**Closing on Saturdays at 1 p. m.**  
 No Noon Delivery on Saturdays

## THE T. EATON CO LIMITED

### TELEGRAPH INQUIRY HEARS OF DEFICITS

Loss of Nearly Half Million is Estimate of G.N.W. Company.

Canadian Press Despatch. Ottawa, Nov. 12.—At the resumed telegraph enquiry before the railway board this morning G. D. Perry, general manager Great Northwestern Telegraph Company, stated that the estimated deficit of the company for the current business year which ends June 30, 1920, will be \$451,864. He stated that the deficit for the year ending June 30, 1919, was \$290,491. During the year, he said, the railway board in a judgment had advanced salaries of operators, etc., involving an additional expenditure of \$79,000. The application of the clerks for more pay was now before the board. The company had offered them an advance of 15 per cent. and the board would not give them less. On this basis, the increased cost of clerks' salaries would amount to \$48,700. Mr. Perry placed the total value of the plant at \$7,606,507 and depreciation at six per cent. per annum.

**PILES**  
 Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and certainly cure you. 50c a box; all dealers, or Edmondson, Bates & Co., Limited, Toronto.

clation at 5.35 per cent. Mr. Perry said he had chosen the higher figure because forty per cent. of the G. N. W. wires are copper, while all but about six per cent. of the G. N. W. buildings, more particularly those in Montreal and Toronto, are very old and in a bad state of repair.

At the afternoon sitting Mr. Perry stated that there was a division of costs and receipts between the Canadian Northern and G. N. W. systems according to the amount of business originated with either. The G. N. W. connections with the Western Union were a valuable asset, he said. His evidence closed the case for the G. N. W. and the commission adjourned to meet in Winnipeg at ten o'clock on Monday morning.

### DUAL CONTROL CAUSED SEELY'S RESIGNATION

London, Nov. 12.—Major-General John F. B. Seely, whose resignation as head of the air ministry was announced yesterday, took his seat on the opposition bench in the house of commons today. General Seely explained that he had resigned his post because of dissatisfaction over the dual control of the air force, which he declared, involved waste and inefficiency. No personal question, he said, had arisen.

### MRS. WOOLWORTH'S INCOME WILL BE \$443,000

New York, Nov. 12.—Mrs. Frank W. Woolworth, widow of the late head of the chain of five and ten cent stores, will receive an income of \$443,000 a year from her husband's estate. This was revealed today when Supreme Court Justice Giegerich signed an order requiring Hubert T. Parsons, head of a committee of Mrs. Woolworth's property to file an additional bond of \$2,600,000. His original bond was \$50,000.

### HOLD INFORMATION ON WHEAT PRICES

Chairman of Federal Board Says Farmers Are Willing to Wait.

Winnipeg, Nov. 12.—James Stewart, chairman of the Canadian wheat board, today declared that it had been decided to withhold information as to the price received for Canadian wheat being sold until the close of the present crop year, Aug. 31, 1920. He believes that the majority of farmers are satisfied to wait until the crop has been cleaned up before being told what additional price they are to receive for their wheat over the fixed price as guaranteed by the government.

"The average farmer," said Mr. Stewart, "is a good sport and is willing to take a chance on finally securing the best returns possible. Some wheat has been sold, but it would be unwise to make public at what figure, for the reason that the balance yet to be disposed of may be sold at a higher or lower figure, and as the whole crop is pooled according to grades, any figures given out at this time might be very misleading. This is the only reason why I have

decided to withhold the price I am receiving for Canadian wheat until it is all disposed of and cleaned up."

### COAL PROSPECTS

Ottawa Reports General Situation Better, But Will Keep Careful Watch.

Ottawa, Nov. 12.—Altho the general situation insofar as the Canadian coal supply from the United States is concerned looks brighter, following the conclusion of the strike, it is still the object of careful attention by the authorities here. C. A. Magrath, Dominion fuel controller, who has not been taking any very active part in fuel matters since last March, is again in charge. In the event of the nationalization of the mines, it will consider what action might be taken to compel the government to bring into effect the recommendations of the Sankey commission that nationalization be effected.

### INDUSTRIAL PEACE NOW IN BARCELONA

Barcelona, Nov. 12.—The lock-out by the employers, which has tied up industry here for more than a week past, is considered today to have been virtually ended as the result of an agreement reached during the night between the employers and the men. Senior Segue, the syndicalist leader, announced the settlement to the reporters, saying it terminated the strikes and lock-outs, both sides having agreed to give guarantees for carrying it out. The details, he said, would be given in a royal decree confirming the settlement of the differences. The government also will issue an ordinance providing for the punishment of workers or employers violating the agreement reached.

### British Labor Congress to Deal With Nationalization of Mines

London, Nov. 12.—A special congress, comprising representatives of all organized labor, was called today to meet in London on Dec. 9 to discuss the nationalization of the mines. It will consider what action might be taken to compel the government to bring into effect the recommendations of the Sankey commission that nationalization be effected.

### TO AID GRELSTONE.

Halifax, Nov. 12.—The tug Cruiser sailed today for Sable Island to assist to this port the steamer Grelstone, which has been anchored off the island since last week's storm.

### FOGGY?

If Bilious, Constipated or Headachy take "Cascarets."

Tomorrow the sun will shine for you. Everything will seem clear, rosy and bright. Your system is filled with liver and bowel poison, which keeps your skin sallow, your stomach upset, your head foggy and aching. Your meals are turning into poison, gases and acids. You cannot feel right. Don't stay bilious or constipated. Peel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little, too—Cascarets work while you sleep.

### TO LIMIT SIZE OF NEWSPAPERS AND RAISE RATES

U. S. Publishers' Association Also Advises Abolition of Yearly Contracts.

New York, Nov. 12.—Material increases in advertising and subscription rates, limitation of the size of newspapers and provisions in advertising contracts whereby rates can be adjusted monthly or quarterly were among the recommendations made today by a special convention of the American Newspaper Publishers' Association, called to consider the newspaper shortage.

The report of the resolutions committee, adopted unanimously, follows: "That there is a world-wide shortage of paper. At the present rate of consumption the newspapers are using about 40 per cent. more paper than is being produced. This means an annual shortage on the present basis of approximately 200,000 tons. Your committee therefore recommends: "That the regulations of the war industries board for the conservation of newspaper be strictly adhered to, and that the full text of all these regulations be sent to all the daily and Sunday newspapers of the United States, whether or not they are members of the A. N. P. A. "That publishers everywhere be urged to materially increase advertising and subscription rates and at

the same time limit the size of their issues.

"That no newspaper enter into a yearly contract for advertising at a fixed rate, but make rates adjustable monthly or quarterly.

"That the A. N. P. A. send out a standard form of adjustable contract for advertising.

"That the paper committee strongly discourage the hoarding of print paper.

"That the white paper committee and the executive committee of the A. N. P. A. urge the enactment of such legislation as will permit the development of water power so that our lumber lands may be made fully available for the manufacture of wood pulp, lumber and paper, and we also recommend that congress be urged to take steps that will induce the Canadian government to repeal the order-in-council prohibiting the export of wood cut from crown lands.

"We recommend that the president appoint a committee on conciliation for the purpose of readjusting differences between publishers in competitive territories."

R. S. Kellogg, secretary of the newspaper service bureau, stated that the mills were unable to increase production as they were running at 100 per cent. capacity.

### QUEBEC SESSION, DEC. 10.

Quebec, Nov. 12.—The provincial government today decided to call the legislature in session for Dec. 10.

**MURINE** Basis, Retrievable, Softens, Heals—Keep your Eyes Strong and Healthy. If they Tingle, Smart, Itch, or Burn, If Sore, Irritated, Inflamed or Grated, use Murine often. Safe for Infant or Adult. At All Druggists in Canada. Write for Free Eye Book. Murine Company, Chicago, U. S. A.

PROVINCE PASSES ITS OBJECTIVE

Ontario Wins Her Honor Flag, With Three Days to Run.

Yesterday's returns... \$13,475,700

The province of Ontario won her honor flag yesterday. With three days still to go, her total last night stands at \$22,499,750, as against the official objective of \$22,825,000, and as compared with \$19,834,650 at this date last year.

The province of Ontario won her honor flag yesterday. With three days still to go, her total last night stands at \$22,499,750, as against the official objective of \$22,825,000, and as compared with \$19,834,650 at this date last year.

Ontario is \$50,015,812 ahead in the race with the rest of the Dominion. It should be noted, however, that the returns from the other provinces are one or two days behind ours.

Through an omission, two units which won their flags on Tuesday were not referred to in the summary. These were Lambton and Bruce.

The units which have reached their combined objectives number 32. Nine units passed their official objectives and the remainder of the units are the outstanding unit to win this honor is the city of Hamilton under Chairman G. C. Coppley and Organizers P. A. Thomson and J. G. Weir, which by sending in \$987,750 for the day raised its total to \$13,265,600, which represents 102.04 per cent of its combined objective.

Three divisions did a fine piece of work by going over the top last night on combined objectives, namely: Central division with \$1,055,583; Thames Grand division with \$1,044,500; Trent Valley division with \$732,800.

The county of Brant created a sensation by increasing its objective from \$3,100,000 to \$5,000,000.

No less than 75 industrial establishments won the Prince of Wales honor banner, bringing the total to date to 276.

His Excellency the Duke of Devonshire paid an informal visit to Ontario yesterday. He was accompanied by Sir John Hendrie, Mayor of Toronto, and other members of the executive of the Victory Loan, was conducted to the steps of the city hall where a large crowd welcomed him.

In replying to the mayor's welcome the duke said that he came to congratulate the great city of Toronto on its splendid success in the Victory Loan campaign. Toronto had never failed and never would fail in any of its undertakings and he was quite sure the citizens would always rise to the level of their obligations and always prove their loyalty.

Only a few days ago, he said, "you had the privilege and pleasure of welcoming the Prince of Wales here. I know that he left an impression that will take years to fade away, and he will go back to England convinced that Canada is more loyal than any other country in the British Empire."

Mayor Church briefly responded and introduced to the duke the members of the tank corps. The flag was then raised while the band played "The Maple Leaf."

POLICE ARREST FLOOR POLISHER

Five Diamond Rings Found in Pawnshop—Boy Highwayman Caught.

James Henderson, no home, was arrested on Victoria street last night by Constable Wellford on a charge of theft. Henderson was engaged to polish floors in the home of Northgrave, 42 Parkwood avenue, and while there is alleged to have stolen five rings, two of which were diamonds.

Northgrave happened to have seen Henderson in the pawnshop and was walking down Victoria street pointed out the man to the policeman. The rings were recovered by Detective Carter in pawnshops.

Joe Peart Baldwin street, was arrested last night charged with pilfering pockets. Peart was riding on a crowded street car when he was detected by Constable Wellford. A soldier attached a lady's chastelaine. A soldier saw Peart steal this purse, and before he could get away he was arrested by Constable Wellford. The prisoner had jumped from the car. The prisoner went to detective headquarters, and when the soldier complained he was brought in by Constable Bracken, and when searched was found to have in his possession the woman's purse.

A Good Catch. Detective-Sergeants Nourse and Armstrong made a good catch last night when they arrested Joe Thomas, alias a charge of robbery. Thomas was charged with a charge of robbery. Thomas was charged with a charge of robbery. Thomas was charged with a charge of robbery.

VETERANS REPORT ON LOANS TO WAR VETERANS

Announce Total of Nearly Fifty Millions for Land Settlement.

Canadian Press Despatch.

Ottawa, Nov. 12.—The soldier settlement board of Canada has completed a report on the November, which shows that loans amounting to \$49,041,584 have been approved by the board. The number of loans is 15,209. The loans are divided into three classes, as follows:

1. To settlers purchasing lands through the board, the amount is \$40,495,616, of which over \$27,000,000 is for land purchased through the board.

2. To settlers on Dominion lands, \$5,126,822.

3. To settlers who had lands of their own, \$3,419,146.

Forty thousand five hundred and fifty-eight returned soldiers have applied for the benefits of the act, and 30,738 of these have obtained agricultural qualification certificates qualifying them to receive loans for agricultural purposes under the board's scheme. A large number of these 30,738 applicants are seeking land on which to locate and many of them expect to be on their own farms in the spring.

The board also has a number of applications from men who desire to become farmers, but who require further agricultural training before becoming qualified.

Col. Peck, V.C., Advocates Soldier Party in Commons

Prince Rupert, B. C., Nov. 12.—Addressing the local G.W.V.A. Col. C. W. Peck, V.C., gave an address in which he expressed his opinion that if returned men were to get a "square deal" there must be a "soldier party" in the house of commons.

DARMCHEAL FOR TIMISKAMING

W. J. Carmichael, one of the best known returned men in Toronto, and at one time general organizer for the G.A.C., is a possible candidate for the position of member of parliament at Cobalt, which is to be held this evening.

BUTCHERS OPPOSE ABATTOIR PURCHASE

Say \$15,000 Vote to G.W.V.A. By Brantford is Illegal.

Brantford, Ont., Nov. 12.—(Special.) Brantford veterans will be disappointed in their expectation of receiving funds from the city treasury. City Solicitor Henderson has notified City Treasurer A. K. Bunnell he has the city lands for sale to the G.W.V.A. and \$8000 to the local branch of His Majesty's Army and Navy Veterans, as voted by the city council.

Costs of the grants are illegal. They must be approved by bylaw or go to the legislature for approval. It is likely that a bylaw will be submitted.

REMIT POLL TAX

Belleville, Nov. 12.—(Special.)—At a meeting of the G.W.V.A. of this city the matter of a poll tax for returned men was brought up, and a resolution was passed asking that the poll tax be remitted to men returning from overseas this year. This matter will be taken up with the city council.

G.W.V.A. INDIANS

Walpole Island Veterans Form New Branch of None But Originals. Secretary W. E. Turley of the provincial command of the G.W.V.A. was back at his desk last night after returning from a trip to Walpole Island, where he organized a new branch composed entirely of Indians. This is the only branch of its kind in the Dominion.

YORK COUNTY AND SUBURBS

EARLS COURT

FALL FAIR ACCOUNTS.

President Alex. MacGregor presided at a meeting of the fall fair executive committee last night at the committee office, 1657 Dufferin street, when accounts were presented by the treasurer and passed for payment. A discussion took place regarding preliminary work.

RIVERDALE

Withrow Home Club Meets. Withrow Home and School Club met recently in the school, Withrow avenue, when Dr. Lily Mathewson spoke on "The Proper Dress For School Children." Mrs. Gertrude Eagleson addressed the members on "Living a Life is More Than Making a Living."

MAYOR TO ADDRESS BRANCH

Mayor T. L. Church will address the Roden branch, G.W.V.A., at their regular monthly meeting in Dion Hall, Rhodes avenue, on civic politics this evening. Sergeant-Major MacNamara, M.L.A., will also speak at the meeting. D. Forgie, president, will occupy the chair.

B.I.A. INVITE HASTINGS

The mayor, controllers, aldermen and M.O.H. Dr. Hastings, have been invited to attend a meeting of the British Imperial Association to be held in Earls Court public school on next Saturday evening. The object of the meeting is to discuss vaccination and other questions of pressing importance. The B.I.A. boys' brass band will play selections before the meeting in held. Geo. Willis, president B.I.A., will preside.

GREAT WASTE OF WATER

The cost of water in the city and York township is being taken up seriously by taxpayers in this section. There is undoubtedly a great waste of water in the city owing to the lack of proper meters. In some of the houses controlled by the city, thousands of gallons of water are wasted daily through leaks and carelessness. The whole matter is to be brought up at a public meeting to be called as soon as possible at which the York township officials will be on deck to prove the conservation exercised in the matter of water in so far as the township is concerned as against the wastage in the city area.

EAST TORONTO

MRS. MARY WILLIAMSON DEAD. Mrs. Mary Williamson died at her late residence, 1335 Eglinton street, yesterday after a long illness in her 85th year and is survived by her husband, Alderman William Williamson, two sons and four daughters. The funeral will take place at St. James' Cemetery tomorrow afternoon.

WHITE, FOR PLAINTIFF, MOVED TO AMEND WRIT AND JUDGMENT SO THAT EXCHANGE MIGHT BE ADDED TO SUM OF \$142,659.

McKittrick, for plaintiff, obtained leave to serve statement of claim in mechanics' lien action substitutionally against McCabe vs. Washington—Chitty (Raymond, Ross & Co.), for third party, moved to set aside third party notice as irregular. J. P. Walsh for plaintiff; G. T. Walsh for defendant. Motion dismissed with costs.

Montgomery Glass Co. vs. Forsyth—Staples (McWhinney & Co.), for defendant, obtained order dismissing action, discharging mechanics' lien and vacating its pendens on consent with costs.

Blesky vs. Davidson Mines—James (Fasken & Co.), for defendant, obtained order dismissing action. Weekly Court. Before Masten, J. Prudential Trust vs. Superior Brick—J. H. McKee, K.C., for plaintiff as trustee for bond holders, obtained judgment in usual form. Reference to master for costs.

McGuire Trusts—Stands one week. Stevens estate—C. W. Kerr, for trustee and residuary legatees, moved for order constraining W. E. Brown for George A. Cooper, a mortgagor, to execute a mortgage in favour of the trustee. Costs to be paid by Kerr. Nassagaweya vs. Fraser—H. S. White, for plaintiff, moved for injunction G. W. Morley for defendant. Costs to be paid by defendant. Plaintiff to pay costs.

Oshawa Iron and Metal Co. vs. Low—D. O'Connell, for defendant, appealed from county court of Ontario. Costs to plaintiff. Appeal dismissed with costs.

Re Honore Richer—C. A. Seguin, for Landia Charbonnet, appealed from County Court of Ontario. Costs to plaintiff. Appeal dismissed with costs.

Paton vs. Pillon—T. R. J. Wray, for plaintiff, moved for injunction. C. W. Kerr for defendant. Defendant undertaking to expedite trial, injunction refused. Costs in cause.

Metropolitan Life vs. Courian—H. S. White, for plaintiff, moved for order for costs.

CUT THIS OUT.

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES. If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh, cut out this coupon and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment. Sprays, inhalers and nose douches are but irritants to the delicate air passages and force the disease into the middle ear, which frequently means total deafness. The disease may be driven down the air passages towards the lungs, which is equally as dangerous. The following formula is used extensively in the damp English climate, is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions. Secure from your druggist 1 ounce of Parmitin (Double strength). Take this home and add to it 1/2 pint hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often give quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmitin used in this way acts directly upon the diseased mucous surfaces of the system and has a tonic action which helps to obtain the desired results. The preparation is easy to make, is pleasant to take. Every one who has catarrh or head noises or is hard of hearing should give this treatment a trial.

DECLINED EXECUTION

Duke of Devonshire's Existence Depended on Wise Choice of an Ancestor, He Tells Canadian Club. There was a large attendance at the Canadian Club luncheon yesterday at the Duke of Devonshire's. The Duke's excellency at the head of the table were President E. P. Brown, Sir John Hendrie, Sir John Willison, Sir Robert Falconer, Bishop Sweeney, Mr. Justice Hodgins, Hon. Wallace Nesbitt, Duke Denton. President Brown welcomed the Duke as a representative of British ideals and the devotion of the Canadian family, which since the fourteenth century has stood in the forefront of arts and letters, law and science. His excellency told of how one of his ancestors had to choose between having his head cut off and becoming a duke. He didn't have his head cut off.

PAY CHEQUES DELAYED

Delay in the delivery of pay cheques from the D. S. C. R. is said, by officials of the department, to be caused by failure on the part of the Toronto postoffice to deliver cheques promptly and not that of the department. There are 18,000 cheques sent out from this department every month, punctually as pay day arrives. It is stated that 20 per cent. of these cheques are delayed at the Toronto postoffice distributing centre because of the staff not being sufficiently large to cope with the additional mail.

YORK COUNTY AND SUBURBS

EARLS COURT

FALL FAIR ACCOUNTS.

President Alex. MacGregor presided at a meeting of the fall fair executive committee last night at the committee office, 1657 Dufferin street, when accounts were presented by the treasurer and passed for payment. A discussion took place regarding preliminary work.

RIVERDALE

Withrow Home Club Meets. Withrow Home and School Club met recently in the school, Withrow avenue, when Dr. Lily Mathewson spoke on "The Proper Dress For School Children." Mrs. Gertrude Eagleson addressed the members on "Living a Life is More Than Making a Living."

MAYOR TO ADDRESS BRANCH

Mayor T. L. Church will address the Roden branch, G.W.V.A., at their regular monthly meeting in Dion Hall, Rhodes avenue, on civic politics this evening. Sergeant-Major MacNamara, M.L.A., will also speak at the meeting. D. Forgie, president, will occupy the chair.

B.I.A. INVITE HASTINGS

The mayor, controllers, aldermen and M.O.H. Dr. Hastings, have been invited to attend a meeting of the British Imperial Association to be held in Earls Court public school on next Saturday evening. The object of the meeting is to discuss vaccination and other questions of pressing importance. The B.I.A. boys' brass band will play selections before the meeting in held. Geo. Willis, president B.I.A., will preside.

GREAT WASTE OF WATER

The cost of water in the city and York township is being taken up seriously by taxpayers in this section. There is undoubtedly a great waste of water in the city owing to the lack of proper meters. In some of the houses controlled by the city, thousands of gallons of water are wasted daily through leaks and carelessness. The whole matter is to be brought up at a public meeting to be called as soon as possible at which the York township officials will be on deck to prove the conservation exercised in the matter of water in so far as the township is concerned as against the wastage in the city area.

## Putting Ice on New York's Head.

The banks and loaning concerns of New York have decided to wind up the orgy of over-speculation in that city in industrials and other securities much inflated in the past few months. They kept carrying them up and the public kept buying them. They all wanted to be Henry Fords.

This bull fever has extended to Canada, and the insiders in pulp and paper stocks in Montreal have been getting ready to double and treble their shares by the waterway and to start a wild adventure in them all over Canada. Perhaps they'll take lesson from New York. Keep your weather eye on the pulp miracle workers at home.

The British pound, the French franc, the German mark, the Russian rouble, every European medium of exchange has suffered a surprising degree of shrinkage; and at this time it is a fool and risky thing for New York to start to boom speculative stocks at home.

New York's main safety is in getting the rate of exchange with Britain and France, even with Germany, moving back to former lines, not starting a bull movement in their own over-inflated industrials and oils and inventions that may be superseded in a day.

The United States with all its wealth cannot afford to run amuck in speculation. Let them lend their money and their credit to the nations that have been thru the war, and who, thus helped, will be good customers for American foods and goods. That's where the States can make most money and make it sure.

## Watch Montreal.

Those who know Montreal will recognize how accurately its atmosphere towards public ownership of railways is transmitted in the special correspondence, the third article of which appears in The World today. From being up in the air about the taking over of the Grand Trunk, Montreal business men are coming down to earth. It will not be long before they are as friendly to railway nationalization as they have hitherto been hostile.

Who, with regard to public commercial policies, Montreal has been most unhappily served by its daily press, the business men there are always been devoted to their city's enormous railway interests. If they could succeed in transferring the National Railways headquarters from Toronto they would be enthusiastically loyal to the great enterprise. Montreal will get busy. A great opportunity with a great incentive is before the citizens of Toronto. Too few of our principal shippers have awakened to the importance of supporting their own lines.

President Hanna must surely have some scheme of propaganda ready for launching. While we may smile at the backwardness of Montreal, it is worth remembering that in Ontario there is still much public ownership land to be possessed.

## Will They Slaughter the Hon.?

Why anybody be surprised if the Drury government's first official announcement is that its members desire not to be known as the Hon. Mr. This and the Hon. Mr. That?

Here is an extract from an interview yesterday with Mr. Drury:

"How do you interpret the result of the vote? Do you think with the views of Sir William Hearst that the majority of 'Noes' mean that prohibition has carried?"

"I agree entirely with Mr. Hearst's views on the subject. I think the result of the vote was a victory for prohibition. It is not 'Would you be prepared to meet Sir William to make a pronouncement as to the date when liquor may be imported into the province, following the ratification of the peace treaty?'"

"I would be pleased to meet Mr. Hearst at any time to discuss the point."

When Mr. Drury says "Mr. Hearst" he is answering to the leadership which the U.F.O. has long received. The Weekly Sun, which to a large extent was the intellectual godfather of the new party, refused to acknowledge the knightly title—after Goldwin Smith's death—it spoke of Mr. Laurier and Mr. Borden. Any title of honor conferred by regal authority was anathema to it.

The new attorney-general is expected to be Mr. Nichol, whose resolution against hereditary titles and whose declaration in favor of the simplicity of official appellations found so great favor with the house of commons and with the country. He will, no doubt, advise his colleagues that it is not obligatory to use a title of honor. The King may travel incognito. May not an Ontario cabinet minister be as modest as majesty?

The greater includes the less. If "air" should be cut out, why not the inferior title of "hon."? It is also conferred by royal authority—blanket authority, acting automatically, by statute. If this "perfluity of dignity" is not speedily dropped perhaps some-

## TRYING TO APPEASE THE NEW DOG.

playing politics as trickily and meanly as the worst of the other side. There is no hope for the country in them."

**Railway Board's Good Work.**

One who has given me that at Saturday's meeting, when the Canadian Railway War Board was transformed into the Railway Association of Canada, the Board's work was a change of temperature towards the Canadian National regime. There was some amount of jolting, but withal a practical recognition of the advent of Mr. Hanna, president of the Canadian National, to an essentially bigger place in the railroad world than that of President Beatty of the Canadian Pacific. If Mr. Hanna were not verba Scotch some might be calling him the Lloyd George of national transportation.

**Two Streams of Comment.**

Indeed, the whole situation can be focused into two perspectives; and it is worth coming to Toronto, with all its penetrative virtue, to see Sir John Hendrie into the dining-room of the fine club that is housed in the big Board of Trade Building, and which furnishes a sort of high commercial Montreal thicket.

In one of the private rooms you are to picture a group discussing the future of the Grand Trunk. From the point of view of efficient direction of the Canadian National Railways.

It is agreed that the question is predominantly one of freedom from old-style "political" interference plus the capacity of the executive; and that the key factor in the whole is the ability and character of the man at the top. There is a strange prejudice against Montreal, and the president of the National Railways is court's order has a direct bearing upon the railroad labor situation. Until the railway is nationalized, the Lever law goes out of existence apparently the railway labor unions will be important to the government. It is unlikely that the railway workers will strike while the Lever act remains in force. But even after its expiration the unions are likely to proceed with caution. Labor leaders have doubtless learned much from recent experiences. The temper of the country has been revealed and even without a Lever law the power of a federal administration backed by almost unanimous public opinion is too great for unions, even in so vital an industry as transportation, to fight it.

**Both Sides Have Learned.**

Labor and the public have measured strength and both understand each other better as a consequence. The public will not be so easily frightened and labor is not greatly to be feared and there is likely to be a return to the old-fashioned strengthening of the hands of the conservative labor leaders.

The radicals have failed in every important strike they have undertaken in the Boston police strike, in the steel strike, in the mine strike, in the strikes, and while there is little reason to believe that the radicals played an important part in their policy, the leading features of their policy are identical with those of the conservatives. The power of the government to protect the people has proved too great for all.

**New Conference Awaited.**

All the same, the country needs a shock absorber in its industrial relations. And one of the first steps the president will take as soon as it is evident that the coal strike is out of the way will be to call his new industrial conference. This conference has been asked by Mr. Stone of the Locomotive Engineers' Brotherhood. And its meeting will afford a reason for delay on the part of the railway neighborhoods in pressing their demands.

The intention is to have the conference create some sort of industrial tripartite in the coal strike will be referred. It is not probable that arbitration can be enforced. But a tribunal Secretary Wilson attempted to do in the earlier stages of the soft coal dispute and it would do this if properly authorized than Mr. Wilson possessed.

President Wilson wants better machinery. Labor, so far as Mr. Stone expresses its views, wants better machinery. And the air has sufficiently cleared so that a new conference ought to lead to the creation of better machinery.

Brazil has a mine from which gold and silver have been taken almost constantly since 1765, arsenic being obtained from the residuous sand in recent years.

## HANNA AS KEY TO PUBLIC OWNERSHIP

(Continued From Page 1.)

at Christmas (Sir Robert Borden could tell a diverting story along this line), but that it is quite improper to talk about it.

The truth is, of course, that moral accidents will happen in the best regulated companies, and that public ownership and private companies can run a neck-and-neck race in elevating the standard of service and strengthening the defences of probity. Public ownership will claim no monopoly in the ten commandments.

It can be shown how, in Montreal, a re-adjustment in point of view is more public control of railway operation than the magnate men dreamed of when Cy Warman was the Grand Trunk's own trumpeter against public ownership. The Canadian Railway War Board that co-ordinated services during the Armageddon rendered great service, and did much to develop the new type of railroad man—the public servant whose mind travels at a little higher elevation than it used to do when the president was more potent in his eyes than the people.

**Star Still Swearing.**

The Railway Association of Canada, which will continue to work, broadly, on the same lines. It cannot have the war-time orders-in-council force behind it, but it will have what was impossible in pre-war days, the impetus of direct public control through the emergence of the Canadian National Railway System, which will be bigger than the Canadian Pacific and the old Grand Trunk were, put together.

Montreal, so soon after the fight against Grand Trunk nationalization, is still dazed and sore against the public ownership policy. It is getting to the "Good dog, good doggie, presently may feel as safe from being bitten as it will be free of the desire to bite."

As a sample of the soreness that remains with the inveterate enemies of public ownership read these two paragraphs from a Star editorial, which remind you of a cat's swearing when she cannot claw:

"The special session of parliament called for the single purpose of considering the treaty of peace, has finally closed, after one of its dying hours, after the most damnable deals ever forced upon this misgoverned country. In its origin and its details wildly extravagant with the public funds, and in its operation, whose possibilities dangerous to the country beyond any scheme devised, this Grand Trunk deal will stand as a shameful monument to the memory of the present government."

There is no vital spirit in the opposition, whose greatest fear seems now that the government may quit and leave the country's troubles on their hands. They are

## OMINOUS SPECTRE OF REVOLT FADES

(Continued From Page 1.)

may be," observes George, the philosopher.

"Not on your life. He said, as if he were quoting from the Westminster Confession, that Montreal would never stand for that. You couldn't afford to have your reputation lowered by our coming here. Don't you remember one of your leading men saying awhile ago about the National, that it is a wooden railway, run by wooden men? You can't have anything like that embarking the ground in Montreal. How could the government think of leading that kind of timber on you?"

"He seems to have a mordant sort of wit this Hanna," comments Philosopher George, and the Irate One replies:

"Well, it makes me mad to think about it. I don't know whether I'd almost rather lose the Grand Trunk offices than have Toronto here. Toronto is jiggered, humor and all. But you seem to be happy enough about this Hanna, as you call him, George. If you can tell us something better about him, why go ahead, Mr. Professor Toronto?"

A pleasant way of saying, "Let George do it."

And George did, as you shall read—a Montreal George who is seeing straight and reckoning square by Toronto.

## SECRET JEALOUSY

CHAPTER 34.

The pleasure that Harry's praise of her appearance had given her wore off as Louise looked around the long table. There was Blanche in shell-lace, Mary in a creamy net woven thru with gold, and Elsie, whose vivid dark beauty was set off by a gown of tawny orange velvet. There were new faces, too, friends of Breck, and new friends of Carol, who were to be distinguished a bit from the old set, perhaps, because of a certain unconscious expensiveness—an effect produced by the combination of priceless jewels and the taste of super-clever modistes.

Among this new magnificence Louise felt poor and cheap. She had a horrible fear that everyone was mentally saying:

"Yes, that girl is wearing out her old wedding gown."

She was wearing a jewel, too. Everything but her little engagement ring and the slim gold wedding band had been sold.

"They'll know I'm poor," she thought.

And in this she made the mistake of most of her sex. For women dress to please men and to impress other women. And men know nothing of clothes. Breck, who had spent his life among exquisitely-garbed women, who was accustomed to a barbaric splendor of jewelry, turned with a certain relief and pleasure to the figure in plain white satin beside him.

"I particularly want you to know Mrs. Shafsbury," he told her. "You'll like her, and she'll do your husband a lot of good if she likes him. Carol was particularly anxious that Harry—may I call him that—and she should see each other a little more than one normally does at a dinner of this sort, so I proposed that we send them acquainted at the table."

He turned away to answer some inquiry from the woman on his other side, then turned back and went on with his story.

"Della—that is, Mrs. Shafsbury—is unusually clever, and has a lot of influence. They say she can make any-

## JELICOE'S PLANS

Leaves Victoria for Vancouver—Inspects Sites for Naval Bases.

Victoria, Nov. 12.—The battle cruiser New Zealand, with Viscount Jellicoe and his staff on board, left Esquimaux harbor today at 4 a.m. and will proceed to Vancouver.

So far as could be learned, the plans of Admiral Jellicoe immediately upon his arrival on the mainland are uncertain. It is understood that he and members of his staff will go to Duncan Bay and then go thru the Seymour Narrows on one of the federal patrol boats for the purpose of inspecting suggested sites for naval bases. Shortly after the arrival of the New Zealand in Esquimaux, Admiral Jellicoe despatched one of his officers to Port Alberni, where an investigation has been conducted into the feasibility of the Alberni canal as a base. According to present arrangements, Admiral Jellicoe leaves Vancouver Nov. 19 for Ottawa.

## CATCH COLLEGE FIREBUG

Sydney, C.B., Nov. 12.—The Francis Xavier College, Antigonish, firebug was caught red-handed at the college Monday. He is a young student belonging to Cape Breton. He was led into a trap by two other boys, who pretended to be his accomplices in another attempt to burn the college down. He was caught in the basement getting ready to set another fire Monday night.

The longer I live, the more I am inclined to the belief that this earth is used by other Admits as a lunatic asylum. G. B. Shaw.

## To Daily World Subscribers

# WRIGLEYS

## MOONLIGHT AND MONEY

BY MARION RUBINCAM

"Make?" Louise asked, not quite understanding.

"Yes. Make them socially, or what is more practical in a business way. Of course, in Harry's profession, the social game is important. An architect has to have a wide acquaintance among people with money and prominence—at least, money and prominence enough to build large houses with fat commissions for the architect."

"But he's simply in an office now, doing the most routine sort of work," Louise told him.

"Of course, but he won't always stay there, will he? Once he makes this paying acquaintance, he can branch out for himself." He turned away again for a minute, and Louise had an opportunity to study the lady in question again. Mrs. Shafsbury was seated a little way down the table, and Harry was leaning slightly towards her, absorbed so seriously he did not look up at all to meet Louise's eyes. She felt he had completely forgotten her for the moment.

She had known what envy was like some days before. Now she experienced for the first time the unhappy feeling of jealousy. Mrs. Shafsbury was clever. Louise was not. Mrs. Shafsbury was sophisticated—had a previous frivolity did, not possess. At her pale gold hair was done by two other boys, who pretended to be his accomplices in another attempt to burn the college down. He was caught in the basement getting ready to set another fire Monday night.

The longer I live, the more I am inclined to the belief that this earth is used by other Admits as a lunatic asylum. G. B. Shaw.

# McGill at Full Strength Now

**M'GILL'S BEST FOR GAME WITH U. OF T.**  
Will Be at Full Strength—Varsity Seconds Are Hopeful.

Montreal, Nov. 12.—With the senior squad at full strength for the first time since the game in Kingston on October 18, practice was resumed by the McGill rugby players at the stadium yesterday afternoon, in preparation for the game with Toronto on Saturday. Men who have been on the ailing list for the past three or four weeks made their reappearance and were played in their regular positions.

A new backfield combination was tried out. Henry Farnham, and Anderson were the men worked together the greater part of the practice, forming a combination that is stronger than any shown on the half line this season. All lines are strong, and smart tacklers and good running halves. Farnham was played at centre, where he will no doubt play on Saturday, and showed to good advantage in running the ball back and running punts.

Faney was used for line plunging, while Anderson was used the greater part of the time on the secondary defence, to look after the opposing outside wings. The players showed improvement over their play of Saturday, and went at their work with more snap and dash.

Dovercourt Presbyterian won their protest over Howard Park and the result of last Saturday is reversed by the Inter-Club Rugby League decision. Dovercourt were allowed a try, the run being started before the final whistle blew and finished afterwards. The referee made Howard Park win by 2 to 6, and now Dovercourt win by 11 to 9.

Ahlingtons senior city rugby team practice this evening at 8 o'clock at Central Y.M.C.A. The following players are requested to meet in the lobby: Johnson, Drake, Boland, Swain, Goodwin, Wainwright, Weyms, Cohen, Duckworth, O'Keefe, Horton, Healey, Sacroll, Sansone, Milne and others.

The Capitals are taking Saturday's game with the T. & A. team very seriously, and it will not be the fault of Manager Garlick if the north-enders are beaten in the O.P.L. senior championship final. Since McEwen of the Argonauts has been prevailed upon to coach the team for the balance of the week, and there is little doubt that under his skilful tuition the Caps will show an all-round improvement. There is no truth in the report that Charlie Gage will be in the Capitals' line-up on Saturday at the stadium. On account of the injury to Harrison, who is out of the game with a torn ankle, and the earlier division showed good form at last night's practice. The double-header is exciting much interest, and the earlier division of using a good game in the curtain-raiser between the Argonaut and Capital seconds, which will be called at 1.15.

Varsity seconds have been working hard and will have a fine chance of drawing blood at McGill on Saturday. McGill has been trying to get a sudden death game at Kingston, and the return game being played here a week from Saturday. To date the seconds have not lost a game and have a much better chance of retaining their championship than the firsts. Dink Carroll has not been out for practice this week. Borwick, Duncan and the earlier division would line up in the place of Heustis has a bad ankle, but will be O.K. for Saturday's game.

The seconds have been attracting the eye of Billie Foulds, and last Friday he told the firsts that if he were not for reversing the seconds' chance of winning last night a number of the seconds on the first's team.

**McMORMICK RECREATION CENTRE.**  
Over 100 boys competed in billiard and carrom tournaments during the week of Nov. 3. The winners were as follows: Juvenile—W. Goodfellow over R. O'Connell, the runner-up, 49-50. Junior—C. Gray over C. Overcott, the runner-up, 90-100. Midget carrom—Stewart won over W. McClelland, the runner-up, 42-50. The Business Boys Basketball League got away to a good start with five strong teams entered. Robinson's Pirates defeated Irving's Colts by a close score, 13-14. Cunningham's Giants defeated Johnson's Leafs, 20-18.

**GUELPH AND BARNIA.**  
Guelph, Ont., Nov. 12.—(Special.)—The Guelph Collegiate Institute football team is working hard in preparation for their game against Barnia here on Saturday next. The powers that be have decided that Guelph and Barnia should play home-and-home games. This will be the biggest game of the season, and should also be the best. The second game will be played at Barnia on Nov. 22, and total points count. The winners will meet the winners of the Hamilton Collegiate-St. Michaels series in the final of the Inter-collegiate championship.

**FRONTENACS TO REORGANIZE.**  
Kingston, Ont., Nov. 12.—During the war the Frontenac Hockey Club was out of hockey, but a meeting will be held next Monday for reorganization. It is expected that two teams will be placed in the O.H.A. this season.

## A BARGAIN IN Overcoats for Men

**CHANCE came our way a few days ago of closing out the surplus stock of Winter Overcoats from one of the foremost manufacturers in Montreal at a great discount off their wholesale price. This lot arrived today and are marked and placed on sale at the astonishingly low price of \$38.75. Some of the lines are made from heavy, soft Scotch materials, in small brown checks and plain browns, with and without belts—others loose-fitting. In the lot are 87 coats, as follows:**

**35 Heavy Brown Checked Ulsters, half belt.**  
**27 Plain Brown Scotch mixtures, no belt.**  
**25 Oxford Grey Meltons, half belt.**  
Sizes in each lot, 34 to 42.  
Choice of the three lines, only \$38.75.

**Every Coat is Value for \$50.00**  
These Overcoats have all the appearance of Burberry's and other expensive makers.

**The W. & D. Dineen Co., Ltd.**

Toronto.

## PEACE WITH THE MAJORS, IS SPRINGFIELD CRY

Minors to Get Back Into the Fold—Raise Salary Limit.

Springfield, Mass., Nov. 12.—Business relations between the minor and major baseball leagues, which were strained a year ago, with the abrogation of the national agreement, will be resumed as a result of action taken today by the National Association of Professional Baseball Leagues in its annual meeting.

A general revision of the salary limits in the minor leagues was made. The class AA clubs were given permission to increase their monthly limit to \$3,000, while other leagues were granted proportional increases.

The request of class A clubs for one more representative on the national board of arbitration was granted by the election of President Daniel O'Neil of the Eastern League, from class B to class A.

The only other business of the day consisted of passing of resolutions and election of committees, followed by a banquet this evening. No more than were announced by the arbitration board this afternoon or evening.

**BUSINESS MEN'S LEAGUE.**

**TORONTO KEEPS THE PLAYERS BOUGHT**

Springfield, Mass., Nov. 12.—After an evening spent mainly in sociality and "fanning beer" the National Association of Professional Baseball Leagues went into real business session today, tackling the big mass of subjects that it is expected will make this year's annual meeting memorable. One point that will be urged by the class A representatives is an additional member for the class B leagues on the national board of arbitration. The Western League is strong in favor of the club and citizens class B has four members, class A two, and class B one.

The association soon after convening went into executive session behind closed doors. Decisions reached by the National Board of Arbitration last night were announced today. Of chief interest among these was the one affecting the Boston, N.Y., team of the International League. The board ruled that the sale of the Birmingham club to interests in Akron, Ohio, carried with it the players who had not been sold to major league clubs. President Arthur Clemente of the National Association of Professional Baseball Leagues, who was awarded the franchise for the Birmingham club, was awarded the franchise for the Birmingham club, who was awarded the franchise for the Birmingham club.

**EATON BOWLING.**  
In Eaton bowling the Giants beat the Reds twice and are now leading the league. The Tigers also won two games in the Indians. The highest score made was 236, by Wilson of the Indians. Standing of teams:

Giants	1	2	3	701
Reds	1	2	3	701
Indians	1	2	3	701
Next week: Tigers vs. Giants; Indians vs. Reds.				

**BANTAM CHAMPION IS SHADED BY J. LYNCH.**  
Philadelphia, Nov. 12.—Joe Lynch of New York outpointed Pete Herman, the bantamweight champion, in six rounds here tonight.

**Kitchener Refuses Offers of Outlaws**  
Kitchener, Nov. 12.—(Special.)—When the Hamilton Spectator included the name of Kitchener as a possible city which might be included in the hockey circuit to the O.H.A., it made a grave mistake. The Kitchener Amateur Athletic Association officials are not in favor of the inclusion of Kitchener in the O.H.A. and ask that the name of Kitchener be withheld from the program of the association.

**BOXING AT WEST END.**  
Boxing is making great headway at the West End Y. M. C. A. these days. West End has always had splendid success in teaching boxing for the last ten years, but this year's class promises to eclipse them all. The class has been filling up very fast since opening, and the demand for another class will be great. Mr. G. H. Dinwiddie, the instructor, is at present conducting a class every Monday night, and is doing wonders with the big class now under instruction. Mr. Dinwiddie is thoroughly familiar with boxing, and understands how it should be taught to others. He has been considerable service in the impromptu army as an instructor, he being the only instructor on the continent accepted by the court and household troops of Great Britain.

**SOCCER NOTES**  
Portland, Me., Nov. 12.—Eugene Broad, a Canadian middleweight champion, who boxed here last night with George D. Williams, today that on the side of his face and his left arm were slightly paralyzed.

**BROSEAU SLIGHTLY PARALYZED.**  
Portland, Me., Nov. 12.—Eugene Broad, a Canadian middleweight champion, who boxed here last night with George D. Williams, today that on the side of his face and his left arm were slightly paralyzed.

**INTERFACILITY SOCCER FINALS.**  
Victoria drew the finals, thus going into the final. The finals are as follows: Don't vs. F.O.E., today at 3.30. Winners vs. Victoria, Monday at 8.30. Games will be staged on the back campus.

# Argonauts Have Classy Material

## THE ARGONAUTS GO OUT OF TRAINING

City Championship Off, and No Field for Victory Loan Game With Tigers.

Manager Ernie Lal-Lw made the announcement last night that the Argonauts hockey club had hung up their skates for the season, and the players will no longer start out on their winter hockey campaign. The Argonauts are in the senior class of the Ontario Hockey Association, and have a classy material right in the team for a likely winner on the ice. Varsity appeared likewise on the subject of an exhibition match, and otherwise Captain Frank Knigge would not think of a game for the city championship.

A proposition had been made to play the Argonauts for the Victory Loan at the stadium next Saturday, a proposition that was met with favor by the Argonauts, formerly the Beaches League. Business Systems, A. R. Clarke, Bank of Montreal, National Railways, Imperial Oil, Canada Cable.

**Toronto League to Have Record Entry**

The following mercantile teams have applied for admission to the Toronto Hockey League, formerly the Beaches League: Business Systems, A. R. Clarke, Bank of Montreal, National Railways, Imperial Oil, Canada Cable.

**SLIPPERY ELM WINS RENNERT HANDICAP**

# PLAYS, PICTURES AND MUSIC

### "Scandals of 1919"

At the Princess Theatre the week commencing Monday, Nov. 11, the attraction will be "George White's Scandals of 1919," a stupendous musical revue which comes to Toronto shortly after a long run in New York city.

The principal aid and abettor in this unique entertainment is dainty and petite Ann Pennington, formerly of the "Follies." Others in the company are Lou Holtz, Lester Allen, George Bickel, Yvette Rugel, Adele Arday and La Sylva.

### "Fie-Flo" Coming Next Week

"Fie-Flo," John Cort's bright musical comedy of bride shop locale and lingerie display, comes to the Princess Theatre next week and seats are on sale today. All the dash, vivacity and color which marked its original production last season are promised. It is also promised that its chorus of "perfect thirty-sixes" live up to its reputation for correct feminine architectural lines and as living models in the display of all the latest intricacies of an up-to-the-minute bridal trousseau are a decided success.

Thomas Handers and Arthur Mills, who again head the fun-makers of the cast, are clever exponents of eccentric dancing and trick hat manipulations. The book is by Fred de Gresac and the music by Silvio Helt. The cast contains Thomas Handers, Arthur Mills, Katherine Stout, Al Shean, Harry Short, Bert, Gertrude, Rosita Mantilla, Vontia, Pomfret, Adeyn Wesley, Henry Sherwood, Wm. Hugh Mack and a chorus in which Maryeert Cort claims each girl is a "perfect 36."

### Shea's Theatre

At Shea's Theatre next week Charles King heads the list of attractions and is always a welcome feature. This offering is called "Dream Stars and the clever comedians" assisted by four clever and charming girls, Marie Hollywood, Jane Castle, Josephine Adams and Evelyn Greig. "Dream Stars" is a retrospective of musical comedy, a review of the music hits of the season. Charles King is at his best and the girls are all lovely as they are clever and marvellously groomed. El Brendel and Flo Bert will find a warm welcome for their new edition of "Waiting for Her." Jim, the Jazz King is a bear. A jazz king would be a bear, but not a four-footed one like Jim, who is very well trained and does a lot of other things besides the jazz. He is a roller skater, a wrestler and he drifts like a solidifier. Frisco is an artist on the xylophone. He was first to play four part harmony on this instrument. If there were more gymnasts like the Wilson Aubrey Trio athletes an amusement would be given an added favor. Their performance is mixed with comedy. Engaged-Married-Divorced is a travesty on the headlong leap young couples are wont to make into matrimony. It is a diverting little skit with a song motif and it is delightfully played by its authors, Tom Kennedy and Ethel Burt. It is in three scenes. Buck Pieler and Able Scofield have a real novelty in "Helping Hubby," which is a finished comedy juggling act. The show opens with Shea's pictorial review and Shea's Theatre orchestra will be heard in a special musical program.

### At Loew's Next Week

Dorothy Gish invariably is delightful in any screen characterization, but in "Nugget Nell," which will be shown at Loew's Yonge Street Theatre and Winter Garden next week, she is irresistible. This is a humorous travesty upon the wild and woolly west, which all alike will enjoy for its kindly satirical qualities. The Juvenile Follies, vaudeville's great array of kiddie entertainers, presenting "Ten Dainty Tots From Wonderland" will headline the vaudeville. One of the feature numbers offered by the kiddies is their original conception of the dance craze, "The Shimmy," presented by Trixie Vare and Helen Lane, cute and clever little girls, assisted by the entire company. The company presents a variety of up-to-date dances and popular and restricted song selections. Marian Munson, the lightning-change artist, who changes her clothes faster than any woman can change her mind, is just a bunch of versatility that steps out of the doorway in her skit she calls "The 10 Bill," to be back again in the twinkling of an eye garbed in an entirely different costume.

The third big feature will be LaFollette and company, a trio of French singers and dancers, who interpret the modern dances while Mlle. Follette, in the latest Parisian creations, dashes off some real music hall stuff in a most bewitching manner. Stein and Arnold, a funny pair whose every line is laugh-creator; Helen Storey and Elsie Clark, just out of musical comedy, offering harmony and musical delights; Hunter, Chick and Hunter, harmonists, who sing only the latest from rag-time alley; Loew's British-Canadian Evesley and the "Mutu and Uff" animated cartoons round-off a bumper program.

### At the Hippodrome

"The Merry-Go-Round," the newest William Fox production starring Peggy Hyland, comes to Shea's Hippodrome as the headline attraction of the bill next week. In the new production Miss Hyland is seen in the role of a gypsy maid attached to a traveling circus. It is a light comedy feature and provides the winsome Peggy with plenty of opportunity to display her versatility. The introduction of a number of animal actors will add to the enjoyment of the feature. Dixon and Mack are comedy variety artists with some new songs and dance numbers. They work well together and their offering will be appreciated. The Delyte Girls, two winsome singing comedienne, have an array of smart costumes, some new songs and original dances. The Strand Trio are three youths who sing well together and in solo work. They have some bright songs and up-to-the-minute comedy. The Waak and Leward Sisters have an attractive setting for their musical novelty. Nelson, Thomas and company in smart sayings; the Aerial Ra'le's in daring flying feats; a two-reel Pathé comedy and a Pollard comedy complete the bill.

### At the Gayety

The attraction at the Gayety Theatre next week will be "The Girls of the U. S. A." The message that precedes this show is that crowded houses are greeting this attraction and that its path has been marked by

success all along the line. Lew Hillon is at the head of the comedy stars and provides more than the usual amount of fun and laughter. Liberal patronage is expected in Toronto due to the standing which this company has on the circuit and it is said that it will prove one of the best shows that have been seen here this season.

### "Knockers of 1919"

Entertainment of a variety seen but infrequently on burlesque circuits is the sort that is being dispensed by the Rush's Cracker Jacks in "Knockers of 1919," which will be the attraction the coming week at the Star Theatre.

Everything that could add to the attractiveness of the performance has been included in the program, and when it is considered that such players as Frank ("Bugs") Murphy, Charlie Collins and Ruby Thorn have the leading roles, there is little room for doubt that a real afternoon or evening's pleasure is at hand. These artists are ably assisted by Eleanor Fischer, Anna Goldie, Pete Kelly, Ed. Goldin, Lydia Berg and Faustina, the latter doing a whirlwind dance of such cyclonic swiftness that it would be difficult either to duplicate or imitate. A chorus of unusually pretty girls, twenty new musical numbers and the best of scenic features, one which is a reproduction of the "House of Joy," a

summing dive in New York's Chinatown.

### "Broken Blossoms" at Regent

D. W. Griffith's greatest picture, "Broken Blossoms," continues to attract capacity audiences to the Regent Theatre. Thus far this week the crowds have been immense and the urges W. M. Elliott, the manager, to mention again that as many as possible should see the early performances in order to avoid disappointment. "Broken Blossoms" has never been surpassed by anything in Mr. Griffith's career. Newspaper critics in Toronto seem to have been struck as were those of New York, and have spoken in highest praise of the production. Undoubtedly "Broken Blossoms" is a supreme screen triumph and its story will be remembered long after lesser stories have passed from memory. Farnum Barton and co-players add to the production by giving a pantomimic epilog. This is a special feature created by Mr. Elliott. Ruth Patton, the soloist, is winning new friends and is proving exceedingly acceptable as a singer of extraordinary ability. Not to be forgotten are the "Fatty" Arbuckle comedy entitled "Back Stage."

### "The White Heather" at Strand

A scene of tremendous dramatic power is that in which two men engage in a death struggle on the floor of the ocean in Maurice Tourneur's latest Paramount-Artcraft special picture, "The White Heather," now showing at the Strand Theatre. This is said by New York critics to be the most thrilling and novel scene ever pictured. Unusual interest is attached to the production for a number of reasons. It is the first production coming from Mr. Tourneur in months and it is described as the best of the great melodramas made by the producer of "The Whip," "Sporting Life," "Allas Jimmy Valentine," and other screen thrillers. "The White Heather" is based on Cecil Raleigh and Henry Hamilton's famous Drury Lane melodrama, which met with enormous success in London and later in New York. The vividly romantic story of "The White Heather" culminates in a death struggle between the hero and the villain at the bottom of the sea, both trying to get possession of the tattered marriage paper locked within a water-tight chest.

### Opening of Alhambra

Toronto's newest motion picture theatre, the Alhambra, will open its doors to the motion picture fans of Toronto on Monday evening at seven o'clock. The performance will begin at

1:30 and the premier presentation will be Bryant Washburn in "Way Smith Left Home." This is from George Broadhurst's amusing stage farce and is produced by Paramount-Artcraft. There is a laughable climax to this startling picture that will make everybody happy. It is a fitting picture for the beginning of what promises to be a brilliant future for the new Alhambra.

### Morey at Madison

That virile and versatile actor, Harry T. Morey, is the star of the "Honor's Web," the exceptionally fine feature which is to headline the bill at the Madison Theatre to-morrow and Saturday. The picture is one which gives the popular star plenty of scope for the display of his great histrionic capacity.

### Detroit Symphony Orchestra

Musical Toronto is just naturally interested in the appearance in Massey Hall on Wednesday, Nov. 26, of the Detroit Symphony Orchestra not only because there is much local enthusiasm over symphony music, but also because this organization comes from a centre not far from here. Much has been heard of the achievements of the Detroit Symphony and especially of its distinguished conductor, Ossip Gabrilowitsch. His first year as permanent conductor attracted so much attention that an increasingly large following made possible the planning of a brilliant future. This is the orchestra's first appearance in Toronto, and indications are that it will be given a most enthusiastic reception. Mail orders are now being received.

### HEIFETZ TONIGHT

Wonderful Young Violinist Will Play to a Large Audience in Massey Hall.

A wonderful program has been arranged for the Heifetz violin recital in Massey Hall tonight, and an immense audience will be present to hear it. Orders for seats were received yesterday from Kingston, Belleville, Cobourg, Whitby, Hamilton, Barntford and London.

### To Name Joint Farmer-Labor Candidate in Timiskaming

Englehart, Ont., Nov. 12.—Labor men and some from all over Timiskaming will assemble here tomorrow afternoon to select a joint standard-bearer for the federal by-election on the date of which has not yet been announced. Indications tonight are that the contest for the convention's selection will lie between Allan McDonald, North Cobalt, street car conductor on the Nipissing Central Railway, and P. of John Sharp, New Liskeard, an ordained minister of the Presbyterian Church, and a prominent member of the D.F.O.

### GERMANS SEEK TRADE

Kingston, Ont., Nov. 12.—(Special)—A Kingston business firm received a circular from the German firm, Jean Bachmann Gehring of Frankfurt-on-the-Main, desiring to establish business connections here for several lines of goods. This is the first effort by Germans to open trade here since the conclusion of the war.

**Keep the Wheel of Prosperity Spinning**

**MACHINERY** spins and roars in our factories.

Smoke ascends from our foundries and mills. In the fields the threshers hum.

All Canada is alive with the activity of production and distribution.

There's a demand for what we make.

There's a market for what we grow.

The wheel of prosperity is spinning.

But it doesn't turn itself.

We—You and I—must help to keep it turning.

The driving force of the wheel of Prosperity is the Victory Loan.

It will keep up the foreign market for our surplus agriculture and industrial products.

It will help finance our National undertakings and expenditures.

It will keep the Wheel of Prosperity turning.

Do you realize what it would mean to have the Wheel of Prosperity slow up and stop?

It would mean loss of employment and agricultural and industrial stagnation. It would result in loss to you and each and every one of us.

So get behind the Victory Loan.

**There is only one way to keep the Wheel of Prosperity turning—that is to BUY VICTORY BONDS**

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

### VENDOR DIFFERS WITH FLAVELLE

#### Denies Legality of Booking Orders Thru Local Liquor Agent.

James A. Hendley, a former liquor vendor in the Riverside district, sends the following communication to The World:

"I note that Chairman Flavelle of the license commission in an interview published in an evening paper recently, states: 'Montreal liquor firms are within their rights in receiving orders for liquor shipments to Ontario following the proclamation of peace. Even such orders are placed thru agents in Ontario, to say there is no violation of the law.'

"I beg to differ with the latter opinion, for in 1918, I was taxenated with prosecution for simply giving out a beer order form after the Ontario temperance act became effective, and the official was Inspector Pogue of station 3 division, Pape avenue. I immediately stopped giving out the forms and thereby the prosecution was withdrawn.

"Every liquor dealer in Ontario and Quebec knows, and always understood and was given to understand, that it is unlawful for an order to be placed within this province for liquor. The transaction must be, to come within section 138 of the Ontario temperance act, between a person in this province and a person in another province or a foreign country. Notwithstanding the opinion given, which, to say the least, is a remarkable somersault, at this late stage of the game, anyone detected taking an order, written or verbal, in this province will undoubtedly be fined in any police court in the province. It is only fair to the people who might, in face of the opinion given, innocently do what they never would have done, or thought of doing, had the astonishing statement not been made, and which will certainly add to the present uneasiness, very materially and unnecessarily, that they (the people) be warned not to place an order within the province (Section 138, covering the point, in question, follows:

"While this act is intended to prohibit and shall prohibit transactions in liquor which take place wholly within the province of Ontario, except under license or as otherwise specially provided by this act, and to restrict the consumption of liquor within the limits of the province of Ontario, it shall not affect, and is not intended to affect, bona fide transactions in liquor between a person in the province of Ontario and a person in another province or in a foreign country, and the provisions of this act shall be construed accordingly."

**CABINET WINDING UP**

Ontario Ministers Hold Final Meetings Preparatory to Giving Up Office.

A meeting of the Ontario cabinet was held yesterday afternoon for the purpose of attending to some necessary routine business. It was stated that the last gathering of the ministerial circle will take place this morning, when everything will be wound up preparatory to E. C. Drury and his colleagues assuming office tomorrow morning.

Mr. Drury will meet Sir John Hendrie tomorrow morning to present the names of his cabinet ministers, who, with the premier-elect, will then be sworn in and will take over the government of the province.

**FLETT-DRURY.**

A quiet wedding was solemnized yesterday afternoon at St. John's Church, Norway, when Ethyle Irene, eldest daughter of Mrs. Drury and of the late George R. Drury, became the wife of William Robertson Flett, son of Mrs. Flett and of the late Fred W. Flett. Rev. W. L. Baynes-Rand officiated, assisted by the Rev. A. S. Madill. After a trip to New York, Mr. and Mrs. Flett will reside at the Willard Apartments, Toronto.

**ELECTION RETURNS LATE**

There are still nine provincial election returns to come in before the official list can be compiled, said A. H. Sydney at parliament buildings yesterday. Southwest Toronto is among the defaults.

**VISITS PRIME MINISTER**

Sir Thomas White, former minister of finance, paid a visit to Sir William Hearst at parliament buildings yesterday. The nature of his business was not disclosed.

**FREE SAMPLE COUPON**

Pyramid Pile Treatment, 48 cent box. Send for free sample of Pyramid Pile Treatment in plain wrapper. Name: \_\_\_\_\_ Street: \_\_\_\_\_ City: \_\_\_\_\_ State: \_\_\_\_\_

**WHITE STAR-DOMINION LINE.**

Owing to the recent dock strike in New York, it has been necessary to rearrange the sailing dates of the different steamers. For the New York-Liverpool service, the S.S. "Gedric" will sail on November 14; the S.S. "Baltic" on November 15; the S.S. "Celtic" on November 16, and the S.S. "Baltic" again on December 20. For the New York-Cherbourg-Southampton service, the S.S. "Adriatic" will sail on November 23, and the S.S. "Celtic" on November 24. Commencing December 11, with the S.S. "Lapland," the Red Star Line will resume their New York-Antwerp service, making calls at Plymouth and Cherbourg. This service was discontinued owing to the war and the above announcement of its resumption will be welcomed by a great many who are looking for a direct service to the continent. The S.S. "Lapland" will sail from New York on the above date and it is likely that a large number of people will take advantage of this very convenient route to the continent.

### Leave Your Cold at Cook's

THE best way to break up a cold is to take a Turkish Bath. This sweats it right out of your system in two or three hours. You go home feeling like a new person. And it is so pleasant! Just like spending the time at some bathing beach in the Sunny South.

Excellent sleeping accommodation for guests remaining over night. Good meals served, when desired, at moderate prices. Try it. It is refreshing, restful, health-giving.

**COOK'S TURKISH & RUSSIAN BATHS**

Only 3 blocks from the Union Station

**ONE EVERY MINUTE** By Billy Scott

**SELINA VALETS MISS ESME STARBRIGHT**

BELIEVE me, I sure gave the recording angel some entry yesterday when I breezed into the paint factory, and Billy Burke. She sprang that song, "Little Guttercup," and put it over with such a bang the alley outside was crowded with a assortment of male locusts from every part of the town when she came out after doing her act. But if they thought they could fix up one of them wild parties that idea was irretrievably "canoned," because she was already bombarded by a couple of military friends in slick uniforms, with lots of classy poison on their sleeves.

I stayed behind and sort of nosed round and took a flash at her duds, and believe me, I'm going to get me one of them decollete outfits like she sports in the big scene.

She's a bird; but, oh, feel my soup's getting cold. . . . More of her act.

**MRS. SCOTT NOT GUILTY.**

Judge Coatsworth yesterday found Mrs. Annie Scott not guilty of the charge of having stolen \$440 from her brother, Peter Barr. The charge arose out of army pay which Barr had assigned to his sister.

**MRS. LAING GETS FREE HAND.**

The suit of Mrs. Margaret B. Laing against the Toronto General Trust Corporation was concluded yesterday, the court's decision giving Mrs. Laing greater freedom in the control of the estate and exonerating her husband.

**MAKE CHRISTMAS DAY OF GLADNESS**

Red Cross Appeals to Citizens to Give Wounded Full Stockings.

Altho the first anniversary of armistice day is over, there are more than four thousand in the military hospitals of the city who are looking forward to Christmas Day as a joyous festival. The Toronto branch of the Canadian Red Cross Society is making an appeal in behalf of these men who have given so much of strength and health in the service of the Dominion and the empire. The hearty response of former years assures the officers of the Red Cross Society that the public will be more than willing to make their after-the-peace Christmas a day of lifelong memories.

Trifles of Goodwill.

There is a demand for Christmas stockings—more than four thousand of them—and the popular white and red stitched variety will be more welcome than ever. As for the small articles which are to fill these stockings, they are the same Christmas trifles which mean so much when they cram toe and heel and make the stocking a real expression of best wishes. Nut bar chocolate, a pad of paper, envelopes, a pencil, cigars, a pack of cards, an orange and an apple, also chewing gum, will make Christmas morning joyous. The value of the contents of this contribution should not exceed a dollar and a half. Further information as to the needs for this festive occasion may be obtained from Miss Gertrude Brock, 92 West King street, Toronto.

**Healthy, Happy Boys and Girls**

Is your child healthy? Is he or she up to standard weight, of good color, with plenty of rich, red blood to nourish the growing tissues?

For children who are thin, pale, anaemic, under weight, nervous, restless, sleepless, Dr. Chase's Nerve Food is of the greatest benefit imaginable.

Being mild and gentle in action, and yet wonderfully potent as a restorative, it soon makes the blood rich and builds up the feeble nerves.

50 cents a box, 6 for \$2.75, all dealers, or Edmanston, Bates & Co., Ltd., Toronto.

**HELD FOR MANSLAUGHTER.**

A true bill of manslaughter against David Boyer was brought in by the grand jury at the assizes yesterday morning. The indictment charged that by negligent driving a street car Boyer was responsible for the death of Mayer Graham on Oct. 11 last.

**SUPERIOR BRICK CO. LOSE.**

Mr. Justice Maeston granted judgment yesterday against the application of the Prudential Trust Co. against the Superior Brick Co. of Port William. The Prudential is trustee for bonds and it is likely that a sum of \$100,000, and the brick company is in default in making payments on the bonds.

### EVERY INSTITUTE SENDS ITS QUOTA

#### Four Hundred Women Gather to Discuss Vital Problems.

Women of the institutes of Ontario, 400 strong met in their nineteenth annual convention yesterday in the auditorium of the Technical School. On behalf of the city, Miss Chubb, state of Toronto's mayor, welcomed the splendid representation of women from rural Ontario. Response was made by the president of the institutes, Mrs. William Todd, of Orillia. Greetings from the British institutes and a cable from H.R.H. the Princess Louise were given by Mrs. Alfred Watt, M.B.M.B.E., a recent worker overseas, and founder of institutes in Great Britain.

George A. Putnam, superintendent of institutes, in his report for the year touched on the problems upon which the members should concentrate their efforts. These included sanitation of schools and the employment and retention of capable children, consolidated schools where possible, quality and cost of food, improving homes by introducing water systems and labor-saving appliances, interest in community work, and the employment of expert speakers on important subjects. The speaker also advised the institutes to "keep free from partisan, political and controversial subjects generally."

From far away British Columbia greetings were brought by Mrs. Elsie Mackenzie, who told of 87 institutes and 3000 members in that province. A health campaign had been launched and the hope of a child welfare centre was entertained. Attempts were also being made to improve education and to secure consolidated schools. Mrs. Ralph Smith, president, women member of the legislature, was spoken of with pride because she had assisted in securing a minimum wage and co-guardianship of children.

Greetings were also given by representatives of Alberta, Manitoba, New Brunswick, Nova Scotia, Quebec and Saskatchewan.

The Evening Session

A great audience attended the evening session, some appointment being given when Mr. Drury, the new premier, whose name was on the program, did not appear. A message from him was read by Mr. Putnam. The premier said, being familiar with the good work of the women's institutes in war time and peace, they are worthy of every assistance and sympathy at the hands of the government.

Miss Emily F. Guest, organizer in Scotland, gave an address in which she outlined what the institutes had done in bringing different parts of the empire together. It had given the women something to "belong" to, and had had many home-ward departments of the state.

Judge Emily Murphy told of life on her 210 acre farm in describing conditions said that church parades were coming closer together than ever before. Philanthropy, in her opinion, should have no place in a healthy community. Mr. McCann spoke on the work of the institutes in Great Britain.

**POLICE INSTRUCTED TO RETURN FIRE**

Fifty Modern Revolvers Purchased for Use by Plainclothesmen.

The board of police commissioners met yesterday afternoon and awarded a number of merit marks. They also decided to purchase 50 of the latest design Child revolvers to equip plainclothesmen who have been working unarmed. The question of buying new guns for the entire force was not taken up at this meeting.

Constable O'Driscoll was given a merit mark for capturing an alleged thief, who had two shirts at the constable when resisting arrest. Had his gun not jammed O'Driscoll might have been fatally injured.

Constables Finch and Edgar were also given merit marks for catching a housebreaker in Rosedale. Detectives Thompson and Waterhouse, the men who arrested Mike O'Hara, sentenced to life imprisonment on a serious charge, were given merit marks.

Similar awards were granted Plainclothesmen Sullivan and Knight and Detectives Walter McConnell and McMahon for arresting a gunman in the King Edward Hotel.

The police were instructed by the board to return the fire of any person shooting at them.

The money collected on the unauthorized tag day by a number of Oshawa girls was handed over to the Hospital for Sick Children.

Mrs. Johnston, of the morality department, who resigned, had her work praised by the commissioners in accepting the resignation.

**PROMINENT MASON MEETS SUDDEN END**

William P. Ryrie Found Dead From Heart Failure.

Somewhat tragic was the end of William P. Ryrie, supreme grand master of the Masonic order, who was found dead in his apartment at the North Apartments on Wednesday from heart stroke.

Mr. Ryrie, who was president of the Ryrie Paper Company and of Hyslop's, had been ailing for some two years past, but his health gave no great cause for alarm, as he was 62 years of age. Recently he had been alternately staying with his brother, James Ryrie, 1 Chestnut Park road, and living at the National Club, while at the same time keeping up his rooms at North Apartments, 755 Yonge street.

On Monday night Mr. Ryrie attended a meeting at the Masonic Temple, corner of Yonge street and Davenport road, where he was honored by having conferred upon him the 32nd degree. Deciding not to return to the National Club, Mr. and Mrs. James Ryrie, as well as his niece, Mrs. Harry Ryrie, were invited to his apartment. Mr. Ryrie evidently proposed to sleep as he has used rooms close by. He seems to have walked up the stairs, started to undress, for when found he was in his shirt and trousers with his coat unbuttoned and his tie grasped in one hand. His death, it is thought, was probably due to the excitement of the evening and to the over-strain put upon his heart by mounting the stairs—stairs which his brother had warned him—only a day or two before were too steep for him to safely negotiate.

Not Missed.

As Mr. Ryrie was usually to be found at the National Club, no one invaded the room in which he lay until his brother missed him on his return to Toronto and made search for him.

Mr. Ryrie was not only a prominent Mason and business man, but also a director of the National Club and deputy grand master Sovereign Great Priory of Canada Knights Templar.

The funeral will take place from 1 Chestnut Park road, but full arrangements have not yet been completed.

**WOMAN'S HAIR REACHES TO KNEES**

A Year Ago Was Threatened With Baldness—Tells How She Made Her Hair Grow.

Mrs. Esther Emery, now visiting friends in the city, is the fortunate possessor of marvellously beautiful hair, which, when loosened from its coils, falls to her knees. Moreover it is of soft, silky and fluffy texture and in color a glorious, glossy gold. Yet just one year ago she was threatened with baldness. Urged to tell how she had obtained this wonderful growth in so short a time, she said:

"Twelve months ago my hair, which then reached barely to my shoulders, was falling out in an alarming rate and growing very thin, actually exposing the bald scalp in several spots. It was dull and lifeless in color, turning grey in patches, and very dry and brittle. My head was covered with dandruff and itched like mad all the time. I tried fully a dozen different hair tonics, but they never did me a bit of good. One day I changed to read in my home paper of a simple home prescription to make the hair grow that had been recommended by a well-known physician. It said that by taking ordinary Lavona de Composes and mixing Crystals with the soap each night with the fringe that new hair would grow very rapidly. I decided to try it and had my druggist mix 2 ounces of the Lavona de Composes with 8 oz. of Bay Rum and 4 dr. of Menthol Crystals, and started to use it. My hair stopped falling, the itching ceased and the dandruff disappeared. Then tiny little hairs appeared all over my scalp. These grew and grew as though nothing would ever stop them. They are growing yet and while, of course, I have not seen the treatment steadily and expect to continue it at least until my hair reaches the floor. I might have stopped and been perfectly satisfied at the end of three months. I think that any woman can get long, thick, beautiful hair by using this prescription. I have recommended it to several friends and all are delighted with the result. The prescription is very inexpensive and any druggist can fill it."

Those who use it should be careful not to get it on the face or where the hair is not desired.

**PEARSE COMMENCES DUTIES.**

W. W. Pearse, the newly appointed business manager of Toronto schools, commenced on his school duties on Tuesday when he went over the plans of Architect W. P. Sparling for the eight-roomed annex which is to be built in the Dewson street school grounds.

**CADETS GUARD DUKE**

During his visit yesterday afternoon to the Upper Canada College, His Excellency the Duke of Devonshire, was received by a guard of honor composed of 50 students under the leadership of the captain of the cadet corps. The governor-general was much impressed at their neat and soldierly appearance.

### Have Your Shoes Fitted Properly with Rubbers

Get the exact style and shape made expressly for the particular shoes you want to protect.

It means more than comfort—it means longer wear, both for shoes and rubbers.

You can get perfect-fitting rubbers in "Jacques Cartier," "Merchants," "Maple Leaf," "Dominion," "Granby," or "Daisy" Rubbers—the brands made by Canada's pioneer and premier rubber manufacturing organization.

Be sure to ask for one of these Dominion Rubber System Products

The best dealers sell Dominion Rubber System rubbers.

**UNIVERSITY BRIEFS**

Women Students to Canvass for Trip. The Des Moines conference campaign among the women of University College will commence on Thursday morning. The funds will be raised by a systematic canvass and they will be used to defray the expenses of the ladies who are to represent the college at the conference.

Women's Dramatic Club. The first performance of the Victoria Women's Dramatic Club, which was to have been given tonight, has been postponed for one week.

E. and M. Club Election Executive. The results of the E. and M. Club elections, held recently, are as follows: Honorary president, Prof. Rosebrugh; president, C. R. Hilt; fourth year representative and vice-president, H. B. Little; third year representative and secretary, C. F. Tracey; second year representative and treasurer, C. C. Duncan; first year representative to be elected at next meeting.

**From Cherry Blossom Land**

The Japanese Give Good Example

It is a proverb of Cherry Blossom Land that the face and figure depend on a woman's hair. What is it that makes our faces so pale, hollow-featured, with dark circles under the eyes, and very often old as forty-five when they should be in their prime? Women suffer in girlhood from backache, spine-ache and headaches, followed by irregularities and as a result diseases of the womanly organs are more common than any one but a physician in active practice could suppose.

**ONTARIO WOMEN TESTIFY**

Chatham, Ont.—"Dr. Pierce's medicines have been used in my family at home (especially by my father and mother) ever since I can remember. They always proved very satisfactory. Through overwork I at one time became ill run-down in health, was on the verge of a complete nervous breakdown. I went on ailing for about two years, during which time I suffered terribly. I took Dr. Pierce's Favorite Prescription and it soon built me up in good health and cured me of the nervous condition. I consider it an excellent medicine for the ailments of women."—MRS. CHAS. TITUS, Jr., 25 Duke St.

**DR. CHASE'S NERVE FOOD**

Dr. Chase's Nerve Food is a powerful tonic for the nervous system. It is made from the most valuable natural ingredients and is especially adapted for the treatment of all cases of nervous debility, including neuritis, neuralgia, and general nervous exhaustion. # An Exchange of Money That Pays

When you buy Victory Bonds, you simply exchange one kind of money for another.

A dollar bill is Canada's promise to pay.

So are Victory Bonds.

But Victory Bonds pay *interest*.

Consider the security behind Victory Bonds—

Canada and all that is contained therein.

Consider the good rate of interest—

Victory Bonds pay 5½%—nearly twice as much as Savings Banks.

Consider the saleability of Victory Bonds—

Their use as collateral for a loan.

Their prospective advancement in price.

Consider the purpose for which Canada requires the money:—

Cleaning up our obligations to the army and maintaining the prosperity of the country.

Are not these reasons the best in the world for exchanging one kind of money for another.

Should not every Canadian put all his weight behind this Loan?

Should not he exchange all the money he has for Victory Bonds?—and all the money he can save for the next ten months to come?

## Buy Victory Bonds

THE SUNDAY WORLD

The Sunday World of this week will be better and more interesting than ever. Foremost Among the Feature Articles. An interview with the most absolute king remaining in the world—the King of the Camelots, whose sway is undisputed by the underworld. He can make or break any riot.

Lenine and Trotsky, chiefs of the Bolsheviks, subject to the will of a secret personage. The Sunday World discloses the identity of this personage. The British Empire capturing the wild animal trade from Germany. Patrick O'Flaherty describes the method John A. Jordan is developing to fill the depleted menageries of the world.

T. R. Elliott writes an article dealing with the hotel problem in the smaller towns of the province. The improvement brought about in the moving picture drama, the raising of the standard of the plays and the minute care exercised to protect the public are described in a special article by V. I. Dickens.

W. Thompson explodes the mystery of who writes the speeches of royalty and describes the methods of preparing them. The Sunday World will contain a description of the National Mercantile Marine of Canada, illustrated. Politics as played in Newfoundland forms the subject of an interesting article by Charles Harrison Gibbons.

Special articles on fashions and current subjects, beautifully illustrated. The Picture Section reproduces beautiful photographs of stars and stills taken in unconventional attitudes. Four pages of Colored Comics for everybody.

**BEARISH FACTORS IN CORN MARKET**

**Tight Money and Breaks in Stocks, Foreign Exchange and Hogs Depress Prices.**

Chicago, Nov. 12.—Tightness of money rates, together with acute weakness of stocks, hogs and foreign exchange, did a good deal today to bring about material setbacks in the value of corn. Prices settled nervous at 1 3/4 to 3 1/8 net lower, with December 1 3/4 to 1 3/8 1/2 and May 1 1/4 to 1 1/8 1/2. Oats lost half to 5/8 and provisions 17 to 45 cents.

Corn showed a downward tendency as soon as the market opened, but the initial impulse seemed due mostly to predictions of excessive low temperatures for the season of the year, such weather conditions were looked upon as likely to facilitate the crop movement and as therefore bearish. The opening was covered freely and a reaction carried the market to above yesterday's finish, but then the tension regarding the money market and the decline in the stock market and of sterling, besides new breaks in the price of hogs proved to be depressing factors. The holders of corn. Values now gave way rapidly, and numerous automatic stop orders to sell were forced into operation just before the close.

Talk of export business failed to uphold oats after corn plunged downward. Packers selling added to weakness that provisions developed with grain and hogs.

**ON CHICAGO MARKET**

Hughes, Harcourt & Co., 307 Royal Bank building, received the following wire at the close of the Chicago market yesterday:

Corn was weak and lower early, being largely influenced by the decline in stocks and hogs. Cold and clear weather over the corn belt and the decline in foreign exchange rates were also contributing factors. Local traders sold rather freely at opening, but good support on decline developed later. Cash corn has again been in good demand with prices from 2 to 3 cents higher than yesterday. Light and offerings light; receipts increase materially prices are expected to show decided weakness; demand for No. 2 is apt to be of greater importance for the time being. However, farmers, according to all reports, seem anxious to sell, and if sufficient cars are available a liberal movement is expected. The large crop of an unusually good quality will tend to repress prices, but this is chiefly responsible for the high prices prevailing on last season's crop.

**MONTREAL PRODUCE MARKET.**

Montreal, Nov. 12.—A stronger feeling prevailed in the local market for cash grain today. The high prices were marked up one cent 1/2 to 2 cents per bushel.

Car lots of No. 2 C.W. oats in transit and for November shipment from Port William were quoted at 98c. No. 1 C.W. at 97c, extra No. 1 fed at 97c, No. 1 feed at 96c, and No. 2 feed at 95c to 96c per bushel.

The condition of the local flour situation was unchanged, the tone of the market being firm.

The feature of the millfed market is the increased offerings of bran and shorts that are being made here from Ontario millers. The increased production on account of the larger production of wheat, and in consequence prices are being cut, but the above millers here state that they have not been compelled as yet to meet these cuts.

Corn—No. 2, per ton, car lots, \$23 to \$24.

Cheese—Finest eastern, 30c to 31c.

Butter—Choice, creamery, 10c to 11c.

Eggs—Fresh, 75c to 80c per dozen.

Stocks—No. 3, 30c; No. 2, 28c; No. 1, 26c.

**POUND'S LOW RECORD**

Sterling exchange made a low record in New York yesterday, the British pound selling down to \$4.10 1/2, the rate advanced at \$4.11 1/2. Until yesterday the low record was \$4.12, this having been established on Tuesday last.

**C.P.R. OFF AGAIN**

While railway stocks were comparatively steady in the market, the C.P.R. was off again today. The stock was down to \$11.10, the lowest point of the year, 16¢ below the high of \$11.26. The C.P.R. is still off 1 1/2 points, the low record in recent years, reached in the fall of 1917, when sales were made in New York at 12 1/2.

**VICTORY BONDS ARE UNSHAKEN**

While stocks were tumbling yesterday, the Dominion government war loans remained steady on the Canadian exchange. They were, in fact, practically the only class of securities to show themselves entirely proof against highly disturbing market conditions, and by so doing they furnished one more argument why the public should subscribe freely to the recent offering of Victory bonds.

**WASAPIKA'S CAPITAL WILL BE INCREASED**

Premier Shining Tree Property Takes in Additional Acreage Carrying Ribble Vein.

The "reef" in the Rand will probably always be the world's longest gold vein. But in the western hemisphere the distinction belongs to the Smuggler vein in West Shining Tree at 3 miles. There is little doubt, however, that its vertical extension is much greater than that of the Smuggler and fully equal to the "reef" in the Rand.

The extension of the Ribble vein south of Wasapika gold is well known to most mining men. However, we are aware that the great fissure is also prolonged over at least three miles north of the Wasapika. The bank house, stock exchange, stables and office buildings heretofore used by the Wasapika people are actually on the north side of the vein in West Shining Tree at 3 miles. There is little doubt, however, that its vertical extension is much greater than that of the Smuggler and fully equal to the "reef" in the Rand.

**COTTON PRICES DROP**

New York, Nov. 12.—The cotton market was weak and excited today with prices breaking about \$17.50 a bale, owing to the heavy liquidation as a result of nervousness over the sign exchange. The first freezing temperatures of the season were reported in Oklahoma and Texas, but the stock market attracted little attention. There appeared to be apprehension that spot markets might lead to tight liquidation.

**STEADINESS SHOWN BY MINING STOCKS**

Hollinger and McIntyre Are Among Stocks to Sell Lower—Nipissing Holds Up Well.

Mining stocks as a whole gave a gratifying exhibition of stability yesterday, the face of the disconcerted state of feeling beyond the walls of the stock exchange, a consequence of the fact that the market was somewhat nervous over the sign exchange.

**F. C. SUTHERLAND WILL COMPLETE BIG DEAL**

F. C. Sutherland of the firm of F. C. Sutherland & Company, Dinwiddie building, of this city, is to be married to Mrs. Sutherland on Saturday in London. Mr. Sutherland has been in England for a number of months on a large deal for a large corporation when he fell sick and was undergoing an operation. F. C. Sutherland is now leaving to complete the arrangements started by his brother, H. A. Sutherland yesterday stating that H. Sutherland was improving.

**WASAPIKA'S CAPITAL WILL BE INCREASED**

The market closed with substantial losses recorded generally throughout the list. Forgings, Provincial Steel of Canada with 3500 Iron Works with 3165, sugar with 2960, Iron Works with 2476, car with 1255, Waygama with 1900 and Spanish River paid 1250.

**DISMISSES DESERTER CASE.**

Montreal, Nov. 12.—Judge Lanctot this morning dismissed a case of a deserter arrested on a charge under the M.S.A. because the action had been entered on the records on behalf of an off-duty man in lieu of the King. This judgment affects 200 other cases of deserters. It will be appealed.

Advances are noted in table cloth and bed comforters. The fallery list continues light. This retail trade shows improvement with the approach of the holidays. Remittances are better and city collections are fair to good.

**BRITISH BANK RATE MAY BE RAISED AGAIN**

London, Nov. 12.—Strong rumors of another advance in the bank rate, which were current on the stock exchange yesterday and today, weakened the belief prevalent in Lombard Street that no further advance would take place in view of the serious effect upon legitimate trade, the rumors were accompanied by gossip that America was putting pressure on the authorities in an endeavor to check circulation with such a huge debt is owing to the United States. The 3 1/2 per cent rate admittedly has been ineffective in checking speculation or in bringing as much money as had been anticipated into treasury bills, because would-be investors in the latter are waiting to see if the rumors tell this until noon Thursday, but should 7 per cent then be imposed it is expected that an official statement will be made justifying such action.

# SIMPSON'S Christmas Show Opens Today, Fifth Floor

The annual event long watched-for by thousands of Toronto boys and girls is here. Santa Claus has arrived in a hurry and flurry, and with him literally millions of toys, books and games, transforming the Fifth Floor into a regular fairyland for the Opening Day of the wonderful Christmas Show. Grown-ups too will appreciate the array of lovely gifts spread out for their choosing. Also the many splendid values made possible by months of preparation.

**Santa Claus is the Centre of The "Punch and Judy" Show**

Hours, 10, 11, 12, 2, 3 and 4 o'Clock—5th Floor

—just bubbling over with joy and watching eagerly for visits from all his little friends. You who come today will see him at his best—and oh, what fun to watch him popping down the chimney and filling the stockings that hang by their pretty, cosy fireplace in the Christmas Show. Be sure you get close to him to tell him what you want for Christmas. For, you know, that's the reason he's on hand so early.

—with Punch more amusing than ever, and all the other funny characters in splendid shape for their comical performances, will surely create a sensation. Besides, there are Marionettes this year, wonderful little performers, specially secured to add even more nonsense and excitement to the show. Come the first day—then you'll want to see every performance. No admittance charge.

**These Opening-Day Specials Will Crowd the Christmas Show at 8.30 a.m. Today**

### Kiddies Must See The Punch and Judy Show

**Fifth Floor**

Punch and Judy and all the rest of the quaint little people in the Punch and Judy Show are going to begin their wonderful performances for you today.

Punch has been very quiet this summer, so you may find him noisier than ever now that he has a chance to talk—and Judy, we fear, has grown very fat during her long rest. But they're funnier than ever, and we know you will just scream with laughter when you see the funny, funny things they can do.

**And Be Sure to See The Marionettes**

The Marionettes are the funniest people—they have funny voices and say funny things. They are lots of fun for the children. Every little kiddie should see them.
