The Catholics of the East End of London are preparing to duly celebrate the jubilee of the ordination of the Rev. Dr. Thacker, who has been rector of the parish of Bow for many years. Dr Thacker is a native of Dublic, and at the close of his collegiate career in Rome he accepted an invitation from Cardinal Wiseman to make London the arena of his future labours. His first appointment was the Covent Garden mission, from which he passed successfully to

various districts of the metropolis before finally settling down at Bow. He is very popular amongst all de nominations in the East End. Is at hand and is gladly welcomed by all, especially those whose duties in life have caused them to greatly run down their system to meet the requirements. With these and others, it is important, whether at home, at the seashore or in the country, that some thought be given to diet, and as further assistance to Nature, a good building-up medicine like Hood's Sarsaparila had best be resorted to. If the digestion is poor, liver deranged and frequent headaches seem to be the rule, Hood's will change all this and enable everyone to return to their home and business in a refreshed state of mind and bodily health.
