TWELVE PAGES—ONE CENT

MINERS WANT A LONGER TERM

Old Wage Scale to April Next Not Satisfactory.

Workmen Favor Two to Three Year Agreement — May Take Month to Pump Mines Out — President Harding's Message Expected Today.

(By Canadian Press.) Philadelphia, Aug. 18.—Members of the negotiations committees of anthracite miners and operators were to meet again this afternoon. Both miners and operators today continued to hold the optimistic attitude manifested after the first conference yesterday.

The main issue involved concern wages. In a pre-conference announcement the operators agreed to take back the miners at the old wage scale, while the miners waived their demand for a twenty per cent increase. It was understood, however, that the operators would only extend the old wage scale agreement until next April, whereas the miners desired a long term contract if they agreed to resume work at the former rate. The point was understood to have been made that if mining were to be resumed with the old scale standing only until April, another suspension then might have to be faced. Mine workers' officials were said to be in favor of a two to three year agreement.

Just how soon normal production in the mines can be resumed is a problem continuing to be studied, as many of the mines are in bad shape. Operators said that some of them would take from a month to six weeks to get into safe condition. Three cloud-bursts at Carbondale this summer flooded mines there to such an extent that it may take a month to pump them out.

President's Message. Washington, Aug. 18.—President Harding's message dealing with the rail and coal situations in the U. S. was expected to be presented to congress early this afternoon.

That the president in reading his message would "make some recommendations" became known last night, but there were no indications as to their nature.

Though early resumption of coal mining in the bituminous fields and a likely settlement of the anthracite strike were looked to as promising a serious fuel shortage this winter, it was recognized that there will be some difficulty in getting the supply properly distributed and to prevent profiteering.

TENNIS CHAMPIONSHIP IN MEN'S SINGLES IS CALLED OFF ON ACCOUNT OF RAIN.

The one maritime tennis championship title not decided yesterday, that in the men's singles, is still undecided and will remain so. Captain E. B. Black, of Lunenburg, the Nova Scotia champion, arrived on this morning's train and was to have played Hiram I. Short, of Robb's Bay, but the match had to be called off on account of rain. Both players were averse to spending any more time on the matter and the title will not be given this year. Captain Black will return to his home today.

Short, it is said, was offered the match by default, as the rules gave it to him when Captain Black did not arrive yesterday, but he refused in a very sportsmanlike manner and said that there would be no maritime champion unless he could play off with Black for the honor.

Of the five maritime titles, four were won by Nova Scotia and the fifth is in abeyance for the year.

BURIED TODAY. The funeral of Mrs. Agnes Hansel-packer was held this afternoon from her late residence, 182 St. James street, to Fernhill. Rev. William Townshend conducted service.

MISS M. A. DICKINSON. City clerk of Windsor, Ont., one of the two ladies in Canada holding such a high official position. She is the daughter of the late James Dickinson, once editor of the Port Arthur Sentinel and the Windsor World. She is attending the Canadian Municipalities convention in Winnipeg.

Almost Normal on The United States Railroads

Disorders, However, Continues in Some Sections.

Attempt to Dynamite Tracks in Alabama — Jail Sentences For 13 — Progress at Yesterday's Meeting on Shopmen's Strike Matter.

(By Canadian Press.) Chicago, Aug. 18.—Transportation blockades, particularly in the far west caused by train crews walking out, virtually were cleared away today as railroad heads and leaders of the train service unions remained in New York for another conference for peace in the shopmen's strike. In the far west, where the tie-up was most effective, conditions improved rapidly and railroad officials announced resumption of almost normal transportation. The Atchison, Topeka and Santa Fe, Union Pacific, Western Pacific and Southern Pacific reported striking trainmen back on their jobs.

Disorders incident to the rail strike continued. Three workers employed in railroad shops at Cincinnati were attacked and severely beaten. A roundhouse employe of the Texas and Pacific at Dallas, Texas, was injured by a bomb which shattered the roof of the building. A tear bomb used by police in dispersing a crowd of striking shopmen at Topeka, Kas., routed the police also. A third attempt to dynamite tracks of the Louisville and Nashville in Birmingham occurred at Grace, near Birmingham.

Shots were exchanged between workers and strikers at the Colton, Calif., plant of the Pacific Mail Express. The fight started when rocks were thrown at workers as they emerged from the plant. Eight strikers were arrested.

Thirteen Sentenced. Jail sentences of three months in federal district court at Guthrie, Okla., to thirteen striking railroad shopmen charged with violence against men who took their places in violation of an injunction of the court.

Eight strikers from Enid were sentenced. It was testified they participated in what they called a "night party," at which shop workers were beaten after being kidnapped.

Five men from Sapulpa were sentenced on charges of assaulting employes of the Santa Fe railroad.

Some Progress Made. New York, Aug. 18.—A committee of officials of the five big railroad brotherhoods, in the role of mediators, today prepared to resume their conference with a delegation of executives representing 148 roads, in the hope of settling the strike of United States shop craft workers.

For more than four hours yesterday the labor men and railroad presidents debated the ground upon which the walkout must end without success. Labor men after the conference expressed belief that progress had been made toward a favorable settlement, but one executive ventured the opinion that the settlement agreement was still far distant. The understanding was that debate had centered on the question of seniority.

The strike of railroad shop craft unions will be settled here, Warren S. Stone, of the Brotherhood of Railway Engineers, declared today, as the committee of five rail brotherhoods finished several informal conferences before meeting the rail executives to continue their work of mediation.

Lahaie Has 504 Majority at Present in Labelle By-Election. Buckingham, Que., Aug. 18.—Latest reports last night give Desire Lahaie Liberal candidate, a majority of 504 over Langis, Conservative, with twenty-three polls yet to hear from, all of which are small points.

Later. Buckingham, Que., Aug. 18.—With reports from 65 out of 78 polls received, Desire Lahaie, Liberal, was leading his Conservative opponent, J. C. Langlois, by 880 votes in the provincial by-election in Labelle county. The election of Mr. Lahaie was conceded. Liberals expect that when all the returns are in he will have a majority of about 600.

LARGE NUMBER ARE INDICATED. 216 Men Charged in Connection With Mine Battle — 78 face First Degree Murder Accusation. Wellsburg, W. Va., Aug. 18.—Two hundred and sixteen men were indicted yesterday by the Brooke County grand jury for alleged participation in the battle at the Clifton Mine, Cliftonville, on the morning of July 17. Seventy-eight are charged with first degree murder, and the rest with conspiracy. All but fifty of the indicted men are in custody.

As Hiram Sees It

Dempsey to Meet Will's in Polo Grounds

New York, Aug. 18.—After the State Athletic Commission had granted the application of a license to conduct boxing matches at the Polo Grounds, John M. O'Connor, president of the club, announced he had received Harry Will's agreement to meet Jack Dempsey in a fifteen round bout to a decision for the world's heavy-weight title. The agreement calls for an October match, preferably Thursday, the twelfth, to be staged in the New York Giants' ball park, seating 35,000 persons.

THUNDERSTORMS MOVE EASTWARD

Relief From Recent Heat Wave in United States Promised — Some High Temperatures.

Washington, Aug. 18.— Promise of gradual relief from the heat wave, which has brought prostrations and deaths in many parts of the country, was offered last night by the weather bureau with the announcement that the area of lower over the northwest would move slowly eastward, attended by showers and thunder storms and reach the Atlantic coast Saturday. The highest temperature yesterday was seventy-eight, while Portland, Maine, enjoyed seventy.

Temperature of ninety-six were reported yesterday at St. Louis, while at Chicago and Pittsburgh reported ninety-two, and Washington ninety-one, while Philadelphia and New York each registered ninety. New England, on the other hand, appeared to be especially favored. Boston's highest temperature yesterday was seventy-eight, while Portland, Maine, enjoyed seventy.

REAL ESTATE NEWS. Recent property transfers have been recorded as follows: W. E. Anderson to Margaret St. C. Anderson, property on King street. Heirs of Sadie Cohen to L. Cohen, property in Charlotte street.

Executors of Irene M. Simonds, to W. G. Reiker, property in Victoria street. T. White & Son, Ltd., and others to Hollingsworth & Whitney, Ltd., properties in St. Martins.

Walter Baldwin to M. J. Ryan, property in Sussex. S. H. O'Dell to Elizabeth E. O'Dell, property in Hammond. F. G. Spencer to Ononette Summer Home, property in Westfield.

SABINE-HIBBERT. On Monday, August 14, Rev. G. D. Hudson, pastor of Victoria street Baptist church, united in marriage Miss Hazel May Hibbert and Swamin Sabine. They will reside in this city.

MONTREAL SHIP LINERS AGREE. Will Accept Scale Offered by Company, Five Cents Less Than Board's Recommendation. Montreal, Aug. 18.—Differences existent for the past four months between the Shippers' Association of the port of Montreal, Local 2098, and shipping companies were composed here last night, when the former agreed to accept the reduced scale of wages offered by the companies in April last. The men will receive fifty cents an hour for day work and sixty cents for night work, a cent an hour less than the scale recommended by the board appointed under the industrial dispute act in response to a request by the union.

MORE MEMOIRS. London, Aug. 18.—Winston Spencer Churchill, secretary for the colonies and former Premier Herbert H. Asquith, are the latest recruits to the memoir writing field. It is understood that Mr. Churchill will receive £20,000 and Mr. Asquith a lesser sum for books to be published about the end of the present year.

NOVA SCOTIA PREMIER CONFERS WITH MINERS AND OPERATORS

Conditions in Mines Getting Worse — Springhill Police Chief Stoned — Watchful Waiting in Pictou Districts — More Troops Called

(Canadian Press Staff Correspondent.) Sydney, N. S., Aug. 18.—Premier G. H. Murray arrived this morning, and went into conference with Col. Gordon Harrington, legal adviser of the United Mine workers; President Dan Livingstone, Secretary J. B. MacLachlan and others of the United Mine Workers' executive. What passed has not been given to the press.

NEW PRESIDENT ARRIVES. Dan Livingstone, newly-elected president of District No. 26, U. M. W., arrived at Sydney this morning. He was met by Secretary J. B. MacLachlan and proceeded immediately to Glace Bay. It is not known how soon a conference of the new executive will be held, but probably this afternoon, when former President Baxter will hand over the reins of office.

H. J. McCann, general manager of the Dominion Coal Co. at Glace Bay, said this morning that conditions at the collieries were practically the same as yesterday, except that more water and gas had formed in the mines where the pumps and fans were idle.

Sydney, N. S., Aug. 18.—So far as could be learned at an early hour this morning no untoward happenings occurred through the night and all is quiet at the collieries. While this is true as regards physical violence or belligerency between strikers and their so-called enemies, it is certain that the past twelve hours have seen damage to the flooding mines that will require months to repair.

It is not known just when Dan Livingstone, the new president, will arrive from Westville. All seem to look to him to provide the next move in the situation, and it is expected that immediately he arrives a conference will be held either at Sydney or Glace Bay. SWITCHES DISMANTLED.

Additional details have been furnished regarding the mischievous acts laid to the credit of the Sydney and Louisburg strikers last evening. It is said that at the entrance to the yard at Dominion No. 1 the railway switches were found to be dismantled and spiked. Ties were also thrown across the track. The Sydney and Louisburg Railway has cancelled its accommodation trains between Glace Bay and Louisburg and placed an embargo on all freight beyond Glace Bay owing to strike of freight handlers, checkers and sectionmen.

At Springhill. (By Canadian Press.) Springhill, N. S., Aug. 18.—(By Canadian Press)—Following the mishap to Chief of Police D. L. Smith last night when he was struck on the head by a stone thrown by someone unknown, while he was engaged in remonstrating with a crowd of strikers and their sympathizers for attacking the electric plant of the Dominion Coal Company here, Springhill settled down to a quiet night and up to a late hour this morning no disturbance of any kind has been reported. It is not believed here that Cumberland county mines have been damaged to any serious extent as yet, although mine officials are experiencing great difficulty in maintaining pumping operations.

Springhill, N. S., Aug. 18.—(Canadian Press)—A number of panes in the windows of the electric plant of the Dominion Coal Company here were smashed last night by stones, some say thrown by small boys. Chief of Police Smith was struck on the back of the head by a stone.

Company officials are manning the pumps, but the water is said to be making headway in one of the mines. It is not thought that any damage has been done yet. There has been little disturbance here.

Watchful Waiting. New Glasgow, N. S., Aug. 18.—(By Canadian Press)—Beyond a slight alteration near Stellarton late last night when one man, not an official of the company, was forcibly prevented from entering the mine, nothing has occurred within the Pictou county coal fields to mar the quiet which settled down over the area with the opening of the one hundred per cent strike. All necessary work to preserve the mines is being performed by officials of the company concerned without interference on the part of the strikers.

(Continued on page 2, seventh column)

GRIFFITH'S LAST WORDS TO IRISH

Dublin, Aug. 18.—"Let the people stand firm for the Free State, it is their national need and economic salvation. Love to the Irish people and to all my colleagues and friends."

These are the words of the last message of Arthur Griffith to the Irish people, written on April 15, when the president of the Dail cabinet decided to attend a meeting at Sligo called by the leader of the army executive forces in the west.

The message is to be printed in Saturday's edition of Young Ireland, Griffith's paper.

In an explanatory note, the editor states that Mr. Griffith, anticipating the possibility of serious consequences arising out of the action of those who had seized Sligo, wrote the statement, which remained unopened until a few days after his death.

B.C. FISH MATTER

Canada and Britain Want Concessions Before Negotiating Pacific Salmon Protection.

Seattle, Aug. 18.—Unless the senate will ratify the sockeye salmon treaty, affecting salmon native to the Fraser River, and unless it withdraws its standing objections to the halibut and lobster treaty, the Canadian and British governments will not enter into negotiations with the United States for a treaty of the Pacific beyond the three mile limit, states a special dispatch to The Times from its Washington correspondent today.

WAS BRED IN NEW BRUNSWICK

Bill Sharon, Winner of Bull's Head Stake Yesterday Left Here in 1920—Grand Circuit Card Today.

Fredericton, N. B., Aug. 18.—Bill Sharon, 2,044, winner of the Bull's Head stake in the trotting feature at the Philadelphia Grand Circuit meeting yesterday, has the distinction of being the highest priced trotter ever bred in Canada. He is by Captain Aubrey, 2,074, imported by the Nova Scotia Government some years ago, but was bred and raised by Sam J. Boyle, of Fredericton, and developed by Trainer William Sharon. Mr. Boyle sold the trotter three years ago to Archie Brown, of Thomas W. Murphy, of Poughkeepsie, N. Y., for \$25,000 in American funds, which at the then rate of exchange meant about \$28,000 in Canadian funds.

Philadelphia, Aug. 18.—What was declared to be the most successful Grand Circuit harness race meeting ever held here was brought to a close this afternoon with four events carded. The sulky brigade will move to Poughkeepsie. An aggregate of \$5,000 was offered in the trotting feature, even to the Ridgeway stake, a purse of \$1,000, open to 2:13 trotters; The Kirk, also a \$1,000 event, open to pacers of the 2:05 class, and a one heat dash of a mile and 100 yards for 2:15 pacers, with a purse of \$500. The horses were to be started at a walk to the 100 yard pole.

The meeting was to be brought to a close with a racing novelty, a distance handicap for the Belleisle-Stratford Cup and a \$1,000 purse. The rules provided that the horses be handicapped as foot racers are. The slowest was to be started in the starting positions until the starting signal, after which they were to turn and race the distance of one mile and 40 yards.

WILL VISIT INDIA. London, Aug. 18.—In view of the situation in India considerable interest centres in the announcement that the Earl of Winterton, under secretary of state in the India office, will visit India unofficially. He will sail on Sept. 1.

LIGHTNING STRIKES IN SEVERAL PLACES IN NOVA SCOTIA TOWN. Clark's Harbor, N. S., Aug. 18.—An electrical storm here yesterday splintered a bed in which three children were sleeping in the home of Walter Nickerson without injuring the children; smashed windows in the residence of I. Cohen, the glass cutting a child's hand; damaged the chimney and damaged the interior of Roy Watson's property and slightly damaged the residence of John Atkinson at Stony lalar.

GIANTS INCREASE THEIR MARGIN

Now Three and One-Half Games Ahead in Race.

Cardinals Slips Down a Peg — Features of Yesterday's Games—Late Sport News. New York, Aug. 18.—The Giants again buckled the Pirates machine, winning 6 to 3, and by the victory climbed still farther away from the second place Cardinals, who dropped their second straight to Brooklyn at St. Louis, 8 to 7. The McGraw band now is three and a half games to the good.

McQuillan twirled for the Giants, and Frank Frisch saved him from a loss by several brilliant plays. Brooklyn and the Cardinals had a close struggle, with the St. Louisans making an eighth and ninth inning bid that fell short by one run.

St. Louis and New York, the leading American League teams, both were victorious. The Yankees' win over Detroit increased Joe Bush's string of wins to twenty. Incidentally Cobb failed to get a hit in four times at bat.

The Browns, after being helpless before Morgridge for eight innings, solved his delivery in the ninth, kept up the attack on Francis, who relieved him, scored eight runs and won 8 to 5.

The Boston Red Sox took two games from Chicago, 3 to 2 and 5 to 1. The Athletics turned back the Indians 8 to 1, Tilly Walker accounting for his twenty-eighth homer.

Hubbell buried well against the Reds and scored the only run of the game in the fifth inning. The Cubs swept clean the series with Boston, winning 7 to 2.

STRONG ATTACK ON JUDICIAL NOMINATIONS

"Reward For Political Services Rather Than Professional Qualifications," Says Bar Association Resolution — C. D. Richards, N. B. Vice President.

Vancouver, B. C., Aug. 18.—(Canadian Press)—Report that the "vicious" system of making judicial nominations as rewards for political services rather than professional qualifications shows no signs of disappearing" was expressed in the majority report of the committee on the jurisdiction of justice, submitted to the annual meeting of the Canadian Bar Association last night. Until this danger is removed it would be inadvisable to restrict the right of appeal to a privy council, which would also sever a most important tie binding Canada to the empire, the report said.

Sir James Aikens, lieutenant-governor of Manitoba, was unanimously re-elected president of the association.

The following vice-presidents for the maritime provinces were named: —New Brunswick, C. D. Richards; Nova Scotia, Mr. Justice Mellich; P. E. I., Justice Warburton.

WIFE SHOTS GIRL BEFORE HUSBAND. Drawers Revolver From Dress as Couple Land From Windsor Ferry. Windsor, Ont., Aug. 18.—When Miss Jeanette Dodson, 23, stepped off Walkerville ferry boat at Detroit last evening, with Harry Patton, with whom she attended the Windsor races, the first person she saw on the ferry dock was Mr. Patton's young wife, Virginia. Mrs. Patton drew a small calibre revolver from her dress and fired a bullet into Miss Dodson's left lung. Miss Dodson was taken to the hospital where her condition is said to be serious.

HIS SPEECH CAUSE OF ROW. Edwin Denby, secretary of the United States navy, who made a speech in Japan regarding the rough handling of American freight that has caused the British Chamber of Commerce in China to demand an explanation. Mr. Denby declared that in some instances American freight has been handled roughly to prejudice foreign markets against American goods.

As Hiram Sees It

Dempsey to Meet Will's in Polo Grounds

New York, Aug. 18.—After the State Athletic Commission had granted the application of a license to conduct boxing matches at the Polo Grounds, John M. O'Connor, president of the club, announced he had received Harry Will's agreement to meet Jack Dempsey in a fifteen round bout to a decision for the world's heavy-weight title. The agreement calls for an October match, preferably Thursday, the twelfth, to be staged in the New York Giants' ball park, seating 35,000 persons.

THUNDERSTORMS MOVE EASTWARD

Relief From Recent Heat Wave in United States Promised — Some High Temperatures.

Washington, Aug. 18.— Promise of gradual relief from the heat wave, which has brought prostrations and deaths in many parts of the country, was offered last night by the weather bureau with the announcement that the area of lower over the northwest would move slowly eastward, attended by showers and thunder storms and reach the Atlantic coast Saturday. The highest temperature yesterday was seventy-eight, while Portland, Maine, enjoyed seventy.

Walter Baldwin to M. J. Ryan, property in Sussex. S. H. O'Dell to Elizabeth E. O'Dell, property in Hammond. F. G. Spencer to Ononette Summer Home, property in Westfield.

SABINE-HIBBERT. On Monday, August 14, Rev. G. D. Hudson, pastor of Victoria street Baptist church, united in marriage Miss Hazel May Hibbert and Swamin Sabine. They will reside in this city.

MONTREAL SHIP LINERS AGREE. Will Accept Scale Offered by Company, Five Cents Less Than Board's Recommendation. Montreal, Aug. 18.—Differences existent for the past four months between the Shippers' Association of the port of Montreal, Local 2098, and shipping companies were composed here last night, when the former agreed to accept the reduced scale of wages offered by the companies in April last. The men will receive fifty cents an hour for day work and sixty cents for night work, a cent an hour less than the scale recommended by the board appointed under the industrial dispute act in response to a request by the union.

MORE MEMOIRS. London, Aug. 18.—Winston Spencer Churchill, secretary for the colonies and former Premier Herbert H. Asquith, are the latest recruits to the memoir writing field. It is understood that Mr. Churchill will receive £20,000 and Mr. Asquith a lesser sum for books to be published about the end of the present year.

NOVA SCOTIA PREMIER CONFERS WITH MINERS AND OPERATORS. Conditions in Mines Getting Worse — Springhill Police Chief Stoned — Watchful Waiting in Pictou Districts — More Troops Called

(Canadian Press Staff Correspondent.) Sydney, N. S., Aug. 18.—Premier G. H. Murray arrived this morning, and went into conference with Col. Gordon Harrington, legal adviser of the United Mine workers; President Dan Livingstone, Secretary J. B. MacLachlan and others of the United Mine Workers' executive. What passed has not been given to the press.

NEW PRESIDENT ARRIVES. Dan Livingstone, newly-elected president of District No. 26, U. M. W., arrived at Sydney this morning. He was met by Secretary J. B. MacLachlan and proceeded immediately to Glace Bay. It is not known how soon a conference of the new executive will be held, but probably this afternoon, when former President Baxter will hand over the reins of office.

H. J. McCann, general manager of the Dominion Coal Co. at Glace Bay, said this morning that conditions at the collieries were practically the same as yesterday, except that more water and gas had formed in the mines where the pumps and fans were idle.

Sydney, N. S., Aug. 18.—So far as could be learned at an early hour this morning no untoward happenings occurred through the night and all is quiet at the collieries. While this is true as regards physical violence or belligerency between strikers and their so-called enemies, it is certain that the past twelve hours have seen damage to the flooding mines that will require months to repair.

It is not known just when Dan Livingstone, the new president, will arrive from Westville. All seem to look to him to provide the next move in the situation, and it is expected that immediately he arrives a conference will be held either at Sydney or Glace Bay. SWITCHES DISMANTLED.

STRIKERS WRECK 3 TROLLEY CARS

Injured Estimated at 50 in
Midnight Affair—Number
of Dead Unknown.

Buffalo, N. Y., Aug. 18.—Three trolley cars bound for the falls containing excursionists from Washington, Harrisburg and Baltimore, were wrecked by strikers just after midnight. It is not known how many are killed, if any, but the injured have been removed to hospitals in Buffalo and in Tonawanda and it is estimated the injured will number fifty.

MARKED GAINS IN WALL STREET

New York, Aug. 18.—(Wall Street, 10:30).—Conspicuous strength of industrial and specialties, many of which showed gains of large fractions to two points, featured the opening dealings today on the New York stock exchange. Bulls were slightly irregular and relatively inactive, despite the declaration of President Stone, of the railroad, in the meetings here. Allied Chemical and Northern Pacific each broke through to new peak prices in the first fifteen minutes of trading. Chandler jumped two points and gains of a point or more were scored by Barnsdall, A. and B. Standard Oil of California, California Petroleum and Louisville and Nashville. United States Steel common opened 3/8 higher at 109 1/4 and then rose to 109 1/2 a new high price for the year. Mexican Petroleum, Union Pacific and Chicago and Northwestern declined fractionally.

PERSONALS

Mrs. James McJunkin of Boston, Mass., is a guest of Mrs. Ross, 37 Leinster street.
Mrs. W. H. Semple left this morning for P. E. Island to visit her parents. She was accompanied by her daughter, Myra.

Keeper of Records and Seals.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

GALLAGHER AND SHEAN CONTEST AT OPERA HOUSE

Due to the number of people who were unable to get into the Opera House last Friday night the management in response to a number of requests will repeat the Local Talent Night and Gallagher and Shean contest. To say that the contest has stirred up a hornet's nest would be placing it mildly; half the folks in town who think they can sing have written verses on this well known song, and the contest tonight promises to be a lively affair. At the Saturday matinee the Merry-makers promise to offer several attractions specially for the children, and will repeat the successful sing-song or singing class and distribute toys. That the Merry-makers have caught on with the children, was evidenced by the genuine pleasure the kiddies got out of last Saturday's show, and indications are that Saturday's matinee will again be a success. Mothers are assured that the children who come along will be well taken care of, and to these mothers who must bring their babies every courtesy will be shown and special parking places for the perambulators and carriages.

LOCAL NEWS

HAD ARM CUT

Mrs. M. S. Mitchell, of 800 Prince Edward street, was brought to the General Public Hospital this afternoon with a bad gash in her arm just above the wrist. Several stitches had to be taken in the wound. The injury occurred when her arm accidentally slipped through the glass in a door.

A SOLDIERS MONUMENT

Moncton Transcript: Mr. Ferris, Toronto, has arrived in the city to superintend the soldiers' memorial monument which will be erected in Victoria Square and unveiled on November 11, Armistice day. The monument will rest on a base eight feet square and will be seven feet high. It is exceptionally well designed and will be a credit to the city as well as a fitting memorial for its fallen heroes.

LOCATED HERE

Moncton Transcript: Stephen G. Mooney, St. John, who graduated this year from the St. John law school, has gone into partnership with Mr. Thomas Sweeney. Mr. Mooney is well known in Moncton and is a graduate of St. Joseph's University, finishing his course in 1917 at the conclusion of which he entered the law battalion and saw active service in France.

TRAFIC MATTERS

Dr. H. D. Frits was reported for leaving his car in Wellington row from one to three o'clock in the morning of August 16 without lights. He was cited in the police court this morning and explained that he had left the car at the door at 12:30 with the lights on. His brother had had the key to the car and he had been unable to put the car away. In the morning he had found the lights out and had traced them to a short circuit. Policeman Graham gave evidence. Frits was told that he was liable to a fine of \$50.
Laban C. Sharpes was charged with speeding in Douglas avenue at 8:35 in the evening of August 16 on a report made by Policeman McBrien. Sharpes said he had not been on the avenue at that time and called as a witness Fred Nichols, who corroborated this statement. The case was dismissed.
Herbert Crockett was charged with speeding in the avenue at 10:15 in the evening of August 16. He pleaded guilty but he never drove his car at a speed greater than that allowed by law. George Galbraith, of this city, is spending an extended visit with his son, Serg. G. L. Landry, St. John.

MONCTON PERSONALS

Miss Lorna Davis, of St. John, is visiting her sister, Mrs. Robert Healy, Archibald street, left today for St. John, where they will spend some time.
Mr. and Mrs. D. G. Peters, of St. John, arrived in the city on Wednesday. Mrs. Cecelia Landry, of this city, is spending an extended visit with her son, Serg. G. L. Landry, St. John.
Mr. and Mrs. J. W. Gunning and daughter, Hazel, of Pictou, N. S., also Miss Elizabeth Williams, of Halifax, arrived in the city on Wednesday by motor. They will visit St. John before returning to Nova Scotia.
Mr. and Mrs. James Steeves, of Salisbury, left on the Maritime Express last evening for a pleasure trip to western Canadian cities. Mr. and Mrs. Steeves will go as far as Edmonton.
Sir Robert B. Borden, premier of the Dominion, accompanied by Lady Borden, passed through the city yesterday on the Ocean Limited, en route from Ottawa to Grand Pre, N. S., where they will spend a short time.

MONTEAL EXCHANGE

Montreal, Aug. 18.—(10:30).—The outstanding feature of the opening sales on the stock market this morning was the activity in British Empire issues. The second reported touched 34 1/4, while the common was firm at 12. Other early sales were Alberta at 44 1/2, Brazilian 45 1/8, Brompton 38, Steel of Canada 75 1/2 and Lyall 56, all showing little change from yesterday's close.

HYDROPLANE COMING

Fredericton, Aug. 18.—(Special).—A hydroplane from Halifax to Quebec is due to reach Fredericton Saturday morning. T. B. Atherton, air harbor master of Fredericton, received a wire from Major Shearer of Halifax to prepare for the reception of the plane.

FREDERICTON PERSONALS

Mr. and Mrs. John Akerley of St. John are guests of Mr. and Mrs. E. G. Merritt at Barker's Point.
Mrs. J. B. Torrens of Moncton is the guest of Mrs. F. B. Edgecombe at Cherry Bank.
Mr. and Mrs. J. T. Jennings and daughter Isabel, who has been on a vacation trip to Portland, Me., have returned home.
Ralph Tennant, who has been on the staff of the Royal Bank, has been transferred to St. John.
Sewell Richardson of Marysville is seriously ill and his recovery is not expected. His daughter, who was camping at Grand Lake, was summoned this morning.

DUBLIN CASTLE IS HANDED OVER

Provisional Government Now In Full Charge There.

Change Marks Passing of Royal Irish Constabulary—Dundalk Reported Practically Undamaged—Nationalist Successes.

Belfast, Aug. 18.—Reports were received in Belfast this morning that Carlisle and Omagh, County Louth, had been cleared of Republican insurgents. Limerick, Aug. 18.—The Nationalists have captured Rathmore from the irregulars. Rathmore is 13 miles north-west of Killarney, which was occupied by the National Army Tuesday.

Dundalk Undamaged

Dublin, Aug. 18.—Although the irregulars in Dundalk had made preparations to destroy the jail, barracks and other buildings, according to latest reports, they refrained from damaging the town, with the exception of the telephone instruments, out of deference to a request by Father McKeown. The irregulars also took notice of the leaflets dropped by the town by a Free State airplane, warning that any damage to barracks or garrises would be severely punished.

Casely Handed Over

Dublin, Aug. 18.—Dublin Castle yesterday passed completely into the hands of the provisional government, the last Royal Irish Constabulary sentries being withdrawn to the barracks. The castle was handed over to the British military authorities, who in turn handed them over to the new chief guard. With the departure of the Royal Irish Constabulary sentries from the castle and barracks, the Royal Irish Constabulary as a force ceases to exist.

LOCAL NEWS

RAIN QUENCHES FOREST FIRES

Fredericton, Aug. 18.—(Special).—The forest division of the department of lands and mines has received a report of serious fire in the woods near Antigonish Lake near Jacques river. A crew of twenty-five men were ordered in last evening to fight the fire, which is on Crown lands.
In Lower St. Marys, York county, a serious fire broke out Thursday afternoon and burned until dark. Several hundred acres were burned and much timber valuable as pulpwood was destroyed. It is believed that berry-pickers are responsible.
Rains have helped the situation.

WEEK AT LEAST BEFORE DECISION

Paris, Aug. 18.—The reparations committee today continued its task of seeking a solution of the Franco-German tangle, but a final decision is not expected for at least a week.

SACKVILLE PERSONALS

Mrs. Robert Fawcett and family are visiting friends in Sussex.
Miss Gertrude Cameron, of Ottawa, is spending her holidays at her home here.
Fred Barnes, of Portland, Me., is visiting his sister, Mrs. Layton Bower, at Mount View.
Mrs. Geo. H. Hopkins and little daughter, Barbara, of Boston, are visiting the former's parents, Mr. and Mrs. Clifford Thompson, Mount View.
Mrs. C. B. Hanwright of Cambridge, Mass., and Miss Eleanor R. Wood, of Wolfville, are guests of Mrs. C. F. Avar.

Dr. J. M. and Mrs. Palmer and son, Kenneth, and Mrs. Palmer's grand, Miss Vandine, leave today on an auto trip to St. John and Fredericton. They expect to be absent about ten days.
Mr. and Mrs. Fred C. Townsend, of Hopedale, Mass., are visiting relatives in Jollicure and vicinity. They came via Yarmouth, motoring through Nova Scotia. After a short visit with relatives, they will leave via St. John for a few weeks' trip through the maritime provinces.

SHORT'S "Dyspepticure" ACTS LIKE MAGIC IN ALL STOMACH TROUBLES

SHORT'S PHARMACY, 6-10 ft 63 Garden Street.

LOCAL NEWS

CALLED OFF

On account of the inclement weather it was decided this afternoon that the garden party in aid of the orphans would not be continued tonight.

REVOLVER CASE

Arthur McLeod, arrested yesterday at Rockwood Park by John Tebo, charged with having a loaded revolver and firing it, was before the magistrate this morning and remanded.

AT THE HOSPITAL

Andrew Bell, of Apolonia, who was brought to the General Public Hospital last night with an injury to his eye, was reported this afternoon to be resting comfortably. He will lose the sight of one eye. Edward McNulty is improving rapidly. Mrs. Charles Wetmore, wife of the principal of the Gethseay Consolidated school, underwent a serious operation at the hospital this morning. This afternoon her condition was reported to be good.

TO BRING BACK PRISONER

Detective Patrick Biddecombe will leave this morning for Halifax to bring back George J. Fletcher, arrested yesterday on a charge of fraudulently converting to his own use, while in the employ of the International Business Machine Company here approximately \$800. A police officer is expected today from Moncton to take back Theodore Arsenault wanted in connection with an automobile transaction.

HARVESTERS SCARE

There are not nearly as many harvesters in evidence today as there were two weeks ago. The C. P. R. announced this afternoon that a special train may be run tonight, and if not, the men would be handled on the Montreal train. A C. N. R. special is leaving Moncton tonight with between eight hundred and one thousand men. It is thought that about one car load will leave here over the valley to connect with the special at McGivney.

A HOT BOX

When No. 14 train from St. John reached Moncton on Wednesday afternoon, it was found that a hot box had developed on the cafe-parlor car Dufferin. It was found necessary to leave the car at Moncton, instead of taking her through to Cape Tormentine. The passengers were transferred to the day coaches, and the car was taken to the shops, where repairs were carried out yesterday. The Dufferin was brought back to the city on No. 17 train last night and she left this afternoon on her regular trip to Cape Tormentine.

PRACTICE MUST STOP

W. M. Ryan, counsel for prohibition enforcement officers, said this morning that the practice of people putting up deposits in liquor cases and then forfeiting them by non-appearance, would have to be stopped in view of instructions to bring second offence charges where possible. Where a man forfeits his deposit by failure to appear it cannot be said that he was convicted of the offence. Therefore when he appears the second time and is convicted it cannot be said that it was a second offence, as he was never convicted of the first one.

LOCAL BASEBALL

The Maroons defeated the Magic Baking Powder last evening, 16 to 2, on the Queen Square diamond. The batters were G. Hammond and McKee for the winners, and T. Leonard and Joyce for the losers. The victors made fifteen of their runs in the fourth inning.
The Maroons wish to challenge the Fire Wires to a game to be played on the Queen Square diamond on Wednesday evening. Answer through Times.

Major W. T. Blake, British aviator, who some time ago started to throw a circle about the world in an aeroplane is at Calcutta, having undergone an operation for appendicitis. Captain Norman Macmillan, British pilot, will continue the world flight.

Stop Neglecting Your Eyes

We often hear such remarks as this, when examining eyes: "I have been putting this off for months."
"Your eyesight, next to life itself is nature's greatest gift. You can't afford to neglect it."
Don't delay until headaches or falling sight compel you, but have your eyes properly examined now.
A good pair of glasses, if needed, may double your pleasure and increase your efficiency.

1,000 SOLDIERS FOR STRIKE AREA

Militia Department Has Been Kept Busy Filling Requisitions From Nova Scotia—D. R. A. Men Called.

Ottawa, Aug. 18.—(Canadian Press).—Militia headquarters here have had a strenuous twenty-four hours in complying with requisitions from Nova Scotia for troops for the strike area. It has been necessary to call away some members of the permanent forces at the meet of the Dominion Rifle Association. The first troops which went to Cape Breton were sent from Halifax. Since the requisition for larger numbers have come in, it has been necessary to draw them from a wider area, including the maritime provinces, Quebec and Ontario.

When the movement has been completed there will be a number of men in the strike area, and this in addition to the non-permanent militia who are available. It is understood that in addition to the troops being sent the provincial government is setting up a provincial police force.

EMERGING SOON INTO ACTIVITY

Autumn Season Holds Much Promise For Canadian Business Houses.

(Toronto Globe). Little actual change has occurred in business during the past week. The midsummer season is at its height, which is another way of saying that the "beaten season" period is still dominant. Retail business has suffered somewhat during August from the lack of extreme heat such as is calculated to stimulate active buying of light dress fabrics and other lines of merchandise that enjoy a strictly "hot weather" popularity. The wholesalers have experienced the corresponding amount of slack. In dry goods lines, some houses are stating that business has been particularly dull this summer.

A knit goods man declares, however, that his bookings have been unusually good. He takes his cue from the mail order business which has started off unusually well. The mail order business generally are forewarned of the state of trade earlier than other classes of merchants. If the autumn season is going to be a good one, the mail order catalogue brings in a healthy volume of orders early in August. The returns have been exceptionally good during the past time and it is concluded it cannot be said that it was a second offence, as he was never convicted of the first one.

Manufacturers of men's clothing are preparing for a busy autumn. Prices are steady for the most part. The women's wear market shows a continuance of the popularity for homespun that was such a marked feature of the spring trade. The grocery trade is experiencing a typical midsummer season. The vacation epidemic is still at its height, but is due to subside within a fortnight. The wholesalers have nothing to complain about, in spite of the slower buying at retail. The retail grocers are clearing out their shelves and stockrooms, making room for the new goods. Sugar holds steady at the recent advance to bring second offence charges where possible. Where a man forfeits his deposit by failure to appear it cannot be said that he was convicted of the offence. Therefore when he appears the second time and is convicted it cannot be said that it was a second offence, as he was never convicted of the first one.

DR. F. W. HART'S SON DROWNED AT INDIAN HEAD, SASK.

The Eleven Year Old Boy Was Caught in Trap While Swimming Around Dam.

The Indian Head News (Sask.), August 8, contains the sad news of the accidental drowning of William Rowland Hart, the eleven-year-old son of Dr. F. W. and Mrs. Hart. Dr. Hart is the son of Rev. T. D. Hart of Sackville, and is well known at Sackville.
"William Rowland Hart, the eleven-year-old son of Dr. F. W. and Mrs. Hart, was accidentally drowned in Lake Katewe on Wednesday afternoon of last week, July 26.
Rowland, along with his older brother, Howard, and three or four other camp chums, had gone down to the dam, the best shore and jumped in for a swim. For some time the boys played on the dam, diving, jumping around and tumbling down with the stream on the river side. Some of the wood-work of the dam is missing and this made room for more fun—to swim through etc. The boys were about ready for home when Rowland took another dive, or jump, this time into the hole in the dam from which he meant to make an exit into the lake and then up to the surface. While the hole looked to be but a very shallow one, it proved to be a trap, a very deep one into which the lake waters was gushing with great force.
"This made a strong current and added danger to the trap that it was. Into this hidden danger the lad jumped, got caught in the depths and did not come up as expected. The other boys soon became alarmed and set out to give assistance. Further help was soon rushed to the spot and the boy was brought to the surface, when efforts were made to revive him. A doctor was found at the Katewe hotel and his assistance rushed to the scene. But all efforts to bring the lad around were futile."

PRISONERS ESCAPE TAKING A WARDEN WITH THEM

Sioux Falls, S. D. Aug. 18.—After severely knifing Deputy Warden Muehler, four prisoners escaped from the South Dakota penitentiary late yesterday taking Warden Jamieson with them. The prisoners fled in a motor car, parked by a tourist just outside the prison wall.

St. John, N. B., August 17th, 1922
Editor, Times,
Sir: Just to ask you to call attention to the fact that while the paving of Prince William Street is going on, there is no way to cross the street, going from Princess to the ferry, with out going nearly up to the Post Office, and in a day or two, to Reeds Point. Is there any reason why a couple of boards could not be laid across the street at the corner of Princess and Prince William streets, to enable foot passengers to cross, to get to the ferry. At times when people are going to and from work, especially, but throughout the day as well, this "gateless barrier" is most inconvenient, and unnecessarily so. Thanking you, Mr. Editor,
Yours truly,
WEST SIDER.

BLOCK INCOME TAX AUCTION.
French populace prevents removal of Furniture.

London, Aug. 18.—A curious demonstration against the enforcement of income tax payment on goods owners took place at Amstres, one of the Paris suburbs, reports the Paris correspondent of the Morning Post, when a crowd of several thousand people took possession of the market place, in which goods belonging to defaulters were to be sold by auction under distress.

Revolutionary trade unionists began to assemble as early as six in the morning and marched in procession to the home of two defaulters, which they blockaded in such a manner that the removal of furniture under distress was impossible. Another large crowd filled the market place.

Some 800 police and a detachment of mounted Republican Guards were called out, but happily the proceedings were quite orderly, and their intervention was not required. Shortly before noon an official statement was issued announcing that the sales would not take place, and the demonstrators went peacefully home to lunch.

In France all wage earners whose income exceeds 6,000 francs a year are liable to pay income tax. The impost has met with widespread opposition among the working classes, and similar tactics to those adopted at Amstres have been put in operation in other parts of the country.

HOUSE-TO-HOUSE PEDDLING OF MOONSHINE IN WINDSOR.
Windsor, Aug. 18.—Admitting possession of five gallons of "moonshine" liquor, John Briggs, 533 Cataragui street, supplied Acting Magistrate H. T. Ellis with information that this brand of liquor is being peddled from house to house in the border municipalities. It is quite common, Briggs said, after the fined \$50 and costs for violating the Temperance Act, for liquor peddlers to call at his home.

"Moonshiners are so common in Windsor," he said, "that most of them wear tags to prevent them doing business with one another."

THEY WILL DEVELOP MARITIME SHALES
Toronto Globe: The news from England of the opening of a great oilfield in Swastons, Wales, by the Anglo-Persian Oil Company, putting that company in a position, according to report, to supply all the oil needs of the total consumption of the British Isles, with a daily production of 150,000 gallons, is of interest to maritime provinces, in that this company is undertaking developments in the oil shales of New Brunswick and Nova Scotia.

BOOZE AT WATERING PLACES.
James Hales Says Ontario Summer Resorts Have Liberal Supplies of Illicit Liquor.

Toronto, Aug. 18.—That extensive home brewing and moonshine distilling is being engaged in in the vicinity of Northern Ontario resorts was admitted by James K. C. chairman of the Ontario License Board, this morning. He said that a watch is being kept for it, but that considerable quantities are being sold to make sales in gallon lots. Mr. Hales pointed out that comparatively cheap liquor could be sold by these illicit distillers, as they entirely escape the federal excise and import levies. The situation, he thought, would correct itself as a few of these moonshiners are named of a term in jail if caught.

FLOOD OF BEER.
Mr. Hales also said that large quantities of beer are being turned back into Ontario by provincial breweries doing an ostensible export business. "They take advantage of the cover of darkness and an extensive organization, and they frequently shift their centres of re-shipment. We are practically powerless in the matter. The same applies to distillers ostensibly exporting to the United States, but who are actually re-shipment from the Corbyville distilleries."

Mr. Hales said that the enforcement of the Highway Act is being left to local county officers along the frontier and lake front of the province. He considered it impracticable to create a special corps to deal with the matter.

NO AUSTRIAN LEISURE CLASS.
All Must Work to Live, Says a Vienna Business Man.

New York, Aug. 18.—Alfred Hauser of Vienna, Austria, who is now visiting in this country, says that as long as the Austrian workmen can buy the necessities of life with the money they earn they will be saved from Bolshevism. Mr. Hauser, who is in the malt industry in Vienna, says that there is little future in Austria now for a young man starting out.

"When I left Austria general business was very bad, and since then the value of Austrian money has dropped still lower than before," said Mr. Hauser, who is at the Hotel Pennsylvania. "Just now there is a strike of the men employed in telegraph, telephone, post and railway industries. The cause seems to be politics. The men can still buy food with the money which they receive as wages. These wages are determined strictly by the cost of food. Each month the Government issues an index of food prices, and the percentage of wages follows closely this index of food prices. "To be perfectly frank, I cannot see much light. Men cannot be contented when all the money they can possibly make must go for food. And this condition is not limited to the laborers by

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis
Formerly Technical Electrical Expert For U. S. Government

THE CONTROL OF BROADCASTING.

The enormous increase, during the last few months in the number of broadcasting stations, resulting in the need for immediate action to effectively control the installation and operation of radio stations was the main reason for the recent gathering in Washington of the Department of Commerce Conference on Radio-Telephony. At the present time all broadcasting stations with the exception of a few government stations are operating on the wave-length of 300 meters which means that the receiving set is tuned to that wave length in order to hear any one of the broadcasting stations which may be within range. If two stations happen to be operating simultaneously the receiving operator may hear them both and it is practically impossible to pick out either one.

BEWARE THE NEXT OFFER

It is intimated that the New Brunswick Power Company will now make a bid for the Musquash current, offering a rate not as low as the city itself can make, but very attractive in comparison with the present rates; and that a campaign will be instituted to persuade the people that this would be much better and safer than for the city to attempt to put in a distribution system and have no steam standby. There can be but one answer to these gentlemen. The city of St. John will take the Musquash power and will distribute it. To make any sort of deal by which the power company would get the current would be at once to give its securities new value, make the common stock a factor to be reckoned with, and keep the city under the company's thumb. Such a condition cannot be tolerated, and the sooner the company is made to understand the situation the better. The way to make the matter plain is to conclude the contract for the current and call for tenders for the distribution system. The city must choose freedom of bond-ages and there is no doubt as to what the choice will be. The condition that makes it necessary to call for tenders is, unfortunately, but there it is, and it must be faced. A clean-up can be effected now. This never could be if the power company got the Musquash current and the financial backing it would instantly bring. It is said some people do not yet fully understand the question. It is the duty of every citizen to seek and get full information, since this is a community matter of far-reaching importance. Every effort will be made in the interest of the power company to play upon the fears of the people, and none should permit themselves to be deceived.

"SERVICE PLUS PLANT"

After the Musquash development has been paid for the only cost to users of the current, in St. John, Moncton, or elsewhere, will be the cost of upkeep of the plant. If the New Brunswick Power Company got the current there would be a different story. The people of Ontario saw the distinction and chose public ownership. The Toronto Globe puts the case thus: "After the maturity of the bond issues the people will be the owners, outright, of the properties, and from that time forward the rates will be fixed from the portion of the costs due to interest and sinking fund charges on the bonds. In other words, the people of the province of Ontario felt that if they had the choice between service at equal initial rates, through a public owned property or a privately owned property, it would be cheaper and more advantageous to choose the public owned service, because, even at equal rates they would be buying service plus plant, whereas under private ownership conditions, for the same money they would be buying only service." It is only necessary for the people of St. John to give a little thought to this presentation of the case, and they will see that in their own interests they must continue to refuse any deal that would not keep the people the sole owners of the Musquash power. We want "service plus the plant," and not service with perpetual tribute to a corporation. Even if the power company offered an equal rate at the outset, the city could not afford to abandon the road to complete public ownership and distribution at cost.

The ministers of public health, Hon. Dr. Roberts, is making steady progress with his progressive programme. Medical inspection of all schools, under the terms of the gift of the Rockefeller Foundation, comes into effect the first of next month, the province being divided into six districts, each with an inspector giving all his time to the work. The travelling clinic, made possible by the Red Cross, has been continuing in Kent county the excellent work recently begun at Riley Brook. A permanent dental clinic will be an important added feature of the work. Then there is the licensing and inspection of hotels, which has long been urged, and which will be of great benefit to the travelling public. The department of health is doing a great work and when the Health Centre is established in St. John and public health nurses are continually being trained, the conditions will be still further improved.

Halifax Chronicle: The miners' strike is both lawless and unjustifiable because it is against the findings and decisions of repeated boards of arbitration and conciliation; it is against the fullest and most convincing statement of the mine operators as to their circumstances and limitations, and the most generous offered concessions; it is against the well known economic conditions of the times; it is against the present needs and future welfare of the whole people of Nova Scotia. It has been begun contrary to the arrangements and strong advice of duly elected union leaders. It is a senseless revolt against all authority, including that established by the miners themselves.

PROHIBITION

The Toronto Star, referring to prohibition in Ontario, says: "The Ontario Temperance Act has wrought a wonderful change in the life of the province. Any politician attempting to restore former conditions would be given short shift by the electors." The Star contrasts present conditions with former ones when in any great holiday assemblage large numbers of men would be drunk and quarrelling, and remarks that it is well that the past should be recalled occasionally to realize the change that has come about. It quotes also a striking paragraph from a communication to the Canadian Churchman, as follows: "Men are making liquor selling liquor, and drinking it illicitly, but they are beginning to feel remorse in their enterprise. A few men persist to this day in their excesses, but they are pitied by their old companions as men who can't see that their habit is out of date and that they must be at inordinate pains to compass their own aims. The fact of the matter is that most men who swore to have their liquor despite all governments have reached the conclusion that it isn't worth while. Many of them have gone further and acknowledged that they were dead wrong."

The New York Evening Post has a word to say about polls taken in the United States to learn what the people think of prohibition, and remarks that while the one being taken by the Literary Digest seems to favor the "moist" party it should be remembered that it is the discontented and not the contented who vote most readily, and that in any case conclusions should be reserved so far as such votes go until the 2,000,000 women now being polled are heard from, and until the middle and far west are also polled. And the Post significantly adds: "But the nation made up its mind for prohibition only after a generation of debate and state experimentation, and it is not likely to change it in a hurry. The 'wets' are anxious to keep their flag flying, but they know that while there is a bare chance of making the house Democratic this fall, there is not the ghost of a chance to make either house or senate even 'moist'."

What is true of Ontario and of the United States is true of New Brunswick, where two plebiscites declared the public will, and where public sentiment is now demanding that greater efforts be put forth to enforce the law.

The city commissioners will hardly permit themselves to delay action on the contract for the Musquash current because it is suggested that the mayor would not sign. That official said he would not sign until after the plebiscite had been taken, but there is to be no plebiscite. If the council endorsed a contract and he refused to sign, it could probably be done over his head. At all events, by taking action now the council would have the way cleared for signing the contract as soon as the mayor takes his seat. There has been quite too much delay, and the proper course to pursue now is perfectly clear.

The radical element is in control among the miners of Nova Scotia. One of the leaders has declared that the drowning of a mine or two is of no consequence. In his view the destruction of mines, which are the property of all the people of Nova Scotia, are as nothing compared with a victory for the mine workers. If that is the attitude of all the men there is serious trouble ahead. Cape Breton has become a hot bed of radicals, and the prospects of an early termination of the dispute are not bright.

So far as the city and the New Brunswick Power Company are concerned, there is nothing to arbitrate, and any suggestion of that nature can be made in the interests of the company. St. John has decided to get power at cost, and the way to get it and at the same time protect the city's financial interests is to go ahead with its plans for a civic distribution system. If the power company has anything to sell at a price it can say so, and the city can accept or reject, but there is nothing to arbitrate.

Bangor Commercial: "We shall not be surprised if the final vote on the tariff in congress is not reached until after the state elections. There is more than a contest between two political parties in which that in the majority would be the winner. Party lines have been severed in many particulars and it is the issue between the agricultural bloc and its opponents that is standing far more prominently in the way of a settlement than the position of the members of the two major parties."

The Taschereau government candidate won in the by-election in Labelle, Quebec. The Conservatives, under their duly elected union leaders. It is a senseless revolt against all authority, including that established by the miners themselves.

It is further recommended that the power of broadcasting stations be limited, and stations employing the same wave length be not licensed within a certain distance of each other, based upon the range of the stations. Such control of broadcasting stations would aid materially in reducing the interference between stations referred to above.

Amateur stations may be allowed to broadcast within the limits of the group of wave lengths which are recommended for their use. The various types of amateur radio transmitters will be assigned different "tunes" or wave-lengths, so that the main with the half wavelength spark set will cause the least interference with the activities of radio-telephone stations. If the recommendations of the conference are adopted and made effective, there may be a greater possibility of attaining that much talked-of theoretical condition in radio communication when the undesired station may be readily tuned out and the desired station tuned in without interference. Occasionally this condition may be obtained in practice where the transmitting stations are on slightly different wave-lengths and far enough away to permit of selective tuning of the receiver.

The department advisory committee on governmental radio broadcasting formed at the request of Secretary of Commerce Hoover, has outlined an experimental system consisting of eight governmental "primary" stations. These eight stations at present broadcast official government news by continuous wave code telegraphy to local broadcasting stations, which in turn distribute these reports by radiophone.

- The stations selected are:
Arlington, (Va.), (Post Office) 5300 meters.
Great Lakes, (Nav.) 4900 meters.
Washington, (D. C.), (Post Office) 1950 meters.
Omaha, (Nebr.), (Post Office) 1850 meters.
Rock Springs, (Wyo.), (Post Office) 3000 meters.
Elko, (Nev.), (Post Office) 3500 meters.
Reno, (Nev.), (Post Office) 3200 meters.

One of the purposes of the committee, of which Dr. S. R. Stratton, Director of the Bureau of Standards is chairman, is to recommend the proper subjects and the schedule of operation will not conflict with information supplied by other means of communication. DOMINION.
I went beneath the sunny sky
When all things bowed to June's desire.
The blue shells on the lupin eye.

My little cat with tiger bars,
Bright gleams and hidden content;
Swift birds that flashed like darkling stars
Across the cloudy continent;

The wry-coated fellow curled
Stumped-tailed upon his sunny flag;
The breeze that fanned a colored wind
Of treasure for their honey days.

And all these things seemed very glad,
The sun, the flowers, the birds on wing.
The jolly beasts, the furry-clad
Fat bees, the fruit, and everything.

But gladder than them all was I,
When, being man, I stepped up
The joy of all beneath the sky,
And add their treasure to my cup.

And travel every shining way,
And laugh with God in God's delight,
Create a dream for every day,
And store a dream for every night.
—J. Drinkwater.

LIGHTER VEIN.
One way to keep from eating too
hastily is to return to the table
whenever you forget to tip the waiter.

Why He is Popular.
Blake—Why is Jim so popular at the club?
Why, everyone knows that he can't speak.
Flake—Yes, and he knows it, too.
Almost Strangers.

**THE RADICALS ARE
IN THE SADDLE**

That Element Won Out in
The Nova Scotia Miners'
Elections.

Sydney, N. S., Aug. 18.—By a vote of at least five to one, the Livingstone-MacLachlan slate has triumphed over the Baxter candidates in the U. M. W. district election.

Among those who went down to defeat are Robert Baxter, the veteran president of the District '26, since its organization many years ago, and Silby Barrett, who has been international board member for nearly the same period.

James B. MacLachlan, re-elected by a big majority to the position of secretary-treasurer, is the only surviving member of the "Big Three" which has dominated U. M. W. politics in Nova Scotia for many years, first through the amalgamated mine workers and later through the U. M. W. organization.

Some months ago the triumvirate broke over questions of policy, and the feud which has been growing with increasing bitterness for months terminated in the defeat of Baxter and Barrett at the hands of their old ally and his new aides.

Don Livingston, the new district president-elect, is one of the militant progressives in Labor's ranks. He ranks with Secretary MacLachlan as a platform orator.

Alex. S. McIntyre of Glace Bay, the new vice-president, is a member of the well-known Flaten local, which started the present strike.

Alex. Stewart of Stellarton, the international board member, is a blacksmith by trade, and was one of the most outspoken opponents of the old Montreal agreement, and has been a prominent figure at the recent conventions.

EXHIBITION ARRANGEMENTS

The C. N. R. have agreed to hold the suburban train every night during exhibition week, for half an hour, so that it will leave at eleven o'clock, daylight time. Arrangements have also been made whereby No. 10 midnight express will stop to let down passengers between St. John and Moncton. It is expected that similar arrangements will be made with the C. P. R. Special parking arrangements throughout the city will also be made.

**POLICEMAN SHOT
BY BOOTLEG GANG**

O'Neill Spotted Men Carrying Cases of Liquor Into a Vacant Store.

New York, Aug. 18.—In a pistol fight with bootleggers at Tenth avenue and Thirty-first street, Probationary Policeman Frances O'Neill, of Chief Inspector Lahey's staff, received a bullet wound through his right wrist that will keep him from duty for several weeks.

O'Neill single-handed, attacked four armed bootleggers and kept up the fight until he dropped to the pavement unconscious. The bootleggers sped away in an automobile.

O'Neill noticed the automobile standing near a vacant store that was formerly a saloon, just south of Thirty-first street, on Tenth avenue. When he got liquor from it. As he contacted the men the car started and two of them turned and began firing revolvers at him.

O'Neill drew his own weapon and, running after the car, returned the fire. He shot twice when he fell.

O'Neill was carried to a drug store, where a tourniquet was made to prevent him from bleeding to death. Detectives Foley, Sheehan and Boylan, who had been called from the West Thirtieth street station, took the wounded policeman to French Hospital, where he was attended by Dr. Irwin. Although his injury was serious, O'Neill insisted on going home.

**GIRLS ENTERED
IN JACKS CONTEST**

More Than Three Thousand to Compete in Jersey City.

New York, Aug. 18.—More than three thousand girls will be entered in a jacks contest in Jersey City, beginning Thursday. The idea was conceived by A. Harry Moore, Director of Parks, who originated the marble contest among school boys.

It will be an elimination contest and the winner will be declared champion jacks player of the world. She will challenge all-comers.

"Girls are forgetting the old-fashioned games," said Commissioner Moore. "You see them in the city playgrounds playing baseball and basketball, just like the boys. The marble contest got the boys to realize that the good old game of miggles was pretty good after all, and they are playing marbles a great deal now. Jacks are for girls what marbles are for boys. The game is

wholesome and invigorating and I believe the contest will rival in interest the one for the boys which has made "Buster" Reck known all over the country as "Marble Shooting Champion."

The contest will last more than two weeks. All girls under fifteen are eligible. A committee of city officials will act as judges.

**YOUTH SHOT, DYING,
FIGHT OVER PHONE**

Insisted on Using Wire in Restaurant When Proprietor Said It Was Private.

New York, Aug. 18.—John Gilday, 20 years old, of 64 Steuben street, Brooklyn, was in a restaurant at 881 Park Avenue, Brooklyn, around the corner from his home, and asked the proprietor, Herman Fredericks, if he might use the telephone in the rear room. The restaurant formerly was a liquor store.

Four witnesses, persons who were sitting in the rear room, told the police later that Fredericks told Gilday that he might not use the telephone, as the wire was "private." Whereupon, the police say, Gilday became abusive and expressed his opinion of the restaurant proprietor in a loud voice, closing his trade with the remark:

"Oh, to hell with you! I killed 100 Germans in France, and one more won't make any difference."

"Then he picked up the elderly Fredericks aside, took down the receiver of the telephone and gave a number to the operator. Fredericks, angered, but realizing that he could not hope to succeed by using force against Gilday, ran upstairs to his living quarters and presently returned, resuming the quarrel, the police said.

Suddenly, the police say, Frederick drew a 32-caliber pistol and fired five shots at Gilday, one of them entering the left side of the young man's head. The others lodged in a wall.

Policeman William Maybeck of the Classon Avenue Station, who heard the shots, found the wounded man when he entered the restaurant. A moment later the frightened witnesses struggled back, and from them Maybeck got a report of what had happened. He summoned an ambulance from the Cumberland Street Hospital, where Gilday was taken, and then found Frederick in a room over his restaurant. In a bureau drawer the policeman found a pistol all chambers empty. Fredericks was taken to the hospital, where Gilday identified him as the man who had shot him and then was locked up in the Classon Avenue Station charged with felonious assault and violation of the Sullivan law.

Surgeons said that the bullet had lodged at the base of Gilday's skull, in the neighborhood of the throat. It was said he would not live.

ORPHANAGE FAIR

More than 1,300 people attended the Protestant Orphanage fair at the West Side Institution yesterday and were shown through the building and about the grounds. Tea was served by a committee led by Mrs. Norman P. McLeod, assisted by Mrs. Gertrude Mayes and Mrs. Charles Belyea and several members of the west side churches and fraternal societies. The Carleton Cornet Band was on hand and furnished enjoyable music.

The prize winners last night were as follows:—Floor-gates, 1st, Mr. Green, pair of slippers; 2nd, Mrs. Stewart, box of toilet soap; excelsior, F. M. Stanley, load of wood; ten pins, H. Mollins, electric iron; ring tows, Mrs. Giles, carpet sweeper; devil among the tailors, Mr. McAllister, manicure set; bagatelle, Kenneth Cairns, aluminum double boiler; air gun, gentlemen's, J. Starr Talt, pair of trousers; ladies', Mrs. C. R. Strange, box of stationery; ladies' bean board,

"Klothklad" Suits

"Boy Quality" All the Way Through

When the boy steps into the new class room on school opening day he should be in a "Klothklad" Suit; well tailored and made to stand the wear a boy is bound to give it.

The makers of these suits have put in them the care the boy usually leaves out.

Every "Klothklad" Suit possesses many special details of tailoring which give added strength and service—for instance they are made double at elbows, seat and knees and have strongly reinforced pockets.

Cloths have been carefully selected with an experienced eye and styles are all that even the most particular boy could ask for.

All sizes from 8 to 18 years. You'll call them "extra fine" suits and the prices are no higher than for ordinary clothes. That's why the boy should wear them.

TO COMMEMORATE FIRST MASS IN ONTARIO

This cross erected by the Knights of Columbus at Lafontaine, near Penatanguishene, Ontario, was unveiled recently to commemorate the first mass celebrated in Ontario on August 12th, 1615.

TWO MORE PUBLIC HEALTH SERVICES

Supervision of Hotels and Regulations Regarding Embalming Passed on by Government.

(Fredericton Gleaser.) Two additional public health services which have been under consideration for some time by Hon. Dr. Roberts, minister of public health, were submitted to the meeting of the provincial government last night, approved and passed. These new services are the provisions supervising the public health conditions existing in the hotels of the province, including the licensing of hotels, and the

regulations pertaining to embalming of bodies for burial. Appeals have been made to the government by commercial men frequently in the past three years for some action respecting hotels, with the result that this service has been prepared. A special hotel inspector was at first asked for, following the idea adopted in the Province of Quebec, and later again it was suggested that the province could cooperate with Nova Scotia and by so doing secure the services of the hotel inspector in that province. These ideas were, however, rejected in favor of employing inspectors of the health department who are available for this inspectorial work.

Under the new regulations the hotels must be licensed at a nominal fee of \$1, which is secured from the local sub-district board of health and brings them within the control of the board. The requirements which must be complied with apply chiefly to an absolute sanitary condition of the rooms, equipment and premises. The embalming regulations, Hon. Dr. Roberts said today, were found necessary to cope with a situation arising from the appearance of a number of

for meal-time and play-time Kellogg's WAXTITE CORN FLAKES cooling-delicious-healthy

Summer's the time for "safety first" with family stomachs! Every one feels a lot better with lighter food on the hot days! And, crisp, delicious Kellogg's "WAXTITE" Corn Flakes are everything that can be desired—for health, for enjoyment, for nourishment! Realize what proper diet means to health in summer. Cut down on the heavier foods that upset physical and mental energy and eat Kellogg's "WAXTITE" Corn Flakes! They're extra delicious with the luscious fruits now in season.

Kellogg's WAXTITE CORN FLAKES

Also makers of KELLOGG'S KRUMBLEES and KELLOGG'S BRAN, cooked and krumbled

LUX dissolves instantly in hot water into a wonderful suds that makes your dainty things as fresh and lovely as when you first saw and admired them.

Sold only in sealed packages—dust-proof!

pseudo embalmers who have not the necessary qualifications to carry on that work in cases where death has resulted from contagious diseases or of taking the proper precautions in protecting relatives and friends from infection. Under the new regulations embalmers must apply for and secure a license after proper examination by a special board to be appointed by the lieutenant-governor-in-council. The new regulations do not, however, work a great hardship on undertakers or embalmers who have qualified by experience. There are at present some thirty qualified men under the new regulations in the province.

SHOULD SLEEP WITH HEAD TO NORTH

Paris, Aug. 18.—If the documents unearthed by a French weekly journal are authentic and if their author carried out the theory he outlined in them, Dr. Voronoff's monkey gland operation to assure long life has received a severe jolt. The document, which has just been found, is dated 1860, and signed by Dr. von der Flachweiler, who is reported to have died at the age of 109. In it the doctor gives the following formula for assuring long life: "When you go to bed always take a compass with you and with the aid of the compass place your bed in such a position that your head points directly north and your feet due south. Sleep soundly in a horizontal position and you will live long."

POLAND'S IMPORTS EXCEED EXPORTS Warsaw, July 17.—(By Mail)—Polish imports today consist largely of cottons and woolen manufactures, while her exports are oil, timber and textiles. In spite of the high rate of exchange, the United States holds second place in the list of countries supplying Polish imports. Poland is still importing in larger amounts than she exports. The foregoing is from "The Statistical Magazine of Poland."

PIGION BROODS NEST OF SLEEPY YOUNG RATS IN MOTHER'S ABSENCE

Glen Ridge, N. J., Aug. 18.—In view of the well-known enmity between pigeons and rats, Herbert T. Darlington, a New York broker living in Summit avenue here, was amazed to find a pigeon sitting on a nest of young rats on the first floor of his garage. Darlington had been missing squabs for some time and had supposed they were killed by rats. He keeps a lot of pigeons on the second floor of the garage. Early the other day he saw a large rat, apparently a mother rat, going into the garage. He shut it. Then he found the pigeon on the nest,

which also contained one empty pigeon egg. The little rats were asleep.

RURAL HEALTH PROGRAMME STARTS SEPT. 1

Province Divided Into Six Districts—Appointment of Inspectors Not Yet Announced.

(Fredericton Mail.) Hon. W. F. Roberts, minister of health, this morning announced that the executive committee of the International Health Board, through which the Rockefeller Foundation functions, on the 14th inst. adopted a resolution providing \$27,000 a year for two years beginning September 1 for rural health programme in New Brunswick. This will provide for full-time medical inspection in schools. The minister stated in view of that fact it was expected to put the system in operation about September 1. The provincial government at its session which closed Tuesday night passed the regulations which are necessary in that connection. The appointments of the inspectors are not yet completed, but the province has been divided into six districts as follows:— No. 1, Madawaska, Restigouche and Gloucester, with headquarters at Campbellton. No. 2, Northumberland, Kent and Westmorland, less Moncton City, with headquarters at Newcastle or Moncton. No. 3, Cities of Moncton and Fredericton and town of St. Stephen, with headquarters at Fredericton. No. 4, Charlotte, less St. Stephen, Kings, Queens and Albert, with headquarters at Hampton or Sussex. No. 5, Victoria, Carleton, York and Sunbury, with headquarters at Fredericton or Woodstock. No. 6, St. John City and County, with headquarters at St. John City. The official message from New York was as follows:—

The Unique Flavour of "SALADA" TEA

that charms so many millions of regular users is due to the freshness and unflinching quality of the leaf. To try Salada once is to use no other tea henceforth.

ANOTHER HARVEST EXCURSION TONIGHT The second harvesters' excursions will leave this city for the west tonight. The C. P. R. special will leave the depot some time after the departure of the second Montreal at 8:30 o'clock, daylight time. The C. N. R. will run their special from Moncton, and harvesters from here will be accommodated as they were two weeks ago, when they were taken from Moncton at McGivey Junction. It is expected that there will be about 600 men leave here today.

Large advertisement for Goodyear tires, featuring the text "GOOD YEAR MADE IN CANADA" and "The 'All-Weather' treads you buy in August will seldom need chains next winter. They're very rough and tough. 4000 selected dealers sell them." It also shows two tires with tread patterns and prices \$37.30 and \$27.70.

MUTT AND JEFF—THEY BETTER PUT A GUARD ON THE MINT

**CABINET FACES
BUSY SESSION**

**N. S. Strike and Coal Crisis
Among Matters For
Consideration.**

**Railway Reorganization and
Wheat Marketing Situation
Also—Hon. E. Lapointe
Away to League of Nations
Assembly.**

(Special to The Times.)
Ottawa, Aug. 18.—Cabinet ministers were returning to Ottawa yesterday for a meeting today, when a week's accumulation of business will present itself. There are several "situations" to be considered among them, the Nova Scotia coal strike, the fuel question, wheat marketing and railway reorganization. The last mentioned hangs fire peculiarly. The miners' strike in Nova Scotia is unquestionably serious with the activities of the government restricted to methods for the protection of property in aid of the civil authority and as intermediary between the parties in conflict. The conciliation board process has been exhausted. The troops which have been sent there have gone at the instance of the municipalities, the Militia Act providing for such steps automatically when assistance is asked for. The instructions are not to interfere with the strikers unless disorder or damage to property develops. Strong hopes and to some extent belief are entertained here that the settlement of the strike in the United States will have a pacific influence in ending the Nova Scotia trouble. The American settlement, however, lightens greatly the tension over the fuel supply. While the strike and the continued transportation difficulties are bound to be felt for some time yet, and while fuel supplies will necessarily be gradual in delivery no real hardship is anticipated. With regard to the railway reorganization the situation is that the personal of the directorate can readily be secured, the difficulty still being in the choice of a head. Those who have been sought do not want the position. While an outsider has more generally been associated with the position it may go to a Canadian railway man, ultimately. The cabinet will give consideration to the request of Premier Dunning that financing of the wheat crop be assisted in view of the failure of the wheat board to function. Credits by the banks would enable the grain growers to hold out for a price and avoid the effects of a glutted market. The government is asked to use its influence to this end. Hon. Ernest Lapointe will leave today for Quebec en route to the League of Nations assembly with Hon. W. S. Fielding. He will sail on Tuesday. While Canada is interested in the assembly's deliberation it is no secret that commercial arrangements are the main motive of the trip of the ministers.

**Buyers of Used Fashion Show
Tickets Were All Out of Luck.**
New York, Aug. 18.—How a young man made \$225 in ten minutes at the Fashion Show was told by Franklin Simon. The young man had been delegated to take tickets at the Army shortly before the Fashion Show opened one evening last week. The public is not admitted except on tickets given by exhibitors. After taking up 150 tickets he went into the crowd, sold them out in a few minutes at \$1.50 each, netting \$225 for himself. Then he disappeared. When the buyers of the tickets applied at the Army they found that the police had closed the doors because the building was already overflowing.

**THE GLEN FALLS
COMMUNITY CLUB
GIVE FINE SHOW**

The minstrel performance by the Glen Falls Minstrels in the big room in the factory at Glen Falls last evening surpassed all expectations in the quality of the entertainment and in the attendance. Seats had been placed for nearly four hundred, but these were soon filled and others had to be made of planks to accommodate another hundred, while still others could only get standing room. A good stage, with curtain and wings, was provided, the back of the stage being attractively trimmed with evergreens. The footlights were there, and a large orchestra. There was a large and well-balanced chorus, the four black-face end men wore resplendent costumes and cracked lively jokes; the soloists were good, and the whole performance went with a lively abandon that delighted the audience. J. J. Corr was a very efficient interloper. Between the acts Mrs. Cuthbertson, president of the Glen Falls Community Club, pointed out that the club stood for community betterment along the broadest lines, and any resident of that school district in Simonds could be a member. All were urged to join. This entertainment was in aid of a community hall to be erected. She thanked Hon. Dr. Pugsley for the use of the factory, and for many other kindnesses; thanked Mr. Brophy, director of the minstrels, and those who took part, and the audience for its patronage. Ice cream and soft drinks were sold during the evening. People from the city, Brookville and other places were in attendance. The affair was a complete success in every way and those who took part, all of them Glen Falls people, are to be congratulated on the talent displayed. The minstrels are greatly indebted to Mrs. Theo. Shaw, pianist, whose assistance for the past two months made the success of their musical programme possible. Director Brophy said that too much could not be said in praise of her faithful and splendid work. The following was the programme of the evening:

Part I.
Overture—Orchestra.
Opening chorus—Chorus.
I Ain't Nobody's Darlin'—W. Bawn.
Down the Trail to Home Sweet Home—Miss Dorothy Nealy.
Bake Dat Chicken Pie—D. Olive.
That Tumble-down Shack—F. McNamee.
I Want to Be in Tennessee—C. Record.
When the Great Red Dawn Is Shining—Mrs. Chaisson.
On That Gin, Gin, Ginny Line—T. Shaw.
When the Candle Lights Are Gleaming—R. Dickson.

Part II.
Overture—Orchestra.
Solo—Miss Dorothy McDonald.
Instrumental duet—Bond and Hopkins.
Rose Dreams—Miss May Conroy.
Buck and wing dance—Leo O'Hara.

Part III.
Overture—Orchestra.
Finale—A Day in Glen Falls. This was a scene from the country about Glen Falls and was made up of singing and dancing. Mrs. Chaisson, A. Boyle, Herbert Nealy and Little "Baby" O'Hara took part in this clever skit. Those who took part in the choruses were: Mesdames E. Riley, J. Osborne, J. Dewey, J. Chaisson, the Misses Whalen, Rogers, Cleveland, Reard, McBirnie, Milen, Brophy, Shortell, Callaghan and Record and Messrs. Boyle, McElwaine, McLaughlin, Dickson, Crowley, Stewart, Stephens, Record and Kelter.

FASHIONS IN HAIRDRESSING
London, Aug. 1.—(By Mail)—A member of parliament has proposed legislation to compel girls under sixteen to wear their hair loose, plaited, or hanging down their backs. English mothers are protesting. They say the tendency among girls today is to postpone the time for "putting up" their hair, and that they have trouble in persuading their daughters to do this at a reasonable age.

**GRAND TRUNK
SETTLEMENT**

**Deputy Minister of Justice
Home From England Says
Judgment Satisfactory to
Canadian Government.**

(Special to The Times.)
Quebec, Aug. 18.—E. L. Newcomb, deputy minister of justice for Canada, returned yesterday on the Empress of Scotland after attending at the privy council, representing the Canadian government in the Grand Trunk Railway and Grand Trunk Pacific arbitration matters. He said that the judgment given by the privy council was altogether satisfactory and cleared the atmosphere in England in regard to the propaganda that had been spread for some time past derogatory to the Dominion of Canada, that the fair minded and disinterested public had accepted the decision. Of course, said Mr. Newcomb, the holders of the Grand Trunk Pacific stock feel very disappointed. The judgment could not have been otherwise, said Mr. Newcomb, when it is considered that the Grand Trunk Pacific shareholders accepted the stock with the provision that they would receive their dividends out of the profits of the Grand Trunk Railway. There were no guarantees for the shareholders in their purchase of this stock. It was a deception inasmuch as the Grand Trunk Railway was not earning any profits and with the operation and responsibilities of the Grand Trunk Pacific, the Grand Trunk Railway was rushing towards bankruptcy when the Canadian government came to the rescue and took over the entire property. The government in doing this guaranteed in perpetuity the four per cent amounting to \$12,000,000 on the Grand Trunk Railway stock held by the British shareholders.

EASY ON WOMAN THIEF, 60.
Tearful Plea Leads Judge to Give Her Short Jail Term.
New York, Aug. 18.—Judge J. Grant MacMahon, in the County Court, Brooklyn, was lenient to Mrs. Annie Abrahamson, sixty years old, of 248 South Second street, that borough, who appeared before him for sentence on a charge of attempted grand larceny. She wept as she pleaded for mercy. "I had put you down for the penitentiary," said Judge MacMahon. Instead of a longer term, the woman was sentenced to six months in the Raymond street jail. Mrs. Abrahamson was arrested for picking the pocket of a woman shopper on July 20. Twice before her age and respectable appearance had saved her from prison for similar offenses.

The Grand Aggregate.
Ottawa, Aug. 18.—Dominion Rifle Association results yesterday indicated that the following will be leaders in the grand aggregate—

ENOUGH TIMBER FOR 5,000 HOMES LOST HERE YEARLY

Forest Fires Undermine The Security of Forest Industries—Campers Responsible For Half The Waste. (By Robson Black, manager of the Canadian Forestry Association.) According to the official reports of the New Brunswick provincial government, an average of 50,000 acres of forest land a year has been burned over during the last four years. No accurate statistics of the loss previous to 1918 are available, but the loss was probably even greater. About half of the area burned contained merchantable timber, while the remainder consisted of young growth of various ages which soon would have been large enough to cut. This average loss of timber alone means that enough lumber to build 5,000 houses is burned each year, while the land lies in an unproductive state for probably the next eighty or one hundred years. In the lifetime of the ordinary individual this means that at least one-third of the forest in this province will be burned over if this high average is maintained. In other words, the present generation will witness the passing of the lumber industry in this province if the lumber for 5,000 homes is burned each year. Much of the burned land will eventually grow up into timber again, just as the land burned by the Great Miramichi Fire of 1825 did, but will the lumber industry with its vast investment in plant and equipment wait eighty years for the forest to replace itself when it depends for an existence on yearly harvests? Half Million a Year. The same statistics show that the loss to forests and property figured only at stumpage rates and actual sale values amounted on an average to nearly half a million dollars. Figure this over one generation and the outlook for our children in this province is not a very promising one, while our children's children would find New Brunswick, now so richly endowed with forests of many kinds, poorer by at least \$100,000,000 if forest fires continue to take this annual toll. During the last four years the means adopted to prevent forest fires have almost eliminated many former common causes. Settlers burning brush only caused 2 per cent of the total damage in 1921. The average yearly damage caused by railways has amounted to 4 per cent. Carelessness of fishermen, campers and others has caused on an average more than fifty per cent of the total damage and has caused as high as eighty per cent of the total damage certain seasons. Will this continue in the future? Will the careless camper continue to leave his camp fire smoldering and come back to town to read in the first paper he picks up that his smoldering fire is now raging on a two-mile front and destroying the forest growth of centuries, or will he acquire the habit of being careful and join the majority who already realize that every forest fire means a direct monetary loss to be felt now and for a century? It is indeed a vital question in New Brunswick. Help the careless to become careful, for the future of the greatest natural resource and the prosperity of the province depends on the actual re-creation of the annual forest fire losses.

COMBAT UNREST BY GROWING FLOWERS

Beautiful Roadside Cottages In Old World. Montreal, Aug. 18.—Increased cultivation of flowers as a means to induce contentment and combat unrest in the ranks of industry was advocated here today by E. W. Groves, president of the Canadian Florists' Association in an address he delivered before members of the Rotary Club. In so saying a country as Canada he said it was essential that the importance of flowers should be broadcasted so as to make the roadside cottages as beautiful as those in the older lands, and to introduce color and beauty into the lives of the populace.

MUSEUM OF VOICES TO PRESERVE RECORDS OF WORLD'S LANGUAGE

London, Aug. 18.—Languages and dialects, ranging from the talk of the remotest island of the South Seas, and including the words of the world's most famous men, will be preserved, according to a dispatch received here, in the museum of voices soon to be opened in Berlin, in connection with the

ENORMOUS INCREASE

IN ONTARIO'S POTATOES

(Toronto Globe.)
The August crop report of the Dominion department of agriculture places the total potato acreage of Canada for the present year at 688,000 or 8,000 less than in 1921. The total yield for this year is estimated at a little less than 105,000,000 bushels, or nearly five millions below last year. Outside of Ontario, Nova Scotia is the only province showing an increased yield.

But, the "but" in this case is the important part of it, the increase in Ontario is enormous. Last year's crop in Ontario was placed at less than 15,000,000 bushels. This year's is estimated at nearly 20,250,000, more than 50 per cent above that of 1921. Ontario growers have a rather painful recollection of how prices slumped a year ago. Even with the lessened production in other provinces Ontario supplies alone are sufficient to cause at least an equal depression in prices this year.

Fortunately, however, there need be no waste. Hogs are fairly high and boiled potatoes make an exceedingly valuable addition to hog rations. There is likely to be more money in turning potatoes into pork, particularly for producers with a long haul, than in marketing them in the ordinary way.

HOW TO PRACTICE THRIFT.

(Thrift Magazine.)
A man in a New Jersey town had a great surprise when he went home to his noon-time meal recently. He found that his wife had burned up \$5,000 in bills that had been hidden in the kitchen oven. The man refused to deposit his savings in a bank or invest them in any way. He thought the old cook-stove was safer.

Other financiers of his school have utilized the feather bed, the coal scuttle, the stove pipe and an old hat for the safe-keeping of their possessions, and in many notable instances they have been equally as successful as the New Jersey man.

Banks are safer than cook-stoves and good, sound investments are better than a hole under the kitchen floor. Neither

Wabasco Cotton 7% Bonds

These bonds are well secured by mortgage on valuable assets. Net earnings of the Wabasco Company for years have greatly exceeded bond interest requirements.

The 7% Bonds, maturing May 1st 1924, rank ahead of securities listed on the Montreal Stock Exchange having a market value, at current quotations, of over \$2,600,000.

SHE DIDN'T WANT TO LIVE

"I felt so ill and wretched that I didn't care whether I lived or not."

This was Mrs. W.'s experience. If you are not feeling well you should read every word of her letter. She says, "Unless you have actually experienced what it means to be ill, really ill, you don't know what suffering is. I felt so ill and miserable that I didn't care whether I lived or not. I was actually of an active temperament and as a result I must have overworked myself because I took no heed of my health and was after the least exertion. At times my face took on a deathly pallor. I was sore all over. I was troubled with dull pains which at times produced nausea. My body felt as if somebody had been pounding it—every bit of me. When I laid down at night I could not get into a comfortable position and the consequence was that I got very little sleep. The pains, which followed sleeping in one position for any length of time, gave me frightful dreams from which I awoke weak and perspiring. I consulted doctors and they told me that I was completely run down and needed something to build me up. Their prescription only helped me for a while. One day I found a circular about Carnol and the statements in it sounded so honest and true and free from any exaggeration that I decided to try it. In six weeks after taking the first bottle I was as well as ever. If any one had told me that Carnol would do what it did for me I wouldn't have believed them."

Carnol is sold by your druggist, and if you can't see your druggist, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money.

NOTED MUSICIAN IS ASPHYXIATED

Louis Koemenich's Daughter Ascribes Death to Financial Worries.

New York, Aug. 18.—Driven despondent by financial worries, Louis Koemenich, composer and former director of the Oratorio Society of New York, turned on two burners of a gas range in his home at Number 387 West 93rd street, and was dead when found by neighbors.

Shortly before he turned on the gas Mr. Koemenich had been talking with Mrs. James Berry, janitress of the apartment building, and seemed to be in good spirits.

At first the police of the 100th street station could not determine whether the death of the musician was accidental or a suicide, but the dead man's daughter, Imgrade, today stated her father had evidently been driven to take his own life by financial worries.

"My father had long been worried over finances," said the young woman. "He turned on the gas while alone and shortly after my mother had talked to him over the telephone. My mother returned last night to find an ambulance outside our door, and she has been in a serious condition since from the shock of finding her father dead."

Koemenich was born in Germany in 1866 and was appointed conductor of the Oratorio Society on June 8, 1912, succeeding Walter Damrosch, who had directed the organization for thirteen years.

MOUNTS BOLTING HORSE; CHOKES HIM TO A HALT

Lineman Misses Leap at Head, But Lands in Wagon—Saves Boy of Five.

New York, Aug. 18.—Falling in a flying leap to catch the head of a runaway horse on St. Nicholas Avenue, George Clark, a telephone lineman of 3485 Third Avenue, the Bronx, grabbed at the rear of the wagon to which the horse was attached, climbed aboard, jumped on the horse's back and choked the animal to a standstill.

Several times Clark narrowly escaped being thrown from the horse. He probably saved the life of 5-year-old "Bud" McCann of 301 West 127th Street,

LOCAL NEWS

Vaccination of school children before the opening next month was commenced by Dr. Mabel Hanington, medical school inspector, at her office yesterday afternoon and well over the twenty mark underwent this slight operation.

The annual test of the fine engines was held yesterday afternoon by Commissioner Thornton and Chief Blake. The steam engines and the new motor pump were tried out and found to be in first class condition.

A dance in honor of Captain W. H. Parker, C. B. E., R. N. 11, of the R. M. S. F. Chippewac, was held on the steamer last night. The music was supplied by the ship's jazz orchestra. Captain Parker had been on sick leave and has just returned to his command.

The summer scholars of the German street Baptist Sunday school held a very successful picnic yesterday afternoon at Saint's Rest. Those in charge included Mr. and Mrs. L. W. Simms, Miss Estella Vaughan, C. R. Wasson and E. J. Alexander.

No trace has as yet been found of William McLean, who escaped from the Dorchester penitentiary some time ago, and was quite optimistic that a revival in the lumber business would take place in the near future.

Mr. and Mrs. Percy W. Thomson entertained the visiting tennis players from Nova Scotia and the members of the Robbsey Tennis Club at a dance last evening at their home in Robbsey.

IS ANALYTICAL CHEMIST FOR N. B. At a recent meeting of the provincial government John Ellis Taylor, of St. John, a recent graduate of McGill University in analytical chemistry, was appointed provincial analytical chemist. Mr. Taylor was graduated with high honors.

C. N. R. CANCEL CUT (Canadian Press Despatch) Ottawa, Aug. 17.—The Canadian National Railways have agreed to suspend the wage reduction in the case of the railway clerks and other employees, members of the Canadian Brotherhood of Railway Employees, until after the board of conciliation now investigating this dispute has made its report.

Dinghy Racing. Halifax, Aug. 17.—The Royal Kennebec Yacht Club, St. John, has been asked to approve of the dates, August 22-26 for the inter-provincial series of dinghy races to be held at Halifax on the Royal Nova Scotia Yacht Squadron's trophy, now held by the New Brunswick club. Several new dinghies will represent Nova Scotia this year including one designed by W. J. Rouse, designer of the Bluenose.

NO MORE PIMPLES

IRONIZED YEAST Tablets THE ONLY YEAST THAT IS GENUINELY IRONIZED

It is easy to have a fresh, clear, radiant skin free from pimples, blackheads and other blemishes. Just take two pleasant-tasting tablets of Ironized Yeast three times a day. Everyone knows how yeast clears the skin and makes it velvety and smooth. And the new secret "Ironization" process enables the yeast to produce results twice as quickly. Get Ironized Yeast from your dealer today. You'll soon have a complexion that any school girl might envy.

FREE TRIAL To try Ironized Yeast for free simply mail postcard for Famous 2-day treatment. Address: Harold F. Ritchie & Co., Ltd., Dept. 102, Toronto.

CANADIANS ENTERTAINED AT HOUSE OF COMMONS

Norman Seagram's Canadian cricket team were entertained at dinner at the House of Commons by Sir Rowland Blades, M. P., who had invited a large company to meet them. Mr. Austen Chamberlain proposing the health of the team, said there were many reasons which tempted some of them to become members of that august assembly—the House of Commons—but the greatest was that they learnt so much when they had got there. He never should have known that cricket was played in Canada, or that a British team had visited Canada, or that Canadian teams had visited this country, had it not been that he was a member of the House of Commons. He was placed in a great difficulty. They had comparatively recently entertained cricketers from Philadelphia and from Australia, and on each occasion Sir Rowland Blades had suggested that he should propose their health. He had only one speech on cricket, and was embarrassed in making it a third time. Having obtained his acceptance to the dinner, Sir Rowland explained that once again he must make his cricket speech, and he said: "Is it servant a cricketer that he should be asked again?"

EVIDENCE IN THREATENING CASE

A case in which Abraham Reicker is charged with threatening to do grievous bodily harm to Charles Lynch was taken up yesterday in the police court and seven witnesses examined. Lynch, 22 Rock street, the complainant, said that on August 14 Reicker had threatened to get him with a bullet. The accused, he said, had first threatened him on July 19 when the defendant had accused him of being too friendly with his wife. On cross-examination he denied ever having been in a room alone with Mrs. Reicker. James G. Warnock testified to overhearing conversations between Mr. and Mrs. Reicker. H. C. Matthews told of hearing the accused make threats against Lynch. Other witnesses were Mrs. Josephine Grace, Mrs. Myrtle Warnock, Mrs. H. C. Matthews and Mrs. Olive Lynch, wife of the complainant. The case was adjourned until tomorrow morning at 10.30. L. McC. Ritchie appeared for Reicker and E. J. Henneberry for Lynch.

BRITISH SHIP'S RECORD.

The British ship Jamaica holds the record of passing through the Panama Canal faster than any other vessel in the world, having 207 passengers from ocean to ocean to her credit. Since Nov. 6, 1914, the Jamaica has paid almost \$200,000 to the United States for tolls. She is of only 602 net tons capacity and has been engaged in passenger and freight trade between Cristobal, the Atlantic terminus of the canal, and West Coast ports of Colombia for the last eight years.

Dry Agents Search Hearings Undertakers Angry About It.

New York, Aug. 18.—At their third annual dinner at Cavanaugh's restaurant, about seventy-five members of the Mortuary Hearse Owners' Association heard protests against the action of prohibition agents, particularly on Long Island, who have been stopping hearses to search for liquor. It was said that a committee of the association would be appointed to investigate.

EXPERT GIVES HIGHEST RATING TO WELSH COAL

Letter Received by Toronto Mayor From Hon. Mr. Larkin is Reassuring.

(Toronto Globe.) Information received by Mayor Maguire yesterday, sets at rest all doubt as to the value of the anthracite the city is buying from Wales. The mayor received a letter from Hon. P. C. Larkin, Canadian High Commissioner in London, dealing with the coal situation. In this letter Hon. Mr. Larkin stated that Dr. Chas. Camsell, Deputy Minister of mines at Ottawa, had reported that this coal was the best anthracite mined in Europe. Dr. Camsell was authorized by the statement that this Welsh coal was 15 per cent. hotter than Pennsylvania anthracite, which, he said, had been steadily deteriorating for many years. The Welsh coal would give greater heat than even the Pennsylvania anthracite. It had also much less ash than Welsh coal, a coal very widely used in Great Britain for domestic purposes. Mayor Maguire has a sample of this coal. It is very bright and hard. It can be handled freely without making the slightest mark on the fingers. It is brilliant.

Hot Summer Sun Trying On The Complexion

How To Protect Your Skin And Bring Roses To Your Cheeks

New York.—Exposure to sun, dust and wind has a very bad effect upon the skin and complexion, but there is an easy way to overcome this, says Mae Edna Wilder when her friends ask her about her wonderful complexion and the striking beauty of her hands and arms. "You can get the same effect in one night if you follow my advice," she says. "Just think of it, a marvelous change in a single night! Here is the identical process that removed every defect from my face, neck, hands and arms, and until you try it you can form no idea of the marvelous change it will make in just one application. Before retiring cleanse the face, neck, hands and arms thoroughly with any good cold cream (I prefer Liska cold cream put up in sanitary tubes, to all others). In the morning after washing, dry the skin thoroughly, apply Derwillo and lo, the marvelous transformation! "The first application of Derwillo will astonish you. It makes the skin transparent, smooth and velvety, giving you one youthful appearance. "I especially recommend derwillo for a dark sallow skin, shiny nose, tan, coarse pores, rough skin, ruddiness, wrinkles and in fact every blemish the face, hands and arms are left to. If your neck or chest is discolored from exposure, apply derwillo and the objectionable defect will disappear as if by magic. It is absolutely harmless and will not produce or stimulate a growth of hair.

St. Peter's Win City Title.
St. Peter's won the city title last night by defeating the St. Johns, 6-5. The last game of the league series was filled with thrilling play, and St. Peter's won by an up-hill fight in the closing minutes of the game. At the conclusion of the game, Hilton Belyea was presented with the Wigmore Cup, emblematic of the rowing supremacy of St. John harbor, by Commissioner R. W. Wigmore. J. A. Gregory presented Hilton with a gold stop-watch, on behalf of the citizens.

Commercial Defeat St. George's.
The Commercial defeated St. George's last night, 5-2. This win brought the two teams to a tie for the amateur

championship of the city, both having won two games.

Scorer, Gelling.

St. Johns Disband After Completing League Schedule.
The City Senior Baseball League season is now finished and the St. Johns disbanded after last night's game. Manager Evans announced last evening that he had decided on that step after careful consideration. He declared that it was useless to try and continue to play exhibition games during the balance of the season with his team in the shape that it was in at the present time and Kivpatrick's inability to get away from his work to play with the St. Johns had left the entire pitching burden on Kivpatrick's shoulders. Manager Evans said Parice had done his best, but he did not think that it was justice to the fans to continue the season under these adverse conditions. Eddie Ramsay announced last night that he was leaving today for Halifax, where he will coach the Dartmouth team. The balance of the games this season will be played against outside teams with the champion St. Peter's representing St. John.

Water Dept. vs. Civics.
On the Rockwood park grounds tonight the Water Dept. and Civics of the Civic and Civil Service baseball league will meet for the second time in the new series. These two teams have each won a game and tonight's battle promises to be very interesting, as Manager Roy Wigmore of the Water Dept. team will send Hughes on the firing line with Johnson on the receiving end. Manager Harry Needham, of the Civics, will send his old reliable pitcher, Herman Hatfield,

to the mound and this twirler has won all his games in the league so far this season. William Blair will be on the receiving end for the Civics.
Fair Vale Loss.
The 3rd Canadian Garrison Artillery defeated the Fair Vale baseball team on the Rothesay diamond last night when the score was 9 to 1 in favor of the Artillery. Features of the game were the home runs of Logan and Yeomans. Lloyd Sterling was on the mound for the Artillery and had no less than ten strikeouts. He was backed by good support from the Artillery team. The batteries were: For the Artillery, Sterling and Millican; for Fair Vale, Christie and Seelger.
The Artillery will play the Rothesay team on the Rothesay diamond on Tuesday evening and a good game is expected.
Royals Champions.
The South End Baseball League closed last evening when the Imperial Oil's defeated a scheduled game to the Royals. The Royals won the league with ten games won and two lost and the Imperial Oil's were second with five wins and four losses. The following is the standing:
Won. Lost. P.C.
Royals 10 2 .833
Imperial Oil 5 4 .568
St. David's 5 5 .500
Indians 3 9 .250
Sugar Refiners 1 7 .125
The grounds will be open for exhibition games for the rest of the season.
Donated a Trophy.
The Stephen Construction Company have donated a trophy for the post season series between the St. Rose's and the St. Peter's intermediates, and the second game of the series will be played tonight on the Nashvaak park. The St. Rose's won the opening game between these two teams on Wednesday night.
Health Centre Game.
The St. Peter's club have consented to donate the total proceeds of a game to the funds for the new health centre. It was first thought that an effort would be made to have an outside team compete, but later it was thought best to have both local teams, so the strongest line-ups of the St. Peter's and St. John's will compete at the park on next Tuesday evening. One of the city bands will parade from the head of King street to the park, accompanied by Boy Scouts and Cadets, who will sell tickets. Four thousand tickets have been printed, and an endeavor will be made to dispose of the lot.
Fredrickton Wins Two.
Newburyport dropped two games to Fredrickton yesterday. The first ended 4-3 and the second 3-2.
American League—Thursday.
Philadelphia, 8; Cleveland, 1.
Boston, 8; Chicago, 2.

Orleans Won.
About 200 baseball fans assembled on the King George school diamond last evening to witness the playing of the Orioles and the Silver Dollars for the second time this season. The Orioles won, 12-5. Both teams are new on the scene and have put up a snappy brand of ball. M. Gray, who twirled for the Orioles, held the Silvers down to three hits and got good support from his men. S. Gray held the Orioles down, allowing only a few scattered hits, but he had no support in the field. The game was snappy throughout the nine innings, and a few sensational catches in the field by R. Wilson and Dwyer for the Silvers brought cheers from the fans. Wilson, third base for the Orioles, played a good game and made a nice little catch that robbed one of the Silvers of a two-base hit. These two teams will play again this evening on the same grounds. It is not known yet who will twirl, but a lively game is expected. The batteries were: For the Silvers, S. Gray and O'Connell, and for the Orioles, M. Gray and Walsh. The score by innings follows:—

Store Hours: 8 to 6. Close at 1 p.m. Saturdays; open Friday evenings until 10.

LOCAL NEWS

PAVING WORK.

The public works department expect to make a start placing the new surface on South Market wharf next Monday.

ORDERED TO LEAVE

William Hayes, arrested recently on complaint of Superintendent Woods of the Municipal Home, charging him with creating a disturbance, was ordered out of town by the magistrate this morning.

880 FOR ASSAULT

Emmett Doherty, charged with assaulting a peace officer was fined \$80 in the police court this morning. The officer assaulted was Prohibition Inspector Robert Henderson, who, it is alleged, was struck over the head with a bottle.

REPAIRS AT DEPO

Some repairs have been carried out at the Union depot this week. A new floor has been laid in the baggage room, the doors have been painted and the men are now at work repairing holes in the concrete platform in the train shed.

TROOPS THROUGH MONCTON

A special train bearing troops and mounted police from upper Canada to the strike area in Cape Breton, passed through Moncton this morning at 10 o'clock last night, according to travelers coming from the railway town this morning.

McALONEY-McDONALD

A wedding of much interest was held in Portland Methodist church on Wednesday evening when Rev. H. B. Clarke officiated in marriage Mrs. Jennie Margaret McDonald and Elmer M. McAloney. The bride wore a charming gown of white trimmed with orange blossoms. They will reside at 70 Somerset street.

CITY PAY DAY

Today \$15,483.96 was paid out at city hall to laborers employed in the various departments. The amounts paid out were as follows: Public works, \$8,178.98; water and sewerage, \$4,372.10; harbor, \$2,415.98; ferry, \$516.96.

RENOWNED MUSICIANS.

A. Berni, a violinist of Odessa, arrived at New York on the Mauretania recently, for a concert tour of the United States, beginning at Philadelphia. He gave concerts on the way over. On her next trip to New York the Mauretania will bring Jascha Heifetz, renowned violinist, who will fill a concert programme in this country.

TRADE BOOK RECEIVED.

The annual Blue Book for 1922-23 of the International Trade Developer, Inc. has been forwarded to the Board of Trade for reference of members and visitors. This book is found in all the large cities of the world. St. John business men who are interested in world trade will find it an excellent book to consult.

DOUCETTE-PHILLIPSON

A very pretty wedding was held last night at the home of Mrs. Lydia Ann Phillipson, 117 St. Patrick street, when her daughter, Miss E. A. Phillipson, was united in marriage to William Vryett Doucette, son of Chesley Doucette, of Chipman, by Rev. H. B. Clarke. The bride, who was unattended, was charmingly attired in a suit of navy blue serge. Only the relatives and close friends of the bride were present at the ceremony and at the wedding supper served immediately afterwards. Among the many presents received was a box of silverware from the bride's associates in the Cornwall cotton mill.

RENFORTH REGATTA

A great deal of fun is promised in the titling contest at the Renforth regatta on August 26 as six entries have already been received, including one from Fredericton. Entries in other parts of the programme have been received from several outside points, among them Halifax, Fredericton and Rothesay.

A special yacht race is being arranged between two of the fastest boats in the R. K. Y. C., the Mist and the Princess, and the committee are trying to arrange a race for speed boats and semi-speed boats of the St. John Power Boat Club. Special train services will be arranged with the C. N. R. to accommodate those wishing to attend the races and the matter of car parking will also be looked after. The committee in charge are pleased with the way in which the entries are coming in and look for a day nearly as successful as the Renforth regatta day last year.

PROBATE COURT.

In the probate court in the matter of the estate of Sadie Cohen, administration was granted to Louis Cohen, personally \$20,000.00, realty \$500.00. K. A. Wilson was proctor.

In the matter of the estate of Andrew Lochery, personally \$637.50, Jennie Duff was sworn as administratrix.

Margaret Carney was granted letters testamentary of the estate of Henry Anthony, \$550. T. P. Regan was proctor.

The last will of Mary J. McGinnis was proved in solemn form and letters of administration cum testamento annexo granted to Ada M. Ryan, personally \$986.00. J. B. Dever was proctor.

In the matter of the estate of Michael Mann, letters testamentary were granted to Bishop LeBlanc, personally \$1,244.01. W. M. Ryan was proctor.

Mrs. Jennie Peterson and Mrs. Maria Scott were sworn as executrices under the will of Isabella Dixon, personally \$1,500.00. K. A. Wilson was proctor.

Administration was granted to W. V. Brophy in the matter of the estate of Wm. J. Brophy, personally \$2,501.88. E. Hennesberry was proctor.

PROVINCE OFFERS \$500 REWARD IN THE TRIFTS CASE

Premier Foster announced this morning that a reward of \$500 would be paid by the provincial government to any person or persons furnishing information which would lead to the arrest and conviction of the murderer of Frederick H. Trifts.

Early in the morning of July 6 Mr. Trifts was found murdered in an automobile in Douglas avenue. The automobile was drawn up close to the curb on the right hand side coming in from the bridge and the engine was still running. Despite every effort on the part of local detectives no clue has been found that would shed any light on the crime, and the murder is still at large.

N. B. PICTURE TO BE STARTED ABOUT SEPT. 1

St. John a Possible Background For "Blue Waters"

—Representative of Film Company Here.

That the cast for the picture, "Blue Waters," which is to be produced by New Brunswick Films, Limited, would be on the ground by the first of September, was the statement made this morning by Mrs. Faith Green, who is an aid to Ernest Shipman, promoter of the picture, and who is in the city looking for material to work into the photodrama.

Mrs. Green, speaking to the Times this morning, gave some valuable information in regard to Mr. Shipman's activities. Mr. Shipman, as has been published before, is behind a number of Canadian productions, from Calgary to St. John. Mrs. Green said this morning that he was one of the first men to realize that the faithless wife and errant husband type of story had begun to pall on the public, and he immediately turned his attention to cleaner, more wholesome types of entertainment. In this connection, he felt that the appropriate time was at hand to produce Canadian films, and to give every province and every locality which had a writer devoting his talent to the exploitation of his own country a picture portraying local deeds, local scenes and local romances.

In the west, the stories made immortal by Ralph Connor had been pictured; the stories of the steel and wood pulp industries of Ontario, by Allen Sullivan, were dramatized at the Soo.

She said that Mr. Shipman was now producing a picture in Newfoundland, with the fishing industry as a background; that one setting forth the charms, the orchards and the fox ranches of Prince Edward Island would be undertaken soon, and soon the project would be underway in the two provinces by the sea.

Mrs. Green said that it had been decided to produce two stories by Frederick William Wallace, namely, "Blue Waters" and "Viking Blood." She gave it as her opinion that "Blue Waters" was admirably suited for production in a St. John location, and she feels confident that it will make a remarkable appeal, carrying with it the breath of the sea, the charm of the coasts, the dash and courage of the native skipper, and all the romance of the deep-sea fisheries. But she promised it would not lack the heart interest, as she is weaving into the story a charming romance based upon the inevitable triangle without which no drama is complete.

With the starting of the photodrama in September, in a few months time, there is no doubt that audiences in far distant California will see themselves as they have been about the wonderful reversing falls of St. John, the only such phenomenon in the world, as Mrs. Green said this morning that some part of the play would be filmed around this spot. The tremendous tides of the Bay of Fundy will also come in for their share of picturization, and it is safe to say that millions will soon see a picture with a New Brunswick name, with the breath of the sea province strong upon it, with the courage and romance of the native New Brunswicker in it, and most of all the name, "New Brunswick Films, Ltd." upon the face of the picture.

Mrs. Green earnestly requests the help of the community and province in making the drama true to the native life, and will be very thankful if any person knowing any old heart legend, or having any picture of heart interest, or with any suggestion which would further the project, will look her up at the Dufferin.
