

ORATORS FROM OTTAWA TO CONDUCT RALLY AT WOODSTOCK IN INTERESTS OF COL. MELVILLE

United Farmers Held Successful Rally Last Evening Addressed by U. F. Speakers from Ontario.

CALDWELL SLAMS PREMIER FOSTER

Talks at Random on Tariffs, Taxation and Many Minor Questions of Little Interest.

Special to The Standard.
Woodstock, Oct. 23.—Hon. Arthur Meighen, Solicitor-General, and Hon. J. B. Robertson, Minister of Labor, have arrived in town. Both will address the meeting at the theatre here tomorrow night in the interests of Colonel Melville. On Saturday evening Hon. Mr. Meighen will speak at Andover, and on the same evening Hon. Mr. Robertson will address a meeting at Plaster Rock.

The United Farmers held a very successful meeting in the theatre last night. The building was crowded with a mixed audience, many being the supporters of Colonel Melville. The orator from Ontario, J. J. Morrison, did not appear, but he had a successful representative in the person of W. J. Irvine, one of the organizers from the West, who assisted in the campaign in Ontario. The chair was occupied by Wm. Margison, of Jacksonville. The speakers were Judson Cotter, of Red Rapids, Victoria county; T. W. Caldwell, the candidate, and W. J. Irvine, of Ontario. Mr. Cotter attacked the high tariff of Canada. He denied that the United Farmers were advocating class legislation, and claimed that both old governments gave striking evidence of class legislation in concessions made to Canadian railroads. He stated that the chief purpose to be achieved by the United Farmers was to bring the producer and consumer together and to abolish the middleman. The fact that the rural population in Canada was decreasing showed that both the old political parties were failures.

Premier Weak Man.

T. W. Caldwell discussed and explained the different planks in the platform of the United Farmers. He spoke on the high tariff, condemned the manufacturers, and was in favor of abolishing or making the Senate elective, and advanced prohibition. The duty on foreign manufactures he said, you can buy American fertilizer, pay the duty of 10 per cent, and then set it for the same price as the Canadian fertilizer. The manufacturers do not need to be fed on a bottle, now that they are full grown. The Canadian machinery was sold in England cheaper than in Canada, which showed that the manufacturer had been able to supply Canada and sell his surplus goods to other markets. He strongly attacked both of the old political parties, one was just as bad as the other. Judging from the results in Ontario, Canada would be governed in the near future by the United Farmers. The manufacturers are determined that the tariff shall remain high, and the people are determined that the tariff must be lowered. There was some talk of appointing a tariff commission which he was opposed to, as, needless to say, no farmer would be appointed on that commission. To show that the excess duty goes into the pockets of the manufacturers and not into the treasury, he said that a Ford car that costs \$900 in Woodstock can be bought in Houlton, 12 miles distant, \$240 less than here. He was partly in favor of the income tax, and stated that the excess profit tax was a frame-up and strongly condemned the exemption of Victory bonds from taxation. He also condemned the local government for exempting Victory bonds from taxation and said, "Premier Foster is not a strong man, in fact he is a weak, but an honest man. He should not have exempted Victory bonds from taxation."

He was pleased to state that the legitimate expenses of his election were being paid by voluntary subscriptions. If elected he would immediately resign if he found out that one vote was bought and cast for him. W. J. Irvine followed, chiefly dealing with the result of elections in Ontario.

First of Germans Arrive at Lille To Stand Trial

Paris, Oct. 23.—The first two members of the German military forces charged with crimes during the German occupation of France, and whose extradition was demanded, have arrived at Lille to stand trial. They are a non-commissioned officer named Straus, and Lieut. Von Linder, charged with theft and other offences at Hilluin and Ro-hais respectively. They have been lodged in the Lille Citadel pending trial.

DEWART PLACED ON DEFENSIVE IN STATEMENT

Charges Made by Him Against Lieut.-Gov. Hendrie Without Foundation.

Toronto, Oct. 23.—With reference to the Canadian Press despatch from Hamilton today quoting Controller Halifax, M. P. E. elect for East Hamilton, as saying that there was a move to bring on another provincial election, and that he had been invited by the Toronto Daily Star to come to Toronto to discuss the advisability of going to the people again, the Daily Star stated that it had not issued such an invitation. The Star stated that the only communication it had had with Controller Halifax was a long distance telephone inquiry from the Star as to his views on the question of a U. F. O.-Labor alliance in the formation of a new government. Sir William Meredith today denied the allegations of H. I. Dewart, K. C., Liberal leader, in a statement issued last night that "Sir John Hendrie's injudicious interview (relating to the possible contingency of the Lieut.-Governor calling upon some one on the outside of the legislature to form a government) bore all the earmarks of Sir William Meredith's injudicious, partisan and political and legal unfitness."

France Cannot Disregard Events In Russia

General Mangin Sounds Warning Note to the Allied Countries.

Paris, October 23.—"German unity is a fiction," said General Mangin, commander in chief of the French army of occupation in the Rhine province, in an interview published in the Excelsior. "Force alone was the bound of German unity. That unity ceases when force disappears. A unified Germany will always be a peril for Europe. A federalist Germany is the only form compatible with the pacification of Europe."

THE CONCILIATION BOARD TO MEET IN ST. JOHN TODAY

Will Go Over Evidence Taken at Hearing of Minto Coal Co. and Workmen's Dispute Over Wages.

Special to The Standard.
Fredericton, N. B., Oct. 23.—The Board of Conciliation which has been listening to evidence from both factions in the dispute between the Minto Coal Company and its workmen finished the taking of evidence today. Chief Justice McKenna, of St. John; J. A. Walker, of Halifax, and R. B. Hanson, of this city, members of the board, left here this evening for St. John where they will hold a session tomorrow. At that meeting the mass of evidence taken at the hearings here will be gone over and the board will formulate its verdict.

MACKENZIE KING MADE HIS FIRST SPEECH AS LEADER OF OPPOSITION AT OTTAWA

Launched a New Kind of Attack Upon the Government's Grand Trunk Proposal—New Leader Doesn't Like Proposition Because it Prevents Public Ownership and Claimed Gov't Was Swapping One Kind of Stock for Another—Hon. Reid Retorts G. T. Bargain Will Not Discriminate Against St. John.

Special to The Standard.
Ottawa, Oct. 23.—The government's bill acquiring the Grand Trunk passed second reading by a majority of thirty after Mr. D. D. MacKenzie's six months' hoist amendment was rejected by the same vote. Three Unionists, Major Andrew of Winnipeg, Johnston of Last Mountain and General McLean of Royal valed with the opposition.

New Leader at Work.
Hon. W. Lorne MacKenzie, King came down to the house today and a few hours later made his maiden speech as opposition leader by launching a new kind of attack upon the government's Grand Trunk proposal. Up to the present most of those who have assailed the agreement have done so because, as they frankly admitted, they didn't like public ownership. Mr. MacKenzie King attacked it because, in his judgment, it prevented public ownership. He made the argument that we weren't taking over the road at all; that we were merely exchanging one kind of stock for another. And (this will appear to the enemies of nationalization in Montreal) he appealed to the public ownership men who sit on the cross-benches to condemn the agreement because it put off nationalization for thirty years. It was an amazingly fallacious argument, as one or two simple questions put to Mr. King soon convinced the house, but his followers professed to be greatly pleased with his effort and cheered him to the echo.

Important.
The clause in the agreement with the Grand Trunk entered into at the time of the Laurier G. T. P. bargain in 1908 under which Halifax and St. John were to receive a preference of a cent per hundred, and freight shipped through these ports rather than through Portland, and which was never carried out, will be strictly enforced by the government when the Grand Trunk is taken over, Hon. Dr. Reid announced in the House tonight. He added that it should mean a tremendous increase of traffic for Halifax and St. John.

JURY UNANIMOUS IN FREING HUMPHREYS OF SERIOUS CHARGE

Court and Spectators at Trial in Hampton Feel That Verdict Was Strictly in Accord With Right and Justice.

Special to The Standard.
Hampton, Oct. 23.—The case of the King against Guilford Humphreys came to a somewhat dramatic ending this afternoon when the jury, after being out a short time, returned to the court room with a unanimous verdict of not guilty, and the judge expressed his hearty concurrence in the verdict, while even the spectators, who for the last few hours had seemed to consider acquittal as a foregone conclusion, did not fail to express their appreciation of the result.

Mr. Humphreys goes from the court absolutely cleared from all suspicion of wrong doing, and both he and his wife, who has stood loyally by him throughout, are receiving the hearty congratulations, not only of their friends, but from many who were strangers to them before Mr. Humphreys was arrested on this charge. At the opening of the court this morning Mrs. Humphreys took the stand and continued her evidence. She was visibly suffering from the strain of the last few weeks, but bore up well throughout her long examination and gave her evidence in a way that carried conviction.

COMMISSIONS HEAVY BURDEN FOR BERLIN GOVT

Must Bear the Expense of All Commissions Which Will Journey to Berlin When Peace Treaty Comes Into Force.

Paris, Oct. 23.—The commissions to be sent into Berlin by the Peace Conference will be numerous, and involve the expenditure of large amounts—more than ten million francs yearly—which eventually will be rebursed by Germany. Commissions which will make the journey to Berlin immediately by the Peace Treaty come into force October 26, are those who will deal with reparations, the Sarre Valley, Rhenish territories, rivers, Upper Silesia, Teschen and Schleswig. There also will be commissions charged with the limiting of boundaries of Menet, Danzig, Poland, Bulgaria, Upper Silesia, Hungary, Czechoslovakia, the Serbo

Slav, militant and aggressive in driving his arguments home. He will greatly strengthen the Liberal forces, and add to the dignity and capacity of parliament as a whole. The debate on the Grand Trunk question was closed, so far as the government is concerned, by Hon. Dr. Reid, Minister of Railways, who made a fighting speech in defence of the government's proposals and unmercifully chided the opposition for the incoherency of its arguments and views. The minister reiterated his declaration of the other night that the Grand Trunk bargain would not discriminate against Halifax and St. John in favor of Portland, but that, on the contrary, the government firmly believed that traffic at both Canadian ports would be doubled and trebled.

ENGLAND SUDDENLY FACED BY POSSIBILITY OF CHANGE OF GOVERNMENT VERY SOON

Turn in Affairs Brought About by Quite Unexpected Defeat of Government in House of Commons.

THE ALIEN BILL CAUSE OF TURN

House Showed Lack of Confidence by Majority of 72 With Only About Half of Members Present.

London, Oct. 23.—(By The Associated Press)—The country tonight is suddenly faced by the possibility of a change of government or dissolution of parliament, owing to the quite unexpected defeat of the government in the House of Commons today by a majority of 72. Only about half the members were present, and the vote by which the government was defeated was 185 to 113. "The Alien Bill, the earlier stages of which were disposed of during the present session, was in the report stage. The committee had previously inserted an amendment withholding pilotage certificates from all aliens, and today the government sought by amendment to modify this restriction in favor mainly of a number of French pilots, for whom special provision had been made in the existing pilotage act. This amendment, however, was defeated, although in charge of government whips.

Opposition Deighted.
The announcement of the figures was greeted with loud cheers from the opposition quarters and caused much excitement. Andrew Bonar Law, immediately moved adjournment of the House until Monday to enable the government to consider what course it should adopt. He admitted that the defeat of an amendment with government whips was a serious matter, requiring consideration, but he declined to admit that it necessarily implied the resignation of the ministry. This he declared, would depend upon the view of the House of Commons as a whole.

BRITISH GOVT DEFEATED IN VOTE OF CONFIDENCE

London, Oct. 23.—The general belief in political circles is that the government will not resign, but that it is not unlikely Home Secretary, Short, who is in charge of the Alien Bill, will tender his resignation.

TO INCREASE FREIGHT RATES

U. S. Railroads Appear in Need of Further Public Assistance.

Washington, D. C., Oct. 23.—Immediate steps will be taken by the railroad commission to obtain an increase in freight rates, it was announced today after a lengthy conference between Director General Hines and representatives of the Association of Railway Executives. Mr. Hines reiterated his previous decision not to make a general readjustment of rates during federal control of the roads, but offered to assist the companies with all the information the railroad administration has.

STATE SCHEME FOR RAILROAD CONTROL

Sir Eric Geddes is Preparing a Bill With That Plan in View.

London, Oct. 23.—Sir Eric Geddes, the Minister of Transport, is reported by the Central News, to be preparing a scheme for state control of railroads and canals. This became known after the conference of delegates of the National Union of Railwaymen with Premier Lloyd George, which was resumed today. Conference of the railwaymen with the government regarding the future administration of the railroads had been interrupted after the settlement of the recent railways strike.

Lenoir Will Face Firing Squad This Morning

Paris, Oct. 23.—The commission on revision having reported that it found no grounds for granting a respite in the case of Pierre Lenoir, under sentence of death for having held intelligence with the enemy, and President Poincare having declined to accede to the prisoner's petition for a pardon, Lenoir will be headed over to the firing squad shortly for the execution of the sentence of the court martial. The execution probably will take place tomorrow.

LETISH TROOPS ARE HOLDING FIRM ON THE RIGA FRONT

With Support of Estonian Armored Trains They Are Keeping Bermond in Check.

Reval, Estonia (under).—(By The Associated Press)—The Russian Northwestern Army under command of General Yudenitch is fighting along the railroad between Narva, Gatchina and Kransoye Selo. Along the coast from the mouth of the Luga, the Estonians and Ingrams troops are advancing. The staffs of the two columns are working in close contact. Yudenitch's forces are concentrated around Kransoye Selo watching the movements of strong Red forces near Kransia Gorka, which threatens their rear. On the Riga front the Letish troops are holding firm, with the support of Estonian armored trains, against Colonel Bermond, commander of the Russo-Germans, who is bombarding the town and other positions along the Duna. In a statement to the Associated Press, General Skott, chief of the Estonian general staff, said: "Yudenitch cannot advance toward Petrograd before the Estonian and Ingrams troops have cleared the railroad between Kransia Gorka and Lugova, with the fleet's support, which task will take a couple of days. There are evident signs of the Bolshevik evacuation of Kransia Gorka, and when this event occurs the fall of Petrograd may be expected to come within a few days."

LITTLE BIRD ON SISTER'S HAT IN BAD COMPANY

Naughty Member at Ottawa Classes It in With Booze and Tobacco.

Ottawa, Oct. 22.—Mr. J. H. Burnham, Peterboro, has given notice that on the reading of orders of the day for the first sitting of the committee of the whole on the prohibition act, he will move the following resolution: "That it is an instruction to the committee of the whole on the said bill that the committee do have power to extend the provisions of the said bill, and of the act sought to be amended, thereby relating to intoxicating liquors to playing cards, the wearing of wild birds for dress or other ornamental purposes and to tobacco in any form."

Referring to this proposed amendment to the prohibition bill, Mr. Burnham said today: "I believe the scope of such a bill should be as wide as the request of the people of a province may require, and be confined to one article. For example, a nationwide crusade has been begun in the United States for Sunday observance and if the present bill does not show itself capable of extension a province would not be properly equipped to express its wish by referendum. A new era of expressing the people's will has arrived and the methods defined by a federal bill should be complete."

MINTO COAL CO. CANNOT STAND THE INCREASE

Fredricton, Oct. 23.—This morning John Henderson, manager of the Minto Coal Company, read a statement showing that the company would be operating at a loss but they granted the ten per cent increase in wages as asked by the miners. He said that about 75 per cent of the output of the Minto mine was used up by long contracts which prevented them from taking advantage of the market price of coal.

After the question of wages had been finished, the board started taking evidence of the miners to substantiate their claim for scales in the triple.

NEW YORK LIFE TAKES \$5,000,000 OF VICTORY LOAN

Montreal, Que., Oct. 23.—One of the first large subscriptions to the 1919 Canadian Victory Loan to be made public is that of the New York Life Insurance Company, the manager of which institution here, J. G. Pelton, stated tonight that he had been advised by the New York office that it had been advised to subscribe \$5,000,000 to the loan. The New York Life last year took \$1,000,000 of the Victory Loan.

LATE BULLETINS

London, Oct. 23.—Pierce fighting has occurred in the region of Plov and Ostrov. The Estonians captured 650 prisoners, three guns and much material, according to official advices.

Helsingfors, Oct. 23.—Finnland will not officially participate in action against Petrograd, as the socialists oppose it, and the Agrarians consider the expense too great. The cost is estimated at 500,000,000 francs.

London, Oct. 23.—A Bolshevik wireless message received from Moscow says the Soviet parliament will convene December 1.

Brussels, Oct. 23.—(By The A. P.)—The Belgian parliament has been dissolved by a royal decree which is dated Los Angeles, Calif. October 17. The cabinet will resign immediately after elections are held. London, Oct. 23.—It is officially announced that Earl Curzon has been appointed foreign secretary in succession to Arthur J. Balfour.

DOM. GOVERNMENT HAS ESTABLISHED BIG TRADE CREDIT

Many Groups of Canadian Industries Have Organized for Export Trade.

Export trade credits to the value of \$165,000,000 have now been established by the Dominion Government, including \$50,000,000 with the British Government for Canadian lumber; \$30,000,000 each with France, Belgium, Rumania, and Greece; and \$55,000,000 with Italy.

Many groups of Canadian industries have organized for export trade, and an agreement has been reached between the Canadian Manufacturers' Association and the Federation of British Industries for the promotion of trade between the Mother Country and Canada. Several hundred Canadian representatives of branches of English and American firms have formed a Canadian Association of British Manufacturers with branches at Toronto and Montreal. While the object of this association is largely to increase British imports into Canada, it should also be influential in developing export trade. A great deal of foreign trade has been received by the Canadian Woolen Manufacturers' Association. The Canadian manufacturers of women's garments, representing 95 per cent of the trade, have organized a "Ladies' Wear Export Association" and have representatives in Europe.

Since April 1, the Canadian Hosiery and Knitwear Report Company, Limited, has sold at least \$1,000,000 worth of hosiery to Great Britain alone, as compared with total exports to all countries for the fiscal years ending 1913, 1914, 1915, 1916 and 1917, of \$27,112, \$43,896, \$52,702, \$78,308, and \$118,187, respectively. Agricultural implement manufacturers have formed their own organization for foreign trade development. So have Canadian oil and lumber industries, Canadian distillers, packers, manufacturers of paints, hardware, stoves, boots and shoes, pulp and paper, and other commodities.

A WOMAN IS AS OLD AS HER HAIR LOOKS

Unhealthy hair makes you look years older than you really are. Beautiful, fluffy hair makes you look years younger. Many a plain, unattractive face is given an air of beauty and distinction because the hair is beautiful and well kept.

Women would do well to pay more attention to the hair. It is suggested that the scalp be kept perfectly clean and free from dandruff by means of regular shampoo and cleansing treatment with Parolan sage.

Parolan sage is a hair treatment which has been known to the profession for many years. From time to time specialists have attempted to improve on Parolan sage, but to the present day nothing has been found to take its place as a hair beautifier and healthful scalp treatment.

Parolan sage can now be secured in inexpensive form at good druggists everywhere and most department stores with full directions for home use. This means that you can treat your own hair and scalp just as efficiently as a hair specialist would do it for you, and at a fraction of the expense.

Get a supply of Parolan sage (liquid form for home treatment) today and see the difference it makes in your appearance and in the health of your hair and scalp.

The Funniest Thing She Saw

"Well, Dorothy, what did you see in the country?" asked a father of his little five-year-old daughter who had just returned from a visit to her grandparents.

"Oh, lots of funny things," was the reply, "and the funniest of all was the hired man milking the cow."

Red Cross Still Continues Work

Resignation of Lady Tilley Received With Much Regret—Meeting of Provincial Executive Held Yesterday—Soldiers Supplied With Comforts.

The resignation of Lady Tilley was most regretfully accepted at a meeting of the Executive Provincial Red Cross held yesterday afternoon in the Mayor's office. Many testimonials to the great value of Lady Tilley's work were uttered by those present and members spoke of the inspiration her interest and devotion to duty had been to the society.

R. T. Hayes presided and spoke on the work of the Red Cross.

The appointment of Miss Ethel Hazen as secretary was also announced. In her report Miss Jarvis read an appeal from Albert, N. B., for hospital supplies for the Governor McLaughlin Hospital. The matter was left to a committee.

The treasurer reported a balance in the funds.

The secretary was asked to write a letter of thanks to the Board of School Trustees for the use of the Synagogue building as a storeroom.

C. B. Allan gave an account of the meeting of the Central Council at Winnipeg.

The report of the hospital committee was read by Mrs. Frank Fulwath.

This showed that all patients in hospital, Lancaster, East St. John and River Glade had been fitted, and visits made twice a week. H. A. Dewar was asked to donate a number of volumes to the library at River Glade.

At Fredericton the Rev. of Ashburnham supplied all the motors and cabs which conveyed the soldiers to the hospital from the trains. About five hundred soldiers have arrived at Fredericton.

There are now 43 patients at Lancaster; 25 at East St. John; 46 at River Glade. Ten patients were guests of the Red Cross at the Nina Morgan camp.

For the packing committee Mrs. E. T. Sturdee reported a large amount of clothing and supplies sent to Grenada, and the receipt of Lady Tilley 250 blankets were forwarded to Grenada from the head office at Toronto.

Mrs. H. A. Powell reported that each five day the patients are sent for errands to the hospital.

Mrs. H. Lawrence told of the part work and said the committee were still notified of the arrival of boats carrying soldiers or dependents.

Lady Tilley's Farewell. To the Chairman and Members of the Executive:

Gentlemen—Over five years have elapsed since the beginning of the Great War and called us all to the service of the Red Cross and although the armistice was signed nearly twenty months ago peace has not yet more with us, our war is a work which, of necessity, had to continue to a large extent for some time after the actual cessation of hostilities. Now, however, it is nearing its end, and the Central Council will meet early in the New Year to decide upon, and formulate a peace policy for the Canadian Red Cross Society and after this decision has been reached our New Brunswick Provincial Executive will meet again to consider what will be the aims and objects of the society in New Brunswick.

Whatever may be the future of the Red Cross in this province I know the work taken up will be well carried on.

The records made by our branches during the years of war speak for themselves and represent indeed far more than mere money and supplies, for underneath all was the unseen gift of service, which can never be estimated in concrete terms and this spirit will, I am sure, be ready to express itself in active endeavor when the need arises.

The time has come, however, when I must say farewell and give up my active part in the work, and in presenting my resignation to you, as organizing president for the Province of New Brunswick, I want to express my appreciation for the support you have always given me in all my endeavors, and to thank you most sincerely for the hearty co-operation which means so much to the success of any effort.

The work has ever held for me the deepest and most heartfelt interest, and I shall always count it a privilege to have been able to help with the endeavors which brought comfort to so many thousands during the dark years of war.

Now that peace has come, the Red Cross will no doubt, still be a force for willing hands to do, and to those to whom will fall the task of carrying out this work, my heart will often turn with many a kindly thought, and every good wish for their great success.

ALICE TILLEY. Late Organizing President. Mrs. Lawrence speaks very highly of Lady Tilley's work and hopes that she might be relieved of all care but still remain at the head of the Society. C. B. Allan moved that Lady Tilley's resignation be accepted and that she remain Honorary President and a Life Member of the Executive. Mrs. Kubring told of the prompt action and eager sympathy which Lady Tilley had shown in the work of the V. A. D. during the influenza epidemic.

Lady Tilley asked that permission might be given her to name a special committee to act in emergencies. This was granted, and the following appointed: Mrs. John McAvity, from the Red Cross Society; Mrs. George F. Smith, representing the Victorian Order of Nurses, and Mrs. G. K. McLeod, of the St. John Ambulance Brigade.

A special resolution commending Lady Tilley on the part work, passed at the Central Council, was read.

F. Myrtil, editor of the Woodstock Sentinel, and Mrs. Myrtil and guests of E. A. Young, West St. John.

WESLEYAN IRON

"I believe my own experience with Wesleyan Iron is such valuable food and body building tonic that every soldier should be supplied with Wesleyan Iron in every hospital and barracks."—Wesleyan Iron bottles make healthy women and stronger, stronger men. Satisfaction guaranteed or money refunded. At all drug stores.

WRONG WAY TO CHURCH UNITY

The Bishop of London's announcement—published in yesterday's Daily Express—has caused much surprise, and would, as from 1881, be ordained by Anglican bishops, in accord with a scheme for unity of the Churches, has been received with astonishment in Wesleyan circles.

"The whole Methodist world received the bishop's statement with great surprise," said the Rev. Simpson Johnson, a former president of the Wesleyan Conference, to a Daily Express representative yesterday.

"No body of ministers in the Wesleyan Church has been authorized to approach the bishop, neither has any responsible authority in Methodism made any overture in the direction suggested."

"We believe that a few Wesleyan ministers have had informal and friendly conversations with a few Anglican dignitaries, but these conversations are altogether without authority, from either church."

"What scheme the Bishop of London may have in his own mind, we cannot tell, but we are quite sure that this sudden and irresponsible expression of opinion is not likely to help forward the cause of Church unity."

"The Wesleyan Methodist Church has its own view on questions such as ordination, confirmation and membership and the conference has never delegated to any person or persons the authority to approach the Anglican Church in the way that seems to be suggested by the bishop's statement. The methods suggested would more likely create division than union."

"We are quite sure that the Bishop has no wish to create a deep cleavage in any church; much less would he desire to hinder at a time when all Christians should come into closer co-operation."

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How To Treat. Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, flatulency, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food enters, causing the disagreeable symptoms which every stomach sufferer knows so well. Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Blurred Magnesia and take a teaspoonful in a quantity of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Blurred Magnesia (in powder or tablet form never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. Used by thousands of people who enjoy their meals with no more fear of indigestion.

Hebrew Women Plan For A Tag Day

Organized for Relief of Women and Children in Devastated Countries—The Ward Captains.

An organization meeting for the Tag Day to be held shortly for the relief of women and children in devastated countries was held last evening in the Jewish synagogue. In the absence of the president, Mrs. Rudovitch, Mrs. Grossman acted as chairman. Mrs. L. Isaac was appointed general convener. Captains were selected for work as follows: Mrs. M. Marans, Mrs. J. Goldman, Mrs. Edman, Mrs. Cohen, Mrs. Jacobson, Mrs. Grossman, Mrs. Forelsky, Mrs. W. Webber, Mrs. D. Jacobson, Mrs. M. Jacobson, Mrs. J. Tammam, Mrs. D. Basen, Mrs. I. Webber.

The following was appointed to the press committee: Mrs. M. Marcus and Mrs. S. K. Cohen.

LONDON TO HAVE STANDARD BOOTS

Scheme Launched by Federal Association of Boot and Shoe Manufacturers to Reduce High Cost.

Thanks to a national boot scheme launched by the Federated Association of Boot and Shoe Manufacturers, there will soon be on the market a serviceable man's boot at a standard price of 27s. 6d.

Mr. Owan Parker, the president of the association, who imparted this information to a Daily Express representative yesterday, added the rather ominous information, however, that even standard boot prices would probably be advanced before long.

The object of the manufacturers is to maintain a higher grade of reliability than was shown before the war, and to endeavor to regulate prices so that profiteering will be impossible. Action was taken because the Shoe Distributors' Association failed to come to any definite conclusion for

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak, could hardly stand, and had headaches every day. I tried everything I could think of, and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 478 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or purge for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's use on each bottle. Give it without fear. Mother! You must say "California."

the gradings of boots and shoes at fixed prices. "It is said that our plan will destroy competition, but competition should be in the quality of the production rather than in the price," said Mr. Owan Parker.

"Boots will bear the registered stamp of the association, price, and district of origin, with the manufacturer's identification number. Any complaint of inferiority of grade will be investigated by the association and the necessary steps taken."

Manufacturers have been instructed to proceed with the various grades, and some will be on the market in six weeks, but supplies in bulk cannot be guaranteed till the beginning of next year.

"Thirty to forty million pairs are to be turned out yearly, and all of them will be warranted all leather."—London Express.

OBITUARY

Mrs. Emeline Lloyd. From her home at MacDonald's Corner, in the early morning hours of October 15th, Mrs. Emeline Lloyd passed into the Great Beyond.

She was a daughter of the late Thomas E. McDonald, of MacDonald's Point, and a sister of the late Mount McDonald, of St. John. Another brother, Dr. A. D. McDonald, of Bellefleur, Mont., pre-deceased her by only a few months. Three sisters survive, Mrs. James Cox, Cambridge; Mrs. Harry Beatty, West St. John; and Mrs. John M. Wiley, of Fredericton.

Mrs. Lloyd was twice married. Her first husband being David Gilchrist, of MacDonald's Corner. All her children are living, Robert Gilchrist, with whom she made her home; Dr. Donald R. Gilchrist, Dr. Harry A. Gilchrist, both of Calgary; Ernest J. Melk, Gilchrist, with the British Navy, who arrived in Montreal from overseas the day after his mother passed away; Dr. Wallace E. Lloyd, Chicago; Mrs. George Ross and Mrs. Harry Colwell, both of Vancouver.

Mrs. Lloyd's health had not been good for over twenty years, but she had a very keen mind and always passed a great interest in affairs of church, community and country until the very last.

About a year ago she took a trip to the West to visit the sons in Calgary, and daughters in Vancouver. She was taken ill in Calgary in May but came well enough to come home in July, accompanied by one of her daughters.

Her health continued much the same until the last few days when she took a turn for the worse and passed quietly away on the morning of the 15th. She was a faithful friend and wonderful mother, and will be sincerely mourned.

Lose Your Fat, Keep Your Health

Superfluous flesh is not healthy, neither is it healthy to diet or exercise too much for its removal. The simplest method known for reducing the overall body two, three or four pounds a week is the Marmole Method and endorsed by thousands.

Marmole Prescription Tablets, containing exact doses of the famous pro-cipet, are sold by druggists at \$1 for a large case, or if you prefer you can obtain them by sending direct to the Marmole Company, 254 Woodward Ave., Detroit, Mich. They are harmless and leave no wrinkles or blemishes on the skin, because effective and convenient.

Tiny Fists. Little Roy after his first experience in a sleep, said to his aunt: "The fists were awful small. There was only room for mother and me downstairs, so pa had to sleep in one upstairs."

To Prevent Influenza—Colds, Coughs and Hoarseness—LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

Little Roy after his first experience in a sleep, said to his aunt: "The fists were awful small. There was only room for mother and me downstairs, so pa had to sleep in one upstairs."

The success of this project, of a super-laboratory scale and "the committee of the Honorary Council for Scientific and Industrial Research reported that the necessary manufacturing processes had been carried out on a super-laboratory scale and "the feasibility of an industrial scale remains only to be demonstrated."

"The success of this project," declared the Honorary Council, "is to be of most importance than the immediate objects of it. It will induce private enterprise to go into this enterprise, and eventually several plants may be erected which will supply the half a million tons that will be required to secure the anthracite hitherto imported from Pennsylvania, thus retaining in the country about five millions of dollars annually which are now sent to other provinces of the Dominion, and which are supplied with water power."

Gardner: "Yes, Master Jack, the birds are my enemies." Master Jack: "I didn't know you were so much of a bird fancier." Gardner: "No more is it, sir; it's spelt with a 'b'."

A Second Word To All New Brunswickers

In my appeal to you a few days ago I sought to show you that Self Interest was a compelling reason for aiding the 1919 Victory Loan. Today I ask you to consider an equally compelling reason, the obligation of Self Interest in maintaining our obligations. War forced our government to make enormous expenditures, assume tremendous responsibilities and incur immense obligations. Among these obligations were:

- | | |
|---|---------------|
| The cost of bringing our soldiers home, and paying them until discharged, including hospital and medical attendance | \$200,000,000 |
| War gratuities to our soldiers still unpaid .. | 61,000,000 |
| Vocational training and medical attendance for returned soldiers after discharge | 33,000,000 |
| Loans to returned soldiers for stock and implements to enable them to settle on the land | 24,000,000 |
| | <hr/> |
| | \$318,000,000 |

Every dollar of this total of \$318,000,000 is a direct obligation of the war.

That two hundred million spent to bring the boys home should be cheerfully provided but not more cheerfully than the hundred and eighty million which is to be spent in fulfilling our promises, in meeting the obligations assumed when they went overseas.

The Debt of Honor is a debt which must never be questioned and no debt of honor has the appeal of that of Canada to her gallant sons. There is only one way to meet it. Subscribe to the limit for Victory Bonds. Self Respect demands that of us.

T. H. ESTABROOKS, Chairman Provincial Executive, 1919 Victory Loan Committee.

St. John, N. B. Oct. 24, 1919.

The Razor for the Road

SHAVING is swaying, jerking Pullmans has taught the travelling man the value of "safety-first" and so he uses an Auto-Strip Razor. Wherever he goes he enjoys the comforting sense of cleanliness that follows the cool, satiny shave such as only a stripped blade can give. Stripping saves its blades and keeps them in perfect condition. He is never at a loss for a keen blade for he always has one. This and the fact that the Auto-Strip Razor sharpens its own blades and doesn't need to be taken apart for cleaning has led thousands of travelling men everywhere to speak highly of the Auto-Strip Razor to their friends.

Any dealer will sell you an Auto-Strip Razor, strip-and 12 blades complete for \$8.00, on a come-back money-back basis.

AUTO-STRIP SAFETY RAZOR CO., Limited, Auto-Strip Building, Toronto, Canada.

Auto-Strip Safety Razor

Dr. Chase's Nerve Food

For children who are thin, pale, anemic, under weight, nervous, restless, sleepless, Dr. Chase's Nerve Food is of the greatest benefit imaginable. Being mild and gentle in action, and yet wonderfully patient as a restorative, it soon makes the blood rich and builds up the feeble nerves.

Dr. Chase's Nerve Food. 25 cents a box, 6 for \$2.75, all druggists, or Eaton's, St. John, N. B., Ltd., Toronto.

IMPORTANT INDUSTRIAL NEWS FOR ALL CANADA

Lignite Utilization Board Hope to Have \$400,000 Plant in Operation Next Year.

In one of the most important industrial announcements in the history of Western Canada, Mr. R. A. Ross, Chairman of the Lignite Utilization Board, has declared that by August, 1920, the Board hopes to have a \$400,000 plant in operation, manufacturing briquettes from the lignite deposits of southwestern Saskatchewan and southwestern Manitoba. It is the intention of the Board to let all the contracts for construction and equipment during the coming winter. When completed the capacity of the plant will be 30,000 tons per year, and Mr. Ross believes that briquettes can be sold to dealers in Winnipeg at approximately \$9.40 a ton.

The decision to construct a \$400,000 plant is the result of extensive investigations and experiments initiated by the Honorary Council for Scientific and Industrial Research and later continued by the Lignite Utilization Board which was appointed jointly by the Dominion Government and the Government of Saskatchewan and Manitoba to determine the commercial feasibility of utilizing the lignites of the Prairie Provinces as domestic fuel. It is now able to declare that "our experiments have now reached the point where we have now a process for carbonizing and briquetting lignite which gives us a commercial product at a commercial price from lignite coal, practically equal in heating value to anthracite coal."

As long ago as June, 1917, a special committee of the Honorary Council for Scientific and Industrial Research reported that the necessary manufacturing processes had been carried out on a super-laboratory scale and "the feasibility of an industrial scale remains only to be demonstrated."

"The success of this project," declared the Honorary Council, "is to be of most importance than the immediate objects of it. It will induce private enterprise to go into this enterprise, and eventually several plants may be erected which will supply the half a million tons that will be required to secure the anthracite hitherto imported from Pennsylvania, thus retaining in the country about five millions of dollars annually which are now sent to other provinces of the Dominion, and which are supplied with water power."

Gardner: "Yes, Master Jack, the birds are my enemies." Master Jack: "I didn't know you were so much of a bird fancier." Gardner: "No more is it, sir; it's spelt with a 'b'."

PILES

Do not suffer from the distressing, itching, burning, and painful condition known as PILES. Dr. Chase's Ointment will cure you in a few days. It is certain, sure, and safe, and is sold by all druggists. Do not let the doctor's name and the price of the paper and envelope 10c stamp to pay postage.

IMPORTANT INDUSTRIAL NEWS FOR ALL CANADA

Lignite Utilization Board Hope to Have \$400,000 Plant in Operation Next Year.

In one of the most important industrial announcements in the history of Western Canada, Mr. R. A. Ross, Chairman of the Lignite Utilization Board, has declared that by August, 1920, the Board hopes to have a \$400,000 plant in operation, manufacturing briquettes from the lignite deposits of southeastern Saskatchewan and southwestern Manitoba. It is the intention of the Board to let all the contracts for construction and equipment during the coming winter. When completed the capacity of the plant will be 30,000 tons per year, and Mr. Ross believes that briquettes can be sold to dealers in Winnipeg at approximately \$9.40 a ton.

The decision to construct a \$400,000 plant is the result of extensive investigations and experiments initiated by the Honorary Council for Scientific and Industrial Research, and later continued by the Lignite Utilization Board which was appointed jointly by the Dominion Government and the Governments of Saskatchewan and Manitoba to determine the commercial feasibility of utilizing the lignites of the Prairie Provinces as domestic fuel. Mr. Ross is now able to say that "our experiments have now reached the point where we have got a process for carbonizing and briquetting lignite which gives a commercial product at a commercial price from lignite coal, practically equal in heating value to anthracite coal."

As long ago as June, 1917, a special committee of the Honorary Council for Scientific and Industrial Research reported that the necessary manufacturing processes had been carried out on a superlaboratory scale and "their feasibility on an industrial scale remains only to be demonstrated."

"The success of this project," Dr. B. Macdonald, Chairman of the Council, declared, "is to be fraught with results which are to be of more importance than the immediate object of it. It will induce private capital to go into this enterprise, and eventually several plants may be erected which will supply the half a million tons that will be required to replace the anthracite hitherto imported into Manitoba and Saskatchewan from Pennsylvania, thus retaining in the country about five millions of dollars, now annually spent abroad for the supply of this fuel. It will blaze the path for the utilization not only of the billions of tons of lignites of Saskatchewan, but also of the vastly greater quantity of the better grade of this fuel in Alberta. It will inevitably lead, eventually, to a process of utilization of the vast quantities of the by-products which result, by-products which now are not highly valued but in the years to come will be the raw materials of great and flourishing industries. Finally, it will constitute the first step in the systematic, scientific utilization of the vast stores of energy locked up in the lignites of the two provinces, which are, unlike the other provinces of the Dominion, scantily supplied with water power."

Gardener: "Yes, Master Jack, the birds are my enemies." Master Jack: "I didn't know enemies was spelled with an 'h'." Gardener: "No more is it, sir; it's spelt with a 'c'."

Could Shout For Joy, She Asserts

Dacotah Woman Rejoices Over Her Wonderful Restoration to Health After Taking Tanlac.

"I'm just so happy over the way Tanlac has restored me to complete health that I just feel like going out and telling everybody I meet about it," was the way Mrs. Annie Cullen described her wonderful recovery by the use of Tanlac. Mrs. Cullen resides at Dacotah, Manitoba.

"I was almost a complete nervous and physical wreck before I began taking Tanlac," continued Mrs. Cullen, "and I had almost given up all hope of ever being relieved of my suffering. For three years I suffered from a bad case of stomach trouble as anybody ever had, I believe, and indigestion troubled me so awful bad after every meal that I got to where I didn't eat enough to hardly keep me alive. My nerves were completely shattered and if anybody even rustled from me I was sure to be hysterical. I would become upset. Last winter I had an attack of the Flu that kept me in bed three weeks and I went so hard with me that I was hardly able to lift my head from the pillow. When I got up I was in such a weakened condition that I thought every day I would suffer a complete breakdown and have to take my bed again. When I would try to eat a little something to get some strength, I would have terrible cramps in my stomach before I got half through eating, and the pains hurt me so bad as to almost draw me double. Sometimes I was so weak I thought I would faint right in my tracks, and for months at a time I was not able to do a bit of my housework. I suffered with a terrible pain in my back right across my kidneys and I could hardly stoop over, and I don't believe I was ever without a headache after I had the Flu. I dreaded for night to come for I was miserable almost from the time I went to bed, until the time I got up, why it's a fact, for months at a time I didn't get over two hours sleep a night. This was my usual condition and to save my life I don't see how I managed to bear up under it all.

"I tried nearly every known treatment and medicine but I got no relief whatever until I commenced taking Tanlac. From the very first I began to improve and my troubles gradually started to go away and I kept right on taking Tanlac and getting better right along. I have finished my fourth bottle now, and you may not believe it, but it is the truth, just the same, all my troubles have been entirely overcome and I am enjoying the best of health. I can eat anything I please now and never suffer even the least bit with my stomach. The pains in my back and stomach have completely disappeared, and I have almost forgotten that I ever had a headache. My nerves are so steady that I don't believe they were in better condition, and when I go to bed at night I can sleep as sound as a child and get up every morning and do my housework with more ease than ever. My recovery seems more like a dream to me than anything else. I am so happy I just almost feel like shouting for joy."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative.—(Adv.)

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two or three Sage and Sulphur restores its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it dawns so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

As these organizations declare their purpose to be the overthrow of British rule in Ireland and the establishment of an independent Irish Republic, and as that purpose has long been illegal under the ordinary law, the proclamation means for the trial of offenders a greater probability of their conviction. They can now be tried by two resident magistrates instead of by the usual petty sessions bench and there is in every case an appeal from the decision to the county court judge. The proclamation of Dublin, Tipperary, Limerick, Clare and Cork under the first section of the Crimes Act of 1918 has a different purpose. It is aimed at the discovery of offenders who have escaped detection. It gives power to a resident magistrate to hear a case and take evidence. Witnesses can be examined on oath and bound over to appear at the future trial of whatever prisoner the evidence implicates.

The inquiries authorized by the new proclamation may, it is apparently expected, facilitate the collection of conclusive evidence and lead to the arrest of offenders who have escaped.

The inquiries are to be held in secret, but a shorthand writer will be present and in case any prisoner is apprehended a copy of the depositions taken is to be supplied to him before his trial.

The plan revives what was known in the eighties as the "Star Chamber Court." It was under this system

SINN FEIN CLUBS MADE ILLEGAL

The General Effect of the Gov't Proclamation Suppressing Organization Had Depressing Results on Scappers.

Dublin, Oct. 20.—(By The Associated Press.)—The general effect of the government proclamations suppressing the Sinn Fein parliament and Sinn Fein organisations throughout Ireland is to make these organizations illegal. It will be an offense to hold a meeting of these bodies in the proclaimed areas or to publish reports of any such meetings.

As these organizations declare their purpose to be the overthrow of British rule in Ireland and the establishment of an independent Irish Republic, and as that purpose has long been illegal under the ordinary law, the proclamation means for the trial of offenders a greater probability of their conviction. They can now be tried by two resident magistrates instead of by the usual petty sessions bench and there is in every case an appeal from the decision to the county court judge. The proclamation of Dublin, Tipperary, Limerick, Clare and Cork under the first section of the Crimes Act of 1918 has a different purpose. It is aimed at the discovery of offenders who have escaped detection. It gives power to a resident magistrate to hear a case and take evidence. Witnesses can be examined on oath and bound over to appear at the future trial of whatever prisoner the evidence implicates.

The inquiries authorized by the new proclamation may, it is apparently expected, facilitate the collection of conclusive evidence and lead to the arrest of offenders who have escaped.

The inquiries are to be held in secret, but a shorthand writer will be present and in case any prisoner is apprehended a copy of the depositions taken is to be supplied to him before his trial.

The plan revives what was known in the eighties as the "Star Chamber Court." It was under this system

All for Canada Canada for all

**Canadians! This is a call to National Service—
The Victory Loan 1919 which opens to-day.**

YOU are citizens of no mean country.
Canada is a fair, free land.
Canada is your country.
Canada—now—has need to borrow from you—**LEND!**
Lend without restraint of politics or fine distinctions of creed or party.
The leaders of the political parties endorse the Loan.
It is CANADA that asks:
And why—
To clean up the last of the War's commitments and expenses;
To establish beyond all question the capacity and credit of your country;
To care for the wounded and the maimed soldier;
To finance the bonus of the returned soldier already paid;
To enable the fruits of Victory to be garnered;
To ensure the prosperity of you, her citizens.
The guns of war are silent—but they are not yet cool.
The Victory Loan 1919 is a War Loan.
Canada's book of war is gloriously written—make this, the closing chapter, a worthy one. The responsibility is yours. **LEND!**

LEND! LEAD!

What Newspapers Have to Say About the Ontario Election—Results Offer Encouragement to Liberals

A Political Revolution.
(Montreal Star.)
The Hearst Government has been overthrown but Ontario Liberals cannot please itself on having brought about the overthrow. The verdict of the polls was almost as severe an arraignment of the Liberal party in Ontario as it was of the Conservative party. After fourteen years of opposition official Liberalism in Ontario has failed to impress the electors with its virtues or its ability. So far official Conservatism is concerned comment is unnecessary; the electors showed very unambiguously their thought of the Hearst Government.
So that it is a "new heaven and new earth," politically speaking, that have been created in Ontario. What was like Sir William Hearst, Adam Beck, W. D. McPherson, T. McGarry, J. B. Lucas and F. Macdougall—the command-in-chief of the party and his staff—have been swept out of political existence, and at the same time their formal and fiscal opponents got very little consideration from the electors, it was not a mere political overturn that happened, but political revolution, a revolution by ballot, perhaps not so profound and far-reaching than revolution by bullet.

Little Hope for Liberals.
(Toronto Mail.)
In one of the most remarkable elections Ontario has ever experienced the Hearst Government went down to defeat yesterday. Sir William Hearst and all but two members of his Cabinet, who were not elected, acclamation went under in the Legislature, and of the strong following of 70 members who sat behind the Premier in the last Legislature only some 26 members remain. The defeat of the Conservatives was due almost entirely to the tremendous vote roll-up by the United Farmers candidates and by the Labor men. The Liberals despite their win of five seats in "Tory Toronto," stand in the new Legislature practically as they were in the last House. In fact, when all returns are in Hartley Dewar, K. the Liberal leader, will probably have a smaller following than did V. Proudfoot the former leader.

Too Socialistic.
(Montreal Gazette.)
The Ontario general election yesterday resulted in such losses for the Government that its retirement at an early date is to be looked for. It was not generally expected. The candidates, however, were unusual. Instead of two parties appealing for support, there were four. The Conservatives were really an advanced socialistic organization, under the domination of Sir Adam Beck and two of the city newspapers, which roared rather reasoned and made men of conservative instincts afraid of their platforms. Against them were the Labor party, of advanced platform, and the United Farmers, who on the matter of spending money, least were advocates of a moderate policy. The multiplicity of parties thus indicated made for unequalled fever, votes had been given to work which introduced another factor of known influence.

Another View.
(Toronto Mail and Empire.)
The election, with all its significance, is the consequence of unanticipated most attention in the country was approved at the polls, but did not win the support of the people for the Government's candidates. A part of those who voted to continue the Government's war time legislation in restraint of the liquor traffic against the candidates of the Government, Conservative legislators used to that kind of treatment at hands of temperance voters. These women, who owe the franchise to the Hearst Government, in many cases voted only for the temperance legislation and omitted to vote for candidates, or preferred those who opposed to the Government. In popular brain-storm five Ministers were defeated. Sir Adam Beck went down to defeat. It remains to be seen whether or not the voters brought legislation and government a state of deadlock.

The Result in Ontario.
(Frederick Gleaner.)
The defeat of the Hearst Government was perhaps overdue. The warranted extension of the life of the last Assembly was made because of the fear that it was not then safe for the government to go to the polls. Public confidence in the leader of the dominant party in Ontario has been on the wane since the death of Sir James Whitney, moved the strong man from the Liberal ranks. Sir James Whitney possessed a sense of the responsibilities of a constitutional government; he viewed public questions from a broad standpoint; he was practical and progressive and at all times sincerely interested in the public welfare; he had no place for the cheap sentiment nor the professional politician disregarding sound political principles. He was a safe man, and universally respected as such. Sir William Hearst was a mere temporizer, and under administration as such conditions created which became repugnant to thoughtful Ontario, and which led to lack of public respect for government as he influenced it.

TO COMMEMORATE.
New York, Oct. 23.—Former President Taft today sent an appeal to clergy throughout the country to observe in churches and schools commemorative of the birthday of Theodore Roosevelt which occurs Monday. It was announced here that Roosevelt Memorial Association of U.S.A. who is honorary president of association, urged that such observance be held on Sunday and Monday. A number of ministers have given as the text for their memorials the verse from the bible quoted by Col. Roosevelt in his message to the New York State Legislature for the New York State Legislature.

FUNERALS.

The funeral of Miss Margaret Bain took place yesterday morning at 8:30 o'clock, from her sister's residence, 202 Beauséjour street, to the Cathedral, where Rev. Raymond McCarthy sang a requiem mass at 9 o'clock. Relatives acted as pallbearers. Interment at new Catholic cemetery.
The funeral of Mrs. James M. F. Whiting took place at 8:30 Thursday

afternoon from her late residence, 148 Princess street, to Trinity Church, where services were read by Rev. R. A. Armstrong. Interment was in Fernhill.
The funeral services for Sylvia Leighton were read Wednesday night at 8 o'clock, at his late residence, St. Patrick street, by Rev. D. J. McPherson. The body was taken to Hopewell Cape yesterday morning for interment.

OBITUARY

Maurice Frederic Napier.
The many friends of Mr. and Mrs. William Napier, 118 Duke street West, will sympathize with them in the loss of their youngest son, Maurice Frederic, whose death occurred yesterday. The young man who was only 18 years of age, had been ill for two weeks. The funeral will take place from his father's residence at 8:30 o'clock (old time) on Saturday.

INSECT PESTS.

The province is in danger of an invasion of another insect pest, the European corn borer. Precautions have been taken by the entomological branch of the Dominion Department of Agriculture with a view of heading off this pest, which so far has been successful. The corn borer is one of the most dangerous insect pests that has ever been introduced into this continent and was discovered

in the vicinity of Boston early in 1887. It is presumed that the corn borer came in a shipment of raw hemp and as the hemp was not used immediately the hibernating caterpillars pupated in the following spring and spread.

What Newspapers Have to Say About the Ontario Election—Results Offer No Encouragement to Liberals.

A Political Revolution. (Montreal Star.)

The Hearst Government has been overthrown, but Ontario Liberalism cannot place itself on having brought about the overthrow. The verdict of the polls was almost as severe an arraignment of the Liberal party in Ontario as it was of the Conservative party. After fourteen years of opposition official Liberalism in Ontario has failed to impress the electors with its virtues or its ability. So far as official Conservatism is concerned, comment is unnecessary; the electors showed very emphatically what they thought of the Hearst Government.

So that it is a "new heaven and a new earth," politically speaking, that have been created in Ontario. When men like Sir William Hearst, Sir Adam Beck, W. D. McPherson, T. W. McCarthy, I. B. Lucas and P. J. MacDonnell—the commander-in-chief of the party and his staff—have been swept out of political existence, and at the same time their former aid and abettors, and very little more consideration from the electors, it is not a mere political overturn that has happened, but political revolution, revolution by ballot, perhaps not less profound and far-reaching than revolution by bullet.

Little Hope for Liberals. (Toronto Mail.)

In one of the most remarkable elections Ontario has ever experienced the Hearst Government went down to defeat yesterday. Sir William Hearst and all but two members of those of his Cabinet, who were not elected by acclamation went under in the landslide, and of the strong following of 70 members who behind the Prime Minister in the last Legislature only some 26 members remain. The defeat of the Conservatives was due almost entirely to the tremendous vote rolled up by the United Farmers candidates and by the Labor men. The Liberals, despite their win of five seats in "Tory Toronto," stand in the new Legislature practically as they were in the last House. In fact, when all the returns are in Hartley Dewart, K. C., the Liberal leader, will probably have a smaller following than did Wm. Broadfoot the former leader.

Too Socialistic. (Montreal Gazette.)

The Ontario general election yesterday resulted in such losses for the Government that its retirement at an early date is to be looked for. This was not generally expected. The conditions, however, were unusual. Instead of two parties appealing for support, there were four. The Conservatives were really an advanced socialistic organization, under the dominance of Sir Adam Beck and two or three city newspapers, which roared rather than reasoned and made men of conservative instincts afraid of their platform. Against them were the Liberals, also Socialistic in their attitude; the Labor party, of advanced theorists; and the United Farmers, who, on the matter of spending money at least were advocates of a moderate policy. The multiplicity of appeals thus indicated made for uncertainty. Then, in the excitement of the war fever, votes had been given to women, which introduced another factor of unknown influence.

Another View. (Toronto Mail and Empire.)

The election, with all its singularities, is the consequence of unrest. The policy of the Government that received most attention in the contest was approved at the polls, but did not win the support of the people for the Government's candidates. A great part of those who voted to continue the Government's war time legislation in restraint of the liquor traffic voted against the candidates of the Government. Conservative legislators are used to that kind of treatment at the hands of temperance voters. Then the women, who owe the franchise they exercised in this election to the Hearst Government, in many cases voted only for the temperance legislation and omitted to vote for candidates, or preferred those who were opposed to the Government. In the popular brainstorm five Ministers were defeated. Sir Adam Beck went down to defeat. It remains to be seen whether or not the voters have brought legislation and government to a state of deadlock.

The Result in Ontario. (Fredericton Gleaser.)

The defeat of the Hearst Government was perhaps overdue. The unwarranted extension of the life of the last Assembly was made because of the fear that it was not then safe for the government to go to the people. Public confidence in the leaders of the dominant party in provincial Ontario has been on the wane since the death of Sir James Whitney removed the strong man from the helm. Sir James Whitney possessed a high sense of the responsibilities of constitutional government; he viewed all public questions from a broad standpoint; he was practical and progressive and at all times sincerely interested in the public welfare; he had no place for the cheap sentimentalism nor the professional politician who disregarded sound political principle. He was a safe man, and universally respected as such. Sir William Hearst was a mere temporizer, and under his administration as such conditions were created which became repugnant to thoughtful Ontario, and which soon led to lack of public respect for government as he influenced it.

TO COMMEMORATE—

New York, Oct. 23.—Former President Taft today sent an appeal to the clergy throughout the country to hold exercises in churches and schools to commemorate the birthday of Theodore Roosevelt which occurs next Monday. It was announced here by the Roosevelt Memorial Association, Mr. Taft, who is honorary president of the association, urged that such exercises be held on Sunday and Monday. A number of ministers have chosen as the text for their memorial sermons the verse from the bible quoted by Col. Roosevelt in his message written for the New York Bible Society,

and placed in pocket Testaments given to soldiers in the world war. The quotation was the following from the Prophet Micah:

"What more doth the Lord require of thee than to do justice and to love mercy, and to walk humbly with thy God."

Mayors of 250 cities have been selected by the American Defense Society to co-operate with the Roosevelt Memorial Association in observing the anniversary of Colonel Roosevelt's birth. Many of the mayors in their replies expressed the belief that a nation wide celebration of the event would offset radical agitation.

Catarrhal Deafness And Head Noises

TELLS SAFE AND SIMPLE WAY TO TREAT AND RELIEVE AT HOME.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your drug list 1 ounce of **Perlanin** (Double Strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of all ear troubles are caused by catarrh and three must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.

After Influenza—WINCARNIS will quickly bring back your strength

ONLY those who have suffered from Influenza can fully know the awful state of weakness that follows in its train. You feel melancholy, mean and miserable, and are liable to contract more serious illnesses.

It is then you need the revitalizing influence of Wincarnis.

For Wincarnis is a Tonic, a Restorative, a Blood-maker and a Nerve Food all in one. It possesses a four-fold power. It creates new strength, it helps make new blood, it builds up new nerve force, and it surcharges the whole body with a new vitality. That is why Wincarnis makes you feel well so quickly. The head begins to clear the very first. You can feel it doing you good from the first dose, and it is a more health in the pen, not a mere "whipping up" of the vitality, but a vigorous health that makes you glad to be alive.

The ingredients of Wincarnis are recommended and used by the medical profession in daily practice all over the world. They consist of the very elements of which our bodies are constituted, and in Wincarnis they are found in their most assimilable form. Ask your Doctor.

Credit Granting Organization To Be Formed

Their Purpose Will be to Purchase Securities of Struggling Foreign Nations.

Atlantic City, N. J., Oct. 23.—Formation in this country of a credit granting organization to purchase securities of struggling foreign nations was urged at the international trade conference today by United States Secretary of Commerce Redfield. The organization which would be supervised by the federal reserve board would

be capitalized at between \$500,000,000 and \$1,000,000,000 and would issue bonds of small denomination and low interest to be sold here. The secretary said that several billion dollars would be needed by struggling nations in the next few years to place themselves on a firm footing. "I hope and believe," he added, "that we shall open our doors much more freely than we do now to receive goods from abroad. We cannot get along by selling goods and asking cash in return. I hope that the time will come when the biggest men of this country will get so much vision that the system of selling goods abroad and demanding cash will not be respected."

SIX MILLION TONS OF AMERICAN COAL WILL GO TO EUROPE

London, Oct. 23.—A despatch to the Evening News from Cardiff says that W. H. Gardner, a Swansea coal operator, on Wednesday in Paris completed an arrangement under which six million tons of gas, steam and ordinary coal are to be shipped from America to continental ports.

BE SUSPICIOUS OF TENDER GUMS

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhea—an insidious disease of the gums that destroys the teeth and undermines bodily health.

Gradually the gums become spongy. They inflame, then shrink, thus exposing the unenamelled tooth-base to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system. Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhea.

They are now known to be a frequent cause of indigestion, anemia, rheumatism and other serious conditions.

So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhea (Riggs' Disease) if used in time and used consistently.

And in preventing Pyorrhea—it guards against other ills. Forhan's (For the Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean.

If gum-bleeding has already set in start using Forhan's and consult a dentist immediately for special treatment. See and get the tubes. All Drugstores. FORHAN'S, LTD., Montreal.

Forhan's FOR THE GUMS

Quality.

With LEA & PERRINS' SAUCE, a few drops sprinkled over the meat fish or cheese, &c., are all that is required to impart the most delicious piquancy and flavour.

The QUALITY and concentration of its ingredients make a little of this sauce go a long way

ST. JOHN, N. B., FRIDAY, OCTOBER 24, 1919.

U. S. AND THE TREATY.

Whether or not the painful episode of the illness of President Wilson has softened the hearts of the Senators, the prospects for the ratification of the Peace Treaty without amendments or reservations are of a most hopeful character. Some time ago it was reported that forty-nine Senators were opposed to the Treaty, but the defeat of the Lodge amendment demanding that Japan's economic privileges on the Shantung peninsula taken over from Germany be resolved to China by the decisive vote of 55 to 21 shows that something has been operating to reduce the opposing forces. It is possible that the previous announcement that Japan had advised Washington as to the date upon which she would recede the Shantung Province to China may have affected the vote, though the argument of Senator Lodge was based on the assumption that Japan was not to be trusted anyway. It is more probable that President Wilson's personal appeals to vast audiences, and the impressive personal triumphs which marked his dramatic tour, have had an effect upon feeling at Washington. Undoubtedly Mr. Wilson's intense earnestness, his potent intellectual power, and commanding eloquence moved great currents of popular opinion, and accomplished much in the way of placing his peace policy and the League of Nations in a new light before the people. His answers to the arguments, misrepresentations, and unworthy appeals to anti-British prejudice, which had been industriously developed among pro-German and ultranationalist Irish elements, were cogent and comprehensive, and carried conviction to large gatherings. And in his determination to vindicate the Treaty he had the happy inspiration to bring the League of Nations down from the clouds of idealism in which he had previously enveloped it, and to give it the concrete aspect of an eminently practical plan for assuring the peace of the world.

It cannot be said as yet that the ratification of the Treaty without reservations is absolutely sure. But it can be said that Mr. Wilson, by one of those strokes of political genius which during his career have occasionally surprised his friends, has posed the question on a plane that tends to lift it beyond the reach of pro-German intrigue, and has brought home to his people the salient fact that having assumed the rights and privileges of a world power they cannot now repudiate the reciprocal responsibilities without incurring the odium of being quitters.

LAURIER'S SLIPPERS.

The determination of Ernest Lapointe, who has become an outstanding figure in Quebec politics, to run in Laurier's old constituency in the Liberal interest has led to the withdrawal from the contest of Armand Lavergne, who had intended to run in the Nationalist interest. In a two-column letter in Le Devoir, M. Lavergne gives his reasons for his withdrawal, and incidentally an example of how the language of lucidity can be used to conceal thought. But it is made plain that the very young Nationalist is acting on the advice of his friend and chief, Henry Bourassa, who, it is intimated, considers it more important that a semblance of unity should be preserved among the French-Canadian bloc at Ottawa at present than that an effort at self-assertion should be made on the part of the Nationalists. Of his consultation with Bourassa, M. Lavergne rather pathetically observes: "After having discussed the question at length, we came to the conclusion that a Nationalist election today, satisfying as it might be for the amour propre of two men so long outraged, could only have for its first result a renewal of the courage of our everlasting enemies, those who will never make peace with us, the imperialist, anti-French Tories."

M. Lapointe, who is the recognized leader of a group of young French-Canadian Liberals, is credited with the ambition to assume the role of Laurier, and there are those who see in his challenge to the Nationalists a carefully considered manoeuvre to promote his plans. At the Ottawa convention Lapointe and his young Liberal friends defied Premier Gouin, and made Mackenzie King leader of the Liberal Party; and now fresh from the business of king-making he has beseeched Bourassa, and obliged that redoubtable chief to cry quits. Unless the unexpected happens he will return to Ottawa with a prestige which will make him the undisputed leader of the whole Liberal block from the Province of Quebec. But he may have to reckon with both Gouin and Bourassa later on, and it may transpire that his bold plans for forwarding his personal ambition have done more to divide than unite Liberalism in Quebec. In any case this enterprising leader of the Young Liberals has created an electrical situation in Quebec politics, the outcome of which will be watched with interest.

NOTES.

Reuben rules.
Back to the Land.
Good night, John Barleycorn.
The ladies' votes got some goats.
Old Man Ontario: And another little drink would do us lots of harm.
When Adam ran and Eve' voted who was then a prophet noted.
Anyway Hearst knows the worst. But Dewart is still on uneasy street. His self-appointment to the leadership may have been premature.
However, the Ontario farmers will not be able to plow a lonely furrow.
Col. Melville may be a new comer in the political arena, but he is maintaining Carleton County's tradition of hard-hitting in an election contest.
Mr. Caldwell may have some definite opinions on the political issues of the day, but he has evidently learned something about the art of camouflage.
After prolonged cogitation Hon. Mackenzie King arrived at the conclusion that the best defence of his wartime activities was a statement, backed by a document from a millionaire corporation, that he did invaluable service by teaching Uncle Sam to write labor troubles, and incidentally enabling him to sell more supplies to France and Britain at profitable prices. Some of his Liberal friends who have occasionally shown undue solicitude for American interests must regret that Mr. King's invaluable services are not now at the disposal of Uncle Sam, who is grievously troubled with labor difficulties. And Mr. King himself must be annoyed that his lessons have been so quickly forgotten.

WHAT THEY SAY

Work Discovered.
Toronto Globe: The great railway strike may prove the first in the history of post-war labor troubles in Great Britain, as the Winnipeg strike did in Canada. Here there is evidence that men's minds are turning to work as a necessary evil even a desirable thing.

Pulling Apart.
Farmer's Sun: H. S. Arkel, Dominion Live Stock Commissioner, says our only security for the holding of the British market for bacon is in producing hogs to the limit. Then this man O'Connor comes along and threatens to prohibit the export of hog products altogether. We have such a multitude of officials in the country that one set does not even know what the other is doing as a consequence one set pulls one way while the other pulls another.

Action is Needed.
Cleveland Plain Dealer: The country wants the treaty ratified immediately and without amendment. If minor reservations are necessary, however, to placate partisan jealousy, let them be voted without further delay. It is the duty of every citizen of character as to necessitate a re-valuation of the instrument to the satisfaction of the power. No possible advantage is to be gained by more discussion in the Senate. Every member knows how he will vote. No one pretends otherwise.

"Passing the Buck!"
New Orleans Times-Picayune: There is a rule of the military service which this small war we are emerging from might well hand on to affairs political, municipal or state: "Don't pass the buck." The officer who was told to lead his men to the capture of a definite objective, or to accomplish a certain result in organization or supply, made his effort, won or lost, thereafter he stood upon the results and by them was judged. It is a hard rule, but a rule that braces spines and warms feet that are prone to be chilly if there is good somewhere in the man. And by it, also, the unfit disciplines himself and the weak are eliminated. Under that rule, men who qualify under the titles they wear do their utmost by their oath and the law which governs them and those under them. They do not twist and squirm and lament their sad situation. They deliver the goods or get out.

Little Benny's Note Book

BY LEE PAPE.
Puds Simkins came over after school today and we were playing submersen chasers up in the setting room, and all of a sudden we started to smell corn beef and cabbage, proving we was going to have it for supper. Puds smelling out loud and saying, O boy, corn beef and cabbage, I wish I was home smelling it.
We don't you stay heer for supper, I'll ask ma if you can, I sed.
Which I did, and ma sed, You'll have to ask Nora, she's bin complaining about having so much company lately, so if she dussent mind in sure I dont.
Which I went down to the kitchen to ask her, and she was setting there peeling potatoes with a unsatisfied expression, and I smelled the corn beef and cabbage out loud about 3 times, saying, O Nora, that sarteny smells good, you must be a grate cook to make a thing smell like that.
I guess there were cooks than me, sed Nora. Meaning she thawt she was pretty good, and I sed, I wouldnt be surprised if you was the best cook in the city Nora.
And I smelled a couple of more times, Nora saying, Go way from there with your sniffing.
If I could cook as good as wat you can, Nora, I'd want everybody I know to eat it so they could say how good it was, I should think the most people there I was disappo the bester you would like it I sed.
That jest proves some people is as dum as they look, sed Nora. Meaning me, and I sed, How about it Puds stays for supper, will that be all rite?
It will be all rone, it will be impossible and I'd jest like to see you try it, sed Nora.
Being wy Puds went home for supper.

A BIT OF VERSE

I FOLLOW.
Clinton Scollard, in New York Sun, I follow the lure of the lips of the morn,
The breath of the pine bough, the call of the corn,
The murmur of springs,
And the butterfly's wings
That flutter an fleet over height,
Over hollow.
The voice of the wind as it chants,
"as it sings."
I follow, I follow!
I follow the luminous light in the flickering sheen on the eriole's breast,
The beckoning fern,
And the hickering barn,
The kingfisher's dart, and the swoop of the swallow,
Aspiration and impulse and all things that yearn.
I follow, I follow!
I follow, I follow, I follow afar
The path of the sun and the path of the star
To the secrets of birth
And the wonders of earth,
While leaving behind me the empty and hollow,
I seek what makes sweeter and fairer the earth.
I follow, I follow!

A BIT OF FUN

Tiny Flats.
Little Roy, after his first experience in a sleeper, said to his aunt, "The flats were awful small. There was only room for mother and me downstairs, so pa had to sleep in one upstairs."
The Funniest Thing She Saw.
"Well, Dorothy, what did you see in the country?" asked a father of his little 4-year-old daughter, who had just returned from a visit to her grandparents.
"Oh, lots of funny things," was the reply, "and the funniest of all was the hired man unmilking the cow."
Hobbledehoy.
"See that fellow yonder marking time? He must be a returned soldier." "No, he isn't. That is Billings. He's a great ladies' man and he is practising to keep in step with the girls who wear narrow skirts." — Wichita Eagle.
Caught at Last.
Wife (with newspaper)—Just think of it! A couple got married a few days ago after a courtship which lasted fifty years.
Hub—I suppose the poor old man was too feeble to hold out any longer.

AN INSIDE BATH MAKES YOU LOOK AND FEEL FRESH

Says a glass of hot water with phosphate before breakfast keeps illness away.
Physicians the world over recommend the inside bath, declaring this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.
Men and women are urged to drink each morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins. This cleansing, sweetening and purifying the alimentary canal before eating more food.
Those who wake up with bad breath, coated tongue, nasty taste or have a dull aching head, sallow complexion, acid stomach, or others who have bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to show the value of inside bathing.

Alice Verlet
Drawn from
actual photograph

Why Wednesday's audience at Imperial Theatre was so completely mystified. Alice Verlet was inside the phonograph in all excepting physical presence

At first reading, the story of the New Edison's performance last Wednesday afternoon at the Imperial Theatre seems fraught with mystery.

But the explanation is simple enough.

First, get a picture of what happened. Miss Verlet sang Caro Nome. She stopped after the first few lines, but her voice flowed on without a break. No one even noticed she had stopped—until some eyes, keener than the rest, saw her lips were still. It was only then that realization dawned. The audience found it had been listening to the New Edison.

To every ear, the two voices, living and RE-CREATED, had been without a shade of difference.

That was what so mystified the audience. They had expected the RE-CREATED art to betray its phonographic origin. It was a step too advanced for their comprehension that this instrument should be all that Miss Verlet is, excepting her physical presence.

The NEW EDISON

"The Phonograph With a Soul"

This extraordinary proof is the only means through which people learn to appreciate the true powers of the New Edison. If you are interested in music it is indeed unfortunate that you were not present.

Yet, you know this is a test which no other phonograph dares to attempt. It is proof that no-one can evade or deny. The New Edison is the only phonograph which RE-CREATES music and the soul of music.
Come in and hear it for yourself.

The instrument used in Wednesday's Tone-Test, is the regular model, an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

**FREDERICTON IS
SHORT ON SUGAR**

Special to The Standard.
Fredericton, Oct. 23.—Only limited amounts of sugar are being sold to customers by retail groceries in Fredericton as a result of the shortage which has become so marked.

While some stores are selling as much as 10 pounds of granulated or white to a customer, giving 10 pounds for \$1.20, most of them are giving only 8 pounds for \$1 and limiting the sale to that amount. However, one of the largest establishments declared this afternoon that they were out of sugar entirely and could not fill any orders, while another of the biggest groceries would sell only 50 cents worth of sugar to their regular customers.

Various reasons are being ascribed for the shortage of sugar, one wholesaler declaring that the entire output of the eastern refineries from now until after the first of the year would be required to fill orders that had been taken from Great Britain.

**WEAK
CHESTED
PEOPLE**

and elderly people particularly, who are so subject to ailments of the breathing tubes and lungs, are frequently difficult to prescribe for owing to their frail constitutions. For all such people Peps is the safest remedy for coughs, colds, bronchitis, asthma, etc., as Peps contains absolutely no harmful drugs.

Mrs. David Partridge of Mattatall Lake, N.S., writes: "I have just been cured of a very bad cough by the use of Peps. As I am seventy-five years of age I consider this cure all the more remarkable."
For very young people, too, Peps are just as good. All dealers \$50.

Peps

**FIRST SHOT FIRED IN VICTORY
LOAN CAMPAIGN LAST NIGHT**

When a Large Number of the Salesmen Were the Guests of the Central Committee at An Informal Dinner at Bond's—Stirring Addresses by Dr. J. B. M. Baxter and Chairman R. D. Paterson—Unique Programme for Monday When Drive Officially Begins.

The first shot in the local 1919 Victory Loan campaign was fired last night, when seven score canvassers and team captains met at Bond's to receive general instructions, rendered palatable through the companionship of an excellent goose supper.

Chairman R. D. Paterson, in his opening address, congratulated the salesmen on the good showing they made in their attendance, saying that it showed great encouragement for the hope that the present will be the best canvass yet conducted. The needs of the present loan, he thought, were sufficiently familiar to everyone. Canada needed, to pay back sums borrowed, \$200,000,000; this is the first obligation to meet. Then follow the sums that are necessary to carry on the work of land settlement, soldiers' civil re-establishment, and the development of foreign exchange.

Canadians, he said, are paying a per cent. for the privilege of doing business with the United States, as opposed to the one-eighth of one per cent. exchange which prevailed in pre-war days. Foreign credits, he said, would take one-third of the present loan, and will make possible the filling of foreign orders for grain and other raw materials from this country to European lands, creating new markets, bettering labor conditions and thus equalizing, as nothing else will, the present disjointed living costs.

He urged the captains and salesmen to get after whatever American capitalists there could, indignantly showing that the present loan, at the exchange rate now obtaining, is something better than the average "United States-er" is in the habit of getting. The resident of the border country can readily buy the 1919 bonds at 96 and at that getting 4 per cent. on par; while the American product is bought at par and usually does not bring more than three per cent.

With regard to the idea that selling Victory Bonds now is a more difficult problem than during the war period, Mr. Paterson pointed out that as far as Canada is concerned she is not out of the war and will not be until her financial obligations are liquidated. Patriotism is not dead, he said, and when the investor is shown that the new loan is a patriotic loan, that it is opening the way to provide for the soldier the promised soldier, relieving a debt of honor and gratitude at the same time, and also opening the world markets to the dominion, he thought there should be no trouble in securing applications.

Realize Value.

Then, from a business standpoint, there could be no better investment. Though many were formerly unfamiliar with the nature of bond issues, the success of the past loans has shown that the average investor now knows their value, comparing favorably with any dominion, provincial or city issues. The older bonds, everyone knows, are enhanced in value now and their success precludes the necessity of any educational campaign. The fact that there are millions of dollars more than last year in the savings banks throughout the country, is reason to suppose that the response to the present drive will be a gratifying one.

The fact that the new loan is taxable is a point that may cause some objections with the unthinking, but the fact should be borne in mind that the tax applies only as to income; married men receiving less than \$2,000 per annum being immune, and bachelor whose salary is less than \$1,000.

Chairman Paterson then drew the attention of the gathering to the various forms which will be used by salesmen, and by the office staff, explaining their functions explicitly. He suggested that the salesmen make their complete canvass during the first two weeks of the campaign, leaving the last days for "cleaning up."

It was scheduled that two of the films, shortly to be released for public exhibition by the Famous Players Lasky exchange, would be shown at the meeting, but owing to some difficulty the operators experienced, the looked-for feature did not materialize. The films will show in story form, the benefits of subscribing to the present loan, and are along similar lines to those used last year.

Monday's Parade.

George Warwick, chairman of the publicity committee, then told the workers how the first day of the drive will be officially recognized. It is planned, he said, to have all the retail stores who are members of the Retail Merchants' Association close their places of business at five o'clock Monday afternoon, to allow the clerks to assemble at King Square. At four-thirty the same afternoon the War Veterans' Band will parade from the corner of Douglas Avenue and Main street to the south side of King Square, and starting at approximately the same hour, the City Cornet Band will parade from Haymarket Square, along Waterloo to Union, along Union to Charlotte and thence to the south side of King Square. Here on an elevated platform prominent speakers will address the public regarding the present drive and it is expected that the initial bond selling will begin right there. As has been the custom at other times, all the steam whistles, sirens, church bells, chimneys and other appliances of the kind will be brought into service to mark the inauguration of the dominion-wide campaign.

Dr. J. B. M. Baxter, K. C., opened his inspirational address with a humorous reference to the failure of the motion picture exhibit, saying that it would be the only accident of the campaign, but that of which he could not say by the past performances and activity of the men present.

Last year, he said, we were all interested in furnishing the funds to finish the war "over there." Today

we are interested in the matter, but the war is "over here"—the theatre of war is now in Canada and every shot fired here, tells now. Before, we had been engaged in furnishing men to down the common foe; now we are required to supply money to pay off the common debt to the men who fought and won in the greatest conflict in the world's history.

He had the privilege, a short time ago, of seeing something of this broad land of ours. He had travelled to Prince Rupert, journeyed down to Vancouver and Victoria, touching the high peaks of the coast and the low levels of the prairie provinces. Here he had seen, at first hand, something of the wealth of lumbering, mining, fishing, shipbuilding and other activities of this new, giant country, and he had passed the many small towns and hamlets which are typical of the community life of the nation.

The chief purpose of the present campaign, he considered, should be unity of effort. There is a large sum to be raised, and this will come mainly from the smaller investors. And in this regard it cannot be overlooked that the nation is but a development of the individual, its advancement depending upon the spirit and effort of the people.

A shaft of sunlight, he declared, falling on the mountain, marks the birth of what may be the mightiest river in the country. Without that tiny drop of water, the river could never come into existence; the great commerce that flows along the bosom of the great waterways, the richness that is brought by such commercial activity, and the comforts of home made possible thereby, are traced directly to the effect of sunlight on the peaks of the snow-capped mountains and hills.

So it is, he remarked, with the small subscription. The individual subscription, no matter how small, is what is needed to make the full volume of the entire loan. And the success of this loan, he pointed out, is the one method we have of showing our appreciation of the work done by the boys overseas during the past years.

Nothing political nor partisan can be attached to the Victory Loan appeal, he said, and showed the circles now issued, which contain the joint endorsement of Sir Robert Borden, premier, and the Hon. Mackenzie King, leader of the opposition. The approval of the present loan, those who stayed back and kept the home fires burning, and to them falls the lot of finishing the work by helping, in the possible, the full rehabilitation of the war-wecked warrior into the community life.

A part of the loan is for land settlement. In the past, before the war, all eyes were turned to the west to the detriment of the proper settlement of the eastern provinces, and in this national policy to get as many men as possible "back to the land" the speaker was in thorough accord.

The snowflake principle, referred to before, applied also to the matter of credits. Dr. Baxter stated that small sums making the great fund with which Canada will fully establish herself on the world markets. All things being equal, Great Britain will give the preference in trade to Canada; there is a strong Imperial feeling in the mother country, and the firms there want to trade with their brothers over here who held the line at Ypres.

A contribution towards the loan should not be looked upon as a gift; we get the security of the whole nation being every bond; in fact the money hardly goes out of one's pocket.

The great point at present is for the farmer to keep at the peak of production—to surpass it if possible. The lumbermen, manufacturers and others to fall in line. If the wheels of Canadian industry are kept busy, we can extend our trade relations not only to Great Britain but to other European countries—the opportunity is ours.

If we do not lend the money to this loan ourselves, said Dr. Baxter, the money to the south of us will be only too glad to take advantage of that opportunity. They have the advantage of discount, can save four per

THE NAVY LEAGUE APPEAL

CONTINUES TODAY

How the Money is Spent

CASE No. 1---A St. John seaman lost his life in a merchant steamer torpedoed by the Germans. He left a widow and four very young children *utterly destitute*. The moment the Navy League heard of this she was given a gratuity; and the case reported to Head Office when she was granted an annuity; and by the efforts of the Navy League, The Shipping Federation, London, gave her a substantial sum now invested with a Trust Company.

CASE No. 2---Another St. John sailor was on a schooner never heard of since sailing. His widow on application was granted a pension.

CASE No. 3---A seaman laid up in Hospital by an accident, his family kept by the Navy League all that time.

Last week a young sailor who had been here in Hospital for weeks was sent to his home in England at the *expense of the Navy League*. Many similar instances can be given.

When the S. S. "Princess Sophia" was lost last year on the coast of British Columbia, *twenty-six sailors' widows were left*, besides numerous children. The Navy League provided for every one of them.

Could money be better spent?

GIVE LIBERALLY to the Ladies today, or SEND YOUR CHEQUE to W. H. Lugsden, Treasurer Canadian Bank of Commerce

Wrestling At The Y. M. C. A. Last Night

McHarg of Business Boys' Class Downed Murray of the Y. M. C. A. in a Good Bout.

An interesting wrestling match took place in the gymnasium of the Y. M. C. A. last night, when McHarg, of the Business Boys' class downed Murray of the Y. M. C. A. in the first bout. Murray showed great aggressiveness and agility, but McHarg's holds seemed to have the greater effect, and after eight minutes of hard work Murray's shoulders touched the mat. In the second bout McHarg had the advantage from the start, and in four minutes Murray was once again the under man. A large number of the boys' friends witnessed the match. Campbell acted as Murray's second, while Angel acted for McHarg. Time-keeper, Innis; referee, Robertson.

Next Tuesday Jennings, from the Business Boys, will meet Donovan, from the Y. M. C. A.

The groups for the season were chosen in the Business Boys' class last night. The following is a list of same:

Innis, Tipday, Allaby, Mahony, Dakin, Glass, Friars.

Harding, Allen, Murphy, Jennings, Longmire, Woods.

McBeath, Clifford, Chase, Nickson, Geary, Kirk.

Frost, Taylor, Stubbs, Corwell, McKee, Ward.

Angel, Ackerly, McHarg, McGeouch, Percious, Dunham.

Lawson, Fitzpatrick, Boyce, Dalton, Trentowsky, Baxter.

HIGH SCHOOL BASKETBALL

The High School basketball games got under way yesterday afternoon when six teams met in competition. The first game proved very close when Jones met Curran. The Jones five went ahead in the first half, but Curran evened up the score and just lost out by one point.

Robertson's team proved to be better on combination and won from Thomas, though the latter checked back hard, and were handicapped of being minus a player.

Robinson's team won easily from Pattison in the final, Wilson at center proving the high score.

Teams and score:

First Game.

Jones, Capt. (5), Hayes, Field, Rock, Curran (4), Holden, Hollis, Smith and Conley.

Second Game.

Robertson (6), Stammers, Lee, Holman, Barlow.

Thomas (4), Wilson, Spangier, Ross, Curran.

Third Game.

Robinson (9), Kee, Wilson, Fritz, Welford, McMuray.

Pattison (2), Johnston, Bond, Porter, Fowler.

Business Boys In Basket Ball

The following schedule has been arranged:

Tuesday, October 28th—Lawson vs. Frost; Harding vs. McBeath; Angel vs. Innis.

Tuesday, November 4th—Lawson vs. McBeath; Frost vs. Angel; Harding vs. Innis.

Tuesday, November 11th—Lawson vs. Harding; Frost vs. Innis; McBeath vs. Angel.

Tuesday, November 18th—Lawson vs. Angel; Frost vs. Harding; McBeath vs. Innis.

Tuesday, November 25th—Lawson vs. Innis; Frost vs. McBeath; Harding vs. Angel.

Tuesday, December 2nd—Harding vs. Innis; Angel vs. Frost; McBeath vs. Lawson.

Tuesday, December 9th—Innis vs. Angel; McBeath vs. Harding; Frost vs. Lawson.

Tuesday, December 16th—Angel vs. Harding; McBeath vs. Frost; Innis vs. Lawson.

Tuesday, December 23rd—Innis vs. McBeath; Harding vs. Frost; Angel vs. Lawson.

Tuesday, December 30th—Harding vs. Lawson; Innis vs. Frost; Angel vs. McBeath.

MT. ALLISON BEATEN.

Charlottetown, P. E. I., Oct. 23.—St. Dunstan's University defeated Mount Allison today by a score of 9 to 6 in a one-sided football match.

The home team had two touchdowns in the first half and one in the second, none of which was converted. The visitors were lighter than their opponents and were at a disadvantage in the scrumming. It was mainly a scrimmage with little open play.

Mild Winter Ahead; Hermit Joe Says So

Kane, Penn., Oct. 20.—"Nuts are thicker'n wood ticks in the Big Woods, but the squirrels are storing' way less of 'em than you town folks is puttin' way taters at \$1.50 an' up a bushel, and you can just bet all the borskins you fellows ain't goin' to get that the Winter'll be a darn mild one," said Hermit Joe of the Big Kinsas to hunters in that neighborhood today.

The old man, who predicts the Winters every year, explained further his reasons for risking his reputation on a mild Winter. The bears this year are mostly starved and light furred, according to Joe, and they are not in a hurry to get their Winter homes, while the fur on small animals indicates to the hermit that the Winter will be light. Citizens say his predictions are true.

Falcons Downed The Sparrows

Interesting Match in Y. M. C. I. Bowling League Last Evening.

The Falcons defeated the Sparrows three points to one in the Y. M. C. I. Bowling League last evening. The details of the scoring were as follows:

Sparrows.		Falcons.	
Nixon	94 79 77 250 33 1/2	Magee	89 86 82 257 35 3/4

BOXING IN HALIFAX.

HALIFAX, Oct. 23.—The Parsons-Hume boxing bout tonight became a free fight and a near riot.

The match, which was held in the eleventh round, Hume, who hails from England, assaulted the referee, William Miller, objecting to one of his decisions. Then Hume and Parsons engaged in a free street fight in the centre of the ring. The police entered and stopped the melee. Hume was bitten on the left eye, and but for the police, would have been very roughly handled. As it was, chairs flew into the ring and there was a tremendous uproar. The decision was given to Parsons, who is a North Sydney man.

The principal bout at the same place was between Johnny "Kid" Herman, of New York and Harry Jones, of Halifax. Herman got the decision at the end of the fifteenth round. It was unpopular, as Jones seemed to have the best of the last round.

LATEST TYPE OF TOURIST CARS

One of the features in Canadian National Railways' Daily Service Toronto—Winnipeg—Vancouver The Canadian National daily transcontinental train, Toronto-Winnipeg-Vancouver made its initial trip from Toronto, with one of the very latest type of steel tourist cars as part of its equipment, the first of an order of twenty such cars in whose construction every point has been considered for the safety and comfort of passengers. This modern type of tourist car has been installed under the seats in the aisles of the car, so that when the ceiling lamps are turned out for the night light may be provided under the seats, the exception being they are upholstered in leather instead of plush.

Electrically lighted throughout, all berths, upper and lower, are provided with berth lamps. A new feature for this class of car is that lamps have been installed under the seats in the aisles of the car, so that when the ceiling lamps are turned out for the night light may be provided under the seats, the exception being they are upholstered in leather instead of plush.

Electrically lighted throughout, all berths, upper and lower, are provided with berth lamps. COMMON COUNCIL MET YESTERDAY

Housing Commission Propose to Erect Twenty Dwellings on Douglas Avenue—Accounts Passed.

At the meeting of the city commissioners yesterday, Commissioner Bullock reported that the housing commission proposed to erect twenty dwellings on Douglas Court, off Douglas avenue. The commissioner of water and sewerage is to report on the matter.

The new schedule of wharfage as submitted by Commissioner Bullock was adopted. There was some discussion in regard to repairs to City road, but no action was taken.

The following accounts in connection with Soldiers' and Prisoners' day celebration were passed: Feeding committee, \$56.16; St. John Globe, \$1.75; St. John Standard, \$2.25; Thades and Labor parade, \$289.68.

MASSACHUSETTS MEN BUY WATER FOR WHISKEY

Ware, Oct. 21.—Whisky swindlers are making life a burden for those in the pastoral precincts of Ware and Palmer who are anxious to acquire a sufficient supply of the liquefied essence of joy against the continuance of the wartime prohibition drouth.

A former Ware man visited the town recently and produced what he claimed was a sample of whisky sold from reaching the spot, and as a result, the trappers on the island have been pling up into Nomo men and Mrs. T. V. Monahan and Mrs. Louis Monahan and Frederick were visitors in the city yesterday.

Hon. H. A. McKeown came in on the Boston express last evening.

THIN PEOPLE NEED BITRO-PHOSPHATE

The average person is beginning to realize more and more that the lack of physical strength and nerve exhaustion (frequently evidenced by excessive thinness) are the direct cause not only of the failure to succeed in life's struggle for the necessities of existence, but also for the handicap in one's social aspirations. Compare the thin, sickly, angular frame with the well rounded form which is usually accompanied by the bloom of health and attractiveness.

That millions of people are conscious of this handicap is evident from the continued appearance in newspapers and magazines of many suggestions proposing various remedies, in food or medicine or exercises, of which might or might not be appropriate for a given case.

Authorities, however, agree that healthy nerve tissue is absolutely essential to a strong, robust body and mind. Weak nerves, weak indicated by a multitude of different symptoms, more immediately and generally result in lack of energy, sleeplessness, irritability, depression, etc., which conditions gradually consume the healthy man, making his receipts \$75 for the water. It is stated the enterprising salesman made \$315, the only expense being the Jug and trucking charges.

LITTLE BITS OF SPORT CHATTER

Jack Murphy, matchmaker of the Wachuset A. C. of Clinton, which is to stage Harry Carlson, the New England lightweight champion, and Charley Sheppard, the ex-army lightweight star, in the main bout of 12 rounds the night of Oct. 25, has completed the rest of his card as follows: Young Blanche, Clinton, vs. Kid Les, Worcester, six rounds; Billy Campbell, Worcester, vs. Joe Kane, Quacy, six rounds; Billy Campbell, Worcester, vs. Frank Ryan, Everett, eight rounds. The tournament has been moved forward from Friday to Tuesday night because of the "Elks" carnival at Clinton.

Pat Moran will now try to emulate the same old stunt of winning two pennants in a row. What is more, Pat appears to have the big chance again next season.

Italy is looking for an American trainer to coach the Italian athletes for the coming Olympic games; but it is going to be one merry Yankee who will go over to Italy and try and show the Italians the American way via the Italian language.

J. R. Patterson showed up well in the University of Pennsylvania Fall handicap meet Saturday. He won the 230-yard dash in 23.3-3s from scratch and was third in the 100, which was won in 16s. A new high-jump prospect was uncovered in A. Pittam, who made an actual jump of 6 ft. 1 in. Pittam comes from the Middle West and competed without any preliminary practice, indeed, he has not contested for several years. He must be a natural jumper.

There is only one Hoppe. The present billiard championship emphasizes a fact that was generally accepted. Still, championships at frequent intervals help the game.

WEEKLY REVIEW CROP CONDITIONS IN NEW BRUNSWICK

Excellent weather has prevailed for harvesting the fall crops. Good progress has been made in getting these crops under cover. The potato crop is practically all harvested. Reports of rot in the late potatoes have come in from all sections of the province. The percentage of rot given varies from five per cent to as high as ten per cent. Those who dug their crop early seem to have escaped loss from rot. The reduction in the total quantity of potatoes produced in the Province, as a result of the rot, will be quite considerable.

The Department of Agriculture Clover Seed HULLER has been operating for the past two weeks. The seed crop is turning out well. There will be quite a quantity produced in the province this year. Prospects are that the supply of seed in Canada will be scarce and the price high.

The turnip crop is being harvested and the yield is well up to the average.

Dairy cattle are reported in demand and selling at a good price, grade cows bringing from \$75.00 to \$90.00. The demand for young pigs is poor. The high price of feed is the reason given for this.

Prediction, Oct. 22, 1914.

ENTERPRISING SALESMAN DELIVERS WET GOODS AT NIGHT AND MAKES \$315.

Ware, Oct. 21.—Whisky swindlers are making life a burden for those in the pastoral precincts of Ware and Palmer who are anxious to acquire a sufficient supply of the liquefied essence of joy against the continuance of the wartime prohibition drouth.

A former Ware man visited the town recently and produced what he claimed was a sample of whisky sold from reaching the spot, and as a result, the trappers on the island have been pling up into Nomo men and Mrs. T. V. Monahan and Mrs. Louis Monahan and Frederick were visitors in the city yesterday.

"It Has Sung Its Way Into the Heart of the Nation"

THREE weeks ago, when we announced the Curtiss Aeroplane, we felt that we had produced a perfect instrument—"The Last Word in Talking Machines."

But—it was for the public to say. They—you—had to be pleased; and you know that if you had been in our position you would have felt the tension—as we did. Judge of our pleasure and pride then at the reception which buyers have given us.

Music dealers who put in a few models reported sales within a few hours. Some were so enthusiastic they wired for more machines the same night. The Curtiss Aeroplane is a success.

Curtiss Aeroplane

It is a success because, first of all, it is a magnificent production from a musical point of view. Second, it is a handsome piece of cabinet making, made with all the skill and precision with which our craftsmen built Aeroplanes for the Allied Governments.

It will play every record and play them a little better than you have ever heard them played before.

If you really want to be charmed by a talking machine go and see and hear the Curtiss Aeroplane. Dealers will gladly demonstrate it to you.

IN FOUR MODELS

Ready For Building Houses Next Spring

County Housing Commission Will Probably Not Build This Year for Fear of Frost Spoiling the Concrete.

The St. John County Housing Commission will probably not build any houses this year. On the sites on which they propose to build in Lancaster concrete foundations will be required, and the architect has advised against doing anything this fall, for fear that frost may come along and spoil the concrete. Members of the commission planned on going to Moncton to investigate the work of the commission there last Saturday, but were unable to do so, and may take advantage of the present week end to find out what St. John can learn from Moncton. The Moncton Housing Commission has made some mistakes, and admits them, but the County Commission hopes to profit by the Moncton's experience.

The County Commission following the advice of the architect proposes to have all plans prepared and arrangements made for starting work early next spring. They expect to build houses to accommodate at least thirty families in the spring. This will take up about half the money which they will be able to dispose of. Meantime some local companies are going ahead with concrete work.

Many Families Without Water

Board of Health Prohibits Use of Water from Two Wells in Millidgeville Which They Believe Are Contaminated.

Commissioners Jones and Thornton were called to Millidgeville yesterday where fifteen or twenty families are without water, except what they can carry from a neighbor's, a considerable distance away. The Board of Health has prohibited the use of water from two wells, that these families have depended on. A lady died of fever in Millidgeville the other day, and the Board of Health has reason to believe the wells are contaminated. Some time ago the city maintained a well with a pump at Millidgeville and it has not been used for a long time. Commissioners Jones and Thornton were asked to visit Millidgeville and see if arrangements could be made to have the well cleaned and a new pump installed.

Commissioner Thornton said last evening that the families had to carry water a good distance, and that their plight necessitated action of some sort.

A report will be made to the city council.

Will Tear Down Old Court House

Tenders for This Work to be Called at Once—Will Consult Local Government Regarding Plans for New Building.

Tenders for the demolition of the Old Court House will be called for. This was the decision reached at a meeting of the building committee of the county council yesterday with Councilman Thornton in the chair. The contractor was asked at the last meeting of the county council, and referred to the committee with power to act. The chairman stated that the Building Inspector had reported that ice and snow during the winter might cause the walls of the building to collapse, and that he considered the structure in its present condition a public danger.

After discussion when the question of repairing the building was again considered and dismissed it was decided to call for tenders for tearing down the walls of the building before the winter sets in in earnest. The contractor will be required to remove the material of the building which he may use or sell as he sees fit.

J. King Kelley, the county secretary, was instructed to communicate with Premier Foster and arrange, if possible, for a meeting of members of the Government and members of the building committee with a view of co-operation in the construction of a new Municipal Building. The idea of the committee is to ask the Provincial Government to assume some proportion of the cost in connection with government offices that might be located in the building, or to enter into an agreement to rent offices in the new building for a considerable time.

The committee adopted a recommendation to have iron bars placed in some of the jail windows, not now so provided in order to prevent in future the escape of prisoners.

AROUND THE CITY

BANK CLEARINGS.
Bank clearings for week ending October 23, 1919, \$3,544,503; corresponding week last year, \$2,062,548.

Y. W. C. A. HOME.
Knox Church congregation, on Wednesday evening, ratified an agreement of sale made with the Y. W. C. A. for St. John's church and manse. The property, as already announced, will be made use of as a girls' gymnasium, and the manse as additional quarters for the girls seeking the privileges of the Y. W. C. A.

A CHANCERY CASE.
The hearing in the case of Lourie vs. John Barnett and Alice Barnett was continued yesterday morning in Chancery, before His Honor Judge Grimmer. John Leonard Barnett and Mrs. Alice Barnett were examined. At 1:30 the court adjourned until today. G. H. V. Belyea, K. C., for plaintiff; J. F. H. Teed for defence.

CHANCERY COURT.
The case of Ellen Collins, widow of Timothy Collins, vs. F. X. Collins, which is entered for hearing in Chancery, is one involving the plaintiff's right of dower in certain property on Charlotte street. The property had been given to F. X. Collins (adopted son) by deed signed by T. Collins and his wife. The hearing also will be to have the court settle the interpretation of certain parts of the will. Teed and Teed for plaintiff; W. M. Ryan and Dr. J. B. M. Baxter for defendant.

ADMIRALTY COURT.
Sir Douglas Hazen, C. J., sitting as Judge in Admiralty, on Wednesday, heard the suit of Wm. H. Sabean, Sheriff street, against the schooner Maggie Alice, owned by J. A. Sabean, for seamen's wages amounting to \$320. The vessel had been arrested. The suit was defended by John E. Moore. The day was taken up in hearing evidence, and the Chief Justice gave a verdict for the plaintiff for \$253. Hazen and Hazen for plaintiff; Barnhill, Sanford and Harrison for Mr. Moore.

NEW SCHOONER.
The four-hundred ton schooner, which has been under construction in J. and W. Bratt's yard at Rexton, Kent Co., is to be launched in a few weeks' time. The ship has been built by A. B. McKay, of Hamilton, Ont., under the supervision of Captain Solery, and is a very staunch looking craft, having a very heavy frame. The masts are now being put in and the schooner will be put in the water practically ready for sea. It is possible that the launching will take place at the end of the present month.

Eclectic Reading Club Has Jubilee

The Fiftieth Anniversary Celebrated at Annual Meeting Held Last Evening—Officers Elected—Canon Armstrong President.

To have flourished for fifty years is quite a record for a reading club and the members of the "Eclectic" were justified in feeling proud of the jubilee which they celebrated last evening.

Mrs. Stetson entertained the club and the subject chosen was the fiftieth anniversary of the establishment of this literary and social organization. Mrs. Malcolm Mackay was in charge of the programme and appropriate readings were given by members who, sitting in the comfort of the period, represented the five decades.

At the close of this series Miss Alice Walker read letters from Dr. George Matthews, who with Mrs. Matthew and Mrs. John McMillan, are the remaining charter members, and from J. S. Armstrong, telling of the early history of the club. It was founded in 1869 by the Rev. James Hill, at that time rector of Trinity church, and among the prominent members were Dr. Botsford, Miss Murray, B. Lester Peters, the Misses Peters; Miss Bessie Matthews and Mrs. de Soyres.

The meetings were at first held weekly, each member giving a reading, later it was changed to fortnightly gatherings, and still later to monthly. The club met at the homes of the members as it does at the present time.

Miss Walker also gave an excellent paper on the Art of Reading Aloud, written for the club by Miss Murray in 1882.

The president, Rev. Canon R. A. Armstrong called upon Mrs. Keator as one of the older members to speak in a resolution. Mrs. Keator referred to the strength that Dr. and Mrs. Matthew and Mrs. McMillan had always been to the Eclectic and said that she wished to make a motion that they be made honorary presidents. This motion was passed by a standing vote. Mrs. McMillan gave a few reminiscences in the name of Dr. and Mrs. Matthew and herself thanked the club.

A birthday cake with fifty candles had a place of honor on the supper table.

Those taking part in the programme were:—

1869—Mrs. W. R. Turnbull; 1879, Mrs. Alfred Morrisey; 1885, Miss A. L. Brock; 1889, Miss Annie Puddington; 1899, Miss Alice Fairweather; 1920—Mrs. Cortland Robinson.

The election of officers resulted as follows:

Rev. Canon R. A. Armstrong, president.
Mrs. Heber Vroom, secretary.
Mrs. Keator, Mrs. George F. Smith, vice-presidents.
Mrs. Malcolm Mackay, Mrs. James F. Robertson, Mrs. John H. Thomson, Mrs. Alfred Morrisey, Richard Hooper, Frank B. Ellis, executive.

Ready For Building Houses Next Spring

The St. John County Housing Commission will probably not build any houses this year. On the sites on which they propose to build in Lancaster concrete foundations will be required, and the architect has advised against doing anything this fall, for fear that frost may come along and spoil the concrete. Members of the commission planned on going to Moncton to investigate the work of the commission there last Saturday, but were unable to do so, and may take advantage of the present week end to find out what St. John can learn from Moncton. The Moncton Housing Commission has made some mistakes, and admits them, but the County Commission hopes to profit by the Moncton's experience.

The County Commission following the advice of the architect proposes to have all plans prepared and arrangements made for starting work early next spring. They expect to build houses to accommodate at least thirty families in the spring. This will take up about half the money which they will be able to dispose of. Meantime some local companies are going ahead with concrete work.

Will Tear Down Old Court House

Tenders for the demolition of the Old Court House will be called for. This was the decision reached at a meeting of the building committee of the county council yesterday with Councilman Thornton in the chair. The contractor was asked at the last meeting of the county council, and referred to the committee with power to act. The chairman stated that the Building Inspector had reported that ice and snow during the winter might cause the walls of the building to collapse, and that he considered the structure in its present condition a public danger.

After discussion when the question of repairing the building was again considered and dismissed it was decided to call for tenders for tearing down the walls of the building before the winter sets in in earnest. The contractor will be required to remove the material of the building which he may use or sell as he sees fit.

King Kelley, the county secretary, was instructed to communicate with Premier Foster and arrange, if possible, for a meeting of members of the Government and members of the building committee with a view of co-operation in the construction of a new Municipal Building. The idea of the committee is to ask the Provincial Government to assume some proportion of the cost in connection with government offices that might be located in the building, or to enter into an agreement to rent offices in the new building for a considerable time.

The committee adopted a recommendation to have iron bars placed in some of the jail windows, not now so provided in order to prevent in future the escape of prisoners.

The Art Club Will Continue Its Good Work In St. John

Annual Meeting Held Last Evening at Club Room—W. S. Fisher Re-elected President—Plans for Coming Year.

The annual meeting of the Art Club was held last evening at the Studio, with a full attendance of members. President W. S. Fisher opened the business of the evening with a discussion of ways and means to promote the usefulness of the club. The secretary read a report of the class work of last season, in the absence of M. V. Paddock, Esq., Art Director. The chairman presented the cheerful report of the Treasurer, Miss C. O. McGovern, that the serious deficit of last season had been overcome and there was a small balance in the bank. There was some discussion regarding increasing the membership fees, but a resolution was passed that members who were willing could form a sustaining class and pay five dollars. A committee will take this matter up. In the absence through illness of V. P. W. F. Hatheway, Mr. Percy N. Woodley, Art Craftsman, gave a very valuable paper on "Commercial Art," making many suggestions along lines which were heartily endorsed by the President, and at its close by the audience. Mr. John Ferguson lent weight to the subject in his practical and characteristically humorous remarks. Rev. Mr. Loweth also gave suggestions of value on the points. A musical programme followed, in which Miss Pauline Biederman, Mr. Smith of Toronto, Mrs. Archibald and Miss Knight took part, and all selections were much enjoyed.

The election of officers was then carried out, resulting, after much lively discussion, in selecting the new board as follows:

Officers For Season 1919-20.
President—W. S. Fisher.
First vice-president—T. H. Kestabrooks.
Second vice-president—W. Frank Hatheway.
Third vice-president—Miss Lillian Hazen.
Art director—M. V. Paddock.
Chairman of art committee—P. N. Woodley.
Recording secretary—Timothy O'Brien.
Corresponding secretary—Mrs. L. deV. Chipman.
Treasurer—J. E. Secord.
Curator—C. H. Flewelling.
Executive council—Miss B. R. Holt, Alex. Watson, Mrs. W. Edmond Raymond, Wm. Brodie, Mrs. J. W. V. Lawlor, Mrs. Henry Page, with four to add as first council meeting.

Very enjoyable refreshments were served by Mrs. W. E. Raymond and Mrs. W. Frank Hatheway, assisted by a number of other ladies.

The general opinion prevailed that the gathering was a good opening of the season, and a complete programme of the course will be prepared and issued at an early date. A large addition to the list of members was handed in and a good deal of interest awakened to put the Club on a more substantial basis, and give it a wider opportunity in the educational field. Much regret was expressed at the retirement of Miss Alice Hagarty from the teaching staff after a dozen years of active, useful work.

An exhibit by Mr. Alex. Watson of new watercolors, some of his best, were examined with pleasure, also an exhibit of Junior Class work of last season, and a fine lot of specimens of local views, photographed by Miss Holt, the art teacher, which she had gathered and colored very beautifully. Amongst the guests were Miss Harrison, of Gondola Point, an artist in interior decoration, and Miss Dowie, of Philadelphia, a miniature painter of note; Captain and Mrs. Malcahy and Mayor and Mrs. Hayes.

derived from serving in the military unit. The majority of those present were going back to civil employment and he hoped that their experience in the army would be an asset in their new occupations.

The remainder of the programme consisted of vocal and instrumental numbers as well as recitations. Those who took part were Sergeant Emma A. Harris, Donald Ritchie and Major Donnelly.

Will Tear Down Old Court House

Tenders for the demolition of the Old Court House will be called for. This was the decision reached at a meeting of the building committee of the county council yesterday with Councilman Thornton in the chair. The contractor was asked at the last meeting of the county council, and referred to the committee with power to act. The chairman stated that the Building Inspector had reported that ice and snow during the winter might cause the walls of the building to collapse, and that he considered the structure in its present condition a public danger.

After discussion when the question of repairing the building was again considered and dismissed it was decided to call for tenders for tearing down the walls of the building before the winter sets in in earnest. The contractor will be required to remove the material of the building which he may use or sell as he sees fit.

J. King Kelley, the county secretary, was instructed to communicate with Premier Foster and arrange, if possible, for a meeting of members of the Government and members of the building committee with a view of co-operation in the construction of a new Municipal Building. The idea of the committee is to ask the Provincial Government to assume some proportion of the cost in connection with government offices that might be located in the building, or to enter into an agreement to rent offices in the new building for a considerable time.

The committee adopted a recommendation to have iron bars placed in some of the jail windows, not now so provided in order to prevent in future the escape of prisoners.

Navy League Drive Quite Successful

Lady Collectors Met With Considerable Success Yesterday and Expect Better Results Today.

The drive for the Navy League commenced in the city yesterday and the ladies of the E. O. E. worked hard collecting for the good cause. They report that they were generally received with a fair reception and while most of the first day the sum of twenty-five cents. It is a fact, however, that the day proved pretty fair and excellent results are expected today.

Among the largest contributors were Manchester Robertson and Allison, Ltd., W. H. Thorne and Co., Ltd., and T. McAvity and Sons, Ltd., with \$250, and others of one hundred dollars.

A luncheon was served in the Seaman's Mission at one o'clock and the collectors will be out again today.

ST. JOHN SOCIETY OF MUSIC.
The organization committee are now busily engaged receiving names of those who desire to become Charter Members. Each member of the committee has been given a certain allotment to make, and from reports received, each allotment is being taken up rapidly. The membership lists will close as soon as the objective is reached, as the number of charter members is limited.

A great interest is being shown throughout the city in the movement, and for the convenience of those interested who may possibly be overlooked by the committee, charter membership lists have been placed in the undermentioned stores, where names will be received:

E. G. Nelson & Co., Louis Green, Amherst Pianos, Limited, Gray & Richey, Poyas & Co., Oak Hall.

At the present time F. A. Dykeman & Co. are showing some very exceptional lines of Crepe de Chine and Georgette Crepe. The Crepe de Chine is selling around \$2.50 a yard, and the Georgette from \$2.75 to \$3.25 per yard. Both of these materials can be had in Black and White and all the leading shades. They are also showing a line of Cotton-back Satin, 24 inches wide, at \$1.30 per yard. This Satin can be had in all the leading colors, and is very suitable for Cushion Tops and Fancy Work.

Special Value in Smoker's Stand

Particularly seasonable in this offering, coming at a time when the smoker's stand is especially useful. This stand is richly finished in mahogany, with heavy glass ash tray, the match-box holder and cigar rests being handsomely nickel plated.

Curlers' Night At Carleton Fair

Members of East Side Curling Clubs Attended Last Evening—City Cornet Headed Parade—The Prize Winners.

Curlers' night at the fair in West St. John proved a drawing card. About 100 members of St. Andrews and Fairle Clubs, attended by the City Cornet Band, proceeded to West St. John to join in the festivity. They took part in the games and spent money freely, while the City Cornet Band played appropriate melodies and everybody joined in the choruses. At the conclusion speeches of a complimentary nature were made by Secretary Morris on behalf of West St. John and by President Wetmore of the Fairle Club on behalf of the visitors.

The door prize, a ton of coal, donated by S. Gibson, was won by Horace Tapley. The air gun prize, a thermos bottle, donated by T. McAvity & Sons, was won by Miss E. J. Beatty. The bean board prize, a silver and cut glass dish, donated by W. T. Gard, was won by Wm. Connors. The excelsior prize, a reading lamp, donated by A. E. Everett, was won by Sulion Robinson. The ten pins prize, an electric torch, donated by W. H. Thorne, was won by Thos. McCauley.

Tonight band's orchestra will be in a audience and another ton of coal will be won at the door.
