ONE CENT

REV. THOMAS MARSHALL TALKS OF MISSION WORK

Well Known Methodist Minister Back from Toronto.

Now the Methodist General Board of Missions Has Mapped Out Their Work in Canada for the Ensuing Year—An Interesting Statement.

Rev. Thomas Marshall, formerly pastor of Carmarthen street Methodist church, but now of Charlottetown, passed through the city today on his way from Toronto, where, with Dr. Inch of Fredericton, he represented the New Brunswick conference at the meeting of the general board of missions of the Methodist church of Canada. To a Times man Rev. Mr. Marshall talked very interestingly of the Queen city meeting. "We met Monday, Sept. 30th," said he, "and the sessions were closed on Thursday last. Three sessions of the board or its committees were held each day. The work for convening of administration was divided into two committees, dealing respectively with the home and foreign work, their findings in such cases being dealt with by the full board, about forty in all. Representatives were present from all the conferences in the Dominion and two from Newfoundland and three from the west coast. Dr. Inch, of Fredericton, and myself represented the New Brunswick and Prince Edward Island conferences. The treasurer reported the receipts for the past year to be \$489,976, an increase on the previous year of \$88,853.50. The salaries on home mission fields this year are for married ordained men, \$980, and \$75 for horse keep and a furnished parsonage. For single ordained men \$515, and \$75 for horse keep. It was resolved to ask the church for an increase of \$150,000 over the income of the past year. It was believed in the committee that the additional amount could and would be raised this present year. The additional amount would enable the board to pay the full salary to all ministers, to raise the salary for the necessary extension in foreign work and to change the foreign work in our own land. It was resolved that next year the income shall be divided equally between our home and foreign work. This will not, however, prevent the board from being able to do as the donors may desire. The report of the visits to Japan, and of China, and of the work in the Pacific, the commissioners to assist in completing the union of the Methodist churches in Japan and to look into the work in the Pacific, was presented to the board and action taken thereon. Eleven additional missionaries are to be sent for West China in October 28th. These are Rev. J. R. Earl, B. A. and wife, Rev. Geo. W. Sparling, B. A., R. D., and wife, Rev. H. S. Tompkins, B. A., R. D., and wife, Rev. A. W. Lindsay, D. D., S. C., and wife, Rev. W. Crawford, M. D., C. M., and wife, M. J. Sheridan, M. D., C. M., and wife. The commissioner on our French work appointed a year ago reported and various changes in management were arranged for, giving the missions more fully into the care of the Montreal conference. The commissioner was continued with authority to examine more fully into the French educational work. Arrangements were for the continuance of the policy of immigration and chaplains are to be appointed to several ports of entry. The conference of Newfoundland and New Brunswick and Prince Edward Island asked for a superintendent of missions to be appointed for each conference but the mission board decided to appoint one for the two conferences and I was appointed to fill the position though I do not know whether or not I will accept. The home missionary secretaries will be the superintendents of the Ontario and Quebec conferences. The question of the personnel of a delegation to visit West China was left over until the next meeting of the board, which is to be in Vancouver, B. C., in October, 1908. Considerable attention was given to the question of the "strangers within our gates," and provision was made for doing our share of mission work in connection with them. The problems which are in connection with this work and the other work in the west are not easy to solve, largely for lack of men fitted for the work. From 75 to 100 men are needed for our work in the west. Serious consideration was given as to the possibility of rearranging our work on the older fields, so as to give more men for our rapidly extending work in the west and in our foreign field. The meeting of the board was one of the most important ever held and the questions dealt with are of far-reaching importance.

Another NICKEL SHOW Berryman's Hall to Be Converted into a Moving Picture Palace.

At the present rate of progress, moving picture shows will soon be as numerous as saloons or grocery stores. Another of these 5-cent shows is to be started in Berryman's Hall as soon as the Salvation Army vacates the premises, which will be in about a week. C. H. McLean, president of the McLean Publishing Co., is the promoter of the new amusement house. With the show to be started on Mill street shortly and the one to Berryman's Hall, the city will have ten of these nickel theatres in its midst and it is feared the end is not yet.

Signor Marconi, interviewed today said he would be able to open wireless service for commercial use at Sydney on Tuesday next.

WHAT KEMP AND FOSTER SAID

Some Hot Shot for Dr. Pugsley at a Meeting in Toronto This Week.

The despatches stated on Thursday that Mr. Kemp, M. P., of Toronto, had criticized Hon. Dr. Pugsley's Fairville speech. Both he and Mr. Foster did so, and the following report from the Mail and Empire will be of local interest:—

"Mr. Kemp, M. P., commenced with a suitable reference to the great success of Mr. Borden's tour from the Atlantic to the Pacific. Mr. Aylesworth and other members of the Liberal party had apparently taken offense regarding Mr. Borden's charges concerning corrupt elections. Mr. Kemp's statements were so extreme that they would almost answer themselves. Mr. Pugsley, the new minister of public works had, however, made a statement that in a constituency in his own province he knew where the Conservatives spent \$25,000 in an election. He claimed to know where the money was spent, but he put himself in such a position that he knew that anything he said would not be admissible from the standpoint of libel. If Mr. Pugsley believes there was \$25,000 spent corruptly in that election in his own province, I would like to see his duty as Attorney-General to put the common law in operation in that province and see if he could not find out who were the guilty parties. "Hon. George E. Foster, after a few preliminary remarks, at once took up Mr. Kemp's reference to the Pugsley charge. Mr. Kemp is the most innocent man I ever saw get on a platform in Toronto," Mr. Foster declared facetiously. "You would think Mr. Kemp had never heard of the word B-L-U-F-F. If Mr. Kemp knew Mr. Pugsley as well as he claims to, he would not have made a big bluff by the latest newcomer into the federal administration who was anxious that Mr. Aylesworth should not have all the say, but he must have a word himself." Laughter and applause. Mr. Foster also asked why, if Mr. Pugsley knew that electoral corruption was going on he had not put the law into force. That it was his province, to have done so was proved by what had taken place in connection with the London election disclosures, which had resulted in the retirement of a minister from the dominion cabinet. "We will meet Mr. Pugsley here and by the house of commons," Mr. Foster remarked. "We will find out how much he knows and we will invite him to tell the public all he knows about the London election. You will also ask him to say all he knows about the corruption funds of the Liberal government in 1904, from the time that they got them, and by whom they were spent. (Renewed Cheera.) If we get him out on that line we will have one of the most interesting discussions we have ever had." (Laughter and applause.)

PAPER HIGHER IN U. S. THAN IN CANADA

While the Nova Scotia Press Association is asking that the duty on paper from the United States be reduced, a committee in the United States is urging that congress reduce the duty on paper so that we can get a supply from Canada. The price of paper in the United States today is higher than in Canada, and the American mills, at the higher price would not look at orders as small as those filled by Canadian mills at the lower price. The truth is, said a gentleman conversant with the trade, the paper makers in the United States are the people who fix prices for all the products of pulp, whether in the United States or in the old country.

HARVEST FESTIVAL

Thanksgiving mingled with sadness will mark the harvest festival services to be held in St. John's (stone) church tomorrow, and blended with the decorations will be draperies of purple ribbon, emblematic of the death of His Lordship Bishop Kingston. All day the ladies of the congregation have been busy arranging the decorations which consist of wheat, vegetables, fruits and flowers. The wheat is of excellent quality and comes from the province of Saskatchewan, having been brought here especially for the purpose. Large donations of vegetables and fruit have been received from members of the congregation and James Manchester sent in a large quantity of vegetables from his farm on the Manawagonish road and Sand Cove. The front of the church is adorned with large sheaves of wheat, which is also used in the sanctuary, where vegetables of various kinds are also in evidence. During the coming week the fruit will be distributed among the sick of the congregation and the vegetables probably among the poorer families. The music will be of a special character, and at the morning service reference will be made by the pastor to the death of Bishop Kingston.

FUNERALS

The funeral of the late James Manson was held today from his late residence, 83 Sewell street. Rev. A. A. Graham conducted the services and interment was made in Fernhill. The funeral of the late Mrs. Mary Whatson was held at 2:30 this afternoon from the residence of her son-in-law, James Turner, 400 Main street, to St. Peter's church, where prayers were read, after which interment was made in the new Catholic cemetery.

OLD DAIRY BUTTER IS SOLD HERE AS THE NEW CREAMERY PRODUCT

Creamery Companies Are Large Buyers of This Stock—Some Butter Men Account for the Short Weight by Pleading Shrinkage—More Facts About St. John's Butter Supply.

Once was made, was the practice of several of the out-of-town creameries that ship considerable butter here, of buying up old butter whenever they can get it and doctoring it up and mixing it with their own product. This merchant said that he had been offered a good figure not long ago for a lot of "cooked" butter, by one of these creameries. He had noticed very often that the prints sent out by the creameries were very "strange" two or three different colors of butter being worked into the print. Very often shipments of the class had been returned to him and he had lost good customers on account of it.

A Times man weighed some of the one-pound prints and after that sent here by farmers and small dairies, and while some were found to be of the correct weight, others were shown to be from one to two ounces short in weight. It is known that in many cases these so-called pound prints are never weighed by the producers, but are put up mainly by guesswork, and strange to say the guessers are nearly always in favor of the producer, and the supplying of news of this sort for a pound that weighed no more than three-quarters of a pound.

The Butter Shrinkage

The Editor of the Evening Times: Dear Sir—In your issue of October 11th an article on the weight of 24b prints of butter, manufactured by the different creameries, has been brought to my attention, and the quotation which I especially wish to reply to, is that "St. John's creamery" is not weighed by the producers, but is put up mainly by guesswork, and strange to say the guessers are nearly always in favor of the producer, and the supplying of news of this sort for a pound that weighed no more than three-quarters of a pound. The writer does not think that the firms or parties operating creameries desire that their butter should go normal in weight, and would like to emphasize the necessity of great care on the part of butter makers generally to maintain a standard article both in weight and quality. Yours truly, B. H. COTHER, Butter maker, St. John Creamery.

PROFESSOR JIM PITT IS HEARD FROM AGAIN

Champion Barber of the World Declares He Can Beat Marconi at the Wireless Game. All hail to Professor Jim Pitt, confusion to Marconi. The members of the editorial staff of this paper, who, today, smoked good cigars at Professor Pitt's expense, are glad to hear from him, for he is the greatest barber in the world, that he can shave more men and run more miles than any other barber in the world, and he is prepared to prove that if Guglielmo Marconi is a "wireless wizard," Jim Pitt is a "wireless wizard." A member of this staff received a letter from Prof. Pitt this morning. In the letter were enclosed clippings stating that the alleged reception by Marconi operators at Marcon, C. B., of a wireless message from Manila was a "pipe dream," worthy of a nature fakir. Also in the letter was a request that the Times staff should smoke up at Mr. Pitt's expense. And while the smoke of the fragrant Havanas (we got twelve for the dollar), ascended into the ambient atmosphere, the members of the staff saw the Marconi system on the throne of wireless telegraphy with Marconi groveling in a lake of lather at its feet. Incidentally Professor Pitt remarks that he is anxious to demonstrate the superiority of his system over the Marconi system for a stake of from \$25,000 to \$50,000 a side, the test to take place either in St. John or the United States. He also states that Marconi ignored his previous challenge, but must accept this one. Prof. Pitt has the goods, he has the money and the desire. It's up to Marconi.

A DISGRACE TO THE CITY

Complaints continue to emanate from people residing in the vicinity of the Wall street bridge about the filthy condition of the roadway on that structure, and also of the fact that a local water company is allowed to leave the street leading to the bridge torn up as it has been now for more than a month. It is also dangerous for people passing that way after dark. Immediate attention should be given to the matter.

A NEW CURE FOR CANCER

PARIS, Oct. 12.—Dr. Keating Hart, of Marseilles, gave a practical demonstration here yesterday of his new electro-magnetic cure for cancer, which up to the present time has shown the most wonderful results. The system consists of applying in a special manner high tension intermittent sparks to the cancerous growths. These are softened by the electricity and their cutting out is made most easy. At the same time the electricity causes the wound to heal with magical rapidity, kills all pain, and prevents a recurrence of the growth. This electrical process which has been named "Fulguration" can be applied also to cancer in the head, where operations are impossible. Its application causes the growth to disappear gradually and puts a stop to the dreadful pains that accompany cancer. Professor Samuel Pezzoli and a number of other eminent French surgeons, as well as several foreign delegates to the surgical congress now in session here witnessed the demonstration, of yesterday and declared it to be of the greatest value.

PIGEONS STOLEN

"Any person that can furnish me with reliable information that will lead to the apprehension of the present thief or thieves who stole about fifteen valuable prize pigeons from me on Thursday night, will be suitably rewarded," said J. C. Johnston, of Cheley street, north end, to a Times man today. Mr. Johnston is a great bird-fancier, and took first prize at the last exhibition here for pigeons. In all he has about fifty birds, which are kept in a pigeon loft. Some few have been stolen before, but on Thursday the thief or thieves got hold and scooped about fifteen very valuable birds. Twelve Birmingham rollers and three faint white rollers were taken. Mr. Johnston feels his loss keenly and says he will follow the matter up. He made the offer of reward as above.

THE TIMES NEW REPORTER

THE VERY MAN. Mr. Hiram Hornbeam says that the weather is entirely responsible for the sale of short-weight butter. Owing to the condition of the pasture and the high price of feed it is impossible, he says, for a cow to produce butter of full weight.

FULLY EXPLAINED. Some persons on Union street are protesting against the seizure of the whole street for a block below Waterloo street for railway purposes. They say it will decrease the value of property. If these persons are not more careful their property will be taken away from them. They have no rights in these matters, and may be proceeded against as disturbers of the peace.

A WARNING. The ferry committee have cabled to London for plans of the new airship. They desire to add one to the ferry fleet.

MERELY A RETAINER. At the mock trial of the other evening a bunch of twenty-four carmenes was handed over the footlights to Dr. Macrae. His friends have been asking the doctor how much he paid for them, but the Times new reporter is in a position to state that the bouquet was the gift of twenty-four young gentlemen who expect to figure as defendants in the trunk and gill suits as a result of the tennis and golf season.

WESTMORLAND VOTERS MAY VOTE ON SCOTT ACT

Should Be an Examiner Here. A Condition That Should be Remedied in the Examination of Applicants for Masters and Mates Certificates.

At the present time there is no examiner of applicants for certificates of masters and mates at the port of St. John, or at any port in New Brunswick.

Even if a man in Campbellton wanted to pass examination he would be compelled to go to Halifax. This condition of affairs cannot be tolerated and it is hoped that the Hon. Dr. Pugsley will give the matter his attention. Until some months ago Capt. Cole was the examiner, getting very little pay for his work, and when he was censured for doing something which he considered his privilege to do, he resigned. It is probable that Capt. Cole could be induced to take up the work again but if not another should be appointed without delay. There is much complaint in shipping circles over the existing conditions.

FORMER RATES TO BE CHARGED

WINNIPEG, Man., Oct. 12 (Special).—Officials of the Canadian Pacific Railway Telegraph Co. have notified the newspapers of western Canada that all conditions which governed the transmission of press messages and the supplying of news over their service in the month of July are taken in force from here to the coast. A newspaper taking the Canadian Pacific Railway Associated Press service will get the service at rates in force prior to August 1—that is about 50 per cent off a standard article both in weight and quality. The large increase put into effect on October 1 have been abandoned and former conditions revived. This removes one of the main grievances of the western papers. The only difficulty which still awaits adjustment is the fixing of the relations between the Canadian Pacific Railway and the western Associated Press.

MAY BE A CHANCE FOR SIR THOMAS

Brooklyn Yacht Club Will Offer Trophy for Race Along Lines Lipton Suggests. NEW YORK, Oct. 12.—Sir Thomas Lipton may get a race for his yacht after all. He wishes to race according to his own ideas, and the Brooklyn Yacht Club may give him the opportunity. The proposal was made to the board of governors of the club by Commodore William C. Town, last night, to offer a valuable trophy for international contests along the lines which Sir Thomas Lipton suggested, and a committee was appointed to consider the advisability of following out the plan. Commodore Town, it was stated, will build a boat to defend the trophy, if Sir Thomas or any foreign yacht club would take up the suggestion.

PLANS FOR FUNERAL OF THE LATE BISHOP

FREDERICTON, N. B., Oct. 12.—(Special)—Fredericton is in mourning today over the death of His Lordship Bishop Kingston, who passed away at his home on Church street shortly before 12 o'clock last night. He was unconscious for two hours before the end came. His lordship was out for a short time on Tuesday and called on several friends. On the following day he was taken ill and gradually failed until the end. His step-daughter, Mrs. W. B. Clements, of Piquetkill, N. Y., was telegraphed for yesterday and will reach here on Monday. Coadjutor Bishop Richardson, who is in charge of the diocese, is busy making preparations for the funeral of the late prelate. The body will be conveyed to the cathedral at four o'clock on Monday afternoon, and will be in state until 2:30 on Tuesday, when the funeral services will be held. Bishop Richardson will conduct the service, and it is expected that nearly all of the clergy of the diocese will attend as well as several from other provinces. The body will be interred in the Robinson family lot in the Church of England cemetery at Nashwaak.

WALKED ON PLANK IN MID-AIR TO SAFETY

NEW YORK, Oct. 12.—Crowded with theatre goers returning from New York and half way across a high trestle, a Hoboken trolley car suddenly burst into flames shortly before midnight last night. At this point on the trestle, the car was seventy feet above the ground. Many of the passengers were women and it was with difficulty that a panic was quelled. The conductor and the motorman begged the passengers to be calm and assured them that all would escape in safety. As soon as the car was stopped, the passengers were apprehended it was found a narrow plank pathway, made slippery by the rain. On this dangerous footing, surrounded by live feed wires, they walked some distance on the plank before reaching solid ground. All got off the trestle which is 150 feet high at its highest point without accident. The car was entirely consumed.

BLAME PLACED ON TRAIN DESPATCHER

MANCHESTER, N. H., Oct. 12.—The fatal mistake, as a result of which 26 lives were lost and 20 persons seriously injured in a broad collision at Canaan, N. H., on September 15, originated in the office of the train despatcher at Concord, according to the report of the State Board of Railroad Commissioners made public today. Investigation by the railroad officials disclosed that the error lay between James A. Broyles, the train despatcher at Concord, and John S. Greeley, the telegraph operator at Canaan. The report exonerates Greeley from blame. No recommendation is made with reference to the despatcher.

MONTREAL STOCKS

MONTREAL, Oct. 12 (Special).—A marked weakness characterizes the whole stock list again today, and there was a fair sized volume of liquidation. Declines were noted in the following issues:—Dominion Steel, 18 1/4; preferred, 49 1/2; Dominion Coal, 45 1/2; Dominion Steel Bonds, 75; Montreal Power, 90 1/2; Toronto Railway, 67 3/4; Detroit, 69 3/4; N. S. Steel, 62 3/4; Halifax Railway, 38 1/2; Toledo, 16 1/2; Twin City, 9.

GLASS BLOWERS ON STRIKE

MONTREAL, Que., Oct. 12 (Special).—Forty glass blowers went on strike here today for an increase of wages and a nine hour day. They are now paid \$10 to \$12 per week, and ask \$15. Three firms are affected.

AGITATION ON FOOT TO REPLACE IT BY LICENSE LAW

Liquor Dealers Canvassing for Sufficient Number of Voters' Signatures to Permit of Testing the Matter Again at the Polls.

MONCTON, N. B., Oct. 12 (Special).—Influenced largely by the action of Magistrate Kay in imposing a motion picture license law, particularly so in Moncton, a petition is now being prepared for circulation in the county petitioning for an election.

If one-third of the voters signaturae are secured for this, an election will be held. Several years ago a similar attempt was made and defeated but the dealers here for different results this time as the Scott Act in the county is little better than a farce, particularly so in Moncton, where at least thirty bars are running full blast. Alfred Robes of Moncton is to compete in the Halifax ten mile race. He is an Englishman who was thought to have a good chance in the Moncton race, but was scolded with cramps when a mile out.

I. C. R. TRAINS IN COLLISION

MONCTON, N. B., Oct. 12 (Special).—A rear end collision occurred at Calhoun's Mills about 11 o'clock last night between two freight trains. The engine of the first train, which was in charge of Conductor Nickerson, broke down at Calhoun's and a delay of some time was caused. It was while this train was standing on the main line that Conductor Wilbur's special crashed into it, making a total wreck of the van and derauling five box cars. Fortunately all the train hands in the van escaped injury. Conductor Wilbur was given orders to back up to leave Memramouc as soon as the other train had left Calhoun's, and he, thinking that the line was clear, went right ahead, with the result that he ran into Nickerson's special. The auxiliary train left Moncton for Calhoun's at 12:30 and the line was clear for trains to pass shortly before four o'clock in the morning. No. 9 and 10 were slightly delayed by the accident.

BURGLARIES AT RENFORTH

House-breakers have made their appearance at Renforth and several summer cottages at the suburban resort have been broken into and goods stolen. An investigation yesterday showed that the cottages of W. Humphrey, C. A. Fox, T. H. Belyea and Fred R. Murray had been broken into. In Mr. Belyea's house an entrance was not effected, but one of the shutters was pried off. The other houses, however, were all ransacked and some goods taken. In two cases an entrance was made by removing the shutters and taking off the panes of the windows so that the sashes could be removed. A ladder was used to gain entrance to one house via the upper windows. Renforth people are of the opinion that the burglars were not tramps but some one living in the neighborhood. Many of the houses taken, but many canned goods, cooking utensils and ornaments, etc. It is probable that some action will be taken by the Renforth residents to discover the culprits and it has been suggested that a reward of \$100 be offered for information that will lead to the arrest of the guilty parties. Last year the Renforth cottages were visited in a like manner and quite a quantity of goods stolen.

LATE LOCALS

W. J. Mahoney, state deputy of Colubus returned last night from Charlottetown, P. E. I. where degrees were conferred upon twenty-five candidates. There was a large crowd in attendance, including members of North Shore lodges. The trip proved a most enjoyable one. The Simonds and Loch Lomond Fair which will be held at Loch Lomond on Wednesday next, is being anticipated with considerable interest. There is always a good general display of vegetables and live stock and only few weather is needed to ensure success. Eight deaths were reported at the office of the board of health for the week ending today, as follows: Senility, toxemia, anasarca, pneumonia, suffocation, heart failure, capillary bronchitis, and bronchopneumonia, one each.

THE CASE OF GOGAN vs. WHITTAKER

The case of Gogan vs. Whittaker was resumed in the county court, this morning before Judge Forbes. The defendant and G. H. V. Belyea were examined and adjournment was made till 2:30 o'clock next afternoon. W. H. Trueman for the plaintiff and W. B. Wallace for the defendant.

DEPT. OF THE BIBLE CHURCH

Despite the fact that Bible churches are being held in various Anglican churches throughout the city, the classes for men and women, conducted by Rev. G. A. Kirtley, rector of St. John's (Stone) church, reopened this week with record attendance for the beginning of the season. At the men's class which opened on Monday, there were 125 present and the women's class opened with an attendance of 120.

2 THE EVENING TIMES, ST. JOHN, N. B., SATURDAY, OCTOBER 11, 1907
A Sale That Will Blaze a Trail of Modern Merchandise at Prices Never Heard of Before. You Will Save Many a Railway Fare if You Attend This Great Sale

MONSTER CLOTHING SALE

AT THE

UNION CLOTHING COMPANY

26-28 CHARLOTTE STREET (Opposite City Market) ST. JOHN, N. B.

WILL BEGIN
WEDNESDAY, OCTOBER 16

DOORS OPEN AT 9, SHARP

FOR MEN, YOUTHS AND BOYS

This great clothing sale which will consist of nothing else but Winter Clothing, such as Men's, Youths' and Boys'

THE EVENING TIMES, ST. JOHN, N. B., SATURDAY OCTOBER 12, 1907.

The Evening Times.

ST. JOHN, N. B., OCTOBER 12, 1907.

The St. John Evening Times is published at 27 and 29 Canterbury street, every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd.

THE EVENING TIMES, THE DAILY TELEGRAPH. New Brunswick's Independent newspapers. These newspapers advocate: British connection. Honesty in public life. Measures for the material progress and moral advancement of our great Dominion.

BISHOP KINGDON During the quarter of a century of his service as a churchman in New Brunswick the late Bishop Kingdon steadily strengthened his hold upon the affections of his people, and steadily grew in the esteem of the members of all denominations.

A NOTABLE APPEAL In a double-column editorial which must command the attention of the whole country the Montreal Star calls upon the people of Canada, of all political parties, to save their representatives from the temptation to traffic with speculators, contract-seekers and other schemers in return for political funds.

THE TIMES The first edition of the Evening Times conveyed to the man on the street the earliest news of the day. The last edition contains the very latest local and telegraphic news received up to 3.30 p. m.

THE CANADIAN DETECTIVE BUREAU, LTD. Undertakes all proper DETECTIVE business for CORPORATIONS, BANKS, AT-TORNEYS, MERCHANTS, HOUSES, or PRIVATE INDIVIDUALS. all citizens with an equal weight. Some men have been given a stewardship over more money than others—a stewardship which compels them to take an especial interest in the good government of the nation wherein their stake lies.

And again:— "Obviously if the high-minded and pub-lic-spirited leaders of our parties are not to be brought to their knees before the sordid traders in public charters and na-tional franchises, they must be supported in a financial sense by the honest men—the men who are seeking no favor from any government—who believe in their cause.

GIFT AND RETURN There are loyal hearts, there are spirits brave. There are souls that are pure and true. Then give to the world the best you have. And the best will come back to you.

IN LIGHTER VEIN A PLOT. "Yaas, she twested me very badly." "How so, Algy?" "Accepted me, rehearsed the wedding sixteen times, and then married a fel-lah who came on from California. I think it was a plot."

THE ATTRACTION "I must confess," growled the dis-satisfied tourist, "that I can't see why so many people want to come here. No scenery, no amusements, no good things to eat—absolutely no attractions!"

COMFORTABLE Comfort is a relative term. In a sol-diers' camp things appear delightful which would hardly be thought so at home. When, the day after the battle of Gaius' Hill, John, a negro servant came in for supplies, says Mrs. Pryor, in her reminiscences, his mistress asked after his master's well-being.

POLITICAL NOTES THE SUN AND MR. BORDEN. (Victoria Colonist.) The St. John Sun says that Mr. Borden dodged the Oriental question in his Victoria speech. This illustrates how necessary it is to go from home to hear the news. Those who heard Mr. Borden thought he met the question frankly, fairly and squarely.

ONTOARIO BY-ELECTIONS. (Mail and Empire.) The by-elections leave the Whittsey government stronger than it was after the general election. Eight of these elections were necessitated by the appointment in 1905 of the ministers to their respective departments. The ministers were not op-posed when returning to their constitu-ents. There have been seventeen by-elections. In but four of them were Liberal candidates run. In two the Liberals held their own, in one the Conservatives re-tained their position, and in the last the Liberals experienced a loss.

POWERFUL SUPPORT. (Charlottetown Guardian.) The Association of Funeral Directors strongly endorse the Tunnel. Their large practical experience in underground work qualifies them to speak on this subject.

GLOVES! We have received 150 dozen Fall and Win-ter Gloves, all samples, that are selling at about wholesale prices.

Go-Carts at Bargains We are offering the remainder of our Handsome Go-Carts at Bargains. Beautiful Go-Carts with all the latest im-provements etc. from \$28.75, \$27.00, 26.00 down to \$3.85.

Ladies' Slippers For Every Purpose. Our assortment of slippers could not be more complete or pleasing than those we are now showing. Every requirement is considered.

Apples. Consignments of choice apples arriving daily. Call and examine our stock. GANDY & ALLISON 14 North Wharf. Telephone 264

PENSIONS FOR TEACHERS

PAPER READ BY W. J. S. MYLES, Before the Saint John Teachers' Institute.

The question of teachers' pensions which I wish to discuss before you is coming each year, more prominently before the minds of teachers and public alike.

It has been of much benefit, its sphere of usefulness has been limited by its lack of funds. It is subject to the weakness of amateur management, and of restricted membership.

Second—Pensions will attract into the teaching profession the brightest and most capable of our young men and women.

Fourth—Pensions will improve the schools by removing disabled and worn-out teachers. In the absence of any system of pensions many old and disabled, but otherwise worthy teachers, are retained in the service to the detriment of the children under their instruction.

Fifth—Teachers deserve pensions. Teachers perform an important work for the state, and are generally admitted to be very inadequate pay, and the public has no moral right to retire a teacher who has given a life-long, faithful service.

Let us now consider how pensions may be secured. In other countries and in many sections of the United States systems of pensions have been in operation for years.

Sixty years of experience with Ayer's Cherry Pectoral make us have great confidence in it for coughs, colds on the chest, bronchitis, hoarseness, weak throats, weak lungs.

In New York, all deductions on account of teachers' salaries, gifts and legacies (few in number thus far), and 5 per cent of all revenues received from liquor licenses (averaging an appropriation of \$28,000 a year) constitute the retirement fund.

In the state of Ohio the law of 1894 allows a board of any school district to set up a teachers' pension fund, and to pay into it all fines and deductions made against teachers, \$20 a year from each teacher's salary, and levy not to exceed 2 per cent of the amount raised by the board from taxation.

In 1902 the state of Maryland enacted the following: "Whenever any person in this state has taught in any of the public or normal schools thereof 25 years, and has retired on account of age, disability or heretofore, the said teacher shall be entitled to receive from the state Maryland \$200 per year to be paid quarterly by the treasurer of this state upon the warrant of the comptroller."

In April 1907 Rhode Island enacted a law to take effect Jan. 1, 1908, whereby any person who shall have taught 35 years and shall have reached the age of 60 years, and who shall have retired or who shall voluntarily retire from active service shall receive from the state for the remainder of his life an annual pension equal to one-half his average salary during the last 5 years preceding his retirement but in no case to exceed \$500.

If a portion of the burden is placed upon the teachers by a direct tax it will meet with many objections. The clerical staff involved in the keeping of nearly 2,000 accounts and the repayments to retiring teachers would be a serious matter. Opposition would come from the hundreds of young teachers who have no intention of remaining many years in the profession.

The only plan which, in my opinion, is capable of adoption and of being satisfactorily administered is for the province to enact and maintain a pension system, and would be the equivalent of a slight—very slight—increase in provincial allowances.

It would be the assumption of a duty which the state owes to its servants that have given it many years of faithful service, and would be an honorable recognition of their services.

Every dollar expended will find its way directly to the beneficiary. It will carry with it a guarantee of stability which cannot be furnished by any society or company, and does away entirely with the necessity of creating any permanent or reserve fund.

Granting then, that the province should provide pensions, and assume the full cost of the same, what are the most salient features of an adequate pension scheme and what charge will it entail upon the provincial treasury?

In all such plans provision is made for any teacher who retires from service before the expiry of 30 years to receive one-half of the amount paid in, or in case of death, one-half of the amount paid in is returned to the heirs.

According to United States Educational Report for 1904, statistics collected from all cities and towns in the United States having a population of 8,000 or more show the percentage of teachers that have spent over 35 years in service to be 1.5. It is in cities and towns that the highest salaries are paid and that oldest teachers are located in rural schools.

Again, in Nova Scotia the percentage of teachers that have taught between 20 and 30 years is 3.5. If this number is distributed over 10 years and mortality tables be applied the number of annuitants to be added during the following 10 years would not average 3 a year.

In this connection I might state that Rhode Island, with a school population of almost the same number as that of New Brunswick, with a school system many years older than ours and with an allowance more generous than I have suggested for New Brunswick has appropriated \$100,000 a year for its pension scheme.

That there are valid objections against a system of pensions for teachers I do not believe. And yet my arguments may be urged against such a proposal, I admit, and sometimes from quarters where opposition would be least expected.

HEADACHE

When your head feels like to split, and a film comes over your eyes that blots out the things you look at, take Mother Seigels Syrup. Your headache is due to biliousness with very likely constipation, and this great medicine cures both because it restores stomach, liver and bowels to proper activity.

MOTHER Seigels SYRUP

"I had pains that nearly took my breath away after every meal, and frequent headaches. I was nervous, weak and slow, and became so disheartened that I often wished I was dead. But thanks to Mother Seigels' Syrup and Pills all that is gone, and I am gaining weight and strength daily." - From Mr. James Batchelor, Grants Farm, Dundee, Que., July 11, 1907.

Biliousness

INDIANS FACE GREEKS TODAY

In Mighty Struggle on the Victoria Grounds--Teams in Great Shape for What Will be Fast Game.

"When Indian meets Greek, then comes the tug of war." This variation of the popular quotation may well be applied to the football match on the Victoria grounds this afternoon when the champion Marathons will meet the aspiring Algonquins for the first time. Both teams are in the pink of condition and a grand game is expected. The Indians realize that the loss of the game means almost the relinquishing of hopes for the championship and will do their best to win.

The Marathons with such an excellent record can not figure out how they can be beaten by the new team and it can safely be said are confident of victory. Tower is said to be quite an acquisition to the Algonquin half line and McChesnel will strengthen the forward line. Howard will be in the line-up, if anything, stronger than when they defeated the St. Peter's 11-0. The game will commence at 3 o'clock sharp and players are warned to be on time. Ladies will be admitted free and a large attendance is looked for.

The teams will be: Marathons. Full Backs. Algonquins. Ellis. Kenney (Capt.) Halves. Everett. Dr. Malcolm (Capt.). Tower. Thornhill. Wright. Ring. Howard. Forwards. Thorne. Mackingay. Pike. Rev. L. A. McLean. McKinnon. Stubbs. Melstare. Birmingham. Smith. Masters. Sealey. J. Malcolm. MacMichael. Sippell. Arthur McCluskey will referee.

INTERMEDIATE GAMES TODAY

Victorias vs Curries and Micmacs vs LaTours the Bill on the Shamrock Grounds This Afternoon.

On the Shamrock grounds in the Intermediate League series, the Victorias will clash with the Curries and the Micmacs will go against the LaTours. The grounds were lined off last evening and it is hoped this will do away with all chances of dispute over games. In the junior league, High School and Rotsey will meet on the college grounds. These teams have met twice this season but both games were tied. With four games all expected to be fast, the followers of the gridiron sport are expected to have a busy day.

WOMEN'S NATIONAL GOLF TOURNAMENT

CHICAGO, Ill., Oct. 10.—Miss Sallie Ainslie of Westward Ho, the last winner in the event, was eliminated from competition in the women's national golf championship tourney at the Midlothian Country Club in the third match round today. Miss Anita Phelps of Springfield, Mass., accomplished the feat in a sensational match which went 21 holes before a decision was reached. Several spectators say Miss Phelps accidentally struck her ball while addressing it on the ninth tee, which should have caused her the match for it would have made Miss Ainslie 1 up on the return journey. Miss Phelps' error was the wind rolled the ball over, and Miss Ainslie does not protest. The match was secured when Miss Phelps won the 18th hole 5 to 6. They halved the 19th and 20th holes in 5 and 4 respectively, but Miss Ainslie drove out of bounds in the 21st hole.

DALHOUSIE TO PLAY CRESENTS

Halifax, N. S., Oct. 11.—(Special)—Dalhousie and the Crescents will play a league football game Saturday. But the differences regarding gate money have not yet been settled. It looks, however, as though the difficulty would be surmounted before the series ends.

THE RING OKKEE GETS IT

PHILADELPHIA, Pa., Oct. 10.—Tommy O'Keefe and Teddy Maloney, two featherweights, tonight fought one of the most vicious contests ever decided at the Broadway A. C. O'Keefe, by reason of his great cleverness, earned the decision.

SWIMMING SWIMS GOLDEN GATE

SAN FRANCISCO, Cal., Oct. 10.—Arthur Cavill the Australian swimmer, swam across the Golden Gate in 1 hour 15 m. this morning. This beats the time of his brother, who was the first swimmer to cross this perilous channel, by 2 minutes. Cavill entered the water at Lime Point at 9:10 o'clock. He wore the usual swimming regalia, and at launch was in waiting to accompany him on his long contest against time.

YACHTING SWEDEN GETS

STOCKHOLM Sweden Oct. 10.—The reply of the New York Yacht Club to the letter of the Royal Swedish Yacht Club regarding a challenge for the America's cup was received today, but the contents of the reply are not divulged until after the meeting of the yacht club, which is tomorrow afternoon.

MARATHON ROAD RACE

The Marathon Club will hold its annual road race about Nov. 1.

ANNUAL MEETING OF BORDEN CLUB

Resolution Adopted Calling for Purity in Elections

Addresses by Dr. Daniel M. P. and Robert Maxwell M. P. - Officers Elected for Ensuing Year.

The annual meeting of the R. L. Borden Club was held in White's restaurant last evening. The officers and executive for the ensuing year were elected and Dr. J. W. Daniel, M. P., and Robert Maxwell M. P., delivered interesting addresses, dealing with the dominion and provincial political issues of the day. Dr. Daniel, N. P., delivered the retiring president, occupied the chair and there was a good attendance. The action of officers was: J. S. Tait, secretary; D. W. Clinch, treasurer; Allen O. Agar, P. J. McInerney, W. W. Daniel, Daniel McKinney, W. Cruikshank, Milton Price, Chas. Robinson, Christopher Spence, J. L. Lamb, B. L. Gerow, King Hazen, C. J. Lake, H. Maxwell, executive.

In addition to routine business a resolution calling for purity in elections was unanimously adopted. It was also decided to extend the age limit of membership from thirty to thirty-five years. At the close of business refreshments were served. Dr. Daniel, M. P., was then briefly introduced by Mr. Forbes, the first vice-president, who took the chair. After referring to a pamphlet entitled "The Resolutions" by Dr. Scott, which recommended to the attention of the club, Dr. Daniel turned his attention to a recent report in the Sun wherein he had been made to say that the Central Railway was a first class road. The trip to Chipman and Minto, he said, had been taken at the invitation of the commissioners and had been both pleasant and educative but he would not like the public—especially those who had been over the Central—to think that he had declared the railway to be a first class road. They would consider him an exceptionally poor judge. He had been made to say that the Central Railway was a first class road. The trip to Chipman and Minto, he said, had been taken at the invitation of the commissioners and had been both pleasant and educative but he would not like the public—especially those who had been over the Central—to think that he had declared the railway to be a first class road. They would consider him an exceptionally poor judge. He had been made to say that the Central Railway was a first class road.

PEOPLE OF NOTE

George F. Baer

Mr. George F. Baer, president of the Philadelphia and Reading Railroad, and considered the leading spirit among the organizers of the hard-coal commercial combination, was born in Somerset county, Pennsylvania, on September 26, 1842. He was educated at the Somerset Institute and later was graduated at Franklin and Marshall College. He first entered the employ of the Somerset Democrat, a newspaper published by his brother. During the Civil War he served gallantly in the Union Army, and after the war studied law, practicing at Reading, Pa. He became confidential legal adviser to Pierpont Morgan and afterward the controlling spirit in the hard-coal combine.

Cures Colds in One Hour

Many cold cures are dangerous because composed of debilitating opiates. But fragment healing Catarrhone cure cures in one hour and is both harmless and delightful to use. Even the worst colds, sneezing, sniffing cures with running eyes are stopped very quickly when the balsamic vapor of Catarrhone is inhaled. Catarrhone acts like a charm on colds, kills them outright, prevents their return a few hours later. For colds, catarrh and throat trouble use only Catarrhone. Complete outfit \$1.00, trial size 25c. at all druggists.

WESTERN NEWSPAPERS WIN OVER C. P. R. TEL. CO.

Winnipeg, Man., Oct. 11.—The C. P. Telegraph Company surrendered to the western newspapers today completely. A letter was despatched to all papers interested as follows: "I am just advised that our company will receive and transmit newspaper material at the rate in force previous to October 1, and our own press service will be discontinued." The letter is signed by the local manager. This is the work of Sir Thomas Shaughnessy direct.

WEDDINGS

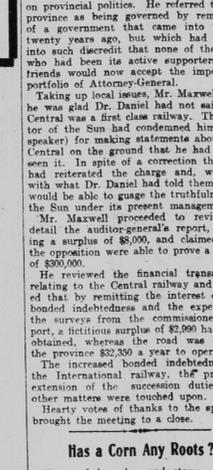

Coburn-Golding. On Tuesday morning next in the Brussels street Baptist church, the marriage of Miss Golding, daughter of J. N. Golding, to Herbert Coburn, of Boston, will take place. Miss Golding studied nursing in the Massachusetts General Hospital, and since her graduation has been practicing in Boston. She will arrive home today, and Mr. Coburn will come Monday.

"BRICK'S TASTELESS"

Renovates the entire system. Is palatable and can be easily assimilated. Cod liver oil is nauseous - Knocks out the stomach, So that very few persons can take it. Take a dose of "Brick's Tasteless" And note how pleasant it is - Starts you eating at once - relieves That tired feeling which Every one speaks of from time to time, and the Languid feeling disappears immediately. Every bottle taken is guaranteed to show improvement; So why should you hesitate to take it? See your druggist today about "Brick's Tasteless."

Eruptions

The only way to get rid of pimples and other eruptions is to cleanse the blood, improve the digestion, stimulate the kidneys, liver and skin. The medicine to take is Hood's Sarsaparilla Which has cured thousands.

Sixteen, Seventeen, Eighteen.

Now on counting you have started, you, as my friend, don't be perturbed; stick to me and I'll stick to you, for I'm SCOTCH ZEST BREAD, none better, that's true!

That's the only thing to do, stick to SCOTCH ZEST BREAD, for certainly it's your friend if cleanliness has anything to do with the food you eat.

Clean bakers and clean bake-houses tell two tales—wholesomeness and flavor—qualifications that have won for SCOTCH ZEST BREAD hundreds of prizes from hundreds of daily eaters.

Stranger, you don't have to buy SCOTCH ZEST BREAD to learn of its goodness, there's your neighbor or friend, ask them!

UNION BAKERY. GEO. J. SMITH, Prop., 122 Charlotte Street.

Valuable Advice to Mothers.

If your child comes in from play coughing or showing evidences of Grippe, Sore Throat, or sickness of any kind, get out your bottle of Nerviline. Rub the chest and neck with Nerviline, and give internal doses of ten drops of Nerviline in sweetened water every two hours. This will prevent any serious trouble. No liniment or pain reliever equals Polson's Nerviline, which has been the great family remedy in Canada for the past fifty years. Try a 25c. bottle of Nerviline.

Toronto, Oct. 11.—(Special)—A consultation of doctors was held in Rev. John Potts' case today and the verdict was, no hope.

LATE LOCALS

One western firm yesterday quoted oats at 72 cents delivered in St. John.

The agricultural fair will be held at Loch Lomond Wednesday, 16th Oct.

The St. John schooner Minola, Captain Porveth, cleared for New York with a cargo of nearly two millions of laths.

Battle line steamer Trebia, Captain Hillon will sail tomorrow for Bow Head for orders with a large cargo of deals.

Mrs. Robert W. Smith and family wish to thank their many friends for their sympathy in their late bereavement.

Registrar Jones reports fifteen marriages during the past week.

Twelve births, seven females, five males.

Bones are quoted at \$2.10 wholesale in St. John, but some western shippers are now asking \$2.35. The market is very much unsettled.

Furness line steamer Kanawha, Captain Kellman, will go to sea from this port to night bound for London via Halifax with a general cargo.

Creamery butter in tubs is selling today at about 28c per pound wholesale, and the choicest dairy at 26c. The market is very strong and stocks light.

It is understood that the marine department is soliciting the views of inspectors of hulls on the question of the size of gasoline boats which should receive certificates to carry passengers.

A meeting of the bills and by-laws committee was held last evening when the division of the city was discussed.

Apparently, even the hens are taking an interest in the upward movement of prices, for this morning 40 cents a dozen was being asked for henery eggs. The price is likely to go even higher.

Chink Lee, a Chinese laundryman, has been reported by the police for allowing a load of coke to remain on the sidewalk on St. James street last night, without a light.

The Donaldson liner Oritha, which arrived yesterday from the west coast, has a large amount of iron girders, beams, etc., for the new I. C. R. shops at Moncton. She has on board also over 20,000 bags of Scotch hard coal.

A large number of small schooners carrying salt from this port to the soda factory at Lubec, Eastport and St. Andrews are leaving port daily.

The schooner Abbie Vera cleared today with 1304 bags for Lubec.

Only a few Nova Scotia apples are coming into market as yet, and these chiefly windfalls. They sell, however, at good prices. Another week should see better stock arriving, but prices will be high this year.

On next Tuesday evening, in all the wards of the city, will be held meetings of electors opposed to the local government. Delegates to a convention to nominate opposition candidates for the city will be chosen.

A very interesting address on Publicans and Sinners was given in Portland Methodist church last evening by Mrs. J. K. Barney, of Providence, R. I., secretary of the W. C. T. U. in that work, under the auspices of the north end branch of the union.

Rev. G. M. Campbell, D. D., yesterday received a call from the Grafton street Methodist church, Halifax. As Dr. Campbell is now engaged in the work of the Canadian Bible Society he has declined to accept.

The collectors of taxes for the parishes of Lancaster and Simonds will be at the county treasurer's office, Princess street, today and Tuesday afternoon, to receive taxes from those who wish to take advantage of the five per cent discount.

The first issue since May last of St. John (stone) church parish magazine has just come from the printers, and is being sent to members of the congregation. It contains much valuable information relative to the work of the church and will no doubt be welcomed by parishioners.

A meeting of the I. C. R. Freight Handlers' Union has been called for 2.30 o'clock tomorrow afternoon to discuss matters in connection with the terms of the recent arbitration award. Many of the men claim that the amounts of their checks received yesterday were not according to the agreement.

T. B. Kidner, provincial director of manual training, was in the city yesterday. He visited the Hampton consolidated school on Thursday and found everything is running well under the able supervision of Principal Perry and an excellent staff of teachers. The special departments, manual training and household science, he said, were in full swing and proving very popular.

A number of friends of Mr. and Mrs. Frank Fales called upon them last evening to congratulate them upon the twenty-fifth anniversary of their wedding. Rev. A. B. Cohen, on behalf of the members of the Brussels street church, of which Mr. and Mrs. Fales have been members for years, presented them with a dozen silver butter spreaders. Acting on behalf of the immediate friends of the family, George Barnes made a presentation of a dozen silver initialed spoons.

THE CHURCHES

Main Street Baptist Church. Services 11 a. m. and 7 p. m., conducted by Rev. Mr. Brooks, of Amherst. Organ recital Thursday evening, 17th instant, by Prof. Fox.

Mission Church St. John Baptist, Paradise Row. Rev. J. E. Revington-Jones, priest in charge. Services tomorrow, Twelfth Sunday after Trinity and Special Thanksgiving for Harvest; Holy Eucharist (plain) at 8 a. m.; Matins at 10.30; High Celebration and sermon at 11 a. m.; Festal Evensong and sermon at 7 p. m.; Special offertory. All Seat free. Beginning next Thursday the priest in charge will hold a Men's Bible Class every Thursday evening from 8 till 8.30. All men are invited to attend. Men's Association will meet afterwards.

Gravel Train Derailed

The N. B. Southern train which left Carleton Thursday afternoon could not get through to St. Stephen on account of a gravel train being derailed at Dyer's pit, and the passengers, after spending the night at Dyer's, returned to Carleton yesterday afternoon.

The gravel train was switched off the track by gravel on the rails, and it took some time to replace the heavy flat cars. The passengers started out again last evening at 6 o'clock for another trial.

DEATHS

MCKINNEY—At Quebec, on 11th inst., Sadie, wife of James McKinney, Jr., 16th. Funeral Monday, 10th, from the residence of her sister, Mrs. Benjamin Potts, 161 Charlotte street.

AN ENJOYABLE ENTERTAINMENT

St. John Teachers Entertained Visitors to Institute at the High School Last Evening.

The St. John Teachers' Association gave a most enjoyable entertainment at the High school building last evening in honor of the members of the St. John County Teachers' Institute. Nearly all who attended the institute sessions were present, besides Mrs. Skinner and Mrs. Dyer, the lady members of the board of school trustees.

J. P. Owens, chairman of the local association, extended a hearty welcome to those present, after which the following excellent programme was carried out:

Vocal solo. High School Orchestra. Vocal solo. Miss McCarron.

Selection. Mandolin Sextette. Reading—"Passing of the White Swan"—Parker. Miss M. Florence Rogers.

Selection. Mandolin Sextette. Reading—"A Story of the French Revolution"—Miss M. Florence Rogers.

Selection. High school orchestra. The orchestral selections were very nicely rendered and the audience showed their appreciation by hearty applause.

Miss McCarron's rendering of a particularly pretty lullaby was accorded an enthusiastic reception, while the selections by the mandolin sextette were beautifully rendered. The pieces chosen were bright, crisp and tuneful and the performers kept practically perfect time.

The selections given by Miss Rogers were much enjoyed, and she gave evidence of great natural and highly cultivated talent. Miss Rogers possesses a clear, sweet musical voice, splendid tone projection and color, pleasing personality and the faculty of holding the attention of her audience from the first sentence to the closing lines of her reading. Her elocution is that of the finished artist, and she brings to her work a particularly pleasing vivacity and spirit. It is safe to say that St. John people will look forward with much pleasure to hearing her again at no distant date.

Mrs. Worden's solos were like all other numbers on the programme, enthusiastically enjoyed.

After the final number by the High school orchestra, light refreshments were served.

OBITUARY

John Findlay

Word was received yesterday of the sudden death of John Findlay, which occurred at Boston. Mr. Findlay, who was one of the men employed in doing the carrying work on the bank building in this city, was called to Boston two weeks ago today on account of his wife's illness.

It has been intimated to bring his wife to the city for the winter, as he was engaged to do some work on the new Y. M. C. A. building. While in Boston he was struck with an attack of pneumonia and passed away. Mr. Findlay was very well known here and was recognized as an exceptionally clever workman.

Mrs. James McKinney

The death occurred at Quebec yesterday of Mrs. James McKinney, formerly of the city. Mrs. McKinney had been ill for about two weeks, a fatal termination of her illness was not looked for. Mr. and Mrs. McKinney removed to Quebec about five months ago and they have since resided there.

Mrs. McKinney was a daughter of the late Mr. and Mrs. John Ganong of this city and she is survived by her husband, one daughter and three sons.

Mrs. Benjamin Potts of this city and Mrs. Colby of New York are sisters and Wm. Ganong of Moncton, and James Ganong of the Cedars are brothers.

The remains will be brought to St. John on Monday for burial. The sympathy of a large circle of friends will be extended to the bereaved family.

Mrs. Mary Whorton

The death of Mrs. Mary Whorton, widow of John Whorton, occurred here yesterday, 400 Main street, yesterday morning. Mrs. Whorton had been ill for some months and was in the 72nd year of her age. One daughter, Mrs. William Burton, of this city, survives.

Mrs. Mary Jane Fletcher

At Halifax yesterday the death of Mrs. Mary Jane Fletcher, widow of George Fletcher, and mother of the wife of Mr. Justice Longley, took place. Rev. W. E. Fletcher, a son, is pastor of the Charlotte street Baptist church, Carleton. Another son, Frederick, lives in St. John.

TWO INTERESTING MEETINGS

Miss Edwards and E. W. Appleby will sing solos at the meeting in the Every Day Club hall at four o'clock tomorrow afternoon, at which T. S. Simms will speak on his tour of the world. At the meeting at 8.30 in the evening at which Robert Maxwell, M. P., will speak on temperance, there will be solos by Mrs. Worden and S. J. McLean. There will also be other music at each meeting.

PERSONALS

Mrs. J. E. Edgett, accompanied by her daughter, Miss Eva M. Edgett, left on last evening's train on a trip to Boston and New York.

Mrs. Frederick Brooks (nee Wilson) will receive her friends Tuesday afternoon and evening, Oct. 15, at her home 314 Metcalf street, north end.

Mrs. Mary Gilchrist, of Fitchburg (Mass.), is visiting her niece, Mrs. George Scott, 2 St. David street.

Mr. and Mrs. G. Seman, of Moncton, were registered at the Dufferin yesterday.

Mrs. A. J. Charlton will leave this morning for a visit to Boston.

Sir William and Lady Bowser were passengers up river on the steamer Champlain yesterday.

Col. H. H. McLean returned from Fredericton yesterday.

ORIENTAL RUGS!

SALE-EXHIBIT OCT. 14--19.

An Art Collection of Beautiful Eastern Floor Coverings in Our Carpet Section.

THE DEMAND FOR ORIENTAL RUGS IN THIS COUNTRY INCREASES RAPIDLY. A few years ago they were little known outside a limited number of private collections and in museums. But each year is making them more of a factor in the art furnishings of this western division of the world, indeed the wide field for artistic research embodied in each rug—weave, dyes, design, history, symbolism and geographical interest—enhances their value many fold. That family pedigree and tradition is frequently connected with a product of the rude looms of the Orient gives further vent to the imagination of the appreciative. Getting down to cold commercial calculating these importations are a household economy. They wear everlastingly, their sheen and lustre never dim, their colors are unfading—in every sense a home requisite of rare beauty a charm at all times.

NOTICE:--To exhibit each Rug and wealth of coloring and texture, special lighting facilities have been installed.

The Invitation to Attend is a General One. SHOWING COMMENCES MONDAY.

MANCHESTER ROBERTSON ALLISON, Ltd.
