## DALHOUSIE WINS FROM BATHURST

By Margin of Two Points Stewart Cup Goes to Dalhousie.

On Friday night before one of the largest crowds that ever witnessed a curling game at the Shiretown Dalhousie defeated Bathurst by a score of 81 to 29 thereby winning the "Stewart Cup" which is played for each year by both towns. Bathurst brought up two of its strongest rinks in the former rink and won out by a score of 18 to 13. On the other rink, however, both teams fought desperately for the lead right up to the last. Dalhousie won by a score of 19 to 11. Their total in the two rinks game them a victory over their opponents, the final score as stated above being 81 to 29.

Owing to the fact that the "Limited" was late play did not start until 10.30. By that time the ice was in good condition. Both Dalhousie rinks did some splendid curling, while Bathurst played its usual good game. Below is a summary of those who participated:

Dalhousie	Bathurst
S. L. T. Clifford	Bill Kingston
Jas. Gould	C. W. Ellis

## D. CHAMPOUX WAS INTERVIEWED

Enthusiastic About Bridge Across Restigouche—The Lumber Business

The Quebec Telegraph of a recent date has the following interview:— That the lumber business is at present at a very low ebb and even lumbermen are unable to predict when an improvement will begin, is the statement made by Mr. David Champoux, president of the Campbellton, N. B., Board of Trade, manager of the Chaleurs Bay Mills and secretary-treasurer of the Matapedia Lumber Company, who, with his wife and daughter is at present staying at the Chateau.

Mr. and Mrs. Champoux and daughter are leaving on a three months' trip on Thursday next to France, Italy, Belgium and England. They will return to Canada in May next. They leave for Montreal to-morrow from whence they will go to New York and embark on La France.

Mr. Champoux was disinclined to discuss the lumber situation at all. The business is very bad he states, and at present there are no signs of improvement. The reason why, he cannot tell. When it will improve he has no idea.

He was much more enthusiastic, however, in discussing the necessity for the interprovincial bridge between Quebec and New Brunswick, stating that anyone who knew the country there could not fail to endorse the project. A delegation of Campbellton residents, he states, will wait on the Quebec government to-morrow in an endeavor to rouse more interest in the project and to point out the great mutual advantage that would result to both provinces by the erection of the bridge.

It would appear that it is proposed to divide the cost between the Dominion, Quebec and New Brunswick, the Ottawa Government to pay half and the two provinces each 25 per cent of the cost. New Brunswick, he states, is ready at any time to put up her share of the cost and he hopes that as a result of the delegation meeting with the Quebec government that this province will feel the same about the project.

Mr. Champoux denies the rumor, that he has disposed of his timber limits in Quebec and states he has no intention of doing so. His visit to Europe is in no way connected with business.

Mr. Champoux has varied interests in Nova Scotia and Quebec. He is manager of the Chaleurs Bay Mills, secretary of the Matapedia Lumber Company, secretary-treasurer of La mill owners, who hold limit and freehold land at Restigouche and Quebec. He is also president of the Couture Rheault, Ltd., Mout. Joli, Quebec, a director of the Canadian Forestry Association and a director of the Southern Fire Protection Association.

**GIRLS' CONFERENCE.**  
A meeting of ten age girls was held in St. Andrew's hall Tuesday evening when Miss Mary R. Allison, Girls' Work Secretary, Miss Olive Ziegler, National Girls' Work Secretary for the Methodist Church addressed the meeting on the work of the "Canadian Girls in Training," which work will be taken up here by the different churches. Wednesday evening the Methodist S. S. group held a supper in the Methodist S. S. hall, and a very pleasant time was spent.

**WANTED.**

## DEFINITE ANSWER WITHIN TEN DAYS

Dominion Government Ministers Promise Early Consideration of Bridge Matter.

The delegation composed of Messrs. W. D. Duncan, D. A. Stewart of the Campbellton Board of Trade, Thos. R. Busted and Hugh Sellers from the Municipality of Mann returned Saturday from Ottawa, and are very enthusiastic. They are confident that the Dominion government will place in the estimates for this year a sum sufficient to carry on the work. The delegation was given an attentive hearing by Mr. McCurdy, Minister of Public Works, and Mr. Wigmore, New Brunswick's Cabinet Minister, both of whom promised to bring the matter of a grant before the Council immediately and support same. These gentlemen promised a definite answer within ten days. It is altogether likely the matter will be dealt with on Saturday next.

The whole matter is now up to the Dominion government. If the answer is favorable, the necessary surveys will be made at once and by next fall tenders will be called for so that the work might be commenced during next winter.

## DALHOUSIE.

Dalhousie, Mar. 15.—On Wednesday the Dalhousie Curlers had as their guests four of Campbellton's strongest rinks. Play started in the morning at an early hour and continued until the dinner hour. Dalhousie's rink led by Andrew Barbier succeeded in beating Fred P. Wetmore's rink by a score of 17 to 10. At the same time S. L. T. Clifford was leading a rink against R. K. Shives of Campbellton, and he, too, succeeded in bringing his team victory, the score being 14 to 10. In this game Mr. Clifford played his best game this year.

In the afternoon J. B. McKay of Dalhousie lined his rink up against Max Mowat. The game was a walk-over for Mr. McKay, Dalhousie winning out by 20 to 2. The other rink was occupied by James Gould's rink of Dalhousie and Thomas Wran's of Campbellton. He said to Jim's credit that he played a masterly game. The scoring was close throughout, but Dalhousie came out the victors by 13 to 11.

It is interesting to note, that with the exception of Mr. Andrew Barbier, who is one of the old curlers, all three men who led the Dalhousie rinks are young curlers, and judging by the way they have been playing all winter, Dalhousie will be a dangerous contender for next winter's curling honors.

Below is a summary of the players who participated:—

## WANT GAME PLAYED OVER

Chatham Would Like to Play Sussex At Bathurst Rink.

Efforts are being made to bring a representative delegation will arrive in Chatham and Sussex hockey team together on the big ice surface at Bathurst. The game at Moncton, in view of the incompetency of the Referee, turned out to be a farce, and was not in any way the test of the relative strength of either team. The M. P. B. of A. A. U. of C. officials did not display enough interest in the game to have a competent official in charge. It was to have been expected that two referees, one representing each league would handle the match. Several influential citizens of Bathurst, with Mr. W. J. Fenwick as the active promoter, are desirous of seeing the teams at Bathurst. Chatham has expressed its willingness to play there and the decision of the Sussex team in the matter is being awaited. If the Sussex boys are good sports they will accept the proposition made to them by Bathurst, which we understand to be very attractive.—Chatham World.

Oh, yes, the game at Moncton was a farce because Chatham did not win. The referee was incompetent because he did not happen to be Mr. Brown. Anything else? The Chatham hockey team of 1921 is going down in the hockey history of N. B. as the poorest of sports. Anything to win and no sportsmanship. They have not yet learned that it is harder to be a good loser than a winner.

## OPEN COUNTRY FOR TOURISTS

Roadway Down Matapedia Valley a Great Benefit to Whole Province.

March 16.—A large and representative delegation will arrive in the city tomorrow from the counties of Rimouski, Matane, Temiscouata, Bonaventure and Gaspé to urge upon the Government in order to press their claim for the nationalization of the roadway from Rivière du Loup to the Gaspé coast, via Mont Joli and Caussapal.

The delegation will consist of the mayors and councillor of the various municipalities and their prominent citizens. The representatives will meet at the Clarendon Hotel at 9.30 before proceeding to the Parliament Buildings to wait upon the Premier and several Ministers of his Cabinet.

There is not the least doubt that the object of this delegation is considered sympathetically by the Provincial Government. At the present time Quebec is receiving hundreds of thousands of American automobile parties, many of whom would continue down through the lower counties of Quebec to the Gaspé coast and from there on through New Brunswick, returning home to the United States via that province and Nova Scotia. Instead, they either turn at Quebec and retrace their way back to Montreal or cross the line on the Beauséjour-Highway, which results in a large financial loss to the province.

The cost of nationalizing the roadway from Rivière du Loup eastward to Matapedia will not be a heavy one and it is more than likely that the Provincial Government will do their utmost to carry out this project which will open up the eastern parts of the province to the general welfare of all concerned.

time. Easter Day. Morning Prayer and Holy Communion. Special Easter music at 11 o'clock. A welcome to all who wish to unite with us in the special services.

## HON. CHAS. MARCIL ASKS QUESTIONS

Getting Information in Reference to Railway, Mail and Bridge Matters.

The following question and answers taken from Hansard of Friday, March 4th, referring to our public matters will be of interest to our readers:

QUEBEC ORIENTAL AND

A. Q. AND W. RAILWAYS.

Mr. MARCIL (Bonaventure):

1. Has the Minister of Railways and Canals received any report from the Board of Railway Commissioners on the service given by the Quebec Western Railway? If so, has any action been taken on such reports?

2. If no action has been taken is any contemplated in the public interest?

Hon. Mr. REID (Grenville):

1. The Chairman of the Dominion Railway Board has unofficially made certain recommendations to the Minister of Railways and Canals, which have been taken into consideration. The Government is, however, unable to hold out any immediate hope that these railways will be taken over and included in the Canadian System.

2. Answered by No. 1.

Mr. MARCIL:

1. Has any rolling stock been leased or sold by the Canadian National Railway to the Quebec Oriental and Atlantic and to the Quebec & Western Railways during the past year? If so, what amount?

2. Was any application made by the companies mentioned for any such rolling stock?

Hon. Mr. REID (Grenville):

1. Two coaches and one baggage car have recently been rented to the Quebec Oriental Railway by the Canadian National Railway management.

2. The Quebec Oriental Railway applied as indicated in answer to Question No. 1.

BONAVENTURE-GASPE RAILWAY SERVICE

Mr. MARCIL:

1. Has the Government taken any action during the past year to improve the railway service in the counties of Bonaventure and Gaspé? If so, what action?

2. Has any property of the Atlantic Quebec and Western, and the Quebec Oriental Railways, having for its object the linking up of those lines with the Canadian National System, by purchase, lease or otherwise? If so, what were these proposals and what action has been taken?

Hon. Mr. REID (Grenville):

1. There has been no complaint as to the service provided by the Railway through the county of Bonaventure.

2. Proposals have been made from time to time looking to the lease or purchase by the Government of any of the lines in question. No action has been taken.

CAMPBELLTON-CROSS POINT

Mr. MARCIL:

1. Have any complaints been received by the Government or any of its members concerning the ferry service between Campbellton, N. B., and Cross Point, Quebec? If so, what was the nature of these complaints?

2. Is any action to be taken to remove the grounds of such complaint? If so, what action?

Hon. Mr. BALLANTYNE:

1. Yes. That the ferry after 25th October, 1920, did not begin its trips until 7 a.m., instead of at 6 o'clock, as prescribed by the regulations, and that services were discontinued three weeks before the close of navigation.

2. Yes. Instructions will be given to comply with the terms of the license: (b) The District Engineer reports that navigation was officially closed and all boats removed on 17th November, but the ferry did not stop until 25th November.

BONAVENTURE-GASPE MAILES

Mr. MARCIL:

1. Has the Post Office Department received any complaints during the past winter regarding the mail service in the counties of Bonaventure and Gaspé? If so, what was the nature of such complaint?

2. Did the department authorize any curtailment or change in the railway mail service? If so, what, and why was such change authorized?

Hon. Mr. DOHERTY:

1. Yes—the complaint was in regard to the railway being blocked by now and thereby disorganizing the mail service. Regular train and mail service has been resumed.

2. The instructions did not authorize any curtailment or change in the Railway mail service.

CAMPBELLTON BRIDGE

Mr. MARCIL:

1. Has the Government or any of its members received a request lately for the erection of a highway bridge over the Restigouche river between Campbellton, N. B., and Cross Point, Quebec?

2. If so, (a) from whom and (b) what was the request?

Hon. Mr. MCCURDY:

1. Yes.

2. (a) From the Municipal Council of Bonaventure, the Campbellton Board of Trade and a large deputation which waited upon the Minister of Public Works in January, 1921; (b) the subject matter of the petition will have the most careful consideration.

NEW PIANO INSTALLED.

## CHANDLER

The trains were considerably delayed in reaching here on Saturday.

A few commercial men spent Sunday in town.

Mr. J. E. Langlois returned to Chandler last week after a month's absence in New York and other cities.

Friends will regret to learn of Mr. Comeau's illness but trust he will soon be able to attend to his business again.

On Monday evening Mr. and Mrs. Forbes MacConnell were very agreeably surprised when a party of friends called on them, the occasion being the fifth anniversary of their marriage.

Gifts of wood were presented to Mr. and Mrs. MacConnell in honour of the event after which cards were enjoyed and lunch served, a thoroughly pleasant evening being spent by the party.

Much sympathy is being extended to the family of the late Mr. Con. McKinney of Grand Pabos. Deceased had been in failing health for some time and was taken to a Hospital in Montreal in the hope that special treatment might be helpful, but it was of no avail and he died on Sunday evening. He was in his fortieth year and leaves his father, six sisters and six brothers. The remains were brought from Montreal on Wednesday and the funeral was held on Friday morning from his father's residence.

Mr. Philip Ahier of Gascons is spending a few days here, the guest at his son's home.

RACE TRACK FOR BATHURST.

There is a substantial rumor afloat about town to the effect that an effort will be made shortly to secure a tract of land in the vicinity of Bathurst for the purpose of constructing a trotting park, similar to those enjoyed by a number of other towns in the Province.

Details of the scheme have not been divulged so far but it is no secret to state that the project is in the hands of a number of local business men who will do their utmost to carry it through and give to Bathurst one more distinguishing feature—Bathurst Light.

A Valued Souvenir.

"Madam," shouted the angry neighbor, "your little Cosmo has just thrown a brick through our window."

"And would you bring me the brick?"

beamed Cosmo's mother. "We are keeping all the little mementoes of his youthful pranks."

## SUSSEX WINS FROM CHATHAM

So-Called Champions of N. B. W. L. Get Trimmed at Moncton.

Moncton, March 11.—A large number of fans saw the fast Sussex Amateur hockey team trim Chatham's team here last night in the local Arena, 8 to 5.

With the game went the honors of the N. B. Amateur Hockey Championship—the cheese factory town players holding a very unique standing this year, having won from Charlottetown and finally from Chatham. Subsequently with the defeat of the Chatham team, it might be said, that her past hockey honors this season were crumbled and humbled.

The ice was heavy and individual play featured the game. Occasionally combination work was evidenced, but on the whole individuality, was the more noticeable.

For the losers the stars might be said to be the Rev. Father Spratt, Curry and Keoughan. For the winners LeClair and the Radcliffe brothers played a brilliant game, while Finnegan in the Sussex case showed his old time form and vigor.

Chatham's game was on the score board as lost after Father Spratt was sent to the penalty box in the first period. The Rev. Father had played his usual excellent game and when he went to the boards his team mates lost heart, and Sussex piled in the goals (when H. Radcliffe found the Chatham nets three times and LeClair denied the Chatham defence lines for the fourth tally.)

When the teams took the ice a discussion arose as to allowing the referee, Jimmy Lightizer, to continue. It was finally settled when George Jones took the whistle and Lightizer went on as Judge of play.

The period opened with some exciting work. Sussex showing the prowess of the game in a rink which she knew better than Chatham. Chatham found the Sussex net often, but Finnegan saved. In the third period Chatham backed up and before the gong had sounded they had found the Sussex net three times in succession whereas Sussex failed to find the net—but once.

The line-up was as follows:—

The funeral was held at Val Brabant on March 2nd, Rev. Father Michaud, Parish Priest, officiating. The service was sung by Mr. Charest, Parish Priest of Padoue, Mr. Sandon, Parish Priest of Sayabec and Mr. Pelletier, vicar of Sayabec. The pall-bearers were Messrs. A. E. Sylvain, Damase Turgeon, Michel Moun, Alphonse Lantz, E. Pelletier and Emile Damour.

A large number of friends and relatives attended the funeral showing the esteem in which deceased was held, among them being Mrs. Raoul Blois, Mrs. Florian Doiral, Miss Marie Brocher, Mr. and Mrs. Ed. Brocher, Mr. and Mrs. Misse Soucier and children, Mr. and Mrs. F. X. Michaud, Mr. and Mrs. Ludger Blois, Mr. H. Blois, Miss Martha Blois, Messrs. OBITUARY.

Roger Flanagan

The death of Mr. Roger Flanagan, one of Chatham's most highly respected residents and a man who was well and favorably known all over the province, occurred Friday evening, about 8.30 o'clock, at his home, the Bowser House. Mr. Flanagan had been ill for over a year with heart trouble, but his death was unexpected when it came last night. Deceased was a son of the late Martin Flanagan of St. Margarets and came to Chatham about fifty-five years ago, conducting a general store in St. John street, afterwards in Water Street. Seventeen years ago he leased the Bowser House, and has conducted it as a hotel since. He was a genial host, solicitous for the comfort of his guests, and popular with all classes. He is survived by three daughters—Marguerite, a trained nurse in Albany, N. Y., Alice, wife of John D. Ward, Esq., Josephine at home, and one son Charles, in the States.—Chatham World.

MORE MEN THAN WOMEN HAVE APPENDICITIS

Medical reports show men are more subject to appendicitis, although many sudden cases occur among women. It can be guarded against by preventing intestinal infection. The intestinal antiseptic, Adler-Ika, acts on BOTH upper and lower bowel, removing all foul, decaying matter which might cause infection. It brings out matter you never thought was in your system and which may have been poisoning you for months. Adler-Ika is EXCELLENT for gas on the stomach. A. McE. McDonald, Druggist.

## OBITUARY.

Col. J. J. Bremner.

There is a wide circle, by no means limited to this city, who will receive with genuine regret news of the passing of another of the men who linked the "living present" with the remote but not less living past, Lieutenant-Colonel J. J. Bremner, who was ninety-three years of age, and who died at his residence 135 South Park Street on Tuesday morning, Feb. 22nd. Deceased who was born in Banffshire, Scotland, came to Halifax when a young man. There survives, three sons and one daughter, Frederic of Falmouth, Hants; Allan at home and Col. A. G. Bremner, C. M. G. R. E., now stationed in India and Miss Josephine Bremner at home—Halifax Herald.

The late Col. Bremner was the father of Mr. Allan Bremner, who spent several years in Restigouche County and is well known here.

John Windsor.

We regret to announce the death of John Windsor, which took place yesterday at Nigado, Glo. Co., after a long and serious illness. The deceased was well-known in Bathurst, where, for a number of years, he was in business as a fish merchant. The funeral was held Saturday, the body being interred in the Methodist Cemetery, East Bathurst. The Rev. G. A. Ross will officiate at the funeral services.—Northern Light.

Mrs. Leonard Boudreau.

The community was greatly grieved to learn of the death of Mrs. Leonard Boudreau, which occurred at her home, Glen Levit, on Thursday, after a short illness. The deceased lady who was in her 32nd year was highly regarded and much esteemed, and her passing will be mourned by a large circle of friends. To the bereaved husband the sympathy of the entire community is extended in the great loss he has been called upon to bear.

World's Greatest Educational and Historical Industry.

## THE MOTION PICTURE INDUSTRY.

In the business progress of the civilized world, no more rapid or wonderful advance has been made than that which has marked the Motion Picture Industry. Today more people are interested in this great, new development and more people derive their chief pleasure, amusement, and instruction from the silent drama than from any other source. Within less than a decade it has developed from an insignificant form of recreation and amusement into one of the greatest educational mediums of modern times. No other industry has ever been founded on a more solid foundation. The extent of the screen's appeal is limited only by the number of human eyes there are in the world.

## ENORMOUS PROFITS OF THE BUSINESS.

It is interesting to know that nearly \$2,000,000 of capital is now represented in the producing and exhibiting of pictures; more than 300,000 persons are now regularly employed in its various avenues of activities; 4,000,000 ft. of film are produced weekly; over \$300,000,000 were spent in the United States and Canada in 1919 for admission to motion picture theatres, and it is estimated that \$150,000,000 represents the profits made by producers and exhibitors. This remarkable record has been attained within the last fifteen years, placing the motion picture industry the third largest in the world and the first in the amount of profits it has paid on the capital invested.

It is this development and these possibilities which have caused the entry to this field of such outstanding business and financial men as W. C. Durant, President of General Motors Corporation; Sir Herbert S. Holt, President of the Royal Bank of Canada; Harvey

D. Gibson, The Liberty National Bank of New York; Lord Beaverbrook; Daniel E. Pomeroy, Vice-President Bankers' Trust Company of New York; Lord Ashfield, Chairman of the Underground Railways, London; Sir Hugo Cunliffe Owen, Chairman of British American Tobacco Co.

## DID YOU EVER REALIZE?

That the moving picture industry pays a larger dividend on the investment than any other industry.

That most of the pictures you pay to see in your local theatres are produced outside of the Dominion.

That Canada pays the United States fifteen million dollars per year for Motion Picture Films.

That in the United States today there are three hundred and thirteen companies making film plays and that up to a year ago there was not one successful producing company in Canada.

That Dollars represent energy. You can make them work and earn. The great industrial leaders of the world made their first start by saving a few dollars and investing wisely and at the right time in some new industry.

## AND REALIZING THIS ARE YOU SATISFIED?

If you are interested in the moving picture industry as an investment, send your name and address on a post card to E. KINGSLEY JACK, Sales Manager, St. Louis Hotel, Campbellton, N. B., and we will forward without obligation to yourself some interesting literature pertaining to the industry in Canada.

## HOCKEY NOTES.

"A. W. Covey, pres. of the M.A.A.U. announced last evening that final arrangements had been completed for the play-off of the Chatham and Sussex teams at Moncton, for the championship of New Brunswick."—(St. John Telegraph, March 11th.)

The result of the "play-off" is quite acceptable to us, but as a matter of information we would like to know where Mr. Covey gets the idea of Chatham playing for the championship of New Brunswick. Until such time as the protest regarding the Chatham-Campbellton game of Feb. 9th is decided, the championship of the N. B. Hockey League is undecided. At the time Mr. Covey "completed his arrangements" some of the N. B. H. L. teams had not even voted on the protest, and even yet no announcement has been made regarding the protest, so that unless Mr. Covey is taking upon himself the authority to decide matters which are entirely within the province of the N.B.H.L., he is putting a premium on the disrespect and contempt which the Chatham team showed for the A.A.U. of C. in their game here with the Campbellton team.

The result of the Chatham-Moncton game would indicate that the Chatham team are not used to playing six-man hockey.

We do not notice Frank Brown's name in the Chatham line-up.

## HARRIS-SMITH.

The marriage of Miss Bessie Jeanette Smith, daughter of Mr. Wm. Smith, Lily Lake Road, and Mr. Robert J. Harris of Flat Lands, was quietly solemnized at St. Andrew's Manse, Thursday evening, March 10th by Rev. Hugh Miller. Both bride and groom were unattended. The bride wore a becoming suit of navy blue with hat to match. Mr. and Mrs. Harris will make their home in Campbellton.

**MONCTON TEAM DEFEATED HERE**

Clean Game Played at Rink Here Friday Evening—Ice Heavy.

The Moncton Times has the following report of the hockey game played here last Friday evening:  
"The Crescents hockey team journeyed to Campbellton on Friday, where they crossed sticks with the fast North Shore team and went down to defeat by a score of 7 to 1. The game was played on heavy ice, and as the locals were a great deal lighter than the Campbellton boys, they were at a disadvantage. The game was fast all through the three periods, and when the final gong sounded, it found both teams going strong. The game was one of the cleanest exhibitions ever witnessed in the Campbellton rink, only one minor penalty being handed out, and that was given to one of the Moncton men. The Campbellton team is one of the fastest and best bunch of puck chasers in the Maritime Provinces and the locals found it a hard job to break up the combination play of the northern team. The locals made many spectacular rushes from one end of the rink to the other, but they found the Campbellton defense almost impregnable. Capt. Dauphinee played a great game in the nets, as the Campbellton team shot many wicked shots at him. Referee Wallace handled the game to the satisfaction of all. The locals returned home on the Maritime express Saturday morning and Manager Brooks and his team speak very highly of the treatment given them by the northern boys.  
The locals lined-up as follows:  
C. Dauphinee (Capt.) goal; A. Dupuis, point; R. O'Brien, cover point; Jos. VanBuskirk, centre; P. James, R. wing; B. Carroll, L. wing; G. Leger, sub.  
**CAPE COVE.**  
Mr. Chas. Beck has been in Perce for the past week installing the new telephone central, which was burned early this winter.  
Mr. Alfred Cass is the guest of relatives in Cape Cove.  
Mr. Ernest Cass was the guest of friends in Barachois for the week-end.  
Dr. Baudouin and family have the sympathy of the entire community in the loss of their bright little boy.  
Mr. Frank LeGrand of Fox River, was the guest of his parents, Mr. and Mrs. Alfred LeGrand last week.  
Lent is being duly observed by young as well as old in our congregations, and altogether there seems to be a true recognition of Christ's fasting in the wilderness.  
We notice that most of the farmers have chosen the mild weather to have their wood sawn.  
The ice bridge which is quite a feature in the convenience of the people on Bonaventure Island, has formed this winter from the island of Perce. This is quite a blessing for the people, as otherwise they would be almost isolated during the winter season.  
Rev. Warren crossed to the Island on Monday and returned the same evening.  
Friends of Mr. John Beck are glad to know that his health is improving after his recent illness.  
**Wise Guy.**  
Circus Manager—So you want me to give you a job as circus attendant, do you. What steps would you take if a lion were to escape?  
Applicant—Good long ones, gov'nor.

An English commercial traveller, a thrifty fellow, got married and, deciding to kill two birds with one stone, took his wife over the districts he "worked for" her honeymoon trip.  
On the way he couldn't help boasting to her of how well he was known on the road. "Why," he ended up one brilliant oration on his popularity, "at the Bean and Barnacle, at Little Mitch they not only always reserve a place for me, but knowing how I like honey, they invariably put a plate of it on my table, even when it is not on the bill of fare."  
Arrived at the Bean and Barnacle, the commercial traveller discovered to his chagrin that for some inexplicable reason his honey had been forgotten. "Waiter," he said crossly, "where is my honey?"  
"She left last week, sir," said the waiter.

**How Zam-Buk Saved My Leg!**  
"For years I could hardly walk," writes Mrs. Jeffrey, of 81, French St., Montreal, Mass.: "I was treated by doctors for an ulceration which started in my ankle and extended to the knee. Through neglect when I read of other legs being healed by Zam-Buk, I gave the balm a trial."  
"While Zam-Buk didn't put my leg right in a day or two, it did ease pain and inflammation wonderfully. For three years now, I've had no leg trouble."  
In obstinate sores, old wounds and ulceration where destruction of the tissue has occurred, Zam-Buk displays extraordinary healing power.  
Sufferers marvel at the way it soothes pain and inflammation, purifies diseased parts and stimulates the growth of new healthy tissue. Whereas ordinary ointments simply cover over surface trouble, Zam-Buk healing is permanent for it leaves no trace of disease to break out in eczema, ringworm, salt rheum, piles, poisoned sores, abscesses, burns, scalds, etc. All chemists and dealers 50c.

## How Zam-Buk Saved My Leg!

"For years I could hardly walk," writes Mrs. Jeffrey, of 21, French St., Montreal, Mass. "I was treated by doctors for an ulceration which started in my ankle and extended to the knee. Though sceptical when I read of other legs being healed by Zam-Buk, I gave the bottle a trial. 'While Zam-Buk didn't put my leg right in a day or two, it did ease pain and inflammation wonderfully. Perseverance soon convinced me that, thanks to Zam-Buk, I was at last on the sure road to recovery, and in time the terrible sores thoroughly healed. For three years now, I've had no leg trouble.'"

In obstinate sores, old wounds and ulcerations where destruction of the tissue has occurred, Zam-Buk displays extraordinary healing power. Sufferers marvel at the way it soothes pain and inflammation, purifies diseased parts and stimulates the growth of new healthy tissue. Whereas ordinary ointments simply cover over surface trouble, Zam-Buk healing is permanent for it leaves no trace of disease to break out. Zam-Buk proves equally effective in eczema, ringworm, salt rheum, piles, poisoned sores, abscesses, burns, scalds, etc. All chemists and dealers sell.

Mrs. Knapp wandered into the big drapery establishment when the business of the day was at its height.

"I don't think I'll buy anything today," she said, after she had monopolized the attendance of a busy attendant for more than half an hour. I'm sorry to have troubled you, but the fact is I was just looking for a friend."

"Oh, that's all right," replied the assistant, with a touch of sarcasm; "it was no trouble in fact, if you think your friend might be in any of the remaining boxes I'll open them for you with pleasure."—London Tit-Bits.

## W. C. T. U.

This department is conducted by the Local Union, and is under the charge of an Editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

I have read with attention and interest the reports concerning the action of certain of our councillors at the meetings held on Feb. 25th and on March 5th. May I be permitted to state the case for the "ardent supporters of the Prohibition Act," whom the editor of the Tribune advises that they must seek redress from the Provincial Government.

Mr. Belle-lisle's resolution as read from the minutes of Feb. 25th read "That the Police force be instructed not to take any part in the enforcement of the Provincial Prohibition Act until such time as the local Government pays sufficient remuneration or refunds one-half of the fines collected to the town." I am not going to ask Mr. Belle-lisle whether the storm of indignation from the respectable citizens of Campbellton acted on his memory or not, but something disturbed him. At the meeting of March 5th he demanded that the minutes be amended so that his resolution should read, "That the Police Force be instructed to confine their activities to their civic duties and not to take any part etc."

May I be allowed to say that I do not see how he has amended matters any. His first resolution, mean in spirit and had in principle though it was, had one object, it meant something. This amended resolution meant nothing at all. The bylaws of the town assert the duties of the police to be the enforcement of all laws, Federal, Provincial or Civic. That is his civic duty which Mr. Belle-lisle claims he wishes fulfilled. Yet he does not wish them to guard against an infraction of one law, the law prohibiting the sale of intoxicating liquor. If Mr. Belle-lisle meant that the policemen were not to go out of town to enforce the act, why did he not say so? When he was amending his resolution, he might have gone a step further, and then the citizens present would have known that he meant something.

It is interesting to note that the mover of the resolution Mr. Belle-lisle, the seceder, Mr. Duncan and Mr. St. Onge, who voted for it, all declared themselves as supporters of prohibition. It is a sample of the curious workings of some people's minds that Mr. Duncan should state that the cellars of some ardent temperance shouters were full of liquor, that Mr. St. Onge should know of a man having a gallon jug of red rum in his possession and that neither of these strong supporters of the act should have given any information to the inspector. Mr. Duncan states fearlessly that he knows the names; I challenge him to publish them. It is not conceivable that Mr. St. Onge who apparently heard this gallon can of "sardines" ordered, should not know the name of the dealer called up. Why has he not given this information? I maintain that these men have been false to their duty as men, and as citizens, and lastly as members of the governing body of the town, sworn to uphold its laws, if they possessed this information.

What of that boy of sixteen who went out to a public place of amusement and was brought home to his parents on a hand-axe because he was so helplessly drunk that he could not get home no other way? Are these things a joke? And yet there are members of our council who would tie our policemen's hands lest they should aid in preventing these things I should bid them seriously consider the responsibility they are shouldering. Let them remember that it is written: "Vengeance is Mine; I will repay, saith the Lord of Hosts."

## Cause of Early Old Age

The celebrated Dr. Michonoff, an authority on early old age, says that it is caused by poisons generated in the intestine. When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Selig's Syrup" after meals makes your digestion sound, and

information and did not give it out. Everyone knows that there is an abundance of liquor in the town. Everyone knows that the Act is not enforced as it should be. These utterances of the gentlemen in question had nothing to do with the real question debated and I think that anyone would be justified in thinking that they were meant to divert attention from the real point at issue. It is not a year since a majority of our citizens proclaimed that they would not have the unrestrained sale of liquor, and yet in the teeth of this, some of our councillors, who were elected by the voice of these same citizens pass a resolution which is tantamount to saying that the policemen shall take no part in stopping this sale. Who pays these policemen anyway? Does the quartette who voted say to the rescinding of the resolution, produce their salary from their own pockets. Or does the average man about town, who demanded prohibition, help to find some of those salaries when the tax-bills are issued and this being so, should not their protest be listened to?

The action of this quartette is to be condemned on many grounds. It is poor citizenship for it will inevitably lower the public standard of morality. It is bad business, for if the bootlegger and the "big fellow" wherever he may be continue to rake in the dollars, where does the grocery and shoe store and the dry goods seller come in, in this winter of unemployment and hard times? Can a man buy a five dollar bottle of liquor every other day and still pay his rent? These are questions which Messrs. Belle-lisle & Co., would do well to consider, when they make the plea that we are getting no remuneration for the enforcement of the prohibitory laws.

There is another point which they could do well to consider. There was a man of old who asked Jehovah the question "Am I my brother's keeper?" Is it a light thing that a man should spend a sleepless night in battle with his enemy, and then go out to his work in the morning, knowing that he will return home shamed and broken because his own special and particular devil is waiting for him just round the corner or just down the street? Call it his own fault if you will; granted. It is also a man's own fault generally if he gets pneumonia; and yet who wants to see him die from it? No one—except his enemy.

What of that boy of sixteen who went out to a public place of amusement and was brought home to his parents on a hand-axe because he was so helplessly drunk that he could not get home no other way? Are these things a joke? And yet there are members of our council who would tie our policemen's hands lest they should aid in preventing these things I should bid them seriously consider the responsibility they are shouldering. Let them remember that it is written: "Vengeance is Mine; I will repay, saith the Lord of Hosts."

## PERFUMES OF FRANCE.

Important Industry Suffered Greatly During the War.

The rare perfumes of France suffered severely during the war, and only the industry and thrift of the French prevented them from dying out altogether. This would have been a world-wide calamity, as the French perfumes are noted for their delicacy and fragrance.

"Garnier and Grassin," says a writer in the Illustrated World, "are the centres of the French perfume industry, which is situated in southern France along the Mediterranean. In that flower garden of the world there is only one formula used in making perfumes. It is very simple: Essence of rose, in the Riviera material market, is often quoted as high as \$750 for two and one-half pounds."

The altar, or the essential oil, of a flower is obtained by crushing the leaves or petals and boiling them in a copper cauldron. The residue from the boiled leaves and petals is mixed with clarified pork fat, and the mass is stirred with wooden paddles. Boiling the extract with fat concentrates the perfume. After boiling, the grease is churned with refined alcohol until the fat is absorbed nearly all the oil. The old method, which is still in vogue, consists in saturating a porous linen cloth with olive oil and placing it over a frame; thin layers of flower petals are then placed on the cloth until it has absorbed the essence of the flowers. The cloth is then treated to an alcohol bath that dissolves out the perfume. In this process the flower petals must be changed frequently.

Another still uses the "enfleurage" method, in which the delicate essence of the rarest flowers slowly fills a porous, quarter-inch layer of fat in shallow pans. The process takes from twelve to twenty-two hours, depending on the variety of the flowers and the season of the year.

**Island Treasure.**  
Easter Island was discovered by the Dutch on Easter Day in 1722, and named, among others by Spanish sailors in 1770, and by Captain Cook four years later, and now belongs to Chile. The outstanding problem is the presence of hundreds of grotesque carvings of human figures, known as the "bird-men." This can be seen on the one that stands in the portico of the British Museum, brought here in 1868 by the Topaze. Who carved them, and when, and why? There was a cessation probably through an enemy's incursion. Just as the marvellous prehistoric Carian civilization was wiped out. And here in savage Easter Island, in civilized Chile, there is an undeciphered, perhaps undecipherable, script only here the remains of the pictograms are but few. There are also wood carvings and rock incisions, and the problem of race. White and black, Polynesian and Melanesian, and skull-shaped developments. Dr. Keith reports that the Easter Islanders are the largest and heaviest people yet discovered in the islands or shores of the Pacific, and that their cranial capacities are that of the inhabitants of whitechapel.

**Historic Tablets.**  
A group of valuable historic tablets from excavations of the city of Babylon, bearing dates as far back as 2,500 and one-half centuries before the Christian era, was recently secured by Stanford University.

Some of the pieces carry the distinct prints of the fingers which moulded them over 4,000 years ago. One ancient contract bears the name of Darius, the Persian King of Babylon, and is dated in the second year of his reign. The system of characters on the tablets is composed of horizontal, vertical, or oblique strokes. This cuneiform writing, it is said, was first adopted by the Babylonians after their invention by a people called Sumerians, and was used by them from 3500 B.C. It passed from them to the Assyrians, who used it with some changes, notably in recording the life and deeds of the kings on the surface of their cotta bricks.

**An Extinct Monster.**  
The Launceston and Tasmanian Museums have presented to the Royal Society of Tasmania a complete skeleton of a giant extinct monster, recently discovered in the Pleistocene beds of Tasmania. The animal was as large as the largest existing rhinoceros. The new discovery was clearly that it was a rhinoceros-like animal, with a skull built for aggressive warfare, and at least one powerful horn on the snout. Evidence of the gigantic battles in which this animal engaged is to be found in the complete smashing and partial mending of the collarbone, and in the crushing and subsequent repair of the bones of the nose and snout.

**Emerson and the Young Poet.**  
A good story, told of the late W. D. Howells, the famous American critic and man of letters, is of the time when, as a young man, his ambition was to be a poet. He saw all the great American—Longfellow, Lowell, Emerson, Hawthorne, and Holmes. When he saw Emerson and mentioned his ambition to him, the distinguished essayist observed: "One may pass an hour or two very pleasantly over poetry." But this did not discourage Howells, and he had the satisfaction of seeing some of his poems published by Lowell in the Atlantic Monthly, and Howells subsequently became sub-editor and editor of the great journal.

**Cataract Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. This deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Cataract Deafness is caused by the inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing must be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surface of the system, thus reducing the inflammation and restoring normal condition. Circulate free. All Druggists. J. A. ## BULLET REMOVED FROM BRAIN

Crandall Gray, N. W. M. P. Wounded in Discharge of His Duty.

St. John, N. B., March 10th.—Mrs. T. Lockhart, 147 Union street, received the following clipping from a Vancouver paper regarding her brother, who is a member of the North West Mounted Police, and who was recently shot while in the discharge of his duties:—

"Crandall Gray is recovering after a delicate operation. He was shot in the head on Thursday morning and is now making steady improvement at the general hospital. The bullet having been removed, hopes for the recovery of the patient are now entertained. Surgical men visiting the hospital on Thursday took a keen interest in the operation. So firmly was the bullet embedded in the brain, it was at first thought impossible to remove it. With the use of a sluoscope, however, surgeons were able to locate the lead, which was two and a half inches inside the brain. After some hours of work, it was removed.

The operation was one of the most delicate ever performed at the local infirmary.

The life of paint depends largely on the purity and quality of the linseed oil used.

Sherwin-Williams Linseed Oil is strictly pure oil because of the methods of production used to secure the highest quality. It is made from the best Northwestern No. 1 flaxseed, re-cleaned so as to eliminate all cooke, rape and foreign substance. The seed is pressed at a lower temperature than is customary, so that the mucilaginous matter which usually finds its way into the oil is left in the cake. Then the oil is carefully filtered and aged so that there is no sediment left.

Remember, when you are in the market for oil, that we have Sherwin-Williams Linseed Oil for sale—and it's right.

Lean led a class of fine. She is a Restigouche County girl.

Mr. James Harquail, one of our oldest and most respected citizens took a week turn in church last Sunday week and since then has been confined to his bed. The different members of his family have been called to his bed side. The many friends of Mr. Harquail hope for his recovery.

An interesting local curling match took place again on Monday which showed a reversal of play over the games played in the Bonspiel of the week before. On this occasion M. McKay defeated S. L. T. Clifford 13 to 10.

L. J. LeBlanc was a victor over James Gould by a score of 13 to 10, while J. B. McKay suffered defeat at the hands of D. G. Stewart, the score being 21 to 8. It therefore fell to the defeated rivals to pay the supper for the victors.

On Saturday afternoon the girls hockey teams led by Marion Jamieson and Belle Buchanan played an exciting game. The girls proved to be very alert on their feet. They are all good skaters and with a little practice should be able to put up a good game.

Several transfers of properties took place recently in town. The house owned by J. W. Cooke on Renfrew street was bought by Capt. Chas. Powell. S. Blanchard bought the house formerly known as the "Conseau property" on Renfrew street. P. P. LeBlanc, the Provincial Bank's former manager, sold his property to Albert Savoie. J. W. Cooke bought that property in which he now resides on William street from the Estate of D. McDonald.

Miss Marion Bate, daughter of the Rev. I. Bate of Newcastle, is the guest of Mr. and Mrs. J. W. Cooke.

Though Maggie's arms are rather thin, she sure can turn a rolling pin. And when Jiggs' footsteps reach her ears she gathers in the jardiniere.

## Your Clothes

Your clothes should be the best that money can buy.

Clothes do not make the man, but they make him presentable, and he is often judged by his appearance.

Call and see our line of Blue and Black Serges absolutely guaranteed.

of Mrs. A. G. Ferguson.

Mrs. C. H. LaBillicois entertained on Thursday evening in honor of Mrs. Flewelling of Kingston, Kings Co. N. B., who is spending a few weeks here the guest of her daughter, Mrs. Grimmer. The guests were: Mrs. Flewelling, Mrs. Grimmer, Mrs. Andrew Barberie, Mrs. Fullerton, Mrs. W. H. Priest, Mrs. R. J. Coleman, Mrs. J. C. Connacher, Mrs. L. D. Jones, Mrs. A. G. McKenzie and Mrs. S. L. T. Clifford.

A very interesting play is being rehearsed and will take place here in the very near future. It is being got up by local talent and promises to be a decided success. The leading parts will be taken by Harry McEvoy and Frank Troy. All will remember the splendid performances these young men put on last year combined with the untiring efforts of the Rev. Father Hart.

Though Maggie's arms are rather thin, she sure can turn a rolling pin. And when Jiggs' footsteps reach her ears she gathers in the jardiniere.

She lets one fly and then another, As Nora cries: O Dear—O Mother! I hope, your worst will soon be done For we're due next week in Campbellton.

"What's Your Husband Doing?"

A Paramount Arctcraft Picture

It's Easy To Fool a Woman!

So saying, he phoned Friend Wife he'd been "called away on business." That very night—a raid! On a place called Honey-suckle Inn. You know—cops—terror—wagons—"Great heavens, my reputation!"—lockup—"Morning Judge"—an, everything! And when the shivering culprits were arraigned—from one cell came Hubby. From another cell—Wife! What! Had they been? Well, rather! You'll want to come and see!

NEXT MONDAY & TUESDAY

MARCH 21st & 22nd.

**WALLACE REID**

"What's Your Hurry?"

For the sake of a girl whose Dad despised racers, he "swore off" speed cars and went to boosting trucks, only to get himself and Dad arrested! But when the great Cabrillo dam broke—well, you will say that trucks and "Dusty" did some real work.

It's from the Saturday Evening Post Story  
"The Hippopotamus Parade" by Byron Morgan.
