THE LOSS TO CUBA'S COMMERCE  
Certain Lines of Imports Which Suffered Most—Country Trade Increasing.

HAVANA, Oct. 31.—The custom house officials cannot certify exactly what lines of imports were decreased by the revolution, but provisions, dry goods, machinery and articles of luxury are supposed to have decreased more than anything else.

Opinions differ as to the re-establishment of confidence, although it is declared that a good index of the feelings in the country districts is the increased activity to be noticed among the schooners engaged in the coastwise trade. It is declared that the imports

from Europe have also fallen off. The Discussion considers that credit has been re-established by the action of the United States.  
Gov. Magon has asked that copies of the laws regarding duties be furnished him in order that he may see the existing conditions of the question.  
The resignation of Senor Montalvo, governor of the prison, has been accepted.  
Two seamen of the cruiser Brooklyn have disappeared with money obtained from men of the warship.  
Gov. Magon went to Madrid yesterday and partook of a Cuban breakfast.  
The Discussion regrets that three revolutionary generals of the year of 1895 have lost their positions owing to the changes in the bureau of prisons.  
An investigation will be made of the condition of the jails throughout the island, and it is believed that this result in the release of many persons now under arrest for alleged political or other crimes.

Winter Underwear.  
THE KIND YOU WANT AT THE RIGHT PRICE

Notwithstanding the extremely mild weather this fall, our underwear sales have been very large. We bought it direct from the mills, thus saving the middleman's profit. This saving our customers get the advantage of. We have not room here to tell you of all the different kinds we have, but we have the kind you are looking for and at the right price too.

MEN FROM INFECTED DISTRICT TRAVEL ABOUT THE COUNTRY

Four Lumbermen Ran Away From a Shulee Camp and Went to Their Home in Salsbury—Officers Are Now After Them.

MONCTON, N. B., Nov. 1.—The village of Salsbury has been placed in danger of infection from smallpox, which is raging in Kent county, through four men, who have been exposed to the disease, returning to their homes there. The four men were Elmer Kilian, David Branson, Wm. Brown and Copp Steves. They had been employed at lumber camps at Shulee, N. S., from which Ella Galant, who is now seriously ill with smallpox at his home in Kent county, was turned out when the disease made its appearance on him.  
Learning that the camp was to be placed under quarantine the four men left for their homes in Salsbury, passing through Moncton on the C. P. R. express yesterday afternoon. Hon. C. W. Robinson, owner of the camp in which they worked, telephoned of their departure to the Moncton health authorities, who communicated the facts to the county officials, who will take drastic quarantine measures.  
The postal authorities, acting under the direction of Dr. Fisher, of the Provincial Board of Health, have closed all post offices in the infected district and taken such other action as is necessary to prevent the spread of the disease.

EXPECT A BUSY MINING SEASON  
Cape Breton Collieries to Bank Heavily This Winter.

It Will Mean Plenty of Work in What is Usually the Dullest Part of the Year.  
(Glace Bay Gazette.)  
According to advice received, banking is to be carried on this winter at the collieries to a much greater extent than has prevailed during former years. Last winter comparatively little banking was done until towards spring and then the big bank at No. 2 loomed rapidly larger day by day till after the opening of navigation. Had labor conditions during the past summer proved more satisfactory as regards the number of men available for loading and other so-called unskilled labor in the mines, there is no question but that the coal shipments would have been materially larger than they have been. But during the height of the rush these classes of labor were much in demand all around the province. The Cape Breton collieries, however, the best and most reliable source for Cape Breton's labor supply was one contributory cause. There were, of course, many other reasons. The postal authorities, acting under the direction of Dr. Fisher, of the Provincial Board of Health, have closed all post offices in the infected district and taken such other action as is necessary to prevent the spread of the disease.

WORKED 16 HOURS WITH BROKEN SKULL

Remarkable Endurance of a New York Policeman.

Was Hurt in a Street Accident, Remained on Duty, But Collapsed Next Day.

NEW YORK, Nov. 1.—The World today says:  
"Policeman J. Ellier, champion all round athlete of the police department and winner of many medals in running jumps and sprints in the Canadian games this summer, was taken to Bellevue hospital in a critical condition last night, after having patrolled for 16 hours out of 24 during which he was suffering from cerebral concussion and a possible fracture of the skull. The surgeons at the hospital were amazed at the endurance the man displayed and said that it was the first time in his experience that a person was able to keep his feet for 24 hours with such injuries as the athlete had received. Ellier received his hurt in a street accident between a patrol wagon and a street car at 8 o'clock Tuesday night. After going to the station to make a complaint against his prisoner he went back on post and patrolled until midnight. When he reported off duty he went home and slept until 5 o'clock yesterday morning and reported for duty again at six. He patrolled until noon, slept until five in the afternoon, and went back on duty at 6 o'clock again last night. At nine he went to his station house and found a patrol wagon that he was feeling ill. 'I've got a pain in my stomach and I think it comes from my hurt in the street,' he said. The sergeant was about to reply when Ellier reeled and fell senseless. He was hurried to the hospital where the surgeons said last night that his condition is critical."

FREDERICTON HEALTH

Report for the Year Shows Very Little Contagious Disease—Father Ryan Starts on a Visit to Ireland.

FREDERICTON, N. B., Nov. 1.—The statement of the city board of health issued today shows that there were 132 deaths in the city during the past year as compared with 137 in 1905. The rate for the first half of the year was much below the average. For the twelve months there were only four deaths from typhoid fever and two of these were cases brought in from outside districts. From a health standpoint, the report shows the capital of the province as being of an exceptionally high character.  
It is said that owing to complications that have arisen the tax commission will not be in a position to report at the council meeting next Tuesday.  
Father Ryan leaves this evening for Quebec, where he sails by the Empress of Ireland for the Old Country on a three months' trip. During his absence Father McLoughlin will have charge of the parish at St. Mary's. Rev. Father Ryan was tendered a farewell by his parishioners last evening.

THE LAND BOOM IN WESTERN CANADA

C. P. R. Commissioner Talks of the Great Increases in Price—Most People are Doing Well.

MONTRÉAL, Nov. 1.—M. F. T. Griffin, C. P. R. land commissioner at Winnipeg, who is still here on departmental business, informed the Herald today that the general price for land in the unoccupied parts of the company's territory in the west is from \$10 to \$20 an acre according to location. "Everything points," he said, "to the price going up. People who have been settled for a few years are always wanting to enlarge their holdings wherever they can and are willing to pay double and triple the price for the original holdings. I know nothing that speaks more eloquently of the general confidence felt in the conditions and possibilities offered by the West than the fact that they have, they know what they can pay for land and what profit they can make out of it. They are doing well, they are getting rich. Those who went into the West half a dozen years ago are practically without exception in prosperous circumstances today."

CHARLES A. E. IS AFTER THE EARL GREY PRIZE

MONTRÉAL, Nov. 1.—Dr. Charles Harris intends taking his pitharmonic chorus of three hundred singers to Ottawa to compete for his excellency's musical and theatrical trophy in January.

SARDINES FAIL AND STARVATION LOOMS

Fisherfolk of Brittany Face to Face With Winter of Distress.  
Militant Priests Incited the Hottest to a Revolt Against Authorities.

PARIS, Oct. 31.—The Brittany fishing fleet has failed this year, and the winter will once more bring with it starvation for the unfortunate people.  
"La sardine n'a pas donné," is the cry everywhere, and, as a matter of fact, not only have the sardines this year again failed the Brittany coast, but also the langoustes (a species of lobster) and the herring. "Last year," said one old woman "we women and our little ones lived through the winter on dry crusts of bread and tears. This year tears will be all that we shall have to live on."  
A number of influential people in Paris, with the Duchesse de la Rochefoucauld and other leaders of society at their head, are attempting to raise funds for the women and children of the Brittany fishermen by encouraging the lace trade, which in past years has fallen into disuse. The British women make the most beautiful lace in France, but owing to its very beauty it takes long to make.  
M. Thomson, the minister of marine, has ordered an inquiry into the state of affairs in Brittany, and has sent experts down for the purpose. It is thought, too, that the first votes of the new parliament, when it meets in about a fortnight's time, will be a vote on the subject of the pauper's hunger among the fishermen, the tinners and the packers.  
PRIESTS INCITE REVOLT.  
Unfortunately, the more militant of the priests in the wider parts of the country are already using their influence to stir up the hotter-headed among the men to open revolt against the authorities, and are declaring that the famine is a direct result on the part of the Almighty to the disestablishment of the churches.  
It must not be forgotten that the Bretons are, perhaps, the most ignorant and are certainly the most bigoted, of the provincial population of France. In many ways they are singularly like the Irish, and of course they are of Celtic race, with all the general enthusiasm that the Celts possess.  
An epidemic in Brittany would mean something very like civil war, as the Breton has always refused to look upon the Frenchman as a fellow-countryman at all.

WHAT CANADIAN DELEGATES DID

Only One Struck Right Note, Says President of Manchester Chamber of Commerce.

LONDON, Oct. 31.—At the quarterly meeting of the Manchester Chamber of Commerce, the President, E. H. Langdon, referring to the meeting of the Chamber of Commerce of the Empire in London, said that notwithstanding the efforts of the Lancashire and large Indian manufacturers, the Manchester vice-president, and the well-voiced protest of the Chamber of Commerce, the Canadian delegates were enabled to carry their resolution: "Urge His Majesty's Government, both home and of the Colonies, to grant preferential treatment in respective markets on a reciprocal basis, etc."  
"We were beaten on a vote by the hon. member for the Chamber of Commerce of London, Birmingham, Cardiff, Leeds, and Sydney, while others did not answer their names."  
"The earnestness and enthusiasm of our Canadian friends inspire the great admiration, as it was marvellous how eloquently they dived on the unknown potentiality of their soil, for getting that we largely import our food from other countries, and that imports from any other country, be it colony or foreign state are uncertain, and that the wider the area this country obtained its food from the better it was for the country."  
"In none of the speeches of the Canadian delegates was there any indication that Canada would receive our manufactures duty free, or at least with such a rate of duties as would permit our obtaining a foothold in their markets."  
"One and only one of the Canadians struck the right note when he said no practical solution of the fiscal question could be determined until they had absolutely free trade between the colonies and the entire Empire."  
"My opinion is that free trade with the Empire may be an ideal goal, but the difficulties for a general and equal arrangement are too stupendous to be overcome."  
CLERICAL PAINTER.  
LONDON, Oct. 31.—The Rev. D. J. Watkins-Jones, curate of St. John's, Stratford, has repaired the interior of St. John's Hall himself, and has carefully renovated the building.

BATTLE LINER NEMEA BURNED ON VOYAGE TO MANCHESTER

Abandoned by Her Crew, Who Were Rescued by Another Steamer—She Was Laden from St. John—J. E. Moore Owned the Cargo—Fully Insured

ST. GEORGE STILL BELIEVES THAT C. P. P. WILL BUY SHORE LINE  
Valuable Find of Copper Ore at Back Bay—Herring are Plentiful Just Now, But the Season is Not a Good One.  
ST. GEORGE, Oct. 31.—Much progress has been made during the past summer and fall months in providing the town with an adequate sewer system. Among the most recent of these improvements has been the placing of pipe to properly drain the lower part of Carlton street. This part of the town has long felt and shown the necessity for such drainage. Other parts are similarly in need, but if the system is extended so as to benefit those buildings on and near Portage street, it is felt by many that the most pressing part of this work will then have been attended to.  
Rumors of the early acquisition of the N. B. Southern Railway by the C. P. R. still continue to circulate notwithstanding the denial given by the N. B. officials to earlier rumors to the same effect. There is reason to believe that the prospects of the C. P. R. taking over the property around Letang Harbor are brighter than ever. The St. John press has recently been publishing articles or interviews to the effect that the N. B. S. R. would not be taken over by the C. P. R., but that the present owners would have the line placed in first-class shape. As far as this latter statement is concerned, it may be said that so frequently have such statements been given to and published by the St. John papers and so steadily has the condition of the road been allowed to run from bad to worse notwithstanding the supposed good intentions of the owners or managers, that such published statements are taken with the proverbial grain of salt by the people of St. George or are held by them to have no meaning whatever.  
Work has been progressing steadily at the copper mine at Back Bay. The main shaft has been sunk to a depth of over three hundred feet and a larger and richer body of the ore than any yet found is understood to have been reached.  
There is a movement on foot with the object of forming a local company to take over the business of the Victoria Granite Company.  
Large schools of herring have been in the Magaguadavic river for the last couple of weeks with the result that certain of the weirs there have been doing a good business. Among those who have recently been making good hauls are Messrs. Stephen Dick, Chas. Leland, Wm. Matthews, Wm. Campbell, Percy and Chester Catherine and others. On the whole, the coast in this vicinity reports a poor year and in Letang practically nothing has been done this season.

WEST INDIA LINER OLENDIA ARRIVES

Two Chinese Among the Passengers—Steamer Will Discharge Sugar Here.

The Elder Dempster Line steamer Olendia now chartered by Pickford and Black, arrived off Partridge Island last evening from Demerara, British West Indies and Bermuda, and docked at the Pettigill wharf this morning. The ship had a fine passage up, with the exception of a couple of days of thick weather. She brought besides the mails and a large general cargo, two first cabin and fourteen second cabin passengers, and two Chinese in the steerage. The first cabin passengers were as follows:  
Captain N. J. Kennedy, from Barbados; Mr. P. O'Reilly, from St. Lucia, and Dr. J. W. C. Sull, from Antigua; for Montreal: Mrs. G. C. Harriott, Miss L. Harriott, Mrs. W. Carmichael, Mrs. W. A. Riley, from Bermuda for Toronto, and Lieut. E. D. Drury, R. W., from Bermuda for England.  
The second cabin passengers were: Mrs. E. Thomas and child, Mrs. E. Tucker, Mrs. E. G. Isaac, from Antigua for United States; Miss C. Gooding, from Barbados; Mr. J. P. Kent, Mrs. J. P. Kent, Mr. H. Brown, Mr. Wm. Phipps, Mr. John Phipps, from Bermuda for Ontario; Mr. G. E. Sterling, from Barbados for Newfoundland, and four gunners of the R. G. A. in the steerage. Mr. Ho Hew Hong, from Demerara for Hong Kong.  
J. Sandall, formerly purser of the steamer Oruro now holds that position on the Olendia, and Mr. Dagnall, who was on the Olendia last voyage is transferred to the Oruro. The Olendia shifted to Sand Point this afternoon where she will discharge a large quantity of sugar, and will sail for Halifax on Saturday.

TOOK HIM EIGHT MONTHS TO RETURN THE TIMBER

J. E. Quinn Bought a Stick From F. E. Sayre in March But Did Not Feel Like Paying For It.

The docket in the civil court was not a very large one this morning, but Judge Ritchie and the officials were kept busy until one o'clock with a case between two city firms and the amount involved was \$165. The F. E. Sayre lumber firm sued John T. Quinn, of Quinn & Co., north end hardware merchants, for the amount mentioned. Mr. Lawton, a clerk for Mr. Sayre, testified that Mr. Quinn purchased a stick of spruce timber last March, but all attempts to collect the amount were fruitless. The timber was returned to the Sayre yard last Monday evening. The steamer which delivered the timber last March testified as to Mr. Quinn accepting it, and the collector for Mr. Sayre told of trying to collect the bill.  
Mr. Quinn testified that the piece of timber was not what he wanted, but acknowledged keeping it for eight months before returning it. After the case had dragged out for about two hours, Mr. Quinn decided to pay the \$165 and the matter was dropped.

PUBLIC HOUSE WHIST ILLEGAL

LONDON, Oct. 31.—The Midland Cheltenham Club, which is an association of old students of Cheltenham College, failed yesterday at Birmingham to obtain permission to hold a whist drive at the Acorn Hotel. It was stated that prizes would be played for, and the magistrates held that this was tantamount to playing for money.

THE COURTEOUS CYCLIST

LONDON, Oct. 31.—Ralph Sadler, a cyclist, of Batoum Gardens, West Kensington, was knocked down and rendered unconscious in a collision with a motor car. When he recovered consciousness in Crofton Hospital his first words were a hope that he had not caused the motorist any inconvenience.

THE CANNED MEAT BUGABOO

Sir Frederick Treves Says the Real Danger is in Food Laden With Germs.

LONDON, Oct. 31.—Sir Frederick Treves, surgeon to the king, addressing the National Health Society, ridiculed the recent outcry against canned meats, when he said, virtually everybody was indifferent to the far greater danger in food and milk laden with death dealing germs.  
The public did not seem to mind swallowing anything they could not see. Their milk and meat as now unsanitary supplied swarmed with the bacilli of typhoid and other diseases, but as they were invisible the public did not care. Canned meats which contained floor sweepings and pieces of rats and men were harmless, because they were cooked. People were straining a grant and swallowing a camel.  
The present treatment of meat before it was eaten was not in the least more sanitary than it was in the days of the neolithic cave dwellers.

THE WINNERS IN CHAMPIONSHIPS  
AT THE PHILADELPHIA DOG SHOW

Champion Edgewood Biddy  
Champion Winner Edgewood Peer

ROLLER SKATING  
RACES AT ROLLAWAY.  
At St. Andrew's rink last evening there were two races, the last being very exciting. The first was between Campbell and Hamm. Campbell showed a considerable speed, but Hamm fell in the fourth lap, retiring from the race. This allowed Campbell to finish leisurely, winning the race. Time 3:31. The race between Dalton and Dean had been looked forward to with great interest, and was very closely contested. Dalton led the race until the eleventh lap, when he struck a flag pole and partly stumbled. Dean then jumped into the lead and won by about 6 feet.

FOOTBALL  
FREDERICTON, 3; ROTHSAY, 0.  
The Fredericton High School football team defeated the Rothsay Collegiate team yesterday by a score of 3 to 0. The game was played in a heavy snow storm, and was closely contested throughout. Stirling, who played a star game for Fredericton at quarter, got over for the try in the first half. Capt. Dolan put up a fine defense game for his team. Rev. Mr. Trumper refereed. The Fredericton boys hoped to arrange a game with the St. John High school team, but the two teams could not come to an agreement.

WINNER AND LOSER FOR CHAMPIONSHIP  
Frank Watkins, a millionaire of Portland, Ore., won the American bull terrier championship with his specimen Edgewood Peer at the specialty show in this city yesterday. The Western dog swept every event in which he entered, including the classes for American bred dogs. Edgewood Biddy finished second in the main event, but won in the classes exclusively for blackens.

ON THE ALLEYS  
MATCH GAME FRIDAY NIGHT.  
A match game of cards pins for a valuable prize is to be played Friday night on the Bichey alleys. More than the usual interest is being taken in this game as friends on both sides are backing their favorites very strongly. There will be five bowlers on each side captained by R. Norton and W. Archibald. The game is called for 8 o'clock sharp.

THE RING  
SAN FRANCISCO, Oct. 31.—Al Kaufman tonight gave Sam Berger a severe beating for ten rounds. When Berger was all but out his seconds threw up the sponge in the 10th round. Only once did Berger seem to have a chance. That was in the third round. At the opening of this round he dropped Kaufman with a right to the jaw. Kaufman stayed down nine seconds and Berger floored him again with a left to the jaw. After that Kaufman had much his own way.

WANTED—Fifty men to work on street railway in Carleton. Apply to foreman at the works. 1-11-4

The monthly business meeting of the King's Daughters Guild will be held on Friday at 8:30 p. m.

Rev. E. T. Miller, of Great Village, N. S., will preach at both services on Sunday in the Ludlow street Baptist church.

Captain Longwise, of the schooner Dorothy, who is ill, returned home yesterday on the steamer Yarmouth. Capt. Genet of the Packet succeeds him in the Dorothy.

A business meeting of the members of Waterloo Street Baptist Church was held last night. Owing to the small attendance no action was taken regarding the selection of a new pastor.

There was a good attendance last night at the third of the series of social evenings in the C. P. hall. The chaperones were Mrs. Thos. Gorman, Mrs. John F. Morrison and Mrs. Wm. McIntyre.

Among the presents received by Miss Margaret Campbell, who yesterday became the wife of Adam McColgan, were a pretty piece of silver and a clock, sent by the teachers of Centennial school.

The proceeds of the tea which will be held in St. John's (stone) church school room this afternoon will be devoted to the purchase of a cot for the Orphan Home at Labrador. There will also be a candy table and a short musical programme.

It is now stated that Rev. Clarence McKinnon, now of Winnipeg, will not return to C. B. Some weeks ago he was mentioned in church circles as likely to receive a call from Knox congregation of this town—Glace Bay Gazette.

The date of the consecration of Canon Richardson as coadjutor bishop of the diocese has been fixed for the thirteenth of November. The ceremony will take place in Christ church cathedral, Montreal. Bishop Sweetman of Toronto will officiate.

The inmates of the Boys' Industrial Home made merry last night. Mrs. L. B. Knight sent them in some fruit and P. H. Hall gave them some books. Under the guidance of Supt. Pearce the young lads thoroughly enjoyed the evening hobnobbing for apples and indulging in their amusements.

A fire broke out Tuesday evening about 7:30 o'clock in the residence of C. T. Nevins, 30 Queen street, and narrowly escaped being a serious conflagration. The fire started in a mysterious manner in the kitchen, and burned along the windows and the back of a chair before it was discovered. The fire was extinguished without the aid of the fire department being called.

News has been received of the death of Miss Vilda Shaw, only daughter of Mr. and Mrs. William Shaw, formerly of St. Andrew's. The deceased was a bright, healthy child of nine years when the family left St. Andrews three years ago. Dr. O'Meara, president of the funeral home, has been suffering for months. Besides her parents, two brothers survive her.

Despite bad weather and many other attractions throughout the city last night the Portland Opera Company excellently presented Gilbert and Sullivan's Mikado at the York Theatre to a good sized audience. The different parts were well taken and the opera was prettily staged. The bill to be sung tonight is the Runaway Girl. It is one of the best operas in the company's list and should draw a good house.

A quiet and pretty wedding took place last evening at the residence of William Farren, 42 Peter street, when Josephine M. Farren was united in marriage to William Gibson, a well known young tailor. Rev. Mr. Dickie of St. Stephen's Church, performed the ceremony. The party of the young couple was given at the residence of Mrs. Farren. The bride was attended by her bridesmaids, and the groom by his best man. The ceremony was performed by Rev. Thomas Marshall.

A very pleasant congregational reunion was held in the school room of St. John's (Stone) Church last night. There was a very fair attendance in spite of the inclement weather. The pastor, Rev. Gustav Kuhring, addressed the gathering, and referred to what had been accomplished by the church the past year, and outlining the work for the coming year. Dr. O'Meara, president of the Y. M. C. A., was present and delivered a helpful and instructive address on the principles which should govern church workers. During the evening music was provided by the choir. Dr. Arnold Fox presided at the piano. At the conclusion of the programme refreshments were served by the ladies of the congregation.

A very pleasant congregational reunion was held in the school room of St. John's (Stone) Church last night. There was a very fair attendance in spite of the inclement weather. The pastor, Rev. Gustav Kuhring, addressed the gathering, and referred to what had been accomplished by the church the past year, and outlining the work for the coming year. Dr. O'Meara, president of the Y. M. C. A., was present and delivered a helpful and instructive address on the principles which should govern church workers. During the evening music was provided by the choir. Dr. Arnold Fox presided at the piano. At the conclusion of the programme refreshments were served by the ladies of the congregation.

A quiet and pretty wedding took place last evening at the residence of William Farren, 42 Peter street, when Josephine M. Farren was united in marriage to William Gibson, a well known young tailor. Rev. Mr. Dickie of St. Stephen's Church, performed the ceremony. The party of the young couple was given at the residence of Mrs. Farren. The bride was attended by her bridesmaids, and the groom by his best man. The ceremony was performed by Rev. Thomas Marshall.

Hallowe'en has come and gone, and it was fully celebrated in the city. The snow storm which arrived early in the day saddened many feminine hearts, but towards evening, when they found there was no sign of the weather clearing up, candles were ordered by those intending to spend the evening at entertainments, and the candles about the "ill winds", etc., was fully appreciated by the Jesus.

There were many surprise parties, apple bob and candy pullings throughout the town, and altogether Hallowe'en was celebrated royally. The small boy was to the fore as usual, Policeman Crawford being called to Princess street twice because of a gang of fifty future citizens, with blackened faces, who were endeavoring to smoke out the residents of that section. The youngsters proved elusive and doubtless the arrival of the police added zest to their fun.

REGENT WEDDINGS.  
WALLACE-WALLACE.

The marriage of H. A. Wallace of the C. P. R. employ to Miss Ethel Wallace, daughter of W. E. Wallace, section foreman of the C. P. R., took place at Fairville yesterday afternoon. The bride's costume was of blue broadcloth with hat to match.

After the ceremony, supper was served at the home of the bride, and the newly wedded couple left on the evening train for a honeymoon trip to Liverpool, Canada and American cities and on their return will reside at 277 Main street, Fairville, where the bride will receive her friends on Nov. 15. Both of the parties are well and favorably known.

RIPPET-RHENO.

The home of Mr. and Mrs. A. McAlister, City Road, was the scene of a happy event yesterday morning, when their cousin, Miss Grace D. Rheno, became the wife of Thomas Ripplet of St. John west, Rev. I. A. McLean officiating.

The bride wore a broadcloth suit with hat to correspond, and mink fur, the gift of the groom.

After the ceremony a wedding breakfast was served and Mr. and Mrs. Ripplet left by steamer Prince Rupert for a visit to the bride's home in California, N. S.

PALMER-HUNT.

A very pretty event took place last evening at the residence of Norman Gregory, 247 Charlotte street, when Miss Augusta Finley Hunt, daughter of the late Captain Hunt, was united in marriage to Arthur E. Palmer, electrical engineer with the C. P. R., by Rev. Mr. Richardson.

STOCKFORD-DONALD.

James I. Stockford of Gagetown and Alice M. Donald of Summer Hill, Queens County, were duly married last evening at the residence of William Daley, St. James street. The ceremony was performed by Rev. Thomas Marshall.

CROMBIE-WORDEN.

Marcus Crombie and Ella M. Worden, both of Juvenile Settlement, were married yesterday at the residence of Thomas C. Wiggins, 72 David street, by Rev. G. M. Campbell. They were unattended.

THE CARNIVAL.

Over a thousand persons enjoyed the carnival and pop concert at the Victoria rink last night. The prize winners were: Traumper — S. D. Oliver; Sweet Caporal Cigarettes — A. E. Crowley; Fredericton: Everybody Works! But Father, Fred McKay, Wm. Lawry, John Fleit, Fred Stein. Lucky ticket winning \$10 prize, No. 125, held by Jas. Hold, 460 Strait Shore. Waiting competition, won by Miss A. Lourie and Jos. McDermott.

WANAMAKER-DAVIS

Wentworth Hall, Elliott Row, was the scene of a very pretty wedding last night. In the presence of their immediate relatives Ethel P., daughter of Dr. and Mrs. E. N. Davis, was united in marriage to J. S. Wanamaker. The ceremony was performed by Rev. Miles S. Trafton. The bride was beautifully gowned in white broadcloth silk with chiffon and silk applique trimmings. She carried a large bouquet of white roses and carnations.

Little Miss Ethel Cosman, a niece of the bridegroom, acted as flower girl. The parlor in which the wedding took place was prettily decorated with red and white carnations, a large bell of these flowers being a feature of the decorations.

A dainty supper was served immediately after the ceremony. The happy couple left on the late express last night and will proceed to Charlottetown where they will reside. The bride's travelling suit was of dark red cloth with hat and gloves to match.

Among the many beautiful gifts received were a case of cutlery from D. Magee's Sons, which firm Wanamaker represents in Prince Edward Island; silver Pah set from the members of Messrs. Magee's staff; silver fruit dish, from the London House Wholesale and pieces of white-cloth from the bride's friends of the London House millinery department; checks for substantial amounts were received from the two grandmothers, the father and the uncle of the bride. The groom's gift to the bride was also a check.

Both of the young people are very popular in the city and will be followed by the best wishes of their many friends.

QUEENS-SHELburne.

The only question that ever existed in the Queens-Shelburne contest was in regard to the size of Mr. Fielding's majority. His success was never for a moment doubted. But when the campaign is considered, the vote polled by the minister was larger even than his friends anticipated. Mr. Fielding did not lead the strenuous life in his constituency; he had more important work on hand than stumping the country especially when an active campaign in his favor was being carried on by the opposition candidate. The Conservative leaders in choosing Dr. Weldon thought that they had a strong man. In these days of such a dearth of real ability, they probably selected the best candidate available, but Dr. Weldon pursued a mistaken policy throughout his entire campaign. He attacked Mr. Fielding's personal character instead of, as sensible politicians do, confining his utterances to the public career of his opponent and offering such criticism as might come to his mind. In this he was not wise, as was shown at meetings addressed by Dr. Weldon, for Mr. Fielding is respected and trusted by his opponents as well as by those of his own party, and the assertions made by Dr. Weldon were of effect only in strengthening Mr. Fielding's position.

Yesterday's election brings to a close a long drawn out and bitterly partisan struggle on the part of the opposition. Through the tactics adopted Mr. Fielding has been put to considerable unnecessary inconvenience and has suffered interruption in his departmental work. But he has come out of the contest with stronger support than ever, while the Conservative workers have, by their policy lost many friends.

REMOVE THE POLES.

The city of Portland has reached the end of a long fight with the telegraph, telephone and power companies, and will within a comparatively short time be beautified by the removal of several thousand poles which now disfigure the streets. This happy conclusion has been attained after a contest extending over two years, a contest which was strenuously fought by the companies and which was successful only by united and determined action on the part of the civic authorities. Some fifteen hundred poles will be taken down at once, clearing one side of most of the principal streets, while others will be removed as fast as conduits for the wires can be prepared. The city is not paying for this work, but has compelled the different companies to do so as the people desired.

FREE KINDERGARTENS.

The committee of ladies and gentlemen in charge of the Free Kindergarten in St. John are arranging for their annual public meeting to be held in the High School on Monday evening next. The interest in this work is steadily increasing but it is desirable that greater support should be extended to the undertaking. An appeal for funds for the conducting of the three schools is now being made and deserves special notice. The committee have secured T. B. Kildner, Rev. G. M. Campbell and W. F. Hatheway as speakers for Monday evening's meeting.

PASSING.

A spice-jar in an empty room;  
A fountain in the wilderness;  
A spark of flame in forest gloom;  
A jewel in a mourning dress—  
So seemed her bravely dancing feet,  
Her blowing hair and gypsy face,  
At gray noon, on my dripping street—  
A dreary, rattling, paved place.  
And all my day was faintly sweet,  
And not so darkened as before,  
Because she passed along the street:  
Her light, swift shadow charmed my door.  
—F. Theobald in November Lippincott's.

WHY THE LECTURE ENDED.

A certain professor was giving his pupils a lecture on "Scotland and the Scots." "These hardy men," he said, "think nothing of swimming across the Tay three times every morning before breakfast." Suddenly a loud burst of laughter came from the center of the hall, and the professor, amazed at the idea of any one daring to interrupt him in the middle of his lecture, angrily asked the offender what he meant by such conduct. "It was just thinking, sir," replied the lad, "that the poor Scotch chaps would find themselves on the wrong side for their clothes when they landed!"—November Lippincott's.

AN EASY MATTER.

The man was playing euchre with the latest belle of the Mountain House, while his bride-to-be sat by, trying to busy her mind as well as her fingers with a piece of embroidery. Suddenly her husband turned toward his wife with a patronizing air. "Pardon me," he exclaimed; "I thought you were spinning."  
"Oh, pray don't move!" the little woman replied. "I can spin wool perfectly well!"—November Lippincott's.

THE EARTH'S SURFACE.

Two sisters, one tipping the scales at two hundred pounds or more, and the other slight to extreme slenderness, but very graceful, were being introduced at a reception.  
"What's her name?" whispered one young man to a friend, referring to the slim sister. "I don't know," answered the friend. "Virginia," repeated the young man, in apparent surprise. "Then her sister must be the whole United States!"

FILLING A LONG FELT WANT.

"Give us a national ode," said the speaker, who was being introduced. But Teddy's our national him, and the assertions made by Dr. Weldon were of effect only in strengthening Mr. Fielding's position.

WHICH EYE?

"John, look me straight in the eye and tell me you've not been drinking," the more explicit, "I don't know, which pertikuler eye? Seems to me you've got more eyes 'n a potato!"—Illustrated Bids.

WHICH WILLIAM?

During a conversation between the present German Kaiser and his Chancellor, the latter, in closing a remark, said:  
"As the immortal William once put it, 'That's pretty good,' spoke up the Kaiser. "But I don't know, which I say that?"—November Lippincott's.

TRUTH TOLD.

"Do you think there is any use of trying to reform the world?"  
"No. The people whose spelling really needs reformation worst don't read enough, to know that a reform is in progress."

PRINCE ARTHUR OF CONNAUGHT TO MARRY MARJORIE MANNERS

Canadians will be interested in the announcement that Prince Arthur of Connaught, nephew of King Edward VII, who visited this country last spring while returning from a diplomatic mission to Japan on behalf of his royal uncle, is to marry Lady Victoria Marjorie Manners, daughter of the Duke of Rutland.  
The constancy of Prince Arthur to Lady Victoria has at last overcome the objection of King Edward to the proposed bride's lack of dowry, and his royal uncle has after two years of waiting given his consent to their marriage.  
It was more than two years ago when the reported engagement was the engrossing topic in royal circles. At that time King Edward refused to sanction the match unless Lady Marjorie's father provided her with a dowry of £250,000 a year. This sum, the Duke of Rutland, had very little money. The marriage has been extremely popular in London society. She is a petite brunette, with piquant features and soft, brown curly hair. She has been a favorite model for many great painters, and no girl of the present generation has been more painted than she. Her mother (best known as the Marchioness of Granby) has made pencil pasted sketches of her in every position, and she has been sculptured in a half dozen poses.

AUTO RACES POSTPONED.

NEW YORK, Nov. 1.—The Governors of the automobile club of America decided yesterday to postpone the motor wagon contest of the club scheduled for November 7 to 10 inclusive until next year. A number of entries had been received, but a general canvass of the makers of commercial vehicles showed that the proximity of the two New York shows which will be followed by those of Chicago and Boston would render it difficult for them to prepare for the contest.

JEWISH WOMEN URGE  
ELECTION OF GIBBONEY

Miss Rosa Gold Praises Man Who Cleaned Out "White Slave" Dens

MISS ROSA GOLD.

She was the eloquent speaker on Monday before the first political meeting in Philadelphia ever arranged by Jewish women. She urged the election of D. C. Gibboney, whose work in cleaning up the white slave dens in which Jewish girls were kept, prisoners has raised the Jewish population in favor of his candidacy.  
This is the first time that Jewish women have held a political meeting. It was held in London Hall, 638 Mountain street, and the audience was enthusiastic.  
Miss Rosa Gold, the principal speaker, said in part:  
"The Gang imagines that the last year of civic righteousness was but the showing of the sun through the dark clouds of delinquency and political corruption. Its members think the sinister masses of thieves will again obscure all the purposes of law and justice."  
"It is for the citizens of Philadelphia to stay, like Joshua, this sun of reform from setting in the west, and to ever, if D. C. Gibboney is elected there will be protection for the righteous and prosecution for the lawless."  
If the Gang candidate is elected alone knows what will be the outcome.

AMERICAN SOLDIERS  
WILL BE TAGGED

Metal Discs to be Worn by all Enlisted Men for Purposes of Identification

WASHINGTON, Oct. 31.—Acting upon the recommendation of General O'Rielly, acting secretary of War, orders that hereafter identification tags of aluminum, the size of a silver half dollar, stamped with the name, company, regiment or corps of the wearer, be suspended from the neck of every officer and soldier, underneath the clothing by a cord of thong.  
These badges will be issued gratuitously to enlisted men and at cost price to officers.  
General Barry, acting chief of staff, states that there can be no question about the great importance of such badges, as is demonstrated by the thousands of graves of the unidentified dead of the civil war.  
Attention is called to the fact that the regulation provides for the use of such marks and requires belligerents to forward such badges found upon the bodies of the dead to the proper authorities on either side.  
Two races at St. Andrew's Rollaway tonight. Two fast and evenly matched boys, Olive and Hunter, will skate a mile race. Dean and Dalton will skate another race, and the friends of both men have bet considerable money on the result. Those who attend the Rollaway tonight will see two great races, either one of which is worth the price of admission. As usual there will be a band in attendance.

KITCHENER AS AN  
ARMY REFORMER

Important Staff Changes in Indian Army  
Ordered—Too Many Commanders

Commencing this month, some important changes will be inaugurated in the staff of the army in India. A very careful survey has been made by Lord Kitchener, and the result thereof will be an alteration in the commands in the future, and the power and responsibility will be more centralized.  
It has been found that there are too many commands, and that this evil is widespread from the chiefs posts to the minor ones. It has been the fashion for every civil district to have troops in order to dignify the station headquarters, and quit apart from military requirements. The redistribution under this head has already commenced.  
The important points of the moment lie in the higher commands, such as the Northern and Rawal Pindi, the Western at Peshawar, and the Eastern at Naini Tal. These commands are considered to embrace too much territory for efficient administration. A general holding one of these big appointments is very much in the hands of his subordinate generals, and it is considered that there should be nine commanders with full powers instead of three. These nine generals would be the commanders of the divisions which were recently created by Lord Kitchener, and which, therefore, already exist. These three supreme generals may be removed and their powers and responsibility divided among the divisional chiefs.  
If this plan is carried out as follows:  
1st Division, Peshawar.  
2nd Division, Rawal Pindi.  
3rd Division, Lahore.  
4th Division, Quetta.  
5th Division, Mhow.  
6th Division, Poonah.  
7th Division, Meerut.  
8th Division, Lucknow.  
9th Division, Secunderabad.  
There is also a tenth division in Burma, which is already a self-contained command.  
The lieutenant-generals commanding the big areas are Sir Bindon Blood, one of the best officers in the service, who retires on October 15th from the Northern Command; Sir Archibald Hunter, Western Command; and Sir Alfred Gaselee, Eastern Command. The former has been temporarily succeeded by Sir Edmund Barry.  
A complete revision, it is understood, is to be made in military education and also in training. An officer who will be practically an inspector-general, will visit all the stations and keep the methods of instruction up to date and on common lines. The General Staff scheme for India is ready, but its application is delayed owing to the home plans not being sufficiently forward.  
The general idea is to make training

OUR SLIPPER SHOW!

We call our Slipper show "Our Slipper Show" for it's nothing short of a "Show." This is the season of the year when slippers are in great demand, and we have taken unusual care to provide a splendid assortment.

We've Slippers for all occasions and for every member of the family. Slippers, that Ladies will delight to wear—Slippers for home, or for balls and receptions. Slippers that will stop the noise of the romping boys. Slippers for the children and for the babies, and Slippers that will keep the "Governor" of the family happy and contented by his own fireside.

Excuse us, please, from trying to describe the styles. It would be an endless task.

SEER MARTINDALE PREDICTS  
AN EARLY, SEVERE WINTER

From New Brunswick Woods, Philadelphia Hunter, Observing Wild Animals. Preparations Sends Chilly Prophecy

THOMAS MARTINDALE IN HIS N. B. CAMP

The Philadelphia merchant writes predicting an early, severe winter. Last year from observations made at his camp, he foretold accurately the late and mild winter which ensued.

FOX KILLED IN DINING ROOM.

LONDON, Oct. 31.—While the Grayton hounds were out hunting on Thursday morning a fox, turned out of the covers, near to Grayhurst House, the residence of W. V. Carille, ex-member of Parliament for North Bucks, dashed across the lawn and entered the dining room through the open window. The hounds followed, and amid much excitement, killed their quarry in the room in the presence of the servants. Considerable damage was done to the furniture and the carpet.

With a clear-up in the weather M. E. A. offer a fine line of eastern and northern undershirts also dressing jackets in eiderdown. Sales start in the morning at 8.30 in the costume section. The advertisement in the regular place today tells the whole story, a story of great values. Warm dressing jackets are a necessity to every woman now-days and undershirts she never has too many of, as far as colors go, at any rate.

**BRITISH TRADE AND NAVIGATION.**  
The accounts relating to trade and navigation of the United Kingdom for September show that foreign and colonial exports amounted to £2,320,762, British exports to £2,363,153, and British imports to £45,958,557. The total exports are nearly £2,000,000 in excess of those for September, 1907. Foreign trade shipping entered with cargoes totalled 3,605,991 tons, and cleared with cargoes 4,644,172 tons. This blue book makes a handy reference volume for the Canadian merchant.

**TO STUDY COTTON.**  
NEW YORK, Nov. 1. - The committee of the British Cotton Manufacturers sent to this country to investigate the future supply in a broad sense of the raw material, arrived on the Cunarder *Garonia* yesterday. It consists of H. W. MacAlister, the chairman of the committee of six that came over in the spring and W. J. Orr, who also was a member of that committee. These gentlemen are this year accompanied by A. N. White, their secretary, and E. F. P. Hollins, son of a large manufacturer who is accompanying the com-

mittee on his individual account. The visitors will probably remain here for a day or two and meet American spinners and will then start on a systematic trip throughout the south to watch the picking methods and round out their practical investigation of the growing problem which began during the planting season last spring. Mr. MacAlister quite fully and frankly explained the object of his visit yesterday. The supply of raw material was, he urged, the question of first importance to the British cotton manufacturers and the manufacturers he represented, 15 in number, were trying to inform themselves in a practical manner on the conditions affecting the production. Mr. MacAlister said also that the handling and the railway transportation of cotton would also be looked into.

**THE ABSENT-MINDED PASSENGER.**  
LONDON, Oct. 31. - There are more than 1,200 lots at the Midland Railway Company's sale of unclaimed property now going on at Derby. They include timber, iron, furniture, crockery, drapery, clothing, boots, travelling rugs, umbrellas and walking-sticks, jewelry and bicycles.

A grim visage of war will be presented tonight at the Opera House by the *Julia* Company in the great play of Zira, in which Miss Aubrey will play Zira, a nurse in the field hospital in South Africa, during the Boer war. Both English and Canadian troops are present and the British flag and soldiers are very prominent. It will also present for the first time two new members of the company, Miss Marion Longfellow, in musical specialties, and Mr. Leo Koerber, the new juvenile star. Next week, beginning Monday, *Knock O' Tennessee*, will be given; a very sensational melo-drama. The White Slave will follow. Box office now open. Zira will run the balance of this week.

**ERECTED A CELL IN HIS CELLAR**  
And Lived on Bread and Water Eight Years.

How Wealthy Landowner, Sentenced by Default, Proposes to Obey Law's Decree.

ROME, Oct. 31. - A wealthy landowner of the name of Raimondo Pace was sentenced in default in 1888 at Foggia to ten years imprisonment for murdering a servant. Pace could not be traced, and it was supposed that he had emigrated. The police a few days ago heard a rumor that he was hiding in his own house at Foggia. They raided the place, and found Pace safely locked up in a cell he had built in the basement of his home, where a servant had served him with bread and water once daily. The prisoner declared, and the servant confirmed the statement, that he had not left the cell for eight years. He intends to complete the ten years' imprisonment imposed on him in this cell and then to petition the government to pardon him. Unfortunately, the law does not recognize self-punishment, and Pace must serve ten years in jail.

**END OF ROYAL YACHT**

LONDON, Oct. 31. - The *Little George*, which was a royal yacht in the reigns of King George IV, and William IV, was taken to the basin at Portsmouth dockyard on Saturday, to be broken up. The *Little George* was used as a living ship by the crew of the old royal yacht *Victoria* and *Albert*.

SENSATION IN LONDON CONSPIRACY CASE

President of London Liberals Frankly Admits His Party Practiced Corruption, But Says They Were Forced Into It by Conservative Frauds--Brockville Election Also Investigated--Returning Officer's Confession.

TORONTO, Ont., Oct. 31.—A sensation was caused in the election conspiracy case before Lieut.-Colonel Denison today by the very outspoken and frank evidence given by George C. Gibbons, K. C., president of the London Reform Association, who candidly admitted that a certain element had to some extent gained control in the Liberal party in London, and that it was due to their determination to fight fire with fire that the conditions of affairs which had been revealed by the investigation had been brought about in recent elections.

"BRUTAL, RAPACIOUS AND LIGENTIOUS" SAYS CRUPPI

Terrific Arraignment of Count Boni Castellane, by the Counsel for His Wife, Who is Suing For Absolute Divorce--The Noble Count Carried on Liaisons in 4 Separate Apartments--Treated the Countess With Incredible Cruelty.

PARIS, Oct. 31.—Before a crowd which taxed the capacity of the court room in the Palace of Justice in the old Latin quarter, the case of the Countess de Castellane for divorce from her husband, Count Boni de Castellane, was begun this afternoon. Count Boni's attorneys made no effort for further postponement, and with Henri Dittie, president of the tribunal of the first instance of the Seine, presiding, and with two associate justices on the bench, Maitre Cruppi presented the plea of the countess for absolute divorce and the custody of the children.

The yachting season was formally brought to a close yesterday afternoon. By order of Vice Commodore J. R. Armstrong a salute was fired from the club house, the flag lowered and "last post" sounded by the bugler from the Leavins. About a dozen yachts were present at the ceremony which brought to an end one of the most successful summers in the history of the R. K. Y. C.

State Deputy W. T. Mahony, of the Knights of Columbus, and a party of Knights, went to Cains yesterday, where they accompanied the degree to a large number of candidates last night. The party returned this morning. Two of the Knights were left at McAdam on the way down, but they rejoined their party on the way home this morning.

The Fabian League lecture course begins this (Thursday) evening in Berryman's hall. The public are invited to attend and hear Dr. G. G. Melvin, who will speak on the Effects of Pulmonary Consumption Among the Working Classes. Daniel Mullin, T. B. Kinner, and several others will be on the platform.

The Fabian League lecture course this winter. The idea of the lectures is to draw a discussion from the floor, so that after the half hour lecture is over the public will freely give their mind upon the different questions.

**SNOW EARLIER THAN USUAL; FINE WEATHER TOMORROW**

The Storm Seems to be General All Over the Province—Cold on the North Shore.

It is not only the St. John district that is being swept by the first disagreeable storm, as communications from Halifax, Moncton, Charlottetown, Chatham, Sable Island and Yarmouth state that sleet or rain is falling heavily at those places.

The storm struck St. John about nine o'clock yesterday morning, and has not yet abated. Yesterday's precipitation was composed chiefly of rain and melted snow.

One and one quarter inches fell. Mr. Hutchinson states that if the ground had been in a suitable condition the snow would have remained for some time.

The wind was strong yesterday, blowing a gale from north to northeast, with a velocity of 30 miles an hour at Point Lepreau.

The first snow storm in 1906 came on November 7th, and it was not as thick as yesterday's.

Today's indications are that the wind will shift to north west, and the weather will clear, becoming colder.

Snow is falling heavily in Chatham today, the total fall there being three inches. The rain which is now falling is expected to stop this evening, and Mr. Hutchinson predicts another spell of fine weather.

MONCTON, Nov. 1.—Four inches of snow fell last night on north shore points, being the earliest snow fall in years. In Moncton last night there were several snow flurries followed by rain which continued today. In the vicinity of Newcastle and extending down as far as Rogersville there were from two to four inches of snow on the ground, and the weather is exceptionally cold.

**TEA TODAY TO PAY FOR ORPHANS' BED**

St. John Doing a Good Work in Labrador.

Afternoon Tea, Sale and Musical in St. John (Stone) Church Schoolroom—All Bedding for Orphanage. Supplied by St. John.

Harsh, biting days like yesterday and today make thoughts of big woolen blankets and comfy comfortable most charming reflections. And therefore doubly appreciated will be the announcement that all bedding in the Orphan's Home in that inhospitable and bleak land of Labrador has been supplied by the St. John Branch of the Royal National Mission to Deep Sea Fishermen.

Dr. Grenfell, medical missionary in that country, of whom so much has been written and said, told of the prospective establishment of this home when he was here about two years ago, and lectured in York Theatre. He worked hard to get a shelter for the little ones of Labrador whose parents are dead, and is today proud in the possession of a cozy structure at St. Anthony in which fourteen children are housed.

It is a praiseworthy fact that St. John people have supplied this orphanage with bedding, its complete outfit, and now the local branch seeks to supply a cot each year at a cost of \$50. To this end a tea, candy sale and short musical programme is being held at the (Stone) church schoolroom from 4 until 6 this afternoon.

The decorations are pretty, and it is expected that will have many patrons regardless of the unpropitious elements. Mrs. George F. Smith and Mrs. Busby will pour tea and Mrs. Frank Fairweather will be in charge of the candy table. There will be numerous young lady assistants. The musical part of the entertainment will be participated in by Mrs. W. S. Carter, Mrs. H. B. Schofield, Miss Sudler, Miss Costain and D. Arnold Fox.

Rev. David Lang of St. Andrew's Presbyterian church, is booked to address the attendees after the musical programme.

With the termination of this tea the local secretaryship of the Deep Sea Mission will be handed over from Miss Helen Robertson, 4 Carlton street to Miss Gladys Smith, 110 Union street. Miss Robertson relinquishes her charge after several years of enthusiastic and untiring service during which the people of St. John rallied handsomely whenever a call was made in behalf of the isolated people of Labrador. For this retiring representative is deeply thankful, and wishes the Star to publicly express her appreciation.

Miss Smith, the new representative, is a worthy successor to Miss Robertson and may be expected to handle the affairs of the branch with tact, business-like ability and industry.

**AN ENJOYABLE SOIREE GIVEN BY MISS FRANCIS**

Dainty Sheffield Street Brunette Entertained Friends at a Halloween Gathering.

Among the many functions which took place last night none was more thoroughly enjoyed than the ball given by Miss Francis, Amelia, for a select gathering of her friends. The youth and beauty, to say nothing of a few other elements, of Sheffield street were in dancing and pleasant social intercourse.

Professor Geo. Hector was the orchestra and the artistic manner in which he rendered "Turkey in the Straw" and other classical gems received the favorable comment of the most critical of the music lovers present.

A pleasing feature of the evening was the willingness of the guests to do what they could to add to the pleasure of the gathering.

Miss Clara Burns executed a graceful and artistic buck and wing dance. Step dances of considerable violence were contributed by Messrs. Jos. Hector, Hanford Dr. Bos and Jumbo Hector. The real feature of the evening however, was a cake walk performed by Amelia Francis, Amelia is not in some new and entirely original and unexpected steps. Joe Hector wished to give a vocal solo, but after considerable urging consented to refrain.

The duties of floor manager were performed in a polished and gentlemanly manner by William Dixon.

At an early hour the gathering broke up after singing Auld Lang Syne and extending a vote of thanks to their hostess.

**SUTTON DEFEATS SCHAEFER.**

BALTIMORE, Md., Nov. 1.—George Sutton last night defeated Jake Schaefer at billiards 18-2, 500 points running out in his 2nd inning. Schaefer's score was 429. The latter's 73 in his 7th inning was the highest run of the evening. In his 2nd inning Sutton ran ten and missed the shot that would have made his score 500. Schaefer with more than 11 towards closing the gap however.
