BAN ON OPEN CAR IS NOT EFFECTIVE IN THIS CITY YET

Abolition of Running Board Has Not Been Ordered by Railway Board.

TORONTO IS AFFECTED Jompay There Given Till Sept. 24 to Provide Plans to Do Away With Side Steps.

London is so far unaffected by the order of the Ontario Railway and Municipal Board, giving the Toronto Street Railway until September 24 to submit plans which would do away with the side steps or running boards on open trolley cars.

Manager C. B. King, of the London Street Railway, is out of the city, but Secretary Holding informed The Advertiser today that no order had come through to this city.

"We are anxious to eliminate the running boards on the open cars," declared Mr. Holding. "What we want is to secure semi-convertible cars that can be used as summer service. They will not be closed cars nor will they have the running boards. They will have an aisle either down the side or through the middle and the only entrances will be through the front and rear."

"The only open cars we have are the big ones, used on the Springbank line, and the extra trolleys that are used on some of the city lines. We would willingly do away with them if we could and indeed we have transformed one of our Springbank cars into a closed passenger car."

The representations of the Toronto Street Railwaymen's Union was responsible for the action of the railway board. For years the employees have protested against the use of the open cars, characterizing the running boards as being "deadly." Lists of conductors and patrons who fell from the running boards and were either killed or seriously injured, were used to back up the contentions of the men. The fact that conductors are exposed to all kinds of weather, while "working" the running boards or the open cars, was another contention of the street railway workers.

When the order was being considered yesterday, the Toronto Street Railway put in the claim that its cars were not wide enough to provide centre aisles and that the only alternative would be the use of winter cars with the windows lowered.

YORK STREET WOMAN INJURED IN RUNAWAY

Mrs. George Hart Has Arm Broken When Horse Becomes Unmanageable.

As the result of a horse she was driving on York street late this afternoon becoming unmanageable and running away, Mrs. George Hart, of 522 York street, had her right arm and her side badly injured. Mrs. Lindsay, of Detroit, who was also in the buggy, was kicked in the chin by the horse and thrown out of the rig. George Hart escaped with a few minor bruises.

The three occupants of the buggy left the York street residence intending to pay a visit to a relative in Thorndale and had just driven out of their lane when the road where the horse commenced to rear and plunge. The animal became frightened and ran into a telephone pole throwing all out onto the curbing. Dr. James Campbell examined and dressed the injuries of Mrs. Hart and Mrs. Lindsay.

WAS HOMESICK SO SHE QUIETLY LEFT AUNT'S HOME AND WALKED TO LONDON

Missing Colored Girl, "Lost" Since Thursday, Makes Her Way Home—Sister Declares Police Took No Interest in Girl's Disappearance.

Marjorie Harris, the eleven-year-old colored girl who lives at 435 Nelson street, and who has been missing since Thursday morning, walked into her home yesterday afternoon, and said: "Well, I'm home at last. I was awful homesick."

The Harris girl had been staying in Melbourne with her aunt. She became so homesick, that she determined to get home to her sister in London, so she quietly left her aunt's on Thursday morning. Since then she had been staying with relatives near St. Thomas. She walked all the way home. The girl lives with her sister, who received a message from Melbourne on Friday evening, saying she had left. It expressed the hope that she had arrived home safely.

Becoming alarmed when, on Saturday, the girl had not been seen, the Harris notified the police.

TOWNSHIP M. H. O. WRONG, DECLARES DR. HUTCHINSON

City Official Takes Exception to Statement of Negligence.

CASE WILL BE PROBED Full Investigation To Be Made of Alleged Premature Discharge of Patient.

Medical Health Officer T. V. Hutchinson took strong exception today to the statement of Dr. D. G. MacNeill, London Township health officer, to the effect that Sam Clinton, a smallpox patient, had been discharged too soon from the isolation hospital, thereby communicating the disease to a married brother.

"We are on friendly terms, and I don't see why Dr. MacNeill should make such a statement as that," said Dr. Hutchinson. "He is wrong about the matter, and he is away off on the statement that there is a prescribed period of six weeks for keeping a smallpox patient under observation. The length of time for observing a patient rests solely with the health officer."

Recalls Old Trick.

"A number of years ago," continued Dr. Hutchinson, "I was awakened one night and found a man sitting on my front porch. He was covered with smallpox. I had him taken to the isolation hospital, which was then on Wellington street, and it cost the city \$400 before he was discharged. I have since learned that this man was a farm hand in London Township and he was brought to this city by Reeve Hodgins and Dr. MacNeill and brought to my house. This man told a story about being a resident of Michigan, when, as a matter of fact, he came from and lived in London township. He should have been taken care of in that township."

May Try and Recover.

It is understood that in the Clinton case the city may make an effort to recover from the township for treatment rendered. Dr. Hutchinson said Clinton came to him from a local physician and he thought Clinton lived in the city, although he lives just over the boundary line in the township. The case has caused considerable talk both in the city and the township, and will undoubtedly be probed to the bottom before it is dropped.

HAMILTON HEARS RUMORS OF BECK'S POLITICAL RETIREMENT

Paper Makes Inquiry Here—Up to Convention, Says Hon. Adam.

Inquiries were made in London this morning by the Hamilton Herald to find out whether Hon. Adam Beck would be a candidate at the coming provincial elections. It was rumored in Hamilton that he would retire from the cabinet and from political life and would decline to be a candidate here.

Mr. Beck was out of the city today. He was located at the offices of the hydro-electric commission in Toronto.

"There is a rumor that you will retire from public life and will refuse the Convention nomination here. Is there anything in it?" asked a reporter.

"It's up to the convention," he said.

"Well, will you either confirm or deny the rumor?"

"Everything is up to the convention," he said.

"Will you then accept the nomination if it is offered to you by this convention?"

"That depends on the convention."

EDUCATION BOARD IN NEED OF \$30,000

Special Meeting Will Be Called to Bring Request for Funds Before Council.

MAY TEACH SWIMMING

Appointment of Teacher for Byron Preventorium Must Be Made Before July 1.

The board of education will probably hold a special meeting at the end of the week to bring before the city council a request for \$30,000 to complete the improvements on the collegiate institute. The contract for the work, amounting to about \$62,000, has already been let, but the board lacks \$30,000 of the necessary funds to see it through.

The appointment of a teacher for the Byron Preventorium will also come up. Inspector of Schools Edwards, discussing the teacher's work at Byron today, said that there would be no danger from contagion, as it was an open-air school.

"The position," he said, "is pleasant work and there is no danger."

It is hoped to have the first classes start at the preventorium about July 1. Trustee E. R. Dennis will also bring up the question of teaching pupils how to swim at the Y. M. C. A. plunge.

FOOLISH WITH THE HEAT.

The boy who puts the ball scores out was shivering in the street. The crowd that hung upon his words had bags wrapped round his feet. He buttoned up his overcoat. And pulled his ear flaps down. When suddenly an icicle did strike him on the crown.

Chorus— Oh, I am foolish with the heat; My brain is melting fast. Although my ears are frozen and I have chilblains on my feet. They've taken my fur mitts away and handed me a fan. When I am perishing of cold—a most unhappy man.

The man was melting pigs of lead. His face was blanched with frost. He cried aloud, "Turn on the heat!" Being superior to the lot. They wrapped him up in blankets. And they carried him away. And he heard the sleigh bells jingle As they placed him in a sleigh.

RUSSELL COUNTY IS LEFT UNDISTURBED MERGE TWO KENTS

Proposals of Redistribution Bill Before House of Commons Today.

ROGERS GETTING ANXIOUS

Wants To Be Ready for Early Election If Provincial Results Are Favorable.

[Special to The Advertiser.]

Ottawa, Ont., June 10.—The redistribution bill will be brought into the House of Commons today. There has been a long fight over the rearrangement of the ridings and more than once the Liberal and the Conservative members of the redistribution committee have broken out with the announcement that there would be no redistribution this year. However, before they have been brought together by the Hon. Robert Rogers. It is understood that the minister of public works, who is the political manager of his party, wants to be ready for an appeal to the people this fall, if the results of the Ontario and Manitoba provincial elections are favorable to the Conservative party. Big financiers who are friendly to the Government, having advised them that times are likely to be harder before they are better, this administration has been advised that it would do well to go to the country upon the first favorable occasion, rather than wait for a turn of the tide. Therefore, Hon. Mr. Rogers wants redistribution put through, as he cannot have an election without it.

Rogers Yielding.

Until a few days ago Hon. Robert Rogers insisted that the Liberal members of the committee should agree to sign the report and make themselves responsible for all of the changes. They declined to do this, as to some of the proposals they could not agree. There was objection to Russell County, Richmond, Continued on Page Eleven.

RACE MIGRATION

CANADA'S PROBLEM DECARES M'KAY

Advocates Admission of Orientals Only Upon Passports Issued by Their Govt.

SOLVES HINDUS TROUBLE

Head of Associated Canadian Clubs Has Plan to Deal With Foreign Immigrants.

Admission of the Chinese and East Indians to Canada only on passports issued by the Chinese and Indian Governments, under the same regulations that now govern the admission of the Japanese, the Chinese and Indian Governments, agreeing to issue only a limited number of passports, was advocated as a solution of the problem of Oriental immigration by Dr. John McKay, of Vancouver, president of the Associated Canadian Clubs, in an address at the Canadian Club luncheon in the Tecumseh grill-room today at noon.

Dr. McKay would admit with the hordes of such passports their wives and children. The Japanese are now permitted to bring in their families, but under the passport system the Japanese population is not increasing. It was unchristian, he claimed, for the Canadian Government to charge \$500 for the admission of each Chinaman and refuse him the right to bring with him his wife and children. Steamships were exploiting the Orientals. There were many parts of the earth unsuitable for white habitation.

Favors Race Congress.

Dr. McKay favors a great race congress to decide what parts of the earth should be given over to the supremacy of the different races, and a parliament of nations to promote world peace and human brotherhood. He did not favor the total exclusion of the Orientals, or rigorous or brutal methods of keeping them out.

The question of Oriental immigration, he said, was one of the biggest problems that Canada has to face. It was a part of a world-wide movement or migration of races.

Formative Influences.

Two great formative influences which had greatly affected the development of the white races in the western world were Roman law and the Christian faith. In India very different influences had been at work. In India a fourth religion had been for ages at work, teaching that the god they worship is a principle rather than a being. In China there was a glorification of the family.

The Oriental was meditative, the Western was aggressive.

The Change of the Time.

From the beginning of the human race the white races had gone westward and northward, while the so-called yellow races had gone south and east. Minor migrations within this larger eastern migration had had their effect on the Japanese people. When centuries ago the Dutch and other Europeans had sought to exploit the easterners for commercial profit, England had waged a war on China for commercial purposes that was greatly to be ashamed of, the war in support of the opium traffic. In later years the white races had been sending missionaries to the yellow races. Each doorway was marked by a constant stream of people, clamoring for the thirst-quenching "gody" or some other "soft" mixture.

Whites Outnumbered.

The colored races in the world greatly outnumber the white races. The question to be considered was why the Canadians held Canada and how long they could continue to do so.

WESTERN FARMERS DEEP IN DEBT FOR THEIR IMPLEMENTS

Canadian Manufacturers Hear Agriculturists' Side of Some Big Questions.

Canadian Manufacturers Hear Agriculturists' Side of Some Big Questions.

GEOGRAPHICAL QUESTIONS

Protectionists Are Warned of Great Change That Is Coming in Canada.

[Canadian Press.]

Montreal, June 10.—A gloomy picture of the struggling existence of the western farmer, relieved by a description of the methods being adopted to bring about amelioration for agriculturalists, were the features of an address delivered this afternoon by Charles A. Dunning, general manager of the Saskatchewan Co-operative Elevator Company, before the Canadian Manufacturers' Association in annual convention at the Windsor Hotel here.

Mr. Dunning described the farmers from the land to the cities and blamed the increased cost of production, which had gone up twelve per cent since 1909 and the increase in transportation rates, which had jumped fourteen per cent since 1909. He showed how the western farmer is geographically worse off in regard to his markets than any other farmer in the world. The Argentine farmer being near the Amazon, the Australian near the sea, while Russian and agriculturists of the United States were near rivers and had an enormous consuming population right at their doors. The western farmer had thousands of miles of rail and water transportation to reckon with, and the truth was that he was today selling his wheat for perilously close to what it cost to produce.

No Water for Mixed Farming.

Mr. Dunning answered the demand of manufacturers and easterners as to why westerners did not try mixed farming by pointing out that many sections of prairie wheat land were totally unsuited because there was no water, though diversified farming was being encouraged. He said because wheat was not stable in price, it would for a long time be produced exclusively by many farmers. Dunning showed how heavily many farmers were pressed down by debts to implement makers, and held that many homesteaders had paid toll to them from the first day they started farming. He said that 100,000 farmers in Saskatchewan owed \$35,000,000 for machinery alone, and denounced indiscriminate credit as a danger to be guarded against, and urged his audience to encourage it.

Farmers Bear Tariff Burdens.

Discussing tariff matters, Mr. Dunning said the C.M.A. could assist the farmers.

GENERAL ASSEMBLY DECIDES TO CONTINUE UNION

By Vote of 266 to 109 It Declares in Favor of Further Dealings With the Methodist and Congregational Bodies.

[BY STAFF REPORTER.]

WOODSTOCK, June 9.—The Presbyterian Church will continue the negotiations with the Methodist and Congregational bodies, looking to organic union, the recommendation of the union committee to this effect having been adopted by the Presbyterian general assembly this afternoon by a vote of 266 to 109.

The amendment submitted in the minority report that the negotiations be discontinued for the present was defeated by 297 to 117, and a somewhat similar but simplified form of the same amendment, submitted by Rev. Dr. McQueen, of Edmonton, was lost by 278 to 114.

Large Opposition Vote.

The vote of the opposition is the largest yet given, and the majority of the non-union men are satisfied that the ultimate result will be that union will not be consummated. It is simply a question of continuing the negotiations without discourtesy to the other negotiating churches. In any case it must be some years before union could go into force. During the next year representatives of the church will confer with the other negotiating churches with a view to agreeing upon an amended basis of union. This basis would come before the assembly of 1915 and be sent to the presbyteries under the barrier act. Then, if the vote justified it, the basis would be approved and deferred to the people, and the union consummated in 1917.

Dr. Grant Deplores Uncertainty. Perhaps the most sensational feature of this afternoon's debate was a statement made by Rev. Dr. A. S. Grant, retired chairman of the home mission board and the board of finance, in which he intimated fairly clearly that his reason for resigning was that he felt that the present unrest, resulting from the unsettled state of the church consequent upon the uncertainty as to the ultimate outcome of negotiations, was interfering with his work and the work of the committees with which he has been associated.

"We cannot carry on our work when we are divided among ourselves," Dr. Grant said. "We are face to face with a great problem, for the union which we must stand together and work together. I have brought your ship into harbor for you, and there she will remain tied up until the present storm has passed."

Cannot Vote for Union Now. "I cannot vote for union now, although no creedal difficulties or difficulty as to policy stand in my way. I have been out in the woods too long to be affected very much by these matters. I will be in favor of organic union out and out, not any makeshift substitute when the time comes, but I cannot do that now because I feel that I would be coercing the minority into something to which it is sincerely and strongly opposed. Clean up your house and I will get in with you."

Dr. Clark Takes Issue. Rev. Dr. W. J. Clark, of Westmount, who presented the majority report, intimated that Dr. Grant was attempting to act the part of a dictator and urged the commissioners not to be swayed by his arguments. He declared he had a tremendous respect for Dr. Grant, but believed that the latter had given wrong advice. Dr. Clark also deprecated the remarks of one of the previous speakers, charging that the union negotiations were being controlled to a large extent by college professors and officials. "It does not matter," he said, "whether you are an elder in one of the farthest outposts of the church or whether you are a college professor or an official, you are all members of this church and have a right to take part in the deliberations. It is a most unhappy thing that this division has been drawn."

Addresses Limited. When this afternoon's session opened, one of the commissioners moved a resolution, which was carried, to close the debate and take a vote at 5 o'clock, and to limit the speakers, with the exception of the movers of the resolution, to five minutes each.

The first speaker of the afternoon was Rev. W. G. Brown, of Red Deer, Alta., the recorder of the minority amendment. He declared that if the majority recommendation was carried it would mean two more years of turmoil, and pleaded: "Send the church back to concentrate on its work for the next two years, not to a period of distraction, which, I believe, will be disastrous to the religious life of this country."

Union Is Mechanical. "I believe, he added, that this suggested union is mechanical. It is simply readjustment of the machinery. The work of the church does not depend on a recognition of its machinery, but on the regeneration of its workers, and that must be done in the first place in the theological colleges. Men can unite in this way."

On the Advice of His Doctor. He used Dr. Chase's Ointment for Protruding Piles With Splendid Results. Too often a doctor can only think of an operation when asked for a treatment for piles. Some are efficiently broad-minded to use the most effective treatment available, which is undoubtedly Dr. Chase's Ointment, as was proven in the case referred to in this letter.

Mr. Simon E. Jones, Railway street, Inverness, N.S., writes: "I have found Dr. Chase's Ointment the best treatment obtainable for protruding piles. For three years I suffered from piles, and was advised by a local physician to try Dr. Chase's Ointment. I had tried many treatments in vain, and therefore know which is the best. I can highly recommend Dr. Chase's Ointment, and you are at liberty to use this statement."

The record of cures of every form of piles which stands behind Dr. Chase's Ointment, is the strongest guarantee you can have that it will promptly relieve and cure this ailment, even in the most aggravated form. 60c a box, all dealers.

THE PRESBYTERIAN DELAY IS ANNOYING SOME METHODISTS

Speakers Declare Work of the Church Has Suffered, But Conference Decides to Avoid Agitation.

[By Staff Reporter.]

SARNIA, June 9.—That the Methodists are annoyed at the delinquency of the Presbyterians, with regard to prospective church union, was reflected today in a resolution passed by the London Conference, to be forwarded to the General Conference, which meets in Ottawa in October, and also in the remarks of several ministers, during the brief discussion on the resolution. "The work of the Methodist Church has suffered since the question of union has been raised, and I think it is time to stop, unless the Presbyterians are ready to go on in the basis proposed," said Rev. R. J. Garbutt, of St. Thomas.

"If the General Assembly has now sent the question back to the people, I wonder what the General Assembly will do four or five years from now. Methodists at present are united, but if the General Conference were to throw the question back to them it might cause dissension."

Believes in Patience. Rev. Byron Snell, of waiting, but he believed in being patient, and this was also the advice of Rev. J. E. Ford, of Goderich.

"We can appreciate the position of the majority in the Presbyterian Church, which is endeavoring to pacify the minority," said Mr. Ford.

The conference unanimously carried this resolution: "That, as we have given expression to and are on record as favorable to union, and as we have a strong and intelligent committee of the General Conference dealing with this question, our wisest course would be to avoid any agitation that would indicate irritability on our part, and leave the whole question to be solved by the coming General Conference."

Regrets Failure of Cigarette Bill. The conference concurred in the sentiment of a resolution drafted by the temperance and moral reform committee, regretting that the House of Commons postponed the consideration of advanced legislation for the suppression of the sale of cigarettes, and urging the moral reform department to continue its effort to secure the early submission of such legislation.

A resolution was passed urging that the temperance and moral reform committees of all circuits strive to inculcate the principles of total abstinence by a continued pledge-signing effort.

The general secretary and his associates in the moral reform department were commended for the warnings they are sending out to communities, when white slave traffic is found to exist. It was recommended that parents be urged to inform children of the origin of life before the child mind has been awakened through improper sources.

Would Change Itinerary Plan. Upon the suggestion of the London district it was decided to memorialize the General Conference for some modification of the present system of pastoral itinerancy, whereby a pastor may be permitted to remain in a parish beyond the prescribed four years.

The General Conference will be asked to call the Government's attention to the fraudulent representations that are being made by some "black sharks" to induce them to adopt measures which will protect newcomers in this regard.

Officers for Districts. Officers for the various districts were elected as follows, the names in each district corresponding with this order, chairman, financial secretary, Sunday school secretary and temperance secretary: London—Revs. G. N. Hazen, J. E. Millard, T. E. Sawyer, and W. H. Hills.

H. Graham, F. E. Malott, and Messrs. Robert Webster, of London; J. F. Malne, of London, and J. J. Mason, of Stratford.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP—25-CENT DANDERINE

Girls! Girls! Save Your Hair! Make It Grow Luxuriant and Beautiful.

If you care for heavy hair, that glistens with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scourge robs the hair of its lustre, its strength and its very life, eventually—why not now?

and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

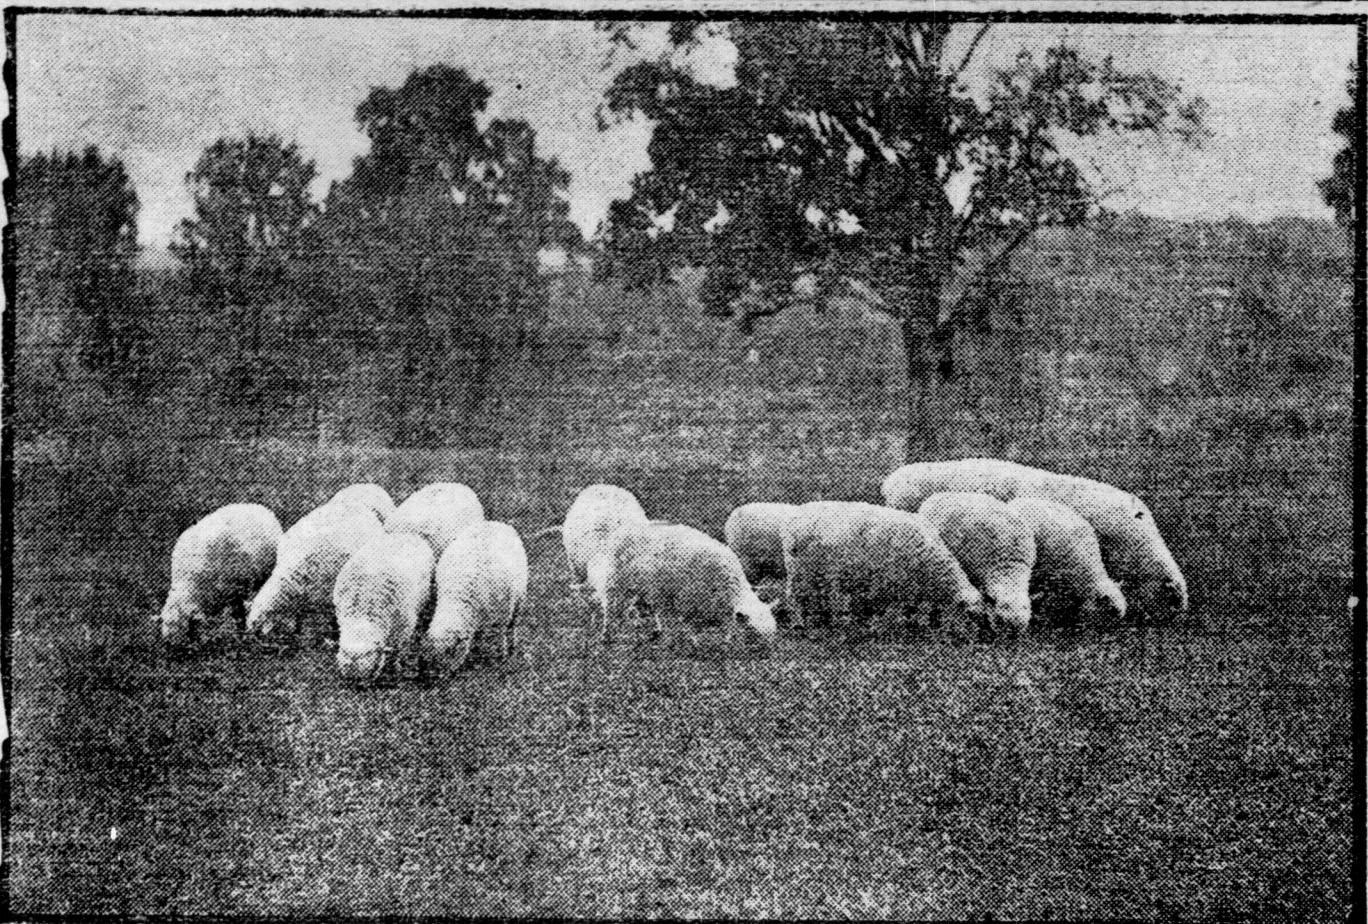

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

LIBERALS WILL PROTEST THE PROPOSAL TO STEAL EAST MIDDLESEX RIDING

Tory Government Plans to Have Part of City Vote in Rural Riding, in Violation of the Election Act.

East Middlesex Liberals are not going to sit idly by and allow the present Conservative provincial administration to insure John McFarlane's election in East Middlesex by allowing the newly-annexed districts of London to vote in the rural constituency of East Middlesex. A formal protest will be forwarded to the Government at once, and if no action is taken, the Liberal executive may refuse to place either poll clerks or scrutineers in the suburban subdivision and, in the event of the election of McFarlane, protest the election.

The grounds of the formal protest are that when Chelsea Green, Knollwood Park, Ealing, Pottersburg and other annexed districts became part of London City, they ceased to be part of the East Middlesex riding, and that the redistribution bill specified that the city of London was a constituency by itself. Therefore, it is claimed that the Government announcement that the people of the annexed districts will still vote in the rural riding is nothing more or less than a formal protest, and an action that is unconstitutional and against the election laws of the Province of Ontario.

How the Vote Stood.
In the McFarlane-Laidlaw by-election of last November, rural East Middlesex rejected the choice of the Whitney party, but urban East Middlesex sustained him. His total majority was 257. His majority in the urban divisions was 256. These figures are significant. They show that the East Middlesex riding defeated McFarlane by nine votes. This, then, is the explanation of the Government's action in deliberately attempting to engineer its candidate's election in contravention of the constitution and election laws.

The urban divisions that were rolled up behind McFarlane were:

Pottersburg	100
Ealing	90
Chelsea Green	32
Knollwood Park (the brickyards)	48
West London (1)	21
West London (17)	6
Total	296

This total, contrasted to the total majority by which the Conservative nominee was elected to fill the unexpired term of the late George Neeley, M.P., shows, as nothing else could, the goal which the Government seeks to attain by keeping its strong Tory urban subdivisions within the riding that otherwise would show a Liberal majority.

NEW DIFFICULTY IN MEDIATORS' WORK THREATENS FAILURE

United States Will Not Agree to Huerta Appointing Provisional President and Envoys Insistent on Point.

[Canadian Press.]
Ninaga Falls, Ont., June 10.—A dangerous obstruction to progress on a vital point in the mediation proceedings has arisen, which again threatens failure for the negotiations. The United States has said to the mediators in unequivocal terms that it cannot consent to any method of transition from the existing regime to the proposed new provisional government that can be construed as recognition of Huerta's administration. The mediators are insisting that Gen. Huerta be permitted to make the appointment of the men agreed upon here for provisional president. This the American government absolutely refused to accept; not only because it is committed against the recognition of Huerta, but because it has been informed by the constitutionalists that under no circumstances will they accept a peace plan which permits Huerta to exercise the constitutional function of naming his successor.

On this point the mediators and American delegates are blocked. One side must give way before any advance is made.

Some of the principals have actually lost hope for a settlement, but there is a growing confidence that the mediators will devise some method of bridging the difficulty, rather than allow mediation to founder on the rocks.

QUALIFICATION FOR PRESBYTERY ROLL UNDER DISCUSSION

Maritime Provinces Want General Assembly to Change Rules About Location.

DELEGATES GOING AWAY

Payment of Benefits to Aged and Infirm Ministers Also Talked Over.

[By Staff Reporter.]
Woodstock, June 10.—Now that the church union question is off the boards, the Presbyterian General Assembly this morning showed distinct evidence of having passed through a considerable thinning-out process. Yesterday the body of Knox church was fairly well filled, but today many benches appeared in the ranks, and only lukewarm interest was manifested by the commissioners in the routine matters remaining to be dealt with.

Some discussion occurred in connection with an application from the presbyteries of the Maritime Provinces for a change in the rule which makes the retention of a minister's name on the presbytery roll conditional on his residence within the bounds of the presbytery in which he labored.

Rule Unjust.

One of the commissioners argued that the present rule was unjust, and instanced the case of the Presbytery of Halifax, where a minister living in Bermuda, 750 miles away, who could only reach the mainland once in about every two weeks, after a journey of three days, was in the presbytery, while another man living in New Glasgow, only a short distance away, was not.

It was pointed out also that Dr. Sheperd, his assistant, Rev. A. Robinson, were on the rolls of the Kootenay and Vermilion presbyteries respectively, while if they had any residence, it must be held to be in Toronto.

The matter was referred to a special committee.

The application of Rev. W. M. Martin, clerk of the Presbytery of London, to have his name placed on the roll of the London Presbytery, was granted, it having been pointed out that the same privilege had been extended to Mr. Tibb, clerk of the Toronto Presbytery.

Benefit Paying.

Rev. Dr. D. D. McLeod of Barrie, introduced a resolution to grant rate-paying beneficiaries of the aged and infirm ministers' fund an extra pro-rata benefit, in view of the fact that non-rate-paying ministers have been placed on a better footing. This was referred to the aged and infirm ministers' fund committee, in conference with the finance board.

Dr. Semerville, junior clerk of the assembly, entered a protest against what he declared was a breach of faith on the part of the assembly with regard to the granting of benefits to non-rate-paying ministers.

"We entered into a solemn compact to give them a one-half rate," he said, "and by a vote of the assembly we have made it a one-third rate."

"The clerk has no right to speak of the assembly breaking a compact in that way," replied the moderator, Dr. Herdrie. "The assembly may enter into a compact and later, by a vote of the majority, change the form of that compact. The change may be for better or for worse, but it is a new compact and the assembly's action in a case of that kind cannot be called a breach of compact."

FINDS LOST SON AFTER SEARCH OF QUARTER CENTURY

J. Kane, Wealthy Los Angeles Man, Husband of St. Thomas Woman, Discovers Boy Who Had Disappeared.

[Special to The Advertiser.]

ST. THOMAS, June 9.—After spending years in a fruitless search for his lost son, and using up considerable means to locate the now young man, J. Kane, of Los Angeles, has discovered him in Toronto under the name of Thompson. The young man is doing a successful business in real estate.

Mr. Kane, married a St. Thomas lady, named Thompson, and went on a prospecting trip to the southern republic. He remained there for years, and on his return to Illinois, found his wife dead and the boy gone. That was over twenty-five years ago.

The child was brought back to St. Thomas by his wife's aunt, whose name was Thompson, and adopted by her; but she left the city some years ago, and could not be traced.

Coming again to St. Thomas, Mr. Kane called upon every family of the name of Thompson, in the vicinity, and failed once more to get information concerning the lad's whereabouts.

Leaving for Hamilton, last week, Mr. Kane got in touch, at last, with parties who knew the boy's family history, and the young man was found in Toronto.

Mr. Kane is a wealthy man, and desired to find his son, and if worthy of the father's confidence, to share his wealth with the young fellow.

NEW NAVAL MILITIA IS AGAIN UNDER WAY

Niobe and Rainbow as Training Ships—Million Dollars Asked.

[Special to The Advertiser.]

OTTAWA, June 9.—"One million dollars to provide for the maintenance of ships, naval college and dock yards at Halifax and Esquimaux," were asked of Parliament tonight, and the country was informed that Premier Borden is making active use of the Laurier naval law. This is the measure the repeal of which was one of the planks of the last Conservative platform. It is now the authority for the new naval militia.

One of the liveliest brushes of the session was seen. The Liberal opposition, who had adopted the policy even though breaking their promise.

"Has the minister an explanation for this large vote," asked Sir Wilfrid, of Mr. Hazen.

The Minister of Marine replied that he had no particular statement to make.

New Naval Militia.

"Will this provide the new naval militia?" "It will," said Mr. Hazen. He said that he proposed to enlist recruits in a naval militia, to train them for sea service and to assign them for service in the Canadian navy, "when we have a navy."

"When will that be?" asked Sir Wilfrid.

"You will have to ask the premier," was the reply.

"Oh! In my innocence I supposed that the Minister of the Naval Service would have some sense to say about the naval policy, but it seems that he is only to do the chores," remarked Sir Wilfrid, smiling.

Persistent questioning drew from Hon. Mr. Hazen the information that the Government intended to use the Niobe and the Rainbow as training ships, and that the volunteers would be trained under the Laurier Naval Service Act.

EIGHT INJURED IN A COLLISION IN ESSEX

Intoxicated Men on the Tracks Cause of Accident—Local Hits Express Cars.

[Special to The Advertiser.]

ESSEX, June 9.—Twenty passengers on a street car were badly shaken up, and three of them were more or less injured, in a collision, which occurred on Talbot street, at six o'clock this evening, between a local car and an express on the Windsor, Essex and Lakeshore railroad. That no one was killed seems little short of a miracle.

The express car was proceeding along Talbot street on a curve, pushing three freight cars, when a rig was noticed, standing across the tracks. The motor-man blew his whistle, but the rig did not move, so he applied the air break and stopped within a short distance of the carriage. In the rig were found two intoxicated men.

Attempted to Flag Local.

Some one on the express suddenly remembered that local No. 308, on its way from Leamington was following close behind, and hastened down the track to flag it. He was unable to give warning in time, and the local crashed into the heavy express, smashing its forward part and throwing its twenty passengers about in the seats. A few standing on the platform, jumped when the collision came, and escaped with little more than a shaking up. Those in the car, however, were severely jostled.

Man Who Was in the Smoking Car, was thrown over three or four seats, and had his hands and arms bruised. Miss McLeod, of Glenora, who has been teaching school here during the past year, was on her way home, and was badly shaken up, but it is expected that she will be able to continue her trip tomorrow. Richard Jones, of Essex, was injured, and Motorman Bob Wigle, of that place, was struck by his post, was cut by flying glass.

Treated by Dr. Bowie.

The injured people were taken in automobiles to the office of Dr. Bowie, where they received treatment.

Motorman N. Bakum and Conductor A. H. McLeod, who were in the express, while conductor Ben Hyland, with Motorman Wigle, had charge of the local. No blame was attached to either crew by the passengers, while it is needless to say that only prompt action saved the two men in the buggy and prevented a more serious collision.

THREE BOYS DROWNED

All Were Unable to Swim—Two Stepped into Deep Holes.

THE VICTIMS.

ST. MARYS, June 9.—Oswald Mossop, aged thirteen, eldest son of Wm. Mossop, a local horse dealer, was drowned shortly before six o'clock this evening, above the mill dam, when he stepped into a hole ten feet deep.

The body was recovered in forty-five minutes, and the pulmotor applied for half an hour, but without success.

ST. MARYS, June 9.—A sad summer bathing fatality occurred in the Grand River today, not a minute's walk from the heart of the city. Jack Howard, a boy of fourteen, and son of a city fireman, was the victim. He had been fishing with other boys, beside the Kirby Island, when he slipped into a hole in the river, which is shallow at this point. His companions missed him and raised an alarm, but it was over an hour before the boy's body was recovered, and artificial respiration resorted to proved fruitless.

FEAR OF PANIC BRINGS LIBERALS TO AID OF C.N.R.

Measure to Guarantee Bonds Gets Third Reading in Senate.

MANY LIBERALS OPPOSED

Senator Jaffray Declares Those Who Voted Aid Would Regret It.

[Special to The Advertiser.]

OTTAWA, June 9.—The Canadian Northern Railway aid bill was given third reading by the Senate this afternoon.

The motion for third reading carried by a vote of 46 to 17. Eighteen Liberals and all the Conservative senators voted with the Government.

The Liberal senators who voted for the passage of the bill did so with the greatest distaste. Hard times and dread of precipitating a financial panic were the forces which carried the bill through the Upper House.

It is certain that in a period of good times the Liberal majority in the Senate would have overwhelmed the proposal.

Even with the promise of panic held up to them, many of the Liberal senators refused to support the measure, and condemned in warm terms their associates for yielding to the pressure. Senator Chouquette expressed himself openly, and Hon. Robert Jaffray said that those who had voted the aid would see the day when they would regret their votes.

Liberals Are Uncomfortable.

It is certain that the Liberal senators who voted for the bill do not feel comfortable, and can console themselves only with the thought that they did so to avert disaster, which they would have precipitated, only with a feeling of guilt.

The Government is blamed for having put the Senate into a position where they could not put safeguarding amendments to the measure.

The only hope that the country now has is that the Government will keep a watchful eye and a firm hand upon the operations of Mackenzie & Mann.

Senator Chouquette moved the reference of the bill to the railway committee for investigation of Mackenzie & Mann's resources. He made a bitter speech, attacking the Liberal senators who were voting to aid Mackenzie & Mann. His motion was defeated by 35 to 20. Fourteen Liberals voted with the Government. Senator Bostock, the Liberal leader, voted with the Government on both divisions.

The Government is blamed for having put the Senate into a position where they could not put safeguarding amendments to the measure.

The only hope that the country now has is that the Government will keep a watchful eye and a firm hand upon the operations of Mackenzie & Mann.

Senator Chouquette moved the reference of the bill to the railway committee for investigation of Mackenzie & Mann's resources. He made a bitter speech, attacking the Liberal senators who were voting to aid Mackenzie & Mann. His motion was defeated by 35 to 20. Fourteen Liberals voted with the Government. Senator Bostock, the Liberal leader, voted with the Government on both divisions.

OTTAWA, June 9.—The Canadian Northern Railway aid bill was given third reading by the Senate this afternoon.

The motion for third reading carried by a vote of 46 to 17. Eighteen Liberals and all the Conservative senators voted with the Government.

The Liberal senators who voted for the passage of the bill did so with the greatest distaste. Hard times and dread of precipitating a financial panic were the forces which carried the bill through the Upper House.

It is certain that in a period of good times the Liberal majority in the Senate would have overwhelmed the proposal.

Even with the promise of panic held up to them, many of the Liberal senators refused to support the measure, and condemned in warm terms their associates for yielding to the pressure. Senator Chouquette expressed himself openly, and Hon. Robert Jaffray said that those who had voted the aid would see the day when they would regret their votes.

Liberals Are Uncomfortable.

It is certain that the Liberal senators who voted for the bill do not feel comfortable, and can console themselves only with the thought that they did so to avert disaster, which they would have precipitated, only with a feeling of guilt.

Neck Looks Black.

Dear Miss Grey:—Will you please answer the following questions?
1. What can I do to whiten my neck? It has been sunburned for many years. It looks almost black against my face, for my face is very white.
2. What will make the eyebrows and eyelashes thick and black?
3. Will low-heeled slippers be worn this summer?
4. What will stop the hair from coming out?
5. Please tell me how to make butter-etch.

I remain, yours truly,
A VILLAGE MAID.
A-1. Try this for your neck: Make a paste of oatmeal, buttermilk, and the juice of half a lemon. Spread on the skin after bathing and let it remain on for several hours. Wash off with lukewarm water and soap. After drying well, pat in a little greaseless cold cream. Do this three or four times a week, and you should soon notice a great improvement.
2. A little olive oil or vaseline rubbed in nightly for two or three months will help wonderfully. Be very careful in applying either, as they may get in the eye and irritate it.
3. Little, but they seem to have gone out of favor almost entirely.
4. Try massaging the scalp every night with this tonic: Bay rum 5 ounces, tincture of cantharides 1/2 ounce, olive oil 1 ounce. This will make a larger quantity than you desire, but have the druggist make up in this proportion. Rub the tonic well into the roots of the hair, and wash the head each week during the treatment.
5. Take three cups white sugar, 1/2 cup water, 1/2 teaspoon cream tartar, and 1 tablespoon butter; boil without stirring for ten minutes, add a tiny pinch of baking soda, and half a teaspoon of lemon extract, stir in well-greased pans, having it about one-quarter inch thick. When partly cool, mark into inch squares with a well-greased knife.

Would Come to London.

Dear Miss Grey:—1. What employment would you recommend for a girl seventeen, who has had three years in high school?
2. Do you think telephone operating remunerative work?
3. As I live out of the city and am desirous of obtaining a situation in London, would it be advisable to apply by letter, or is it necessary to apply in person?

TAFFETA TRIMS HATS
INSTEAD OF FEATHERS

The French are "canny" people. As soon as they find that the laws of the United States prohibit the sale of wild plumage they immediately get the wits of their hat designers to work to make hats without them.
The model photographed is sent over by Burel and is made of black legal straw trimmed with a huge wing of accordion pleated taffeta, and the effect is much the same as though it were trimmed with a choice egret. The price, however, is much smaller.

street. The members made report upon the extent for which the church societies would pledge themselves in the matter of supporting the Travellers' Aid in connection with the Y. W. C. A.

WOMEN'S CANADIAN CLUB.
An executive meeting of the Women's Canadian Club was held yesterday morning in the "X" parlors, when arrangements were discussed for holding a garden party on the grounds at "Thorinwood," the residence of Mrs. Becher. The lectures which have been so well attended during the winter season will be discontinued until October. Some splendid speakers have been brought here during the past few months by the Women's Canadian Club, and the entire year has been one of progress.
Miss Anna Le Sueur "Clear View," South London, left on Thursday evening last for Los Angeles, California, where she will spend the summer and winter months with relatives.

WOES OF MRS. NEWLYWED
"Lice are all over my plants which have been indoors all winter," complained Mrs. Newlywed. "How can I get rid of them?"
"Take three and a half ounces of quassia chips add five drachms stavesacre seeds in powder, place in seven pints of water, and boil down to five pints. When cold, strain and use, either by means of a watering pot or syringe," directed Mrs. Neighbor.

Songs We Used to
Whistle and Sing

A reader contributes the following very old song to this column:

THE OLD BEAU I'VE LOST.
Adieu to cold winter,
Farewell to white frost,
I'll sing and be as merry
As the old beau I've lost.
I'll sing and be as merry
As the nightingale in May,
For I can do without him,
If he's gone far away.
He has gone—let him go—
I've a reason to rejoice;
If ever I choose another
I will make a better choice.
I'll have him to know
That I'll not go on this way,
To be scart by an owl
That never flew by day.

He's a son of a miser,
As I do understand,
And I am a daughter
Of a poor old man.
He's got his gold about him—
He may keep it for all of me,
For I can do without him,
If he's gone far away.
It's many an evening
We sat together and chat,
But it's very little better
Do I like him for all that.
His tongue it ran so nimble,
Too nimble for me,
Oh, I can do without him,
If he's gone far away.

I am forsaken,
And he is forlorn,
But he's very much mistaken
If he thinks I will mourn.
He may choose him another,
He may choose whom he may,
For I can do without him,
If he's gone far away.
I never can forget him,
He's a lad I dearly loved;
I hope he'll be forgiven
By the high powers above.
If another likes his carriage,
And they can agree,
I'll never spoil a marriage—
She may have him for all of me.

His love is like the dew
That falls upon the thorn,
Puts it on Sunday night,
Takes it off Monday morn.
Carries his love in his pocket,
But little in his heart,
He's a lad that loves but little,
And gives every girl a part.

"DOC" REISLING SHOWED REBELLY
WHAT KIND OF "LEMON" HE IS

His Pitching Made "Rube's" Players Look Like a Bunch of Prunes—London Again Defeated Brantford on Its Own Stamping Ground—Whitcraft and Bierbauer Star.

[Special to The Advertiser.]
BRANTFORD, June 9.—Doc Reisling, to whom the tribute of Lemon had been applied in these parts some months back, had his revenge today. He beat the Red Sox 6 to 4, pitched in the third round of the nine frames of battle.

Got Two at Start.
Just like the opening class Monday, London jumped into the lead in the initial period, and they finished under wraps. The Cockneys encountered better pitching today, Taylor, the spit ball artist, showing a good assortment of stuff all the way. His support, however, was much inferior to the brand of ball produced by London in the field. Had it been as good as that given Reisling, the teams might have been playing yet.

Bierbauer's Hitting a Feature.
Bierbauer and his trusty stick occasioned a lot of damage, Louis driving in three runs during the pastime. In the sixth, London was safe on Honeck's first, Linneborn was safe on a passed error, and went to second on a passed ball. He advanced to third on a sacrifice. Lamy went out pitcher to first, but Bierbauer drove in to third, and beat it out by a sprint. He immediately scored second, and when Reid hit to right field scored along with Linneborn. Long ended the innings.

Two More in Third.
In the third, the Cockneys scored two more runs by clean bashing. Whitcraft hit to right for two bases, after Linneborn had been retired. Lamy and Bierbauer followed with corking singles, and wound it up. Snyder was safe on a dead ball, and Reisling pitched out. Whitcraft filled the bases by beating out a bunt. Whitcraft's single scored Snyder and Reisling. Lamy then sacrificed, but Bierbauer, first man up, got a single, but he died at second.

Brants Scored Their Run.
Brants' run, however, the result entirely of four fly balls. In the third, Eddie Taylor put one over the fence, and

in the sixth, after Wagner singled and Deneau walked, Ivers came across with a smash to right centre, the ball going under the fence, and was good for a homer. The Sox got two on the eighth, but Reisling retired the next two batters with ease.

Whitcraft Stars.
Whitcraft again looked good today. In the ninth, he made two spectacular plays, after robbing the Red Sox of hits all the afternoon. His batting was also good. Before today's game, Deneau announced that he had secured infielder Barney, of Detroit, who has been under suspension by St. Thomas. Barney will replace Wagner at second. The Rube announced that the Sox lack the necessary class at present to get to the top.

"WILD BILL" BAKER
RELEASED BY SAINTS
AFTER ERIE GAME

London Boy, Who Was Pitching Sensation of League Early Last Season, Let Out—Has Lost Every Time Out This Year.

[Special to The Advertiser.]
ST. THOMAS, June 9.—"Wild Bill" Baker was handed his release tonight by the management of the St. Thomas Saints during the latter part of the 1912 season, and in the early portion of last season he gave water and a pitcher's life.

Having seven straight wins, including a no-hit game against Berlin at Pinafore Park, and a one-hit game against Peterboro in that place. However, he was no use to the local club after July 1, hardly being able to win any of his starts. Bill's chief trouble at that time was his lack of control, but this spring he seems to have improved in this respect, but has at no time displayed the terrific speed for given any of his starts.

He was started in today's game, but had difficulty in getting them over, and when he did, the opposing batters seemed to find him easily. Baker was a hold-out this spring, and was only brought into the camp by considerable persuasion.

NO INDIAN LEAGUE
CLUBS AFTER HECK

London Directors Deny That He Is To Be Sold to American League Club—President Speaks.

"There is no truth in the report that the London club has received offers from the Philadelphia and Cleveland American League clubs for Bobby Heck," said President Stevely this morning, when asked as to the truth of the story published in a morning paper. "I do not know how the story originated, and was not aware of any such deal until I read the story this morning. The London club has had no communication whatever with either of the clubs mentioned."

"KID" WILLIAMS IS NEW
BANTAMWEIGHT CHAMPION

Was Favorite in Betting From Start—Coulon Was Out-classed From Beginning—Coulon Gets Biggest Share.

RINGSIDE, VERNON, CAL., June 9.—Johnny Coulon, bantam weight champion of the world, lost his title tonight to "Kid" Williams, of Baltimore, who knocked him out with a stiff right-handed punch to the chin in the third round of their twenty-round contest. The fighting was all Williams' own from the start. Coulon seemed to be unable to solve the problem of landing anywhere in the short interval of the first two rounds, and was saved at the close of the second round only by the timely ringing of the bell.

Vernon, Calif., June 10.—The result of last night's fight for the bantamweight championship, when Johnny Coulon lost the title to "Kid" Williams of Baltimore, proved the wisdom of the bettors who favored Williams from the start. Holding that Coulon's illness, that he had been out of the ring a year, had robbed him of championship form. The odds on Williams went as high as two to one. At ringside, while no betting was in evidence, it was plain there was plenty of money placed just before the contest at ten to one on Williams.

After the opening of the first round the crowd repeatedly called for Williams to "get in and do it," evidently sure that he was capable of making good his claim to the championship title. Coulon landed but one really effective blow during the short contest. Toward the close of the first round he managed to reach Williams' face.

Although the champion was obviously outclassed from the beginning, his blow to Williams' countenance elicited cheers from the crowd. The fighting was fast and exciting from the start. Williams held the title.

SOME FOUL TIPS AND A FEW LINERS.

The Saints are lamenting because they did not have Bobby Heck to face in their recent London series. They figure that with St. Thomas pitchers pitching shut-out ball, they could have beaten the London southpaw. However, London was managed to make a few runs when Heck is working.

Roy Whitcraft has started to hit the ball safely again, and he has been making up for lost time. Three hits in four times up yesterday will help his average soon.

"Doc" Reisling is showing wisdom in using Jack Snyder every day. Snyder is going great at the present time and hitting the ball at a .300 clip.

Ben Beebe will likely oppose the Brants today, and "Rube's" team will likely win if London does not take all three games.

The whole trouble with Bill Baker

seems to lie in the fact that he has not been properly coached in his pitching. If some experienced catcher or pitcher would take hold of him and drill him for a few weeks, he would be as good as any in the league. He has lots of speed and curves, but apparently does not know how to use them.

When the Ottawa club goes along for six innings without making a run, the opposing pitcher should watch out. They generally spring a rally in the seventh or eighth. Ben Beebe and Bill Donahue can vouch for this. Both these pitchers had them shut out in different games until the seventh, and then the Slagmen went out and collected enough runs to win.

The Saints lost again yesterday. Why wait in the world is the matter with Craven's Clashes? The St. Thomas scribes will have to get out their little hammers again. The Saints have only won one game out of three since leaving London.

NEW YORK AMERICANS
TO GET PFYL AND STRAIT

Chance Wants Jersey City Players For Batting Ability.

[Canadian Press.]

New York, June 10.—Negotiations have been practically completed, it became known today, for the purchase by the New York American League Club of Monte Pfyf, first baseman, and Outfielder Strait, from Jersey City, of the National League. Both Pfyf and Strait are wanted by Manager Chance, because of their batting records.

Pfyf was carried for several years on the reserve list. He jumped to the top of the list when he was taken into the active line. When league was taken into organized baseball, Pfyf, with many others, was disciplined and sentenced to a term of five years in that company. Life subsequently rescinded. Pfyf's only other player who is said to have made 3,000 hits in his major league career was Adrian C. Anson, who batted out 3,047 in 22 years.

Strait also comes from the Pacific Coast, where he gained a reputation as a distance hitter.

Philadelphia, June 9.—"Hans" Wagner, the veteran shortstop of the Pittsburgh National League team, today made his three thousandth hit in his career. He was a major league player for ten years of major league baseball. It was a two-bagger, off Pitcher Mayer, with no one on base, in the ninth inning. He subsequently scored Pittsburgh's only run of the game, on two outs. He was applauded when he made the hit, and again when he crossed the plate. The only other player who is said to have made 3,000 hits in his major league career was Adrian C. Anson, who batted out 3,047 in 22 years.

A WONDERFUL CURE OF
AN ABSCESS BY
Burdock Blood Bitters.

Mr. A. W. Dryden, Amherst, N.S., writes:—"I am going to tell you what Burdock Blood Bitters has done for me. My son 'Vance,' when only nine months old, got an abscess on his neck bone. I took him to a doctor, but he told me it would get well in a few days, and wanted me to keep it squeezed out. It did not seem to get any better, so my wife took him back. The doctor told her to take him home and it would soon get better. It would gather and break, and it went out that way until he was over four years old.

"He lost four pieces of bone out of where it was lanced, and two pieces came from his mouth; he has lost all of his cheek bone, and his eye was drawn down. I took him to doctors in St. John, N.B., and when it was under an operation. He was so small I told them that if he was going to die he might as well die as he was as to go home and be all cut to pieces, so I declined to have the operation done. I told them I was going to try Burdock Blood Bitters, and I had heard my brother told me it was a good thing, and when it was doing good, and before many days the sore stopped running and healed up, and the abscess has nearly broken out again. This happy result has given me faith in Burdock Blood Bitters, and I can tell you with all my heart that it is the best blood medicine in the world."

WHAT DYSPEPTICS
SHOULD EAT

A PHYSICIAN'S ADVICE.

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that they should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphated magnesia in a little hot or cold water. This will neutralize any acid which may be present, and which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. I believe in the suggestion, it does more than could possibly be done by any drug or medicine. It is a physician's advice, and I must add that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisulphated magnesia from your drug store, eat what you want at your next meal, take some of the bisulphated magnesia as directed above, and see if I am not right."

PLAYING OF DIAMOND VETERANS IS MARVELLOUS—YOUNGSTERS CAN'T BEAT 'EM OUT OF JOBS

BIG LEAGUE VETERANS AS GOOD TODAY AS EVER.

BY HUGH S. FULLERTON.
Verily youth will be served; but, looking over the box scores in these early days of the year, it seems as if youth will have to wait for service until it can improve considerably. These managers who go out in search of talent each year ought to be looking over Joe Cantillon's Minneapolis club, and from present appearances Young Cy Mathews would have made the team one more year if he hadn't died after establishing a record. Justing aside, but the way some of the veterans of many years are going right along and teaching the youngsters how the game should be played it is marvelous. Why not organize an old-timers' club, with Doc

Osler as manager? A lot of us would back it. Let's see who we could get to play?
Billy Sullivan, catcher
Tom Hughes, Otto Hess, Nick Altrock, Doc White, Bill Donovan, pitchers.
Frank Chance or Harry Davis, first base
Larry Lajoie, second base
Honus Wagner, short stop
Tuck Turner, third base
Jimmy Sheppard, sub infielder
Tommy Leach, outfielders.
Quite a team, eh? Well, if you can pick a team of recruits who are getting all the publicity just now that can beat those fellows you can win almost anything. There they are, averaging about fourteen years, major league service, and still able to get out there, hustle, and most of them show more of the old pep than the youngsters do. Looking over the White Sox and Cleveland playing, the display of pep was mainly by Turner, Birmingham, Kid Gleason, Callahan and Sullivan.

We who write about baseball are apt to neglect the old-timers. We pass them over with a scant word of praise and lavish half a column on some promising youngster. The fans themselves come to expect the vets to play good ball, and only notice them when they make a break. It is not fair to them.

Federal League

MULLIN LOST THIS ONE.
INDIANAPOLIS, June 9.—Mullin weakened in the eighth inning here today, and the Baltimore Federals scored four runs and tied the game. Harter went in for Indianapolis in the ninth and was found for one run, the visitors winning the game, 7 to 5. Score:

BALTIMORE	INDIANAPOLIS

KANSAS CITY	BUFFALO
Kansas City... 0 0 0 0 0 0 0 0 2 5 0	Buffalo... 0 0 0 0 0 0 0 0 1 6 1
Batteries—Anderson and Blair; Cullop and Easterly.	

CHICAGO, June 9.—Timely hitting and

finishing baserunning were responsible for Chicago's victory over Brooklyn, 3 to 2 today. Score:

CHICAGO	BROOKLYN
Chicago... 0 0 0 0 0 0 0 0 3 10 0	Brooklyn... 1 0 0 0 0 0 0 0 2 6 1

ST. LOUIS, 6; PITTSBURGH, 5

ST. LOUIS, June 9.—Singles by Tobin and Boucher and a three-base blow by Ward Miller, in the seventh inning, gave St. Louis two runs which enabled the fifth man to win from Pittsburgh today by 6 to 5. Score:

ST. LOUIS	PITTSBURGH

ST. PETER'S EASILY WIN FROM MCCORMICK'S 8 TO 1

Biscuitmakers' Loose Fielding Helped Run Up Score for Other Team.
St. Peter's defeated McCormick in the Commercial League last evening by the score of 8 to 1. The game was a one-sided affair, errors contributing much to St. Peter's big score. Coleman and Barney Clark were the opposing pitchers, and the latter had the best of it.

ASKIN STREET DEFEATED WELLINGTON STREET 5 TO 1

All the Runs Were Scored in the First Inning—Seltzer's Catch Featured.
Askin Street defeated Wellington Street in a church league game played on the Ridout street diamond last evening, the final score being 5 to 1. All the runs were scored in the first inning. Both Parde and Baker pitched good ball after that inning. Seltzer's one-hand catch in the fifth was a feature. The following is the score:
Wellington Street... 0 0 0 0 0 0 0 0 1
Askin Street... 5 0 0 0 0 0 0 0 5
Batteries—Parde and Campbell; Baker and Summers. Umpire—"Dago" Henry.

Those persons who desire information as to the comparative attendance at National and Federal league games may get a hunch from the fact that three saloons near the Cub park have closed and two saloons near the Federal grounds.

CRITICAL TIME

OF WOMAN'S LIFE

From 40 to 50 Years of Age.

How It May Be Passed

in Safety.

So, Wellington, B.C.—"For a year dur-
ing the change of life I was all run
down. I was really too weak to walk and
was very despondent and thought I was
going to die, but after taking Lydia E.
Pinkham's Vegetable Compound and
Blood Purifier my health and strength
returned. I am very thankful to you and
praise your medicine.

I have advised several women who suf-
fered as I did to try your remedies. You
may publish this if you wish."—Mrs.
DAVID R. MORRIS, South Wellington,
Vancouver Island, B.C.

No other medicine for woman's ills has
received such wide-spread and unquali-
fied endorsement. We know of no other
medicine which has such a record of suc-
cess as has Lydia E. Pinkham's Vegeta-
ble Compound. For more than 30 years
it has been the standard remedy for wo-
man's ills such as inflammation, ulcer-
ation, tumors, irregularities, periodic
pains and nervous prostration, and we
believe it is unequalled for women dur-
ing the period of change of life.

If you have the slightest doubt
that Lydia E. Pinkham's Vegeta-
ble Compound will help you, write to
Lydia E. Pinkham Medicine Co.
(confidential) Lynn, Mass., for ad-
vice. Your letter will be opened,
read and answered by a woman,
and held in strict confidence.

There's a Reason
For Baldness—
But No Excuse For It

How To Prevent Greyness; What To Do
If Already Bald.

Neglect of the hair and scalp is the
primary reason for baldness in the
cases. But any excuse for the neglect is
necessarily a poor excuse. A little sys-
tematic attention and the use of a really
good hair tonic will destroy and prevent
the return of dandruff. That, in turn,
prevents premature greyness and bald-
ness. The SAFE way is to mix your
own hair tonic at home, or have a re-
liable druggist mix it for you, accord-
ing to this formula: Dissolve one half
drachm Menthol Crystals in six ounces
Bay Rum; then add two ounces Lavona
de Composee. Mix thoroughly. Rub to
the scalp with fingers or stiff brush night
and morning. This is the best-known
formula for dandruff and falling hair,
to cleanse and beautify the hair, and to
stimulate the growth of new hair. One
of the ingredients not only stimulates the
hair-growing follicles, but tends to pre-
vent the activity of the pigment-forming
cells, so as to make prematurely gray
hair turn back to its natural color. The
ingredients of this hair tonic can be pur-
chased at any drug store. Try this tonic
night and morning for 30 days, even if
totally bald; it has accomplished wonders
for others.

DIORADIN, NEW TREATMENT
FOR TUBERCULAR CHILDREN

American Doctor, Formerly of
Caradoc, to Establish a
Dispensary Here.

A concert in aid of a free dispensary
to extend the use of a new treatment
for children afflicted with tubercular
trouble will be given in the Masonic
Hall next Monday night, when Capt.
T. E. Robson, county clerk; Mrs. T. E.
Robson, Miss Edna Weston, Mrs.
Hicks, Miss Evans, M. Alderson,
Thomas Mitchell and Chris Pink
will take part in the program.

The treatment, which is of Viennese
discovery and is said to have been
successfully tried in Austria, New
York, California, Newfoundland, Paris
and elsewhere, has been introduced
here for the first time in Canada by
Dr. Ephraim Northcott, a cousin of
Mrs. T. E. Robson. Dr. Northcott is
an old Caradoc Township boy, and he
has used the treatment for three years
in California with great success. It
consists in the use of dioradin in-
jected into the arm of the patient.
A number of local patients are said
to have been greatly benefited by it,
and a dispensary is to be established
here.

ECZEMA ITCHED
AND BURNED

Rash on Legs and Back. Scratching
Irritated Breaking Out. Used Cuti-
cure Ointment. Disease Vanished.

Kentville, N. S.—"For about five years
I was bothered with a light rash which
would appear most heavily on my legs and
back. This troubled me most in the
spring of the year. They said it was
eczema. The eczema itched and burned
and my scratching irritated the
breaking out. After it
broke out I could not obtain
more than three hours' sleep
each night it pained me so.
My legs and back were a
solid mass of itching sores.

"I was given some salve and after using
this preparation about a week the disease
became worse and I could not obtain any
rest at night. I used all the patent prepa-
rations on the market but they only seemed
to increase the suffering and afforded me no
relief whatever. About this time a friend
recommended Cuticure Ointment to me.
However, I had lost faith in all remedies and
told him so, but he insisted that I try Cuti-
cure Ointment so I purchased a box. The
first application gave relief and in about a
week the sores were healing and I was able
to obtain a good night's rest, the first I had
enjoyed for many months. I continued the
treatment for another month and by that
time all signs of the disease had vanished."
(Signed) William F. Allen, May 19, 1913.

For more than a generation Cuticure Soap
and Cuticure Ointment have afforded the
most economical treatment for affections of
the skin and scalp that torture, itch, burn,
scale, and destroy sleep. Sold everywhere.
Sample of each mailed free, with 32-p. Skin
Book. Address post-card Potter Drug &
Chem. Corp., Dept. D, Boston, U. S. A.

the return of dandruff. That, in turn,
prevents premature greyness and bald-
ness. The SAFE way is to mix your
own hair tonic at home, or have a re-
liable druggist mix it for you, accord-
ing to this formula: Dissolve one half
drachm Menthol Crystals in six ounces
Bay Rum; then add two ounces Lavona
de Composee. Mix thoroughly. Rub to
the scalp with fingers or stiff brush night
and morning. This is the best-known
formula for dandruff and falling hair,
to cleanse and beautify the hair, and to
stimulate the growth of new hair. One
of the ingredients not only stimulates the
hair-growing follicles, but tends to pre-
vent the activity of the pigment-forming
cells, so as to make prematurely gray
hair turn back to its natural color. The
ingredients of this hair tonic can be pur-
chased at any drug store. Try this tonic
night and morning for 30 days, even if
totally bald; it has accomplished wonders
for others.</

An "Opening" for Summer Goods

To the Merchants of London:

INTRODUCE your summer goods as you introduce those of spring, fall or winter.

The most radical change of the year in wearing apparel comes in the summer months.

Each season in the year sees its changes and modifications in dress. In summer comes the greatest change of all.

You announce your new spring goods. You announce your autumn openings. You spread broadcast the news of the arrival of sturdy winter wear.

You dress your store with your

summer styles as you do your spring and fall openings. Why not an "opening" of summer goods? Call the people in to see your summer goods. Send the summons far and wide by means of the merchant's trusted servant—the advertising columns of the daily newspapers.

Think of this idea. It may be new and it may be not. But it is well worth your consideration.

You can obtain helpful advice on advertising free of cost and without obligation by consulting the Business Department of The London Advertiser.

Lambeth Is In For A Period of Rapid Growth

There is a time in the history of every community when circumstances combine to cause a rapid growth of population and a relative increase in buildings and land values. That period for Lambeth is just beginning. All signs point to it. Houses are going up on every hand, chiefly residences of the better class.

There is not a prettier or more favorably situated spot in the province than Lambeth. London has no other suburb that can begin to compare with Lambeth. In years to come, you will hear people tell how in 1914 they could have bought lots in Lambeth for \$3 to \$6 a foot.

What Does This Mean To You?

What does it mean to you that Lambeth is entering upon an era of growth and prosperity? It may mean much or little, depending upon the action you take. Today you earn so much per year. It is reasonable to assume (and you surely hope) that in a few years from now you will earn considerably more. Then is the time you will be dissatisfied with living in the hot, dusty, stifling city. Your means will be such that you will prefer to live a little distance out, among the better classes of suburbanites, and you'll be right, but—

By that time lots in Lambeth New Survey will be selling for several times their present price. Your move is due right now. By securing a lot without delay, you are among the first buyers who get in at rock-bottom prices. The easy terms arranged will permit you to buy your lot or lots practically at your own convenience, and you will hardly miss the money.

Even if you do not intend to build in the near future, the purchase of one or more lots in Lambeth New Survey will prove one of the best investments you ever made. There is only one property like this in the whole of Lambeth.

Some Advantages:

DISTANCE FROM TRACTION LINE—Never more than 100 yards—abuts on the line at Talbot road.

FARE FROM CITY—Seven cents a trip—to be still lower when population warrants.

TIME OF TRIP—Averages eighteen minutes.

SIZE OF LOTS—Mostly 50 feet wide by 135 feet deep; plenty of room for gardening, chicken-raising, etc.

RATE OF TAXATION—Fixed at the very low figure of ten mills.

LOCATION—Lambeth New Survey has unequalled natural drainage, and commands a splendid view on every side. No other Lambeth property is so well situated as this.

FRONTAGE OF LOTS—All lots front on Broadway avenue, a fine, wide thoroughfare, running down the centre of the property.

ENVIRONMENT will be of the best. Reasonable building restrictions insure that houses will be of the better class, consequently the residents will be the most desirable class of people.

Quick Action Is Best

We have not an unlimited number of lots to sell, therefore it is advisable to act promptly and secure your lot or lots in time. Fill in the coupon and mail it, or write us. If you can't get out to see us, we will come in to see you.

It's surprising how many people have already expressed their intention to

STRAWBERRY CROP IS EXPECTED TO BE RECORD

Both the Quality and Quantity Promise Well—Hay Slightly Higher in Price.

Twenty loads of hay were the only feature of the market, which was dull, with few buyers in evidence. Hay, however, advanced a little in price, the best quality being at \$11 per ton. A few loads of the best quality brought \$13 per ton. The quality is becoming noticeably poorer as the season advances.

Straw brought the usual \$7 and \$8 per ton.

Only one load of wheat was on the square. It sold for \$1.05 per bushel.

Oats were scarce also. They sold quickly at \$1.00 per cwt, the highest price paid for several weeks.

The strawberry crop this year is expected to be a record for both quantity and quality. No berries have been offered yet, except a couple of boxes last Saturday. These sold for 20c each. The season for strawberries will be earlier this year than it generally is, according to growers.

Eggs and butter remain unchanged in price. There were no vegetables on the square.

Wool, unwashed, is selling for 17c per lb. Wool, washed, sold this morning for 25c.

Winnipeg, June 9.—Liverpool early cables were unchanged to 1/4 lower, which caused the wheat market here to open fairly steady, 1/4 to 1/2 lower. Following the opening, there was a temporary firmness in this market, but later developed weakness due to the very bearish report issued by the U. S. Government on Monday. The volume of business was heavy, the major portion being transacted during the early hours of the session. Scattered rains have occurred in the prairie provinces and at Edmonton. 30 in. record. At noon, Winnipeg had declined 5/8 to 1/2, and the close was 1/2 lower for both months.

In the cash departments, buyers were hanging off, awaiting developments, and consequently trading was quiet. A few sales of No. 2 and No. 3 northern wheat were made, and inquiry for barley and flax was good. There was little or no inquiry for oats. Cash wheat, cash wheat closed 1/2 to 1/4 lower, cash barley, closed unchanged to 1/4 lower, cash flax, closed unchanged to 1/4 higher, and cash flax closed 1/4 to 1/2 lower.

The total cars inspected Monday were 442, as against 350 last year, and in eight weeks.

THREE RIVERS CITY REGIMENT DISBANDED
[Canadian Press.]
Three Rivers, Que., June 10.—The feeling of the city of Three Rivers against the militia has culminated in the disbandment of the city regiment of infantry, the Eighty-sixth, which was commanded by Lieut.-Col. L. P. Mercier, and such is the present situation here that, although efforts are being made to reorganize the regiment, the greatest difficulty is being experienced, and a capable commander cannot easily be secured.

TRAFFIC BYLAWS AMENDED AGAIN

The Right-of-Way and Speed
Clauses Are Changed by
Council.

POLICE TO ENFORCE IT

Mayor Suggests That Enforcement
Be Left Entirely
To Force.

London's new traffic bylaw, which passed the council last night, is causing more or less speculation among the owners and drivers of automobiles as to how it will be enforced. Mayor Graham intimated to the council last night when several new amendments were tacked on to the already cumbersome law, that traffic regulation would be left exclusively to the police department, the same as in other large cities.

Automobile owners were making inquiries this morning as to when the law would go into effect, and if they would be wary of violations before they were arrested. The law is drastic on several points, as it restricts the speed of cars in rounding corners and in crossing the sidewalks that lead into private lanes. These provisions are worded, so that the driver of a car is liable to arrest if he exceeds four miles an hour when crossing certain streets.

Some Important Points.
Some of the amendments provide that the speed of cars shall be reduced at all street crossings; that autos overtaking street cars or other vehicles which are stationary, shall not pass those cars or vehicles on the side from which passengers are alighting; the police and fire apparatus, ambulances and royal mail wagons have the right-of-way over all other vehicles on the streets of the city; when one car overtakes another going in the same direction it must pass on the left; cars passing one another shall observe the universal law by turning to the right; the driver of every vehicle going north or south on Richmond street, and the driver of every vehicle going east or west on Dundas street, shall have the right-of-way over other vehicles crossing the said streets.

New Power for Health Board.
The public health bylaw, which passed the council at the same time, gives the health board the power to close such amusement places as Tecumseh Park, or those where an admission is charged, providing they do not maintain public toilets which meet the approval of the board.

Storm Sewer Inspectors.
The following storm sewer inspectors appointed by the city engineer were approved: R. K. Robertson, C. Webster, Arnold Swayze, A. J. Draper and John Moffatt.

The report of the board of control, which was adopted, provided that the mayor and city clerk be empowered to sign the report of the board of control, council or court house, extending for a period of five years. The city is to pay 50 per cent of the expenses incurred in repairs and the county the balance. This city is to pay 70 per cent of the expenses of the jury system and the county the balance. These provisions should have been passed last December, but were overlooked.

FAVOR ROWELL POLICY

All Ministers for "Banish-the-Bar," Says
Rev. H. A. Graham.

The majority of London Methodist ministers arrived home from the Sarnia conference last night. "It was a fine conference," said Rev. H. A. Graham, "much larger than usual on account of the general conference meeting this year at Ottawa. The biggest feature of the conference was, of course, the temperance resolutions. All the ministers were unanimously in favor of the 'banish the bar' policy; but of course there was some debate before the resolution explicitly designated the 'Rowell policy' as the one supported by the conference."

WILL CALL FOR TENDERS

Board of Education Decides on Princess Avenue School Alterations.

Calling for and accepting tenders, was the main occupation of the Board of Education Building Committee meeting yesterday afternoon.

Tenders will be called for this week, on the alterations to be made in Princess Avenue School.

Tenders for coal for the city schools are all in, but janitors will have to be consulted regarding the quality of the coal they want before the tenders are opened.

In spite of the heat, the board ran over a heap of regular accounts and routine business.

INQUEST TODAY

Coroner's Jury Will Investigate Death of
London Brakeman at Komoka.

The coroner's jury, sworn in to investigate the death of James Nelson, Grand Trunk brakeman, residing at 14 Campbell street, who lost his life yesterday morning at Komoka, while endeavoring to recover his hat, met yesterday afternoon at 3 o'clock at Komoka with Coroner Dr. F. H. Mitchell in charge. After visiting the remains, the jury adjourned till 3 o'clock this afternoon. It will meet in the Komoka Town Hall.

The jury is composed of the following members: Thomas G. Turnbull (foreman), Robert Foster, William Noxall, Ross Campbell, George Lofthouse, Peter McKellar, M. Tunks, George Tunks, D. H. Matheson, James Sutherland, Daniel Steele, and Victor Marston.

The remains arrived in this city at 4:10 yesterday afternoon, and were removed to the undertaking parlor of Smith, Son & Clark.

Funeral on Thursday.
The funeral will be held on Thursday at 2:30 p.m. from the residence of Mrs. Violet Brooke, 14 Campbell street, to Mount Pleasant Cemetery.

Hiram Hull, pastor of Dunn Avenue Church, Toronto, of which the bride is a member, will assist Rev. H. A. Graham in solemnizing the wedding ceremony.

ARTHUR STRINGER SELLS HIS FAMOUS KENT FARM

Author Succeeded in Growing Peanuts, Sugar Cane
and Sweet Potatoes—Must Cultivate
Garden of the Imagination.

[Special to The Advertiser.]
Chatham, June 10.—Arthur Stringer, the well-known author, has just sold his Lake Erie fruit farm to Dr. Campbell, a retired physician, of Blenheim. The Stringer farm was for years one of the show places of the lake shore, and there the author-farmer succeeded in growing such things as sweet potatoes, peanuts, sugarcane and African artichokes. A record price for Kent County, of \$250 an acre, was paid for the place.

"I love my farm," said Mr. Stringer.

Seventh Band Is Well "Lit Up"

Individual "Flashes" Latest Innovation to
Provide Illumination to Musicians.

By means of a seven-candlepower light in circuit with a miniature battery carried in the upper breast-pocket, members of the Seventh Regiment Band were enabled to clearly read the notes on their sheets of music on parade last night. Both are placed in circuit by a provided with light by the unsatisfactory method of carrying a gasoline torch. The flickering of the light made the notes indistinct, straining the men's eyes. By the use of the new individual arrangement each man can see his music distinctly.

The music is held on the "harp" attached to the instrument, as formerly. A small battery is carried in an upper tunic pocket. The lamp is attached to the harp. Both are placed in circuit by a fine wire. The men are enthusiastic over the innovation.

"It's a decided advantage," one of the bandmen stated to The Advertiser last night. "It was impossible for us to do good work at night before. Particularly on a windy night, with the torch flickering more than usual, it was hard to read the music."

WILL HAVE DATA ON AID FOR SUBWAYS

Special Committee Members
Will Have Interesting
Report to Make.

The special subway committee of the city council will hold another meeting in a few days to receive the report of City Engineer Ashplant on the cost of building a subway at Ridout street. At that time it is understood several communications will be read showing the progress of subway construction in other cities.

Members of the council on the committee are reported to have gathered considerable information bearing on Government aid for subway work in this city, and this will be given out when the committee gets together to consider Mr. Ashplant's estimate.

RUSSELL COUNTY

Continued From Page One.

N.S., being wiped out. It looked as though redistribution was off and it is understood that Mr. Rogers has yielded in measure. He will bring in a report without the signatures of the Liberal members. The report will leave the county of Russell undisturbed. As some seats has to go, it is now proposed to hold a stormy session in doing this the town of Cornwall is put into the riding of Glenora. The bill will also make one riding of the two Kents, which are now represented by two Liberals, David Gordon and J. A. McKeown.

Sixty Thousand Riding.
This will make a riding with a population of sixty thousand, and it is possible that a portion of it may be attached to Richmond, N. S., will go under protest.

With these changes it seems practically certain that the redistribution bill will be introduced, will be debated and carried through. Possibly there may be some further change made when the measure is in the Commons.

Ontario Reductions.
For Ontario, according to the new arrangement, there will be two Middlesex ridings where there are now three, two Hurons where there are now three, one Northumberland where there are now two, one Lanark where there are now two, one Kent where there are now two. Two ridings will be made of the River of the Thousand Islands and Rainy River. Two ridings will be made of Nipissing and called Nipissing and Temiskaming. Brockville and Stormont will disappear. Toronto and York, which now have eight seats will have ten.

It is understood that Mr. McKeown will seriously object to the people of Kent being served hereafter by only one representative.

Prorogation Friday.
Parliament will prorogue on Friday. The redistribution bill will be brought down this afternoon, and after some debate, will probably carry before the sitting closes. Thursday the remaining business of Parliament, including the postal act and concurrence and the passage of the supply bill will be accomplished by the two houses. This will leave the way clear for prorogation on Friday unless something unforeseen intervenes. It is possible that the debate on redistribution may be lengthened back a day or two on that account, but the end is near.

CARD OF THANKS.
Mrs. Andrew Burgess and family, of 138 Egerton street, wish to thank their many friends for their kindness and sympathy shown during their recent bereavement.

Secretary Joseph Sanders, of Children's Aid Society, Investigates Alleged Desertion Case.

Secretary Joseph Sanders, of the Children's Aid Society, was looking today for the couple who abandoned a girl baby two years old by leaving it at the home of A. C. Dennis, King street. Mr. Dennis asked the society to take care of the baby, which was left in his care last week by the mother. She said she would return for it in a few days, but failed to show up.

Neighbors say she left the city for Port Stanley. The Dennis family say they have had no word from the woman since she left the city.

If Mr. Sanders cannot locate the mother, the baby will be cared for at the Children's Shelter.

speaking of its surrender, "but that was just the trouble. Farming was too much fun. My contracts with editors and publishers make it necessary for me to get busy and cultivate the garden of the imagination."

London claims the famous author referred to in the above dispatch as one of her former "old boys," a graduate of the London College, who, with Harvey O'Higgins, another noted writer, spent his boyhood in London.

PROMISES LAUNCH SERVICE IF RIVER IS DEEPEDED

Detroit Amusement Company
Again Takes Up Proposal to
Run Line to Springbank.

That if the proposed foot is added to the depth of the river he will put several passenger launches on the Thames to run from the foot of Dundas street to the pump house at Springbank, is the statement of a Londoner interested in a Detroit amusement company. Under present conditions a boat of sufficient draught could not navigate the Thames. With another foot under the head, however, a launch, carrying at least 25 people, could ply between the river park and the city.

The scheme includes the purchase of at least two and probably three passenger launches of an average capacity of twenty-five people. Starting at a Dundas street dock, stops would be made at Woodland, Woodland Cemetery and the pump house. An attempt would be made to maintain at least a half-hour service. Discussing the proposed service with an Advertiser reporter, the promoter said: "Anything that would be done along the line of river navigation here would, of course, be under the supervision of the company I represent. T. McSweeney, our manager, was in London several months ago on route for Chicago. While stopping off here he looked over the situation and seemed to favor the establishment of a launch system on the river."

"He was in the market with the number of people who frequented the park, and seemed to think that a launch line would receive sufficient patronage to make it a paying proposition."

"The only drawback which he foresaw was the fact that the river was too shallow for a boat of sufficient depth to pass down in safety. That objection will be removed if the river is raised a foot as proposed. In that case there is every likelihood that London will have a boat service to Springbank."

IN POLICE COURT.

Poultry came to the fore in police court this morning, when Augustus and John Olsen appeared to tell Magistrate J. C. Judt why their chickens and ducks had trespassed on the property of J. Ross. John owned the ducks and Augustus the chickens. John was late coming to court, explaining when he finally appeared that he was "sent out at 10 o'clock by the man I'm working for."

"John Olsen," said the magistrate, "I am going to let you go. If there is another complaint I will impose a heavy fine. John promised to keep his fowl on his own premises in future. His brother was similarly warned."

Let Out on Bail.
Thomas Woods, 553 Hill street, charged with the theft of some brass from his employer, appeared before the magistrate. When first summoned a week ago he pleaded guilty. This morning he stated when questioned that he could give no motive for his action.

"The brass was sold to a Jew called Berrymann," he said.

Woods was bailed for \$100 to appear Friday. In the meantime the police will issue a summons for Berrymann.

A Carpenter, Sir!
"Were you drunk, Campbell?" Magistrate Judd demanded of the next defendant in line.

"Yes, sir" (hesitatingly).
"Where do you live?"
"I'm a carpenter."
"Answer my question. Where do you live?"
"Oh, I stay around and sometimes—I'm a carpenter."

"You're a tramp, that's what you are," said the P. M. "Better get out of town at once before you see the inside of the Central Jail."

Had Also Imbided.
Charles Morrison had also imbibed too freely. As a result he also had been taken out of the heat.

"I came from Kerwood," he explained. "The policeman who arrested me last night got my return ticket."

"He was singing 'Nearer, My God, to Thee,' said Chief W. T. Williams. "Get out of town on the first train," advised the magistrate.

Get a License, Or—
Domino Zeto, who did not know he required a license to pursue his trade as huckster, was permitted to go, providing he settled with the inspector right away.

LOOKS FOR PARENTS OF ABANDONED GIRL

Secretary Joseph Sanders, of Children's Aid Society, is looking today for the couple who abandoned a girl baby two years old by leaving it at the home of A. C. Dennis, King street. Mr. Dennis asked the society to take care of the baby, which was left in his care last week by the mother. She said she would return for it in a few days, but failed to show up.

HAD ONLY LOAF A WEEK

Conversion to Christianity
Estranges Him From His
Own Race.

"Vun week, vun loaf of bread; vun week, two loafs of bread; vun week, no bread at all."

These were the first words of Solomon Eringstein, or Ernshten, 223 Queen's avenue, when he recovered consciousness in Bruce Wallace's drug store, after falling on the street from lack of food. His intense heat yesterday afternoon, was postulated by the fact that he had been in business in this city, where he has lived for the past five years, and in Texas, where he spent six or seven years.

Shut out, because of his espousal of the Christian faith, from the friendship and help of his own race, Ernshten has literally starved for years.

Always Paid Room Rent.
How he managed to live for the last four years, since his creditors closed up the little boot and shoe shop he kept at the corner of King and Ridout streets is a mystery. He has always paid his room rent, but he has not been working for some time.

When his room rent was paid, there was little left for bread. For the last three weeks, Ernshten has not worked.

Finds His Notebook.—A. M. Piper, building inspector, lost a notebook a few days ago in which he carried memoranda on city work. Today I. H. Chapman received a letter from H. Elber & Son, of Crediton, Ont., stating the book had been found in London by one of the firm. As Mr. Chapman's name was the only one in the book to give a clue to the owner, they notified him.

Building Permits.—Building Inspector Piper today issued permits to W. A. Greenleaf, for a two-story brick dwelling on St. Andrews street, to cost \$2,700, and to Mrs. W. D. Drake for a two-story brick dwelling on Dundas street, to cost \$2,500. This brings the total amount of building permits for the month up to \$97,760. This is a substantial gain over a year ago.

Creditors Will Meet Tomorrow.—The meeting of the creditors of the Rice Cigar Box Company, which was to have been held tomorrow, was postponed because of the absence of some of the attorneys representing the various claimants. Lambton Farmers at Guelph.—Lambton County farmers are visiting in Guelph today. More than 500 took advantage of the excursion run by the Grand Trunk from Sarnia to the Royal City to give soil tillers an opportunity to inspect the Provincial Agricultural School. FIRST PARADE UNDER LIEUT.-COL. BECHER

Seventh Turns Out Two Hundred and Fifty Strong for
Route March.

The Seventh Regiment turned out over two hundred and fifty strong last night in the first parade under Lieut.-Col. Campbell Becher. The advance notice of Col. Becher's promotion was received yesterday, and will appear in the Gazette at the latter end of the week.

Col. Becher, in speaking to the regiment, expressed the hope that there would be a large turnout on Sunday at 2:30, when the regiment will parade to St. Paul's Cathedral for divine service.

The route of last night's parade was from the Armories to Rectory street on Colborne; south to King street, west to the Armories.

The march past was done by the regiment in column and quarter column.

Next Monday night will be the last drill of the season. Prizes for last season's rifle shooting will be presented. Citizens will have the opportunity of hearing a short band concert on that night as well as seeing the prizes presented.

HORSE IS KILLED BY A DUNDAS CAR

A delivery horse owned by Timbrell & Co., harnessers, was struck so hard by a Dundas street car at Waterloo and Colborne streets at 10:30 this morning, that it broke the horse's neck, snapped off the shafts on the wagon and threw the horse around in the opposite direction. The driver was unhurt.

Car Not in Sight.
According to the driver, who was going south on Waterloo street, the car was not in sight when he neared Dundas street. He declared that the car was going at least 30 miles an hour.

The street railway company state that the wagon was being driven recklessly and the accident would not have happened.

Suffered On Pavement.
The horse was valued by the owners at about \$150.

It lived for more than an hour after it was struck. A number of men bathed it in cold water while it suffered on the hot pavement.

The horse was removed from the streets until 1 o'clock in the afternoon. The Humane Society may decide to take action against the persons responsible.

DIED AT WINGHAM

Wingham, June 10.—Miss Nellie Bennett passed away this morning at her parents' residence, at six o'clock, after an illness of four months. She was the daughter of Mr. and Mrs. Samuel Bennett, and was only sixteen years of age. About four months ago she underwent an operation which was thought to have helped her, but got no better. She was a member of the Methodist church and Sunday school, and also an ardent pupil in the school. She is survived by her parents and one sister, Elsie. Arrangements for the funeral have not yet been made.

ROYALTY DID NOT CONTRIBUTE MONEY TO MILITANT FUND

Report of Disclosures of Recent
Raid Untrue, Says the
Inspector.

LADY CARLISLE OUTSPOKEN

She Denounces Leniency Shown
Suffragettes—Vandal Is
Committed for Trial.

[Canadian Press.]
London, June 10.—The elusive Mrs. Emmeline Pankhurst, the militant suffragette leader, again succeeded during the night in evading the police, who were closely watching the house in Grosvenor Square, from which she had been recently conducting the campaign against the peace of members of the royal family at Buckingham Palace and other places.

Her plan of escape is said by the police to have been "cleverly conceived," although the details are not made public. The ingenuity of the woman and her ability to circumvent the trained brains of Scotland Yard, whenever circumstances demand a real contest of wits, are giving cause for keen anxiety at police headquarters.

The latest raid, like the previous one early in May, did not produce the prolific results expected by the police, who today plainly showed their disappointment. The documents seized revealed very few names of public interest. Chief Inspector James McBryan informed the Associated Press that the published report of the disclosure during the raid that members of the royal family, including the Prince of Wales, had contributed to the funds of the militant suffragettes, was absolutely groundless.

Commented for Trial.
Miss Bertha Ryland, the suffragette vandal who yesterday destroyed with a butcher's cleaver George Romney's "Portrait of a Boy" in the Birmingham Art Gallery, was today committed for trial.

REUNION DECORATIONS TO SURPASS PAST EFFORTS

Old Boys Planning Big Things for Old Home Week Gathering.

Decorations for the old boys' reunion will surpass anything seen in the Dominion of Canada. So decided the decoration committee at a meeting held in the city hall last night.

The corner of Richmond and Dundas streets will be illuminated as never before. Four 25-foot electric columns, with electric high ball showers with loop festoons will be erected, which will be seen from all parts of the city. The lights will be of various colors, the corner being lit up at night like an Indian lister on a spree.

Electric Arches and Pennants. The interesting corners, from the court house to Queen's Park on Dundas street and from Queen's avenue to the ark doing duty as the G. T. R. Station on Richmond street, will have brilliant electric arches and flag pennants.

At the Dundas street entrance of Queen's Park, a superb 75-foot electric arch and column will be placed. A large eight-foot illuminated portrait of the late Nicholas Wilson, father of the old boys' movement, will be placed as a keystone to the arch, on top of which will be an illuminated electric sunburst, which will be visible all over the city.

Prizes for Decorated Homes. The committee are securing 25,000 special reunion lanterns of suitable colors, with the words "London Welcomes You," which will be sold at cost. This will enable all classes of citizen to decorate their homes prettily. Prizes will be given for the best decorated homes and stores. Royal purple has been adopted as the old boys' color and will be the prevailing color of the reunion.

Preparations are already on foot for special beds of flowers in Victoria Park. Chairman E. B. Hamilton has for their tokens of sympathy, shown to them during their recent sad bereavement.

C. AND B. LINE TO CLEVELAND. The C. and B. Line steamer State of Ohio will make her first trip between Port Stanley and Cleveland Monday, June 22, leaving Port at 11 p.m., and will thereafter leave Port on even dates during June and July. Odd dates in August, and even dates in September.

There will be week-end excursions to Cleveland same as last year on the Saturdays the steamer is scheduled to leave Port. A decided advantage to excursionists this year will be that for \$1 additional passengers can make the trip to Port-in-Bay or Cedar Point, with a stop of two or three hours at either of these points, and still have 5½ hours sightseeing in Cleveland. A week-end trip among the islands of Lake Erie will make an ideal vacation trip at minimum expense. There will be lake rides on Wednesday and Saturday afternoon and evenings. The great ship Seaside will be in Cleveland same days as the State of Ohio.

HAVE PURCHASED RESTAURANT. Sam Lee and John S. Bateson have purchased the controlling interest of the Empress Cafe, at 206 Dundas street, having taken over Lee Yow's share.

Used Piano Sale. Good used piano, solid rosewood case, 1-3 octaves. Guaranteed in good condition. \$50.00 up, payable 75c per week. Mason & Risch, Limited, 248 Dundas street.

COUNCIL PAYS TRIBUTE TO SENATOR COFFEY

Resolution Unanimously Adopted Laudating Public Life of London's Legislator.

The city council, meeting in special session last night, suspended the rules and unanimously adopted the appended resolution on the death of Senator Coffey. Controller Percy introduced the resolution, which was seconded by Alderman W. A. Wilson. The latter said he knew the senator personally and was grieved to learn of his death.

The resolution follows:—
Whereas the late Honorable Thomas Coffey, after a long illness, died at his home in this city on the 8th inst.

And, whereas the late Senator Coffey's life was spent in this city, first as a printer and then as editor of the Catholic Record, one of the leading Catholic journals in Canada.

His personality dominated the paper and had a wide influence. His sound common sense, his kindly disposition, and his loyalty to his city, his church and his friends, led to his being called to the Senate by Lord Minto, Governor General of Canada, in 1903, where his marked ability won further recognition.

And whereas the late Senator Coffey was one of the founders of this city, a splendid type of man, and a gentlemanly citizen, his death is deeply regretted by the people of London.

Be it resolved that the council of the corporation of the City of London spread upon its minutes its appreciation of his work as a private citizen, a public man, and a member of the Senate of Canada; his sound common sense, his kindly disposition, and his loyalty to his city, his church and his country, and his recognition of the prominent place held by him in the upbuilding of the city.

Be it also resolved that this council convey to his bereaved wife and daughter, its deep sympathy with them in their hour of sorrow.

Be it also resolved that the city clerk be instructed to forward a suitably engraved copy of this resolution to the members of the family.

COOL TOWN BY MACHINERY REFRIGERATORS AND FANS

Medical Officer of Health and Sanitary Engineer Evolve Big New Idea.

An important feature of the meeting of the board of health yesterday was that there was no mention of the Medical Health Officer Hutchinson and Sanitary Engineer J. R. Haslett were the only members present, and they were prepared to recommend to the board immediate steps to be taken to have London cooled by ice air. This they declared could easily be accomplished by the erection of four refrigerator plants at the extreme points of the compass within the city limits. With these fans blowing the ice cooled air from four directions London could easily be kept as the "coolest city in the world."

The Unsatisfactory River. A complaint from the London Motor Boat club against the unsatisfactory condition of the river at the foot of Dundas street in front of the club house was taken up for consideration. It was also intimated that the board was prepared to order the construction of a sewer on William streets.

Gully Hole Nuisance. Mr. Haslett called the attention of Dr. Hutchinson to a gully hole nuisance on the north east corner of the street from King street, the stench from which kept many families from sitting on their front stoops.

Discussing informally the question of cheaper serum and antitoxin for local physicians, Dr. Hutchinson said it was ten years since he had been asked for antitoxin for poor people.

WORKING PATRONAGE TO DEFEAT CARTER

Foreign Vote Is Being Rounded Up at Guelph.

[Special to The Advertiser.] GUELPH, June 9.—There promises to be a great rush at the registration booth Wednesday, political workers claiming that at least 2,500 names will be on the lists. The Conservatives are making a strong bid to round up all the foreign vote in the city. Workmen are also being put back at their old jobs at the prison farm, from which they were laid off some weeks ago. Every ounce of available patronage is going to be brought into play, in an effort to defeat Mayor Carter.
