THE TORONTO CITY MISSION.

This is a faithful saying, and worthy of all acceptation; that Christ Jesus came into the world to save sinners: of whom I am chief—I ТІМОТНУ і: 15.

For the Gospel of Christ is the power of God unto salvation, to every one that believeth.--ROMANS i : 16.

And Jesus said unto them, "Thus it is written, and thus it behoved Christ to suffer, and to rise again from the dead the third day.

And that repentance and remission of sins should be preached in his name among all nations, beginning at Jerusalem."-LUKE xxiv: 46, 47.

"Go out quickly into the streets and lanes of the city, and bring in hither the poor, and the maimed, and the halt, and the blind."-LUKE xiv: 21.

More than eleven years ago, a number of ministers and laymen of the various Evangelical Churches of Toronto, realizing the need of carrying out more fully the spirit of these scriptures, conceived the idea of organizing the above Mission to reach those who had not been brought under the influence of the Gospel, and by individual effort seek to reclaim the drunkard, the vicious, and the indifferent, by visiting them in their homes, and wherever opportunity offered to make known the glorious truths of the Gospel of Jesus Chrsit. After several meetings had been held the necessity for such work was manifest. The Mission was duly organized and the following gentlemen were appointed its officers :

President, Mr. Warring Kennedy; Vice-Presidents, Messrs. A. T. McCord, W. H. Howland, Daniel McLean; Secretary, Mr. James Thomson; Treasurer, Mr. E. M. Morphy.

The first Directors were : Hon. S. H. Blake, Rev. John Potts, D. D., Rev. Messrs. R. Wallace, Hunter, Rainsford, Cameron, Autliffe, and Powis, and Messrs. J. Dobson, D. Millar, and T. J. Wilkie.

The various Presidents were : Rev. John Potts, D. D., Rev. H. D. Powis, and the present President, Rev. G. M. Milligan.

Rev. H. Melville was the active Missionary until January, 1885, when, owing to failing health, he was compelled to resign, and Mr. Robert Hall was unanimously appointed his successor. Mr. Hall has since prosecuted the work with earnest zeal and marked blessing.

On January 1st, 1890, Mr. George Smith began the work as a second Missionary and resigned on 30th September.

ELEVENTH ANNUAL REPORT.

OF THE

TORONTO CITY MISSION.

The Directors of the "Toronto City Mission" beg leave to present their Eleventh Annual Report. God has prospered the work during the year, making the Mission the means of relieving distress, comforting the sorrowing, clothing the naked, and above all, of leading many from darkness into the light of the glorious Gospel of Jesus Christ.

The work is becoming duly appreciated by the various Evangelical Churches.

Mr. Hall has now laboured with us as Missionary for six years, and his zeal and earnest devotion to the work have opened up a large field of usefulness, especially amongst the poor, and the criminal classes, amongst whom he exercises considerable influence for good.

In accordance with a resolution passed at our last Annual Meeting, to the effect that another missionary be appointed to help in the work, Mr. George Smith was appointed and entered upon his duties on January first, and continued until his resignation, September 30th.

The Directors desire to call attention to the work done by our missionaries as recorded in the report now submitted and specially the spheres wherein it is carried on. While greatful for the very generous aid afforded in the past, they would urge a still more liberal support in order to extend the Mission's usefulness, in entering whatever doors the Lord may open to us.

We rejoice that of those who have been brought to Christ through the agency of the Mission; one young man has this year gone as a missionary to China, whilst two others are preparing for service in other foreign fields.

The difficulties which our missionaries and helpers have met have been varied. The most formidable is the liquor traffic, which is doubtless one of the strongest agents of ruin that Satan has devised. The misery, destitution, cruelty, quarrels and strifes witnessed by our missionaries as the direct result of the liquor traffic is sad in the extreme. The Directors append a number of extracts from the missionaries' monthly reports, which will best show the nature of the work the Toronto City Mission has in hand.

"Out in the highways, out in the byways, Out in the dark paths of sin. Go forth, go forth with a loving heart, And gather the wonders in !"

HOME VISITING.

Extract from Missionary's Report November, 1889:

Home visiting has been vigorously prosecuted and the members of many families have been dealt with individually or collectively as opportunity offered. In almost every house I have been well received, the people listening with attention and with evident respect, and frequently deep impression has been made. Usually the Scripture is read; the condition of the hearers is sought to be ascertained, and according to their spiritual needs the Word of God is applied, prayer offered, and a testament or suitable tract is put into their hands. In this way the homes of the indifferent are being reached.

During the month several very miserable places have been visited. In one of these the husband died early in the year, and left a wife and five children, the youngest being three years old. These lived and slept in two small rooms, each about nine feet square, and black with smoke and dirt, and was the frequent resort of improper characters.

For several years this family has imposed upon kindly Christian people, who too frequently in their well meant generosity gave of their means only to help them to live in idleness and sin. Since the husband died I have urged the mother to give up the children, also pressing home to her the power of Jesus to save. This month the four eldest were given into my hands and have been placed in Christian homes, and the mother and youngest child have removed to a small country town and are getting on well.

Another case this month is that of a steady tradesman, his wife is a drunkard and the mother of three children. The husband had to leave her taking the children with him, but she frequently stole them away taking them to her haunts of sin. She has also been frequently in goal. On one occasion I was appealed to to recover the children for him, which I did, and had the two eldest placed in one of our institutions. The youngest has been adopted into a Christian family and the mother received into a house of refuge.

Extract from Missionary's Report January, 1890:

I was requested to look after a young man who had gone far He was living in a respectable locality with his wife and astray. two little children, but the poor woman had been compelled to leave him taking the children with her, and he refused to be visited by anyone. On ringing the bell the door was opened by the young man himself, to my surprise he recognized me and eagerly invited me to come in, saying, I did so much want to have a talk with you. I had never met the man before, but he had listened to me preaching on the street, and readily recognized me. He then related the details of his past life, how he had been brought up by Christian parents, and having married very young he took up house, was earning good wages until he got amongst bad companions, he began to drink, and becoming cruel to his wife and children they had left His health had now given away, he was suffering from him. disease of the lungs, everything seemed to be going against him, he had drifted into infidelity, and said, " If there is a God, He is He had for some time tried to right himself but not a just one." in vain. I felt I must tell him how God had dealt with me. When I finished he was in tears, and said, "Surely God has sent you here, and I will trust Him." We knelt together in prayer, and I shall not forget the earnest words so full of contrition which were poured out before the Lord in Jesus name, and I had the joy of seeing the family united, I believe in Christian love.

Extract from Missionary's Report May, 1890:

One home which has been receiving much of my attention of late, has at last been broken up by the death of the mother, I believe of a broken heart. The husband is an inveterate drunkard, and the children have been running wild on the streets, but the father allowed me to assume control of the three youngest, who are now happy and contented in the Orphan's Home.

Extract from Missionary's Report September, 1890 :

"Nearly three weeks ago, I visited two old men who live together. One, apparently the youngest of the two is very sceptical in his views, the other, aged 86 years, was very reserved until my third visit. I had been meeting several objections made by his friend regarding the atonement and divinity of the Lord Jesus Christ. At the close of our conversation, this old man broke through his reserve, and said: "Mr. Hall, I have a friend, just mine OV

own age, he has for some time felt that he is a great sinner, he believes that Christ died for sinners, but he feels no change in his heart, and has neither peace nor joy.' As he spoke I was convinced the old man spake of himself, and reaching out my hand said, 'I want to shake hands with your friend, and that friend is yourself.' With tears he admitted it was even so. We turned to the Word of God, and he was led to see that joy and peace did not come from feeling, but by believing on the Lord Jesus Christ, taking God at His word, and we rejoiced together."

Many other incidents could be given, but these will suffice to show that God is honoring this personal work from house to house.

OPEN AIR PREACHING.

One hundred and ten open air meetings have been conducted by our Missionaries during the year, and these have been scattered over the poorest parts of the city.

The baby organ has been of great value in this work, and with the aid of voluntary helpers, the singing of Gospel hymns and the preaching of the Gospel have attracted larger crowds than in any former year.

At no meeting has there been the slightest interruption, and earnest attention has been given to the words spoken. Some of these meetings have been held in Roman Catholic centres. The simple truths of the Gospel have been proclaimed, and no unnecessary offence has been given.

After an open air meeting had been held in one of our worst streets, an intimation was given, that any desiring to be delivered from a life of sin would be welcomed at my home, and taken to a place of comfort and safety. In response, one poor wretched creature came to my home next morning, was supplied with food and decent clothing, and, at last, having apparently accepted Christ as her Saviour, a situation was found for her, which she filled satisfactorily until reconciled to her husband, and they have now a happy home.

During the year there have been several such instances of successful rescue, details of which our space will not permit.

COTTAGE MEETINGS.

These are designed to take the place of the out-door services during winter. Forty nine have been held, and several have attributed their conversion to these means of grace, and many Christians have testified to having derived great blessing from them, and this winter we hope to resume this good work.

SPECIAL EVANGELISTIC SERVICES.

Special services have been held at various places by our Missionary Mr. Hall during the year. In November of last year, and in July of this year, special meetings were conducted at the village of Minesing, at Phelpstown and other villages in that district, with permanent blessing to quite a number. He also took charge of the Young Men's Christian Association Gospel Tent Meetings, on the Exhibition grounds, with very satisfactory results.

The W. C. T. Union tent meetings at Woodbridge Fair, were also successfully carried on by our Missionary, considerable interest being manifested.

THE COUNTY GAOL.

This is one of our special fields, and a good work has been done there. Mr. Hall has made seventy-six visits, and conducted seventy-eight services. Mr. Smith made forty-eight visits, and took part in thirty three Gospel services, making a total of 124 visits and 111 services during the past year.

A Sunday s nool is also carried on under the auspices of the Prisoner's Aid Association, Mr. Hall, being the Superintendent, and aided by ten male and four female teachers. The school meets every Lord's day morning, from 9 to 10.30, and usually the International S. S. lesson is taken up.

During the week our Missionary visits many of the prisoners personally, especially those who have manifested a desire to lead a different life Frequently clothing has been provided, and work secured for them on their discharge. Those who have no home of their own are constantly pressed to put themselves under our care, but in most cases this has been declined. No discharged prisoner honestly desiring to do right is left homeless, if he or she will accept our help. The Association provides a comfortable home for them until employment is secured.

Extract from Missionary's Report March, 1890:

"A young man now an active worker in a Christian Mission in this city, had been convicted and sent to Kingston Penetentiary, and on his discharge, was again arrested and sent to gaol, where he was urged by me to turn to the Lord and He would have mercy. On being discharged, he went home to his Christian father and told him of his conversion, then to a Christian Mission where he also humbly confessed his Saviour. I was addressing a meeting in that Mission soon after, and saw the young man earnestly taking part, and came in hi forw his S and

At the close, his sister came to me and said: Oh sir, I am so glad you spoke to my brother in his cell that day, for it was then he was converted. He also came forward, and with great gratitude told me of his having accepted his Saviour in that prison cell during my conversation with him, and he is now a bright and happy Christian worker."

MISSION LIBRARY.

The Mission Library for the use of the prisoners in the gaol, was in circulation during winter and spring, but was closed during the summer months. On November 1st, it was again re-opened and the books are much appreciated by most of the prisoners. We are still in need of more books for this library.

Our Missionaries and gaol Sunday school teachers, have frequently protested against the method of conveying prisoners from the police court to the gaol and vice versa. It is a disgrace, that from twenty to thirty prisoners of both sexes, should be crowded indiscriminately into a van of one compartment, where some of the experiences have been described as most revolting and corrupting.

The Directors desire to acknowledge with gratitude, the kindness and courtesy extended to our Missionaries, by the Governor, Mr. Green, Deputy Gov. Ewing, as well as of all the officers of the prison, who have always been ready to grant us every reasonable facility for the futherance of Christ's cause, among the prisoners under their charge.

PROVINCIAL PRISONS.

The Mercer Reformatory has been visited, and fifteen Gospel services have been conducted by Mr. Hall during the year. Frequent evidences of blessing have been manifested, and many proofs have been given, that the services have been appreciated.

The Central Prison has been visited thirteen times, seven services have been held, and several conversions have been reported during the year.

HOUSE OF INDUSTRY.

This Institution has been visited forty-six times, and thirtynine Gospel meetings have been held in the casual ward, with an average attendance of fifty men at each service. The men sing heartily and are very grateful for the opportunity of hearing the Word of God on the Sunday afternoons, and for the religious literature distributed amongst them. The number of men seeking shelter there, has been largely reduced since the introduction of work and compulsory bathing, which was put in force last year, at the opening of the new building, which the Directors of the Mission were largely instrumental in securing.

RESCUE HOMES.

The Industrial Refuge has been visited thirty-five times, and thirty-one meetings held with much acceptance, and it is believed with good results. It has been largely taken advantage of by our Missionary, in securing a home for women who are being discharged from prison, or reformatory, and who desire to lead a better life. The results have been encouraging. Some who were sheltered here and thus separated for a time from old associations, and brought under Christian influences, are now in homes of their own, leading useful Christian lives.

The Orphan's Home, the Girl's Home, and the Boy's Home, have also been utilised by us in the rescue of children, and special visits have been made to patients in the General Hospital. Several poor sick ones have also been sent there by our Missionary during the year.

Eleven families, unable to pay for medical attendance in time of sickness, have been supplied with medicines and medical attendance free, and the thanks of the Directors are gladly conveyed to Drs. Wilson, Hall and Powell, as well as to Prof. S. Vernoy, for their gratiutous and much prized services.

A number of cases of rescue from lives of sin have been recorded during the year.

Mr. Hall reports: A young commercial traveller, having disappeared for some weeks, his relatives could find no trace of him. They sent me his photograph, when I at once recognised him in prison under an assumed name. He felt his position keenly, and while in prison professed conversion. As his sentence was only a short one, on his discharge, he was allowed to resume his former situation and is giving complete satisfaction.

H. M., a young girl from United States, had been lost to her friends for four years. They sent her photograph with an outline of her history to our Missionary, who, tracing her to one of the dens of this city, induced her to leave, and she has since been leading a respected and virtuous life.

M. M., sent a letter to our Missionary desiring him to call and see her, as she wanted to leave her wicked life and get into honest sorvice. During his interview, he recognised her as a young girl whose friends had two years before appealed to him to find her, and she was ultimately restored to them. and M

Fourteen similar cases have been successfully dealt with during the year, details of which we need not place before the public.

Thirty-eight city churches, comprising Presbyterians, Baptists, Methodists and Congregationalists, have been visited by our Missionaries at the Wednesday evening prayer-meetings, when the work and claims of the Mission have been put before the people. In every instance the work has been heartily approved, and collections received amounting to \$524.38, besides several donations from Sunday schools.

As a result of our Missionary's personal visit to Minesing Village and special Evangelistic services there, offerings amounting to \$41 have been sent during the year, proving the deep interest they have taken in this work. The Minesing Presbyterians, Baptists, and Methodists, have just held a Union Thanksgiving service, and have remitted their offering, amounting to \$14 to our Missionary for the work of the Toronto City Mission, making a total of \$55 from that country village.

The Directors desire to tender their most sincere thanks to the subscribers and supporters of the Toronto City Mission; to the Upper Canada Tract Society, for their liberal free grant of 12,500 tracts to the Mission; to the friends who have sustained the fund for the relief of the poor; to Mr. Horsey for 100 copies of the little book "The Sinners Friend," and 100 "Come to Jesus;" to Messrs. Tingley and Stewart for the Mission stamp; to Mr. Donald for large feeder stove for poor family; to Mrs. Stark for sewing machine to a poor family to help to make their living; and to the authorities of the various Institutions of the city, who have all granted our Missionaries access to tho e under their care.

We commend the work to Christians of all denominations. It is a Christ like work. Yea it is His work, "seeking to save that which was lost." and the need around us cries out to us to extend our borders. We believe that there are many ways by which we can go out and compel them to come in. In other cities the Gospel waggon services have been wonderfully used of God in reaching many in these dark places, and if the Lord sends us funds we are ready to undertake this for Him.
