PREFACE.

THE Publisher, in presenting the tenth edition of the Saint John Directory, has much pleasure in stating to the Public that on account of the surprising energy of the Business Men and others in Saint John in building up their City, he is enabled to present to his supporters a Directory as nearly correct as it is possible to make one.

By reason of the number of vacant lots, and the irregularity of numbering the houses since the fire, the Publisher has found it very difficult to make a proper and correct Street Directory, but by comparing with City numbers, it will be found to be as correct as can be made. Business Men have come to the conclusion that the City will not be properly numbered until the laws are enforced, compelling every property holder to have their numbers up, or be fined.

The Appendix will be found very full and complete, in which is inserted correct information of Post Office, Customs Regulations Societies, Institutions, etc., corrected up to the middle of June.

To the supporters of the Directory, and all who have assisted in obtaining information, the Publisher returns his sincere thanks. The City authorities have cordially given all information asked for by our agents. He is glad to state that the Public are waking up to the fact that the Directory has become an indispensable need, and who not only give the information required, but support the Work by its purchase, or by advertising in its pages.

It will be found a valuable advertising medium, as almost all the Hotels and Boarding Houses have a copy lying on their tables.

Directories being similar to newspapers as it regards their circulation, depending almost entirely on their advertising support, and not on their sale, the Publisher begs to say that he obtains but small profit by his endeavors. He hopes, however, when business improves, the advertising community will give him a larger share of their patronage.

LISTS A AND B — LIMITS OF WEIGHT, ETC.

On books and printed matter generally, newspapers excepted, the rate is 1 cent per 2 oz; samples and patterns, 2 cents for the first 2 oz, and 1 cent for every additional 2 oz; commercial papers, documents, etc., 5 cents for the first 2 oz, and 1 cent for every additional 2 oz.

The limit of Weight for each Packet of Newspapers, printed, and other miscellaneous matter, sent to the above Countries and places named in lists A and B, is 4 lbs, and for each Packet of Patterns and Samples, 8 oz; Book Packets for the United Kingdom, 5 lbs.

It will be observed that all classes of matter can be registered to the United States and all Countries named in the lists A and B.

Countries and places *not* included in the Postal Union are printed in *italics*.

Unregistered Letters for Countries within the Postal union may be forwarded unpaid, but will be subjected to a higher rate on delivery.

MISCELLANEOUS.

* When this mark is used, the limit of weight of newspapers and printed matter is 2 lbs 3 oz, and for samples, 8¾ oz.

† When this mark is used, the rate is given for each newspaper, regardless of weight.

a When this mark is used, additional charge is made on delivery.

Prepayment is compulsory, matter not fully prepaid will not be forwarded.

m Samples cannot be sent to these places by the routes as thus marked, unless at letter rates, but they must have no intrinsic value.

t Samples can be sent via N Y, at the rate of 5 cents for each 2 oz.

Registered Letters.

Letters intended to be Registered when addressed to places in CANADA or NEWFOUNDLAND, must be prepaid by stamp, 2 cents each; to the United States, 5 cents each, in addition to the postage rate.

All letters for Registration should be posted 15 minutes before the hour of closing ordinary Mails, and 30 minutes before closing of English Mails.

No letter will be accepted at this office for Registration to the United Kingdom, addressed either to a fictitious name or initials, and any such Registered Letter received from another office, or deposited in the Letter Box for Registration, will be at once sent to the Dead Letter Office for disposal.

Registered Letter Stamps have been issued of the denomination of 2, 5 and 8 cents, which may be obtained at the usual places.

Registration is applicable to Letters and Parcels, whether they contain articles of value or not. Registration is not an absolute guarantee against the miscarriage or loss of a letter; but a registered letter can be traced when one unregistered cannot, and the posting and delivery or non-delivery can be proven. A registered letter is thus secured against many of the casualties which from incorrect address, forgetfulness of the receiver, or other error, may affect an unregistered letter. "Moreover, the safety of an unregistered letter is dependent on the integrity of a post office clerk during the whole time it remains in his custody, frequently for hours, and even days; whilst a registered letter will almost invariably have to be acknowledged at the moment of its passing into an officer's hands, and cannot therefore be suppressed without leaving him individually accountable for its disposal." "If the consequences were limited to the mere risk of the loss of the money so sent, the senders of money in unregistered letters might reasonably urge, that if they choose to encounter the risk, they should be free to do so; but higher considerations are involved in the question, and the chance of loss to the careless remitter is really but the smallest part of the evil associated with the practice." The attentive perusal of the above remarks by those who are in the habit of sending money by mail in unregistered letters is strongly recommended, and is further suggested that letters containing money should invariably be secured with *wax*, and not by the usual method, by mucilage, or self-sealing envelope.

Miscellaneous.

Letters addressed to initials or fictitious names cannot be delivered, but will be returned to the writers through the Dead Letter Office, unless the address contains a designated place of delivery; thus, a letter addressed "A. B., Saint John," would be sent to the Dead Letter Office, but if addressed to a street and number, would be delivered by the Carrier at the address designated.

Re-directed Letters will be forwarded without any additional charge if not taken from the office, or if handed back at the moment of their delivery; but if taken from the office and subsequently re-posted, they become subject to a new rate of postage, in default of which they will be sent to the Dead Letter Office, Ottawa.

Letters containing coin addressed to the United Kingdom or Foreign Countries will not be forwarded to their destination, but will be sent to the Dead Letter Office, Ottawa.

The Clerks of this Office are forbidden to give credit for postage, and the holders of boxes and others are requested not to ask them to violate their instructions.

The regulations of the service require that the exact amount of postage shall be tendered to the Clerk at the window in current coin if necessary. Change will, however, be given for public accommodation, *whenever practicable.*

A Letter or Packet *once posted becomes the property of the person to whom it is addressed*, and must be forwarded to its destination. On no application, however urgent, can it be delivered back to the writer. Business men are requested not to ask for return of Letters mailed by mistake or otherwise.

The address of Letters should be plainly written, and when possible, the name of the County as well as of the Town or Village, should form part of the address.

Newspapers must be mailed 15 minutes before the time of closing mail.

Correspondence for Anticosti will be sent via Gaspe, Quebec.

Correspondence for Magdalen Islands will leave Pictou semi-monthly.

Dutiable Goods by Mail.

Postmasters are directed to detain any post letter coming into the Dominion, supposed to contain any wares or merchandise liable to duty, and forward the same to the nearest Collector of Customs, who shall notify the person to whom the same may be addressed to be present; and, if on opening the same, it contains no dutiable goods, it shall be handed over to him on paying the postage, if liable to any; if it does contain dutiable goods, the Collector shall detain the letter and contents for the purpose of prosecution

Packages of dutiable goods received in the Mails from the United States, such as Books, bound or unbound, Chromos, Lithographs and Music, will be sent to the Customs, as well as packages of matter not entitled to come in by Mail, such as Patent Medicines, and Patterns or Samples having a commercial value.

General Regulations.

All letters containing money should be mailed at the Post Office and registered.

Masters of vessels are entitled to receive for each letter they may deliver when inward bound, 2 cents.

The Street and Hotel Letter Boxes in Saint John and Portland are visited three times daily.

A Receipt is given to the Remitter, and a Coupon is sent to the Head Office of the Province in which the Order is drawn.

The Order, an Advice, and a Coupon, are forwarded to the Exchange Office for conversion of the Canadian amount into currency of the United States, and for the selection of the office of payment.

Will be hoisted half its elevation each day (Sundays excepted) at fifteen minutes before one o'clock. At 1 minute before 1 o'clock it will be hoisted its full length; and at 1 o'clock, mean time, the Ball will be dropped. A Chronometer keeping correct Greenwich time should then show 5h. 24m. 15s., and the difference between this and the time shewn by a Chronometer, is its true error on Greenwich time at the moment. As the above hour of 1 o'clock when the Ball drops, represents 5h. 24m. 15s. at Greenwich, the error of a Chronometer may be ascertained, no matter where the ship is lying. Masters of vessels arriving at Saint John should compare their Chronometers by the Time Ball, as it will enable them to get the sea rate, which frequently varies from harbor rates. Latitude 45d. 16m. 42s. N. Longitude 4h. 24m. 15s. W.
