LONGBOAT THE WINNER OF THE WORLD'S RECORD TIME

Fowler of Boston Second 3 1-2 Mins. Away—Petch Fourth, Bennett of Hamilton 14th and Kerr, Toronto, 18th—One Hundred and Two Started.

THE FIRST TWENTY. Of the 102 starters four Canadians finished in the first 10, with Longboat No. 1; Petch, No. 6; Bennett, Hamilton, No. 14, and Kerr, No. 18, as follows:

- 1. Thomas Longboat, West End Y.M.C.A., Toronto, 2:24.24
2. Robert Fowler, Cambridgeport Gym., 2:27.54 4-5
3. John J. Hayes, Batholomew Club, N.Y., 2:30.38 3-5
4. James W. O'Meara, Cambridgeport, 2:35.37 2-5
5. James T. Lee, St. Alphonse, N.Y., 2:38.41 3-5
6. Charles E. Petch, North End A.C., Toronto, 2:36.47
7. Sidney H. Hatch, Chicago, Ill., 2:37.11 4-5
8. J. H. Neary, Natick, Mass., 2:37.59
9. John Lindquist, Brooklyn, 2:38.53 5-5
10. Carl Schlobahn, Yonkers, N.Y., 2:42.02
11. A. A. Schilling, 2:44.50
12. D. J. Kneel, Boston, 2:45.54
13. Thomas J. Hicks, Cambridge, 2:46.05
14. Dennis Bennett, International Bars Club, Ham., 2:47.19
15. M. J. Ryan, Yonkers, N.Y., 2:47.54
16. Leo Kastrup, N.Y., 2:48.36
17. T. P. Morrissey, Yonkers, 2:49.21 3-5
18. H. D. Kerr, West End Y.M.C.A., Toronto, 2:50.12
19. William G. Frank, N.Y., 2:50.32 3-5
20. Ed. P. Carr, Brooklyn, N.Y., 2:51.18
Lap of Hamilton finished 25th.

BOSTON, April 19.—(Special).—A Six-Nation Indian showing in every line of his features the Onondaga blood that was coursing thru his veins more rapidly than usual, tore down Exeter-street shortly after a quarter past two o'clock this afternoon, between two lines of massed and partially unbreasted humanity.

His goal was a bit of bright, worsted, drawn taut between two posts in front of the Boston Athletic Association's Club-house and the tens of thousands that had gathered as near to that finish line as the police would permit, cheered him on—not to victory, for victory was already his—but to a new record, that bids fair to stand for years against the assaults of all, save possibly the assault of its maker.

He was Thomas Longboat, on his way to a win in the Marathon run of the Boston Athletic Association. But his winning of the race, notable performance that it was, against a field of 101 other starters, paled into insignificance when the news began to circulate that he had broken the record in the time which he negotiated the rough and hilly 26-mile course. In 2 hours 24 minutes 24 seconds exact, from the time that Longboat had left the starting line away up in Ashland with the 101 who had undertaken the useless task of trying to keep their company, Longboat had broken the finish worsted and the race record were his.

World's Record. Never before in the annals of running, either amateur or professional, in this country, or abroad, has Longboat's performance been approached. He knocked to smithereens all records for all sorts of courses and chopped 41 one full sweep, five minutes of the former Marathon record made by J. J. Caffery, himself a Canadian, six years ago, when he won in 2 hours 30 mins. 23 3/4 seconds. Longboat established a new record, as he won his race on his courage, for during the last eight minutes of the course he ran on alone, increasing his lead with every step. And when finished he was 2 mins. 30 3/4 seconds ahead of Robert Fowler of the Cambridgeport Gymnasium. Robert Fowler, the winner of second place, is deserving of high credit. His time was 2 hours 27 mins. 54 1/4 seconds. With Longboat, who is in a class by himself, as he so well demonstrated to-day, Fowler would have been the winner and the record-breaker. Fowler ran a beautiful race, but had he to run the race over he would use somewhat different judgment, for he made the fatal mistake of letting Longboat get too far away from him in the early stages. At one time he was fully a mile behind the leader, and only his superb staying qualities enabled him to actually cut down Longboat's lead in the last five miles. Fowler ran the last five miles faster than did the winner.

Third in this greatest of all Boston Marathon runs was John J. Hayes of the St. Bartholomew A. C. of New York City. He finished fifth, a year ago and showed marked improvement over his last season's form, and his time of 2 hours 30 mins. 38 1/2 seconds was better than his last year. James W. O'Meara, a clubmate of Fowler's, from Cambridgeport, was a poor fourth, however, for it was not until five minutes after Hayes was in that O'Meara had completed his jaunt. O'Meara's time was 2 hours 35 mins. 37 1/2 seconds. After O'Meara, Sidney Hatch began finishing thick and fast. James J. Lee, of St. Alphonse, N.Y., was fifth, and running in 25th position was Charles E. Petch, Toronto. Close to Longboat's fellow countrymen, in the 10th position, was Sidney Hatch of Chicago. J. H. Neary of Natick was eighth, the last of the cup winners. John Lindquist, of the way from Butte, Mont., was ninth, 13 1/2 miles behind the cup division was Carl D. Schlobahn of the Mercury A. C. of Yonkers, N.Y., who was tenth, 15 1/2 miles behind the cup division, although the finish line unassisted, although he took many a nearly twice as long as the winner to accomplish 106 1/2 ft. This year's Marathon run was unquestionably witnessed by more people.

DEAKIN WARMS OPINION OF CONFLICT

Australia's Premier Says That Colony Will Be Self-Defensive and Hints Pointedly at Coming War With Germany and Japan.

LONDON, April 19.—Field Marshal Lord Roberts presided at a banquet given at Claridge's by the Pilgrim's Society this evening, in honor of the colonial premiers, who are in London, to take part in the colonial conference. It was the most brilliant of the honors accorded the visiting prime ministers since their arrival here.

The members of the society and their guests numbered 800. At the same table with Lord Roberts sat Whiteley Road, the ambassador of the United States; Sir Edward Grey, the foreign secretary; Lord Stratford, Hon. Alfred D. Lee, the premier of Australia, and the Duke of Devonshire.

The government was represented by a majority of the members of the cabinet and many of the most prominent men at the bar, in the church, and in the commercial world, were seated at the tables. The Duke of Argyll, Austen Chamberlain, Winston Spencer Churchill, Lord Fairfax, Rider Haggard, Archdeacon Sinclair, Field Marshal Sir Geo. White and General Methuen were among those present.

Sir Edward Grey in his address referred to the mistake Great Britain made in her colonial policy in the nineteenth century and said he was sure this would not be repeated. He referred to the fact that the states of British India were not only to be taken together in dealing with imperial questions. He said the British were in a position to do more than we planned for in the tendency which we had to be true to each other.

Deakin Speaks Out. The most striking addresses were delivered by Sir Edward Grey and Hon. A. M. Deakin. Sir Edward remarked that he feared the colonies found the colonial office much further from the colonies than the colonies were from the colonial office.

He said that it was a fact that the colonial office was further from the colonies than the colonies were from the colonial office, and he emphasized the fact that the colonies should be independent nations. He said it was a mistake to come to London and talk with the British face to face with war without assistance from the mother country.

He emphasized the fact that the problems of Australia were not the problems of England, saying the mother country had no Asiatic populations as menacing rival to Australia. He promised that Australia next year would inaugurate a system whereby she could defend herself in event of war without assistance from the mother country.

Without mentioning nations by name, he predicted pointedly that there would be war for the supremacy of the Pacific with Germany and Japan.

DUE TO AN "OVERCHARGE."

Millions Must Have Aid Or Will Starve to Death

Terrible State of Affairs in Russia—Famine Area Five Times as Large as France—People Must Be Fed Until Harvest in July.

LONDON, April 19.—Writing from the Russian famine district, Dr. Kennard, who was sent by the Society of Friends to investigate conditions among the peasantry, draws an appalling picture of the suffering. After calling attention to the urgent and immediate need of funds, he says: "This is the worst famine Russia has known. No less than 20,000,000 people distributed throughout the southern provinces cannot live without aid to see another harvest, and I may say that this figure has been not only approved by the Zemstvo organization, but also by the government itself. The date of the harvest will vary with the latitude and the famine-stricken region is spread over such a wide area (five times the size of France) that more than ten degrees of latitude are involved. This means that in direct proportion from south to north the harvest will be from July 3 to 23 (new style). It will be seen that funds will be needed to the end of July to feed all these millions, and then the harvest will bring relief, but there are many hundreds of thousands to whom the harvest will not bring relief for they have neither land nor cattle.

The few cows that are in existence are in such a pitiful condition themselves that they are useless for milking purposes. The result is that babies and young children are being forced to eat the coarse black bread and the indigestible young cumber, which are luxuries to the adult Russian peasant to-day, but are death to the babies, or at any rate, spell disease.

These people have sold their land and in most cases have likewise sold in advance all that the harvest might bring them. They have sold their selves and their work. From all over the southeastern provinces reports are coming in of young women and girls forced to prostitute themselves to obtain food. For these suffering people, to whom the coming harvest means nothing, relief must be afforded during the whole of the coming year.

Meanwhile, epidemics of disease add to the terrible conditions obtaining. The difficulties encountered of relieving these people are made ten times worse now owing to the practically impassable condition of the country roads, the winter snows are melting and projecting vast volumes of water in countless cataracts toward Mother Volga and neither man nor beast can hope to do anything in the way of travel.

SHANGHAI, April 19.—The following are extracts from the reports just received of foreigners in four famine centres: "Yevan: The famine is growing worse. Children in great numbers die."

GIVE COAL MINES TO PROVINCES TO OPERATE

Also Give Permission to Build and Operate Any Railways Necessary for Proper Working of Deposits.

GOVERNMENT CALLED UPON TO STOP THE B. C. STRIKE

Hon. Mr. Oliver Declares That Troubles Are Due to Lack of Transportation Facilities Afforded by Railways.

OTTAWA, April 19.—(Special).—The most significant event of the day was the debate upon the coal "strike" in the west was the suggestion by W. F. Maclean (South York) to turn over to the prairie provinces their own coal deposits and to leave them free, if they see fit, to adopt provincial operation and to build and operate such railways as may be necessary.

This policy, while popular in the west, and Mr. McCraney (Lab., Saskatchewan) at once acquiesced, when correspondence has been in this direction between the federal and provincial governments. This question is so complicated with the government's stand upon the autonomy bill that Liberal members from the prairie provinces are not a little embarrassed, but there is a general agreement among the western members that the coal question can never be settled until their lands are returned to the western people.

The discussion was introduced by Mr. Role, who read a telegram from Winnipeg commending a resolution passed by the board of directors, urging that measures be taken at once to avert the danger of a recurrence of the shortage of fuel threatened by the miners' strike in Alberta and British Columbia, and suggesting that government take immediate possession of the mines and operate them under the best available conditions until such time as a settlement of the existing difficulties could be reached.

Mr. W. E. Knowles, M.P., Regina, also had a telegram from the Regina Board of Trade, suggesting that the government to immediately take such action as may seem best to avert the dire calamity.

Mr. VerVelle protested against the suggestion that the government should take steps to divorce the Canadian miners from the American unions.

Mr. Ross (Yale-Cariboo) asked what he would do with Sherman, who had wired to Mr. VerVelle that the "labor legislation is a farce" and had urged the men to go out. VerVelle said he would enforce the law passed by the government.

HAMILTON HAPPENINGS

NO SIGNS OF "GRAFT" IN HANDLING OF COAL

Report of Weights is Most Satisfactory—Sewer Pipe Bought on Better Terms.

HAMILTON, April 19.—(Special.)—The civic fuel committee was much pleased this evening with the report of Secretary Kent on the tonnage of coal handled by the committee.

There were 542 on parade at the weekly drill of the 11th Regiment this evening. Majors Herring and Labatt, who have served 20 years, were presented with long service medals.

Prof. T. B. Hurler delivered an address this evening before the Citizens' League on the making of a nation. He advised the putting down of graft and advised that steps be taken to assimilate the foreign element.

Owing to the fact that the time in which an appeal may be taken has elapsed, the license department will be able to appeal against Judge McKee's decision in the Condon and Barker liquor cases.

Robert Peckie, father of Ald. John Peckie, died this morning. John Waddie and Herbert Plum, two boarders at 12 Milton-avenue, have reported that they stole \$50 from the Chief Smith says that if ex-Ald. H. A. Martin will make specific charges of graft against any member of the police force he will get all the attention he wants.

What Have You? Cobalt stocks? We buy or sell. Our best Buy, Cobalt Development Co., 20c per share. This is ground floor price. Write to-day for particulars.

Lookout. New selections each week (25¢) are made on view at the mine. Open from 8 a.m. to 11 p.m. Fortune tellers, lung testers, etc. The sign of the Red Mill, 80 North James-street.

Get the hat. Go to Federal Life Barber Shop, Fred H. Sharp, Cigar Store, 211 Bay-street, opposite the Grand Opera House Cigar Store.

FEDERAL DEPT. OF MINES

Mr. Foster Thinks Provinces Should Be Allowed to Possess. OTTAWA, April 19.—(Special.)—Mr. Templeman to-day brought up his bill to establish the department of mines.

There was some running discussion part of which was god-awful natured. Mr. Templeman himself, who it is known will assume the new portfolio.

Mr. Foster foresaw an increased expenditure, but what was to be gained by it? The geological survey was already in excellent shape.

Considerable progress was made with the bill at the evening session. It was stated that the Director of the Geological Survey is to be the deputy minister. Eugene Haanel will have charge of the Bureau of Mines.

The house then took up the resolution authorizing a loan of \$5,078,000 to the Quebec Bridge Company. The resolution was carried, and the bill was introduced accordingly, which may meet with considerable opposition.

The Hamilton Radial Railway bill was telegraphed protesting against the former bill.

WANT LEGAL EVIDENCE. Intent to Deceive Can Be Proven When the Buyer Gets Legal Help.

The Slater Shoe Company recently offered \$100 reward for information which would lead to the conviction of any shoe dealer selling other shoes under the name of "Slater Shoe" or "Slater's Shoes."

Personal. Ezra E. Kirk, vice-president and sales manager of the E. R. Thomas Motor Co., of Buffalo, N.Y., was in the city yesterday.

TENANTS ASKED TO MOVE. St. Michael's Hospital, Overtaxed, to Use Property Acquired Without Loss of Time.

The plans of the trustees of St. Michael's Hospital for extending the present building on a broad scale, are not likely to be held back pending the giving by the city of the grant requested.

"We are not relying on what the city may give us. We get \$10 by subscription for every dollar given us by the city," said Hugh T. Kelly of the board of trustees in discussing the situation last night.

Mr. Kelly, when asked if the report was true, that tenants of houses adjoining the hospital on Bond-street and Victoria-street had been notified to vacate, said that such notice had been given, but that it was not the intention to remove the tenants from the hospital for the extensions to be made.

GIVE COAL MINES

representative would meet to-day and that the companies had agreed that the matter be referred to one board and suggesting that the withdrawal of the notices by the mine owners might relieve the situation.

Mr. Lemieux added that John Mitchell had refused to sanction a strike under any circumstances unless the mine owners agreed to submit their claims to arbitration.

R. L. Borden asked how many men were on strike. It was reported that 10,000 men had walked out. Why did not the government enforce the law? Mr. Borden suggested that the government should take coal lands and operate the mines.

W. F. Maclean (South York) was heartily in favour of public ownership and the operation of the great utility. If the federal government was not willing to undertake this, then let the coal lands be turned over to the respective provinces and let the provincial government furnish cheap fuel to the west. He pointed out, however, that it was useless for the government to control the coal mines unless they also owned and operated the railways.

Mr. Oliver agreed that the problem was essentially a problem of transportation. During the Lethbridge strike he had investigated complaints as to the car supply and coal output. The mine owners assured him that they could not get cars. One company answered that they had been furnished eight cars in ten days, while they required five cars per day. Another company had only had cars two days out of the month. A third company closed down half the time for want of cars.

CITY BOXING TOURNAMENT.

Course Seat Sale Begins To-Day at Wilson's—Entrée Close Monday.

Entries to date for next week's city amateur boxing tournament would indicate that the different classes will be well filled, mostly by boys making their debut in Toronto.

First race, selling, 6 furlongs—Ed. Ball, 112 (Preston), 6 to 1; Melburne, 107 (Preston), 10 to 1; Kismet, 111, 108 (Shilling), 10 to 1; Time 1:45.26.

Second race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Third race, selling, 4 1/2 furlongs—Fresh, 102 (Krohn), 8 to 1; Time 1:14.94 (Egan). 7 to 2; C. H. Shilling, 100 (Shilling), 7 to 1; Time 1:14.94 (Egan).

Fourth race, 4 1/2 furlongs—Fresh, 102 (Krohn), 8 to 1; Time 1:14.94 (Egan). 7 to 2; C. H. Shilling, 100 (Shilling), 7 to 1; Time 1:14.94 (Egan).

Fifth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Sixth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Seventh race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Eighth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Ninth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Tenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Eleventh race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twelfth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Thirteenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Fourteenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Fifteenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Sixteenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Seventeenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Eighteenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Nineteenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twentieth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-first race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-second race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-third race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-fourth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-fifth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-sixth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-seventh race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-eighth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

OKENITE WINS EASILY IN THE ARVERNE STAKES

Fresh, at 60 to 1, Beat the Good Thing, Youthful, in the Two-Year-Old Race.

NEW YORK, April 19.—A big killing was attempted to-day in the three races at the Arverne track, but it failed, as Fresh, a 60-to-1 shot, beat Youthful in the last steeple.

The youth opened at 20 to 1, but was pounded so hard that at the close the betting was 7 to 2 against him. Youthful and Fresh were to the fore nearly all the way, fighting it out between themselves, but the former was a half length ahead when the race was over.

It was only in the last jump that Fresh was able to get his head in front and win. Okenite, the favorite, won the Arverne Stakes easily. Summary:

First race, selling, 6 furlongs—Ed. Ball, 112 (Preston), 6 to 1; Melburne, 107 (Preston), 10 to 1; Kismet, 111, 108 (Shilling), 10 to 1; Time 1:45.26.

Second race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Third race, selling, 4 1/2 furlongs—Fresh, 102 (Krohn), 8 to 1; Time 1:14.94 (Egan). 7 to 2; C. H. Shilling, 100 (Shilling), 7 to 1; Time 1:14.94 (Egan).

Fourth race, 4 1/2 furlongs—Fresh, 102 (Krohn), 8 to 1; Time 1:14.94 (Egan). 7 to 2; C. H. Shilling, 100 (Shilling), 7 to 1; Time 1:14.94 (Egan).

Fifth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Sixth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Seventh race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Eighth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Ninth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Tenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Eleventh race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twelfth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Thirteenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Fourteenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Fifteenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Sixteenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Seventeenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Eighteenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Nineteenth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twentieth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-first race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-second race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-third race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-fourth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-fifth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-sixth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-seventh race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-eighth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Twenty-ninth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Thirtieth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Thirty-first race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Thirty-second race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Thirty-third race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

Thirty-fourth race, 5 1/2 furlongs—Anah, 107 (Preston), 9 to 1; Bell Sucker, 101 (Preston), 10 to 1; Ocean Spray, 101 (Radke), 15 to 1; 2: Marster, 102 (Krohn), 15 to 1; Time 1:21.12.

MADIGAN HAS GOOD STRING

Elliott, Who Beat Main Chance, Being the Chief Performer.

The Madigan string of thoroughbreds came in early last week and are quartered at the West stables. Doc Gordon is in charge of the lot, and reports them in healthy condition.

They were wintered out at a Jerritville covered track at East Aurora, where the great trotting mare Sweet Marie (2:02), is in charge of Billy Andrews.

The string is made up of Elliott (8), by Jerry Lynch (8), by Prince of Peace; Mobe (8), a chestnut filly, by Sir Model; a 2-year-old by Scamper; and a 2-year-old by Green.

Elliott is the colt which Johnny Mack made the big killing at Sheepshead Bay last September. As good as 90 to 1 was offered against Elliott's chances on a day when Madigan was shut out by 10 to 1.

Many Canadian friends of the Texas Turfman had tickets on Elliott for the race, and when he came home in front there was a great deal of cheering.

It was more than an ordinary colt who showed when he beat the good 2-year-old of the season, Elliott. That Elliott was more than an ordinary colt was shown when he beat the good 2-year-old of the season, Elliott.

He is sound in every way and the present day and shows he is a good 3-year-old this year.

The Horse Show. The Manager Houston and Secretary Stark will both be in the office at 108 East King-street, Toronto, on Monday, April 22, from 9 a.m. to 5 p.m., to receive entries for the coming Canadian National Horse Show, which will be held at the Exhibition grounds, Toronto, from May 1, 2, 3, and 4, this being the day set for the horse show.

On Thursday evening the boys' department of the West End Y.M.C.A. held their annual swimming in the association's bath. The races were run off in two sections, the first one composed of older intermediates and the second of younger intermediates and the whole of the juniors.

The events were: Two lengths of bath, for time; two lengths of bath, swimming on back, neat dive and long dive and swim under water.

Swimming was manifested in the events and as all the best swimmers in the department were entered, the contest was keen and close. The first place was made by John Pope, a junior, who made the two lengths (22 yards) in 1:5 seconds. He was closely followed by Norman McBurney in 2:2.5, and Ernest Heuchler in 2:4.5 seconds.

He was closely followed by Norman McBurney in 2:2.5, and Ernest Heuchler in 2:4.5 seconds.

The boys' department of the West End Y.M.C.A. held their annual swimming in the association's bath. The races were run off in two sections, the first one composed of older intermediates and the second of younger intermediates and the whole of the juniors.

The events were: Two lengths of bath, for time; two lengths of bath, swimming on back, neat dive and long dive and swim under water.

Swimming was manifested in the events and as all the best swimmers in the department were entered, the contest was keen and close. The first place was made by John Pope, a junior, who made the two lengths (22 yards) in 1:5 seconds.

He was closely followed by Norman McBurney in 2:2.5, and Ernest Heuchler in 2:4.5 seconds.

TORONTO ARE PRAISED BY HARRISBURG PAPER

No Game Yesterday Owing to Blizzard—Kelley Releases Several Players.

**VIOLENT EARTHQUAKE SEVERELY SHAKES CANADA**

One of an Unusual Type, But Even More Serious Than Ordinary.

We hear and read of violent earthquakes in the West Indies, San Francisco and Mexico, with great destruction of property and human life. The most violent earthquake shook Canada the other day, and while the seismograph did not register the undulations the vital statistics of Canada made a record that the vibrations are still very marked in the hearts and consciences of thoughtful people. When it was officially announced that the earth had opened its hungry mouth in 10,000 places during the past year to receive 10,000 victims of tubercular, cancer, or consumption, and 10,000 other victims opened to receive Canada's contribution to the victims of pneumonia, influenza, grippe and other pulmonary diseases, Canada received an earthquake shock tenfold more serious than any of the thoughts of people. Many regarded as the visitations of an inscrutable Providence. If even a small proportion of these people who have gone down to untimely graves had been aware, or had any true friend, be he physician or relative, to have advised them that by the use of Psychine their chances for life would have been as 90 to 100, how many badges of mourning would have been unworn, and how many thousands of valuable lives would not have gone out in darkness as monuments of almost criminal neglect or ignorance of the visitations of Providence. Thousands of happy restored consumptives and victims of pneumonia, influenza and many other fatal diseases who have been snatched from the verge of the grave and brought back to health and friends and home, join in mighty choruses: "Psychine saved me."

"I think there is nothing to equal Psychine for its wonderful health-giving qualities. I took cold on my lungs. I was very bad. Psychine cured me, and this year I have not had a cold since. My nephew, too, had a dreadful cough about a year ago. Doctors said his lungs were badly affected, but thanks to Psychine he is now a big, strong young man. I will always recommend Psychine. It saved two of us." MISS J. B. HUME, Holywood, Ont. Psychine is at all druggists, 50c, and \$1.00 bottles, or Dr. T. A. Slocom, Limited, 178 King-street west, Toronto.

**CALLS BUDGET BRUTAL**

Labor Members Acknowledge Charge—A "Middle-class" Budget.

LONDON, April 19.—(Special).—By the debate which followed the budget it will meet with a larger degree of general approval and less sectional antagonism than usually falls to the lot of budget statements. The most persistent complaints emanate from the extreme section of the labor party, which was disappointed at the postponement of the pension scheme and the absence of any direct relief in the taxation of the working classes. James Keir Hardie frankly calls it a "brutal budget," and declares his belief that the government has no intention of dealing with the working class during its lifetime, but purposes to reserve it as a "safe" effective election plank when the time becomes necessary to appeal to the country. That there is some justification for the complaints of the workers may be gathered from the fact that the lobbies of the house, the statement was generally characterized as a "middle class budget."

**RESTRICTING THE C. N. R.**

Western Members Say Its Service at Present is Paralyzed.

OTTAWA, April 19.—The Canadian Northern Railway bill was, at the request of W. H. Moore, representing the company, laid over, and the probability is that it will not come up this session. This bill increases the bond issue east of Edmonton, provides for additional securities to be issued for Winnipeg terminals under agreement with the G.T.R., and for the construction of several lines of railway in Saskatchewan and Alberta. The opposition to the bill is from the western members, who maintain that as the whole Canadian Northern system is paralyzed, there should be no more branches or extensions granted until an adequate service is given on the lines already built.

**SMALLPOX NEAR BROCKVILLE**

Prosperous Farmer the Victim—His Household in Quarantine.

BROCKVILLE, April 19.—(Special).—Smallpox has broken out in Kitley Township, a few miles north of Toledo, the victim being a prosperous farmer named Thomas Heffernan. His wife and two children are the occupants of the house, and these, with an adjoining family exposed to the infection, have been placed under quarantine. It is thought the man contracted the disease from papers sent thru the mails from an American city.

**A Runaway.**

About 5:30 p.m. yesterday, a horse attached to a wagon belonging to Mr. H. Jennings, contractor, ran away on North Yonge-street. When crossing the C.P.R. tracks, the wagon, striking several others, caused damage to three. The drivers for Jennings and Conlan Bros. required medical aid, but will be about again in a few days.

**American Academy.**

PHILADELPHIA, April 19.—The American Academy of Political and Social Science began its eleventh annual meeting here to-day, the general topic for discussion this year being "American Colonial Policy and Administration."

**Cook's Cotton Root Compound.**

The great Urinary Tonic and only safe effluant Monthly Regulator which women can depend on. Sold in three degrees of strength—No. 1, 2, 3. For special cases, 50c per box. Sold by all druggists or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Corner of W. & Bloor)

**A. W. WRIGHT, CHAIRMAN WEST TORONTO LEAGUE**

Controller Ward Disproves Statement That Public Ownership is Failure in England.

In Broadway Hall last night a splendid meeting was held to organize a public ownership league for West Toronto. The principal address was given by Controller J. J. Ward, who effectively answered the monopolists' claim that public ownership is losing ground in England.

The following officers were elected: Chairman, A. W. Wright, vice-chairman, W. V. Tegg, secretary, J. L. Richardson, treasurer, Dr. R. B. Orr; committee, Controller J. J. Ward, Dr. Mole, Controller Harrison, Wm. Burt, J. E. Stewart, G. E. Dyer.

Controller J. J. Ward moved the first resolution, declaring the meeting to be in favor of the general principle of the public ownership of utilities that are natural monopolies. The chairman, A. W. Wright, in introducing the controller, said he regarded the street railway as more of a natural monopoly than the post office. There was a good deal of opinion as to what would be considered natural monopolies, and how far we should go in the direction of controlling utilities. He thought the league should not attempt to do too far. The London elections had been called a defeat of public ownership, but it turned out that the elected aldermen were also in favor of public ownership. Mr. Wright referred to the effort of the railways at Ottawa during the past few days to secure control of the streets of Toronto and believed the privilege would be granted, unless the people were on the alert. There were party divisions at Ottawa, but when the corporations were trying to secure something like these lines were not tightly drawn.

Corporations Active. Controller Ward expressed his hearty sympathy with the movement. This corporation was growing more powerful every day. One could see by what happened at Ottawa on Thursday and by the legislation only a week ago that the corporations were by no means dead.

Mr. Ward had an English newspaper that sent correspondents to 32 municipalities to see if there was anything in the statements sent abroad that public ownership was on the wane in Great Britain. Over 50 municipalities were visited with the following results: Water—Thirty-three undertakings; 23 pay, 5 unprofitable; Electric light—Fifty-six undertakings; 39 pay, 17 unprofitable; Tramways—Thirty-five undertakings; 27 pay, 8 unprofitable.

Where public ownership has not been successful it has been found that the municipalities have gone into public ownership for the sake of public amusement places, housing, dairy farms, baths, sterilized milk depots and the like.

On an Ice Wagon. Little Jack Wells, the four-year-old boy who strayed from his home, 534 Dufferin-street, on Thursday morning, has turned up safe and sound. For 36 hours his distracted parents, assisted by friends and neighbors, had searched for him throughout the west end of the city, but without finding any trace of the missing lad.

It was 5 o'clock yesterday before definite news was received. At that hour a policeman from No. 6 station, took the news to the house that the baby was located in the Junction.

In some inexplicable manner the tot had got away out to Islington, nine miles from Toronto. On an Ice Wagon. Meanwhile boys and girls in the west end had seen the boy. Some said that he had ridden with the driver of a truck since the ice-wagon along Queen-street. Nothing definite about his movements after that is known.

**WILL REORGANIZE RAILWAY.**

GALT, April 19.—(Special).—The Grand Valley Railway is to be re-organized with United States capital, with extensions to Port Dover and London. The obstacles to reaching Port Dover have been removed. It is said, by the personal influence of the minister of public works. The road will be rebuilt and will carry coal from Erie.

**THAW STAYS IN JAIL.**

NEW YORK, April 19.—No movement to attempt to secure the release of Harry K. Thaw on bail has been made, and none is likely for some time. That Thaw must spend another summer in the Tombs is apparently a foregone conclusion. The city council, by its departure from the city, of nearly every member of the family.

**New England's Day of Joy.**

BOSTON, April 19.—Ushered in by the booming of the cannon at the forts in the harbor and the ringing of the city's church bells, Patriots' Day, the 133rd anniversary of the battles at Concord and Lexington, was celebrated to-day. The holiday was observed generally throughout Massachusetts and Maine, the celebration in the latter state being substituted for the old-fashioned flat day, which was recently abolished by the legislature.

Purity, as a mere matter of course.

As soon as you wash my hands as of the purity of Regal Lager; yet I know no brewery that spends as much per bottle to have its beer absolutely pure and clean in every way. But that's no credit to me, nor to my brewery—it's mere commercial sense. Beer won't keep unless it's bottled in a sanitary way—the bottles sterilized, the whole process sanitariously safeguarded. All this talk you read about thrice-strained air and germ-proof bottles is printed often to divert you from the main issue—QUALITY. Modern brewers MUST run a sanitary brewery,—for their own product's sake and their profit's. No brewery, not even in Germany, where they make the most famous beers, goes so far as our new plant in cleanliness,—in seemingly exaggerated cleanliness. That is a detail. But, also, no brewery on this Continent, at least, goes to such extremes to get QUALITY into its lager.

Barley, hops, yeast and water,—each as perfect in quality as money, experience, skill and volition can devise or discover,—these are the only components of Regal Lager. No substitutes; no cheapening here and there; simply the desire and the ability to produce a QUALITY lager by the process which makes the most famous

Bottled where brewed exclusively by the Hamilton Brewing Association, Limited

Quality,—that is the RARE thing.

beers in the world—the old-world—Old German Process,—bettered by new-world machinery.

Purity, as a matter of course; QUALITY, as something rare enough to warrant advertising,—that is the merit of Regal Lager. It is a light, sparkling, delicious brew, of unvarying zestful flavor. It aids appetite and furthers digestion; it nourishes without undue stimulation. I brew it to please the home people,—it is a table beer above all. It is good for every grown-up person; for some, it is far better than most medicine. Your dealer sells Regal Lager,—but only in bottles. (Cases of 24 pints or quarts.)

**FIND LITTLE JACK WELLS STRAYED TO ISLINGTON**

Four-Year-Old Lad, Lost Since Thursday, Picked Up on Dusty Road.

Little Jack Wells, the four-year-old boy who strayed from his home, 534 Dufferin-street, on Thursday morning, has turned up safe and sound. For 36 hours his distracted parents, assisted by friends and neighbors, had searched for him throughout the west end of the city, but without finding any trace of the missing lad.

It was 5 o'clock yesterday before definite news was received. At that hour a policeman from No. 6 station, took the news to the house that the baby was located in the Junction. **WHY SWETTENHAM QUIT TOLD TO WITHDRAW LETTER**

Yielded to the Request of Lord Elgin and Then Asked to Be Relieved.

LONDON, April 19.—A white paper issued to-night contains a portion of the correspondence relating to the resignation of Sir Alexander Swettenham as governor of Jamaica. It gives verbatim the letters of Rear Admiral Davis and Sir Alexander, as well as the despatches of the governor of Jamaica. The latter notified the governor January 22, that: "If such a letter is correctly attributed to you, I must object to it in tone and expression, it is highly improper and especially unbecoming to His Majesty's representative in addressing an officer of a friendly power engaged on an errand of mercy. I must further require you to withdraw forthwith and unreservedly any such letter, and to express your regret for having written it. Your withdrawal should be telegraphed to me at once, when it will be transmitted to the government of the United States, thru the proper channels."

On January 24th the governor cabled to the colonial secretary, asking that the following be transmitted to Rear Admiral Davis: "At the instance of the secretary of state for the colonies, I desire to fully and unreservedly withdraw my letter of January 18, and to express my regret that I wrote it." On the same date the governor cabled to Lord Elgin as follows: "I respectfully apply for permission to retire on account of age forthwith, and to be relieved."

The governor's letter to Rear Admiral Davis, as cabled himself to Lord Elgin, contained two or three slight, immaterial verbal differences from the original version. There is only one of any bearing. Towards the end of Swettenham's version he says: "I believe that the police surveillance of no city is adequate to protect private property," and apparently as an example of this inadequacy Swettenham refers to the pillaging of a millionaire's house in New York.

The letter of the Mayor of Kingston to Rear Admiral Davis and the latter's reply, which are being especially called for by the house of commons, are not published.

**UNITED IN DEATH.**

DETROIT, April 19.—Daniel McDougall, for 30 years proprietor of the Exchange Hotel, and the oldest hotel-keeper in Alpena, Mich., and John D. McDonald, 40 years old, a citizen, and in the same city, and 35 years proprietor of the Sherman House, died within three days. The men were lifelong friends. Both were born in Gengarry, Ont. They came to Alpena about the same time, and their hotels were only a short distance apart.

**RIVER A PUBLIC HIGHWAY.**

Therefore Arbitrators Disallow Claim of Beck Manufacturing Co.

A. A. Wright, R. D. Perry and Frank Denton, K. C., have made their award in the arbitration proceedings between the Ontario Lumber Company, Limited, and the C. Beck Manufacturing Company, Limited, for the river driving on the Whinapissie, for the season of 1906. By the award a substantial sum is given the Ontario Lumber Company, Limited, for the excess of expenses of the drive; and the counter claim of the C. Beck Manufacturing Company, Limited, for loss by the sinking of its logs thru the delay arising from the intermingling of the logs is disallowed in its entirety, the arbitrators holding that the river is a public highway and all parties are entitled to place logs therein at their own convenience.

**Who is the Most Beautiful Woman in Toronto?**

Beautiful Women are common in Canada.

**Get The Sunday World and Read it all.**

**ZENANA MISSIONS.**

Rev. and Mrs. Cavaller Appeal for Help to Toronto Audience.

Rev. A. R. and Mrs. Cavaller, who were for many years missionaries at Tinnivelly, India, and are now visiting the municipal centres of work of the Zenana Bible and Medical Mission in the Dominion on behalf of that organization, each addressed a large audience last night at Wycliffe College Convocation Hall, and made a strong appeal for assistance to build hospitals and establish missions in connection with the Zenana movement in Northern India. In the interesting statistics they presented, it was shown that in India there are 145,000 women and girls ignorant of Christianity, 145,000 without medical aid in sickness, 40,000 kept as prisoners.

**FOUR ARE WILLING.**

ARTHUR, April 19.—(Special).—The North Wellington Conservative Association executive met to-day, when Alex. Hamilton (Arthur), A. S. Clarke (Mount Forest), George Fox (Drayton) and William Clarke (Palmerston) consented to allow their names to go before a nominating convention for the federal vacancy.

**I GIVE IT FREE To Men Until Cured. Not One Penny in Advance or On Deposit.**

I wish you could know how yourself the wonderful effect of the galvanic current on weak and nervous men. I wish you could realize the health and happiness that will be yours when this wonderful force infuses every nerve and vein of your body as accomplished through my treatment. I have been curing thousands every year for forty years, and have proved that my method will cure any curable case. So positive am I of my power that I am prepared to take all the risk and will give to any man suffering from Nervous Debility, Varicocele, Dropsy, Lack of Vigor, etc., a from Rheumatism, Lame Back, Kidney, Liver or Stomach Troubles, use of my world-famed Dr. Sanden Electric Belt, with Electric Suspensory, absolutely FREE UNTIL CURED. If I fail you don't pay me anything whatever. I leave you to be the judge and ask not one penny in advance or on deposit. I cannot do more than this to prove the value of my treatment, so if you will call or write I will send you one at once to give you a Belt suited to the requirements of your case, and you can pay me when cured. Many cases as low as \$5.00, or for cash full wholesale discount. You will also get the benefit of the inestimable advice my forty years' experience enables me to give my patients. This long continuous success has brought forth many imitators. Beware of them. You can try the original, the standard of the world, free until cured, then pay for it.

Call to-day and take a Belt along, or send for one by mail. I have two of the best books ever written on Electricity and its medical uses, and containing several hundred wonderful testimonials, which I also send free, sealed, by mail. Address

20,000 MADE HOMELESS  
230 NATIVES DROWN

Reports of Two Great Calamities,  
Fire in Philippines, Typhoon  
in Carolines.

MANILA, April 19.—The Town of  
Holo, Island of Panay, was totally de-  
stroyed by fire this morning, with the  
result that 20,000 persons are homeless.  
The conflagration is still raging and,  
owing to the heavy wind blowing, it  
is beyond control.

230 DROWN.  
BERLIN, April 19.—Colonial Direc-  
tor Dernburg stated to-day that a cable  
message had been received from the  
governor of the Island of Yap, an-  
nouncing that a disastrous typhoon  
swept over the Caroline Islands on  
Good Friday last and that 230 of the  
60 natives of the Atuluthi group were  
drowned.  
Cocanut trees were destroyed and  
famine threatens the surviving na-  
tives.

To Value the Timber.  
A sum of \$5000 has been devoted by  
the provincial government for the pur-  
pose of valuing the pine timber on the  
Temagami Reservoir. It is to be  
valued for the timber from the risks in-  
cidental to mining development.

Meetings Well Attended.  
Reports received from Duncan An-  
derson, Orilla, and Dr. J. Standish,  
Walkerton, who are attending bacon  
meetings in Eastern Ontario, indicate  
that these have an average of 35 farmers  
present. This is considered good  
for the marketing season, when  
only farmers interested in bacon-  
raising take part.

MONTREAL'S CATASTROPHE  
SERIOUS LOSS OF LIFE

Medical Colleges Burned, With Ir-  
reparable Loss in the Scientific  
Education of the Country—  
Loss of Human Life  
the Most Serious  
Feature.

Montreal has had more than its share  
of serious fires recently, and one of  
the most serious things is that the  
worst of them appears to have been of  
incendiary origin. The great loss to  
the Medical Faculty of McGill Univer-  
sity is irreparable. It has stirred the  
whole of Canada with sympathy. Mon-  
treal is also to be specially  
sympathized with in the large  
number of deaths reported, which  
were the result of fires. Human  
life is a thousandfold more precious  
than the most valuable property.  
Yet deaths are of such frequent occur-  
rence that they get but a passing notice.  
The statistics show some 2000 in the  
last few months several thousand  
people have been burned to death. In-  
cendiary cases, like McGill's, are  
worse than literal fires, because  
of the torture and anguish it  
brings in the long days and  
weeks of suffering. The greatest ca-  
tastrophe resulted in the unusually  
large number of deaths from prevent-  
able causes, like McGill's, incendiary  
fire, such as pneumonia, consumption,  
bronchitis, catarrh of the head, throat  
or stomach. These diseases are whol-  
ly preventable in 90 cases out of every  
100, by the timely use of Psychine, and  
curable even in their advanced stages  
in a very large percentage of cases.  
This is the reason why this is at-  
tracting so much attention in the med-  
ical world. It can be obtained from  
any druggist or Dr. T. A. Stewart,  
Limited, 179 King-street West, Toron-  
to, at 50c and \$1 per bottle. It is a  
remedy that quickly and satisfactorily  
breaks up coughs, colds, bronchitis,  
catarrh, chills, fevers, night sweats,  
aching in the bones, influenza, run-  
ning down system and all the conditions  
that lead to pneumonia and consump-  
tion. This is the season to build up  
the system, make the blood strong and  
rich to resist disease by the use of  
Psychine. Its use will add many  
years to your life, render you less  
subject to disease and make you  
feel years younger by sending new  
life and vigor thru every vein and ar-  
tery and toning up the lungs, heart,  
liver and stomach.

J. A. Galbraith, Forest, Ont., says:  
"An attack of pleuro-pneumonia broke up  
my system. My doctor, after several  
doctors advised me to settle my affairs, as  
I was not recovering. I got C. E. Burrell  
recommended by a friend. He recom-  
mended me to use Psychine. I was  
suffering from the start. I gained 20 pounds,  
and now feel well and have no more  
trouble. I give this statement that Psy-  
chine has saved my life in the hope that  
others may be likewise benefited by its  
use."

Rev. C. E. Burrell, Baptist minister,  
Forest, Ont., says: "I, J. A. Galbraith, a promi-  
nent member of the Baptist Church, was  
stricken down by a pitiable  
case, to be stricken down in the prime  
of life with the brightest prospects. Physi-  
cians had pronounced me hopeless and  
set a date at which he was likely to  
die. I was strongly recommended the use  
of Psychine, which I had used in my own  
family with wonderful results. He be-  
lieved me to improve immediately. The im-  
provement was permanent. He is now well as  
ever."

one by mail. I have two  
of my medical uses, and contain-  
ing I also send free, sealed

Public Amusements

In "The Squaw Man," in which Wil-  
liam Faversham will be seen at the  
Princess Theatre all next week, Ed-  
win Milton Royle has written a drama  
in which there is much stirring inci-  
dent, and has mingled the tragic and  
the lighter shades of life in just the  
right proportions. Liebler & Co. pre-  
sented Mr. Faversham in this play all  
last season at Wallace's Theatre, New  
York, and it scored a most remarkable  
triumph for the actor and the play-  
wright. "A squaw man," caterers  
have always been told, is a western  
product who occupies a cellar even in  
the wild western sodas. Few  
playwrights would, perhaps, have chosen  
on such a character for a hero, but  
Mr. Royle has done it and done it suc-  
cessfully, too.  
Liebler & Co. have given the play  
one of those superb productions for  
which they are noted as to scenery and  
effect. Nothing has been omitted  
which will aid in carrying the play to

The Slater Shoe Stores

117 Yonge Street  
822 Queen Street East  
528 Queen Street West  
Thos. Powell, Toronto Junction

enting what they call a novelty for  
laughing purposes only. Hamilton  
Bill, the Australian baritone, has not  
been in Toronto in years, and he  
comes for a week with a number of new  
songs. The kinograph closes the  
bill.

"Checkers" is coming to the Grand  
next week, with substantially the  
same cast seen during its former visit.  
Hans Robert playing the title role;  
Dave Braham, the race track tout;  
Charles Willard, as Uncle Jerry; Tom  
Hunter, the part of Old Barlow, and  
Wallace Worsley, as Arthur Kendall.  
The company is coming here after a  
long tour which began last August in  
St. Paul and has since taken the or-  
ganization to the northwest as far as  
Vancouver, as far southwest as Los  
Angeles, then back thru the middle  
west, taking in Ogden, Salt Lake City,  
Denver and Omaha, and thence down  
to New Orleans, west again thru Texas  
and up to Memphis by way of the Hot  
Springs and Little Rock, and then on

At the Princess Theatre next week  
will be presented the title of "Pub-  
lic Opinion" by Dallas Welford, and  
the excellent company which was sent  
here early in the season in "Mr. Hop-  
kinson." This latter comedy of Mr.  
Carton's which was so eminently suc-  
cessful earlier in the season will be  
given on Monday, Tuesday and Wed-  
nesday evenings, and at the Wednes-  
day matinee. On Thursday night the  
new farce, "Public Opinion," will be  
presented, and it will run for the re-  
minder of the week.

To brighten a few hours with mirth-  
ful jokes, sweet music, beautiful stage  
settings and pretty girls, has been the  
purpose of the management of the  
"Cherry Blossom" company, which  
will be at the Star next week. The  
company this year is equipped in a  
very lavish manner in the way of  
costly costumes, and also in the way  
of musical comedies, "The Wrong  
Count Tosobaco," and "Book Out Be-  
low," which is the funniest burlesque  
written in the world, and also twenty  
pretty chorus girls.

"Lena Rivers," with its New York  
production and a strong cast, will be  
presented for the first time in this city  
at the Majestic Theatre next week.  
Nearly everyone has read Mrs. Mary  
J. Holmes' book and found much en-  
joyment in it. That they will want to  
see Lena, Durward, Granny, Joel and

thru the south. Its southern tour will  
end in Baltimore, and then, after play-  
ing in Baltimore, it will go west to  
Chicago, via Newark, Pittsburg and  
Cincinnati, and return home via Detroit,  
Toronto and Niagara Falls.

Edwards Davis, formerly known as  
the post-preacher, who is to present  
his tragedy "The Unmasking" at the  
Grand, is itself being the most unique  
innovation in vaudeville at Shea's  
next week, is a man of unusual his-  
tory.  
Mr. Davis made his debut as a thes-  
pian at the Fifth-avenue Theatre in  
New York City with the late "Mr.  
Coghlan," in production of "The  
Citizen Pierre."  
The special attraction on the bill for  
the week is Carl and May Ohm, with  
Sheel, an unusual hippodrome. This act  
has been well received everywhere, and  
the little folks. The dogs, ponies, bears  
and elephants in the act do all sorts  
of wonderful stunts.  
Charles F. Semon is one of the  
pleasest features for the week. Mr.  
Semon calls himself "The Narrow Fel-  
ler," and he is well remembered for  
his grotesque make-up, accentuating  
his narrowness. He is a thoracic mu-  
sician.  
Julian Erlinge is a favorite and  
this is his first appearance after the  
triumphs of a year in London, Paris  
and Berlin. His act is thoroughly artistic.  
Alice and Henry Taylor have a good  
act, Miss Taylor being the world's  
champion woman sharpshooter, and she  
is ably assisted by Henry Taylor, a  
famous equilibrist.  
Brown, Harris & Brown are pres-

TIME was when you could buy a really good pair  
of SLATER SHOES for \$3.50—all leather  
through and through. That was when beef was selling  
for 5 cents a pound, hides were as cheap, and labor  
was plentiful at \$1.00 a day.

Q Now—  
Q Beef costs 12 cents a pound, and hides are worth  
60 per cent more. The farmer reaps the increase.  
Q Slater Shoes at \$4.00, \$4.50 and \$5.00 are better  
made than they ever were, but  
their great attraction is their  
comparative economy. No man  
or woman can afford to waste  
money on cheap shoes.

Famous Racing Scene in "Checkers" at the Grand Next Week.

and J. D. A. Tripp, solo pianist. The  
plan was to play at Northmen's Sat-  
urday morning, April 27.

The attraction at the Princess Theatre  
for the second week of the recep-

of Being Earnest" and "Gringoire, The  
Bailed-Monkey," a double bill, which  
will be presented by the Toronto  
Press Club Dramatic Company. A  
cast chosen from the best dramatic  
talent available in the city has been  
selected. The company is headed by  
Mr. Douglas A. Paterson and Mr. Rob-  
ert Stuart Piore, who will assume the  
principal male roles in both pieces.  
Among the talent will be included Miss  
Berence Parker, a well-known reader,  
and Mr. Gordon Muir. Subscription  
lists have been in circulation during  
the past week. The dates are May 30,  
31 and June 1.

Present Chancel Screen.  
A very handsome and beautiful  
brass chancel screen has been pre-  
sented to St. Jude's Church, Ronce-  
valles-avenue, by a family attending  
the church.

CO-OPERATIVE BAKERY.  
Brockville Labor Men Will Install a  
Plant and Save Money.

BROCKVILLE, April 19.—(Special.)—  
The workmen of Brockville have  
taken the initial steps toward organ-  
ization of a co-operative company for  
the manufacture of bread. The shares are  
\$2 each, and the total amount of  
money to be subscribed to install a plant.  
It is proposed to sell bread at 4 cents  
per 1-1/2 pound loaf. The bakers are  
selling the 1-1/2 pound loaf for 6 cents.

HOW COST IS ALLOTTED  
ON JAMES ST. EXTENSION

Judge Winchester Bases Assess-  
ment Largely on Original Fig-  
ures—Council for Guelph.

Judge Winchester yesterday an-  
nounced the long deferred plan of  
assessment for the cost of extending  
James-street south to Richmond-  
parking, of a formal bylaw authorizing  
the expropriation of the land re-  
quired for the proceeding with of the  
work.

The basis on which the property  
owners are to be assessed, is not mat-  
terially changed from that fixed by  
the assessment commission. While the  
adjustment made by the court of re-  
vision, Chairman J. A. Proctor dis-  
senting, is, therefore, not sustained,  
and while Mr. Forman's figures have  
not been followed entirely, the final  
apportionment approximates the origi-  
nal assessment.

The expropriation of the area of  
assessable property was to be con-  
siderably enlarged, proves to have  
been little founded. While the James-  
street side of the T. Eaton Co.'s pre-  
mises and the Wm. Davies Co. were  
added, the amount assessed for  
the extension for the former and  
\$150 for the latter.

The appeal of the Robt. Simpson Co.  
against the assessment of \$2965, re-  
solved by the court of revision, has  
been successful to the extent of \$32-  
646, being \$1900 less than Mr. For-  
man's assessment.

By the apportionment determined  
upon the city is to bear 23.33 per cent  
of the cost, the property owners bear-  
ing the total cost of \$150,000,  
which is divided as follows:  
Robt. Simpson Co., \$32,646.  
A. Kent, J. R. Beaman, H. Hough,  
E. Leach and Rev. G. B. Strong, \$18-  
715.  
Messrs. Franklin, Kupitz, and Mark  
Fitz, Methodist Book Room, \$9100.  
World Printing Company, \$3550.  
City registry office and Continental  
Life, \$4400.

Mrs. R. Harcourt and A. M. Orpen,  
\$4180.  
J. Adams Co., \$2850  
John Wanless and R. Simpson Co.,  
\$3680.  
T. Eaton Co., \$3080.  
Dr. Andrew Smith, \$2062.  
Wm. Davies Co., \$1150.  
Fewer Building Permits.

The value of the building permits  
issued for the month of April is ap-  
proximately \$4,000,000, or almost equal  
the value for the whole of April, 1906.  
It is noticeable, however, that the  
number of permits issued for  
April of last year was 371, only 247  
in the city council's department.  
This is looked upon as a healthy  
sign, indicating that the advance in  
building values is a substantial one.  
The number of permits issued in the  
city of last year was 371, only 247  
in the city council's department.  
This is looked upon as a healthy  
sign, indicating that the advance in  
building values is a substantial one.

The mayor explained that at the time  
notice of the bill was given he had  
been assured by the city solicitor that  
read in conjunction with the Railway  
Act, the bill would not affect the city's  
interests. He intimated that the fault  
was his own, thru his having neg-  
lected to bring this advice before the  
board.

Guelph's municipal council is seri-  
ously considering the question of  
an extensive plan of paving its streets,  
hence the visit here yesterday of Mayor  
Neustead, Ald. Lyon, Baker, Simpson,  
Kennedy and City Engineer Lindsay.  
The civic department, which was taken  
in hand by Ald. J. J. Graham,  
chairman of the reception committee,  
and Ald. J. J. Graham, chairman of the  
local board of health, spent several hours  
in inspecting pavements on a number  
of city streets, and expressing their  
satisfaction with the character of the work.

The Guelph municipalities, who were  
entertained to luncheon at the city  
club, invited the Toronto city council  
to visit Guelph and inspect the munici-  
pally-owned gas, electric and water  
works, and the city railway system,  
Mayor Coatsworth accepting.

That debt charges should not be in-  
cluded in the quarter mill leviable for  
public library purposes was the report  
given by the city solicitor regarding  
the debt charges connected with the  
acquiring of property at the corner of  
College and St. George-streets for the  
new reference library. The point had  
been raised whether these charges  
should be included in the quarter mill  
in the dollar collectible from the city  
by the public library board.

Charles Swaby is proceeding against  
the city to have set aside the sale  
of a small lot on the south side of  
Danforth-avenue.  
Ald. T. L. Church has been appointed  
to the Daily News General Manager  
position, and the excellent money  
management of Toronto at the confer-  
ence with the Canadian Manufacturers'  
Association on Friday, April 26, regard-  
ing a systematic plan of proposed im-  
provement for Toronto harbor.

CO-OPERATIVE BAKERY.

taken the initial steps toward organ-  
ization of a co-operative company for  
the manufacture of bread. The shares are  
\$2 each, and the total amount of  
money to be subscribed to install a plant.  
It is proposed to sell bread at 4 cents  
per 1-1/2 pound loaf. The bakers are  
selling the 1-1/2 pound loaf for 6 cents.

HUGH RYAN ESTATE DUES.  
The Hugh Ryan estate has paid \$31,099  
to the provincial treasury in final  
settlement of the succession duties.  
Already \$28,647 had been paid, mak-  
ing a total of \$59,746 on the estate of  
\$1,355,000. Mr. Ryan died in February,  
1899.

Back to Work.  
PORT HURON, April 19.—Ninety-  
five workmen employed at the Great  
Trunk work I shops here went on  
strike for an increase in wages.  
This morning, however, a large por-  
tion of the men were back to work.

STOMACH TROUBLES  
ARE THE WORLD'S BIG WORRY

GET ON TO THE TRAIL OF NINETY-NINE OF EVERY  
HUNDRED OF OUR EARTHLY ILLS AND YOU CAN  
TRACE THEM BACK TO THE STOMACH—YOU CAN  
BANISH STOMACH TROUBLES FOREVER WITH

Dr. Von Stan's Pine-apple Tablets

Doesn't it stand to reason that nature her-  
self has in herself a cure for our ills—and  
doesn't it stand to reason that nature rebels  
at many of the nauseous so-called remedies,  
that pass as cures for stomach ailments?  
Dr. Von Stan's Pine-apple Tablets are na-  
ture's cure in very deed, because they're  
purely vegetable and are extracted from one  
of the most luscious fruits that grow—and  
what a boon they have proved themselves to  
be, as been expressed in the hundreds of un-  
solicited testimonials that could be printed  
here—and which will be produced if you're  
a bit credulous.  
How is your stomach affected?—Do you  
have sour stomach—distress after eating—  
weight on the stomach—wind on the stomach  
—Loss of appetite—dizziness—nausea—stitch  
headache and other uncomfortable annoy-  
ments?—The first tablet will give you relief  
and persistence will cure—and there's no  
case of stomach trouble so stubborn as to  
baffle Dr. Von Stan's Pine-apple Tablets.  
35 cents a box at all Druggist and medicine dealers.

ARCH HISLOP'S HEAVY MAIL  
Seven Bags of Something or Other  
Arrive for Him From Ottawa.

Archibald Hislop, M.L.A., who has a  
nomination for the Dominion house in  
his pocket from the Liberal convention  
of East Huron, was the addressee  
of seven mail bags of campaign litera-  
ture, which arrived at the Parliament  
Buildings yesterday from Ottawa.  
Mr. Hislop has gone home, the ses-  
sion is at its close, and, according to  
the custom, unless the department of  
justice at Ottawa gives a new ruling  
interpreting "Parliamentary papers  
free," the inscription on the provincial  
envelopes, as applying also to Ottawa  
papers, the mail bags will be returned  
to Ottawa.  
It is surmised the mail bags contain  
campaign literature for Mr. Hislop's  
prospective constituents, which he had  
intended to read over in his own  
signature, and at the expense of the  
province.

DUFFERIN SCHOOL OLD BOYS  
Presentation of Famed Photograph of  
Monument of Marquis of Dufferin.

After discussing some matters of  
business last evening, the Dufferin  
School Old Boys' executive presented  
a Milton Horwell, treasurer of the  
association, with a handsome gold  
locket, suitably engraved, as a token  
of appreciation for valuable services  
rendered and Joseph E. Thompson,  
commissioner of industries and presi-  
dent of the Dufferin School Old Boys,  
was made the recipient of a beauti-  
fully framed photograph of the monu-  
ment erected at Belfast, Ireland, in the  
memory of the late Marquis of Duf-  
ferin and Ava. As Secretary Barry put  
it: "Mr. Thompson received this, not  
alone as a symbol of esteem, but for  
being a good Irishman besides." Messrs.  
Horwell and Thompson replied in their  
own appropos of the occasion amid  
ecstasy.

HOLIDAY IS SHORTENED.  
Illness in Family Brings Hon. Frank  
Cochrane Home Ahead of Time.

Hon. Frank Cochrane is expected  
back from Italy next Saturday. A  
cable was received from Rome stating  
that he was returning. Mr. Cochrane  
left on March 15 and was not expect-  
ed for a month yet.

Shortly after his departure his son  
was taken ill with typhoid fever. His  
illness was now much better, but Mr. Coch-  
rane was not informed of his illness,  
as the case was not a serious one, and  
the minister of lands, forests and  
mines was much in need of a holiday.  
Mr. Cochrane's sister-in-law has now  
been prostrated with typhoid fever. It  
is understood, it is understood has  
been unable longer to bear the anxiety  
of the situation.

NEW TORONTO PASTOR.  
Ex-Major Osborne of the Salvation  
Army to Lead Christian Workers.

Ex-Major Osborne of the Salvation  
Army has accepted the call to the  
pastorate of Clinton-street Christian  
Workers' Church and will leave Liver-  
pool April 26 next.  
The Congress Hall of London, Eng.,  
during the three years of his leader-  
ship was transformed from a diving  
club to a hall house of 5000 people on  
a Sunday night. He is an expert mu-  
sician, too, having organized several  
singings bands. He has made a suc-  
cessful cinematograph and stereograph  
pictures.

Beef Commission.  
EDMONTON, Alta., April 19.—(Spe-  
cial.)—The beef commission will open  
its enquiries about May 15. Saskatche-  
wan has withdrawn from the board.

Nursing Mothers and  
Over-burdened Women

In all stations of life, whose vigor and vitality may have  
been undermined and broken-down by overwork, exacting  
social duties, the too frequent bearing of children, or other  
causes, will find in

DR. PIERCE'S  
FAVORITE PRESCRIPTION

the most potent, invigorating, restorative, strength-giver  
ever devised for their special benefit. Nursing mothers will  
find it especially valuable in sustaining their strength and  
promoting an abundant nourishment for the child. Expect-  
ant mothers too will find it a priceless boon to prepare the  
system for baby's coming and to render the ordeal compar-  
atively easy and painless.

It can do no harm in any state, or condition  
of the female system.

Delicate, nervous, weak women,  
who suffer from frequent headaches,  
backache, dragging-down distress  
low down in the abdomen, or from  
painful or irregular monthly pe-  
riods, gnawing or distressed sen-  
sation in stomach, dizzy or faint  
spells, see imaginary specks or  
spots floating before eyes, have dis-  
agreeable, pelvic catarrhal drain,  
ulceration, prolapsus, anteversion,  
retroversion, or other displac-  
ments of womanly organs from  
weakness of parts, will, whether  
they experience many or only a  
few of the above symptoms, find  
relief and, generally, a permanent  
cure, by using faithfully and fairly  
persistently Dr. Pierce's Favorite  
Prescription.

This world-famed specific for  
woman's weaknesses and peculiar  
ailments is a pure glyceric extract  
of the choicest native, medicinal  
roots without a drop of alcohol in  
its make-up. All its ingredients  
are printed in plain English on its  
bottle-wrapper and attested under  
oath. Dr. Pierce thus invites the  
fullest investigation of his formula,  
knowing that it will be found to  
contain only the best agents known  
to the most advanced medical sci-  
ence of all the different schools of  
practice for the cure of all woman's  
peculiar weaknesses and ailments.  
Dr. Pierce's Lotion Tablets and  
Antiseptic Suppositories may also  
be used with great advantage con-  
jointly with the use of the "Favor-  
ite Prescription" in all cases of  
ulceration, and in pelvic catarrh.  
They cost only 25 cents a box each,  
at drug stores or, sent by mail,  
post-paid on receipt of price in  
stamps by Dr. Pierce whose ad-  
dress is given below.  
If you want to know more about  
the composition and professional  
endorsement of the "Favorite Pre-  
scription," send postal card request  
to Dr. R. V. Pierce, Buffalo, N.Y.,  
for his free booklet "treating of  
same."  
You can't afford to accept, as a  
substitute for this remedy of known  
composition, a secret nostrum of un-  
known composition. Don't do it.

PILES  
DR. CHASE'S OINTMENT

### WHAT'S YOUR MIXTURE LOOK OUT FOR CLINKERS

Dr. Sheard Says Ash-Coal-Acid Scheme is a Farce—World Engineer After Inventor.

"The whole thing is a farce." "Such a chemical proposition is totally impracticable. The treatment would certainly not enhance the combustible properties of such oil."

Such were the opinions of Dr. Sheard, medical health officer, on the latest generation that has struck the City. To a World reporter, who interviewed him, the doctor stated that, as far as reducing the waste of coal is concerned, the use of the so-called ash-coal-acid compound are seemingly unfounded.

Dr. Sheard was asked for a scientific opinion as to whether the new mixture—by the way, what is your mixture—would work as well as many people seem to think.

"The elements of ashes are silicon, which is an essence of sand, iron slag and potash. These are not oxidizable and therefore of no value as fuel. About one-sixth, or say five per cent, in carbon, and the consumption of it might be secured with the use of forced draught on furnaces. The addition of oxalic acid or salt would not increase the combustible properties of ashes."

Chlorine Gas. "The application of heat to salt results in the release of free chlorine, which acts as a damper on fire. The addition of oxalic acid would simply result in a fusing of the non-oxidizable elements and create a clinker which would be of but little commercial value."

"Even to produce that would take a special apparatus, with a very strong force draught."

"You will have your furnace full of clinkers if you don't watch out." Dealers Are Cool.

"It would not be unreasonable to assume that the coal dealers are burning up with anxiety over the ash-coal-acid, as many citizens have hailed the advent of the solution as the greatest thing of the century, but such does not seem to be the case. The coal men are neither hot nor cold on the question."

"They don't seem to care much whether it is ventilated or not. The World reporter crept into the office of the Edgar Rogers Company yesterday with the idea that there might be confusion there—that clerks, no longer needed, would be going home discharged. It was not so."

Ten Years Old. "We have not been paying much attention to this," said a representative there. "We have discussed it, but we heard the same thing talked about in much the same way ten years ago. It was a fad of the time, but it didn't last. Excuse me, we have many orders of coal to fill."

At the offices of the P. Burns Company it was said that the company hadn't as yet paid much attention to the ash-coal-acid matter. If the thing assumed alarming proportions, something might have to be done.

The Standard Fuel Company was seen. Mr. Noel Marshall said: "We can't not only hope that the ash-coal-acid would benefit a large number of people, but the effect on the coal trade, as far as I can see, is not perceptible yet."

"World" Tries It, Too. That sufficient heat to generate steam

### PIMPLES, BLACKHEADS— Get Rid of All Your Face Troubles in a Few Days' Time With the Wonderful Stuart's Calcium Waters.

Trial Package Sent Free. You cannot have an attractive face or a beautiful complexion when your blood is in bad order. Pimples, blotches, impure blood means an impure face, always. The most wonderful as well as the most rapid blood purifier is Stuart's Calcium Waters. You use them for a few days and the difference tells in your face right away. Most blood purifiers and skin treatments are full of poison. Stuart's Calcium Waters are guaranteed free from arsenic, mercury, drugs, or opiates. They are as harmless as water, but the results are astonishing. The worst cases of skin diseases have been cured in a week by this quick-acting remedy. It contains the most effective working power of any purifier ever discovered. Most blood and skin treatments are terribly slow. Stuart's Calcium Waters have cured boils in three days. Every particle of impurity is driven out of your system completely, never to return, and it is done without disturbing your system in the slightest. No matter what your troubles are, whether pimples, blotches, blackheads, rash, tetter, eczema, or scabby crusts, you can solemnly swear as never-failing. Don't be any longer humiliated by having a spotty face. Don't have strangers stare at you, or allow your friends to be ashamed of you because of your face. Your blood makes you what you are. The men and women who forge ahead are those with pure blood and pure faces. Did you ever stop to think of that?

Stuart's Calcium Waters are absolutely harmless, but the results—mighty satisfying to you even at the end of a week. They will make you happy because your face will be a welcome sight not only to yourself when you look in the glass, but to everybody else who knows you and talks with you. We want to prove to you that Stuart's Calcium Waters are beyond doubt the best and quickest blood and skin purifier in the world—so we will send you a free sample as soon as we get your name and address. Send us, to-day and then when you have tried the sample you will not rest contented until you have bought a 50c box at your druggist's. Send us your name and address to-day and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 51 Stuart Building, Marshall, Mich.

### NO WOMAN CAN BE STRONG AND HEALTHY UNLESS THE KIDNEYS ARE WELL

When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of excretion be not clogged up. Those who have never been troubled with kidney trouble know not the misery and suffering which those afflicted undergo.

### Doan's Kidney Pills

are a specific for all kidney troubles. They begin by healing the delicate membranes of the kidneys and thus make their action regular and natural.

They help the kidneys to flush off the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and all the urinary passages.

Doan's Kidney Pills are entirely vegetable, and may be safely taken by young and old.

Law Doan's Kidney Pills do for you what they have done for thousands of others, that is, cure you. Mrs. John Young, Harwood, Ont., writes: "I was troubled with my kidneys for some time and my back was so lame I could scarcely get around. After using two boxes of Doan's Kidney Pills, I am completely cured. I find there is nothing like them for the cure of all kidney troubles."

Doan's Kidney Pills are 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

can be produced by burning coal ashes was demonstrated by the World reporter yesterday morning. He made a mixture of three parts of ashes and one part of coal and sprinkled this with a solution of salt and water. After mixing the coal and ashes so that the whole pile was thoroughly moistened he put in a few minutes the fuel was blazing fiercely, and there was very little trouble setting up steam in the boiler. The operation was so simple and so easily performed that those who witnessed it could hardly believe that so much work had been thrown into the ash barrel until the discovery of the process by an Altoona, Pa., coal-burner.

Later on the engineer hopes to carry his investigations farther and add to the solution of oxalic acid which he said to give a stronger heat, but in the meantime those of the staff who saw the coal-burner burning in the furnace are going to conduct their money-saving experiments at home with the hope that no more ashes will be discarded in the future.

Later in the day a member of the editorial staff descended below. The engineer was not there. But there was a sign of ashes about the furnace. Magnate had gone back to first principles. Later he said:

"If anyone comes around here again with any patent mixture to heat coal, I'll hit him with a shovel."

"I won't make a sound of steam." "Clinkers? Well, I guess, it might do for the householder—but not for mine."

"The mixture runs like iron." It clogs the coal-grates and in time would destroy them, I think.

Evidence of the tremendous interest in the discussion is creating amongst our citizens was secured when The World consulted several drug firms. Their statements report that sales of oxalic acid have mounted away up the increases within the last few days ranging from 100 to 500 per cent. It is significant to note that these sales were of small quantities distributed amongst a very large number of people.

A Big Demand. Burgess-Powell said: "Oh, a great big increase in the sale of oxalic acid in the last week."

Mr. J. Murray Munro of 1418 West Queen-street said the demand for the acid had very considerably increased.

"The demand for oxalic acid is about 500 per cent. in our sales of oxalic acid within the last few days," said H. W. Burgess of 278 Yonge-street.

Custom house officials have also been conducting experiments with ash-burning mixtures. Mr. Reid has been engaged at these experiments good results. He claims to have invented an original process, and states that he does not use salt in his mixture.

Says It Gives. A reporter visited the factory of the H. S. Stewart Company, on Adelaide-street, and witnessed a practical demonstration of the value of an ash-burning mixture, which has been discovered by Mr. H. D. Meredith. The fireman claimed that its use had resulted in a saving of about 15 per cent. of the fuel used—consumption, in one instance, having been reduced 150 pounds per day. The heat has been put to a practical test for over a week, and Mr. Meredith has applied for a patent to protect his process.

Over Rates, He Thinks. Prof. Ellis of the School of Practical Science thinks the mixture very much over-rated.

Rates for Jamestown Exposition. Aitho the much talked-of exposition at Jamestown, Virginia, will not be officially opened until the 26th of this month, and probably not at its best until some time later, the special railroad rates are already announced by the Canadian Pacific Railway. There are special rates for season tickets, sixty-day tickets, and thirty-day tickets from Toronto to Norfolk, Va., and return, from now daily until the last day of November. Norfolk is reached by several different lines of railroads and steamboats, during the summer a particularly delightful journey, but the very variety of routes renders it difficult to give rates. There are too many. All Canadian Pacific ticket agents will be glad to quote them, and give full particulars of service, or write to C. B. Foster, District Passenger Agent, C.P.R., Toronto.

100 Autos Burned. ST. LOUIS, Mo., April 19.—An explosion of gasoline to-day in a garage of the Mississippi Valley Automobile Company at Van Desanter and Olive streets caused \$225,000 damage by fire. The flames extended across the street to the central automobile exchange garage. Both buildings and about 100 automobiles were destroyed.

Jamestown Exposition. Low rates are in effect via the Grand Trunk to Norfolk, Va., daily until Nov. 30. Tickets are limited for thirty days, sixty days and the season, and you have your choice of routes, rail or water. For full particulars call on Grand Trunk agents, Toronto City Office, northwest corner King and Yonge-streets.

### CONSPIRACY INVENTION OF CHIEF OF DETECTIVES

"Planted" Evidence Against Accused Officers and Will Be Dismissed.

ST. PETERSBURG, April 19.—M. Ponomareff, chief of the government detectives attached to the lower house of parliament, is threatened with dismissal owing to revelations made at Vilna during the trial of military officers and others charged with conspiring to import arms from Germany.

The court acquitted the accused on the ground that the "conspiracy" was really an invention of Ponomareff. Evidence taken showed that Ponomareff planned the hiding arms, ammunition and bombs purchased abroad in pre-arranged spots, notably in the stable of Col. Miasoyedoff, one of the accused officers.

Ponomareff's main work in connection with parliament was to furnish his confidential reports of the doings of the deputies, and it is understood that his highly colored accounts caused much of the friction between Premier Stolypin and the lower house.

PRES. GOMPERS' PLAN. Metal Trades to Act as Unit in Case of Strike.

CHICAGO, April 18.—A plan by which the metal trades of the United States may act as a unit and if need be call vast sympathetic strikes extending over the whole country, is suggested by President Gompers of the American Federation of Labor.

The object of the plan is to have all the contracts made with the employers begin and terminate at about the same time all over the country, so that in making new arrangements the unions in this branch of industry can have the full power of their entire national strength to enforce their demands.

IMPROVING CAR SERVICE. Extra Cars Put on the Route From Yonge Street East.

The Toronto Street Railway are increasing the facilities of travel from Yonge-street to Munnro Park during rush hours by running an extra service of cars from Yonge-street along Queen to Munnro Park, in addition to the existing services by Broadview and King cars. The change will in a great measure relieve the congestion on King-street.

The company have started the open cars on some routes, notwithstanding the inclemency of the unseasonable April weather.

It is proposed to put in curves at the principal intersections to act as turntables, so that the service may be able to pass, "real Notinghamshire" in the city.

Two New Societies. Cornishmen in Hamilton and Nottinghamshire Sons in City to Band.

The welcome movement grows in all directions. The Toronto Cornishmen's Society are sending a deputation to Hamilton to-day to assist their compatriots in the Ambition City to inaugurate a Cornish society there.

Nottinghamshire men are becoming so numerous in Toronto that it is quite possible in the near future residents will be able to present a "real Notinghamshire" made in Canada.

However that may be, the lace counting men are organizing a Nottinghamshire Sons in the city, and hope that they will be glad to receive the names of all wishing to become members.

BOOTH WELCOME IN JAPAN. TOKIO, April 19.—The emperor of Japan has joined in the popular welcome to General Booth of the Salvation Army, and will receive the general in special audience to-morrow.

Fly the Flag. Lodge Hamersmith, No. 183, S.O.E. B.S., at their last meeting passed the following resolutions:

That the members of this lodge place themselves on record as endorsing the action of Hon. R. P. Roblin and his government in passing the legislation of a law whereby the Union Jack must float daily from the flag staff of every school house in the Province of Ontario, and hope that the action of the honorable premier and his colleagues may be speedily followed by the legislatures of all the provinces in this Dominion, and that a copy of this resolution together with the hearty congratulations of this lodge be forwarded to the Hon. R. P. Roblin as he is deeply interested in everything pertaining to the up-building of loyalty and a truly united empire.

Lecture on Japan. A lecture of special interest to students of Japanese life and customs will be given by the Rev. D. Norman next Thursday evening in Woodgreen Tabernacle, East Queen-street. Mr. Norman has spent several years in missionary work in Japan, and was appointed Y.M.C.A. chaplain in the recent war with Russia.

Excursion Rates to Norfolk, Va. On account of the Jamestown Exposition. Tickets are on sale at all Grand Trunk Ticket Offices from now until Nov. 30, limited for thirty days, sixty days and the season. Choice of routes—rail or water. For full particulars as to rates and routes call at Grand Trunk Ticket Offices.

North Toronto Conservatives. The annual meeting of the North Toronto Conservative Association for the election of officers and other business will be held in Simpson's Hall, 738 Yonge-street, on Monday night, May 6, at 8 o'clock. W. K. McNaught, M.L.A.'s, will address the meeting.

New Land Surveyors. At a meeting of the board of examiners of the Ontario Land Surveyors, held at the parliament buildings, the following passed a satisfactory examination and were admitted as Ontario land surveyors: T. G. and R. S. Code, Aylinton; B. F. Bowman, West Montrose.

MRS. PERKINS' CONDUCT TOLD OF BY WITNESSES

She and MacDonald Were Very Good Friends—"Peeping Tom" Is Scored by Counsel.

CAYUGA, April 19.—(Special.)—Comparative quiet was observed in the Hallidam assize court today as a result of Justice Mabee's decision to exclude the "assembly of curiosity seekers."

The morning session was entirely taken up with medical testimony, the object of the defence being to account for Perkins' death as being primarily due to kidney disease, accelerated by strychnine taken in his medicine.

Fred Goulding, who watched the Perkins home on several occasions while Macdonald was there, and who admitted he was not on good terms with Macdonald.

"This witness—I will not call him a man," was typical of Mr. Johnston's mode of address.

Mr. Johnston endeavored to incriminate Detective Greer in suggesting evidence to witnesses, but none would admit that the evidence had been so influenced.

Mrs. Perkins retained her usual composure as she sat in court, looking pale and weary, and leaning over and made application for certain written statements of Thomas Macdonald and his mother in the possession of the crown.

Dr. Baier of Hamilton was recalled, and said that the post-mortem revealed that the deceased had suffered from appendicitis.

Dr. A. James Johnson, chief coroner for Toronto, said the symptoms and post-mortem led him to conclude that strychnine poisoning was the cause of death.

Mr. Johnston asked witness if he had ever given expert evidence and changed his opinion.

"And you may again," Mr. Johnston said, "I have in this case."

Mr. Johnston produced a book on poison, which Dr. Johnson recommended to him some years ago as the best book on the subject, and cross-examined him at great length.

Dr. Bruce Smith, inspector of prisons and public charities, followed, and was asked the result if a man, suffering from a disease of the lungs, such as tuberculosis, were to take a small dose of strychnine.

"The effect would be disastrous," said witness.

Frank Arnold, K.C., produced a little dressmaking book found in Mrs. Perkins' home, and asked witness if the word "straychnine" was therein.

Mr. Arnold replied to the application for documents. He said the defence could learn what were in the possession of the crown in the box. Mr. Johnston replied that the commitment was partly in consequence of the fact that the statements were all made in the presence of the crown.

material to the defence. The judge decided that he could not order the production, but would be open to consider any authorities Mr. Johnston might produce.

John Perkins' name caused a little excitement. He is a civil foreman in the employ of Winnipeg. He said he knew the prisoner as his brother's wife, and had received a letter when he was in Winnipeg. Mrs. Perkins read the letter with much agitation and admitted it as being hers. It told details of Henry's illness.

He came to Canfield in reply to a telegram from his sister, and saw Mattie Perkins on Feb. 5. She spoke about having the property settled, but witness said there was plenty of time for that. The property was worth about \$2500, and there was no life insurance.

The letter said: "As you know, Henry has been sick for years," but witness had never heard that. He had not been in Canfield for twenty-five years.

There was some feeling between Henry and witness's sister. Once, he said, he had been sued by his father for money sent him, and the father got judgment against him.

"His motive in coming down in February was to enquire into his mother's death. He denied that the main object was to obtain possession of the property. Since coming down he had done all he could to aid the crown in making up the case."

"Nobody here will deny that strychnine was found in the body, and that it contributed to his death," said Mr. Johnston, K.C., to Coroner Johnson immediately after the witness stated that strychnine in medicinal doses might be fatal if the subject was suffering from strychnine poisoning.

Counsel for the defence made application for certain documents containing statements made by Thomas Macdonald and his mother, Justice Mabee ruled against the application.

Fred Goulding, who watched the Perkins home on several occasions while Macdonald was there, and who admitted he was not on good terms with Macdonald.

"This witness—I will not call him a man," was typical of Mr. Johnston's mode of address.

Mr. Johnston endeavored to incriminate Detective Greer in suggesting evidence to witnesses, but none would admit that the evidence had been so influenced.

She and MacDonald Were Very Good Friends—"Peeping Tom" Is Scored by Counsel.

CAYUGA, April 19.—(Special.)—Comparative quiet was observed in the Hallidam assize court today as a result of Justice Mabee's decision to exclude the "assembly of curiosity seekers."

The morning session was entirely taken up with medical testimony, the object of the defence being to account for Perkins' death as being primarily due to kidney disease, accelerated by strychnine taken in his medicine.

Fred Goulding, who watched the Perkins home on several occasions while Macdonald was there, and who admitted he was not on good terms with Macdonald.

"This witness—I will not call him a man," was typical of Mr. Johnston's mode of address.

Mr. Johnston endeavored to incriminate Detective Greer in suggesting evidence to witnesses, but none would admit that the evidence had been so influenced.

Mrs. Perkins retained her usual composure as she sat in court, looking pale and weary, and leaning over and made application for certain written statements of Thomas Macdonald and his mother in the possession of the crown.

Dr. Baier of Hamilton was recalled, and said that the post-mortem revealed that the deceased had suffered from appendicitis.

Dr. A. James Johnson, chief coroner for Toronto, said the symptoms and post-mortem led him to conclude that strychnine poisoning was the cause of death.

Mr. Johnston asked witness if he had ever given expert evidence and changed his opinion.

"And you may again," Mr. Johnston said, "I have in this case."

Mr. Johnston produced a book on poison, which Dr. Johnson recommended to him some years ago as the best book on the subject, and cross-examined him at great length.

Dr. Bruce Smith, inspector of prisons and public charities, followed, and was asked the result if a man, suffering from a disease of the lungs, such as tuberculosis, were to take a small dose of strychnine.

"The effect would be disastrous," said witness.

Frank Arnold, K.C., produced a little dressmaking book found in Mrs. Perkins' home, and asked witness if the word "straychnine" was therein.

Mr. Arnold replied to the application for documents. He said the defence could learn what were in the possession of the crown in the box. Mr. Johnston replied that the commitment was partly in consequence of the fact that the statements were all made in the presence of the crown.

# COBALT --- Scarcity of Foster Results in a Sharp Advance --- COBALT

## THE DECLINE IS HALTED BY SCARCITY OF STOCK

### Sharp Advance Caused by Shortage in Foster—Other Issues Are Stronger.

World Office  
Friday Evening, April 19.  
The decline in the mining markets came to a precipitate halt this morning, when it was discovered that a scarcity of actual offerings existed in the market. A small demand for Foster shares on the news of a recent strike at the mine found little of the stock offering, and the price advanced ten points during the morning session. During the noon-hour the shorts in this security became anxious, and their attempt to cover with the opening of the afternoon board brought a further rise in the shares of 30 points. To-day's revelations have clearly demonstrated the technical position of the market, and explain clearly the way in which prices have been depressed the last few weeks. It is believed that heavy short interest still exists in Silver Queen, Green-Meehan, Trethewey, and all the active shares. To-day's recovery in prices has entirely reversed sentiment, and buyers who have been waiting to see the end of the selling movement feel much more confident in entering the market. The market for all the standard shares was strong at the close, and brokers anticipate a better outside demand from now on.

### STRIKE AT BIG PETE.

Rich Vein Eight Inches Wide Struck on This Claim.  
COBALT, April 19.—(Special.)—A rich strike was made at the Cobalt Central (Big Pete) this morning. In drifting a vein running eight inches was struck which shows rich in silver.

### A BEAR PANIC.

Floor Trading Shorts Cause an Excited Advance.  
A bear panic was witnessed on the local mining markets yesterday afternoon, with Foster the chief stock in demand. It has been believed for several days that many of the Cobalt stocks have been forced down by professional operators in an attempt to stampede the small holders into selling their shares. All kinds of rumors have been disseminated and various stock jobbing tactics adopted to bring about this event. This well-planned plan was entirely upset yesterday morning by the receipt of news from Cobalt announcing the discovery of a very rich vein at the 75 foot level at the Foster mine. A few who received the information early took all the stock offering, and when a scarcity of stock was noticed a sharp scramble ensued among the floor traders to get back the shares they had sold on previous day. The result was a clear advance of 40 points in this one issue before the market recovered. The whole market is understood to be saturated with short accounts, and extreme nervousness existed among traders at last night's close. Many thousands of shares of Foster, Silver Queen, Green-Meehan and others are thought to have been sold for future delivery, and these stocks have to be bought in an interesting market is likely to be witnessed during this proceeding.

### ENQUIRY FOR GREEN-MEEHAN

Little of the Stock Offering Around Present Prices.  
It has been noticeable to traders that very little of the Green-Meehan stock has been offering the last few days, and a little demand yesterday found the stock exceedingly scarce. It is reported from the mine that another rich car of ore is ready for shipment, and that there is not the slightest truth in the pessimistic reports which have lately been put out regarding this property. A good enquiry existed for the stock last night, and none of the shares were offered except at a big advance on the closing prices. The short interest in this issue is believed to be getting nervous, and any volume of buying power of moment would put the price to rest in short order.

### SHORTS AN ADVANTAGE.

Toronto Brokers Say Large Short Interest Exists in Cobalt Stocks.  
Edward Cronyn & Co., in their weekly circular, say: Cobalt stocks have been extremely weak, this weakness showing in practically all the issues dealt in. Foster sold yesterday down to 1.23, and this morning sold at 1.22, yielding later to 1.23 on word of a strike of ore at the 75 foot level. We are given to understand that a very considerable short interest exists in this stock, and in some other mining stocks, notably Silver Queen. The principle of short selling is quite legitimate, the only trouble being that it gives rise to the illegitimate practice of distributing false stories about properties for the purpose of depreciating the price of stocks. The truth of the whole matter appears to be that while these properties are intrinsically as valuable as they were when their stocks were selling very much higher the directors have been premature in declaring dividends, with the result that these have had to be passed. That they will be resumed again as development progresses appears to us sure, but in the meantime the selling of stocks by timid holders has broken prices, so that it is hard to find any buyers at all. One advantage of short selling is that some day the shorts must cover and sharp advances are in order at such a time.

male practice of distributing false stories about properties for the purpose of depreciating the price of stocks. The truth of the whole matter appears to be that while these properties are intrinsically as valuable as they were when their stocks were selling very much higher the directors have been premature in declaring dividends, with the result that these have had to be passed. That they will be resumed again as development progresses appears to us sure, but in the meantime the selling of stocks by timid holders has broken prices, so that it is hard to find any buyers at all. One advantage of short selling is that some day the shorts must cover and sharp advances are in order at such a time.

### New Brokerage House.

The Confederation Mines, Limited, in the name of the latest mining brokerage house to open offices in Toronto. The directors of the company are all Hamilton men, with the exception of the managing director, who is a member of the Standard Stock and Mining Exchange. They are all men of strength and character, who believe that there is a big field for another brokerage house. A. T. Fyfe, William Marshall and John Thomson, all of Hamilton, and Mr. Barr of Toronto, are the directors. Their offices are in the Standard Stock and Mining Exchange Building, 44 Scott-street, second floor.

### Find 52 Veins.

Another testimony to the wealth of the T. & N. O. Railway right-of-way mining claims has been produced in the discovery of 52 veins on the property of the Railway Reserve Mining Co. Their lease is of 14 miles of the right-of-way, 11 of these being south and four north of the Town of Cobalt. A shaft sunk at Mileage 97 strikes calcite carrying native silver to a depth of 20 feet. Another shaft at Mileage 99 strikes smallite at 15 feet, and a third shaft at Mileage 100 at the depth of 40 feet shows both smallite and smallite.

### New York Curb.

Head & Co. report the following curb quotations and transactions to R. R. Bond: Nipissing closed at 13 1/4 to 13 1/2, high 13 1/2, low 13; Silver Queen, 17 1/2 to 18, high 18, low 17 1/2; Green-Meehan, 13 1/2 to 14, high 14, low 13 1/2; Trethewey, 14 1/2 to 15, high 15, low 14 1/2; Red Rock, 14 1/2 to 15, high 15, low 14 1/2; King Edward, 14 1/2 to 15, high 15, low 14 1/2; Buffalo, 14 1/2 to 15, high 15, low 14 1/2; Nova Scotia, 14 1/2 to 15, high 15, low 14 1/2; Dominion, 14 1/2 to 15, high 15, low 14 1/2; Ontario, 14 1/2 to 15, high 15, low 14 1/2; Silver Lake, 14 1/2 to 15, high 15, low 14 1/2; Standard, 14 1/2 to 15, high 15, low 14 1/2; University, 14 1/2 to 15, high 15, low 14 1/2; Watts, 14 1/2 to 15, high 15, low 14 1/2; California, 14 1/2 to 15, high 15, low 14 1/2; Cariboo, 14 1/2 to 15, high 15, low 14 1/2; Con. # COBALT --- Rich Silver Vein Discovered on the Big Pete --- COBALT

## RICH STRIKE IN FOSTER.

At Depth of 70 Feet—Big Body of Ore Blocked.

Everybody interested in Cobalt mines and Cobalt stocks was pleased to hear yesterday that a rich strike had been made in the Foster mine. This mine is considered, and justly so, one of the best mines in the Cobalt district, but owing to a conservative policy on the part of the management, which is to be commended, not much stir has been created of recent date by any sensational announcement and the results of been development. Those on the inside of the Foster property are well satisfied all along with what has been done, and were quietly waiting for the culminating strike to be made to let the public know that good results can all ways be obtained on good property from real mining.

The following statement was handed out by one of the members of the Foster directors, and may be taken as authoritative:

"The directors of the Foster-Cobalt Mine are pleased to announce that the development work which has been pressed forward systematically and rapidly for several months, has resulted satisfactorily. After a careful consideration of the situation it was resolved not to proceed by open cut mining, which, while it would have brought about a speedier development of the property, would have been much more expensive in the long run.

"Shafts were sunk, and at a depth of 70 feet the most important vein which is attacked by drifts at both ends. This vein on the surface discloses good values and varies in width from six to 14 inches.

"Advices have to-day been received from the mine, that the drift from No. 3 shaft, has encountered the vein at a depth of 70 feet at a distance of 94 feet from the shaft.

"The vein at first disclosed 9 inches of smallish, which has not yet been assayed, and a very short distance farther native silver. This would appear to block out a very considerable body of ore.

"During the winter the mine has been thoroughly equipped with buildings and machinery, and the present season's supply of wood and mine timber has been laid in. As soon as weather conditions permit, other mining development work on the surface will be proceeded with. It is believed that the shareholders have every reason to be satisfied with the present condition of the mine.

(Signed) W. K. George, President. W. H. Blake, Vice-President. Superintendent Adler, as case in point from the above announcement, had come upon an 8 inch vein 75 feet below the surface, which runs across the whole Foster property. This vein is from 8 to 24 inches wide, and is now found a great distance below the surface, after drifting 94 feet thru solid rock.

"The conservative policy adopted by the directors of the mine, and the thousands of holders of Foster stock will receive this announcement with gladness.

## FINDS NO DIFFICULTY

In Interesting Capital in Cobalt and Larder Lake Camp.

L. Foley of Toronto has just returned from a trip to Cleveland and Rochester, where he has been successful in interesting some of the most prominent capitalists of these cities in the Cobalt and Larder Lake properties. Mr. Foley is one of the oldest operators and promoters of Cobalt, evidently finds no difficulty in interesting capitalists in the camp, notwithstanding the fact that he is largely interested in Winnipeg real estate and western lands, which interests are well represented by his western partner at the Winnipeg office.

Mr. Foley is a western enthusiast, and has had considerable experience in mining in the Western States and British Columbia, not excluding the Klamath and Cascade districts, and by far the most promising silver and gold sections that he has ever visited, and says his opinion is based on the fact that the mining men in the Cobalt camp from the most prominent mining camps in the world, and all agree that the district is the richest and most promising one they have ever visited, and therefore there is no reason to wonder why the shrewdest financiers in the world are investing there.

## THE SILVER BIRD.

Statement is issued in Support of Advertisements Regarding Issue.

Law & Co. of the Traders' Bank Building say:

The results from the advertising of the shares of Silver Bird have replenished the treasury of that company to such an extent that the present night and day force working upon the property can be employed, and the present systematic and vigorous development continued for more than eighteen months without exhausting the funds. Silver Bird is entirely free from indebtedness, and does not owe a single dollar in any way.

We doubt if these statements can be made by any other mine in the Cobalt district.

We are extremely gratified to be able to make these statements regarding the Silver Bird, inasmuch as we advised the purchase of Silver Bird shares through our display advertising.

We said that every purchaser of Silver Bird would get a square deal and fair play; that Silver Bird would be conducted upon sound legitimate business principles.

We also said that we were selling treasury stock, and that the treasury would be benefited therefrom.

These pledges have and are being fulfilled.

We further stated we were advertising facts regarding the Silver Bird to all purchasers of Silver Bird shares. If you find upon personal examination of the Silver Bird property that it is not as we have in any way misrepresented, misled, made false statements or deceived you in the least as to the location of the Silver Bird property or pertaining to the property itself, we will return to you the full amount of your investment, together with a like amount as profit.

Should Silver Bird commence shipping ore next month, every dollar derived from the output would be applied to dividends.

Just think of it! All the output going into dividends for more than a year

without having to replenish the treasury. Silver Bird is indeed in a splendid financial condition. We can say truthfully and without fear of contradiction that Silver Bird at the present price of 25 cents per share is the best purchase by far of all shares offered in any of the Cobalt mining companies to-day.

## PROPERTY LOSS IS GREAT.

State of Guerrero Devastated—Less Than 100 Lives Lost.

MEXICO CITY, April 19.—Communication has now been opened with all the important points in the section most affected by the earthquake. The latest reports indicate that the loss of life will not reach a hundred, but many persons have been injured, and the property loss is great.

Vice-President Corral to-day declared that the whole of the State of Guerrero has been devastated. Thousands of dollars are being subscribed to the relief fund being raised here.

Open Air Horse Show. A general meeting of the Open Air Horse Parade Association will be held in room 9 of the King Edward Hotel on Monday evening at 8 o'clock to accept the prize-list for the annual Dominion Day show and to arrange other details.

**CONFEDERATION MINES, Limited**  
43 Scott Street Room 15, Toronto

## Dr. Reddick Larder Lake Mines, Limited

(NO PERSONAL LIABILITY)

Head Office: Room 45, Central Chambers, - Ottawa, Ont.

- OFFICERS AND DIRECTORS:  
Lt.-Col. S. Maynard Rogers, President and Managing Director.  
Robert Stewart, M.P., Vice-President.  
Sir Frederick Borden, K.C.M.G., M.P., Ottawa.  
Col. Sam Hughes, M.P., Lindsay, Ont.  
Dr. Robert Reddick, Winchester, Ont.  
Charles W. Dimick, Boston, Mass., and  
John G. Forgie, Barrister, Pembroke, Ont., Directors.  
D. Smiley Sawyer, Ottawa, Ont., Secretary-Treasurer.

Dr. Reddick and his associates, Messrs. Hummel, Knott and Flynn, are the men who made Larder Lake famous, being the original discoverers of gold in the Larder Lake region, and after carefully prospecting, selected, staked and recorded what are universally acknowledged as the very best claims in this region. All of this work was done before the first fall of snow so that in purchasing this property we know that we have the best that could be procured in the Larder Lake region.

The claims all have a number of large quartz veins, showing values in Gold, Silver and Copper. Assays ranging from \$8.40 in silver, and \$123.00 to \$1,868.00 in gold have been recorded.

It is acknowledged on all hands that our property is the heaviest mineralized in the country.

A gang of men have been at work since the 15th of February putting up the necessary buildings and taking in supplies, machinery, etc., and actual development will commence shortly.

To intending purchasers we would advise this as a good investment and would be pleased to receive a call from any who desire further information. We are offering \$200,000 of the Treasury Stock at par value, \$1 per share. For Prospectus and full information write the company.

## QUAKE IN CAROLINA.

CHARLESTON, S.C., April 19.—A slight earth tremor was felt here to-day. No damage has been reported.

## WILLS & COMPANY; BROKERS, WEEKLY BULLETIN

Hammer, hammer, has been the tune all week, and as a result there are some very tempting bargains. Foster, at \$1.25, is a bargain, despite the fact of indifferent management. However, "as they have all their houses built," and "their wood in," they should be doing something. This is poor consolation for those who paid \$4 and over. Our advice is to average up around present levels.

Trethewey is suffering from sympathy largely. It reached \$1.22 and will probably go lower, if the balance of the market continues downward.

Queen has stood the assault very well, and we do not look for very much lower price.

La Rose is offered (7) at \$5 per share, par value \$1, capital \$400,000. In addition to the La Rose they have added half a dozen others to make up quantity. If this does not prove any more profitable than the balance of the stocks put out by this crowd, the buyers will use street cars to ride in. We will have more to say of this later on. Compare this with Nipissing and see what you will do.

Lavrov is still held up, but it is expected that it will go on in a few days.

Amalgamated is \$1.00 on the crosscut and should cut the vein within two weeks. Montreal is down 61 feet and work progressing very nicely, nothing particularly encouraging, however.

Conditions are improving all around the camp, and we do not look for any marked change in prices.

Larder Lake flotations are on the increase, and all kinds of things are claimed for it. A strictly unbiased report has as yet not been issued, and very little inspection by the government has been done. This will have to come, so take this in consideration.

Yours very truly, WILLS & CO.

## A MINING SUCCESS

The 500,000 Shares of Treasury Stock in Canadian Pacific Cobalt Development Company, Limited Being Eagerly Sought For.

Experienced Investors Enthusiastic Over the Future of These Magnificent Mining Properties.

## Early Dividends for Stockholders

The big "scoop" of 971 acres of promising mining lands in the very heart of the richest ore district of Cobalt, secured by the Canadian Pacific Development Company, has created a sensation in mining circles. Hundreds of letters are coming in with each mail in request for stock. Numbers of these from some of the most prominent mining men, who express genuine optimism over the prospects. All indications point to an early close of the stock books. The proposition is without doubt the best and safest investment yet offered to the public, while the personnel of the company who have secured this vast area of mining properties, are men of known business ability and standing, who stand in the front rank of enterprising Canadians, careful, cautious and capable. As stated in a previous announcement, the company have secured absolute and complete control of:

27 Well Selected Properties, Having a Larger Acreage Than the Great Nipissing Mining Company. With Encouraging Prospects of Rivaling that Famous Mine.

Treasury Stock at 12 1/2 cents is the greatest opportunity for the investing public ever placed on the market. It is bound to make fortunes for those who are wise enough to secure stock now. Engineers' reports and opinions of expert mining men are of the most optimistic and positive character, and the immediate response for Treasury Stock has already exceeded the most sanguine hopes of the directors. Now is the time to get in. Only 500,000 shares of Treasury Stock will be offered at this price. NO PERSONAL LIABILITY! PAR VALUE \$1. Capital \$5,000,000. Fully Paid and Non-Assessable.

## Buy Stock Now at 12 1/2 Cents

It is going fast, and this may be your only opportunity. Buy before the advance, which is bound to come. The point is, that the same ore body which has made others rich, has indications actually exposed on these magnificent claims.

This is a great chance for the small investor as well as the large. Write or wire orders to

I have been six months investigating, and have just returned from a visit of personal investigation to the

## Larder Lake Goldfields

which, from what I have seen there, and have taken means to verify, will prove a veritable Canadian "Rand," taking its place among the great goldfields of the world, and throwing Cobalt into the shade.

## I am a Practical Mining Man AND DEAL ONLY WITH FACTS.

The facts about Larder Lake are contained in my new book, "The Goldfields of Larder Lake," and in my copyrighted map, by far the most detailed and accurate to date.

The above mailed free on request.

CANADIANS! The majority of us were too skeptical and easy-going to inform ourselves concerning Cobalt in the beginning, and saw other's step in and reap enormous profits.

Cobalt is only the beginning of mining in New Ontario, the richest mineral field in the world, and there are, and will be, other opportunities as great and greater.

The Larder Lake goldfields are the next in line. Inform yourself at once. Don't wait to see what the other fellow will do, but do it yourself, and do it now. That's the way the man on the ground floor gets there.

Investigate. Get posted. Put yourself in a position to intelligently take ground floor advantage of the tremendous opportunities for profit contained in the northern mining fields.

By means of personal investigation on the ground, the employment of reliable engineers, and the service of employees in the field, I keep my following posted, and they make money.

Thousands will testify to that.

Send Me Your Name and Address and I'll Do My Best for You, Too

## Of Interest to Miners and Investors

The North Ontario Reduction & Refining Company, Limited, who are installing a plant for the refining of Cobalt and other ores at Sturgeon Falls, have their buildings, including a laboratory and sampling plant, just about completed and have expected to be ready to receive ore some time in June.

This is the first refining plant to be erected in the Province of Ontario, which should enable the Company to secure the bounty offered by the Ontario Government, which amounts to \$165,000 a year. This will pay thirty per cent. on the entire capital. In addition to the bounty, enormous profits made by refiners will enable the Company, with its low capitalization, to pay very large dividends.

We advise you to investigate this proposition. As a bona fide investment it has no equal. Prospectus and full information will be mailed on application to

YORK COUNTY AND SUBURBS

FIRE CHIEF HONORED MASONIC "AT HOME"

Removal of Aurora Industry—Railways Said to Ignore Lord's Day Act—Notes.

TORONTO JUNCTION, April 19.—There is an agitation on the north side against an alleged nuisance. Even since the second siding was allowed on West Toronto Junction street, privileges have been abused and at the present time the conditions are such that an appeal to the council appears necessary. Some years ago the Union Stock Yards were permitted to run two tracks along this street, as one was inadequate for the carrying on of their business. It is now claimed that the C.P.R. is using these tracks for purposes of their own. That is, any old cars, snow plows, etc., that there is no particular use for, are switched on to these sidings. The snow plows have been made the domicile for a number of foreigners employed by the railway company. Mr. Hodgson, the manager of the Union Stock Yards Company, complains of these people. He says they use his cinder blocks for fire wood. The West York license commissioners held a semi-private meeting to-night preparatory to the annual meeting to be held on Monday at 10 o'clock when licenses will be considered. The Waverley Club held a masquerade ball in St. James' Hall to-night. About 30 couples were present, and there were many pretty costumes. There is a boom in the building line in Toronto Junction that will be a surprise to many of the citizens. That is the fact that for the past six months there has been \$200,000 worth of permits granted in the worst building season of the year.

MARKHAM, April 19.—The Ladies' Aid Society of the Methodist Church are already making arrangements for a concert on the evening of May 24. H. R. Corson, the veteran editor of The Economist, has just passed his 84th birthday, and also confined to his room for the past two years, continues to take the keenest interest in general affairs. A wide circle of friends will wish the veteran journalist many happy returns of the day. Miss Crombie of Toronto addressed the auxiliary of St. Andrew's Presbyterian Church on Wednesday evening. Mr. Joy has organized a fire brigade.

North Toronto. The new fuel proposition is causing a good deal of comment and experiment around here. Ex-Mayor J. S. Davis experimented with his ashes, salt water and coal, and says that his new idea is just the thing and he figures on a large reduction in his coal bill next winter. One gentleman in Eglinton, who uses about 150 tons of coal in a winter, has a large pile of ashes, which he, in his mind, had dedicated to road and sidewalk improvements, but now he has a special guard employed to watch his treasure. The same gentleman ordered a stock of salt and oxalic acid yesterday for the purposes of converting his ashes into serviceable fuel. The ashes in the public schools have been jealously guarded all winter for sidewalk construction purposes around the schools, but it is expected that the town will save \$150 next winter in coal bills, and that the trustees will have the ashes saved for fuel next winter, and also now used for the construction of said sidewalks. Users of the inevitable pipe or cigar wonder when an invention will come to light to make a pipeful of tobacco or a cigar last at least a whole day and improve the aroma of the weed. Rev. Newton Hill of the Davisville Methodist Church is seriously ill with stomach troubles and has had several hemorrhages lately. No one is permitted to see him. However, the doctors think the patient is progressing favorably. His pupil will be occupied to-morrow by the Rev. Dr. Rice in the morning and by the Rev. Dr. Briggs of the Methodist Book Rooms in the evening, at which services special offerings will be taken up for the congregational church funds. Our spring tonic are fresh, pure and reliable. Now is the time to use them to your best advantage. Twiddy's drug store, corner Yonge-street and Eglinton-street. J. Rist has leased the new butcher shop from W. J. Farr, next door to his present shop, for a number of years. Mr. Rist will move into his new premises next Monday. Waddington & Gundy, real estate dealers, are moving the old Metropolitan Railway waiting room from Glen-grove-avenue to Castledale-avenue, where the building will serve as an office for the firm. Road Commissioner Pinder of York Township is making an excellent job by scraping Yonge-street in Deer Park. The local option movement in York Township is making considerable headway. The contractors for the different new concrete sidewalks are getting ready for work, cement having arrived for the construction of said walks. Court Eglinton, Canadian Order of Foresters, is preparing for an entertainment to be held in the town hall April 30. Councillor James Brownlow has purchased the lot immediately south of his land adjacent to the belt line. The purchase price is said to be \$20 per foot.

FANCY VESTS LONDON PARIS NEW YORK

Have contributed to our high haberdashery stock the most exclusive line of Fancy Vests we have shown in any season. And that's saying a lot, too, for a house that's been catering to the most fastidious of folk ever since '1842. Fact all the same—No monotony of patterns, and every one gentlemanly to a stitch. Values—best we know—\$3.50 \$4.00 \$5.00

77 KING ST. WEST TAILORS AND HABERDASHERS

Sunday Clothing

The best tailors can make no better clothing than ours, and for equal quality would have to charge \$10 more than we do. Much of our clothing is made from Burberry woollens—the best in the world—selected by ourselves and made from our own patterns. They are guaranteed by Burberry and by us, and those who knew them and know us, know the guarantee is good.

Overcoats—Spring styles, English covert coatings, silk serge, carter lined, strapped seams, best Scotch tweeds, Bannockburns, shadow-plaids, herring bone patterns, etc.—20.00 to 25.00. Suits—Cheviots and Serges, single and double-breasted styles, splendid value—20.00. Fancy Vests—English and American styles, very large variety. See the window display—Prices 1.50 to 4.00.

Sunday Furnishings

The whole man can be fitted out for Sunday here. Clothing, hats, underwear, shirts, socks, collars, cuffs and neckties—everything from head to foot. Hats are from the best makers, such as Knex, Youmans, Stetson, Peel, Christy and Glyn. Silk Hats—5.00 to 8.00. Stiff Hats—2.50 to 3.00. Soft Hats—2.00 to 3.00. Shirts, ready-made—1.00 to 2.50. Shirts, to-order—1.50 to 3.50. Neckwear—50c to 1.50. Gloves—1.00 to 2.00.

Men may feel "at home" in our store all day Saturday. Fairweather's 84-86 Yonge Street.

mitted to see him. However, the doctors think the patient is progressing favorably. His pupil will be occupied to-morrow by the Rev. Dr. Rice in the morning and by the Rev. Dr. Briggs of the Methodist Book Rooms in the evening, at which services special offerings will be taken up for the congregational church funds. Our spring tonic are fresh, pure and reliable. Now is the time to use them to your best advantage. Twiddy's drug store, corner Yonge-street and Eglinton-street. J. Rist has leased the new butcher shop from W. J. Farr, next door to his present shop, for a number of years. Mr. Rist will move into his new premises next Monday. Waddington & Gundy, real estate dealers, are moving the old Metropolitan Railway waiting room from Glen-grove-avenue to Castledale-avenue, where the building will serve as an office for the firm. Road Commissioner Pinder of York Township is making an excellent job by scraping Yonge-street in Deer Park. The local option movement in York Township is making considerable headway. The contractors for the different new concrete sidewalks are getting ready for work, cement having arrived for the construction of said walks. Court Eglinton, Canadian Order of Foresters, is preparing for an entertainment to be held in the town hall April 30. Councillor James Brownlow has purchased the lot immediately south of his land adjacent to the belt line. The purchase price is said to be \$20 per foot.

Stouffville. STOUFFVILLE, April 19.—Stouffville lawn and tennis clubs have recognized for the season with these officers: Hon. president, Beve Coulson; vice-president, Russell Fitch; second vice-

Fine Leather Satchels WANLESS & CO. Estab'd 1840. 168 Yonge St.

sale violation of the Lord's Day Act and around Aurora been Sunday, the particulars of which are only now coming to light. No less than 33 G. T. R. engines took water here, necessitating the running of the town pumping plant all day. The Toronto and York Radial Railway Company had a large gang of men stringing wires all day from the Jackson Point extension, while a number of cars ran up and down the line with what is said to have been needless frequency. The town council will meet on Monday evening. Mr. McDougall, the new principal of the Aurora high school, has arrived and entered upon his duties.

East Toronto. EAST TORONTO, April 19.—The "Maid and Matrons" of Hope Methodist Church will give a concert next Thursday evening.

The St. Basil has begun the practice of his profession in East Toronto. G.T.R. yard engine No. 472, while running on the Danforth siding, ran into freight cars, damaging both engine and car. Complaints are afoot that work is being carried on in the G.T.R. yards and roundhouse on Sundays, as well as on other days. The unloading of coal is said to have been carried on by a number of Italians until the latter were apprised of their liability to arrest.

The town council will meet on Monday night, but the telephone will not be discussed, except incidentally. The meeting of the telephone committee with the several representatives will be held at the council chamber on Wednesday evening at 8 o'clock. Considerable anxiety prevails as to the capability of the pump at the waterworks to continue to supply the town unless some efforts are speedily put forth to protect the intake. The action of every storm is such as to stop the machinery in the waterworks. The Balm Beach Gun Club will shoot at the Woodbine grounds to-morrow. George Empringham is installing a system of water service in the hotel. The Willing Workers of St. Saviour's Church held a very successful meeting Wednesday evening at 8 o'clock. Houses are at a premium in ward three, numerous enquiries being made by those anxious to locate in town.

Balm Beach. One of the most delightful functions ever held at the beach was the presentation last night at the home of W. J. Gardiner to W. G. Lyon, the retiring chief of the Balm Beach fire brigade, of a magnificent gold watch, accompanied with an address, in recognition of the splendid service rendered by Mr. Lyon. In making the presentation, Mr. Gardiner, in a few well-chosen words, among the other members of the brigade present were Councillor Hodgson, Mr. Lyon and the newly-elected chief, Mr. Gardiner. Following the luncheon a number of short speeches were given. The "at home" given by the Beches Lodge, A.F. & A.M., No. 472, G.R.C., in the Temple, corner Balm Beach-avenue, last night, was a very enjoyable event, and was attended by a large gathering of the brethren. The program in the early part of the evening was of a musical and literary nature. Among the artists contributing were Ruthven Macdonald, Miss Pearl Davis, Miss Gertrude Baxter and Miss Grace Vokes. The dance program included fifteen numbers and the event altogether was one long to be remembered. The weekly dance of the Balm Beach Club was held in the clubhouse last night. The W. G. Lyon's yacht, is undergoing a thorough overhauling, and, as in years past, will be one of the trimmest crafts on the north shore.

Richmond Hill. John Morgan, four years in the Standard Bank, goes shortly to the bank in Lindsay. Our postmaster, M. Teffy, is being heartily congratulated on passing his 86th birthday, his 59th year as postmaster here, and the oldest postmaster in the Dominion—and his 54th year as justice of the peace. Mrs. Robt. Reddick is on a visit to her son, Rev. J. S. Dougherty, F. McDona and A. King. The report of the treasurer showed a surplus of \$35. Rt. W. Bro. Radcliffe will officially visit Richardson Lodge, A. F. & A. M., on Thursday evening next. There will be a general rally of the brethren. The Rev. W. G. Sargent of Toronto will preach in the Christian Church on Sunday morning and evening. Thursday's market was one of the best of the season, all the farmers' offerings being taken at prices. Butter, 25c; eggs, 15c, and potatoes \$1 a bag. In spite of the fact that the season is said to have been a good one for making maple syrup, there is hardly any to be bought in town.

Aurora. AURORA, April 19.—A Toronto company have purchased the Beaver tannery, taken out some of the machinery and shipped it to the city. This tannery at one time did a very large trade, and even at this late hour it is proposed to call a public meeting and see if a joint stock company cannot be organized to retain the industry for the town. On his retirement from the principalship of the Aurora high school, Mr. Munro was presented by the pupils with a handsome suit case and an address. The exodus of North Toronto farmers to the Northwest this spring has been exceptionally large, and reports received from some of those who went out serve to show that they have experienced a strenuous time in reaching their destination. William Young, who returned a short time ago from Southern California, where he had been sojourning for his health, was a few days ago operated upon at his own home by Dr. Bruce of Toronto. Mr. Young is making satisfactory progress. It is stated that the St. George residence, which was a short time ago burnt down, will be repaired at once, contracts having been already given out to two local firms. The St. George residence was one of the oldest and most picturesque in North York. There is said to have been a whole-

Street Railway for. Many of them walk as far east as Jones-avenue, and some even beyond that after being dropped off by the company at Broadview-avenue. These citizens have little opportunity for lobbying the city council, and they have therefore sent a largely signed petition to the board of control asking for the extension of Danforth-avenue line eastward along Danforth-avenue. Danforth-avenue is a main street which only awaits the completion of the Bloor-Danforth viaduct to make it the finest thoroughfare within the city limits. A street car line on that street is inevitable at some near date. Why, then, should its construction be delayed when it is already so necessary? An alternative is proposed, namely, to run the Carleton cars up Carlaw-avenue, turning east on Guelph-avenue to Pape and thence to Danforth. A great objection to this line at the present time is that it will furnish excuse for delaying the much more needed extension on Danforth-avenue. A sewer has just been completed on that street, and the roadway will now be nearly impassible in wet weather. A pavement is badly needed and the property owners are anxious to have one, but nothing can be done until it is known what is the railway question. The street is level and with no engineering problems to solve. The proposed line up Pape-avenue is open to the following objections: The intersection with Gerrard-street is at the bottom of an incline to east and west, and the approach of a west bound car is concealed by the north wall of the subway, which crosses the street diagonally. The grade is also heavy from this point north. The line will pass on two sides of the Pape-avenue school, and thus endanger lives. Only a narrow strip of territory can be served by it, namely, from Carlaw-avenue to Pape-avenue, the ravine running north and south, cutting off access from east and west. Danforth-avenue Taxpayer. Toronto, April 19, 1907.

Sporting Miscellany. The Toronto central harness will have their weekly paper chase this afternoon. The run will start from the building at 3 o'clock. A large turn out of members is expected. There will be a meeting of the Open Air Horse Parade Association Monday evening at 8 o'clock in room G, King Edward Hotel. Nicholas McCarron, the manager of Tom O'Byrne, the crack Scotch bowler, will challenge Jim Peery, the better, to roll the best three games out of five for \$100 a side on Orr Bros' alley. Address N. McCarron, 1000 Queen, Queen and Victoria streets.

Both Far and Near People flock to us as the optical centre of this city. One may need spectacles badly without knowing it. Call and let us show you what you cannot find out for yourself. We can supply you with the invisible bifocal lenses. F. E. LUKE, REFRACTING OPTICIAN. Issuer of Marriage Licenses. 11 King St. W. TORONTO.
