MASSACRE IN ROUMANIA; JEWS OF TOWN WIPED OUT

Dispatch to New York Tells of a Terrible Three-Days' Slaughter and Pillage.

New York, March 18 .- The cable dispatch received last night by the Jewish Morning Journal of this city, reporting that terrible massacres have occurred at Podihilo, Roumania, has caused consternation among the Roumanian Jews in New York. They fear another Kishiniff affair, in which so many Russian Jews perished. Podihilo is only about 30 miles from Kishiniff, which is in Bessarabia, across the Russian frontier. All of the Roumanian societies in New York have been notified to attend a mass meeting tonight in the Manhattan Lyceum in the heart of the east side Ghetto. The best measures that can be taken to aid the afflicted at Podihilo are to be discussed and decided upon. The cablegram received here announcing the massacre was signed, according to the recipients, by three leading merchants of Podihilo. The cablegram follows:

"Terrible massacre since last Thursday; town totally destroyed. All the lewish population are ruined and houses pillaged. We ask help."

JEROME GETS IN THE AFFIDAVIT

Mrs. Thaw's Statement Made to National Trusts Co. Will Ask for Hummel Read and State Rests It Case.

New York, March 18. - There was rome offered in evidence the broken affidavit, bearing the signature of Evelyn Nesbit. Mr. Delmas promptly obargument on the point.

The defense had three new experts bill will go through this session. in court today, making seven altogether appearing for the defendant. The BRYCE UNDERSTANDS alienists new to the case are Dr. Chas. W. Pilgrim, superintendent of the Hudson River State Hospital at Poughkeepste, N. Y., and president of the state lunacy commission: Dr. Wm A White, medical superintendent of the Government Hospital for the Insane at St. Elizabeths, at Washington, D. C. and Dr. Minas Gregory, in charge of the

Huge Ice Jam at Bridge Piled Fifteen Feet High

Tremendous Head of Water From North Cleared Channel, and Trouble Was Averted.

The ice in both the north and south branches of the river has disappeared. The river shows a rise of three feet today, but this is looked upon as away below the ordinary spring flood, and while West Londoners felt all along that the breakwater offered them protection from the river, they are very much pleased that the ice is gone and that the chances of trouble for the suburb have been thereby

very much reduced. For several hours yesterday the people of West London watched the movements of the river with interest. On Saturday night the ice in the north

branch began to move, and soon it was

ouring down toward the forks. THEY'RE ALL WELL, TOO street bridge, however, the river was filled te its bed with slush ice, which had floated down at New Years, and had frozen there. In some places it was ten feet

Piled Fifteen Feet High.

There was not much water in the river when the movement of the ice began, and when the latter struck the ice below the dam a huge jam was formed. All Sunday morning the ice came down in a steady procession, and in places below the dam was piled up fifteen feet high.

Finally the water began to rise, and then trouble was feared. The ice on the west side of the river rose to within four feet of the top of the breakwater in places, and those standing on the bank could see the river rising at the rate of three inches

Saunby mill race was open, however, and dent channel for itself at the south end, running under and over the ice in places in order to get through.

The flats on the east side were soon submerged, and the ice made a terrific roar as it plowed through the thick crop of willows which cover the flats. Many of the willows were snapped off like twigs, and those which were strong enough to with stand the rush of the waters were stripped of their bark by the grinding of the ice. Engineer Graydon had Assistant Enfree channel. Mr. Kirkpatrick phoned best he could get their was fuses or shells, says that some very in-ino dynamite being carried. It was then

THE RING. COME ON. BILL!

New York, March 17.—Bill Squires will said from Melbourne tomorrow for America and will arrive at San Francisco in three weeks. He was offered a big purse to fight Jack Johnson, the colored heavyweight, at Melbourne, but declined it, stating that he had made up his mind to fight in America Hood's Sarsaparilla and was certain his first opponent would be Jim Jeffries. Matchmaker McCarey, the fight promoter, of Calfornia, has made up his mind to let Jeff tackle Squires, and as soon as the latter arrives on the coast the match will be clinched. Jeffries and Squires will probably fight a 20-round battle before the Pacific A. C. of Los Angeles

TO DISARMAMENT

Likes Great Britain's Idea, But Declares It To Be Impracticable.

St. Petersburg, March 17.-Germany and Austria are concentrating their efforts against Great Britain's proposition to include a discussion of the limitation of armaments in the programme for the approaching peace conference at The Hague, the sur-rebuttal work at the trial. Following the audience which Count which when resumed tomorrow will be Berchthold, the Austrian ambassador, had of Emperior Nicholas, Herr Von Shoen, the German ambassador, was received by his were made yesterday to the district atmajesty, and in a long audience made an energetic protest against the British

position. Diplomatic silence is preserved at both whom they were for could not be embassies and the foreign office regarding the result of these audiences, but it is understood that both Germany and Austria recognize that the introduction of the question of armaments is unavoidable. the issue. They are working in unison. Monday, the 25th inst. The action of the two ambassadors in dethus passing over the officials of the forern office, is a diplomatic procedure rarely adopted, and shows the importance at-

tached to the subject. Cologne, March 17.-The Cologne Gazette publishes a special dispatch from Berlin which evidently gives the position of the the limitation of armaments at the forthcoming peace conference at The Hague. "Because of the sincerely peaceful senti-

ments that prevail in Germany," the dis-

patch says, "the proposal to disarm con-

tains for Germany much that is enticing.

proposal itself and its treatment by international agreement.' The dispatch concludes by indorsing the utterance of the Paris Temps, which said: 'Let The Hague conference create international law. That is humane and good, but let no more be expected, for farther

reaching promises cannot be fulfilled." S. WELLINGTON CONS.

THE THAW TRIAL IN LAST STAGE

Prosecution Finish With Attempt to Introduce the Hummel Affidavit.

New York, March 17 .- Attorney Dele phin M. Delmas conferred with his ass Thaw today, mapping out plans for entering its ninth week. Applications torney's office for several additional subpoenas for the defense, but just

From the plans laid it seems that the better part of next week will be They are now concerned with the form in consumed by the defense and that the which the subjects will be presented to the case may not go to the jury until conference and the best way of meeting some time during the week beginning

manding special audiences of the Emperor, Jerome will present the last bit of evidence he has for the prosecution. He will renew his request of late Friday afternoon that Justice Fitzgerald admit in evidence the photographic and carbon copies of the affidavit Evelyn Nesbit is said to have made in Abraham Hummel's office. This affidavit Government regarding the proposal made Mr. Jerome contends, is competent by Great Britain to discuss the question of evidence to contradict the statement that Mrs. Thaw was drugged and betrayed by Stanford White. In it the young woman is said to have sworn that the stories concerning White were nutrue and that Harry Thaw beat her The closer one examines it, however, the when she told him that there was no stronger becomes the objections to the truth in the statement that White be-

traved her. Justice Fitzgerald having permitted Hummell and his clerk to testify as to the making of the affidavit, evidently intends to allow Mr. Jerome to put the papers in evidence and read whatever of the contents he desires to the jury. Attorney Delmas said yesterday afternoon that the defense probably would offer no objection to the affidavit going in evidence.

Harry Thaw's confidence instead of

the state's case against him, seems to

increase daily. His mother, his wife Guelph, March 17. - South Welling- and the Countess of Yarmouth, his ton Conservatives were in annual con- sister, called upon him in the Tombs today, and reported that he was in When the matter of the affidavit is settled, Mr. Jerome will announce that First Vice-President-Capt. Thomas the people rest their case and Mr. Delmas then will take up the work of sur-rebuttal. As he intends to call several alienists and as District At-A resolution was moved by Ald. Millinery Opening

FORMAL

Wednesday and Following Days,-March, 20, 21, 22 and 23.

We take great pleasure in announcing our grand opening of Spring and Easter Millinery for four days this week, beginning Wednesday, and we cordially invite everyone to attend this most important of all displays. Our last millinery opening was the most successful one we ever held-it was a pleasing prelude to the highly satisfactory season which followed it. Need we say we have tried to do even better in this spring and Easter showing; when you come to it you will not doubt it.

We cannot begin to describe the exquisite creations which we have ready to show you, for words would fail to do them justice; and then we want you to come and look for yourself. There is nothing that is new that is lacking here. The French touch looms up strong in the prettiest hats; light, airy malines, chiffons, flowers and ribbons give it. Flowers are on everything. Tans, shading to pale yellow, are particularly good in straws; undressed leghorn shades, tuscans, the new French blue, light shades of pink are leading shades, and black is exceptionally good. Besides the lovely pattern hats we have the choicest tailored hats. Remember Wednesday is the opening day. Everyone welcome.

GRIPPED BY FEAR RAIL KINGS PLEAD

Heads of Big Systems Beg the President to Help Them.

THE STOCK JOBBERY MUST END.

Are Cause of Manace To Corporations.

Washington, D. C., March 17 .- Pierpont Morgan, imploring the president to save the innocent railroads from the machinations of wicked states will be chronicled when the history of the Roosevelt administration shall come to

was of the insurance companies. First sons, unable to lend assistance, watchof all they reviled and defied the fed- ed the blaze. eral government, then they appealed to United States authorities for national legislation to avoid hostile laws in each one of forty-five differ-

ent states. The great railroad kings are now beseeching the president, first of all, to give them a clean bill of health with the public, and then to take the ground that the states have no right to interfere with railroad rates on lines which are interstate in their character Harriman has a tentative appointment with the president, and Pierpont Morgan arranged for a brief conference between Mr. Roosevelt and a number of railroad presidents. Harriman and Morgan are enemies and always have been, but they are working

in the same direction today. The railroad men, both financiers and operators, are badly frightened by the attitude of the public. They can get no one to buy their nicely lithographed certificates of indebtedness, and they have conceived the curious idea that the president's attitude towards the railroads is responsible for the hostility of the public. The president is not willing to admit this. He and his advisers insist that the stock jobbing operations of Harriman, Morgan, Gould and a dozen others have opened the eyes of the people. The remedy is with the railroads themselves, according to the present point of view of the administration.

It is a significant thing that President Roosevelt is decidely "standing pat." He has remained quietly at home at the White House attending to his business. There has not been any suspicion of hostile legislation by condid not attack the railroads. On the own accord, traveling on their own

150 Dundas GRAY & PARKER 150 Dundas and Carling

No Good Flour Can Be Made

EASILY. It takes time, trouble and the closest attention to the minutest detail of every milling process, to say nothing of adding considerably to the cost of production, to make a good flour.

You know you must watch your bread carefully during every process, from the mixing to the baking, but however close the attention you may give it your trouble will be wasted, unless you are using a flour which has been made with corresponding care.

No brands on the market today are made more carefully than our "FIVE ROSES" and "HARVEST QUEEN." The grain itself is cleansed by the newest and most perfect machinery before being ground, and the flour is sifted and tested by experts at every stage of the milling in order to insure the nearest approach to perfection it is possible to obtain by modern methods.

If you use these brands and give corresponding attention to the details of your baking, you will have as a result bread which cannot be equaled for quality and nourishing value.

Yes. I've heard from my pitcher,

The south-paw who kept All the hard-hitting men in a trance-"Inclosed find my contract,

"Your terms I accept-" With Postscript, "Please send some advance."

My star catcher, too. Who held out so long, And figured he stood a good chance To boost up his pay, Admits he was wrong-

With postscript, "Please send some advance."

The basemen, the fielders, Yes, even the subs. And try-outs who knew they've no chance, Have written they'll make All the rest look like dubs-With postscript, "Please send some advance."

At dinner last night, While offering grace, I noticed my wife's angry glance-I had prayed that our team Might win in the race, "And, Lord, please send some advance."

That Longboat incident won't down. Possibly that may be accounted for LONDON BOWLERS ENTER on the ground that the dose was a hard one to stomach. The New York World hands out the following line of comment: "Longboat, it seems, is out for good. It appears the Indian was running for wampum, not for medals. There are many who believe that Longboat will be cleared of the charges made against him. He would be a great man in the Marathon race, which will be run in connection with the Olympic games in England next year."

Hugh S. Fullerton, the well-known baseball expert, says: "Baseball fans often argue and dispue as to the amount of work each Hayer on the field has to do in fielding. Players themselves frequently de- all bowlers competing an equal chance. St. Catharines, March 17.— St. Cath tate as to the relative fielding importance of certain positions.

"Figures don't lie (except in the official averages) an a study of the actual work done by each man in the field is interesting. For this purpose I have taken each position, each American and National League player in Stratford, Ottawa, Fredericton, Bran- amendments, which the locals will that position, and covered four years of figures, to ascertain the average don. Windsor. Chatham, Winnipeg. support. They are: number of chances per game a player in any position will have and learn the local leagues. ought to get in each game to keep up the average for his position.

"I discover that the chances per teom per game is 401/2, divided as follows: Put outs, 25.4; assists, 12.3; errors, 2.8.

"While these figures practically agree with the season records as an- ed the request of Player Louis Durrounced by the secretaries of the big leagues, they differ in some respects ham that he be declared a free agent figures, and to ascertain whether or not the rule of chance ran sired. Another decision relative to the same I procured the records of 68 games, played in four minor leagues Player Starnagle, who is claimed by in two seasons, and discovered to my surprise that the rule of chance runs both the Lincoln (Neb.) club and the about the same in the small leagues as the large, regardless of the speed of the men or the caliber o fthe league.'

The chief subject of comment in Toronto sporting circles at present is the recent decision of the supreme court affecting betting at the Woodbine is generally admitted that the Ontario Jockey Club suffered to some extent, but that it will not come in for any share of the book- year, who has been holding out for vs. South of England, at London; April ofits is not admitted. MONUMENT FOR WAR VICTIMS

Daughters of Empire Expect to Have It Erected Before the End of the Year.

The annual meeting of the London Municipal Chapter of the Daughters of the Empire was held recently in the parlors of the Y. M. C. A., the president, Mrs. F. E. Leonard, in the chair. The report of the year's work was presented by Mrs. Donald McLean, and was most gratifying, showing 1906 to have been the most successful year in the history of the organization. The monthly meetings have been well attended; the interest in the work has been well sustained, and is steadily growing under the able management of the esteemed regent, Mrs. Leonard, who, by strict attention to the work of the order, unflagging energy and general

ng the different chapters united. One important work the Daughters of the Empire have had in hand for some time is the erection of a monument in Victoria Park in memory of the late Queen Victoria and her brave Canadian soldiers who iost their lives in her service in South Africa. The fund for this purpose has been steadily growing, and now more than two-thirds of the money necessary is provided. It is expected that before the end of this year the monument will be an

accomplished fact. The work of the society in connection with the public schools is one that com-Decode colore colored colored mends itself to all patriotic people. Given in Y.M.C.A. Auditorium.

Rev. W. J. Southam, the Anglican The recipient, in a few well chosen nected with Y. M. C. A. work, and who of the order, and who were eligible to torium yesterday afternoon. He chose by showing three points of analogy between Solomon and the men of the

present day. The first point which the speaker mentioned was that Solomon was called upon to wear a crown, and every man is called upon to wear a crown of responsibility and freedom. Many men today refuse to wear this crown by shirking their responsibility and refusing to allow Jesus Chrst to free them from the bondage of sin. "The recognition of a man's freedom and responsibility is the fundamental prin-

ciple of society," said Mr. Southam. The second point of likeness which he pointed out was that Solomon was Pottersburg, and with trespassing on a special matinee on Wednesday; prices, called to rule over a kingdom, and that Company at Wolsely Barracks Now all men today are called upon to rule over the kingdom of their own lives With its music by A. Baldwin Sloane The great question then arises, Who is to rule over this kingdom? Many men allow the devil to rule over their rightful ruler over men's lives is

He next mentioned the fact that K at Wolseley Barracks, this city. otner requisite which he referred to. He pointed out the fact that many men never have any purpose in life, while others have unmanly purposes. "Practical materialism," he said, was one of the great dangers of the age, for men were forgetting the real things of life in the great fight for riches and supremacy. "When our ambitions and desires for pleasure have been gratified we find that we

have simply nothing," said Mr. South-Manly courage was another requisite to which the speaker drew attention, "It takes a man to serve God in the presence of the devil's friends. Persistency or the power to fight to the end, he also mentioned as a requisite. "It is not the man who can fight today, tomorrow and for one year, but the man who can fight to the end, that is wanted," said Mr. Southam. Manly gratitude is also an obligation. Jesus Christ is standing between men and rightful punishment for their sins. popularity, has done much towards keep. He is holding back the floodgates of justice and men should be thankful

to him.' Mr. Southam gave a forceful address before the congregation of the Memorial Church last evening, on the work of the Y. M. C. A. among the student young men in the various educational centers of the Chinese Empire. He pointed out that the present opportunity for the Christian church in China must be taken advantage of within the next ten years, if we would effectively guard against the "yellow peril." There was a large and evidently a deeply interested congregation.

WEEK OF PRAYER ENDS

W. C. T. U. Meetings Well Attended-The Building Movement.

The week of prayer held by the Women's Christian Temperance Union in Somerset Hall was concluded Friday. During the week numbers of very earnest women have earnestly offered up prayers for added purity and spirituality for their townspeople. On Friday nearly a hundred were in attendance, and over a dozen new members were welcomed by the union. Mrs. E. R. Wilson conducted the topic, "One in Mim," in an able and very pleasing manner. Mrs. Heaman bowling series commences tonight on Coffey, Cooper, Carling, Drake, Gerrard, crowded out of its present quarters by the rapid growth of the city. Obliged,

> with the utter impossibility of renting other suitable rooms, it has resolved to build. It has already secured and paid for a lot on Park avenue next to the Bell Telephone Company, and now seeks to erect such a hall as will add its quota to the dignity and beauty of the city, and be a rallying point for all temperance and moral reform workers, not of the city alone, but of the surrounding districts. Mrs. Edwards exhibited probable plans for a building 120 feet in length. which would have on each side a right of way 15 feet wide, thus securing perfect light and ventilation. The lecture hall would be capable of holding from 300 to 450 people, and would be finished and heated in modern style. The largest donation so far received is \$500 from the sons of the late Mrs. Darch, who was from the earliest inception of the union, one of its most earnest workers. A worker, not

loving cordiality, she was dearly prized by all in the union, and those who came in contact with her elsewhere.
