Complex and Diverse Problems Raised ARMISTICE EXTENSION

Allies Appoint Committee of Eight to Study Conditions Before Policy in Regard to Germany is Decided on

Paris, Feb. 11.—In view of the complexity and diversity of the problems raised by the armistice, says Havas report, the supreme war council has appointed a committee of eight to study these questions. The council, therefore, has postponed for a few days the adoption of conditions to be imposed upon Germany.

The committee is composed of Lord Robert Cecil and Major M. G. Thwaites for Great Britain, Norman Davis and General Bliss for the United States, Dr. Silvio Cesari and General Cavallotti for Italy, and Edouard Clemenceau and General De Goutte for France.

Dr. Dernburg accuses the Entente of forcing Germany to ruin through the hunger blockade and by crippling all her economic activities, despite the fact that Germany's offensive and defensive forces are completely paralysed.

Paris, Feb. 11.—(Associated Press)—The supreme economic council is expected to consider French and Belgian proposals that Essen and other German industrial towns should be occupied to prevent the manufacture of munitions and arms. This question bears on the ability of Germany to pay heavy indemnities through products of industry, and it is the American view that the oppression of Germany's munition production can be as well assured by a system of authorized inspection by Entente agents. This would permit German industries to continue with safety to the Allies.

The French and Belgian plan that they could be permitted to occupy their enormous losses by the destruction of their industrial plants through the stoppage of German industries until France and Belgium have been rehabilitated, is met by the American view, which is shared by the British, that such losses should be reimbursed by cash indemnities from Germany within a reasonable time.

The supreme economic council can regulate the division of raw materials between countries so as to insure exchange between France and Belgium of proper advantage over Germany and event the latter from gaining the world's markets. Once divested of its economic features, the armistice can be a tension of the military armistice can quickly be completed.

ABOR UNION CONGRESS AT BERNE ADJOURNS TO MEET AGAIN IN MAY

Berne, Feb. 11.—The International Trade Union Congress which has been meeting here since last week, adjourned yesterday after declining to meet again in May at a place to be selected.

ALLIES' VICTORY OVER BOLSHIEVIKI

London, Feb. 11.—The Bolsheviks unheeded an infantry attack on Saturday night the allied positions near Srednak along the southeast of Archangel, and were defeated, according to an official statement issued by the war office last night. In the operations on Friday in which British, American and Russian troops proved their positions on the Bolshevik road south of Kadishi, the Bolsheviks were heavily beaten.

WATER RATES ON SAME BASIS AS IN LAST YEAR

Commissioner Jones Makes Early Announcement to Ease Minds of People

Paris, Feb. 11.—In view of the complexity and diversity of the problems raised by the armistice, says Havas report, the supreme war council has appointed a committee of eight to study these questions. The council, therefore, has postponed for a few days the adoption of conditions to be imposed upon Germany.

Not only will the rate be the same, if the council approves, but the commissioner also will recommend that a discount of five per cent be allowed for prompt payment, as was done last year. There will be nothing about the water rates this year to enable landlords to use them as an excuse for increased rents.

The rate in "schedule B" will be one-fifth of one per cent on all land and buildings and merchandise contained in buildings within 700 feet of any water main. The service rates in "schedule C" will be as follows:— Boarding and lodging, \$1. Each family, \$1. Boarding and lodging house, in addition to family rate from \$1 upwards. Each water closet with cistern and self-closing flush, \$4. Each water closet of any other kind, \$6. Each urinal, \$3. Each bath, \$3. Each set wash bowl, fifty cents. Restaurants, pool rooms and clubs from \$5 upwards. Drug stores, \$10 upwards. Fish stores, \$10 upwards. Milk dairies, \$5 upwards. Other stores, \$3 upwards. Soda fountains, \$3 upwards. Dental offices, \$5 upwards. Banking offices, \$5 upwards. Photo studios, \$5 upwards. Printing offices, \$5 upwards. Other offices, \$3 upwards. Factories, \$10 upwards. Bakeries, \$5 upwards. Barber shops, each chair \$2. Greenhouses, \$5 upwards. Hand laundries, \$10 upwards. Other workshops, \$3 upwards. Wagon horses, \$2 each. Truck horse, \$1 each. Cows, \$1 each. Automobiles, \$5 each. Lawnsprinklers, \$3 each. Building purposes, not less than \$3.

Mr. Allan was operated on for cancer of the throat recently. He was born in Montreal in 1860.

NEW BRUNSWICKER WHO WON THE V. C.

St. Louis, Mo., Feb. 11.—An explosion last night wrecked the plant of the Egyptian Powder Company, two miles south of Herrin, Ills., according to advices received here early today. No lives were lost.

Colonel C. W. Peck, M. P. for Comox (formerly of New Brunswick), was awarded the Victoria Cross in person by the king at Sandringham.

CORSICAN HERE VIA NEWFOUNDLAND

St. John is Represented in Passenger List INTERESTING PEOPLE ABOARD

Woman Missionary Who Had Been Interned by Turks—Youngest Winner of V. C. Landed at Newfoundland

The C. P. O. S. liner Corsican arrived in port this morning from Liverpool via St. John's, Nfld., with 320 passengers. They included several officers who were attached to the Royal Air Force, in addition to some eight cadets of Ottawa, who were in training for the Royal Canadian Naval Air Force when the armistice was signed.

The steamer encountered fair weather until near the coast of Newfoundland, when they had some difficulty navigating through the ice fields, but from that time to St. John splendid weather was encountered. The steamer landed more than 400 soldiers at Newfoundland. Included in that number was the youngest soldier in the British army to possess a Victoria Cross. He is nineteen years of age and his name is Pte. T. Ricketts, a native of Middlem, Wiltshire, England. He volunteered with the Royal Newfoundland regiment and returned with the V. C., a D. C. M. and a Croix de Guerre. On Oct. 14, 1918, during a big advance from Longueville, he volunteered to go forward with a machine gun to outflank a battery, which was causing havoc in their ranks. His machine gun was disabled and he was the lives of many comrades in addition to capturing four field guns, four machine guns and eight prisoners. For other similar acts of bravery he received the other decorations and had two of them pinned on his breast by King George.

The following is a list of the New Brunswick officers and passengers on the steamer: Lieut. A. E. Allen, St. John; Lieut. B. A. Crockett, St. John; Flight Cadet J. M. Fraser of St. Stephen; Lieut. E. Medley of St. John; Lieut. G. M. Morrison, St. John; E. R. Osten and Mrs. J. M. Preston, Fredericton; Lieut. S. P. Ryder, St. John.

Included among the passengers was Miss E. McCallum of Kingston, Ont., who was a Congregational missionary in Turkey and was interned in Smyrna at the outbreak of the war. For the first two years she was allowed to go on teaching, but after that she was forbidden to do so. She was not forced to suffer any hardships as the governor of Smyrna was rather friendly to the British and treated his prisoners better than they did in any other part of Turkey. Miss McCallum said it seemed as if he realized from the first what the outcome would be and acted accordingly. Miss McCallum was in charge of an American school there with 250 pupils, composed of Greeks and Armenians. When the armistice was signed and the exchange of prisoners started she was placed on the exchange list and was sent to Alexandria, where she remained for seven weeks, later she was sent to Marseilles and then to England.

Lieut. Colonel J. A. Chamber of Halifax is en route to his home after many years of service. He was in charge of the 12th Battalion in India in 1914 at the outbreak of the war and was ordered to England. After arriving there he was dispatched to Egypt, where he remained for more than a year. He then returned to England, took a course in flying, and went to France in the rank of captain. After considerable service he was promoted to major and later to Lieut. Colonel.

Lieut. C. W. Cook, of Guysboro, N. S., who crossed overseas with the 12th Battalion was also on the steamer. An officer on the ship who had an interesting experience during the war was Major G. A. Walker of Vancouver. He crossed overseas in 1915 with the Royal Engineers and after his arrival in England was sent to Egypt and Palestine, where he served until after the armistice. He was present during the occupation of Jerusalem and remained in that city for six months. While in the east he was employed for a long period building railroads across the Sinai desert.

Lieut. J. M. Renne of New York city, was another passenger. He was attached to the Royal Air Force and acted in the capacity of instructor in Texas, Toronto and England. He is returning home to New York, and has contracted with the A. H. Woods Theatrical Company for three years. Lieutenant Renne was well known on the New York stage prior to his departure for the scene of war activities.

Lieut. G. S. M. Warlow of Montreal, arrived back in Canada for the first time since the outbreak of the war, when he sailed for the old country and enlisted with the Royal Irish Rifles. Later he joined the Royal Air Force. During his long service he did not receive as much as a scratch. He was flying in France and Egypt.

Captain W. W. Cruise of Toronto, who was with the Royal Army Medical Corps, is returning home to resume his medical practice in that city. He was attached to hospital staffs in England, France and along the lines.

The steamer docked a little after nine o'clock, but as the port doctor had not completed his examination no one was allowed on board. When the gang plank was at last raised five passengers were taken off the steamer, and to be suffering from influenza. Two were apparently very sick. They were taken to Partridge Island and will be cared for in the hospital there.

WAITING FOR HIM.

King Calls For Resolute Action

Speech From Throne Urges Reconstruction Matters and Improving of Health of Nation; Procedure of Parliament to be Simplified

London, Feb. 11.—King George, in opening the new parliament today, after alluding briefly to events since the dissolution of the last parliament, just after the armistice, urged quick and decisive action on reconstruction measures and asked parliament to "spare no effort in healing the causes of the existing unrest."

The king said that a government bill would be presented simplifying the procedure in the House of Commons, so that the lower body might expedite what the government considered imperative measures. Among the measures, he said, were better housing, the formation of a department of health, the fulfillment of pledges of labor that unfair competition would be prevented and the betterment of the agricultural situation through improved transportation.

Will Hold On To Them, Says Japan

Re-Affirms Intention to Keep Marshall and Caroline Islands and to Insist on Carrying Out of Agreement With China

Paris, Feb. 11.—(By the Associated Press)—Japan has reiterated its intention to hold the Marshall and Caroline Islands in the Pacific, which she took from Germany during the war, as well as to insist upon the execution of her agreement reached in September last with China regarding Shantung. A formal statement to this effect by Japanese representatives has been made public here.

It is not considered that the China-Japanese controversy or Japanese claims regarding the Pacific islands are likely to delay the society of nations project. It seems probable, however, that these matters will be considered later by that organization.

Considerable space is being given the China-Japanese controversy by the French newspapers.

CHINESE DIVIDED

Peking, Feb. 11.—President Hsu Shih Chang has taken a firm stand in a controversy which has arisen between the Chinese and Japanese governments regarding the action of the Chinese delegates at the peace conference in Paris. He is entirely out of agreement with the desires of the Japanese that the Chinese peace delegates be restrained in their activities. His attitude has been strongly endorsed throughout China and has elicited the unanimous approval of the northern and southern internal peace delegates who are assembling to arrange a settlement and a reunion. The Chinese cabinet as a whole approves of an agreement with Japan's wishes, but the president is unyielding and is supported by the premier.

IN RUSSIA BORDEN PLANS A VISIT TO CANADA

Typhus Rife in Some Places—Report From Canadian Force

Vladivostok, Feb. 11.—(By the Associated Press)—There are approximately 25,000 cases of typhus in Ekaterinburg, Cheliabinsk and Omsk, according to Major "Jack" Reifsnider, who has just returned after a two months' trip in charge of a Red Cross relief train. Russian authorities, as well as the American Red Cross, are doing their best to check this disease, but in view of the overcrowded conditions in all cities and towns, their task is a desperate one. An average of ten new cases daily are being taken from the railway station in Ekaterinburg, where refugees, speculators and homeless people generally are packed together.

London, Feb. 10.—(Canadian Press despatch from Reuter's Limited)—A member of the Canadian forces at Omsk says the country is in such a chronic state of disorder that often no trains run for weeks. Refugees are flocking into Omsk in a woeful condition. The Bolsheviks have innumerable men, and a more or less organized army of Bolsheviks are everywhere.

We never take chances and speak to nobody but our own men. We never go out in less than gangs of six and then fully armed.

It is rumored that 75 per cent of the population of Omsk, whose population is 200,000, are Bolsheviks, but if they start anything we are ready for them.

Archangel, Feb. 10.—(By the Associated Press)—British and Russian airplanes, flying low over the frozen timber land between the Vaga River and the Volga railway, are greatly harassing the Bolshevik forces. The enemy has virtually no aerial defense, while the Allied fliers are demonstrating their efficiency despite the extreme cold.

EGGS DOWN FIVE CENTS IN QUEBEC, TO 55

Quebec, Feb. 11.—A further drop in the prices of several foodstuffs was recorded in today's review of the market. At the stock yards, cattle were rather scarce and still, prices had a tendency to slump, though there was not much difference in last week's prices.

SURPRISE PARTY

About twenty-five friends of Mr. and Mrs. Charles C. Vall called at their home, 238 Britain street, last evening and tendered a surprise party to Mrs. Vall, the occasion being her birthday. On behalf of those present, James Gorrie presented to Mrs. Vall a handsome wicker rocker. Mrs. Vall mastered her surprise and acknowledged the gift in a suitable manner. The evening was spent with games and music and refreshments were served.

HAS IMPORTANT POST.

Lord Hardinge, former Viceroy of India, has charge of the administrative machinery of the British secretariat at the Peace Congress.

COMING HOME FOR WHILE AFTER COMMITTEE ON GREEK CLAIMS FINISHES WORK

Paris, Feb. 11.—(Canadian Press despatch from Reuter's Limited)—An expert committee consisting of two representatives each from Great Britain, the United States, France and Italy, which the council of the great powers decided a week ago to set up to examine the claims of Greece will meet on Thursday. The British Empire delegates are Sir Robert Borden of Canada and Sir Eyre Crowe of the British foreign office.

Immediately upon the committee completing its work the Canadian premier will probably pay a short visit to Canada, returning when President Wilson returns from the United States.

It was disclosed today that President Wilson plans to return from Washington by March 15. This involves a brief stay at Washington as to permit the signing of bills during the closing hours of congress.

SOMETHING OF THE WOMEN WANT TO ENJOY THE WEED AND OTHERS ARE OPPOSED

London, Feb. 10.—The Young Woman's Christian Association is threatened with a division into two societies by reason of agitation over the fact that smoking is permitted by women in some branches and forbidden in others. Some members of English branches where smoking is permitted have withdrawn and joined the Irish Y. W. C. A., which prohibits smoking. The Manchester Guardian quotes a Y. W. C. A. worker as saying that sixty per cent of the women's auxiliary organizations and a large proportion of the former women's union workers smoke.

FOR LIBERTY OF TRANSIT TO ALL ON EQUAL TERMS

Britain and United States Agree on Proposal

PEACE CONFERENCE MATTERS

Meetings of Commissions on Various Phases of the Situation—Important Labor Decisions—Jewish Commission in Palestine

Paris, Feb. 11.—The commission on ports, waterways and railways met yesterday under the chairmanship of M. Crespil.

Two proposals were presented. The first, presented by the British delegation, relates to the freedom of interior transit, and the second, presented by the French delegation, relates to a study of the question involved in the regime of international ports, waterways and railways, as well as the rivers and railroads, to which this regime should be applied.

Great Britain, supported by the United States, proposed the principle of liberty of transit to every country on equal conditions to all. This was opposed by Albert Clavelle, for France, who pointed out that Great Britain and the United States occupied a special situation that made the question of commercial land transit insignificant for them.

The commission appointed two sub-commissions, one to study the question of the control of ports, waterways and railways, and the other the question of liberty of transit. The first commission has approved of the principle that no country may charge duties on goods passing through its ports or over its railways or waterways other than the freight rates paid on goods destined for the country itself. Neither may they levy on such goods customs or local taxes.

Belgian delegates protested against allowing freight destined for German ports to pass through their territory. They asked if he thought it might be "rather sanguine." He added, however, that it is not for peace to wait upon the formal establishment of a society of nations because it is not the society's business to determine the terms of peace.

In answer to an inquiry as to how Germany could pay indemnities if not a society of nations were formed, Mr. Ballou replied: "Germany's reparation should not be at the expense of France and Belgium, but it is to no country's interest that Germany should become a derelict nation."

Today Important.—Paris, Feb. 11.—(By the Associated Press)—The question of when peace will be signed is one that nobody can answer, said A. J. Balfour, British secretary of state for foreign affairs, yesterday.

Asked if he thought it might be "rather sanguine," he said that it is not for peace to wait upon the formal establishment of a society of nations because it is not the society's business to determine the terms of peace.

JUDGE LANGELIER ON THE M. S. A. FINES

Quebec, Feb. 11.—The following statement was given out to the Canadian Press today by Judge Langelier of the police court who has been dealing with absentees under the M. S. A. act.

"I am greatly surprised at all this agitation. I will say right now that it is false to say that I have the absentees under the M. S. A. act. The value varies between \$50, \$55 and \$10. The sum of \$5 represents about 5 per cent. of the fines imposed.

"In a large number of cases, they were farmers' sons, who were unable to look after the farm, which would have been left deserted and uncultivated had the boys left for the army."

Judge Langelier, dealing with instructions he got from Ottawa to deal with the absentees, says: "According to the instructions I received from Ottawa, I understood that in taking from court-martials the cases of these absentees, to bring them before civil tribunals, the intention of the federal authorities was that a mere act of submission to the law was required."

"This furthermore is plainly laid in white and black in the written instructions which was handed to me as emanating from the federal department of justice, and which read as follows: "When an individual surrenders and alleges in his plea that he was induced in error to believe it would be necessary to staff up the jails with absentees, during their term of imprisonment, they cannot work for the good of the country and therefore, they would be designated as 'jail birds.'"

"This same sentiment," adds the judge, "exists also in the letter of the 17th of January in the New York World of Jan. 24 following under the head line of 'Excessive Penalties.'"

"Excessive penalties" are never wise, even in times when the public safety is endangered. When all danger is past, they are inexcusable, because they provoke sympathy."

"The principle, adds Judge Langelier, is found in a treatise that rules as an authority on the world over. In Parley on summary convictions, page 229, it is said: "Whenever magistrates are empowered to impose imprisonment for an offense punishable by summary conviction and are not empowered to impose a fine, they can, however, impose a fine not exceeding a certain sum if, in their mind, the fairness of the case shall be better met than by imprisonment."

Today Important.—Paris, Feb. 11.—(By the Associated Press)—The question of when peace will be signed is one that nobody can answer, said A. J. Balfour, British secretary of state for foreign affairs, yesterday.

Asked if he thought it might be "rather sanguine," he said that it is not for peace to wait upon the formal establishment of a society of nations because it is not the society's business to determine the terms of peace.

In answer to an inquiry as to how Germany could pay indemnities if not a society of nations were formed, Mr. Ballou replied: "Germany's reparation should not be at the expense of France and Belgium, but it is to no country's interest that Germany should become a derelict nation."

Japan Ready To Go To War?

Anxiety in Paris Over Attitude Toward China In Peace Conference

Washington, Feb. 11.—(By the Associated Press)—Japan's attitude toward China in the peace conference is causing grave apprehension among the representatives of the other associated powers.

According to official diplomatic information reaching here, Japan virtually has threatened war if China makes public secret treaties between the two countries and fails to carry out an agreement to make Japan the successor of Germany in rights, property and concessions held by Germany at the outbreak of the European war.

China is relying on the peace conference, where her delegates are said to have made an excellent impression, and is seeking support from the United States and Great Britain.

THOUSAND MORE CAME IN TODAY

Busy Times are These at the Offices of the City Assessors

Until the returns have been compiled the staff of the assessors' office, wearied with the strenuous work of the last ten days or so, will be unable even to estimate the number of sworn declarations which have been filed under the new assessment act.

Today's mails brought in about 1,000 more statements which had been mailed yesterday and which will be accepted as having been filed in time. For the last ten days, the staff has been attending to an average of about 600 callers each day and, with the amount of attention that was required in addition to the actual clerical work, they have had their hands full. The work has been accomplished so smoothly is evidence of their ability.

50,000 ITALIANS TO SAIL

New York, Feb. 11.—Steering passenger agents in this city say there are 50,000 Italians booked and waiting to sail for their native land directly they can obtain accommodation. There are also between 50,000 and 60,000 Italians, who have served in the war, waiting at Naples, Genoa and Palermo, they add, for a chance to get back to their families in the United States.

There are only four steamships in the passenger trade between this country and Italy. The British Ministry of Shipping in London has informed the steamship companies operating between Great Britain and the United States, that from now on they can dispose of only 20 per cent of their first class accommodation when bound at the remainder will be needed for American or Canadian troops.

SHOT SELF LIKE BROTHER

New York, Feb. 11.—Rudolph Schwarzer committed suicide in his home at 17 Laurel Hill Boulevard, Winfield, L. I. He was secretary of M. Groh's Sons, Inc., warehousemen and proprietors of the Chelsea Ice Plant here. Despondency produced by worry over business cares was said to have caused him to shoot himself five years ago his brother committed suicide in the same room and in the same way. Schwarzer lived alone on the first floor of the house.

IN WALL STREET

New York, Feb. 11.—Shipments, tobacco, oils and several of the speculative equipments recently under pressure were firm to strong at the opening of today's stock market, gaining one to two points. There was a better demand also for rails, notably Grangers and Coalers. United States Steel and the more prominent coppers were barely steady, and Bethlehem Steel reacted a large fraction. Selling of Liberty bonds was resumed, the fourth \$145 making a new low record at 93.82.

CONDENSED NEWS

The German national assembly at Weimer has adopted the provisional constitution with little amendment. The national president will be elected today. Fifty-four radicals, alien born anarchists, Industrial Workers of the World and others, arrived at Hojoken yesterday from the west, for deportation. They cheered the Bolsheviks and the I. W. W.

Thirty-five of the women arrested for burning President Wilson in effigy in Washington were tried yesterday. Twenty-five were sentenced to five days in jail, one to two days and the case against the others dismissed. The women announced that they would conduct a "hunger strike."

ARRESTS IN LAWRENCE

Lawrence, Mass., Feb. 11.—Alleged attempts to jostle mill workers passing through the zone picketed by strikers near the Arlington mills caused six arrests on intimidation charges here early today. The police reported no disturbances about the other mills while leaders in the strike for forty-eight hours with fifty-four hours' pay asserted there was no increase in the number who returned to work either yesterday or today. Mill officials, however, said more men were at work than at any time since the strike started a week ago.

RECONSTRUCTION.

(Rev. George Scott.)

Men of firm determination. Here's a task shall try your skill. Whatsoever your reputation. For imperiousness of will.

Nothing less than the remaking Of the manners of our time, Hunger for the good awaking In the haunts of sordid crime.

Keep the torch of freedom glowing. Pass it on from sire to son, Future generations showing That your work was nobly done.

Be no coward to your training. Ever keep your goal in view, From earth's chaos and its straining Shall evolve the good and true.

Let your hand be always ready. Smite the evil in the face, Grapple with it strong and steady, Yielding not an inch of space.

In this battle give no quarter. Make the victory complete, Scorning all unworthy barter. Bring the foe man to your feet.

Whatever your stations, Whosoever your name may be, Hear the crying of the nations Struggling blindly to be free.

Make your choice, ye men of action, Battle boldly for the right, Spurn the thought of clique or faction Wrestling ever towards the light.

Ancient tyrannies which cumber Lives of men must pass away, Antinomies that slumber, Things which shun the light of day.

Men of firm determination. Here's no time for stalling still, When the work before the nation Calls for patient strength and skill.

Nothing less than the remaking Of the manners of our time, Hunger for the good awaking In the haunts of sordid crime.

CHINESE STUDENT CONFESSES TO ONE MURDER IN THE WASHINGTON TRIPLE KILLING

Washington, Feb. 11.—Police officials announced today that Ziang Sun Wan, a New York University student, had confessed that he killed Ben Sen Wu, one of the three members of the Chinese educational mission found dead in their headquarters here on January 31, and that Wan said Wu had killed Dr. Theodore T. Wong and C. H. Hsie.

The confession, as announced by the police, gave a rather hazy story of the murders, the motive for which was believed to have been robbery. T. L. Wan, who was arrested with him last night after being under guard in a hotel for several days.

SMOKE MACDONALD'S INDEX

PAINLESS EXTRACTION Only 25c

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

STOPPING THE CLOCK.

A delegation from the south end of the city appeared before the school board last evening with a definite request for the use once or twice a month of the unused assembly hall of the King Edward school for the meetings of an organization which has already done much for the children of the south end and plans to do more. They found on arrival that every school principal in the city had been invited to attend, to oppose, with the approval of the staff of each school, any such use of any school building.

The ministers and others who were on the delegation, or would have been on it but for other important engagements, did not know until these teachers and Dr. Bridges had spoken what a dreadful thing it was they proposed to do. The people who attend the meetings of the South End Improvement League, as Chairman Langley pointed out, are the people who meet every day in their homes, the streets, the stores and the churches without injury to themselves or others; but it appears that as soon as they pass the threshold of the King Edward school they become incendiaries, spreaders of disease, cigarette smokers and vandals. This was perhaps news to them, but no other inference could be drawn from the arguments presented in favor of turning them into the street, which has now been done. Of course the last has not been heard of this matter. Nothing is settled.

Dr. Bridges says he found some persons in Philadelphia and elsewhere who lamented that school buildings had ever been opened as social centres. He could also have found, no doubt, by diligent search, some individuals in American cities who would assert that republican government is a failure. The fact is that the school buildings of United States cities are used as social centres. One of the stoutest champions of such use is Mr. Woodrow Wilson, a former university president and now president of the United States. Another is Mr. Charles M. Hughes, the great Republican leader, who has said to those conducting social centres in school buildings: "The work you are doing is invaluable. You are buttressing the foundations of democracy." In Montreal Mr. John Bradford has got the schools open for social centre work. The editor of this paper has letters from school authorities in Toronto, Winnipeg, Regina, Moose Jaw and other cities telling of community activity in school buildings.

Of six meetings held in Halifax one evening last week to discuss civic politics five were held in school buildings. In England a wide use is made of school buildings. In at least one American state, and there may be others, it is only necessary for a stated number of ratepayers to ask it and the school board must open the building and provide janitor service, heat and light. Half a dozen years ago there were social centres in fifty schools in Cleveland, Ohio, organized by a committee of the board of education, and the work has steadily progressed. Scores of such instances might be cited.

Now what is the matter with these ministers, business and professional men, representatives of labor, and women who are the mothers or sisters of the children of the south end, that they or any of them cannot be trusted to use an unused room in a school building once or even twice a month? Why produce a formidable array of school teachers who ought to welcome any work for community welfare to sign petitions against it? What interest more than any other citizen have they in a school building except between the hours of nine and four, so long as the building is put to a good use and their work is not interfered with? Paint does not cost any more than jails and reformatories, and if a healthy influence can be thrown around boys and girls by a welfare organization it ought to have the sympathy of every teacher. If it be true that writing of doubtful propriety has ever been placed upon a blackboard or in a book, which has certainly not been done in the King Edward school, it has been done by the product of the schools, who had been under the influence of school teachers for quite a number of years.

Perhaps Rev. K. Leslie Fildgen of Winnipeg is right, and we ought to have a little more teaching of morals and the duties of citizenship in our schools. That, of course, is not the fault of the teachers but of the system. Perhaps a community welfare movement might help the schools in that respect. It is worth trying.

Meanwhile the teachers of St. John have permitted themselves to give what is one of the most promising community welfare movements ever started in any section of the city what seems to be a black eye. In reality it will strengthen the South End Improvement League and hasten that which the teachers have chosen to set themselves to prevent.

A hunger strike by suffragists in Washington will not be so very dreadful if the good women have accustomed themselves to short rations in war time.

IN PARIS TODAY.

The news from Paris is not as reassuring as we could wish. The reports indicate that Germany is in no hurry to demobilize, and Marshal Foch is quoted as saying that she could soon place an army of three millions in the field. She is very slow to carry out the terms of the armistice, and the supreme war council is considering more drastic action. Meanwhile Dr. Dernburg is trying to convey the impression that Bolshevism is spreading in German cities and it is necessary to keep a large army. He presents this also as a reason why the Allies should give Germany better terms. Mr. Balfour says it would be rather sanguine to expect peace by April. The cables news not what the world had hoped to get at this distance in time from the signing of the armistice, although so far as the league of nations is concerned there appears to be excellent progress. If it should be necessary to put the screws a little tighter on Germany there will probably be full unanimity in the supreme war council. Mr. Balfour very properly says that Germany must not be permitted to profit at the expense of France and Belgium. She must pay the price of her mad attempt to dominate the world.

FOR BETTER HOUSING.

A bill is before the Quebec legislature to enable the municipalities to avail themselves of the money made available for that province to improve housing conditions. The city of Montreal is already taking a lively interest in the question. The Montreal Gazette says:—"In connection with the grant of four million dollars, which Montreal expects to receive as its share of the federal subsidy, for the erection of workmen's dwellings, a delegation of citizens waited on the Administrative Commission yesterday, offering their support and co-operation for the successful carrying out of this important reconstruction movement, and one that was destined to be of great benefit to the laboring classes. It is said an independent commission will be appointed to administer the fund in Montreal. The delegation which met the commissioners included representatives of the Civic Improvement League, Montreal Publicity Association, the Architects Association of Quebec, Board of Trade, the Builders' Association, Trades and Labor Council and Canadian Manufacturers' Association."

The Standard this morning has a fling at Dr. Emery. He will survive it. But the Standard is not well informed. It says the doctor presided at the school board meeting last evening. Dr. Emery was not there, and Chairman Emerson presided. The latter, by the way, was able to point to notable progress made, especially in regard to school buildings and teachers' salaries, during his ten years at the board. He retires with a record of faithful service as chairman of the board.

The delicate question as to whether Y. W. C. A. women in England should smoke is exciting the public mind. Women students at Newham College, Cambridge, are permitted to smoke. We recall the impassioned lines of a former St. John poet, and member of the Anti-Tobacco Association of that day: "Smokers in the gay saloons, "Sometimes spit in their spitoons, "But amongst the filthy poor "Spitting off-times stains the floor."

The sacred school houses are to be added to the objects of veneration in St. John. The boys and girls may romp over the graves of the Loyalists, but when they or their parents approach the portals of a school house they find the superintendent of schools with a flaming sword.

The death of Dr. P. R. Inches removes a loved physician who was devoted to his profession and a citizen honored and esteemed by his fellows.

Fifty-four Bolsheviks have arrived at New York to be deported from the United States. Russia is the place for these gentry.

One day China and Japan are brothers. The next day they are bitter rivals. It all depends on who cables the story.

Canadian steel men should get in on that 800,000-ton order from India for rails and other materials.

U. S. FINANCING.

Washington, Feb. 11.—Secretary Glass today asked congress to increase the amount of Liberty bonds authorized but unissued to approximately \$10,000,000,000 and to give him broad powers to determine the interest rate and other terms of the loan to be floated late in April. He also sought permission to issue not more than \$10,000,000,000 of treasury notes, maturing within five years, and asked that the war finance corporation be authorized for one year after the declaration of peace to make commercial loans on exports to facilitate foreign trade.

INTERESTING TRAVELERS

Times Man's Journey With Them on "Boat Train"

Wife and Children of Capt. A. Vaness Who Recruited 60,000 Coolies for Allies—Scotch Bank Clerks on Way Here to Meet Future Brides on Tunisian

What the railway people call "boat trains" are very interesting trains upon which to travel in and out of St. John during the winter port season. The boat section of the C. P. R. mid-day express on Saturday was an especially newsworthy one to an observing and inquisitive person. Possibly the most notable travelers aboard were Mrs. Arthur Vaness and two young daughters, of New Chwang, North Manchuria, who were to sail on the Granplan on Saturday to join Captain Vaness in England. The Vaness family had journeyed via Japan and Vancouver and were enjoying their long trip very much, anticipating a pleasant stay in the motherland before returning to their oriental home.

Captain Vaness is an Anglo-Chinese merchant who recruited and transported the 60,000 coolies used in the British armies in the west. For twenty-five years he has conducted a fur and bristles business in China and owns a small fleet of steamers engaged in the trade. For a long time he has been a very useful man to the British Empire. He was engaged in quelling the Boxer rebellion and personally fought and captured the rebel chief.

Mrs. Vaness says that the capture of the German stronghold and pleasure resort, Tsing-Tau, by the Japanese ally gives Japan a hold in that section. British troops could have done this if there had been any available at the time. Tsing-Tau is the beauty spot of the east. It was built up by the Kaiser "merely as an advertisement," Mrs. Vaness thinks; a sort of exclusive modernized resort. However, it is now a goner. The very interesting Manchuria-born English children accompanying their mother appeared excellently educated, and it was amusing to hear them talk Chinese, which they did for the fun of passengers.

On the same train two Scotch bank clerks from the same town in the Highlands met by accident. Both were returned soldier buttons and both came out of the far Canadian west. When they interrogated one another as to the reason for their journey east each blithely confessed that it was to meet "Lassie Frae Home," due to arrive on the Tunisian. So they agreed to get married together in this city and honeymoon back via Montreal and Toronto.

Still another passenger on the Saturday train was a tall and extremely English Englishman with a Lovelace hat and an Oxford accent. He was of the British consular service at Shanghai, China, and his descriptive chats to fellow travelers about that busy oriental metropolis were followed with the keenest interest.

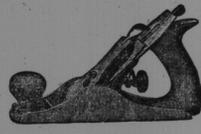

There were more than a score of western Canadian English families en route to the British Isles to reunite with the remnants of their families after the ravages of war, taking advantage of the first opportunity to travel for civilian reasons in more than four years. Two of the home-goers were returned soldiers who were again crossing the ocean with their wives and kiddies. Several said they intended taking up their homes in the homeland as war casualties and aged parents made it necessary for them to "keep the home fires burning."

KNIGHTS HOLD DANCE. Their first assembly and dance since the beginning of the war was held by the Knights of Columbus in their hall, Colburg street, last evening. There was an exceptionally large attendance, and the dance was undoubtedly one of the most successful that the Knights have ever held in the city. A programme of fourteen dances and music was provided by four pieces of the Imperial orchestra. The chorones for the dance were Mrs. W. E. Scully, Mrs. F. G. McKinnon, Mrs. D. W. Harper and Mrs. A. J. Mulcahy. The committee in charge was composed of A. C. Wilson, lecturer, assisted by T. C. Olive, Joseph Harrington, William O'Leary, F. J. McDonald and William

DON'T WASTE, DON'T STARVE

Save all the food you can for starving Europe—20 million tons are needed—but don't stunt the growing bodies of children by giving them poor, indigestible food. In

Shredded Wheat

you have every particle of the whole wheat grain prepared in a digestible form—nothing wasted, nothing thrown away. It contains far more real nutriment than many expensive foods. Ready-cooked, ready-to-eat. Serve it with hot milk or cream and fruits. Salt or sweeten to suit the taste.

MADE IN CANADA

Carey, Mrs. P. J. Fitzpatrick and Mrs. Murphy, assisted by Mrs. A. P. Ryan, Lynch, was in charge of the refreshments. Henry Regan poured, and Mrs. Robert Mrs. William Knill, and Mrs. Fred.

Gold Soap is not only big but solid. This is proved by its exceptionally heavy weight and by the way it lasts. Instead of crumbling and softening, Gold Soap wears away very slowly and evenly. It can be used down to the thinnest wafer.

Gold Soap is made in the Procter & Gamble Factories at Hamilton, Canada

RUB NEURALGIA PAIN AWAY, DON'T SUFFER

Instant Relief! Rub Nerve Torture, Pain and Misery Right Out With "St. Jacobs Linctiment"

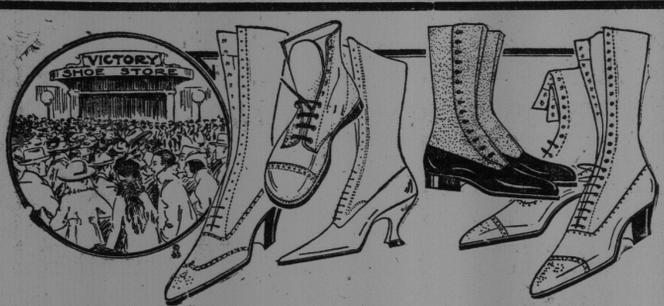

Conquers pain—never fails. Rub soothing, penetrating "St. Jacobs Linctiment" right on the ache or pain, and out comes the neuralgia misery. Here's a joyful experiment! Try it! Get a small trial bottle from your druggist; pour a little in your hand and rub it gently on the sore, aching nerves, and before you realize it—in just a moment—all pain and neuralgia disappear. It's almost magical, but the joy is, that the misery doesn't come back. No! The nerves are soothed and congestion is relieved and your neuralgia is overcome. Stop suffering! It's needless—neuralgia and pain of all kinds, either in the face, head, limbs or any part of the body, is instantly banished. "St. Jacobs Linctiment" is perfectly harmless and doesn't burn or discolor the skin. In use for half a century.

VICTORY SHOE SALE!

On the signing of the armistice, we decided to take the first opportunity of demobilizing our stock and giving the citizens Real Bargains. This being a quiet time usually in all lines of trade, we felt we could afford to give you better bargains just now than at any other season, and having an exceptionally heavy stock, we are going to sell these goods at practically cost. Prices in Footwear still have a trend upward, but we consider it wise to keep our stocks as low as possible. It will pay you all, not only to buy your present requirements, but protect yourself for the future. Look over a few of what we call Real Bargains. This list only indicates a few of the many offerings we have for you.

RECENT DEATHS

Dr. P. R. Inches
The many friends of Dr. Patrick Robertson Inches will regret to hear of his death which occurred last evening at 10:30 o'clock. Dr. Inches was the son of Janet Small Inches, a native of Dinnanan Strathairne, Perthshire, and James Inches, of Dunkeld, Perthshire, Scotland. He was born on February 18, 1885, and received his earlier education at the St. John Grammar school. He also studied in the New York University, 1896, he was then resident physician in the Maternity Hospital, Edinburgh, 1897, and M. R. C. S., London, 1898. Dr. Inches also took courses and degrees from Paris, Rome and Vienna.

Dr. Inches was a member of "The Peters' Battery" as sergeant in 1902, and was later named for a commission. He also formed part of the guard of honor for the Prince of Wales here in 1901.

Dr. Inches is survived by two daughters, Mary K. Robertson, wife of Dr. Harold E. Schofield, of the Robert Reford Co. Ltd., and Constance R., wife of Leonard Inches, of the Royal Canadian Ordnance Column, and who spent three years in France. He is also survived by four sons, Major Cyrus F. Inches, M. C., officer commanding the 1st Canadian Heavy Battery, and who has been four years in France; Lieutenant Charles Inches, of the 9th Siege Battery, and later in France with the 9th Howitzer Battery; Sergeant Errol A. Inches, of the Depot Battalion and Kenneth Robertson Inches, of W. Malcolm Mackay, Ltd.

The death of George Black Carter took place recently in Amherst, N. S. He was born in the year of the Miramichi fire, 1825, and was in the ninety-fourth year of his age at the time of his death. He is survived by two daughters and one son.

The death of Mrs. A. S. Curry, wife of A. S. Curry, vice-president of the Rhodes Curry Co., occurred at an early hour on Sunday morning in Amherst, N. S. Besides her husband Mrs. Curry leaves one son, two sisters and one brother. The funeral will take place from her home this afternoon at 2:30.

Chipman Wortman died recently in Salisbury. He is survived by a large family connection.

The death of Henry Brown took place recently at his home in St. George, N. B. He was fifty years of age. Besides his wife he leaves six children.

The death of James McGarrigle occurred recently at his home in St. George, N. B. Besides his wife he leaves three sons and three daughters; his eldest son is overseas. He also leaves three brothers and two sisters.

The death of Mrs. Stephen Oxley, wife of Ex-Warden Oxley, occurred yesterday at Tignish, N. B. Besides her husband, she leaves four daughters, a step-daughter and one son.

NEGRO CLAIMS SEAT

Republican Says Elected Man in New York Disqualified.

Albany, N. Y., Feb. 11.—Walter S. McNab, of Schenectady, chairman of the Assembly judiciary committee's subcommittee on contested seats announced the members who will sit in New York next Thursday or Friday, to take evidence on the claim of Edward A. Johnson.

Johnson was the Republican candidate for reelection as member of the Assembly from the nineteenth district of Queens county, and contends that his Democratic opponent, Martin J. Healy, who was declared elected, has no right to sit as a member of the Assembly.

Johnson was the first negro to be made a member of the New York State legislature. He alleged in the complaint he filed with Assemblyman McNab, that Mr. Healy was employed as an accountant under the civil service regulations of New York city at the time of his election, and that he still is an employee of the city, having been given a leave of absence instead of resigning. These facts, Johnson charges, disqualify him.

A MOTHER'S WORK

Mothers as a rule spend so much time in looking after their children and in household work that they overlook the absolute necessity for that rest and relaxation upon which their health depends. The consequence is that soon they find their health breaking down. The daily humdrum of household life as a mother knows it, with hurried meals and family and household cares, quickly thin the blood and weaken the nerves. Then follow headaches, pains in the side and back, swollen limbs, palpitation, a constantly tired feeling, and often an inclination to fretfulness. These symptoms are the sign of poor blood, and are the inevitable penalty of overwork and over-anxiety in the care of household and the affairs of the household.

Whenever a mother finds her health failing and household duties becoming more than she can comfortably manage, whenever extra demands are made upon her strength, she should adopt the safe and simple expedient of enriching her blood with Dr. Williams' Pink Pills. These pills are especially valuable to the nursing mother and the woman worn out with household cares. They renew her blood supply, strengthen her tired limbs, and drive away the headaches and backaches that have made her so miserable. They have restored thousands of dependent women to good health and bright spirits, and will do for you as much as they have done for others if you will give them a fair trial. You can get Dr. Williams' Pink Pills from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

DAILY HEALTH TALKS

The Best Way to Treat Constipation (By S. C. Babcock, M. D.)

The medical books name many drugs that will move the bowels. The drug store shelves are loaded down with laxatives, purgatives and pills. The trouble with most of them is the after-effects. Constipated people know that pills work all right for a while, but they soon lose their effect, and a change has to be made to something else. The constant taking of pills results in a form of bowel inactivity that is difficult to cure. The system becomes so accustomed to laxative drugs that the organs just won't work without them, and so the pill habit becomes as bad as constipation itself. Dr. Pierce, of Buffalo, N. Y., seems to me to have the right idea. He says the bowels should first be gently moved with Pierce's Pleasant Pellets, and in the meantime laxative foods only should be eaten. Figs, prunes, olive oil, spinach, bran, vegetables and fruits are fine for constipation. Chew every bite thoroughly, eat little meat, and be as active as possible. Now, doesn't that seem sensible? Pleasant Pellets will start the bowels working right; then it is up to you to keep them right by right eating. Try Pleasant Pellets for sick headache, coated tongue, biliousness, dizziness, torpid liver or to break up a cold. They are just fine!

Dr. Pierce's Anodyne Pile Ointment soothes, cools and heals piles in a most gratifying way. Perhaps there is no other remedy for this torturing trouble that relieves so surely and quickly. Dr. Pierce believes Anodyne Pile Ointment will overcome any case that can be overcome by medical treatment. Try it right now.

Dr. Pierce's Anuric Tablets are intended for people who suffer from kidney disorders—whose backs ache, and whose systems are overrun with uric acid. Nearly everybody has too much uric acid. Anuric Tablets dissolve uric acid quickly, as they are made double strength.

PEACE CONFERENCE MAY BE RELOCATED TO A NEUTRAL COUNTRY. Paris, Feb. 10.—The question of mov- ing the peace conference from Paris to a neutral country may be considered by the conference, if what is character- ized as the obstructive policy of the President Wilson and certain French officials continue.

Japan has notified China that she must work in harmony with Japan at the peace conference and must under- take not to reveal the conference to secret China-Japanese agreements.

Police men in the guardroom at cen- tral station were disturbed last evening by sounds apparently from within the building which they could not locate until finally they discovered a member of the City Cornet Band in the topmost flat who had been locked in when his companions left.

Stops Bronchitis Quickly Without Any Medicines

This Problem Solved When Catarrhism Was Discovered. Thousands Have Been Cured

You are nothing but a plain simple boob to suffer a day longer from Bronchitis. It's real easy to cure—this has been proved time and again.

Relief comes at once when you breathe in the soothing vapor of Catarrhizone. Once its chronic sufferer, you realize that a powerful treatment is at work.

Irritation can't live in the throat of a person inhaling Catarrhizone. It is so soothing, so warming, so full of concentrated healing power that you get results at once.

Catarrhizone strengthens the weak throat, stops the cough, removes that hacking irritating necessity to clear the throat, makes even the chronic sufferer realize that at last he has discovered a real cure.

CONVICTION UNDER THE ESPIONAGE LAW. Portland, Ore., Feb. 11.—J. Henry Alberts, head of the Alberts Brothers Milling Company, which operates in all of the large cities of the Pacific coast, was found guilty in the United States federal court on Wednesday of two of seven counts in an indictment charging violation of the espionage law.

HAD SEVERE COLD AND TICKLING SENSATION IN THE THROAT. This trouble is most distressing, and is caused from a cold that has settled in the throat.

How many people have lost a good night's sleep by that nasty, tickling, irritating sensation in the throat?

The dry, hard cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

For several weeks I was troubled with a severe cold, and a tickling in the throat. I tried numerous remedies, but found no relief until I used Dr. Wood's Norway Pine Syrup, which I had heard so much about, and on taking one bottle got instant relief.

Delegations At The School Board

Members of Improvement League Ask for Use of Buildings for Community Purposes — Principals Heard in Opposition

R. B. Emerson, after nearly eleven years of office formally retired from the school board last night and in an eloquent address expressed his sorrow at severing a connection which had been such a happy one.

Three delegations waited on the board. One from the South End Improvement League asking for the use of the King Edward school assembly hall for community gatherings was opposed by another consisting of all the male principals.

As community centres for the development and enrichment of the intellectual, social and the moral life of the city the school plants are both natural and ideal.

INTESTINAL PARALYSIS

"Fruit-a-tives" Quickly Relieved This Chronic Trouble

London, Feb. 10.—(British Wireless Service)—British newspapers of all shades of opinion are devoting serious attention to the attitude adopted by the German government toward the armistice conditions.

The correspondent says he has been informed by a competent British authority that Marshal Foch "made a declaration of somewhat serious character at a meeting of the supreme war council."

"He feels," this authority is quoted as saying, "that the Germans are beginning to forget that they are beaten. They are apt to forget that we are in a state of war. They have been slow in handing over transport and other things. They are causing a great deal of difficulty."

"We are demobilizing, they are not continuing to demobilize. There is danger of Germany saying, 'We do not care anything about your league of nations, and we have got our troops' unless a change takes place we might be faced with a situation in which Germany, as regards the number of men in the field, will have three men as against the Allies' two."

"According to Marshal Foch's estimate the Germans are now capable of placing an army of three million in the field in two months."

India Wants Rails. Ottawa, Feb. 11.—The Canadian Trade Commission in Ottawa has received a cablegram from the Canadian mission in London stating that India is in the market for 800,000 tons of rails with angles, splices, bolts, etc., for delivery in 1919, 1920 and 1921.

Specks Floating Before His Eyes. When specks start to float before the eyes, when everything turns black for a few seconds and you feel as if you were going to faint, you may rest assured that your liver is not working properly.

The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of a medicine that will clear away all the waste and poisonous matter from the system, and prevent as well as cure all the troubles arising from this accumulated mass which has collected in the system.

Keep the bowels open by using Milburn's Lax-Liver Pills and you will have no liver trouble of any kind. They will clear away all the waste and effete matter which has collected and make the liver active and working properly.

Mr. John B. Morrison, Grand River Falls, N. S., writes: "Several months ago I was troubled with a sour stomach, and had specks floating before my eyes. I took five vials of Milburn's Lax-Liver Pills which cured and cleaned my blood before any length of time. I told my friends about it and they got some and they, too, find themselves different since they took them. I recommend your pills very highly."

Milburn's Lax-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Increases Your Weight, Restores Lost Strength, Prevents Illness

Every day come new converts to that great army of men and women who rejoice in new-found health that came to them through the use of that wonderful blood-renewing preparation called "FERROZONE."

That tired feeling is replaced by the buoyant joyous sensation of health and vigor. Day by day as your strength increases, you feel new energy surging through your veins, and know that a great tonic of great merit is at work.

No remedy more nourishing or uplifting no treatment so sure to bring lasting health, good spirits and contentment. Ferrozone contains just what run-down folks need; it cures because it supplies more nutrients than you can get in any other way.

Of course digestion must be improved, and probably the stomach will require aid as well. Ferrozone serves the purpose admirably. Those who use it, enjoy appetite and digestive powers far beyond the ordinary.

What are Peps

Peps are the new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences.

When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes.

The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds and their price is within the reach of all.

WEST ASKING FOR BIG GOVERNMENT BUILDING PROGRAM

Regina, Sask., Feb. 10.—Mayor Hardie, of Lethbridge, Alberta, and Captain MacKenzie, president of the Great War Veterans' Association, left Regina on Saturday night for Ottawa as authorized delegates of Saskatchewan and Alberta in the dominion reconstruction committee.

They will present to the federal government a resolution passed by the conference of mayors of Saskatchewan and Alberta, held in Regina.

They will present to the federal government a resolution passed by the conference in which the government is urged to inaugurate an extensive building programme in western Canada in order to provide employment for returned and returning soldiers.

Reduction of the high cost of living, the housing question, standardization of wage schedules, hours of labor, unemployment, and other important questions were dealt with in the resolution.

SMOKE MACDONALD'S INDEX. Acting on instructions from the railway commission, the railroads have increased round trip fares. There is a change in one-way fares, but for return fares two-thirds will be added.

BEECHAM'S PILLS. quickly help to strengthen the digestion, stimulate the liver, regulate the bowels and improve the health by working with nature.

IS YOUR BLOOD STARVING FOR WANT OF IRON? Iron is Red Blood Food—It Helps to Put Strength and Energy Into the Veins of Men and Women.

Thousands of men and women are impairing their constitutions, laying themselves open to illness and literally losing their grip on health, simply because their blood is thinning out and possibly starving through lack of iron.

Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of the virile force, that stamina and strength of will which are so necessary to success and power in every walk of life.

It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. Iron is absolutely essential to enable your blood to transform the food you eat into muscular tissue and brain.

Next take two five-grain tablets of our Nuxated Iron three times per day for meals for two weeks. Then test your strength again and see how much you have gained.

Contrary to general opinion, lack of iron in the blood does not necessarily mean that you do not have enough blood, but it means your blood is not of the right kind.

To help make strong, keen, red-blooded people there is nothing better than organic iron—Nuxated Iron. Unlike the older inorganic iron products it is easily assimilated, does not injure the stomach, make them black nor upset the stomach.

No matter what other tonics or iron remedies you have used without success, if you are not strong or well owe it to yourself to make the following test: See how long you can walk or far you can walk without becoming tired. Next take two five-grain tablets of our Nuxated Iron three times per day for meals for two weeks. Then test your strength again and see how much you have gained.

War Strain Off, The Dokays Enjoy Big Ceremonial

Pythians at Play in Happy Revival Alter Four Years—A Class Twenty-four Members Initiated

The Dokays, that is the Dramatic Order Knights of Khrossan, as represented in the maritime provinces under the name of Adla Temple No. 157, held their first ceremonial in four years in the Shrine's Temple, Masonic building, last evening with unbounded success, suggesting a happy revival of the "Pythianism" as one of the joyous methods to be employed in banishing thought of the sombre past and preparing for the reconstruction period now beginning.

A class of twenty-four Knights of Pythias faced the royal Bengal tigers and other things in the journeying across the scorching sands of the Sahara. Royal Vizier Robt. B. Slipp of North End presided, ably assisted by Grand Zahir, W. Hooper of Moncton, L. V. Price of Renforth as Satrap, Roy Holman of Charlottetown as Sahib, and James Lord of St. Stephen, Slacks, assisted. The secretarial duties were attended to by Fred Deig of St. John, and the treasury work by T. Perry. These officials were officially installed during the evening by Past Royal Vizier W. A. Stewart, also past grand chancellor of the maritime provincial domain, as well as past supreme representative.

Following the ceremonial, which was most elaborate, outdoing all former initiations in splendor and novelty, there was a musical programme in which De-Witt Cairns, Dudley Robillard of St. John, and John Stanton of Moncton took part. A sumptuous banquet was served in regular pre-war Pythian style, and a round of toasts and speeches showed that the Knights have settled down for a period of great fraternal activity, especially with regard to their returned brethren home from the war.

The Dokays are to Pythianism what the Shrine's are to Masonry. It is a pageant ceremonial of an exemplary character designed to forward the brotherly spirit of the order and to hold all members, especially the older ones, in close touch with the more serious work, as well as having a fraternal side of its own. The next ceremonial will be held in Amherst next August and plans are already on foot for a grand time.

Red Cross Nurses Are Brides Today at Double Wedding Here

Romance Indeed in This Happy Ceremony—Grooms Returned Soldiers—Met on Train on Way to City

A real romance, in fact two romances, culminated in a double wedding in the solemn quietude of Trinity church this afternoon when James Steadman of Calgary became the husband of Dorothy Tucker of Regina, England and George Kerr of Moosejaw wedded Ethel E. Masters of London, Eng. The grooms are returned soldiers and the brides returned nurses, all four having seen strenuous service in the late war from its earliest stages.

It seems as if fate destined them to link their hearts and hands in this little old hospitable city of St. John. Mr. Steadman, who is a land inspector for the C. P. R., and a native of Androssan, Scotland, joined with the 49th battalion of Edmonton early in the struggle, and was in that fine, terrible fighting at Ypres. It was in the third stage of this fight that he received a severe wounding, which finally invalidated him back to Canada. Mr. Kerr, travels for a large western packing concern, raced off to England and joined the Cameron Highlanders of Winnipeg. He was wounded in the Sanctuary Wood scrap.

The brides of the romance enlisted as Red Cross nurses and were through the very heart of the fighting. One of the grooms had met his wife prior to the war but the other girl was a stranger to her husband until the war brought them together.

The strangest part of the double wedding is that both grooms—blank strangers—met on the train last Saturday en route to St. John to meet the Allan line Tunisian upon which their sweethearts were to arrive. They fell into casual conversation and soon discovered their identical errands. When they reached the Sand Point docks to greet their ladies both nurses were standing at the rails with arms linked, having been roommates on the way across, although never having met before.

The double marriage this afternoon was performed by Rev. Canon R. A. Armstrong in the presence of the required number of witnesses, persons with whom the strangers had become friendly during their brief stay here. The ex-soldiers with their ex-nuptial brides will leave for the west tomorrow evening. They are at the Royal.

LOCAL NEWS

BACK TO DUTY.
Sergeant Detective John T. Power, who has been ill for a few days, is on duty this afternoon.

ENFORCING GAME LAWS
Chief Game Warden Gagnon secured two convictions in Restigouche county on Friday, a foreman and an employee of a lumber camp on Boland Brook being fined fifty and sixty-five dollars respectively for killing a bull caribou out of season. Information has been held for the killing of a deer at Pigeon Ridge some twelve miles from Boletown. At Grand River, Madawaska county five deer hides from animals illegally killed were seized by Ranger Knight and Warden O'Regan.

WEST END PRESBYTERIAN GIRLS.
The Young Ladies' Club of the First Presbyterian church, West St. John, met at the manse last evening as guests of Mrs. Dr. and Mrs. J. A. Morison and held their weekly meeting. Miss Ida Belyea, president, occupied the chair and there were thirty present. Members' business were dealt with, including final plans for a valentine tea. A communication dealing with girls' work in this community was read and two delegates were appointed to the girls' cabinet. Misses Lois Fraser and Irene Duval, Rev. Dr. Morison addressed the young ladies on the foreign missions of the Presbyterian church, dealing with the dad and China especially. Refreshments were served and the meeting adjourned about 10 o'clock.

POLICE COURT

Case of Three Men From Tunisian—Sent up for Trial

Edward Moore, John Brady and Robert Reeves, firemen on the C. P. R. liner Tunisian, were before Magistrate Ritchie this morning, charged with stealing some wearing apparel from rooms occupied by stevedores on the vessel. They were placed under arrest last evening by Inspector Catlow of the C. P. R. police.

The inspector said that, being notified that some articles were missing, he went to the quarters occupied by the firemen and trimmers and asked the men if they knew where those articles were. At first they denied having seen them, but on being questioned further, Brady, a fireman, produced a coat and other articles which were identified by Ernest Fox, one of the stevedores as his property. The trimmers, he said, denied having seen any of the goods that were missing, but before a search was commenced Reeve and Moore produced other clothes from a ventilator in the roof of the forecastle, all of which were identified by William Doody and Thos. Matthews. Inspector Catlow put the men under arrest.

This morning when before the magistrate, the three men pleaded not guilty, but were sent up for trial before the county court.

S. F. MATTHEWS DEAD

Samuel F. Matthews, who until about twenty-five years ago was prominently identified with the business of this city as a candy manufacturer and retailer, died this forenoon at his home, 27c Princess street, at an advanced age. He had been in declining health for years. Mr. Matthews is survived by some adult children of a first marriage living outside the city and by his third wife, formerly Miss Bustin of St. John. His second wife was Miss Allingham, also of this city.

Mr. Matthews was prominent in Masonic circles. He came to St. John about sixty years ago and started a confectionery business. He had stores in various locations in King street and latterly in Charlotte street upon the site now occupied by the Bank of Nova Scotia branch. For many years the Matthews establishment was sweetmeat headquarters for not only the city but a large section of the province. In fancy confections and decorative sweets for holiday time the shop was deservedly noted. Many an adult of today can recollect with what longing looks and watering mouths they surveyed the wondrous displays in "Matthews' candy store" when they were children.

MAJOR GENERAL HUGHES CAME TO CITY TODAY

Here to Carry on Inspection of Military District No. 7

Major-General John Hughes, inspector-general of western Canada, and during the illness of Major-General Lessard, acting inspector-general of eastern Canada, arrived in St. John at noon today from Montreal. General Hughes is here for the annual inspection of military district No. 7, which will probably commence tomorrow morning.

The general is a brother of Sir Sam Hughes, former minister of militia, and this is his first visit to St. John in his official capacity. The general is extended a cordial welcome to the city. After the inspection in St. John he will go to Fredericton where he will preside at the annual inspection, and from there probably will return to Ottawa.
