British Gunners Do Great Work

Important Factor in Defeat of The Germans

Latter Demoralized and Refuse to Obey Orders to Advance Against King's Troops—Allies' Air Scouts Outclass the Enemy's

London, March 15—The Daily Express correspondent on the Belgian front telegraphs:

"The sudden offensive of the allies from Champagne to the sea, resulting in the capture of the Germans wholly by surprise."

"A convincing indication of a partial temporary demoralization of the troops which bore the brunt of these five days of successive onslaught in the trial of German soldiers under escort at Ghent and Brussels, for trial by court martial. It is charged that they failed to respond to the order to make counter attacks with sufficient enthusiasm in some cases, it is said, they even failed to advance at all."

"Great havoc was wrought by the accurate fire of the British artillery which apparently was the prime factor in the paralysis of the Germans. All accounts of the week's fighting filtering through the frontier from German sources, chiefly from the wounded, lay stress on the terrible accuracy of the British shells which made some of the positions wholly untenable."

GREAT WORK OF AIR SCOUTS

London, March 15—The correspondent of the Daily Mail telegraphs from Rotterdam:

"The British success at Neuve Chapelle and Epinette, was due largely to the wonderful work of the allied aeroplanes. Not a German gun was laid, not a body of troops moved without being detected by the eyes of the British sky."

"German officers in Bruges admit their air service is hopelessly outclassed in numbers, dating and intelligence by the allies. From the sea to Ypres, the air is swept by aeroplanes practically every day, the British and French air men competing in feats of skill and daring while the Germans no longer face fuels in the air, past contests having proved disastrous."

ALL GOES WELL FOR THE RUSSIANS

London, March 15—A despatch to the London Times from Petrograd says:

"The German advance in the Mlava region of Poland has been delayed by a Russian action on their front and flank. The German column moving up the Orzavie and Omulew valleys, which were being checked."

"The enemy's infantry has failed to make headway in the plains north of Przasnys. The mild weather enables them to march, but during Friday night they were seized with panic, and withdrew three miles to the north, abandoning arms and ammunition."

"Our action on the extreme left of Field Marshal Von Hindenburg's armies appears to have modified his plan."

BRITAIN'S RETALIATORY MEASURES

Text of Order-in-Council, Relative to German "Blockade" is Given Out

London, March 15—The British order-in-council decreeing retaliatory measures on the part of the government to meet the declaration of the Germans that the waters surrounding the United Kingdom are military areas, was made public today.

No merchant ship sailing after March 15, will be permitted to proceed to a German port. Goods must be discharged in a British or allied country's port, unless passed for neutral destination.

Merchantmen carrying goods for other ports than an enemy destination may be required to discharge cargo at a British or allied country port or submit its merchandise to a prize court.

The same applies to goods of enemy origin. Persons interested in such cases may apply to the prize court for restitution.

Merchantmen clearing or passing for neutral ports, which proceed to an enemy port are liable to condemnation if subsequently captured.

Relaxation of the order is permissible in dealings with merchant vessels of any country which may declare that no commerce of Germany or ownership of British ships may be permitted to enjoy the protection of its flag.

THE LINKLETTER CASE

While the investigation into the accident which befell Switchman Percy Linkletter last week has not yet been conducted by L. R. Ross, I. C. R. agent, it is believed from facts gathered that his injuries were entirely accidental. The view is held that while rushing across the tracks at Gilbert's Lane, he stumbled and fell head foremost against a rail, and the story of an assault having been the cause of the accident is not generally believed.

WAS ATTACKED

William Morrissey appeared in court this morning to answer a charge of fighting on Rodney wharf on Saturday night. Private Thomas Reynolds testified that the defendant was walking along the wharf when Alfonso McDonald, who was arrested and left a deposit of \$20, jumped on him and throwing him to the ground kicked him. The defendant was allowed to go.

FAST IN ICE

The steamer Stanley which sailed on Saturday, the 13th, from Georgetown, P. E. I., is still in the ice between Cape Bear and Picton. The Minto, which sailed on the same day from Picton, is fast in the ice near Picton Island. Prospects for their clearance are considered poor at present. The Minto has 100 passengers aboard.

INQUEST

A jury empanelled by Coroner W. F. Roberts to enquire into the death of Private John Casey, of the 26th Battalion in jail here viewed his body in the morgue this morning.

CASE DISMISSED

A case against Roy Foster on a charge of pocket peddling was dismissed by Magistrate Ritchie in the police court this morning.

The magistrate stated that there was not sufficient evidence to show that the defendant was guilty although his actions were suspicious.

S. Ritchie appeared for the defendant.

THE KWANTO MANU, a special service ship, carrying 300 workmen, has left Yokohama to refloat and repair the Japanese cruiser Asama, which recently grounded on the west coast of Mexico.

SIGNING ON THE MEN HERE TODAY

Recruiting For Canadian Railway Construction Corps

ARTILLERY TO HALIFAX

School For Equitation Instruction in Carleton Tomorrow—Army Service Corps Men Here From Vancouver—General Local News

Active recruiting for the Canadian Railway Construction Corps was begun in St. John today. Several names were signed, and more are expected to be enrolled this afternoon.

The 3rd regiment of artillery for the 3rd regiment for service at Halifax will leave tomorrow evening. The latest word with regard to the R. C. M. Rifles is that their departure for training at Amherst will be on Wednesday.

A school of instruction in equitation is to be opened tomorrow in West St. John with the Army Service Corps, No. 5 Co. It is for the benefit of the men to accustom them to general military detail on horseback.

Recruiting

So far as recruiting for the 50th in St. John is concerned, it has not been very encouraging thus far, but it is expected to boom very soon with the opening of an active campaign in its interests.

To Take Charge

Lieutenant Richard T. Perry, No. 6 company division train, which is under Lieutenant-Colonel Masse, but which is still located in Vancouver awaiting orders, arrived in the city today.

Soldiers Won

The football team from the Army Service Corps won easily from a team from a New Zealand liner in port in an exciting game on the Marathon grounds on Saturday.

At Fredericton

About twenty men will leave Fredericton this evening for garrison duty at Halifax.

At Amherst

The 22nd French-Canadian Battalion, under Col. P. M. Gaudet, about 1,100 strong, arrived at Amherst on Saturday.

CORSICAN AT HALIFAX; WAS NEAR TO DANGER

Just Out of Mersey After Submarine Was Sunk

RECORD LOT OF MAIL

Liner Brought 9,000 Bags—Some of the First Contingent, Invalided Home, Were Among the 600 Passengers

Halifax, N. S., March 15—Although the Allan liner Corsican reached Halifax from Liverpool after a trip of seven days without lighting a German submarine she had passed down the Mersey only about an hour before a German submarine was rammed and sent to the bottom and another was chased away.

The Corsican reached Halifax this morning. Besides 600 passengers she brought the largest mail ever carried across the Atlantic, 9,000 packages.

The passengers were not aware that there were two German submarines lurking in the waters over which they had to pass. It was not until after one of the hostile crafts had been sunk and the other chased, that it became known that there had been danger.

A. R. Creelman counsel for the C. P. R. for fourteen years but who has recently resigned, was a passenger. Mr. Creelman said that he was just returning after a business and pleasure trip. He visited at Salsbury his son John J. Creelman, who is in command of the second brigade C. P. R. There are a large number of Nova Scotians in this brigade.

Mr. Creelman said that the men in the pink of condition when he left them a few weeks ago. They since left for France and he is still acting as consulting counsel for the C. P. R.

MEN OF SECOND CONTINGENT MAY SOON BE AT IT

Cab's to New York Prizes Those Who Recently Arrived at Shorncliffe From Canada

New York, March 15—A special to the American from Folkestone says that the Canadian contingents which have arrived in England, and which are now encamped at Shorncliffe, are all picked men, representative of the best fighting men in the dominion.

One battalion is composed exclusively of men from British Columbia. In other regiments, the volunteers are from various parts of Canada, notably Quebec and Winnipeg.

All have undergone considerable amount of drilling at home and, although they have by no means completed the full course of training, they have shown such remarkable aptitude since their arrival here that they may be ready to take their place in the fighting line within a very short time.

"The voyage from Canada to England was made without incident. The trip lasted ten days. Shooting practice was held aboard ship, while the men were crossing. On one of the transports, a big military athletic tournament was held. The behavior of the contingent since its arrival in England has been exemplary."

THREW CARTRIDGE INTO THE FIRE

Careless Act of Soldier Might Have Been Very Serious For Comrade

Private James F. Gilbert, of the 26th Battalion, narrowly escaped losing his life on Saturday as the result of a thoughtless act of one of his companions.

After manoeuvring about the outskirts of the woods in the rear of the old golf links the soldiers built a small fire and gathered about it to keep warm and also to prepare lunch.

One of the soldiers took a cartridge and threw it into the blaze to see what would happen. The cartridge was discharged and the bullet struck Private Gilbert in the face, inflicting a long gash over the left eye.

The officer in charge ordered him to hurry to the nearest drug store to receive treatment, after which he was to return to the armory. He hurried to Thomas J. Durick's where the proprietor rendered first aid. Had the bullet struck a little higher the young man might have lost the sight of his eye and even his life.

Major Crocker is expected to begin the organization of the 28th Field Battery in Fredericton this week. Several recruits were enlisted on Saturday.

A spray of orange blossoms came to the Times today from Florida. They were sent with the compliments of J. P. Cliff, 40 Victoria street, who wrote on March 8 from the Hotel Dixie, Titusville, Fla. Mr. Cliff wrote that strong, arrived at Amherst on Saturday.

French and Germans In Fight For Heights

Struggle In The Vosges Grows In Intensity

Paris, March 15—Growing intensity marks the resumption of fighting between the French and Germans in the Vosges Mountains, where both sides are struggling for heights which dominate railway lines.

The French forces lying in the Focht Valley have been reinforced by part of the army which has been operating west of Muelhausen.

Several cities have been bombarded along the battlefield during the last forty-eight hours.

British warships lying off the Belgian coast have been directing a heavy fire against the German positions near Ostend. It is reported that Lille has been bombarded by British artillery. Rheims and Soissons have been under German fire again.

British forces lying near La Bassée continue to exert tremendous pressure against the Germans. Counter attacks delivered by the Germans in great force have been repulsed and the invaders lost heavily.

A St. Omer despatch states that the British have been concentrating heavy forces at Ypres, which led to a lively bombardment of the city by the Germans. The French position at Vanuise, in the Argonne, which was recently taken by the French after a desperate hand-to-hand struggle, has been strengthened to such an extent that the Germans have abandoned all efforts to retake the place.

In Champagne, French attacks continue, the object being to cut through to Vouziers railway line, over which the Germans are transporting their supplies.

They Have Gone Down

Three Steamers Which Germans Hit Are Lost—Was Hoped They Might be Saved

London, March 15—The British steamers Floriana, Howlands and Hartland, which have been sunk by German submarines, all have sunk, according to an announcement made by the British admiralty today.

Earlier reports held out the hope that these ships, attacked within the last two days by German raiders, had not been destroyed and might be brought into port.

THE LOSS OF FTHE ANDALUSIAN

London, March 15—Captain Malley of the Ellerman Line steamer Andalusian, which was sunk by a German submarine, is reported to have been rescued.

"Sailing from Liverpool we kept to a course well westward in the hope of escaping submarines. But twenty miles northwest of Bishop Rock, the second officer reported a submarine off the port bow. I ordered the engineer to put on full steam and we got up a speed of eleven knots. The submarine, however, gained rapidly and came alongside and ordered us to leave in our lifeboats."

"In embarking in a lifeboat, I broke a rib. The German commander noticed this and invited me on board the submarine, where I went to the captain's cabin and a sailor bandaged my injury. The submarine towed our crew until we were near a British steamer, which we went aboard."

"I urged this steamer's captain to go back and try to save the Andalusian if she were still afloat. He turned back and when we came near the Andalusian, we saw the submarine quietly sunning herself beneath the stern of the wreck. She dived as we came near."

SUNK BY KRON PRINZ WILHELM

Rio Janeiro, March 15—The German auxiliary cruiser Kron Prinz Wilhelm, which has aboard 500 German sailors, has sunk thirteen vessels since she began her raid on commerce, according to the passengers and crew of the French steamer Guadeloupe, who were taken to Pernambuco by the British steamer Churchill. The Guadeloupe was sent to the bottom by the Kron Prinz Wilhelm off the eastern extremity of Brazil.

WOULD STOP ALLOWANCE OF RUM TO BRITISH TROOPS AT THE FRONT

Appeal to Government to Follow Russia's Lead and Prohibit Liquor Sale in Great Britain During War

London, March 15—Opposition to the action of the War Office in supplying rations of rum to the British troops at the front is manifest in many sections of the British press. Although the War Office, in defense of its action, stated that the allowance of rum was regarded by the military authorities as a medicinal supply rather than a part of the food ration, a large part of the demand for the abolition of the alcoholic ration comes from the medical profession.

A round dozen physicians, all of them leaders in their profession, were signers of a recent appeal to the government to follow the lead of Russia in abolishing absolutely the sale of spirituous liquors in Great Britain for the duration of the war.

THE WHEAT MARKET

Chicago, March 15—Higher prices at Liverpool, where there was a large decrease in stocks had a bullish effect today on the wheat market here. The outlook for a decided falling off in the domestic visible supply also counted against the bears. Offers were scarce here until the price in some cases had moved up 2-8 above Saturday's finish. The opening, which ranged from 1-1 to 1-5-8 higher, was followed by a continuous advance until orders to purchase were filled, but then a material reaction took place.

DEATH OF CHILD

Mr. and Mrs. John Warnock, of 85 King street, West St. John, will have the sympathy of their friends in the loss of their infant son, James Frederick, aged one year and ten months, who died this morning.

PRIZE WINNERS AT RANGE

Five prizes were awarded for the best scores in the various classes at the city rifle range last week. The competition was open and was designed to fill the handicaps for future contests. The prizes are very pretty sterling silver coffee spoons with the crest of the city enameled in colors on the handle and the inscription engraved on the back.

The winners were: Ladies, semi-prime, Miss Quinn, 98; standing, Mrs. R. P. Cowan, 94. Men, prime, Sergeant Downey, 95; standing, John McAndrews, 94. Boys, D. Masie, 95.

The classes for the competition this week will be: Ladies, standing and semi-prime; girls under eighteen years, standing, men, standing and prime; pistol, ladies and gentlemen. Prizes will be awarded for the highest average of any three barrels deposited in one day.

THE GOEBEN WRECKED BUT GUNS SAVED

Athens, March 15—A Saloniki despatch reports that the German cruiser Goeben of the Turkish fleet has been wrecked by striking a Turkish mine in the Sea of Marmora, and has been beached in Stenia Bay. Her guns are said to be saved and placed in shore fortifications. The Breslau and the other Turkish ships are in the Golden Horn ready for the final battle with the allied fleet if it forces the Dardanelles.

ORANGE GRAND LODGE

The grand lodge of the Loyal Orange Association will meet for their annual session tomorrow afternoon in Sussex, W. B. Wallace, K. C. who has completed his second year as grand master is being urged to run again but it is not known whether he will consent.

**THE CONGESTION FROM A BAD COLD LOOSENED UP IN ONE HOUR**

Nerviline Rubbed On at Night—You're Well Next Morning

**NERVILINE NEVER FAILS**

When that cold comes, how is it to be cured? This method is simplicity itself, rub the chest and throat vigorously with "Nerviline," rub it in good and deep; lots of rubbing can't do any harm. Then put some Nerviline in the water and use

as a gargle; this will ease the cough, cut out the phlegm, assist in breaking up the cold quickly. There is no telling how quickly Nerviline breaks up a hard racking cough, eases a tight chest, relieves a pleuritic pain. Why, there isn't any liniment with half the power, the penetrating qualities, the honest merit that has made Nerviline the most popular American household liniment.

A large 50 cent bottle of Nerviline cures ill of the whole family, and makes the doctor's bills small. Get it today. The large size is more economical than the small 25 cent size. Sold by dealers everywhere, or direct from The Calverton Co., Kingston, Canada

**AN OLD FRIEND IN BASEBALL GAME**

Here is Frank Small, a Pitcher Whom Old Nationals Brought to St. John

(Bangor Commercial)

Frank L. Small, familiarly known as "Jocko" in his college days at what is now the University of Maine, and who put that institution on the map in the baseball world as one of the most famous pitchers of his day, has been in Bangor for a few days, on his return from the north woods, where he has been connected with lumbering operations on the Coe & Plunge holdings.

Mr. Small graduated from the University of Maine in the class of 1888 and since that time has been in various parts of the country, having returned last year from New Mexico, where he had been in mining operations which were closed on account of the war.

After leaving college he was connected with professional baseball for two or three seasons but for several years was located at Hampton, Va., Institute as instructor in mechanical engineering.

Since that time one of the big jobs that he has undertaken and carried through was the installation of the heating and lighting plant at Wesley College, which was the gift of John D. Rockefeller.

Mr. Small's baseball work while at the University of Maine was one of the most notable of any player at that institution. His backstop was the late Seymour Rogers, a former Stetson boy who although considerably lighter than Small was able to do most effective work in catching the very speedy deliveries from the box. During their work on the team of the University of Maine won the championship of the series after the first two games of the series had been dropped. In one of the games played in Bangor against Bowdoin, he struck out 12 of the opposing team.

During his college career he played with the Portland team in the New England league, and made so enviable a reputation that a strong effort was made by the Boston National team to secure his release from Portland. The Boston manager was unable to procure his release that season and the following year was Small's most remarkable one in the Maine college series.

After graduation Mr. Small played with the St. John team and coached one of the teams in New Brunswick. He dropped out of professional ball playing to accept the position at Hampton Institute, and has since been engaged largely in engineering and mining projects, returning from New Mexico last fall.

Mr. Small will go from here to his former home in Freeport, where he has a son living, his wife died some years ago.

Small and Rogers were imported to St. John by the old Nationals as battery in the days when St. John was really baseball mad.

William S. Lawrence, of Moncton, is dead, leaving two sons and two daughters. The sons are—Edgar, W. E., of Montreal, and Arthur E., of Alton, Mass. The daughters are—Mrs. Neil Powell, of Toronto, and Mrs. Daniel Shaw, of Moncton.

**SPECIAL BARGAIN FEATURE IN SPRING MILLINERY AT MARR'S TODAY AND TOMORROW**

For today and tomorrow only, the Marr Millinery Company, Limited, present a bargain opportunity such as seldom, if ever, occurs so early in the season. It is a chance for thrifty shoppers to secure from two to three smart spring millinery creations for what is ordinarily paid for one.

It has been announced by the Marr management that the firm's spring opening of this year has been given every standpoint, the most successful in their history, and that the offer referred to is made to start the season with an extra rush, as well as to acquaint local shoppers with the exceptional quality and ultra stylishness of their rich display of English, French and American millinery and accessories.

The feature bargaining line is particularly attractive, embracing, as it does, 2,000 dozens of untrimmings hats, and being composed of hats which, at this part of the season, sell as a rule, at \$5.00 and \$6.00 each, but which have been placed on sale, for today and tomorrow only, at the wonderfully low figure of \$2.00 each.

Bargains of this kind come few and far between, and those in quest of the choicest offerings should pay an early visit to Marr's.

**DUTY IN MATTER OF ST. JOHN'S GOOD WORKS**

In the course of his sermon in the Congregational church last evening, Rev. Ralph J. Haughton referred to social and moral conditions of the city and made a strong plea for that charity which begins at home. In this connection he said:

"These are days when many appeals are made to us all, The Patriotic, Belgian and Red Cross Funds, and we respond willingly. But too often we leave other things undone; we neglect our own who are in need. I do not say one word against what is being done in the name and for the sake of patriotism, but I do believe that our own philanthropists

**MOTHER! IT'S CRUEL TO FORCE OIL OR CALOMEL INTO A SICK CHILD**

If your child's stomach, liver and bowels need cleaning give "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow. It should be a first remedy given as it always does good, never any harm.

Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages, and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse

**"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels**

Look back at your childhood days. Remember the "physic" that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do to their children. These ought to be given as it always does good, never any harm.

and charities should not be allowed to suffer—we must permit our own poor and needy to go begging. The city has money when it wants it for banquets, but it has no grant for the Salvation Army, no money for boys' and girls' playgrounds, in short, no money for its own charities and its own needy boys and girls. These ought to be given as it always does good, never any harm.

Friends let us not neglect our own because we reach out to another work."

**LATCH STRING STILL OUT**

Chatham World—Premier Clarke, in reply to Mr. Stewart, did not show his hand on the crown land question, but intimated that something may be done after the survey and classification are completed. So the leaseholders are not yet out of the woods, and will feel the necessity of keeping in touch with the government.

Mrs. William Wilson, wife of the postmaster of Chatham, died in Montreal on Friday. She was a daughter of the late William Johnson of Chatham.

Jane Elizabeth, widow of James Love, died on Saturday at the home of her daughter, Mrs. Mary Brown, of Fredericton, aged 80 years.

**HAD DYSPESPIA**

So Bad Could Not Take a Drink of Water Without Suffering.

Dyspepsia is one of the most difficult diseases of the stomach there is to cure. You eat too much. Drink too much. Use too much tobacco. You make the stomach work overtime. You make it perform more than it should be called on to do. The natural result is that it is going to rebel against the amount of work put on it. It is only a matter of a short time before dyspepsia follows.

That old, forty year old remedy, Burdock Blood Bitters, will cure the dyspepsia and will cure it to stay cured as we can prove by the thousands of testimonials we have received from time to time.

Miss Sarah McRae, Newfield, Ont., writes: "I write to say that I have used your Burdock Blood Bitters, and have found it the best remedy I have ever used for dyspepsia. Two years ago, I had stomach trouble so bad that I could not even take a drink of water without suffering. I took six bottles of B.B.B., and have been entirely cured and can now eat anything without any bad after effects."

Burdock Blood Bitters is an old and well tried remedy but on account of the many substitutes we would ask you to make sure that our name appears on both the label and wrapper as this preparation is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

**VINOL DID ME A WORLD OF GOOD**

Woman Seventy-Five Years Old Exhausted by Effects of Grippe, Restored to Strength by Vinol.

Canton, Miss.—"I am seventy-five years old, and I contracted a severe cold and cough due to a case of LaGrippe, so that I lost my strength and became very weak and feeble. Vinol was recommended to me and after taking it for some time, I can truly say it has done me a world of good. The cold is gone, and my cough is practically cured and it has built up my strength, so I feel active and well again. I think a lot of Vinol, and tell all my friends about what it has done for me."—Mrs. LIZZIE BALDWIN, Canton, Miss.

Old people may regain much of their former strength and vigor by taking Vinol, our delicious cod liver and iron tonic, on which so many elderly people depend for good health. Vinol sharpens the appetite, aids digestion, enriches the blood and in this natural manner cures strength.

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrate form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added.

**COULD NOT GO TEN STEPS FOR THE PAIN IN HIS KIDNEYS.**

When you get a pain in the back you may rest assured that it comes from derangement of the kidneys, for were there not something wrong with the kidneys the back should be strong and well.

Doan's Kidney Pills regulate the kidneys, and there is no further excuse for any kidney trouble to exist. What more needs to be said? While Doan's Kidney Pills are not a "balm for every ill that flesh is heir to," they are a positive, never-failing remedy for every disease that has its inception in the improper action in those delicate little filters of the blood, the kidneys.

Mr. Adelaar Cleroux, Eganville, Ont., writes: "I was troubled with my kidneys for four years. They were so bad, at times, I could not go ten steps for the pain they caused me. My doctor could not do me any good. A friend advised me to use Doan's Kidney Pills. I bought five boxes, and now I have been cured for over three years. I will recommend them to whoever may be suffering from kidney trouble."

Doan's Kidney Pills are 50c per box; 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. When ordering direct specify "Doan's."

THE WAR NEWS

A German submarine on the last three days of last week sank four British steamers and one French steamer, and damaged three others. The submarine is said to be a new craft, and one of the largest and fastest of the German fleet. She was too fast for any vessels which gave chase, and was fast enough to overhaul her own prey. Naturally there is some anxiety in shipping circles.

assailed, and threatened with an appeal to the country. No doubt the government fears that the Standard's appeal is postponed the more light will be thrown upon its peculiar methods, and the less likelihood there will be of successfully stampeding the electors by appeals to patriotism.

GIVE US THE FACTS

The Standard is wildly excited because the public has been informed that Commissioner Chandler at first declined to consider the charge made by Mr. E. S. Carter in the matter of the \$2,900 collected from the Dalhousie Lumber Company, and that he afterwards reconsidered his decision. The Standard asserts that Mr. Carter will be given a hearing and the charges fully investigated. This is exactly what Mr. Carter desired, and no one was more surprised than he when Commissioner Chandler informed him that the matter in question did not come within the scope of his powers as commissioner. So far as the Standard is concerned, it would have been quite enough for that journal to inform its readers that the commissioner had changed his mind, and that the inquiry would be held. Neither Mr. Carter nor the Standard nor the Times is in any way responsible for the fact that the commissioner when first asked to make the inquiry informed Mr. Carter by letter that the case did not come within the scope of his powers. There must be some reason for the wild excitement of The Standard. Mr. Carter had something to do with certain inquiries by a Royal Commission last year. He was violently assailed by The Standard and its friends before that inquiry began and while it was in progress. The public know, however, that Mr. Carter was right. The report of the Royal Commission contained ample justification for the course he pursued. It might therefore be wise to withhold criticism of Mr. Carter in the present case until the inquiry has been made.

THE PEOPLE REMEMBER

The members of the Clarke government should not assume too lofty an attitude in relation to themselves and their policy. The people of New Brunswick do not overlook the fact that the Clarke government is the Flemming government, except that Mr. Flemming has retired and Mr. Baxter has been taken into the fold. The gentlemen behind Premier Clarke are the same gentlemen who so loudly protested about a year ago that Mr. Flemming was a high-minded statesman. They are the same gentlemen who were his colleagues and supporters when the timber land scandal, the Southampton Railway scandal and the Valley Railway scandal were shaping up to the startling exposure which came last year. It is quite true that the government has the continued support of almost the whole body, but that is because the people have not had an opportunity to pronounce upon the government whose record was revealed by Royal Commissions last year. Premier Clarke and his friends are living in a fool's paradise if they think for a moment that the people have forgotten or that they are satisfied that Mr. J. K. Flemming is the only man who should come under public censure and condemnation. It is to be expected, in view of last year's revelations that the Clarke government will be somewhat more circumspect than its predecessor, but any solemn professions of political purity and high and statesmanlike resolve which it may make are bound to be weighed in the public mind with a due regard for the record of the Flemming government. The people will be very glad indeed if a better record is made, but they cannot be blamed if they entertain a degree of skepticism in that regard.

A CLEAR DISTINCTION

A fact that needs to be particularly emphasized in connection with the budget proposals of the Borden government is that the tariff increases and the additional burden placed upon British trade are not made necessary by the war, but by the extravagance and reckless expenditure of the government. The Liberals offer no objection whatever to the war vote, however large it may be. They are as anxious as the government and its supporters to place the full resources of Canada at the service of the Empire in this great crisis, which involves the fate of Canada quite as much as it does that of the Mother Country. Their objections and their criticism relate wholly to the domestic policy of the government, and to the increasing burden which that policy places upon the people of the country. They have a right also, and would be grossly neglectful of their duty if they did not seek the fullest information as to the manner in which funds for war purposes and supplies are expended by the government. There is but too much evidence that friends of the government have been taking advantage of the situation to make profit for themselves, with very little regard for the welfare of the men who are offering their lives in defence of the country. It is the policy of the government and its supporters to harp continually on the war and Canada's duty to the Empire, in order to divert attention from their own misdeeds in the administration of public affairs. It is because the Liberals insist on having the light turned upon these misdeeds that they are so bitterly

STRENGTH

Without Overloading The Stomach. The business man, especially, needs food in the morning that will not overload the stomach, but give mental vigor for the day. Much depends on the start a man gets each day as to how he may expect to accomplish the work on hand. He can't be alert with a heavy, fried-meat-and-potatoes breakfast, requiring a lot of vital energy in digesting it. A Western business man found a food combination for producing energy. He writes: "For years I was unable to find a breakfast food that had nutrition enough to sustain a business man without overloading his stomach, causing indigestion and kindred ailments. "Being a very busy and also a very nervous man, I had about decided to give up breakfast altogether. But luckily I was induced to try Grape-Nuts. "Since that morning I have been a new man; can work without tiring, my head is clear and my nerves strong and quiet. "I find that Grape-Nuts, with a little sugar and a small quantity of cold milk, makes a delicious morning meal, which invigorates me for the day's business." Name given by Canadian Postman Co., Windsor, Ont. Read, "The Road to Wellville," in plugs. "There's a Reason." Ever read the above letter? A new one appears from time to time. Comopolis, Germany (by wireless to Sayville)—A rumor reaches here that the Reichstag is contemplating passing a bill reducing the size of all shoes and footwear two sizes. The effect would be two-fold, it is stated. First, owing to the shortage of leather, an immense saving would be shown. Second, a large corn crop would be raised. "If any man here," shouted the temperance speaker, "can name an honest business that has been helped by the saloon I will spend the rest of my life working for the liquor people." A man in the audience arose. "I consider my business an honest one," he said, "and it has been helped by the saloon." "What is your business?" yelled the orator. PATRIOTISM AND LOYALTY

To the Editor of The Times: Sir,—It has been noticed that at the end of performances in all theatres and picture shows in our city, when the orchestra plays God Save the King, the majority of people consider it a signal to put on their coats and escape from the building as quickly as possible. To my mind this shows great lack of respect and loyalty to our glorious king and country. Why cannot the Imperial Order Daughters of Empire and other patriotic societies, as well as our officers and men of the different corps now here, stand quietly while the few bars of the National Anthem are being played and so set a loyal and patriotic example to the apparently thoughtless public. I wish to say also in reference to the deplorable fact that a man in the uniform of the 24th battalion was paraded through the streets, as a prisoner with the chain gang a few days ago, I find upon inquiry that this only occurred once, as the colonel of the regiment who was all unconscious of the lamentable fact immediately took steps to prevent its happening again. I might say that the principal reason for my taking up your valuable space is that the aim and work of our Imperial Order Daughters of the Empire is patriotism and loyalty. Thanking you for your kind publication. L. A. R. ADAMS, Regent deMonts Chapter, I. O. D. E.

Now Entirely Cured—Never Used Any Medicine With Such Benefit as Dr. Chase's Nerve Food. Headaches, sleeplessness and nervousness are often very disagreeable, but when your nervous system gets into such a condition that the nerves twitch and jerk, and you have peculiar nervous sensations come over you there is cause for grave alarm. I look forward to MRS. McKELLAR, than helplessness. Sometimes it is helplessness of body, and at other times the mind is affected, which is far worse. The writer of this letter did not know what to expect, but fortunately began the use of Dr. Chase's Nerve Food in time to head off danger, and

writes that she was entirely cured of the old trouble. The last paragraph proves that the cure was lasting. Mrs. John McKellar, 11 Barton street east, Hamilton, Ont., writes: "I was injured some years ago, and that left me with a broken-down nervous system. I could not sleep, and suffered from twitching of the nerves and disagreeable nervous sensations. I then began using Dr. Chase's Nerve Food, and can say that I never used any medicine that did me so much good; in fact, I am entirely cured of my old trouble. The Nerve Food not only strengthened the nerves, but also built up my system in every way." Under more recent date Mrs. McKellar writes confirming her cure, and states that she has had inquiries from many people who had heard of the great benefits she obtained from Dr. Chase's Nerve Food. D. J. O'Neil  
The death of a well known resident of St. John occurred on Saturday in the person of Daniel J. O'Neil who passed away at his home, 67 St. David street, after an illness which had lasted some time. Mr. O'Neil was a native of St. John and was sixty-one years of age. He had been in business in the city market for a lengthy period, and had been head of the firm of D. J. O'Neil & Co. In that connection he was well known for upright and honest dealings, and his business life made him a great number of friends whom he retained to his death. Mr. O'Neil was interested in various Catholic societies, including the Knights of Columbus, C.M.B.A. and the L. & S. Society, besides being a member of the Slaughter House Commission.

Friends will deeply sympathize with the family in their great loss. He is survived by his wife, five sons and two daughters. The sons are Charles P., James C., John J. and D. Roy, all of St. John and Louis M. with the Dominion Coal & Steel Co., Sydney, C.B. Misses Katherine and Evelyn, at home, are the daughters. The funeral will be tomorrow morning by the Cathedral, with high mass of requiem.

Mrs. Eliza McLean, widow of James McLean, formerly a well-known builder, died last evening at her home, 189 Duke street at the advanced age of ninety-two years.

The death of Miss Sadie Baillie occurred at the home of her father, John Baillie, Lancaster avenue, after a lengthy illness. Besides her father, she is survived by three brothers, William and Robert of West St. John, and George M., C.B., Bonnet Cove, Portville, and two sisters, Mrs. Jarvis Wilson, west side, and Miss Annie at home.

James King, twenty-seven years old, died on Saturday at his mother's home, 41 Brook street. He is survived by two brothers, Edward of Portland, Me., with whom he had been working, Walter and William at home, and four sisters, Mrs. James Doyle, Portland, Me.; Mrs. Louis Martin, St. John, and Misses Blanche and Elizabeth at home.

Edward R. Losier, aged sixty-nine died recently in Tracadie. Among his family is Dr. Losier of Chatham, now at the front, who is a son.

The death of Mrs. William Porter occurred at her home in St. Stephen on Saturday evening. She was sixty-eight years old and is survived by her husband and three sons.

The many friends of Mr. and Mrs. Hamilton will sympathize with them in the death, early on Saturday morning, of their infant son, Robert Edwin. The little one was a year old and had been unwell for some time past, death being not unexpected. Mr. and Mrs. William J. Hamilton, of Harrison street, and Mr. and Mrs. E. H. Nicole, of City Road, are the grandparents.

Michael Griffin, a recluse, aged about fifty-eight years, was found dead early last evening in the little shack which he occupied alone in British street. Heart failure is regarded as the probable cause. He had been a longshoreman for several years, since the death of his mother some twenty years ago, had lived alone in the hovel where he died.

Mrs. Annie Mahoney, widow of the late John Mahoney, died at the home of her daughter, Mrs. Charles Conway, 121 Sheriff street, yesterday. She leaves two sons, Michael, and J. J. (the latter in the 26th Battalion) and three daughters, Mrs. Conway, Mrs. Thomas Keighan, of Bangor (Me.), and Mrs. Walter Roddy. The funeral will take place tomorrow afternoon.

Frederick A. Graham, formerly C. P. R. shed foreman at Montreal died at his residence, 169 Queen street, West side, yesterday after a long illness dating back to a severe attack of typhoid from which he never fully recovered. He was a member of Branch 188, C. M. B. A., and was very popular with his associates. His father, Thomas Graham, of the West side, and his mother survives with six sisters and three brothers. The sisters are Mrs. Edward Flanagan, of the West side, Mrs. E. B. Welch, of Mulgrave (N. S.), Misses Minnie, Katie, Louise and Margaret at home. The brothers, Edward, John and Lewis, all of this city. The funeral will be held Tuesday morning with requiem mass at the Church of the Assumption.

Charlottetown, P. E. I., March 14—Mrs. Read, wife of Captain Joseph Read, Summerside, mother of Captain J. L. Read, of the steamer Minto, died here today at the home of her brother, Dr. George Caruthers.

**THE WHOLE BODY NEEDS PURE BLOOD**

The bones, the muscles, and all the organs of the body depend for their strength and tone and healthy action on pure blood. Hood's Sarsaparilla makes pure blood. It is positively unequalled in the treatment of eczema, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling. There is no other medicine like it. Be sure to get Hood's and get it today. It is sold by all druggists.

**PRISONER FOUND DEAD IN THE POLICE CELLS**

John Casey, a former member of the 26th Battalion, who was arrested Saturday night on a drunkenness charge, was found dead in his cell a short while afterwards. Coroner Roberts was summoned and will hold an inquest this evening. About an hour after the arrest the prisoner and discovered that he was dead. He notified Chief Simons, and he in turn sent for Dr. Dunlop and the coroner. Mr. Casey was thirty-two years of age. He is known to be survived by one brother in Oldham, Lancashire, England.

**DARKEN GRAY HAIR, LOOK YOUNG, PRETTY**

Sage Tea and Sulphur Darkens so Naturally That Nobody Can Tell

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears and after another application or two, your hair becomes beautifully dark, thick and glossy.

**IN THE CHURCHES**

Rev. Herbert Johnston, M. A., of Park street church, Halifax, preached at both services in St. David's Presbyterian church yesterday.

Miss Mabel Aepplihaug, Baptist missionary to India, spoke yesterday in Victoria street church in the afternoon and in Ludlow street in the evening.

Bishop LeBlanc announced yesterday that forty hours' devotions will be held at the Cathedral on Friday and Saturday next and that on Sunday special peace services will be held and the Pope's peace prayer read.

The unusual mildness of this winter was suggested as a special mark of Divine care by Rev. Dr. J. A. Morrison in his sermon last evening. Dr. Morrison also referred to the exceptional mildness of the winter following also the great fire of 1877 when many were without proper shelter.

**Spring Millinery Opening Tuesday and Wednesday**

Every woman will be anxious to inspect the lovely new Hats at this opening exhibit.

Paris, despite the war, still holds first place in the field of millinery designing, and the influence of French genius predominates throughout the display.

There are also smart Hats picturing the finest efforts of English and American style artists, and it is altogether a vast portrayal of "first choice" creations, exclusive and elegantly fashionable.

Children's headwear has not been overlooked, and there will be hundreds of the cutest offerings from those of the wee tots to hats for little girls at school.

**Millinery Accessories in Abundance**

**CANADA IN THE WAR**

Sir John French has sent a message to Gen. Alderson, officer commanding the First Canadian Contingent, congratulating the Canadians for their splendid work on the firing line.

**FOR A BAD COLD**

The surest way to stop a cold is to give the liver and cleanse the bowels, and the nicest cathartic to do this is a 10-cent box of Cascarets. Take one or two Cascarets tonight and your cold may be gone by morning.

Gunner L. M. Johnson, of Montreal, a member of the second contingent, is reported dead in England with pneumonia. Lieut. Col. Oxley, had word yesterday that his son, Lieut. E. D. Oxley of the Imperial forces, had been wounded in action.

**BURIED ON SATURDAY**

The funeral of Mrs. Louis Smith took place Saturday morning from her residence, Military road, to St. Peter's church where requiem high mass was celebrated by Rev. E. Walsh, C. S. S. R. Interment took place in the new Catholic cemetery. Six grandsons acted as pallbearers. The funeral cortege was long and gave testimony of the esteem in which Mrs. Smith was held. Many beautiful floral tributes were received, among them a very pretty cross of ivy and white roses from neighbors.

**PILES**  
Do not suffer another day with Itching, Bleeding, Protruding Piles. No surgical operations required. Dr. Chase's Ointment will relieve you at once and so certainly cure you. Box, 50c; all druggists, or Edmondson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 5c. stamp to pay postage.

**Spring Style Show Week**

**Grand Opening Tuesday, 16th and following days**

We extend a hearty invitation to all to come on opening days and see the beautiful garments we have assembled for St. John people this season.

Workmanship and the expression of the style idea is even of a higher standard this spring and yet prices quoted by the very best makers are much more moderate on account of the war influence.

We feel sure we can give you a Costume, Coat or Dress this season that will be pleasing in every way.

Come and see for yourself next week.

**SPORT NEWS OF A DAY, HOME AND ABROAD**

**BOWLING City League**

In the City league on Black's alleys on Saturday night the Sweeps took three points from the Tigers. The scoring by both teams was exceptionally good and the game was interesting. Jenkins with 101 of an average led the winners and Cosgrove the losers with 94 of an average. The tabular score follows:

Sweeps		Total Ave.
Jenkins	88 100 106 294	101
McIntosh	88 84 95 267	89
Gambin	97 88 85 265	88 1/2
Ferguson	105 98 88 291	97
Sullivan	118 94 94 296	99 1/2
406 468 458 1422		

**Tigers**

Total Ave.		
Belyea	91 98 96 285	95
Gilmour	85 102 78 265	88 1/2
McDonald	108 94 79 276	93 1/2
Moore	88 91 106 285	94 1/2
Cosgrove	106 104 85 295	98 1/2
468 469 446 1408		

Jenkins and Morgan tied in the daily roll-off each having a score of 118.

**Won Match Game**

On Black's alleys Saturday afternoon an interesting 10 string match game was played between H. J. Weston and A. Lemmon. The former won by a grand total of 1007 to his opponent's 127. The winner's highest string was 137.

**HOCKEY**

**Ottawa Wins Championship**

Although defeated Saturday night by the Wanderers by a score of 1 to 0, the four goals lead of the Ottawa club gave them the N.H.A. championship. The game was played in Montreal and despite the great fight put up by the local club they failed to score more than one goal.

The Ottawa's victory over the Wanderers makes them eligible to play Vancouver for the professional hockey championship of the world. They are now enroute to the coast.

**BILLIARDS**

**Champion to Give Exhibition**

Alex Taylor, who is said to be the leading exponent of fancy billiard shots in the world, is to give a private exhibition in the Union Club tonight, and in the Elks club tomorrow night.

**CURLING**

**Thistles Trimmed Moncton**

Three rinks of Moncton curlers were defeated Saturday on Thistle ice by a total of 23 points to 42. The following is a list of the skips and their respective scores:

**News of the Boxers**

Al Reich and Jim Coffey are booked for a scrap in New York this week. Ad Wolgast is not going to take his physician's advice and give his bad right arm a rest for six months. He has signed to box in Milwaukee early next month. After that battle he says he will rest until next fall. The reason he gives is that he does not want to close up the season and leave the public believing he is a "dead one."

**FOOTBALL**

**Harvard Makes Early Start**

The spring football practice of the Harvard squad will start next week commencing today. Coach Haughton will be in charge.

The first week of the spring training will be limbering up work, the men practicing the rudiments of the game. But the last two weeks of the short season will be spent in active work, the daily programme including a hot scrimmage.

All the men who expect to report for the team next fall will be required to report, except the ones who are in active service with some other athletic squad. Among those who will be kept from participating in the spring work are the pigskin chasers are Capt. Mahan, the speedy halfback, who is pitching for the ball team; J. A. Gilman, the big guard of the 1914 team, who was kept out of the sport last fall, but who will be back with the crimson eleven in 1915, who is also pitching; Westmore Wilcox, considered the fastest man on the squad, and several other good men who are working with the baseball and track squads.

The Harvard team next year will have to be recognized very considerably, for very few of the regulars of last year will return. The substitutes proved themselves of the right metal, however, in several games, and Coach Haughton should have good material from which to make his team.

**BOYS' CONFERENCE MOST SUCCESSFUL**

Moncton, March 12.—What was pronounced as the most successful Older Boys' Conference ever held in Canada was brought to a close last evening at a meeting attended by many, in the basement of the new First Baptist church. The chief speaker was J. L. Alexander, of Chicago. He said that this was the 511th Boys' Conference that he had attended. Next Sunday he will speak in an Oklahoma town, on the following Sunday at a girls' conference in Kansas, on the next Sunday in Texas, and the next in Alabama.

Addresses also were delivered by Taylor Statten and A. S. McAllister, representing the Y. M. C. A., and brief addresses by others, including the newly elected president of the boys' conference, A. M. Gregg and Vice-president Fred N. Myles, P. J. Legere and T. P. Hutchinson, all of St. John.

**MYSTERY IS ELUCIDATED**

Origin of the Famous "Charley Horse" is Explained

Few people, fans or ball players, understand where the expression "Charley horse" originated. The original Mike Kelly, the greatest catcher of them all, the best-loved ball player that ever lived, was the author.

In the '80s, when Kelly was with Chicago, he had a friend who owned a string of horses. In the stable was an old breed winter named Charley. White was the name of the owner. He entered Charley in a selling race and tipped Kelly to play the animal.

Charley went to the post at 50 to 1, and he was hammered down to almost even money. He led into the stretch, but fell and created a hundred of Kelly's money.

For years after Charley took that tumble White told Kelly that if that Charley horse of mine hadn't taken that crimp in his leg the bookies wouldn't have taken that crimp in your roll, eh, Kelly?

So Kelly applied the name Charley horse to a strained muscle.—New York Sun.

**MORNING NOTES OF THE WAR**

The U-29, one of the newest and swiftest type of German submarines had been working in the English channel and off the Selby Islands and has done heavy damage to British merchant pedoled seven steamers, three of which escaped partly damaged. Two others were officially reported sunk, the collier Onvergyre and the steamer Indian City, from Galveston, Texas, while it is unofficially reported that the steamers Florissant, and the Andalusian have been sunk.

The Admiralty announced on Saturday that, up to March 10, eighty-eight British steamers, merchant and fishing vessels, had been sunk or captured. Some 5,000 German prisoners were in Have on Saturday being taken to England, as the result of land fighting which more than offsets the German submarine successes.

**CAUL TAYLOR MISSING**

Paradise Row Man Not Heard From in Month

Last Seen in Mill Street in February—Anxious Wife Has Been Seeking News of Him in Vain

What has become of Caul Taylor of 88 Paradise Row? That is a question which his wife is trying anxiously to solve and which has been a source of worry to his friends. He has not been seen or heard of since February 17, and now that almost a month has passed without word of him, fears are expressed as to his being still alive. Mr. Taylor was quite well known about the city. He had worked for a time with Wm. Steiger, and later with Michael Harley, but at the time of his disappearance had not been working.

His wife has made diligent inquiries, but without succeeding in getting any information concerning him beyond that he was last seen in Mill street on February 17. She has been making search quietly, with the aid of the police. Her husband, she said today, when last seen was wearing a light hat, black overcoat, and dark clothes. He is about five feet three inches in height, weighs about 145 pounds, fairer dark complexion and with a black moustache. Mrs. Taylor would appreciate any information which might lead to his whereabouts.

**GRAMPAN ARRIVES SAFELY AT LIVERPOOL**

Steamer From St. John Had Lifeboats Ready For Launching in Case of Submarine Attack

A Liverpool despatch says: "The liners Cameronian and Grampian, from New York and St. John, N.B., respectively, arrived here safely today. Both passed through the Irish Sea, without being attacked by submarines, but their lifeboats were made ready for launching as soon as the liners reached British waters."

**FAIRVILLE SCHOOL CLOSED TODAY**

Tomorrow Also, To Guard Against Diphtheria—Petition to Mayor and Commissioners

Because of some cases of diphtheria among the scholars in the school the authorities deemed it necessary to close the building today and tomorrow so that all the rooms may be thoroughly fumigated. During the past few months, several of pupils have been sick with this disease, but hitherto only the particular room to which the scholar belonged was fumigated at the time. It is hoped by making a complete job to stamp out the trouble entirely.

The agitation was begun by the Lancaster board of trade for improvements in the water system, has resulted in a petition in the name of the Fairville Drug Co. and is being signed by ratepayers and property-holders. The petition, which is addressed to the mayor and commissioners, follows:

"We, the undersigned property holders and ratepayers of the parish of Lancaster humbly petition that the proposed improvements in the water service in this district be a matter to receive your immediate attention in order that work may commence on same as early as season permits and be completed in summer of 1915. The said improvements to be in the form of stand pipes to be situated so as to insure a proper force of water for the supply of residents between Spruce Lake and City Line without the necessity of pumping, and also that, in viewing this matter you bear in mind that we have been long suffering and patient, that we are and have been heavily taxed for very little benefit and in many cases no benefit, and that we are asking not for a luxury but for a very great necessity."

Miss Margaret Irvine who is employed in the government service in Fredericton, spent Sunday with her mother here.

The firemen this evening are to try their hand at another little celebration in their snug room over the engine house.

**POLICE COURT**

Preliminary hearing was commenced in the police court this morning in the case against William Larson, charged with stealing a photograph from Eskel Helin, a Swede, who is sail-maker on board the bark Bellville, at Long wharf. The plaintiff testified that on Friday, the 11th, he missed the photograph, and later found it in Gilbert's second-hand store. He said he got the instrument from his uncle in Stockholm.

William Vangerson, a Russian Finn, carpenter on board the bark, testified that he saw the defendant on the ship about seven o'clock Thursday night.

Joseph Gilbert, who is employed with his father in the second hand store in Mill street, said that the defendant sold him the machine for \$2. He gave his name as W. Johansson, and said he resided in Main street. The case was then postponed until tomorrow morning.

In the police court this morning two men arrested on drunkenness charges were remanded.

James F. Boyle was fined \$5 or two months in jail for using profane language.

**ST. PATRICK'S DAY TEA**

**CHANDLER WILL INVESTIGATE**

E. S. Carter Receives Letter From Commissioner Saying He Will Hear Evidence on Berry's \$2,900 Transaction—Berry Needed as a Witness

E. S. Carter, Liberal organizer, received a letter this morning from Wm. B. Chandler, K.C., in which Mr. Chandler says:

"Although I am still somewhat doubtful as to the matters mentioned in your letter to me of the 12th instant, being within the scope of my powers as commissioner, I have concluded to hear the matter. I shall be obliged if you will give me a brief statement of the facts to which you propose to give testimony."

Mr. Chandler adds he will be able to take the matter up on next Thursday morning in Fredericton.

Mr. Chandler's letter is dated March 8, at Moncton, and was mailed there on Saturday afternoon, and Mr. Carter received it this morning.

The matter Mr. Chandler refers to is that of the payment of \$2,900 by the Dalhousie Lumber Company to W. H. Berry, which money did not reach the treasury of the province, but is alleged to have been used to settle some sort of obligation of the province to the Miramichi Lumber Company.

After Mr. Carter wrote on March 12 asking Commissioner Chandler to investigate this matter, the commissioner replied that it did not come within the scope of his commission. Subsequently, on the train, he told Mr. Carter he would communicate with him further. Mr. Carter did not know until this morning that Commissioner Chandler had decided to investigate this transaction.

It is now assumed that Commissioner Chandler will make arrangements to summon to Fredericton and hear, under oath, all witnesses whose presence may be necessary in order to ascertain the exact nature of this Berry transaction. Berry will be one of the witnesses required.

**CARLETON WORK AND THE COMMISSION**

Mr. Wigmore Gives Figures in Refutation of Statements

With a few facts and figures Commissioner Wigmore on Saturday answered an argument put forward by a correspondent in a local paper to the effect that West St. John was not getting its fair share of attention under the commission of government.

Commissioner Wigmore said that during the last three years, out of an expenditure of \$80,000 for water mains and extensions for the whole city nearly \$20,000, or twenty-five per cent was spent in Brooks and Guys wards in spite of the fact that the receipts from the water assessment for those wards was only about \$10,000 or seven per cent of the total.

"In considering these figures," Mr. Wigmore said, "it should be remembered that only about one-tenth of the population and about one twentieth of the assessed valuation are found in these two wards."

The work carried on in the West Side has included extensions of the service and also the renewal of more than 2,000 feet of mains, the latter doing away with every foot of sheet iron pipe which had been a menace to this section of the city for years. The sheet iron pipe, which is not supposed to last more than twenty-five years, had been allowed to rust for almost sixty years under the old common council.

In addition to this, during the last year alone, more than twenty-five new fire hydrants were placed in this section at a cost of \$5,800 while in the whole city only \$6,800 was spent for this purpose.

A comparison of the last three years with the previous period, under aldermanic rule, would show that during the old regime not a cent was spent for the renewal of any of the mains or hydrants, and that the new work undertaken was so insignificant as to be almost unnoticeable.

The entire twelve inch cement lined main from the city line to Spruce Lake, the commissioner said, will have to be replaced at the earliest possible opportunity and he hopes to be able to complete this work within his term of office.

In addition to the work carried on in Guys and Brooks ward a large amount has been spent for new work in the parishes of Beaconsfield and Lancaster, which are outside the city line, and the development which has followed in this district has been of great importance to the merchants and other citizens of Carleton.

"During my term of office the existing works in West St. John," he said, "have been looked after fully as well as in any other section of the city and I am sure that an inspection of our books, which are open to any one who wishes to see them, will satisfy any unbiased person that the affairs of the West Side are being well looked after."

**Spring Millinery Opening**

An event every woman of taste gathers, to revel in, admire, and select from, Tomorrow, Tuesday and balance of week.

During this showing of the Fashionable Spring Hats will be found here the most charming and stylish models from Paris, London, New York and Canada. The shapes depicted are mostly small, although many in dressy styles are in the large flat sailor effects. Other popular shapes are the "Tipperary," Trecon and Small Sailor, in the composition of which the following materials are very prominent, viz.: Ottoman or Gorgiette Silks, Crepe Meteor, Crepe de Chine and Porcupine Braids in all the new shades; also many have transparent brims.

These seem to be generally a flower and ribbon season, as far as trimmings are concerned, chief among these embellishments being small bunches of flowers and fruits. The trimmings are mostly low set, but a few feather novelties are shown in military effects. But to fully appreciate the true beauty and becomingness of these models, you require to visit this exhibit and examine them yourself.
