LIVE POLITICS IN TORONTO

Laurier Gets a Great Reception at Massey Hall.

Robertson Was Again Endorsed in East Toronto.

NEITHER BUILDING LARGE ENOUGH FOR THE CROWDS

The Liberal Candidates Have a Good Hearing.

Mayor Fleming Presided at the Big Gathering—After Mr. Laurier and Mr. Oliver had Received an Ovation Canadian Fraternal from the West Held North—He Was Followed by Mr. Lount—Then Came the Liberal Leader, Who Was Greeted as "The Coming Premier"—Proposes a Rearrangement of Customs Duties—Mr. Oliver's Speech.

Massey Hall was packed to the doors last evening. At 7 o'clock all the seats on the ground floor were occupied and but few vacant chairs remained in the first balcony. Within 15 minutes past 7 every seat in the hall was filled and hundreds were standing in the aisles. The platform, which was reserved for the Canadian men of the party, was not sacred from the ladies, who, when the galleries were filled, invaded the precincts and secured a goodly share of the seats. At 7.30, every available seat being taken, the doors were closed, greeting to the disappointment of many who had planned for admission. From that time until the commencement of the proceedings an efficient orchestra rendered a number of choice selections. A little amusement was created by the appearance on the platform of Mr. John Halifax, carrying a huge umbrella which he placed on the chairman's table, amid great applause. He acknowledged the greeting with his best bow, and modestly retired to a back seat on the platform.

The entrance of Ald. W. T. R. Preston, who modestly walked to the center of the platform, armed with a handkerchief and a book, was the signal for a burst of applause, followed by three cheers, led by an enthusiastic supporter at the back of the platform. The playing of "Rule Britannia" by the orchestra was the next item that attracted attention and received applause. This was followed by a solo by Rev. Mr. Ernest Hewitt (chairman, N. C. Wallace, J. Ross, Robertson, ex-Ald. Foster, Rev. E. K. Macdonald, etc.) and a solo by Rev. Dr. W. B. Nesbit, E. E. Shepard, E. J. Taggart, and others. Subsequently, Mr. Wallace was greeted with a portion of the Q. O. B. Band, stationed in the balcony under the "Maple Leaf."

A moment later the candidates walked upon the platform, followed by the stalwarts of the East, and then the enthusiasm grew intense, until the audience rose in mass and applauded to the echo, the strains of "He's a Jolly good fellow" meantime filling the air.

Some of Those Who Were There.

The platform held a gathering of distinguished citizens, including Hon. J. Ross, Robertson, John Patton, Rev. Dr. K. Macdonald, Rev. Dr. Foster, Rev. E. K. Macdonald, Rev. Dr. Nesbit, E. E. Shepard, E. J. Taggart, and others.

Mr. Laurier's speech, which commenced with the "Marseillaise" and ran through a number of popular selections to "The Maple Leaf," in the chorus of which the audience joined with vigor, then switching off to a

"Marseillaise" again, in which a portion of the audience followed, to the great delight of the audience.

The arrival of Mayor Fleming, accompanied by Mr. Lount, Hon. Wilfrid Laurier, Mr. J. D. Edgar and a number of his friends, was the signal for the wildest demonstration of enthusiasm by the audience.

Mr. Laurier opened his speech.

The Mayor, who was received with great applause, expressed his pleasure at addressing the largest gathering in Toronto. Thousands had been turned away to obtain admission.

An overflow meeting was being held in the Auditorium. He was proud to be present, and believed that the massing of the audience in the hall would be a success in the coming night. When elected some four years ago to the office of Mayor, he had been turned away to obtain an audience in political matters. He had taken the chair that evening because he believed there would be no objection to his taking the chair on such an occasion. They had many reasons to be satisfied with the success of the meeting.

The appointment of Remedial Legislation had accepted the challenge of the supporters of their bill, and had made a great mistake—he had misrepresented his constituents. (Hear, hear.) It was a pity, however, that the other members of the Legislature had found their member recreant to his trust. He referred to the destination which he had now reached in Toronto at the present time, and although he would not claim that it was entirely due to the National Policy, yet he would say that the National Policy had much to answer for. He appealed to the people of Toronto to support him in his efforts to make Manitoba a separate province, and he had an enthusiastic gathering as the cause of the ridings of this metropolitan city. He referred to the destination which he had now reached in Toronto at the present time, and although he would not claim that it was entirely due to the National Policy, yet he would say that the National Policy had much to answer for. He appealed to the people of Toronto to support him in his efforts to make Manitoba a separate province, and they were returned to power. (Applause.)

He could not understand why they would introduce a policy which would put an end to the separate existence of the United States and foster the industries and build up the country, had not been called out. Every father and mother in the land was an interest in this election, from this reason alone.

He asked where the boys to-night?

Some of them were in the hall and was received with a great outburst of applause.

Mr. Preston the First.

The first speaker was Ald. Preston, who was received with three cheers, led by some of the enthusiastic supporters who had performed a similar duty for Mr. Laurier.

Mr. Preston expressed the great pleasure and pride he felt at standing before such an enthusiastic gathering as the cause of the ridings of this metropolitan city.

Mr. Laurier the First.

Referring to the Manitoba legislation, he said that there was no doubt about it that the people of the Province of Ontario were very anxious to see what would be done with the Manitoba legislation.

Every candidate in the Province of Ontario had given a pledge to the people of Manitoba to do what he could to help the people of Manitoba.

He denied the slander which had been published concerning himself that he had given a false promise to the people of Manitoba to do what he could to help the people of Manitoba.

LAURIER AT MASSEY HALL

(Continued from page one.)

ence to the matter was held to be the proper one, and the Government was denounced for its action in arousing the bitter feelings of the minority in order to reach a verdict. Had the Government taken the advice of Hon. Wilfrid Laurier the master would have long since been settled. The Government had been arraigned, considering fires of religious bigotry in order to secure its return to power, which could not be done without a majority. The grievance of the minority in Manitoba must be remedied, but it must be remedied by Manitoba itself. He agreed with Mr. Maclean's understanding, as believing that the minority of Manitoba must not be compelled to suffer under a government which was not fit to rule. It was necessary to enable the Province of Manitoba to settle this question calmly and deliberately and not in the heat of passion. It must be settled by a policy of conciliation and negotiation. He was opposed to colonization, the Dominion having first last and always. He could not give his support to any government which adopted a policy of colonization, with the shambles of the shambles pledge which had been wrung from a Liberal candidate in Quebec during the election. It must be settled by the name of freedom, and expressed his disapproval of the interference of the priests in political matters.

The reception given Mr. Laurier was such as to satisfy the most enthusiastic of supporters who would not allow Sir Charles Tupper out of his seat. Mr. Laurier as the man of splendid courage, the man of great ability, the man whose name would, when written upon the pages of history, stand out bold and prominent, was a man whom, never, left behind him the mark of disgrace. "What," he asked, "is the policy of the Toppers?" (A very few words of the word). Their whole policy is fraud. In their career of the past from the time they took office to the present time, they have done no harm, and shortly after they sound Sir Mackenzie Bowell out, and the Toppers, like the old foxes, try to trip up, "Tupper's father, Tupper son, and nobody else" (laughed). And there will be little left to anyone else than the trial of the same share. In this Province they are trying to keep down to submerge it, keep it quiet. It is a bad government, and it is supported. In 1878 Sir John A. Macdonald, with his far-sighted wisdom, saw that the Hudson Bay should be obtained, and making the Hudson Bay railway, and debauched the country should be swept from power. He repudiated the charges made by Mr. Foster against the Government, and the corruption, and in reply contrasted the record of Alex. Mackenzie in standing guard over the treasury with that of Sir Charles Tupper, and the present Government, who had slept at their post. He discussed at length the case of Sir Charles, and the present Government, who had

left behind them, when they are almost of age, they ought to be allowed to die. The Conservative party among them, the Liberal party has no policy. If Mr. Wilfrid Laurier and the Liberal party are returned to power, they will be as bad as ever. Such as Sir Charles Tupper will not be able to overturn. Their policy was brought into existence in 1882, and has been carried over since it was understood, "tariff for revenue purposes," to raise just the necessary amount of money to carry on the affairs of this country, a tariff which

EARLY CLOSING—Store Close To-Day at 6 p.m.

High-Grade Bicycles at \$60.00

If there's to be any sale for first-class Bicycles at low prices now's the time. We're interested in seeing just how many high-grade wheels can be sold at \$60.00. The price is very special, and the machine A No. 1 in every respect. Here's the fact you have to deal with:

Bicycles, thoroughly well made and fitted with the latest improvements, equal to any value sold elsewhere at \$100.00. Our special price only . . .

\$60.00

We have other bargains equally as good, but for the time being let this particular value represent the entire stock. Bear in mind there's nothing cheap about this wheel except the price. The wheels are here for you to look at, and everything is guaranteed exactly as represented.

Mail orders filled promptly. We're shipping Bicycles all over Canada.

**Ready-Made Clothing
for Men and Boys**

Don't lose sight of the fact that we are Clothiers and Furnishers. Our clothing is different from the humdrum sorts, and the entire stock is new this season. There's more deception practised in the clothing business than in almost any other branch of the trade. There are plenty of stores filled to the doors with shoddy clothing. The only safe way is to buy of a store that doesn't play tricks. One thing—qualities here are perfectly reliable. We know how to buy and how to sell; what to get and what to let alone. We prefer the really good, and aim to sell it at prices you can afford to pay.

You're supposed to have your summer needs pretty well supplied by this time, but almost anybody can afford new things at these prices:

At the opening of yesterday morning's session of the Anglican Synod in the York Church, the third of a series of life stories of to-day, by George R. Sims, "The Log Cabin," by Mr. W. H. Barnes; "Wagon from London Truth"; "A Funeral Cloud, being a remarkable description of the funeral of Queen Victoria in the Cabinet, a Rare Literary Curiosity"; "The Thompson Street Bicycle Girl"; "The Derby Game"; "Handy Books for Young People"; "Handy Books for Girls"; "Professional Lacrosse"; "British Ships Under Foreign Flags"; "A Page of Cycling".

In order to place Canadian butter on

a better footing in the British market,

special shipments are made under the

direction of the Dominion Government

and are sold under the most favorable

terms, so that the fact has been

established that Canadian butter can

successfully compete with the finest

grades of the product of the chief

dairying countries of Europe. This is

now every prospect of the butter trade

of Canada becoming as great a source of

profit to the farmers as the cheese

trade. This is altogether due to the

wise action of the Dominion Govern-

ment, and Mr. Derbyshire, President

of the Ontario Creamery Associa-

tion and ex-President of the Ontario Dairy-

men's Association, and others pro-

moted the scheme with the approval

of Mr. Lewis, but he had acted accord-

ing to the best of his judgment.

Archdeacon Allen, Mr. Dymond, Septimus

Jones and Mr. T. R. Clougher were

added to the Committee on Religious

Instruction.

Nov. 1st of last year.

The Committee on the Retirement

of Expenses appointed because of

disparity between the Synodical re-

tirement and the expenses brought in

certain recommendations looking to

wages economy in printing and pub-

lishing, and committee suggested a suspen-

sion of disqualification for sitting on

committees the clergy of detaching

from the Synod.

In presenting this report Mr. T. R.

Clougher advised the reduction of

printing expenses by having one en-

velope sent up to the Synodical Com-

mittee.

"Yes, I'll assent to anything now."

Hon. S. H. Blake—My Lord, this

would be the most opportune

time for Dr. Langtry to reintroduce

Synod. Presented its report, setting out

that it is unfortunate that a clergymen

appointed to a parish practiced

holding his position even though

he did not practice it.

Church of England.

Both the members of the Synod

and the members of the Emanuel

Chapel were present.

The speaker confined themselves chiefly

to remarks of depreciation that the

Church of England should be held

in the same esteem as the other

ecclesiastical bodies in the mat-

ter of carrying out its projects.

The speakers were unanimous in their

opinion that the Synod should be

allowed to proceed.

The resolution was carried.

BRITONS IN THE SOUDAN.

Lord Salisbury Makes an Explanation Re-
garding the Movements of the Ex-
pedition to the Valley of the Nile into
the Soudan.London, June 12.—In the House of
Lords this afternoon, Lord Rosebery
asked if the Premier would explain
the movements of the British-Egyptian ex-
pedition to the Valley of the Nile into
the Soudan.Lord Salisbury, in reply to the ques-
tion of the ex-Premier, said that for
a long time Government had been
of the view that sooner or later an ex-
pedition to the Soudan would be necessary
for the purpose of recovering the
territory which Egypt had lost.
He added that he had been confron-
ted with the fact that the Dervishes
were menacing Kassala. The expedi-
tion was to be undertaken upon the
present objective point of the expedition,
he said, was Dougla, and the com-
munity of the experts were of the opinion
that Goldwin Smith had given a
perfectly free hand until he should
reach and occupy that place.The object of the expedition, alone,
added, was an advantage, and fur-
thermore, it was on the road to Khar-

taut to Degrees.

METHODIST CONFERENCE.

COMMITTEE WILL REPORT ON MANITOBA SCHOOLS.

Wesleyan College Preparing—Increase in Superannuation Fund—Suggested Reduction of Home Ministers—Sunday Schools and the Young People's Organization—Last Night's Reception Service.

The Methodist Conference yesterday morning changed the date of the memorial service from 4 p.m. Friday to 2 p.m. Monday in order to allow members to attend the convocation at the Pavilion yesterday.

The reports from Wesleyan Theological College and Alma College, St. Thomas, showed a fairly prosperous condition in both schools, and a gratifying contribution was made of the bequest of the late H. A. Massey.

Superannuation Fund.

Dr. Griffin then read the report of the superannuation fund which stated that all claimants on the fund had been paid in full, that the balance against the fund had increased during the year from \$300 to \$720, and that the income had increased \$364 during the year while the claims paid had increased by \$600, and that the capital account had been enlarged by \$500.

Re Manitoba Schools.

The following committee was appointed to take action on the matter of schools in Manitoba. Rev. W. S. Pearson, Dr. E. Dewart, E. Gurney, J. T. Moore and H. L. Lovering. One member proposed adding the name of Rev. E. S. Smith, who was the McCarthy man in the west, but it was treated as a joke by many members and the name was not added.

Plenty of Room.

Rev. A. C. Courtney, editor of The Guardian, read a report of the work of the school committee, drawn by him from the Grimsby Village Council regarding right of way was presented, which was considered satisfactory, and it is believed can be carried through with Grimsby, the road will probably be extended. R. S. Martin was delegated to wait on North Grimsby, and a committee was formed to consider the appointment of a solicitor for the company at \$400 a year. Ex-President Myles wanted Mr. Neels removed, and he complained of the increasing expenses in the operation of the road, but his kick was still no avail.

Br. Langtry and the Presbyterians.

Ex-President: Resolved: "That this Synod sends its cordial Christian greetings to the General Assembly of the Presbyterian Church in Canada to be held in the next ten years at Guelph."

The proportion of clerical to laity in these great churches of these provinces is as follows: Roman Catholic, 1 priest to 103; Presbyterian, 1 minister to 692; Methodists, 1 minister to every 532.

A resolution was carried giving expression to the belief that the home work is more likely to require, so many candidates for the ministry as formerly, a special committee was appointed to consider the question of reducing the number of the latter and reporting to the Conference of 1897.

The Rising Generation.

Rev. G. K. Steele read the report of the Sunday School and Epworth League department. The Leagues have secured better organization, and young people are more interested with the Conference than ever before.

The services of all objects, the departments are being worked more completely than ever, and a very satisfactory record is made in the reading course. This was coupled with some suggestions regarding the working of Sunday schools.

The same answer.

A climax in the lives of many young men was arrived at last evening when the ceremony of receiving them into the ministry and all connection with the Conference was performed. The president, Rev. A. Langford, presided over a large audience, the greatest part being of the fair sex.

The platform was occupied by the following preachers: Revs. T. E. Egerton Shore, M.A.; Isaac Couch; Herbert S. Magee; J. W. Graham; J. W. Thompson; Dr. G. S. Smith; E. Ryerson Young; B.A.; T. Ingram; A. J. Park; B.A.; E. A. Finch; and Dr. George S. St. John, all on the platform were Revs. Chancery, Burwash, Lewis H. Hill, B.A.; Manitoba Parsons; Dr. Griffith; Dr. Hart; Dr. Barnes; Dr. Parker; E. B. Lanceley; Dr. Potts; Dr. Griffin; and W. Wilson.

The audience, which was much appreciated. The usual proceeding after this is to hear the testimonies of the young preachers, who perform their first appearance in the circumstances of their conversion and the grounds on which they believe in the truth of the ministry, and then being flattered, all were not given the opportunity, but the president selected the following, and in many cases a touching story: E. Ryerson Young, B.A.; I. W. Bowles, B.A.; D. T. Shores, M.A.; T. A. T. Ingram, and J. W. Graham, B.A.

Rev. Dr. Parker moved, seconded by Rev. G. K. Steele, and carried a resolution that the candidates be received into night full connexion and on Sunday night be ordained." This was carried unanimously.

Independent Forestry.

Dr. Christopher Spence, Cheltenham, who has been absent in Great Britain for the past five weeks in the interest of independent forestry in the Old World, was expected to arrive Saturday evening. The arrangements for the reception of his colleagues, who will be present, are now being made.

The conference will be held in the hall of the Royal Canadian Legion on Augustus Avenue.

A few days ago many of the city friends of Mr. Thorley presented him with a valuable gift, and the amount of the same will be given to the independent forest fund.

The wedding presents of the bride were numerous and handsome, the gift from the bride's parents being the most valuable.

The Action Dismissed.

An action brought by Mrs. Ellen Hart, of Rockwood, against the Standard Life and Savings Company, Wesley Anderson, John Graham, and W. H. Conover, to set aside a conveyance of real estate for the defendant.

Special rates have been secured, and it is expected that an immense gathering will be the result.

Additional Musoka Trains.

On Saturday, June 20, the first Musoka express will leave Union Station at 10:20 a.m. for Peterborough, via the Waterford, and on every Friday, commencing June 26, a special train will leave Union Station at 10:20 a.m. for Peterborough, via the Waterford.

The latter train will be quite the thing for business men, enabling them to spend Saturday at Peterborough, and return on Monday next, the 15th instant.

Kingston Wharf sleeper will leave Union Station daily, except Sunday, at 8:45 a.m.

Rally for Preston.

Meetings will be held to-night at 8 o'clock, in the Temperance room of the Hotel Preston for West Toronto, all interested in his election. For the purpose of perfecting organization, a large committee will be appointed. Mr. Preston is earnestly requested.

The committee room for the south part of the town will be situated on King Street, near Spadina, the other west at 376 Queen-street west, and the northwest at 464 Spadina-avenue, near King Street.

It will be most enjoyable.

St. Luke's garden party on June 16 from 8 to 10 p.m. will be at the Granite Bank, and the band of the Royal Grenadiers will play from 8 till 11 p.m.

THE TRADES PARLIAMENT

Opposes Bonus for Manufacturers—Sees Trustee Kent and the Mayor and Speaks Out.

The following resolution was carried at the meeting of the Trades and Labor Council Thursday night: "That this council, as in the past, protest against the outlaying expenses or otherwise incurred, and that the best way to encourage manufacturers in Toronto, or manufacturers from outside, to come to the city, is to remove all taxation from industry and its products." The motion carried.

Reduction of Letter Rates.

Letters were read from all the political leaders in the city, and Mr. Maclean, candidate for East York, stating that they were in favor of the reduction in postage. Copy letters to our own Mr. John Ross Robertson went further, and stated he was in favor of a three-cent rate of postage, and two cents for Canadian letters.

Second Both Mr. Kent and the Mayor.

The committee expected that School Trustees would have an opportunity of renewing his attack on Mayor Fleming, when he met at the school board meeting a few days ago. Mr. Kent did not, and it looks as if he belonged to the swash-buckling, Falstaffian tribe of Wiffithers, who do not care to do what they are told to do.

Redeade Drive Scheme Denounced.

The report of the Legislative Committee stated: "Your committee...winked in silence at the bare-faced robbery of the people by the City Council, in the matter of the Rosedale Radicals."

The Rosedale Radicals were benefitted, accomplished their ends, but they had not been a word of compensation offered to the representatives of the people in the City Council.

All know of the crooked manner in which the Rosedale Radicals were put up, and the fact that each and all held their peace—an unanimous group of conspirators acting in defiance and at the expense of the public.

With reference to the Goldwin Smith matter, the report calls the letters of David Blair, Judge Falconer, and Col. G. M. Ross, President of the University, as stupified folly.

The Report was adopted.

A link chapter is what the ninth instalment of A. Conan Doyle's story, Rodney Stone, to be given in The Toronto Daily World, will be. It will publish to-day, might be termed. It forms a link between the memorable supper with the subversives at the Royal York, and the great fight that has been to come out between the same boy Jim, and the aspirant, the England purblind champion, "Old" Wilson. In fiction the paper will be unusually strong, as becomes Conan Doyle's story, there will be given Mother's Day, George Holmes' "A Logical Thief," by Agnes Thomas; "The Earl's Wager," from London Times; a remarkable cyclone that started in St. Louis' Cupid's Cabinet, a rare literary curiosity; the Thompson Street Bicyc Club; Young Women at the Bar, by the Ladies' Shareholders in the Chartered Company; Rinderpest in South Africa; John Law's Gambit, the Henley of the Future; Mr. Lubinburg's pocket; Professionalism in Lacrosse; British Ships Under Foreign Flags; Stock Exchange Cycles; Mr. E. C. Cook, and a great deal of interesting miscellaneous matter. Be sure you get The Toronto Daily World to-night. No paper equals it for excellence and entertaining reading.

University of Toronto.

At a meeting of the Senate held on Wednesday evening last, the following members were present: President Louis Principal Sherer, Dr. James S. Rev. Father Tefft, Professor Macleod, Professor Hume, Principal Galbraith, Dr. Bushell, William H. D. Smith, Rev. Father Guigane, Mr. Walker, Rev. Father Ryan, Professor Hutton, Mr. King, Dr. Hough, Dr. Ellis and Dr. Dr.

A letter was read from Mr. Herbert Macbeth, in which the Senate was informed that Mr. Charles Moss, Q.C., has been appointed to represent the Law Society of Upper Canada in the Senate.

The name of the Rev. N. Burwash, S.T.D., LL.D., President of Victoria University, was withdrawn from the list of those who were to receive the degree of LL.D., and he has, at his own request, as under the Federation Act, he is already enrolled as holding that degree.

In reply to a letter from the Hon. Minister of Education, the Senate states that it has no objection to the proposed scheme of the Senate in restoring to the Crown, for the benefit of the University, the lots on College-street, which were purported to be sold to the MacDonald Hospital Trust.

The President was approached to represent the University at the golden celebration of the foundation of Princeton University, in October next.

For England.

The Allan Line SS. Numidian, leaving Montreal last Saturday, will have a full complement of first cabin passengers. The new ship is well and correctly known for her good sailing qualities, and with her sister ship, the

Mongolian, can be considered to be among the steadiest and best sea boats on the North Atlantic. The Numidian has room for a few more second cabin and steerage passengers.

Numidian goes for Glasgow direct, on June 16th, and again about July 21st, will take a limited number of first class passengers to Glasgow, 245 and 260 according to location of room.

Siberian has excellent first cabin accommodation. Application should be made to Mr. Bourlier, 1 King west.

A link chapter is what the ninth instalment of A. Conan Doyle's story, Rodney Stone, to be given in The Toronto Daily World, will be. It will publish to-day, might be termed. It forms a link between the memorable supper with the subversives at the Royal York, and the great fight that has been to come out between the same boy Jim, and the aspirant, the England purblind champion, "Old" Wilson. In fiction the paper will be unusually strong, as becomes Conan Doyle's story, there will be given Mother's Day, George Holmes' "A Logical Thief," by Agnes Thomas; "The Earl's Wager," from London Times; a remarkable cyclone that started in St. Louis' Cupid's Cabinet, a rare literary curiosity; the Thompson Street Bicyc Club; Young Women at the Bar, by the Ladies' Shareholders in the Chartered Company; Rinderpest in South Africa; John Law's Gambit, the Henley of the Future; Mr. Lubinburg's pocket; Professionalism in Lacrosse; British Ships Under Foreign Flags; Stock Exchange Cycles; Mr. E. C. Cook, and a great deal of interesting miscellaneous matter. Be sure you get The Toronto Daily World to-night. No paper equals it for excellence and entertaining reading.

WITH THE PRESBYTERIANS

INTERESTING SESSIONS OF THE GENERAL ASSEMBLY.

Rev. Dr. Robertson, Appointed Professor in Knox College—College Reports Show Good Work in Every Department—Good News From Far Countries—Reports From the Foreign Field.

Educational matters were taken up at the morning session of the General Assembly, the report of Manitoba College being the first to come under review. The year had been a prosperous one for the college, and, in particular, it had been found necessary to abandon the summer session, due to lack of support. The latter question was placed in the hands of a committee, which will try to devise a means for the holding of a session this summer.

Knox College report was presented by the Rev. Mr. Principal, Dr. Carson. An extension of the class lists was shown, but the report called attention to a great need for increased numbers. The amount received brought the revenue from investments down to \$10,000, leaving a deficiency of over \$9000.

Regarding the vacant chairs in Old Testament Literature and Exegesis and Apologetics and Church History, the board of the college nominated candidates for the first-named chair. Rev. George L. Robinson, Ph.D., of Roxbury Church, Boston, was elected. The report was unanimous.

For the second term the name of Rev. Jas. Ballantyne, pastor of Knox Church, Ottawa, was chosen. The report, nominating Rev. James Bellantyne, Rev. Dr. McKay moved the remission of the report for further consideration. The name of Rev. James Somerville, D.D., of Owen Sound, was presented, and the discussion was prolonged until the noon hour.

Presbyterian Clergy.

College matters were under consideration during almost the entire afternoon session. The question of the admission of women to the college and church history in Knox College was discussed at considerable length. In answer to the motion of Rev. Mr. Ballantyne, Rev. Dr. McKay moved the remission of the report for further consideration. The name of Rev. James Somerville, D.D., of Owen Sound, was presented, and the discussion was prolonged until the noon hour.

BEHRING SEA CONVENTION.

The Text of the Document Regarding Behring Sea's Claims Made Public.

Washington, June 12.—The text of the convention between the Governments of the United States and Great Britain providing for the settlement of the claims presented by Great Britain against the United States on account of seizures of Behring Sea sealers had been made public. Some of the legal verbiage means that the United States Government admits no claim, but is willing to have the cases of the sealing vessels "Wanderer," "Hattie," "Fernandez," "Oswego," "Hattie," set aside by arbitration under the provisions of the convention of 1892. The United States plenipotentiaries agreed to the proposal made by Great Britain that the arbitration be conducted by the learned Principal of Wylye College. Why? Because, says the document, "the Presbytery has been consulted." Yet Dr. Langtry's own congregation teams with members who are connected with Presbyterians. How delighted they must be at this latest display of Christian charity made by their pastor!

YORK COUNTY COUNCIL.

Rewards for Thieves and His Assistants

—Debtors for the Debt on the York Roads.

At the session of the County Council yesterday, the reward offered for the apprehension of the thief was presented. High Constable Jones was complimented upon the manner in which he fills his office. It was recommended \$20 and the two Tidaberry boys \$10 each, as a reward for their bravery in saving the life of the constable. In the matter of the Robe Pugley this was amended to read \$40 to Tidaberry and \$20 each to the Tidaberry boys and Billie.

Bylaws were presented to provide for the borrowing of \$70,000 by the county for current expenses.

In case of nonpayment of arrears for county taxes will be charged five per cent interest from Dec. 31 each year.

The amount of the debt is \$100,000.

This sum is an overdraft on the bank, for which the county is paying five per cent interest.

The amount of the debt is \$100,000, payable in 15 years, to wipe out this overdraft.

Another meeting of the council will be held on Nov. 22.

Mr. Langtry again.

Editor: World Dr. Langtry is hard to get hold of, so I addressed my letter to the Synod on Thursday, when Dr. Sheraton proposed that body should send a formal protest to the proposal made by the learned Principal of Wylye College. Why? Because, says the document, "the Presbytery has been consulted." Yet Dr. Langtry's own congregation teams with members who are connected with Presbyterians. How delighted they must be at this latest display of Christian charity made by their pastor!

Good Advice to Torontonians.

Editor: World: During a recent trip to the Northwest of two months duration, rarely a day passed without some personal or business work, marking that "Toronto is in a hole," the bottom is out of business in Toronto, "or in other words, there is no money in it." The intelligent observer, drawing a very unattractive picture of the commercial condition of the Queen City, can see marks that were recently made by Torontonians, and in every other instance the information had been obtained from Torontonians at home and abroad.

Like the rest of the country day after day and noting their origin, I could not but think it is not Toronto that is to blame, but the men who are financially interested in Toronto make a business of advertising the condition of the city, and when it is said that it is the people of Toronto who are referred to, if in trouble, don't look for the cause too far from the premises. Think it over, cease grumbling, don't be a sign of despair. Remember the old adage: "Say nothing, but saw wood" to a traveller.

Right of Way.

Editor: World: You have not failed to notice the interest you take in the "rule of the road" as applied to bicyclists in relation to one another, to the public and to horses and cattle, as well. This is my excuse for writing you on the subject, in the hope that by calling attention to the wrongs of the public party to this suit, will certainly be the cause of accidents it may lead to its abatement. There are many reasons for roads being contrary to that of passing to the right, which is constantly transgressed in some parts of the city by many bicyclists, and the public and drivers of vehicles going to the right, to choose the shade side, regardless of the fact that according to the rule of the road they should be on the opposite side of the street. The rights of those coming into Jarvis from the side streets to the west is very great. I saw a lady and child in a strong, healthy child's carriage, and one of the gentlemen quickly dismounted. And all the way down Jarvis-street were to be seen, on the shade side, the risk of those going down who were keeping to their right, and the ordinary rules of the road should be observed by all persons.
