NEARBY MUNICIPALITIES WILL PULL ALL TOGETHER FOR A SUBURBAN SERVICE

Conference Held Under Auspices of the City of Toronto Proves Conclusively That More Frequent and Convenient and Cheaper Train Accommodation is Alike Desirable and Necessary.

Setting the Wheels in Motion

Good Resolution is Adopted and Influential Committee Appointed to Work for an Improved Suburban Railway Service.

The following resolution was passed at yesterday's conference: Moved by Mayor Jackson of Whitty... Secended by F. Howard Annis of Whitty... That a committee be appointed for the purpose of negotiating with the railway companies interested with a view of inducing them to provide a service for Toronto and vicinity...

The suburban service conference in the city hall yesterday morning was one of the most unique and successful events of its kind in the history of Toronto. It was unique in that the representatives of a city of 300,000 people and of townships, villages and towns, the homes of 200,000 others, met together with a single purpose, effected an organization and set their faces toward its accomplishment without the sound of a dissenting voice or the shadow of opposition.

The Toronto World

TWELVE PAGES—FRIDAY MORNING AUGUST 21 1908—TWELVE PAGES

I.C.R. MUST KEEP NO BAIL, ADAMSON APART FROM STAYS NIGHT IN CELLS THE C.P.R.

Hon. Mr. Emmerson Fights Suggestion That the Latter Be Given Running Rights Over Track. ALTHO ONLY \$1000 IS CALLED FOR. NO BONDSMAN APPEARS FOR EX-EMPLOYEE OF THE CITY.

HALIFAX, N.S., Aug. 20.—(Special.)—The maritime board of trade meetings are gaining in interest and attendance. The sessions to-day were record breakers in both respects. So lively did the debate on the question of running rights on the I.C.R. to the C.P.R. from St. John to Halifax become that the debate had to be temporarily adjourned.

Odd Dispute Over an Egg Which Wins? Was Laid While Fowl Was Being Sold By the Pound and the Customer Claims It.

Mrs. Simons, no given address, went into a shop in the Ward last night to buy a live hen. She was buying it by the pound. While the storekeeper was weighing the fowl it layed an egg.

TEN KILLED

GRAFTON, W. Va., Aug. 20.—Ten persons are reported killed and many others injured to-night when an overcrowded passenger train bearing excursionists from the Ritchie County Fair, broke down.

IS CANADA PREJUDICED?

(Canadian Associated Press Cable.) LONDON, Aug. 20.—The Morning Post is publishing a letter pending out a hard case under the immigration law and refers to an impression abroad that Canada is prejudiced against English immigrants.

Dunn Says Coatsworth Didn't Have the Power

Mr. Dunn. "The chairman claims that in face of the action of the board cancelling the license, to take effect on Aug. 1, he had the power, sitting alone, as the license board, to authorize an extension. I claim that he had not and there it stands. I claim that the sale of liquor there since Aug. 1 is illegal."

FOR RENT Ground floor in best wholesale or jobbing location in Toronto, 6000 square feet, light on three sides, splendid shipping facilities.

81 28TH YEAR

LOWER WAGE RATE FOR WINTER RELIEF

Plans Are Suggested By Which City May Prevent Being Imposed Upon in its Charitable Projects.

MAKE THE ABLE-BODIED SUBJECT TO HARD WORK

Altho Controller Spence's special civic committee to deal with the question of the unemployed was not able to transact business yesterday, because of lack of a quorum, a number of communications, received from various charitable organizations in reply to the city's invitation, furnished some food for future reflection. The general tenor was that a large number of unemployed men would probably seek aid from the city during the coming winter, and that the city's resources would be taxed to the limit.

ASQUITH AS A PEACEMAKER

Premier Has to Hurry to London to Placate His Secretary of Foreign Affairs. LONDON, Aug. 20.—The return this morning of Prime Minister Asquith from Scotland, where he had been taking a holiday, and his lengthy conference in Downing-street with Sir Edward Grey, secretary of foreign affairs, are being connected in some quarters with the recent meetings of King Edward and Emperor William and Emperor Francis Joseph.

CANADIAN APPLES EXPORTED

Three Shipment of Early Varieties to Be Sent in Cold Storage. OTTAWA, Aug. 20.—Experimental shipments of early Canadian apples to Britain will be made this month and next on three steamers from Montreal, the first of which will sail on Aug. 22.

ALBERTA READY TO HONUS

CALGARY, Aug. 20.—(Special.)—In a speech at Cardston, Premier Robertson, in discussing the school book contract, said that the Alberta Government is prepared to bonus any Alberta firm that would undertake the work of publishing text books and come up to the same standard as the contract with the Morang Company set forth.

Hamilton Happenings

CORNER STONE IS LAID OF ST. JAMES' CHURCH

City Dock Formally Opened—New Service to Lewiston—Man Injured.

HAMILTON, Aug. 20.—(Special.)—The corner stone of St. James Presbyterian Church, corner of Locke and Heckimer-streets, was laid this evening by Rev. Dr. Fletcher. The pastor, Rev. Thos. MacLachlan, presented a handsome trowel to him. Addresses were given by the following: Rev. A. McLaren, Rev. D. Trayner, Geo. H. Milne, Rev. Roy Yanwick, Geo. Black, Geo. Rutherford, Rev. E. Kitchin, J. D. Graham, A. M. Cunningham and Geo. A. Young.

The city dock was formally declared open this afternoon by Ald. McLaren, who spoke in appreciation of ex-Ald. J. Eastwood's good work in this connection.

It is said that the Mutual Steamship Co., which has rented the dock and which is outside of the merger, will institute a passenger service between Hamilton, Charlotte and Lewiston.

Samuel Greay, a retired civil servant, died this evening at his residence, 301 East Cannon-street, at the age of 86 years.

The House of Refuge committee made arrangements this evening to open the new Home for incurables on Aug. 28. The committee is open for suggestions as to a name. The proposed name is Eldersley.

George Schumack, 99 Walnut-street, an aged man, was struck by a street car this evening at King and James-street, but was not seriously injured.

Temperance Forces Active.

The temperance people of Barton Township have started out on another active campaign. Their aim is to wipe out all licenses in the township, and they propose to do so either by submitting a local option by-law or electing a council favorable to cutting off all the licenses.

At an early hour this morning the police rounded up a gang of five tramps near the Valley Inn. They had to use their revolvers, and several shots were fired in the air before the prisoners gave themselves up.

H. Wilson, Toronto, had his arm broken yesterday by the engine in a gasoline boat.

J. Bidwell Mills has asked the mayor to have the reward of \$2000 offered for the arrest of the murderer of Constable Barber increased to \$5000.

The New Arrangement

Now open for visitors. Complete new building, home comforts, very central. Excellent cuisine. Terms \$1.50. Geo. Midwinter, Phone 8452.

Skedden & Son, Painters, Decorators, Paperhangers, 153 King St. W.

DROWNS IN CISTERN

Mother Finds the Body of Seventeen Months Old Boy.

WELLAND, Aug. 20.—(Special.)—Mrs. Sleet of Humberstone on going to the cistern for water was horrified to find the body of her seventeen months old son, Clifton.

The child had lifted the cover and fallen in.

LONDON'S FIRE RISKS.

LONDON, Aug. 20.—It is stated on good authority that the leading insurance companies will not increase their risks in London until the water question is definitely settled.

Coal Dock Collapses.

SAULT STE. MARIE, Aug. 20.—Up-bound boats report that the dock of the Pittsburg Coal Co. at Point Aux Frene, between the Soo and Detour, collapsed last night.

Part of the machinery and a large amount of coal went into the river.

Lusitania's New Record.

NEW YORK, Aug. 20.—All daily ocean steaming records have been broken again by the Lusitania of the Cunard line, now bound from Liverpool and Queenstown to this port, for a wireless message sent yesterday by Captain J. B. Watt told that the day's run up to noon on Monday was 659 knots, an hourly average of 25.66 knots. This beats the best former record, her own, made on July 6 of 643 knots.

SQUAD OF HIGHLANDERS OFF TO ALDERSHOT

Regiment and Friends Give Them a Great Send-Off—Will Be Gone Two Months.

It was a great send off that was given the party of the 48th Highlanders who left the union station this morning for Aldershot on the aviation of their linked regiment, the "Fighting Gordons."

Those who went were: Lieut.-Col. Donald M. Robertson, Capt. J. E. K. Osborne, Lieut. Archie R. McGregor, Col. Sergeant W. H. Grant and Ptes. W. Bell, L. A. Elliott, Alexander Sinclair, E. Johnson, Alexander Ross and J. Glover.

About 200 men of the regiment were at the station with the pipes and drum in white tunics, and all the officers, Col. Davidson, Col. Macdonald, Col. Goodenham, J. M. Alexander, J. A. Macdonald and J. J. McLennan were present as well as Major Michie, Major Currie, Major Donald, Capt. Lattin, Capt. Darling, and the Lieutenants.

At the armories General Gordon inspected the contingent and said good-bye to Col. Robertson. The escort with the pipes then marched to the station to the music of "The Cock of the North," and the champion of all Highland marches, "Will Mackay's Farewell."

At the station a great crowd had gathered and there was much cheering and the most cordial feeling. Many friends of the soldiers made their last farewells on the train which did not leave till 10.20 and choral parties sang appropriate ditties. The pipes tuned up occasionally, playing "Jesse Brown at Lucknow," and marched up and down the platform to the rousing strains of "McKay's Farewell to Edinburgh." Loud cheers followed the receding carriages and the cheering backed to the armories once more to the tune of "The Cock of the North."

The party will be gone about two months.

CALVERT AGAIN

"Whip" is Re-nominated and Tells Liberals to Work Hard.

MOUNT BRIDGES, Aug. 20.—W. S. Calvert of Strathroy, present whip of the Liberal party, will again represent the Liberals in the coming Dominion election. This was the unanimous decision of the Liberal convention held here today.

In accepting the nomination, Mr. Calvert urged all to work hard for the Liberal party.

YANKEES AFTER ANTICOSTI

Syndicate Said to Be Dickering for the Property.

MONTREAL, Aug. 20.—(Special.)—A special from Quebec says that it is rumored in the ancient capital that an American syndicate is about to take over the Island of Anticosti, which has been the property for some years past of the French Chocolate King, Monsieur Menier.

It appears that a party consisting of Mr. Gimson, Mr. Meniers, lawyer, Capt. Belanger, formerly of the Savoy, and Mr. Phillips, said to be the head of the purchasing syndicate, has just left Quebec for the island on board the fine yacht "Vadis."

NEW YORK, Aug. 20.—All daily ocean steaming records have been broken again by the Lusitania of the Cunard line, now bound from Liverpool and Queenstown to this port, for a wireless message sent yesterday by Captain J. B. Watt told that the day's run up to noon on Monday was 659 knots, an hourly average of 25.66 knots. This beats the best former record, her own, made on July 6 of 643 knots.

HIS EXCELLENCY ON TOUR SPENDS DAY AT LAMBTON

Earl Grey Taking a Holiday Jaunt Along the Lakes—No Definite Program.

His excellency the governor-general was in town yesterday.

Early in the morning the trim little government yacht Speedy steamed into Toronto Bay and anchored at George Somerville's City Wharf at the foot of York-street.

His excellency is accompanied by his private secretary, Arthur Shaden, and Lord Lascelles, with whom he went up to the Lambton golf links and partook of luncheon, after which a game was played on the links.

The trip, which is of a most hazy nature, is being taken by the earl more with a view of seeing the grain traffic in full operation and for an inspection of the situation on the Great Lakes than anything else.

Last night an informal private dinner party was given on board the yacht to some of Earl Grey's Toronto friends. Among those present were D. D. Mann and Col. G. T. Denison.

The Speedy left some time last night, but the next stopping place was not divulged, as no definite program has been arranged and the destination will be just where Earl Grey happens to want it to be.

During the trip his excellency will make no public appearances nor accept civic addresses.

KEIR HARDIE'S VISIT IS TO UNITE PARTIES

Working Arrangement in Politics Between Labor, etc., and Socialists May be Achieved.

The Toronto District Trades and Labor Council last night decided to entertain Keir Hardie, M.P., and family as his guests while in Toronto.

The distinguished British politician is expected here on Aug. 31 and will remain here for about four days.

The political element in labor circles expect that he will succeed in securing the councils' fund amounts to some four hundred dollars it was decided to start an account in one of the chartered banks.

The tobaccoists' union announced that they would give prizes of \$10, \$10 and \$8 and \$5 to the retail dealers, making the best labor day union display of union made cigars and tobacco.

The district council last night elected Wm. Steep as its representative to the Ontario Educational Association.

At the councils' fund amounts to some four hundred dollars it was decided to start an account in one of the chartered banks.

The tobaccoists' union announced that they would give prizes of \$10, \$10 and \$8 and \$5 to the retail dealers, making the best labor day union display of union made cigars and tobacco.

FOR AND ABOUT WOMAN

HARRIET BEECHER STOWE.

She told the story, and the whole world wept.
At wrongs and cruelties it had not known.
But for this fearless woman's voice alone.
She spoke to consciences that long had slept.
Her message, Freedom's clear reveille, swept
From heedless hovel to complacent throne.
Command and prophecy were in the tone.
And from its sheath the sword of justice leapt.

Around two people swelled a fiery wave.
But both came forth transfused from the flame.
Blest be the hand that dared be strong to save.
And blest be she who in our weak-ness came.
Prophet and priestess! At one stroke she gave
A race to Freedom and herself to fame.

—Paul Laurence Dunbar.

Winston's Bride.

Writes the Marquis de Fontenoy: Winston Spencer Churchill's fiancée, Miss Clementine Hozier, is a remarkably fascinating and clever girl, having inherited her good looks and her charm from her mother, Lady Blanche Hozier, to whom several men have lost their hearts in the past and who has been the heroine of more than one romance. Fair haired, slim, graceful and with classic features, she has been to a great extent brought up by her wonderful old great-grandmother, the wife of the second Lord Stanley of Alderley, and afterward by her aunt, Lady St. Helier (formerly known as Lady Jorje) and Lady Red-eade, who is not only her aunt, but also her godmother. She has likewise been around a good deal in society with a third aunt, the widowed Countess of Airle, who lost her husband in the Boer war, and who is lady-in-waiting to the Princess of Wales. Her father, Colonel Sir Henry Hozier, who died a year ago very suddenly in Panama, was for many years secretary and permanent chief of that wonderful London institution known as Lloyd's, which is ready to underwrite anything save a horse race. He had an eventful career, having served as an officer of royal artillery in the China and Abyssinian campaigns, and having acted as military attaché at old Emperor William's headquarters during the war of 1866 between Prussia and Austria, and four years later in the Franco-Prussian struggle. The old kaiser was extremely fond of him and took advantage of a feat of bravery in the part of the hero in rescuing a wounded soldier under heavy fire to bestow upon him the Iron Cross during the siege of Paris.

The Hoziers are an old Scottish family, who have been territorial magnates in Lanarkshire for a couple of hundred years or more, the present head of the house being the second Lord Newlands, nephew of Sir Henry, and a great cousin, therefore, of Winston Churchill's fiancée. Lord Newlands formerly served in the foreign office, for a number of years was private secretary to the late Lord Salisbury, is grand master of the Free Masons of Scotland and is married to a daughter of the third Marquis of Esexter. His principal home, and, indeed, the ancestral seat of the Hoziers, is Mauldelle Castle, Lanarkshire, which was formerly a royal domain, and in 1235, on the occasion of the marriage of the son of King John Balliol to a niece of Philip of France, was assigned as part of the security fee to her dowry. To readers of "The Evening News" it will be interesting to know that the surrounding country will be interesting owing to its being portrayed by him in a particularly picturesque manner in "Old Mortality" as the scene of the struggle of the Covenanters and of the battle of Bothwell Bridge. Built from designs of Adam, the castle's magnificent situation on the banks of the Clyde, which flows along Lord Newlands' park for several miles.

Like her future husband, Miss Clementine Hozier has a number of relatives in this country. In fact, she is mourning for the death, last May, of her American aunt, Mrs. Lyulph Ogilvy, in a hospital at Denver, after an operation for appendicitis. Mrs. Ogilvy was the daughter of a Colorado ranchman of the name of Boothroy and failed to meet with the approval of her husband's relatives in England. Indeed, the Hon. Lyulph, who is a brother of Lady Blanche Hozier, and like her, one of the children of the late Lord Ogilvy, quarrelled with his relatives to such an extent about his wife that he broke off relations with him and stopped the allowance which he had been receiving. This, in conjunction with the failure of crops and bad luck with his cattle, rendered him unable to pay the interest on the mortgage with which his big ranch in Weld County, Colorado, was encumbered. In consequence thereof foreclosures ensued, and Lyulph Ogilvy, with his wife and two children, was obliged to abandon their home and to migrate to Denver, where, at the time of his wife's death last spring, they were occupying a workman's cottage, dependent entirely on his earnings of \$15 a week as night watchman of the Union Pacific freight depot. Yet Lyulph Ogilvy is a member of the Marlborough and of other of the smartest clubs in London and has been decorated by King Edward with the Distinguished Service Order for conspicuous gallantry in the South African war. Two lives, namely, those of his nephews, the present Lord Airle and the latter's younger brother, both boys under the age of fifteen, lie between him and the Earlom of Airle, along with the possession of grand old Cortachy Castle, in Perthshire, and valuable estates, extending over an area of nearly one hundred thousand acres, in England and Scotland.

Anna Blanche Coming.

Anna Blanche, the very popular diminutive actress, who was such a favorite in the stock company days at the Princess Theatre, will be a headliner at Shea's Theatre in a new sketch the week of Aug. 31. Her many friends in Toronto will be glad to welcome her.

In Society.

The regular meeting of Parkdale W.C.T.U. will be held to-day at 2 p.m. at the residence of Mrs. Joseph Bascom, 1339 West King-street. Members and friends cordially invited.

DESPERATE DUEL

Constables Fired on by Italians Who Resisted Arrest.

PARRY SOUND, Aug. 20.—Constable Knight and District Constable Madigan had a desperate fight with an Italian who escaped from jail here. Learning that Frank Sparano, one of a trio that escaped, was working in a field near Byng Inlet, the constables went to the place. Sparano had stolen a repeating rifle, and as the constables advanced toward him he opened fire.

The Italian fired five shots, the constables replying with their revolvers. Constable Knight, feeling to have been hit, fell to the ground among some bushes. Constable Madigan, imagining his companion was killed or seriously wounded, started for Byng Inlet to procure assistance. Meanwhile, as soon as Knight was reassured the Italian had emptied his rifle, he got up and advanced toward the man, who, turning to run, was struck in the thigh by a bullet from Knight's revolver.

As the constable closed on him the Italian attacked Knight with the rifle, striking him over the head and cutting his hand. The constable was necessary to close the wound. The constable, however, felled the Italian with the butt of his revolver. He was just able to handcuff his prisoner before he became exhausted from the wounds.

Muskoka Wharf and Return, \$1.00, and \$1.00 Additional to All Muskoka Lake Points, Saturday, Aug. 22nd.

Leaving Toronto at 10:00 a.m., connecting at Muskoka Wharf with steamers for all points on the Muskoka Lakes. Best of equipment, dining service en route, a la carte. Secure tickets at city ticket office, northwest corner King and Yonge-streets. Tickets to Muskoka Wharf valid returning Aug. 24.

CONTRIBUTION OF CUP STIMULATED SHOOTING

Competition for Trophy Offered by The World Has Done Much for O.R.A. Matches

The number of entries received for the O. R. A. meet, which commences at the Long Branch ranges on Tuesday morning next, indicate that the matches will be the best on record.

It is evident The World's shooting trophy has had something to do with this happy state of affairs. There is no doubt the competition has aroused the keenest interest in shooting all over Canada, and the corps which is fortunate enough to capture the splendid trophy will have gone a long way towards organizing a regiment of shots.

The management of this paper feel that they have performed a patriotic duty in instituting this competition. There can be no doubt as to the wonderful impetus shooting has been given by the scheme, and everyone knows how necessary it is in a country like ours, where there is no standing army, that every man of the citizen soldiery should be able to use his rifle with effect. It was to stimulate shooting and increase the interest in volunteer soldiering that the competition was started, and the result has been beyond the hopes of the promoters.

The standing of the competing corps up to 5 o'clock last night shows that the Grenadiers are fast mounting toward the top. It was:

Queen's Own Rifles..... 39,472
48th Highlanders..... 26,167
Royal Grenadiers..... 16,826
Governor-General's Body Guard..... 18,109
18th, Hamilton..... 13,109

EIGHT CHILDREN BURNED

Six Dead and Two Will Die—A California Horror.

COLFAX, Wash., Aug. 20.—Six children are dead and two others are burned so seriously that recovery is doubtful at the H. W. Schultz ranch between Colfax and Brouse, resulting from a fire that destroyed their home last night.

Four of the dead were children of Schultz. The other two were children of W. V. Fox, a brother-in-law. The men were away harvesting and the mothers were attending a theatrical performance.

The two eldest Schultz girls attempted to rescue the children, but lost the way to the door and were forced to drop the babies to make their own escape.

The cause of the fire is a mystery.

ASKED FOR INCARCERATION.

Brockville Man is Admitted to Asylum at His Own Request.

BROCKVILLE, Aug. 20.—(Special.)—Mr. E. C. Phillips, a married man with a family, who came here from Montreal, applied at the local asylum, and was admitted as a patient.

While he talked rationally, Phillips said he knew himself he was not mentally right, and unless placed under surveillance might cause personal injury to some one.

He was sent back up town to consult with physicians and after an examination by two doctors the necessary papers were made out.

DEATHS IN THE CITY.

Deaths registered at the city hall yesterday were:

Eliza James, 4 years, arterio-sclerosis.
Zelick Postman, 77 weeks, indigestion.
Albert Rogers, 4 months, marasmus.
Thomas Stokes, 2 months, marasmus.
William Blatherwick, 43 years, injuries from railway engine.
Thursa Kraemer, 2 years, convulsions.
Julie Bertram, 30 years, cirrhosis of liver.
Lucas Frame, 63 years, angrina pectoris.
Colin Burgess, 2 days, scampama.
Thomas Leighton, 62 years, arterio-sclerosis.
James Griffiths, 2 months, gastro-enteritis by food poisoning.
— Schoff, stillborn.
George Robinson, 8 months, indigestion.
Charles Whitfield, 18 years, drowned while in a fit.

BETTER GET THEM NOW.

As was anticipated, the demand for the six-for-a-dollar tickets has been so continual that yesterday only 5000 were left unsold, against 14,000 at this date last year.

These tickets will be on sale until exhausted, for the next five days only. Applications made after Friday next will not be entertained.

DIPLOMATIC CHANGE.

THE HAGUE, Aug. 20.—It is believed here that Sir Alan Johnston, the British Minister to Denmark, will succeed Sir Henry Howard as British Minister to the Netherlands.

Sir Henry will reach the age limit Oct. 1, and then will retire.

Exhibition Park Closed.

The exhibition grounds will be closed to the public to-day, and will so remain until the opening of the exhibition to re-freillate the placias of exhibits.

When You Take Your Next Trip

—any kind of a trip—put anything you want to drink, hot or cold, into Thermos Bottles—then you'll get your hot drinks hot and your cold drinks cold, wherever you are and whatever the weather.

The Thermos Bottle

is filled, emptied and cleaned same as any other bottle. But the Thermos Bottle actually bottles up heat or cold. It consists of one glass bottle inside a larger with an airless space—a vacuum—between, through which heat or cold cannot pass.

Motoring Take Thermos Bottles filled with any liquid at any temperature, and no matter where you go or what happens you have refreshments at hand. There's a Thermos Bottle Basket to contain 6 bottles made especially for automobiles. Also a leather auto case for two bottles.

Outings When Pleasuring, Yachting, Hunting, Canoeing—on any kind of trip—you can have hot drinks or cold drinks always ready if you put them into Thermos Bottles before you start.

Traveling No more vain longing for a refreshing drink on tedious railroad journeys. Simply put into your grip one or two Thermos Bottles filled with hot or cold refreshments.

The Thermos Bottles provide hot or cold drinks for LUNCHEON at office, shop or home. In the SICK ROOM it keeps medicines and nourishment at the right temperature. It supplies the BABY with warm milk day or night.

Thermos Bottles are sold in the leading department stores, hardware stores, drug stores, jewelry stores, leather goods stores, automobile supply stores—everywhere. Pint and quart sizes.

Prices from \$3.50 up. Send for free booklet.

CANADIAN THERMOS BOTTLE CO., LTD., Montreal

FIRMS SEE NO BENEFIT IN REMOVAL OF EMBARGO

Would Not Increase Number of Store Cattle and Would Hurt Scotch.

(Canadian Associated Press Cable.)

LONDON, Aug. 20.—The opinion of prominent dealers in Canadian meats at the central market, Smithfield, differs somewhat as to the advantages to be reaped by them thru the removal of the embargo on Canadian cattle, but all agree that the Scotch and English farmer would be benefited by the removal of restrictions.

Among several interviewed were Gartons, who handle largely colonial meat; they doubted if the dealer would derive any benefit, but the removal would allow more meat being supplied, Canadian store cattle were far ahead of Irish, as they fattened and made better meat.

Canadian exporters of live cattle were at present making quite as much if not more than they would by shipping store cattle.

Duckworth & Son, while allowing that the free importation of Canadian stores would benefit trade in many ways, yet it is not the quantity they deal in but quality; and if the restriction were removed Canadian cattle could be sent to Scotland, and there fed up and sent to London as Scotch meat, which would hurt the Scotch trade, as the Scotch is considered the best sent to London. He doubted even were store cattle allowed to come in whether the Canadian farmers would send any more than they do now.

The Cooper Company are satisfied that the Scotch farmer would benefit by the removal of the embargo, but not the meat dealer. As for the much talked of combine behind these, there was none. American shippers had far more money invested in the business than English, and perhaps in certain ways worked together, as did at times the English dealers. It was a very large question, and an exceedingly difficult one on which to express an opinion, but if the removal of the restriction cheapened meat he was there in favor, as at present meat is too dear.

HON. MR. FISHER COMING.

The Hon. Sydney Fisher, Dominion Minister of Agriculture, will be a visitor to the Canadian National Exhibition, probably on the opening day, and September 2.

These are the days on which the Scottish Agricultural Commission will be present.

Master in Chambers Cartwright at Osgoode Hall dismissed by consent an application by the Town of Cobalt for an injunction restraining the Conliffe Mine from pumping water from the mine on the Cobalt streets.

THE IMMENSE Harvesting Machines.

Drawn by Four Horses

PICTURED IN THE Sunday World THIS WEEK.

was none. American shippers had far more money invested in the business than English, and perhaps in certain ways worked together, as did at times the English dealers. Skeeters Slip Leafs at Wire Newark Duplicates at Buffalo

Providence Shuts Out Montreal, While Bronchos Bungle Game Away to Orioles—Two Games To-Day

If Empire Black had called yesterday's game in the seventh, the Leafs would have celebrated their home-coming by a victory, but fate ruled otherwise, and in the two closing innings the Skeeters tallied four run, or just enough to nip the Leafs by a lone, the score winding up 6 to 5 in favor of the Skeeters.

Schafly's crew played good ball for the first seven innings, scoring all their runs after two hands were down, but in the eighth and ninth, the Skeeters coming within one of tying, but this was accomplished in the ninth, due to errors and poor noddies.

Catches by Fox, Caffyn and Schafly were some of the features, while Messers, McCann, Merritt and Moore enlivened the proceedings in the ninth by being chased, and to-day one Merritt will likely be conspicuous by his absence around his accustomed jungle.

The Skeeters began early, Hanford getting a life off Phyle's bad throw, and then punished second, Bean sacrificed, while DeGroot was passed up. With two men on bases Fox slammed the pellet to deep left for a triple, scoring the baseawners, and this proved their only score till the eighth, during which period only three Skeeters were left on bases.

The Leafs tallied their first in the third, when, with two down, Wiedy singled and stole, scoring on Schafly's single over second. Not to be outdone, the locals came right back in the next and took the lead. Caffyn was passed up with two down, going to third on Whitley's single, and so it remained till the eighth, when the visitors corralled in two. Latitte singled, but was forced at second on good play by Phyle and Schafly.

Two Games To-Day. Two games will be played to-day at 2 and 4 p.m. Morrill and Applegate will likely be the Toronto pitchers, while Moore and Pfannmiller will be on the points for the Skeeters. Two games will also be played to-morrow, and Toronto fans will be given their first opportunity of seeing Jack Thielman on the mound.

FARM LEAVING SYSTEM

Many Ontario Farms are Suffering Loss of Fertility and Accretions of Weed-Pests by Reason of the Poor System of Renting Land in Vogue

—A New York State Case.

Ontario has many farms, varying in number in the different counties, that are operated by tenants. The owners have retired or the farms have reverted to heirs who cannot cultivate them. This revenue is sought by the owners. His one aim is to take out of the farm as much as possible. The tenant on a second rate farm has had a lease, the succeeding returns from that farm are greatly reduced. The tenant who takes charge is generally one whose methods of agriculture are questionable. He knows of old England's ways to pay the rent and live.

Thus the good land of Ontario is being robbed, the farms depleted and the neighborhood hurt by the presence of a dilapidated farmstead and a source of weed infection. In some townships, the tenanted land is worse than in others. The grain growing sections suffer greatly.

Naturally the wise one looks about him for some reason why these things should be. He knows of old England's tenanted estates, where the fertility of the land is maintained and a big rental is paid. Usually it is made up of the man. Too many tenants are useless farmers. Too many landlords are exacting absentees. A proper re-adjustment of ideas would make matters much better. What Ontario craves is men—what her farms are producing should be men, first, last and all the time.

The customary farm lease in Ontario is a poor affair indeed. It practically safeguards the landlord's rental and the tenant's returns, and ends there with a few platitudes.

In New York State, the last issue of the *Express's* Gazette tells of a system of leasing in the Genesee Valley in New York state, which has obtained for nearly 100 years, it was drawn up by the late Gen. James Wadsworth for the management of his 30,000 acres of land. This is divided into about seventy farms, varying in size from 50 to 200 acres.

On the Wadsworth Farms. Land is valued at about \$80 per acre in the valley, each farm, of 20 to 50 acres, is leased annually. Among the 70 tenants are men who have been on the estate for 30 years, and many for 25 years. The great nationalities are represented. Scotch, English and North of Ireland farmers being in the majority. Under the Wadsworth lease good farmers are retained and the other kind are not. It works automatically. Every year there is a long list of names from which to select new tenants, but only a few are needed, as when once a man who knows how to farm takes hold of one of these homesteads he finds it profitable enough to satisfy his needs. In a few cases sons have succeeded fathers as lessees.

With each lease there is filed a map of the farm showing its boundaries, the number and size of its fields and the location of the buildings. Each field is numbered. So thoroughly systematized is the clerical work that the farmer requires that the performance record of each field can be quickly ascertained for any year. The land is not overworked, the rotation of wheat and beans are the principal

remain small in stature and feeble. Their bones are so weak and brittle that they possess no resisting power, and have been known to break from a mere fall. In such districts the liberal use of basic slag and superphosphate will gradually make an enormous change.

Potash. Potash is always abundant in the ash of plants. When this constituent is deficient, the plant cannot grow vigorously, because in the absence of a sufficient supply of potash the green matter of the plant is not able to elaborate those substances which are indispensable for the formation of new organs.

Lime. Lime plays an important role in the soil in causing the decomposition of animal and vegetable matter, in promoting nitrification, in rendering the soil potash soluble, etc. It is also utilized to a small extent by the plant as a plant food, but its principal advantage is more in the way of its action on other ingredients in the soil.

Nitrogen. Nitrogen is indispensable, and enters into the composition of all the organs of a plant. It is nitrogen which gives to vegetable products, thus to cereals, their nutritive qualities which have rendered them valuable as nourishment for man and animal from time immemorial. It is nitrogen that produces the albuminoids in hay, the flesh of the animals, and the casein in milk. It is the want of this ingredient that causes the leaves of corn in the spring to turn yellow, a sure indication that a dose of nitrate or soda should be prescribed.

Phosphoric Acid. Phosphoric acid is found in every part of plants, and is especially in the seed. It is the principal constituent in the bone formation of man and animals, and where it is wanting in the soil, plants grow feeble and animals do not thrive. In some parts of Europe where the character of the soil is granitic and deficient in phosphoric acid, both horses and cattle

Editor World: A copy of The Weekly Sun (which I judge is a farmer's journal) is before me in which the editor complains about the deep furrows made by automobile wheels on muddy roads in the country, and the editor very calmly makes the suggestion that steps should be taken to entirely prohibit this traffic on country roads when the surface of the roadway is in such a state as it was in many parts of the province last Friday.

Of course the earth belongs to the farmer, but surely the rest of us poor mortals should be allowed to enjoy a few privileges. The automobile is a very expensive vehicle, and in the town where I live there is but one—very small one, and really does not spoil the country roads very much. The majority of us have to foot it and get along as best we can. But we have to pay very heavy taxes to keep our streets, etc., and there is no talk of prohibiting the farmers' wagons, etc., with their two-inch tires, which have been cutting up streets since the beginning of the century. When we walk out or drive thru the County of Haldimand or Brant we find the roads have improved little or none in the past decade, and how can they when the fact stares one in the face that there are less than 200 cars in these townships less than 20 cents per acre for all purposes—schools, roads, county tax, salaries, etc. Think of it, \$22 per annum for one hundred acres of land worth anywhere from \$65 to \$75 per acre. No wonder they have clay or rather mud roads when the farmers' almost a man resist any attempt to increase taxation, put their roads in proper condition, and as resolutely object to any regulation which would fix the width of their tires at four inches or over. And forsooth, because an automobile occasionally runs over the country roads and leaves its two-inch tires. The editor has the assurance to advocate a law which would prohibit any one using that form of locomotion.

Brantford, Aug. 19, 1908.

City-Engineer Rust reports that the late roadway in Inspector, Millichamp, did not carry out instructions and that the subsequent action of Engineer Powell was justified.

STATE RESPONSIBILITY IN THE BUILDING OF GOOD ROADWAYS

"We recognize the social and economic advantages of good country roads, MAINTAINED MORE AND MORE LARGELY AT PUBLIC EXPENSE AND LESS AT THE EXPENSE OF THE ABUTTING OWNERS. In this work we commend the growing practice of state aid and we approve the efforts of the national agricultural departments by experiments and otherwise to make clear to the public the best methods of road construction."—From the Republican platform adopted at Chicago in June, 1908.

The policy of financing road construction in both Canada and the United States has been in the past too local. It has brought the expense of construction too closely home to the individual without recognizing the responsibility of the state. The state has been, so to speak, at the mercy of the more or less unscientific ideas of ten thousand roadmasters, and the parsimony or patriotism of the citizen left its mark for bad or good over the whole country.

The great evil has been the want of a general policy based on scientific methods. Ontario owes a debt of gratitude to A. W. Campbell for what he has done to overcome this in his capacity as deputy minister of public works. The adoption of the county roads system was a great step in advance.

The province owes a great deal to Hon. Dr. Reame, minister of public works. He has been receptive and quick to recognize 20th century methods and ideas. As the administrative head of his department he has cooperated with his deputy minister in a manner which speaks well for the public welfare. The province is ready for a step in advance. A central administration of the main highways of the province is needed. New York has recognized the value of the county roads system, but has also acknowledged the duty of the state. As a result \$500,000 of leading state roads will be rebuilt and maintained wholly by the state, and 50 per cent. of the cost of 4700 miles of county roads will also be met by the state as a whole.

MACHINISTS WILL WATCH

Civic Contracts Affecting the Trade to Be Analyzed.

At a special meeting of the Toronto Lodge of Machinists, No. 235, the report from the Metal Trades Federation was presented and discussed, re: city pumping engines, and the city engineer and city solicitor were condemned for the loose methods in which the specifications were drawn up, whereby the contractor could so easily evade the true moral purpose of the law for the protection of the workmen.

It was resolved that a strong committee be appointed by the Metal Trades Federation to watch the interests of the workmen in all future contracts let by the city affecting the interests of the Metal Trades Federation. It was further resolved that "in view of the arbitrary attitude of the employers, or Metal Trades Association, the strike be continued till such time as the employers' sense of duty will show them the justice of meeting a committee of the machinists (which up to this time they have refused to do), for the purpose of discussing the situation and see if some satisfactory solution of the difficulty cannot be arrived at."

A FALSE ALARM.

Fire Dept. Has Particulars in Readiness for the Civic Auditors.

Secretary McGowan of the fire department laughed when he read an evening paper yarn which wanted to know "who is responsible for negligence" in not supplying the civic auditors with certain information. "Why," he said, "we're just making a copy now of the statement they asked for. We had to make a detailed list of every bit of city-owned property in each of the fire stations, and it takes time to do that. I told the city clerk's department this morning they'd have the report to-morrow, and they will."

"As for the estimates for the board of control, we asked for a certain amount under the heading of supplies, and the board wanted particulars, which we furnished—that is, brooms, pails, chamols, shovels, feed for the horses, harness, etc."

"It's the very first time the fire department has heard of any delay."

Campbell Fusile, aged 23, was killed by the slipping of a jack at Glace Bay, N. S.

PROFESSIONALS CONTROL THE MARKET FOR COBALTS

Prices Are Depressed Fractionally, But There is a Marked Absence of Real Stock.

World Office, Thursday Evening, Aug. 20.

Fair activity was noted on all the exchanges for Cobalt securities to-day.

Prices generally were a shade easier, but this was caused in the main by speculative pressure and was regarded more as a feature of stress in the market.

Actual realization occurred in Crown Reserve, the price dropping to 39. It is stated that the loss in this stock has been about 100,000 shares.

The effect of this realization was to cause a marked fractional decline in Nipissing and other Cobalt securities.

In these issues were regarded as highly speculative and therefore susceptible to quick changes.

The market closed inactive with a decided scarcity of offerings of real stock.

New York Curb. R. R. Bondage (Chas. Head & Co.) reports the following transactions in Cobalt stocks on the New York curb:

Nipissing, closed 39, high 40, low 38, bid 39 1/2.

Crown Reserve, closed 39, high 40, low 38, bid 39 1/2.

Green-Messiah, closed 39, high 40, low 38, bid 39 1/2.

La Rose, closed 39, high 40, low 38, bid 39 1/2.

University, closed 39, high 40, low 38, bid 39 1/2.

Victoria, closed 39, high 40, low 38, bid 39 1/2.

Yukon, closed 39, high 40, low 38, bid 39 1/2.

LARGE PRODUCTION

From La Rose Since Consolidated Company Took It Over.

A prominent New York Stock Exchange house has issued a circular on the La Rose Company, of which the following is a part:

The La Rose Consolidated Mines Co. was incorporated in May, 1908, under the laws of the State of Maine, with a capitalization of \$7,500,000, divided into 1,500,000 shares, par value \$5 each, of which 1,119,400 shares were outstanding June 20, 1908.

The Consolidated Co. owns over 97 per cent. of the La Rose Mines, Ltd., and all of the stock of the Violet Mining Co. La Rose Mines, Limited, is the operating company, following into a list of its claims: La Rose, La Rose Extension, Princess, Fisher, Eplett and Silver Hill. It also owns 90 per cent. of the capital stock of the University Mines, Limited.

To June 1, 1908, at which time the Consolidated Co. acquired its interest in the properties situated with a clean sheet, 2,675,161 ounces of silver have been produced, mostly from development work alone, netting the owners \$1,204,862.

The management reports from June to July this year a production of 501,288 ounces of silver, with an estimated profit of \$210,195, not including cobalt values.

Messrs. R. B. and Wm. Watson, in their report of July 15, 1908, state that the La Rose mine alone has practically developed and indicated ore reserves containing 4,894,000 ounces, with an estimated net profit of \$2,017,818, figuring silver at 45 cents per ounce.

Mr. T. R. Drummond, in a preliminary report dated June 1, 1908, states that there is in the La Rose mine alone ore available for mining containing 6,308,000 ounces of silver, of a net value of \$2,858,950, with silver at 45 cents per ounce.

Prof. Willet G. Miller, provincial geologist of Canada, in his report dated Aug. 9, 1907, states that the La Rose mine alone has practically developed and indicated ore reserves containing 4,894,000 ounces, with an estimated net profit of \$2,017,818, figuring silver at 45 cents per ounce.

Mr. T. R. Drummond, in a preliminary report dated June 1, 1908, states that there is in the La Rose mine alone ore available for mining containing 6,308,000 ounces of silver, of a net value of \$2,858,950, with silver at 45 cents per ounce.

Mr. T. R. Drummond, in a preliminary report dated June 1, 1908, states that there is in the La Rose mine alone ore available for mining containing 6,308,000 ounces of silver, of a net value of \$2,858,950, with silver at 45 cents per ounce.

Prof. Willet G. Miller, provincial geologist of Canada, in his report dated Aug. 9, 1907, states that the La Rose mine alone has practically developed and indicated ore reserves containing 4,894,000 ounces, with an estimated net profit of \$2,017,818, figuring silver at 45 cents per ounce.

AUSTRALIA'S WELCOME AMAZES U.S. FLEET

Admiral Says It Shows Good-Will - Government Regulation Almost Prohibits Big Parade.

SYDNEY, Aug. 20.-Rear-Admiral Sperry, commander of the United States fleet, in an interview today on the arrival of the vessels of his command, said:

"The welcome extended the American fleet has been hearty and impressive. The hillside and the cliffs from Botany Bay up were covered with people as close as they could stand. The enthusiasm of the welcome accorded us is almost beyond belief, and it seemed evident that such a demonstration of kindly feelings must have more back of it than mere curiosity and excitement. It is pleasing to me to think that this indicates a real and heartfelt sympathy between the two English-speaking nations which are united not only by the ties of blood, but by great and important interests in the Pacific and elsewhere."

The admiral has sent the following message, in reply to the communication from Alfred Deakin, the prime minister of Australia, welcoming the United States fleet to Australian waters:

"The American navy is fortunate in being the means of bringing Americans and Australians into closer touch, and the officers and men of this fleet are appreciative of the honor of being the messengers of friendship and goodwill."

There arose to-day a circumstance in connection with the parade of United States blue jackets and marines in Sydney to-morrow, which at one time promised to make impossible the carrying out of the program as originally planned, but the matter has been adjusted and the men will march in accordance with expectations.

FOLLOWED HER MOTHER'S EXAMPLE.

AND KEPT DR. FOWLER'S EXTRACT OF WILD STRAWBERRY IN THE HOUSE.

Mrs. W. J. Wilson, Tessier, Sask., tells of her experience in the following words: "I wish to tell you of the good I have found in Dr. Fowler's Extract of Wild Strawberry. Last summer my little girl, aged two years, was taken ill with Summer Complaint, and as my mother always kept Dr. Fowler's in the house, when I was a child, I seemed to follow her example, as I always have also. I at once gave it to my baby as directed and she was at once relieved, and after a couple of doses were taken was completely cured."

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY imparts a healthy tone to all mucous surfaces, corrects and heals all forms of canker and counteracts all tendency to pain and inflammation, while it gives tone to the debilitated system when weakened by exhaustive discharges and fluxes of whatever nature, thus making it the best and safest remedy for Diarrhoea, Dysentery, Colic, Cholera, Pain in the Stomach, Sea Sickness, Cholera Infantum, Cholera Morbus and all Summer Complaints.

Price 35 cents. Manufactured by The W. J. Wilson Co. Toronto, Ont.

York County and Suburbs

World subscribers in the City of West Toronto are requested to send their complaints of carelessness or late delivery at the World Branch Office, 22 Dundas-street East, West Toronto, for the World Office, 25 Yonge-street, Toronto. Intending advertisers may also transact business at the West Toronto Office.

MAYOR BAIRD DOES NOT FAVOR LONGER FRANCHISE

Suburban Company Has Right to Go on Other Streets - York Co. News Generally.

WEST TORONTO, Aug. 20.-A controller on a Lambton car blew up with terrific force about 7 o'clock to-night on Dundas-street between Medland and Pacific-avenues. The apparatus was completely wrecked and the explosion was so great that the passengers rushed out of the car, and a crowd of pedestrians gathered around fearing the motorman had been either killed or injured. However, when the smoke cleared away it was found that no one was hurt, and the car was forthwith shunted into the barn for repairs.

"We can't very well prevent the Suburban Railway Co. from extending their route down thru Swansea if they really are determined to do so," said Mayor Baird to-night. "In fact, they have a franchise over any streets in the city. But we can prevent them from laying the tracks along Keele-street, providing we are able to show them a better route, which I believe we can do. Claiming that they may have to issue new debentures to carry on the construction of the proposed new route, the Suburban Company want the franchise for the route they maintain that the existing 13 year franchise is too short to allow the debentures to be issued, of the company find it necessary to resort to this procedure. Will Not Extend.

"However this may be," continued the mayor, "we are determined never to grant an extension of the franchise to the Suburban Railway Company in West Toronto."

The franchise question, as well as annexation, will be discussed at the council meeting on Monday evening. The C.P.R. strike is apparently over the uppermost thoughts in the minds of the C.P.R. officials. Judging from a statement made to-day by a foreman in the local shops, it would seem that the city last night, "to get some accessories for the kitchen stove and I got thinking so much about the strike that I went down to the store to remember what I wanted to buy, and I had to come home empty-handed."

Joseph Rogers of St. Joseph, Mo., was arrested, charged with robbing Constable Lawrie for stealing a ride on a blind baggage car. He was handed over to the local police and lodged in one of the cells. He was subsequently released on suspended sentence.

Rev. Dr. Hazlewood returned home to-night after a three weeks vacation among the Thousand Islands and at Rideau Lake. He will preach at both services in High Park-avenue Methodist Church on Sunday afternoon.

A New Fire Hall. Work on the new fire hall is being rapidly pushed. The big 20 inch iron girders are all placed in position and the brickwork will be finished about the end of next week. As soon as the horses and chical engine can be transferred to the new hall, the work of remodeling the present building for municipal offices, will be commenced without delay.

Fire Chief Robinson leaves to-morrow morning for London, Ont., to attend the funeral of Chief Clark and the other victims of the recent fire in that city. An annexation meeting was held to-night in T. J. Smythe's office to receive the different petitions that have been circulated for signatures during the past week or ten days. These petitions will be presented to the council at their meeting Monday evening.

Jack Abernethy, 31 McCormick-avenue, C.P.R. engine-driver, met with a painful accident while on the run down the tracks. The engine slipped and fell on the engine cab and cut his head rather severely. Dr. Clendenan dressed the wound, which required four stitches. The accident will necessitate his absence from duty for about ten days.

BALMY BEACH. The fall regatta of the Beach Suburban Club takes place at Balmy Beach on Saturday, Aug. 22, at 2.30 p.m.

NORTH TORONTO. Excursion Car Was Crowded When Accident Occurred.

NORTH TORONTO, Aug. 20.-The breaking of an axle on an excursion car bound for Jackson's Point on Wednesday at Eglinton has an aspect even more serious than at first suggested. The accident occurred at a point near Eglinton, and despite the efforts of the motorman the car ran some distance before it could be brought to a standstill, fracturing the excursionists and doing some slight damage to the rolling stock. One of the passengers made a careful inspection of the four-inch axle and found that only about one-half inch of the break was new, while the balance was rusted, showing that the fracture was not of recent date. This is only another evidence of the lack of attention to detail which marks the general action of the Metropolitan Railway Corporation with respect to its rolling stock and equipment. It is bad enough to submit to inefficient seating and even standing accommodation in excursion cars, but to provide by the company to North Toronto without the added consciousness of the fact that little or no attention is paid to the actual safety of the patrons of the line.

Two weeks ago a World man took the census of the passengers traveling on the Metropolitan Railway system and found that the local traffic averages 176 passengers an hour. On Wednesday Chief Collins with an assistant took the census for the town and found that the World's figures were substantially correct, he being on duty till the last car ran north. The World's figures for one car with a seating capacity of 32, was 68, while Chief Collins' highest was 70. It is readily seen that the car accommodation in the rush hours from 5 p.m. to 6.30 p.m. when those small cars are laden with passengers to the number of 48, 60, 62, 46, 53, 44 and so on is wholly inadequate. Chief Collins will make another count at the C.P.R. crossing to-morrow (Friday).

BONDHEAD. Methodist Sunday School to Have First Harvest Services.

BONDHEAD, Aug. 20.-Harvest home services will be held under the auspices of the Methodist Church here on Sunday, Aug. 23. At 10.30 a.m. and 7 p.m. there will be a preaching service, and on Monday from 5 to 7 a baseball match, followed by a harvest home supper. Music, singing and other amusements will be provided. It is expected to prove a most enjoyable event.

BIG APPLE CROP. Reports from all parts of York County seem to indicate that the apple crop is seriously short. It is considered probable in the early part of the season, and will in fact be a good big average crop. This is reported by the growers, who are especially anxious to get the crop off to a good start. The crop is expected to be a larger yield than in years.

Belmont. The World returned on Wednesday night from Jackson's Point and reports the outlook along the Metropolitan Railway appears to be promising. The Commission men in touch with the Niagara district declare that the showing for all kinds of late fruits and especially apples will be a big surprise.

PICKERING. Nothing Wrong With the Fishing Around Here.

PICKERING, Aug. 20.-Miss Davis is seriously ill. The wife of her brother-in-law, D. Simpson.

W. E. Yanstone shipped cars of hogs and cattle from here to Kingsport, Ont. Oscar Stephenson of Toronto caught a 10-lb. pike in the river recently. He was visiting his uncle, John Stephenson, at Kingsport, Ont. The Presbyterian picnic takes place to-morrow to Dixie Hollow on the 3rd concession. The president of the G.T.R. is one that would meet with the views of nearly all our people. Many people around here have already sold their apple orchards to dealers. Many have sold by the orchard, while others realize one dollar per barrel.

The Methodist garden party on the beautiful lawn of D. Graham came off very successfully this week. The proceeds of the party were \$120.

WYCHWOOD. Looks Like Regrettable State of Affairs in Wychwood.

WYCHWOOD, Aug. 20.-The local Salvation Army corps will give a grand musical festival, assisted by the Dovercourt Juniors, next Monday evening, consisting of songs, recitations, dialogues, etc. Miss Hilda Chapman will sing in this concert.

The young men of Wychwood are dissatisfied with the local clergy, all four of whom are absent on their holidays at the same time. One of these young men said, "A fellow even can't get married, because there is no parson to tie the knot."

EAST TORONTO. Victim of Fall at Ryerson School is Buried at Norway.

EAST TORONTO, Aug. 20.-The funeral of the late William Painter of 2320 East Gerrard-street, whose death occurred last night, took place this afternoon from his late residence to St. John's Cemetery, Norway. Rev. Dr. O'Brien officiated at the funeral, which was held at the home. Deceased was a member of the Painter's Union, and the arrangements were in charge of the St. Joseph's and Balmy Beach baseball teams will meet on Saturday afternoon in the last game of the season. The game will be played at 2 o'clock in the East Toronto League.

YORK TOWNSHIP FRANCHISES. Proposal is Made That City Give Friendly Advice.

A misunderstanding has evidently gone abroad as to the proposed electric railway which is sought by the Toronto Suburban Railway from West

Toronto to Swansea. The draft agreement called for a 25 years franchise, but Reeve Henry was as doubtful as to the proposition as a granite rock, and his colleagues in the township council back him up to a man. The agreement was referred back for considerable modification, striking 12 years from the 25 year franchise asked for, as well as for a better car service than the draft agreement stipulated. Several other changes were suggested by the township council, which the modified agreement will have when presented to the council again on Tuesday, Sept. 1, and it will be a question, if even this modified draft agreement will be acceptable to the council.

One of the principal officials of the township said: "The World, yesterday that the city council should take a hand in and assist the township council in such matters, the question of franchise is sought in a district so contiguous as this proposed franchise is. The same official stated that it would save the city council lots of worry a few years hence."

A Ninety-Million Dollar Pay-Roll. The Pennsylvania pay-roll east of Pittsburgh alone was ninety million dollars last year, an increase of 10 per cent. over the year before, and its outlay for materials seventy millions, of which the greater part represented mere labor. In the June first passing the question of the township council was brought up for consideration, and the township council would be only too glad to confer with the city council in such matters, the question of franchise is sought in a district so contiguous as this proposed franchise is. The same official stated that it would save the city council lots of worry a few years hence."

In five years the Pennsylvania has increased its rate of wages 22 per cent. The total earnings of the lines east and west of that year showed an increase of \$30,000,000, and of that enormous sum labor got 65 per cent. In nine years \$50,000,000 has been paid in interest on the bonds of the Pennsylvania. Of this \$50,000,000 was charged to capital, upon which in this hour of anxiety and distress Mr. McCrea has to find money out of earnings to pay the interest.

Thanks to a long-time policy, instituted by the company long ago, when he was a boy, of making the most liberal appropriations possible for the purposes of improvement, the company has been able to extend its extension which could not, immediately produce additional revenue, the company has been able to pay its interest on the bonds of this vast outlay was taken out of profits.

Had it not been for this policy, had the rate been forced to pay interest now on that additional \$150,000,000, his task would, perhaps, have been beyond accomplishment, and this year of grace and "re-orientation" might have witnessed the most elaborate railroad disaster in history. The stockholders' rate of dividend was not increased. That \$100,000,000 was simply given back to the public from whom it came in the shape of increased facilities. Here is the year's dividend, showing a magnificent foresight from coming to naught. - J. K. Mumford, in Harper's Weekly.

GREAT ENGAGEMENT FOR FAIR. A star engagement for the grandstand performance of the exhibition is that of Les Trois Sylvestre, who only arrived from Paris, France, a few months ago. They will perform nowhere else in Canada. They are what is known as novelty neral gymnasts and are described as giving a sensational exhibition of equestrian feats in mid-air.

Who's Got the Dog. Hauled into the afternoon police court yesterday on a charge of keeping a dog without a license, Emma Lintz unfolded a story of the workings of an unknown genius.

Just when it became necessary that licenses be procured for wandering canines, this man prevailed upon her to buy the dog for \$2. She took the dog home, but it ran away. She went to see the original owner. He denied knowledge of the dog, so she says she heard it barking in his back yard. She has not had the dog since. The case was adjourned till Aug. 27.

TOWNSHIP OF YORK. Notice is hereby given that a bylaw (No. 247) was passed by the council of the Corporation of the Township of York on the 15th day of August, A.D. 1908, providing for the issue of debentures to the amount of thirty thousand dollars (\$30,000) for the purpose of enabling the Board of Public School Trustees of School Section No. 21, in the Township of York, to purchase and build an additional school house in said section, and that said bylaw was registered in the Registry Office of the County of York on the 6th day of August, A.D. 1908.

Any motion to quash or set aside the same, or any part thereof, must be made within three months after the first publication of this notice, and cannot be made thereafter.

W. A. CLARKE, Clerk of York Township.

Dr. Soper :: Dr. White.
