

WILL AMERICA SEND ARMY TO FREE IRELAND?

English Author Sees This Possibility Unless British Gov't Deals With Sinn Fein.

CHESTERTON CLAIMS STATE OF WAR EXISTS

Believes That Attitude of World Toward Empire Colored by Irish Trouble.

(Cross-Atlantic News Service, Copyright) By Mrs. Cecil Chesterton London, June 18.—England's treatment of Ireland may repress the suspicion of Europe and America as to England's integrity of purpose during the war, and if it persisted in may result in American armed intervention to free Ireland from British rule.

The only way out of the present Irish crisis is British recognition of the Sinn Fein and its leaders. England runs grave risk to her own safety in continuing to disregard the Sinn Fein. The present condition is a state of war.

This was the warning uttered here today by Gilbert K. Chesterton, noted British author, in an exclusive interview obtained for Cross-Atlantic Service by Mrs. Cecil Chesterton, sister-in-law of the author, herself prominent under the pen name "J. K. Proust."

"The first thing," said G. K. C. "is to recognize that there is an Irish problem, that is to say that the present concern is Irish, and that it has never been a part of England. The only possible way out of the present impasse is to open up negotiations with the Sinn Fein and representative Irish Government which is Sinn Fein. Until we find out what Ireland wants through De Valera, Arthur Griffith, and other Sinn Fein leaders, there is no basis for argument and no chance of a solution."

"I have always hoped that Ireland would accept a free status from the Dominion government and even now, I do not despair. It is not that the Irish are a rebellious people, but that the Sinn Fein is a party which does not wish to be a part of England. There is no other way out of the present impasse than to open up negotiations with the Sinn Fein and representative Irish Government which is Sinn Fein. Until we find out what Ireland wants through De Valera, Arthur Griffith, and other Sinn Fein leaders, there is no basis for argument and no chance of a solution."

"I take it you dismise the Sinn Fein is fundamentally anarchistic." "The suggestion is absurd. In reality the Sinn Fein is a party which does not wish to be a part of England. There is no other way out of the present impasse than to open up negotiations with the Sinn Fein and representative Irish Government which is Sinn Fein. COMPERS UNANIMOUSLY RE-ELECTED PRESIDENT

In Accepting the Veteran President Said He Was Willing to Obey the Summons.

Montreal, June 18.—Samuel Compers, veteran president of the American Federation of Labor, was unanimously re-elected for the thirty-ninth term here today, by the forty-fourth annual convention of the Federation.

Compers denied a report, syndicated by a news agency, that he had attempted to get the executive council to incorporate in labor's demands to the dominate political parties a request for modification of the prohibition laws to permit the sale of light wines and beer. While admitting that the matter had been recently discussed by the council, he added, he had not taken any stand on the question, and not "suffered any defeat at the hands of the executive council."

The support of the organized railroad workers in the Federation was pledged to President Compers by Charles J. MacDow, who seconded his nomination. He said the convention's action in endorsing Government ownership of railroads should not be construed as a repudiation of the labor leader administration.

Other officers re-elected included: James Dancaan, of Quincy, Mass., vice-president; Daniel Tobin, of Boston, was re-elected treasurer, and Frank Morrison, of Washington, secretary without opposition.

RECOMMEND MARKED INCREASES IN PENSIONS

Special Pensions Com. Report Also Favors State Insurance for Returned Soldiers.

Ottawa, June 18.—(Canadian Press)—Marked increases of pension, State insurance for returned soldiers, and the grant of a war service gratuity based on three years' service, to the dependents of those who died during the war, were recommended by the Special Committee on Pensions and Re-establishment tables in the House tonight, by Eugene Cronin, chairman of the Committee.

The report also recommended that the present pension bill for the year ending March 31, 1921 will be \$33,000,000. Several important amendments to the Pension Act are suggested. Pensioners with less than 14 per cent disability are given the option of commuted pensions. Pension, under the recommendations, are based on the 1918 rate. For those pensioners residing in Canada the bonus recommended is fifty per cent over the basic rate, with 20 per cent bonus for those residing outside of the Dominion.

SPECULATING IN SUGAR NOW INDICTABLE

Board of Commerce Makes Drastic Ruling Regarding Future Transactions in Sweets.

Maximum Profit of Two Cents Fixed A Retail Price of More Than 23 Cents Per Pound Now is Regarded as Unfair Profit-Taking.

Ottawa, June 18.—(By Canadian Press)—Speculating in sugar is now an indictable offense in Canada. The Board of Commerce has issued an order restraining refiners from selling to other than wholesalers, manufacturers or retailers; wholesalers from selling to other than manufacturers and consumers other than in quantities greater than the normal requirements of trade or households and all other persons from selling sugar in excess of the reasonable requirements of the buyers household.

Two cents per pound over refiners' price at Montreal, Chatham or Vancouver, central points for the three districts of the Dominion, is declared to be an indictable offense. When refiners price now standing at 27 cents or under, a retail price of more than 23 cents per pound is declared to be an indictable offense.

Drastic regulations are made for the handling of raw sugar. The Canadian refiners are required to sell raw sugar, acquired up to September 30 next, except to another refiner or with special permit from the Board of Commerce. Refiners are required to file with the Board copies of every contract for raw sugar.

AUTO BANDITS IN BIG CLEAN-UP

Get Away With \$50,000 Worth of Jewelry, Chiefly Diamonds.

Toronto, June 18.—Three armed automobile bandits got away with \$50,000 worth of jewelry, chiefly diamonds and about \$6,000 worth of Victoria Bonds in Abraham Rosebush's jewelry store here in broad daylight this evening and left proprietor Rosebush wounded in the head and tied and gagged in his cellar. The robbery occurred between 6:15 and 6:30 and the robbers made their departure from the vicinity of the store in a seven passenger motor car.

HALIFAX CITIZEN KILLED BY TRAIN

Halifax, June 18.—While crossing the railway tracks at Richmond tonight, Thomas Brown, an aged citizen was struck by the engine of the Halifax and Sydney Western train and received injuries which resulted in his death a short time after. He was hurried clear of the rails, and when picked up was unconscious. He was rushed to a hospital and died within an hour. Mr. Brown was about seventy years of age.

STUDENT KILLED IN QUARREL OVER WHISKEY

Dartmouth College Students Engaged in Liquor Traffic, Smuggling from Montreal.

Halifax, N. S., June 18.—The killing of Henry B. Marnay, a Dartmouth college student, by Robert F. Meade, a fellow student, in a quarrel over whiskey which Meade kept for sale, according to the college authorities, has led to the disclosure that a group of students have been systematically smuggling whiskey from Montreal for the past two months.

The story of the whiskey smuggling, according to the college authorities, runs back about three months. At that time, Meade, according to the story, started week-end trips to Montreal, returning with whiskey hidden in suitcases, strapped to the brackets of the trunks, or carried in disguised containers.

WADDON REFUSES TO BE A CANDIDATE

Warns Democratic Leaders He Could Not Permit His Name to Go Before Convention.

New York, June 18.—William G. Waddan, secretary of the National Board of Trade, who has been considered by party leaders as one of the potential candidates for the Democratic presidential nomination, announced tonight he could not permit his name to go before the San Francisco Convention.

ALL JOIN IN WAR ON RATS

Galveston, Texas, June 18.—Federal, state, county and city officials were at war with rats, today, following the death, yesterday, of a 17-year-old boy from what Doctors H. F. Boyd, M. D. Levy and Henry Sartman diagnosed as probably bubonic plague.

ELLIS FAMILY GAVE EVIDENCE YESTERDAY

Mother of Accused Related Incidents of Night Daughter-in-Law Met Her End.

Respondent Called to Stand Told Story of His Life and His Experiences in the War—Met Wife While in Hospital.

Chippewa Falls, P. E. I., June 18.—At the Ellis trial at Summerside, today, Mrs. Ellis, mother of the prisoner, repeated statements made by the deceased to the effect that she intended to do away with herself. On one occasion she said she was going to drown herself but she thought it too hard a death. Witness related the events which happened in the house on the day of the tragedy.

Declares Republican Party Will Gladly Welcome Referendum on Foreign Relationship.

Washington, June 18.—President Wilson's challenge to submit the Peace Treaty to referendum of the American people was accepted today by Senator Harding, the Republican presidential candidate.

GIVES CHILDREN CHANCE TO LIVE

Missouri Man Building Row of Houses for Families Having Children—Newly Weds Have Chance.

St. Joseph, Mo., June 18.—Walter P. Fulkerson, St. Joseph banker, is building a row of houses for rent only to families in which there are children and to newly married couples. Newly wedded couples have priority in the provision that if there are no children in their families at the end of one year's residence they will be allowed to vacate.

PRESIDENT REJECTS UNDERWOOD BILL

Fails to Approve of Resolution Providing for Negotiations With Prov. Gov'ts re Pulpwood.

Washington, June 18.—The Underwood resolution, providing for negotiations with the Canadian Government or the Provincial Governments of Quebec, Ontario and New Brunswick, relative to the embargo on the shipment of pulp wood to the United States failed to receive the President's approval. It was announced today. The President signed eight bills passed in the closing days of the recent session of Congress, including the Waterway Development bill, ten years in the making.

HEATED DISCUSSION OVER POST OFFICE ACT

Increase of Five Cents in Registration Fee for Letters is Adopted—Newspapers Attacked.

Ottawa, June 18.—It took the House of Commons until nearly 3 o'clock this morning to give third reading to a bill amending the Post Office Act, and the discussion of the measure, while in the committee stage, was of a somewhat bitter nature.

Dr. Michael Steele, of South Perth, attacked the Canadian daily newspapers, declaring that they were practically subsidized owing to the fact that they did not pay their own mailing costs. He declared that they were distributing incorrect news, and that they misrepresented the proceedings of Parliament, giving to the people of the country a wrong impression of what was going on at Ottawa.

CITIZENS TAKE BOLD HAND IN GAME

Waylaid Dealers in Illicit Traffic, by Blocking Bridge and Read Riot Act to Them

St. Stephen, June 18.—High jinks held away in Milltown for some time in the early hours of Friday morning, and a lot of people had an exciting time as they were had on the morning of the Fourth of July, or the morning they were up to see the circus arrive. And it all came about through the bold and audacious operations of a band of sugar runners, who have been acquiring much gain by transporting sugar to the land of Uncle Sam, when the laws of Canada forbid any of the sweet stuff leaving the country.

SOCIALISTS WARNED TO CHANGE TACTICS

Cannot Expect Sympathy of People When They Tie-up All Industry.

Cross-Atlantic News Service (Copyrighted) by Politician.

Copenhagen, June 18.—(Canadian Press) The House divided its attention today between the bills imposing the new forms of taxation announced in the budget, and estimates. The latter took up the major portion of both afternoon and evening sittings, estimates of the Public Works Department and the Mines Department being under consideration.

The bill to amend the special War Revenue Act, 1915, which is the measure in favor of which the Socialists are in minority, in the present mood, will pass the bill, Socialist politicians are dismayed.

The more moderate Socialist leaders are already beginning to urge moderation. Here Hauga, Socialist member for the island of Bornholm, has told Socialist workers that the victories they have won during the last fifty years they have won because they were workers and had the sympathy of the whole people when they demanded living wages.

But if you now think, he continues, "that you can go on winning by not being workers, by crossing your arms and downing tools, and by preventing those who are willing to work from working, you will very soon find out that you are mistaken. A nation as a whole is always stronger than one particular class."

The recent attempt to call a general strike to force political action did much to lose the sympathy of the Danes, and the failure of the strike has further weakened the Socialist position.

For some weeks, however, the strike completely stopped all exports and imports, cost the country many millions and depressed the value of the Krone.

New Labor Union.

At last a new labor union of a most unusual kind, the "Social Aid Association," came into existence and members of all classes enlisted under its banner. When it had grown sufficiently strong the new moderate government called upon it to set the wheels of industry and commerce going again and the following morning the port of Copenhagen was bustling with activity.

At all docks and piers, vessels were being loaded and unloaded by the strangest crowd of longshoremen ever seen. Young "blooms" of the Stock Exchange were seen unloading a big American case containing crates of case novay liqueurs were carrying cases of bacon and tanning kags of butter on board a white reefer steamer bound for England and a great crowd went up from the waiting crowd when foremen among his fellow workers of the crack regiment was seen.

The well known about figure of a very popular royal prince, who looked exceedingly happy though streams of perspiration were running down his face. It was Prince Harald.

When lunch hour came the amateur longshoremen, grimy and sore from the unusual work, adjourned to the fashionable restaurant of the Hotel d'Angleterre where they were joined for a hasty meal by their admiring ladies. The prince, however, was not among them, not even incognito, but many toasts were given to his health.

A strong force of police were on hand to quell any disturbance that might possibly arise with the strikers, who in small groups watched the proceedings.

A few weeks ago the "Politiken," the official organ of the late radical government, had the largest circulation of any daily paper in the Scandinavian countries. It had subscribers among all classes and was widely read by people of all political parties, and was, besides, the best and most widely used advertising medium. When it hesitated to take a stand against the general strike, it lost in one week more than one-fourth of its subscribers, its sales in the street dwindled, and its display advertising suffered visibly. Now the wholesale merchants and traders society has forbidden its members to advertise in the restricted paper.

The same has happened to the "Socialdemokraten" the official mouthpiece of the Socialist party and the labor unions.

DEVELOPMENT OF GRAND FALLS POWER

The development of the water power at Grand Falls engaged the attention of a special meeting of the provincial government executive held at the Union Club yesterday afternoon. A number of representatives of the different lumber and paper interests in the province were also present, among them being P. T. Dodge, of New York, president of the International Paper Companies, who have the charter right to the use of the hydro-powers of Grand Falls.

The purpose of the meeting was to discuss the early development of the water powers of the province. The government was authorized at the last session to develop these powers in the province, which in the event of private interests failing to do so, they may take over and develop themselves.

TROUBLES INCREASE FOR DARTMOUTH STUDENT

Held as Witness in Murder Case, and Must Face Federal Court on Liquor Charge.

Hanover, N. H., June 18.—(Critic N. Wisw of Akron, Ohio, a Dartmouth college student, who had been held in the jail here for the following reasons as a material witness in connection with the fatal shooting of Henry F. Maroney, a Dartmouth senior, on Wednesday last, was released today. The bonds were furnished by his father, Dr. W. S. Wise, who sent the money by telegraph.

Local officials announced that young Wisw would be re-arrested and taken to Concord to appear before a Federal Commissioner on a charge of having violated the Webb-Kenyon Act prohibiting interstate transportation of liquor. They said the proceedings before the Commissioner would consist of requiring a bond of \$100.

Wise's appearance before the Federal Grand Jury in September. The officials declined to say when he would be re-arrested.

Wise had been expecting his father to come here, but up to tonight, he had received no definite word that he was on his way. The student's detention as a witness resulted from the fact that he accompanied Robert T. Meads, who is understood to be charged with the murder of Maroney in his walk from Hanover to a station in the town of Lebanon, where Meads boarded the Boston and Maine train, which he was arrested. Wise is alleged to have admitted having assisted Meads and two or three others in smuggling liquor from Montreal to Hanover.

Middle Aged Women

Women should take warning from such symptoms as heat flashes, shortness of breath, excessive nervousness, irritability, and the blues—which indicate the approach of the inevitable "Change" that comes to all women nearing middle age. We have published volumes of proof that Lydia E. Pinkham's Vegetable Compound is the greatest aid women can have during this trying period.

Read About These Two Women: Fremont, O.—"I was passing through the critical period of life, being forty years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run-down condition. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it. I soon began to gain strength and the annoying symptoms disappeared and my Vegetable Compound has made me a well, strong woman as I feel all my own happiness. I can recommend Lydia E. Pinkham's Vegetable Compound to highly to women passing through the Change of Life."—Mrs. FRANK BROWN, 122 South Center Street, Urbana, Ill.

WILL AMERICA SEND ARMY TO FREE IRELAND?

(Continued from page one.)

The curse of the English rule in Ireland is that it is not only wrong but when we are right that public opinion is against us. It is impossible for us to punish a 'burglar' because the punishment even if just is occasion of injustice against us; therefore the only possible solution is to recognize a government capable of dealing with burglars.

"Sin Fein is recognized by the Irish people, and until the necessity of such recognition is admitted ever here nothing can be done. The constant reiteration of the crimes—which are not crimes—of the Irish against England is not a new thing. It is all a part of that dishonest use of their behaviour and as persistently forgetting its cause. It is like hitting a man a violent blow on the nose and then continually complaining that he looks at you in an unpleasant fashion because you reviewed a book of his unfavorably a year ago.

"If you think our Government is likely to negotiate with Arthur Griffith or De Valera?" "I am quite sure that long before that date we shall be told that they are both very bad men. The tactics used to discredit the Irish leader Parnell may be repeated; a second Parnell may appear on the scene and accuse De Valera of forgery, or a peccadillo discovered in Arthur Griffith's past may be used to prove that he is not a patriot. Ultimately, however, I do not see how England can refuse negotiations. At least she can only do so by running a very grave risk to her own safety.

KRASSIN SECURES HIS HEADQUARTERS

London, June 18.—The mystery surrounding the rental by Gregory Krassin, the Bolshevik Minister of Trade and Commerce, of quarters in the modern West End shopping district was having been solved when it was learned the "AIR-Russian Co-operation Society Limited," had been officially registered with a capital of £15,000.

The objects of the company are "to act as representatives of co-operative organizations carrying on business in Russia and elsewhere, and to promote and develop the business of general import and export merchants."

WITTEL HELPLESS FROM ST. VITUS DANCE

The Sufferer Restored to Health Through the Use of Dr. Williams' Pink Pills.

St. Vitus dance is a disease of the nerves brought on by a morbid condition of the blood. It is a common disease with children, and attacks girls more frequently than boys. Irritability is frequently one of the first signs noted. The child frets, it is quarrelsome, and does not sleep well. The jerky movements that characterize the disease come a little later. The patient becomes pale, languid and often constipated. The limbs and sometimes the whole body, jerks spasmodically and in severe cases the power of speech is affected. Such a child should not be allowed to study, but should be kept quiet, given a nutritious diet, remain out of doors as much as possible, and above all things given a course of Dr. Williams' Pink Pills to build up the blood and restore the shattered nerves.

Common Council TO RUN SUSSEX TRAIN

This as Result of Milk Dealers' Yester—No Milk or Cream Morning—Board of Health Gives His Views on Matter

There is little change in the milk situation other than that milk will be received in the city today than yesterday. A delegation of milk dealers met the common council yesterday and requested the city fathers to ask the railway authorities to meet the demands of producers by putting the Sussex train back to Standard time.

The delegation of all the milk dealers in the city affected by the milk blockade established by the Kings County Milk Producers waited on the acting mayor and city council yesterday afternoon and made a strong representation that that body request the railway authorities to meet the demands of the producers by putting the Sussex train back to Standard time.

The dealers feel the situation most keenly and say that while the producers find a ready market for their milk at the cheese and butter factories, who are quite willing to buy all the milk they can supply, and the suburbanites are not affected in the least, but can at the best stages of the game laugh up their sleeves, the consumer must be inconvenienced but he can, by putting himself on ration, or procuring condensed milk, manage to get along; the dealers, however, are deprived of all means of revenue although obliged to pay out money to his help and feed his stock.

COMMON COUNCIL TO URGE C.N.R. TO RUN SUSSEX TRAIN ON OLD TIME

This as Result of Milk Dealers' Delegation Request Made Yesterday—No Milk or Cream on Sussex Train This Morning—Board of Health Special Meeting—Farmer Gives His Views on Matter.

There is little change in the milk situation other than less milk will be received in the city today than yesterday. A delegation of milk dealers met the common council yesterday and requested the city fathers to ask the railway authorities to meet the demands of producers by putting the Sussex train back to Standard time.

Delegation Meets Council

A delegation of all the milk dealers in the city affected by the milk blockade established by the Kings County Milk Producers waited on the acting mayor and city council yesterday afternoon and made a strong representation that they request the railway authorities to meet the demands of the producers by putting the Sussex train back to Standard time.

The Farmers' View

J. E. McAuley of Lower Millstream, Kings County, was in the city yesterday and spoke to the Standard regarding the milk situation. He said that the farmers have decided that they will make no backward from their present attitude. The only thing that is going to settle the difficulty is for the St. John mayor and commissioners to get busy and get the Sussex train placed back on Standard time. The farmers are in a position just now that they can place their milk in either creameries or cheese factories and practically get as much money out of cream as if they sold the whole milk. The explanation is this, said Mr. McAuley: "On account of the by-products being of greater value for feeding pork or veal it is on consideration that the farmers feel it better to go that way. The farmers have no kick with the suburbanites at all, the farmers want them to have all the accommodation possible. The only kick the farmers have is they are going to get their milk ready at such an early hour in the morning when under the daylight time system the farmer is obliged to get his cows in from the pasture and then get the milk ready to catch the very early train into St. John. The farmers feel that every day the feeling is going stronger with them."

Board of Health Action.

At a special meeting of the board of health at noon yesterday, the following resolution was passed: "Whereas during the present shortage in the supply of milk coming into St. John the most important consideration is the provision of an adequate supply to the infants and young children and those who are ill; therefore be it resolved, that: (1) The milk dealers be requested to use their utmost endeavor to see that the above mentioned persons not only in institutions but in private families supplied, directly or through retail shops be given first consideration in the distribution of the available supply; and (2) That householders generally be requested to limit the use of fresh milk as much as possible, substituting sterilized condensed milk and products and so allow a greater supply for those in need of fresh milk; and (3) That manufacturers and others using fresh milk for such purposes as making ice-cream, soda fountain confections and drinks be requested to curtail the mixing of same insofar as possible while the milk shortage exists."

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE

Miss Eva P. Yastaman, Kingsford, Ont., writes:—"I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly ill with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, wherever I was, that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicine and took several different kinds, but seemed to receive little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than two boxes I could see they were helping me. I have taken about ten boxes, and am almost cured of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief." Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Trinity Church Troop of Scouts

Several Presentations Last Evening—Thorne Trophy Presented—Other Prizes Given—Interesting Addresses.

Several presentations took place last evening which were of much interest to members of the Trinity Church Troop of Boy Scouts, the Wolf Cubs and the Girls Guides. Members of these organizations assembled in the school house last evening where the presentation of the Thorne Trophy to the Trinity Troop took place. This is the trophy given for the best all-round troop and was won by the Trinity Troop this year for the second time.

Tuxis Boys and Trail Rangers

The C. S. E. T. school boys are now devoting most of their time to the examination of the boys' health and time for other distractions. Excursions with games in Rockwood Park continue to be popular, and active programs are being made for living under canvas at the several camps that start as soon as the holidays arrive. A number of the Tuxis boys are training for the sports to be held on the 26th, at the South End playgrounds. The inter-scholastic sports at Roffey last week were very interesting and the results show what training and practice will do in building up athletes. While the Botheys boys won the good standing made by the St. John boys speaks well for their training and hard work on the field. With the acquisition of the new playground, where every boy in the city will have a chance to start in at sports when he is young, we look for yearly better results from the St. John team.

Youth and Age

There is no time in woman's life that she cannot benefit by the use of Dr. Chase's Nerve Food in order to keep up the supply of pure, rich blood and to ensure a healthful condition of the nervous system. Headaches, neuralgia, sleeplessness, nervous spells, irritability, tired, worn-out feelings, soon disappear when the vigor and energy of the nervous system are restored by the use of this great food cure. Every community must learn to take more interest in the play life of its boys and girls. The great educator, Froebel, says "The plays of children are germinal leaves of all older life." A newspaper telling about a boy who was sent to the penitentiary at sixteen added that he might have been saved from that career if he had been helped in his play. Jane Adams says that we have made a foolish practice of organizing everything

TRACTION STOCKS WEAKER FRIDAY

Noticeably Firming Among Issues on the Bond List, Especially Among War Loans.

Montreal, June 18.—Brompton again led the list in activities on the local stock exchange, although, considering the general favorable reception accorded the company's re-organization plans, the stock acted disappointingly. It closed at 136 from an opening at 133 1/2 and a firming to 139. The net gain was two points. Spanish River preferred was the only other stock to be traded in to more than a thousand shares. This was weak, closing at a net loss of half a point at 147 1/2. Frisco Brothers continued strong, moving up a further point to a new high of 365. The other papers were steady.

The Tractions were weaker, with Detroit down three points to 105; Quebec Railway gained 3 1/2 points to 25 5/8 and Brazilian held steady at 43. Toronto Railway sagged 3 to 39 and Winnipeg sold at 39 as compared with 34 in March last year.

The Mercer stocks were fractionally lower, in the case of Steamships preferred to 2 1/4 points, up in case of Dominion Steel, which sold up to 66.

Stronger stocks in the balance of the list were B. C. Fishing, recently a weaker feature of the market, which sold up 7 points to 47. Canada Car recovered four points of its six point loss of yesterday. Asbestos common dropped 2 3/4 points to 82 1/4.

In the bond list there was noticeable firming among the war loans, but in the industrials Cedars Rapids five's lost 2 3/4 per cent. to 83 3/4. Total trading: Listing, 12,311; bonds \$5,106; vouchers, ten.

CANADIAN COTTONS IN DIVIDEND

Montreal, June 18.—Dividend declaration Canadian Cottons Ltd., 2 per cent on common, being at the rate of 8 per cent per annum, an increase of 1 per cent. Dividend of 1 1/2 per cent was also declared on the preferred, both payable July 4, to record June 25th.

Montreal, June 18.—Arvid, Rockaway Park, Quebec; Canadian Voyageur, Liverpool. Sailed—Synote, Antwerp; Scandinavian, Antwerp; Cornishman, Antwerp.

Tobacco Hardens the Arteries, Overtakes the Heart and Shortens Life

Says Dr. Connor, Who Suggests a Simple Test to Find If It Is Hurting You. Can You Stand It?

New York.—Dr. Connor, formerly of Johns Hopkins hospital, says: Hundreds of thousands of men, who smoke and chew and who believe themselves healthy are suffering from progressive organic ailments. They would never have been afflicted had it not been for the use of tobacco and most of them would soon get well if they would only stop the use of tobacco. The best known habit forming principal of tobacco is nicotine, but the most deadly and demoralizing is furfural. Both are deadly poisons, which when absorbed by the system, slowly but surely, affect the nerves, membranes, tissues, vital organs and vitality of the body. The harmful effect of tobacco varies and depends on circumstances and the individual. In some it causes general debility, constipation of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, cowardice and fear, mental confusion, etc.; in others it causes heart disease, bronchial troubles, hardening of the arteries, palpitation of the heart, tuberculosis, blindness, cancer and the common affliction known as tobacco heart. If you use tobacco in any form you easily detect its harmful effects by making the following simple tests: Read aloud a full page from a book. If your voice becomes muffled, hoarse and indistinct and you must frequently clear your throat, the chances are that your throat is affected by catarrh, and it may be the beginning of very serious catarrhal trouble. Next, in the morning, before taking your usual smoke, walk up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, if your heart beats is forced, trembling or irregular, you may be the victim of a functional or organic heart trouble. If you feel that you must smoke or chew to quiet your nerves, you are a slave to the tobacco habit and are slowly poisoning yourself with the insidious deadly drugs, nicotine and furfural. In either case, you have just two alternatives—keep on with your self-poisoning process regardless of the dangers, and suffer the consequences, or rid yourself of the habit and escape the dangers. You can overcome the craving and stop the tobacco habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol. Take one tablet after each meal and in a comparatively short time you will have no desire for tobacco. The craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve. Note: When asked about Nicotol, one of our leading druggists said: "Nicotol is truly a wonderful remedy for the tobacco habit. It is away ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists.

Johnson's Fight Against the League at Chicago

One of the outstanding incidents of the Republican Convention at Chicago was Hiram Johnson's victory in forcing the adoption of the League of Nations plank in the platform. According to the N. Y. Times, "the net result is that the Republican party has met the issue squarely and has made the League of Nations a paramount issue of the Presidential campaign. It is a clean-cut fight from now on between President Wilson's principles of the settlement of National disputes through a society of nations and the principle accepted by the Republican convention that the United States should hold itself aloof from participation in the affairs of the world."

For all the important news, with special attention given to reporting the Republican Convention, you should read this week's LITERARY DIGEST, dated June 19th.

LIFT OFF CORNS, MAGIC! NO PAIN

Drop Freezezone on & touchy corns then lift that corn off with fingers

Try bottles cost only a few cents.

Drop a little Freezezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't pain one bit. Yes, magic!
Why wait? Your druggist sells a tiny bottle of Freezezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses without soreness or irritation. Freezezone is the much talked-of other discovery of a Cincinnati genius.

VACCINATION OF EMPLOYES

THE FOLLOWING IS PUBLISHED FOR THE INFORMATION OF THE PUBLIC, GENERALLY AND ESPECIALLY OF THOSE DIRECTLY CONCERNED.

"1. Section 30 of The Public Health Act, 1918," being 8 George V. Chapter 36, is hereby amended by adding after the last paragraph thereof the following paragraph:

No person shall be employed in any camp, ship, factory or other place wherein the employees come at frequent intervals into close and prolonged contact one with another, unless and until such person produces to the employer or the employer's representative a certificate, signed by a regularly qualified medical practitioner, of successful vaccination, or a like signed certificate that he is immune to vaccinia as proven by three consecutive non-successful vaccinations, or that he is immune to small-pox by reason of having had the disease, and no employer shall employ any person in employment as set forth above, without such certificate being produced. When any person contracts small-pox, who is at the time of the inception of his sickness employed as set out in this section, or who was so employed within fourteen days prior to the inception of his sickness, and who has not complied or been required to comply by said employer or employer's representative with the foregoing provisions prior to his employment, then in such case the employer shall be primarily liable to pay all such costs, charges and expenses as the sub-district Board of Health concerned may have incurred in necessarily protecting the public health; provided such charges, costs and expenses were incurred in or about the necessary precautions relative to, or immediately appertaining to, any such case of small-pox, and such costs, charges and expense may be sued for and recovered with costs in the name of the Chairman of the sub-district Board incurring the same, in any court of competent jurisdiction, within six months of the recovery or death of any such person. Such liability shall be in addition and without prejudice to any liability for any penalty provided for any violation of the provisions of this Act.

The terms and conditions of this section shall not become operative until the first day of July, A. D. 1920."

THE UNDERWOOD RESOLUTION.

President Wilson yesterday definitely refused to approve and sign the Underwood resolution, which provided for the appointment of a commission to consult with the Dominion, or the Provincial Governments of Canada, with the view of securing the unrestricted right to export from Canada pulp wood cut upon the Crown lands of Quebec, Ontario and New Brunswick. The text of the resolution in itself shows a complete ignorance of the underlying facts. Perhaps the most fallacious of all the statements leading up to it is that which has led the uninformed to infer that the so-called "embargo" upon the exportation of Canadian pulpwood is in any measure responsible for the present situation in regard to the supply of and demand for newspaper paper.

It is assumed by many that Canada has quite recently put a stop to the exportation of unmanufactured pulpwood, the result being that the paper mills of the United States, dependent upon this country for the bulk of their raw material, have suddenly and unprovokedly been deprived of their entire means of subsistence, thereby reducing the output of paper and causing the shortage that now exists. As we imagine everybody in this province knows, these are not the facts at all. There is not a year, and never has been, any embargo upon the export of pulpwood from Canada, but certain of the provinces, of which New Brunswick is one, some years ago laid down regulations regarding the export of such wood as is cut upon the Crown Lands, foreseeing that the time would come when their supply of pulpwood would become exhausted if permitted to be exploited without restriction. Moreover, it is desirable in the interests of this country that as large a pulp and paper industry as possible should be built up within its own borders.

These provinces are well within their legal rights in restricting the use of pulpwood cut from their Crown Lands in unquestionable, and necessary for the legitimate protection of the public interests. The cutting of raw pulpwood for export involves no permanent industrial development. The home manufacture of pulp and paper, on the other hand, means the building of factories, the employment of skilled labor, the development of new towns, the growth of cities, scope for increased immigration, larger and better home markets for agricultural and manufactured products, increased investment and the general enhancement of the national prosperity. It also means the ability to export a much larger quantity of a commodity which is increasing in demand every year, and one of the countries needing it most is the United States.

Canada is the second best customer the United States has, and the existing exchange situation so seriously unfavorable to Canada, is at least largely due to the fact that Canada buys a much greater quantity of goods in the United States than she sells there. It is therefore, only natural that, in order to level up matters, Canada should desire to increase as much as possible the value of her exports to the States, that is to say, of manufactured articles, for there is no advantage in exporting raw materials. For this reason Canada could not contemplate with equanimity any proposal that would weaken her position in this respect; and it is just as well that President Wilson has chosen to put his foot down and refuse to sanction a move that was designed to make possible such changes in Canadian policy as would have been most disastrous to her future welfare.

THE SO-CALLED "RICH MAN'S LAW."

One of the arguments used by the advocates of total prohibition against the importation of liquors for personal use from other provinces is that it is a rich man's law and favors the wealthy at the expense of the poorer classes. It is possibly the fact that many people who could afford to do so have, since the withdrawal of the ban on such importations a few months ago, laid in stocks of liquors that will be sufficient to last them some time, whether the prohibitory law is continued or not. It is undoubtedly the fact that men who have the money and are willing to spend it on liquor can easily buy enough to serve their own personal needs and to entertain their friends for a long time to come. As far as they are concerned, prohibition does not operate. But the point that is lost sight of by those who are aware of the handicap under which the poor man labors when he desires to buy liquor is that it is the same handicap that he struggles against from the cradle to the grave, unless he happens to become prosperous. The poor man must buy in small quantities; he must often buy on credit, and both these forms of buying are more expensive in the long run than purchasing in large quantities and for cash. The man who has to buy his beer by the pound, his tea

by the halfpound and his ice in small cakes does not get as much for his money as his rich neighbor who can buy his winter supply of coal in the summer, when it is cheapest, and can generally purchase in wholesale quantities any time he sees a bargain. The poor man may have to buy cheap clothes, while the wealthy man can afford to spend enough to buy clothing of good quality. The wealthy man can buy a fur coat that will last thirty years; the poor man may have to buy half a dozen coats in that time, getting less comfort out of them. No, it has not been left to the prohibitionists to prove that in the practical affairs of everyday life the rich man has a great advantage. It is the same in the United States, where it is nearer the home dry condition than in Canada. There is plenty of liquor to be bought if a man doesn't care what he pays for it. If a man is willing to part with a dollar or a couple of dollars for a drink, or \$20 for a Lottle, he can be supplied almost as certainly as in the days before prohibition. To make it a criminal offence for a man to have liquor in his home might be possible for legislators. It would be difficult to make a complete success of the enforcement of such a law. In practice it has been found that prohibition makes liquor expensive and inferior. It sours those who drank because the stuff was cheap and easily accessible.

THE NAVAL POLICY.

In describing Hon. Mr. Lemieux as an ignorant man, The Times need not have confined its application of that phrase to a lack of knowledge of the requirements of St. John, for it appears that there are other things in regard to which that gentleman sadly needs posting up in. One of these is the naval requirements of the country. In discussing the naval estimates the other evening in the House of Commons, Mr. Lemieux twisted the Government with having adopted the Laurier naval policy, a policy which it may be remarked by the way, Mr. Lemieux heartily supported. Now, because the policy the Government is proposing to adopt just for present purposes is somewhat akin to the Laurier programme, Mr. Lemieux condemns it. He apparently does not know just what he really does want. The acceptance by the Government of Canada of a number of lesser war vessels as a possible nucleus of a Canadian navy is the fact upon which Mr. Lemieux and those who think with him base their contention that the Union Government has adopted the policy of the Laurier Government, and assert that the "Borden regime is coolly stealing Liberal policy declared by Tories as disloyal in 1911 election campaign." Since the trialists are accepting a navy policy that already has the sanction of our Liberal friends, it follows that the policy will not be subjected to criticism.

It has been pointed out that there is no German navy threatening the foundations of the British Empire today, which makes a possible difference between present conditions and those which existed in 1911 and later. The German "Der Tag" has come and gone, and with it has gone the German ambitions and the German opportunity. The motherland is no longer compelled to keep the major portion of her navy in the North Sea against the danger of a surprise attack from the Kiel Canal. Heligoland has been stripped of its guns, and warships do not now find shelter in its harbor. Indeed, things are so changed since 1911 that it seems foolish to attempt a comparison as between the Laurier policy of that time and any policy promulgated today. Sir Wilfrid built his plan upon the belief that the German Government was a peace-loving and peace-keeping Government, and that the Kaiser would not lift his hand against his neighbors. As events proved, Sir Wilfrid misunderstood the Germans, and to that extent was his naval policy a grievous error. There is, however, no apparent purpose upon the part of the Union Government definitely to commit Canada to any naval policy in particular. The Minister of Marine, Hon. Mr. Ballantyne, says there will be no permanent naval policy for this country until after the Imperial conference.

About as good a way as we know of to advertise the advantages of the Western Provinces as a good place for our young men to go to, is to publish information as to the progress those provinces are making, and the development that is going on there. That sort of thing is just what these provinces like; but one could search the newspapers of the Western Provinces for all eternity without finding anything that would help to "boost" the Maritime Provinces.

Suppose there were a train arriving in St. John at four p. m. which the country people made considerable use of to come into town to do shopping. City time would make the time of arrival five o'clock, thus cutting off one hour of shopping time. How many stores would keep open an hour extra to accommodate the country people?

As the result of a serious fatal accident in London, it is probable that all American and other foreign-made automobiles fitted with the left-hand drive, will be barred in Great Britain. It is claimed that a driver seated on the left-hand side of the car is unable to reach far enough to make signals on the right side of the car, which is the side on which anyone following him looks for them.

WHAT OTHERS SAY

IMPROVEMENT WILL COME (Baltimore Sun) Eventually Labor and Capital will find it more profitable to lock arms than to lock horns.

A PAINFUL REFLECTION. (New York World) We have little sympathy with Americans who complain that they are being fleeced by French profiteers. Why aren't they satisfied with the way the job is done at home?

IN QUEBEC PROVINCE. (Quebec Telegraph) Industries are safely secured against any widespread strikes in the Province of Quebec for many years to come. At the congress of the National and Roman Catholic Unions in September, sympathetic strikes were denounced as "immoral and hurtful to the good order of society."

CIVIC ATTRACTIONS. (Edmonton Journal) The Regina Board of Trade is anxious as are all public bodies in the prairie provinces, to have those who go to the Pacific Coast in the winter, spend their time in Canadian cities. The natural attractiveness of Vancouver and Victoria is very great, but the Regina business men find that there is one serious lack. There are no public golf courses in either of the cities mentioned and devotees of the game, unless they are fortunate enough to have friends who will give them the privilege of private courses are very apt to take their clubs to the coast and bring them back without ever having used them. The public links in Edmonton are so popular and well established an institution that we can only marvel at the lack of enterprise of a city in which golf can be played the year round and in which such facilities are not provided by the municipality.

It's a wonder they didn't kill you." Careful. He—If I should ask your father for your hand and heart do you think he would kick me out of the house? Benny's Note Book
BY LEE PAPE

My cousin Artie was around yesterday and I wanted to swap him 13 commons for his glass agate and I kept asking him all afternoon and he kept saying he wouldn't, with the more he said he wouldn't the more I felt like swapping, and he stayed all night with a good idea, thinking, G, if I wake him up and ask him before he's all the way awake maybe he'll swap.

And I shook him till he opened one eye and then I said, Ill swap you 13 commons for your glass agate, Artie, wait do you say?

Heh? sed Artie without waking all the way up, and he went to sleep again and I shook him till he opened one eye again, saying, Come on, Artie, wait do you say, swap me your glass agate for 13 commons and I wont wake you up any more.

Which he went to sleep 3 more times without saying anything but heh? and the 4th time he sed, O all rite, G wize, tomorro. Being a bargain, and I went to sleep and after a while I wook up on account of sumbody shaking me, being Artie, saying, Hay, I don't want to swap, I want to swap back again.

Heh? I sed. Being asleep as anything, and I went rite back to sleep and Artie kepp rite on shaking me, saying, Come on, Benny, swap back, swap back and Ill leave you to sleep.

Which about the 5th time he wook me up I sed, O all rite, all rite, goodnite, all rite.

And we both went to sleep again. Proving a lot of things would work better if you was the only one know how to work them.

THREE HUNDRED WOMEN ORDERED SHOT BY VILLA

Were Camp Followers Attached to Government Forces—Herded Together and Shot Down.

Mexico City, June 18.—Three hundred women camp followers, attached to the Government forces, have been killed by the orders of Francisco Villa, the bandit, according to El Democrata, today, quoting Jacinto Trujano, a wealthy merchant of Jimenez, State of Chihuahua. Excellent prints a similar story, but does not give the source of its information.

According to Trujano, Villa captured the women during an encounter with a regiment of de facto cavalry between Parral and Jimenez. He ordered the women lined up for review to see whether any were soldiers masquerading. One woman shot twice at Villa, but missed. Unable to learn which one attacked him, Villa ordered all the women herded together and shot down.

The St. Stephen-St. John Highway

Minister of Public Works Stated This Important Stretch of Road Will be Completed in About Three Months—The Rule of the Road.

Hon. P. H. Veniot, Minister of Public Works, in the course of his speech on "Good Roads" at the banquet given by the N. B. Tourist Association at Dalhousie, said that the St. Stephen-St. John highway now under construction would be completed in about three months time. He claimed that when completed it would be as fine a roadway as there is on this continent.

He also stated his position in regard to the controversial "Rule of the Road." He said that there would be no change in the rule of the road till Nova Scotia also changed. He considered that the welfare of the citizens of our sister province should be regarded rather than the interests of a certain number in Quebec and Maine.

Appropos of this, R. E. Armstrong, Secretary of the St. John Board of Trade remarks that if we changed the rule probably Nova Scotia would follow suit.

TRADES COUNCIL REGULAR MEETING

Resolution Passed Last Night Protesting Against Use of the Proposed One-Man Car.

The regular meeting of the Trades Council was held last evening, with Vice-President Felix McNeill in the chair. Considerable routine business was transacted. The principal business of the evening was the passing of a strong resolution against the operation of a type of street car in St. John as proposed by the Railway Company. It would not be opposed as a whole if in the estimation of the Trades Council a proper car was put in the service. It was decided that this resolution be sent to the Common Council as a protest against the use of the proposed car being run in this city. It was also decided that the Common Council be asked to send a delegation to be present at the time when the proposed car is given a demonstration.

The Vice-President of the International Amalgamated Electrical Workers of America, who comes from Ottawa, was present at last night's meeting and gave the members a talk regarding the one-man car, and stated that he was strongly against the type of car as was proposed by the company to be run in St. John. The real safety car was not so much to be opposed.

POLICE COURT CASES YESTERDAY

There were no prisoners to appear before the police court yesterday, as all the arrests of the previous day had been arraigned before the magistrate the evening before. Several by-law cases were dealt with by sitting Magistrate George A. Henderson, however.

Albert Sullivan, reported for allowing his horse to run at large on Alexandra street on Wednesday, was fined \$2.

Emery Dougherty, reported for driving auto 10943 without rear light on Wednesday, explained that the light was out of order and he thought it had been lighted.

Alexander Day, reported for allowing wagon loaded with lumber to run on Adelaide street last Wednesday night without a light, failed to put in an appearance.

E. R. and H. C. Robertson, reported for allowing auto 7161 to remain on Adelaide street without front or rear lights at 10.30 on Tuesday. Delinquent on explanation of owner.

The next sitting of the police court will be held Monday afternoon at 2 o'clock on Magistrate Ritchie's return to the city.

OBITUARY.

Harold P. Colwell

Many friends in St. John will learn with regret of the death in Boston, on June 16, of Harold P. Colwell, son of Ward P. and Emma L. Colwell, formerly of St. John. He was in his 25th year. The funeral service was conducted at his parents' residence, 431 Massachusetts avenue, yesterday afternoon. The Colwell family removed from St. John to Worcester, Mass., a few years ago. A daughter, Miss Lulu Colwell, was a gifted singer and was soloist for some time in a church in Worcester.

Public Utilities Commission Met

Hearing in Application of the New Brunswick Telephone Co. for Increased Rates Concluded Yesterday—Board Takes Time to Consider.

The hearing in the application of the New Brunswick Telephone Co. for an increase of rates was continued yesterday morning before the Public Utilities Commission, argument against the increased service being heard from M. G. Teed, K. C., representing the retail merchants, and E. C. Woyne, representing the Wholesale Grocers' Guild.

Counsel for the business interests contended that increased service should be applied to all or to none and that it was unjust to the business men to impose it on them alone.

The hearing was concluded at the morning session, and the Board takes time to consider.

At the afternoon session an application was filed by the Telephone Co. asking the approval of the Board of a proposed issue of \$15,000 of stock, and a notice of hearing returnable on July 9 at 10.30 a. m. in the Government rooms, St. John, was ordered.

JOHN REGAN'S BODY FOUND IN HARBOR

Discovered by Andrew Lamereaux at 6.15 Yesterday Morning on the Beach at Navy Island.

The body of John Regan was found yesterday morning at 6.15 on the beach at Navy Island by Andrew Lamereaux. He was found lying face down, with hands over the face, his coat half off.

Mr. Regan was seen in Prince William street Thursday night at 9 o'clock but that afternoon he was at the Mater Misericordiae Home for dinner.

He was more than seventy years of age and well known in the city.

He leaves two sons, Henry Regan of this city and John F. of the Canadian west, and a brother, Jeremiah, in the United States.

The funeral will be held today from the Mater Misericordiae Home. Coroner Kenney said that until further information was received he could not determine whether an inquest would be held or not.

WEDDINGS.

Joyce Ryan

At nine o'clock Tuesday morning the 15th instant, at St. Francis Xavier Church, Sussex, a very pretty wedding took place, when Jennie F., eldest daughter of the late Mr. and Mrs. Sylvester Ryan, was united in marriage to Mr. James E. Joyce, son of Mr. and Mrs. Michael Joyce, of Westmorland County, the nuptial mass being celebrated by Rev. J. J. McDermod.

The bride wore a becoming suit with black picture hat and ermine tie and carried a white prayer-book.

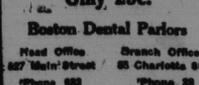

Miss Stella McDuif, of St. John, acted as bridesmaid and wore a tailored blue suit. T. H. Ryan, brother of the bride, supported the groom. The groom's present to the bride was a substantial cheque, the bridesmaid a pearl pendant, and the groomsmen a set of gold cuff-links.

The happy couple left on the C. P. R. for a trip to Prince Edward Island. On their return they will reside in Sussex.

FUNERALS.

The funeral of Miss Margaret E. Carey was held yesterday morning from her late residence, 33 Horsfield street to the Cathedral. High mass was celebrated by Rev. Raymond McCarthy, assisted by Rev. A. F. Allan, deacon. Rev. Simon Gram, sub-deacon and Rev. W. M. Duke master of ceremonies. Interment was in the old Catholic cemetery.

The body of Mrs. Thomas McGuire, whose lamented death took place in Calgary, was brought to her old home yesterday, arriving on the noon train from Montreal and was taken to the home of her brother, F. J. Power, 11 Wentworth street. The funeral will be held from there at half past eight this morning. Accompanying the body to St. John were the husband, Mr. McGuire; son, Harold, daughter Marie and Helen, and sister, Miss Annie Power.

Mountain grown Orange Pekoes from the best plantations. A tea of extra quality at a little extra price.

The New Tea A Big Success Have You Tried It?

On sale only a few weeks. But already we have received repeat orders from hundreds of grocers. More surprising still, many people, not grocers, have written telling us how much they like the new tea. The success of Red Rose Orange Pekoe Tea is another case of "I told you so."

We predicted a quick response from the public. We were sure that there were hundreds of thousands of people who were willing to pay an extra price for a tea of extra quality.

Are you "fussy" about tea? If so, you will enjoy the rare flavor and charm of the mountain-grown Orange Pekoe teas imported from the best plantations and sold under the name of Red Rose Orange Pekoe Tea.

Try the NEW Tea that has met with instant success. Sold only in our new package—the waxed board carton.

MADAME ARTHUR BEAUCHER.

805 Carter St. Montreal.

“I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me.

“At last a friend advised me to take ‘Fruit-a-lives’. I did so and soon I felt some relief. I continued with ‘Fruit-a-lives’ and in a short time the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous.”

Apoahqui

Apoahqui, June 17.—A very pretty wedding took place at the residence of Mr. and Mrs. H. A. Corbett Lower Millstream on Wednesday evening at 8 o'clock, when their daughter, Annie Ruth Corbett, was united in marriage with Mr. Henry Austin Walker, of Midland. The ceremony was bright with the presence of a large number of guests. The service was performed by Rev. A. V. Morahan the contracting parties standing beneath an arch of snow-balls intermingled with green. The bride was very charming in an exquisite gown of white silk with trimmings of acorn-color plating of the same, and wore a wedding veil of tulle caught with orange blossoms and carried a shower bouquet of carnations and maiden hair fern.

As the bride entered the drawing room, the bridal chorus from Lohengrin was played by her father, Mrs. Herbert Walker. The bride was given in marriage by her father, and the couple were unattended.

Immediately after the nuptials, a reception followed when the bridal party and guests numbering about 40, were ushered into the dining room where supper was served. Many beautiful gifts were received by the popular young bride among them being handsome pieces of china, cut glass and silver and cheques to a considerable sum.

The bridegroom's gift to his bride was a cheque for the dining room. Later in the evening, the bride changed her costume to a tailored suit of navy gabardine with gorgeous hats to match, and amid the usual shower of confetti and rice, Mr. and Mrs. Walker left in their motor car.

Dear Little Chums: I can easily imagine that I hear nearly every one of you...

Grace H. Very pleased indeed to count you among the new friends. That must be a very useful dog when he is able to pull you around...

Olga H. It was good to hear from you after your busy times were over. Well of all the kinds of pets which kiddies write me about not often do I hear of tame crows...

Barbara H. Well I guess you're the rain rain needed so much and now it is about time for some more isn't it? Hope you have good luck with all those nice vegetables...

Ben R. You are quite a stranger and of course the lessons keep a fellow busy, especially at this time of the year when there are many exams...

James MacI. You have been a bright fellow alright to spot so many birds' nests in your garden...

Marion H. Suppose you notice your puzzle was not complete, neither were you credited with it. Suppose second prize money had dropped out and not noticed...

Frances LeB. Very pleased to have you join our jolly club and I hope to receive a letter telling all your news...

Lillian S. Enjoyed your neat little letter very much. Yes, indeed, those are busy days in school and as you say, the birds and blossoms should not be very much to make a smile instead of frowning...

THE COWARDLY HERO "OH, DEAR"

By Jack Humphrey. Chapter I. Branded A Coward.

The afternoon session of Milford Academy drew to a close and the boys who had been chafing at being confined to their studies on this, the first day of spring, stowed away their books and hurried to the school grounds...

shouted Jack and he started sprinting down the road with the others after him. Tubby, who was trying to keep up with the rest, noticed Jimmy running ahead of him and stopped, expecting Tubby. Suddenly he gave a stifled cry as he saw the girl, now entangled in the rope, fall to the ground where she lay half under the dogs who were now wildly tearing at each other...

Jack looked in the direction where she was pointing and saw many hands reaching out to help her. He looked at the girl who had been rescued and he saw that she was not hurt. Playing Hide-and-Seek Amuses the Little Kiddies

Bessie was the first to go and hide, and she told the other two to hide their eyes. The snail in front of the house was to 'home' Bessie knew the garden well and all of the good places to hide in, because they had often played there before. It was agreed that those hiding their eyes should count and that the other two should start off to hunt. Bessie thought of an old tree stump down at the bottom of the garden. It was quite hollow, and just big enough to hold a person; so she hurried off and got inside...

Answers To Letters

Dear Little Chums: I can easily imagine that I hear nearly every one of you...

Grace H. Very pleased indeed to count you among the new friends. That must be a very useful dog when he is able to pull you around...

Olga H. It was good to hear from you after your busy times were over. Well of all the kinds of pets which kiddies write me about not often do I hear of tame crows...

Barbara H. Well I guess you're the rain rain needed so much and now it is about time for some more isn't it? Hope you have good luck with all those nice vegetables...

Ben R. You are quite a stranger and of course the lessons keep a fellow busy, especially at this time of the year when there are many exams...

James MacI. You have been a bright fellow alright to spot so many birds' nests in your garden...

Marion H. Suppose you notice your puzzle was not complete, neither were you credited with it. Suppose second prize money had dropped out and not noticed...

Frances LeB. Very pleased to have you join our jolly club and I hope to receive a letter telling all your news...

Lillian S. Enjoyed your neat little letter very much. Yes, indeed, those are busy days in school and as you say, the birds and blossoms should not be very much to make a smile instead of frowning...

Playing Hide-and-Seek Amuses the Little Kiddies

Bessie was the first to go and hide, and she told the other two to hide their eyes. The snail in front of the house was to "home." Bessie knew the garden well, and all of the good places to hide in because they had often played there before.

John's Turn. Off he went, while the other two hid their eyes. John was always full of fun, and wanted to find a very clever place to hide in. Not very far down the garden was a chestnut tree, which was enough to delight anyone.

Presently the two girls met at the bottom of the garden, and came to the conclusion that between them they had looked everywhere. They started to walk back, expecting to find John had got "home."

STAGE DOGS WORK FOR ST. DUNSTON'S. In "Peter Ibbetson," now running at the Court Theatre, a most dignified and important character is the biggest St. Bernard dog in England known as "Rex," who served at the front as the mascot of the Royal Army Service Corps.

Father Was Safe. "Two men got into a fight in front of the bank today," said a man at the family tea-table, "and all you it looked pretty bad for one of them. The bigger one seized a huge stick and brandished it. I felt that he was going to knock the other's brains out and I jumped in between them."

The family had listened with rapt attention, and as he passed in his narrative the young lady whose respect for his father's bravery is immeasurable, proudly remarked: "He could knock my brains out of you, could he, father?"

JUNE WEDDINGS

Spinnery, Conn. St. George, N. B., June 17.—A very pretty wedding took place at the home of Mrs. Thomas McInnes on Wednesday afternoon at three o'clock, when her niece, Miss Joyce L. Goss, was united in marriage to Lovell Spinnery by the Rev. H. E. De Wolfe. About 75 guests were present at the ceremony. The bride, who was given in marriage by her mother, Mrs. Nellie Goss, looked charming in white gossamer with pearl trimmings and wore a veil caught up with orange blossoms and carried a shower bouquet of bride roses. The ceremony was performed beneath an arch of white lilacs. Mrs. Geo. E. Franley played the wedding march, after which dainty refreshments were served. The pair was unattended. They were the recipients of many beautiful presents, including cut glass, china, silver and several pieces of jewelry. The happy couple left by automobile for parts unknown. The bride's traveling suit was of blue Bouffant cloth, with hat to match.

The cut of town guests were: Mrs. Wesley McKay, Misses Ella Hanson, Hilda Hanson and Bertha Hayman of St. Stephen. Gambin-Feiwasser. A quiet but interesting wedding was solemnized at St. Mary's Church, Hampton, on Wednesday, when the Rev. Dr. Campbell united in marriage Murray Gambin and Miss Hazel Feiwasser, of Sussex. Both of the contracting parties are popular young folks and their many friends wish them a happy and prosperous voyage through life. Mr. and Mrs. Gambin will spend the honeymoon with Mr. Gambin's mother, Mrs. Slack, Windsor, N. S., and on their return will take up their residence in Sussex.

Mr. McCluskey was for some time resident agent at Grand Falls of the Maple Pulpwood Company of New York city, but recently severed his connection with that corporation and is now engaged in construction work, having several large contracts complete, one of which is for the Government of New Brunswick. A host of friends wish Mr. and Mrs. McCluskey a long and happy life.

GENERAL PRICE IMPROVEMENT

Market Determined to Go up Yesterday in Spite of Everything.

New York, June 18.—The general improvement in prices, which began before noon, continued through the afternoon and traders remarked that the market wanted to go up in spite of money, politics and commercial conditions. Crucible sold six points above its close and some of the other stocks advanced a point or more. The Montreal Oil stocks recovered 2 to 5 points and even the metals joined the rise to a limited extent.

Some of the bulls made good gains like 8 points in Reading and five in D. L. and W. usually an inactive stock. The declaration of the regular dividend on North Pacific made the short interest in the rails created by the reduction of the Chicago and North-Western dividend uneasy. The market paid no attention to the American Federation of Labor's demand for government ownership which the Street looks upon as largely a matter of fact. Call money advanced to 5 per cent in the last hour closing at 8 per cent but did not seriously check the rise in stocks which was of course largely a covering movement.

THE WEATHER.

Toronto, June 18.—Pressure is highest tonight over Manitoba and the Upper Lakes region, and lowest in the South Pacific States. The depression which was over the Middle Atlantic States last night has dispersed. Showers have occurred locally in Saskatchewan and in parts of Southern and Eastern Ontario and in Western Quebec. Otherwise the weather in the Dominion has been fair and for the most part comparatively cool.

AROUND THE CITY

MUST GET BUSY
Commissioner Jones has warned the residents of Douglas Avenue that any necessary sewer constructions must be made before the pavement is laid, as he does not intend to have the surface torn up to enable this work to be done later.

HELD CONFERENCE
At a conference between representatives of the city and the city commissioners, held yesterday morning in the mayor's office, a request for the privilege of laying two more tracks on Water street was presented, by the railway men it is understood the laying of these tracks is preparatory to the providing of more berths on the east side of the harbor.

DRUNK AND INSULTING
John Morgan and Albert Whiteway were arrested last evening on the charge of being drunk in a public place and also of using insulting language from a window to pedestrians on the street below. The arrests were made by Liquor Inspector McInnes and Moore, assisted by Police Constable Young.

WILL START REPAIRS
Doyle and Son, local divers, will start the repair work on No. 1 berth Sand Point this morning. New fenders are to be placed in position. The wharf underneath is to be lifted up and bolts of old fenders saved off, as well as other extensive work.

DELAYED BY STORM
Word was received last evening that a regular typhoon is sweeping about Boston and vicinity with the result that the Eastern liner Governor Dingiey is unable to leave on her trip to St. John. A. C. Currie, local agent, informed the Standard last night that the regular trip is cancelled and the steamer will not sail for St. John until Monday morning.

FIRST STRAWBERRIES.
The first native wild and cultivated strawberries of the season arrived in the city yesterday from up river on the steamer Majestic. There were about thirty boxes in all and were quickly gathered in by the dealers on arrival, and the price paid was fifty cents per box. The first consignment to arrive last year was on June 19th, so this year's record is just one day better than last.

THE ROVERS WON
There was an interesting game of ball on the Barrack Green last evening for the juniors when the Rovers defeated the Cliffords by a score of twenty to six. A couple of youngsters who brought the account of the game to the Standard sporting department mentioned the fact that the Rovers "la just a new team and something good can be expected from us in the games to follow."

Mrs. F. P. C. Gregory has returned home after a very pleasant trip to Ottawa, Quebec and Montreal.

CONGRATULATIONS TO GOV. COOLIDGE

Monday Will Be the Day to Look After Your Fall and Winter Blanket Needs.

"On Sunday last F. L. Potts, M. L. A., sent a telegram of congratulations to Governor Calvin Coolidge of Massachusetts and has received a reply the messages which follow are self explanatory:—
June 18th, 1920.
To Gov. Calvin Coolidge,
Massachusetts

Congratulations. May your success at the polls be as great as that of the Convention. Men of courage are needed at head of affairs to guide their Country through the trouble, some times of reconstruction. An admirer.
F. L. POTTS
St. John, New Brunswick.

St. John, N. B., June 18, 1920.
Mr. F. L. Potts, M. P. P., New Brunswick, Canada
My dear Mr. Potts:—
It was very thoughtful of you to send me your congratulations. I appreciate it more deeply than you realize. I know I shall have your support in all patriotic service.
Very truly yours,
(Sgd.) CALVIN COOLIDGE.

New Canadian Cent And Slot Machines

People Pleased With New Issue of Coin, But it Means Great Expenditure in Change of Slot Machines.

The new Canadian cent has made its appearance on the street, having been put into circulation in St. John last Thursday, and there has been no little demand for the new coin. Many people claim to have the first new coin that was issued here, while many others are sending the coins away to friends in the United States and the Old Country as souvenirs. The size of the coin, which is very little larger than the Canadian ten-cent piece, is felt to be much handier than the old coin, which was considered cumbersome, but one thing that it will have a bad effect on is the many thousands of slot machines throughout Canada which have been manufactured to handle the large coin. Gum, candy, weighing and many other sorts of slot machines will eventually have to be changed so that the new coin can be used, and this will mean an expenditure of a very large sum of money. This, however, is not looked on as a great hardship, as the greater majority of slot machines are good money-making devices and will soon pay for the cost of a change.

School Trustees Visit North End

Yesterday Afternoon They Inspected Proposed Sites of New School Which Board Wishes to Erect.

The members of the Board of School Trustees visited the North End yesterday afternoon and inspected the proposed sites of the new school which the Board wishes to erect. A meeting of the Board will be held on Tuesday, when it is expected a decision will be made. The Board proposes to erect a building with ten class rooms. The present school on the Newman's Brook road has four class rooms, and three more classes must be taken care of at once. When the new building is erected there will be little extra accommodation against the needs of the future, as the North End is showing signs of considerable growth.

THE DELEGATES RETURN HOME

Those Who Attended Tourist Association Convention Quite Enthusiastic About Success of the Meeting.

The delegates from this city who attended the convention of the New Brunswick Tourist and Resources Association returned home yesterday. They are all quite enthusiastic about the success of the convention. An evidence of this is the lively interest that was stirred up in the Northern Counties. The people of the counties of Restigouche and Gloucester have entered whole heartedly into the spirit of the Association and it is to be hoped that before the time for next year's convention rolls around that the whole Province will be represented. The quicker every section realizes the benefits that an Association of this nature will confer, the better for New Brunswick.

Many of the party brought home with them, some fine specimens of Restigouche salmon, as evidences of their skill (3) with fly and rod.

Send roses to the sick and shut-ins. "Say it with Flowers." All kinds at special prices. Please call at K. Pedersen, Ltd., 38 Wamside Charlotte St.

Returns From A.M.E. Church Wonderful Trip Tag Day Success

T. P. Regan Was One of Party Who Were Guests of Forester and Cook to Immense Oil Fields in Kansas Territory.

T. P. Regan, president of the New Brunswick Automobile Association has just returned from a trip to the Kansas oil fields, and while having had all the pleasures imaginable, he has witnessed not only some very beautiful country, but was amazed by the extensiveness of the oil industry, and in aid of the Standard yesterday Mr. Regan said that he never believed the greatness of the oil fields until he had the opportunity of seeing the place.

It was on Saturday, June 5th, that Mr. Regan with twenty-two other friends of Messrs. Forrester and Cook, Taylor, Lindsay, and McNeil, and boarded Mr. Cook's private car and started on the journey which will long be remembered by the party. The party of the whole amount, received the following:—Hon. Robert Murray, George B. Willett, Godfrey Stead, T. P. Regan, of New Brunswick; A. E. Clarke, of Toronto; J. H. Huron, of St. John; T. J. Sears, of Antigonish; E. D. Haley, of Antigonish; R. Lachne, of St. John; J. H. Sutherland, of New Brunswick; J. W. McLeod, of Thornburn; Dr. C. H. McNatt, of New Glasgow; S. T. Gourley, of St. Catharines; Rev. J. L. Bell, Hamilton, Ont.; W. G. Jenks, of Port Huron, Mich.; Hill, of St. Catharines, Ont.; J. J. Buchanan, of Wichita, Kansas; James M. Waller, of St. Catharines, Ont.; E. J. Gleeson and Robert Faulkner, of Toronto.

The party left Moncton on Saturday June 5th, and travelled via Montreal, Toronto and Chicago to the oil fields. They then boarded automobiles and travelled five hundred miles in that country, taking in the Eldorado oil fields at Peches and the "No. 1" Country fields. There Mr. Regan and party were shown eleven hundred pumping wells all in operation in a territory of twenty miles, and each well being four hundred feet apart. Everything was described and each well is from 2,800 to 3,200 feet deep, and as the oil flows from the well it is carried about six hundred miles through pipes to the refineries. Some of these wells produce no less than three thousand barrels of oil per day, and this oil as it comes from the wells is worth from three to four dollars a barrel to the fields owners before it goes to the refineries.

Mr. Regan said that he found the country very rich in that part of the country, and little if any rain was experienced in the State of Kansas while the party was there. He travelled over two hundred miles on a fine road and will undoubtedly have something to talk about on good roads at the next meeting of the Automobile Association.

While in Chicago the party was present at the big political convention and also were enabled to witness a real good big league baseball game. In all the trip was a grand one and well enjoyed by every one of Messrs. Forrester and Cook's guests.

Mrs. Ralph Smith, M. P. F. of Vancouver, at present attending the National Women's Council, the first woman in Canada elected to Parliament, will deliver an address on Sunday evening at seven o'clock in the first Presbyterian Church, West St. John. Rev. Dr. Morrison will preside. All welcome.

What Montreal Did For One Man

A Happy Home on Princess Street Broken up Because Liquor Readily Secured in Montreal — Women Must Register by June 24th.

A characteristic instance of the curse of strong drink is the case of a man who took up his home here eighteen months ago, having been brought there by a drunk on a spree. During all this time he was sober and industrious, and his wife and family of four little ones lived comfortably on Princess street, although prior to the St. John residence they had not been together for many months. Four weeks ago he had occasion to spend a day in Montreal on business, and his old cronies took him to the places of so-called good cheer, with the result that he speedily sank into the depths again, and is still in Montreal, having pawned every possible article that could be disposed of in the attempt to satisfy his appetite for liquor.

This is only one instance among thousands, and still many advocate that the liquor trade is a good business proposition that makes Montreal comfortably a richer city. If the poor Princess street wife were queried her answer would be eloquent. Let those who can not get on in their duty. Let sane, sensible, honest men and women study the matter carefully from an unprejudiced standpoint before July 10th. Ladies, remember, register not later than June 24th. Prohibition Headquarters, Congregational church, Union street, Main 4394.—Advtd.

Something Over Seven Hundred Dollars Realized as Result of Work Yesterday — Church Directors Elated and Grateful.

The "Tag Day" which was held yesterday in aid of the conference of the A. M. E. Church was a complete success. Full returns are not yet available but it is expected that somewhat over \$700 will be realized. The directors are very much elated over the splendid response to their appeal and express themselves as deeply grateful to the people of St. John who contributed so generously. The proceeds are for the general purpose of increasing the funds of the A. M. E. Church. Practically the whole amount, received however, will be used in putting the work in St. John on a firmer footing.

Rev. C. A. Stewart, presiding officer of the A. M. E. Church, received the proceeds of the "tagging" and directed the effort. He was ably assisted by Rev. Claude Stewart, who is acting as pastor of St. Philip's Church of the city of the city of the avoidable absence of Rev. Mr. Pinkett, and John Hagen of Halifax. Ten young ladies from Halifax and Amherst assisted the "tagging" of the church in the city the visitors were also entertained by the "Willing Workers."

In the evening a very enjoyable entertainment was given in St. Philip's Church. A large audience was present and an attractive programme of solos, quartettes, duets and recitations was carried out. Short addresses were made by Rev. Claude Stewart, Trustee John Jackson, Rev. McIntyre and John Hagen at the conclusion of the programme.

WANT INFORMATION
The board of trade has received several communications from New York and Boston, asking for information regarding housing accommodations in the city for exhibition week this fall.

St. Chrysostom And Prohibition

"What Folly and Madness, When Men Sin, to Find Fault With Gifts of God."

It is in The Messenger, the monthly periodical of the Society of St. John the Evangelist in America that we find the protest of St. Chrysostom, a Christian gentleman of unusually high moral and great courage who lived in the Fifth Century against the Prohibition movement of that day. The words of this whole-souled saint follow:
"I hear men cry when these deplorable excesses happen:—'Would to God there was no wine.' What folly, what madness! When other men sin you find fault with the gifts of God. What insanity is this! Is it the wine that causes this abuse? No, it is not the wine but the intemperance of those who take an evil delight in it. But rather cry out:—'Would to God there were no drunkenness, no luxury, no dissipation.' But if you should say there were no iron because of the murders; were there no night because of the thieves; would there were no light because of the informers. In — way you might destroy everything. This is a devilish way of thinking."—(Advtd.)

Favorite Comedian With New Company Opens at The Lyric Monday Afternoon

The mention of the name of Charlie Neale results to the minds of the many patrons of the Lyric Theatre a rather diminutive looking comedian, who by his pranks, wit and natural sense of humor, spread smiles broadcast during his stay at that theatre some time ago. The genial Charlie commanded no small degree of popularity and in fact many claim him to be one of the best comedians seen in musical comedy locally.

It will be good news to learn that Mr. Neale is to return to the Lyric Monday next for a limited stay bringing with him his own company of artists. Mr. Neale will be supported by a strong cast well rehearsed to say nothing of a chorus of attractive and dainty young ladies, and during the stay of the company, some of the more outstanding features in the repertoire of tabloid musical comedy companies will be presented.

The very latest songs, hot from the press, will be rendered in a novel and up-to-date manner, while the coquettish will also be an outstanding feature. The opening bill will be offered Monday afternoon at the usual matinee hour with the two regular evening performances.

Patrons are advised to watch the papers for particulars of the monster old-time senator contest to be staged Friday evening next.
