CALLS FOR PEACE AT  
ONCE WITH RUSSIA

British Labor Delegation Issues Report

Says Present Policy Means European Disaster—United States Removes Most Restrictions on Trade with Soviets.

London, July 8.—The British labor delegation which recently returned from Russia, has issued an interim report. It declares there is urgent need for immediate peace with Russia and that persistence in the policy of blockade and intervention is madness and criminal folly which can end only in European disaster.

Emphasizing Russia's economic and transport difficulties and the absorption of her efforts in military activities, the report says:—

"Ringed from the world by a blockade of all powerful nations, attacked by enemies from without and menaced by fear of counter revolution from within, it is wonderful that a revolutionary government which has maintained any kind of order and discipline amongst its people has rallied to its support practically the whole Russian nation."

U. S. Action.—Washington, July 8.—(Associated Press)—Restrictions on trade with Soviet Russia were removed yesterday by the United States State Department except insofar as they pertain to the shipment of materials susceptible of immediate use for war purposes.

An individual export license must be obtained for the shipment of such materials, also for export to Russia of locomotives, railroad material and rolling stock and motor cars and components.

The State Department took particular pains to state that the removal of restrictions present or future, of any Russian activity exerting or claiming to exercise governmental functions, including those granted nor intended. It is also emphasized that individuals or corporations trading with Russia would do so on their own responsibility and at their own risk.

Individual export licenses still will be necessary for the shipment to Hungary, Austria, Bulgaria or Turkey, of any materials suitable for immediate use for war purposes. Such materials include locomotives, railroad rolling stock and motor cars.

To Replace Krasin?—Copenhagen, July 8.—A rumor is current in diplomatic circles that M. Tchitcherin, the Bolshevik foreign minister, will be replaced by a more moderate figure for the reopening of trade between Russia and the allied countries, for which it is considered that M. Krasin, Bolshevik minister of trade and commerce, lacks the necessary political and diplomatic ability. M. Tchitcherin, according to the report, will act as the Soviet foreign minister in the absence of Tchitcherin.

LIVING UP FOR  
THE U. S. BATTLE

Tendency to Class Representation in Some of the Constituencies Reported.

(Canadian Press) Halifax, N. S., July 8.—While all nominations for the local legislature will not be made before Saturday certain districts are showing a tendency toward class representation.

The farmers have organized in Pictou, Halifax, Colebrook, Antigonish and Cape Breton counties and made nominations in Pictou, Kings and Antigonish, while in Halifax county one independent farmer has the support of the labor party.

Labor has nominated representatives in Cape Breton, Halifax, and Pictou, the latter county nominating Mrs. J. M. Donaldson of New Glasgow, who is supported by the G. W. V. A. and who is the first woman to be nominated for the local legislature.

Premier George H. Murray, who is contesting two constituencies, Victoria and Richmond, is appealing to the electors on his record of twenty-four years at the head of the government and is emphasizing the road policy of the government embarked upon during the last year and involving an expenditure of \$11,000,000 within the next five years.

W. I. Hall, M. P. P. for Shelburne and leader of the opposition, accuses the government with attempting to obtain a snap verdict while the farmers are busy having of failure to take the roads out of politics as promised, and failure to abolish the legislative council. In the face of repeated pledges to do so.

The chief grievance of the labor party against the government is the latter's failure to enact compulsory eight-hour legislation.

Unusual interest in the election is being taken in Halifax and throughout the province. It is regarded as certain that there will be a contest in every constituency and last night in Halifax Hon. George E. Faulkner, a member of the government, failed to secure a place on the ticket, so keen is the race for nominations.

LATEST REPORT IS  
THAT PREMIER GOUVIN  
WILL RESIGN TODAY

Quebec, July 8.—Only routine matters were discussed at a provincial cabinet meeting here yesterday. It is expected that the resignation of Premier Gouvin will take place at a meeting called for today.

Meighen Likely to Announce Whole List Saturday

They're Going Into Matter Today—May Not Fill Rowell Portfolio—What Some Papers Think of Change.

(Canadian Press) Ottawa, July 8.—Ottawa this morning is in a flutter of excitement over the change in dynasty on parliament hill. Robert Borden is to resign office on Saturday morning and it is altogether probable that Hon. Arthur Meighen will be sworn in at the same time. It is thought that the new prime minister will be in a position to announce a complete list of his new cabinet then. Several meetings are being held by the various ministers concerned this morning. There are now five vacancies in the cabinet—

External affairs, by the resignation of the premier; interior, by the resignation of Mr. Meighen; justice, by the resignation of Mr. Rowell; and the department of customs, by the resignation of Hon. Martin Burrell. It is doubtful if Mr. Rowell's portfolio is to be filled, but if so, Hume Cronyn of London, Ontario is regarded as having the best chance.

For the new British representation the names most mentioned are S. E. Ellis, M. P., and R. W. Wynona, of St. John, and for the Nova Scotia vacancy, F. B. McCurdy of Colechester. The British Columbia vacancy of Mr. Burrell will likely be H. H. Stevens, or F. Green. In any event three by-elections will be necessary, and possibly four.

Honorable Mr. Meighen will be the first Westerner to become a member of the cabinet of Canada. While he is a native of Ontario, he has spent practically his entire life in the West. He has represented Prince George, British Columbia, since 1908. Mr. Meighen was also in the cabinet of the late Sir Robert Borden in 1917 to attend the Imperial Conference. He is a barrister at law and a member of the House of Commons in 1917.

Press Comment.—"Circumstances have long designated him as the most likely of the actual ministers to take up the heavy work of the premiership and revive the party enthusiasm that has been allowed to decline. In no task given to him has he failed. He has the respect of sections of parliament, tribute to his capacity, industry and attention to his duties. The country can well afford to have him as its premier, and his opportunities in the past, so well he will go with those which now confront him."

Halifax Herald: "It is particularly gratifying to find that a man of such a strong and consistent Conservative, Mr. Meighen had the almost unanimous support of the local members of the Conservative party. For its ultimate success, Liberal as well as Conservative adherence and support will be necessary, and the dangerous radicalism is to be kept in check. He will take his stand, at once, on a platform of the reconstructed Conservative Canadianism, which has already received his approval and in which he is a true and loyal supporter. With such a platform and such a leader as Mr. Meighen there should be no reasonable doubt of success, while Canadians remain as they have always been loyal Canadians and true Britons."

Toronto Globe: "The premier designate is a Conservative who acknowledges no hyphenated limitations. The old line Tories who have been calling for a return to pre-war politics and for the reorganization of the party under a business leader will follow Mr. Meighen gladly. He is not only true blue politically, but he is a first rate fighting man." Discussing the attitude of extremists directed as Liberal-Unionists in 1917, the Globe says that their position is humiliating and that some of them ought to be retrained to pre-war politics and for the reorganization of the party under a business leader will follow Mr. Meighen gladly. He is not only true blue politically, but he is a first rate fighting man."

(Special to Times) Fredericton, N. B., July 8.—Chief Inspector W. D. Wilson was informed by telephone last night that a road house was raided by officers acting under the prohibition act on Wednesday afternoon. It was said that Frank McKinnon was arrested and a large quantity of liquor seized. The raid was made by sub-inspectors, Demings, McEae and Avery of Carleton county.

A REVOLUTION  
IN BRUNSWICK  
IS THREATENED

London, July 8.—A Central News despatch from Berlin, dated Wednesday reports that preparations are proceeding for a revolution in Brunswick. The extreme radicals, it is declared, are working feverishly on plans for a general strike at the week-end, and a new revolutionary committee is said to have arranged for a big mass meeting within a day or two to consider the question of drastic action.

THEY GET BUSY  
ON SOUTH END  
PLAYGROUNDS

There was something doing last evening on the South End playgrounds. The appeal made on Monday evening had its effect, and at the close of a lively ball game a crowd of boys and young men gathered on the athletic sports. Their enthusiasm rejoiced the older men who are interested. Frank White and other members of the Improvement League executive directed the work which is really play, last evening.

IN WALL STREET.

New York, July 8.—(10:30 a.m.)—The upward swing of prices in the stock market made further progress at the opening of today's session, signs pointing to a continuance of yesterday's activity in the popular speculative shares. Some of the old, equipments and motors rose one to almost three points in the first few minutes of trading and rails gave promise of extending yesterday's moderate gains. Shippings, chemicals, textiles and utilities advanced from half a point to two points.

NEON REPORT.

New York, July 8.—Profit taking in some of the specialties checked the advance during the first hour but the rise was resumed before noon under lead of rails. Gains of one to two points accompanied the buying of Southern Pacific, Louisville and Nashville, D. & H., and several of the cheaper issues, notably Southern Railway, Rock Island and Missouri Pacific preferred. St. Paul preferred and New Haven. Oil increased their gains on the rally with motors and chemicals and irregular advances were made by coppers and tobacco. Further relaxation was shown by the money market, call loans opening at seven per cent.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram, "I don't believe I have anything to say today that is worth saying, or that would interest anybody."

"There's a hull lot of talkers in this country that's just like you," said Hiram. "The trouble is—they don't know it—they keep on talking. We had one of 'em in the pulpit out to the ballroom last Sunday. He didn't even come under suspicion of being a snuff-bag."

"But he had a gift of gab," said Hiram. "Yes, sir—you'll even find 'em in the pulpit sometimes, as well as in the market of the club—or lodge. Hiram says I'm a little that way myself sometimes. That kind of talk is like the froth below the dam—talk that gets nobody's power. I sometimes think the wrong ones were born deaf and dumb—so that the government can't give them a chance to talk."

"You take a man or woman that thinks they got to keep their tongue shut all the time, they'll do a lot of devilry without thinking what they're doing. A professor couldn't think as fast as some people talk—nor the less they know the more they have to say."—By Hen.

TWO YEARS IN  
PENITENTIARY

Quietness prevailed in police circles last night with the result that the police court sheet this morning was marked "A postscript" against James McCann, charged with breaking and entering and stealing from the summer cottage of E. Williams, Struan Robertson and Fred deForest, Loch Lomond, was resumed. He had pleaded guilty to the burglary of the Fine Grove in his own defence, but was remanded until some inquiry could be made about his character. The sentence of two years in the penitentiary was pronounced by the magistrate yesterday instead of five, as he is intimated at the conclusion of the hearing a few days ago. The accused was taken into jail to await transportation to Dorchester.

COLLAPSE OF POLES  
ON LONG FRONT

Bolshevik Success Makes Situation Serious

Victory in Several Battles Is Claimed—Poles Admit Loss of Rovno, One of Three Famous Fortresses in Western Russia.

Berlin, July 8.—The Polish front from the Pripiet to the Carpathians has completely collapsed and the situation is most serious, so the semi-official Allgemeine Zeitung says. It learns authoritatively, the Russian push southward from Kiev and Rovno has met with only slight opposition.

Warsaw dispatch to the Frankfort Zeitung says the Bolsheviks have begun an offensive on the north front, to the north of the Molochno-Polotsk railway, but their first attempt to break through has failed.

London, July 8.—Russian Bolshevik forces have smashed their way forward on the southern flank of the Polish front and Soviet military authorities claim success in a series of battles near Stasop-Konstantinowka, which town they are driving the Poles, according to a Bolshevik official statement received here by wireless.

Soviet forces have reached Litchew, twenty-four miles east of Proskovir, and have occupied Malgier-Podolsk in their drive along the Diester river. The statement says that heavy fighting is going on between the Bolshevik and forces commanded by General Wrangel, on the southern front, the struggle being particularly intense in the region of Orichov.

Rovno Lost. Paris, July 8.—Reports of the capture of Rovno, one of the three famous fortresses in western Russia, by the Bolsheviks, are confirmed in a Polish official statement issued yesterday.

Paris, July 8.—The council of ambassadors has notified the Polish and Czech-Slovak delegations that since no agreement has been reached by them to arbitrate the Teschen question a plebiscite in that region will be held.

POLES CALLED  
TO RALLY FOR  
QUICK SERVICE

Proclamation for Volunteers to Help Stop Advance of Reds—Crisis at Hand.

(Associated Press) Warsaw, July 8.—Volunteers for immediate service against the advancing Russian Bolshevik forces are called for by the Polish national council in a manifesto just issued.

Besides calling able-bodied men unfit for service to register in order to receive officers and men for duty at the front. The document, which bears the signature of President Pilsudski, declares the struggle is a fight against Bolshevism rather than against Russia.

Another proclamation addressed to the soldiers says the decisive moment has arrived in which Poland's fate is to be decided. It assures the soldiers that in case of their desertion their income will be continued by the government, and that provision will be made by the government for the families of those killed in battle.

Citizens having in their possession arms, munitions or ammunition are urged to turn them over to the government for use in the army.

Warsaw, July 8.—(Associated Press)—It was announced today that Bolshevik troops after several fruitless attempts, have succeeded in effecting a crossing of the Beresina in strong force near Navoslisk, southeast of Borsov, about fifty miles northeast of Minsk.

A smaller detachment forced the Bolsheviks south of Berezina village, further to the southeast.

MIKE HAS BEEN  
"AS GOOD AS GOLD"

"Champion Stowaway" May Have European Trip with Rich Patrons.

New York, July 8.—After having crossed the ocean five times hidden behind bales and boxes, Mike Giloolley, fourteen years of age, "champion stowaway" may within a few months lounge luxuriously in a chair aboard a transatlantic liner, bound back to Europe for a temporary visit to promote his education.

This became known today when Mrs. Marlon C. Curry, who adopted the Irish-fighting war orphan, mascot of American troops, denied an erroneous report emanating from Ellis Island, that she had inquired of immigration authorities there how she could be relieved of the custody of her ward.

Mrs. Curry said that she had asked Ellis Island officials what she would have to do if she wanted to take the boy to Europe on a trip which she is contemplating. She said that she did not want the boy deported, but that evidently the authorities had misunderstood her.

"The boy has been as good as gold," she said. "He has just completed school and is now going to a boy scout camp for the summer."

GOVERNMENT IS  
BEATEN IN LORDS

Vote of 95 to 28 for Resolution Urging Retrenchment

Excitement in Commons Over Statement re General Dyer—Increase in Duty on Sparkling Wines Is Cut Down.

London, July 8.—The government suffered a defeat in the House of Lords last night when Baron Middleton's resolution strongly urging retrenchment in national expenditure was adopted by a vote of 95 to 28. The resolution also demanded that the government appoint commissioners empowered to wind up existing departments for special war services and reduce to a normal level other inflated establishments.

London, July 8.—(Canadian Associated Press)—The House of Commons was greatly excited last evening over a statement by Mr. Churchill, minister of war, that the army council had agreed with the decision of the Indian authorities condemning General Dyer for firing on a meeting of natives at Amritsar, declaring that he must not be further employed.

Vigorous protests were raised and cries of "shame." The commons is now dealing with the budget proposals in the finance bill. The chancellor has stuck to his guns successfully against some opposition, the most important concession being the reduction of fifty per cent, the increased duties on sparkling wines to 80-1-3 per cent.

RAISE PAY AND  
REDUCE CHARGE  
FOR THEIR COAL

Demands of British Miners to Strengthen Policy of Forcing Nationalization.

London, July 8.—A conference of delegates, representing 90,000 miners, at Leamington yesterday adopted a resolution demanding that the government concede an advance in wages of two shillings daily and the immediate reduction of the recent addition of 16 shillings a ton to the price of domestic coal.

Proposals for a five day week and to give the executive committee of the miners' federation power to call a strike without a ballot of the members were defeated. For the present there is no threat of a strike but the action taken was intended to strengthen the policy of forcing the government into nationalizing the coal mines.

GOVERNOR COX TO  
SIR JAMES AIKENS'

Sandusky, Ohio, July 8.—A letter from Governor James M. Cox, Democratic candidate for president, to Sir James Aikens, lieutenant-governor of the province of Manitoba, principal speaker at yesterday's session of the Ohio State Bar Association at Cedar Point, was read to the convention by President Bennett.

The letter in part follows:— "I have long preached the doctrine of better understanding between the English-speaking governmentalities of the United States and Canada. In the affairs of civilization and more intimately of humane welfare our division is only governmental. In Ohio you will find a cordial feeling for you and your countrymen and an understanding of how you have suffered during the stress of war. Let us hope as our soldiers fought side by side, so shall the two great powers of this hemisphere support in union and harmony the ideals which will guarantee a better and happier world."

JUDGE RITCHIE FOR PROHIBITION

After Presiding Over St. John Court For Thirty Years, Surely None Can be in a Better Position to Intelligently Compare Present and Past Conditions and Safely and Sincerely Advise the Electorate as to the Best Way to Vote Saturday.

Doubtless Judge Ritchie could with volumes concerning local police court happenings during the last thirty years, the great majority because of liquor, the cause of which can be greatly lessened Saturday. In an interview yesterday the venerable judge said: "You cannot quote me too strongly as in favor of prohibition, and naturally this means that I am opposed to light wine and beer, which

JUDGE RITCHIE

If successful in securing the majority of Saturday's vote, would of course defeat prohibition. The closer the election day approaches the greater my desire that the present law be retained, and that we go on from this to something better. The province must first declare for prohibition, then declare against the importation of liquor, which can be done probably in the course of a few months. That accomplished, and the vendition for medical and church purposes taken over by the government, which is not at all difficult, as such a law is now on the statute books, will then have a really dry province. But if by the majority vote in favor of light wine and beer the present act is repealed, we will be retrograding—going backwards, and the results I would not answer for. Notwithstanding my assertions to the contrary, I know there is less drinking and less drunkenness, and that conditions are infinitely better than in pre-prohibition days. One must remember that under the old law I instructed the police to assist a man if he were not too drunk, but now anyone showing the slightest indication of having been drinking must or should be brought before me. Even under these conditions the arrests have been fewer. I will vote for prohibition and against light wine and beer, and if my example and influence will help others, who at the present moment are wavering, to take a similar stand I will feel that at the age of seventy-seven I really worth accomplished something really worth while." (Advt.)

LOCAL NEWS

Rev. Dr. David Hutchison has agreed to meet J. J. MacDonnell, who accepted the challenge issued by the clergyman to meet anyone who wished to speak against prohibition. A public meeting at which these two gentlemen will debate the question, will be held.

THE NEW PREMIER.

Hon. Arthur Meighen is to be Sir Robert Borden's successor as prime minister of Canada. This great honor comes to him early in life. The determination of the members of the Union government, with the exception of Hon. N. W. Rowell, to hold on to office, made it necessary to choose a leader for the new party, which is the old Conservative party with a few accessions from the Liberal ranks.

Before the city council asks the people to vote it should place before them the fullest information. There is also the question of the harbor. Under the new scheme would the harbor revenue have to pay interest and sinking fund charges on that expenditure as well as on that for the construction of new wharves, elevators and other terminal facilities?

At the second session of the Presby-terial held in Sussex yesterday morning, Mrs. Robinson of Sussex led the devo-tion. The secretary's report and the home missionary report were read. Miss Cora Sinclair, deaconess of St. John, and Miss Murphy of Minto gave interesting talks. Mrs. Thompson

of Rothesay and Mrs. Jamieson of St. John spoke in appreciation of these ladies, after which Mrs. Jamieson reported for the deaconess committee. Mrs. Gillen moved that a resolution in favor of prohibition be passed. The afternoon session was devoted to young people's work. Rev. A. V. Morash presided at

the evening session and Mrs. Jamieson spoke on home mission work. Mrs. Mc-Tavish of St. John spoke of work in Trinidad, while Mrs. J. J. Graham of Hampton spoke of her work as pastor's assistant in Montreal. H. Y. Cho of Korea gave an interesting account of the work in his country.

## HON. MR. MEIGHEN IS NEW PREMIER

Sir Robert to Hand Over Command on Saturday — The Youngest Prime Minister Since Confederation — Rowell and Burrell Withdraw.

Ottawa, July 7.—The resignation of Sir Robert Borden as prime minister will take effect on Saturday. He will be succeeded by Hon. Arthur Meighen, minister of the interior, who has undertaken the formation of a new administration. Official announcement to this effect was issued from Government House at 11 o'clock tonight. The announcement reads:

"The formal resignation of Sir Robert Borden will be tendered to His Excellency the Governor General on Saturday next the tenth instant, and will be accepted by his excellency with great regret. His excellency has entrusted to Hon. Arthur Meighen, minister of the interior, the formation of a new administration and Mr. Meighen has undertaken that duty.

There are to be two retirements from the cabinet, Hon. N. W. Rowell, president of the privy council, is retiring in private practice, Hon. Martin Burrell, minister of customs is to become librarian of parliament. The two retirements, it is said, are not due to the change in leadership.

Mr. Burrell has for some time expressed a desire to return to private life. Mr. Rowell's resignation is based on the point that a new party being created, and an administration formed to represent that party, he is entitled to ask "an honorable discharge."

The position which Mr. Rowell takes is outlined in the following official statement also issued tonight:

"About four months ago Mr. Rowell announced to the prime minister that at the close of the recent session he would retire from the government. This announcement was communicated to caucus on Thursday last, but at the urgent request of the Liberal-Unionists in parliament and of the entire with his friends in Ontario and communicate his decision to the prime minister at once as further and full consideration to the subject he finds himself unable to reach any conclusion other than that com-municated to Sir Robert Borden some four months ago and given to caucus on Thursday last. That conclusion was as follows:

"That when a decision should be reached that the work of the Union government as such was finished and that a new departure should be made by the creation of a new party and the formation of an administration to represent that party, he might fairly ask an honorable discharge. Mr. Rowell will, therefore, retire from the government when the prime minister's resignation takes effect."

Youngest Prime Minister.

Hon. Arthur Meighen was forty-four years of age on June 16 last, and is therefore believed to be the youngest prime minister of Canada since confederation.

The Cabinet.

Whether new cabinet timber will be brought into the combination with Hon. Mr. Meighen is not known, but it is not unusual that Messrs. F. B. McCreery (Nova Scotia) and H. W. Williams, St. John (N.B.), are in the city. It may be that the new premier will attempt at once to get New Brunswick and Nova Scotia representation into the cabinet. Another British Columbia member cannot be obtained yet, while, but if the resignations expected come no doubt an effort will be made to get Mr. H. Stevens, T. L. Tweedie, of Calgary, is also in view if a western minister is lost.

**CHERRING CROP REPORTS.**

The crops of Western Canada are unusually good for this time of year, according to a detailed report published by the Free Press of Winnipeg. Two hundred and forty correspondents sent in reports in their localities, as of June 30 last. The amount of wheat in the short blade is surprisingly large in view of the late seeding. Commenting on this, the Free Press recalls that in 1915 (the year of the man-moath crop) wheat, on June 23, was just beginning to recover from bad frost. Condition of present crop gives hope of an early and abundant harvest.

**NEW BRUNSWICK LODGE.**

At the regular meeting of New Brunswick lodge, No. 1, Knights of Pythias, last evening, J. Fred Brown, deputy grand chancellor, installed the following officers: chancellor commander, Robert E. Scott; vice-chancellor, J. F. Kelly; master, Harvey H. Colver; H. H. Stevens, executive; K. E. Thomas; master of finance, Benjamin L. Sheppard; keeper of records and seal, James Moulson; master of work, William E. Demings; master at arms, Oscar Dick; inner guard, Frank Gearson; outer guard, R. C. Thomas. Bayard S. Stillwell, deputy grand master at arms, officiated at the installation.

## ANOTHER LYCHING

Negro Accused of Attacking Girl is Hanged to Tree with Chain.

Durham, N. C., July 8.—Taken from the county jail at Roxboro by a mob of more than 200 masked men a few hours after he had been arrested on a charge of attacking a thirteen year old white girl, Ed Roach, twenty-seven, a negro, was lynched yesterday in a church yard three miles from the jail. He was hanging to a limb of a high tree, a chain being used instead of a rope. As his body swung upward it was riddled with bullets.

Sheriff Thompson pleaded with the men to let the law take its course. The leader of the mob is said to have given the sheriff three minutes to leave the vicinity of the jail. He left.

Roach was rushed to the scene of the lynching in an automobile. A long procession of machines filled with masked men followed.

Two remarkable pitching duels and the fanning of thirty-one batters in one game were featured yesterday of two fine ball games in the Independent Baseball League at National grounds.

The strikeout mark set in the clash between Metropole and Royal Canadians is believed to constitute a city record. Henri Clement whiffed seventeen of the Royals and LaSalle forced fourteen of the Metropoles to fan the air.

Project for St. John Team to Play for Duke of Connaught Cup.  
To the Sporting Editor of the Times—Sir,—Today while reading the Daily Telegraph I was very much interested in seeing a letter printed from our secretary, J. MacFadyen. Concerning soccer football, some few days ago Mr. MacFadyen had some of the very best prospects of getting a team together to represent St. John city to play for the Duke of Connaught Cup.

Now, Mr. Editor, if sport is to be boosted in St. John, give the association football players a chance for here in St. John. We have some of the very best players in Canada. I speak from experience having been a player and a trainer for the last sixteen years. The first team I joined in Canada was the Every Day Club, but it was not a success. It might be well to mention here that the popular swimming instructor, Jack Redfern, was a member of the team also. I played with the victorious Cornwall and York Mills team, of which I am the only member left. The names of the teams then playing against the Cornwall and York were the Every Day Club, St. John Football Club, Caledonian Football Club, and that game dunced boys from Fairville, the Fairville Football Club, of which I was captain under playing manager William Fink. While overseas I trained and managed one of the leading teams in the Anglo-Canadian Soccer League and also played with the Woolwich Arsenal football club.

It was an epochal night in local ball-dom, and an epochal event for the Saints, who received their first defeat this season, the Saints' leading every team in the St. John Senior League. It was distinguished by a form day and form players were rewarded, and the local form was consistent that he saved the game many times when the outcome stood on a three-legged stool and that very wobbly that form being Bobby Stafford, a recent importation into the city, who pitched the superb ball and had the fans more than once to their feet, as he pulled himself out of some bad messes with men the sawdust piles looking at his every motion to home plate. The old club grounds perhaps never looked so lively as on that night. The fans were as good as the ball game and their hunger was assuredly appeased.

The game itself little to be desired, and the public went off well satisfied. The fans were starving for the seventh inning and made three bases on an overthrow to the first baseman of St. John. The fans were starving for the seventh inning and made three bases on an overthrow to the first baseman of St. John. The fans were starving for the seventh inning and made three bases on an overthrow to the first baseman of St. John.

And now a word for Stafford. He assuredly can pitch ball to perfection. Twice he was in bad fixes, with bases full (once no men out, and once, one man down). He shattered the fears of the fans and fanned his men each time, and the ovation which met his efforts was a hurler of merit—the fans will agree to that. The boy is again immune to any criticism. The St. John first baseman spoiled the works in allowing Algie to third on that overthrow, as the game would have ended a tie should Algie not have made that third sack on the pass. The Saints are to return here on Friday evening and will again play a picked nine on the M. A. A. field.

Hansen in the St. John pitcher's box had a curve which was "zizly-zazly" and no come back. It meant a foul when hit.

**THE OLD COUNTRY CLUB.**  
There has been recently organized in the city an Old Country Club, which held its first public gathering on the river on July 1. The objects of the club are to band together all old country people, making them welcome to Canada, to make them feel that they are not strangers in a strange country; to visit sick and afflicted members; to look after cases of distress, and to uphold the honor and traditions of old country. The officers of the club are: President, Alexander Cameron; vice-president, G. P. Horne; secretary, Miss M. Ross and treasurer, Mrs. John McColgan.

**STREET WORK.**  
The city public works department yesterday laid a piece of asphalt sidewalk in a section between Egin and Durham streets, where there has never been any asphalt sidewalk. The department is also planning to fill some of the ruts in Marsh road between the Old Mill House and Cooper's corner. This piece of road is in bad shape and several complaints have been made recently. Tenders were called for the work when the old council was in power, but the bids were considered too high and were not being planned to do the work with the department's crews. The material, however, is not now available.

**BOAT RACES IN THE HARBOR ON MONDAY EVENING**  
It is expected there will be a series of aquatic sports in the harbor on Monday evening when the washup Calcutta is in port. It is proposed to have a race between a crew from the washup and a crew from Carleton, and the Commercial Club will arrange the first of its aquatic sports for the season at the same time. Frank White, chairman of the aquatic committee of the Athletic Association of the Commercial Club, is having a conference this afternoon with Mayor Schofield relative to prizes for the race in which the bluejackets will compete. The Commercial Club will provide the prizes for the other races, which will include four-oared and single scull contests. As the washup will be lying in the harbor the races will take place there, instead of in Courtenay Bay.

**REPAIR WORK ON WEST SIDE**  
The divers' work in connection with the repairs to the face of No. 1 wharf at West St. John should be completed today, said the city engineer this morning. The city workmen are tearing off the old fenders, which will be replaced. A crew is also at work making repairs to the platform between Nos. 2 and 3 sheds.  
The new face on the Nelson wharf, West Side, has been completed and several new piling have been driven. The repairs to the exterior of Nos. 1, 2 and 3 sheds are well on the way to completion and good progress is being made with the painting of the sheds, which is being carried out by John Adams. About thirty-five men are included in the city crews who are doing the west side work.  
A start will be made on repairs to the planking in Union street in front of No. 5 shed.

**TO ELECTRIFY THE YORK MILL**  
It is understood that arrangements are being made to electrify the plant of the York Cotton Mill in this city. W. B. Boyd, of Cornwall, Ont., general manager of the Canadian Cottons, Ltd., who is in the city, when asked concerning the matter this morning, said that the plans have not yet been completed, but that the matter was under consideration. It is planned to install two steam turbines of 400 kilowatts each, which develop a total of 1200 horse power and other installations of modern electrical equipment will be made.

A special despatch to The Times says that the matter of increasing the rate of stumpage in accordance with announcement made during the session of the legislature, was discussed during the meeting of the provincial government which closed here this morning. Premier Foster said that there was no announcement to be made at the present time but that there would be an announcement prior to August 1, when the rate for the ensuing year will go into effect. The government adjourned this morning and Premier Foster and the other members left for St. John by C. N. R.

**DREAM NOSES ONTO ROCKS ON WAY TO CITY**  
Passengers Clamber Over Rocks to Pokiook Road — No Damage Done.  
The passengers on the steamer Dream coming down from the Cedars this morning had an interesting experience when the steamer, engulfed in fog and pulled by an under-current, was carried on the rocks at the big mill at the second turn of the Narrows above Indiantown at 10 o'clock.  
Captain McKeith, who is in charge, told the story to a Times reporter this morning. He said the boat was coming through the narrows at about twenty minutes to eight when the fog was so thick that it was impossible to see more than twenty-five yards ahead. Captain McKeith knows the river like a book and was by no means at all to know his position, but just at the mill by the second turn the tide sets a strong under-current and one must be able to see clearly in order to keep off the shore. The Dream was caught by the current and before she could get about was nose on the rocks.  
The passengers decided not to wait and see if the boat could get off, and so they went on to the low into the rocks and came to the city by the Pokiook road. The tug Wasson gave the Dream a line and pulled her off. The Dream being Indiantown as good as ever except for one or two scratches on the hull. The water is dry and she is not making a drop of water.

**CAR FOR PUBLIC WORKS DEPT. RECOMMENDED**

Very little business came before a committee meeting of the common council held this morning.  
Commissioner Thornton moved that he be authorized to purchase a runabout or five-passenger touring car for the public safety department at a cost not to exceed \$2,500, the amount to be taken from next year's assessment if necessary. He said that the car was necessary for his office, both for the electrical engineer and himself. He said that he might later have to ask permission to pool his appropriations for this year as the amount allowed for horse feed would be much less than that actually spent.  
Mr. Bullock suggested that the car be a runabout and that it be paid for out of this year's assessment. This was agreed to. The motion was recommended to council.  
The mayor announced that he was to go out to meet H. M. S. Calcutta on Saturday and asked the commissioners to accompany him. He said it was planned to tender the officers a luncheon on Monday at 1:30.  
Commissioner Frink suggested that the silk flag bearing the coat of arms of the city which was presented to the city some years ago by I. Allen Jack be used on the customs boat which will take the mayor and commissioners to the washup. He said that a boat had been presented at the same time as the flag but this had gone into use.

**Stay of Proceedings in Extract Cases Granted**

The report that an order for a stay of proceedings had been obtained by M. G. Teed from His Honor Chief Justice McKeown, in the case of the eight wholesale grocers who were fined \$800 each in the police court last week charged with selling lemon extract, was confirmed at Mr. Teed's office this morning. Mr. Teed has not yet returned from Fredericton.  
The stay of proceedings provides that the defendants will not be called upon to pay the fines imposed until after the cases have been appealed, when the findings of the court will be communicated to the magistrate.
