If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.  
We carry a large stock in assorted sizes.

**MAIL ORDERS**  
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

## MOVE FOR S. S. SERVICE ON GASPE COAST

### Board of Trade Appoints Committee to Take up Matter at Once

A meeting of the Board of Trade was held Monday evening, President Blackhall presiding.

D. A. Stewart, M. P., reported that the committee which had charge of the matter in reference to reinstating the West suburban had been successful in this and the train was again running.

President Blackhall explained that the object of the meeting was to take some action in reference to providing a steamship service between Campbellton and Gaspe.

After a general discussion, a committee composed of D. A. Stewart, John Harquail and F. E. Blackhall was appointed to deal with this matter at once.

Mr. Harquail brought up the dangerous condition of railway crossings in town and Mayor Andrew stated that the town would take this matter up with the I. C. R. officials at once.

Mr. Harquail brought up the matter of the town council buying a hall and fire station site. He thought that if possible town should get along with what property they had, and that finances were not in a condition to warrant spending money for this purpose.

A. A. Andrew stated that the object of buying this piece of land was to erect a town hall and fire station. It was pointed out that the old site was not a proper one for this purpose. The fire station should be located in as central a location as possible. The present property owned by the town was too far down. After the station was transferred, town could dispose of lots now owned.

Mr. Harquail said that there were serious objections to locating a fire station so near a church and private residences. Houses had to be situated and it was nearly as bad as having a livery stable near.

Mr. Andrew says town could dispose of present lots. Well there were a number of lots on the property just across the street and very few had been sold in the last five years. He thought the Board of Trade should protest against this deal. He also thought the property was too small, and that it would be necessary to purchase other property to widen it out.

Mr. Chas. Goss said he was glad to see men like Mr. Harquail were watching the actions of the council and see what they were doing, and also speak a word of criticism. He did not think that the councillors considered themselves infallible. We all make mistakes. The reason he was in favor of the new site was because it is the most central, as already set forth by the Mayor. He was opposed to having fire station in Ward I. Trend of growth was west and most of our people live in Ward I. and II. When discussed in council it was thought the new site was large enough.

A. A. Andrew stated that a town hall was very necessary. The present offices were not suitable. Valuable records, which could not be replaced, were left in the offices because there were no vaults into which to place them, and from many other ways it was necessary to have a building for offices and a fire station.

F. E. Blackhall said after hearing the discussion, he felt that the new site was a good one.

The meeting then adjourned.

The following letter has been sent to Ottawa by the Committee appointed to look after this matter:—

Campbellton, N. B.,  
Feb. 22nd, 1916  
To the Honorable Sir George E. Foster,  
Minister of Trade and Commerce,  
Ottawa.

Sir:

We would respectfully ask of you if any arrangements have yet been made regarding the Campbellton-Gaspe semi-weekly S. S. service for the coming season of 1916.

Also we would beg leave to lay before your notice the highly important nature of such a service.

The Campbellton Board of Trade, representing as it does the various needs and particularly the business interests of the town would respectfully call your attention to the large and steadily increasing business existing between Campbellton (the natural purchasing and distributing centre) and the numerous towns along the Gaspe Coast.

We would also emphasize the fact that an adequate S. S. service between Campbellton and Gaspe would tend materially to further develop the already large tourist travel to the many popular summer resorts along the coast between these points.

We sincerely trust that you will give this matter your favorable and timely consideration and should there be any point upon which you would require an explanation, kindly consider us at your service.

We remain,  
Yours sincerely,  
H. R. SMITH,  
Seely Board of Trade

## PUBLIC MEETING IN INTEREST OF FUND

### Citizens Meet and Decide to Make Effort to Raise \$20,000 Needed for Patriotic Fund

On Friday night last in answer to a personal invitation from the Patriotic Fund Committee, a number of the citizens met in the Town Council Room. A chairman, Judge McLatchy, was appointed who explained the object of the meeting. Judge McLatchy told of the appointment of the Committee something over a year ago, who arranged for a canvas of the Town and County to raise money for families of the soldiers who had enlisted for the war. An amount in the neighborhood of \$11,000.00 was raised, the greater proportion having come from the Town of Campbellton. As His Honour explained the situation, we needed, in order to keep an honourable position to raise an additional sum of \$30,000.00. Ten thousand of this amount was provided by the County Council, and the balance needed to be raised by the people inasmuch as the County Council refused to provide a greater amount. The matter was discussed by several gentlemen—Mr. John McLean, Mr. Blackhall, Dr. Pinault, Dr. Martin, Mr. J. R. McKenzie, Mr. W. F. Yorston and others. Several gentlemen spoke of the great services rendered to the cause and the Committee by His Honour Judge McLatchy, who had been untiring in his efforts in behalf of raising the fund and in the work of recruiting generally. Judge McLatchy in replying, thanked the gentlemen for the kindly words and in the same speech took occasion to express the great importance of the continuing of the good work. He said that our honour as citizens of the Town of Campbellton depended upon keeping up the fund and he appealed to all to use every effort even unto sacrifice, to build up a fund for the support of the families of the soldiers. The Honourable gentleman made a splendid speech and deeply impressed his hearers. A committee was appointed to carry out a canvas of the Town, which committee consisted of John Harquail, Chairman; Dr. Martin, M. A. Kelly and Judge McLatchy.

## SERIOUS TIE-UP ON INTERCOLONIAL

### Severe Storm of Saturday Blocks Line in Several Places.—Trains Late

Saturday's storm, which was very severe between Campbellton and Mont Joli, tied up traffic for a time and all trains were hours late in arriving.

between Bathurst and Campbellton the snow drifted badly and a heavy freight with two engines was stalled at McLeod's Siding. The train was cut and eventually a portion of it arrived at Dalhousie Junction. The balance of it was hauled back to the yard here by two engines after a hard fight. Snow drifted into the cuttings nearly as fast as they were cleared. The Local and Limited were help up and arrived here about midnight.

On the run further west the Limited had a very difficult time. She was repeatedly stalled. The same applied to the Maritime Expresses which made progress very slowly, being stalled for hours.

All day Sunday and Sunday night crews worked to open up the road, and Monday trains were moving, but behind time.

The storm was bad, about a foot of snow falling here, but the high wind and low temperature, about 20 degrees below here, and much more further up the line, made it impossible for laborers to face the fury of the driving snow.

This is the first occasion during the present winter season that weather conditions have hampered the work on the line. It comes at a very bad time, for the freight business of the railway, under war conditions, is greater than at a similar period for any other year. The I. C. R. and the C. P. R. generally divide this business and each line is taxed to the utmost to handle this freight and keeps the large number of trains moving. Even under normal conditions it keeps the railway companies busy clearing their yards. The number of freight trains running on the I. C. R. northern lines is, consequently, very large, and a tie up, even for a few hours, is bound to have serious effects.

## RECRUITING MATTERS ARE NOW SLOW

### Men in Barracks and Are Comfortable—Promotion For Lt. Archer

Recruiting has been very quiet in Restigouche lately, only eight new names being added since our last list was published.

These were  
John Ryan, Campbellton.  
J. C. V. Robichaud, Pokemouche, N. B.

M. J. Murphy, River Louisian.  
Alex. McDavid, Matapedia, turned down as medically unfit, but underwent operation and again taken on strength.

J. N. Arseneau, Campbellton, turned down as unfit, but underwent operation and again taken on strength.

J. C. Blacquiére, St. Alexis, Que.  
Felix LaMarre, Fort Kent.  
Frank Gorman, Chatham, transferred to A. Coy.

The men are getting into fine shape. The cold weather and deep snow has made their work hard, but they have been keeping at it. Long route marches have been made, and the men are standing up well to the work.

Lieut. C. F. Archer has received his Captain appointment. This completes the list of Captains for the Battalion as follows:—  
Capt. McIntyre.  
Capt. Holmes.  
Capt. Barry.  
Lieut. McMillan of Durham Centre has reported for duty with "A" Company and Lieuts. Veness and Shrier are expected to report for duty in a day or two.

The total strength of the "A" company is now 259. The regimental doctor has turned down a large number of men.

STANLEY OFFICER UNSCATHED  
A letter from the front recently speaks of the good work being done by Lt. A. C. Kelly of Stanley, York Co. He has been in every scrap in which the Canadians have taken part since about the first of June and has not had a scratch. He has been covered up in a trench now and again, and tossed in the air once or twice by an explosion of a shell, but little things like that do not bother Cleve, who says he enjoys the work.

The above young man is a nephew of Mr. M. A. Kelly, Esq. of this town.

## CAMPBELLTON STILL HOLDS ARCHER CUP

### Two Rinks From Chatham Put up Good Fight But Loose By Small Margin

Two rinks of Chatham curlers arrived here Tuesday evening to play for the Archer cup, and two very interesting games were played.

Skip Peter Archer played against Skip Harry Wilson and the game was a very interesting one, Campbellton winning out by only four points.

On the other rink Skip Taylor was giving M. M. Mowat a close rim and ended by Max having a lead on only one point. The games were keenly contested and much enjoyed by a large number of spectators.

The ladies of the Soldiers Comfort Association provided refreshments.

The rinks and scores were as follows:—

Chatham	Campbellton
A. T. Ross	Allan Miller
W. E. Jardine	Roy Campbell
J. L. Tweedie	J. Berry
Peter Archer	J. H. Wilson
Skip 11	Skip 15
L. J. Loggie	A. R. Fraser
Allan Mann	E. P. Mowat
Harry Strang	F. P. Wetmore
A. E. Taylor	M. M. Mowat
Skip 13	Skip 14

Newcastle is sending up four rinks Friday to endeavor to lift the cup and good games may be expected both afternoon and evening.

## ANDREW PETERS WAS INSTANTLY KILLED

### I. C. R. Brakeman Fell From Train Near Jacquet River.—Belonged to Newcastle

Newcastle, Feb. 23.—Andrew Peters, of this town, a brakeman on the Intercolonial Railway, was instantly killed yesterday afternoon by falling from a train near Jacquet River. He was a brakeman on the passenger special, going north in charge of Conductor McDougall, and as the train was nearing Jacquet River he was leaning over the side of the car looking for the hot box, when he lost his balance and fell to his death. The deceased leaves his wife, formerly Miss Mary Adair of Newcastle, and two small children. The body will be brought to Newcastle on No. 26 this morning. Mr. Peters was about 32 years of age.

## SHOCKING MURDER NEAR SUSSEX, N. B.

### Aged Couple Killed in Most Brutal Manner—Man Arrested as Suspect

Sussex, N. B., Feb. 18.—A shocking tragedy occurred at Ward's Creek, about eight miles from Sussex, some time between a late hour last evening and an early hour this morning. As a result Mr. and Mrs. Thomas O'Brien, the former a late resident of St. John, were found dead in their home with their heads battered in and the house in confusion, which left little doubt that the aged couple had been murdered.

Daniel B. Cannon, a nearby neighbor, was arrested this afternoon by Chief of Police Ansell, as a suspect in the tragedy, and is now confined in the police cell in Sussex.

## NIGHT OF SPORTS GRAND SUCCESS

### Over Eight Hundred People Present to See Fun.—The Prize Winners

The Night of Sports given by the Campbellton Brass Band was a most successful affair. A large number of entries were received for the events and everything went off without a hitch. The Band rendered a choice program and their music was much enjoyed by all.

The events were won as follows:—  
Snowshoe Race, 1st, Omer Guidry; second Jos. Lavolette.  
¼ Mile Boys Race, 13 years, H. Perry; second S. Pinault.  
Boys Potato Race, Fred Thomas; second, Lionel Roy.  
½ Mile Race, Omer Guidry; second, Jos. Lavolette.  
Bag Race, Omer Guidry; second, Lionel Roy.  
¼ Mile Race by younger boys, Fred Thomas; second, Jos. Lavolette.  
Obstacle Race, Omer Guidry; second, Fred Thomas.  
½ Mile Race, younger men, Private Ellsiger, Dalhousie; second, L. Roy.  
Barrel Race, Omer Guidry; second, Frank Hopper.  
½ Mile Race, Frank Hopper 1st; Private Ellsiger second.

The Campbellton Citizens Band wish to thank John C. MacColl, W. Thompson, Sgt. Geo. McRae, F. Badreau, H. Smith, who helped make the evening a success.

PATRIOTIC FUND

The Patriotic Fund Distributing Committee have invited our attention to this subject. Probably all know the origin of this fund and the manner of the distribution of the money to the wives and dependents of the enlisted boys, preparing for the front.

There are those who thought that the Graphic has been a little severe upon this august and exclusive body, but we do not think so, and hope that our statements will be taken in the manner in which they are intended.

So that all may know who control the destinies of our boys and girls we publish their names: F. F. Matheson, Chairman. John Harquail. M. M. Mowat. Dr. Pinault. E. G. McKenzie. Mrs. A. A. Andrew. D. F. Graham. Mrs. Edward McQuillan.

There seems to have been a difference of opinion as to the number of drunken soldiers in the town weeks before last, but whether four or forty, there were too many. The time has about arrived when open danger holes should be closed. To think that open, inviting conditions should be allowed to continue in our town, where men are being tempted to part with their manhood.

The striking similarity of our great catastrophes throughout Canada would impress people within the last few weeks. The burning of the Parliament Buildings followed by the burning or blowing up of so many other public works seems more than a coincidence.

When this war is over and the victory is won and the returning heroes meet us—the stay-at-homes—what will our part be? We have not risked life nor sacrificed position. What will our part be? We can with pride point the returning soldier to his own family and dependents and say with sincerity "I took care of them for you".

**LT. T. H. O'BRIEN HAD AN EXPERIENCE**

**Reached the Front Line Trenches and Was There Arrested By the Alert Sentinels**

(Moncton Transcript)

Mr. E. J. O'Brien, 99 Weldon street, has received the following interesting letter from his son, Lieutenant T. H. O'Brien, who is with the 8th Battery, 4th Brigade, C. F. A., "3rd where in Belgium."

Belgium, Jan. 26, 1916

The last letter I wrote home I said I would be in Belgium on the next day, and as I was, I came here on Monday. On approaching the place where I am now, as we came along a certain road in a London bus, we passed a number of boys out with several horses for an exercise ride. Each man was mounted on one horse and led another. One man carried a couple of fawns which for a long time refused to pass the motor. Just as he managed to get his horses by, I recognized the fellow as Al Humphrey. It was a great surprise and I called out "Hello Al" and he looked up and with great surprise recognized me and yelled out as he went by "Hello Tim." You can bet that I was glad to know that there was someone about whom I knew. But that was only the first pleasant surprise. A little farther on we stopped at an officer's post (I had from there to proceed on foot. We had scarcely alighted when someone slapped me on the back and said "Hello, Tim, what are you doing here." I nearly dropped when I turned around and saw Charlie McDougall grinning all over his face. What a grand ten minutes we had chatting together, each tickled to death to see the other. "Dooley" is the same old "Dooley" and is fit as a fiddle. He is considerably bronzed and as fat as "Dooley" could be. He is looking and feeling fine.

**MRS. O'KEEFE RECEIVES ANOTHER LETTER**

**First Thought of Wounded Soldier was for Others Wounded at Same Time**

Mrs. D. O'Keefe has received another letter from the front in regard to her son Arthur's death. This is as follows:—

In Billet, Jan. 27th, 1916.

Dear Mrs. O'Keefe:—

Words seem so meaningless when one tries to express sympathy to you, who have given two sons in this war. Yet, we members of No. 2 Section, in the Grenadiers, want you to know, that in losing Arthur, we lost a loved and tried comrade, who for many months has shared our dangers, our hardships, and our pleasures, so that each one of us feels as if we had lost a brother.

He faced death gloriously, and his first words, though mortally wounded were—"Never mind me chaps, I am O. K.—Dress the others, they need it most." As the bleeding was inward, death was painless. The grave has been marked by a plain wooden cross.

In deepest sympathy we are yours sincerely

**FOR Indigestion and Biliousness**

**MOTHER SEIGEL'S SYRUP**

Indigestion, biliousness, headaches, flatulence, pains after eating, constipation, are all common symptoms of stomach and liver troubles. And the more you neglect them the more you suffer. Take Mother Seigel's Syrup if your stomach, liver, or bowels are slightly deranged or

**have lost tone. Mother Seigel's Syrup is made from the curative extracts of certain roots, barks, and leaves, which have a very remarkable tonic and strengthening effect on all the organs of digestion. The distressing symptoms of indigestion or liver troubles soon disappear under its beneficial action. Buy a bottle to-day, but be sure you get the genuine Mother Seigel's Syrup. There are many imitations, but not one that gives the same health benefits.**

**TAKES OFF DANDRUFF, HAIR STOPS FALLING**

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and senescent hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair. A 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try

**Don't Take Chances!**

There are many Soda biscuits to choose from on the market to-day—good, bad and indifferent. But, if your grocer does not happen to have HAMILTON'S Cream Sodas in stock, you will find

a grocer in your town who has HAMILTON'S are the ORIGINAL CREAM SODAS. Seventy-five years experience in baking must have only one result—a Soda biscuit as near perfection as human skill can possibly produce. Start eating them to-day. Phone your grocer now. Have him send up the Big Ten Cent package shown here. You will outshine over their delicious crispness at every meal.

Surprises were yet to be had. After walking for a considerable time through real mud someone ran out from a horse line to speak to me and it was Chippy Duncan, of Campbellton, a young chap who played hockey in the Campbellton team. Finally we reached the headquarters of the brigade, and the acting O. C. was none other than Major S. B. Anderson of our 19th Battery. I began to feel right at home. Major Anderson is fine and is looking much better than when I saw him in England several months ago.

Finally we reached our position, where I now am. Later on my O. C. and the O. C. of this battery started out across country to see some other positions and crossing a field three shells dropped about a hundred yards away. They were not at all dangerous, as that is now considered close and moreover they were not very large ones.

I was over to Major Anderson's Battery where our home boys are. They are all well, and there was nothing much doing in the way of a show. Jack Hipwell, of St. John, is now with Major Anderson's Battery, and I was much surprised to see him with the 8th. A young chap named Smallwood, a nephew of Driver Wm. Smallwood, was serving on one of the guns at the time I was there.

I had an amusing experience a few nights ago. I had gone up to one of the Infantry Headquarters, together with one of the officers from here, was left to sleep there over night, and was to go down to the front line trench before daylight. I rolled my blankets around me and slept at headquarters until shortly after 4 a. m., when I was awakened. I should first have been sent to the headquarters of the battalion, which held the particular part of the trench to which I was eventually to go, and from there I should have gone to the trench. Through a misunderstanding the officer who directed me pointed out to me the way to the trenches. Not knowing better myself and thinking he must be correct, I started out without a guide. In the half light of a setting moon I stumbled over sandbags, jumped over support trenches, and waded through the mud around shell craters until finally I struck a road along which I travelled in what I knew was the right general direction. The road and country round about were quite distinctly lighted by flares which continually went up from the German trenches. It was a very cold night and the otherwise silence was broken by the occasional sharp crack of a sniper's rifle. Now and again a machine gun would pop away for a few minutes apparently at some working party. At last I nearly jumped out of my boots when someone shouted "Halt", and a dim form became discernible in the semi-darkness. I never halted so quickly in all my life, nor was I at all inclined to go on without permission, especially when I saw a glint of blue steel on the business end of his rifle when a flare went up. Another sentry stepped out beside me, and they asked me my business. After I explained they wanted to know if I had the pass word, and I didn't have it. Thereupon another man stepped up and I was in a quandary until an officer arrived and I asked him to get information concerning me over the phone. He did so, and I had to wait until just before daylight when two other officers who had received information concerning me came along and escorted me along the second line of trenches and then down to the first line where we remained until an hour after daylight. After that, as it was misty, they led me across the fields behind the first line and left me back at the place I had slept the night previous. This I gathered up my blankets

and wandered along roads and hedges and over trenches until I arrived back here. When I arrived here they all smiled at me and said they had already heard over the wires of my experiences and that I had been arrested and closely watched when I was in the first trench where the sentries had apprehended me. It was very nice to me, but we all had a laugh over it.

The incident will impress upon me the alertness of our sentries.
