NEW BRUNSWICK PROPOSES TAXES ON TELEGRAPHS

One Per Cent. on All Receipts Within the Province is Proposed.

GAME ACT IS BEFORE HOUSE

Lieutenant Governor is to Attend This Afternoon to Assist to Some Bills.

Fredericton, N. B., April 11.—The legislature met at 9:30 o'clock to-day after the week-end recess. Hon. Mr. Byrne presented the report of the new committee. He also introduced a bill to amend the Corporations Tax Act of 1920. He said that one of the provisions required every telegraph company to pay into the provincial treasury one per cent of its entire net receipts, collected within the province, and such receipts are to include all monies paid by parties within the province to the head offices of such companies. Another section of the act has to do with taxes imposed under authority of the legislature on banks and other corporations by the cities, towns, and municipalities of the province.

Under this section, it is provided that the houses or corporations of cities, towns and municipalities, shall be more than the sum payable at the time the Provincial Corporations Act was passed. He said that as it is the duty of the province to provide ways and means for carrying on the public services, it was only fair that the authority given municipalities to impose special taxes on corporations should be limited and be exercised with great caution.

Protection of Sheep.
Hon. Mr. Morrison introduced a bill to amend the act for the protection of sheep from dogs. He explained that the bill empowered the municipalities, in cases where the fund was more than sufficient for the purpose, to make use of the same for other purposes. Before doing that, however, it would be necessary to make sure that there was sufficient funds on hand to satisfy all claims under the act. The bill was in line with suggestions made by the Agricultural Committee of the House.

Hon. Mr. Byrne introduced a bill to amend the act relating to the Board of Public Utility Commissioners. It provides that every corporation operating a public utility shall annually make a return to the provincial secretary-treasurer, showing a statement of assets, liabilities, receipts and expenditures. It also provides that in future, copies of orders by the board shall be forwarded to the provincial secretary-treasurer.

House in Committee.
The House then went into committee with Mr. Melanson in the chair, and agreed to bills to amend the act incorporating the Southwest Boom Company, an act to repeal the tolls of the said company, and a bill to incorporate the Port Canada Docks, Railway.

The committee next went into consideration of a bill relating to several marsh land in the parish of Seneca. Mr. Estabrook explained that the bill gave authority to increase to the number of commissioners, to provide for an annual audit and to purchase a machine for carrying on ditching operations.

Mr. Baxter thought that one of the

Had An Annoying Hacking Cough. Got No Rest At Nights.

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief, the cough may become settled and serious with trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, coming as it does from the healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Dr. E. J. Ross, Penhold, Alta. writes: "About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised in a paper. I got a bottle. It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house."

"Dr. Wood's" is put up in a yellow wrapper, three glass bottles for trade price 50c, and six a bottle. Manufactured only by Dr. J. C. Wood, St. John, N. B.

Court of Appeal Cases For Hearing

Fredericton, N. B., April 11.—Sevens Court, Court of Appeal, April session, 1921.

1.—The King vs J. V. Lamborn, ex parte Michael Offman. Mr. J. King Kelley, K. C., for Michael Offman, to support appeal from decision of Sir J. D. Hasse, Chief Justice, in Habeas Corpus proceedings.

2.—The King vs W. Limerick, Police Magistrate, Fredericton, ex parte Clara W. Woods. Mr. P. J. Hughes to show cause against a rule nisi to quash conviction.

3.—The King vs E. F. McLachy, Judge Westport County Court, ex parte Foster Dochena. Mr. E. Allan MacKay to show cause against an order nisi to quash order on review.

4.—The King vs Steve Procopuck, Crown case reserved. The Attorney General for the Crown and Mr. D. Mullin, K. C., for defendant, to argue reserved case.

Appeal Paper, County Court
1.—Eney vs Doody, Mr. D. Mullin, K. C., for defendant, to support appeal from the Saint John County Court.

Controverted Elections
1.—F. M. Anderson vs D. A. Stewart and H. Diotte, Mr. J. B. M. Baxter, K. C., for Stewart and Diotte to support appeal from decision of Mr. Justice M. Barry.

Kings Bench, Division
1.—Fraser vs. McEachern, Mr. J. P. P. Teed for plaintiff, to move to set aside, in part, verdict for defendant, and enter verdict throughout for plaintiff, or for a new trial. Mr. P. J. Hughes for defendant, to support cross appeal for verdict for defendant on all issues.

2.—Bennerson, et al. executors, etc., vs Clarke. Mr. C. F. Inches for defendant, to move to set aside verdict for plaintiffs and enter verdict for defendant, or for a new trial.
3.—Berry vs. Robinson. Mr. M. G. Teed, K. C., for defendant, to move to set aside verdict for plaintiff and enter verdict for defendant.

sections of the bill was not quite clear as to its meaning. Mr. Faucett said he thought those versed in such matters might offer suggestions with a view to making the bill more workable.

Hon. Mr. Byrne moved that progress be reported.

The committee agreed with amendments to a bill to incorporate Queensown Public Hall, to a bill to amend an act to permit the municipality of Kent to make temporary loans, a bill to authorize the municipality of Albert to effect temporary loans, and a bill relating to fire protection in the parish of Lancaster. The House went into committee with Mr. Hayes in the chair, and took up further consideration of a bill entitled the Game Act, 1921.

Mr. Young asked why the Minister of Lands and Mines wished to have power to cancel licenses at any time. He thought it should be necessary to show cause.

Hon. Mr. Robinson said he believed that the cause would be shown in the case of any cancellation.

Mr. Young: "The license holder might be in the woods and not know that cancellation had been made."

Hon. Mr. Robinson said that if a person must be notified of cancellation before such should go into effect. The section was a new one and he was willing to let it stand for further consideration.

Mr. Young said that there should be no penalty on an employer for an offence against the act committed by an employee, if it could be shown that the consent of the employer had not been given.

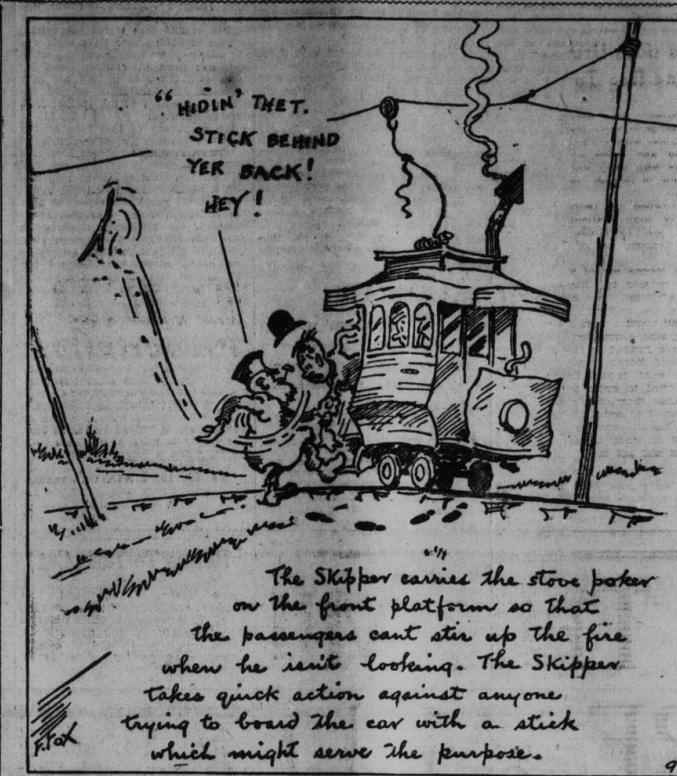

Camp Crews.
Hon. Mr. Robinson, speaking to the section making camp foremen responsible for offences committed by members of the camp crews, said that in some parts of the province it was customary for foremen of lumber camps to encourage men employed under them to violate the Game Act.

Hon. Mr. Veniot said that there were foremen who paid extra money to one man selected in each crew to do the killing of game animals.

Hon. Mr. Veniot objected to the section which provided that dead game selected by the Warden be disposed of by public or private sale, and had the word "private" struck out. In regard to the section which gives a warden authority to destroy a dog caught chasing game, it was stated that the provision would not apply to the case of dogs sent by their owners to dislodge game from a grain field.

He wanted to know what had become of the game refuge established in the northern part of the province. Refuge Not Decided.

Hon. Mr. Robinson said that the matter had not yet been decided. The times for the refuge had been run, but it seemed that section was taken in substance of the order-in-council, and there had really been no authority to set it up. It was now his intention to establish another refuge in the southern part of the province, the present one

The Skipper carries the stove poker on the front platform so that the passengers can't stir up the fire when he isn't looking. The Skipper takes quick action against anyone trying to board the car with a stick which might serve the purpose.

POSTAL CLERK AT FREDERICTON UNDER ARREST

Geo. Ferguson is Taken Into Custody on Warrant by P. O. Authorities.

REGISTERED LETTERS HAVE BEEN MISSING

Prisoner is Out on \$8,000 Bail Until April 20 When Trial Begins.

Fredericton, April 11.—Geo. Ferguson, a clerk at the Fredericton post office, was arrested shortly before 9:30 o'clock this afternoon by Patrolman Murray of the police department on a warrant sworn out by Post Office department officials. The arrest followed Ferguson's suspension on Saturday night after he had been grilled for some time by Post Office Inspector H. W. Woods.

Local post office officials declined to make any statement regarding the case. Inspector Woods went to St. John this morning.

Some months ago a registered package containing three letters with money disappeared out of the vault at the post office during a night when Ferguson was clerk in charge of the night staff at the office. Since that time other letters that were registered have disappeared from the post office. Ferguson was released soon after his arrest on \$8,000 bail, his sureties being W. H. Vanwart and Joseph Walker, the case being stood over until April 20th.

Had natural boundaries and the expense would be very light. It was bounded on the north by the Oaman River, on the south by Nevers Brook, and on the east by the C. N. R. line. Some of the land was owned by a private individual, but he was anxious to have the refuge established.

Adjourned at 11:40 p.m.

Liquor Commission Working By May 1

First Supply Likely to be Received from Wholesale Vendors in St. John.

Fredericton, N. B., April 11.—Hon. J. F. Tweeddale, chairman of the New Brunswick prohibition commission, is here and has called the organization meeting of the commission for tomorrow.

Today he predicted that the commission would be functioning in the wholesale distribution of liquor in this province by May 1. Providing warehouses and office accommodations and the organization of a staff will be the first matters considered. A proposal has been made that permission to use the military barracks at the corner of Carleton and Queen streets, not now in use as such, might be obtained from the Federal Government.

The first supply of liquors the commission will handle will be secured from the wholesaler vendors at Saint John, whose stocks, Mr. Tweeddale said, would be taken over under provisions of the act.

Later on direct importations from overseas will be undertaken. The commission will also use liquor secured through seizures for distribution purposes and will have a considerable quantity now stored in the Government buildings available at the outset.

Restigouche Appeal To Begin At Once

Court of Appeal Will Start Its Sittings at Fredericton This Morning.

Fredericton, N. B., April 11.—The Easter term of the New Brunswick court of appeal will open here tomorrow morning. There is about the usual docket, it was said today, the case of most public interest being the appeal from the decision of Mr. Justice Barry in the Restigouche county election petition case in which the election of Messrs. Stewart and Diotte, the opposition candidates, was declared illegal because of irregularities in the manner in which the sheriff had conducted the election. At the opening of the Legislature an attempt was made to have Stewart and Diotte sworn in as members for Restigouche, but was unsuccessful.

SHIP LOSES PROPELLOR

St. John's, Nfld., April 11.—The steamer Castle Point, owned by Moore & McCormack of New York, is reported in trouble in the ice fields off the east coast of Newfoundland. The ship is fast in the ice and has lost part of her propeller.

WANTS ALL REPORTS

OGAWA, April 11.—A motion by J. H. Sinclair, (Antigonish-Guysboro) for the production of all papers regarding the taking over and operating of the Dalton Shantarem, was carried in the House this afternoon.

Castle Point Is Clear of Floes

Vessel in Peril off Newfoundland is Free from Ice Once More.

New York, April 11.—The freight steamer Castle Point, previously reported caught in the ice off the coast of Newfoundland, has worked clear and is on her way to St. John's, Moore & McCormack, her agents here have been advised. The coast guard cutter Terra Nova went to her assistance.

LUMBER DRIVE HELD UP

Fredericton, N. B., April 11.—Several lumber drives on small streams in this vicinity, have been hung up and abandoned for the present. Two new ones on her way to St. John's, Moore & McCormack, her agents here have been advised. The coast guard cutter Terra Nova went to her assistance.

MISSIONARY TO CHINA

Fredericton, N. B., April 11.—Dr. Kenneth A. Baird of this city has been accepted by the foreign mission board of the Presbyterian Church for service abroad, and has been assigned for work at North Honan, China. He and his wife will leave Fredericton about May 1. He was graduated by U. N. B. in 1914.

ACHES AND PAINS—SLOAN'S GETS 'EM!

Famous pain and ache Liniment kept handy, brings warming, gratifying relief.

RHEUMATIC twinges ease up soon. So do stiff joints, lame back, neuralgia, overtaxed muscles, and those pains from weather exposure, too—they don't fight long against the counter-irritation that Sloan's Liniment produces. Always keep this old family friend handy for instant use—Etila penetrates without rubbing, leaving no skin stings, rashes, or clogged pores. Its very odor—freshly and stimulating—suggests the good it will do. All druggists. Three sizes—35c, 70c, \$1.40. Largest size is most economical.

Sloan's Liniment

A Campaign to Protect You in Buying Your Watch

RALPH WALDO EMERSON, more than fifty years ago, speaking in one of his essays of a distinguished man, said: "He is put together like a Waltham Watch."

This remarkable tribute to Waltham greatness is the result of the genius of many men whose inventive faculties have been concentrated for nearly three-quarters of a century to make it the wonderful time-keeping device it is.

The buying of a watch is an investment in time-keeping. And time is the most valuable possession of man.

You purchase a watch for one thing—to keep correct time for you—to tell it to you with dependability at any moment of the day or night.

A good watch, therefore, must have something more than good looks—it must have good "works."

Millions of people imagine that the "hand-made" watch is the "best"—or, at any rate, that its works are superior.

Yet, at the great Expositions, the watches of the world's other leading manufacturers have invariably been defeated by Waltham.

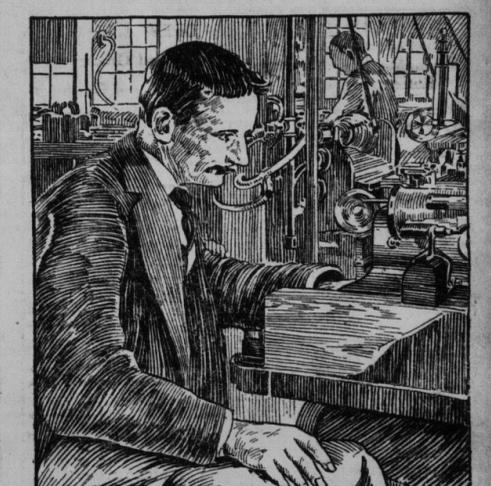

In a series of advertisements we are going to show that there is a watch made completely by one factory organization whose time-keeping mechanism is more trustworthy than any "hand-made" watch can be.

A watch that is easily and economically repaired because its parts are standardized.

A watch that represents origination and leadership in mechanical skill.

A watch that has revolutionized the art of watch making and assured accurate and dependable time-keeping.

We are going to take you through the "works" of a Waltham—lay bare those hidden superiorities which have led the horological experts of the greatest nations to choose Waltham as the watch for the use of their government railroads.

Deane H. Church, famous inventor who filled the great shops at Waltham, Massachusetts, with exclusive watch-making machinery that performs miracles of accurate and delicate work which the human hand could never equal.

When you have finished reading these advertisements, which will appear regularly in this publication, you will walk up to your jeweler's counter and ask for the watch you want—because you will know how it is built and why it is superior to any other watch.

Look for these advertisements. Read them.

THE WORLD'S WATCH OVER TIME

FORMER EMPRESS OF GERMANS IS DEAD AT DOORN

Attack of Heart Disease Proves Fatal After One Year Time.

DAUGHTER TOO LATE IN REACHING SIDE

Never Knew Her Son Committed Suicide Six Months Ago.

DOORN, April 11.—Former Empress Augusta Victoria of Germany died here at six o'clock this morning. By a strange coincidence the end came about one year after she suffered her most serious attack of heart disease. It was while she was preparing to enter the house of Doorn, the present home of the former Empress of Germany, after her long residence at Amstelveen that she was stricken with what at the time was believed to be a fatal attack. That was on April 21, 1920.

For a few days there were reports that her death was momentarily expected, but she rallied and accompanied her husband to Doorn on May 15 last.

Never Knew Son Suicided.

Attacks of her fatal malady recurred at frequent intervals, each sapping her vitality and nullifying the measures taken by specialists to restore her health. When her son, former Prince Joachim, committed suicide in Berlin last July she was in such serious condition that the news of his death was kept from her for a long time, and it is said she never learned her son killed himself.

Late last autumn the former empress' condition gradually became worse, and on several occasions her children were called to Doorn, but her strength was such that she rallied bravely when the end was believed imminent. Since the first of this year, it had been known that she was gradually sinking.

Daughter Too Late.

Former Emperor William and Prince Adolbert were at the bedside when the former empress died. They

Missionary Address At Hopewell Hill

Miss Flora Clark Interested Large Audience at Baptist Church on Indian Customs.

Hopewell Hill, N. B., April 11.—Miss Flora Clark, missionary home on furlough from Vancouver, spoke in the Baptist Church Sunday afternoon. Miss Clark is a very interesting speaker. She described the customs of the natives. She has been in the work 19 years. She lives in the Pook Memorial Home. This building was erected to the memory of Mrs. A. Laura Pook, who died on the mission field. Miss Clark also paid a most touching tribute to the life work of her departed fellow-worker.

At the close of the service Rev. I. B. Colwell paid a tribute to the late G. M. Pook, who had been so closely connected with the Hopewell Hill Baptist Church work.

The Mission Band held a sacred concert in the Baptist Church Sunday evening. The music was especially good. Miss Clark, who was present, addressed the children.

NAVY POSTPONES TRIP

Ottawa, April 11.—Announcement was made this morning by the naval department that the projected departure of the Canadian squadron on the 15th from the coast of British Columbia for Halifax, has been postponed. The Canadian squadron will remain in the Pacific for the present and will engage in gunnery exercises on the Comox range.

had been called by Dr. Haesmer who attended the former empress throughout her residence in Holland.

Although the end had been expected for weeks, it none the less came as a surprise to the dwellers in Doorn. During this morning, as during last week, the patient's condition has seemed less serious.

Nevertheless last Saturday Dr. Haesmer, after consultations with Prof. Hymant, the Dutch heart specialist, thought it advisable to send a message to Princess Victoria Louise, the only daughter of the former empress, calling her to Doorn. The Princess, who was then in Vienna, had not reached Doorn when death came this morning.

Last night the patient was only semi-conscious. She was kept from suffering by frequent hypodermic injections, but her breathing appeared to become hourly more difficult.

Tells The People He Is Satisfied

QUEBEC MAN TALKS ABOUT DODD'S KIDNEY PILLS

Mr. Joseph Goucy Gives the Reason Why for Twenty Years Dodd's Kidney Pills Have Grown in Popularity With the People of Quebec.

Most men, especially in Quebec, April 11.—(Special)—"I got great benefit from the use of Dodd's Kidney Pills. I am satisfied and I want to tell the people so."

That is the brief statement of Mr. Joseph Goucy, a well-known and highly respected resident of this place. He calls the secret of the popularity of Dodd's Kidney Pills. Satisfied people are telling their neighbors about them. Dodd's Kidney Pills are a kidney remedy. They strengthen the kidneys so they can do their full work of straining the impurities out of the blood. Dodd's Kidney Pills have been used for backache, diabetes, rheumatism, dropsy, urinary troubles and heart disease. People who used them are satisfied.

Ask your neighbors about Dodd's Kidney Pills.

Trains Stop When Region Turns Dry

Smethport, Pa., April 11.—Thirsty travelers who gain the timetable of the Kinross route, the little railroad that runs westward from Smethport, get a thrill when they reach the announcement that passenger service is operated on "moist Mondays, Wednesdays and Saturdays," but the thrill disappears on inquiry.

The Kinross route passes through a heavily timbered part of McKean County. Some bad fires have occurred along the route. The state forestry department has asked co-operation and the owner of the road has gone so far as to suspend operation completely when the timbered country through which the railroad passes is dry.

LOSS OF APPETITE

Pimples, Boils, Eruptions, etc.—Mental and Physical Weakness. Are all very prevalent just now, and are positive proof that the blood is wanting in the power to defend the body against contagious and infectious diseases. They show conclusively that the blood needs thorough cleansing, enriching and vitalizing.

Do not put off giving attention to these dangerous symptoms. Get Hood's Sarsaparilla today and begin taking it at once. Remember, this medicine has given satisfaction to three generations, as a treatment for the blood, stomach, liver and kidneys, and for catarrh, rheumatism and other common diseases. It builds up the system, makes food taste good, and helps you to eat and sleep well. For a gentle laxative or an active cathartic, take Hood's Pills. You will like them.

ECZEMA

You are not experimenting when you use Dr. Chase's Ointment for Eczema and Skin Irritations. It relieves at once and gradually heals the skin. Sample box free. Write for it and send 25c stamp for postage. 60c a box; all dealers or Edmundson, Bates & Co., Limited, Toronto.

Prettier Poles For Douglas Ave.

Council to Take Action to Prevent Unightly Ones from Being Erected.

A determined effort on the part of the city will be made to find out who owns the poles on Douglas Avenue and to have more sightly ones used there in the future, following a discussion brought up by Commissioner Thornton at the council meeting yesterday.

The commissioner stated that there was on that street 115 poles, the New Brunswick Telephone Co. claimed they did not own any and the Power Co. only owned seven according to their figures and he wanted to find out who did own the balance of them. He moved that the public works department be asked to bring in a report giving this information.

Commissioner Bullock thought the city should grapple with this matter at once and only allow poles of an ornamental nature to be erected. Commissioner Frink expressed himself as in sympathy with the idea but called attention to the fact that by legislation these companies had the right to erect poles and all the city could do was locate them.

The motion passed and the commissioner promised to get the information.

Valuable Quarry In Little Hamlet

Danville Jct., Maine, Discovers An Unexpected Treasure Within Its Limits.

Danville Junction, April 11.—One of the most famous quarries in New England is hidden in this tiny hamlet, where it was discovered three years ago that the quartz was 87 per cent. silica. During the war this rock was shipped to Rumford for treatment and was worth the princely sum of \$150 a ton. Day after day the double-teams hauled out the white boulders; blast after blast drove big logs into the side of the big hill; railroad after railroad carried the principal business of the station from here to Rumford.

The discovery of this rare quality of quartz brought employment to quite a crew of men, gave Eliza Mosher's permanent position as manager, and put Danville Junction on the map in a way it never dreamed of before.

It is three years ago since the electric reduction plant was started at Rumford, the company drating on rock from Pennsylvania at first. Then came the discovery of this quartz so near home. Since the Rumford factory needed 3000 long tons a year it was a day of rejecting when this mine was brought to light.

A Valuable Block

The ledge shows the whole face of about 300 feet in height of this quartzite, extending for 100 feet in breadth. It has been cut back 50 feet thus far and still promises to turn out as good rock as ever. The biggest shipment was five carloads a week, and the average three. A carload means 35 tons. The quarry is worked nine months of the year and a full crew means five men and two teams.

This ledge once sold, with pasture, for \$1,000. Today mining rights are most valuable, as it is easy to multiply 5000 tons—a yearly production—by \$180 a ton.

Refuse To Take Cut

New Haven, Conn., April 11.—Plumbers and steamfitters to the number of 178, according to union officials, and 50 members of the Sheet Metal Workers' Union, refused to resume work today, objecting to a cut in wages of 20 per cent.

HERO'S COAT STOLEN

Toronto, April 11.—W. H. Stevenson, of Richmond, Va., made an heroic attempt in this city to save a man from drowning and while doing so his overcoat which he had thrown off before plunging into the lake, was stolen by a sneak thief. Mr. Stevenson succeeded in bringing the man to shore but not alive.

"Just Listen to This"

"I HAVE been after you to try Dr. Chase's Nerve Food and you always say it is intended more for women."

"Well, that is what I always understood, for I hear you women talking so much about using it."

"Don't you think men have blood and nerves as well as women? It says here that Dr. Chase's Nerve Food forms new, rich blood and nourishes the exhausted nerves back to health and vigor."

"Yes."

"Well, the doctor says it is your nerves that are responsible for your indigestion and sleeplessness. Why not try some of Dr. Chase's Nerve Food? You know what it did for me."

"I would like to know of some men in my condition who used it."

"Just listen to this: Mr. A. W. Foster, 178 Le Breton street, Ottawa, Ont., writes: 'For a year I was troubled with "nerves," was restless, especially on retiring, and unable to sleep for hours. I was easily fatigued and very irritable. 'A friend told me to try Dr. Chase's Nerve Food, and before I had used the treatment a week I was enjoying a good night's rest every night. I gained rapidly in every way and my general health is very much improved.'"

"That sounds all right."

"Yes. This statement is vouched for by Mr. E. M. Ahearn, the druggist, and is no doubt correct."

"Well, I will give it a try-out."

Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmundson, Bates & Co., Ltd., Toronto.

These Magnificent Free Prizes Are Awaiting Owners!

A Tip on How to Win

First—You enter the competition by sending in an entry blank properly filled out. The entry blank is good for 10,000 votes, and only one Entry Coupon will be accepted for any one candidate.

Then enlist the aid of your friends and neighbors. Use your telephone. Let everyone know that you are a candidate before they promise their help to a more enterprising competitor.

Be ambitious and determined to win from the start. If you have friends you cannot see at once, write them. It will take votes to win the free prizes—secure the votes. They can be obtained by clipping them from editions of The Standard or by securing subscriptions for The Standard (either The Morning or Semi-Weekly).

You can get votes and subscriptions anywhere.

Votes will be given on new subscriptions to The Standard and on renewals of old subscriptions that are paid in advance, also on payment of arrearages.

Call or send to THE STANDARD CONTEST OFFICE, 4th Floor, Standard Building, The Contest Department Assistants will be glad to have you call, so they can explain anything you do not understand. Telephone or write if you cannot call, and full instructions and samples will be sent to you.

Secure every daily vote coupon possible but principally work for votes secured on subscriptions. They count up faster.

FIRST CAPITAL PRIZE

The first prize in The Standard's big \$15,000 Automobile and Movie Star Contest will be a magnificent 4-passenger Studebaker, Big Six, with a cash value of \$15,000. This elegant Touring Car was purchased from J. Clark & Son, 17 Germania St., City, where it will be on exhibition.

The Big 4-Passenger Studebaker will be given to the contestant in The Standard's \$15,000 Contest who has the highest number of votes to his or her credit by midnight on the closing night of the contest. The contest lasts a few weeks. Enroll your name at once if you have not already done so. There is no reason why this magnificent auto cannot be YOURS!

The automobiles which will be given away in connection with The Standard's big \$15,000 Prize Contest will not be driven around the country or city by members of the Contest Department or any other person. We are giving away NEW cars in this contest—not second-hand machines.

ENTRY BLANK

GOOD FOR 10,000 VOTES
Nominate Yourself or a Friend

PRIZE CONTEST DEPT. OF THE STANDARD
St. John, N. B.

Captain:—

I hereby nominate as a candidate in your Automobile and Movie Star Contest.

NAME _____

ADDRESS _____

NOMINATED BY _____

ADDRESS _____

Note—Only one entry blank will be accepted for any one candidate.

SECOND CAPITAL PRIZE

The contestant who has the 2nd highest number of votes by midnight, on the closing night of the contest, will be given this 2nd prize, a 4-passenger, \$11,455 Gray Dart Touring Car. The Gray Dart, which will be given away in the very latest model, and fully equipped with the regular factory equipment.

See The Standard's magnificent 2nd prize on exhibition at the Gray Dart Agency (Wm. Pirie, Son & Co., 25 Sydney St.), from which it was purchased.

The automobiles which will be given away in connection with The Standard's big \$15,000 Prize Contest will not be driven around the country or city by members of the Contest Department or any other person. We are giving away NEW cars in this contest—not second-hand machines.

THE OBJECT OF THE PRIZE CONTEST

The object of this big undertaking is to secure new prepaid subscribers to The Morning and Semi-Weekly Standard; also to secure renewals, and collections of back subscription accounts, and while doing this to ascertain who are the most ambitious, persevering and determined men and women of this section of Canada. It costs nothing to participate in the competition. We furnish valuable prizes, while you furnish the new subscribers, renewals or collections in your spare moments.

THIRD CAPITAL PRIZE

Third Capital prize in the big prize competition will be a five-passenger, Ford Touring Car, latest model, fully equipped with all the latest factory equipment. This handsome prize will be given to the contestant who secures the highest number of votes by midnight on the closing night of the contest.

The Ford was purchased from and is on exhibition at The Universal Car Co. Dealers in Ford cars and Ford parts, 85 Prince William St.

The automobiles which will be given away in connection with The Standard's big \$15,000 Prize Contest will not be driven around the country or city by members of the Contest Department or any other person. We are giving away NEW cars in this contest—not second-hand machines.

Condemned Slayers Rebel Against Drill

Ex-Lieutenant Wanderer Too Hard-Boiled for Murder Squad is Their Claim.

Chicago, April 11—Murderers fell out today, when six doomed men in the death chamber rebelled and refused to drill any longer under Carl Wanderer. Convicted of slaying a "ragged stranger," Wanderer, a former army lieutenant, has been drilling the murder squad of six every day for a week, but they went back in their cells today when he yelled "Attention!"

"He's too hard-boiled," said "Lone Wolf" Ward, "Hard Boiled Smith" had nothing on him." "What's the use of drilling to death before they hang me," agreed Sam Cardinella. "The war's over," said Gene Geary.

Maritime Nail Employee Insulted

Fine Struck Against Thomas Jones—Trespassers Were Ordered Out of Town.

A fine of \$8 was struck against Thomas Jones, charged with using abusive and insulting language to Frank McKel on Adelaide Street last Thursday afternoon. Both complainant and defendant testified yesterday afternoon.

The defendant admitted having solicited McKel but denied using insulting language. He said they had always been friends up to recently.

Both men were employees of the Portland Milling Mills, and it was while McKel was relaxing from work that Jones is alleged to have solicited the complainant and enquired in insulting language why he was coming home from work so early.

As the only two witnesses in the case were the two principals, the fine was allowed to stand, after the magistrate had delivered a severe lecture to the accused setting forth the power the law was entitled to use to secure the right of personal liberty and security for each and every citizen.

J. A. Barry appeared for the defendant and J. P. D. Lewis for the complainant.

Trespassers.

Peter Kupel and Thomas Myers who were respectively charged with trespassing on the C. P. R. and C. N. R. properties, were ordered by Magistrate Ritchie to leave town immediately. He had no intention, he said, of sentencing them to jail so that they might live at the expense of the city.

James Milley who was arrested by Officer Lindsay for acting in a suspicious manner in the doorway of Percy Steele's store on Main Street was remanded. The officer said there were three men in the doorway and that they all took to their heels at his approach. He managed to secure Milley, who will remain in custody until the other two are secured.

A juvenile charged with stealing from the C. N. R. freight sheds was sent back to the Industrial Home from which he had escaped.

The case against Arthur Kennedy and John Nickerson, on suspicion of robbing John Kelly on Hilliard street, was postponed until Friday.

Cases against George Lord and a case against George Brooks were postponed until Monday.

PAYING SPRACKLIN DEFENCE

Toronto, April 11—Dr. Forbes Godfrey, Conservative member for West York, will inquire in the legislature whether the attorney-general or any member of the government agreed to indemnify Rev. J. O. L. Spracklin against the costs of the defense for his trial; whether any bill of costs has been received, and, if so, what is the amount.

NERVES ALL GONE TO PIECES

"Fruit-a-lives" Conquered Nervous Prostration.

R. R. No. 4, Gilbert Plains, Man.

"In the year 1919, I had Nervous Prostration in its worst form; dropping from 170 to 115 pounds. The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take 'Fruit-a-lives'."

I began to mend almost at once, and never had such good health as I have enjoyed the past eight years. I am never without 'Fruit-a-lives' in the house.

JAS. S. BELLOTT, 500 a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Remodeled Victorian Now Classy Steamer

Many Distinctive Features Which Make New Victorian Attractive One Cabin Ship.

The C. P. O. S. liner Victorian more attractive than ever having been remodelled since her last trip here, docked at No. 2 and 3 berths yesterday afternoon after a passage of eleven days from Southampton and Antwerp. The remodeling of the ship has taken many months her laying up date being January 28th, after leaving this port on her first trip here of the winter season.

The remodelled ship shows many distinctive features which make the new Victorian most attractive in the one cabin class to which she now belongs. All her first class or saloon space, known as the promenade deck, has been turned over for the cabin passengers, and built in lounge rooms, card rooms, etc. while the lower promenade deck has been converted in some part to a children's play room, a new feature for a one cabin boat.

Dining Saloons.

The first class dining saloon has been remodelled and enlarged while the second class dining saloon has been turned over to the third class which now has two dining rooms, each equipped with a bar. The Victorian can carry 324 cabin and 1006 steerage passengers.

The Victorian, on her summer sailings, heretofore has only gone as far as Quebec. This season she will make Montreal her port on the St. Lawrence.

A Good Medicine For The Springtime

Do Not Use Harsh Purgatives—A Tonic is All You Need.

Not sick—but not feeling quite well. That is the way most people feel in the spring. Easily tired, appetite lacking, sometimes headaches and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order—that the indoor life of winter has left its mark upon you and may easily develop into more serious trouble.

Do not dose yourself with purgatives, as so many people do, in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you this is true. What you need in the blood and build up the nerves. Dr. Williams' Pink Pills do this speedily, safely and surely. Every dose of this medicine helps to enrich the blood, which clears the skin, strengthens the appetite, makes the depressed men, women and children bright, active and strong. Miss S. L. McEwen, Nain P. O., N.B., says: "I have been in the habit of taking Dr. Williams' Pink Pills in the spring and they keep me in the best of health. I think it is entirely due to the use of these pills that I always have such good health."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

TWO-DAY SAFETY CONVENTION.

The second annual convention will be held at the King Edward Hotel, Toronto, on April 27 and 28 following the second annual meeting of the Canadian National Safety League and the seventh annual meeting of the Ontario Safety League.

Six papers on various phases of accident prevention have been arranged for and should create a lively discussion. Following the business meetings in the morning, two papers will be presented on the afternoon of Wednesday, the 27th—the first on "Traffic" and the second on "How to Interest the Employee in Safety." Four papers will be given on Thursday, the 28th. These papers being "Workmen's Compensation," "Falls and Falling Objects," "Safeguarding Machinery" and "School Safety."

FUNERALS.

The funeral of Leo Martin O'Leary, young daughter of Mr. and Mrs. Aubrey McCumber, 187 Rodney street, West St. John, was held yesterday afternoon from her parents' residence to Cedar Hill. Service was conducted by Rev. Isaac Brindley.

The funeral of Frances Elizabeth Keefe, infant daughter of Mr. and Mrs. F. C. Keefe, was held yesterday afternoon to Holy Cross cemetery.

The funeral of Leo Martin O'Leary, infant son of Mr. and Mrs. J. E. O'Leary, Cranston avenue, was held yesterday afternoon to Golden Grove.

The funeral of William Roddy, young son of Mr. and Mrs. W. D. Roddy, 139 Brittain street, was held yesterday afternoon to the New Catholic cemetery.

RECORD MACHINE CO. DIRECTORS

Moncton, N. B., April 11.—The directors of the Record Foundry and Machine Co., Ltd., is announced as follows: Mr. W. H. Malloy, Montreal, president; Mr. H. R. Emerson, Dorchester, vice-president; executive, Messrs. E. J. Shreves, St. John; Herbert G. Jackson, Moncton; W. T. Wood, Sackville; James Barnes, Brackley; and Mr. C. A. Mills, Sussex.

No Action Taken For Car Plebiscite

Council Decides on No Legislation to Seek a Vote on One-Man Car.

The proposed amendments to the electrical by-law were approved by the city council yesterday to morrow and will now become law. Commissioner Bullock was given authority to call for tenders for lumber and timber for the needs of the harbor department and incidentally he intimated that the citizens might look for a deficit in the harbor this year as the bills for repairs would be high. He reported progress in the negotiations with the C. P. R. for the upkeep of the Union street trestle and intimated the rental to be asked for from that corporation would be about \$10,000 a year. It was decided to inform Mr. F. Campbell that no reply had been received from the Power Co. in regard to a possible starting of the one man car and no action could be taken about seeking legislation for a plebiscite. Commissioner Jones expressed his disapproval of any city representative going to Fredericton in connection with the proposed bill to remove the stalls from restaurants.

Mayor Schofield presided and Commissioners Theobald, Bullock, Jones and Frink were present.

Opposition Withdrawn.

Commissioner Thornton read a letter from the electrical men withdrawing their opposition to the clause in the proposed by-law governing the load on main switches and on his motion the by-law was adopted.

Commissioner Bullock was given authority to ask bids for the use of the city lands in the Parish of Lancaster for garden plots and pasturage for the persons who wish to call for tenders for 250 pine, 185,000 three inch spruce studs not less than seven inches wide, 40 pieces birch or Douglas fir 12 by 12, 10,000 of hemlock 12 by 12 and 83,000 of Douglas fir 12 by 12, for work around the wharves. Mayor Schofield wanted to know if the commissioner of the harbor had made any estimate of his expenditure for the coming year. Commissioner Bullock said he had not but the expenditure would be about \$250,000 or \$310,000 and this would mean a deficit unless the receipts were larger than last year when they totalled \$194,000.

Among the works to be undertaken this year will be the widening of where it was proposed to double plank the section from Nelson street to the harbor front and fill in and pave the port from Nelson street to the Market Square.

Telephone Poles.

Commissioner Frink announced that he would submit to the next council meeting a resolution regarding the relocating of the telephone poles in Millidgeville Ave.

Commissioner Bullock reported that he had taken up with the C. P. R. the matter of the purchase of the warehouse on McLeod Wharf, now in possession of T. McAvity and Sons and expected to hear from them in the near future.

He also reported that negotiations were in progress with the C. P. R. regarding the upkeep of the Union street trestle. This work called for an expenditure of about \$20,000 over a period of ten years and it was his intention to ask an annual rental of \$10,000 from the railway.

No Power Co. Reply.

The mayor wanted to know what reply was to be sent to F. A. Campbell who had asked the city council to petition the provincial government to pass legislation providing for a plebiscite on the matter of allowing one man cars to be run in the city. He reported that no answer had been received from the Power Co. to his communication and he was decided to notify Mr. Campbell.

The matter of representation at Fredericton when the proposed bill to prohibit stalls in restaurants was brought up and Commissioner Jones registered a strong protest against spending any money to send any person to Fredericton who claimed it was unnecessary expense.

OBITUARY.

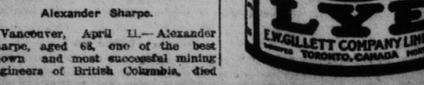

Mrs. Elizabeth Wilson. Friends will regret to learn of the death of Mrs. Elizabeth Wilson, which took place a little after midnight Saturday at her residence, 19 Paddock street. She was in the ninetieth year of her age and was a native of this city, the youngest daughter of the late Henry Gilbert, who was a son of the late Bradford Gilbert, of a well-known Loyalist family. Her mother, who was a daughter of the late James Simonds, was a member of one of the earliest families moving to this city and settling at Portland Point.

Mrs. Wilson was the wife of the late Henry W. Wilson, who for many years was agent for an English lumber firm at Liverpool. She was well known in the city and a wide circle of friends will be sorry to hear of her death. Walter Gilbert of this city, and Harry Gilbert of Rothesay, are nephews, and Miss Edith Gilbert, Miss Mabel Gilbert and Miss Florence Gilbert, also of Rothesay, are nieces. The funeral will take place on Wednesday afternoon at 2.30 from her late residence to Trinity Church.

Alexander Sharpe.

Vancouver, April 11.—Alexander Sharpe, aged 68, one of the best known and most successful mining engineers of British Columbia, died

Rome, April 11.—Ernesto Nathan, former Mayor of Rome, died here Saturday of heart failure. He contracted the disease while fighting in the mountainous country as a volunteer in the war, which undermined his constitution. Signor Nathan was born in England, of Jewish parents, and was elected Mayor of Rome in 1907. He was in his 76th year.

LIMITS TO LABOR

The American Federation of Labor has just signified its intention of spending \$1,000,000 in publicity with the object of influencing public opinion and gaining public sympathy. It would be interesting to learn in what direction this labor propaganda is to lead, and whether those who have decided to spend so much money have spent as much thought on this phase of the subject as they have to the wisdom of making the expenditure.

It cannot be denied or disputed that of late years Labor has been able to do pretty much as it liked. The war and conditions caused by it developed circumstances in which Labor revolved and flourished. It was pampered by the public, by the press, and by Governments, and made to feel that it was the whole thing. Anything it wanted, it got, because conditions were such that it could not be denied. Labor knew and realized this, and took full advantage of the fact. Various agencies and institutions have been set up and legislation has been enacted to assist Labor to a realization of its aims. But Labor is not satisfied and there is no indication as to what would satisfy it. There is no suggestion that there is a limit short of radical socialism with which it would be content. At the same time the cause of Labor has been advanced until the line has been reached at various points beyond which it cannot go if other interests in the community, if the general interests of the community are to have justice and if the institutional, commercial and social life of the country is to survive. Will Labor refuse to see this?

The community as a whole has been pleased to see the improvement in the conditions under which Labor toiled, and it desires that Labor should have in as large a measure as possible the good things of life—physical comforts and better opportunities. But will Labor realize that there cannot be equality in the enjoyment of these things, that all cannot have them in equal proportion, and that wages, however high, even impossible wages, cannot buy them? The character of the employment workers elect to follow, and the nature of the environment they choose for themselves, limit in a considerable measure their happiness and welfare.

It is not possible to guarantee to all the good things of life. But no one is compelled to remain in an employment or an environment where they are not to be found. Outside of the ranks of organized labor, if workers are sufficiently dissatisfied with their conditions they rely on themselves to find better. If the occupation they are in denies them all they want, they find another. The policy of organized labor hitherto has been to disregard the limitations of employment and environment and demand the most of everything for all. If that is the line that is followed in the contemplated propaganda campaign, it will lead nowhere but to ruinous strife.

THE MARITIME PROVINCES

There is a good deal more truth than poetry in some of the remarks made by Mr. T. G. Ferris at the Rotary Club meeting yesterday concerning business conditions and outlook in the Maritime provinces. That these three provinces are more or less isolated from the remainder of the Dominion is a geographical feature which cannot be altered, and it is probably the cause of a considerable number of other difficulties that have to be encountered. The situation is such as to render business intercourse between these provinces and the rest of the country almost impossible; there is nothing produced here that is not equally well produced in other parts of the country, from which the markets of these other parts can be amply supplied. It is as easy for the Maritime Provinces to develop trade with Great Britain as with Upper and Western Canada; of the two the markets of the former are almost the more readily accessible. The Maritimes are undoubtedly under a very considerable handicap, and this fact being realized by their people, makes the latter less aggressive than they might otherwise be were they given equal opportunities. It is not for lack of ability or industry on the part of natives of the Maritime Provinces; this has been amply demonstrated over and over again. When Western Canada wants ability, it sends to the Maritimes to find it—and gets it. It is pathetic to witness, coupled with lack of opportunity, that is largely responsible for present conditions in the Maritime Provinces.

COMPANY RETURNS

The bill introduced into the Legislature last night by the Attorney General requiring companies operating public utilities to file annual returns showing assets, liabilities, etc., is an

innovation that might very well be extended to all companies. The requirements might also be simplified. As matters stand under existing law, companies are very mysterious; no one knows anything about them, their standing, solvency or anything else. The English law in this regard might very profitably be adopted here. Under it, every incorporated company is required to file annually with the Registrar of Joint Stock Companies, a return showing the amount of capital paid up and uncalled, the names and addresses of the directors and also of all shareholders, with the number of shares held by each, and the amounts paid up on same and the amount of assets and liabilities to the end of the company's last fiscal year. By this means people who want to do business with these companies can find out who they propose to deal with. In this province any three persons can form themselves into a joint stock company, which may carry on a business of any kind, and may, under other laws, have the limited liability clause. To allow three persons to become incorporated in itself a farce. Any business that does not need more than three persons to attend to it, could just as readily be carried on by an ordinary partnership.

HOIST ON HIS OWN PETARD

Now and again the proceedings of the House of Commons, which are as a rule dull and uninteresting, are livened up by the spectacle of a member reaching himself. One of these occurrences took place a few days ago when Sir George E. Foster was endeavoring to pilot through the estimates of the Trade and Commerce Department. On an item of \$3,000 for cost of administration of the Petroleum Board Act, that doughty Liberal and free trader, Mr. Andrew R. MacMaster, of Montreal, launched into a tirade against the bounty. To use the modest terms, he said, "The measure is most unfair." Sir George, upon the possessor of the most bitter tongue in Parliament and now a "mellow philosopher with an unsuspected fund of humor," to use the words of a contemporary, had a card up his sleeve, and, to enable him to do it properly, he mildly suggested to Mr. MacMaster that he might make his condemnation a little stronger. The guileless Montrealer swallowed the bait without seeing the hook, and declared that the bounty was "rank, raging lunacy." Then Sir George played his card thus:—

"In the interests of my honorable friend himself will he allow me to intervene for a moment? I have noted the hard language which he has applied to this policy of bounties. Does my honorable friend know that that policy was inaugurated in 1904, that it was re-inaugurated in 1907 and 1908, that it is here on the statute books by virtue of the concentrated wisdom of the Liberal Government to which my honorable friend paid allegiance, and which he considers to be one of the finest Governments that ever existed in Canada? It is ungrateful of my honorable friend, after all the prominence that his party has given to it, to stand up behind his aged and revered leader (Mr. Fielding) and tax him with introducing a policy of rank and an adulterated lunacy."

Mr. MacMaster was fairly caught and the House immensely enjoyed his discomfiture, so reports say.

In view of the situation in connection with the acquisition of the Grand Trunk, it is difficult to understand the attitude of the English stockholders and directors. They have on their hands a concern which is evidently bankrupt. The Grand Trunk guaranteed the heads of the G. T. P.; it was part of the system. Yet they coolly thought that the Government should take this white elephant off their shoulders and leave them the Grand Trunk. When this was refused, they opposed arbitration as long as possible. Now they have held up the arbitration proceedings. Yet they are bitterly complaining in the English papers of unfair proceedings. To Canadians, who have to finance the roads and foot the bills, it is difficult to see where they have been badly treated. The real work of the arbitrators would seem to be not to find the value of the asset, but to determine the extent of the load which the country must carry in shouldering this liability.

Commissioner Thornton is to be commended for his determined attitude with regard to the bill now before the Legislature authorizing the Common Council to regulate the interior arrangements of the various city restaurants. There should be no opposition to it.

WHAT OTHERS SAY

A Gracious Paradox.
 After a little over three years of Soviet rule Russia has dying before the eyes of a helpless world. "What has been the cause of this?" asks Marston Goodall in his book, "Russia: A History of the Revolution," which has just been published. The author, who is a student of the subject, says that the cause of the Russian Revolution was the failure of the bourgeoisie to carry out its proper duties. When Lenin took power towards the close of 1917 the bourgeoisie had already been driven away from the scene of power. Lenin's policy was to bring about a "United Front" with the workers. At last the great masses of Russia, whether living in the towns or engaged in various agricultural pursuits in the country, were to come into their own. What has been the sequel?—London Daily Telegraph.

Father and Son.

The elder Chamberlain was a strenuous, masterful man; a wielder of the big stick. The son is much quieter, far more tactful and has known how to profit from his father's mistakes. He has held high positions and has filled them honorably. There has been nothing brilliant about his occupancy of the office of Chancellor of the Exchequer, just as there has been nothing out of the ordinary in his conduct of the duties of Secretary of State for India or of Postmaster-General. He has performed well wherever he has been placed, but he has not drawn the world's attention which his father compelled on several occasions. Yet he is justly regarded as the leader of those who persist in calling themselves Unionists—supposedly for want of some better name.—Los Angeles Times.

The Evil of Divorce.

"Divorce is not only an evil in itself, but it is a school for scandal, an invitation to crime, a menace to family life, and an element of ruin for society." Since the parliaments of England and Canada have passed laws which facilitate the divorce of ill-assorted couples, there has sprung up a veritable epidemic of adulteration of witnesses, perjury, and conspiracy to defeat the ends of justice.—L'Evenement.

The Source of Trouble.

"The origin of nearly all difficulties when politics intervene in a problem of this nature—the State's acquisition of railways—proceeds from the fact that on the one hand the Government and politicians either do not know, or they disdain, the rules and regulations that govern the world of business, and on the other hand the public credits to the State its knowledge and science it does not possess in such matters."

A BIT OF VERSE

IT ISN'T YOUR TOWN—IT'S YOU.
 If you want to live in the kind of a town,
 Like the kind of a town you like,
 You needn't slip your clothes in a grip.
 And start of a long, long hike.
 You'll only find what you left behind.
 For there's nothing that's really new.
 It's a knock at yourself when you go
 To knock your town.
 It isn't your town—it's you.
 Real towns are not made by men
 At all.
 Least somebody else gets ahead.
 When everyone works and nobody shirks
 You can raise a town from the dead.
 And if while you make your personal stake,
 Your neighbor can make one, too,
 Your town will be what you want to see.
 It isn't your town—it's you.
 —Author Unknown.

THE LAUGH LINE

Every friend is a looking-glass—and we love the flattering ones best.
 It's an awful bore when a man will insist on talking of his troubles when you want to talk of yours.
A Good Plan.
 "Disraeli used to say that although he was always forgetting their faces and never remembered their names, he had no difficulty in being pleasant to his followers in the House of Commons. 'When I meet somebody in the lobby whom I don't know from Adam and I see he expects me to know who he is, I take him warmly by the hand, look straight into his eyes and say, 'And how is the old complaint? I have never known it to fail.'"
In Wrong Shop.
 Lunatic (entering asylum with attendant)—"Is that clock right? Attendant—"Yes, quite right." Lunatic—"Then what on earth is it doing here?"—Scotman.

Remarks a Contemporary.

"Teachers who use profanity are undesirable in our schools," remarks a Boston minister, who undoubtedly clings to the old notion that a child's father should have the opportunity of teaching him something.

Bringing Up Father.

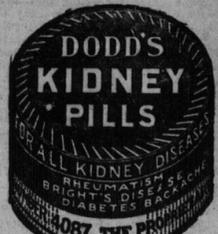

"Father," said James, "why is it they say that the child is father to the man?"
 Mr. Jones shivered. The elucidation of an abstract problem like this was rather more than he felt equal to. Therefore, he temporized.
 "Well, or—because it is so, I suppose."
 "Oh, then, if that's so, pa," answered the youngster brightly, "I'm going to see if I can't get you a ticket for the theatre tomorrow and a half-crown to spend it always said I was a father I wouldn't be so stingy as the rest of 'em. Go along, pa, and have a good time while you are young. I never had the chance!"
 Whereupon Jones smiled reflectively and handed out the needed. A stout boy like Jim, he considered, deserved it.

Benny's Note Book

See and Puds Simkins was talking to Mary Watkins this afternoon and I was making her last saying different funny things and Puds started to look fellaish, saying, Aw, you're not so smart, we changed seats in school this morning and he away up on the form from and you're away down on the last.
 O my, last form, said Mary Watkins.
 Well, what of it, that's just what I wanted to be, rite convenient near the door, I said.
 Haw, haw, I seen was talking, said Puds, and I said, O is that so, well I bet I can ask you any amount of questions you can't answer, all rite.
 O is that so, well lets hear some, lets hear some, said Puds.
 Wants the 3 different breeds of elephants? I said.
 Me not knowing weather there was, 3 different breeds or not, and Puds said, Aw, why don't you ask me something hard?
 Well go ahead and answer it if you know so much, what are they? I said.
 I wouldn't even take the trouble to answer such a easy question, said Puds.
 Well then what color is Turkish misletoe? I said.
 Blue, said Puds, and I said, it is not, its green and yellow stripes. Me never even having heard of Turkish misletoe, and I said, Well, ill ask you one more, who invented the first book marker?
 Shakespeare, said Puds.
 I say it was Moses, I said.
 I was Moses and I can prove it by any bible, I wish I had one, said, if it says so in the bible it must be true, I hope you wouldn't contradict the bible, Puds, and Puds said, I wasn't contradicting Benny, and I said, its the same thing, because I said it was in the bible didn't it?
 Wich Puds didn't say any more, proving I won the argument, and Mary Watkins said, My goodness Benny but you certainly know a lot.
 Wich I do, only not that much.

Swiss Guards Have Grievance

Resignation of Colonel Causes Indignation in Vatican Corps.
 Rome, April 11.—Worries over military problems are not confined to the big and powerful nations. The discontent and unrest which is spreading throughout the world nowadays has not spared even the Vatican.

The Swiss Guards, a military organization, which dates as far back as 1506, when the first Swiss soldiers, numbering 250, arrived in Rome and were met by Pope Julius II. They were greeted with the apostolic blessing and were accompanied by the Pontiff to the Vatican, where they were lodged in the Belvedere, which they occupy to this day.

ANNIVERSARY SALE

1866 55th 1921

First Announcement of the Close of This Fifty-Fifth Anniversary Sale

Only Tuesday, Wednesday and Thursday and Friday left to share in the wonderful values offered during our Anniversary celebration. So that the last days may be as appealing as the first, new lots have been gathered and marked at very low prices.

Throughout every department most unusual values are to be found. It is not necessary to go into details—the mere listing of the quotations here best tell the story.

Bear in mind — Everything advertised previously also remains sale priced.

Of Local Interest Fifty-Five Years Ago Today.
Published in the Morning Journal

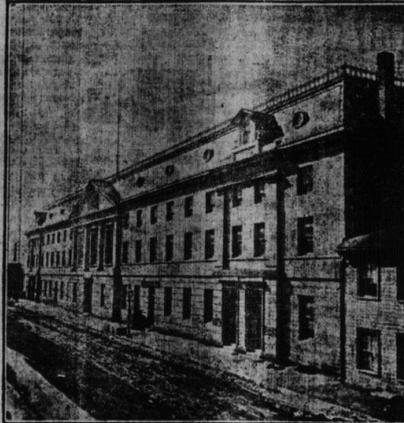

LETTER FROM HALIFAX.
Halifax, April 11.
The steamship Asia, Capt. Anderson, left Liverpool at 10 o'clock on the morning of the 9th, and Queenstown on the evening of the 10th. She arrived at Halifax at half-past 4 p. m. on the 11th. She brought 23 Halifax and 21 Boston passengers.
The steamship City of Cork sailed simultaneously with the Asia. The Erin arrived at Liverpool on the morning of the 9th, and the Java arrived off Crookhaven on the evening of the same day.
Advice from Plymouth say that orders had been received there to expedite preparation for sea of half a dozen vessels. The conclusion is drawn that they are intended for the Gulf and River St. Lawrence.
George Hennis, the well known engineer, died on the 10th ult.
The New York, Newfoundland and London Telegraph Company have contracted with the Telegraph Construction and Maintenance Company, London, for the manufacture and submission, this summer, of two cables, one across the Gulf of St. Lawrence from Newfoundland to Cape Breton, the other between Prince Edward Island and New Brunswick, and for the repair of the present cables, so as to have two cables for the prompt transmission of all messages between the Atlantic Cable and the United States.
The weekly returns of the Bank of France are published in the Morning Journal.

A World-Wide Point of Interest Fifty-Five Years Ago.

GRANVILLE HAY, D. A. A. General.
THE PARIS EXHIBITION OF 1867.—A Paris correspondent of the *Independent* writes, writing on the 9th, says:—"I went yesterday, partly by chance and partly from curiosity, to the Champ de Mars, which is being broken up in every direction for the erection of the immense building necessary for the Universal Exhibition of 1907. It is a curious, a wonderful, a moving sight. Imagine a whole army of workmen. There they are, several thousands of them, glib, shaggy, in bloom and in tuxedo, with pickaxe, mattock, axe, wheelbarrow, cart, and wagon, making excavations, filling up hollows, heaping up mountains, erecting whole forests of beams and framework. You might fancy they were building the Tower of Babel or the Pyramids, or the foundations of several cathedrals. It is an odd-sight, a gigantic human ant-hill. I know only two undertakings presenting so much interest—Mont Cenis and the Suez Canal. The Frenchians flock in large numbers to the works. It was fine yesterday, and about two thousand were there."

FOR WOMEN

A MUSEMENTS

St. Monica's Society Regular Meeting

Arranged for Rummage Sale and Bridge and Heard Reports Yesterday.

Arrangements for a rummage sale and a bridge for members to be held this month were made at the regular meeting of St. Monica's Society held yesterday afternoon in the Knights of Columbus Hall. The president, Mrs. D. P. Chisholm, presided. Mrs. W. E. Scully, convener of the Charity committee, reported that four baskets of provisions and four pairs of boots have been given away during the month. For the Sewing committee, Mrs. John Slack reported that since January, 139 garments have been made by the society. Mrs. George Carroll, President of the French Club, and Mrs. Gribble addressed the meeting, explaining the purpose of the Emma Pike Memorial Scholarship. They pointed out the encouragement that this assistance would give to the study of French in the schools. Mrs. Richard O'Brien was appointed convener of a rummage sale to be held shortly. Mrs. J. H. Duddy will be convener of refreshments for a bridge which the Society proposes to hold for members April 23rd.

MANY DELEGATES TO ANGLICAN SYNOD

A number of delegates to the Anglican Synod arrived in the city yesterday and many will come today in time for the business meeting which takes place this afternoon at 2.30. It is expected that at least seventy-five clergymen and fifty lay delegates will be present. All out-of-town members will be entertained in St. John's homes. At this morning's service, which opens the synod, the Bishop's charge will be read.

STEALING HENS.

The robbing of hen houses near the city during the past week has been carried on in a wholesale manner. In addition to a large number of hens stolen from people on the Loch Lemond road, a resident of Glen Falls on Friday night had his entire flock stolen with the exception of a few old birds and the loss amounts to a considerable sum. The parish residents are asking for some police protection.

Brains Not Sex To Rule World

Hon. Mrs. Smith in Ottawa Declares Ability is Only Deciding Factor.

Ottawa, April 11.—"When it comes to the political life of the country, why should we not forget that sex does not count, but that brains, ability and the will to do the right thing are what really matter," said Hon. Mary Ellen Smith, of Vancouver, in addressing a large gathering in Dominion Methodist Church, Sunday, under the auspices of the Ottawa Women's Club. Mrs. Smith, who spoke on the legislation of Canada. This address was the first of a series of lectures on the subject of the woman who happens to be nearest. A man never goes into love or marriage sane, and seriously; he waits until he has been blinded by some blow of fate or dazzled by some turn of good fortune, and then just jazes into the arms of the woman who happens to be nearest.

Epworth Leagues Enjoyed Evening

Centenary Joined With Exmouth Street in Latter Church School Room.

A delightful evening was spent by Centenary Methodist Church Epworth League and the Epworth League of Exmouth Street, which met at Exmouth Street School Rooms. A well varied programme was provided by Centenary members, while their hosts of the Exmouth Street League furnished delicious refreshments. Fred Myles, president of the Exmouth Street League, opened the meeting with a few words of welcome. W. Grant Smith, President of Centenary League presided. The following programme was carried out: Piano Duet—The Misses Brittain. Reading—Miss Annie Tait. Violin Solo—Harrison Morgan. Reading—Miss Beesie Holder. Piano Solo—Miss Lillian Clark. Mrs. C. A. Morgan was accompanist. There was a large attendance of members of both societies and the joint meeting was voted by all to have been a most enjoyable gathering.

REFLECTIONS OF A BACHELOR GIRL

By HELEN ROWLAND (Copyright, 1920, by The Wheeler Syndicate, Inc.)

When opportunity knocks at a young man's door, he is nearly always out looking for temptation.

Alas, if a man could only put the same enthusiasm and eloquence into his love-making that he puts into shouting for the home-team at a baseball game, what a different life this world would seem!

Advertisement for any motor-car; Less expensive than a wife; speedier than a stenographer; more attractively painted and upholstered than a showgirl; more tractable than a daughter; more comfortable than a widow; more exhilarating than a divorcee—and about as dependable as any of them.

Aren't all these dissertations on "How to Hold a Husband's Liver," stupid and tiresome? Just as though any love you had to clutch at was worth holding!

A man never goes into love or marriage sane, and seriously; he waits until he has been blinded by some blow of fate or dazzled by some turn of good fortune, and then just jazes into the arms of the woman who happens to be nearest.

In these days of progressive matrimony, a truly "thoughtful" wedding-gift is the kind that can be turned into alimony.

The minut was the dance of flirtation; the waltz was the dance of sentiment; the turkey-trot was the dance of insolence; and the tango is the dance of inertia—showing the sentimental progress of man.

Love, a secret, a joke, a kiss, and a drink must be shared, to be enjoyed; books, tobacco, and day-dreams are the only selfish pleasures.

When a girl marries, she loses the gallant attentions of a lot of men—for a little while—and of one man, for life.

Lay Down Rules For High School Girls

Chicago Principals Say They Mustn't Chew Gum in Public.

Chicago, April 11.—Twenty-three high school principals laid down the law to the flappers they teach today. The law comes in a book still wet from the presses, written by Miss Fannie Smith, head of Wendell Phillips High School, and twenty-two others. According to the book, if a high school girl is to be a perfect lady she must not: Cross her legs any place but in the privacy of her own boudoir. Chew gum in public and not very often in private. Have carbonated dates with her gentlemen friends. Sing ragtime, talk in movies, toddle, lounge or wiggle.

Frightful Penalty For Eating Cake

Mock Trial Judge Decides Prisoner Must Pick Out All Raisins for Twenty Years.

The frightful penalty of eating fruit cake every day for twenty years was imposed upon a prisoner at a bar of justice last evening. The trial, which may be stated was a mock one, took place at the School Room of the Mission Church and was held under the auspices of the Young People's Society of which Fred Hamilton is president. The prisoner, Edward Parks, was accused of stealing a raisin from a wedding cake. The judge was James Brown. The two lawyers in the case were Percy Logan and Fred Hamilton. Good speeches were made by both lawyers. In stating the penalty the judge said that in eating fruit cake for twenty years all raisins must be picked out by the prisoner. As well as this amusing trial which was enjoyed by a large audience the following program was given: Shadow Play—Members of the Y. P. S. Vocal Solo—Willard Smith. Reading—Miss Theina McBeth. Violin Solo—Harry Ross, accompanied on the piano by Miss Ethel Ross. Highland Fling—Mr. MacDonald accompanied by Piper Mac. Vocal Solo—Mrs. Brentnall. Piano Solo—Miss Irene Brown. Rev. J. V. Young announced the members on the programme.

'Prentice Boys' Fair Opens Big

Guilford Street Hall Attractively Decorated—Those in Charge and Prize Winners.

With the object of procuring funds for the purchase of a piano and other furniture, a grand fair was open by the 'Prentice Boys in their hall on Guilford street, West St. John, last evening. Despite the inclement weather, between three and four hundred people were in attendance. The large hall is tastefully decorated, as well as the different booths; in fact, it is one of the most attractive fairs yet held by the order. In addition to refreshment booths, the usual games found many patrons.

Prize Winners The following are the games, those in charge, and prize winners: Ten Pins—in charge of Roy Seely. Prize, catching glove, won by E. Clarke. Ring Toss—Fred Wilson in charge. Safety razor, won by W. Lanagan. Miniature Bowling Alley—Percy Nichols in charge. Prize, fancy clock, won by D. A. Duffy. Floodgates—C. Hersey in charge. Prize, silver bon-bon dish, won by Fred Wilson. Bean Toss—W. Price in charge. Prize, silver pickle dish. Wm. Connors, winner. Air Gun—George Belyes in charge. Prize, safety razor, and shaving set, won by Ross Perry. Bag-at-telle—B. Graft. Prize, bronze clock, won by Clarence Hersey. The door prize last night was a sterling silver biscuit jar, and Mrs. Charles Campbell was the holder of the lucky ticket.

The Committee C. Price is the chairman of the fair, and the committees follow: Games—John Fillmore, E. C. Clarke, Wheeler—D. A. Duffy, W. H. Smith and Arard Duffy. Refreshments—A. L. Belyes. L. E. Rolston is secretary and W. W. Donohue is treasurer and the fair will be continued throughout the week.

In St. John and Bulgaria the girl who is not betrothed by her sixteenth birthday is considered hopelessly ineligible.

C.G.M.M. Staff In Farewell Banquet

Mirth and Music Reigned When Jolly Good Fellows Gathered at Bond's.

Bond's has been the scene of many a jolly party, but there probably has never been a jollier, happier, more harmonious family group assembled at the popular banquet hall than gathered there last evening. The occasion was the farewell banquet, the party to speak of the C. G. M. M. officers and staff who have been associated the past five months in the conduct of business during the winter port work.

A Happy Party. It was a happy bunch of good fellows from the Port Agent's down, and all joined in the spirit of the occasion, good fellowship reigning supreme. Mirth and music mingled in the whirling away of a pleasant evening that all too soon came to a close. In all the speeches of the evening one fact was prominently emphasized—the good will and harmony prevailing in the C. G. M. M. family. It was agreed that another season the social gatherings of officers and staff will be more frequent.

The following officials and heads of departments were present last night: H. E. Kane, Port Agent; Capt. Monks, Shore Captain; H. A. Sestier, Asst. Marine Supt.; John Young, Asst. Supt. Engineer; C. K. James, Purchasing Dept.; William Collins, Wharfinger; C. N. R.; Mr. Stanley, Gen'l. Shed Foreman; Capt. Dixon and officers of the S. S. Canadian Bancher.

The Committee having the affair in charge and to whom much credit is due for the success of the banquet was composed of R. T. Armstrong, H. E. Kane, W. R. Roberts, R. Parker.

Don't Suffer From Piles

No Matter If You Have Been a Long-time Sufferer There's Relief With Pyramid Pile Suppositories

Pyramid Pile Suppositories are the only relief for piles. They are the only relief for hemorrhoids. They are the only relief for itching, burning, and smarting. They are the only relief for the pain and discomfort of piles. They are the only relief for the itching and burning of hemorrhoids. They are the only relief for the smarting and stinging of hemorrhoids. They are the only relief for the pain and discomfort of piles. They are the only relief for the itching and burning of hemorrhoids. They are the only relief for the smarting and stinging of hemorrhoids.

LOYALIST CHAPTER SPECIAL MEETING

The Loyalist Chapter, I. O. D. E. held a special meeting yesterday afternoon at the Government rooms, Prince William street, Mrs. Heber Vroom, secret, presiding. The amendments to the constitution to be considered at the National meeting in Toronto were taken up section by section.

WILL VISIT ENGLAND

Rev. J. V. Young and Mrs. Young are leaving St. John on Friday for a visit to England. They expect to return to St. John in July.

TO BE TROUBLED WITH Constipation

The Cause of Many Ills.

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels. If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and these troublesome piles, which cause so much annoyance and misery. Keep your bowels moving regularly and you won't be sick. In Miller's Lax-Liver Pills you will find just the remedy you require for this purpose. They are purely vegetable and do not grip, weaken or sicken.

Mr. Jas. S. Harris, Box 994, Halifax, N. S., writes:—"For two years I suffered with constipation. I could not get anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Miller's Lax-Liver Pills, and when I brought me a trial, I tried them without much faith, but I soon found they were doing me good, and after using the second trial I was relieved of my trouble."

Miller's Lax-Liver Pills are 25c. a trial at all dealers, or mailed direct on receipt of 50c. by The T. Williams Co., Limited, Toronto, Ont.

Musician Selects Jury By Voices

Objected to Men With Harsh Voices Because They Would be Merciless.

Kansas City, April 11.—The musical qualities in man's voice was the important factor in the selection of a jury in the Wyandotte county district court today. Samuel von Deman, 61, blind musical instructor, was plaintiff. As the jury was challenged the blind professor listened to each reply. The ears trained by years of music caught every inflection of the voice, every pause and every answer. "That man has no musical softness in his voice," he said. "It is harsh. He is unamplified; he will not do." Another answered the questions in a soft, well modulated voice. "He is kind. His voice shows it. He will be just. Use him," said the blind man. The decision of the musician was adhered to in each instance.

OLD COUNTRY Football

Glasgow, April 11.—Six soccer games played today followed by a football match. Dundee, 2; Clyde Har. Clyde, 1; Motherwell, Hearts, 4; Dumbarton, 1. London, April 11.—English games played today were: Second Division Wednesday, 4; Wolves Cardiff, 1; Rotherham, 1. In a Northern Union Oldham defeated Leeds.

WEDDING

Knox-Willis. Sunday, April 11.—A pretty wedding was Trinity church at 7 o'clock when the Rev. Canon officiated in marriage. Miss Willis and Mr. Joseph H. St. John. The bride wore grey broadcloth with hat and carried a bouquet of pink roses. One of Susan's most prettiest and the groom, recently a travelling rep. St. John hardware firm with the Essex. Miss Willis, Mr. and Mrs. Knox. Maritime Express on trip to various points in 'wick and Nova Scotia. return they will take a cruise in Sussex.

SUSTAINED BROOK

Mrs. William Heathfield street, who was severely ill in her home Sunday reported to be very ill. An examination was made by Dr. W. F. Roberts yesterday and he found that the lady had sustained a faint. Mrs. Heathfield is an elderly woman and has been ailing for some time. She resides with her daughter-in-law, Mr. and Mrs. home.

FORTY-ONE FAIR

Toronto, April 11.—An are is shown in the nature throughout the Don G. Dan and Company's a their total for the week ending 41, as compared with Ontario with 12. The number of any of the p. down by Quebec with 1. Atchampan with seven. found on this list with Brunswick had two. Manitoba, British Columbia and Prince Edward Island clean sheets, no failures reported from the four provinces.

MANITOBA WANTS R

Winnipeg, April 11.—The national resources to the loss by the Federal government in a general election. The Manitoba Premier, Norman

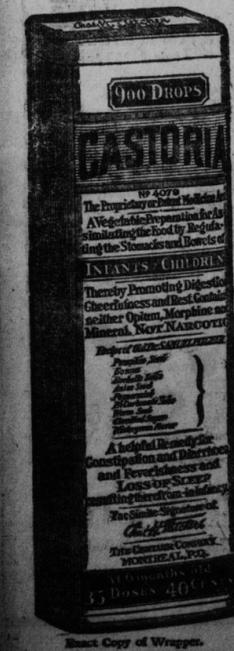

Some More Truths.

WOULD you use a steam shovel to move a pebble? Certainly not. Implements are built according to the work they have to do.

Would you use a grown-up's remedy for your baby's ills? Certainly not. Remedies are prepared according to the work THEY have to do.

All this is preliminary to reminding you that Fletcher's Castoria was sought out, found and is prepared solely as a remedy for Infants and Children. And let this be a warning against Substitutes, Counterfeits and the Just-as-good stuff that may be all right for you in all your strength, but dangerous for the little babe.

All the mother-love that lies within your heart cries out to you: Be true to Baby. And being true to Baby you will keep in the house remedies specially prepared for babies as you would a baby's food, hairbrush, toothbrush or sponge.

Children Cry For Fletcher's CASTORIA

Your Friend, the Physician.

The history of all medicines carries with it the story of battles against popular beliefs; fights against prejudice; even differences of opinion among scientists and men devoting their lives to research work; laboring always for the betterment of mankind. This information is at the hand of all physicians. He is with you at a moment's call the trouble trifling or great. He is your friend, your household counselor. He is the one to whom you can always look for advice even though it might not be a case of sickness. He is not just a doctor. He is a student to his last and final call. His patients are his family and to lose one is little less than losing one of his own flesh and blood.

Believe him when he tells you—as he will—that Fletcher's Castoria has never harmed the littlest babe, and that it is a good thing to keep in the house. He knows.

THE STANDARD'S FINANCIAL SECTION

TIGHTER MONEY NEW HARD BLOW TO WALL STREET

Call Money Went up to Seven Per Cent. and Held Firmly.

BETTER LONDON EXCHANGE RATE

Rails Under Moderate Pressure, Some Declining One and Two Points.

New York, April 11.—The stock market today resumed its recent dull and despondent characteristics, although domestic and foreign developments over the weekend were mostly of a more encouraging nature. Ratio reserves of the federal reserve branch banks showed further substantial gains and advice from London indicated that the promise of a general industrial upturn throughout the British Isles had been definitely averted.

The local money market was distinctly tighter, however, call loans opening at seven per cent. and holding at that rate throughout the session. This was attributed to the deficit in clearing house reserves as disclosed in last Saturday's bank statement. There were fewer offerings of time money and little inquiry for merchant's paper.

Rails Under Pressure. Rails were under moderate pressure, some of the high class or investment issues easing 1 to 2 points. Conditions in that group were not improved by the further fractional decline of Pennsylvania to the new low record of 32 3/8.

Exchange Better. Exchange on London was responsive to the better labor outlook, rising 4 1/2 cents over last week's low point. All other European rates were stronger, especially Italian, Spanish and Scandinavian remittances.

HUGHES TELLS WHY AUSTRALIA AGAINST JAPAN

Premier of the Land Declares Treaty Between U. S. and Britain Essential.

PLACES NO HARDSHIP ON THE JAPANESE

Views of the Leader Are Regarded as a Clear Statement of the Australian Case.

New York, April 11.—The text of the speech made last Wednesday in the Australian parliament by Premier Hughes, in which he advocated renewal of the Anglo-Japanese treaty in a form agreeable to the United States, was made public here today by the Australian High Commissioner.

Warning of naval rivalry on the Pacific, Premier Hughes appealed for an alliance — an understanding between the two great branches of the English-speaking peoples, and declared that renewal of the Anglo-Japanese treaty, modified if need be, should be sought at the British imperial conference of Dominion Prime Ministers in London next June.

An Elaborate Review

In his address, which was regarded as one of the frankest discussions of international relations on the Pacific ever carried on in the Australian parliament, Premier Hughes dealt with Japanese-American animosities.

He said, in part: "What do the Japanese want? They want to hold land in the United States and the right to enter the United States. Our attitude is very much like that of the people of the Western States of the United States towards Japan."

Not As Inferior

"It is utterly wrong for the Japanese people to think that because we have passed certain laws we regard them as our inferiors. We admire their bravery and their patriotism, and we stand amongst those who are loudest in admiration of their magnificent achievements, for no other nation has advanced so far in so short a time."

"But as I had the honor of telling Japanese representatives at the peace conference, while we were friends of Japan, and while we considered them the equals of ourselves, we do not at ways invite our friends into our house."

Not Badly Treated

"Our treatment of the Japanese will compare quite favorably, I think, with their treatment of foreigners in general. The Japanese are so intensely patriotic that they do not recognize naturalization by any country as de-nationalizing any Japanese. A Japanese, no matter what he does, cannot divest himself of his nationality."

Must Have Treaty

"It is the bounden duty of Australia to use every means at her disposal to effect such a modus vivendi as will secure a renewal of Anglo-Japanese treaty in a form agreeable to the United States. Whether she is a party to it or not, is no material so long as she accepts it and does not consider the renewal of it as being in itself a hostile act by Britain directed against herself. While making every effort to retain the friendship of Japan, we cannot make an enemy of the United States, nor can Britain do so."

"I think the interests of Australia lie in a renewal of the treaty in some modified form. I see no reason why the treaty should not be renewed in a form which would be satisfactory, not only to the empire and Japan, but to the United States as well."

Civil Servants Want Big Pay Increase

Require Fifty Per Cent. Raise and \$600 Bonus in Their Plea.

Ottawa, April 11.—Members of the House of Commons and the Senate were memorialized today by representatives of civil servants all over Canada with a statement of the deplorable condition of the public service and the necessity for correcting a state of affairs which they claimed must affect the business of Canada as a nation. The memorial contains a table of the change in the cost of living since 1918.

A Huge Increase

To keep pace with the increased cost since the salary schedules were based would require a fifty per cent increase in salaries this year and \$600 per annum, in addition, according to the memorial. The cost of living, though on a downward trend was still 21.2 per cent higher than when the scale of bonuses in effect for the last two years was voted.

Fake "Murderer" of Millionaire Free

Buffalo, N. Y., April 11.—Ray Harris was freed from custody here at noon today after he had signed a declaration stating in effect that his confession of complicity in the murder of Joseph B. Ethwell in New York last June was false. No other charges having been preferred against Harris, he walked out of the court a free man.

THE WEATHER

Toronto, April 12.—A disturbance off the Atlantic coast has caused rain and snow today in the Maritime Provinces, while in all other parts of the Dominion the weather has been fine and warmer.

Table with weather forecasts for various cities including St. John, Prince Rupert, Victoria, Calgary, Edmonton, Battleford, Prince Albert, Medicine Hat, Moose Jaw, Saskatoon, Regina, Winnipeg, London, Toronto, Ottawa, Montreal, Quebec, and Halifax.

AROUND THE CITY

SEAMEN'S INSTITUTE tonight, 8 o'clock, Canadian Concert Party, farewell concert. Big programme, new talent. Don't miss. Admission, 20c; reserved, 25c.

HEALTH WEEK At the Government rooms yesterday afternoon a meeting of the instrumental in organizing for the coming Provincial Health Week was held.

POSTPONED FOR WEEK The Akery case was further postponed yesterday for another week owing to the continued illness of the defendant.

WENT TO FREDERICTON Commissioner Thornton left yesterday afternoon for Fredericton in the interests of the bill promoted by the City Council to prohibit stalls in restaurants.

RIVER NAVIGATION BEGUN The summer service on the river was opened yesterday by the steamer Oceana which left for Wickham today at noon. The Champlain will leave for Jemseg.

GOING TO VANCOUVER Rev. Bowley Green, D. D. of Moncton, who is well known in this city, having visited and preached here often, has been invited to supply the First Baptist Church, Vancouver, for the months of July and August.

GOES TO BOSTON OFFICE Harold F. Cunningham of West St. John, who for some years has been connected with the Bank of Nova Scotia in Toronto, has been transferred to their office in Boston. Mr. Cunningham's friends will be pleased to hear of his promotion.

OVERSEAS MAIL Mails for Great Britain will be dispatched on the Victorian on April 15th and the Empress of France on April 22. They will close at 9 a. m. on the days of sailing. The postmaster has been notified that all classes of mail, except parcel post will now be accepted for Russia.

TO HOLD WRECK INQUIRY Captain L. A. Demers, Dominion wreck commissioner, arrived in the city on the Montreal train at noon yesterday. He is en route to Halifax, where he will hold an enquiry into the grounding of the Imperial Oil Company's steamer Impoco on Bloude Rock. He expects to open the enquiry Wednesday morning.

ANOTHER RECORD Another record was established at the West Side yesterday, when the C. P. O. S. officials docked two passenger and mail steamers of the one tide. The Corsican docked first, disembarked its passengers, discharged mail and baggage and was moved to No. 5 so the Victorian could have No. 2 and 3 for a berth. By the time the Victorian was pulled over to 5 the Victorian was tied up at Nos. 2 and 3.

APRIL SNOW STORM With a fall in temperature, the city was visited by a real old snow storm yesterday. Commencing about noon the light fall melted almost as fast as it struck the ground, but later on the weather became colder and the ground was white, and with a high wind the storm proved very disagreeable. The storm continued throughout the night, and at twelve o'clock the mercury had dropped to twenty-six points.

ROTARY CLUB It was reported at the Rotary Club meeting yesterday that the Boy Scout drive had netted to date nearly \$2,000. A petition was adopted and will be sent to the provincial government recommending a grant of \$1,000 to this cause. A description of the plant and work carried on at the new factory of Clarke Bros., Glen Falls, where three board is manufactured, was thoroughly enjoyed by the Rotarians. The speakers were T. G. Ferris and W. G. McIntyre.

WEEKLY MEETING A discussion of boys' work and of the programme for the annual Methodist conference to be held in Blackville in June occupied the attention of the Methodist ministers of the city at their weekly meeting yesterday morning. The discussion on boys' work was introduced by Rev. G. F. Dawson. He dealt with the work as represented by the Maritime Council for Religious Education. The conference program was announced. Those present were Rev. Messrs. Neil McLaughlin, chairman; S. Howard, Dr. S. F. Heustis, H. A. Goodwin, Jacob Heaney, J. B. Gough, G. F. Dawson, Henry Pehana, E. E. Stiles and H. B. Clarke.

277 Steamers In Port To March 31st

No Falling off in Arrivals and Departures Compared With Last Season.

Because of the scarcity of work for Longshoremen and others employed in Winter Port activities this season, there has been an impression prevailing that the number of steamers entering the Port this season was considerably less than the number docking here last season. Such, however, is not the fact. From the Harbor Master's records the Standard learned that from November, 1920, the opening of the Winter Port season, to March 31st, 277 steamers berthed here. It is a coincidence that from November, 1919, to March 31st, 1920, the same number of steamers berthed at St. John. The tonnage for 1919-20 totalled 638,008 while for the same period in 1920-21 the tonnage was 620,652 a falling off of practically 17,000 tons.

Scarcity of Freight There has been a great scarcity of freight, both export and import, and resultant work has been scarce. Rarely has a ship entered the Port with capacity cargo and rarely has a ship left with full cargo. In sharp contrast to the 1919-1920 season, often freighters have come in ballast, taken on partial cargo and moved elsewhere to complete its load. Shipping agents, well versed in the trade situation, say the prospects for Montreal this season do not forecast a busy summer. There is nothing in sight to warrant the belief that the summer port will be any busier than the winter port has been. The falling off in steamship business is attributed to the unsettled conditions in foreign countries, and the adverse exchange rate which has prohibited the buying of only the actual necessities. By Fall it is expected by shipping agents that conditions abroad will be more normal and another season will see the winter port enjoying its usual activities along shipping lines.

S.S. Victorian Meets Variety of Weather

Lady Maud Mackintosh Became Benefactress to Tot Travelling Alone.

The Victorian, the classy one cabin steamer of the C. P. O. S. line, steamed into port yesterday afternoon, docking at four o'clock, after a passage from Southampton and Antwerp, in which all sorts of weather was encountered. The weather during the eleven days the ship was out was of every variety, from the calm and tranquil to the rough and boisterous, reaching the hurricane variety the last night. Sunday night the liner ran into snow storms and hurricanes. One of the passengers informed the Standard that he thought the end was near and he donned the lifebelt, as did one or two others.

Large Passenger List The Victorian brought 268 cabin and 831 steerage passengers, in addition to 1,300 bags of mail and a capacity cargo of 2,700 tons. Among the passengers returning from a business trip to England were: L. B. Simpson and J. J. McGowan, of this city. A. S. Maynard, purchasing agent of the C. P. O. S., was also a passenger.

Lady Maud Mackintosh Among the list of distinguished cabin passengers on the Victorian were: Lord and Lady Hardington and Lady Maud Mackintosh, daughter of the Duke of Devonshire, who are on a visit to Canada. Lady Maud established herself firmly in the hearts of officers, crew and passengers because of the personal interest she took in a three year old child, being sent alone to relatives in Vancouver. The little tot was ticketed to St. John and was in the care of the ship's stewardess. From here to Vancouver the little one would be entrusted to the C. P. R. passenger department to look after it to the end of the journey. Lady Maud, learning of the situation, insisted on taking charge of the little girl, caring for her and seeing the little one safely through to her destination.

During the trip across Lady Maud and her little self-imposed charge were the greatest of pals, and as the officers of the ship expressed it, it was hard to tell who was the happier of the two, the distinguished benefactress or the protegee. Aside from the 47 different varieties of weather, the voyage was uneventful. The Victorian is scheduled to sail from here on Thursday for Southampton.

Passenger List of 170 On Caraqueet

R. M. S. P. Caraqueet from Bermuda and West Indies docked at McLeod's wharf yesterday morning with 170 passengers. Of the passengers 93 were first class and 76 were third. There were 63 soldiers aboard under the command of Capt. Thompson, D. S. O., whose term of service in Bermuda has expired and they are on their way home to England. Among the passengers arriving on the steamer were Mr. and Mrs. I. W. McAllister and Miss Rudler of Calala, Maine, who left Halifax on January 7 and have been touring the West Indies; J. DeWolfe, Mrs. DeWolfe, and Mrs. A. DeWolfe, Mr. and Mrs. W. Mitchell, all of Halifax; Mr. and Mrs. R. Cameron, Miss G. Cameron and Mrs. E. French; H. R. Clarke, Mr. and Mrs. F. C. Clarke and son, all of Toronto; F. C. Stevenson, who has been opening branches of the Canadian Bank of Commerce in the West Indies; and Mrs. Stevenson, of Ottawa; J. B. Compton, secretary to E. W. Beatty of the C. P. R., and Mrs. Compton of Ottawa.

Australia's Secretary of Postal Service

Justinian Oxenham Arrived on Steamer Corsican and Met Local Officials.

Among the arrivals yesterday on the steamship Corsican from Liverpool was Justinian Oxenham, secretary of the postal service of Australia. Mr. Oxenham was accompanied by his wife and private secretary and left their home in August last and spent considerable time in Europe, and especially in England, looking into postal matters. Mr. Oxenham was also a representative at the last postal convention in Madrid, and while there met Post Office Inspector-General Rhonda, also Deputy Post Master-General R. M. Collett.

Toured the City In absence of Post Office Inspector H. W. Woods, Mr. Oxenham was met upon his arrival here by J. Emerson, assistant inspector, who showed him about the principal parts of the city. While here Mr. Oxenham called on Postmaster Edward Sears and also on Post Office Inspector W. R. Fridericton. While the weather was most disagreeable the distinguished visitor appeared to enjoy his tour of the city. Mr. Oxenham and his secretary left on the boat special for Montreal and Ottawa, and from the capital intends to visit Washington and Chicago, hence to Vancouver, from which point he will sail for Australia.

New Industry Has Promising Future

Box Making Plant at Glen Falls Already Taxed to Capacity With Orders.

Citizens of St. John, who are always interested in anything that promises development along industrial lines in the city, will be glad to learn that the outlook for success of the box-making industry at Glen Falls is all that could be desired, and that all appearances are that within the next few years the plant will require to be doubled at least to cope with the business that promises.

Such was the story told at the weekly luncheon of the Rotary Club yesterday by T. G. Ferris, who spoke of the industry as unique in its line, in that it was self-contained, providing everything needed, from raw materials down to the last requirement of the finished product, within itself, including its own power. Speaking of the building up of a business, Mr. Ferris dwelt on the absolute necessity for three factors to ensure success. They were co-operation, harmony and loyalty. The former must emanate from the head of the concern, who must instigate the spirit of co-operation among his helpers, and if this was done with tact and discretion, harmony would be a natural result. Loyalty is a factor which will follow if the other two are properly observed. As against these, a business had to contend with two other factors, the knacker and the neutral. With the former it was possible to deal because you know what you have to deal with; but the neutral was an uncertain quantity that defied satisfactory handling, because you don't know what you have to handle.

Mr. Ferris dwelt on the absolute necessity for three factors to ensure success. They were co-operation, harmony and loyalty. The former must emanate from the head of the concern, who must instigate the spirit of co-operation among his helpers, and if this was done with tact and discretion, harmony would be a natural result. Loyalty is a factor which will follow if the other two are properly observed. As against these, a business had to contend with two other factors, the knacker and the neutral. With the former it was possible to deal because you know what you have to deal with; but the neutral was an uncertain quantity that defied satisfactory handling, because you don't know what you have to handle.

A. G. MacIntyre followed with more detailed particulars of the industry, and presenting samples of the boxes to be manufactured. Rotarian Harry Smith presided, and among the other business transacted was the circulation of a petition to the Legislative Assembly in favor of a grant of \$100,000 to fund the Boy Scout movement, the Club drive for which had already netted \$198,70, with other sums promised.

Corsican Docked At Noon Monday

Brought 1,263 Passengers from Liverpool, Mails and Cargo of Thousand Tons.

The C. P. O. S. Corsican docked at 11.45 yesterday forenoon at Nos. 2 and 3 berths. She sailed from Liverpool April 1st, with 1,263 passengers. Of the passengers 277 were cabin and 831 travelled in steerage. The passengers were largely of British and Scandinavian extraction. There was a party of over 300 immigrants aboard who were being brought out by the Ontario government to settle on the farms of that province. The great majority of these farmers are ex-servicemen and were a hardy, promising looking lot of workers. Among the passengers were: B. R. Butler and Mrs. E. T. Butler, of Rothesay.

Distinguished Passengers. Mr. J. Oxenham, Postmaster-General of Australia, accompanied by Mrs. Oxenham and his private secretary, was a passenger on the Corsican, returning home from a visit to England. The ship's officers report some exceedingly rough weather running into one day and night when seas rolled high with hurricane winds.

The Corsican brought 750 bags of mail and a general cargo of about 2,700 tons. Three special trains were despatched by the C. P. R. at 5.30, 6.30 and 7.30 p.m. for the accommodation of passengers.

BONNIE DOON CLUB The Bonnie Doon Club of Knox church presented their attractive programme, "Twelve Old Maids" for the members of the Boys' Club in the Victoria Rink rooms last evening.

Increase Salaries of School Teachers

School Board Will Take Over Properties in North and West End.

Considerable business of importance was transacted at the regular monthly meeting of the Board of School Trustees held in the Trustees building, Hazel Avenue, last evening. The best teachers of the High School staff were voted increases to make their salaries twenty per cent. higher than that of the grade teachers and place the school teachers' salaries on the basis that has always been observed until recent years. Dr. A. F. Emery, the chairman, presided at the meeting, which was attended by Trustees Mrs. H. C. O'Brien, Mrs. E. R. Taylor, H. Colly Smith, Thomas Nagle, Allan McInyre, Geo. E. Day, E. R. W. Ingraham, Dr. H. Y. Bridges, and the secretary Gordon A. Leavitt. Trustee Michael Coll was absent because of illness. Trustee Lewis was also absent.

North End School G. E. Day brought in the report of the North End school committee on the expropriation of the Simonds estate as a school site for the new North End school. He reported that the board of arbitrators recommended that the board pay \$8,000, plus ten per cent, for the property. Beverley Armstrong represented the Simonds estate; Charles Robinson, the school board; and Leon Keith, acting as referee in the arbitration proceedings. The chairman and secretary were empowered to complete the necessary transactions connected with the taking over of the property.

West End School The visitors of the West St. John schools recommended the school trustees secure control of lots in the rear of the Albert street school, and that the board's solicitor be instructed to take the necessary steps to secure them. The visitors' recommendation was approved and will be carried out. It was decided that the Playground Association be given permission to use the playgrounds attached to the Alexandra, Aberdeen, Centennial and Bentley street schools during the summer vacation, subject to the same conditions as last year. It was reported that the attendance of the Partridge Island school had become so small that its continuance was not warranted. The board decided that it shall be closed on the completion of the present term. There are but four pupils in attendance at the present time.

Increase Voted The increases voted the lady teachers of the High School staff were as follows: Miss McNaughton, \$45; Miss Van Wart and Miss A. K. Lingley, \$50; Miss Black and Miss Myles, \$100; Miss Sullivan, Corbett, Estabrooks, Lingley, Adams, Dolan, Dale, Hickson and O'Neil, \$300 each. The increase to take effect from the 1st of January, 1921.

The reason of the increase was brought about by a change in the former custom governing the salaries of teachers in the city schools. Formerly it had been the custom to pay teachers placed on the High School staff twenty per cent. more than the salary paid a Grade 7 or 8 teacher. Of late years, however, the grade teachers have been paid on a schedule, while the High School teachers have been given flat increases. The new increase will equalize the salaries so that the High School teachers henceforth will, as in former years, be paid salaries amounting to twenty per cent. more than those paid the grade teachers.

No Further Increases The secretary was directed to communicate with the other teachers of the staff and inform them that in view of the fact that the city commissioners had refused to pay the increase recommended by the school board, no further increases could be granted this year. Trustee Officer McMahon's report was as follows: Irregular attendants, 9 truants, 45 homes visited, schools visited, 18; in court one with three truants.

Young Thieves Brought To City

Six Youths Charged With Stealing Horse and Carriage, Also Robbing Store.

The six young fellows arrested at Ragged Point Sunday by a posse of citizens of that district who came to the assistance of the local detectives and provincial constable Garmatt who were pursuing them, were brought back to the city on the Shore train yesterday afternoon and lodged in the central police station just in time for supper and almost as hungry as when they were arrested. At that time, Sunday morning, they had had nothing to eat but some candy which they stole from the Musquash store, since Friday night, and were quite willing to accompany the officers to the hotel.

The charge preferred against the six boys, Cameron, Levine, Owens, Crawford, Collins and Miller is on breaking and entering the barn of James McCarthy and stealing therefrom a horse and carriage to the value of \$250, also on suspicion of acting together breaking and entering the store of Samuel Melanisky at Musquash and stealing goods to the value of \$60.

Cameron was only recently released from Dorchester after serving a two year sentence for theft.

ONLY ONE DRUNK One drunk was arrested by the police last night and one protectionist given shelter.

THE HYSLOP The Better Bicycle. Will bring you the most in pleasure; the big comfortable saddle, with its sturdy flexible springs, preserves that lovely gliding motion of the finest limousine—even on rough roads and over bumps.
