STORM RAISED OVER TOBIQUE DAM

BILL OPPOSED IN COMMITTEE AT FREDERICTON

Saint John Members Want Salmon Industry Guarded

LONG DISCUSSION

Fish and Game Clubs and Council for Private Interests Protest

By D. LEO DOLAN

Raff correspondent of The Times-Star

FREDERICTON, April 14.—Another lengthy discussion occurred before the corporations committee this morning on the bill which proposes to give the Fraser Companies Ltd. the right to construct a dam on the Tobique River.

Opponents of the bill stressed the necessity of safeguarding the salmon fishing industry of the Saint John river, which they asserted was in danger of being seriously affected if the dam were constructed as planned. Hon. Dr. W. E. Foster, and W. E. Scully, M.L.A., of Saint John, also voiced strong protest against the bill, declaring that the fishermen of Lorneville and the Bay of Fundy were greatly concerned over the proposal to construct a dam on what is recognized as the greatest spawning grounds of salmon in New Brunswick.

DR. F. R. TAYLOR, K.C.

F. R. Taylor, K.C., representing the Strathcona interests, who own large fishing privileges on the Tobique, was perhaps the most outspoken opponent of the measure. He declared that a second dam on the river could not but help bring serious injury to the salmon fishing industry. He cautioned the committee to give earnest consideration to the proposed legislation, and said that no dam had been submitted to show that the company's proposal could be carried out in any other way than that now proposed by the construction of a dam. Mr. Taylor wanted the committee to order the bill for a year during which time a thorough investigation might be made to ascertain whether or not it could be possible to more adequately safeguard the interests of the fishermen.

DONALD FRASER.

Donald Fraser, president of the Fraser Companies, informed the committee that the dam was to be constructed to provide a pond for holding logs and would be 500 feet wide and six feet high from low water to the crest of the dam. He declared that his companies were willing to construct the dam as well as provide proper fishways and would do all in their power to prevent any injury resulting to the salmon fishing industry. Mr. Taylor had indicated that the bill as at present drafted made no provision for fishways and in fact was of such a nature as to indicate that the Fraser had no regard for the salmon fishing industry whatsoever.

MONTECALM.

Montcalm, M.L.A., also declared that the bill as at present drafted made no provision for fishways and in fact was of such a nature as to indicate that the Fraser had no regard for the salmon fishing industry whatsoever.

TO THIS, MR. FRASER SAID THAT HIS company never intended to ask the Legislature for power to erect a dam without fishways, and he pointed out, in reply to Mr. Taylor, that the erection of the dam was the only means whereby the company could carry on their industry in a profitable manner.

IN FACT, MR. FRASER CLAIMED THERE WAS no other point that a dam could be built. He assured the committee that the timber limits on the Tobique would provide sufficient lumber to keep the saw mill in operation for a great number of years and reiterated his pledge that the company would do all in its power to prevent injury to the salmon fisheries.

SEES NO OBJECTION.

Thomas F. Allen, representing the Tobique Salmon Club, expressed the opinion that the new dam, if erected on the same plan as the present dam at Plaster Rock, would not prevent the salmon from getting to the spawning grounds. Mr. Taylor here pointed out that while the Strathcona interests owned their fishing rights, the Tobique Salmon Club secured theirs on a lease from the Fraser, who had a lease from the province.

A. F. BENTLEY, M. L. A., of Saint John county, was also of the opinion that the dam would not bring injury to the salmon fishing industry of the Saint John River and the Bay of Fundy.

J. E. BRUCE of the engineering branch of the Department of Marine and Fisheries, was questioned by the members as to the success of fishways which have been constructed in dams elsewhere.

FISHWAYS SUCCESSFUL.

He declared that fishways had proved successful in dams 90 feet in height but added that it was a recognized principle that any obstruction on a river which salmon negotiate naturally was a detriment to the passage of the fish. Every effort had been made to keep dams off the best spawning rivers, said Mr. Bruce, but he claimed that a dam as proposed at Red Rapids would seriously hinder the salmon fishing industry since it would not be more than six feet high and would have a proper fishway.

Runaway Baboon Keeps Zoo In Turmoil Until Shot to Death

New York, April 14.—Joe, a baboon, yesterday chose death in preference to life imprisonment in a cage of the Central Park Zoo.

Ninety pounds of concentrated fury, Joe kept a score of keepers and a handful of police reserves at bay for more than six hours. He refused all blandishments of proffered food and sweet meats, and deftly dodged a dozen lassos. He finally was shot through the heart as he was about to leap from a window of the park monkey house. Joe had stopped grimacing at his amused audience ripped off two of his cell's iron bars, and leaped at the crowd. Screaming men, women and children trampled each other in fighting for the two cuffs.

A vigilant keeper shut the monkey house doors through the lunging baboon could get through. Then the chase round of a scheduled six round bout here last night.

A Wet World

This was a wet "world" until police noticed its peculiar equator. Examination revealed that the northern hemisphere was detachable and that within the globe was an ocean—a liquor ocean. Theoretically, police said this ocean may be within the Voistead law as all intoxicants in the decanter were below the equator.

STREET MATTERS

Prospect Point Road—Who's to Fix Sidewalks in Front of Beatty?

Commissioner Frink yesterday afternoon made an inspection of Prospect Point road, which Messrs. Murray & Gregory have offered to deed to the city as a street. He has requested the road engineer to prepare a plan in accordance with the North End survey.

The commissioner said the offer was conditional on the development of the street by the city, and he did not know how the council would stand on that matter. He pointed out that the sidewalks around the hotel put in order, but as these sidewalks had been broken by the contractors for the hotel the repair was a matter of negotiation.

Forty Tables at East Saint John Bridge. More than 40 tables were played at the successful bridge held last evening in the hall of the Stella Maris church, East Saint John. Rev. Frank E. Walker was highly gratified at the interest taken. Prizes were won by Miss Gertrude Hunter, Mrs. Michael Barrett, and Charles O'Brien, and Thomas Flynn. Mrs. Mary Atkinson was general convener for the refreshments, which were served by the ladies of the parish. Bridges will be held every Monday throughout the season, until Mr. Crawford claims the interest of the people.

Royal Arcanum Ends Series of Socials

The last of the series of local entertainments held by Saint John Royal Arcanum during the winter took place last evening. Progressive action forty-nines was played at ten tables. R. G. Thompson, vice regent of the council, presided, and presented the presents. The prize winners were Mrs. W. A. Wetmore, Mrs. James Broadon, Charles Gray and John Bowman. Refreshments were served by a committee of ladies. A short programme of vocal and instrumental music concluded one of the best functions of the season.

BOYS AND GIRLS GET NEW PURITY MILK CUSTOMERS

Find Purity Milk Popular With Housewives—Rich Quality Gives It First Place.

Judging by the names of new customers sent in by boys and girls competing in the Purity bicycle contest, the custom for this rich, pure cream milk are not difficult to obtain.

Boys and girls state that when they ask a lady to compare Purity milk with any other, and order the richest milk, the choice never fails to fall on Purity.

One smart little fellow carried a bottle of Purity milk to the winning class. He showed the cream line to his mother's friends.

This little stout won him many milk caps, and is helping considerably to put him in the winning class. Purity Milk sells entirely on merit, and the Purity Company ask nothing more than that their milk be compared with any other.

They are satisfied to abide by the judgment of the housewife, who needs no instructions on how to tell good milk.

There are extra prizes and free treats of ice cream to the competitors every Thursday afternoon at the Purity Plant.

See the bicycles in Thorne's window.

CENTENARY OF THOMAS D'ARCY M'GEE HONORED

Famous Statesman Extolled as Missionary for a United Canada

MANY NOTABLES AT BANQUET IN OTTAWA

Governor-General and Others Hold His Policy Up As Example for Present.

OTTAWA, April 13.—The memory of Thomas D'Arcy McGee, poet, historian, orator and statesman, was honored here today when a dinner was given in the Chateau Laurier to commemorate the 100th anniversary of his birth.

Hon. Charles Murphy, Postmaster General, presided at the banquet and T. D'Arcy McGee, of Ottawa, nephew of the famous Canadian, was present and replied to the toast to the McGee family.

His Excellency the Governor General praised D'Arcy McGee as one who inspired a passionate love for and devotion to his own land and race.

National Unity. Hon. Rudolph Lemieux, Speaker of the House of Commons, stressed the enduring services of McGee as a promoter of national unity in Canada, and as one who today would dispel the pessimism of those who feared that Confederation might not survive the tests of the present day problems.

Other speakers were E. W. Beatty, president of the Canadian Pacific Railways; Rt. Hon. W. L. Mackenzie King, Prime Minister of Canada; Rt. Hon. Arthur Meighen, leader of the opposition in the House of Commons; Martin Conboy, president of the New York Bar Association, and Mr. Justice Latchford.

During the day a wreath was placed on the base of the McGee statue in Ottawa.

LOOK!-HERE'S THE LATEST

Cod Liver Oil Now in Tasteless Tablets—Greatest Flesh Builder.

No more will weak, thin, unfortunate children cry in protest when the nasty, fishy-tasting, horrible-smelling cod liver oil is brought out.

Medical science progresses rapidly, and now you can get a fresh, new, sugar-coated tablet that young and old can take with ease and pleasure.

Even the run-down and skinny grown-ups, who ought to take cod liver oil, because it really is the greatest vitamin food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.

Of course, doctors have been prescribing cod liver oil in tablets under another name for several years, but it is only of late that one can walk into a drug store and get a box of these fresh-producing tablets just as easy as a bottle of cough syrup.

Thin, run-down, anemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Compound Tablets, and if you don't gain 5 pounds in 30 days just get your money back.

One woman gained fifteen pounds in five weeks, according to her own doctor—another ten pounds in three weeks. A very sickly child, aged nine, twelve pounds in seven months, and now plays with other children and has a good appetite.

Just ask for McCoy's Cod Liver Oil Compound Tablets. Wassons 2 stores; Ross Drug, Wm. Hawker & Co. tell you that they are wonderful flesh and health builders. Only 60 cents for 60 tablets, and don't forget that they are workers for feeble old folks.

Be sure and get McCoy's, the original and genuine.

Carleton Union Lodge Has Bridge

Carleton Union Lodge, F. and A. M., held one of its informal bridges last evening with 30 tables filled, with members of the lodge, their wives or lady friends.

The Masonic Hall, West Saint John, was the scene of the event. J. Barry Smith, chairman of the social committee, was responsible for the arrangements, which made the affair such a success.

Charles H. B. Wright, master of the lodge; Dr. William L. Ellis, secretary, and several other members, froned the committee for the evening and refreshments were served informally after bridge was concluded at 11:30 o'clock.

Perhaps you are using good tea. We think "Red Rose" extra good. Won't you try it?

Fake Suicide

Roxine Serpa was mourned as dead when it was reported she had jumped to death in San Francisco Bay. Now it is learned that Roxine is alive in Canada and that her "death" was faked by Joseph Weber, who is Roxine's second husband.

The fake suicide was tried to cover up the fact that Roxine had married Joseph without divorcing Serpa. Claims for insurance made by Serpa led to an expose of the fake suicide.

Boy Killed On Way To Aid Stricken Sister

TORONTO, April 13.—Two lives were lost when Sydney Wilson, 18-year-old telegraph messenger, was struck from his bicycle by a motor car here last night and fatally injured, dying an hour later.

Wilson was on his way to give a blood transfusion to his eight-month-old sister, Mary, who had been ill for some time with erysipelas. The baby died shortly after her brother succumbed to a fractured skull.

ANNUAL ROSE BALL IS ENJOYED BY 200

Delightful Time Marks Social Event in Pythian Castle—Those in Charge.

The annual Rose Ball last evening in Pythian Castle, under the auspices of Valcartier Chapter, I. O. O. E., proved one of the most enjoyable functions held by this energetic organization.

The regent, Mrs. F. R. Taylor, received the guests, who numbered more than 200. She wore a beautiful French gown of white crepe heavily embroidered in crystal beads.

The ball room was artistically decorated for the occasion. Large wicker baskets of roses, pussy willows and ferns were placed on each window and on the orchestra platform. Over the balcony and down stairs supper was served in the spacious banquet hall.

The balcony, which has lately been renovated, afforded a delightful sitting out place with easy chairs and prettily shaded lights.

Bridge Tables. For those who did not care to dance bridge tables were arranged on the balcony and down stairs supper was served in the spacious banquet hall.

Mrs. Hugh H. McLean, Mrs. Douglas V. White and Mrs. Sidney Jones presided and were assisted by the members of the chapter.

The tables were prettily arranged with rose colored spring flowers, Easter lilies and rose lighted candles in silver candelabra.

Novelty Dance. The novelty dance after supper caused much merriment and presented a very effective appearance when in dimmed lights hundreds of balloons, streamers, confetti and favors were thrown from the balcony. Three moonlight waltzes were also included in the programme.

The committee for the ball were as follows: General convener, Mrs. F. R. Taylor. Supper was in charge of Mrs. Lawrence MacLennan, Miss Andry McLeod was in charge of the entertainment and was assisted by Mrs. Frank Miller and Mrs. H. O. Clark, and Mrs. T. A. McAvity was in charge of the tickets.

There were many dinner parties before the ball last evening. Among those entertaining were Dr. and Mrs. F. R. Taylor at their residence, Germain street, and Mr. and Mrs. Daryl Peters at their residence, Wentworth street.

Girl Guide Troop Has Rummage Sale

Miss Florence Allan, captain of the Girl Guides' Troop, No. 7, of St. James' church, arranged for a large supply of goods to be sold at a rummage sale yesterday afternoon at the church hall, Broad street. Assisting in the general convener'ship was Miss Irene Dunham.

Others who helped were Miss Lida Warren, Mrs. Phoebe Budge, Mrs. Ashton Carrick, Mrs. Fred Dunham, ladies of the church, and the following Girl Guides: Miss Dorothy Wetmore, Miss Marion Wetmore, Miss Margaret Napier, Miss Violet Carrick, Miss Mona Brown, Miss Florence Robertson, Miss Frances Mumford, Miss Bessie Brown, Miss Martha Hawkins, Miss Grace Wiggins, Miss Josephine, Miss Edith and Miss Marion Primmer, Miss Myrtle Long, Miss Ruth Brown, and two Boy Scouts, Douglas Murray and Joseph Wills, who did errands. The money is to be used for the summer camp of this troop of guides.

In a letter received yesterday by Miss H. Dykeman, who succeeded her as director of public health nursing services in New Brunswick, Miss H. Meiklejohn wrote of her new work in St. Catharines, Ont., where she is superintendent of the General Hospital. Miss Meiklejohn said that the new nurses' home for the hospital had been completed and that the next work undertaken was to be no accommodation for busy and tired. She had been very busy and had not had time to write to many friends here. Miss Meiklejohn was planning to attend a convention to be held in London, Ont., shortly.

SAINT JOHN, N. B., APRIL 14, 1925.

TO-DAY'S DUTY.

The McGee centenary naturally suggests that Canadians to-day have before them as their chief duty the rounding out of the work done by the Fathers. Consideration, the closer linking up of the provinces through better understanding and enlarged co-operation, so that the country as a whole may feel a strong current of national vigor and material prosperity.

Those who brought about Confederation and who lived to see it in operation for many years were men of vision and of high patriotism. They met their own difficulties and made their own sacrifices. They accomplished much in the face of opponents who said Confederation was impossible, and who predicted future difficulties, some of which have arisen.

There are problems enough, East and West. There is need for an equalization of opportunity as between provinces; the country cannot prosper if some provinces are to be merely tributary. The time has come when each must get its reasonable dividends from the federal union. Only by enlightened progress toward real national co-operation can the Confederation be made to realize the dreams of its founders and to meet the needs of the resourceful and ambitious people of the nine provinces to-day.

THE EX-KAISER'S MAN.

How much Monarchist fire is behind the nomination of Von Hindenburg is doubtful, but although his defeat is expected the vote polled in his favor may have one useful result, in that it will measure the extent of German reactionary strength. Von Hindenburg is generally regarded as the ex-Kaiser's man, and while this view is repudiated by some of his spokesmen, the report persists that after several refusals to accept the nomination he finally changed his mind at the suggestion of the ex-Kaiser and of Von Tirpitz.

COAL DUTIES.

Referring to a proposal made recently by one of two speakers in the House of Commons that a duty be placed on anthracite, the Edmonton Journal, somewhat rashly as we think, says that such action may be taken at Ottawa within a year. Probably the wish is father to the thought. Alberta is naturally anxious, justly so, to secure a much wider market for its coal, and we in the Maritime Provinces are similarly desirous that the market for Nova Scotia and New Brunswick coal should be enlarged.

It is well that the Alberta viewpoint should be understood here, and that the people of Alberta should appreciate the fact that the Central and Maritime Provinces have coal problems of their own. The whole country will know within a few weeks, it is expected, what the real prospect is for the establishment of coaling plants in several Eastern Canadian cities, and also for the successful shipment of Alberta and Maritime Province coal on a much larger scale to the markets of Quebec and Ontario. Until the coaling situation has been cleared

Letters to The Editor

Mr. MacDonald reminded the convention forcibly, "is a very different thing from passing resolutions at a meeting of the Independent Labor party."

Hon. Dr. Bland thinks the House of Commons may sit until July, and he admits the possibility of a federal election in the autumn. So guarded a statement of the case well reflects the uncertainty in Ottawa as to an election this year.

It is proposed to spend \$100,000 this year in an attempt to prevent rust in the Western grain fields. It is said that European experiments have shown that rust can be eliminated, and extended work along this line must be considered as justified because of the fact that the loss in the Canadian West from rust has been estimated in some seasons as high as \$50,000,000.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

The Luxury Dollar

If women's ideals in dress, says Mrs. Call, were as drab and colorless as those of their men folk, many great industries would crash and the commerce of the world would be disrupted. By suggestion, the luxury dollar does not object to the historic legend that men get along on a couple of suits every other year, while the women dressmaker's bill, never does a woman's wardrobe, he manages to spend quite a bit on himself. The spread between the nation's bills for men's attire and men's wear is not so big as is usually assumed. In 1921 the factories turned out women's clothing to the value of \$1,223,000,000 and men's clothing to the value of \$938,000,000, to which should be added \$292,000,000 for shirts, cuffs and collars. It is true that women's dress lives not by factories alone. In 1920 we had 226,000 dressmakers and seamstresses, and humber clothes are presumably still manufactured in the home. Yet in that same year the value of men's suits and tailors of whom the greater portion catered to men.

LOOKING AHEAD.

A surprising estimate of the American winter wheat crop is given in a bulletin of the United States Department of Agriculture just issued. This bulletin says present indications are that the production of winter wheat in the United States this season will be lower than in any year since 1917, the condition of the crop as at April 1 being only 68.7 per cent. normal. It appears that the crop has been cut down heavily by bad weather conditions in a great many Western states, and that in a wide area there will be practically no yield this year. It is said that favorable weather would improve matters in some territory, but that the damage has been so general that a tremendous decrease in winter wheat is inevitable.

Prices To Politicians

The London house which Mr. Joseph Chamberlain occupied for more than 80 years is advertised for sale. "Price To-A-Tarif Reformers \$2,500, to anyone else \$25,000."

Autographs Command High Prices

One of the most striking instances of the cash value of an autograph was the case of the young British prince who, writing Queen Victoria for pocket money, received an empty autograph note from the royal pen which was invested in tartan and other delectable goods. A Toronto man, who is an autograph fan and whose in his collection some signatures of notables picked up at bargain, reminds us that the following high, but by no means record prices, were paid for autograph letters of celebrities at recent New York and Philadelphia sales: George Washington, \$300; Woodrow Wilson, two pages, 1898, \$100; Theodore Roosevelt, six pages, \$510; Benjamin Franklin, \$300; Edgar Allan Poe, two pages, 1842, \$290; typewritten copy, signed, of President Harding's last speech, 18 pages, 1923, \$280.

Law-Ridden

Hypocritical laws, unenforceable laws, laws of the pettiest meddling with the lives and habits of the people and just plain fool laws abound and multiply, and so fast that if a Western statute: "Who the two trains approach each other at a crossing both shall stop and neither shall start until the other has gone." And again, a recent Tennessee statute: "It shall be unlawful for the owner or keeper of horses, mules, cattle, sheep, goats and hogs to run at large." And again, a Western State statute providing for the destruction of grasshoppers "by driving them onto the prairie and setting fire to the grass after ten days' notice."

The bed-sheet legislation of several Western States is a good example of multiplying parental legislation. Old blue laws unrepented. New laws offer lengthening lists of legislative regulation of personal conduct. The city of Los Angeles recently had an ordinance prohibiting street car conductors from shooting live game and especially jack-rabbits from the platforms. And another ordinance more than one person bathing in the same tub at the same time, which example is given with trepidation lest it may suggest State and even congressional legislation of like kind.

Hon. H. H. Stevens Denies He Will Run In East

VANCOUVER, B.C., April 13.—An emphatic denial was made today by Hon. H. H. Stevens to rumors that he would abandon his old constituency of Vancouver Centre and contest a Toronto riding at the next general election.

Au Revolver to Winter.

(Amie Sutherland in Toronto Globe.) What means this happy whispering—Within my garden walls, The little folk all donning Their gayest frock and gown, A Robin Red-breast swagging About the cozy lawn? It is a farewell party, See Winter shall have gone. Miss Sivy wears pale blue crepe-de-chine, With sort of ostrich tips, Their gayest frock and gown, Placid carnation on their lips, Pan, with his winged orchestra, Is hidden in the trees, And oh, the wistful sweet music, 'Tis trembles on the breeze!

IN LIGHTER VEIN.

Dilemma. "Circus man—The leopard has escaped—shoot him on the spot!" "Stand where?" "Which spot?"—Oklahoma Whirlwind. Trouble Ahead. "All my letters this morning begin with the same word." "What's that?" "Unless—London Opinion."

The Miss Workers.

To the Editor of The Times-Star: Sir,—Pardon me for breaking into this controversy, but it is time someone did. Mr. Short has another letter to which should be added \$292,000,000 for shirts, cuffs and collars. It is true that women's dress lives not by factories alone. In 1920 we had 226,000 dressmakers and seamstresses, and humber clothes are presumably still manufactured in the home. Yet in that same year the value of men's suits and tailors of whom the greater portion catered to men.

HEART TROUBLE

SHORTNESS OF BREATH  
Mrs. Geo. E. Bowman, Morrisburg, Ont., writes—"I am writing you a few lines to let you know of my experience with Milburn's Heart and Nerve Pills. Two years ago I became very poorly with my heart and nerves and when I took the least little bit of exercise my heart would start to jump and flutter. I could not walk up-stairs without having to sit down and rest before I was half-way up, on account of my breath becoming so short."

MILBURN'S HEART AND NERVE PILLS

STABS HUSBAND WHILE COURT SITS

Woman Defendant in Divorce Suit is Arrested When She Leaves Room.

NEW YORK, April 14.—Mrs. Frances Giltitz went to the Supreme Court ostensibly to defend a suit for divorce begun by Abraham Giltitz, a salesman, living at 46 Mechanic street, New Rochelle. In the court room, where Justice Vernon M. Davis was busy with the many cases on his calendar, Mrs. Giltitz espied her husband in consultation with counsel.

The accused wife approached Giltitz and before the husband or the two lawyers suspected the woman's purpose she drew a new jackknife from her handbag and calmly lunged at her husband.

Giltitz yelled with pain as he placed his hand to his neck, just under and behind his ear, where the quick unexpected blow of the knife had landed. The excitement stopped court proceedings.

Refuses Order for Arrest. An ambulance was summoned from Governor Hospital and Mrs. Giltitz, evidently frightened but still quite calm, took a seat in the courtroom while counsel for Giltitz asked Justice Davis to commit the woman for contempt. The justice refused, because he had not seen the assault.

White Justice Davis went on with the business of the court the police were notified, and two patrolmen rushed to the building to arrest the woman. She remained in the courtroom, safe from the police, because no officer may make an arrest there without order of the court. In the mean time a surgeon dressed Giltitz's wound, which was only superficial.

Courtroom Her Sanctuary. The wife, having learned that the courtroom was a sanctuary where she could not be arrested, decided to stave off her apprehension as long as possible. For nearly three hours she kept two detectives who had taken the place of the uniform men waiting in the corridor.

At 1 o'clock, when a recess was taken Mrs. Giltitz went into the corridor, where she was pursued by Justice Frothingham in Tombs Court fixed her bail at \$500 on a charge of felonious assault.

N. S. Premier Praised Canadian Press Stand

HALIFAX, April 13.—Premier E. H. Armstrong, of Nova Scotia, paid tribute today to the manner in which the press of Canada as a whole, had covered the news of the industrial dispute throughout the coal fields of the province.

As to the Canadian Press I have found it to be exceedingly fair, and to afford a genuine representation of the facts, he said.

The entire British community was present, and in addition there was a large attendance of natives.

Beland Anticipates Long House Session

QUEBEC, April 13.—Hon. Dr. Beland, Minister of Health and Soldiers' Civil Re-establishment, returned to Ottawa last night, after spending the Easter recess at his home in Beauce. Dr. Beland said that the federal session might last until July, as there was a great deal of business to be put through by the House. Dr. Beland admitted the possibility that the federal elections might be held in the autumn, possibly in October.

Weddings

Guptill-Zwickler. NORTH HEAD, Grand Manan, April 13.—A wedding of much interest took place at the Reformed Baptist church, here on Sunday evening, April 12th at the close of the regular service when Cecil Evans, Gupitill of Grand Harbor, and Miss Blanche Naves Zwickler, second daughter of Mr. and Mrs. Joseph Zwickler of North Head, were united in marriage by Rev. H. C. Archer, pastor of the church.

The bride was dressed in white georgette silk over silk crepe-de-chine, and carried a bouquet of white flowers. She was attended by her sister-in-law, Mrs. Otis Zwickler. The groom was supported by Otis Zwickler, brother of the bride.

As the bridal party entered the church, the choir sang "The voice that breathed 'er Eden." After the ceremony while the register was being signed, Mrs. Thomas Naves, sang very sweetly "Oh Promise Me." The church was very prettily decorated for the occasion with potted plants, ferns and flowers. Mr. and Mrs. Gupitill will reside at Grand Harbor.

Deaths

Mrs. Mary Brophy. After a short illness the death of Mrs. Mary Brophy, widow of Daniel Brophy, occurred at her residence, 47 Main street, Fairville, yesterday. Many friends keenly regret her passing. She was widely known and held in warm regard and high esteem. She is survived by two sons, Walter and Frank, both of Minneapolis; four daughters, Mrs. Holland Rutledge, of Seattle, Wash., and the Misses Gertrude, Sarah and May, at home, and one brother, J. C. Sheehan, of Aucorates, Wash. Arrangements for the funeral had not been completed last night.

Mrs. E. M. A. Hazelwood. After a short illness with pneumonia, Mrs. E. M. Appleby Hazelwood, daughter of Mr. and Mrs. Henry Appleby, 242 Paradise road, died yesterday leaving, besides her parents, one brother, Harry Appleby, of Detroit, Mich., to mourn. The funeral will be held Wednesday afternoon from her father's residence to Fernhill cemetery, with service at 2 o'clock, conducted by Rev. R. P. McKim, St. Luke's church, to which Mrs. Hazelwood belonged.

Mrs. W. J. Foster. After a short illness in the General Public Hospital, Mrs. Emily J. Foster, wife of William J. Foster, died on Monday, April 13, leaving besides her husband, two sons, Willard C. of Fairmont, N.J., and one daughter, Mrs. S. R. Dawson, of New York; and Mrs. Nathaniel A. Foster, of Saint John, and ten grand children. The funeral will be held on Wednesday afternoon from her late residence, at 3:30 o'clock, when service will be held at the home, and a member of the Methodist church. Interment will be made in Cedar Hill cemetery.

Mrs. A. Spinyer. YARMOUTH, April 13.—Mrs. Aaron Spinyer, an aged resident of Yarmouth, passed away at her home, Seminary street, Saturday. She was 85 years of age, and although for some time past she had been troubled with an ailment of the heart she had always been about her usual duties, and was somewhat sudden. Mrs. Spinyer is survived by one daughter, Miss Dora, at home, and one son, in the Western States. The funeral will take place Tuesday afternoon.

Miss Helen Moses. YARMOUTH, April 13.—Miss Helen, only daughter of George Moses, of Hebron, Yarmouth county, passed away at the Yarmouth Hospital on Saturday after an illness of several months, following a paralytic stroke. She was 46 years of age and, besides her father, she leaves one brother, Alphonso, in the Hawaiian Islands. The funeral will be held at Hebron on Tuesday afternoon.

Mrs. Julia L. Lunn. FREDERICTON, April 13.—(Special)—Mrs. Julia L. Lunn died Sunday night at the home of Mrs. Ada Porter, here, aged 82. Surviving are one son, Clifford, and two daughters, Mrs. Hassen Chase and Mrs. Donald MacKenzie, all of North Devon, also her mother, Mrs. John Chase, of Kittery Point, Maine; two sisters, Mrs. John Morrison of Dunbar, N.S., and Miss Bertha Chase of North Devon, and three brothers, John W. Chase and Stanley Chase of North Devon and W. Chipman Chase of New York.

FREDERICTON JUNCTION, April 13.—Hon. D. W. Mersereau, Minister of Agriculture, will be confined to his home here for about eight weeks, having suffered a painful accident on Sunday morning when a mis-step caused him to fall and his leg was broken above the ankle.

MONTROYAL COMES TO PORT SATURDAY

First Visit This Season as Vessel Has Been on Winter Cruises.

Cable information received at the headquarters of the Canadian Pacific is that the S. S. Montroyal sailed from Liverpool on Good Friday with a full cabin list and is expected to dock at Saint John on next Saturday. She has not been in the Canadian port since late last year owing to winter gales and operations. Last January she left New York for her first 1925 cruise and over a stretch of 20 days visited the chief ports of the West Indies, Panama and South America. In February she again left New York to repeat the tour. On her return to New York she made a special journey to Liverpool carrying a comparatively large number of vacationists to Europe over Easter. She is now back to her regular run.

Claude Falkner, the ex-billiard champion, is a passenger on this trip. He will make another Canadian tour giving exhibitions.

It is announced by the C. P. R. that the "steamship special" train will be in operation during the approaching season of St. Lawrence navigation and that the first train out of Windsor station will be at 9:30 a. m. on May 7. It will connect with the S. S. Montroyal, sailing in the early afternoon of the same day from Quebec.

Alleged Coolidge Talk Causes French Flurry

PARIS, April 13.—The French Foreign Office is informally investigating the origin of a despatch from Washington quoting President Coolidge on the subject of Premier Herriot's downfall, which was published here.

A storm of protest has been occasioned and La Liberte, anti-Herriot, under the headline "Impudent interference of Coolidge in French Politics" hopes the American Embassy will disclaim the despatch.

President Coolidge was quoted as saying that Herriot's financial difficulties were inherited from a previous administration.

\$1,000 BILL IS GIVEN CHURCH FOR EASTER

PARRSBORO, N. S., April 13.—A crisp \$1,000 bill was among the Easter offerings to St. George's Anglican parish here and the pastor, Rev. C. R. Harris, is wondering who the generous donor may be.

Canadian Canoeist Is Delayed on Journey

GENOA, April 13.—George H. C. Smythe, the Canadian canoeist, who set out last August from Nova Scotia, to paddle to Rome, except for the trip across the Atlantic, has stopped at Savona, 23 miles from here, for repairs to his craft, and will not arrive here according to his schedule.

Smythe arrived at Marseilles on March 28th, after paddling from Dover across the channel, thence across France by rivers and canals. He encountered much unfavorable weather. At Marseilles Smythe declared he must reach Rome within 30 days to win a wager.

Have Dogs To Match Gowns

LONDON, April 14.—Owners of fancy dog shops are doing a flourishing business this spring with the coming in of the vogue for women to have pets to match their gowns, or dress schemes to correspond with the coat of their favorite dog. Orange jumpers, which have been popular in London, have created an unprecedented demand for little Pomeranians of this particular shade. Dealers aver that if the craze continues it may be necessary for the animal shop keepers to devise some means of dyeing the coats of lap dogs to meet the requirements of customers.

BOLT KILLS 3 TOURISTS

BERLIN, April 13.—Three members of a party of tourists were killed and 28 injured by lightning while visiting the fortress of Konigsstein, near Dresden, today.

Get Ready For The Herring Fishing

There were more weirs being put out by the fishermen of the south coast this year than last, said J. F. Calder, fisheries inspector, of Campobello, who arrived in the city yesterday and registered at the Royal Hotel. Last year had been a good one, but he believed that the men were intending operations on a still greater scale during the coming season.

The canneries at Eastport would probably start to open on Wednesday, he said, that being the first day on which the law of the state would allow them to operate. There would probably be a few of them opened on that date and the rest would follow later.

The fishermen were now busy getting their weirs out in preparation for the run of sardine herring. Good catches of herring had been made by the net fishermen of North Head, Grand Manan, for the last few weeks, he added, although it had dropped off somewhat in the last day or two. There were some fish being caught in the weirs but the run was not heavy yet.

Says Bobbing Causes Boils

LONDON, April 13.—Sol H. Goldberg has arrived here to carry on his one-man war against bobbed and shingled hair. Sol makes hairpins. He makes more of them, so he says, than any other man.

Among the things Sol charges against bobbed hair are boils. "Bobbed hair causes shaved necks," he says. "Shaved necks cause ingrown hair. Ingrown hairs cause boils."

"Just look in the mirror," he told a woman interviewer, "and see how your shaved neck makes your chin stick out."

Card Party Held In St. Patrick's Hall

A much enjoyed and highly successful card party of 88 tables was held last night in St. Patrick's hall under the auspices of the Ladies' Society of the Assumption church with Mrs. Thomas Morrissey, president, as general convener. The members had charge of the luncheon and the young ladies assisted in serving. The prize winners were as follows: Ladies, first, Mrs. William Keefe; second, Miss Jean Kelly; consolation, Mrs. W. J. Ferren. Men's, first, Louis B. Goldie; second, H. A. Pitman and consolation, Raymond McLaughlin. Arrangements were made for holding the next card party on Monday of next week. The Boy Scouts of the Assumption Troup rendered valuable assistance to the members of the committee during the evening.

OPEN SHOP FIGHT UPHELD

WASHINGTON, April 13.—The Sherman anti-trust law was not violated by the Builders' Exchange, the Industrial Association and others of San Francisco in the fight for the open shop, the Supreme Court decided today.

Fables On Health

**DEVELOPED INTO FIGHTER**  
IN Mrs. Mann's town was a man named Algeron. Mrs. Mann knew him when he was a child. All the boys in school picked on him. He was made the butt of many a prank, all because his mother named him Algeron. Now Algy was the leading light of the little city. He owned quite a bit of property, and many of the boys who kidded him in school were working for him. How did he manage to do it with such a name? Here's how Mrs. Mann explained it. Algeron was sensitive about his name. When the boys picked on him, he developed a fighting spirit. He sent many a boy crying home to his mother with a black eye. When he grew older he still felt that he was handicapped, and it caused him to work that much harder. He developed into a fighter, a go-

getter, and the folks soon learned to call him Algy, and to depend upon him when they were confronted with a real difficulty. It is the same principle that causes many physical cripples to make a success in life, Mrs. Mann ventured. "Maybe so," replied Mr. Mann. "But just the same, I wouldn't want one of my boys named Algeron."

Adventures of the Twins

By OLIVE ROBERTS BARTON. THE MAGIC SNUFF IS LOST.

There was a low buzzing sound from somewhere in the distance that sounded like lazy bees or hungry mosquitoes of angry life. It grew louder and louder, the buzzing sound did, and at last the Twins looked up at the sky to see what was the matter. Imagine their surprise when they saw a tiny aeroplane coming toward them at full speed. And at the same time a voice called, "Look out!" and two pairs of odd-looking shoes dropped to the ground beside them, and a second later a letter came flitting down. Nick stooped and picked up the letter. It was addressed to "The Twins, The Big White House on the Hill." "Here, Nancy, you read it," cried Nick handing it to his sister. So Nancy tore open the envelope and read the letter out loud. "Dear Twins: Mister Whiz is about to start on a trip in his magic aeroplane. He is going to all sorts of places in my Nine Hundred and Ninety Nine Kingdoms, and I thought that perhaps you would like to go with him. He will take the magic shoes with him. If you wish to go on an adventure, take of your own shoes and put these on. Then you can go any place that a fairy can go and, of course, change to any size you wish. "I hope you are both well and that you decide to go with Mister Whiz, you will both have a very nice time. "Your loving friend, "The Fairy Queen."

she was busily getting off her own shoes and into the magic ones. It didn't take Nick long, either, you may be sure, to hop into his own pair of magic shoes, and hide the other pair (as well as Nancy's) in a fence corner where they could easily be found later when their adventure was over. The little aeroplane overhead kept circling around and circling around all the time getting lower and lower, until at last it touched the ground. "Hello!" he called. "Want a ride?" "We're all ready," answered the Twins waving back. "Are you Mister Whiz?" "Yes, sir! Yes, ma'am! That's my name," said the little fellow. "But in this cap and goggles I look more like Mister Whiz-iz-it. Hop right in. That's the way. Plenty of room for everybody."

"Where are we going?" asked Nancy. "The Fairy Queen's uncle lost his magic snuff," said Mister Whiz. "I'm starting off to find it. The poor fellow had had a good sneeze since last Tuesday morning." To Be Continued.

Watch your tongue

The tongue is the mirror of the digestive tract and upon its surface is reflected the result of digestive disorders. Examine your tongue frequently and when you find it coated with "fur", or unnatural in appearance, heed Nature's signal. Indigestion, biliousness, dyspepsia and constipation are responsible for most of the ailments of mankind. Sleeplessness, headache, nervousness and many other ills follow in their train. Remove your digestion by using Beecham's Pills. They clear the tongue, remove the bad taste, strengthen the stomach and bowels, activate the liver, promote the digestion and assimilation of food and make you feel strong and well.

Teach your child Internal cleanliness

THE mother who permits constipation in her baby or older child is risking the health, even the life, of her little one. Profuseness, feverishness, night terrors, grinding the teeth in sleep, biliousness, coated tongue, loss of appetite, any of these may indicate constipation. Poisons from the child's stagnant intestine are flooding the little body, and if left unchecked may lead to serious consequences.

Avoid Laxatives—Say Doctors

A noted authority says that laxatives do not overcome constipation, but by their continued use tend only to aggravate the condition.

Medical science has found in *lubrication* a means of overcoming constipation. The gentle lubricant, Nujol, penetrates and softens the hard food waste and hastens its passage through and out of the body. Nujol is not a medicine or laxative and causes no gripes. Like pure water, it is harmless. Let your infant or child have Nujol regularly, and see rosy cheeks, clear eyes and happiness return once more.

Nujol is used in children's and general hospitals and is prescribed by physicians throughout the world.

**FORT HOWE PARK IS AGAIN DISCUSSED**

**Executive Recommends League of Nations Society to the Club.**

The Women's Canadian Club of Saint John has planned for a Canadian night on April 20, in the Church of England Institute, when A. M. Belding will address the club on "The Development of a Canadian National Spirit," speaking from knowledge gleaned during his recent across Canada tour.

The executive of the Women's Canadian Club met yesterday afternoon in the Board of Trade rooms with Mrs. E. Atherton Smith, president, in the chair and entered enthusiastically into plans for the coming event.

Speakers coming.

The speaker for the May meeting of the club will be Dr. Archibald MacMechan, of the faculty of Dalhousie University, who is an author and public speaker of note. It is hoped that Dr. MacMechan's address will be given on Loyalist Day, May 18. He will speak along literary lines and his address will have a special bearing on the Loyalists.

At the meeting reports were received concerning the arrangements for various other speakers. Much regret was felt that Lord and Lady Willingdon, who were to have been in Saint John about April 14 and were coming to Canada under the auspices of the

**ASSEMBLING A MEAL**

**Canisters, Cans and Cartons Have Won Intimate Place in Household Life.**

By Barbara Brooks, Kellogg Home Economics Department, London, Ont.

Someone has asked, "Where, oh, where is the old-fashioned girl who used to manufacture a meal instead of assemble it?"

Thanks to the food manufacturers, a meal can be assembled today which, if a wise selection is made, will be nutritious and appetizing. The "makings" may come in canisters, cans or cartons, and the purchaser will be sure that the contents are absolutely clean and sanitary. Package goods have won a place in the minds of housekeepers because of their high standard of quality. The label tells what is inside, and the contents must be up to specifications.

The word "canister" comes from the Greek word meaning "freed." Women freed baskets used for tea, coffee, beans and peas were called canisters. It was not until 1810 that an Englishman took out a patent for preserving food in "tin canisters." Early canisters shortened this word to "can" and today the words "tin" and "can" are almost synonymous.

Cartons usually means a paper container. Breakfast cereals such as corn flakes or all bran, from their sanitary cartons, are packed in cartons. A bag of heavy waxed paper lines the carton so that no moisture can take away the crispness of the flakes.

What kind of a breakfast can we assemble from cans, canisters and cartons? For a first course, canned grapefruit will be appetizing, next corn flakes or all bran, from their sanitary cartons. Would you like cod fish cakes or kippered herring from their cans for a main course? And coffee from its canister! Add toast with butter and marmalade from a glass container, and we challenge anyone to manufacture any morning meal which will taste better than one which is well assembled.

**Hiraiwa Mission Circle Entertained**

Miss Gladys McLaughlin entertained the Hiraiwa Mission Circle of Centenary church at her home, 110 Elliott street, last evening, when the Easter meeting preceded the social hour, which was much enjoyed. The regular programme continued for the season was followed with Miss Agnes Robertson leading the devotional period. Those conducting the study book on "China's Real Revolution," namely its turning from heathenism to seek Christian ideals, were Mrs. George Gambill, Miss Gertrude Spicer and Miss Hilda Brittain. A special money offering was taken. Those acting as hostesses for the occasion were Miss Gladys McLaughlin, convener for the year, assisted by Miss Cora Clifton, Miss Alice Flowers, and Mrs. Robtsey A. McLaughlin.

**"Poor Betty! She always looks tired"**

BETTY was the office mystery. Once pretty, her beauty now lay masked behind an unwholesome complexion. Once vivacious, she now seemed eternally tired—a drooping figure of disappointment and dismay. Too bad she didn't realize that it was constipation which was stealing her strength.

But many men and women have rid themselves forever of this devastating disease, have regained their charm and renewed their old-time vigor and vim. By the simple means of eating two table-spoonfuls of Kellogg's ALL-BRAN every day—or in chronic cases, with every meal.

As Kellogg's ALL-BRAN journeys through the system its fiber remains unchanged. It is what doctors call a bulk food—a bulk food which sweeps the intestines clean—a bulk food which absorbs and carries moisture through the intestinal tract, stimulating natural, healthy action. Something habit-forming pills and drugs can never do.

Serve Kellogg's ALL-BRAN with milk or cream, sprinkled over cereals; cooked with hot cereals; in soups, or made into the many recipes given on the package. Doctors recommend Kellogg's ALL-BRAN. You will, too, after a few days' trial. You'll become an enthusiast when you feel the surge of vigorous blood in your veins again.

**KNOW THE TRUTH ABOUT BRAN**

To be effective, bran fiber must go through the various digestive processes without submitting to any of those it must pass through the entire alimentary tract without its form being changed. What happens when a bran food is eaten?

After the saliva has acted upon it, it passes through the stomach and into the intestines, where every part which is not fiber is absorbed.

In ALL-BRAN the quantity of fiber is so great that it furnishes bulk enough to prevent and relieve constipation.

In a part-bran food, the quantity of fiber is so small that there is only a puny amount to do a Herculean task.

ALL-BRAN brings sure results. Demand it.

Warning: Be sure to get Kellogg's ALL-BRAN. Only ALL-BRAN brings sure results. A part-bran product can only be partially effective. Kellogg's is the one, only and original ALL-BRAN. All grocers sell it. Leading hotels and restaurants serve it. Buy a package today. If eaten regularly, it is guaranteed to bring permanent relief or the grocer returns the purchase price.

Nestlé's Milk Food is the simplest of all foods to prepare. Just add water and boil one minute.

When baby reaches the teething, sitting-up, creeping and muscle-using stage of life, milk alone cannot supply the extra strength its body then needs. Cereals must be added to the diet.

The most universally used cereal and milk formula, of course, is Nestlé's Milk Food. In experiments conducted with thousands of babies it was found to agree with 93%.

So, mother, if you are nursing your baby, at about six months supplement your own milk with a few daily feedings of Nestlé's Milk Food. This will not only give the added nourishment your baby needs but will prepare the way for complete weaning. Baby should be completely weaned about the ninth month, more particularly at this season of the year. Babies should never be weaned during hot weather.

Nestlé's Milk Food is the finest milk obtainable, dried to a powder. To this are added wheat biscuit, wheat-malt, and cane sugar. This food is used in every country on earth and builds firm flesh and sound healthy bodies.

If You Do Not Nurse Your Baby use Nestlé's Milk Food entirely. A splendid substitute when for any reason your own milk fails.

MISSION. Rev. J. V. Young presided at the meeting of the Mission church of St. John Baptist. Rowland Frith reported the offertories about \$300. The election of a finance committee resulted as follows: T. P. Ritson, E. W. Chase, W. G. Roberts, H. H. Butler, W. H. Ross, G. Williams, G. C. Emerson, R. Horsman, J. M. Northrup, R. W. S. Whitcomb, J. T. Seymour, A. S. Belyea, L. Logan and W. G. Lee. The finance committee will act with the permanent trustees as the governing body. The delegates to the synod elected were Col. E. J. Sturges, Rowland Frith, B. C. Boyd and W. H. Ross; substitutes, H. B. Schofield, R. Horsman, W. G. Lee and J. M. Northrup.

GIFT ACKNOWLEDGED. Jacob N. Tobin, of Millidgeville, recently presented to St. Clement's church, which is in the parish of St. Luke's, an up-to-date heating system and a fine new furnace. The gift was greatly appreciated by the congregation of St. Clement's, and the vestry of St. Luke's, and last night a special delegation from the two churches, visited Mr. Tobin at his home and presented an illuminated address of appreciation. The delegation consisted of Rev. Canon R. P. McKim, rector of St. Luke's, H. Usher Miller, a church warden of St. Luke's, and the two church wardens of St. Clement's, Captain Robert W. White and Lorne Craft.

Words of Appreciation. Canon McKim in a brief address spoke of the fragrance which attached to the name of Tobin through long association, referring to the devotion to the church of Mr. Tobin's father, John Tobin, for many years a vestryman of St. Luke's, and of Rev. Edgar Tobin, Mr. Jacob Tobin's nephew who is now rector of a very important church in the diocese of Rhode Island. Captain White and Mr. Craft each spoke in warm appreciation of Mr. Tobin's generosity, and Mr. Miller following voiced the feeling of hearty co-operation which had always existed between the congregations of St. Luke's and St. Clement's.

Expresses Thanks. Mr. Tobin, although taken completely by surprise, expressed his pleasure in the sentiments expressed by the speakers and contained in the address. The address read as follows: "Presented by the rector and congregation of St. Clement's church, Millidgeville, to Jacob Noyce Tobin, in grateful appreciation of his most generous donation of a new furnace to the above church, with hearty wishes for many years of good health and happiness."

CHURCH PARADE OF SCOUTS IS PLANNED

May 3 is Date Decided on—Rovers Have Election—Two Patrols.

The annual church parade of Boy Scouts and Wolf Cubs of Saint John will take place this year on May 3, it was decided at a meeting of the scout leaders held last night in headquarters with Dr. G. B. Peat, district commissioner, presiding.

It was left with Dr. Peat to arrange which church the Scouts and Cubs would attend and a committee of three, O. J. Lawson, E. G. Howard and E. Boyaner, was appointed to secure the services of a band for the parade. It is expected that the parade this year will be a very good mixer of the various troops of Scouts, the number of troops having been greatly increased since the last parade.

Rover Scouts

The Rover Scouts of the city, composed largely of assistant Scoutmasters, met last night in Scout headquarters with L. L. Johnson presiding. The Court of Honor of the troop was appointed to interview the choice of the troop for a Rover Master and it was hoped that the man selected would consent to act. The election of officers took place and the Rover mates chosen were C. G. Hoyt and D. W. Colwell, who elected as their seconds, L. Placombe and L. L. Johnson. The Rovers will meet every Monday evening and have decided to link their numbers to 12 which will be divided into two patrols. The troop will follow closely the programme laid down for Rover Scouts which has been prepared for those of 17 years and upwards.

Saint John Girl Is Valetictorian

Miss Lois Johnstone, daughter of Mr. and Mrs. J. Guy Johnstone, formerly of Saint John and now of Woodford, Me., a suburb of Portland, was recently announced as the valetictorian of the class of 1925 in the Dering High School, Portland. Miss Johnstone is a Saint John girl and her many friends here will join in congratulations on the honor she has won. Besides being a clever pupil, Miss Johnstone is a good athlete, managing the Dering High girls' basketball team, which this year won the city championship of Portland. She was also editor-in-chief of the year book. When in Saint John she attended King Edward School. Miss Johnstone completed her four years of high school studies with the high average of 92.4-10 per cent.

3 Hamilton Cashiers Are Allowed To Go

HAMILTON, April 13.—A storm is brewing in municipal circles over the latest move in the wholesale reorganization which followed the recent probe into business laxity.

Three cashiers were removed from their positions today by Tax Collector Hopper, acting on orders from the Board of Control. Members of the City Council have protested the action, declaring that the board is starting wrong in its reorganization scheme, dismissing minor officials.

K. C. SOCIAL EVENT GREATLY ENJOYED

Easter Assembly Held by Saint John Council Proves Very Successful.

The annual Easter assembly of the Saint John Council, Knights of Columbus, held last night in the K. of C. hall in Coburg street was a greatly enjoyed and thoroughly successful social event. A large number of knights and their lady friends attended. The rooms and the supper table were attractively decorated in Easter colors of lavender and yellow and the flowers were yellow daisies and mauve gladioli.

An orchestra furnished excellent music and a delicious supper was served under the efficient convensership of Mrs. Elizabeth Walsh, who was assisted by Mrs. Margaret Corley, Mrs. William O'Connor, Mrs. S. H. MacDonald, Miss Susan Gray, Miss Margaret Brennan and Miss Josephine Jenkins. The chaplains were Mrs. J. L. Sugrue, wife of the grand knight, Mrs. E. J. Henneberry, wife of the state deputy, and Mrs. Bernard McCarthy. The pourers at the supper table were Mrs. J. R. Nugent and Mrs. George Flood, and the replenishing was in charge of Mrs. Fred Conlon and Mrs. Charles Meredith. The serving of ice cream was in charge of Mrs. W. C. Fowling, who was assisted by Mrs. John Griffiths.

"The commonsense of it is this —"

"Home use of medicated Tooth Pastes won't cure ailments of the teeth and mouth—such as cases for professional treatment."

"So don't be frightened into experiments. All you can do—all that it is necessary to do—is to keep your teeth spotlessly clean. Use Minty's Tooth Paste twice daily."

"It foams and surges between the teeth where your tooth brush can't reach, cleansing and sterilizing."

"It dissolves every particle of tartar and film—restores all the brilliant whiteness of the enamel."

"And Minty's is safe—drugless and gritless. Dental inspection twice a year and the use of Minty's regularly will keep your teeth and gums sound and healthy."

SOCIALISTS REFUSE TO BACK BRIAND

LITTLE CHANGE OF HIS FORMING NEW CABINET

Former Premier Expected to Decline Offer to Name Ministers

RAINLEVE IS NEXT HOPE OF PRESIDENT

Renoult Boomed For Leader With Briand and Herriot Holding Portfolios.

PARIS, April 14.—M. Briand's chances of forming a ministry now are regarded as hopeless because the Socialist leaders of the Chamber of Deputies declared categorically this morning that they would not support a Briand government, let alone take portfolios in a cabinet organized by M. Briand.

Leon Blum, the Socialist leader in the chamber, confirmed the opposition of the Socialist party to any Briand combination.

The former Premier is said to have been aware of this attitude since yesterday morning, and the fact that he continued his consultations notwithstanding was explained by his desire to settle once for all the question whether the Socialists shall be allowed virtually to dictate the policy of the government without shouldering any of the responsibility of the government.

It is expected that M. Briand will decline the offer to form a cabinet this evening after which President Doumergue may again consult with Paul Painlevé, the president of the chamber. If he does, it is believed, that M. Painlevé will recommend a cabinet headed by a member of the Senate, most likely Rene Renoult, a Socialist leader and Minister of Justice in the cabinet which has just resigned.

Around the lobbies of the Senate it is said that the Renoult combination has already been tentatively formed with M. Briand slated for the post of Minister of Foreign Affairs, and an important portfolio for former Premier Herriot.

Bullet Fired At Briand Kills Boy

NEW YORK, April 13.—(United Press)—Max Sterling 16, and a group of boy friends stopped to watch the police chasing two burglars. A short time later young Sterling collapsed and died six hours later. One of the bullets fired by the policemen had struck the boy.

Advertisement for Jenkins Valves, featuring an illustration of a valve and text: 'Perfect Control! In many factories, exactness in ingredients is essential to manufacturing processes. The illustration shows a corner of the dye-house of a large textile plant in Toronto. The pipes shown convey hot water, cold water and steam. Absolute control is essential because a faulty valve or a leaky valve would make it impossible to carry through the process and would cause serious loss. Naturally, the valves used in this important work are Jenkins Valves. They will not leak. They will never fail to function. They are absolutely dependable. It is sound economy to insist on Jenkins Valves for every installation, whether it be private home, boiler room, or factory. There is a Jenkins Valve for practically every service—steam, water, gas or acid—made to give long trouble-free service. Look for the Jenkins name and the Diamond Trade Mark cast on the body. JENKINS BROS., LIMITED 103 St. Remi Street, Montreal, Canada. There is much valuable information for all interested in valves in our catalogue No. 9D, describing the complete Jenkins line. High School Students Quit

BESSEMER, Ala., April 13.—Nine hundred high school students walked out of classes here and declared that they would "remain out" until the Board of Education rescinded its action in electing a new superintendent of schools to replace Dr. L. L. Vann. Virtually every member of the student body was among the number. Definite reasons for the election of a new superintendent have not been announced.

DISCOVERY GOES TO SOUTH SEAS

Captain Scott's Old Ship to Leave Portsmouth at End of May

PORTSMOUTH, Eng., April 14.—In shipping and other circles great interest is being taken in the partial rebuilding at Portsmouth of the Discovery, Captain Robert Scott's old ship, in which he made his memorable voyage to the Antarctic in the years 1901-1904. The ship is to be made together expedition under the auspices of the Colonial Office and the Falkland Island Government to the South Seas with the main objects of undertaking general marine research and a thorough investigation of the whaling trade.

The vessel is scheduled to leave Portsmouth at the end of May for the expedition base at South Georgia, the farthest point south in the British Empire. Captain Stenhouse has been appointed to command the new expedition and a number of eminent natural scientists are to accompany him and conduct extensive research and investigation in the South Sea.

WHOLE WORLD BATTLES FOR OIL SUPPLIES

Five Great Powers Seeking to Acquire Areas in Many Countries

RICH DEPOSITS CAUSE CONTESTS

Joint Ventures Bind Business Interests of Various Nationalities.

By CLIFFORD L. DAY United Press Staff Correspondent.

LONDON, April 13.—All the world apparently is battling for oil.

In the centre of the fray, the brunt of the fighting is being borne by the five great naval powers, as represented by their national financial interests—Great Britain, the United States, France, Italy and Japan.

Slowly, but surely, the post-war scramble is gradually narrowing down to definite international alignments. In the Far East, the Near East, Europe and the Western Hemisphere, long-term concessions are being made, and agreements are being reached through finance-politics.

Joint ventures are binding the business interests of various nationalities together in mutual investments which may yet make oil a steady and calming influence on the troubled water of international finance and through finance-politics.

Such as, Albania, Iraq, Mexico, and Czechoslovakia have of late seen the point of focus for the eyes of politicians and oil magnates the world over.

Concessions Wanted. The ink was scarcely dry on the ratification of the Russo-Japanese treaty whereby Japan acquired internationally coveted privileges for the exploitation of Sakhalin, when Albania and Iraq came prominently to the fore in rival arrangements.

A little later a French company, headed by the magnate Bordas, received a concession to exploit the fields of South Moravia and Slovakia. Czechoslovakia was guaranteed a share in the profits as a reward for abandoning the state monopoly.

And just about the time that E. L. Doherty and his fellow American partners were reported about to dispose of a part of their Mexican fields, recognition of the Anglo-Persian oil concession, a mammoth Iraq deal was announced from Baghdad.

Vast Oil Riches. This Mesopotamian concession is likely to prove the most important, and at the same time the most remarkable, that has ever been granted. The vast richness of Iraq's oil resources have been famed from time immemorial, and the concessionaire, the Turkish Petroleum company, is one of the most noteworthy fusions of interests the world has yet seen.

Man Trapped In Well Shaft

GRAND RAPIDS, Mich., April 14.—City firemen and volunteer workers at midnight have been fighting shifting sands for nine hours in an attempt to rescue the body of Adolphe Teske, 50, from the bottom of a newly-dug well. They reached it once, only to have the sands close in again and undo their work.

SEES COLD SUMMER FOR 1925 AND 1926

U. S. Navy Weather Expert Predicts Duplication Next Year of 1916 Chill.

WASHINGTON, April 14.—Unless scientific signs fail, says Lieut. Commander George E. Brandt, aid to the naval hydrographer, this summer will be a cold one and the summer of 1926 even colder.

A study of solar radiation and ocean temperatures has convinced him that next year "summerless" 1916 may be duplicated.

Commander Brandt points out that cyclonic disturbances are the unknown quantity in the weather equation, and that while the present outlook is for a decided temperature drop actual conditions at the time may be far different because of factors that are now known.

Zeppelin Company Seeks Permission to Make Airplanes in Switzerland.

United Press. LONDON, April 13.—The Zeppelin Company is seeking to escape the allied restrictions on the construction of giant gas bags by removing its plant from Germany to Switzerland, according to a dispatch from Geneva.

The company is reported to have requested the Swiss Government's permission to move the entire works from Friedrichshafen across Lake Constance to the Swiss shore.

BOILER WORKERS, ONE OF THEM A TEETOTALER, GET NOVEL JAGS

The bootlegging industry may be doomed, if a recent story in the Manchester Guardian is to be believed, but it will merely add to the problems of prohibition enforcement. Three workmen of Blackburn, says the English paper, went into a big boiler, which was coated with oil, to clean it with gasoline. The action of the gasoline on the oil set up such intoxicating fumes that within a few minutes all three men were drunk by smelling. Two burst into song, one with music-hall ditties, and the other, evidently more of a highbrow, with grand opera selections. The third proclaimed his delight by dancing. The strange noises attracted attention and the men were pulled out before they succumbed to the fumes. But the intoxication lasted, and one of the three, who had been a teetotaler all his life, was in such an exuberant condition when he got home that his explanation of what had happened to him was received with dubious silence.

NEW HOME NURSING CLASSES FORMED

A new home nursing class was organized last night among the members of the "W. W. H. A." which met at the home of Mrs. L. Isaac in Orange street and was addressed by Miss S. Barrington, who is organizing the home nursing classes for the Red Cross Society in New Brunswick. The members were eager to enroll and 18 joined the class last night.

ELMER HAYS IS RESCUED AFTER HOUR'S BATTLE

Was Caught by Slide While Assisting in Release of Collins' Body

ACCIDENT CAUSES BAN ON USE OF TUNNEL

Shaft Will Be Sunk Deeper to Prevent Further Mishaps in Work.

By Canadian Press. CAVE CITY, Ky., April 14.—Sand Cave, claimant of the life of Lord Collins, cave explorer, trapped Elmer Hays in its death chamber for more than an hour yesterday.

Shifting rocks of the cave suddenly blocked the passage of the lateral leading from the shaft to Collins' body, as Hays, a member of the party now trying to release Collins' body, was about to ascend the crawly in the lateral. A rope was used to pull Hays to safety. This accident resulted in an order prohibiting anyone from entering the cave by way of the lateral tunnel, which is 55 feet underground.

DIGGING DEEPER

Because of this danger, H. H. Hunt, Central City, Ky., mining engineer, in charge of the work, immediately began to sink the shaft 10 feet deeper. At the 65-foot depth another lateral will be cribbed to the natural tunnel, making it large enough to extract the body. The additional work will require at least another week, Mr. Hunt estimated.

Monte Carlo Casino Adds To Its Profits

PARIS, April 14.—A statement has been made public showing that the "Casino Bathing and Foreigners' Club of Monaco Company" which is the official name of the company running the gambling casino at Monte Carlo, made profits in 1924 of 60,000,000 francs. This is more than half of the total receipts for the year, which were 110,000,000 francs, as compared with 89,442,000 francs in 1923. The company will hold its annual meeting on May 15.

IRISH REPUBLICAN CHIEF DELIVERS ANNIVERSARY ADDRESS IN DUNDALK CEMETERY

ELMER HAYS IS RESCUED AFTER HOUR'S BATTLE

Was Caught by Slide While Assisting in Release of Collins' Body

ACCIDENT CAUSES BAN ON USE OF TUNNEL

Shaft Will Be Sunk Deeper to Prevent Further Mishaps in Work.

By Canadian Press. CAVE CITY, Ky., April 14.—Sand Cave, claimant of the life of Lord Collins, cave explorer, trapped Elmer Hays in its death chamber for more than an hour yesterday.

Shifting rocks of the cave suddenly blocked the passage of the lateral leading from the shaft to Collins' body, as Hays, a member of the party now trying to release Collins' body, was about to ascend the crawly in the lateral. A rope was used to pull Hays to safety. This accident resulted in an order prohibiting anyone from entering the cave by way of the lateral tunnel, which is 55 feet underground.

DIGGING DEEPER

Because of this danger, H. H. Hunt, Central City, Ky., mining engineer, in charge of the work, immediately began to sink the shaft 10 feet deeper. At the 65-foot depth another lateral will be cribbed to the natural tunnel, making it large enough to extract the body. The additional work will require at least another week, Mr. Hunt estimated.

Monte Carlo Casino Adds To Its Profits

PARIS, April 14.—A statement has been made public showing that the "Casino Bathing and Foreigners' Club of Monaco Company" which is the official name of the company running the gambling casino at Monte Carlo, made profits in 1924 of 60,000,000 francs. This is more than half of the total receipts for the year, which were 110,000,000 francs, as compared with 89,442,000 francs in 1923. The company will hold its annual meeting on May 15.

IRISH REPUBLICAN CHIEF DELIVERS ANNIVERSARY ADDRESS IN DUNDALK CEMETERY

DUBLIN, April 13.—Frank Aiken, Republican chief of staff, made his first public appearance yesterday at Dundalk, since the stormy days of 1923. Mr. Aiken delivered an oration at the Republican plot in St. Patrick's cemetery in commemoration of Easter week of 1916. Although it had been announced that the authorities would arrest him, no hindrance was placed upon him.

CANADIAN FIRM HAS CLIMBED TO HIGH POSITION

A. McKim, Ltd. Issues Booklet to Mark Quarter Century of Work

EFFICIENT STAFF HELPS MERCHANTS

150 Experts Now Necessary to Handle Business of Concern.

From a humble beginning 26 years ago to a place of commanding importance in the field of national advertising is the stirring record of growth of the A. McKim Advertising Agency, Montreal.

In an attractively arranged booklet, issued recently, photographs of the late Mr. McKim, the directors and members of the staff are carried along with a brief synopsis of the company's development.

Members of Staff. The members of the staff have each achieved high standing in their own special branches of the industry.

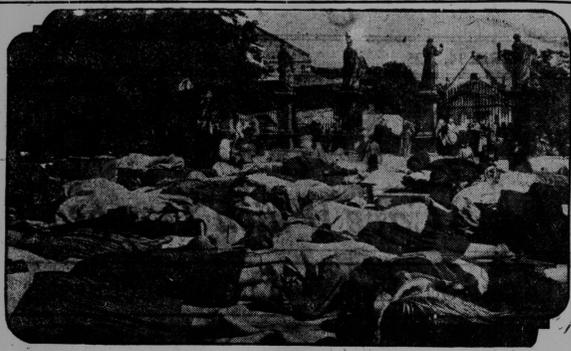

Many Departments. The scope of the firm's work is glimpsed through a realization of its many departments of specialization and the folder introduces the heads of these departments, including the chief clerks, J. S. Bell and E. C. Reed, and leading members of the writing staff.

TWO BREWERIES ARE TO BE JUNKED. Makes Total of 25 During Year Padlocked or Wiped Out in Illinois.

CHICAGO, April 14.—Destruction of two more brewing plants has been ordered here by the Federal Court, with authority to sell the machinery junk and commensate the proceeds.

Old Anti-Horse Thief Society Comes To End. FARMINGTON, Conn., April 14.—A friendly suit has been instituted by the Ancient Farmington Association for the Detection of Horse Thieves and Burglars, founded Aug. 9, 1814, in the Superior Court of Hartford County for a decree of dissolution.

Barefoot Women Pray in Courtyard

Lying face down, with shoes removed, women of a strange Polish community here are shown at worship outside the Carmel Monastery at Bielany, near Krakow. They are not allowed inside the church. The men attend the first mass of the day at midnight. They may not talk except to deny the power of the world.

CANADA'S LIQUOR OUTPUT INCREASES

Production of Beer Also Takes a Jump Upward—Exports Increased.

OTTAWA, April 13.—Canada's output of hard liquor increases. In the fiscal year 1924, 4,411,890 proof gallons of spirits were actually manufactured in Canadian distilleries, compared with 3,828,879 in 1923.

Consumption Less. Canadians paid customs or excise taxes amounting to \$9,871,068 on 2,144,177 gallons of hard liquor in the fiscal year ended 1924.

More beer and fewer breweries in Canada in 1924 is noted in the report of the Department of Customs. This shows that in the previous four fiscal years the average collections were \$7,222,938 on 2,636,726 gallons.

Canada exported 189,933 gallons of last year's brew, leaving nearly five gallons per annum per head of population for home consumption. In the same year Canadians consumed less than a quarter of a gallon of hard liquor per head, that is, of liquor duty reported and taxed by the Government.

Village To Observe Old Time Sabbath

CHICAGO, April 14.—The old custom of the Sabbath, before the days of movies, motoring, and golf, will be revived in Oak Park, a suburb of Chicago, in a mid-May festival of cherry blossoms and church-going, in which citizens will walk to worship and wear frock coats and silk hats in the manner of years gone by.

Husband Goes To Jail, Wife Threatens Suit

OGDEN, Utah, April 14.—Tom Disinger, 40, sought refuge in the Weber county jail a few days ago, declaring his wife had "nagged" him until he was ill. He asked and received a chance to catch up in his sleep. Now the sheriff is finding the case a puzzle.

PARIS, April 11.—A few Paris dressmakers have created a new style for ladies' evening wear. This is the smoking gown, specially designed for bobbed-haired votaries.

Novelist Calls For A Jewish Luther

NEW YORK, April 14.—The need for a Jewish Luther to save Judaism for the present and future generations was sounded in a Passover sermon at the Sinai Congregation of the Bronx by Elias Tobolski, the novelist, who said that the younger generation of Jews, especially in the Middle and Far West were living in a sort of No Man's Land as far as their religious affiliations went, owing to the fact that their American and Western point of view prevented them from adopting the Eastern European ritual of their fathers.

TRAGEDY IS END OF SEARCH FOR FAME

Bodies of Inventor, Wife and Dog Found Near Shattered Engine.

LONDON, April 13.—The tragedy of an inventor's fruitless search for fame and fortune was revealed a few days ago when firemen broke into a burning building in the West End of London and found the charred bodies of a man, a woman and a dog on a bed on the top floor.

A shattered gasoline engine of an unusual type and three applications to the Patent Office marked "abandoned" sum up the tale of long years of hope unfulfilled that ended for the inventor, A. J. Guillard.

Canada exported 189,933 gallons of last year's brew, leaving nearly five gallons per annum per head of population for home consumption. In the same year Canadians consumed less than a quarter of a gallon of hard liquor per head, that is, of liquor duty reported and taxed by the Government.

EXCAVATORS MAKE IMPORTANT FINDS

Unearthed Statuary at Corinth—To Dig in Pre-Historic Cemetery.

WASHINGTON, April 14.—Important excavations in a pre-historic cemetery are about to be undertaken in Greece under the auspices of the American School of Classical Studies, located at Athens, according to information received by Professor Edward Capp of Princeton University.

Work now being done at Corinth within the area of an old theatre has already resulted in several interesting finds. Several pieces of statuary have been unearthed as well as much pottery. Dr. Sheer, who is in charge at Corinth, has also discovered the conduits leading to the source of the ancient water supply which brought water from Acrocorinth to the Fountain of Glaukos, named after the wife of Jason the Argonaut, who was murdered by Medea.

Work has also started at the site of the Argive Heraeum, near Micene, in Argolis, the bureau was informed. Quite simple. "You don't need to have had experience when it comes to treating fashionable patients," said the popular physician to his new assistant. "The process is as simple as A. B. C. Find out what they've been eating and stop it. See what they've been doing and tell them to stop. Ask where they are going for the holidays—and send 'em somewhere else."

FREE 10-Day Tube Note Coupon. Maybe your teeth are gloriously clear, simply clouded with a film coat. Make this remarkable test and find out.

Dazzling, White Teeth

Here is the quick, new way dentists are widely urging. Make this unique test. Give your teeth high polish and fresh new color simply by removing the dingy film that coats them and invites decay and gum troubles.

THIS offers you a simple scientific test—one judged the most remarkable of all dental tests. In a short time you can work a transformation in their color and their luster.

Modern science has evolved a new and radically different method which successfully removes the dingy film that imperils healthy teeth and gums.

New methods remove it. And Firm the Gums. Now in a new-type dentifrice, called Pepsodent, dental science has discovered effective combatants. Their action is to curdle the film and remove it, then to firm the gums.

Harsh, gritty substances are judged dangerous to enamel. Thus the world has turned, largely on dental advice, to this new method.

A few days' use will prove its power beyond all doubt. Mail the coupon. A 10-day tube will be sent you free. Why follow old methods when world authorities urge a better way?

Run your tongue across your teeth, and you will feel a film, a viscous coat that covers them. That film is an enemy to your teeth—and your gums. You must remove it.

It clings to teeth, gets into crevices, and stays. It absorbs discolorations and gives your teeth that cloudy, "off color" look. Germs by the millions breed in it.

YOUTH ADMITS HE CUT GIRL'S THROAT

Valet, 18, is Charged With Murder in Death of London Actress.

LONDON, April 13.—A sorry story of fatal jealousy was told in police court today when Ernest Rhodes, 18-year-old valet, appeared to answer the charge of murdering Grace Bakaller, pretty 22-year-old actress and dancing instructor, who died Friday from the effects of a slash in the throat the night previous in the West Kensington district.

A statement was read into the records, alleged to have been made by Rhodes to the police, admitting he had cut the girl's throat with a razor. The fatal act, as recorded in the statement, was committed impulsively in a fit of jealousy as he was bidding the young dancer goodnight outside her home nearby after the cutting, and he did not know she was dead until two days later. He then surrendered to the police. Rhodes was remanded for a week.

ENTERTAIN KIDDIES

President and Mrs. Coolidge Have Washington Children as Their Guests.

WASHINGTON, April 14.—President and Mrs. Coolidge had with them yesterday the birthday anniversary of Calvin Jr., who died last summer, practically all of the children in Washington.

This is the customary date when the White House lawns are thrown open to the city's children for Easter egg rolling. The fact that the day also would have been the seventeenth birthday of young Calvin was not known to those who made the preliminary arrangements for the event this year, but the President and Mrs. Coolidge accepted the programme readily.

Underground Radio Is Heard in Europe

HYATTSVILLE, Md., April 14.—Europe has been reached by underground and wireless radio. Dr. James Harris Rogers, originator of the theory that long-distance radio waves travel through the air, announces that a message transmitted from the underground antenna of his radio station here have been picked up by a station in Toulon, France.

SETS BIGGER ENGINE

TOKIO, April 14.—Major Pedro Sante Argenteo, aviator, today received a more powerful engine for his airplane in which he intends to resume his cruise around the world.

A pocket canister or respirator to relieve breathing conditions for engine crews while passing through smoke-filled tunnels has been designed by the federal bureau of mines.

Mission Societies

An excellent programme was given last night at the Eastern meeting of the three missionary societies of the Exmouth street church, the auxiliary, mission circle and mission band.

The programme included a pleasing exercise by the band, readings by Miss Cooper and Mrs. C. Bustin, a vocal solo by Miss D. Carr and an inspiring address by Rev. E. E. Styles, the pastor. The Easter offering amounted to about \$60.

ALLOWED MORE SOLDIERS.

SOFIA, April 14.—The council of Ambassadors in Paris has approved the request of Bulgaria to be permitted to enroll 3,000 extra soldiers until the end of May. The request was made in view of possible Communist disturbances.

MONEY KEPT 20 YEARS IS RETURNED

Found When Boy Dropped it, Conscience Urges Restitution From Across Sea.

LONDON, April 13.—Twenty years ago a schoolboy, John Sheriff, while on an errand for his mother lost a purse containing about \$5. At that time the father was a struggling working man, and the loss was a severe one. Now, however, the father, Robert Sheriff, is a prosperous merchant in Bathgate, and the incident of the lost purse had long been forgotten. It has been recalled by a letter from the United States. The sender enclosed a money order for \$5.00 and the following note:

Dear Friend—Enclosed money order and confession from a former resident of Bathgate. While on my way to the co-operative shop one Saturday morning I picked up on the street a purse and money, which I later found to be yours, but I failed to return it.

That is twenty years. Since I have grown, and, by God's grace, learned that to walk in the narrow way requires that I make restitution, with interest.

I herewith ask your forgiveness, and hope, in God's mercy, to receive His.

I remain, Yours sincerely, D. S. R.

Mr. and Mrs. Sheriff are impressed with the writer's sentiments, and hope to get his address that they may fully express their appreciation of what he has done.

ELECTS OFFICERS.

The annual meeting of In-His-Name circle of The King's Daughters was held last night at the Guild when very satisfactory reports were presented and Mrs. E. K. McArthur, retiring president, was in the chair. The convener of the rummage sale held last Saturday reported that the sale had realized a substantial sum. The meeting voted \$10 towards the fund for non-supporting guests at the Farraline Home in Fredericton. The election of officers resulted as follows: Honorary president, Mrs. George Dishart; president, Mrs. T. B. Mullin; vice-president, Mrs. E. K. McArthur; and secretary, Mrs. Isaac Murray, and treasurer, Mrs. J. H. Crockett.

Jersey Apple Crop Nipped by Frost

HAMMONTON, N. J., April 14.—Although the heavy blossoming of South Jersey apple trees will indicate to passing motorists a huge crop this year, 75 to 90 per cent. of the buds will not bear fruit because of the recent killing frosts. Arthur Eldred, county agricultural agent, has reported. According to Mr. Eldred, examination of apple blossoms in Atlantic County showed that most of them have been killed by frost, and even locs, which collect within them. The peach crop will not be similarly affected, he said.

MEMORIAL GATE.

PORT OF SPAIN, Trinidad, April 14.—A memorial gate in honor of Commodore E. Hazard Perry, commander of the United States "fleet" in the Battle of Lake Erie in 1813 was dedicated here yesterday.

NOT HOPEFUL OF EUROPEAN SETTLEMENT

Diplomat in London Says Miracle As Things Look Now

REFORMING LIFE IN PARLIAMENT

Ramsay Macdonald Moving to New Home—Revival of the Hansom.

Correspondence of The Times-Star. LONDON, March 26.—A well-known member of London's Corps Diplomatique, who represents a neutral country, was asked today what he thought of the prospects, in the present high negotiations, of a final European settlement. His reply was, "Excellent, if you will believe in miracles." This genial pessimism was founded on the fact that neither Berlin, Paris, nor London has any policy on which its own people can agree. France wants a pact that would be a Triple Alliance. We want a pact that would be a league. Germany is not sure that she wants either. But the German position may be clarified after the presidential elections. At the moment, the probable denouement hardly suggests peace and settlement, but more likely a Nationalist coup.

HER FACE WAS COVERED WITH PIMPLES SHE GOT RID OF THEM BY USING BURDOCK BLOOD BITTERS

Miss T. Hunter, R.R. No. 8, London, Ont., writes:—"I wish to recommend Burdock Blood Bitters to all women who are suffering from pimples or any other facial blemishes. About two years ago I was greatly troubled with pimples and sores breaking out on my face, and could get no relief until, finally, a friend recommended me to take B.B.B. This I did, and I am now glad to say that your remedy has given me the desirable results, and I now have a nice smooth, clear skin, as it has eliminated all the impurities from my blood."

FOR JOY OF GOOD HEALTH Manitoba Woman Thanks Lydia E. Pinkham's Vegetable Compound

Crandall, Manitoba.—"When I was a young girl at home and working I had terrible pains, almost more than I could bear, and I was not regular. These troubles kept me so tired all the time that I had no strength and no ambition to join in with my friends and have a good time. I was just tired and miserable always and life just seemed as if it wasn't worth living. I saw so much in the papers about Lydia E. Pinkham's Vegetable Compound, and then I had a friend who had taken it and told me about it, so I got some. Every month after taking it I got stronger and I soon did not suffer every month. It stopped the pains and helped me in other ways. Then when my babies were coming I was tired and worn out the first three months and ached badly. I took the Vegetable Compound right along and must say it made a new woman of me and able to do my work, and it helped me through confinement. You see I am a farmer's wife with a big house to look after, and three babies now. I have told ever so many women about your medicine. Just last week I got a letter from my old chum in the East. Her baby was born fifteen days before mine, and she told me she was not feeling very well, her back aches so much, and that she is going to take the same medicine I took. You can use my letter if you wish."—Mrs. Jos. H. King, Box 26, Crandall, Manitoba.

Scene Familiar To Many Canadians

All cities seem to have their street widening difficulties. When the famous Strand in London, England, was broadened out it was found that the building at the left on this picture, could not be moved owing to an unexpired lease, and had to be left jutting out into the street, making a dangerous bottleneck. The Y. M. C. A. building, much used by Canadians during the war, was located a short distance from the point where this photograph was made.

M. P.'s were hunting people and lawyers, and that briefs and the fox were more important than legislation. So we have had the parliamentary holiday fixed for the autumn, instead of the summer, and its working hours for night instead of day. The experiment of meeting before Christmas to get through the King's Speech and other essential business, so that the session's work might be well advanced by mid-summer, is now generally approved. We are to have reasonable Easter and Whitsun holidays, and the adjournment before August Bank Holiday. The other sensible reform of daylight sittings may follow in time. Officers and men of the Dominion war contingents are specially interested in Sir William Birdwood's promotion to Field-Marshal and pending appointment as Indian commander-in-chief. Younger by years than most generals, and certainly than most recipients of the coveted baton, Sir William has both humor and adaptability. These were invaluable gifts in the British officer who had most to do with our overseas warriors, whose freedom and devil-may-care spirit might have chafed awkwardly under a commander with a more rigid Aldershot outlook. He made himself as popular as any O. could who maintained any discipline at all, and used to wander about, taking soundings, with all rank badges carefully removed. He always heard himself called "Britic," and often overheard some candid comments.

TO NEW HOME. Mr. Ramsay Macdonald's new house on the more fashionable side of Hampstead, quite close to the Heath, will be the most imposing London residence occupied by any Labor leader. It is in its style a Georgian house, standing in what an estate agent would describe as a "matured garden," and has large well-lit reception rooms. It is a residence in which Miss Isabel will be able to entertain with the same grace which she adorned No. 10 Downing street, and is very different from the little house in Howitt street from which the family is moving.

FEMINIST ECONOMICS. According to Lady Rhonda's social economics is to be revolutionized by Miss Eleanor Rathbone's book, "The Dishherited Family," which is already through two editions, and causing much serious discussion. Miss Rathbone's contention is that a redistribution of national wealth must be effected by substituting the family for the individual as the wage unit. Under this system the standard wage would be fixed on the needs of the single

GROOM BORROWS FROM THE RECTOR

Refund is Requested From Bride—Separation Proceedings Now Underway. BOSTON, April 14.—Declaring that he was forced to move more than 200 times in nine years, because her husband, who weighs 215 pounds and is more than six feet tall, refused to work and support her, Helen M. Gates of Somerville went on the witness stand in Middlesex Probate Court, where she sued her husband, Frank C. of Malden, Mass., for divorce, alleging cruelty. She was granted a decree nisi by Judge Leggat. The court withheld either parent legal custody of the child for the present.

Asks For Refund. Mrs. Gates said two weeks had not elapsed after their marriage before the rector who married them visited her and requested that she refund him \$100 which her husband had borrowed from the rector a few days before the wedding, ostensibly to defray the marriage expenses.

As a result of her husband's neglect to support her and the child, stated Mrs. Gates, she was forced to work herself from 11 o'clock in the morning until 10 o'clock at night, doing several of her household duties. Sickness, brought about by the excessive labor, was the immediate cause of her husband, she stated, in April, 1924, as she found herself clothed, foodless and penniless. Mrs. Gates' father, Lieutenant James P. Davidson of the Worcester police department, testified to defraying a \$48 coal bill, and other household expenses of the couple, that they might leave Worcester, when they moved to Malden, with a clean credit sheet.

FORTUNES BEING MADE IN PLATINUM

Discovery in Transvaal Causes Rush—Worth Much More Than Gold. LONDON, April 14.—Fortune-hunters are excitedly embarking on a new adventure—platinum. The news of the discovery of extensive deposits of platinum—the most valuable of commercial metals—in the Lydenburg district of the Transvaal, which caused a feverish boom, is having its reflex action in London and on the other stock exchanges throughout the country, and some people have already made substantial fortunes. A world demand exists for platinum. The requirements of the electrical industry are increasing enormously. The price of platinum stands at \$120 an ounce. Gold, incidentally, is now about \$21.50 an ounce. Geological reports declare that platinum has been found in a strip of country 60 miles long in the valley of the Steepport River, in the Transvaal.

FIND HUMAN BONES ON SECRET STAIRS

Red Lion Inn in Hertfordshire Dates Back to The 14th Century. LONDON, April 14.—Behind the Tudor stonelling of a secret staircase in the ancient Red Lion Inn at Much Hadham, in Hertfordshire, human bones have been found. Doctors who examined the remains believed them to be those of a girl about 17, who probably died 400 or 500 years ago.

The fact that the body had been so carefully concealed suggested that she was the victim of foul play. The discovery was made during continued investigations by the present proprietor, who last August found the secret staircase above the fireplace in the dining room. It was thought that this staircase led to a secret room, but it has been found to be an entrance to a curious winding passage-way stretching across the top of the old house for a distance of 200 or 300 feet to the stables, where there is an exit. The proprietor of the Red Lion says that the discoveries made had enabled him to trace the house back to the fourteenth century. The passage-way in the roof of the house was probably used as a place of hiding and also a means of escape by people in olden times. In addition to the two entrances from the dining room fireplace and the stables, there is another just over the ballroom. The proprietor of the hotel is now hunting for another secret passage which he believes may exist under the cellar.

Chief Driven From Job By Telephone

DUDLEY, April 14.—Because official telephone calls awoke him and his parents at all hours of the night, Chief of Police George Blair of Dudley tendered his resignation after one week of service as head of the force of four constables. The salary voted by the town for the job is \$500 a year, but Blair gives it up rather than have the slumbers of his family disturbed by the official telephone.

MEXICAN SHIP BEACHED

PHILADELPHIA, April 13.—The Mexican freight steamer Valerosa, which had a serious fire in her numbers 2 and 3 holds, was beached today at Liston's Point, Delaware, 45 miles below Philadelphia. The crew was taken off when the fire reached the coal bunkers and destroyed the cabin.

INVISIBLE RAYS USED IN WARFARE

Scientist Tells of Application of Infra-red Pulses and Their Possibilities. BALTIMORE, Md., April 14.—Invisible light is opening up a new field for the transmission of secret signals in warfare and for the detection of chemical frauds and forgeries, Dr. Robert W. Wood, professor of experimental physics at Johns Hopkins University, announced at a public session of the 69th meeting of the American Chemical Society.

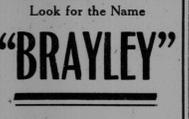

Infra-red rays, the long light waves which ordinarily produce no color sensation on the eye, can be employed, he explained, in military signal lamps for flashing signals which can be seen only by observers using field glasses equipped with a special screen similar to that in the lamp telescopes. "The same principles are now used," he said, "in detecting forgeries and clever alterations of documents. The chemicals used in such frauds can be detected when they are illuminated by ultra-violet or infra-red rays." Prof. Wood declared that the use of invisible light opened up a new field for medical research and that it might prove of value in detecting the presence of cancerous and other abnormal tissues in cases where such conditions were not evident under ordinary light.

BULLFIGHTERS INJURED

JEAN, Spain, April 13.—Seven bullfighters were injured, one of them seriously, in the arena here Saturday. None of them is prominent.

Advertisement for Absorbine Jr. The Antiseptic Liniment. It prevents infection, soothes the pain, starts healthy healing, and is a dependable "first aid" for any injury. It does not grease or stain bandages—has a clean, aromatic odor that refreshes up a sick room. \$1.25 a bottle at most druggists or sent postpaid by W. F. YOUNG INC. - Lyman Building, Montreal 100

Large advertisement for ENO's Fruit Salt. Why is ENO sold the world over? Because ENO is recognized by the people of every nation as the finest, safest, and most pleasant aid to good health. ENO has many imitators—but no rival! Because ENO first thing every morning is the natural way to ensure internal cleanliness. ENO has many imitators—but no rival! Because ENO contains no purgative mineral salts, no sugar, no flavouring matter. ENO has many imitators—but no rival! Because ENO is always the same perfect product, unvarying in quality, composition and purity wherever bought. ENO has many imitators—but no rival! These, briefly, are the big reasons why men, women, and children of all classes throughout the world are unwavering in their practice of drinking "a glass of water sparkling with a dash of ENO first thing every morning". Sales Representatives for North America HAROLD F. RITCHIE & CO., LIMITED 10-18 McCaul St., Toronto. The words "Fruit Salt" and ENO, and the label shown on the package, are registered trade marks.

MONCTON FANS SAID TO BE EAGER FOR PROFESSIONAL BASEBALL

PROSPECTS ARE NOT CONSIDERED VERY FAVORABLE

Joe Ford Solicits Manager's Job For \$300 A Month

The all-important question in this city today—Are we going to have any baseball this year? Following the unsatisfactory ending of the professional baseball season in the city last year, prospects of a resumption of that class of summer sport are exceedingly dim, says the Moncton Transcript.

No Word From Here. Thus far very little has been heard from St. John and Fredericton and the chances are that these cities will not be represented in any professional league. Fredericton closed the season with a heavy deficit. St. John ended ignominiously, and Moncton blew up disastrously. One well-known sport promoter in this city has received numerous communications from various players throughout the New England States, among whom are "Joshie" Cole, snappy backstop with the Capitals last year. Cole stated he would like to play on the Moncton squad this year if they contemplated entering a team in the semi-professional circuit.

Wants \$300 a Month. The sport promoter to whom these letters were addressed also received a communication from the well-known Mr. Ford, ball manager, stating that he would bring a team to this city and manage it, providing he was paid a salary of only \$300 a month. It is pointed out that he might be worth that much deriving systems of play-offs.

With all things taken into consideration, however, it is about time someone started something. Those identified with the professional club last year have stated that they will take in the money here this year from a seat in the bleachers.

OPEN SEASON TODAY

Baltimore and Toronto Will Meet Today—Advance of Regular Schedule.

BALTIMORE, April 14.—The Baltimore and Toronto teams of the International League were prepared to inaugurate the 1925 playing season at Oriole Park this afternoon, one day in advance of the regular schedule. The change was made to avoid conflict with the opening of the Havre de Grace spring racing meet tomorrow.

WILL PARTICIPATE

Australian Golf Wizard to Enter British Golf Championship Meet.

NEW YORK, April 14.—Arriving in New York yesterday Joe Kirkwood, the Australian golf wizard, dispelled all doubts as to his participation in the British open championship by declaring that he is planning to make the trip abroad.

Comfort First

CHICAGO, April 14.—Man still dresses for comfort. He is not going to follow his sister, mother or sweetheart in attempting to attire himself in brief and airy clothing. Where he puts on a pound or so of clothes, about 18 ounces, his attire this spring will weigh in excess of seven pounds. This young man, dressed in the exact spring of 1925 mode, has seven pound seven ounces on his back, head and feet.

World Champion Runner Placed Under Ban by Amateur Association

Along The Sport Trail

By RAY HANSEN

"PLAY BALL," that familiar and welcome summons will resound throughout many United States cities today sending away 16 clubs on the great pennant race for 1925. During the training season a disastrous list of casualties piled up and as a result several of the teams are getting away on the first lap of the title race handicapped by the loss of individual stars. Ty Cobb, manager of the Detroit Tigers says he is confident his team will copy the pennant in the American League, but it is hard to figure how he can beat out the Yankees. Connie Mack with his prize \$150,000 battery, Lefty Groves and Gordon Cochrane, is also confident but is not making any predictions, while Bucky Harris with Walter Johnson et al is determined to retain the title of world's champions. Thus it will be seen that a great fight should develop in the American League. In the National League it looks as if the Giants will repeat, although you never can tell.

SAINT JOHN FANS are undoubtedly interested in the major league races, but the big question of the day is: What will be doing in local professional baseball circles?

ANDY COAKLEY, who was well known in Saint John in the days of the Roses and Alerts, is at present occupied coaching the pitching squad at Columbia University. When he came here as a young man he demonstrated marked ability not only on the mound but in the outfield as well. He was also very fast on the bases.

IT IS HOPED THAT there will be a revival of interest in aquatic sports this summer. With Hilfton Belyea eager to win the Canadian title, Harry Giggey ready to enter senior competition and several class intermediates in line the sport should take on a new lease of life.

BABE RUTH, who is convalescing from a serious attack of the "flu" in a New York hospital, was certainly hitting the ball hard before he took sick. He participated in 19 of the 23 exhibition games staged by the Yankees and turned in a batting average of .449. He faced opposing pitchers 69 times and secured 31 hits, seven of which were circuit clouts. Earl Combs, the fleet Kentuckian, was second with an average of .430. He made five home runs. Menezel was third with .345 and tied the Babe's record for homers. A trio of this kind is apt to break up any game.

JUDGING FROM the interest manifested and the ability displayed by many of the players participating in indoor tennis in the Arena some thrilling games should be staged in the various suburban leagues this summer. This game is certainly gaining in popularity.

THE NATIONAL pocket billiard season will close this week with the final series between Frank Taberski, the new champion, and Ralph Greenleaf, deposed titleholder. These cue stars will play a six game series starting in New York on Thursday afternoon. Some local enthusiasts have had the pleasure of seeing both players in action. Those who will recall that Greenleaf is quite spectacular and wastes little time figuring out a shot. On the other hand Taberski is methodical and slow but is a good shot and a wonderful safety player. He is not nearly as interesting a player to watch as Greenleaf, although both are brilliant and a meeting between them would be well worth seeing.

Eugene Tippetts Is Being Given A Tryout by Boston Red Sox

According to word received here yesterday Gene Tippetts is on the roster of the Boston Red Sox and will be given a tryout. The word came to A. E. Smith of the Regal Films, Ltd. Tippetts was the star pitcher for the Vets.

The Referee

What is the highest batting average Harry Heilmann has made in the major leagues?—T. H. N. In 1923 Heilmann hit .403, leading the American League. What European title does Edouard Mascart, the French fighter, hold?—D. F. C. He's featherweight champion. How long has Harry Hooper of the White Sox been in the majors and with what teams has he played?—F. S. Since 1909 and has played with Boston and Chicago in the American League. How many games did Detroit win and lose from Cleveland during the 1924 season?—T. F. S. Detroit won 13 and lost 9 in the series with Cleveland. How long did Eddie "Cannonball" Martin hold the bantamweight title?—S. S. S. About three months.

Flyweight Champion Outpoints Al Dundee

MANSFIELD, Ohio, April 14.—Frankie Genaro, American flyweight champion, outpointed Al Dundee, Mansfield bantam, in a 12 round bout here last night. Johnny Horvath, Cleveland, won the decision from Johnny Martin, Memphis in the eight round semi-final.

GEORGE FIFIELD GIVEN DECISION OVER GRADWELL

Judges Disagree And Referee Casts Deciding Vote

George Fifield of Toronto, claimant of the Canadian welterweight championship, was awarded a decision over Willie Gradwell of Boston in a 10 round bout staged in the Armory last evening under the auspices of the Commercial A. C. It was a slashing bout from start to finish and was one of the best staged in this city for some time. At the conclusion of the bout one of the judges decided in favor of the Toronto boy and the other cast his vote for the Bostonian. Referee Beth McLeod then cast the deciding vote in favor of Fifield. Many present did not agree with this decision and said the worst Gradwell should have received was a draw. However, the award was a just one. The first round was even, the next three were all Gradwell's, the fifth and sixth rounds went to Fifield, the eighth was even, the ninth went to Fifield and although he failed to land any effective blows in the tenth he outpointed his opponent by his aggressiveness. Gradwell lost the bout as a result of his holding tactics in the last two rounds. He would swing and then clinch and the crowd started yelling for him to break and fight.

Lost Little Skill

In the early rounds the clever Boston veteran showed that he has lost little of his skill. He was driving in a sharp straight left from any angle and kept swinging Fifield around in the clinches and hammering him with his free hand. His foot work was also a feature and he kept making Fifield miss repeatedly. As the bout progressed, however, he was driving right in, keeping up a terrific pace. This proved the undoing of the Bostonian, who showed that the pace was telling on him. He kept missing his left hook repeatedly and in the sixteenth round the Toronto boy was in the pink of condition and was apparently as fresh as when he started.

The Preliminaries

In the preliminary "Machine Gun" Smith scored a knockout over Claude Phinney in the second of a scheduled four round go. The termination of the bout was quite spectacular. Phinney had rashed his opponent and after hitting him flung him to the canvas. Smith seemed to be a bit groggy when he regained his feet, but went right after Phinney. They came together and in the mix-up Phinney shot the canvas and remained there until assisted to his chair.

Danny Kramer Wins From Curly Wilshur

PITTSBURGH, April 14.—Danny Kramer, sensational Philadelphia featherweight, won the judges' decision over Curly Wilshur, Canadian title holder, in a ten round bout here last night.

"Kid" Wagner Outpoints "Kid" Murphy In Bout

PHILADELPHIA, April 14.—Eddie "Kid" Wagner, Philadelphia light weight, received the judges' decision over Tommy "Kid" Murphy of Trenton in a fast ten round bout here last night.

MINNIS RELEASED

BOSTON, April 13.—"Stuffy" Minnis, first baseman of the Boston Braves, who refused to go south with the National League club this spring, on account of a salary cut, has been unconditionally released, according to an announcement today by Emil E. Fuchs, vice-president of the club.

Urban Shocker Will Be Huggins' Choice Against St. Louis—Dazzy Vance Will Oppose the Phillies—Harris Chooses Mogridge

NEW YORK, April 14.—Greater New York's major league baseball teams, opening the 1925 season at home today, called upon their pitching ace to bring them victory. Manager Huggins announced his intention to pitch Urban Shocker, the former St. Louis moundsman, against the world champion Washington club at the Yankee Stadium while Brooklyn's choice for the slab in the Dodgers' opener against the Phillies at Ebbets Field, was Dazzy Vance. Steve O'Neill, the former Cleveland and Boston veteran, was scheduled to handle Shocker's curves behind the plate. There was a possibility that a last minute switch in Huggins' plans might find Sam Jones in the box, for the Yankees, in which event Wally Schang would be the receiving.

IS AWARDED DECISION

AKRON, Ohio, April 14.—Willie Ames, Akron featherweight, won the newspaper decision over Tommy Noble, former English champion, in a 12-round bout here last night.

In Heavyweight Ranks

This is Jim Maloney, crack Boston heavyweight scrapper, who was recently picked as the ninth leading pugilist in that division by no less an authority than Tex Rickard. He has now jumped to fifth place by virtue of his decisive defeat of Quentin Romero Rojas, who previously held the position. Maloney, an amateur a year ago, has come to the front rapidly and experts are predicting a bright career for him.

PAAVO NURMI IS SUSPENDED FOR FAILURE TO RACE

President Hulbert Requests Case Be Reconsidered

NEW YORK, April 14.—Paavo Nurmi, Olympic middle distance running champion, has been suspended by the Western Athletic Union for failure to appear at the Knights of Columbus games in St. Louis yesterday.

Suffering From Cold. Nurmi, who suffered from a cold in his recent race in Ottawa and Detroit, is now at the home of a relative here. Secretary Ruben, of the A. A. U., made a personal investigation and wired the St. Louis officials that he was reluctant to insist that Nurmi make the journey. President Hulbert, on receipt of the news that the Finn had been suspended, telegraphed a request that the Western Athletic Union reconsider its action.

PARAMOUNT TO BUILD THEATRE IN BROADWAY

Will Be Twenty-nine Stories High—Auditorium to Seat 3,800

GREAT SIGNS ON BROADWAY TO GO

Electric Displays, Rented at \$150,000 a Year, Must Give Way.

NEW YORK, April 14.—A 29-story office building, and a theatre seating 3,800 persons, will replace the Putnam building on the west side of Broadway from Forty-third to Forty-fourth street and Westover Court on the east, according to plans filed with the Building Department. The structures will be built by the Famous Players-Lasky Corporation at a cost of about \$7,000,000. The company bought the site six years ago and values it at \$6,000,000.

A century ago John Jacob Astor bought that block, the site of the Hotel Astor and several other blocks, then known as the Eden farm, for \$25,000. Vincent Astor disposed of the property in 1919.

Signs Must Go.

The theatre will be known as the Paramount.

In October the work of tearing down the Putnam Building will begin—and then the famous Clignot Club's mannequins, who do their daily dozen atop the roof, must go. The rent for these signs is said to be \$300,000 a year.

The theatre will be ten stories high, with an auditorium and four balconies, a promenade, a tank for ice balls and gardens and tea rooms on the roof. The office building will have a clock on the tower with a dial thirty-six feet in diameter.

BARE-LEGGED STARS HOLLYWOOD FURORE

Shapely Limbs in Many Times Cause Sensation in Movie Colony.

By LINCOLN QUARBERG

United Press Staff Correspondent. HOLLYWOOD, Calif., April 14.—A panorama of bare legs, some of America's prettiest, caused a mild sensation Saturday on Hollywood boulevard. The no-stocking craze has swept the movie colony and the stars of the silver sheet are getting back to nature, legs first. Abbreviated, hard riding and leotards, packing a corking wallop of a mystery plot and a double-barrelled romance.

Buck's support includes a brace of exquisite screen beauties; Dolores Costello as the heroine, wearing "prairie flower" sweetheart and Thais Valdemar, the noted Russian stage beauty, as his buddy's warm-blooded exotic love.

Fine characterizations are also given by Ben Hendricks as dapper, villainous Beau Brummel of the plains; William Scott as Buck's beloved buddy; William Bailey as man of mystery and master intriguer, and Bernard Siegel as an old Mexican ranch owner.

Moncton Singer Greeted Here; Fine Mixed Bill at Imperial

Imperial Theatre did its share yesterday to usher in the Spring season with an Easter programme that had the word "class" written all over it. Musically at night it was not only highly entertaining but of an artistic quality that lifted the whole effect out of what might be called the moving picture class of show into something one might pay more money to see.

Anna Malenfant, the Moncton girl who has been creating so much favorable comment amongst musical experts for the last year because of a wonderfully developed contralto voice, made her bow to Saint John, and before she had sung a note received a flattering ovation. She is the daughter of Captain Malenfant, of the soldier days of 1918 and 1919 in this city, and is the first young lady of the Acadian community to attain special prominence in the part of Canada as a vocalist.

Double Numbers.

Miss Malenfant sang two double numbers, at special request of a popular character. They were "Just Awearyin' For You," a Carle Jacobs Bond gem, and "If Arthur Sullivan's Magnificent" the dramatic "A Kiss in the Dark," concluded Miss Malenfant's programme, although the audience eagerly demanded more.

The visiting young lady, it would appear, has a brilliant future on the concert stage, if indeed she does not take up the operatic profession. Her voice is of the pure, rich resonant contralto quality, much like Mary Louise Gray of New York, heard in Saint John years ago in metropolitan concerts. Moncton should be very proud of their young songbird, a pride in which Saint

Norma Talmadge.

Norma Talmadge, in her latest First National picture, "Secrets," is the Imperial's three-day feature, and it is simply charming. Miss Talmadge plays four different roles in four different periods, and in groups of four different fashion eras.

"Secrets" is an unusual picture. It has an unusual story which is developed in a novel fashion. And in it Norma has a splendid opportunity, of which she avails herself to the full, to display a remarkable range of characterization.

Miss Nancy Duncan Goes To New York

Miss Nancy Duncan, leading lady at the Opera House with the Carroll Players, until she became ill, is leaving the city today, to return to New York, her headquarters, where she will recuperate, before taking up her work again. Miss Duncan has been the guest during her illness of Mr. and Mrs. Vincent MacClintock, 22 Dorchester street, and is showing signs of regaining strength, after her nervous breakdown. She was the recipient of a quantity of flowers and other gifts. She said yesterday that she thought Saint John people were very delightful when she was at her work, but she felt more deeply than she could express the evident, whole-hearted kindness of her friends, rather than strangers. Miss Duncan had been exemplified since her illness, when everything had been done to make her feel that she was among friends, rather than strangers. Miss Duncan goes away with a very warm feeling for Saint John and its citizens.

PALACE HAS FINE PICTURE FEATURE

"Gerald Cranston's Lady" Scores Big Triumph in North End House.

"Gerald Cranston's Lady," a film version of the popular novel by the noted English author, Gilbert Frankau, which opened at the Palace Theatre last night, is a striking example of the effort picture producers are making to adhere rigidly to the original story in their screen translations.

Alma Rubens in the title role portrays the English noble lady with finesse and understanding, and James Kirkwood as the hero, is an excellent color to the dramatic cast which includes Richard Hendrick, Temple Saxe, Lucien Littlefield and J. Farrell MacDonald.

In addition to the feature picture, comedy Miss Ina May Lawrence, soprano soloist, was heard in several numbers which were well received. Miss Lawrence is possessed of a very powerful voice and her songs well merited the rounds of applause they received. The same programme will be repeated tonight.

Musical Treat at Germain St. Church

The musical service at Germain street Baptist church Sunday evening was exceptionally pleasing to the large congregation who heard it.

The choral cantata "King of Glory," by Morrison, was rendered in masterly style by the choir responding perfectly to the leader's direction and head, and reflecting much credit to the leader, F. C. Cochrane. The solo, "Ring Out Ye Bells," sung by Miss Frances Murdoch, blended sweetly with the violin obligato which was played by Harrison Morgan. This number showed Miss Murdoch's powerful soprano voice to good advantage. "Because" as played by Mr. Cochrane and Mr. Morgan, showed that Mr. Cochrane has a full command of the large organ and that Master Harrison Morgan is already showing skill as a violinist. Stewart Smith sang "The Voice Triumphant," with a pure tenor tone and his sweetness of voice was very pleasing. Dr. Percival Bonnell, Mr. Smith, Miss Erna Conrad and Miss Murdoch well rendered the solo work in the cantata. Dr. S. S. Poole omitted his address and closed the service with the benediction.

CHURCH CHOIR ROBBED.

OTTAWA, April 13.—While members of the choir were officiating at Westboro Presbyterian church Sunday evening, sneak thieves entered the church vestry and stole everything of value from the pockets of their outergarments, it became known today.

HAZEL SHANNON BIG HIT IN FINE COMEDY

"The Girl From Childa" Scores Success Before Opera House Audience.

It was a delectable treat which the F. James Carroll Players at the Opera House served up last evening to a delighted audience when "The Girl From Childa" was the attraction. It is a highly palatable feast of romance, generously flavored with rich and appetizing comedy, garnished with colorful and attractive costuming, and spread over all was a very satisfying dressing of brightly and satisfying acting. Taken in all it was a most agreeable post-entertainment.

In the name role, portraying the waitress who was tricked into a marriage with a Washington aristocrat, who took this means of venting his spite on his family for being cast out of Miss Hazel Shannon had her first real opportunity to display the wealth of her talents which she has so ably demonstrated in her past work.

Frank Harrington added to his success, cast as Stanley Wood, brother of the spiteful bridegroom, and his work was outstanding, as his wayward brother, Clyde Franklin gave a sterling performance, being particularly good in the scene with Stanley. James Swift, portraying the role of Lord Donchester, a pseudo-nobleman of the "nut" type, was a source of laughter.

Owen Coll gave a fine rendition of the character of Stuyvesant Wood, father of the two boys, while George Smith, as a newspaperman, and Philip Boland, as a butler, rounded out a fine and spectacular scene after spectacular scene. The charmingly delineated love affair of a dashing debutante and a beautiful, capricious and utterly desirable maid threads the picture. Harrison Ford plays opposite Miss Shannon. The latter is a hard-boiled character in her acting as she always has been in her charm. Holbrook Blinn is in her charm. Holbrook Blinn is in her charm. Holbrook Blinn is in her charm.

Another member of the company who made a hit last evening was Miss Emma DeWaele in the role of the suddenly-acquired mother-in-law. She portrayed the part to a nicety and made a charming appearance in two of her attractive dresses. Miss Doris Kellon gave a finished portrayal of the role of Miss Kozey, upon whose matrimonial disappointments much of the action of the piece depends, while Miss Lois Jensen was dainty as a French maid, her dialect being particularly true to the part.

HAROLD LLOYD WINS ALL IN "GIRL SHY"

Comedy Gives Great Pleasure to Patrons of Empire Theatre.

It was a distinct pleasure to see Harold Lloyd's latest Pathé comedy, "Girl Shy," which opened yesterday at the Empire Theatre for a run of two days. It is an excellent one.

Lloyd is seen as a small town tailor, apprentice, who, bashful to an extreme degree, is trying to make a secret study of girls. And the more he studies them, the more he fears them. He makes the part one calculated to win the sympathies of any audience at the outset.

Besides being one long laugh, "Girl Shy" has the added merit of possessing a dramatic story which is well grounded. The supporting cast, a small but entirely capable one, includes Joe Bonomo as the heroine's father, Richard Daniels and Carlton Griffin. Fred Newmyer and Sam Taylor co-direct the story by Taylor and Griffin. Tonight will be the last time to see "Girl Shy." The showings will be at 7 and 8:40.

PATRIARCH BURIED

MOSCOW, April 13.—The funeral of the Most Rev. Dr. Pimen, patriarch of the Russian orthodox church since Peter the Great, took place yesterday. The casket was placed under the concrete floor of the Donskoy Monastery, to which he was banished in 1922.

Sacred Cantata Well Given by Combined Choirs in Fairville

The combined choir of Fairville Methodist church and the Charlotte street Baptist church, West Saint John, gave a sacred cantata last evening, entitled "The Disciple" in the Fairville church. Miss Audrey McColgan was organist and accompanist for the solos. Miss Vivian McColgan was soprano soloist and Mrs. C. K. Freeman of the Charlotte street Baptist church, was also soloist. Rev. J. M. Rice, pastor of the Fairville church, was chairman.

There was a capacity congregation. Mrs. H. M. Stout of Fairville and Miss Eva Taylor of West Saint John read alternately the prose lines introducing the various solos, quartets and choruses.

Theme of Cantata.

The theme of the cantata was the portrayal of the events leading to the crucifixion of our Lord and to His resurrection. Standing out prominently in the story was the denial of Peter; his sorrow and repentance and subsequent reinstatement by the Saviour. This was given special emphasis and was strongly brought out in the solo sung by Miss McColgan, Mrs. Freeman, Marshall Stout, choir leader of the Fairville singers and his brother, Stanley Stout, organist and choir leader of the West Saint John group.

Preceding the presentation of the cantata, several musical numbers were given as follows: Mrs. A. E. Logie, soprano solo; ladies' quartette from the Baptist choir, comprising Mrs. Logie,

Mrs. Freeman, Miss Ethel Evans and Miss Evelyn Deming; children's quartette from the Methodist choir of Miss Margaret Stout, Miss Dorothy Rice, Master Harold Stout and Master Donald Rice. The Fairville choir entertained the Charlotte street Baptist choir with delicious refreshments at the conclusion of the very successful event, musically and socially.

Those Taking Part.

The complete list of those taking part is as follows: Charlotte street Baptist choir, West Saint John, Mrs. A. E. Logie, Mrs. C. K. Freeman, Mrs. J. V. Kierstead, Mrs. Hedley S. Bissett, Mrs. E. D. Bissett, Miss E. Deming, Miss Ida Carver, Miss Ethel Evans, Miss Mabel Maling, Miss Gertrude Belyea, Miss Ole Kelly, Miss Sadie Lenoard, Miss Gladys Hamilton, Miss Clara Gregory, Mrs. Percy Webb, Mrs. LeBaron Clark, Mrs. Fred McCluskey and Messrs. J. E. Webb, Truman Webb, Ernest Brown, Lloyd Perry, Percy Kerrigan, Truman Clarke, Marshall Rice, Master Walter Kierstead, and Stanley Stout, leader.

In the Fairville choir were the following: H. Marshall Stout, leader; Miss Audrey McColgan, organist; Mrs. Arthur Long, Miss Lottie Kelly, Miss Hazel Kelly, Miss Marie Coughie, Miss Hazel Linton, Miss Selma Ryan, Miss Muriel Kirkpatrick, Miss Gladys Scott, Miss Edna Chessman and Messrs. O. D. Hanson, H. C. L. Sweet and Melville Rice.

### ROYAL OAK CORD TIRES

Are Tougher than Oak. Save Gasoline, Oil and Repairs. The Royal Oak Cord is offered the motoring public after several years of exhaustive tests, and we are assured that it will more than render its value in miles. Constructed of the highest quality material and each strand of cord embedded in pure gum rubber with an extra supply of rubber on the tread, makes for an easy riding car.

Royal Oak Cords contain more material, for the same price, than most cords on the market. Guaranteed for eight thousand miles.

Note the semi-flat tread that eliminates a large percentage of the bending and flexing that ruins a round tread tire. It rides squarely on the road, distributing the load more evenly and giving 35 p. c. more contact. This decreases wear and increases life of the tire.

### TEA AND SALE HELD IN CENTENARY HALL

King's Messenger Band in Charge of Interesting Event This Afternoon.

Centenary Church Hall was arranged attractively for a tea and sale of candy and ice cream this afternoon, from 4 to 6 o'clock. The King's Messenger Band is responsible for the arrangement of the affair, directed by their superintendent, Miss Laura Baxter, assisted by Miss Ada Amland, Miss Annie Broadbent, Miss Mary Fulton and Miss Annie McCavour. Yellow and mauve is the pretty color scheme and has been carried out with daisies and hyacinths.

Homemade candy was solicited by the Junior C. G. I. T. group, under the leadership of Miss Mary Marnie and the table was artistically decorated by the C. G. I. T. members. Ice cream solicited by the Hiram's Mission Circle, under the leadership of Mrs. Arthur Amland, convener, was prepared for a large demand.

Mrs. L. M. Curran and Mrs. C. Hall were asked to preside over the tea and coffee ursa. Mrs. Frank Skinner, of the W. M. S., with a committee of ladies, were convener for the delicious refreshments planned to provide for a large patronage.

### GAMES AND MUSIC

Carleton Methodist Y. P. S. Members Enjoy Evening With Good Programme.

The Y. P. S. of the Carleton Methodist Church, held an unusual meeting last evening, under the direction of the social committee, with LeRouge Stubbs, chairman of the committee, presiding. Tables were arranged with various test games and more than 40 young people participated. Lemuel Riggs had charge of the tasteful decorating of the rooms, in yellow, blue and white, the colors of the society. Candles shed a soft light over the whole arrangement, making a very effective setting. The orchestra of the church gave several selections and were heartily applauded. Those playing were Miss Hazel Day, pianist, Mrs. Nellie Ayer, Miss E. Day and George Cheyne, violinists; Miss Violet Kingston, viola; and Clarence Beattay, mandolin.

Miss Muriel Purdy played a piano solo and the young people enjoyed a sing song, with Miss Helen Henderson at the piano. Miss Evelyn Allingham had charge of the refreshments, which were served by her committee at the close of the programme.

### HON. A. B. COPP SEES BETTER TIMES AND MARITIMES SHARING

Secretary of State, in City Today, Speaks in Optimistic Vein—Coke Plants and Abattoir Referred To.

RELATIVE to the establishing of coke plants in several cities of Canada, including Saint John, Hon. A. B. Copp, Secretary of State, who is here on his way back to Ottawa after the Easter vacation at his home in Sackville, said this morning that the engineers were working on the scheme and he expected there would be some definite announcement before Parliament closes its deliberations.

The erection of an abattoir here, he thought, would be a great help to the province. New industries were needed here, and he saw indications of better conditions along business lines. There appeared, he said, to be a trend toward better times and this tendency was much in evidence in the Maritime Provinces.

Copp appeared with a delegation before the New Brunswick Electric Power Commission members to urge the extension of the Musquash lines to Sackville and vicinity. He will leave this afternoon to resume his duties in Ottawa.

The management of the hospital spoke in happy terms of the kindness of the Salvation Army in remembering their institution at the special season.

### AS HIRAM SEES IT

"The only train in music I ever got," said Mr. Hiram Hornbeam to The Times reporter, "was at the singing school out to The Settlement when we was young fellers—but the teacher said I had an ear for music even if I did hev a voice like a bullfrog. That's why I went las' night to hear that good lookin' French gal from Moncton sing. Our French feller citizens onto be proud o' that gal. All the time she was singin' the roots o' my hair was singin' an' I was jist hangin' on the next note. Ever feel that way when you heerd somebody sing? An' all the time she was singin' you sorto felt the reverse power behind it that could fill the house sing' easy as it soundid that sweet an' slender note you almost strained your ear to git as it trailed off into silence. An' then the pieces that orchestra played—no jazz—jist the sweetest music—with soul in it—the kind that hants a feller after it's over—an' makes him wonder at what good orchestra kin do when the players is right up to their work an' he's a sing' louch when you're keyed up fer the next notes o' the flute or fiddle. I don't know as I make myself plain—but you can't always put in words what you feel—kin you?"
