Roumania Rushing Troops To The Bulgarian Frontier

Balkan Crisis Nearer With Developments of Today

Bulgaria So Far Has Ignored Russian Ultimatum—Greek Situation Complicated by Disagreement of King Constantine and His Government

London, Oct. 6.—Reuter's Athens correspondent states that Roumania is hurriedly despatching troops to the Bulgarian frontier, and otherwise taking extraordinary military measures.

The Roumanians are feverishly fortifying Giurgov on the Danube, forty miles south of Bucharest, across the river from Bulgaria, according to advices reaching Athens.

Roumanian officers of Bulgarian origin are being transferred to interior posts. Young reserve officers have been called up and reserves who were to have been disbanded are being kept with the colors.

Athens, Oct. 6.—The resignation of Premier Venizelos was altogether unexpected.

M. Venizelos' declaration has been accepted by the public as a definite statement of the intention of Greece to support Serbia if attacked by Bulgaria.

FINANCED BY GERMANY.

Milan, Italy, Oct. 5.—Germany paid the expenses of Bulgarian mobilization, according to the Corriere Della Sera, a military article by Bulgaria was considered indispensable in encouraging Turkey to continue resistance.

It is also asserted that Germany agreed to advance the Bulgarian government \$15,000,000 a month to help the families of reservists, hoping thereby to check the tide of anti-German feeling which was reported to be rising.

Germany's Game

Petrograd, Oct. 6.—The Nish correspondent of the following interview with Jovana Jovanovitch, Serbian minister of the interior:

"To mask her real aims in mobilizing Bulgaria has again advanced the Macedonian question, which is essentially a Slavic family affair of secondary importance at the time of a world war.

During the last year the Slavic allies have repeatedly attempted to reach a peaceful solution of this question, in order to avert the danger threatening Slavdom.

"All these efforts were unsuccessful, because there is no critical Macedonian question. The question now is German influence—the complete subordination of Bulgaria to German interests.

"Germany is not interested in Slavic affairs. She is merely using the Macedonian question to promote her hegemony in the Balkans and complete the conquest of the Near East."

Resignation Accepted

London, Oct. 6.—King Constantine of Greece has accepted the resignation of the Venizelos cabinet, according to an official despatch which reached London today.

The Great Guns Roar On Western Front: Russians Are Doing Well In The East

Paris, Oct. 6.—The French War Office reports—

The bombardment in which both sides have been taking part has continued in the Artois district. It was particularly severe to the south of the forest of Ouveaud.

"There has been reported from the remainder of the front nothing more than artillery fighting, in which both sides took part, particularly in the Champagne district, between the Meuse and the Moselle; to the north of Flirey and along the front in Lorraine, in the vicinity of Laintrey, Gondrexon and Domerey."

RUSSIAN FRONT GOOD

Petrograd, Oct. 6.—In some sectors the Russians are harassing the enemy daily, by energetically developing separate engagements, are gradually improving their position.

Enemy attempts to reach the Saray railway junction north of Rovno, were checked by the Russians, who successfully crossed the river Stry at Polonez, the point where the Kovel-Saray railway crosses the river.

When arrested, the enemy was twenty-five miles west of Saray. The Russians' success here is bound to affect the light in the region of Kolki, for it threatens the enemy in the rear.

Determined efforts are being made by the Germans to revive their left wing in the region of Drinsk, by reinforcements and the use of heavy guns. Their object is the capture of both banks of the western Drina. This prospect is tempting as offering the subsequent seizure of a railway connecting to Petrograd. Their chances of success, however, are smaller now than they were a fortnight ago.

Vatican Denies It

Rome, Oct. 6.—The "Osservatore Romano," the Vatican organ, denies that Pope Benedict intends to ask the belligerent nations to declare an armistice for November 11, to memorialize the soldiers who have perished since the war began.

Turans Eyes to Persia

Tiflis, Transcaucasia, Oct. 5.—Via Petrograd 5 and London, Oct. 6.—Telegrams received here today from Tiflis state that the co-operation of the British and Russians in Persia, and the British successes on the Tigris, have made a strong impression on the Persians.

The Turkish and German leaders are showing concern. The German minister at Tiflis and several German consuls have appealed to the American minister for protection in case of need.

Trin, Oct. 6.—The Lokai Anzeiger publishes a despatch from Constantinople saying that the British Consul and the consular guards at Ispahan have been killed by Persians.

A despatch from Teheran forwarded from London on September 14, said anarchy prevailed in Persia, that the military forces of the government had been defeated by tribesmen, and that the British and Russian colonies at Ispahan had been forced to leave for Teheran.

Italian Report

Rome, Oct. 6.—The Italian official statement announced in Persia, that "in the Tonal zone, during the night of the third, one of our mountain detachments, having scanned the rugged Torrens peak (at the head of the Strino Valley), drove out several enemy

French Land More Troops At Saloniki This Morning

Several Transports in Port—Others Arrived Last Week and Were Welcomed by People

THE TIMES SAYS THAT Major General Sir Archibald James Murray Chief of General Staff at Headquarters in London—The New Head of Recruiting

London, Oct. 6.—British military authorities have recognized the importance of machine guns, which have been seen in a striking feature of German warfare by the formation of a special machine gun corps with the king's sanction. Announcement is made in the standard gazette.

The Times says that Major General Sir Archibald James Murray has been appointed chief of the imperial general staff at army headquarters in London. The appointment of the Earl of Derby, at the request of Lord Kitchener, to take charge of recruiting for the army, comes at a moment when the recruiting problem is becoming the subject of serious public criticism. Lord Derby has been an indefatigable worker in striving to obtain the best results from the voluntary system and is expected to command the confidence of all parties. The liberal papers are very hopeful of his success. The Chronicle says in an editorial—

"What is wanted in the War Office recruiting department, is, frankly, a new broom and if a person of Lord Derby's authority and antecedents cannot discharge that difficult problem, the Angus stable must be even worse than some of our supposes."

CONCRETE TO STAY DOWN Till Solicitor Gets Home

Street Railway Matter Taken up By Council—Mayor Hopes Something May Be Done to End Wrangling

At least until next Friday the concrete in Main street will remain over the street railway car tracks. The Hon. J. B. M. Baxter, K.C., will not return from Ottawa until then, and it has been thought that it will not be considered an act of contempt of court if no action is taken until his return in compliance with the order demanding the removal of the concrete.

At this morning's session of the common council Mayor Frink said that "whether the order is right or wrong, it should be complied with. The city solicitor will be back in the city on Friday and I should like to be guided by him. I have wired him for advice, but have not yet received a reply. The judge clearly states that the time is ripe for the members of this council to stop wrangling and see if some agreement cannot be reached without so much trouble. It seems to be also up to the street railway company to make some advances. The matter is in the power of the commissioner of public works. I have no power under commission government to direct him to go ahead or stop. Even if I were to obey the order of the court, I have no tools to do so at my disposal. The matter concerns Commissioner Potts directly. "The charter of this company has twenty more years to run. It seems to me that the wrangling and dissatisfaction until the return of Mr. Baxter on Friday

UNFOUNDED RUMORS

HON. C. W. ROBINSON FOR KENT

(Moncton Transcript) There is considerable local talk respecting the vacancy automatically created in Kent county by the appointment of Col. John Sheridan to a government position. Col. Sheridan was the English speaking representative for the county and by an unwritten law, the parties nominate at least one English speaking candidate. Under the existing circumstances, if rumor is correct, there seems to be a disposition among many of the English speaking electors of Kent county to invite the Hon. C. W. Robinson, leader of the provincial opposition, to become a candidate at the present by-election for the balance of the term in the legislature. According to the unwritten law, the candidate for the vacancy should be English speaking, and if the English speaking electors of Kent county prefer to invite the Hon. C. W. Robinson to be their candidate for the balance of the term, it would seem to be an action on their part which will give general commendation throughout the province. Such an action followed by the Hon. C. W. Robinson's election would be of a distinct advantage to the province and help remove the anomaly which now exists in the legislature, through the action of the opposition not being a member of that body. The presumption is that if the nomination were tendered by the electors of Kent to the Hon. Mr. Robinson and he accepted it, the arrangement would be only for the balance of the term.

HEWSON WOOLLEN MILLS

(Amherst Guardian) Local men may bid in the Hewson woollen mills where the foreclosure sale takes place next week. From time to time since the sale was advertised there have been suggestions that men with money already invested in the plant would make arrangements under which the ownership of the mills would remain in the present company. The indications now, however, are that nothing of the sort will be done and that the property will be sold by Sheriff Davidson on the fourteenth. When the sale takes place, it is understood, a representative of local interest will be on hand to bid for the plant. It is rumored, too, that the Standard will be in the bidding and, of course, it may be that other outside men interested in woolen mill properties will be on hand to bid. At all events, the local people in question have decided on the maximum figure they will bid. If others bid more they will be welcome to the plant, the Amherst men say.

Godose, Cathedral organist played on the chimes "Lead Kindly Light" and the dead march in Saul. The funeral cortege was long and impressive and gave testimony of the esteem in which Mr. Wallace was held. The City Cornet Band, of which he was a charter member, escorted the body to the Cathedral and as far as the Marsh bridge. They played "Nearer My God to Thee" and "Adeste Fideles." The floral tributes included a wreath from the collector of customs and staff, a harp, with a broken string, from the City Cornet Band; a wreath from the Haymarket Square Polymorphous Club, of which Mr. Wallace was a member; a wreath from Mr. and Mrs. G. On their return they will make their home in Sydney street. Both enjoy the best wishes of many friends for future happiness.

THE KAISER'S FATE

(From The Maple Leaf.) Come, all ye jolly lumbermen; to you I will relate. Unto you all I'll tell the way the Kaiser met his fate— Just how we look away his crown, and put him on the bum! 'Twas when we marched from Valenciennes and went to Belgium. We'd plenty socks and blankets, and plenty things to eat. Our only little outfit was pretty hard to beat. We answered to the bugle call, we answered to the drum. And marched away from Valenciennes and went to Belgium. We fired some doughnuts of marmalade, some doughnuts hard as rocks, and wadded them down with blankets, with wrist-bands, and with socks. We fired a handsome custard-pie, a dread soft-nosed dum-dum.

THE ENEMY WAS STARVING

The enemy was starving, and they were filled with woe. We put canned salmon in our gun and fired it at the foe; They all come in to breakfast—by millions they did come. They hadn't had so much to eat for many, many years. The Germans they surrendered, their eyes were full of tears. They hadn't had so much to eat for many, many years. They asked us in amazement, "Where do youse folks get your grub?" We said, "We come from Valenciennes to visit Bel-gium."

Oh! with our store of doughnuts, our puncheon pie and jam.

Our stock of food, canned salmon, our bread, cheese and ham, We all have come from Canada, and we will make it hum; We'll capture all of Europe as well as Bel-gium. This was sealed.—Anon.

WHEAT UP TODAY.

Chicago, Oct. 6.—Wheat values bulged today, influenced by a continued falling off in receipts from northwest, and by the meagreness of arrivals here. Dispatches telling of unsettled weather in the Dakotas and Minnesota added to the prevailing bullish sentiment, and to the did assertions that fall seeding in Kansas would be reduced as much as a million acres, compared with last season's total. Opening prices, which ranged from 1-8 to 1-13 higher, with December at 99-7-8 to 101-1-4, and May at 100-1-2 to 101-4, were followed by decided further upturns.

ELECTION AT ONCE.

Ottawa, Oct. 6.—Writs for the by-elections in Hochelaga necessitated by the resignation of Hon. Louis Goussier, were issued this afternoon. Nominations were fixed for Friday, and polling will be held on Saturday. The government candidate will be Hon. E. L. Patenaude, the new minister of inland revenue, and it is not anticipated that he will be opposed.

They were married about seventy years ago, and four sons and four daughters were born. The sons are: Mr. William Dunham, Thomas, Robert and William of Lincoln; and the daughters are: Mrs. George Clarke, Mrs. William Dunham, Mrs. William Kelly and Mrs. Delano of Lincoln.

SEBASTH.

(By George Herbert.) Sweet days to you, so calm, so bright, The bride of the earth and sky, Sweet dew shall weep thy fall tonight, For thou must die.

Sweet rose, whose hue, angry and brave,

Hides the rash gear with his eye, Thy root is ever in thy grave.

Sweet spring, full of sweet days and roses,

A box where sweets compacted lie, My music shows you have your close; And all must die.

Only a sweet and virtuous soul,

Like seasoned timber, never gives; But, though the whole world turn to coal, Then chiefly lives.

ESTABLISHED 1894.

HERE FOR MEETINGS

MONDAY'S CYCLE RACES

The Dunlop trophy for the twenty mile bicycle race to be held on Monday afternoon at the Casino Hotel, is a magnificent trophy valued at \$300. It has been in competition in St. John since 1909. It is not only in actual fighting for their country that Englishmen set an example to the world but in the way in which they conduct themselves in another page are reproduced pictures from the most wonderful battle-films.

They were taken by Mr. Ercole, an Englishman born in Paris, one of the leading operators for Pathe Freres, the great French firm. When war broke out, Mr. Ercole—who is not yet thirty years of age—was the operator-in-charge of all French government and presidential movements. On the outbreak of war, Pathe Freres received permission for him to accompany the Russian army in Poland and Galicia. He was made an officer by the Grand Duke Nicholas, and was attached to the staff of the commander-in-chief.

For his extraordinary daring in securing "close up" pictures of the fighting—often turning the handle of his camera with men falling killed and wounded beside him—he was awarded the medal and the Cross of St. George by the Czar.

He left the army of the Grand Duke and accompanied the Russian Black Sea Fleet in its bombardment of the Bosporus forts and was on board a warship during the fight in which the Turkish cruiser "Gulbaba" was sunk. During the engagement Mr. Ercole was exposed on deck to the Turkish fire, but he disregarded danger in order to obtain better pictures.

For his remarkable bravery on this occasion the Czar added a bar to his medal. Such an honor is unprecedented and Mr. Ercole is to be congratulated on his achievement. He is now in the Caucasus with the Russian army, taking pictures for his company and the Imperial Russian government.

FURTHER APPRECIATION OF THIRTEEN MILLIONS IN STOCK MARKET VALUES

(Montreal Financial Times.)

The latest advance in stock means that thirty-one representative Canadian securities have experienced an appreciation in market values aggregating \$108,078,908. In a compilation made in the August 14 issue of The Financial Times it was shown that at the then high market prices these thirty-one Canadian stocks had shown a market value appreciation of \$90,888,717 from the minimum quotations or from the low prices of the year.

The further rise in market values of nearly thirteen million dollars in the seven weeks' interval has been brought about by entirely new causes. The initial stock market advance was due to the boom in war stocks. This latest tendency toward higher prices has occurred in the power group, which are essentially domestic issues of demonstrated worth, and, in the substantial advance in the price of C. P. R. brought about in Wall street.

The Canadian situation, unquestionably, is the result of the big transactions of recent weeks. The remarkable volume of business put through has made for a wider distribution of Canadian stocks. Dangerous marginal transactions have either been liquidated with profit or so materially strengthened that the anxious pool may be accepted as a thing of the past.

THE BEST QUALITY AT A REASONABLE PRICE If You Drive a Car You ought to consult Sharpe's optometrist. Automobiles are responsible for a great increase in eye-strain. The driver is compelled to keep his eyes fixed on the road ahead, while objects rush past on each side. This overtaxes the eye muscles, and unless proper protective measures are taken, serious eye trouble develops. The treacherous part of eye-strain is that it usually develops to a serious stage before one realizes it. The only safe course is examination of the eyes every year or two by a competent eye specialist. Drive around to Sharpe's today and consult our optometrist. A thorough examination of your eyes will not take long and will not inconvenience or distress you in any way.

Not a Building in City Left Intact

IS STILL UNDER FIRE

Germans Started Shelling City During Visit of Correspondents— Princess Pats Buried There

BY JOHN KIDMAN, Special Correspondent to the Mail and Empire from a Staff Reporter.

London, Sept. 21.—The little city of Ypres will, in years to come, probably rank with Pompeii as a place for the tourists to visit. A thriving industrial town has been reduced to a heap of ruins by the Germans, and is entirely depopulated. Not content with the destruction that has already been accomplished, the enemy continues to bombard the place and each day adds to the general desolation which reigns all around. It was with feelings of intense interest and amazement that we viewed the town which is associated with the first significant action of the Canadian division, and which some of our splendid lives were laid down. Going along a dusty road we noticed that almost every building of importance in the town bore marks of the enemy's shelling. En route we passed through Veernantinghe, which has been almost entirely demolished. Its bare walls and nave alone remain together with the tower. Inside, as we wandered about looking at the ruins, I picked up a sheet of music which had on it a Christmas carol, the "Adeste Fideles" which was probably sung last Christmas shortly before the Huns arrived. I also picked up one or two of the German newspapers written in Flemish. Passing on to Ypres, we left our cars outside the city under cover, and proceeded on foot. At that time silence seemed to reign in the immediate neighborhood, and this adds to the sense of being in a city of the dead. There was scarcely a building in the town which was intact, and there was certainly not a single pane of glass remaining. Churches, colleges, convents, houses and cafes were all deserted, and grass was growing along the railway track. When we were within the city a German aeroplane overhead, and it was necessary to take cover lest we should be observed. A short distance from where we were standing, a Cloth Hall, which now is entirely destroyed. A few months ago the walls were still standing, and the Cloth Hall was a place where the Huns had their headquarters. A few months ago the walls were still standing, and the Cloth Hall was a place where the Huns had their headquarters. SUCIDE IN BOSTON COMMON

USES STRANGE MAKE OF GUN Boston, Oct. 6—An Italian, believed to be Rodolfo Cotte whose recent residence is at present unknown to the police, shot and killed himself sometime early this morning while lying in a clump of trees and shrubbery about the flag pole on the Charles street side of the Public Garden, near from Boylston street, beside a much travelled path leading across to the duck pond.

A negro walking along the path before six a. m. today saw the man and thinking he was sleeping, went over to awaken him. Upon looking more closely he saw that the man was dead. He ran screaming along Charles street across Park square and into a luncheon room where he said that there was a dead man lying in the Public Garden. He was so terrified he was unable to say more.

Medical Examiner George B. Magrath's report is that the bullet which struck the body except to cover it with a blanket and guard it until he arrived. The man fired two shots from his revolver which is of a type not before seen by the police and the medical officer. He is undoubtedly of foreign make and of strange appearance. One bullet had missed, but a second bullet entered his right temple and passed through his head.

CHANCE TO WIN PETTICOAT MADE BY THE QUEEN

In the midst of her busy life, Queen Mary has found time to knit a number of little woolen shirts, originally intended for some of the many charities in which Her Majesty is interested. She has now sent several of these—one to each province in the dominion, in fact to be sold by ticket for the benefit of sick and wounded soldiers in England, irrespective of nationality.

In New Brunswick, the tickets are in charge of Mrs. Woods, wife of the lieutenant-governor, who is acting on behalf of Her Majesty through the Queen Mary Needlework Guild.

Only one garment goes to a province, but the holder of the lucky number will be the owner of a bit of work done by the queen, while the buyer of tickets will have the consciousness of having helped Her Majesty in a matter in which she is personally interested.

Misses Gray and Hickey, and E. C. Nelson's have kindly offered to sell tickets in addition to several ladies who are interested in the matter.

CHANCE TO WIN PETTICOAT MADE BY THE QUEEN

In the midst of her busy life, Queen Mary has found time to knit a number of little woolen shirts, originally intended for some of the many charities in which Her Majesty is interested. She has now sent several of these—one to each province in the dominion, in fact to be sold by ticket for the benefit of sick and wounded soldiers in England, irrespective of nationality.

In New Brunswick, the tickets are in charge of Mrs. Woods, wife of the lieutenant-governor, who is acting on behalf of Her Majesty through the Queen Mary Needlework Guild.

Only one garment goes to a province, but the holder of the lucky number will be the owner of a bit of work done by the queen, while the buyer of tickets will have the consciousness of having helped Her Majesty in a matter in which she is personally interested.

Misses Gray and Hickey, and E. C. Nelson's have kindly offered to sell tickets in addition to several ladies who are interested in the matter.

INDIA TRANQUIL, SAYS HARDINGE

Order Restored Where Tribes Made Trouble

WILL STAY TILL MARCH

By That Time the Viceroy Trusts the Great War Will be Over—India United in Empire's Cause

Simla, Oct. 6—Lord Hardinge, the Viceroy, made an important speech at the conclusion of the autumn session of the legislative council. Having briefly reviewed the progress of the war, he emphasized the fact that Great Britain's sea power was a decisive factor in the struggle, and paid high tribute to the magnificent courage and tenacity shown by the armies of Russia.

The viceroy affirmed that in India tranquility prevailed, the Defence of India Act, having succeeded in restoring order in Punjab, which had been disturbed by emigrants returning from Canada and the United States imbued with revolutionary ideas. His Excellency in this connection praised the work of the lieutenant-governor and said he believed the loyal people of Punjab were thoroughly satisfied with the measures taken.

Frontier posts of India, he continued, had often been attacked by ignorant and fanatical tribesmen, but these attacks had always been repelled with considerable losses to the attacking parties. Our own tribesmen were absolutely staunch and loyal. The Amer of Afghanistan had throughout observed the strictest neutrality, which he would not have done had he been ever-shining as a beacon to illuminate the history of the land. But as the war progressed, he presumed, it would be met more and more, and there might be times of anxiety and depression. If such a time came they must show the world that India is united, and that the blood of Englishmen and Indians had not been shed on the field of battle in vain. All attempts to create trouble and sow sedition would prove vain and fruitless.

Lord Hardinge concluded by referring to the question of the extension of his vice-royalty and the desire of many that he remain in office after March. He said the decision rested with the imperial government, but he would remain in office until March (his period of office regularly expiring in November) to meet the emergency in the case of India, and to make some slight, though inadequate, return for their sympathy and affection. He said he was a Canadian by the way and will soon be ready to supply the trade and consumers.

Logan to take the agency for their sweeping powder which he has patented for the highest grade sweeping powder made. ITCHING ECZEMA SPREAD OVER WRIST

Would Burn, Suffered Great Pain, Grandchild Also Afflicted, Used Cuticura. Now Perfectly Well.

Postman, N. B.—"I had eczema on my right wrist for over a year. It broke out like a rash. It would itch and burn and I had to scratch. The skin was broken and the blood came through. Sometimes it spread all over my hands and I suffered great pain when I put them in water. I began to use Cuticura Soap and Ointment and they gave me quick relief, healing my wrist and in a few months."

"My grandchild was also afflicted with that trouble. He had it on his head, face and hands. We began to treat him with Cuticura Soap and Ointment and he began to improve. So we continued the treatment for a few months and he is perfectly well." (Signed) Mrs. Joseph Fougere, May 28, '14.

THE WAR NEWS.

The news from Greece is both unexpected and disappointing in its nature. While it was known that the king's sympathies were pro-German it was not expected that so large a proportion of the members of the Chamber were opposed to the course of Premier Venizelos.

The very welcome news comes that Russia is again on the offensive after her long period of retreating movements and that the prospect of a decisive German success over the Czar's armies is apparently more remote than ever.

Lord Derby has been placed in charge of the recruiting campaign in England. He is a champion of the voluntary system, and if he fails to get volunteers in sufficient numbers we may expect Kitchener to carry out his policy and "fetch" them.

BULGARIA'S ARMY.

The London Times recently printed an interview with a Bulgarian reserve officer who gave the following information about Bulgaria's new army.

The general mobilization includes ten divisions of the Bulgarian army, the latter having been increased by one division since the Balkan war.

In the matter of the Arabic, Germany has backed down completely. There is still the Lusitania. Will President Wilson let that pass?

Sir John French and Gen. Joffre are doing fairly well, but for real strategy consider the marvelous exploits of the Clarke government in connection with the crown lands of New Brunswick, as set forth by the Globe and Standard.

The St. John Standard in its long and frequent articles on naval affairs does not dwell on what the Borden government has done since 1911, for the simple reason that it has done nothing.

If the Conservatives won all the elections in Gloucester county, how long would it take the exploits of Mr. A. J. H. Stewart to command the approval of the people of New Brunswick?

The announcement in the Standard that more Conservatives than Liberals were elected in the municipal contests in Sunbury and Albert counties is made even more joyously impressive to the faithful because, on the same page is given the assurance that at Ottawa Mr. Blondin will be made secretary of state.

In the British House of Commons recently, Sir J. Lansdale asked the colonial secretary whether it was the intention of the Imperial government to take the responsible ministers of all the Dominions into their confidence with reference to the conduct of the war.

There is no doubt that much of the fault lies with the parents. The generation in which we live is not as others were. Time was when none of the young of the household dare leave home after night without the permission of father or mother, and when this was granted it was always with the knowledge where and with whom the boy or girl was going, and then were required assurances that the home-coming would be timely and safe.

the evening meal and bed time? Is it less their duty to have that knowledge than it was of the parents of other days? Do they realize that the roughness of the streets wearing away the innocence of their children and that they are becoming old in the ways of the world before they are more than little ones? Surely the parents' responsibility is very great in this matter, but the streets present evidence that it is being crowded in very many cases.

There is another phase of this matter, one that has to do with those beyond the boy class. Time and again attention has been called to the numbers of young men who frequent the corners and doorways and to pass whom is often to run the risk of offence.

EXPOSING A FALLACY

The Socialist paper Vorwärts publishes a letter from "Comrade J. B. Askew, of London," who writes: "Whilst on the one side the flower of youth and, therefore, the future of the country is being sacrificed, in England among the widest circles of the nation one sees nothing of the war."

For I have often noticed that "neutrals" as a rule report just what their readers want to hear. As far as the people are concerned, it is certain that hatred of Germany has been much increased by the Lusitania affair and kindred occurrences.

GOLDEN PHEASANT
A FEATURE TONIGHT
Mayor To Auction One Tonight at 8:30

OTHER SALES THIS EVENING

Weather Did Not Keep Crowd Away From Patriotic Auction Last Night — Many Rewarded With Good Bargains

If an ordinary member of the truck garden family, a pumpkin tin round with a few pieces of narrow binding, bedecked with half a dozen small flags, and for the time being a patriotic pumpkin, can turn in \$800 to the proceeds of the patriotic auction, how much more should a golden pheasant bring? That is the question being propounded tonight in St. Andrew's rink at 8:30 o'clock. Mayor Frink will again demonstrate his efficiency as an auctioneer by disposing of this "rare avis," which prospective buyers might probably give to the Rockwood Park authorities. The bird was given to be sold at the auction — it will live up to its name as a golden pheasant? Ornithologists have said the bird is a truly valuable specimen and would be a fine addition to the park zoo.

Tonight's Sales

From 7 to 10 o'clock this evening there will be one continued series of sales in all departments in St. Andrew's rink, while from 7:30 to 8:30 barrels, boxes, crates and sacks of county produce will be offered in auction in the Queen's rink. A special sale of pianos and organs will be conducted at 8 p. m. in St. Andrew's rink. Other articles to be sold tonight will be rare real goods from the best furrers in the city, valuable rugs, a case of curly complete with covers, provisions, groceries, dry goods, shrunken shell table lamps, kitchen ranges, drags, and other merchandise. It is felt that the night is a rare one for bargains — you cannot possibly afford to stay away. Come as early as you can, stay as long as you can, and fill your pocketbook before you come!

Coal and Lumber

Upwards of twenty-five tons of hard and soft coal are to be offered in auction tomorrow night at 9 o'clock, including 28 tons soft coal, two tons of Scotch anthracite, and one consignment of Minto coal. There will also be sold at about the same hour 10 loads of pitch pine and oak blocks, four loads of hard wood, four feet length, and one load of soft wood. Of special interest to carpenters, contractors, and prospectors, builders will be the sale of several thousand feet of lumber at 8 p. m. tomorrow in the Queen's rink, including 20,000 feet of merchantable spruce boards, 15,000 feet of cut spruce boards, 2,000 feet of merchantable hemlock boards, planed one inch, 6,000 feet pine boards, 500 feet hardwood flooring cut down, or 1,000 feet ready to be put down, two carloads of assorted lumber, boards and shingles, 150,000 extra cedar shingles, 41 pine doors, and 10,000 bricks. This sale affords a rare opportunity to buy goods at very low prices. There should be a large gathering of intending buyers. At 4 o'clock the Queen's rink will be the scene of the sale of two interesting features, a pony outfit and a donkey outfit, both of the highest quality and all in good condition.

Last Night's Sale

The weather was no deterrent last night. In fact people were present in the greatest numbers in the storm which was at its height. And bidding went merrily on. There were many good sales, articles bringing particularly satisfying prices, while on the other hand many goods of other merchandise which brought very small returns. In the groceries and provisions departments the goods went at wholesale prices, with some instances of sales below the wholesale mark, and others above it. The auctioneers last night, as in the afternoon, were David Stockford, of Fredericton, H. J. Fowler of Hampton, P. D. Tilley, M. P. F., W. S. Potts, E. C. Matthews, T. T. Lantulum, Heber Yroom, W. J. Wetmore, Commissioner Potts, W. S. Potts, J. Howe, Alex. Baird, E. Webber, R. F. Potts and Simon A. Ames.

Real Estate

A special sale of real estate will be conducted at half past eight o'clock on Friday evening. Many of the lots are valuable and should be good "buys." Among the lots to be sold are: Harrison street—Lot 40x150 on the west side of Harrison street. Fourth street—Lot 40x100 on the south side of Fourth street, 125 feet from corner of Cranston avenue. Harding street—Lot 50x100 on the west side of Harding street extension, Fairville. Fair Vale—Lot 50x240 on road known as Fair Vale Place. Ketepec—Lot 100x180 (about), at Belmont, near Ketepec. Greenwich Hill—Lot of about one acre, with 130 feet frontage on road. Laurentian Mountains—104 lots in a property in the Laurentian Mountains.

Smoker Proves Good Recruiting Medium
Gathering in Victoria Rink Hears Brilliant Addresses by Prominent Speakers—Eight Recruits Yesterday

Stirring speeches and a good programme of music marked the patriotic smoker in Victoria rink last night, with six men volunteering for overseas service. Archibald Quinn, George Buckley, William I. Lewis, Oliver Baucel, and Vincent Segre, Fairville, while two others, Herbert McIntyre and Abraham Paul signed at the Mill street office. Lieutenant-Governor Wood, Archbishop Newham, Rev. Capt. Thomas Harrison, Rev. B. H. Penwarden of Milltown, Miles E. Agar, and Corporal Griffin of the 8th Artillery, were the speakers at the smoker, while music was furnished by the St. Mary's Band. The plan for the smoker was put with striking emphasis with frank statements as to what the world might expect if Germany arms victorious as opposed to the British. This brings the number recruited since the opening of the campaign over the 300 mark. The exact number now is 308. This evening the meetings will be continued and on Friday the eastern district will hold a gathering at the Every Day Club hall, Union street (corner of Carmarthen). Tomorrow night a meeting will be held in St. Peter's hall, Elm street.

Rev. Captain Harrison

The chief speaker on the arranged programme at the Victoria rink was Rev. Captain Harrison. His address was a full address, full of the things that appeal to men and full of the cheerfulness that makes them interesting in the extreme. He said:

"It seems to me that a tremendous amount of energy is being spent arousing our people to a just sense of their responsibilities and privileges. What a glorious opportunity presents itself today to our young men to do something towards the maintenance of those ideals, towards which the British nation through a long series of years has been verging and tending. Surely that noble heritage of freedom and liberty by our area is well worth fighting for; that liberty which is so dear to the heart of a Briton. Was it not Cooper who so sweetly sings of liberty?"

Place me where winter breathes its keenest air

And I will sing of liberty to thee; And I will sing at liberty's dear feet Mid India's torrid clime Or Africa's fiercest heat. "To preserve such liberty this defensive war is now being waged. We shall still keep the old flag flying, we shall never lower it, we shall never cease in this strife till a permanent peace has been secured and the blood-red banner of the cross floats in safety through all the world. We are not in this campaign for territory, we own as much perhaps as we can possibly control; we are not over-anxious about the supremacy of the sea; the grand old flag floats in every sea our track is on the ocean wave, our home is in the deep. Not a German ship dare show its flag in the waters of the Red Sea. How shall we desired a navy. Well, she has got her navy and perhaps we shall have it some day. With what perfect tranquility our seamen ride over that 8,000 miles of the sea, all British born.

They sail of every ocean, laughing foes to scoff.

And perchance to build their ships And think they know the game, But they can't build the boys of '09. Who have made old England's name. In Van of Right and Liberty. "As students of history you must be aware of how wonderfully the way has been opened for us, our fathers laid the foundations of empire broad and deep. It would be foolish for me to say that in the building up of that vast fabric mistakes have not been made. Our sires were the products of their environment, but we are proud of the fact that as a people we are in the van in the recognition of individual right and liberty. Wherever the great old flag floats there is the recognition of equality and we are not afraid to admit and to teach that the propitious bend of heaven comes very near to every son of man and it is because of these grand principles that we are determined to resist to the very last the mad endeavor of the fiery Hun, that precious tree of liberty which through the years has grown in strength and beauty.

"The tree which our forefathers planted of old"

And nourished and cherished with tenderest stroke, And cherish forever the patriots hand That would ever the oak hough from our own British oak. "Germany has everything to gain by victory in this war, Britain everything to lose, suppose Germany should be victorious. What does it mean? Gone forever our freedom, our ideals, our honored institutions, our loved and revered home life, those 'stately homes of England' our glorious Anglo-Saxon language, the language of commerce of literature and of art. The lights of our civilization would die out. Those lights lit for the benefit of mankind which burned at the shrine where our fathers worshipped, would be darkened, and the blight of Prussian heartlessness and militarism, like a moral 'Upas Tree' cast its shadow over the world, destroy those aspirations and desires which the stately tree of the centuries has only quietly and deepened in the British heart.

"Therefore, again, Sir, I want to ring out the cry to our young men 'Your Country Needs You' many of our bravest and best have gone, some from the plains of Flanders have crossed the great divide and are today resting a noble heritage, aye where better could men die than at the post of duty, and yet, Sir, the call waits today for larger response on the part of our young men."

"Men of Canada, the die need of the empire of virtue and honor call you, to go and play your part in this great conflict. The empire is in death-grips with a powerful, a heartless, and a relentless foe, and I must confess, Sir, that my heart has been filled at times with that fearful mingling, as morning by morning I have taken up my pack and seen that far-fung swaying line of men, like wool bunnies hanging on, neither giving way, I have often thought what if some mistake be made by our generals, so that it was with feelings of regret that I read of our late successes, but I want to remind you, gentlemen, it is still a long way to Tipperary."

Assessment of \$25,000 To \$50,000 For Patriotic Work

COUNTY COUNCIL PROPOSALS

Reduction in Poll Tax Suggested—Sewerage Extension in Lancaster—New Mosque in Water Street—Valuators Report Delayed

A vote of \$25,000 to aid recruiting in the city and county was passed unanimously at the meeting of the Municipal Council yesterday and it was agreed that a bill be prepared for submission to a special meeting of the council in December proposing to authorize the expenditure of from \$25,000 to \$50,000 for patriotic purposes, to be raised by assessment.

Reduction in Poll Tax Suggested—Sewerage Extension in Lancaster—New Mosque in Water Street—Valuators Report Delayed

The course of the discussion on the latter item of the sum of even a quarter of a million was mentioned as not too much in the case of the war. However, the settlement of the amount will be dealt with at a later date, as the idea of the mover, Councillor P. Potts, was that he would take time by the forelock. Councillor Wigmore advised that the council's support of the bill was a disgrace to the province of New Brunswick, as it was now practically dependent on other parts of the dominion for the patriotic fund support. The general feeling as expressed by Warden Melançon was that if this were brought down to a taxation basis all would share alike and would raise some people who were now not paying anything to patriotic purposes and defence.

Wardens Melançon and Captain Mulcahey

attended as a delegation from the citizens' recruiting committee to ask for the council's support. Mr. Tilley mentioned that the city had voted and added that the \$1,000 was nearly exhausted already and that the council was paying the traveling expenses. After Councillor O'Brien had stated that as a member of the recruiting committee at Fairville he had found there were many who were not taking part in the war, Mr. Frink, mayor, said that the work had to go on as the system of recruiting had been broken down. On a vote this was supported by eight. The question of the resignation of Mr. Hanson was then referred to a committee.

Councillor Black put in a bill of \$750 from Dr. H. E. Gilmore which he said was for the relief of the poor.

The matter of valuation, which it was thought would come up at the meeting, was not mentioned as it appears that the valuations are now going through the whole set of figures again. Those present at yesterday's meeting were the warden, Councillors Frink, Wigmore, Russell, Potts, Smith, Howard, Carson, Shillington, Black, Bryant, Golding, O'Brien, Dean and Thompson.

WAR NURSE, COUSIN OF PREMIER BORDEN, DIES AT LEMNOS

London, Oct. 5.—(Montreal Gazette Cable.)—The following notice appeared in the death of Montreal Jaggard and Nursing Sister Munro at Lemnos have been furnished by the chief medical officer, Dr. Gilmore, formerly of Montreal. Mrs. Jaggard, whose home was in Wolfville (N. S.), after holding important appointments in the United States, married Herbert Jaggard, a railroad president. Although thus an alien by marriage, she volunteered her services at the outbreak of the war, and was sent to the front, leaving there for the Dardanelles on Aug. 1 with No. 3 Stationary Hospital. Sickened among the staff there, she was sent to a hospital in England, resulting in a physical breakdown, followed by her death on Sept. 25. Mrs. Jaggard was a cousin of Sir Robert Borden. Nursing Sister Mary Frances Munro, of Wolfville (Ont.), served at Rouen and Shorefield, and then sailed with No. 3 Stationary Hospital. She fell a victim of dysentery on Sept. 7. Her funeral was with military honors, and was attended by the staffs of No. 1 and No. 3 stationary hospitals and also by the British and Australian officers.

\$2,000 FOR THE RECRUITING FUND

Assessment of \$25,000 To \$50,000 For Patriotic Work

COUNTY COUNCIL PROPOSALS

Reduction in Poll Tax Suggested—Sewerage Extension in Lancaster—New Mosque in Water Street—Valuators Report Delayed

The course of the discussion on the latter item of the sum of even a quarter of a million was mentioned as not too much in the case of the war. However, the settlement of the amount will be dealt with at a later date, as the idea of the mover, Councillor P. Potts, was that he would take time by the forelock. Councillor Wigmore advised that the council's support of the bill was a disgrace to the province of New Brunswick, as it was now practically dependent on other parts of the dominion for the patriotic fund support. The general feeling as expressed by Warden Melançon was that if this were brought down to a taxation basis all would share alike and would raise some people who were now not paying anything to patriotic purposes and defence.

Wardens Melançon and Captain Mulcahey

attended as a delegation from the citizens' recruiting committee to ask for the council's support. Mr. Tilley mentioned that the city had voted and added that the \$1,000 was nearly exhausted already and that the council was paying the traveling expenses. After Councillor O'Brien had stated that as a member of the recruiting committee at Fairville he had found there were many who were not taking part in the war, Mr. Frink, mayor, said that the work had to go on as the system of recruiting had been broken down. On a vote this was supported by eight. The question of the resignation of Mr. Hanson was then referred to a committee.

Councillor Black put in a bill of \$750 from Dr. H. E. Gilmore which he said was for the relief of the poor.

The matter of valuation, which it was thought would come up at the meeting, was not mentioned as it appears that the valuations are now going through the whole set of figures again. Those present at yesterday's meeting were the warden, Councillors Frink, Wigmore, Russell, Potts, Smith, Howard, Carson, Shillington, Black, Bryant, Golding, O'Brien, Dean and Thompson.

Committee Plans Opera House Meeting This Week — Grant From County Council — West Side Organizing

Further energetic efforts were planned at the meeting of the citizens' recruiting committee yesterday afternoon. The meetings are to be continued with unabated vigor in various parts of the city and the aid of prominent speakers here, for the synd meetings, will be secured. A grant made by the municipal council will help considerably in financing the campaign. The announcement was made that a meeting will be held tonight in Mill street and that meetings will be held tomorrow night in Fairville and in the North End. It was decided to hold a mass meeting in the Opera House this week, the date to be given out later, and the committee hopes to have clergymen, who are attending the Presbyterian synod, deliver addresses. It was suggested that Principal MacKinnon of the Pine Hill College, Halifax, probably would be willing to speak.

PLAN WEEK'S CAMPAIGN

Plans for a systematic canvass of the city to secure regular subscriptions for the patriotic fund were discussed at a meeting of the patriotic fund executive committee of trade rooms, yesterday afternoon, at which Lieutenant-Governor Wood was present. Representatives of the organizations called upon to help in the campaign for increased revenue were in attendance, including the Masonic body, West Side, the Elks, the Rotary Club, the Knights of Pythias, the Automobile Club, the Y. M. C. A., the Y. W. C. A., the board of trade, the patriotic fund committee and other societies. It was decided to hold a mass meeting on Oct. 15 and to continue active until Oct. 23. The lieutenant-governor read a cable from England in relation to a Red Cross day, but no action was taken at the meeting.

NERVE-RACKED CHILDREN

Made Bright and Well by Dr. Cassell's Tablets.

Used to scream terribly for no reason whatever.

Just a bundle of Nerves

Weak, Wasting away, and Digestive Troubles.

Thought she could never recover

Now cured and happy through DR. CASSELL'S TABLETS.

Canadian mothers of little weak nervous children should read this testimony to Dr. Cassell's Tablets, given of simple gratitude by Mrs. Worrall, 881-1/2 Street, Liverpool, England. They will then see what a valuable health-builder they have in this great remedy.

Mrs. Worrall says—"Dr. Cassell's Tablets have quite cured my little Gladys, of extreme nervousness and digestive trouble, and I think it only right you should publish the story for the benefit of other mothers whose children may be delicate.

"Gladys began to all when she was only two years old, and steadily grew worse, though we did all we could think of to get her well. She was very pale, and cried dreadfully. Sometimes she would scream for no reason at all that we could discover, and nothing would pacify her. She was just a little bundle of nerves. Her appetite was very poor, and naturally she got quite thin and weak, and her little cheeks fell in. We tried a lot of different things that did no good at all. Then we had advice and treatment for Gladys, but that, too, was of very little use. We were told she was suffering from nervous breakdown and enlarged liver. After that we took her to an institution, where for nine months she was treated as an out-patient. Perhaps she was a little better for a time, but was soon as ill as ever. Next we took her to Ireland for three months, and that seemed to help her. But almost at once she relapsed into the old weak state.

"For four years this had gone on, and the child was as far from health as ever. In fact, she was so ill that we thought she could never recover. One day, however, we were advised to give her Dr. Cassell's Tablets, and then, what an improvement! The child became stronger and not nearly so nervous. Her appetite returned, she brightened up wonderfully and rapidly put on flesh. Now, in her seventh year, she is completely cured. She goes to school, and is just as well and happy as any child could be. Save the children, do not let them suffer when the remedy that has saved millions in cases unnumbered is ready to your hand in Dr. Cassell's Tablets. This is Mrs. Worrall, Toronto, Ont.

"Of course, I tried everything I could think of, and also took baby to an institution, but no sort of treatment did any good at all. By this time he was so far spent that we were waiting for the end. Once I was told that he could not live till Monday—that was on a Saturday. But in the end we got Dr. Cassell's Tablets, and the improvement was immediate. The diarrhoea and sickness ceased, and from that time my child never looked back. Now, at thirteen months, he is a fine, big, healthy baby. He has cut his teeth, and is just a picture of health."

CABINET SHUFFLE HAS TAKEN PLACE

Hon. Louis Coderre to the Bench—Hon. P. E. Blondin Now Secretary of State—E. L. Patenaude Succeeds Him

Ottawa, Oct. 5.—The cabinet shuffle of federal ministers from the province of Quebec, which has been hanging fire for some months past, has at last been consummated. Hon. Louis Coderre, secretary of state since 1912, following the resignation of the late Hon. F. D. Monk, steps out to become a justice of the superior court of Quebec, in succession to Justice Hon. L. P. Pelletier, who moved up to the King's Bench to take the place of the late Hon. Justice Gervais.

Hon. P. E. Blondin, minister of inland revenue, moves over to the secretary of state's department, and is succeeded in the inland revenue portfolio by E. L. Patenaude, M. P. for La Prairie, and for some years past chief Conservative organizer in the Montreal district.

L. T. Marchal, K. C., of Montreal, who was at one time mentioned as the new cabinet minister from Quebec, has taken the safer and more permanent route to preferment. He goes to the Quebec bench, in succession to Hon. Justice Teller, who has resigned on superannuation.

Hon. Mr. Coderre's retirement has been foreseen for some time. The delay has been because of the prime minister's difficulty in choosing a successor from the ranks of the numerous aspirants, including several of the Quebec factionist-Conservative members of the cabinet, and also because of the necessity for waiting for a suitable Quebec bench vacancy for Mr. Coderre.

As it has turned out, Mr. Blondin, the Nationalist representative in the cabinet, has been promoted to the more important department of secretary of state, where he will be the final arbiter in decisions as to who shall be allowed to become naturalized British subjects, and where he will also have charge of imperial and foreign correspondence, and of the department of mines.

Mr. Patenaude, who has been an efficient and energetic party organizer in Montreal, has consented to be content with the inland revenue portfolio. A by-election in Westmount will be necessitated by Mr. Coderre's retirement and Mr. Patenaude's entry into the cabinet. It is understood that the latter will sit for Westmount. The usual rule is for a new minister to seek election within a month at most after his swearing-in.

There are now six vacancies in the commons, one Liberal and five Conservatives. The Liberal seat is Kings' Prince Edward Island, rendered vacant by the death of J. W. Richards, M. P. The Conservative seats are Carleton (Ont.) and Kings (N. S.), rendered vacant by the resignation of W. F. Garland and A. Dewit-Foster, respectively; and Brandon and Légar (Man.), rendered vacant by the resignation of Sir James Aikens and W. H. Sharpe, who unsuccessfully sought to hold the latter for the Conservative party in Manitoba at the recent provincial elections. The government has not yet indicated whether by-elections to fill the vacancies will be pulled off.

Cleanse the Little Liver and Bowels and They Get Well Quick

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat naturally, if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat, give a good dose of "California Syrup of Figs," to evacuate the bowels. No difference what other treatment is given. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company."

Morning War Summary By Cable

London, Oct. 5.—On the western front the big guns have again undertaken the task of attempting to level the German entrenchments, presumably in preparation for a continuation of the attacks which proved successful in Artois and Champagne.

In some sectors there has been infantry fighting, in case a trench or a few yards of a trench, changed hands, this being particularly the case in the areas where the Allies have made their gains and where the Germans are trying to win back the lost ground.

The British fleet, too, is almost continuously bombarding the German positions on the coast of Belgium.

Meanwhile, Russia, whose armies for five months have been retreating, have begun an energetic offensive along a wide front from Riga to southeast of Vilna and, according to unofficial reports, has already met with considerable success. It is perhaps significant that neither Berlin nor Vienna has "anything of importance to report on the eastern front."

EARL OF DERBY TO DIRECT RECRUITING London, Oct. 5.—The Earl of Derby at the request of Lord Kitchener, secretary for war, has undertaken the direction of recruiting for the army.

"I feel somewhat in the position of a receiver who has been put in to wind up a bankrupt concern," said Lord Derby, referring to his new post at a Lancashire recruiting meeting tonight, "but I hope to be able to do so satisfactorily, as to enable the creditors to receive twenty shillings in the pound."

Lord Derby explained that he had accepted the position of director of all recruiting throughout the United Kingdom because of personal loyalty to the friendship of Lord Kitchener, who had asked him to take the post.

While an advocate of national service, he would do, as he had done, his best to make the voluntary system a success. But if it should be demonstrated that all the men needed could not be obtained he would resign office, unless other methods were employed to make up the deficiency and keep England safe.

Italian Plan of Campaign Changed. Udine, Italy, via Paris, Oct. 5.—The original idea of taking Trieste seems to have been abandoned by the Italians. According to reports from the Italian headquarters the plan now is that when Gorizia, which is an entrenched camp, and one of the most formidable natural fortifications in existence, is taken, the Italians will continue their advance along the Carso plateau, leaving Trieste on their right and cut off from the remainder of the Austrian supply.

This operation is contemplated with a view of preventing Austrians from destroying Trieste by bombardment from the mountains, and the sea, according to the reports.

Kipling's Son Dead. Paris, Oct. 5.—The ministry of war has taken cognizance of the statement in an official communication from Berlin that the French sent forward masses of cavalry beyond Semais in the recent offensive movement, and that this cavalry was dispersed immediately by German artillery fire. The war minister states that only relatively small groups of cavalry were employed. These were sent forward swiftly after infantry had

taken the first German positions, with the object of clearing the way for a further advance of the infantry. One of these cavalry detachments took 800 prisoners.

Germany Accedes. Washington, Oct. 5.—Germany has completely acceded to the American demands for settlement of the Arabic case. The imperial government, in a letter to the American ambassador, Count Von Berthold, to Secretary of State Lansing, disavows the sinking of the Lusitania, and states that it has no submarine in the Atlantic.

Official Washington was both gratified and surprised by the announcement. The communication delivered by the ambassador, pursuant to general instructions from his government, spread abject confidence that there would be no more submarine controversies between the United States and Germany, for the Lusitania case, which has been given to prevent a recurrence of such incidents as the Arabic.

nished figures to impress the dangers of the civil, saying that during a period in which 40,000 British soldiers were killed in the war, a number equalled as large as that of the Lusitania, were killed, directly or indirectly, as the result of alcohol in the British Isles. He referred also to the epigram of David Lloyd George: "We have three great enemies to contend against—Germany, Austria and drink." He regretted that England was backward in the rigidity of her liquor legislation. Russia and France, he pointed out, have made amendments and the results have been wonderful.

Following the sermon by Rev. Mr. MacDonald, nominations were opened for moderator. Rev. H. B. Grant was nominated by Rev. Mr. MacDonald, and his motion seconded by Rev. F. L. Jobb. Both laid emphasis on the liquor question and cited their nominees as the logical choice in view of the pressing questions of the day. They thought the synod should signify its support of the reverend gentleman's cause by elevating him to the moderator's chair. Rev. J. A. McLean, of Mahone Bay, was nominated by Rev. F. W. Murray, seconded by G. A. R. McKen, and Rev. Thomas Stewart, D. D., church agent, was nominated by Rev. Professor J. W. Falconer and Rev. H. R. Grant.

Each one of the three desired to retire from the field, and Mr. Grant was most fortunate to be excused from office. It was decided to put it to the meeting and he was the unanimous choice. He then took the moderator's chair.

BOARD OF HEALTH At the meeting of the board of health yesterday afternoon, the agreement between the board and the N. B. Telephone Company was finally announced. The board solicitor presented the matter and a discussion followed, after which the seal of the board was attached. This contract effects the taking over of the telephone line from Seely street to the isolation hospital, Howe's Lake, at a nominal fee. In return for this, the telephone company is to furnish the board with services at the hospital at the board now being paid. The board also decided to proceed against several persons, most of whom are in the North End, for not installing sanitary plumbing, as instructed by the board inspector. Some of them asked for an extension of time to comply with the regulations and the applications were referred to the inspector. Senator Daniel presided in the absence of the chairman, Manning W. Doherty.

Mrs. George McAvity, in speaking of the Soldiers' Comforts work referred to the approaching Christmas season and called the attention of the ladies to a plan now being carried out by the central body whereby men at the front line would be provided with Christmas cheer. Mrs. McAvity asked that East St. John co-operate in preparing small cakes which will be forwarded in one round trip by the mail and which should be ready before Nov. 1.

A programme of songs and music was provided by Mrs. Edith Burdell, Miss Magee and Miss Frothingham. Tea and ices were served by Mrs. Sterling, Mrs. Cummings, Mrs. Magee and Miss Ross.

Mrs. Sterling, who started Red Cross work in East St. John, and who has been active on the work with great success, and Mrs. Peck, who inaugurated the Soldiers' Comforts activities in the district, were greatly pleased to take part in the successful meeting yesterday.

RID STOMACH OF GASES, SOURNESS, AND INDIGESTION

"Pape's Diapepsin" Ends All Stomach Distress in Five Minutes

You don't want a slow remedy when your stomach is bad or uncertain—one or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain soothing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of the skin and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

The old-fashioned lead packets did very well before the fine aluminium sheets used by the "SALAD" Tea Company were produced. "SALAD" Tea is now packed in these strong and light sheets which preserve its delicacy perfectly. Full weight of tea, of course, inside the wrapper.

At the meeting of the board of health yesterday afternoon, the agreement between the board and the N. B. Telephone Company was finally announced. The board solicitor presented the matter and a discussion followed, after which the seal of the board was attached. This contract effects the taking over of the telephone line from Seely street to the isolation hospital, Howe's Lake, at a nominal fee. In return for this, the telephone company is to furnish the board with services at the hospital at the board now being paid. The board also decided to proceed against several persons, most of whom are in the North End, for not installing sanitary plumbing, as instructed by the board inspector. Some of them asked for an extension of time to comply with the regulations and the applications were referred to the inspector. Senator Daniel presided in the absence of the chairman, Manning W. Doherty.

It's up to you—remember your pledge to those soldiers now fighting the country's battles. Help the Patriotic Auction.

The sessions each day will be from 10 a.m. to 10:45 p.m., from 2:15 p.m. to 5:45 p.m., and in the evening beginning at 7 o'clock.

ENTOMBED MINERS TAKEN OUT ALIVE

Nine Existed For Seven Days in Lehigh Valley Coal Tunnel—All Well When Found

Pottsville, Pa., Oct. 6.—Two hours after prayer had been offered up in all the churches of the Panther Creek Valley for the preservation of the lives and rescue of nine miners who were entombed in the Lehigh Coal and Navigation Company's Foster tunnel mine, at Coaldale, rescuers who had been working seven days with little hopes of success, broke through the last remaining barriers and found the men all well.

The men were found after the rescuing forces had braved dangers of food and black damp in addition to all the other menaces which face men who work under ground.

It was a little after two o'clock when the rescuing forces, under the general superintendence, removed the rock still in the gateway sufficiently to allow members of the force to push their way into the tunnel, however, they were all right and demanding to be allowed to go home.

The rescuers were taken to the Panther Creek Hospital, some of them being however, that they were all right and demanding to be allowed to go home.

PICKED UP DERELICT WITH LUNATICS ABOARD

Insane Members of Norwegian Crew Killed Companions and Then Went After "Devils"

Grimsby, Eng., Oct. 5.—The Norwegian steamer Jonas Rein brought into this port ten demented survivors of the crew of thirteen belonging to the Dutch lugger Nordsee. As far as can be learned from their disjointed statements, they had a remarkable experience in the North Sea, killing three of their mates, throwing their overboard and spending some time "devil-hunting."

The Nordsee was picked up derelict with the ten men all insane, presumably through over-indulgence in raw liquor which gave them an attack of religious mania or delirium. The men say the ship was blown off her anchor and they started on a devil hunt, throwing overboard everything movable, which, in their opinion, would be likely to attract evil spirits.

The captain, a Spaniard, hatches, ropes, spars, sails, all going into the sea. They then turned on the three unfortunate crew members, who, by the appearance of the cabin, put up a desperate fight before being killed.

With nothing to navigate her the Nordsee drifted helplessly till taken in tow by the Jonas Rein.

CAN GET MUSIC FROM HIS ELECTRIC LAMPS

New York, Oct. 6.—Dr. Lee de Forest, wireless expert, who asserts that his audion lamp has made transatlantic wireless telephony possible, announces that he has discovered an entirely different use for his invention, and that it is capable of producing sound or music from light.

"My invention has not been perfected yet," he said, "but will be just as soon as I can get the co-operation of an electrical musician. In my laboratory, at No. 1891 Sedgwick avenue, the Bronx, I have a number of small apparatus, which are capable of producing a certain current generated by these lamps I am able to obtain a succession of musical notes by means of the notes of the octave. The volume of sound is regulated by increasing or decreasing the amount of light which falls on the lamp."

"The advantage of producing sound waves from light waves are innumerable," Dr. de Forest said. "A musician operating a keyboard in New York, could send his music to at least a dozen places in the United States having receiving stations. The music of an entire orchestra could be played by the means of a single lamp which would regulate certain switches and then operate the keys."

MONEY GONE BUT NOT LOST

They Put It in Such Safe Place That They, Themselves, Could Not Find It

Mrs. Hurd's boards have been found in all kinds of queer places. The experience of Postmaster Hamilton of Marysville, who proves that a man may bank money against his will and be made right glad after many days.

The postmaster made a trip to Port Huron to do some purchasing. That was months ago. He took a \$100 bill along amount and absolutely forgot about the bill until he was in Port Huron.

After things had been arranged to place a pencil in his vest pocket one day and noticed its disappearance. He traced the bill was found and the police department and the sheriff was notified of the loss. It made things a little inconvenient for Mr. Hamilton, because every man can't lose \$100 without having his finances thrown out of adjustment.

A WOOD THAT IS LIGHTER THAN CORK

A wood so light that it is only half as heavy as cork is Porto Rico's latest contribution to the commercial world. It is known as balsam wood, the Porto Rican name being goaso, which is "corkwood" when translated, while in Martinique the term applied to it is floating wood.

Specimens of balsam wood have been put on exhibition in the museum at the Missouri Botanical Garden in St. Louis, from which institution a bulletin describing it has just been issued.

Corked with paraffin to render it impervious to water, balsam wood is now taking the place of cork in the manufacture of life preservers and modern life rafts, constructed entirely of the Porto Rican pine are being made.

Being extremely porous, balsam wood acts as a natural insulator against both heat and cold. Fireless coolers made of it are found to require no additional insulation, and a piece of ice placed in a box made of goaso withstand the heat of an intensely hot day for five or six hours.

The United States government already is using it for the construction of buoys used in the coast service.

OVERDRAFT FOR CITY STREET WORK

Meeting of Common Council Field at Noon—Other Matters Taken Up

At a meeting of the common council at noon today an overdraft of \$4,007 for street work was sanctioned on motion of Commissioner Potts who said that the work was absolutely necessary to safeguard the interests of the city.

The commissioner of finance reported payments for September amounting to \$5,195.08 and recommended the payment of the usual accounts.

On motion of Commissioner Russell renewal leases were issued to William E. Scully for a Guy's yard and to Elizabeth Elliott, Isabella Crabb and Jane Howe for a lot in Prince ward.

The commissioner of water and sewerage recommended an extension of water and sewer mains in Portland Place at an estimated cost of \$4,000 on a ten per cent. guarantee and a bond issue was authorized. The commissioner was given authority to buy 200 feet of sixteen inch cast iron pipe from Vroom & Arnold at \$38 a ton.

The overdraft With regard to the request of Commissioner Potts for the overdraft, he said that the work must be carried on in Queen street, east and west sides, and Germain street. The money was not included in the first estimates, and the overdraft was to be assessed for in five equal instalments with interest, commencing 1916, and that all the money to be paid in for the use of sidewalks be devoted to the reduction of the overdraft, this being estimated at \$3,400.

There was much discussion as to the matter of the draft, opposition voiced because of the extra expenditure, but the commissioners agreed that the work was essential, and that they were no other way to pay for it, the vote must be made. The resolution was carried unanimously.

SCHOONERS WELL KNOWN HERE ARE FIGURES IN CASE

Stetson Cutler & Co. Bring Action in Boston to Protect Their Money

The Boston Globe says that Stetson, Cutler & Co., lumber merchants, brought a bill in the Superior Court there on Monday against A. Frankel of New York, a shipping merchant, for an injunction to restrain him from using the schooners J. Arthur Lord, Peter C. Shultz, Hattie H. Barbour, and Jennie A. Stubbs, other than for coastwise shipping between the ports of St. John, N. B., and New York and from exposing the schooners to the perils of the open sea.

They sold the schooners named and the Minnie Slauson to the defendant for \$14,000. They received \$5,000 and notes for the balance. They allege they have a maritime lien on the schooners which form their only security. The sale was made on Sept. 15 last. Since then the Minnie Slauson was sunk in collision. They allege the defendant intends to use the vessels in the open sea and they say the vessels cannot stand the strain of the seas as they are old. They are not insured at the expense of insurance, in view of their condition, is prohibitive. An order of notice returnable on Oct. 7 was issued.

Presentations to B. A. Alcorn and John Cunningham, Who Join 64th

When B. A. Alcorn, of the staff of the Imperial Oil Company left his work to join the 64th Battalion his associates presented him a valuable gold wrist watch. The presentation was made by the manager, T. H. Bullock, who also had the following address:

"It is with regret, mingled with joy, that I am called upon this afternoon to act on behalf of the managers and staff of the Imperial Oil Company, Limited. You have spent twelve long years among us, during which time you have endeavored yourself to our hearts by your cheerful smile, your high ideals and uncomplaining manner; you have been about your work. The firm has lost a trusted member and we, your comrades, have lost a good friend. The day is not far hence when the great British Empire will crown her sons with glory and then you, our dear friend, will return to join us again.

"On behalf of the staff I beg you to accept this little token of our lasting good wishes and ask God to bless you and bring you home safely.

"John Cunningham left the city on Monday to join the 64th Battalion at Sussex. Before leaving, Hon. H. A. McKeown, with whom he was employed, presented to him a wrist watch.

H. Arnold G. Johnston on Monday presented a wrist watch made from the staff of the wholesale millinery department of M. R. A. Limited. The presentation was made by F. W. Brascombe, and the whole staff join in wishing a safe return to one so pleasantly associated with them for so long a time.

POLICE COURT

The case against Andrew Bennett, of 113 Market Place, West St. John, who is held in custody on suspicion of entering the home of Mrs. Mary Manson, who resides in the same house, and causing damage to furniture to the extent of \$200, was continued in the police court this morning. The complainant was recalled to continue her evidence. She said she thought she laid the information because of what the detectives told her. She considered Inspector Wickham her lawyer and had offered him money for his trouble, but she said he refused to take it.

In answer to a question of J. Starr Tait, who is acting for the defendant, he said that it was hard to tell who did the damage, and it might have been somebody else.

Acting Sergeant Godine told of being summoned to the house and communicating with headquarters. Detective Barrett and Special Patrolman Briggs were sent to look into the matter. The case was set aside until Friday morning.

Three men appeared to answer the charge of drunkenness and one for using profane and obscene language, interfering with and resisting the police.

One of the men arrested on a drunkenness charge was fined \$8 or two months in jail, and the other two were remanded as they denied the charge and witnesses will have to be summoned.

Robert Hunter was arrested on a charge of drunkenness and an additional charge of supplying soldiers in uniform with liquor was laid against him. He was remanded until witnesses can be summoned.

Harry Graham, a soldier, was charged by Policeman Armstrong with interfering with him while he was making an arrest last night. He said the defendant followed him along the street using obscene and profane language and through his interference the prisoner made his escape. Later while he was being arrested he violently resisted and bit Policeman Hunter. He was remanded until witnesses can be summoned.

Gifts With Personality

Thoughtful people begin considering their Christmas gifts and the loved ones they want to remember long in advance.

They plan gifts that have their personality in them.

Perhaps it is a picture, a bit of lace, a piece of embroidery, some hand work, an odd bit of furnishings.

They make the gift in whole, or in part, themselves.

And now is the time to select the needed materials.

Suggestions such as you seek will be found from time to time in the advertising columns of The Telegraph and Times.
