Another Revolution in German Government

Overthrow of the Ebert-Haase Combination is Latest Turn

Agreement Between Soldiers and Workmen's Council and the Government Puts Power in Hands of Former; Means Adoption of Existing Russian System; Merely Part of "Big Bluff"?

London, Nov. 25.—This morning's newspapers display prominently the German soldiers' and workmen's council and the government, which is regarded as a development of the greatest importance and as tantamount to the overthrow of the Ebert-Haase combination and the adoption, at least theoretically, of the existing Russian system.

It is admitted that the German councils have not developed the extravagances which led to the disintegration and anarchy in Russia, the councils not being dominated by the Bolshevik element.

Nevertheless, the Daily Telegraph remarks that it is rather significant that Germany should have adopted, even as a stop gap, a measure which was one of Lenin's original and most characteristic contributions to executive doctrine.

The Daily Mail, while pointing out the analogy to the developments in Russia, suggests that the new step is a part of a "big bluff" aimed at persuading the Allies that the old Germany is defunct.

The Daily Express also thinks that the menace of extremism is possibly being exaggerated for the purpose of impressing the Allies of the difficulties of the position.

The Agreement.

Copenhagen, Nov. 25.—An agreement has been reached between the German soldiers' and workmen's council and the government, it is officially announced in Berlin. The agreement provides:

"1.—All political power is to be in the hands of the German Socialist republic and the soldiers and workmen's council.

"2.—Their aim is to defend and develop what has been achieved by the revolution and to suppress all counter-revolutionary activities.

"3.—Pending the election of representatives of the soldiers and workmen's council, the government is to continue to function as a provisional government.

LONG SERVICE MEDAL FOR JOHN J. IRVINE

John J. Irvine of 84 Wright street, St. John, N. B., is today wearing his Imperial Service Medal for having been continuously employed in the government service for the required number of years, namely forty-four. As a matter of fact Mr. Irvine did not relinquish his firm hold of a locomotive throttle until forty-five years and nine months of hard work had been finished and then it was serious illness that made him vacate.

Mr. Irvine is a half century ago a young boy in the government railway area here, the recently honored engineer has been working on locomotives since a mere boy. It was in his nineteenth year that he took charge of his first engine, the old "Kennebec" at those days locomotives weighed twenty tons, today they go 280 tons.

Mr. Irvine ran on the St. John and of the government railway most of the time, driving both freight and passenger trains. In his time he engineered special trains carrying the Marquis of Lorne, Prince Louis of Battenberg and other notable visitors. His sons, Orville of Cambridge, Mass., Robert of the Ford works in Detroit and Jack of the roadhouse here, have followed their father in the line of mechanics. David L. is a returned wounded soldier. Chas. Irvine brother of the medalist, is yardmaster here.

The presentation today was made by Master Mechanic M. C. Moncton, in the office of the roadhouse.

HOW SOUTH AFRICA GREETED ARMISTICE

Scenes of Unprecedented Enthusiasm—Congratulations to the King and the Allies

Cape Town, South Africa, Nov. 24.—(Canadian Press despatch from Reuter's Ltd.)—The news of the signing of the armistice led to scenes of unprecedented enthusiasm throughout South Africa. Addressing huge demonstrations in Cape Town, Premier Botha moved a resolution congratulating the king, the army, navy and the Allies. He expressed thankfulness to God that the Allies had conquered, and said that the Allies had saved the world a magnificent service. He prayed God there would be peace, friendship and brotherhood among the nations.

Sir Thomas Smart, leader of the opposition, seconded the resolution, said that while they did not desire a revengeful peace, everything should be done to obtain reparation and justice. The resolution was enthusiastically and unanimously carried. The demonstration concluded with the dispatch of a message congratulating the king and the Allies on the victory.

Premier Botha, whose speech was his first since his recovery from his recent illness, had a great reception.

OFF TO SIBERIA

Private Christie McKennis, who was member of the 1st Depot Battalion, recently left for Westminster, B. C., to join the Canadian Expeditionary Force to Siberia. He has many friends who will wish him bon voyage.

FURTHER PROOFS OF BARBARISM BY THE GERMANS

Cruelty and Pillage Continued Until the Last Minute

HELPLESS TOWN BOMBARDED

Released Allied Prisoners Show Effects of Ill-treatment—French Deputy Tells Shocking Tales of Horrors Among Prisoners

Paris, Nov. 25.—On the eve of the signing of the armistice, the Germans carried out their usual acts of cruelty and pillage in Metz, Moselle-Charleville region, according to an interview with Albert Favre, under-secretary of state for the interior, in the Temps.

The former German emperor and the former crown prince have their headquarters in Metz, the district was intact until the morning of November 11, when the Germans removed the inhabitants and carried out a systematic robbing of the homes and buildings. In the afternoon the enemy directed a heavy fire against Metz and destroyed half the town. During the bombardment it was necessary to remove the two hundred patients in the hospital there. The bombardment stopped at 11.30 a. m. on the morning of November 11, a half hour before the armistice went into effect.

This destruction, Mr. Favre says, was carried out without any military aim and is a new proof of German barbarism. General Von Arnim commanded the enemy troops in the Metz region, Special Treatment for British.

Paris, Nov. 24.—(Havas Agency)—Released Allied military prisoners continually are arriving at the eastern station and all give evidence of having suffered from the enemy's lack of food while in German hands. Among the military prisoners are French, British, American, Belgian, Italian and Dutch. There are also Belgian and French civilian prisoners who appear to have undergone more hardships than the soldiers.

Some of the more fortunate ones, some of whom were less than fifteen years old, were imprisoned.

Deputy Ingels told of the starving population and urging immediate action by the French government for revivification of the northern provinces. His remarks were received with marked indignation against the Germans.

ST. PETER'S Y. M. C. A.

New England—Fair tonight and on Tuesday, slightly colder tonight. New Hampshire and Vermont, moderate to fresh southwest and west winds.

OFF FOR THE PEACE CONFERENCE

Will Discuss Peace Terms With British Leaders, Detained by Election Activities—Question of Economic Barriers

FRENCH PREMIER TO VISIT LONDON FOR CONFERENCE

Paris, Nov. 24.—Premier Clemenceau's intended visit to London early December will give him an opportunity to discuss a number of the more important issues to come before the inter-allied conference and the peace conference with Premier Lloyd George, Right Hon. A. J. Balfour, the British foreign secretary, and other British leaders, who are detained in England by the election campaign.

Announcement of the premier's intention to go to England follows the visit to Paris of Paul Cambon, French ambassador to Great Britain, who is believed to have acquainted the authorities here with the prevailing British sentiment on the main points under discussion.

While there has been no authoritative announcement, it is understood that a considerable advance has been made in discussing preliminary details and that a very thorough examination now is going on concerning all questions likely to come before the conference and the congress, particularly economic questions and the reservations made by the Allies in accepting President Wilson's fourteen points as the terms upon which peace could be made.

The main discussions appear to centre around President Wilson's third point, which was accepted without reservation by the Allies, providing that the Allies, as far as possible, of all economic barriers.

King Albert to Visit Paris.

Paris, Nov. 25.—(Havas Agency)—King Albert of Belgium will visit Paris on Dec. 5, it is announced. He will leave for Brussels early in the evening.

WOUNDED MEN SHAKE HANDS WITH THE KING

Remarkable Scene of Democratic Loyalty When "Silver Badge" Soldiers Great Members of the Royal Family in London

London, Nov. 24.—(British Wireless Service)—There were scenes of wild enthusiasm in Hyde Park today during the king's review of the "silver badge" men.

Those who have served in the forces and since have been discharged on account of wounds or other physical disabilities. As King George with the Prince of Wales, the Duke of Connaught, General Sir William Robertson, commander of the forces in Great Britain, and the staff officers rode past the lines, the men forming three sides of a square, there were remarkable demonstrations of loyalty.

When the king reached the third section the men suddenly broke ranks and crowded about him, grasping his hands. Others surrounded the Prince of Wales and the Duke of Connaught and shook hands heartily with them.

In the meantime another crowd of the discharged soldiers gathered around the carriage in which were the Queen Mother, Alexandra and the Princess Victoria. The men climbed on to the footboard and the back of the vehicle in their eagerness to shake hands with the royal ladies. "God bless you, dear boys," exclaimed the queen mother as she shook hands with as many of the men as she could.

An attempt was made to take the horses from the carriage so that the men could pull it themselves, but officers and mounted police persuaded them to fall into line again. The king then rode to the saluting base and the men marched by.

In his address to the men the king said: "I am glad to have met you today and to have looked into the faces of those, who, for the defense of home and the empire, were ready to give up their all and have sacrificed their limbs, sight and hearing and health. Your wounds, sight and hearing and health, your wounds, the most honorable distinction a man can bear, inspire reverence in me as you can hear, inspire reverence in me as you can hear, inspire reverence in me as you can hear."

DIES AS RESULT OF MYSTERIOUS SHOOTING

Montreal, Nov. 25.—The victim of a revolver bullet, Abraham Marbler, 21 years of age, died at the General Hospital yesterday morning after he had been arrested Friday night by Sergeant G. J. C. P. R. police force on a charge of theft. The man had been taken to the city detective headquarters later complained of being sick, and was sent to the hospital. Marbler, as far as can be learned, made no mention to the city police or the hospital authorities of having been shot and admitted this in a deposition to Judge Choquet after an operation had revealed the presence of a bullet in his abdomen.

AWAIT ACTION OF TONIGHT'S MEETING

The freight handlers are now demanding fifty-five cents an hour instead of forty-seven cents, which they originally asked for. Mayor Hayes had a conference with the officials of the union yesterday and the matter was fully discussed. Neither H. C. Groat of the C. P. R. or Mayor Hayes had anything to say regarding the matter today. A meeting of the union will be held this evening, when an effort will be made to arrange a basis on which the men will resume work, pending a settlement of their demands.

AT THE ROTARY CLUB

Rev. Elmer P. Loose, who is organizing the maritime provinces for the Salvation Army million-dollar drive, delivered a stirring message to the Rotary Club today and appealed to the club to get behind the drive in St. John city and county. The matter was referred to the executive to report next week. The question of representation at the coming conference called by the Manufacturers' Association in Amherst was also referred to the executive. It was decided to secure the High School assembly hall for a display of moving pictures of Canada under the auspices of the department of commerce. R. W. Wigmore, M. P., president, Mayor Hayes endorsed the appeal in behalf of the Salvation Army.

FUNERALS

The funeral of John Kenney, Sr., who died in Amherst and whose body was brought here for burial took place this afternoon from Brennan's undertaking rooms. Services were conducted by Rev. A. C. Cady. Interment was made in Fernhill cemetery.

THE CASUALTY LIST

The names of New Brunswick men appear in today's casualty list as follows:—Wounded, A. McGrew, Lozier Settlement; D. McKenzie, Bathurst; B. Lacey, Clarendon Station; H. Landry, St. Joseph; J. Daley, St. John; T. Daigle, Rexton; F. Hyde, address not stated; killed in action, C. Nelson, address not stated.

FRIEDRICH EBERT, the Socialist, whose powers as leader of the new German government seem to have been wrested from him by the latest turn of the revolutionary wheel.

NO EVIDENCE OF FOUL PLAY FOUND

Jury Summoned to Inquire Into Circumstances Death of Samuel Emery, Found Dead in Red Head Road

Coroner F. L. Kenney announced this afternoon that the inquest into the death of Samuel Emery, a returned soldier, whose body was found in a ditch on the Red Head road yesterday afternoon, will be held in the police court tomorrow night at eight o'clock. The coroner said that Emery's case was quite badly bruised, but he could see no evidence of foul play. The jury empaneled to inquire into the death is composed of J. A. Kennedy, foreman; George Reynolds, Frederick Cook, Charles Donald, Joseph Northup, Samuel Wood and Frederick Flewelling.

Emery's body was found in a ditch on the Red Head road yesterday afternoon, near Thomas' creek. James McBride, the last man alleged to have been in company with Emery, is detained at the police station pending the investigation by Coroner Kenney.

The discovery was made late yesterday afternoon by Sergeant Edwards, a soldier, and John Collins, who were walking along the road. Coroner Kenney viewed the body and ordered it removed to Brennan's undertaking rooms in Main street, to await the coming of a jury. It is said that Emery, in company with McBride, started out towards Red Head, where Emery lived, on Saturday afternoon. They made several calls before starting to drive to Emery's home. It is thought that the hour was rather late when they arrived to the spot where Emery's body was found. McBride was formerly a city detective and of late has been doing duty at the armories.

MINISTER OF LABOR TALKS TO VETERANS

Ottawa, Nov. 24.—The work that has to be accomplished in Canada during the period of reconstruction and the problems that have to be satisfactorily disposed of in order to avoid a post-war panic were dealt with by Senator Giddens, minister of labor, at a combined meeting of the G. W. P. A. and the People's Forum in the Reform Theatre this evening. Senator Giddens stated that he was entirely in sympathy with the aim of the returned soldiers' organization to promote free discussion of the problems of reconstruction.

MARKET SHOWED HEAVINESS

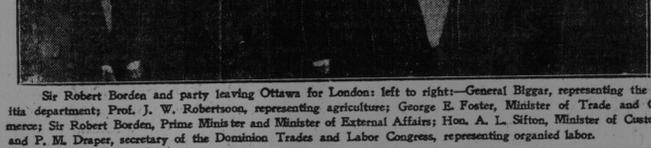

New York, Nov. 25.—(Wall street)—Although domestic trade advances over the week-end were considered of a more hopeful character, heaviness prevailed at the opening of today's stock market. Popular issues were lower by fractions to a point, pressure being more evident in oils, equipments, motors and subsidiaries. Utilities were also lower. Western Union losing three points and American Telephone 18-4 points. Changes among rails were mainly downward, but U. S. Steel was fairly steady. Liberty 41-4's made a new low quotation at 97.75.

Allied Troops in Russia Encounter Strong Opposition

Weather Conditions Favorable to Guerilla Warfare of the Bolshevik Forces—Evacuation Might Result in Murder of Entire Population Friendly to the Entente Cause

Archange, Nov. 23.—(By the Associated Press)—The Entente and American troops have encountered strong opposition both on the Volodga-Archange railway and on the Divna River. Owing to the swampy condition of the terrain, it has been necessary to confine operations to the waterway and the rail-ways. As the upper part of the river is deeper than at its mouth the Bolshevik craft, equipped with large guns, have been better able to manœuvre than the Entente ships and have prevented the occupation of Kotlas by the Entente.

TURKS RESUME THEIR ATTACKS ON ARMENIANS

Brother of Former War Minister is "Suppressing Revolt"—Leaders of Oppressed People Ask Allies for Independence and Protection

Constantinople, Monday, Nov. 18.—(By the Associated Press)—Attacks on the Armenians have been resumed in the district of Erzerum, on the border of the Caucasus, by Turkish troops under the leadership of Noufi Pasha, brother of Ezer Pasha, former minister of war. Noufi Pasha declares that he is outside of the authority of the present Constantinople government and that he has been delegated by the Moslems of the district to suppress the revolt of the Armenians.

WILL FACE TRIAL

Vladivostok, Nov. 23.—(By the Associated Press)—The three Cossack officers who on Nov. 18 arrested two members of the all-Russian directorate, Arsenkiyev and Zensinoff, and two prominent citizens of Omsk, Argunov and Rogovsk, precipitating the change in the all-Russian government which made Admiral Kolchak dictator, will be tried by court martial.

CLAIMS VIOLENCE JURISDICTION

Vladivostok, Nov. 23.—(By the Associated Press)—General Semonoff, who has been the anti-Bolshevik leader in the Trans-Baikal region, has interrupted his communication between Omsk, the seat of the all-Russian government, and Vladivostok. He asserts his jurisdiction over the Amur, Ussuri and Trans-Baikal districts, and has established headquarters at Chita.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

ONE OF THE BEST FOR A LONG TIME

One of the best vaudeville programmes seen in St. John for a long time is at the Opera House this week—five splendid comedy acts in which laugh making is the predominant feature. If you enjoy clever step dancing, Jack Dempsey, the dancing tramp, will suit your right down to the ground. Other good acts are Norton and Nobles in bits from musical comedies with society and cabaret dancing introduced; the Edwards Trio in a classy musical and instrumental feature; Conley and Chick in comedy songs, chat and recitations; The Rianco in a pantomimic novelty, Fun in the Jungle, with funny animals to please the children and the grown-ups; and a picture, the first chapter of the new serial, The Woman in the Web. Evenings at 7.30 and 9; afternoons at 2.30. Popular prices.

See the Vaudeville at Gem; It's Great

The Gem's vaudeville is exceptionally good. Five sterling acts and "The Eagle's Eye" picture. You'll like every bit of this really fine show. Come tonight at 7.15 or 8.45.

ALICE HOWELL AT PALACE
Tonight the Palace Theatre presents that most laughable comedienne, Alice Howell, in one of her new comedy sketches in two acts, Francis Billington, Maude George and Allen Houbart will be seen in a pleasing five-act dramatic hit, entitled "Heart Strings."

NOTIONAL SYSTEM OF EMPLOYMENT OFFICES FOR THE DOMINION

Ottawa, Nov. 24—Canada is to have a national system of employment offices, co-ordinated through the federal department of labor. The minister of labor proposes to undertake the work of organization at once.

An official statement issued tonight says in part:
"The plan of organization drawn up by the department of labor was submitted to the provincial officials and with their co-operation and criticism the whole organization scheme was outlined in the most minute detail. A local officer will be appointed in every important industrial centre and the larger cities it is proposed to have offices for unskilled labor and for skilled workers. These offices will report daily to a provincial clearing house the number of workers unemployed and the situations unfilled, by trades, and on the clearing house personnel will fall the duty of matching up vacancies in one part of the provinces with unabsorbed workers in another locality. Provincial organizations are superimposed a federal system of two clearing houses, located probably at Winnipeg and Ottawa."

WINS GOLD MEDAL
In the High School this morning Principal Myles announced the winner of the Ellis gold medal to be Miss Kathleen C. Blizard. The medal is awarded for the best essay on Canadian Women in War Work and the competition was open to members of the class of 1915. The essays submitted were read by Wm. C. Brodie and R. W. Queen, who were unanimous in making the award. Miss Blizard is the daughter of Geo. S. Blizard of 53 Simonds street.

Do You Need Glasses?

Often glasses are necessary where the vision seems perfect. Delicate muscles are put to too much strain to hold the eyes in focus.

Squinting and frowning are characteristic of this trouble. Headaches, eyestrain and inflamed conditions result. You will do well to consult us if you are in doubt about what is troubling your eyes.

THE BEST QUALITY AT A REASONABLE PRICE

You Can Do Better Work

Many a man has found that he makes fewer mistakes, does better work and more of it, and feels more fit at the end of the day since he began wearing glasses.

The reason is simple. Properly fitted glasses give him clearer vision without the eye strain that causes headaches, nervousness, tired, aching eyes—of course he can do better work.

Yes, too, if you let Sharpe's optometrist take care of your eyes.

NO TONIC LIKE HOOD'S

Sarsaparilla For a Time Like This, After Influenza, the Grip, and other prostrating diseases, Hood's Sarsaparilla has remarkable health-helping effect.

It expels the poisons that have weakened and depleted the blood, causing pallor, anemia, flabby flesh and lax muscles. It is the standard blood remedy with a successful record of nearly fifty years.

Many people—it is really astonishing how many—need a firm, gentle, easy cathartic in these trying times. We recommend Hood's Pills, used in the best families, and equally effective with delicate women or robust men.

Y. W. C. A. WORKERS INVITE EVERYBODY

To Their Public Meeting in G. W. V. A. Hall Tonight—Lunch at Shell Plant Tomorrow

The Y. W. C. A. executive ladies and their aides are finishing their plans for Wednesday's one-day drive for \$10,000 with which to fit up their home for business girls at No. 23 King street, four-story Sears building, formerly the Bevere House.

Tonight in the Great War Veterans' club assembly hall, Wellington row, there will be a public quarterly meeting of the Young Women's Christian Association to which everybody is invited. This meeting will be addressed by two prominent figures in Canadian Y. W. C. A. work, Miss Lean, national secretary for war work—the lady who is now arranging for the reception of war refugees at this port—and Miss E. Frances Jones, secretary of the dominion council, Toronto.

The people of St. John who desire to know more of the work being done among the young women and girls of Canada would do well to hear these talented officials as well as the local heads of the Y. W. C. A., who are just now commencing their regular work for contributions in the mid-week drive.

On Tuesday afternoon at one o'clock the staff of collectors for Wednesday's drive will meet at their headquarters in the Dufferin Hotel corridors and proceed to the shell plant, Marsh road, where lunch will be served and final instructions given relative to the next day's work. As the collecting will be done in the space of one day, the workers will meet at their headquarters in the Dufferin Hotel corridors and proceed to the shell plant, Marsh road, where lunch will be served and final instructions given relative to the next day's work.

NO TITLE FOR SITE OF NEW WATER MAIN

There was considerable business transacted at a meeting of the common council this morning. It was decided to award a contract to the Bedford Construction Company to dig a trench to East St. John in connection with the installation of the new water main.

A letter was read from Gilbert Murdock calling the attention of the council to the fact that the city has almost completed putting a new pipe line through his motor's property at Lake Fitzgerald without compensation for the land taken, and without any arrangements being made for the right to do so.

The letter caused considerable surprise and Commissioner McLellan suggested that "this fellow" Wigmore be asked to appear before the council to give an explanation. He then moved that the communication be received and that the former commissioner be asked to explain. This motion was seconded and passed.

Commissioner Hilyard then explained that he had made enquiries regarding the extension of the water main to East St. John. The Engineers & Contractors, Ltd., had submitted an estimate of \$17,000 plus fifteen per cent on cost, and the Bedford Construction Company estimated \$10,000 plus fifteen per cent. He recommended that the latter company be awarded the contract, as they have the necessary outfit and men to rush the work through to completion by the last of December. This was agreed, with the provision that the engineer and the city's solicitor draw up the contract.

Commissioner McLellan gave notice that he will present a new schedule of wages and numerical strength for the police department at the next meeting and would submit a comparative statement with other places in the Dominion.

DOZEN DECLINED THIS HIGH HONOR

Buenos Aires, Oct. 9.—(Correspondence of the Associated Press)—Twelve men have declined the offer to act as Argentine minister to Great Britain since the post was vacated two years ago. Friends of the men who have refused the post have said that their refusals were due to a reluctance to assume the diplomatic representation at London under this country's present policy of strict neutrality.

The vacancy in this post has been particularly embarrassing to President Iriyoyen because of his inability to find a truly representative citizen to accept the mission under his present international policy.

A recent visit of the British minister, Sir Reginald T. Tower, to the capital of the province of Buenos Aires at the invitation of the provincial governor and the exchange of speeches that resulted therefrom have brought to a head again the problem of this republic's diplomatic representation in England.

Dr. Jose Croto, the governor of the province of Buenos Aires, welcomed the British minister in a speech that was perhaps the frankest and most cordial avowal of the Allied cause that has been made by the Argentine since the war began. He has since received thousands of letters and telegrams congratulating him, many of these going so far as to say that his expressions were what had been hoped for from the president and regretting that the governor represents only the so-called queen province and not the entire nation.

This incident has caused so much comment among Argentine political circles, exclusive of the foreign colonies, that friends of President Iriyoyen who are doing everything possible to help him in his administration, are urging

CANDIDATES POLICY

To the Editor of The Times:
We believe that the police should at all times be under the personal direction and control of the chief of police subject only to such orders, rules and regulations which from time to time the common council may be competent to make. In a word, we stand for the strict observance of every section in the commission charter, and the carrying out of the spirit of the laws governing our city.

Having thus made ourselves clear with reference to that phase of the question permit us further to say that we have given no pledge or promise, directly or indirectly, to any body, organization or association that we favored the policemen becoming affiliated with any body; neither have we directly or indirectly been asked by the retired members of the police force, or by any labor body, or union, or by any individual, or set of individuals, for any pledge or promise to promote their interests in any way.

We distinctly stated to the meeting when we accepted the nomination that if elected we would strive to the best of our ability to promote the interests of all citizens irrespective of class, creed or politics.

As to the pertinent question asking our personal opinion of the policeman being affiliated with the Trades and Labor Congress we say that we agree with the members of the board of trade who waited upon the common council that the suggestion of the minister of labor to appoint a board of conciliation to decide the question should have been carried out and the parties concerned pledged to abide by that board's decision. The whole question is debatable because it is claimed that the police are not members of a union within the ordinary meaning of the word and therefore the board would be a tribunal to hear both sides and its decision would be acceptable to us.

Sincerely yours,
JOHN THORNTON,
JOHN B. JONES.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

having once said that the Kaiser is the only guy in the world who has bought a round-trip ticket to Paris and used the last half first and still has the first half.

When Marcel brings us our chocolate, don't we wish we were gazing into the soulful gold teeth of that waitress in Childs? Little did we dream how much better gold teeth can be than none at all!—The Headquarters Herald, published by the men at General Headquarters, A. B. F., Somewhere in France.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah how good it feels. Your nostrils are open, your head is clear, no more yawning, sniffling, blowing, no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

WHAT GERMANY NEEDS.
The only revolution in Germany that will bring results satisfactory to the world is a complete change in the viewpoint of the people.

A RUSSIAN TRAITOR.
The news by cable that Entente troops were marching on Kiev, and that Gen. Skoropadsky, Ukrainian dictator, had surrendered, lends a vivid interest to the last of the series of letters "From the Romanoffs to the Bolsheviks" by Princess Cantacuzene (nee Grant) in last week's Saturday Evening Post.

Lighter Vein.
"You know," said the lady whose motor-car had run down a man, "you must have been walking very carelessly. I am a very careful driver. I have been driving a car for seven years."

Unsettlingly Removed.
The operation is simple and painless—just apply Putnam's Wart and Corn Extractor. For fifty years it has been curing warts and will cure you too.

LET THEIR RECORD SPEAK.
At whatever cost, the Allies should gather the fullest and most incontrovertible evidence of German acts of savagery during the war, especially their treatment of prisoners.

Someone should be made to suffer for the torture inflicted upon British prisoners now straggling into France. Reuter's correspondent at French headquarters cabled on Saturday:

When the armistice was signed these prisoners were released and told to shift for themselves. They had neither food, clothing or money.

There are those who tell us we should feed Germany, even at the cost of severe hardship to ourselves, but one's first impulse, upon reading the story of German savagery, is to call for swift and terrible vengeance.

OAK HALL WHOLESALE WAREHOUSE DRAWS CROWD

O'Donnell Sale Proves Winner in Germain Street Warehouse, opposite Trinity

Friends and customers of Oak Hall visited this firm's wholesale warehouse, 101-107 Germain street, opposite Trinity church, on Saturday and today to such an extent that his large building was taxed to the limit of its capacity. The O'Donnell stock of men's and boys' clothing and furnishings which is being placed on sale there gives every one an equal opportunity to share in the great saving effected by being able to take purchases at wholesale prices or better.

This special sale will only last a few days as the volume of business being done insures the stock being turned over rapidly. The Oak Hall motto is a large volume at minimum profit and everybody who has visited the sale realizes the great advantage to them of this method of doing business. Particulars of this sale can be seen on page 8 of this paper.

AUSTRALIAN RAILWAY SYSTEM REACHES ACROSS CONTINENT

For a number of months the government-owned trans Australian railway, extending between Port Augusta, South Australia, and Kalgoorlie, West Australia, has been completed and in operation. The new line is 1,061 miles in length and

of standard gauge. At its western terminus it connects with a short line running to Perth, on the Indian Ocean. At the other end it links up with four other roads that afford rail transportation to Melbourne, in Victoria, and Brisbane, on the Pacific coast, above Sydney, in New South Wales. Thus for the first time in history rail connections have been established between the Indian and Pacific oceans. Five years and about

BALLOONIST LOOPS THE LOOP IN A STORM AT SEA

Looping the loop in a kite balloon was the hair-raising feat performed some time since by a young balloonist when the government was testing the use of captive balloons on battleships doing

convoy work, according to a story in the December Popular Mechanics Magazine. The balloonist in question had been aloft in his basket several hours despite very rough weather when a 40-mile gale struck the feet. Instantly the gas bag made a spinning nose dive, swinging the basket and occupant through a complete circle. No sooner was one loop completed than another and another followed—fifteen in all.

WHEN THE TANK IS UNDER FIRE Machine Gun Bullets Merely Unpleasant, But High Explosive Shells Are No Joke—The Nearer the Safer.

London, Oct. 30.—(Correspondence of The Associated Press)—Machine gun bullets sprayed against the sides of a tank produce a queer effect within it, says one British army officer who has spent three months fighting with his tank in France. The bullet, he says, cannot pierce the armor but it does knock off on the inside a thin flake of steel that pulverizes and flies in all directions. It gets into the faces and hands of the crew and stings them like a strong wind on a cold day. The surgeons have found that a simple bath of iodine solution will heal the pain and prevent infection. Describing the scene within a tank which is being hit with machine-gun bullets the officer said: "As the bullets strike the tank, simultaneously with the sound of impact and the creation of the flake, a blue flame is seen, and when a machine-gun is playing up and down the joints in the hope of finding a weak spot, the interior looks much like a demonstration of cheap fireworks.

"While there is no danger from machine-guns to a tank crew, there is real and pressing danger from armor-piercing or explosive shells.

"Unless it is possible to get within a mile of the enemy the tank is comparatively safe for the guns cannot be depressed to get the range. Then the only thing the tank has to deal with is the machine-gun. When this is accurately located the tank quickly runs it down. The German machine-gunner was Germany's best fighter. Generally he would hang on to a position, peppering the lumbering tank until he found it was no use and fled or was run over.

"One of the tricks we learned was the tremendous value of tanks against masses of enemy troops. At first we were content to use the ordinary machine-guns in tanks, but in the latter months we used the shell fired to explode as it left the gun, scattering its scores of leaden bullets like a shot gun. Troops without artillery were simply unable to stand such fire.

GERMAN PLANTS ALL EMPLOYED Have Enough Orders to Keep Them Busy Two Years—Workmen Satisfied

Berlin, Nov. 23.—Most of the large industrial plants in and about Berlin already are working. No unemployment is reported as a result of the cessation of war industries work. Sigmund Bergmann, who is said to have once been connected with Thos. A. Edison, and who has been one of the founders of the General Electric Company in the United States, but who is now one of the leading industrialists in Germany, said today:

"On the second day of the revolution we started into work and peace orders, of which we have enough booked to keep our 60,000 employes busy for two years.

"This holds good for virtually every plant of any importance in Germany. The country has been literally worn threadbare in all lines. Just as we have been turning our garments inside out we have helped ourselves along with a multitude of substitute devices in other directions.

"We are badly in need of rolling stock, agricultural implements, turbines, and a thousand other things in the line of heavy steel construction. Our houses need new roofs and new paint. We must start in making everything fresh, from the clothes-pin to the automobile. We also are a ready market for finished products."

Herr Bergmann was not apprehensive of disturbances if the food situation holds out.

"If the 5,000,000 or more men now returning from the front are given their share, and will be glad to adjust themselves to normal life after four years of war. All that is needed is to keep them healthy, and well clothed.

"We are in urgent need of copper, leather and cotton; but the full dinner pail is the first consideration. Germany has the money to pay for the food and everything else she will be compelled to buy abroad."

WOMEN OF MIDDLE AGE

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK HENSON, 1316 S. Orchard St., Urbana, Ill.

Women who suffer from nervousness, "heat flashes," backache, headaches and "the blues" should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

This map shows the German territory to be occupied by the Allies under the armistice agreement, including Alsace-Lorraine. The latter, together with the Grand Duchy of Luxembourg, also to be occupied by Allied forces, is classed in the armistice as "invaded territory." The narrow shaded strip on the right bank of the Rhine is the neutral zone (6 1/2 miles wide) which is to lie between the Allied armies of occupation and the German armies. The semi-circles on the right bank are the bridge-heads to be established under the terms of armistice at Cologne, Coblenz and Mayence, to a depth of 18 1/2 miles.

Court Order Forces Dealers to Brand Cold Storage Eggs

New York, Nov. 24—Wholesale dealers and merchants who were disposed to sell cold storage eggs in this state without stamping them as such will have to observe this requirement of the state and federal statutes governing food products as the result of a decision by Justice Delehanty of the supreme court, who yesterday permanently enjoined Swift & Co. from engaging in this practice. He sustained an application from the state department of farms and markets for a permanent injunction against the operation of the New York statute had been suspended or superseded for the duration of the war by the federal laws permitting the sale of cold storage eggs without being branded. The controversy between Swift & Co. and the department of farms and markets began when the latter sought to enforce regulations enacted by the state requiring jobbers, wholesalers and retailers before offering or exposing for sale any eggs which may have been kept in a cold storage warehouse, to mark on the shell of each egg the words "cold storage," or their equivalent, in plain

letters. The only exception to this rule, as provided by the law, was where eggs remained in their original unbroken package after leaving cold storage plants. Justice Delehanty disagreed with the counsel for Swift & Co. that the state regulations were antagonistic to those of the federal government, asserting that, on the contrary, they were in harmony with each other and permitted the extension of scope in dealing with food control.

Furthermore, Justice Delehanty said, he could not understand what hardship or injustice a merchant can experience in calling an article what it actually is. After eggs are removed from their original package the element of fraud comes into existence, said the justice, and that the state required such markings to protect the public from being imposed upon.

HENRY FORD AND THE WAR FUND APPEAL

The Man Who Made the Motor Famous, Resenting Method Used, Leaves Metropolitan Opera House

New York, Nov. 21.—Methods used by over-enthusiastic campaigners for the United War Fund drive in this city came to a climax when Henry Ford, the Detroit automobile manufacturer, left a gathering in the Metropolitan Opera House in protest against the fact that he had been singled out and urged publicly to contribute to the fund. The Lambs and the Frats were holding a frolic for the fund and were auctioning a programme photographed by President Wilson. Led by Thomas D. McCarthy, United States Marshal, a group of solicitors asked Mr. Ford to contribute \$10,000. Mr. Ford remained silent, however, and on second, third and fourth requests being made, the last for \$5,000, he arose from his seat, leaving his wife and son, and went to the lobby, where he was importuned to return, but refused. He protested against being singled out in such a public manner, and declared he had already contributed to the fund in Detroit. He said he was ready to give thousands of dollars to returning soldiers, and asked whether the bankers and the "militarists" who, he declared, surrounded him in the theatre, were willing to do so much. Mr. Ford said on Monday that he wanted it understood clearly that it was simply the method of getting the money that he resented. He repeated his criticism of what he hints is the false patriotism of bankers, Marshal McCarthy declined to say anything. The United War Work Campaign Committee has discontinued auctioning as a method of raising funds. Joseph P. Day, chairman of the special features committee of the war work campaign, has since this incident occurred, issued a statement, taking serious objection to the methods employed, and expressing the hope that the practice of singling out persons in the audience, most of whom have already contributed, will be stopped by common consent of a fair-minded public. He declares himself willing to head a movement asking all managers of theatres and public meeting places to join in stopping such methods. Marshal McCarthy later sought out Mr. Ford in the lobby, and apologized to him. Mr. Ford insisted, to those who approached him in the lobby, that "What that crowd in there wants is militarism, and I don't want it." A method of raising funds which, it is declared, is almost as obnoxious as that to which Mr. Ford objected, is the request, amounting almost to a demand, that the soldiers and sailors in an audience rise, and remain standing until a certain sum of money has been contributed for each one. As in past campaigns, the United States flag is being used extensively, and nowhere, it is said, with less grace than at the Pennsylvania station, where a huge flag is held by the four corners, at the foot of the stairs, while campaigners implore passersby to throw money into it. It is clearly understood among companies and corporations here that their employers are expected to contribute at least a day's pay. So far as is known, there has been no direct compulsion in this respect. But many employers have let their employees know what is expected of them, and these latter have also been asked to sign cards authorizing the employers to deduct the amount of a day's pay from the next salary envelope. And in addition to this, signs, in some parts of the city, announce that this day's pay contribution is only what is expected of the employe where he works, and does not free him from contribution elsewhere. An advertisement in some newspapers has announced that the names of firms contributing and the amounts given will be published in the trade papers, at the conclusion of the drive.

FORMER ST. JOHN MAN KILLED NEAR SYDNEY

Sydney, N. S., Nov. 24.—The body of Guy Edwin McDonald, twenty-eight years' old, of St. Stephen (N. B.), for three years an operator at the North Sydney cable station was found on Saturday afternoon on a road about a mile from the centre of the town. Wagon marks and hay dust on the clothing indicated that the body had been carried from the place of death and had apparently been previously lying in a barn.

THREE WERE KILLED

Toronto, Nov. 24.—Three people were instantly killed, one died from injuries, and two others are in the hospital, Toronto, as a result of a collision between a Grand Trunk train and a motor car at the Queen street crossing in Brampton. The dead: Edith and James Sawdon, Pearl Belles, and Miss Guilt. The injured are William and Charles Sawdon.

Vital Statistics

Twelve marriages and sixteen births—ten boys and six girls—were reported to the registrar during the week. The number of burial permits issued by the board of health during last week was twenty-nine; of these, twelve deaths were due to pneumonia, and four to influenza. Other causes of deaths recorded were: Pulmonary tuberculosis, three; burns, two; diphtheria, myocarditis, heart failure, broncho-pneumonia, cancer of bladder, oedema of brain, chronic bronchitis and accidentally killed, one each.

DIES IN 105TH YEAR

New York, Nov. 25.—Mrs. Frieda Wallas, a centenarian and the head of four generations of descendants, is dead at her home in Brooklyn. She came to this country from Grodna, Russia, twenty-five years ago, and her four children, forty-three grandchildren, fifty

Of the Royal Air Force, some 14,000 or 15,000 were raised and trained in Canada. In addition, many joined the R. A. F., after going overseas in the Canadian Expeditionary Force. On October 31, 1918, the casualties numbered over 211,000. There have been over 50,000 deaths, 162,000 have been wounded, and when hostilities ceased the prisoners of war numbered 2,800. Among the important engagements in which the Canadians fought were: 1915—Second Battle of Ypres (April and May); 1916—St. Eloi (3rd to 19th April); Sanctuary Wood (2nd and 3rd June); Hooge (5th, 6th, 18th and 14th June); Battle of Somme (September, October and November); 1917—Battle of Vimy Ridge (6th to 18th April); Battle of Arleux and Fresnoy (28th, 29th April and 3rd May); Battle of Lens (June); Battle of Hill 70 (15th August); Battle of Passchendaele (25th October, 10th November); 1918—Second battle of Somme (March and April); Battle of Amiens (12th August); capture of Monchy le Preux (20th, 28th August); breaking of Quant Drocourt line (3rd and 4th September); capture of Canal du Nord and Bourlon Wood (27th-29th September); encirclement and capture of Cambrai (13th-18th October); capture of Douai (19th October); capture of Denain (20th October); encirclement and capture of Valenciennes (28th October-2nd November); advance and capture of Mons (7th-11th November).

AT ST. DAVID'S. St. David's church held its first Sunday sing-song and social for soldiers and sailors last evening under very auspicious circumstances. Some of the men who arrived from overseas on Saturday remained in the city over the week-end and many of these were among those entertained last evening. There were about 100 soldiers and sailors who enjoyed the hospitality of the congregation last night. After the programme refreshments were served and concluded a very pleasant social evening.

B. C. PROJECT FOR RETURNED MEN

Federal Charter Being Sought for Returned Soldiers' Co-operative Lumber Co.

Vancouver, Nov. 25.—To complete arrangements for launching 1,600 returned soldiers in the lumber business in British Columbia, Sir Douglas Cameron and Thomas Meredith leave Vancouver soon for England, where they will make a personal selection from the men coming home from the war zones. A federal charter is being sought for the Returned Soldiers' Co-operative Lumber Co., Ltd., with an authorized capital of \$1,000,000. The mills will be operated on a co-operative basis, the soldiers having full share in the management. It is explained that each of the 1,600 returned men should take \$100 in stock. Returned men only will be employed in the mills and camps and in the agencies which the company proposes to establish throughout Canada, the United States, Europe and elsewhere. The workers will live in company settlements, and will be paid current lumbermen's wages. The company has secured an option on eight large saw mills in British Columbia with a capacity of 150,000,000 feet yearly, and on timber limits aggregating 6,000,000,000 feet. The provisional officers of the company are Sir Douglas Cameron, president; R. W. Gibson, Victoria, vice-president; Thos. Meredith, general manager.

THE McAVITY BOWLING LEAGUE

Presentation of Cups Won Last Season Occasion for Jolly Gathering - Plans Completed for Coming Winter

The McAvity Bowling League held a banquet at the 92 shell plant cafeteria on Thursday last. About sixty men sat down to a delicious and nicely arranged supper. After the goodly things were disposed of the toast list was in order. The toast to the King was proposed by the chairman, L. Myers, and was responded to by the singing of the national anthem. The toast to the firm of T. McAvity & Sons was proposed by Wm. Stratton and responded to by John A. McAvity and Allen McAvity, both giving short talks on the good fellowship which existed between the firm and all the employees and expressing the hope that the boys would have a successful winter on the bowling alley. The toast to the boys in khaki was proposed by Mr. Treat and responded to by Major P. D. McAvity, who related to the boys some of his personal experience in the trenches, which were greatly appreciated. The toast to the McAvity Bowling League was proposed by T. A. Ramsey, captain of last year's champions, and responded to by A. McClusky and E. Wood. Both speakers referred to the good times the boys had last year and hoped that all would have as good this coming season. The toast to the ladies was proposed by Wm. Winchester and although somewhat bashful he made quite a hit. It was responded to by Ralph Cummings, who made a fiery speech, defending the female sex. Mr. Fraser and Joe Hann also spoke to this toast.

An interesting programme was contributed by John Stenhouse, solo; Chas. Noddin, step dance; Mr. McMurray, solo; Arthur McClusky, reading; Percy Craikbanks, solo; Mr. Coupe presided at the piano in good style. Mr. McNeil gave a very stirring speech and also gave a song which was greatly appreciated. Mr. Tait gave an interesting talk about the loyalty and the good fellowship which existed in the McAvity firm. Last but not least came Mr. Kilian, who also

spoke of the loyalty of both employers and employees.

After the speech-making, last year's cups were presented to the winners. The large cup which is now on exhibition in the firm's window in King street is a beautiful piece of silver and is as nice a cup as this city has seen for many years. This was won by King street store, captained by T. A. Ramsey, and the following: Dave Foohy, John Stenhouse, Alex. Flett and Wm. Lawlor.

The five smaller cups were for the five highest averages during the season. The winners were Messrs. Harrison, Foshey, T. A. Ramsey, Foohy and Treat. In the absence of Clifford McAvity, who was sick, the cups were presented by P. D. McAvity. The league is very grateful to Clifford McAvity, who donated all these cups to the league and who is himself a good follower of the game.

The evening broke up with singing the national anthem. The league opens this evening with a game between King street store and the Vulcans on the Victoria alleys.

The teams are: No. 1, King Street Store; No. 2, 47 Shell Plant; No. 3, 92 Shell Plant; No. 4, Water Street Pinning; No. 5, King Street Office; No. 6, Water Street Foundry; No. 7, Water Street Office; No. 8, Vulcan Foundry.

SOME SOLDIERS ON BOARD.

The Tunisian, the first big passenger steamer to arrive here this season, docked at West St. John on Saturday. Besides a large general cargo she had 400 passengers on board, including 300 returned soldiers. In the party were thirteen men for this district. They were as follows: Ptes. C. Arnold, St. John; A. Brown, Perth; J. H. Cormier, Carquet; A. Currie, Moncton; K. E. Dorn, St. Stephen; M. LeTulip, Chatham; C. Millett, Sussex; D. D. McAleesh, Fredericton; Jas. Phillips, Campbellton; A. McGrath, St. John; Geo. Thorne, Woodstock; L. Tait, St. John, and J. Walters, St. John.

Lieut. John Kimball, R. N. V. R., arrived on the Tunisian on Saturday. Lieut. Kimball is on a short furlough and will return to his duties with the royal navy in about a month.

PREDICTS \$20 COAL.

Dr. J. H. Frink, provincial fuel administrator, has received advices that coal is quoted in New York at \$9.30 f o b vessel. To this, he said, must be added \$7 freight, \$3.10 gross margin for dealer, sixty cents for brokerage commission and other small items will make \$20 coal here. He said that there is only one way to reduce the price of anthracite coal and that was to cut down the freight rates on vessels carrying it from New York to St. John. He said he feared there would be a good deal of suffering in the city as a result of the high price of coal and the shortage of fuel.

ST. MARGARET'S, WESTMINSTER

Historic London Edifice, the "Commons Church" Again Figures in the Parliamentary News.

Boston Monitor: When Lloyd George, the other day, after announcing to the House of Commons the signing of the armistice, invited the honorable members to adjourn straightway, and follow him to St. Margaret's, Westminster, for a special thanksgiving, he was taking advantage of a privilege long enjoyed by the house; for St. Margaret's has, for many centuries, been recognized as the "Commons Church." Until fifty or sixty years ago, the speaker and the House of Commons used to attend this church in state upon the days of what were known as the "state services," such as the day of the king's accession; the 29th of May, the day which saw the restoration of Charles II, and so on. These observances were abolished by order-in-council in 1858, and since then the state occasions have been fewer, but they have, for that reason, perhaps, been all the more remarkable.

The commons still regards St. Margaret's as its special church. Many members attend there regularly every Sunday, whilst parliament is in session, and, every now and again, one hears the name of St. Margaret's mentioned in connection with some special event concerning the house and its members. Two and three centuries ago, however, when London was only a very small place, compared with what it is today, when all the members lived, probably, within easy walking distance of Westminster, and especially in the seventeenth and eighteenth centuries, when the sermon and a very long sermon was the thing, the service attended by the House of Commons in St. Margaret's was one of the events of a Sunday, and, in Puritan days, often of a week day too. It was, for instance, on Tuesday, Nov. 17, 1640, that "Dr. Burgess and Mr. Marshall preached before the house at least seven hours between them." And it was in St. Margaret's, whilst preaching before the House of Commons, that the famous Bishop Burnet "turned his backless" in order to show that he was about to continue his discourse, and was nearly interrupted by the applauding murmurs of his hearers.

The present church shows nothing earlier than the Plantagenets, yet the original building dated from a few years

VERY FINE VAUDEVILLE AT GEM; MUSIC AND COMEDY AND ACROBATIC

Five Sterling Acts and The Eagle's Eye Picture Make Superior Entertainment

The Gem's new vaudeville programme, presented on Saturday night, was as entertaining a set of special acts as one could ask for. That of the week before was good, and the high standard is well maintained. Evidently there is a big winter of vaudeville ahead for Gem patrons.

An exciting chapter of "The Eagle's Eye" serial opened the show. It brought this capital spy story, built on war facts, very near the close. The next episode will be the last.

In the vaudeville, Leonel first made his bow. He is a talented player on the accordion and has a good variety of selections. Also he is an expert yodler and with the two accomplishments he scored a marked success.

May Hamilton followed in dainty costume and with resonant pleasing voice. She sang several numbers very tastefully and gave a humorous recitation well. She won hearty recalls.

Then came The Rogers Company, two men, and a dainty miss in a sketch "The Movie Man." Oh what fun; the house was in an uproar as they hurried on.

seems in a motion picture studio. One of which plays the director, the girl the heroine, and a comedian does the rest. It is rich fun and made a great hit.

The LeRoys, man and sprightly girl, have a novel act. Both are good dancers, the young woman sings well and plays a French part in good style, and the man is surprisingly good as an acrobat. Some of his tumbling work was of a very high standard. A very fine act.

The Philmisis close the performance with a dancing, juggling and tight wire act that is of outstanding merit. They are man and girl, the latter pretty and an excellent dancer, the man an expert on the wire. The concluding part of the act borders on the sensational and wins a big round of applause.

The Gem will continue this excellent programme until and including Tuesday night, with a change to pictures on Wednesday.

VERY FINE VAUDEVILLE AT GEM; MUSIC AND COMEDY AND ACROBATIC

Five Sterling Acts and The Eagle's Eye Picture Make Superior Entertainment

The Gem's new vaudeville programme, presented on Saturday night, was as entertaining a set of special acts as one could ask for. That of the week before was good, and the high standard is well maintained. Evidently there is a big winter of vaudeville ahead for Gem patrons.

An exciting chapter of "The Eagle's Eye" serial opened the show. It brought this capital spy story, built on war facts, very near the close. The next episode will be the last.

In the vaudeville, Leonel first made his bow. He is a talented player on the accordion and has a good variety of selections. Also he is an expert yodler and with the two accomplishments he scored a marked success.

May Hamilton followed in dainty costume and with resonant pleasing voice. She sang several numbers very tastefully and gave a humorous recitation well. She won hearty recalls.

Then came The Rogers Company, two men, and a dainty miss in a sketch "The Movie Man." Oh what fun; the house was in an uproar as they hurried on.

seems in a motion picture studio. One of which plays the director, the girl the heroine, and a comedian does the rest. It is rich fun and made a great hit.

The LeRoys, man and sprightly girl, have a novel act. Both are good dancers, the young woman sings well and plays a French part in good style, and the man is surprisingly good as an acrobat. Some of his tumbling work was of a very high standard. A very fine act.

The Philmisis close the performance with a dancing, juggling and tight wire act that is of outstanding merit. They are man and girl, the latter pretty and an excellent dancer, the man an expert on the wire. The concluding part of the act borders on the sensational and wins a big round of applause.

The Gem will continue this excellent programme until and including Tuesday night, with a change to pictures on Wednesday.

NEWS OF THE SOLDIERS

Mr. and Mrs. B. R. Macaulay, of this city, on Saturday received a cable from their daughter, Mrs. Cameron, now in London, stating that her brothers, Lieutenant Robert Macaulay, of the 27th Battalion, and Gunners Donald and Norman Macaulay were well and safe.

Brigadier General S. J. Denison, of Toronto, is a visitor in the city, while en route to Bermuda. At one time he was commanding officer of the Royal Canadian Regiment at Halifax.

A memorial service in honor of Private Percy Morrill, a member of the Victoria Baptist church, was held in that church last evening. The service was conducted by Rev. L. W. Williamson.

Seven hundred striking tug boat workers in New York have returned to work.

LOCAL NEWS

TO MILITARY HOSPITAL.
Captain Dr. MacGray of the army medical corps, has been attached to the staff of the St. John Military Hospital.

APPLE SHIPMENTS.
The board of trade has been advised by the War Trade Board, Ottawa, that the general license allowing the importation of apples into Great Britain is for a period of three months.

ONLY ONE REPORT TODAY.
Only one house was reported at the board of health office today as having a new case of influenza. There is no change in the smallpox situation.

GASSED AND WOUNDED.
George H. Seely, West St. John, has been advised that his son, G. G. Seely, a member of the 20th Battalion, had been gassed and wounded on Nov. 9, two days prior to the signing of the armistice. Private Seely went overseas as a member of the 104th Battalion Band and was transferred to the 20th. His many friends will join with the family in hoping that he has a speedy recovery.

DEATH OF W. J. WRIGHT.
William James Wright of Upper Golden Grove died this morning at his residence. He was seventy-four years old. Besides his wife he leaves three daughters, Mrs. G. F. Stephenson, Mrs. Albert Stephenson, both of Golden Grove, and Mrs. Frank Davidson of this city; one son, Leonard Wright, of Golden Grove. The funeral will take place tomorrow afternoon from his late residence.

A. J. HURST DEAD.
The many friends of Asa James Hurst of 117 Brussels street will regret to learn of his death which occurred on Saturday morning in the General Public Hospital after a short illness. He was a member of the crew of the S. S. Empress. Besides his wife he leaves three daughters, Mrs. Simon Hurst of Port Hillford, N. S., five sisters and four brothers. The body was taken on Saturday to Nova Scotia for burial.

MRS. RICHARD J. SULLIVAN.
Many will learn with regret of the death of Mrs. Richard J. Sullivan, which occurred at the General Public Hospital this morning. She leaves two sons, William and Richard, and two daughters, Margaret and Lillian, of this city; two sisters, Mrs. John Phinney and Mrs. George Stephenson. Mrs. Sullivan was the daughter of the late John Black of this city.

CONGREGATIONS WERE LARGE.
That the influenza prevalence is practically no prevalence at all was forcibly demonstrated by the immense concourse of people seen on the streets yesterday going to and coming from divine service. All the churches were filled to capacity and the Sunday schools, as well were above normal in attendance. In fact, one superintendent reports an influx of new scholars who would have been included in the roll-calls earlier if it had not been for the influenza ban.

EPIDEMIC WON OUT.
The declining influenza epidemic in the west of Canada caught several of the travelling show companies seen here a few weeks ago and caused their abandonment of further engagements. Among these companies were the Dandy Long Legs and Everywoman aggregations. The Chin Chin company, after being stalled down this way by the "flu" ban, met the same ban in Montreal and then again out west. It seemed to be moving westward as the epidemic finally finally the malady outstripped it and the company had to disband.

RETURNED FROM CHINA.
A bright little Chinese citizen is Hum H. of the lower part of Charlotte street, who has just returned from a long visit to China, where he went to see his brother up in business. Mr. H. made his appearance among friends yesterday and was warmly greeted. He says that in the flowery kingdom one would not have known that a war was going on in the other great parts of the world, as food prices were normally low and the people kept on living in their same philosophical way. The St. John man was in Canton most of the time.

MORRIS-MEMAHON.
A wedding of much interest took place this morning in the Cathedral of the Immaculate Conception when the Rev. Harold Coughlan, with nuptial mass, united in marriage Florence B. McMahon, daughter of Mr. and Mrs. Francis J. McMahon, and Harry J. Morris, both of this city. The bride was becomingly attired in a tailored suit of blue with hat to match and seal cape. After the ceremony Mr. and Mrs. Morris drove to the home of the bride's parents, 809 Union street, where a dainty breakfast was served. They were the recipients of many beautiful presents. Mr. and Mrs. Morris will reside in the city.

NOW HAVE GYMNASIUM.
The small boys of the Central Baptist church, Camarthen, and Leinster streets, have had a gymnasium set up for them in the large suite of rooms, formerly the Leinster street school, but which is part of the church equipment now. Mr. Henderson is the instructor and superintendent of this branch of work among the juveniles. The various other rooms are devoted to class studies, missionary and social clubs, girls' basket ball teams, etc. Possibly no church in the city is better equipped for these side lines of congregational work and recreation than the amalgamated Brussels street and Leinster street churches in their new home.

LIFE UNDERWRITERS ELECT OFFICERS.
An adjourned annual meeting of the Life Underwriters of New Brunswick was held at the Imperial Life offices on Saturday, when the following officers were elected for the current year:—
L. J. Lowe, Imperial Life, president; Robert Reid, Northern Life, vice-president; Robert Cruikshank, Continental Life, secretary; C. A. Hewitt, London Life, treasurer. P. C. McLean, E. R. Machum, A. S. Merritt, J. M. Queen and F. S. Farris, executive.

The newly elected president, Mr. Lowe, then appointed the following membership committee:—Robert Reid, S. W. MacMackin and Roy Sprinell; and R. Reid, S. W. MacMackin and M. L. McPhail is the entertainment committee. The newly elected and appointed officers are determined to make 1919 a banner year for this association and, as stated by the president, it is up to each member of the association to put his shoulder to the wheel and push.

CALVIN CHURCH

BOUGHT FOR USE AS SYNAGOGUE

Hazen Avenue Congregation Secures Edifice Formerly Used as Presbyterian Place of Worship—Remodelling It

The members of the Hazen Avenue synagogue congregation have acquired the Calvin Presbyterian church property, corner of Wellington Row and Carleton street, and preparations are now being made for its occupancy as a place of worship and as a Hebrew school. The transaction consummated several days ago between William Webber, president of the synagogue congregation, and William Levi, another prominent official of the church and the board of the St. Andrew's church, with which the Calvin church body was amalgamated. The purchase of these larger and more convenient quarters by the Jewish congregation in place of the Hazen avenue church, formerly occupied by the Unitarian body, came as somewhat of a surprise, as it was understood in certain circles the Knights of Pythias had practically decided upon acquiring it as a Castle Hall, since they are leaving the M. R. A. building, Germain street, next spring.

The old Calvin church is a two-floor edifice with commodious vestry accommodations on the ground floor and a high-ceilinged and well-lighted auditorium upstairs. It is in a fair state of repair and exceedingly well built. It is understood the price was in the vicinity of \$12,000.

The Hazen avenue congregation has been growing quickly of late, and the quarters soon to be vacated have been inadequate for a long time. Particularly in the matter of a school for religious and historical study has the old church proven too small. On frequent occasions or other special observances a large number of visiting communicants have made the capacity of the synagogue far too limited.

It is understood the old building will be sold, unless it is decided to retain it as a special building for the furtherance of philanthropic work or social endeavors, in which line of effort the Hebrew population is taking an active part nowadays.

COUNSEL GIVES NEW TURN TO EVIDENCE IN THE ROGERS CASE

In the Sussex police court on Saturday before Magistrate H. W. Folkins, the preliminary examination of Hugh McDermott, held in connection with the death of George Rogers of Barnesville, Kings county, was continued. J. M. McIntyre represented the crown and Ralph S. J. Freese and Wm. M. Ryan of this city defended.

The only witness examined was Robert Rogers, brother of deceased, who is instituting the charge. He told of originating his brother to St. John for hospital treatment following the shooting. He was also questioned concerning the size and shape of the bullet hole in the barn in which young Rogers was threshing when he received his mortal wound.

Mr. Freese contended that examination proved that the hole in the barn boards was more elliptical than round and seemed to have entered the building obliquely as if coming from a slantwise location. This, he contended, supported the assertion of the lads charged with the deed that the bullet fired at a fleeing animal had struck and was thus forced out of its course.

At a prior sitting of the magistrate's court it was asserted the bullet hole was round and was straight through the boards. The case will be resumed next Saturday.

DEPOT BATTALION CONTINUES INTACT

The work of the demobilizing of the troops in M. D. No. 7 which was commenced during the latter part of last week is being continued, every day seeing more of the khaki clad boys reverting to civilian life. The unit being demobilized now is the overseas section of the 9th Siege Battery.

A few days ago it was announced that the work of demobilizing the Depot Battalion would commence at once, but for some reason the work has not started yet. As an officer put it "We are waiting to see what is going to happen."

The greater portion of this unit is out on harvest leave, and from all indications are liable to remain on leave for a longer period.

WAS GASSED ON DAY BEFORE WAR ENDED

Mr. and Mrs. John Mantle, 119 King street east, were advised this morning from Ottawa that their son, Private Thomas Edward Mantle, a member of the 20th Battalion, had been gassed on Nov. 10, one day prior to the signing of the armistice, and had been admitted to No. 4 General Hospital at Camiers, Private Mantle went overseas with the 140th Battalion and when the armistice was signed up in England he was drafted into the 20th Battalion. Early in 1917 Private Mantle was quite seriously wounded but after recuperating returned again to France.

ST. JOHN GIRL SCORED HIT.
Mrs. Frank C. Owens of Truro, formerly Miss Florence Halpin of this city, was one of a party of sixteen girls and young matrons who buzzed over to New Glasgow last Wednesday evening to put on a fantastic musical programme at the Mercantile Fair. They made a distinct hit and by their patriotic numbers and exquisite floral embellishments were easily the feature of the evening. Mrs. Owens' share in the programme, besides characterizing a yellow rose, consisted of singing a turnabout of the song "Over There" entitled "Over Here," with inspiring references to the great victory and the end of strife. The former St. John girl was repeatedly encored.

Now Is The Time To Get In That New Heater We'd Suggest The Winner Hot Blast

The weather man served notice on us yesterday that the real winter is now here. All of which suggests properly heated rooms. In this connection, the WINNER HOT BLAST is just the thing. Built along modern lines of the very best material. Has an extra heavy brick lining and a sliding grate that makes easy shaking—getting rid of the clinker nuisance. Body of polished steel with heavy cast iron base and top. The extra large feed door is a feature that is a winner, and the bright nickled trimmings make this heater an ornament to any room. We are always glad to show our lines at any time.

When Baby Rings for The Carriage

After being amused all morning — or entertaining an admiring audience, baby issues a call for the carriage in order that the bright, fresh air might paint the cheeks. Be sure the carriage is in step with the occasion.

This store might be called the Home of Baby's Rolling Stock, so complete is it in its line of Carriages and Go-Carts. Take one illustrated, for instance — light, solidly made, easy running and roomy. Hood easily adjusted. Wheels rubber-tired, and the generous under-slinging prevents jarring the sidewalk. Other designs are also showing. Why not come in today and let baby pick out the one wanted?

Also a varied line of High Chairs, Cribs, Kiddie-Koops (an ingenious thing for keeping baby happy while you are working about the house). All at the Everett standard of quality and price.
