CONSERVATIVE AND LIBERAL PARTIES OF POLAND ATTEMPT TO GET CONTROL OF GOVT

Factions Angered Because Pilsudski Refused to Reorganize Cabinet and Admit Others Than Socialists.

THE ATTEMPT WAS UNSUCCESSFUL

Members of Cabinet Arrested and Are Still Prisoners and May be Kept as Hostages.

OPPOSITION LEADERS GET TOGETHER

Prince Sapieha, Aided by 300 Civilians, Heads the Conservatives and Liberals.

Warsaw, Sunday, Jan. 6.—(By the Associated Press, 8 p.m.)—Members of the Conservative and Liberal parties of Poland, under the leadership of Prince Eustache Sapieha, made an attempt, early today, to gain control of the government, because General Pilsudski, the dictator, refused to reorganize the cabinet and admit other parties than the Socialists. The attempt, up to this hour, apparently has been unsuccessful. The day passed without casualties, except for the accidental killing of one soldier who attempted to prevent the arrest of M. Thugut, the Minister of the Interior. One of the measures of Prince Sapieha, who was aided by 300 civilians, was the arrest of Premier Andreas Moraczewski, Minister of the Interior Thugut, Foreign Minister Yelenski, and the chief of police of Warsaw.

It is reported that six members of the cabinet are still prisoners, and may be kept as hostages, although this is denied at the headquarters of General Pilsudski, in the Belleviere Palace. The attempt broke by the occupation of all state offices and the headquarters of the garrison in Warsaw in the Place de Saxe. The headquarters were used by Prince Sapieha and his assistants. His principal military aid was Colonel Janszaris, who had arranged to have several regiments at the disposal of Prince Sapieha. The troops, however, refused to follow him. The central telephone office also was seized.

The plan of the Conservatives and Liberals was to have Pilsudski arrested, but, principally, because the general's chief of staff, Shepitzki, refused to permit the army to be used for political purposes.

After the arrest of the ministers, officers dressed as civilians, went to the Hotel Bristol at 3 o'clock this morning, arrested Col. Shepitzki, and ordered him to go to the Palace de Saxe. When he arrived at the headquarters he ordered the guards to arrest the men who had arrested him. This was done. Shepitzki also told Prince Sapieha that he would not permit the army to take part in political matters.

A group of the opposition forces went to the Belleviere Palace, where they were arrested when they said that they had come to speak with the newly-formed temporary government. General Pilsudski, at five o'clock this evening, went to the Place de Saxe and had a brief and heated conversation with Prince Sapieha, the upshot of which was that the Prince agreed to drop his attempt, provided that his officers and other aides were not arrested.

Prince Eustache Sapieha-Rozanski is 57 years of age, and is an old Lithuanian and Polish family. He is the head of his branch of the House, and is married to Princess Theresa Lubomirka.

It was also promised that the ministers would be liberated. It would appear that Paderewski knew that the attempt would be made and that he went to Cracow in order to be present. General Pilsudski has sent for Paderewski for a consultation with regard to the new cabinet.

DEMobilIZATION MUST BE CARRIED OUT SYSTEMATICALLY

Exceptional Number of Requests for Priority of Return of Soldiers from Overseas Being Received by Militia Department—Cannot be Acceded to Unless Based on Compassionate Grounds.

Ottawa, Jan. 6.—The militia department desires it to be known that an exceptional number of requests for priority of return of soldiers from overseas is being received both at militia headquarters, Ottawa, and at the Overseas Ministry, London, Eng. These requests cannot be acceded to, nor can consideration be given to them unless they are based upon compassionate grounds, and are forwarded and recommended through the various military districts in the usual way. It is pointed out that demobilization must be carried out in a systematic way. If the door is opened to return of those for whom application is made by friends in Canada, in priority to others, the inevitable result will be widespread dissatisfaction, and com-

Delegations Increasing

Paris, Jan. 6.—It appears certain, says the Temps, that Greece and Serbia, the latter comprising the King and the Serbs, Croates and Slovenians, each will have two delegates at the Peace Congress: M. Venizelos, Premier, and M. Politis, Foreign Minister for Greece; and M. Pachitch, the Serbian Premier, and M. Trumbitch, President of the Jugo-Slav committee in Paris, for the Jugo-Slavs.

HALIFAX HAS MORE TROUBLES

Differences Have Arisen Between the Board of Trade and Pilot Authorities.

Halifax, Jan. 6.—There is a difference between the Halifax board of trade and the pilot authorities. Certain changes were ordered in the service and the scale of fees to be charged, which represented an advance of about twenty-five per cent. These have been effective since Nov. 1st. Much of what was proposed was never endorsed by the people here whose interests are affected, and some of it was not put into effect. The board of trade has taken up the matter and made representations to Ottawa, objecting to what was done. Hon. A. C. Maclean wired the board of trade today that he had communicated with Mr. Robb, chairman of the pilotage commission, asking him to proceed to Ottawa to discuss the Halifax situation.

TRIBUTE PAID COL. ROOSEVELT

Senator Dennis of Halifax Eulogizes Ex-President.

Halifax, Jan. 6.—Senator Dennis, who in the Upper Chamber of the Canadian parliament represents the constituency of Halifax, in the course of an eulogy of Theodore Roosevelt, as both the one all-around man of the American people said: "Roosevelt was not only positively minded and loyal to his convictions, he was also the verile American of his day. Vigorous thinking, positive decision, and unswerving undertaking of the task he meant to carry out. These characteristics were pre-eminently Roosevelt's. The man of his time in straight thinking, decision and indefatigable action towards an end, with achievement, he sought in British twentieth century conduct of life and affairs. It is found in Lloyd George, Roosevelt is the Lloyd George of the United States."

"SUFFS" ARRESTED, LODGED IN JAIL

Taken Into Custody for Kindling Fires Opposite the White House.

Washington, Jan. 6.—Six members of the National Women's party were in police court today, for kindling fires opposite the White House, which they intend to keep burning until the Senate passed the suffrage resolution. They were sent to jail after refusing to pay fines. The defendants, who refused to testify, said payment of the fines would be an admission of guilt.

COL. THEODORE ROOSEVELT DIED YESTERDAY AT HIS HOME AT OYSTER BAY

His Death, Unexpected, Resulted from Blood Clot in the Lung—The Personification of True Americanism Was Col. Roosevelt—Life Full of Activity and Achievement—Made Antagonists But None Questioned His Patriotism, His Courage or His Devotion to Duty—The Nation Honors His Memory.

Oyster Bay, Jan. 6.—Col. Theodore Roosevelt, twenty-sixth president of the United States, who died at his home on Sagamore Hill early today, will be laid to rest without pomp or ceremony in Young's Memorial Cemetery in this village, Wednesday afternoon. He will be buried on a knoll overlooking Long Island Sound, a plot which he and Mrs. Roosevelt selected soon after he left the White House.

In the words of the clergyman, who will conduct the funeral services, "America's most typical American" known in every corner of the earth, will go to his grave as a "quiet, democratic, Christian country gentleman beloved by his neighbors."

After prayers at the Roosevelt home, at which only members of the family will be present, the funeral service will be held at 12:45 o'clock in Christ Episcopal church, the little old frame structure where for years the Colonel and his family attended divine worship.

At the request of Mrs. Roosevelt, no flowers will be sent. The altar will be decorated only with laurel placed on it for the Christmas season. Also in conformity with Mrs. Roosevelt's wishes, there will be no music, and no eulogy, but only the simple service of the Episcopal church, conducted by the pastor, Rev. George E. Talmage.

Washington, Jan. 6.—Washington, representing the nation at large, gave the country's regret at the death of Theodore Roosevelt, and its admiration for his character and achievements. Plans on every government building throughout the United States and at every army post and on every naval vessel were ordered placed at half mast.

The senate and house adjourned after eulogies of the former president had been delivered by both Republicans and Democrats and committees had been appointed to attend his funeral.

The supreme court took unprecedented action in adjourning without the transaction of any business. Formal tributes were paid Col. Roosevelt by the executive officials, members of congress and cabinet officers. President Wilson was cabled the news by the executive officers of the White House, and the people of the world. Personal grief was made by men and women, who had been associated closely with the former president during his life. Many touching statements of the seven years of his residence in the White House and members of the diplomatic corps expressed the admiration which the peoples in foreign lands held for him.

The bust of Col. Roosevelt in the Senate corridor was draped in crepe. The National Press Club, where the former president frequently had been a guest and a speaker, postponed its annual inauguration of officers and the frolic to follow, which was to have been a humorous version of the Ver-

FRANCE MAKES STRENUOUS KICK

Will Not Tolerate a Union of German Austria With Germany—German Speaking People Would Have No Place in New World.

Austrian, Jan. 6.—Count von Breckhoff-Rantzau, the new foreign minister, in an interview in the Nord Deutsche Allgemeine Zeitung, declares that Foreign Minister Pichon, of France, had announced publicly that France would not tolerate the union of German Austria with Germany. This stand, the count added, would mean that the German speaking people would have no place in the new world in the upbuilding of which they would like to collaborate. The German foreign minister added: "It is incompatible, however, that the Slav nations should receive the unrestricted right of self-determination, while it is refused to German Austria."

PILSUDSKIE GOVT ENDANGERED

Attempt Was Made at Warsaw to Overthrow the Government by the Conservative and Liberal Parties.

Warsaw, Sunday, Jan. 5.—An attempt to overthrow the Pilsudski government was made in Warsaw today by the Conservative and Liberal parties. Six members of the Pilsudski government are reported to have been arrested, although this is denied at Pilsudski's headquarters. The attempt, apparently, has been unsuccessful, and the only casualty reported is the accidental killing of a soldier.

CANADIAN CREDITS IN FRANCE

Negotiations Were Opened by Minister of Finance With Representatives of French Gov't in United States After Signing of Armistice.

Ottawa, Jan. 6.—With reference to the matter of Canadian credits, to be available for the purchase of commodities in Canada, required for the rebuilding and reconstruction of France, it is stated officially that immediately after the signing of the armistice negotiations were opened by the Minister of Finance with representatives of the French government in the United States, looking to the establishment of such credits. The matter was duly placed before the French government for consideration, and it is expected that the members of the Dominion government now overseas and the representatives of the Canadian Trade Mission, who are about to visit Paris, will be able to complete arrangements as an early date. The government here has had all necessary information as to terms of the proposed credits.

New York, Jan. 6.—Men of national prominence who paid tribute here today to Colonel Roosevelt turned him "the greatest American of his day," a personification of the Americanism which he was the most, doughty champion, "one of the greatest figures of our time, and the last man to claim he was always wise, but always forerunning what he believed right."

The former president, classed in a resolution of the board of aldermen as "the truly typical American of his age" was lauded by Alex. R. Hewitt, president of the Aero Club of America as "depriving the aeronautic movement of one of its strongest supporters."

Frank Vanderlip said it was the colonel's courage, more than anything else, that gave him "the marvelous following" that he had, and more than Theodore N. Vail declared that the colonel's death would cause "universal sorrow, and was a great loss to the country and to the people."

Former Ambassador James W. Gerard described Theodore Roosevelt as "the greatest American of his day," representing "the highest type of the real old fashioned American," whose place would be hard to fill because he understood and represented all the Americans.

"I am deeply shocked," said Thomas F. Ryan. "The country has lost a man who always fought for what he believed to be right, but more than all he was a true American."

John Mitchell, former head of the United Mine Workers of America, now chairman of the New York State Food Commission, said the colonel's "attitude toward industrial and social righteousness had a tremendous influence on the minds and activities of all," and "his death deprives America of a force which it had need of in the solution in the readjustment problems following 'the highest type of the real old fashioned American,' whose place would be hard to fill because he understood and represented all the Americans."

Organizer for the System of Employment Agencies in the Provinces to be Here January 9th.

Ottawa, Jan. 6.—The work of organizing the system of employment agencies in the maritime provinces has been placed in charge of E. McEl, Quirk, of the Canada Registration Board, who leaves Ottawa tomorrow evening and will have a conference with members of the New Brunswick government on the 9th. The Dominion Government intends opening about a dozen employment agencies throughout the maritime provinces, and also one clearing house for labor. The financial burden will be borne by the Federal Government as the Provincial Government of the maritime provinces are not yet able to support it, but it is hoped to secure the co-operation of the municipalities to the extent of obtaining free premises, light and heat, the Government meeting all salary and other expenses. Mr. Quirk will also visit Halifax and Charlottetown, P. E. I.

DISSATISFACTION AMONG THE TROOPS IN ENGLAND OVER DEMOBILIZATION METHODS

The Alleged Unsatisfactory Manner in Which Work is Being Done Causing Ill-Feeling.

DEMONSTRATIONS AT VARIOUS CAMPS

Discontent Particularly Among Men of Army Service Corps Who Were Transferred from Other Units.

OSTERLEY SOLDIERS BROKE CAMP

Drove Through London to Whitehall, Cheering All the Way, and Lined up Outside Ministry of Demobilization.

London, Jan. 6.—The alleged unsatisfactory manner in which demobilization is being carried out is creating ill feeling among the troops in England. In addition to the troubles at Folkestone, Dover and Osterley, the men in other camps, such as Shoreham, Shortland, Beckenham, Grove Park, Sydenham and other places, are making demands for a revision of the system of demobilization.

There has been a good deal of dissatisfaction, particularly among the men of the Army Service Corps, who were transferred from other units, as the corps to which they are now assigned will be the last to be demobilized. Men, who had been promised re-employment by their pre-war employers, are anxious to be released, as they fear that their civil positions will be taken before they get out of the army. On the other hand, those of the men who have seen considerable service are restless because men who have never been out of the country are obtaining their discharges before the veterans.

The soldiers stationed at Osterley broke camp this morning as a protest against their transfer from the infantry to the army service corps. They were accompanied by a large number of men, and drove through London to Whitehall, cheering all the way. They lined up outside the Ministry of Demobilization, while a detachment of the ministry, at the request of the ministry, went to Osterley to investigate the grievances of the men, to whom the promise was given that those who had taken part in the demobilization would not be punished.

FISHER MAYOR OF OTTAWA

Ottawa, Jan. 6.—Harold Fisher was re-elected mayor of Ottawa today for a third term, by a majority of 2,088 over Dr. Rufus H. Parent, the vote standing Fisher, 7,624; Parent, 4,641. There were seven in the field for councilorships, four to be elected. The following were elected: Frank Plant, J. S. Kent, W. P. Champagne, J. W. Nelson.

The new board of aldermen will be made up of: E. Larocque, D. Rise, J. Ballantyne, J. A. Forward, J. D. Derry, C. R. Stephen, Capt. John McKinley, C. G. Pepper, Arthur Ford, W. J. DeLuzon, W. J. Grace, Walter Cunningham, A. W. Desjardines, E. W. Gault, J. A. Pihard, (M. L. A.), W. Guertin, B. Sloan, D. H. McDonald.

Women entered into the contest for school trusteeship for the first time in Ottawa, and fared badly, only one out of four being elected, namely, Mrs. H. Lorn McDougall, widow of the former Dominion auditor, who was elected to the public school board from Dalhousie ward.

CAPT. LANG ARRESTED.

London, Jan. 6.—Captain Lang, the aviator, who on Thursday last established a new airplane altitude record of 30,500 feet, has been placed under arrest by the British army authorities, according to the Evening News today. The captain was arrested, it is said, because of his disclosing without authorization the details of his climb.

BURSTING SAW KILLS FARMER

Prince Albert, Sask., Jan. 6.—Eugene Tait, a farmer in the Macconnell district, was instantly killed, and Selkirk Hanmerman, at whose farm he was working, was seriously but not fatally injured on Saturday, when a circular saw, which they were operating, burst into fragments. MAPPING OUT AIR ROUTE

Washington, Jan. 6.—The four army airplanes, which left San Diego, Cal., on December 4th, on the first transcontinental flight ever undertaken, landed this afternoon at Bolling Field, near Washington. The elapsed flying time for the trip was 50 hours, the distance being estimated at between 2,600 and 4,000 miles. The purpose of the flight was to locate landing places for subsequent transcontinental trips, and to map a regular air route across the southern end of the country.

Assessments Under War Tax

Ottawa, Ont., Jan. 6.—The total amount of assessments, made under the business profits war tax act to date, is over fifty-eight million dollars, of which over fifty-four million dollars have been collected. It is estimated that, by the end of the present fiscal year, about sixty-five million dollars will be realized. This is more than double the estimate made in the budget speech, in which the business profits war tax act was introduced.

CREWS FOR SHIPS HARD TO GET

Abnormally High Wages Fail to Attract Men—Put One Over on Captain of Ida M. Zinck.

Special to The Standard.

Halifax, Jan. 6.—Men for crews of ships are apparently as scarce as ever at the port of Halifax. It is hard to get them for sailing vessels or for steamers, though wages are still abnormally high. The master of the schooner Ida M. Zinck, loaded with cod in drums from Rabin Jones and Whitman for Brazil, is an example of the trouble skippers have in getting crews. He waited for a week, after loading, because he could not complete his crew. On Saturday William Wallace came along, and signed on, getting \$49.50 advance on his wages, because he said he needed the money to buy an outfit. He stayed around till yesterday morning, spending some of the money, but disappeared, and has not since been found. The Ida M. Zinck in consequence had to remain tied up at her wharf where she still is, meanwhile a warrant is out for the arrest of Wallace, who was arrested by the Ida M. Zinck's skipper because he happened also to be a Lunenburg man.

BIG FREIGHTER TURNS TURTLE

Woman and Four Men Met Death as Result of the Disaster.

Tacoma, Wash., Jan. 6.—A woman and four men met death during Saturday night, when the "Merchants" National Steamship Company's freighter, Amazon, turned turtle. Three of the eight persons aboard spent the rest of the night afloat on the upturned hull, fighting the bitter cold, by building a fire on the hull, using pieces of drift wood. The night was clear and no cause can be given for the disaster.

London, Jan. 6.—(Canadian Associated Press)—Canadian graves in France will very shortly be planted with maples. A fine stock of seedling trees has been sent to the Canadian Board, who leaves Ottawa tomorrow evening and will have a conference with members of the New Brunswick government on the 9th. The Dominion Government intends opening about a dozen employment agencies throughout the maritime provinces, and also one clearing house for labor. Paris, Jan. 6.—President Wilson is due back in Paris at 8 o'clock tomorrow morning. There will be no formalities over his arrival, and he will proceed to the Murat residence for a series of conferences, which will begin to give concrete form to the work of the Peace Congress.

Lord Robert Cecil, the British authority on a League of Nations, will be one of the early arrivals in Paris after the President. Premier Lloyd George, if the British cabinet situation permits, is expected toward the end of the week, and Foreign Secretary Balfour is ready to come from Cannes whenever he is needed. Lord Robert Cecil, it is understood, is ready to present a quite definite plan, giving the British viewpoint on a Society of

The inter-allied railway commission of the Rhine Provinces, which issues the regulations, has stipulated that the articles which may be imported shall include necessary material for the operation of factories, all kinds of fuel, and food. Commercial traffic originating on the west bank of the Rhine and consigned to Germany, however, is forbidden.

ANOTHER OPPORTUNITY TO HELP.

One hears the saying: "I'm tired of these tag days," but the people who make remarks like that do not stop to think how tired the sufferers for whom tag days are instituted are of the conditions under which they are living. An appeal is being made today for the Jewish sufferers, and it is an appeal which will not fail unless it is backed by the generous citizens of St. John. The sympathy which has been expressed in a fitting sum of money which will be sent to the Jewish Relief Fund.

There is a Canadian Distributing

Organization of the Jewish Relief Fund, the local officers of which are: President, M. Budovitch; vice-president, Mrs. Grossman; treasurer, Mrs. D. Jacobson and Mrs. Ellman; secretary, Mrs. J. W. Jacobson.

For the tag day, the Daughters of Israel, the Ladies Aid, and the Red Cross Society, are all working with the assistance of every member of the Jewish Community all anxious to assist their suffering brothers and sisters in other lands.

Members of the Y.W.P.A., the Royal Standard Chapter I.O.D.E., the Seven Seas Chapter, and the Royal Arms I.O.D.E., are assisting in this tag day, which will be carried out as usual in the hall of the Jewish Relief Fund, and a street appeal in others.

LOYALIST CHAPTER HAVE MEETING

Plans Made for Annual Revue at Last Evening's Meeting.

A lengthy programme of work was outlined for the members of the Loyalist Chapter I. O. D. E. at their regular meeting held last evening. The Revue, Mrs. Hugh Mackay, presided.

Reports were heard from the committees in charge of the sale given before Christmas which resulted in the splendid sum of \$600. The Revue for the month amounted to \$46 pairs of socks and 4 suits of pyjamas. It was decided to take charge of the Y.M.C.A. canteen at the but at the Exhibition Grounds shortly. The members of the chapter were notified that they had been chosen to meet the next steamer arriving at St. John. It was decided to assist with the Salvation Army tag day on January 23rd.

Money voted was \$200 for the Returning Soldiers' Welcome Committee and a sum of money sufficient to purchase Canadian flags, which will be sent to Major King Hazen for the Siberian expedition.

The latter part of the evening was taken up with a discussion of plans for the annual revue to be held in February, and which promises this year to be better than ever.

FIFTY-ONE MONTHS IN THE SERVICE

Arthur Weatherhead Returns Home After Forty-six Months in Hell-tortured France and Flanders.

After fifty-one months of service in the present war, forty-six months of which were spent in hell-tortured France and Flanders, Arthur Weatherhead is home again.

He was only 18 years old when he was put on the khaki on the 26th of August, 1914, and he has seen and been through some horrible days in the big fight, but he is still the same old, cheerful boy that made him a favorite with the younger set before the war. His clear complexion and rosy cheeks would lead one to suppose that he had spent four years fighting Boches, "cooties," mud, muck, marsh and rain.

He signed up with Lieut.-Col. Frank Chapelle, in March, 1915, then Loos, and after a short training on Partridge Island proceeded to Valenciennes, from which camp he crossed to England with the famous 43,000 "contemptibles," which sailed in September, 1914.

The First Canadian Heavy Brigade stayed at the English training camps until February 10th, 1915, and then sailed for the front. He has seen and lived through one of the most famous of the famous artillery units at the front.

The first engagement was at Neuve Chapelle, in March, 1915, then Loos, then the second battle of Ypres, Vimy, the Salme, back to Vimy, then Passchendaele and then Vimy again. Only one of these Vimy's contains enough experience for a lifetime, but this had just entering manhood went through them all with a laughing and a song. He has seen and lived through them all with a laughing and a song. He has seen and lived through them all with a laughing and a song.

ST. JOHN BOY SCOUT ASSN.

Interesting Meetings Held Last Evening of Executive and General Council—Excellent Reports Received.

A most interesting meeting of the St. John Boy Scout Association was held last evening in the rooms of the "Canadian Boy," 102 Prince William street, with A. C. Skilton, the president, in the chair. Among other reports were: Captain (deputy) Ingleton, District Commissioner; B. C. Waring, Deputy Commissioner; Lieut. Gordon Holder, District Scout Master; Percy Gibson, District Scout Master; Rev. Mr. Appelman; First Aid Instructor Panjoo, and scout masters Hoyt, Olvy, Hopkins, Galley and Goidsworth.

A meeting of the executive was called at 7:30 o'clock when among other matters decided on was that the swimming test would be left in the hands of the district commissioner to arrange. The appointment of official examiners was left in the hands of a sub-committee.

A meeting of the general council was called at 8:15 o'clock, and in the absence of President Skilton, who was obliged to attend another meeting, the chair was occupied by Capt. Ingleton. Reports were received from the secretary, treasurer, the executive committee, the commissioners and scout masters, and all were found to be most satisfactory.

Lieut. Gordon Holder was appointed a District Deputy Commissioner, and he, with Captain Ingleton, who have returned from the front, were welcomed back into the scout ranks again.

Captain Ingleton, in a brief address, spoke of the good work that is performed by the scouts, and urged that the scouts give their best assistance to the Thrift Stamp Campaign.

With the scout members returning from the war, and from the reports from the various troops, the scout movement in St. John promises to be more successful than in previous years.

"Fruit-a-tives" Quickly Relieves this Chronic Trouble.

A most interesting meeting of the St. John Boy Scout Association was held last evening in the rooms of the "Canadian Boy," 102 Prince William street, with A. C. Skilton, the president, in the chair. Among other reports were: Captain (deputy) Ingleton, District Commissioner; B. C. Waring, Deputy Commissioner; Lieut. Gordon Holder, District Scout Master; Percy Gibson, District Scout Master; Rev. Mr. Appelman; First Aid Instructor Panjoo, and scout masters Hoyt, Olvy, Hopkins, Galley and Goidsworth.

A meeting of the executive was called at 7:30 o'clock when among other matters decided on was that the swimming test would be left in the hands of the district commissioner to arrange. The appointment of official examiners was left in the hands of a sub-committee.

A meeting of the general council was called at 8:15 o'clock, and in the absence of President Skilton, who was obliged to attend another meeting, the chair was occupied by Capt. Ingleton. Reports were received from the secretary, treasurer, the executive committee, the commissioners and scout masters, and all were found to be most satisfactory.

Lieut. Gordon Holder was appointed a District Deputy Commissioner, and he, with Captain Ingleton, who have returned from the front, were welcomed back into the scout ranks again.

Captain Ingleton, in a brief address, spoke of the good work that is performed by the scouts, and urged that the scouts give their best assistance to the Thrift Stamp Campaign.

With the scout members returning from the war, and from the reports from the various troops, the scout movement in St. John promises to be more successful than in previous years.

GERMANY MUST NOW INTERVENE

To Protect Her Interests Germans Must Take Energetic Steps Against Bolshevism

London, Jan. 6.—Germany is to take diplomatic and military measures against the Bolshevick government, according to a German wireless message received here today. The official message says: "The advance of the Bolshevick presence in Berlin of M. Iadok (Bolshevick emissary) have brought out a diplomatic state of war with Russia, and military state of war with most of the world. Germany, for the necessity, not for the purpose of pleasing the Entente, but for protecting her own interests, must intervene energetically by taking diplomatic and military measures."

SIMPLE COURAGE AND ENDURANCE OF CANADIANS

Described in Fine Illustrated Lecture Given by F. A. McKenzie. Noted War Correspondent, at Imperial Yesterday.

With the adequate powers of description of the well-trained journalist, F. A. McKenzie, the famous war correspondent, held the close attention of a very large audience at the Imperial Theatre yesterday afternoon. The lecture was given under the auspices of the Women's Canadian Club and those present were thrilled and impressed with the deeds of heroism described by one who was on the spot and who could testify so accurately to the simple courage and brave endurance of our Canadian soldiers.

After the singing of two delightful songs by Signor Guarino, Premier Foster introduced the speaker of the afternoon as a noted war correspondent and a Canadian stating that no doubt he would be able to tell many things which by the censor's orders had been withheld. Premier Foster said that he often wished politicians could have a special correspondent and a censor.

Mr. McKenzie raised a laugh by saying that he was glad to know there might be such a position awaiting him in time to come and hoping he could fill it satisfactorily.

He began his talk by telling of the cases there might have been found for depression last March and the changes which took place six weeks later. His first pictures showed the airships which he said had become the symbol of safety in Great Britain and the following scenes pictured the ruins of once prosperous cities and villages. The fact was noted that while churches were almost totally destroyed the cross still stood and this had been taken by the soldiers as a sign of the permanence of what the cross stands for.

Stories of the happenings about Ypres and Amiens were of intense interest and in speaking of those towns Captain McKenzie explained the reason for the people leaving their homes—the fear of German fire-breathing shells and some for old men, boys and young women.

Contrasted pictures of the Canadians at Salisbury Plains and the soldier of today brought forth the remark that however much the equipment had improved the spirit of the men of the contingent was no more than that it is not bettered.

A remark of a Canadian after a heavy battle told of the cheerfulness of the men. This soldier said: "Do you think we're down-hearted because Fritz has given us a nasty slap in the face? Not half. We're just getting ready to hit him back."

Many times the speaker testified to the courage, endurance and cheerfulness of our men, illustrating by incidents and said that it had deceived the enemy and had won many a victory.

References of the Canadian generals, beginning with Sir Arthur Currie and sketching in a few words the characteristics of each leader proved most

LOYALIST CHAPTER HAVE MEETING

Plans Made for Annual Revue at Last Evening's Meeting.

A lengthy programme of work was outlined for the members of the Loyalist Chapter I. O. D. E. at their regular meeting held last evening. The Revue, Mrs. Hugh Mackay, presided.

Reports were heard from the committees in charge of the sale given before Christmas which resulted in the splendid sum of \$600. The Revue for the month amounted to \$46 pairs of socks and 4 suits of pyjamas. It was decided to take charge of the Y.M.C.A. canteen at the but at the Exhibition Grounds shortly. The members of the chapter were notified that they had been chosen to meet the next steamer arriving at St. John. It was decided to assist with the Salvation Army tag day on January 23rd.

Money voted was \$200 for the Returning Soldiers' Welcome Committee and a sum of money sufficient to purchase Canadian flags, which will be sent to Major King Hazen for the Siberian expedition.

The latter part of the evening was taken up with a discussion of plans for the annual revue to be held in February, and which promises this year to be better than ever.

NATIONAL BALL COMMISSION MET

Session in Cincinnati Yesterday—Request for Change in the Draft Provision of National Agreement.

Cincinnati, O., Jan. 6.—Requests that change be made in the draft provision of the national agreement, as well as in the provision concerning optional agreements on baseball players, were made by the National Association, which is the chief business before the national baseball commission here today. Following the meeting, requests by A. L. Tarnsey, president of the National Association, and chairman of the committee, the commission promised to see that the matter was presented before the joint meeting of the National and American Leagues at New York on January 16. The request was made in the form of a resolution which would be adopted if approved.

Before the commission adjourned the following points were issued: "The commission is asked to see that the draft provision of the national agreement, as well as in the provision concerning optional agreements on baseball players, were made by the National Association, which is the chief business before the national baseball commission here today. Following the meeting, requests by A. L. Tarnsey, president of the National Association, and chairman of the committee, the commission promised to see that the matter was presented before the joint meeting of the National and American Leagues at New York on January 16. The request was made in the form of a resolution which would be adopted if approved."

THE NEW THEATRE

Rumor has settled upon the site for the new Allen Theatre, which it is said will be situated on Charlotte St.

Rumor has settled upon the site for the new Allen Theatre, which it is said will be situated on Charlotte St. The Halifax site is definitely decided upon, it is stated, and it is also said that the project management is being approached with a view to buying or leasing that theatre. The management of the Imperial says that that business, now owned by A. P. Albee, will remain in his hands.

Already Messrs. Allen control a string of theatres across Canada, starting in the far west at Toronto, in Quebec city, where they have recently acquired a lease of the Auditorium. They have two new theatres in Toronto, two in Ottawa and one new one in Westmont, Montreal.

Mr. Rothenberg, financial representative of the Allen interests, has been in the maritime provinces for several days arranging for sites to build and making leasehold arrangements for additional houses in New Glasgow, Moncton and Sydney. This scheme would give a chain of five houses in the maritime territory, two of which would be new buildings—Halifax and St. John.

Another splendid address was given by F. A. McKenzie in the rooms of the Red Triangle Club last evening. The subject was "How Britain Saved the Day," and the speaker pointed out in an eloquent manner the glory of the British army and navy, their magnificent achievements and sacrifices. His audience were enthusiastic and the talk and excellent pictures were greatly enjoyed.

Mrs. Kahring presided and introduced the lecturer. At the close a well worded vote of thanks was made by A. O. Skilmer, seconded by Judge J. D. D. The speaker's address was given by Mr. McKenzie, which was for the benefit of the Returned Soldiers' Reception Committee.

POWERFUL SERMON

BY DR. J. A. MORISON

Large Attendance at Opening Meeting of Week of Prayer in Charlotte Street Church.

The week of prayer in the Charlotte Street Baptist Church, West Side, of which the Rev. J. H. Jenner is pastor, opened last evening and was well attended. The feature of the opening night was the powerful sermon given by Dr. J. A. Morison, of the First Presbyterian Church, West Side.

The reverend doctor spoke as his theme, "The Divine Challenge to the Church at Home."

In the course of his remarks he mentioned that the word church was derived from two separate and quite distinct words, the first of these was "Ecclesia," or in translation alluded to the called out people of the church; the second "Kurios," the masters or lords of the militant church. This, the reverend doctor explained by the existence of laity and clergy, two quite distinct and separate forms of church worshippers. Continuing he alluded to the church which was not as other personal societies in existence for many aims, but to work in union for the salvation of the multitudes, and the machinery of the church was not to be extracted and utilized according to the dictates of man—but according to the express dictates and limitations of the Creator.

Doctor Morison delivered his sermon in that characteristic manner as is typical of him, and yet it did not lack a measure of jocularity, as he placed the matter in its truer sense before a congregation which were deeply interested in his discourse. At the conclusion of Doctor Mori-

SERIOUS SITUATION IN GOLD PRODUCTION

Washington, Jan. 6.—Elimination of the excess profits tax on gold mining, and the privilege of free exports and of sale to manufacturers, as means of stimulating gold production, were recommended in a report today of the special committee appointed by Secretary Lane to investigate the causes of the decline in the output.

The chief cause given by the committee for the falling off in output was the increase in operating costs from 51 cents for a dollar's worth of gold in 1914 to 75 cents in 1918.

The present decrease in gold production is serious, the report says, as the maintenance of a sufficient gold reserve is essential to "our national finances and credit."

HARTLAND

Hartland, N.B., Jan. 5.—C. D. Smith, of Fredericton, who is working with Professor Stiles on the survey for a new bridge, narrowly escaped from a tragic death on Wednesday morning when he fell from the top of a pier into an air hole below. Rising to the surface he grasped the edge of the ice, which was solid enough to hold him in the meantime. Frank, who was also working with the survey party, ran for a wire cable, which had been left for one of the spans last summer by the river drivers. Together, Mr. Day and Prof. Stiles succeeded in drawing it in reach of Mr. Smith, who was a few minutes later landed safely upon the ice. The current around the pier is generally pretty swift and it is a wonder that the unfortunate man was not sucked under by the force of the water. On the other hand, had he struck the hard ice he would have received serious injuries, possibly death itself.

Mr. George Stevens, of Camp Devens, Mass., paid a flying visit to his parents, Mr. and Mrs. Charles Stevens, on Wednesday. He left the next evening for McAdam.

Mr. and Mrs. B. N. Shaw, of Highland Farm, Victoria, are spending the winter in Boston with their son, Dr. Arthur Shaw.

Miss Helen Plummer, B.A., returned on Tuesday evening for her parental duties in Quebec City.

On Dec. 28th at the home of the Misses, Jennie Belyea, of Lower Windsor, was united in marriage with Charles Ebbott, of Simonsville, by Rev. J. M. Malloy. They will reside at Simonsville.

Mrs. Fred Thornton has moved for the winter to the home of her parents.

BATTLE STARTING OVER PROHIBITION

Antis in United States Are Uniting in an Attack on the Constitutionality of the Prohibitory Amendment.

Washington, Jan. 4.—It is estimated by congressmen opposed to National Prohibition that it will cost the government more than \$20,000,000 annually to enforce the bonedry laws on "wet" communities which are unsympathetic with such legislation, says a special from Washington to the New York World.

Questioned by Representative J. Hampton Moore of Pennsylvania, Daniel C. Roper, commissioner of Internal Revenue, when asking for more money for his bureau, admitted that he required more revenue officers for "dry" than "wet" territory.

"When asked by me if the number of field agents in the revenue service could not be reduced after prohibition becomes effective," said Mr. Moore Thursday, "Mr. Roper answered: 'We will not reduce, but increase the total number of revenue employees. We are using a considerable number of people now to see that whiskey is not manufactured and sold in an illicit way.'"

"I asked Mr. Roper if the liquor business went out or became unlawful in a state, what further use he had for revenue officers. He answered: 'I do not know how many of such officers we would need to police and properly administer a national prohibition law, but I should say a considerable number of officers would be needed for the purpose. The real secret of the successful administration lies not in the number of officers employed to administer it but in the attitude of the public.'"

"Then we save nothing, so far as your bureau is concerned, by prohibition," I said to Mr. Roper.

Big Battle Starting.

A great fight is breaking over the Prohibition law, the distilled spirits people and the brewers and wine makers will unite in an attack on the constitutionality of the national Prohibition amendment. They will insist that the Constitution makers did not intend any such amendment should be adopted and that Congress did not properly adopt the resolution submitting it.

It is believed by experts in the enforcement of Prohibition laws, in "wet" territory it will take more than 100,000 men to keep within decent bounds the moonshiners, blind pigs blind tigers and bootleggers. This is based on the assumption that there are 500,000 families in the United States who will illicitly manufacture liquor if they can escape detection. It will require at least one revenue officer to every such family.

While the storm rages the brewers are sitting absolutely tight, determined to make no moves until the required number of states shall have ratified the constitutional amendment.

The brewers' organization has the opinion of several eminent authorities of the Constitution that that instrument contemplates no such revolutionary change in personal habits and morality being made through it and that furthermore the amendment was improperly submitted by Congress.

Not Revolutionary Change.

Everett P. Wheeler, the brewers' attorney, has made the point that when the Constitution provides for amendments it does not mean revolutionary change.

"But now the Prohibition Amendment proposes to subvert the American principle of local self-government," he declared. "Democrats and Federalists agreed that this was fundamental; we thereafter have had the Union without it. Chief Justice Marshall said: 'No political dreamer was ever wild enough to think of breaking down the lines which separate the states and of compounding the American people into one common mass.' The Prohibition Amendment would make the change by the vote of 36 states, each casting one vote. Nevada has a population of only 108,738, yet its vote would count for as much as that of New York with a population of over 10,000,000."

Although certain brewers assert they intend to lose grain worth millions through operation of the order stopping brewing Dec. 1, the brewery

HEART PALPITATED Could Count Every Beat.

When the heart begins to palpitate, it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over your whole system, accompanied by weak, fainting and dizzy spells.

When the heart gets into this condition, you become weak, worn and miserable, and are unable to attend to either social, business or household duties.

Milburn's Heart and Nerve Pills will give prompt and permanent relief to all sufferers from any heart weakness or nerve derangements.

Mrs. Walter Greives, Aspley, Ont., writes: "I had been run down, and doctors told me I was anemic, but did not help me with their medicines. I could not sleep nights, my heart palpitated so, and I could count every beat."

I used to have such dizzy spells I would have to go to bed. I was not able to do any work for eight months. A cousin of mine had taken Milburn's Heart and Nerve Pills and told me what they had done for her. I took eight boxes of them, and now I am able to help every day with the work. I am so thankful to tell others what they have done for me, so that they may try this great and wonderful remedy. I hope this may prove good to some one who is suffering the way I did."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

\$40,000 IN JEWELS LOST IN FIRE

Suntaug Inn at Lynnfield, Mass., Destroyed—Loss on Buildings \$100,000.

Lynnfield, Mass., Jan. 5.—Jewels valued at \$40,000 were lost by the burning of the Suntaug Inn here early today. They were the property of Mrs. Sora Engleton, the owner of the inn, and were locked in her room on the second floor. The loss on the buildings, all of which with the exception of the servants' quarters were burned, is estimated at \$100,000.

The fire started, apparently, on the second floor around a fireplace chimney. Only a few guests were in the house at the time and these, as well as the employees, escaped uninjured.

The inn, situated on the shore of Lake Umbagog, has been famous for years as a dining resort for automobile tourists. It was elaborately furnished, the original portion of the inn was built in 1865, and there had been several additions.

LOCH LOMOND

Loch Lomond, Jan. 3.—The picnic and dance which was held in the Agricultural Hall here on Monday evening proved a grand success.

William Jordan, who is a student at Windsor College, N. S., is spending his holidays at his home here.

John Jordan of the Royal Flying Corps, is spending a short vacation with his parents, Mr. and Mrs. Thomas Jordan, after an absence of six years.

Miss Alice Russell of St. John spent a few days among friends here.

Miss Margaret Johnson of St. John is spending a vacation with her parents here.

The Christmas tree which was held in the hall on New Year's night by the Rev. C. W. Pollett, was thoroughly enjoyed by the children. After distributing presents, candy and fruit from a well laden tree coffee and cake were served and the happy gathering broke up by singing "Auld Lang Syne" and the National Anthem.

Are your hands chapped, cracked or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chiblain, or a "raw" place, which at times makes it agony for you to go about your household duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin. Anoint the sore places straight, unable to get relief from anything. Zam-Buk's rich healing essences will sink into the wounds, end the smarting, and will heal quickly.

Mrs. Yellen, of Portland, says: "My hands were so sore and cracked that it was agony to put them near water. When I did so they would smart and burn as if I had scalded them. I seemed quite unable to get relief from anything. I put on them until I tried Zam-Buk, and it succeeded when all else had failed. It closed the big cracks, gave me ease, soothed the inflammation, and in a very short time healed my hands."

Zam-Buk also cures chafing, rashes, winter sores, ulcers, scalding from hot liquids and acids, abrasions, stings, ringworm, skin eruptions, and other ailments. It is a sure cure for chapped and cracked lips, and for dry, cracked feet.

Zam-Buk

organization is making no effort toward having the order rescinded. They take the position that as this was called a war necessity, as was the rider to the Agricultural Appropriation Bill that bans liquor from the move.

In this connection it was stated Monday that all the government agencies, the Food, Fuel and Railroad Administrations and the War Industries Board, recommending the order are now willing the Dec. 1 ban should be lifted, but have so far made no recommendation to the President, who, as author of the order is the only one empowered to cancel it. It is reported, however, that Chairman Bernard M. Baruch of the War Industries Board will lay the whole situation before the President and that action may result when the Executive is informed that the agencies recommending the stopping of brewing see no further need for it. In that case the breweries could resume operations at least until July.

GROWING DEAF WITH HEAD NOISES? TRY THIS!

If you are growing hard of hearing and fear Catarrhal Deafness, or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parmitin (double strength) and 4 to 6 pint hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Closed nostrils should open, breathing become easy and the mucus stop dripping from the throat. It is easy to prepare costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

WHERE COLDS STRIKE

The throat, breathing passages and lungs are the weak spots at which colds strike. And these are the very organs most difficult to treat, because only a breathable remedy is capable of reaching the trouble spots there.

Peps provide a breathable remedy and their superiority over remedies which are swallowed into the stomach is therefore obvious. For convenience, this breathable remedy is condensed into tablet form. To take the treatment, merely dissolve Peps in your mouth, and the medicinal vapor that is released is carried by the breath to the respiratory organs of the breathing passages and lungs, heating, soothing and strengthening every part where the bitter comes in contact. At the same time, by destroying all disease germs, this breathable remedy prevents the development of colds, coughs and serious chest trouble.

Carry Peps with you, and when you go from an over-heated building to the bitter cold of outdoors, put a tablet in your mouth. Also as a protection against germs, keep a Peps in your mouth, when breathing the impure air of a crowded theatre or store.

For colds, asthma, or chest troubles, which have already developed, Peps is equally available also for bronchitis, sore throat, laryngitis, etc.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried poppy, bicarbonate, soda, drugs and kelp. These things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisulphated magnesia—the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisulphated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated, heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you use a little bisulphated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to flow and moreover, the continued use of the bisulphated magnesia can insure the stomach in any way so long as there are any symptoms of acid indigestion.

The Best Cough Syrup Is Home-made

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plain, warm cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a 16-oz. bottle, pour 2½ ounces of Pinex (50 cents worth); then add plain granulated sugar syrup to fill the bottle. Or, if desired, use clarified molasses, honey or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you 16 ounces of better cough remedy than you could buy ready-made for five times the cost.

It is really wonderful how quickly this home-made remedy cures a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated extract of genuine Norway pine extract, and has been used for generations for throat and chest troubles.

Avoid disappointment by asking your druggist for 2½ ounces of Pinex with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

PASSENGERS HAD NARROW ESCAPE

Albert Donaghy of Exhibitors' Association Film Company Was on Wrecked Train and Tells Experience.

Albert Donaghy, of the Exhibitors' Association Film Company of St. John, was a passenger on board the train which was wrecked on the way to Sydney, C.B., recently. Mr. Donaghy told The Standard representative that the passengers had a very narrow escape from serious injury as had the accident occurred twenty-five yards further on the whole four cars would have been overturned and rolled down a steep embankment. Four cars went off the track but beyond a shuffling up no person was hurt. The Pullmans were full and the passengers were thrown out of their berths. There were four infants on board the train who were not even scratched. The accident happened at 2:30 in the morning, and the train was delayed fourteen hours in reaching Sydney in consequence. Mr. Donaghy returned to the city yesterday.

THE EVANGELICAL ALLIANCE MET

Session Held Yesterday Morning in Y. M. C. A.—Officers Elected and Address Given by Dr. Farris.

The Evangelical Alliance met yesterday morning in the Y. M. C. A. with the Rev. W. H. Sampson in the chair. There was a large attendance of preachers. The secretary read the annual report, stating that all bills had been paid and that there was a small balance on hand. The election of officers resulted as follows: President, Rev. F. S. Dowling; Vice-President, Rev. S. S. Poole; First Vice-President, Rev. Nell MacLachlan; Second Vice-President, Rev. W. H. Sampson; Secretary-Treasurer, Rev. J. C. B. Appel.

Rev. J. C. B. Appel was re-appointed as chaplain at the Boys' Industrial Home. Dr. Hugh A. Farris, of the County Hospital, was present and spoke to the meeting regarding the duty of doing educational work to stamp out tuberculosis. He said it was both curable and preventable, a child disease which can be overcome by proper treatment, sunlight, cleanliness, proper feeding and avoidance of overwork.

The danger to adults was in allowing the body to grow entangled, so that the bacilli already in the body developed. On motion it was decided to appoint the fourth Sunday in January as Tuberculosis Sunday, on which day ministers will be asked to speak to their congregations regarding the fight against this disease, its prevention and cure.

At the request of Sir Douglas Hazen these present were called upon to assist in the Thrift Stamp movement, and members expressed themselves as thorough sympathy in being willing to help in every possible way by calling attention to this campaign.

NASHWAAK PULP AND PAPER CO. MAY REMOVE FROM ST. JOHN

Plant Closed Since November When Workmen Asked Increased Wage — General Manager Senator Jones Had Conference With Marysville Town Council Yesterday — Plant May be Removed There if Satisfactory Arrangements Are Made.

Owing to a higher scale of wages demanded by the workmen of the Nashwaak Pulp and Paper Company, Limited, at Union Point, Fairville, and which the company felt that they could not give, this large and extensive plant has been idle since last November.

At present it looks as if the shutting down of this plant and other reasons will prove a serious matter for the city, and the plant will perhaps be removed to Marysville.

Mr. Jones, the General Manager of the company, left for Fredericton on the early train yesterday morning, and during the afternoon he had a conference with the town council of Marysville for the purpose of trying to arrange details between the town and the company for a location there.

Mr. Jones declined yesterday to make any public statement as to his company's plans, beyond admitting that the proposal to remove their mills from St. John to Marysville was actually under consideration, and his visit to Marysville was with that point in view. The result of the conference with the Marysville Town Council will be submitted by Mr. Jones to the directors of the company and upon their decision will hinge the action to be taken.

THE WAR SAVING STAMP AND THRIFT STAMP CAMPAIGN

Enthusiastic Meeting Last Night Addressed by Sir Douglas Hazen—Captains Appointed for Wards and Districts.

A very enthusiastic meeting was held in the Board of Trade committee rooms last night, when fifty representative business men and citizens were addressed by Sir Douglas Hazen on the War Savings Stamp and Thrift Campaign.

M. E. Agar was in the chair, and J. G. Berry was appointed secretary. It was moved, seconded and passed, that the county be divided into districts, and the city into wards, and the campaign be conducted somewhat along the same lines as followed by the organizers of the Victory Loan campaign. The following are the captains appointed for the respective wards and districts:

F. T. Lewis—Sydney. Charles S. Doyles—Brooks. H. S. Mays—Guys. G. W. DeForest—Dukes. W. A. Lockhart—Queens. G. H. Smythe—Kings. Henry Finnegan—Prince. Wm. Ryan—Wellington. J. L. Thomas—Dufferin. T. A. Linton—Victoria. George Hilyard—Lansdowne. Usher Miller—Lorne. Chas. T. Green—Stanley. Coun. J. T. O'Brien—Fairville. Joseph Tilton—Beaconsfield. W. E. Bentley—St. Martins. E. S. Vaughan—St. Martins. Morris Tutts—Salmon River. W. F. Burdett—East St. John. Magistrate H. G. S. Adams—Brookville. B. B. Jordan—Loch Leonard. T. B. Carson—Black River. Coun. Fred Thompson—Musquash parish.

On motion of the Hon. J. B. M. Baxter, it was decided that the captains meet Thursday night at eight o'clock in the Board of Trade, at the Prince William St., to select a chairman and complete their organization. L. C. Groat, of the C.P.R. system, was present, and promised his hearty co-operation.

At the meeting the greatest enthusiasm was displayed. Most of the audience was composed of those who had heard the address on W.S.S. and Thrift Stamps by Sir Douglas Hazen before the Board of Trade, and his remarks were more on the constructional features of the work and the details of the organization rather than a general talk or explanation.

THERE'S TO BE A GLAD SOME BARGAIN LIST FOR EVERY BUSINESS DAY IN JANUARY. Easily to be demonstrated is the fact that this business institution is offering to its patrons daily in every department merchandise of a quality that is in keeping with the tradition of the business at prices substantially less than the same goods can be bought from manufacturers who are recognized as leaders in their lines.

This condition is due largely to the foresight and enterprise of our organization, and in a measure to our faith in our country and its people to keep the wheels of commerce revolving. PRICES CANNOT BE LOWER FOR SOME TIME TO COME—THEY ARE GOING HIGHER, especially where production has to stand the present high manufacturing costs.

PULP AND PAPER HANDLERS' UNION HOLD A MEETING

Over Hundred Men Who Are Out on Strike Assemble in Fairville Hall Last Evening — Addressed by Organizer Henry W. Morris and Other Labor Leaders.

A meeting of the Pulp and Paper Handlers' Union was held last evening in the Temperance Hall, Fairville. This meeting was called solely for the purpose of listening to the address of Henry W. Morris, of the American organization of Pulp and Paper Handlers' Unions, who is organizer in the United States and who came east to investigate the demands of the local Union men.

About one hundred men gathered in the hall, and Mr. President of the Union, James Hanlon, presided. After outlining the struggles of the local organization with their employers, he introduced Mr. Morris in many of his remarks the speaker alluded to the difficulties to be overcome in any organization which was up against capital, and especially the Pulp and Paper Handlers' Union, whom he cautioned to act slowly, demand their just rights, and stick out for their demands.

Other speakers were Michael Donovan, business agent of the Longshoremen's Association; Frank Freeston, of the Coal Handlers' and Trimmers' Union; Gus Langbein, of the Longshoremen's Association, and John O'Brien, of the Plumbers' Union.

It was pointed out that the men of the local Pulp and Paper Handlers' Union were organized in the early autumn, and a set schedule of wages were made out which was to govern all men employed in pulp mills. An executive of five members waited on the general manager of the Nashwaak Pulp and Paper Company, requesting that he would act on the wages they were taking, and then presented the tentative schedule to him, for sanction. He, in turn, they state, ignored the demands of the men, and even failed to acknowledge the new Union.

The executive, on reporting back to the Union the result of their mission, the Union voted to go on strike, at the same time notifying their employers, and that they reconsider their former decision. Thus it is that the present struggle is on. All other labor organizations are standing behind the actions of the new Pulp and Paper Handlers' Union, and will stick until the Union men gain a just amount of wages, and until the employers meet the expenses of the day.

On Sunday afternoon next it was announced that a special meeting would be held in Fairville, relative to the organization of the women workers and daughters of the working men, so that in the future they purchase only Union goods bearing the Union mark. The men of the Union have, to demand those goods bearing Union trade marks.

7TH BATTALION ANNUAL DINNER

Over Seven Hundred Men Enjoy Excellent Christmas Banquet Last Evening—Fine Programme Followed—Address by Brig.-Gen. Macdonnell.

The annual Christmas dinner of the 7th Battalion, Canadian Expeditionary Force, was held in the barracks last evening and proved most excellent in every respect. About seven or eight hundred men and their families were given a banquet composed of turkey (with all the trimmings), plum pudding, fruits, etc., and the non-commissioned officers, Lieut.-Col. Wedderburn, O. C., presided, and all present listened with great attention to an address from Brigadier-General Macdonnell, who after wishing all present the best of luck for the new year, complimented the men on their fine appearance and the clean and excellent manner in which they kept their quarters in general.

He said that some of the men had been unable to go overseas on account of the armistice having been signed, but there was still plenty of important work to be done here for some time to come. They are greatly needed and could not be demobilized as long as the war continues. The battalion regimental band rendered a number of choice selections during the dinner, and the drum and bugle corps was also heard to advantage. After the dinner the men enjoyed a fine program of songs, instrumental selections, recitations, and sang choruses and spent a happy evening.

The new vaudeville programme opening at the Opera House this afternoon, an entire change from the programme of Friday, Saturday and yesterday, offers five new features, including the famous Manon Four, a quartette of grand opera singers direct from New York, in a high class vocal feature. Bobby Mack, comedian and story teller; The Renzettes, an Irish trio in comedy; Jugling; Watson's Comedy; Dog Circus, with fourteen clever doggies in a delightful treat for the kids and the grown ups; Henry Myers in Parktown sketches; and a good comedy picture.

This afternoon at 2:30—this evening at 7:30 and 9. Popular prices.
