The copy filmed here has been reproduced thanks to the generosity of:

Douglas Library
Queen's University

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Douglas Library
Queen's University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PREFACE.

IN again presenting the public with a new Volume of the MONTREAL CITY DIRECTORY, being the sixth of the work which has been issued, it is the Editor's pleasing duty, in the first place, to return his most sincere thanks to the many kind friends who have uniformly sustained his efforts to keep a proper Directory of the City in a course of annual publication.

Although, considering the nature of the population of the City, the supporters of the work may be considered numerous, yet both Editor and Printers find to their cost that they are, by no means, as many as any person unacquainted with the facts might naturally suppose. Indeed, the present edition, which is an unusually successful one, is limited to six hundred and fifty copies; nevertheless, the Editor will not be disheartened by the insufficient remuneration for the labor and fatigue incurred in collecting and preparing the mass of information which is presented in this Volume; but, on the contrary, begs to assure his friends, that it will tend to promote renewed application and energy on his part, so that the Directory shall *ultimately win its way* into the Counting House or Store of every person carrying on a respectable business, in this City, who can read the English language.

Having indirectly alluded to the fact, that many who carry on a large business do not expend a shilling in support of this work, it may, perhaps, be proper to state here, that, to his own knowledge, most of them *use* the Directory; a good number of them *borrow* it, and some of them, he has been credibly informed, *forget to return it*.

As illustrating this matter, he can further state, that several instances have occurred of persons sending to himself for the *loan of the Book*, a request which was so exceedingly modest and reasonable, that, of course, he could not refuse, but sent them a polite message, that he returned his best thanks for the honor conferred upon him.

A good many there are, too, who get the work deli-

vered, and promise to pay for it, but forget to do so; and in one instance, a person who had used it for months, (a hotel-keeper too, whose name does *not* appear as such in the Classified List of Hotels this year, although he still carries on the business,) sent it back when applied to for payment. The Editor, however, owes it to the hotel-keepers of the City to state, that this was a *solitary exception* amongst them, as he has ever found those gentlemen to be warm, generous and liberal supporters of the Directory.

In the CLASSIFIED BUSINESS DIRECTORY, he has, this year, adhered (with scarcely an exception) to the rule of inserting the names of Subscribers only; many professional and other gentlemen, in whose favor an exception may have previously occurred, may feel annoyed at this, but he can only say, that due warning was given of his intention, through the press, and that the course now pursued will be strictly carried out.

In preparing last year's edition of the work, circumstances compelled him to entrust the collection of the details for it to several individuals, some of whom, he is sorry to say, did their business very inefficiently.

In the edition now presented, fully three-fourths of the same work was done by himself, and the remainder by a faithful and well qualified person, and the result appears in an addition of FORTY-FIVE PAGES, CONTAINING NEARLY FIFTEEN HUNDRED NAMES, TO THE ALPHABETICAL DIRECTORY.

He has also given an ALPHABETICAL DIRECTORY TO THE STREETS OF THE CITY, carefully compiled from the latest Surveys, together with a very neat little MAP, while the price of the Book remains as it did last year. Trusting that his endeavors to meet the requirements of his friends and the public on this head will meet with their approbation, and that they will find the present Directory to be the best and cheapest work of its kind ever issued in Canada,

He has the honor to remain their obliged and faithful servant,

ROBERT W. S. MACKAY.

THE DIRECTORS OF THE COLONIAL LIFE ASSURANCE COMPANY,
 BEING desirous to afford all those advantages to their Policy-holders in this country, which are commanded by Assurers in Great Britain, have invested **THE BOARD IN MONTREAL** with full powers to examine into, and accept of proposals, putting the Company on the risk, *at once*, without communicating with the Parent Board.

A party has it thus in his power to effect an Assurance on his Life, *immediately*, without incurring the delay to which Life Assurers in this country have hitherto been subjected, from the sanction of the Head Board being required to complete the transaction; the deliverance of the Board at Montreal being *final and irrevocable*.

This arrangement gives to the COLONIAL all the facilities of a Company *essentially local*; and, combined with the additional advantage of a large Guaranteed Capital, affords the most perfect security in all Assurance transactions.

DIVISION OF PROFITS.

The Profits of the Company will be ascertained and divided at certain intervals; the First Investigation and Division being to be in 1854, when each Policy having a right to participate in the Profits, will share in the Fund to be allocated for Division among the Assured, according to the Profits which the Company may calculate to have arisen on the particular Class of Risks to which such Policy may belong.

HALF CREDIT SYSTEM.

The Company grant Assurances on the following plan:—HALF of the Annual Premium will be received for the first FIVE or

SEVEN years, the remaining half, with interest, being chargeable as a debt on the Policy, to be paid off when convenient, or, at the option of the assured, to be deducted at settlement of the claim.

N. B. Assured are at liberty to pass from any part of North America to any part of Europe, *without extra charge.*

This Company is composed of a numerous body of proprietors, affording, in addition to the paid up Capital, ample security to the Assured. On commencing the Fire Department of the business, the Company reduced the rate 25 per cent., and the decided success which has attended its operations in that department, affords satisfactory proof that the advantages which it offers have been duly appreciated by the public.

At the recommendation of many of the most respectable merchants of this city, and elsewhere, the Directors were induced to embrace the Inland Marine branch of the Insurance business, and accordingly, have commenced to grant Insurance against all Loss and Damage to Vessels or their Cargoes, navigating the Rivers and Lakes of this Province.

In a short time the Company will also be prepared to commence the Life Department of the business, due notice of which will be given.

This Institution embraces important and substantial advantages with respect to Life Assurance and Deferred Annuities. The Assured has, on all occasions, the power to borrow, without expense or forfeiture of the policy, two-thirds of the premiums paid; also, the option of selecting benefits, and the conversion of his interests to meet other convenience or necessity.

Assurances for terms of years at the lowest possible rates.

Persons insured for life, can, *at once*, borrow half the amount of

annual premium for five years, on their own note, and deposit of Policy. PART OF THE CAPITAL IS PERMANENTLY INVESTED in the United States, in the names of three of the Local Directors—as Trustees—available always to the Assured, in case of disputed claims (should any such arise) or otherwise.

The payment of premiums, half yearly or quarterly, at a trifling advance upon the annual rate.

No charge for stamp duty.

Thirty days allowed after each payment of premium becomes due, without forfeiture of policy.

Travelling leave extensive and liberal, and extra premiums on the most moderate scale.

DIVISION OF PROFITS.—The remarkable success and increased prosperity of the Society has enabled the Directors, at the last annual investigation, to declare a fourth *bonus*, varying from 35 to 85 per cent, on the premiums paid on each policy effected on the profit scale.

Persons assured by the Society are allowed to cross and re-cross the Atlantic in Royal Mail or First Class Steamers, or in *first class* vessels, during the months of May, June, July or August, September and October, *free of extra charge*; and during the months of November, December, January, February, March and April, on payment (previous to embarkation) of an extra premium of a *quarter* per cent (25 cents on each \$100 insured.)

LIFE INSURANCE COMPANY,

DIVISION OF PROFITS AMONG THE ASSURED.

This Joint Stock Company, established by Act of Parliament, without limited responsibility, affords the most perfect security in an ample paid-up Capital, and in the great success which has attended it, since its commencement in 1834, and the large accumulation of Premiums which has taken place.

On the 1st of July, 1841, the Company, at their General Meeting, declared an addition of one-half to the sums paid by the Stockholders, and appropriated to those holding Assurances at the participating rate of £2 per cent per annum, from the dates of their policies, so that the addition to a policy for £1000, in force for the previous 5 years, has been £100, making it in all £1,100. The Premiums payable to the Company are nevertheless very moderate, and only one half of them, when an Insurance is for Life, need be paid for the first five years after the date of their policy; the other half, subject to the payment of interest at 5 per cent annually, to be deducted at death, or paid off at convenience. By this arrangement, it becomes easy for a person of moderate income to secure a provision for his family; and the policy may be relinquished on the acquisition of a fortune, within the 5 years, the Assured having paid only one half of the Premiums, instead of the whole, according to usual practice.

Thus, a person of 25 years old, may, by an annual payment of £28 16s. 3d., for the first five years, and afterwards of the full premium £57 12s. 6d., secure to his widow and children at his death, payment of no less than £3000, subject only to the deduction of £144 13s. 3d., being the amount of premiums unpaid. A

person requiring a temporary advance of money may also, in terms of this arrangement, should he within five years relinquish the policy of Assurance, by means of which he has obtained the advance, give it up on payment merely of one-half the Premiums instead of the whole, according to the usage of most other offices.

The great facilities afforded by the Company, in these and other respects, are such that it really appears to be a moral duty in every parent who is not possessed of a fortune, but of an income, however moderate, to insure his life for a sum which may yield a comfortable provision for his family,
