the civic hospitals. When The World called Mrs. Van Koughnet was very busy interviewing Mayor Church on the matter of having the roads which lead to the parliament buildings cleared of snow for the passage of the children's procession on Thursday to the parliament buildings. Inspector Geddes is to be the medium son, vice-presidents of the women's organization, were also most optimis-

Victory Bonds a Means.

Victory Bonds are a means of helping the campaign and likely to be now of the most popular by which women will assist. This was brought to a campaign in Fort William in the near future. out early yesterday when a woman the street and proffering a bond, said she did not know when she bought it that she would have the pleasure of giv-ing it to the Patriotic and Red Cross 38, L. T. B., last evening in the County Funds as she was then doing.

out detailed statement of returns yes-terday, but general reports are good. Mrs. Sutherland, W.M.; Mrs. Stocker, out detailed statement of returns yes-That there are some who are not reponding as they should, was, howpevall, D. of C.; Miss B. Devall, C; ever, shown when Dr. Margaret Patterson said: "I think you should publish something about the fashionable shirker. There are some women who are as able to give a hundred dollars as others are to give five or on-and they won't give a thing. They tell the collectors their husbands are giving. Of course the husband is giving out of his business, but the wives are giving nothing."

"In contrast to this," continued Dr Patterson, "one of our collectors called upon a woman who was the wife of a soldier who had been killed. She had seven small children and lived in two When the collector called she 'O, I would like to give something,' and she brought out a dol-

Quiek, Painless Way To Remove Hairy Growths

Here is a simple, unfailing way to rid the skin of objectionable hairs: campaign, 145 teachers doing the work of collecting. To help the inspiration with some powdered delatone and the committee have taken up the idea of asking speakers, preferably returned soldiers, to tell the children of the things for which they are making the sacrifice of their pennies and five-cent pieces.

Mrs. Plumptre had something nice the hairy surface, apply and in about 2 minutes rub off, wash the skin and every trace of hair has vanished. This is quite harmless, but to avoid disappointment be sure to get the delatone in an original package.

TWO MEATLESS DAYS PROJECTED IN BRITAIN

Lord Rhondda Will Issue Order at Once to Cope With Shortage.

London, Jan. 22.-Lord Rhondda food controller, is prepared to take drastic measures to deal with the meat shortage. An order will be issued immediately, so it is understood, decreeing two mealless days weekly—Tues-

Fraternal Branches of the 1.0.0.F., Enjoy Double Ceremony.

Somewhat of a departure from the usual style of installations among fraternal societies was the one in Aca-

th grey and brown in all their many shades or velvet coat, whether as a coat proper straight lines, closed front, high collar and et, trimmed with Hudson seal.

O. W. C. A. MOVING OFFICE.

Mrs. W. H. Becker, the general secretary of the Ontario Women's Citizens' Association, was as busy as a bee all day today in the office at 205 Yonge street. "We are moving," she said. "I must be all ready for o'clock." The new office is to be foll Confederation Life building, where in a few days the genial secretary will be all settled and ready to chat to all comers.

SOME CONSOLATION.

Usual style of installations among fraternal societies was the one in Academy Hall, corner Bloor and St. Clarens avenue, Monday evening, when a joint installation of officers took place of Arcadia Lodge, I.O.O.F.

A bright musical program preceded the first installation ceremony, which was that of Arcadia Lodge. Promptly at the hour the announcement was made that Miss Ada Bell, D.D., president and suite. were awaiting to enter the hall to instal into their respective offices the newly-elected officers of Arcadia Lodge. The installation ceremonies were beautifully put on and enjoyed by all present. Musical selections followed and then entered Thos. Love, G.D.D., and suite to invest with official authority the new officers of J. B. King Lodge, I.O. D. D. The presentation of a handsome.

The Morning Albertan, Calgary, says:

This is very good weather for this time of the year. An entire season of chinooks would not be good for the health or the crop for next year.

O.F.

The presentation of a handsome emblematic ring to Miss Bell by her installing staff of officers and the gift of two past noble grand's collars to the retiring noble grands of both lodges was the occasion for bright enjoyable speeches.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

Lumbago

"About five weeks ago," perseveres a reader, "I wrote to obtain an opinion on what we call lumbago. There were other questions in my letter, which you answered, but why don't I obtain an opinion about my lumbago? Is it an obsolete allment like rheumatism and colds?"

SOME CONSOLATION.

QUESTIONS AND ANSWERS.

Yes, only more so. Lumbago is a hifalutin term for an ailment which happens to cause pain or stiffness or both in the region of the back, and it is an infirmity difficult to diagnose. When you think you have lumbago it is probably one of the following conditions, but which one, it takes a careful examination to determine.

Fatigue and defective posture account for the majority of lame backs.

Sacro-iliac joint strain or relaxation, in men and in women, is perhaps next in frequency. A test of this trouble is the application of a very firm, wide belt about the pelvis, just below the crest of the hip bones, which gives relief if the lameness or pain is due to sacro-iliac strain.

Fills Stomach With New Energy

Weak, Worn Out, Gassy, Sour Stom-ach Revived and Made to Enjoy Food With Stuart's Dys-pepsia Tablets.

Most of us eat three times a day and often forget that each meal should be disposed of in the stomach to make room for the next. The failure of the stomach to do this is called indigestion or dyspepsia, with its sour risings, gas, rumblings, pain, depression and the feeling of stuffiness when breathing is difficult.

The most effective remedy and the

most reliable one, because you can get it at any drug store in the United States or Canada, is Stuart's Dys-pepsia Tablets, at 50 cents a box. In 1 stead of depriving yourself of food or going on a starvation diet simply keep on as you have and let these tablets straighten out your stomach, digest the food and keep you in the fight.

MRS. EDMUND PHILLIPS

daughter of the late Sir Charles Lady Spring-Rice arrived in Ottawa on Sunday from Washington, D.C., and is the guest of Her Excellency the Duchess of Devonshire, at Government House. MENU FOR THURSDAY

Oatmeal Porridge.

Marmalade. Tea or Coffee. Dinner. Lima Bean Roast.

Baked Potatoes,

Dutch Apple Cake.

Supper.
Cream of Celery Soup.
Bran Bread. Cottage Cheese.
Cookies. Tea..
The recipes for Dutch apple cake and Lima bean roast, mentioned above, are as follows:

Lima Béan Ronst—

2 cups dried Lima beans.

1 cup peanuts.

1 cup stale bread grumbs.

1 teaspoon onion juice,

1 teaspoon salt.

Soak beans twelve hours. Cover with water and boil until tender. Fress thru a colander. Put peanuts thru a meat grinder. Mix with bean pulp. Add onion juice, salt, pepper and bread crumbs. Dutch Apple Cake— 2 cups flour.

3 teaspoons baking powder.

teaspoons shortening.

tablespoons shortening.

tablespoon salt.

teaspoon salt.

apples,

tablespoons sugar.

Sift dry ingredients together; cut in the shortening with a knife, and add gradually the egg well beaten with the milk, mixwith a knife. Put on a floured board, roll out as thick as for biscuits, and put in a greased floured shallow pan. Pare, core, and quarter the apples; cut the quarters into 3 or 4 slices, lengthwise, and press the sharp edges of the apples into the dough, arranging them in parallel rows. Sprinkle the apples with sugar, and bake till the cake is done and apples soft, Serve with lemon sauce.

(Wheat and meat saving recipes by domestic science experts on the staff of the food controller's office.)

CONTROLLER'S WIFE GIVES GOOD ADVICE

Mrs. Hoover Advises American Wome How to Serve Food to Preserve Life.

Women must create a demand ran, whole wheat and corn brea until they are put on the menu hotels and restaurants not only of wheatless days, but for constant use by patriotic food savers, according to a statement by Mrs. Hoover, wife of the United States food administrator. She feels that many people will acquire the habit of eating coarse grained breads if they have the opportunity of ordering them on six days of the week instead of one.

Other advice of Mrs. Hoover to American women is to stir the ima

American women is to stir the i gination of servants and people before whom they are demonstrating to
appreciate that their saving food actually conserves it for starving people.
"There is some individual who is unknowingly dependent upon you for
life," she says. "It may be a soldier
in the trenches, it may be a little
child, it may be a peasant woman,
who will not have anything to eat
next spring if you do not think of
them now."

MOCK MINCE PIE.

Mix together one cup of bread crumbs, one cup of sugar, ½ cup of molasses, 2-3 cup of vinegar, 2-3 cup of water, one cup of chopped faisins. ½ cup of butter, two teaspoons of cinnamon, ½ teaspoon of cloves and ¼ of a nutmeg grated. Place over the fire, stir until the boiling point is reached and bake with two crusts.

When frying eggs add one teaspoonful hot water to each egg. Put the water around the egg and you will find they will be more like poached and much easier to digest.

LOCAL WRITER OF MOVIE FILMS.

Those who have aspirations towards scenario writing will find encouragement in the success of a Toronto author who has made good in this line Miss Rea Lewis Levinsky, a stude at the University of Toronto, clair to have arrived at the satisfying star where she has sold a story for \$1000. Her first story she sold for \$500, a five-reel film.

Since He Commenced to Take "Fruit-a-tives."

73 Lees Avenue, Ottawa, Ont. "Three years ago I began to feel much from Liver and Kidney Trouble Having read of 'Fruit-a-tives,' I thought I would try them. The result was surprising.

"I have not had an hour's sickness since I commenced using 'Fruit-atives.' and I know now what I have not known for a good many years—that is, the blessing of a healthy body and clear thinking brain." Special Cable to The World.

London, Jan. 20.—In the last fortnight I have talked with some of the
highest-placed European statesmen
and soldiers about the general war
situation. For obvious reasons their
names cannot appear, but it is sufficient to say that all the facts stated
are on the best possible authority.
Publicly, America's position has been
treated with only a show of frankness, due partly to courtesy to the
new ally and partly because of the
fear of furnishing information helptul to the enemy, and partly because
pertain European politicians strength-

WALTER J. MARRIOTT. 50c a box, 6 for \$2.50, trial size 25c At all dealers or sent postpaid on receipt of price by Fruit-a-tives Lim-

ness, due partly to courtesy to the new ally and partly because of the new ally and partly because of the fear of furnishing information helpful to the enemy, and partly occause ful to the enemy, and partly occause fully leaving the entire American army. Another scheme which finds lots of favor in France provides for the enlistment of American brigades, right in the French army, or some advocates would sandwich American divisions between the French divisions

To a certain degree America is also responsible. As a result of various sandwich American divisions between the French divisions.

Alks I have gained the following genshal impressions:

First: America has failed thus far to get the European viewpoint of the war. Our plans are based on the idea that England, France and Italy are prepared to carry on until American troops are ready to deal the fact and crushing blow.

Second: America has failed to live single and crushing blow.

Second: America has failed to live sup to her modest program, this being the largely to the shortage of tongate; but whatever the causes, the fact remains that keen disappointment has risen.

Third: Not only have the past horizon for the great number of the great number of the some proved the marked unpreparedness of America for the gigantic truggle, but only recently have the steher commands begun to organize

honths proved the marked unprebardness of America for the gigantic
truggle, but only recently have the
higher commands begun to organize
on the proper scale.

Fourth: The international relations
are good, there are widely different
views among the allies on broad military questions.

Should Be Fully Appreciated.

These are not secrets even to the
enemy, but if they were fully appreciated, there would be less talk in America about two or three years more
of war, less discussion about dictating
terms to Germany, and more serious
thought on thei mmediate problems or
the war.

First: Consider the military situation. There are more German divisions in the west today, than at any
previous period of the war, the number being in the neighborhood of 165,
and still troops are coming westward.

Young men are being combed from
the eastern divisions and put into the
western divisions, especially the front
of the British, where the casualties
were heavy all last summer and fall,
Against the French, new divisions are
being massed, as well as additional ar-

of the western line, they face a greater numerical force than the French. During the winter it is unlikely there will be any considerable readjustment of the western line as there was last year.

Both sides are prepared to contest every foot of ground from the sea to the Alps, whether it is along the Ypres or Verdun fronts.

The Germans have advertised a coming attack against the French, but both Haig and Petain are prepared. A year ago Nivelle and Haig were preparing their great offensives, the formal property measures, and by artificial stimulants, will be harder to deal with next fall.

War weariness makes for an incon-

War weariness makes for an incon-clusive peace. What is the condition be-hind the enemy's lines? If they are as good as frequently reported there as-suredly is cause for considerable alarm, but in the last week I have heard some facts which showed that the war weariparing their great offensives, the for-mer of which ended in disastrous failure, affecting the following campaigns.

Germany to Take Initiative. Germany is expected to take the inifacts which showed that the war weariness of Germany and Austria was spreading rapidly, and that the statesmen of the central powers have good reason to modify their war aims and to seek peace. The present food shortage in England, France and Italy is not nearly so bad as it is in Germany and Austria, and the man-power problems of the allies are only a little more acute than those of the central powers. But in every country war weariness is making the people modify their views as to the essentials for a satisfactory peace, and politicians are becoming more fearful of shouldering the responsibility.

A promise that in two or three years more a decisive military victory can be won, leaves people coid. And what is highly important at this stage is the fact that soldiers now realize and admit This fact should furnish brain ood for those who boast, regardless of the number of troops America has Take the question of aeroplanes, a subject which has brought forth startling figures from America that are neither helpful to us nor our allies. One of the great figures of the war told me that neither the German nor the allied aeroplanes would end the war. In fact, he considered their military value extremely low, as com-

fact that soldiers now realize and admit

Ig in his opinion was the heavy ar-lery work, and the improvement in construction of light railways.

mans had flifty-three per cent cas-ualties in the field artillery, and fiftynine per cent in the heavy artillery thru counter battery work by the on their efforts, and they know they cannot continue indefinitely; they know a war of attrition is no longer possible. There is much less pessimism in the lines than behind the lines. But there is war weariness everywhere and America must leld guns were totally destroyed thru wear and tear, seventy-three were For heavy artillery the corresponding figures were twenty-one and seventy-two. Their total losses in guns realize this

ing figures were twenty-one and seventy-two. Their total losses in guns from all causes were 1455. This gives a slight idea of what the struggle in material means in this war. To late the British have constructed and are now maintaining miles of light railways behind their lines in France. Before any offensive is launched, months of work are necessary in laying rails; once it is started railway men must keep right behind their lines for infantry.

Caution Before Courage.

weariness everywhere and America must weariness everywhere and America must many, weariness everywhere and America must must, and the correct the prepared. America has done grand work to date, but not enough. America came into the war wofully unprepared. American diplomacy has been many strides in advance of her military effort. There is no reason to slacken pace and a thousand reasons for increasing the speed of her military or ganization.

I have talked with friendly critics. Circumstances prevent my telling the full story. There is no chance for pessimism, but there might be excellent reasons for speed, speed, in easons for speed, speed, speed,

dendorf's signature.

After the old British army was cut pieces in the first days of the war, Great Britain faced a problem much imilar to that of America. It was slightly better off than America, because it had more high officers. It had a nucleus at least of high com-

mand.

That is America's great problem. He must have well trained brigade, divisional and corps leaders.

If the American armies enter the war If the American armies enter the war theatre as a separate body they must train all their own officers, construct their own railways, arrange for their own material, all of which means postponement of the time when American strength will be fully effective, and time is the most important factor today.

There are two alternatives—the Americans combining with the British to form

Young men are being combed from the eastern divisions and put into the western divisions, especially the front of the British, where the casualties were heavy all last summer and fall, Against the French, new divisions are being massed, as well as additional arbeing massed as a distinct the feeders and interests and political tendencies are an britance of the meritance of the massed massed as massed as massed as massed as a facilent that emptowers those dearest that the total arbeing and defaming every day. It reveals an inc sion the original proofs, consisting of documents by reason of which the ninister deserves to be handed his passports, all in accordance with the doctrines of international law in force thruout the world."

The reply of the German minister evidently was the publication in a German-owned newspaper of photo-graphs of several handsome residences alleged to be owned by Editor Palavacini, the inference being that the latter received these properties as compensation for his efforts in behalf of the entente.
A Clever Reply.

With characteristic cleverness Mr.
Palavacini promptly published an open
letter in his newspaper, addressed to
the German minister, as follows: "As unfortunately you have found Mexicans who are capable of amassing quickly a fortunte thru underhanded women and the lives of children and means, I sincerely desire that you be kind enough not to confuse me with someone else; and in this connection, tho I believe my labors deserve a tence of force."

"Their brutality has caused the better remuneration, I am neverthebanner of barbarism to wave over that of contemporaneous civilization. And the distant contest caused no greater interest than that which is greater interest than that which is felt by all civilized beings inspired by tively invite your excellency to make the tively invite your excellency to make

PRINGLE TO RAISE

Commissioner Recommends Advance of Seven Dollars Per Ton.

CANNOT FIND COSTS

Investigator Discovers Too Many Questions Yet for Enquiry.

was appointed by the government a be. commissioner to enquire into the newsprint situation, today sent an interfm report to the minister of finance. He recommends that for three months, from Feb. 1 next, the price fixed by the government be \$2.85 per hundred pounds. This is an advance of 35 cents on the price which the newspapers have been paying. Should, at the end of that period, the commissioner find from the investigations of the United States federal trade commissioner or from other investigations that this price is excessive, he reserves' the right to make any reduction ordered retroactive to Feb.

Then if you are a victim of stomach trouble or any of the numerous disagreeable symptoms resulting from it, the experience of others in your own city or community who have testified to the benefits they have derived from the use of Tanlac should appeal very forcibly to you.

Among the many strong endorsements recently given the "Premier Preparation" is the following from Mrs. Kate Lucas, a highly esteemed resident of 114 Watson avenue, who says:

"For the past six years I have hardly had an hour's ease or comfort on ac-

Commissioner Pringle's report says like I

Commissioner Pringle's report says in part:

"In dealing with the question of prices to govern from the first of February, 1913, a difficulty presents it the order of June 30, 1917, which is as follows: "This order is made subject to revision as to price in the event of it being decided at a later date that the price now charged is either too high or too low." A similar provision has been made in all larvoys had a bad taste in my mouth, are shattered.

"Well, it would be impossible for me to tell how I really suffered, and decided to try it I was right on the verge of orders fixing price subsequent to June 30, 1917. If an increased price were now fixed dating back to July 1, 1917, it I have very grave doubts as to whether it would be feasible to collect from the small newspapers, from the truth of the small newspapers, from the small newspapers, from the small newspapers, from the truth of the small newspapers, from the truth of the small newspapers, from the truth of the small

woman. It is the only medicine out of the manufacturers that as their record shows a cost with allowance for consumption to May. 1917, of over \$50 per ton, and that such costs have increased very materially, that price chall now be increased.

woman. It is the only medicine out of the many I have tried that has ever the many I have tried that has ever

"It will be seen, by reference to bulletin number 426, issued by the cated by the companies' records and the evidence offered as to the increase in costs which have taken place in ference is made to informal conference in costs which have taken place in recent months, also the difficulties ences that Mr. Tilley and Mr. Imrie had with myself and Mr. Clarkson,

ed. Pulpwood Values.

"Some question has been raised in that will at least keep up production until such time as all these involved." the stump. I have taken the position that pulpwood has a value. It has been contended that when obtained under concessions it should be taken into costs at the amount of the royalties, paid in respect of it only. Where pulpwood has been purchased by the mills, it has been taken at cost in arriving at the cost of newsprint. Where a mill has large limits and their woodland investment is eliminated in considering their cost of manufacture of newsprint. I have allowed a price of \$2 per cord, and lowed in the evidence to be a found in the evidence filed with this interim report to justify this allowthe stump. I have taken the posi-tion that pulpwood has a value. It

market. I have given to this matter every possible consideration. I have been urged by the manufacturers that been urged by the manufacturers that in view of the evidence submitted to operative to the first of May, 1918. date I ought to, as controller, fix the meantime I am proceeding to hear all evidence that may be brought before me, and possibly the same eviat \$60 per tag. On the other than the meantime I am proceeding to hear all evidence that may be brought before me, and possibly the same eviat \$60 per ton. On the other hand, it is contended by the Canadian Press Association that prices should remain as they are." Production in Danger.

After pointing out that there are many difficulties in the situation apart from settling the principle upon which a fair profit to the manufacturers is allowed, the commissioner continues: "The manufacturers claim met with increasing difficulties in

MOST HUMAN ILLS NEWSPRINT PRICE TRACED BY SCIENCE TO COMMON SOURCE

Remarkable Demonstration of This Theory Found in Toronto Woman's Case.

Science has discoverd that most of the many ills that afflict humanity are traceable to a disordered condition of the stomach and intestines. Keep these organs healthy and active and you will remain strong, sturdy and Ottawa, Jan. 22.-A. Pringle, who well, as nature intended you should

oner to enquire into the Then if you are a victim of stomach

commissioner of from other investigations that this price is excessive, he reserves the right to make any reduction ordered retroactive to Feb. 1.

Commissioner Pringle finds from evidence so far available that from July 1 last a price of \$2.60½ would not have been unreasonable, but instead of availing himself of the retroactive arrangement and ordering newspapers to make up the difference to the papermakers, he fixes the price for the next three months at \$2.85, which will produce the equivalent of the \$2.60½ for the previous seven months. No increase is ordered in classes of newsprint other than rolls.

First Difficulty.

Kate Lucas, a highly esteemed resident of 114 Watson avenue, who says:

"For the past six years I have hardly had an hour's ease or comfort on account of my stomach. My food would stomach and fill me with gas and misery. I never knew what it was to be aungry and would eat very liftle at any time. I could eat no meants or any of the more nountishing foods; just had to confine my diet to the very lightest things, and even these gave me trouble. Just a mouthful or two of anything would start up a gnawing pain in the pit of my stomach that was almost unbearable. The gas pressing on my heart made me so weak at times I felt

TRADING IS BRISK IN CORN MARKET

Conference at Nottingham Heavy Receipts, Due to Better Railway Situation, Cause Selling.

Chicago, Jan. 22.—Big receipts stimulated broader trading in the corn market today than has been the case for a long time and led to weakness in values. The close was, nervous, at the same as yesterday's finish at ½c to %c lower, with March \$1.24% and May \$1.23%. Oats closed %c off to %c advance, and provisions down 5c to 12c.

Arrivals of corn have showed week.

London, Jan. 22—The Labor party conference to be held at Nottingham tomorrow and the two following days will be an event of far-reaching importance, affecting not only the immediate national task of prosecuting the war, but also the future balance of political parties and courses of government.

The scheme for the reorganization of the party which is to be submitted to the conference by the executive committee represents a tremendous advance in the political mobilization of the forces which can be labelled "Labor," and it overshadows all the other questions with which the conference will be invited to deal, Nevertheless those other questions include

AND VECTABLES

AND VE

Herr Herden writes:

"Neither Premier Lloyd George nor President Wilson believe Germany is willing to surrender Alsace-Lorraine to France at the present moment, but what albout Germany's attitude two or three years after peace is signed when there can be a fair consultation with the people? It was admittedly a mistake to fake possession of Alsace-let for good stockers and feeders was take to take possession of Alsace-burdensome inheritance of our fore-

statesmen and churchmen, to come to the United States for a speaking tour of its principal cities, the national committee on the churches and the moral aims of the war announced here tonight.

Herbert Asquith, former prime minister; Bishop Gore, Viscount Bryce, Viscount Grey, Arthur Henderson, the labor party leader; and George Adam Smith are among those whose services the committee will endeavor to secure. The cablegram to Ambassador Page was signed by former presenting the league to enforces peace; Rev. Frederick Lyon, of the schurch peace union, and Rev. Charles S. MaoFarland, of the Federal Council of Churches of Christ in America.

These organizations will have the composition in arranging for the tour of the speakers, it was stated.

Live Stock Market

Tuesday's market out at the Unit Stock Yards was something more like a normal run, a pretty good allround active trade with nearly 1000 cattle entered upon the official board by 1 o'clock, upon the official board by 1 o'clock. The railways are beginning to get back their schedule funs and lifting the live stock as before the storm.

While trading yesterday was active at the 50c per cwt. decline of Monday from last week, it is doubtful if the market responded so well as on Monday and a weaker feeling was undoubtedly in evidence. Not that it made itself felt so much in any particular line, but there was less of enthusiasm about the market. There was a good demand for the best butcher steers and heifers, and as stated in The World yesterday good useful bulls are in good demand at good prices. Fat cows are easier and there is not the same demand for them. Otherwise there is little change from Monday's prices, except as stated that the feeling is easier and cattle of all kinds a little harder to sell.

It looks like a pretty big market for today, a good many loads being shunted in yesterday to the yards and unloaded too late to sell. This, together with today's receipts, ought to make up a good market.

Sheep, Lambs and Calves.

There was a light run of sheep, lambs and calves. about 260 sheep and lambs

Sheep, Lambs and Calves.
There was a light run of sheep, lambs and calves, about 260 sheep and lambs on the open market. Choice lambs sold from 18½c to 19c; light sheep, 13c to 14c, and heavy fat sheep and bucks, 12c to 13½c. The market was a little easier for lambs.

reapolis and elsewchre for export prevented any aggressiveness by the bears. Plentiful supplies of hogs seemed to restrict enquiry for provisions and to weaken prices. Business in lard came nearly to a complete halt.

BIG STEEL PLANT

FOR VANCOUVER

BIG STEEL PLANT

FOR VANCOUVER

There was a light run of calves and all kinds sold steady. Choice veal sold at from 16c to 17c; medium, 12½c to 15c; grassers and common calves, 6½c to 15c. We would say that there is a good strong market for all kinds of calves.

Hogs.

There was as anticipated a sharp break in the price of hogs on the Union Stock Yards market yesterday. The 4000 odd hogs, more or less, that were on sale on Monday were practically all contracted for at the previous week's closing price of 19½c fed and watered, and 19½c weighed off cars. The packer buyers on Friday stated that they would buy hogs shipped that week for a date to delivery no later than Monday of this week, the price to be 19½c fed and watered, and stated positively at that time that the price for Tuesday would be 18½c fed and watered, and stated positively at that time that the price for Tuesday would be 18½c fed and watered. For the balance of the week the price will be undoubtedly regulated by the law of supply and demand.

A good many people are looking for heavy shipments of hogs during the balance of the week with a consequent weakening of prices below even the present level, but this of course is given for steel shipbuilding "on the week with a consequent weakening of prices below even the present level, but this of course is given for steel shipbuilding "on the story continues, "it is said the gove."

Montreal, Jan, 22.—The fact that an easy feeling prevailed in the Winnipes option market for oats today did not seem to have any influence on the local situation. In fact, the undertone of the oats market was strong here, and prices closed at an advance of ½c per bushel. The domestic demand was good. and sales of some round lots were made of extra No. 1 feed at 99½c per bushel. The continued light receipts and the light stocks of storage eggs now on spot caused the undertone of the continue strong, and prices are likely to go higher before long.

The receipts of butter today were 522 packages; quarter-boxes, \$2.

Dates—Excelsior, \$4.50 per case of 36; Dromedary, \$6 per case of 36.

Heated Discussion.

J. A McCausland held that if the resolution were in order the meeting might as well adjourn, as it would be necessary to await the result of the counting of the proxies before proceeding with discussion. Mr. Morgenstern contended that he favored full discussion, but declined to withdraw his motion, and a heated discussion followed as to whether the resoluton was admissible. Mr. Morgenstern took occasion to make a direct charge of incompetency and reliability against Mr. Culver and read from two circulars issued by the latter in support of his accusation. The recommendations of Engineers Mutch and Neilly, he said, had been entirely ignored by the directors is their attempt to get results at he 1600-foot level.

President Culver ruled that the resolution was not in order. He defended the ompany's procedure at the 1600-foot level, saying that Mr. Mutch lacked exerince in dealing with the geological bradion at that depth. The Beaver line had found very encouraging values the 1600-foot level. Mr. Culver took ceasion to criticize Mr. Mutch for enacting a geologist, A. R. Whitman, to hake a report, saying that the engineer and no authority to do so.

J. E. Carter, with J. A. McCausland seconder, then moved that the rests made in the resolution calling the ting be not granted.

Sir Henry's Stand.

If Henry Pellatt, in reply to a query Mr. McCausland, as to whether he is in favor of the bylaws before the setting explained that a large number of shareholders had asked him to represent them. He was not in complete harmony with either side, and he believed criticism of the management had gone too far, altho he favored Mr. Morgenstern's resolution, so far as it asked that further work in the mine be discontinued for the present. He did not see why the annual meeting should not be held on a fixed date, but he agreed with the confidence of the directors before funds were diverted into any such enterprise. As to would take n western, No. 3, 99%c; , 97½c; No. 2 local white, o. 3 local white, 91½c to I white, 90½c to 91c. oa spring wheat patents Sars, 90 lbs., \$5.30. orts, \$40; middlings, \$48 . \$56 to \$58.

ompany should relinquish their functions.

Mr. O'Connell reviewed the history of the ittempt made by Mr. Culver to induce imiskaming shareholders to purchase a lif-interest in the Kirkland Lake proerty from the Beaver Company, remarking that Mr. Culver had tried to force aru the deal against their will.

"That is a false statement," shouted Mr. McKay, the charge bringing Mr. O'Connell to his feet with a demand for estraction, Mr. McKay declined to withdraw his words, insisting that the directors had given full notice to shareholders of the Kirkland Lake project.

The meeting was concluded with the taking of the ballot and the appointing of scrutineers. PROTECT ALASKAN FISHERIES

Henry Pellatt Takes Inde- Shares of Company, Around Which Controversy Rages, Are Decidedly Scarce.

Are Decidedly Scarce.

Timiskaming stock, which has been persistently showing strength for some days past, climbed higher yesterday, while a rather warm controversy over matters of the company's policy was rating at the special meeting.

Timiskaming closed at 26½ on Monday, and was quoted a point above that quotation yesterday. The fact that transactions amounted to only 2000 shares and that the stock was held at the close at 28, makes it evident that, for the moment, at least, Timiskaming shares are decidefly scarce. As the battle for control will reach its climax within two weeks, it appears as tho the prospect of a new regime is not creating apprehension among holders of the stock.

McKinley-Darragh, which has been showing unexplained heaviness of late, sagged to 55½, with 56 asked and 35 bid at the close. The past year was a highly prosperous one for the company's earnings in 1917 were in the neighborhood of \$375, 000, leaving a large surplus after payment of the 12 per cent. dividend, amounting to \$240,000. Ore and silmes are counted upon to guarantee the life of the mine for many years. Mining Corporation, which has been extremely inactive for weeks, came out at 3.60, and Nipissing sold at 8.35.

The Porcupine stocks were almost without feature. Newray provided a large part of the trading, but at 38½ showed no change. McIntyre was also unchanged at 1.37, and Hollinger was shaded only slightly in price, at 5.10. Thompson-Krist showed some further signs of life, selling up from 8½ to 9½.

Publication of Several Adverse Industrial Reports Has Bearish Effect.

New York, Jan. 22—Stocks were firm to strong at the opening of today's market, making further gains during the forenoon. This advantage was lergely, if and wholly, relinquished later, the reversal concurring with the publication of several adverse induscrial reports. Specialties such as oils, tobaccos, fertilizers, leathers and motors and their accessorics were again brought forward, presumably by pools, at gross gains of 1 to 4 points. These issues were among the first to recede, however, on the free offeringr of the afternoon, General news in its relation to quoted values was somewhat contradictory. Foreign advices, particularly the cumulature indications of unrest within the central empires, were helpful to the bull account, but this was multifled by the political situation in Washington.

The money market was perceptibly easier, call lowns declining to 4½ per cent. It is a stream of the more representative stocks after epening at 6. Short time loans also relaxed slightly, but without any pronounced increase of supply.

Among the more representative stocks United States Steel reacted over 2 points from its best, closing at 90%, a net loss of ½ point. The Steel directors meet a contract of the stream of the contract of the political situation. The steel directors meet a contract of the political situation in Washington.

Among the more representative stocks of ½ point. The Steel directors meet a contract of the political situation in the bull account, but this was multifled by the political situation in Washington.

Among the more representative stocks of ½ point. The Steel directors meet a contract of the political situation in the political situation in the political situation in without any pronounced increase of supply.

Among the more representative stocks of ½ point. The Steel directors meet a contract of the political situation in the political situation in the political situation in without any pronounced increase of supply.

Among the more representative stocks of ½ points of the political situation solution: lasmuch as the directors have fit to follow the recommendating hier Mutch employed by the ers to report on the property, respect to: Continuing the geological work d by A. R. Whitman, so strongly mended by Mr. Mutch.
The discontinuance of work on perfoot level.

that it is the consensus of this meet it that such work be now deferred until the election of the new board of discretification of the new board of discretification in the 1600-foot level, and that no new evelopment work be undertaken by the discretification until after the annual meeting has been held on the fourth of February least. An advance of 2½ points in Distillers' Securities was almost the sole feature of the irregular bond market. Liberty 3½'s sold at 98.40 to 98.24, first 4's at 77.10 to 96.73, and second 4's at 96.34 to 96.14. Total sales, par value, \$3,625,000. United States bonds, old issues, were suppliered.

TRADE TOPICS

The week in business has been featureless, wholesale activity being be-low normal and retail trade limited in volume owing to severe weather. In wholesale drygoods few mail or sorting up orders are reported, and In wholesale drygoods few mail or sorting up orders are reported, and travelers are stormbound and samples stalled on all branch lines thruout the province. When the weather moderates a brisk business is expected.

In groceries there is a seasonable business reported, but stocks are firmly held with an upward tendency in prices.

In boots and shoes there is little activity to note, and eastern manu-

activity to note, and eastern manufacturers report no change in condi-In paints, oils and hardware the volume of business is light and no change is expected until the spring rade opens.

J. P. Bickell & Co., 802-7 Standard Bank Building, report New York Cotton Exchange fluctuations as follows:

tradé opens.

In provisions the demand for eggs in a wholesale jobbing way continues good with an active market. Smoked and cured meats are firm in price, with a small trade passing in hams.

Lard is unchanged, but the demand is good. Butter is firm and cheese up.

The tone of the flour market is firm. but new business quiet. Millers are Wneat—

the shareholders should be taken into the confidence of the directors before funds were diverted into any such enterprise. As to what position he would take resarding the proposal to change the management, that would depend upon later whits. He was absolutely fair-minded, and willing to support anyone who would dyance the company's interests.

Mr. Morgenstern stated that it was not is intention to deprive shareholders of heir annual reports in future, but that he special circumstances of the present ase warranted such a step.

Mr. Vandervoort, who said he had sent letter to Mr. McKay suggesting that he special meeting could be avoided if he directors would concede the points nentioned, became involved in a warm intercation with Mr. McKay, who delared that the proposal was an incoloniing a marked effect on general trade.

Remittances from the smaller towns and country districts are good, but city collections are still slow. city collections are still slow. There has been a decided slump in importations this month at the customs house, partly due to weather conditions and scarcity of many lines of woolens, linens and silks in foreign markets. Despite present conditions the busi-

ness outlook is encouraging, and wholesalers generally talk optimistically of the immediate future.

EXPECT BREAK IN COTTON.

J. P. Bickell & Co. received the J. P. Bickell & Co. received the following closing cotton letter: "We feel that while there is always the possibility that unforseen events may cause cotton prices to surpass the high figures made on January 9th and 10th last, we nevertheless are of the opinion that the prevailing level of quotations rather completely discount all favorable factors presented by the situation at the moment, and we believe that operations on the long side of the market will be attended with considerable risk, and we would therefore prefer the sale of would therefore prefer the sale of cotton on all distinctly sharp advances for the time being."

Ottawa, Jan. 22.—Inland revenue for December brought in \$2,642,920, as compared with \$2,431,402 in the same month last year. Excise last month returned \$2,472,531, of which spirits accounted for \$1,283,698; tobacco, \$99,500; malt, \$109,-113, and cigars, \$65,053. War tax yielded \$121,542. Washington, Jan. 22.—Regulation and protection of Alaskan fisheries is proposed in a bill introduced today by Delegate Sulzer of that territory. It would treate the office of commissioner of fisheries for Alaska.

Paris, Jan. 22.—Trading on the bourse was quiet today. Three per cent. Five per cent. Five per cent. Ioan 88 francs 60 centimes.

BETTER DEMAND FOR WAR BONDS

Three Listed Issues Incline to Firmness-Brazilian is Fairly Active.

Altho dealing off the exchange in Victory bonds began yesterday, the event was signalized by an improvement in the demand for the earlier issues. On Monday there were no transactions whatever in these bonds, presumably because prospective purchasers were awaiting an announcement as to the listing of the new issue. Now that the air has been cleared by the statement that such action may be deferred for some time, there is likely to be more active trading in the already listed bonds. All three issues were inclined to firmness yesterday.

Stock transactions were almost without feature. Brazilian was the most active issue, closing unchanged at 32 1-4. Ten shares of Steamships sold at 42 5-8, and the preferrd shares were also firm at 75. The steel stocks were represented by a sale of five shares of Dominion Iron preferred at 90 1-2, 2 1-2 points above the minimum.

mum.
Today's transactions consisted of: stocks, 249 and \$14,000 in the war

BEAUBIEN AND MACKAY TO JOIN DIRECTORATE?

Locally, much interest is displayed, says the Financial News Bureau, in the announcement of the probable addition of Senator Beaubien and Hugh MacKay, K.C., to the directorate of the Toronto Railway. Of the latter shareholder, it is understood that, with 2000 shares opposite his name, he is the largest individual holder of stock in the company, and that he is in a position to devote some time to the study of the situation.

Of Senator Beaubien, it is recalled that for some time past he has been one of the commission appointed to draw up a new franchise for the Montreal Tramways Company. This work will naturally have familiarized him with the needs of both the public and tramways companies, and in consequence of this should be in an unusually good position to render valuable services in bring about a more satisfactory relationship between the City of Toronto and the Toronto Railway Company.

IN MONTREAL MARKET

Montreal, Jan. 22.—Ontario Steel Products, Civic Power, Dominion Iron and Canada Steamships were the leaders in today's market. Civic Power sold up to 75, and Steamships put on a half over the previous day's close—42. Dominion Iron sold up a half, to 564, on light trading, while Smelters was in demand at 25, and Lake of the Woods at 1214. Tram Power sold off 4, to 8142. Ontario Steel Products, which has been quiet of late, was active, and, opening at 2242, sold up to 24.

Broken lots of Brompton sold at 44 and 43%. Textile at 83, Toronto Railway at 60, and Shawinigan at 107.

BUT STOCKS ARE CHEAP

Montreal, Jan. 22 .- The view arou Montreal, Jan. 22.—The view around the street prevails that the present will probably prove to be an excellent time to accumulate stocks for those who are able to do so, but that a strong upward movement need hardly be anticipated at the moment This view is based on the large amount of financing which is now going forward, and the unlikelihood that, in face of this, the supply of money can be sufficient to satisfy the refuirements of a market boom. Funds undoubtedly continue scarce, and the situation in this respect is unlikely to be altered during the remainder of this month, to say the least.

NO PREMIUM BONDS

London, Jan. 22.—The government has decided against the issue of premium bonds, Andrew Bonar Law, chancellor of the exchequer, told the house of commons today. The decision was taken, he said, after consideration of the report of the committee appointed to enquire into the advisability of the plan. The committee had found that the step was inadvisable at the present time, "or until further efforts had been made to make the present issues more attractive to investors."

FALL OF GERMAN MARK

London, Jan. 21.—The value of the German mark has fallen sharply on neutral exchanges in the last few days, reflecting loss of confidence in neutral countries regarding the outcome of the peace neotiations at Brest-Litovsk, and the present confidence in internal affairs in German language. otiations at Brest-Litovsk, and the present condition of internal affairs in Germany. In Berne, exchange on Berlin, which early this month was 90, is now 38,10. In Christiania it has fallen within the week from 62.75 to 60,25; at Stockholm, from 65.75 to 62.50; at Copenhagen, from 65.75 to 62.50; at Amsterdam, from 47,55 on Jan. 2 to 41.65 yesterday.

LONDON STOCK MARKET

London, Jan. 22.-The sales of Na-London, Jan. 22.—The sales of National War Bonds last week amounted to £30,000,000. This restricts the amount of money available for stock operations, and business today, therefore, was small and confined chiefly to the French loan, brewery stocks, and speculative mine and shipping there at steedy prices. Russian is shares at steady prices. Russian issues were practically unsaleable owing to the action of the present regime in confiscating property.

Money was in increased demand, and discount rates were firm.

MONEY AND EXCHANGE. London, Jan 22.—Money, 3½ per cent. Discount rates: Short bills, 3 31-32 per cent.; three-month bills, 4 1-32 per cent.

LIVERPOOL COTTON.

Liverpool, Jan. 22.—Cotton futures closed quiet.
New contracts: January, 23.48; February, 23.24; March. 22.83; April, 22.64; May, 22.42.
Old contracts (fixed prices): January, 22.01; January and February, 21.91; February and March, 21.82; March and April, 21.73; April and May, 21.65; May and June, 21.57; June and July, 21.49.

IN POSITION TO ADVANCE.

J. P. Bickell & Co. received the following New York closing stock letter: "Market inclined on profit-taking but the selling was well taken and there was no pressure at the lower levels. Market is now in a position to advance again and will probably make new high prices before the week is out."
