MUST BE DEATH OR GLORY NOW, SAYS DE VALERA

Revelation in Letters Captured by the Free State

Were Written to Supporters in United States—Speaks of Possibility in One Big Effort, But Some Anxiety is Expressed.

(Canadian Press.) Dublin, March 15.—The Government publicity department last night issued the texts of captured letters from Eamon De Valera to supporters in America. One was to Joseph McGarrity, 8714 Chestnut street, Philadelphia, and the other to Deputy J. J. O'Kelly. In the first he charges his opponents with "villainous misrepresentation," and says there is no doubt there is a bit of the scoundrel in Kevin O'Higgins. He admits some of his own men falling by the wayside, but proceeds—

"There can be no turning back for us now. One big effort from our friends everywhere, and I think we would finally smash the Free State. Our people have a hard time and suffering before them, and we have, of course, to face the possibility of the British forces coming back and taking up the fight where the others lay it down. But God is good."

He expresses anxiety about his chief representative in America, and asks McGarrity to watch to prevent him being rushed into foolish adventures, or being made the instrument of the designs of cliques.

These letters were signed on February 4, De Valera succeeded. "The critical moment has just arrived here. Both sides are strained to the utmost, but I think we can hear it better than our opponents, though this moment we received the biggest blow since we started. If this war were finished, Ireland would not have the heart to fight again for generations, so we must see it through."

In his letter to O'Kelly he says the latter's letter of January 12 was a "heart-breaking reading, and asserts it had been possible to secure harmonious working. He writes that Ginnell was sent out to safeguard Republican interests in Washington and New York and also to get in touch with other countries in the western hemisphere. Ginnell's credentials, he says, had necessarily to be of a sweeping character, though not intended for re-publication. "If Father O'Flanagan and yourself," he wrote, "consent to go to Australia, it would relieve the American situation."

The letter then deals with a loan in connection with which De Valera says no arrangements have yet been made. "If we can raise revenue here at all," he adds, "we shall not attempt it."

Dealing with money questions the letter contains the following—"I need scarcely tell you how great our own needs are in that respect. The army is suffering intensely and its dependents also. We can only afford Ginnell his barest needs."

He repeats a reference to the critical stage of the situation and the necessity of one big effort to smash his opponents, adding: "It must be death or glory for us now." In still another letter he advises caution in America. He had heard of some intriguing tales from that country, he declared.

BIG BUSINESS MEN OF HALIFAX BOOTLEGGERS?

Inspector Tracey Creates a Sensation in Court by a Statement Made Today.

Halifax, N. S., March 15.—Testifying in connection with a temperance violation charge against a man named Cruckshanks in the police court this morning, Inspector E. S. Tracey created a sensation when he declared that if the true facts were known prominent business men would be found behind the activities of bootleggers. He said he believed the accused was only a tool and "some of the best" men in the city are in the rum game working through tools.

"Why not get after them?" asked the magistrate. "Can't get at them," replied Mr. Tracey. He explained that by "best" men he meant leading business men. The prisoner was fined \$200 and costs or three months hard labor. He declared that all the money he had in the world was \$150.

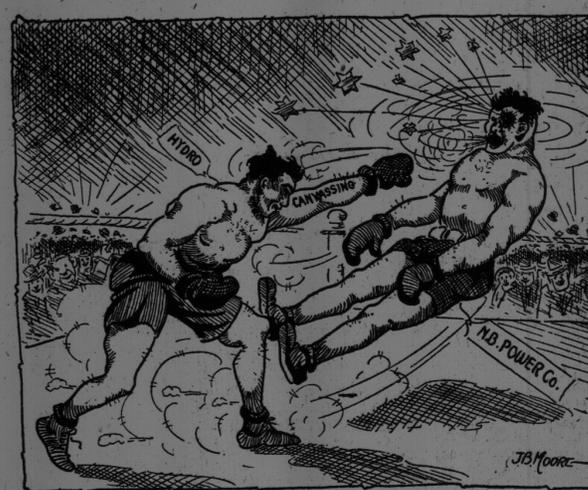

DOMINION IRON AND STEEL FOR THE OPEN SHOP

Sydney, N. S., March 15.—Declaration that the policy of the Dominion Iron and Steel Company is to maintain an "open shop" and that the principle of the check-off is wrong and will not be accepted by the company is made in a statement issued here yesterday by President Wolvin.

CHILEAN CABINET OUT

Santiago, Chile, March 15.—The Chilean cabinet resigned last night.

Threat of War Comes From Westphalia Today

Eighteen Below in Fredericton

(Special to The Times.) Fredericton, N. B., Mar. 15.—It was eighteen below zero here last night. The Fredericton U. N. B., at a social evening to be held in the Masonic Building on March 20, is to be addressed by Lieut. Governor Toad, and Lt. Col. J. C. Carleton Brown, the latter an alumnus, who will speak on Constantinople and the Near East, where he was during the war. Members of the Provincial Government are to be invited to be present.

C. P. Bailey, Superintendent of the Dominion Experimental Station here, addressed the Fredericton Science Club on Wednesday night on experimental farms and New Brunswick agriculture.

Admits Lenine Seriously Ill

Berlin, March 15.—The Russian embassy admits that Nikolai Lenine, Bolshevik Premier, is in a serious condition in consequence of a second apoplectic stroke. Later it was said that the Premier had recovered. The bulletins had indicated his partial recovery.

MR. VERNON FOR DEFENCE IN THE SYDNEY CASE

North Sydney, N. S., Mar. 15.—The preliminary hearing into the charges against John William Young and Frank Taylor, accused of assaulting Inspector Thibault at Vicker's beer shop at Sydney Mines on Saturday night will open before Magistrate M. McLean this afternoon. The counsel for the defence will be G. H. Vernon K. C., of Truro, who defended John Paris in St. John.

SLEEPS 10 DAYS. BOY WAKES; HE MAY RECOVER

Vancouver, B. C., March 15.—Jack Turill, a 16 year old boy who had been asleep for ten days, has a fair chance for recovery. He woke yesterday morning, talked a little, ate two light meals and called for a cigarette before he lapsed into sleep again, ten hours later.

WILL PROSECUTE FOOTBALL SEC'Y

Winnipeg, March 15.—Consent of the Crown to prosecute David W. Roy, former secretary treasurer of the Dominion Football Association, on a breach of trust charges, in addition to other charges, was announced yesterday by John Allen, Deputy Attorney-General in Assize Court.

PORT AU PRINCE HAS BIG FIRE

Port Au Prince, March 15.—A spark from a soldering iron which was being used to close a hole in a gasoline can yesterday started a fire in the Texas Company's building which destroyed that building and razed two-thirds of a business block in the wholesale and commercial district. The fire burned four hours. Forty persons were injured, one of them fatally.

GET READY FOR RIVER SEASON

It is said that one St. John river steamship company is contemplating building a new steamer for the spring season. It is also reported that there will be at least one change in the captain of one of the present steamers. Work of repairing the vessels is being carried on.

Says Rum Fleet Is a Menace To Navigation

Captain of Big Steamship is to Make Complaint to Washington.

New York, March 15.—Captain Ettore Bear of the steamer President Wilson, which arrived yesterday from Italian ports, announced he would make formal complaint to the federal authorities against the rum-running fleet of New York harbor, which he said was a menace to navigation. He declared that the entire outside waters between Fire Island and Ambrose Lightship were infested with small craft which in Tuesday night's fog, sounded bells and whistles from all sides. As a result of this confusion, he said, he was thrown off his bearings and instead of being at the mouth of the bay, as he supposed, he found himself actually in the Hudson River.

De Valera Calls On Erin to Mourn

"Government of Republic" Declares Indefinite Period of Sorrowing.

Dublin, March 15.—A proclamation by the "Government of the Republic of Ireland" has been issued, decreeing an indefinite period of national mourning, during which sports and amusements are to be suspended and theatres and moving picture houses closed, and, in particular, horse racing, hunting, coursing and all outdoor sports discontinued.

This action is taken, it is declared, "in view of the present national tragedy caused by Great Britain's threat of war, the daily violation of the usages of war by the British, the treatment and the execution of Republican prisoners and in consideration for the bereaved families and relatives."

Longshoremen Wanted Extra

Passengers at Boston Had to Handle Their Own Baggage.

Boston, March 15.—Boston-bound passengers of the steamer Andania, which left at 10 o'clock until seven, yesterday, as the longshoremen on Monday went on trial in the Nassau County Court House, Mineola, on a charge of second-degree murder. Mrs. Mary Elizabeth ("Billie") Wells on Monday went on trial in the Nassau County Court House, Mineola, on a charge of second-degree murder. She is charged with having killed Captain James Pettit, proprietor of the Massapequa Inn, on January 7, while living there as his hostess. She was the last person known to have seen him alive. Immediately after the shooting she rushed out crying that Pettit had killed himself. Her indictment followed when the grand jury was convinced from the nature of the man's wounds that he did not commit suicide.

The trial of Mrs. Wells has several features of interest, coming as it does, immediately after the conviction of Mrs. Lillian Hazen and Mrs. Paelette Saludes. She will stand trial on the facts, and, according to her counsel, will make no plea of insanity, or other excuses. Miss Helen P. McCormick, formerly Assistant District Attorney of Kings County, fills the rare role for a woman of assistant counsel in the defense of one of her own sex. She will assist George M. Levy, who has figured in a number of notable murder cases. He is representing the defense in the famous Garman case some years ago, and also for Mrs. Oscar Hirsch, who was acquitted of the charge of having shot her husband at a party given by Reine Davies, at Freeport, I. I. County Judge Lewis E. Smith, who is presiding at this trial was the prosecutor against Mr. Levy in the Garman trial.

When Mrs. Wells—once a stage beauty—entered the court yesterday morning she dragged herself wearily along, looking much thinner than when she was arrested. Her form seemed to sag as she sat in the defendant's chair all morning, but her large eyes fastened themselves in a stare on the talesmen examined. She was dressed all in black, her simple frock relieved at the neck with an edging of white lace. Her black velvet hat was edged with brocade and trimmed with small black aigrettes. Auburn hair escaped from under the mushroom shape. Her velvet coat looked worn and shabby. Toward the end of the day she brightened up and carried on an animated conversation with her counsel, showing her preference in the selection of jurors.

No Sympathy Asked.

In examining the talesmen, Mr. Levy made it clear that his client did not seek sympathy. He was rebutting the District Attorney's question to talesmen as to whether the fact that Mrs. Wells is a woman would affect her decision when he broke in with:

"We are not asking for sympathy at all. Mrs. Wells will stand on the one side of the law and the other side of the building at the time Pettit was shot. He added that she is a friend of acquittal.

The jurors finally selected said they would not be influenced by sympathy and would not let her sex sway them one way or the other. They also declared that they would feel no prejudice because the woman was admittedly the mistress of Captain Pettit. Late in the afternoon the jury was completed and preparations were made to begin the taking of testimony this morning.

YOUTH LEAPS FROM WASHINGTON SHAFT

Albert B. Seip of Washington, Plunges 504 Feet

Wind Tears Off His Shoes—Broken—Scientists Figure He Hit With Impact of 800,000 Foot-Tons.

Washington, March 15.—Albert Birney Seip, a young man of this city, said to be a grandson of General Birney, former Minister to France, hurled himself from one of the windows near the top of the Washington Monument last week and plunged 504 feet to his death on the flagging below. Every bone in his body was broken and his shoes were torn from his feet by the force of the wind as he fell downward through the air at an estimated speed of 120 miles an hour.

Seip, who lived with his mother, was between 25 and 30 years old. Following a mental breakdown, resulting from overwork while a student at Cornell University, he had been confined in various sanitariums since 1916. He left the Chevy Chase Sanitarium and went to his mother's home. He left the house without warning.

No one saw Seip leap from the window almost at the top of the monument. He was alone in the room which the windows look out, when he evidently clambered over the four feet from the floor to the window ledge and threw himself into the long flight of stairs inside the monument, for C. H. Reintzell, the guard on duty at the top, said he had not seen the window until he received a telephone message from the shattered and broken form was lying on the flagging. There seems no doubt that Seip did not fall accidentally from the shaft, but that he jumped from the top of the monument and the dead man was short in stature.

The limp form was found by guards about three feet from the south side of the great obelisk's base. As far as is known, only one person, a man named Thomas S. Beale, witnessed the terrible scene. As Seip's body plunged down from the monument.

"I was standing on the curb when suddenly I heard a noise like an airplane," Seip said. "I looked up. As soon as I saw a thing like a big bundle sliding down the monument, I knew what had happened, and there was a loud thud and two sharp reports."

The body had fallen not far from where he had been standing. The two reports came when the man's shoes hit the pavement. They had been torn from the face of the monument and the air resistance had pulled them from the feet.

"The man's coat was blown out by the wind and as it fluttered it must have made that noise."

Friction Wore Out Clothing.

"He was quite a way up when I saw him and seemed to be just sliding down at a terrific speed on his side, adhering to the wall. His clothing was worn out by the friction with the stone."

"I had thought any falling object would have turned over and over, but either the coat held it steady or the friction of the stone against the monument itself was so great, it held him tight."

The dead man was certified as insane in 1916 and sent to St. Elizabeth's, the Government Hospital, but his mother obtained his release and he was placed in another institution, at Rockville, Md., about fifteen miles from Washington. Two years later he was again placed in a sanitarium in the District of Columbia, but his mother had him transferred to a private hospital. Up to last Christmas he was in a sanitarium in Philadelphia, but when he came home for the holidays he expressed some desire to live with his mother, and so he was taken to a sanitarium in Chevy Chase.

It was from this institution that he came to Canada and that in consequence he feared for her son, and she asked a friend, Fred L. Francis of the United States Weather Bureau, to remain at home until young Seip could be removed to the sanitarium again.

Worked To Death, Say Scotch Curlers

Team Too Small For Recent Lengthy Tour of Canada.

London, March 15.—(Canadian Press)—The Scottish curlers, who have just returned from Canada, express unbounded gratitude for Canadian hospitality, and confess that their team proved too small and that in consequence of this they were "worked to death."

The curling enthusiasts at some of the small centres in Canada seemed to be more than ready to receive the members of the Old Country visitors as mere returned tourists, and in the Maritime Provinces, in particular, the members of the Old Country team averaged only three hours sleep in twenty-four hours.

It is suggested that the next team of curlers that go to Canada ought not to be asked to cover so much ground, but should concentrate on the larger centres, to which curlers from the outlying districts should go.

NEWFOUNDLAND MAN IS DROWNED AT PRINCE RUPERT

Prince Rupert, B. C., March 15.—Captain Wm. Sutton of the fishing boat Renal was drowned yesterday at Seal Cove. He was a native of Newfoundland.

As Hiram Sees It

"Look-a-here!" said Mr. Hiram Hornbeam to the Times reporter. "What's that there bunch of Rubes up to? They're down to City Hall been tryin' to do to the poor taxpayers of this town?"

"I had not heard anything of an alarmin' nature," said the reporter. "Have you?"

"Yes, sir," said Hiram. "They went an' fixed it up to get 'em an' power for St. John without knowin' what they was doin'."

"Would you say," said the reporter, "that the people of St. John have no right to cheap light and power?"

"Of course they have!" said Hiram. "An' that there Government has no right to help 'em git it. An' they can't git it anyway—'t aint their business. The idea of thinkin' you could do anything without payin' eight per cent. on three or four million dollars—'t the fooliest thing I ever heard of. If I lived in this town I'd move away from it as fast as I could pack up. You've gone clean crazy."

"If I decided to pay the eight per cent. and any other little exactions called for from time to time—would that be all right?"

"Fines," said Hiram. "Yes, sir—that 'ud be all right. Then you'd be reel smart folks—By Hen!"

SEEKING TO MATCH DEMPSEY AND FIRPO

Champion Said to Have Received Big Offer

Brennan's Stay in Hospital After Beating by Firpo Likely to Be Short—News of the Ball Players in the South.

(Canadian Press.) Los Angeles, March 15.—Jack Dempsey today still waited word from his manager, Jack Kearns, in New York, as to details of an offer he is said to have received to meet Luis Firpo, in Buenos Aires next November.

The Examiner today said Dempsey had been offered a purse of \$750,000 plus \$25,000 for training expenses and seventy-five per cent of the motion picture rights.

South American promoters are in New York to confer with Kearns, according to information Dempsey says he received from his manager.

New York Out.

Brennan, N. Y., March 15.—Bill Brennan, Chicago heavyweight, is expected in a few days to leave the hospital, where he sought relief yesterday from concussion of the brain resulting from the blow delivered by Firpo, in their bout on Monday, but it will be a long time before he is ready to enter the ring.

Brennan's condition never was critical, according to those who examined X-ray pictures taken of his skull last night that no serious injury was done. They found that the left side of his head, from the forehead to the ear to the temple, was inflamed. They said today that he was improving and anticipated no dangerous developments.

Brennan declares that it was the worst beating he ever has received. Besides the head injury and body bruises, Brennan sprained a bone in his right foot. Firpo called twice at the hospital, with an interpreter, to bear solace to "Senor Brennan," but was not permitted within the sick room. The South American's very badly about Brennan's condition, so his friends say.

Buffalo, N. Y., March 15.—Mickey Walker of Elizabeth, N. J., waterweight champion, won the judges' decision in a 12-round bout here last night with Charlie Fitzsimmons of Oklahoma.

Tulsa, Okla., March 15.—Edward "Strangler" Lewis retained his heavyweight wrestling championship of the world when he threw Cliff Binckley of Ohio, in two straight falls here last night.

The Ball Players.

Cincinnati, O., March 15.—Pitcher Rixey has agreed to terms and is on his way to Orlando, Fla., the Reds' training camp. When he arrives, the Red pitching staff will be complete with fifteen hurlers present. The Reds will have the real test of the season today when they meet the Cleveland Indians at Orlando in the opening big league exhibition contest of the season. This will be the first of a series of four games between the two teams in the south.

St. Louis, Mo., March 15.—Both St. Louis Major League teams training in the south today began the last stages of their stay at the camps, only a week remaining before they start on their northward exhibition tour. The Nationals defeated the Philadelphia Nationals 9 to 5, at Lessburg, Fla., yesterday, while the Americans nused out the Mobile Southern Association team, 7 to 6.

Boston, March 15.—Word from St. Petersburg, Fla., today was that in the Braves' lineup against Brooklyn in the first exhibition game of the season at Clearwater today, would be five newcomers. They are "Jock" Conlon, Bob Smith, Eddie Cousineau, Bill Bagwell, and Gus Felix. Bagwell was hitting them well in the practice yesterday. A homerun drive to deep centre by the Norman McMillan and another by Frank O'Doul over the right field fence featured the opening game between (Continued on page 2, sixth column)

MOVES FOR A REDUCTION IN INDEMNITIES

Resolution Presented in the Commons by Progressive Member

Cut of 12 1/2 Per Cent Advocated—Abolition of R. C. M. P. Defeated—Committee Recommends Inverse of the Grain Trade.

(By Canadian Press.) Ottawa, Mar. 15.—Rising amid laughter from both sides of the House, Harry Leader, Progressive, brought a resolution to the House yesterday for a 12 1/2 per cent. reduction in the indemnities of members of the House and Senate and of the salaries paid to the ministers and to the Leader of the Opposition. The debate on the question was adjourned by Miss Agnes MacPhail.

A. F. Leahy newly elected member for North Essex took his seat in the House.

R. C. M. P. Debate.

The greater part of the afternoon was devoted to debate on the Royal Canadian Mounted Police. J. S. Woodsworth, Liberal member for Winnipeg Centre introduced a resolution to disband the force and substitute a force to protect government property and another force whose activities would be in unorganized territories.

Mr. Woodsworth thought it was anomalous for men to be trained for the active work of a mounted force west policeman and then be stationed as guard in some Ottawa public building, or in some other old pensioner could quite easily fill. He, as well as other members, paid high tribute to the fine work and traditions of the force. N. W. M. P.

Minister Defends System.

Sir Lomer Gougeon, Minister of Justice, defended the present system as being economic both in men and money, and also efficient since it meant uniformity of control. Whether the force was called "mounted police" or not was a mere detail, he said. The resolution was lost by 156 to 53 when the yeas were called.

The remainder of the session was devoted by Harry Leader, to introducing his resolution to disband the force and substitute a force to protect government property and another force whose activities would be in unorganized territories.

Mr. Woodsworth thought it was anomalous for men to be trained for the active work of a mounted force west policeman and then be stationed as guard in some Ottawa public building, or in some other old pensioner could quite easily fill. He, as well as other members, paid high tribute to the fine work and traditions of the force. N. W. M. P.

Grain Trade Investigation.

A. R. McInnes, chairman of the special committee appointed to inquire into the agricultural conditions in the present an unanimous resolution from his committee, asking for a royal commission to investigate all phases of the grain trade.

The resolution reads— "That in the opinion of the committee, it is advisable and in the interests of agriculture in this country, that a full and searching inquiry should be made into all aspects of the grain trade in Canada, and that for this purpose a royal commission should be appointed in Canada, with full powers, not only from the Dominion Government, but also from all provinces, desiring to cooperate in such inquiry."

The report was tabled in the House yesterday. It will come up for discussion later.

In the Senate.

The Senate discussed the Hoppe leases agreement in the afternoon. The bill to make the area a special reserve under the control of Parliament only.

Today in Parliament.

The House of Commons today will be in committee of supply. Estimates for the Department of Immigration and Colonization are to come up first, followed by those of the Interior, and then those of the Department of Soldiers' Settlement.

The Senate will meet at 8 p. m.

BRITAIN IN SHADE SAYS LOYD GEORGE

Not Prominent Enough in European Affairs—Speaks of a Reunion of Liberal Factions.

London, March 15.—(Canadian Press Cable)—Great Britain is playing too meagre a part in European affairs today, according to former Premier Lloyd George who was the guest of the National Liberal members of parliament at luncheon yesterday at the House of Commons. It was not pleasant to see issues being disposed of without British being consulted, he said. He alluded to the proposal for a re-union of the two Liberal wings and said:

"I have no doubt at all that if reunion between the two wings is not secured, if discussions and divisions are prolonged, the party will be paralyzed. At the Mitcham bye-election the forces of discontent rallied around Labor, not around Liberalism. If there is a lesson in the Mitcham result for the Conservatives, there is also a lesson for Liberals."

Continuing, he said: "If asked, would I treat Labor as an enemy I would say, certainly not, not Labor." The audience cheered these sentiments.

Look At Once To Signs of a Cold

Colds or Grippe Should Be Promptly Checked.

No person who has any regard for their health can afford to neglect a cold. You positively can't afford to say: "It's only a cold, let it run its course." Any physician will tell you this is a grievous mistake, one for which many pay the price in the form of acute disease, some with fatal results.

As soon as signs of a cold appear start taking Grip-Fix, the remedy which can be obtained at any drug store, and which will give relief in a single night. Its action on the system is almost immediate, the natural channels for carrying of systemic poisons being kept open, the feverish condition developed by colds kept down, and the accompanying mucus in the sinuses is promptly got rid of.

There is absolutely no secret about what is in Grip-Fix. The formula is printed on every box. Show it to your family physician if you want to. Most doctors will heartily approve it.

On sale at Wassons Drug Store. 85c per box.

Boston, March 14—A radio message picked up here today from the steamer West Helix said that she had developed boiler trouble and was in need of assistance. Her position was given as latitude 40 north, longitude 50 west, or about 1,200 miles east of New York. The West Helix sailed from Antwerp for this port on Feb. 2 and put into St. Michaels, Azores, on Feb. 29 for repairs. She left that port on March 2.

Walter Bannister, 170 Duke street, W. E., a longshoreman, was painfully injured yesterday afternoon while working on the S. S. Sicilian at No. 16 berth. He was caught between a truck and the side of the ship and his left leg crushed above the knee. No bones were broken, but some contusion of the muscles was caused. After being treated at the C. P. R. Emergency Hospital he was taken to his home.

The traveling staff of the Maritime branch of Frost & Wood and the office staff of the St. John office were the guests at dinner last night of G. G. Graham, general sales manager of the company, at the Victoria hotel. This event was the close of the annual get-together of the staff and a profitable interchange of ideas resulted.

The postponed meeting of the W. M. S. of Germain street church was held yesterday. Mrs. S. P. Poole presiding. It was announced that Mrs. W. H. Barker of Centenary would address the society at Easter on "The Universal in Missions." Mrs. J. R. Kennedy gave a sketch of the life of Miss Cora Elliott at Bobbili, India, and an address was given by Mrs. P. P. Parkins on "The Crown People." A solo was sung by Miss Louise Knight, who was accompanied by Miss Helen Simms.

The benefit performance of the Carroll Players at the Opera House on the opening night netted \$264.25 for the Associated Charities, it was announced yesterday at a meeting of the Association in Germain street. At letter of thanks for the money was ordered sent. The report of the secretary, Miss Grace O. Robertson, for February was as follows: Applications received, 163; requests for employment, 35; employment was found for 80; requests for funds, 22; records given, 20; seeking relief, 29; relief was procured for 27; visits made, 99; clothing was given to 10; cases investigated 16; asking for transportation 4.

HALES HUSBAND TO COURT BECAUSE OF WOODCOCK PRAYERS

New York, March 15.—Woodcock prayers are involved in the domestic troubles of Mrs. George W. Baker, Newark, a negro woman, who complained to Acting Judge Guthrie of the Second Precinct against her aged husband.

Friday night, she said, she found him on his knees gazing into a bucket of colored water, murmuring incantations of the African savages. Another negro knelt at his feet, reciting charms and biblical phrases. Mrs. Baker said her husband had threatened to give her a paralytic stroke.

Baker denied this and said he was praying for a reconciliation with his wife.

At the afternoon hearing yesterday in the case of the Prudential Trust Company against the Oil Shales Company of Canada, Limited, evidence was given by J. Lorne McDougall, solicitor, of Ottawa as to the identification of documents.

The nineteenth annual meeting of St. James Church W. A. was held yesterday, Rev. H. A. Cody preaching at the morning service. The election of officers resulted as follows:

Honorary president, Mrs. H. A. Cody; president, Mrs. B. C. Waring; vice-presidents, Mrs. C. M. Leonard and Mrs. R. O'Shaughnessy and Miss Bessie Charlton; secretary, Mrs. John C. Kee; treasurer, Mrs. Fred Leonard; extra care day treasurer, Mrs. W. S. Vaughan; Dorcas secretary, Mrs. W. H. Holder; assistants, Mrs. W. J. Nagle, Mrs. B. Budge and Mrs. Fitzmaurice; Living Message secretary, Mrs. W. S. Vaughan; Junior superintendent, Mrs. W. J. Edwards; Little Helpers, Mrs. G. A. Ahinette; rector's representatives, Mrs. J. Nagle and Mrs. W. S. Vaughan; delegates to the diocesan annual, Mrs. B. C. Waring, Mrs. Fred Leonard; substitutes, Mrs. R. O'Shaughnessy and Mrs. W. H. Regret was expressed at the resignation of Mrs. C. Dixon from the presidency and her faithful service was highly commended on.

When the Empress of Russia was forging across the Pacific on meridian day the chief wireless operator, William Adams, heard the call of the Leasfield station, near Oxford, England, and received news items from the opposite side of the world. The Leasfield station was approximately 4,800 miles away. The messages were picked up clearly.

Don't Spoil Your Child's Hair by Washing It
When you wash your child's hair, be careful what you use. Do you use prepared shampoo or anything else that contains too much free alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulified coconut oil shampoo, for this is pure and entirely greaseless. It is very cheap and beats anything else all to pieces.

Simply put two or three teaspoonfuls of Mulified in a cup or glass with a little warm water, then moisten the hair with water and run the Mulified in. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly, bright, fluffy, and soft, and easy to manage. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

You can get Mulified coconut oil shampoo at any drug store, and a few ounces will last everyone in the family for months. Be sure you get Mulified. Beware of imitations. Look for the name Watkins on the package.

From present indications it would seem likely that the Y. M. C. A. drive for \$8,500 had been a success. Though there were unfavorable weather conditions to face the collectors worked hard and success crowned their efforts.

MEMORIAL HALL FOR ST. DAVID'S
At the adjourned annual meeting of the congregation of St. David's church held last evening it was decided to complete the Sunday school building and erect a memorial hall. Authority was given for an expenditure of \$31,000 with the stipulation that while the shell of the new extension be completed it be not all finished inside. The cost therefore will be about \$25,000 or \$26,000. There will be a memorial hall, parlor, kitchen and classrooms.

The Stephen Construction Company, of St. John, has been awarded a large contract by the town of St. Andrews. There will be 10,000 feet of sewer installed. Work will not commence until the spring.

Thursday of next week is the day that has been set for the trial of the action to obtain an injunction to prevent the Mayor from making repairs to his wooden building in Charlotte street. His Worship had the work stopped when served. Mr. Justice Grimmer granted the temporary injunction. W. H. Harrison is acting for the building inspector and Teed & Teed for the Mayor.

The traveling staff of the Maritime branch of Frost & Wood and the office staff of the St. John office were the guests at dinner last night of G. G. Graham, general sales manager of the company, at the Victoria hotel. This event was the close of the annual get-together of the staff and a profitable interchange of ideas resulted.

WHAT HYDRO DOES.

An Ontario woman who was more interested in what hydro had done for the housewife than in any academic question relating to whether Sir Adam Beck had or had not exceeded his authority, writes to the Toronto Globe:

A "TOUGH" BUSINESS

This remark is credited to one Ballard, whom the people of Sydney Mines invited this week to leave town. He made the remark as an explanation of his decision to go out of the liquor business.

WHAT HYDRO DOES.

There are many thousands of housewives in Ontario who wonder, as this housewife does, why the man who more than any other has brought about this great relief from the drudgery of housework should be subjected to other continuous sniping than any other in Canadian public life.

WHAT HYDRO DOES.

There are now in use 2,600 ranges in Toronto, 1,800 in Hamilton, 3,600 in London, 1,700 in Ottawa, 1,500 in Windsor, 1,100 in Walkerville, 1,100 in Brantford, 820 in Galt, 600 in St. Catharines, 600 in Chatham, 600 in Stratford, and in many communities there is a monthly installation of at least 25 new ranges.

WHAT HYDRO DOES.

The stage-coach owners did not greet the steam engine with cheers. The owners of steam engines did not welcome the electric power with open arms. Every improvement of industrial processes is accompanied by initial losses as well as initial gains, but the volume of gain, which is continuous, is far greater than the losses, which end gradually as the new processes are universally adopted.

WHAT HYDRO DOES.

Mr. Peck of Albert County followed the example of his leader, Mr. Richards, in the Legislature yesterday, and sought to convey the impression that there was something wrong about the action of the Government in relation to the property at Musquash taken over for development purposes.

WHAT HYDRO DOES.

The Federal Farm Loan Board of the United States has given assurance that the new Federal credit system designed to extend financial aid to agriculture will be ready to lend a hand to the farmers by the time spring planting begins.

WHAT HYDRO DOES.

The French are getting everything in the Ruhr except the thing they want there to get.

WHAT'S WHAT

By Helen Doole

Dialogue between two social critics of the old school: She—"Why do so many people put their elbows on the table nowadays?" He—"Nowadays? We ought to be thankful they didn't put their heels on the table nowadays!"

YOUTH

Young smiles, he bears a crown upon his brow, And bids thee play for blisses beyond price. But in his purse he bears but loaded dice.

LIGHTER VEIN.

Lady of the House—Yes, I have an old pair of my husband's trousers, but I'm afraid they're too large around the waist for you.

PERMANENT ROADS AND TOURISTS

New Brunswick has spent large sums on her Public Highways during the last few years, and the result is quite apparent.

PERMANENT ROADS AND TOURISTS

Recent years automobile tourist travel has become a great source of revenue to many of the provinces of the Dominion of Canada and in this connection their permanent highways are a valuable asset.

DAYLIGHT SAVING

"Let it be either daylight or standard time everywhere and cut out the present half-and-half scheme which causes irritation to everybody and leads to endless confusion."

DAYLIGHT SAVING

"We are not so sure that the view of the Gazette on the subject of daylight saving is very pertinent. What the Gazette calls half-and-half between daylight saving and the trouble to travelers and to the railways, but after all it may mean, nevertheless, a very great deal of pleasure or satisfaction to a great number of people."

THE LEAGUE OF NATIONS.

(Montreal Gazette.)

Lord Robert Cecil, who has espoused the cause of the League of Nations through good and evil reports, is to show a visit to Canada, when we may expect a survey of the work accomplished and of what the prospects are from one who is well qualified to give a frank and just opinion.

DR. HART'S INDIGNMENT

(From the time of the early French settlers, Quebec has suffered from the liquor traffic," states Rev. Dr. E. I. Hart, in an address which he delivered recently before the Protestant Ministerial Association of Montreal, which that body ordered to be printed and circulated throughout the Dominion.

Reviewing the Government control and sale system which now prevails, Dr. Hart challenges the statement of Premier Taschereau that "never has the province been so temperate as today."

DR. HART'S INDIGNMENT

Thrift must be accomplished through habit, which in the individual represents that a successful business organization calls policy. Every prosperous business establishment, which has a good standing and reputation to maintain, considers each important move first from the standpoint of policy.

PAULINE JOHNSON'S CAREER

Some intimate notes on the later years of Pauline Johnson are given in The Canadian Magazine by Walter McRaye, her associate on the platform for eleven years.

PAULINE JOHNSON'S CAREER

"It was after a poet's evening held by the Toronto Young Men's Liberal Club, where she read 'The Cry of an Indian Wife,' that Miss Johnson was taken up for platform work.

FORBES AN OPTIMIST.

(B. C. Forbes in Forbes Magazine.) Daily, daily war alarms are raised. Russia is to unleash her many-million army. Turkey is to run amuck. Germany is being driven to the fighting-point. Today it is this, yesterday it was that, tomorrow it will be the next Balkan or other nation that is ready to embark on the warpath.

THE RIDDLE OF THE SPINNING WHEEL

Being An Exploit in the Career of Hamilton Cleek, Detective

By MARY E. AND THOMAS W. HANSHEW

(Continued from yesterday) CHAPTER X

The Woman in The Case? There was no call during the long watches of the night, no untoward happenings of any sort. Cleek, sleeping with one eye open, rose now and again and crept silent-footed out into the passage, doing a little bit of listening in upon his own account. But nothing of any moment happened. And to when at length the house was astir, and the sound of servants with their brushes and brooms began to make their usual early-morning clamour, he shook himself awake, got to his feet, and went off into the bathroom, where Ross' Duggan's safety-razor worked wonders with his over-night beard, and a wash under the cold-water tap still more.

Returning, he stopped at the door of that chamber of woe where the one-time master of all this vast inheritance of stone and moorland lay Death-wiping from his aged face every line and leaving it as smooth as a child's.

for myself," he told the constable on duty outside the door, who instantly let him in, as became a representative of Scotland Yard. "You might read someone up to the Inn of the Three Fishers with this note, and see that it gets delivered immediately into the hands of a chap named Dollops. It's important."

"Very good, sir." "And in the meantime, I'll see that no one enters this room, I promise you. Inspector Petrie himself will be around presently. And Superintendent Narkom should be with us at twelve o'clock or thereabouts."

Left alone, therefore, in the early morning sunlight of that perfect June day, Cleek made his way into the still room, closed the door behind him, and then, glancing up, caught sight of the stolid back of the constable on duty outside of the courtyard window, and not being wistful to enter into conversation with him, began to poke about of his own accord.

But the room held little or no clues for him to go upon. Not in the first rough glance, at any rate. Over by

Quiet, Restful Floors

The springs, comfortable surface of Dominion Battleship Linoleum deadens all footsteps and other noises and aids concentration. That is one of the reasons why Battleship Linoleum was selected as a floor for the Bell Telephone Exchange at Galt, Ontario.

Domination Battleship Linoleum, too, is very durable. It has undergone extreme traffic tests in departmental stores, halls of hospitals and public buildings without showing signs of wear. When properly laid, it lasts for years and years.

Made in four plain shades, brown, green, terra cotta and gray. Special colours may be obtained for large contracts. Write for illustrated folder showing Battleship Linoleum in natural colours. A copy will be sent free on request.

Samples of Battleship Linoleum will be sent to firms and individuals interested. Dominion Oilcloth and Linoleum Co. Limited Montreal

on the hall without, the rattle of a door-handle, and the gentle opening of the door itself, and Cleek had just time to whisk away the packet, and assume an appearance of stolid non-alance, when someone came into the room on silently shod feet, stepped a few paces forward, and then, seeing him, gave out a little shriek and shut her two hands over her breast spasmodically.

"Oh!—how you startled me!" gave out Lady Paula breathlessly, as she recognized who the intruder was.

"What can you be doing here, Mr. Cleek?"

"I'm here to see you, Mrs. Duggan. I've just received a letter from the police. It's about a woman who was seen in your room last night. I'm afraid you'll have to tell me what happened."

"I'm afraid I can't tell you anything, Mr. Cleek. I was in my room last night, and I didn't see anyone. I'm sure of that."

"I'm sure of that, Mrs. Duggan. But the police are sure they saw someone. I'm afraid you'll have to tell me what happened."

"I'm afraid I can't tell you anything, Mr. Cleek. I was in my room last night, and I didn't see anyone. I'm sure of that."

"I'm afraid I can't tell you anything, Mr. Cleek. I was in my room last night, and I didn't see anyone. I'm sure of that."

Deland? The police . . . this awful tragedy! Cleek bowed and came toward her with outstretched hand. "My dear Lady Paula," he said suavely, "I represent the police myself. I happen to have taken up criminology many years ago, and came up here to Scotland upon a little holiday. This terrible thing that has happened brought me immediately here to do my duty and to give what little help I could to you all in your bereavement. And so here I am, I beg of you, don't stay in this apartment now. It is no place for a lady—particularly a lady so highly strung and nervous as yourself."

"But how—did you ever—come to hear about it?" she demanded, stepping back a pace or two, with her eyes carefully avoiding that Thing which lay huddled there before them—mute reminder of all the terrors that had happened the night before. "How could you have known, Mr. Deland?"

"I mentioned the fact of my profession to your stepdaughter yesterday, and she immediately summoned me here. And, of course, I came. Anything which I can do . . ."

"Thank you. But there is nothing—nothing I came in now because last night I—dropped my handkerchief, and it was one which I very much value, because my dear husband gave it to me upon the anniversary of our wedding-day. Duchesse lace, Mr. Deland, and with my name embroidered across the corner. And I know, if the police found it, that I—I should never get it back again. Everything, you see, becomes a clue, doesn't it? But it seems not to be here."

Her agitation was very apparent, and Cleek mentally registered the fact that the excuse was a tame one, and utterly untrue.

"No," he said, "it isn't here, Lady Paula. And, as you say, if it were, I could not give it to you. Go back to your room, I beg, and lie down. You look ghastly pale, and after breakfast I shall have need of your help, believe me. So go, please. And leave me to this gruesome vigil alone."

Oh, by the way, do you happen to remember, during last night's many and terrible happenings, whether the will which Sir Andrew was about to alter (I have the facts of the case, you see, from Miss Duggan herself) was put away by any member of the family? Because it isn't here, you know."

He swept his hand out across the desk-top in an expressive gesture. Her face flushed rosy, and something like a startled light, half of gladness, half of fear, shined in her wide, velvety eyes. But she shook her head.

"It was never touched—to my knowledge," she said emphatically. "And I happen to remember that fact, for in the confusion of everything that followed, when we were looking at my poor, poor husband, it fell to the ground, and Maud picked it up again and laid it over there, under those other things that my husband had been looking into. I noted the fact, even in my despair, as one does note these little trivial things in the midst of a great trouble. Mr. Deland. But it was—I am positive. And you can't find it now?"

"No, Lady Paula."

"Oh! Then undoubtedly Maud has hidden it away somewhere, in case I might steal it, I suppose, and so do her precious brother out of his inheritance, if such a thing were possible."

"The venom in her voice was like the bite of a serpent—positively poisonous, and Cleek gave her a quick, keen look."

(To be continued)

BOMBS FAILED. Port Jervis, N. Y., March 14—Army aviators today bombed the five mile ice jam on the Delaware River without success. Seven 800 pound bombs were thrown, three of which hit land. The other, cracked holes in the ice but failed to move the jam.

Suds all through. Cleansing soap in every drop of water. Put your hand in a tub of Rinso suds. You can feel that the water is actually soapy all through.

This is one reason why Rinso soaks clothes clean without hard rubbing. A few minutes at night—just the little time you need to put the clothes to soak in these rich suds, and Rinso suds work down into every fold and fibre, loosening the dirt without weakening a single thread. Just a light rubbing with Rinso on cuff edges, neck bands and the like, gets them clean—the dirt is loosened. Be sure to use enough Rinso to get the big lasting suds, that give the water a soapy feel all through. Rinso is made by the largest soap makers in the world. It is sold everywhere. Just One Application and the Hairs Vanish. (Modes of Today) A harmless, yet very effective, treatment is here given for the quick removal of hairy growths: Mix enough powdered delatone and water to cover the undesirable hairs, apply paste and after 2 or 3 minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the delatone in an original package. Mix fresh as wanted.

DELEGATES TO LABOR MEETING DINNER GUESTS. Delegates of the New Brunswick Federation of Labor were guests last evening of the Fredericton Trades and Labor Council. Thirty-one delegates were present. A number of resolutions were then introduced, namely that gear inspectors be given greater powers; and that the date of the annual civic election of the City of Fredericton be changed from March to January. J. A. Sinclair, chairman of the Workmen's Compensation Board, then addressed the meeting.

WHAT'S GOING IN THE MONEY AND STOCK MARKETS TODAY

PRICE RISES IN MANY COMMODITIES FORESHADOWED

Rubber Goods and Ribbons to be Higher Soon—Garment Makers See Advances Necessary on Fall Apparel.

New York, March 15.—Additional and advance price advances in many commodities were foreshadowed on Monday in formal and informal announcements made by several leading business concerns. In general it is believed that manufacturers of finished products are running low on raw materials, most of which were purchased some time ago before the recent price advances in basic commodities were instituted. As old stocks are worked low and manufacturers see the necessity of re-entering the raw material markets for additional supplies at higher prices the necessity of advancing the prices of their finished goods becomes more keen. The mechanical goods department of the United States Rubber Company has announced the withdrawal of all prices on March 15. New quotations will succeed those now in force. The Johnson-Cowden-Emanrich, Inc., one of the largest ribbon manufacturers in the country, also advised its customers yesterday that 20 per cent advance in ribbon prices will be inaugurated on April 1 unless the price of raw silk drops materially by that date.

Cloak and suit manufacturers, who have obtained some idea of what high-grade woolen goods will cost for use in next fall's merchandise, are talking of price advances ranging up to 25 per cent. It is generally conceded that in men's clothing for next fall, which will be offered to the trade early next month, prices will show material advances over those of last fall, and even over the price levels on spring merchandise. In general, it is believed that the advances will average about 15 per cent. Indicative of the rise of finished goods prices in the wholesale cotton goods market, a well known printed crepe, which was priced at 20 cents a yard, on November 26, was offered yesterday at 24 cents. In the same large line a 30-inch crepe was quoted yesterday at 19 cents for the printed, 16 1/2 cents for plain white and 17 cents for plain blue. The prices named in November were 18, 16 1/2 and 16 cents. A plain shade 34-inch ratine, priced in November at 30 cents, now is 32 1/2 cents. In the 36-inch plain shade gabardine the November quotation of 27 1/2 cents is allowed to stand.

OPINIONS ON THE STOCK MARKET

(McDougall & Cowan, Private Wire) New York, March 15.—Hornblower and Weeks—"The important thing to bear in mind is that a normal reaction came when due, ended when due, and the upward movement has apparently been resumed without a sign of real weakness having developed." J. S. Bache & Co.—"The market structure as a whole is much stronger than superficial indications lead us to believe. Irrespective of element of time, general business conditions are too optimistic and too favorable to neglect immediate capitalizing to fullest extent." Block Maloney—"It would be comparatively easy to get a public following if the rise goes far. We favor conservative purchases." Josephthal & Co.—"Would expect trading to continue for a time." Clark Childs—"In spite of weather and wire trouble the market has considerable pep. Its most encouraging feature is the buying of the rails." E. F. Hutton—"The steel stocks are as much behind the market now as the sugar stocks have been and in our opinion one of these days soon will duplicate the action of the latter group."

THE PRICE ADVANCE

The announcement of 10 per cent increase in tire prices Monday by the United States Rubber Company failed to bring any important response marketwise in the stock or shares of the other tire companies, due probably to the fact that the increase had been correctly forecast several days ago. The jump, which becomes effective on Thursday, is expected to be followed with similar advances by the other important tire making concerns. It was intimated that the Kelly Springfield company will take action today.

Three successful raids were conducted last evening by members of the local prohibition enforcement staff. All were in the vicinity of York Point. Two of the raids were on beer shops in Mill street and the other in Paradise row. The visitors were Inspectors Killen and Carson.

BRITISH CLOTHING LOWER

London, March 15.—Wholesale prices for men's clothing to be exhibited tomorrow at the annual Clothing, Outfitting and Woollen Trade Exhibition in Agricultural Hall will average about 10 per cent lower than at last year's exposition. The merchandise will be models of the fall fashions in Great Britain.

LARGE VOLUME OF BUYING ORDERS

Prices Again Firm at Opening in Wall Street Today—Some New High Records.

New York, March 15.—Continuation of record car loadings and the optimistic tone of the weekly steel and iron trade reviews brought another large volume of buying orders into today's stock market, giving opening prices a firm tone. The initial demand was confined largely to the sugars, motors, steels, minor oils and a select assortment of specialties. Market Oil and American Radiator each established new high records for the year. A better inquiry was noted for a few dividend paying rails, such as New York Central and Erie Pacific, which improved fractionally. Sinclair, oil 1-1/2, led the advance in the oil group and was followed by General Electric, California Petroleum and Costen, each up a point or more. Studebaker, Chandler and Stromberg improved fractionally. Shares of point or more also were recorded by United Retail Stores, associated Drygoods, Brooklyn Edison and James Brothers Tea.

World's Oil Output Increases in 1922

Estimated Production, 851,540,000 Barrels, Compares With 765,065,000 Last Year.

The world's petroleum production in 1922 totalled 851,540,000 barrels, according to estimates of the American Petroleum Institute. This compares with 765,065,000 barrels reported by the United States Geological Survey for 1921, or an increase of 11.5 per cent. The United States produced 651,197,000 barrels in 1922, or 64.7 per cent of the total production. In 1921 the United States produced 472,168,000 barrels, or 61.7 per cent of the world production in that year. The increase in the United States production in 1922 amounted to 79,014,000 barrels, or 16.7 per cent. Mexico produced 185,057,000 barrels in 1922, amounting to 21.7 per cent of the world production. In 1921 Mexico produced 182,287,000 barrels, or 23.5 per cent of the total production that year. The decrease for Mexico in 1922 amounted to 3,940,987 barrels, or 2.1 per cent. In 1922 the United States and Mexico combined produced 864.6 per cent of the world production and in 1921 they produced 85.2 per cent.

IRON AND STEEL PRICES.

The Wall Street Journal average price of eight iron and steel products at \$55.97 now stands \$7.26 a ton above the 1922 high of Sept. 30, which was \$58.23 and \$5.00 above the 1921 high of \$53.23. It is up \$4.85 since the first of the year. Peak during the 1920 boom was \$65.00 and average for the 19 years prior to the war, \$37.11. Advance is due to rising of bars, shapes and plates 10 cents a hundred pounds, billets \$2.50 a ton, and Atlantic Sugar 1-8 to 1-4, Steamships at 18, Howard Smith 81 and Spanish River 97-12 were unchanged.

Exchange Today.

New York, March 15.—Sterling exchange steady. Great Britain 4.69; France 62 1/2; Italy 4.50 1/2; Germany 20.48; Canadian dollars 2-7/32 per cent discount.

PUBLIC NOTICE

is hereby given that a bill will be presented for enactment at the next session of the Legislature of New Brunswick. The purpose of the bill is to amend the assessment law in the parishes of the City and County of Saint John by providing a Board of Assessors for the whole County; giving an appeal to the Judge of the County Court; and amending the law of demands; and providing for payment of expenses of properties sold in default of taxes. JAMES KING KELLEY, County Secretary. Dated the 19th day of February, 1923.

MRS. LEWIN SAYS ITS WORTH \$1,000

Values Tanlac Highly, Declaring it Ended Indigestion, Soothed Nerves and Restored Weight.

"I wouldn't take a thousand dollars for the good Tanlac has done for me. I would have given that much before I took this wonderful treatment to feel the way I now. It was the positive statement made the other day by Mrs. Matilda Lewin, 12 Strange St., Toronto, Ontario. "I suffered with stomach trouble, general run-down condition, and my nerves were so excited they nearly drove me wild. I ate scarcely enough to keep me going, was dreadfully thin and weak, and often had to give up my housework to avoid a breakdown. Gas on my stomach bloated me till I could hardly breathe. I had to rush to the window for air, and seldom got a good night's sleep. "If I live to be a hundred years old I will always bless the day I started the Tanlac treatment. I have gained nine pounds, am free of indigestion, nervousness and sleeplessness, and my housework is like play. Tanlac is simply grand. "Tanlac is for sale by all good druggists. Over 35-million bottles sold."

World's Oil Output Increases in 1922

Estimated Production, 851,540,000 Barrels, Compares With 765,065,000 Last Year.

The world's petroleum production in 1922 totalled 851,540,000 barrels, according to estimates of the American Petroleum Institute. This compares with 765,065,000 barrels reported by the United States Geological Survey for 1921, or an increase of 11.5 per cent. The United States produced 651,197,000 barrels in 1922, or 64.7 per cent of the total production. In 1921 the United States produced 472,168,000 barrels, or 61.7 per cent of the world production in that year. The increase in the United States production in 1922 amounted to 79,014,000 barrels, or 16.7 per cent. Mexico produced 185,057,000 barrels in 1922, amounting to 21.7 per cent of the world production. In 1921 Mexico produced 182,287,000 barrels, or 23.5 per cent of the total production that year. The decrease for Mexico in 1922 amounted to 3,940,987 barrels, or 2.1 per cent. In 1922 the United States and Mexico combined produced 86.4 per cent of the world production and in 1921 they produced 85.2 per cent.

Surprised How Quickly He Got Relief

(New York Tribune) Nothing occurred last week to mar the generally optimistic outlook on business. It seems assured now that good business will prevail through the summer at least. Hardening money rates have had no effect in retarding the rising tide of production and distribution and the continued upturn in prices, although now more apparent in semi-finished or finished goods that in raw materials is showing no sign of abating.

Frank Ploude Now Praises Dodd's Kidney Pills.

Ontario man who Suffered for Six Years found Relief and gave the Credit to Dodd's Kidney Pills. Dean Lake, Ont., March 14.—(Special) Mr. Frank Ploude, a well-known resident here, is always ready to recommend Dodd's Kidney Pills to all who suffer from kidney trouble. "I have suffered with my kidneys for the last six years," Mr. Ploude states. "The pains at times were so intense, I was unable to work. I saw your advertisement in the newspaper a year ago, and decided to give your medicine a trial. All my pains have since gone and backache are a thing of the past. If any poor sufferers are troubled with kidney disease I would implore them to take Dodd's Kidney Pills. I am surprised how quickly they would get relief."

Dodd's Kidney Pills have become a family remedy all over the Province. In fact, because people have tried them and found them good. They are purely and simply a kidney remedy. They help Rheumatism, Gout, Diabetes, Loin Back, Heart Disease and Urinary Troubles, because all of these are either kidney diseases, or are caused by the kidneys failing to do their work.

The Canadian Pacific Railway WILL FIND Farm Help for Eastern Farmers

TO BE OF SERVICE to Eastern Canadian Farmers and help to meet their needs in securing competent farm help, the Canadian Pacific Railway is prepared to utilize its widespread organization to provide such help from a number of countries. THE CANADIAN PACIFIC Railway will now receive and arrange to fill applications for male and female farm help to be supplied from Great Britain, Belgium, Holland, Denmark, Switzerland and Norway, in all of which countries the Company has representatives who have farmed in and are familiar with Eastern Canadian conditions and who are now in touch with such men and women ready and anxious to come to Canada. THE GOVERNMENTS of the countries above mentioned have expressed their willingness to aid the immigration of this class of their peoples. In order to fill such applications satisfactorily and bring the help to the farmer at the proper time and with a clear understanding of the requirements and obligations of each, a special "Application for Help" form has been prepared which can be obtained from any of the offices listed below. The Company will make no charge to the farmer for this service nor will the farmer be required to make any cash advance whatsoever towards the travelling expenses of his or her nearest relative. The information necessarily asked for in this application form, which will be held in strictest confidence, covers the following points—the kind of help wanted—male or female—married or unmarried; date required and for how long; nationality desired; monthly wages offered; kind of help offered, etc. MONTREAL, P.Q.—J. FIRE TEAM DRIVER IS EXONERATED

Inquest Into Death of Dr. A. D. Smith Completed—Eye-witnesses Testify.

Coroner H. A. Porter presided last evening at the inquest into the death of Dr. Abraham D. Smith in the court-rooms in Germain street. The jury was out only about ten minutes. The finding of the jury was as follows: "We the jury empanelled to inquire into the death of Dr. Abraham D. Smith find, that the said Dr. Abraham D. Smith died in the city of St. John on the thirteenth day of March, A. D. 1922, as a result of injuries received on the ninth day of March, A. D. 1922. "That the said injuries were caused by being accidentally struck by No. 8 hose cart, driven by William Smith, and we further find that no blame can be attached to the driver. (Signed) "R. W. Seely, T. S. Hill, Charles A. McDonald, James McGulre, A. T. Weatherhead and W. V. Hatfield, Ernest J. Todd, foreman." The first witness Dr. Anna Creighton, of the General Public Hospital staff, told of examining Dr. Smith on his arrival at the hospital. He was suffering greatly from shock and she thought death was largely due to this. William Smith, driver of No. 8 hose cart, said that he was responding to an alarm from box 75 and was proceeding down Charlotte street at a fast trot when, right in the middle of the block, a man stepped in front of the horse and was hit before he could prevent it. He declared that the street was clear at the time and he was sounding the bell. He saw the horse or shaft, he was not sure which, knock the man back onto the sidewalk. The driver said that he stopped and helped pick up Dr. Smith and then continued on to the fire. On being questioned, the driver said that the fire department had the right of way and that there was no speed limit for them. Edmund Ritchie told of seeing Dr. Smith start to cross the street in front of the hose cart and watching the team strike him. He helped to carry him into a barber shop near Leo Gilbert also told of seeing the accident. He thought the horse was trying to pull the cart out of the car tracks. Coroner Porter read several sections of the city by-laws which showed that the police, fire department and mail teams and the street railway emergency wagon had the right of way. He said that another section governed the speed of various conveyances, but added that there was no set speed for these vehicles. He also read the section which showed that pedestrians should be given the right of way at right angles. The coroner reviewed the evidence and the jury then retired and brought in the verdict already given.

HUSBAND DIDN'T DARE LEAVE HER ALONE HEART WAS SO BAD

Those feelings of faintness, those dizzy spells, the all-gone sinking sensations which come on from time to time indicate a weakened condition of the heart and a disordered state of the nerves.

Milburn's Heart and Nerve Pills

have no equal as a remedy to strengthen the heart, invigorate the nerves and build up the run-down system. Mrs. C. Vanhorn, Eckville, Alta., writes:—"About a year ago I had heart trouble. My husband didn't dare leave me alone, and he had to stay up at night with me. I would just feel kind of faint and my heart would seem to stop beating. I would just faint away, and it would sometimes be an hour before he could bring me back to life. Someone told me about Milburn's Heart and Nerve Pills. I got three boxes; I took them and felt much better, so continued all winter, and now I never feel any such faintness. I surely do appreciate the good they have done for me." Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WHAT MADE ME HAPPY

"I was congratulating myself that I had passed the winter without catching a cold, when I got one at the beginning of last May. It was because I was run down. Being run down I had some trouble in getting rid of this cold. I was a nervous wreck. I would wake up regularly mornings feeling that some terrible calamity would take place. Although we were comfortably off, I felt sure my husband was going to lose everything. The children worried me. If they made the least noise, I would get into a terrible temper. I would scold them so that I am sure they hated me. I would be mad with myself after it was over and make up my mind never to let it happen again. I would go to bed at night and begin to think and picture dreadful things which might happen to me and my family. I would lay awake for hours, sometimes until daylight, until I was so weak that I could scarcely raise my head. I would wake next day just as tired as when I laid down. After a while I got so that I didn't care what happened. The children annoyed me and I wouldn't have cared if they had left me for good. I felt that it was only a matter of time before I would lose my mind. I knew that my symptoms were due to a run down condition and that if I could only get something to build me up, I might be all right. I knew that there must be some good tonic but most of them made such foolish claims that I was afraid of them. Happening one day to run across a leaflet about Carnal, I was impressed with the moderate way this preparation was described, so I made up my mind I would try it. I did and today I am the happiest and healthiest woman living. I haven't a care in the world. Instead of running away from me, my children are now with me all the time. My husband tells me that my disposition is as near as he gets to any human being's can be, but of course he is prejudiced. I don't believe I have a nerve in my body now. Carnal is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 6-23 For Sale by All Druggists in St. John.

ECZEMA Hands Were Raw Would Crack and Bleed

Eczema of Salt Rheum, as it is commonly called, is one of the most agonizing of skin diseases. The intense burning, itching and smarting, especially at night or when exposed to heat, are almost unbearable and relief is gladly welcomed. The pre-eminent success which

Burdock Blood Bitters

has met with in permanently removing a disease of such severity is due to its wonderful blood cleansing and purifying properties. Mrs. M. R. Willard, Dudsonville, Ont., writes:—"For about three years I had eczema, in a very bad form, on my hands. They were all raw and would crack and bleed. I tried everything I could think of without any result. At last I got a bottle of Burdock Blood Bitters, and when I had it about all taken I could see it was helping me; by the time I had taken five bottles my hands were well again and I have not been bothered since. I cannot praise Burdock Blood Bitters enough." Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

A. F. BENTLEY ANSWERS SOME CRITICISMS

Business Before Yesterday's Session of the Provincial Legislature.

A. F. Bentley, the new member of the Legislature for St. John County, made a stirring speech in the House yesterday in answer to criticisms of the Government's hydro-electric policy and activities. He said that he felt the Government would get the land needed just cheaply by arbitration as they would have by buying outright before starting the work. He paid a tribute to the new Premier. Official Report. Assembly Chamber, Fredericton, March 14.—The house met at 3 o'clock. Hon. Mr. Veniot moved for leave of absence for Hon. Mr. Michaud, until Tuesday next on account of urgent private business, and for Mr. LeGer for the same period on account of illness. Mr. Bentley submitted the first report of the contingencies committee. Hon. Mr. Byrne introduced a bill to provide for the extension of time for building St. John and Quebec railway from Centreville to Andover. He explained that the present act expired in 1923, and was proposed to extend it until December 1923. Hon. Mr. Byrne introduced a bill relating to liens on goods and chattels. He explained that the bill had reference to goods and chattels stored in warehouses and provided a remedy in cases where there was default in payment. Hon. Mr. Byrne introduced a bill for the quitting of titles. He said that it would give the right to persons claiming ownership to land to have the title judicially investigated and a declaration made. The object of the bill was to provide an easy means for the quitting of titles and settling the ownership of lands. Mr. Scovil gave notice of motion for Tuesday next as follows: "That we view with alarm the depletion of the aquifer in the fishing section of the county, and would urge upon the federal government of Canada that immediate action be taken whereby the depletion may be controlled and brought back to normal, by the immediate order that an export duty be placed upon all fresh herring sold for export at a less price than \$10 per hoghead at the wharves in any part of Charlotte county and St. John county, and that such export duty be placed at \$10 per hoghead for the protection of the fisheries." Hon. Mr. Hetherington submitted a statement of the debt and indebtedness of the municipality of Carleton Place. Hon. Mr. Foster said he wished to call the attention of the Hon. Premier to an article in the morning papers which stated that the C. N. R. contemplated extending its system to Providence, R. I. He said it would effect the province of New Brunswick, by reason of the fact that the C. N. R. connected with the Valley Railroad, and it also might effect the export trade of St. John. He hoped the Premier would take such steps as would safeguard the interests of the province. Cabinet Members Sworn. The last members of the cabinet to be sworn in following the accession of Hon. William F. Todd as Lieutenant-Governor were Hon. C. W. Robinson, Minister of Lands and Mines, and Hon. Fred Magee, president of the Executive Council. They took the oath of office yesterday afternoon. Lands and Mines Report. Some interesting information is contained in the report of the Minister of Lands and Mines. The receipts from territorial services last year were \$88,821 as compared with \$1,118,735 for the preceding year. The estimate of income as laid before the Legislature was \$788,000, was not quite reached, there being a shortage of \$124,000. Stumpage, one of the big items, fell below because of the injury done to trees by the spruce bud worm. The cut was close to \$100,000,000 superficial feet. Schools Report. The yearly report of the schools of New Brunswick was tabled in the Legislature yesterday and showed the total expenditure for public school service in the province last year to have been \$2,000,000. This is a greater expenditure than for any other public services of the province. Of this amount

Which Rules YOU?

In the Kingdom of Health, there can be two masters, two rulers supreme. Tyrant Stomach is a severe and relentless enemy when "out of sorts." He starts your day with a groan and ends it with dull pain. You can be an abject slave to this domineering tyrant. Health and happiness are powerless in his clutches. But another power can and will banish the Tyrant's evil sway, King Brain's rule is kindly, safe, dependable. Common-sense dictates that bodily impurities be detroned. When your judgment says, "A little ABBEY'S SALT this morning" it means the end of Tyrant Stomach. ABBEY'S corrects the faults of digestion; induces the flow of the digestive juices; neutralizes acidity in the stomach; regulates the bowels; keeps the blood pure; thereby toning the whole system. Be yourself—not a slave to your stomach. Take ABBEY'S every morning until Tyrant Stomach is subdued.

CHEEKS COVERED WITH PIMPLES Also Chin, Large and Red. Cuticura Healed.

"About a year ago a few small pimples broke out on my face. A month later my cheeks and chin were entirely covered with large, red pimples that festered and scalded over, and frequently caused me to weep. I tried different remedies without success. I read an advertisement for Cuticura Soap and Ointment and sent for two samples. After using it I could see an improvement so purchased more, and after using two boxes of Cuticura Ointment, together with the Cuticura Soap, was healed." (Signed) G. Marceau, Laval Hospital, Ste. WOMEN OF MIDDLE AGE

Relieved of Nervousness and Other Distressing Ailments by Lydia E. Pinkham's Vegetable Compound. Brooklyn, N. Y.—"I first took Lydia E. Pinkham's Vegetable Compound four years ago, and am taking it now for the Change of Life and other troubles and I receive great benefit from it. I am willing to let you use my letter as a testimonial because it is the truth. I found your booklet in my letter box and read it carefully, and that is how I came to take the Vegetable Compound myself. It has given me quiet nerves so that I sleep all night, and a better appetite. I have recommended it already to all my friends and relatives."—Mrs. ENGLEMAN, 2032 Palmetto St., Ridgewood, Brooklyn, N. Y. For the woman suffering from nervous troubles causing sleeplessness, headache, hysteria, "the blues," Lydia E. Pinkham's Vegetable Compound will be found a splendid medicine. For the woman of middle age who is passing through the trials of that period, it can be depended upon to relieve the troubles common at that time. Remember, the Vegetable Compound has a record of nearly fifty years of service and thousands of women praise its merit, as does Mrs. Englemann. You should give it a fair trial now.

TO PROVE HONESTY OF "DRECO" METHODS WE PUBLISH HOME TOWN TESTIMONIALS

Could anything be fairer, more honest or convincing? Then why don't you also begin taking Dreco and improve your health as thousands have done? How many times have you read the testimonials of some person from a distant city and thought to yourself, "I don't believe a word of it, that's too far away?" Most people are just like yourself, they think advertisements of that character are not true. For that very reason, the published testimonials endorsing "Dreco" are from people right at hand. Your friends or neighbors whom you can easily call upon to verify or deny them. Could we do anything more convincing than that? Dreco is one of the most widely known herbal medicines on the market today. Thousands upon thousands of bottles have been sold and we have letters of praise for it, from nearly every city in the Maritime Provinces, but we always publish the ones close at hand. Here are a few selected from the many we have in St. John, all telling of their gratitude for the grand relief Dreco has given them. Mrs. Emma Brown of West St. John, N. B., was Heir to Now She Feels Fine—Another Victory for Dreco is Recorded. Mrs. Emma Brown, of 66 Protection street, West St. John, N. B., was in a general run-down condition. She suffered from stomach trouble, indigestion, and was extremely nervous. Her liver was torpid and biliousness and constipation resulted. At her age—40 years—this was a serious condition and what she suffered can better be imagined than told. Today Mrs. Brown feels fine and she attributes it all to Dreco, that marvellous root and herb remedy and tonic. Her entire system is toned up to normal working order and health is the result. "My indigestion and stomach trouble are gone," she says. "My liver is working fine and I am no longer troubled with constipation. I was very nervous at times and felt miserable and run down in health. I have used only one bottle of Dreco, but I am going to continue it until I regain all my weight. I strongly recommend it to everybody." How many women there are just like Mrs. Brown. What relief they would find from their ailments if they, too, took Dreco. It is a simple combination of herbs, roots and leaves, compounded in proportions that make a remedy bound to tone up the system and regulate the functions of the digestive organs. Mr. McLeod says that he suffered from liver trouble and the resulting biliousness and that his general condition was bad. He is a young man—only twenty-eight—but old and young are both subject to these common ills, and unless they are cured they are sure to develop into a serious chronic condition. Dreco overcomes all this because it is a natural remedy. It cures because it tones up the digestive organs and helps them in their efforts to function as nature intended they should. The average man would not neglect a piece of machinery the way he does the machinery that operates inside his body. Dreco is the engineer that keeps things working right. Dreco is being specially introduced in St. John by Ross Drug Co., 100 King street. Go there today and ask for Mr. Arthur, the Dreco expert, and let him explain the merits of this great remedy. There is no charge and he will tell you honestly if he believes Dreco will benefit you. Dreco is also sold in St. John by Moore's Drug Store, 105 Prince Edward St., and by F. W. Munro, 327 Main St. It is also sold in Fairville by T. H. Wilson, and in West St. John by Watson R. Dunlop, and by a good druggist everywhere.

PUTS IT UP TO COMMISSION COUNCIL

Mayor Says Street Lighting by Hydro on June 30 Dependent on Action

Notice of Cancellation of Service by Power Company Referred to Hydro Commission—Snow Compels Dr. Frink to Pool Appropriations—Another Department Faces Same Expedition.

The Common Council at a committee meeting this morning discussed a proposal that notice be sent to the New Brunswick Power Co., informing the company that after June 30 the city would not require the company to furnish electric lighting for the city streets. The matter was ordered to lie on the table until a report was received from the Civic Hydro Commission as to the possibility of the hydro current being ready for street lighting at that time.

When asked by Commissioner Thornton if the commission would be able to take over the street lighting by that date, Mayor Fisher replied, "A lot depends upon the Common Council."

The matter was brought to the attention of the council through a letter from the city solicitor, pointing out that when the council notified the power company in connection with the laying over of the city's poles, no mention was made of the cancellation of "an agreement for street lighting."

For this reason the Mayor moved that notice be given the company that after June 30 the city would not require any lights from the company.

Commissioner Thornton asked if the hydro commission was in a position to supply street lighting at June 30.

"A lot depends upon the Common Council," the Mayor replied. He said if the commission was not interfered with in their work, he thought they could do so.

Commissioner Thornton thought the city should take no chances of the city being thrown into darkness.

Commissioner Wigmore thought the city should have a guarantee from the hydro commission that it would be ready to light the city on June 30.

To Mr. Bullock, Commissioner Thornton said there was no agreement in writing re street lighting. He presumed a thirty-day notice was sufficient, although settlement was made quarterly.

It was decided to refer the matter to the civic commission for a report.

North End Poles.

The city engineer reported that he was endeavoring to get information in connection with the city poles in the North End, and he recommended that a new contract be made. This was ordered carried out.

On motion of Commissioner Bullock the date of the closing of tenders for revenue from several slips, etc., was extended from March 12 to 13 noon on March 26. The call had not been advertised, he said, and the proposed change was intended to allow of this.

J. S. Gregory applied for a renewal of a lease for the Thomson slip, foot of Simonds street, which expired on September 1, 1921. The application was presented by Commissioner Bullock, who said the present rental was \$25 a year. The slip was included among those for which tenders for revenue were called.

Mr. Bullock moved that the lease be renewed for five years from September 1, 1921, and the slip be withdrawn from the call for tenders.

Commissioner Thornton thought that the harbor department should look after getting the revenues from these slips. He thought Mr. Gregory should submit a tender with the others and take his chance of getting the privileges.

Commissioner Wigmore agreed, and Commissioner Frink thought that some endeavor should be made to obtain more revenue.

The matter was allowed to lie on the table for further consideration.

The Storms.

Commissioner Frink drew the Council's attention to the fact that the year's appropriation of \$80,000 for street cleaning had been largely exceeded on account of the great quantity of snow removed. He asked permission to pool his estimates.

He deplored the fact that there was a lack of co-operative spirit in the matter of combating the snow menace. With a sudden thaw he felt that a flood would occur in many cellars. He said that there was a possibility of his having to come back to the council for a further appropriation.

On account of having to keep spare horses in the fire stations, Commissioner Thornton said he might have to ask later for the same concessions as Commissioner Frink.

Commissioner Wigmore, speaking of lack of co-operation, said that some catch basins and fire hydrants which had been cleared of snow had been found covered again where people had cleared sidewalks into the openings. He said that last pay day the usual cost of sewer maintenance had been increased \$1,000, and that of hydrants about \$800.

In connection with the proposed increase from \$750 to \$900 a year for ponding privileges in Wellington slip, west side, to H. S. Gregory & Sons, Commissioner Bullock reported that Mr. Gregory had appealed against the raise on account of business depression, but was willing to stanch an increase of \$4 a month. On Mr. Bullock's motion this was agreed to.

Reporting on a proposal by Armstrong & Bruce to deed a strip of land between Lansdowne avenue and Henry street to the city if the frontage tax on the piece was removed, Commissioner Frink said that Henry street existed at present only on paper. It occupied part of the city's property and part of the rifle range.

Commissioner Wigmore said that he was ready to support the acceptance of the deed but Mayor Fisher said that so far he saw no advantage to the city in accepting it.

It was decided that the commissioners would see the place as soon as departure of the snow permitted it. This same decision was reached at a previous meeting.

Mrs. Totten received a number of handsome presents. The evening was spent in games and dancing. Refreshments were served and the party broke up at an early hour.

GETTING READY FOR TROUBLE
In preparation for the thaw which must come, the water department is concentrating its energies on getting all the catch basins in the city open. Commissioner Wigmore said today that he hoped to have all the basins in the north end cleared by tonight. An effort is also being made to keep the banks of snow well away from fire hydrants.

INFORMATION WANTED
A letter was received this morning by the secretary of the Board of Trade from an organization in Kalamazoo, Mich., asking for the date of birth of John M. Gamble, said to have been born in St. John about 1864. The birth records of the city go back only to 1888. The secretary would be glad to hear from any one having this information.

WITNESSED FATALITY
The Times yesterday published a despatch from Toronto telling of an accident near Weston, a Toronto suburb, when two men, Frank C. Ward and Harry Wilson, were killed when their train struck an automobile in which they were riding. C. O. Peterson of Pettitodice, who arrived in the city this morning after spending the winter with his son, Frank, at Stratford, Ont., was on the train which figured in the accident. He said that the fatality occurred at a crossing and the car and its occupants were carried nearly 300 yards before the train was brought to a stop. Both men were killed instantly. The car, a large Chevrolet, was smashed to pieces. Mr. Peterson will leave for his home this afternoon.

New Liner For Canadian Service
Athenia to Ply Between Glasgow and Montreal—First Voyage in May.

The Robert Reford Co., Ltd., agents here for the Anchor-Donaldson Line have received word of the completion of a new passenger liner, the Athenia, for the Glasgow-Montreal service.

The Athenia is a ship of 538 feet length, 66 feet breadth and nearly 28 feet draught and has a gross tonnage of 12,000. She is propelled by twin screws driven by Brown-Curtis turbines capable of developing 8,700 shaft horse-power. Her speed is about fifteen knots. She is of the "sheiter deck" type, having two complete tween decks, a full length boat deck and a promenade and boat deck. The hull is double-bottomed and has eleven watertight compartments.

She has oil fuel tanks which will carry fuel enough for twenty-two days of steaming at fifteen knots. Electric power is generated by two turbines giving 250 kilowatts at 110 volts, as well as by an emergency set giving 36 kilowatts at 110 volts. Cargo is carried in lower holds. Refrigerator room is provided for refreshments, and an ice-making machine is installed. She has the latest mechanical fittings, including a gyroscopic compass and a double rudder control.

The ship will carry 516 cabin passengers, 974 third-class passengers and 297 officers and crew. The accommodations include a dining saloon, lounge hall, nursery, drawing room, lounge, smoking room, veranda cafe, hospital, bureau and barber shops, as well as a large number of staterooms.

The Athenia will make her first trip from Glasgow to Montreal early in May. The builders are the Fairfield Shipbuilding and Engineering Company of Govan.

TRAIN OF 55 CARS, AUTO LADEN, TO COME TO ST. JOHN

Motor Cars Being Sent Here from Oshawa for Shipment from This Port.

Toronto, March 15.—A C. P. R. train more than half a mile long left Oshawa on March 13 for New York. It was composed of 52 flat cars, each carrying from four to six automobiles from the plant of the General Motors to New York agents for export.

With the motor industry, Oshawa has grown from 4,000 to 15,000 population in the last five years. General Motors are turning out 200 cars a day and this rate is predicted to continue for some time. Another lot shipment will leave soon, consisting of 55 flat cars for export from St. John.

TIDY TAG DAY SUM EXPECTED

Workers for War Memorial Fund Report Cordial Reception.

The city was combed today by an army of taggers as part of the drive for the War Memorial Fund, with an objective of \$20,000 and willingness to receive more. At headquarters, which were the Board of Trade rooms, a very optimistic spirit prevailed, and the workers reported a good reception for the most part. The general convenor for the day was Mrs. E. Atherton Smith, and the general ward conveners were Mrs. H. W. Robertson and Mrs. A. C. D. Wilson. Other conveners were: Mrs. A. W. Estey; banks, Miss Alice Estey; automobiles, Mrs. J. H. Doady; publicity, Mrs. E. Atherton Smith.

The tags, of which there were 21,000, bore a neat cut of the proposed monument and had beneath the picture the words, "Lest We Forget." A committee will open the banks and count the money this afternoon, and the public will soon be informed as to the result of the day's work.

An energetic band of workers, numbering nearly 200 girls and women, worked hard for the success of the campaign. In some quarters where a house-to-house canvass was made the workers were greeted with the remark that there had been a call upon the public purse only yesterday, but this was only in isolated cases. The worthiness of the object could not for a moment be called in question, and taggers found people willing to contribute such amounts as they were able. It was said this morning that a wealthy resident of the city would donate \$10,000 to the fund, but no confirmation of this could be obtained.

War conveners were as follows: Queens ward, Mrs. E. Atherton Smith; Dukes, Mrs. Herbert Flaherty; Sydney, Mrs. Allen McAvity; Kings, Mrs. G. Wilford Campbell and Mrs. Lisle Harris; Wellington, Mrs. A. O'Neill; Prince, Mrs. L. A. McAlpine; Victoria, Mrs. B. R. Fennell; Mrs. J. D. Seely; Dufferin, Mrs. Miles Saunders; Lansdowne and Lorne, Mrs. H. Usher Miller and Mrs. E. Fitzgerald; Glen Falls, Mrs. George Cuthbertson; Fairville, Mrs. S. C. Tippetts; East St. John, Mrs. H. W. Robertson; West St. John, Mrs. E. A. Young; Mrs. Ernest Haring and Mrs. A. J. Mulcahy.

Hon. Dr. Pugsley Is Notified Of Appointment

Official Notice Re Commissioner on Canadian Claims Against Germany — To Ottawa Next Week.

Hon. Dr. Pugsley has received official confirmation from Ottawa of his appointment as commissioner to investigate Canadian claims against Germany, arising out of the war. He will probably go to Ottawa next week to make preliminary enquiries and get information and will then decide upon his later movements. It is quite possible that hearings will be given in various places. The claims are for loss of life and financial loss, and some \$30,000,000 to \$40,000,000 are involved. Hon. Dr. Pugsley will find the work congenial to his trained legal mind, and he is today receiving congratulations, the universal feeling being that the Canadian claims are in good hands.

CRAIG ALL RIGHT

Word reached the city this morning that Oscar Craig, well known in the city, who makes his home near Beaver Lake, was alive and well, and evidently had not suffered greatly from the effects of the severe winter. In a telephone conversation, John P. Tonge told a Times reporter that he was informed by Edward Day of Ball Lake, Craig's nearest neighbor, that the old man was all right. Mr. Day was then on his way to the city. Mr. Day told Mr. Tonge that during the winter Craig had frequently visited his home and received food supplies. Mr. Tonge said that reports of Craig being found dead were circulated frequently during the winter, and it is presumed that they arose from the fact that Craig and his eccentric hand-drawn rigs have been missed from the roads between his home and the city.
