Very Humiliating.

One of the striking characteristics of the federal representative of this county when he was only plain Dr. Borden, M. P., was his extreme sensitiveness to newspaper criticism.

In the discharge of its duties as an independent journal THE ACADIAN in days of yore was very frequently made the object of these threats by the irate doctor, and while it is true they never had any very great effect upon editorial utterances, they at least tended to convince us that, whatever others might think, our representative at least had great confidence in his own integrity and morality.

At late this zeal seems to have vanished. If Sir Frederick Borden were these days looking for occasions for libel suits he would not have much difficulty in finding them. Scarcely an independent paper which refers to the minister of militia at all omits to make statements concerning him which if said of a respectable politician would not prove grossly libelous.

The Calgary Eye-opener, the Toronto World and the Halifax Herald have all been saying "easy things to understand." No later than Wednesday of this week the Halifax Herald made certain statements in reference to that gentleman which would afford material for some very interesting libel suits, but we have heard of no action being brought.

The late minister of railways has, under similar circumstances, exhibited very much more of the military spirit than has the minister of militia himself. Has Sir Frederick's more extended experience in military affairs taught him that "discretion is the better part of valor?"

Whether this is so or not it is at least very humiliating to Sir Frederick's constituents to read these ugly insinuations, these transparent hints and bold reflections upon the character of their representative, and to feel that the publication of such matter is being proved to be a perfectly safe performance.

Our bright contemporary, the Middleton Outlook, celebrated its thirtieth anniversary on Friday last. The event was marked by a change in the paper. The Outlook has been somewhat reduced in size and in connection a Tuesday issue was begun this week. The new paper is called The People, and as the name implies will be devoted to "whatever promises to advance the moral or material interests of the public."

The Hon. Mr. H. Cushing, minister of public works in Alberta, is in Toronto on business in connection with the installation of a government telephone system in that province, of which 500 miles has already been constructed. We quote from an interview in the Mail and Empire: "The government is endeavoring to purchase the Bell lines in the province, but so far without success, and should the negotiations prove unavailing, parallel lines will probably be built. A number of exchanges have already been installed and government aims to give telephone connection to every part of the province."

The regular quarterly meeting of the Wolfville Board of Trade was held on Tuesday evening. Owing to various reasons the attendance was small. A number of matters were discussed, after which the meeting was adjourned until Wednesday evening, Oct. 30th, when it is hoped there will be a large and interesting meeting. An effort is being made to increase the interest in the Board, and arrange for an aggressive winter's campaign. Every citizen should rally to the support of this valuable institution.

The strike at the Springhill Mines, which has involved 1,600 men and lasted for nearly eleven weeks and has cost the men in wages more than \$500,000 was declared off on Friday by a joint meeting of the two P. W. A. lodges at Springhill, in which the miners are enrolled. They accept the award of the board of conciliation, subject to explanations made by Judge Graham, who was its chairman, on the award which they at first rejected. This decision was arrived at by secret ballot, and carried by a large majority.

Believing that there is a combine among the Canadian paper manufacturers at its annual meeting in Yarmouth last week, passed a resolution recommending the repeal of a resolution of the duty on foreign paper. Another resolution was passed urging the Dominion government to reduce the postage on newspapers to one cent per pound and terminate altogether the stamping of papers destined for the States.

Sunday-School Convention

The annual Convention of the Nova Scotia and Bermuda Sunday-school Association will be held at Windsor on October 29th, 30th, 31st. This is a gathering of very practical value to all engaged in the Sunday-schools of our province as well as to those who will soon become officers and teachers.

All delegates attending will be granted reduced fares on the railroads on the standard certificate plan. Purchase a single first-class ticket to Windsor and secure, at the same time, from the ticket agent, a standard certificate. This, signed by the secretary of the convention, will entitle the holder to a return ticket free.

When delegates cannot purchase a through ticket to Windsor, a second certificate must be obtained where the second ticket is bought. Homes will be provided for all delegates. Names of delegates desiring entertainment should be sent to Mr. James O'Brien, Windsor, not later than October 23rd.

Each session of the Convention programme will be devoted to some one department of the Association, namely, adult education, temperance, international Bible-reading and home-experienced leaders. There will also be several helpful addresses by able speakers, and the whole gathering aims to be of service to the Sunday-schools. Superintendents should all endeavor to be in attendance themselves and, besides, have their school represented by at least one delegate.

The Convention is open to everyone, and all are cordially invited to attend.

British Shipbuilding.

It not only costs the United States quite a third more to build the ships for her navy than it costs Great Britain to build her ships, but the ships of the United States are not nearly so well built or planned as British ships. According to the October number of the 'Navy,' the naval bureaus at Washington, and incidentally, the entire department, are responsible for the recent fatal disasters on the 'Missouri' and 'Georgia.'

To the divinity faculty of Yale University there has been added a Professorship of Missions. The new Professor will teach the theory and practice of missions. The plan, as stated, is that the professor shall have one year out of three for foreign study and travel, to acquaint himself with conditions and needs of non-Christian countries, and also with the educational and religious work carried on in them.

V. Hand.

The Haunts, Kings and Annapolis exhibition at Windsor last week was well conducted and very successful show. The weather was most favorable and the attendance large. Kings county contributed a good proportion of the exhibits, particularly in fruit, and a liberal share of the prizes came this way. As an agricultural show it was superior to the Halifax exhibition—and there were no fakers.

A Trip West.

Left St. John, N. B. Sept 16th—a beautiful day. The mist hung over the water like a bridal veil, then melted before the sun till the glassy water and the languid woods basked breathlessly in the sultry glare.

Was joined at Fredericton, N. B. by Mrs. Redden and daughter. At Waterville Mrs. C. H. Hatch and Mrs. Custis greeted us. Both looked well. At 7.30 reached Boston and visited several places of interest.

Left Boston Wednesday noon by Lake Shore, Limited. Passed through Newton Low-La Salle Sem., Wellsley, Mt. Holyoke, the Berkshire Hills and at Albany the Hudson river, where the bridge went down as a train passed over, and Bliss, the noted singer, and his wife passed from view to be recognized no more. Spent a day in Cleveland—magnificent buildings, gardens, etc. At Toledo met our honored Dr. Trotter and his wife—glad to see him looking so well.

A fine church building, every prospect of success. Chicago comes next these. I parted from my delightful traveling companions, who went on to Passadena, Cal. Next stop was Muscatine, on the bank of the Mississippi. It never looked more beautiful, the trees in full autumn glory hung close over the water, and the afterglow at sunset often lingers for an hour or more. Surely 'His goodness and mercy followed me,' no accident, perfect weather.

P. M. KERRICK, Music, Iowa, Oct. 8th, 1907.

Foot-ball Begins.

The foot-ball season was fairly opened here on Wednesday, when the defeated the Halifax Crescents by a score of 8-0. Acadia won the kick off, facing a strong north wind.

After eighteen minutes, with neither side showing any particular steam, Sammy Lewis scored a try for Acadia. The try was converted by Hughes. For the rest of the half the game was all Acadia's, the ball being always in the territory of the blue and black.

The first half ended 5-0, in favor of Acadia. In the second half, the Crescents had carried the ball nearly to the Acadia goal when Faulkner, cleverly eluded a Halifax player, kicked the ball well up the field. It was caught by Messenger, who made a brilliant run carrying the ball nearly over the line. The Crescents quickly regained their lost ground, and for considerable time a hot fight was waged in the centre of the field, neither side having the advantage.

After several minutes of this, the Crescents carried the pig-skin well into the Acadia territory and were prevented from scoring only by Faulkner's brilliant kicking. Shortly afterwards Porter got the ball and making a spectacular run up the field nearly scored. Several minutes later Captain Kierstead scored a try for the blue and garnets. Lewis failed in an attempt to convert. The game ended two minutes later.

Alberta has several hundred miles of government owned telephone lines and work is pushing briskly on many unfinished lines. Government owned services is a favored policy in the West.

Mr. Duncan McKinnon, of Campbellton, N. B., a member of the Junior class, one of Acadia's forwards, had the misfortune to have his collarbone broken during the game on Wednesday. THE ACADIAN is glad to announce that Principal DeWolfe has made arrangements for another visit from Henry Lawrence Southwick, who has on several occasions charmed Wolfville audiences with his elocutionary powers. Dean Southwick will appear in College Hall on Friday evening, Nov. 8th, when Sheridan's well-read and most interesting and popular play, "The Rivals," will be presented.

The new boiler for the electric light station arrived on Monday. It is a massive affair, weighing fifteen tons. The work of moving it from the car to the foundation prepared for it was at once begun under the direction of Mr. Sidney Borden, of Port Williams. This was accomplished yesterday, and the brickwork will be proceeded with as rapidly as possible. It is hoped that we may have the light on again by the end of the week.

Mrs. Nalder will speak in the Methodist church on Sunday evening next, on the work of Pundita Ramabai, "among the little widows of Judea," under the auspices of the Kings Daughters. It is expected that a parlor meeting will be held for ladies under the auspices of the W. C. T. U. early in the week. Mrs. Nalder is a very interesting speaker. She has a vast store of views of the home and her proteges, also books on the life of Ramabai for sale.

The services in St. Andrew's church last Sunday were of a very pleasing character. In the morning the pulpit was filled by the new president of Acadia, Rev. Dr. Hutchinson, who preached a very helpful sermon from 1 John 4:19—"We love him because he first loved us." Dr. Hutchinson expressed himself as much pleased to meet and become acquainted with all those who are trying to do God's work. He is a very pleasing and earnest speaker. In the evening Rev. Dr. Coburn preached an earnest and practical sermon from Rom. 6:11—"Let us reckon ye also yourselves to be dead indeed unto sin, but alive unto God through Jesus Christ our Lord."

APPLES WANTED.—Wanted consignments of apples to sell by auction or private sale. Have large, cool warehouse and storage rooms. Prompt returns. In business 35 years. References any bank. J. W. SMITH, Market Square, New Glasgow.

The entertainment given by the Boston Entertainment Party in College Hall last Friday evening was a pleasing and popular performance. The program was varied and every number was repeatedly applauded. Miss Madge Farnum, elocutionist, appeared to splendid advantage, not only in her single numbers but as well in humorous sketches, in which she was ably assisted by Mr. Frank LeRoy Beck. Owing to the absence of certain these latter were given under some disadvantages. Miss Gertrude Everts as a vocalist and pianist was very pleasing. The audience was on a high level. It is hoped that Mr. Rand may be accorded a much larger attendance at future entertainments, and thus encouraged in his efforts to bring first-class companies to our town.

Better This Year Than Ever.

Any person who has read the Family Herald and Weekly Star for a few years back would wonder how it could be improved from year to year. Still every one will admit that during the past twelve months there has been a wonderful improvement and the Family Herald and Weekly Star is to-day bigger value than ever before. Newspaper, Magazine and Agricultural Journal all combined, it is certainly a unique publication. Any person who does not know the Family Herald and Weekly Star should give it a trial for 1908. It is a wonderful dollar's worth.

A unique feature of this table and one of the attractions of the show was the display of apples from Sea-view Farm, Starr's Point, the proprietor of which is Mr. Arthur Starr. In this display Mr. Starr shows not only most of the known varieties but a large number of varieties altogether unknown to the general public such as Chabenois, Fourth of July, Wolf River, Belle de Boscoupe, Ontario, McIntosh Red, Red Beitheimer, Cleavage, Scarlet Parnasia, Fall Queen, Rambo, Rome Beauty, Victor, St. Lawrence, etc. all fine looking fruit.—Windsor Tribune.

A grand reception was given in Halifax on Tuesday to Hon. W. S. Fielding. A torchlight procession was followed by speeches in the Empire Ring, to which some five thousand persons listened. Almost Crazy With Headache

Mrs. R. W. Edwards, 32 McMurray street, Brantford, Ont., writes: "For five years I suffered more than words can tell from nervous headaches, nervous dyspepsia, and exhaustion. The pain in my head would at times almost drive me crazy. I could not sleep nights. All of this was in spite of the best efforts of three leading doctors. "For the past nine months I have used Dr. Chase's Nerve Food, and for a considerable time I have not experienced a headache, or any of the symptoms mentioned above. From a mere skeleton this medicine has built me up in flesh and weight, until now I am strong and well and am thoroughly restored to health." Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50, at all dealers, or Edman, Bates & Co., Toronto.
