

CALMLY WATCHED LEON LING GRAM BODY INTO A TRUNK

Chinese Roommate of the Murderer Makes Sensational Confession.

GIRL CHOKED AND DRUGGED

New York Police Believe Slaying of White Girl Missionary Due to Jealousy.

New York, June 22.—Baited and intimidated by detectives, threatened with prosecution and confused with rapid-fire questions, Chung Sin, one-time roommate of Leon Ling, told this afternoon of the slaying of Elsie Sigel.

Under the terrific pressure of the "third degree" the little Chinaman admitted that he had seen the body in Leon Ling's room, that he had touched it while it was still warm, that he had smelled drugs and had watched Leo Ling's preparations for placing the body in the trunk where it was found, decomposed, last Friday night.

Chung Sin, in fact, described almost everything concerning the slaying of Major-General Franz Sigel's daughter except the actual commission of the crime. He denied any implication in it and protested stoutly that he was ignorant of the whereabouts of Leon Ling, the supposed slayer. After the inquisition he was taken before Coroner Harburger and held in \$10,000 bail in the house of detention, to await the inquest.

Chung Sin is 35 years old and a native of Canton. He was arrested yesterday morning at West Gaiway, N. Y., a small hamlet near Amsterdam, and was brought to New York this morning. Immediately after his arrest up-state and all during the trip by train to this city he was pried with questions, bullied, persecuted and entangled in a mass of significant questions. It was not until late today, however, that his spirit was sufficiently broken, or sufficient inducements were offered, for him to confess to him to cast aside his air of stolidity and tell of the death of the young missionary. Then, smoking cigarette after cigarette to quiet his nerves, the Chinaman told brokenly, but with brutal bluntness of the girl's death.

He was surrounded at the time in the office of Assistant District Attorney Ward by detectives from police headquarters who previously had put him through a grilling. Mr. Ward and District Attorney Jerome also were present, and from what can be learned, it was Mr. Jerome himself who finally drew the story from Chung Sin's lips.

He was told that Leon Ling had been captured and had laid the blame on his (Chung Sin's) shoulders. This, together with the persistent hammering at the prisoner, brought the confession. It was made partly in English and partly in Chinese, for there was an interpreter present, and was (Continued on Page Two.)

BANDITS IN ROCKIES GOT THE WRONG TRAIN

Were After a Bullion Special. But Halted Regular Express—Posse After Them.

Winnipeg, June 22.—Local officials of the C. P. R. Company were notified of a robbery this morning. Vancouver train No. 97, was held up by six masked men at Ducks, B. C., last night. They had mistaken it for No. 5, carrying ninety silver bars of seventy pounds each to the coast.

Two men climbed over the tender at Notch Hill and compelled the engineer to stop at Ducks, where four men were waiting alongside a camp fire. All were armed with Winchester. They took up the train and broke open the express car, but found nothing in it. Immediately afterwards the robbers got in a boat and started for the north side of Shuswap Lake.

Information here indicates that after the robbers had gone through the express and baggage cars, they apparently lost their nerve and fled for the boat. The sleeping cars were not disturbed. Officers are after the bandits.

A BANQUET FOR THREE LOCAL MINISTERS

Rev. Dr. Rutledge, E. B. Lanceley and D. S. Hamilton Honored by Association.

A complimentary banquet under the auspices of the combined societies of London Ministerial Association and the Lord's Day Alliance was tendered to the three ministers who are about to leave the city to take up their work elsewhere. These were Rev. Dr. Rutledge, Rev. E. B. Lanceley and Rev. D. S. Hamilton.

The banquet was given in the Small Room at the Grand Hotel, and was presided over by Rev. Canon Hague, of the Ministerial Association, assisted by Rev. J. G. Stewart, the president of the Lord's Day Alliance.

Rev. Mr. Stewart moved a very hearty resolution of appreciation of the work that the three gentlemen had done while in the city and expressed the regret of the two societies that circumstances had compelled them to sever their connection with the work in the city of London.

Those present were: Rev. Canon Hague, Rev. J. G. Stewart, Rev. A. K. Birks, Rev. J. M. Baird, Rev. J. Rawlins, Rev. Dr. Rutledge, Rev. J. G. Clarke, Rev. Dr. W. M. Walker, Mr. E. R. Wilson, Rev. Thomas Mitchell, Rev. P. E. Majors, Rev. D. S. Hamilton, Rev. W. Moffitt, Rev. W. J. Graham, Rev. G. N. Hazen, Rev. E. B. Lanceley.

The Late Mrs. C. B. Jenkins, of Westminster, a most estimable lady, passed away on Tuesday, June 22, at her residence, 10, St. James' street, after a lingering illness. She was 78 years of age. The deceased, who was an accomplished teacher, taught for a considerable period at Yorks public school, South Dorchester, Elgin County, and at Dovers public school, Yorks Township. Besides her husband, she is survived by three children, Mrs. Catherine, Norman and Veda, Jenkins, aged 7, 5, and 3 years respectively. Much sympathy is felt for the bereaved family.

Meat Inspection. Packers Want Compensation For Such Meat as Is Condemned. (Special to The Advertiser.)

Ottawa, June 23.—Extension of the meat inspection provision to local meat business and compensation for animals condemned and seized, was urged before Sir Wilfrid Laurier and Hon. Sydney Fisher this morning by a deputation which represented Blackwell & Flavell, Toronto, Laing & Co., of Montreal, Matthews, of Ottawa, Hutton, of Collingwood, Pearson, of Hamilton, all big firms doing both inter-provincial and export business. The deputation declared that the provisions of the pure food act, to which they were subjected, should be extended by provincial legislation to local butchers and packers who do business in a single province only, and are therefore not subject to the Dominion act. Sir Wilfrid and Hon. Mr. Fisher were urged to use their influence with the Dominion act. The ministers promised to use their influence to have the request carried out.

WATER EXTENSION PLANS SENT TO DR. HODGETTS

Department at Toronto Ask for Further Particulars From the City.

The plans for the proposed water extensions have been sent to Dr. Hodgetts, provincial health officer, and he wrote Mayor Stevely acknowledging the receipt of them.

Further details are necessary, however, and he has written for the capacity of each well for 24 hours, and the manner of distribution of the water.

"We must supply the department with the information they desire," said Mayor Stevely. "I do not know the particulars asked for, nor do I know that our engineer does, but we will obtain them from Mr. Beck and forward them at the earliest possible moment."

TOT DROWNS IN A TUB FEW FEET FROM MOTHER

Little Hamilton Girl Meets a Tragic Fate While Playing in Back Yard.

Hamilton, June 22.—Loren Davis McDonough, the one-year-old daughter of Mr. Davis McDonough, met a pitiful death yesterday afternoon while playing in the back yard, when espousing a stick floating in a tub of water. She climbed up the tub in an effort to get the piece of wood, toppled backward and fell down, and her feet kicking the outside of the tub. Her strength was not sufficient to propel her in either direction, and the tot was drowned miserably within a few feet of the backdoor and her mother.

TELEGRAPH OPERATOR DURING VICTORIA DISASTER

E. H. Millington, of M. C. R., Was Well Known to Many Londoners.

The late E. H. Millington, superintendent of telegraphs on the M. C. R., who died in St. Thomas yesterday, was well known to many Londoners. He was playing in the back yard, when espousing a stick floating in a tub of water. She climbed up the tub in an effort to get the piece of wood, toppled backward and fell down, and her feet kicking the outside of the tub. DID NOTORIOUS BILL MINER PASS THROUGH LONDON?

Passenger Who Resembled the Famous Outlaw Was Aboard No. 6 on the G. T. R. When It Pulled in From the West—Advertiser Reporter Had Peep at Him.

Did Bill Miner pass through the city this morning on No. 6 on the Grand Trunk? This morning a grey-haired, grizzled looking man, the regular double of Bill Miner passed through on that train going east.

An advertiser reporter was notified of the fact that a man suspiciously like the outlaw was on the train. He hurried over—just in time to get a good look at the suspect, but there was not sufficient time to have a talk with the traveller.

The face certainly resembled that of the western outlaw, and from all appearances it might have been the notorious hold-up man of the Rockies.

ENGLISH PICNIC BIG SUCCESS

Large Crowd Had a Most Enjoyable Day at Port Stanley Yesterday.

MANY BABIES IN THE SHOW

Matrimonial Mart and Other Features—Weather Not so Bad, After All.

The English picnic yesterday was a great success. In spite of the rain and the unsatisfactory train service, there was a fine crowd present, and all enjoyed themselves to the limit. It is estimated that 3,000 people were on the grounds. The programme was rich in unique features, and all proved pleasing in the extreme.

The early trains did not bring down the numbers anticipated owing to the rainstorm that broke over the city before the train left.

The breakdown of the engine on the Pere Marquette at noon prevented a large number from going to Port, but those who did go had plenty of fun.

The Seventh Regiment Band went down on the early train with the officers in charge of the picnic. The Twenty-sixth Band was to have gone down on the 1:20 train, but they did not arrive until 3 o'clock owing to the breakdown.

In the early afternoon the programme of sports was run off. The rain interfered with it somewhat, but it was carried out to a successful issue, and a very fine lot of prizes were distributed among the victors.

The crowd adjourned to the Heights in the afternoon for the rest of the programme. Here the unique features were displayed, and they proved most interesting.

The Baby Show. Chief among them was the baby show. This created great enthusiasm, and it seldom happens that the competition is so keen at one of these shows.

Thirty-one "kiddies" were lined up before the judges. Dr. P. Drake, C. B. Hunt and J. L. Hunt. The task was no easy one, and it is suspected that the judges on more than one occasion were anxious to escape the responsibility. They were a very fine lot of youngsters, and there was little to choose among them.

After considerable deliberation the first prize was allotted to Mrs. Cartledge, 518 Pall Mall street, and she was presented with Dr. Drake's prize for the best baby of the show.

Other Prizes. There were prizes in abundance for this event. Twelve cups were presented in addition to the prizes donated by Dr. Drake, and were awarded as follows:

Mrs. Cartledge, Mrs. J. Smith, West London; Mrs. John Lamey, 599 Ottawa avenue; Mrs. Jackson, Mrs. Gramlich, Mrs. Rockford, Mrs. R. Smith, Mrs. Jarvis, Mrs. Metcalfe, Mrs. J. Lawrence, Jun., Mrs. Taylor, and Mrs. W. Amor. Orders for brooches were presented to the following mothers: Mesdames Hallim, Wilson, Rogers, Percy Wakeling, Banerman, Gibbs, Baldwin, Wood, Bates, Clarke, B. G. Goucher, Sandercock, Wilkins, Wilkenson, Marley, Williams and Simmonds.

The Largest Family. Not the least interesting was the contest for the prize for the largest family. The honors in this event went easily to Mr. and Mrs. David Rogers, Highland Park, South London. They presented eleven children to the judges, as follows: Daniel, Jun., Florence, Fred, Henry, Albert, Maude, Emma, Ethel, Bert, Irene and Alice, the baby. Mr. Rogers created great amusement, when asked the baby's name, but after consultation with his wife, he discovered it. Mr. Rogers is 40 years of age and his wife 41. Two children are dead.

JOHN LAWTON DIED RESULT OF INJURIES

Was Kicked by His Horse in His Barn in Appin.

Mr. John Lawton, of Appin, died in St. Joseph's Hospital yesterday afternoon as a result of being kicked in the head in his stable some weeks ago by a horse. Just how the accident happened will never probably be known, as Mr. Lawton was found by members of his family lying in a pool of blood on the stable floor. He was hurried to St. Joseph's Hospital and operated on, and it was found that a piece of the skull about two inches long and nearly an inch wide had been cut out cleanly by the horse's sharp hoof. Mr. Lawton never recovered consciousness. The remains were taken to his home in Appin last night, and the funeral will be held from there probably on Thursday.

A Big Crowd. Nearly all the stores were open last night until 10 o'clock, so that citizens could do their shopping before the closing today. The railroad authorities state that between 1,200 and 1,500 people were on the special.

THE REV. DR. MCRAE MADE GRAND CHIEFTAIN

Toronto, June 23.—At a meeting of Grand Camp, Sons of Scotland, this morning, the following officers were elected: Dr. W. C. Gilchrist, grand chief; Rev. Dr. McCrae, London, grand chieftain; Lieut.-Col. D. M. Robertson, grand secretary; Alex. Hay, grand treasurer.

A New Diner. For the first time this morning a handsome new dining car was put on Grand Trunk express No. 1, and will be attached to the train every Monday, Wednesday and Saturday. The car is one of the largest and most complete dining cars in the service, and is beautifully fitted up. It was well filled with patrons even before the train pulled out this morning.

423 CHILDREN ARE TRYING HIGH SCHOOL ENTRANCE EXAMS.

Spelling and Composition Papers Appeared Easy for the Little Ones—But Breakers Are Ahead and Will Be Met With in Shape of Arithmetic Paper.

There were 423 children who appeared at the Collegiate Institute this morning for the opening session of the entrance examination. This morning was, as one of the teachers expressed it, "a breather."

The examinations, spelling and composition, seemed to have been satisfactory to judge from the contented faces, and all proved pleasing in the extreme.

"There wasn't a hard word in it," said one little girl of the spelling paper. "I only hope geography will be as easy."

"Composition was easy, too," said another. "Well, this was the year for it to be easy," remarked a versatile young lady, "so I put in friends; it sounds like it anyway."

The danger time for the children, competing is not yet. Experience teaches that arithmetic is the rock ahead for the girls, and grammar for the boys.

Presiding at the examinations this morning were Inspector Edwards, Principal McCutcheon, Inspector Sullivan and Mr. Geo. R. Theobald. The examinations will be over on Friday.

MAYOR IS OFF TO SEE INSURANCE MEN

Will Ascertain What Reduction Will Be Made If Beck Scheme Is Installed

Mayor Stevely left for Toronto at noon today over the C. P. R., to interview the underwriters regarding the Beck water scheme.

Commissioner Darch is in Toronto on business and will meet his worship on arrival.

"When the interview was arranged for I expected to be in Toronto in connection with the difficulties over the septic tank matter," said his worship. "That meeting was postponed until some time later, possibly next week. However, we will be able to get the underwriters' view of the situation, and I think that that will be something worth while."

MICHIGAN CENTRAL WANTS INTERSWITCHING LINE

Solicitor Makes Request of London & Southeastern Railway Board.

At the meeting of the Southeastern Railway Company, held yesterday afternoon, the annual report was presented and passed.

Mr. W. Kingsmill, of St. Thomas, appeared before the board and asked their consent to apply to the Dominion railway commission to put in an inter-switching line with the Grand Trunk. This is the same request made to the city council some time ago.

The board has no objection to the proposal, and a communication will be forwarded to the commission to that effect.

Col. J. W. Little presided at the meeting.

TRUSTEE STRONG IS AGAINST THE REPAIRS

Colborne Street School Could Not Be Made Respectable for Less Than Small Fortune.

Not a dollar of the \$7,000 debentures issued for the purpose will be spent on the Colborne street school.

Since the opposition of the residents of King street and vicinity has been made known, a thorough investigation into the conditions of the school has been made by City Architect Nutter, and he reports that it will cost so much to make the school habitable that it would be much better to erect a new building.

Mr. Nutter states that the school is in a very bad condition. The walls are not sound, and the sanitary condition of the building is also bad.

Throwing Money Away. Several other trustees were spoken to regarding this, and they were of the opinion that it would be unwise to spend anything on repairs.

Next year's debentures will be asked for a new school to cost about \$25,000.

Mr. Blanchard Explains. Mr. Thos. Blanchard, who was summoned to the police court by Medical Health Officer Hutchinson in connection with the sewer in front of his market, denies that he ever refused to allow the city officials to clean the sewer. "I deny absolutely having tried to prevent any city official from cleaning the sewer," he said today. "On Friday last Market Clerk Maker came to me and asked to have men clean it. I requested him to wait until the afternoon as I was extremely busy. Then he refused to clean it at all. I offered my services to assist the city employees, but instead of that, they refused to do anything."

Late George Donnelly. The funeral of George Donnelly was held this morning from the residence of his brother, James Donnelly, 808 Cromwell street, to St. Peter's Cathedral. Interment was made at St. Peter's Cemetery.

OTTAWA AVENUE MAN HURT IN A CISTERN

Was Lowering It Into Ground When It Pulled Him in With It

Mr. William Land, of 364 Ottawa avenue, was very seriously injured at his home this morning while helping to put in a cistern. The hole had been dug and when the big cistern was being let down it went with a jerk, and landed on the man on one side and was pulled with the cistern and went into it head first. He fell heavily on his head and was rendered unconscious.

Dr. Wishart attended Mr. Land and found him suffering greatly from the shock and from the effects of the fall. As far as can be learned, no bones were broken, but Mr. Land will be laid up for some time.

CRIME-STAINED CHURCH CRUMBLING TO RUIN

Stripped of Decorations by Relic Hunters Seeking Souvenirs of Carmichael Tragedy.

Port Huron, Mich., June 23.—The Rattle Run Methodist Episcopal Church, located in Columbus Township, and the scene of the terrible crime of June 8, is being broken up by relic hunters.

Mr. J. H. Carmichael, murdered by J. H. Brown and then burned his body in the church stove, is fast falling in decay. Many of the stained glass windows have been broken and are now boarded up, while in the interior seats are upturned, and the place is completely stripped of its former neat decorations.

Relic hunters are responsible for this, and there are many of these people visiting the church each week. They have broken the windows and carried away pieces of the glass for souvenirs, while those who were successful in gaining admission into the church have slipped articles from there into their pockets to be carried away.

The only thing that has been changed in the church, but no fire has been built in it since the ashes of the victim were removed.

Many relic hunters and vandals have been seen, and have been seen to place their hands in the stove, have been removed.

The stove in which the body of Brown was burned is still standing in the church, but no fire has been built in it since the ashes of the victim were removed.

Many relic hunters and vandals have been seen, and have been seen to place their hands in the stove, have been removed.

That services will never again be held in this church is predicted by many. While others assert that a minister will be appointed at the Detroit Conference to be held in September.

LOCAL POLICE ON WATCH FOR CHINESE MURDERER

Chief Williams, However, Does Not Believe He Is Likely to Come This Way.

The local police and detectives are keeping the closest kind of a watch for Leon Ling, the Chinaman who is supposed to have murdered Elsie Sigel in New York a few days ago.

An officer meets every train that goes through and every Chinaman is closely scrutinized. A great many Celestials go through on the various trains, but so far none of them correspond to the description of Leon Ling.

"I hardly think he is likely to come through here," Chief Williams told The Advertiser, this afternoon. "Still you can never tell. I think he will be caught all right. Of course sometimes it takes a little while, but I think the police will run him down sooner or later."

The murder is the cause of a great deal of talk throughout the city.

Late George Donnelly. The funeral of George Donnelly was held this morning from the residence of his brother, James Donnelly, 808 Cromwell street, to St. Peter's Cathedral. Interment was made at St. Peter's Cemetery.

A RED LETTER DAY IN BIDDULPH'S HISTORY

Rev. J. T. Brennan Celebrates His First Solemn High Mass.

Lucan, June 22.—Seldom in the annals of our parish history has an occasion been recorded on which our congregation has had the honor, as well as the blessing, conferred on them of being present at the celebration of the first solemn high mass of a holy priest of the church; it has, therefore, been our greatest joy to have assembled at St. Patrick's Church Biddulph, on the celebration of the first solemn high mass of Rev. J. T. Brennan, who was ordained to the holy priesthood in Rochester, N. Y., on Saturday, June 12, whence it was his longing desire to return to the good people of Biddulph.

At 10:30 a.m. a large and deeply interested audience had assembled in the sacred edifice, when the celebrant, following a long procession of altar boys, and assisted by Rev. D. P. McMenamin, proceeded to the main altar and the ceremony began.

The local choir contributed much to the grandeur and solemnity of the event by its rendition of the soul-stirring music proper to the occasion.

At the conclusion of the mass, Rev. D. P. McMenamin eloquently addressed the congregation, taking as his text, "Thou art a priest forever, according to the order of Melchisedech." In his concluding remarks, the guardian and friend of Father Brennan, complimented him on the grand and noble life in which he had chosen, and extended to him his most heartfelt wishes, that God might lend him grace to go through life like the good and humble shepherd, guiding his flock through the marshes and mountains of sin, until they rest peacefully in the fond embrace of mother earth.

At this juncture, Messrs. Z. McIlhargy, D. Toohy and J. Kennedy issued from the congregation, and, assembling before the happy celebrant, Mr. McIlhargy read an address of congratulation and best wishes on behalf of the parish, while Mr. Toohy presented a well-filled purse.

Father Brennan, deeply touched, responded briefly, but in words which moved his hearers to tears, expressing his deep gratitude to the people of Biddulph for their overwhelming kindness to him on this as well as on previous occasions.

Father Brennan, who for the past few years has spent his vacation with Rev. D. P. McMenamin, has won the highest esteem and good wishes of all, and is well worthy of every kindness extended to him. After his three-weeks' vacation he will enter upon his duties in the See of London.

Uncle Sam's Method to Raise Revenue From the Corporations

MUST MAKE RETURNS

And Fraudulent Returns To Be Punished by a Heavy Fine—Nothing Below \$5,000 Taxed.

Washington, D. C., June 22.—Details of the proposed measure for the taxation of net earnings of corporations were arranged tonight at the most important conference that has been held at the White House since Mr. Taft assumed the presidency.

The terms of the measure, as finally agreed upon, although not yet whittled into form, provide that all corporations having capital stock and organized for profit shall pay a tax of two per cent upon their net earnings, the corporations coming within that designation will be compelled to make returns to specially named agents of the bureau of internal revenue of the treasury department, giving the amount of their gross receipts, capital stock, bonded indebtedness, and all other visible debts. Separated from these returns the corporations will be compelled to report the amount of their net receipts, after deducting their general and ordinary running expenses, interest on bonds up to the amount of the capital stock, and other forms of tangible indebtedness, and any actual loss that may have been incurred in business, which loss was not made up by insurance, salvage or other form of return.

The amendment will define in the broadest possible way the character of the net earnings, upon which the tax is to be collected. These losses will include bad accounts of a mercantile corporation, losses upon securities held by banks, uncollectible notes, and all other forms of bad debts which are usually charged to profit and loss accounts.

Net Earnings Taxed.
As has been stated before, the two per cent tax will apply to all corporations organized for profit, but each corporation will be allowed a \$5,000 exemption, which means that the tax will not be collected except upon earnings in excess of \$5,000.

Any corporation which makes a false report to an agent of internal revenue who has been designated to collect information, the law provides, or has made a fraudulent return upon any of the subjects covered by the law will be subjected to a penalty. The amount of this penalty is the only feature of the bill which was not decided tonight.

Most of the participants in the conference express the opinion that this penalty should range from \$1,000 to \$10,000.

The tax will be collected upon the entire amount of preferred and common stock of every corporation and upon the bonds of a corporation where they exceed the total amount of capital.

It is intended that the tax shall be operative immediately upon the passage of the bill. The life of the measure was made indefinite, instead of two years or some other fixed limitation, such as had been suggested originally. The present year's tax will be collected on July 1, 1910, the beginning of the next fiscal year.

Leaders in the Senate and the House have been flooded with telegrams from corporations expressing fear that the measure would be drawn in such form that unscrupulous agents of the internal revenue bureau might use information obtained in some way so as to injure the business of the corporation.

It was decided at the conference tonight that all incorporated insurance companies organized for profit shall be brought within the terms of the proposed corporation law. This will not exempt so-called mutual insurance companies which admittedly or which can be proved to have been organized as profit-making insurance institutions. Neither will it exempt fraternal insurance concerns which come within that interpretation of the law.

Estimates given tonight place the probable amount that would be raised by the proposed two per cent tax on net earnings of corporations, after taking into consideration all of the exemptions stated, at from \$26,000,000 to \$30,000,000.

SIZZLES, FOR A CHANGE

New York, Has 20 Heat Prostrations and Two Suicides.

New York, June 22.—It was sizzling hot today—30 in the shade at noon, and stickily humid. Most everybody suffered, the sun baked fairly, and thousands took suburban cars to get out to Coney and nearby beaches.

According to weather bureau records today was the hottest June 22 on record here. As dusk came, however, a fresh breeze pushed down the mercury and brought relief.

More than twenty heat prostrations occurred during the day in the greatest city, and at least two suicides were indirectly caused by the high temperature.

RAISED \$320,000 FOR THE Y. M. C. A.

Montreal, June 22.—The Y. M. C. A. campaign to raise a fund of \$500,000 to build a new headquarters building and several branches was successfully completed tonight after 22 days' hard work.

The total sum raised was \$320,000, or \$20,000 over the amount required. Mr. Robt. Reford, of the Reford Line, gave \$10,000 to the fund today.

FATALITY MAY FOLLOW A TORONTO AFFRAY

Toronto, June 22.—John Mooselino, an Italian, living at Centre avenue, was shot twice through the left side of the abdomen, and once through the left wrist, in an Italian shooting affair in the ward this afternoon.

As a result of the shooting Mooselino is lying in St. Michael's Hospital in a dangerous condition. Particulars as to the cause of the shooting have not been learned, but Jose Russo, also an Italian, is under arrest, charged with attempted murder.

"CAN I GET WELL?"

If Your Trouble comes from the Kidneys, or from Kidney Poisons in the Blood.

YES!

And if you have been ailing a long time don't lose your courage. It takes a little time—takes some constipation longer than others. But Doan's Kidney Pills will gradually drain the poisons out of your system; the pain in your back will stop; the sediment in the urine will cease; there will be no rheumatic pains; you will feel freer and brighter, and when the last of the poisons have gone you will be well.

There is no way of getting the kidney poisons out of the system except through the kidneys, and no medicine so effective in taking them out as Doan's Kidney Pills.

Mr. W. Perkins, South Maitland, N.S., writes: "I feel it my duty to let you know of the great benefit I have obtained by using Doan's Kidney Pills. For six months I could not obtain a good night's rest, had to get up four or five times to urinate, and the urine was very thick and red. I commenced using Doan's Kidney Pills and in a very short time I was right and fit again. I am very thankful to have found so speedy a cure."

GYPSY RAIDING GANG ROUNDED UP BY POLICE

Provincial Authorities Put an End to High-Handed Proceedings Near Peterborough.

Peterborough, June 22.—The band of gypsies who have been causing so much trouble in the vicinity were rounded up yesterday by Provincial Detectives Miller and Greer, Constables McGinty and Newhall and the county authorities at Fowler's Corners, and were brought into Peterborough. They were about 60, men and women and children, in the party, and their equipment included a large number of horses and wagons. Their arrival caused a sensation here.

Warden Scott and Detective Greer started in advance of the posse, and the gypsies proceeded to tell their story. They claimed to be from the north, and they were asked if they would surrender, they replied "No, we will not surrender," but they changed their minds when the main body arrived in sight, and accompanied the officers into the city. They are Mexican gypsies, and speak Spanish and French fluently, while they have a smattering of English.

They passed through Omenee on their way here on Saturday, and robbed stores and damaged property throughout the village. Similar complaints come from Bobaygon, Fenelon Falls and other places in the district. The gypsies were taken to the police station, where they were held. The members either do not know or do not want to tell where or when they came from. They say they came from Mexico, but that is about all the information that any one can learn from them.

Montreal, Que., June 22.—At noon today the Y. M. C. A. needed \$19,000 to make up the \$300,000 asked for. Robert Reford gave \$10,000, and there were a number of other contributions. This is the last day of the campaign.

LACK OF BLOOD

IS WHAT CAUSES HEADACHES, DIZZINESS AND HEART PALPITATION.

On the blood depends the welfare of the whole body. Where good blood exists disease is unknown, but where the blood is poor and watery disease quickly seizes hold of the body. It is then headaches, backaches, dizziness, heart palpitation and other serious ailments make themselves felt. Good blood can always be obtained through the use of Dr. Williams' Pink Pills for Pale People. They actually make good, rich blood and thus restore lost strength and health.

CALMLY WATCHED LEON LING

Continued From Page One.

taken down by stenographers. No statement of the gist of his remarks was made public, but the more salient facts of the confession soon became known about the building.

Elsie Was Drugged.

From the man's story it is apparent that Elsie Sige first was drugged with chloroform and then choked to death. She was killed apparently on the night of June 9, although Chung Sin appeared a little mixed in his dates. But he says that early in the morning of June 10 he heard a strange noise in Leon's room, adjoining his, and looking over the transom, saw the girl lying on the bed with a bloody towel over her mouth.

He passed through the room, he says, to go out to wash his hands, and as he did so, felt of the body, which was still warm. After he went down to the chop suey restaurant below and then returned to the room.

Leon, in the meantime, had covered the body with a blanket up to the chin and had pulled a trunk to the middle of the floor. The trunk Leon was carrying in the morning, preparatory to leaving the room. The rope with which the body was bound was lying on the floor at the time, according to Chung Sin. Once again he was asked if he had seen the girl when he entered the room, where he remained until Leon called him. When he entered the room the body was not visible, having been bound with the rope and placed in the trunk.

At this point of the story the Chinaman was asked savagely if he had not assisted his pal in putting the body in the trunk. "Chung Sin started perceptibly, but said he had no hand in it."

Was She In Love?

"I didn't see her no more," said Chung Sin, "and when I asked Leon how he died she said she had bitten her tongue and bled to death."

Leon told Chung Sin added, that he was going to send the trunk to Jersey City and thence to Europe. As matter of fact, he never touched in the trunk until he was arrested.

Until Chung Sin's complete account is made public it will not be explained why he saw the dead girl and the preparations for the removal of the body with such apparent unconcern at the time. Also, despite repeated interrogations, he declined to say just what happened in the room when the girl was slain. He admitted having heard a scuffle in the room during the night and told of Elsie having arrived on the previous afternoon—the day when she disappeared from her home.

When Leon took over the case, or did she go of her own accord? he was asked. "She went there alone," he replied.

"Was she in love with Leon or Leon in love with her?" was another question. At this Chung Sin relaxed into disquiet and then only smiled and shook his head. He indicated, however, that the girl had sought out the Chinaman.

Taking up his own case, Chung Sin explained his sudden disappearance after the crime by saying that he had been employed by a well-to-do New Yorker, at whose country place near Amsterdam he was arrested yesterday. Chung says that he accepted this position to get out of town, having hurried from the scene of the crime in fear, and sought out his brother in Chinatown, who procured him the position.

He admitted having borrowed \$250 from Chu Gai, proprietor of the Fort Arthur restaurant in Chinatown, who is also held in connection with the case. Incidentally, he said that Leon Ling, and Chu Gai had come to blows over the girl in Chinatown some weeks ago. The police theory is that Leon killed the girl because of her attentions to Chu Gai.

A Prince of Sinners

By Phillips Oppenheim.
Author of "A Lost Leader," "The Malefactor," "The Making of History," etc.

"Not I," he answered, "I would have you do as I have done, rip them out page and chapter, annihilate them utterly. What have they to do with the life before us? To you they would seem evil enough, to me they are thronged with horrible memories, with memories which, could I take them with me, would poison heaven itself. So let us blot them out forever. Come to me, Catherine, and help me to forget."

She looked at him with strained eyes.

"Philip," she said, "I must understand you. I must understand what has made you the man you are."

"Fifteen years in hell has done it," he answered, fiercely. "Not even my memory shall ever take me back."

"If I marry you," she said, "remember that I marry your past as well as your future. And there are things—things which need explanation."

"Well?"

"You have been married."

"She is dead."

"You have a son?"

He recoiled as though he had been struck, and the silence between them was as the silence of tragedy.

"You see," she continued, "I am bound to ask you to lift the curtain a little. Fate or instinct, or whatever you may like to call it, has led me a little way. I am not afraid to know. I have seen too much of life to be a hard judge. But you must hold at your hand and take me a little further."

"I cannot."

She held him tightly. Her voice trembled a little.

"Dear you must. I am not an exacting woman, and I love you too well to be a hard judge of anything you might have to tell me. Ignorance is the only thing which I cannot bear. Remember how greatly you are changed, you are almost a stranger to

me in some of your moods, I could not have you wandering off into worlds of which I knew nothing. Sit down by my side and talk to me. I will ask no questions. You shall tell me your own way, and what you wish to leave out—leave it out. Come, is this so hard a task?"

He seemed frozen into inaction. His face was like the cast of a dead man's. His voice was cold and hopeless.

"The key," he said, "is the key. I shall never seek for it, I shall never find it. I have known what madness is, and I am afraid. Shall we go in to the hall? I fancy that they are serving tea."

She looked at him, half terrified, half amazed.

"You mean this as final?" she said, deliberately. "You refuse to offer any explanation, the explanation which common decency even would require of these things?"

"I expected too much," he answered. "I know it very well. Pardon me, and let us forget."

She rose to her feet.

"I do not know that you will ever regret this," she said. "I pray that you may."

To Brooks she seemed the same charming woman as usual as he heard her light laugh come floating across the hall, and bowed over her white fingers.

But Sybil saw the over-riding eyes and the next moment she had hard work to keep back the tears. She piled the cushions about a dark corner of the divan, and chattered away recklessly.

"This is a night of sorrows," she exclaimed, pouring out the tea. "Mr. Brooks and I were in the midst of a most affectionate leave-taking—when the tea came. Only Brooks seemed sane things always break in upon the most sacred moments."

"Life," Lady Caroom said, helping herself recklessly to mullin, "is such a wonderful mixture of the real and the fanciful, the actual and the sentimental, one is always treading on the heels of the other. The little man who turns the handle must have lots of fun."

"If only he has a sense of humor," Brooks interposed. "After all, though, it is the grisly, ugly things that float to the top. One has to probe always for the beautiful and the good."

A number of communications from Detroit have been received, and it is possible that the City of the Straits will be the destination of the Irishmen in August.

BANKER M'GILL TELLS OF MANIPULATIONS

Bought Ontario Bank Stock, B u It Appeared as Transferred to Lord Strathcona.

Toronto, June 22.—The examination of Charles McGill, general manager of the defunct Ontario Bank, to ascertain whether he should be placed on the list of contributors of the bank for 1,713 shares, was continued this morning before Referee George Kapendence. McGill, however, declared that the new stock issued by the bank in 1903 he had bought \$125,000, though it transferred to Sir William Macdonald and Lord Strathcona. As in yesterday's evidence, he gave several other instances of manipulations with the stock and various transactions, which all had a more or less indirect bearing on the collapse of the institution. He declared in each case that some of the directors were aware of what he was doing, and that in fact he acted in some of these matters on the directors' own initiative, afterward telling them about it.

Campbellford, June 22.—A bylaw to give the Northumberland Pulp Company a fixed assessment of \$2,000 for 10 years, on a pulp mill to be erected by the company near Rainy Falls, to cost \$10,000, and employ 25 hands, was voted on by the ratepayers of Seymour Township yesterday, and was carried by a majority of 10.

HALDANE PLEADED.

Montreal, June 22.—Hon. R. Haldane, secretary of state for war, has cabled from London to Mr. F. W. Thompson, managing director of the Ogilvie Milling Company: "Congratulations on your patriotism in giving extra holidays to your militia employees. DRAYTON RESIGNS.

Toronto, June 22.—Mr. G. S. Fullerton, K. C., counsel for the corporation of Toronto, has resigned, on account of illness. He has been on leave of absence for some time, but his health shows no signs of improvement. Mr. H. L. Drayton, crown attorney, is spoken of as his successor. The position has a salary of \$6,000 a year. Mr. Drayton was appointed to his present office fifteen years ago.

OLD SLAVE DEAD.

Windsor, June 22.—William Johnston, an aged negro, is dead, at the Home of the Friendless, leaving unfinished an autobiography on which he had been working under conditions of abject poverty for several years. When the old man first came to the attention of city charity workers he was almost starving, but he objected to entering the home, fearing his literary pursuits

"I am in the minority," Lord Arranmore said, smiling. "I feel myself becoming isolated. Let us abandon the subject."

"No, let us convert you instead," Sybil declared. "We want to look at the sun and we want to take you with us. You are really very stupid person, you know. Why do you want to stay all alone amongst the shadows?"

Arranmore smiled faintly.

"The sun shines," he said, "only for those who have eyes to see it." "Blindness is not incurable," she answered.

"Solve when the light in the eyes is dead," he answered. "Gentlemen will play a game at four-handed billiards?"

Resolved itself into a match between Lady Caroom and Lord Arranmore, who were both players far above the average. Sybil and Brooks talked, but for once her attention wandered, and she seemed listening to the click of the billiard balls, and watching the man and the woman between whom all conversation seemed dead.

Brooks noticed her absorption, and abandoned his own attempts to interest her.

SARNIA WANTS THE BIG I. B. S. PICNIC

Detroit and Other Places Would Also Like to Have the Annual Outing.

The Irish Benevolent Society have not yet decided where they will hold their annual picnic this year, but will decide before the week ends.

On Thursday a deputation from St. Thomas, headed by the Rev. Father, to ascertain whether he should be placed on the list of contributors of the bank for 1,713 shares, was continued this morning before Referee George Kapendence. McGill, however, declared that the new stock issued by the bank in 1903 he had bought \$125,000, though it transferred to Sir William Macdonald and Lord Strathcona. As in yesterday's evidence, he gave several other instances of manipulations with the stock and various transactions, which all had a more or less indirect bearing on the collapse of the institution. Darby, director of the labor department of the State Charities Association and state commissioner of immigration, before the International Boot and Shoe Workers' convention here today announced that a state league, to be formed of representatives of labor unions, will be organized this fall to fight consumption, and he urged that a national league be formed. He declared that sweatshops must be eradicated.

The report of Secretary-Treasurer Baine played the efforts to destroy the union.

There were reported expenditures of \$495,180, and receipts of \$498,160 in two years.

10 Years Rheumatism In Left Knee.

Treatment at Hot Springs and Years of Experiencing with Noted Physicians Failed.

"NERVILINE" CURED QUICKLY.

Nearly every old person is troubled more or less with rheumatism, and few actually escape its manifold tortures. Some it may deform, others it disables, many it completely destroys.

"I was born with a strong and predisposing tendency to rheumatism, my father and mother both having had it for years," writes J. H. Hunter, from Saratoga. "The aches, the pains, the throbbing muscles,—endured them all,—but it was in my left knee that the disease had its worst hold. Pains of the most agonizing kind shot through my knee as if hot irons were piercing my flesh. Nothing did me any good till I used Nerviline. I rubbed it over the sore place four or six times each day and bound on warm flannel cloths. Every night I took half a teaspoonful of Nerviline in hot sweetened water. My cure was completed after several months and I have never since had a single twinge. I strongly urge every sufferer from any rheumatic disease, lumbago, sciatica, neuralgia, toothache or earache to test Nerviline. I know its power over pain is simply magical."

There is not an ingredient in Nerviline that isn't good for pain. Young and old can use it, internally or externally. Safe, sure and 50 years in use. Beware of the dealer who offers you a substitute on which his profit is larger than on Nerviline. Large 25c bottles at all dealers.

We have an immense range of Silks for summer wear, and they're absolutely new, harmonizing with the prevailing styles and with the highest conception of good taste. In this advertisement we mention only a few of our leaders. We've plenty of other staple lines, and exclusive novelties, and they are all marked at the same price-moderateness as these.

The Boot

Is this a picture of one of the instruments of the Inquisition? Not much!

This is what your Uncle Dudley thinks he has on his feet when he is wearing ordinary shoes—they feel just that bad—he is tortured and distressed.

What is the matter with Uncle Dudley's shoes? They're "green"—that's all.

The leather was "green" in the first place—cheap leather usually is.

The workmanship was "green" in the second place—cheap labor invariably is.

And those shoes were lasted for about a day—that's all "commercialized" shoes ever are.

Uncle Dudley's shoes were made to hold their shape merely until Uncle Dudley or some other E. Z. mark bought 'em—then their manufacturer didn't care what happened.

Because the shape wasn't in his shoes permanently, Uncle Dudley's went wrong the first day he wore them.

And when they went wrong they commenced to hurt—until Uncle Dudley feels as he looks—a picture of the horrible tortures of the Boot of Inquisition.

The Hartt Shoe

Ever wear a pair of "green shoes," reader? Guess we all have! Only one way to avoid 'em—wear shoes made of seasoned leather by shoemakers who know how—The Hartt Shoe is just such a shoe.

We buy the toughest, clearest, soundest, most closely textured, most pliable leather in the world.

And our shoemakers are such by right of birth. And they build the shape permanently—by the slow, sure process of know-how workmanship into each Hartt shoe itself.

That's why a Hartt Shoe feels as comfortable as a homespun sock when you try it on—why it feels the same a day or so after—and just as good nine months or a year later on—

And why it holds its shapely elegance all the time you wear it. See the Hartt Shoe at your better class shoe shop—judge its excellence for yourself.

If you buy a pair—and we know you will—you'll say, like the thousands of its wearers, "I'll never wear any other brand of shoe."

I rubbed it over the sore place four or six times each day and bound on warm flannel cloths. Every night I took half a teaspoonful of Nerviline in hot sweetened water. My cure was completed after several months and I have never since had a single twinge. I strongly urge every sufferer from any rheumatic disease, lumbago, sciatica, neuralgia, toothache or earache to test Nerviline. I know its power over pain is simply magical."

There is not an ingredient in Nerviline that isn't good for pain. Young and old can use it, internally or externally. Safe, sure and 50 years in use. Beware of the dealer who offers you a substitute on which his profit is larger than on Nerviline. Large 25c bottles at all dealers.

INTERNATIONAL COUNCIL RUSHES BUSINESS ALONG

The Great Gathering at Toronto
Nearing a Close—To Meet
in Italy in 1914.

Toronto, June 22.—With a party of the cool shores of Lake Simcoe, at a beautiful summer home of Lady Aberdeen, in prospect, the International Council of Women rushed their business along, and practically cleared the agenda paper. The unfinished business, including a discussion on immigration, and consideration of the so-called problem, commonly known as the slave traffic, was postponed to a later session, which will be held at a university on Friday night. Tomorrow the delegates will visit Niagara Falls, and on Saturday they will have a day of rest. The International Council of Women, which is the greater part of the morning was occupied with the reception of reports from various national councils. One of interest is that the Danish government is paying the expenses of the delegates from Denmark to the International Council of Women. The delegates thought, which might very well be followed by other governments.

The report from Greece showed that the women of that country, while not more independent, have taken several practical steps, one of which is form an ambulance corps ready to follow the defense of their country in the battlefield. They have also taken active share in the work of prison reform, and have succeeded in having men's prisons established, in which there are no male wardens.

Baroness Gripenburg, in her report on the conditions in Finland, reported that women are members of the Finnish parliament, of whom nine are wives of princes. She expressed regret at now that the franchise had been granted, succeeding elections showed a decrease in its exercise.

Official sanction was given to the petition to be held in Massey Hall on Friday evening, when Mrs. Amy Right Sewall will give an address on the educational aspect of the peace and arbitration question.

It took two ballots to decide the

Eczema, Salt Rheum.

Eczema, or Salt Rheum, as it is often called, is one of the most agonizing of skin diseases. It manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently crust or scale is formed.

The intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat, are almost unbearable.

The pre-eminent success which Burdock Blood Bitters has met with in permanently curing a disease of such severity is due to its wonderful blood cleansing and purifying properties.

No other remedy has done, or can do, so much for those who are almost driven to distraction with the terrible torture, as our thousands of signed testimonials can testify to.

Mrs. John O'Connor, Burlington, N.B., writes:—"For years I suffered with Salt Rheum. I tried a dozen different medicines, but most of them only made it worse. I was advised to try Burdock Blood Bitters. I got a bottle and before I had taken half a dozen doses I could see a change in my condition. I used and now I am completely cured. I cannot say too much for your wonderful medicine."

SEPARATE SCHOOL BOOKS REDUCED IN COST

The Bishops Secure a Saving
of 46 Per Cent From the
Publishers.

Toronto, June 22.—Mr. H. L. Thompson, general manager of the Copp, Clarke Company, stated today that the price of the five books in the Catholic reader series has been reduced from \$1.15 to 62c, resulting in a saving of 53 cents, or 46 per cent.

To the 50,000 separate school children in the province this will mean an average of 11 cents a book in a single year.

But this reduction will not be confined to this province.

Although not officially authorized the new prices, which have been communicated to the bishops, have resulted in a demand for the books already in every province of the Dominion except, perhaps, in Prince Edward Island. This demand comes chiefly from the convents, although responses are being received from a number of separate schools.

"We are selling many in Quebec; a number in British Columbia, Saskatchewan and Alberta, Manitoba and other provinces," said Mr. Thompson this morning. "I am sure the reduction will make the sale very much larger, especially in the smaller centers where the matter of price is of moment."

"The reduction came about in this way," said the manager for the Copp, Clarke Company.

"As soon as it was announced by the Ontario Government that the public school books would be lowered in price, the bishops asked us to make a reduction as large as possible so as to bring the price for Catholic readers as near as we could to the new Ontario readers."

"We did not know at the time what the new prices for the public school books would be, but we said we would do our best. When those were announced we found out that they were lower than we could publish the separate school books for—on several accounts—but we reduced them nearly 50 per cent, and the bishops, I have reason to believe, are very much pleased."

"The reason why we could not publish for the same price that we have to supply our public plates, while the Government furnished theirs to their publishers. Then the Government supplied all the material in the books and the illustration, and moreover, there are fully ten times as many public school books used as separate school, which means cheaper prices."

"The public school readers cost originally \$1.15 for the set. Two years ago the price was reduced to 48 cents for the old books. The new books sell at 49 cents for the set, or 29-5 wholesale, and as this is the price at which the publisher is compelled to sell them this practically amounts to the retail price."

"It is understood that the bishops are revising the present series for Catholic readers, and a number of changes are likely to be made in the texts."

The new prices come into effect at once.

The reduction of the public school prices by the Government has thus resulted in a double benefit to Catholic readers, as it was the direct cause of the reduction in the separate school books.

"GOD SAVE THE KING" HEARD BY WIRELESS

Berlin, June 22.—"Singing sparks" is the expressive name of an improved wireless system just perfected by the German "Telefunken."

The new method consists of sending out signals as pure musical tones, which are capable of being "heard" by a receiver no matter how softly uttered. It will thus be possible for the first time since the existence of wireless telegraphy to maintain telegraphic communications in spite of the most violent atmospheric disturbances. "Singing sparks" are entirely noiseless. So perfectly has the system been organized that a tune may be sent through space for a distance of a thousand miles or more, and heard at the end of the receiving line by telephone.

At the present moment the Lepel Wireless Syndicate, limited, an English company, is preparing a keyboard by means of which the national anthem will be sent out into the air on the King's birthday. Wherever a wireless station is installed on forts or battlefields, etc.—within a reasonable distance the notes of "God Save the King" may be "caught" on that day.

WAR DEPARTMENT BUYS YANKEE BEEF

Chicago, June 22.—An order for 1,000,000 pounds of beef was received from the British war department in London yesterday by one of the large stock yard firms. This order is regarded as indicating the complete reinstatement of this country's meat supply upon its former solid basis, as it is the second received since the packing disclosures of four years ago. The first order was issued in February for 3,000,000 pounds for July delivery.

KING HOLDS LEVEE.

London, June 22.—Ambassador Reid, accompanied by Craig W. Wadsworth, second secretary of the embassy, was among the large number of diplomats who attended King Edward's levee at St. James' Palace today. The ambassador presented to his majesty a number of Americans.

FASHIONABLE WEDDING.

Quebec, Que., June 22.—There was a very fashionable wedding at 7 a.m. today in the private chapel of St. Jean's Baptist Church. The groom was Mr. Henry Tache, of the inland department, Ottawa, and the bride was Miss Marie Robitaille, only daughter of Dr. Arthur Robitaille, of this city. The wedding ceremony was performed by Rev. Mr. Beaudry, parish priest of St. Jean's Baptist Church.

LANDINGS AT HOLYHEAD

Cedric Puts New York Passengers and
Mails Ashore There, Saving Time.

London, June 22.—The White Star Line experimented today in the landing of American passengers and mails at Holyhead, running special trains thence to Liverpool and London. The experiment, which was carried out with the steamer Cedric, was so successful that it will be repeated with the Baltic.

Ultimately perhaps passengers will be embarked at Holyhead. The Cedric was delayed only an hour at Holyhead. Her passengers got ashore five or six hours earlier than if they had landed at Liverpool, and the railway journey to London was only an hour longer than from the usual place of landing.

The company officials say that a change is forced on them owing to the inability of the Mersey harbor board to give them accommodation enabling them to dispatch their steamers at a satisfactory hour on Saturdays.

Detroit, June 22.—"Billiken," or some other story of luck and fortune, figured prominently in the victory that the Tigers won over the Browns at Bennett Park yesterday. That might be advanced, at any rate, by some of the doers at an explanation for the result of the contest.

The score was 1 to 0. It was the fourth game that the champions took from McAlleer's men in a row, the other three being won by the league leaders on the Browns' own lot.

President Hedges Says Manager Will Be With Him All Year and Indefinitely.

Detroit, June 23.—Robert Lee Hedges, president and principal owner of the St. Louis American League Club, took occasion last evening to deny some reports that he is being sent out of town by St. Louis, and to impart a bit of interesting information. The reports are to the effect that James R. McAlleer, manager of the Browns, has resigned, or is about to do so. The information was to the effect that Mr. McAlleer is not under contract to the St. Louis club now, and never has been, in the seven years that he has handled the team from the Missouri town.

LEAGUE PARK, CINCINNATI, PHOTOGRAPHED AT 8 P.M., AND ONE OF THE POWERFUL LIGHTS ON THE GRANDSTAND. THESE PHOTOGRAPHS ARE NOT FLASHLIGHTS, BUT WERE MADE BY THE LIGHT USED TO PLAY THE GAME.

Playing baseball at night may become popular. The scheme is being tried out at League Park, Cincinnati, and has made a hit. Still it is a novelty, and the fans may refuse to take it as a steady diet. They once tried to pull off horse races at night, but the scheme fell flat, and so it may be with baseball. There is little chance that games will ever be played in organized baseball after the lights are turned on, but you never can tell.

The rules declare that league games must be started a certain length of time before sun set, which means that baseball by electric light will not be possible until the rules are changed.

A CANADIAN NAVY, SAYS HON. MR. BRODEUR

Montreal, June 22.—A conference of the highest importance took place at the Government offices here between Hon. L. P. Brodeur, minister of marine and fisheries and a deputation from the Montreal Chambre de Commerce. Two important pronouncements were made by the minister: (1) That the maintenance of a Canadian navy was the policy of the Government in regard to imperial defence; (2) That if only one drydock to accommodate large vessels is to be built on the St. Lawrence, then the city of Quebec would seem to have more advantageous situation.

"There are three proposals in regard to the questions of naval defence," Mr. Brodeur explained. "To offer to England, one or two Dreadnoughts, which would be her exclusive property; secondly, to contribute annually a round sum, which might be used in any way the mother country might see fit; the third, which is that of the Government supported by the Opposition, would be to construct a Canadian navy."

"This policy should not strike anyone as surprising. It is quite natural. The states of South America, even smaller than Canada, such as Colombia, Paraguay, have their own navies. The Canadian Government wishes to participate in the defence of the empire, but at the same time to safeguard its autonomy, and the control of its contributions."

This is the first authoritative announcement made by a cabinet minister as to the policy of the Government re co-operative naval defence.

Speaking of the drydock, Mr. Brodeur mentioned that one of the obstacles to the ratification of the Franco-Canadian treaty, was that French merchandise must be conveyed to Canadian and not through the United States.

SCORES ARE ENTOMBED BY EXPLODING MINE

Many Lives Reported Lost in a Disaster Near Pittsburgh.

Pittsburgh, June 22.—An explosion occurred today in the mine of the Lackawanna Coal and Coke Company at Weirum, Indiana County. Over 100 men were in the mine. A number are reported injured.

It is said a large number were killed and injured. At 9:45 a.m., nearly two hours after the accident, 100 men who were in the mine had reached the surface.

At 10:15 a.m., three bodies, terribly mutilated, had been recovered from the mine. At that hour ten injured men, some of them fatally, had also been taken to the surface. As to the extent of the accident nothing definite can be ascertained at present, but it is apparently serious.

Between 100 and 150 miners were in the mine.

The few men who escaped from the mine were burned and blackened, indicating that the force of the explosion was heavy. None of them were in condition to give details, but from one it was learned that the explosion seemed to strike every portion of the mine simultaneously.

Rescuing parties are making little headway, owing to the great confusion at the mines.

Work is also seriously retarded by smoke from the pit mouth, and the air is deadly. As soon as it was known that the accident had occurred, the mine, the greatest excitement prevailed, both at the mine and in the little hamlet, a short distance away. Wives, mothers, sisters and brothers rushed to the mouth of the mine, imploring some news as to the fate of their loved ones.

A number of the foreign women, screaming and crying, tried to rush into the dark pit of death.

The company has engaged the services of all the men they could find, and the work of restraining the hysterical relatives was undertaken. In the meantime calls for help were quickly sent broadcast through the surrounding country, and the work of rescuing unfortunate men in the mine was rapidly pushed forward.

Keymen Convened. Detroit, Mich., June 22.—Delegates to the number of 80, representing all the principal railroads of the United States and Canada met here today for the annual convention of railway telegraph superintendents. The session will continue three days.

The principal subject to be discussed is the dispatching of trains by telephone. Reports of the operation of this system on over 5,200 miles of railroad will be laid before the convention by superintendents of railroads which have adopted the telephone dispatch system.

THE COTTON YIELD. Montane, Ark., June 22.—According to reports made to the annual congress of the National Cotton Association in session here, the yield of cotton for the present year will exceed that of last year by a good margin, except in Eastern and Northeastern Texas and Southwestern Arkansas, where the boll weevil is reported as causing much damage. Other than accomplishing the preliminary work of organization, the hearing of reports occupied all the business session today. Mobile, Memphis, New Orleans and Saratoga Springs, N. Y., have extended invitations as the next place of meeting.

It was resolved to add to the resolution congratulating the Minister of Militia on the improvement in the London camp as a result of his new regulations regarding liquor in the canteen, a request, that he will kindly note the complaints regarding the rations of both men and horses, and see if the allowance can be raised so as to improve the same.

A MRS. GOULD WITNESS WAS BADLY MIXED UP Contradictory Evidence in Regard to Dining at the St. Regis.

New York, June 22.—With fifteen or more witnesses remaining to be called in rebuttal by counsel for Mrs. Katherine Clemons Gould, at the trial of her suit for a separation from Howard Gould, there was little prospect at the beginning of proceedings today that the case would be finished tonight. Justice Dowling announced the intention of holding a night session, and insisted that all the rebuttal testimony, with the exception of the plaintiff herself, should be presented today. Mr. Shearn, Mrs. Gould's counsel, continued the march of servants and friends of his client to the witness stand today in an effort to refute the testimony of intoxication and other indiscretions which had been given by the witnesses for the defense. Two or three things occurred yesterday to stay the progress made by Mr. Shearn in Mrs. Gould's behalf. The admission of a large number of refreshment checks from the Hotel St. Regis for large quantities of cocktails and other beverages furnished her during her residence at the hotel, and particularly during the fall of 1906, when the defense contends that Dustin Farnum, the actor, often dined with Mrs. Gould in her apartments at the St. Regis, did not coincide with the testimony of waiters and maids and other St. Regis employees who were in attendance on Mrs. Gould, that they had never seen her drink anything. The waiter who swore that he practically served all of Mrs. Gould's meals for a period of eight weeks in her room, and never knew of her ordering anything but a little light wine now and then with her dinner, unfortunately got his dates mixed up, and repeatedly placed the time of his services at a period when it was conceded by both sides that Mrs. Gould was in Europe.

FREIGHT AGENTS MEET Convention at Albany Addressed By Governor Hughes of New York.

Albany, N. Y., June 22.—On behalf of the State of New York, Gov. Hughes today welcomed delegates from various parts of the United States and Canada in advance of the opening session of the 22nd annual convention of the American Association of Local Freight Agents in the State Assembly chamber. The meeting will come to a close on Friday.

After congratulating the delegates upon their field of work, the governor said in part: "Our desire has been not to minimize the importance of this field of effort, or of the fine work that is being done in it, but to assure that here, as elsewhere, the public interest shall be supreme, and the American principles of equality and fairness in dealing shall be universally recognized, that in no case shall private advantage get the best of the public welfare—that is all."

"I am sure that there have been no better friends of the policy which seeks to promote equality of dealing, which seeks to get rid of unjust preferences and unfair discrimination, than those who are actively engaged in the workday efforts of railroad agents."

Mayor Snyder welcomed the delegates on behalf of the city of Albany, and was followed by Clifford S. Sims, vice-president and general manager of the Delaware and Hudson Company. Mr. Sims spoke of the local freight agent as a power in every community for the commercial prosperity of the territory.

Both Appeals Failed CASES TRIED HERE Decisions of Judge Elliott in Express Company's Cases Upheld.

At Osgood Hall, Toronto, the chancellor dismissed with costs both appeals in the cases tried in the first division court of the county of Middlesex, of the Canadian Express Company against O'Neil, and against the Home Bank.

The trial judge, Edward Elliott, dismissed the action as against O'Neil, with costs, and gave judgment against the Home Bank for \$50 and costs. From the O'Neil judgment the company appealed, and from the other part of the judgment the bank appealed. The actions arose out of the following circumstances.

Two orders were presented to Geo. H. O'Neil, a hotelkeeper at London, by a traveller staying in his hotel, under the name of C. S. McLean, and O'Neil cashed one order, paying the holder \$50, and in due course deposited the order with his bankers, the defendant bank, who presented it to the plaintiffs company in London and received the cash for it. O'Neil not having money to cash the other order, McLean presented it to the plaintiffs company in London, who declined to pay it unless he was identified. He got O'Neil's signature on the order for that purpose, and the money was paid to him. The order, however, which was drawn up purporting to be signed by the Canada Metal Company, Limited, as agents for the Canadian Express Company (which they were not), and which was made payable to C. S. McLean's order, were two out of a book of blank orders, which was obtained from the plaintiffs on an order written on the letter paper of White & Co., who are agents for the plaintiffs, and delivered to the person presenting the order, which, it appeared, was a forgery. The plaintiffs claimed that the signatures of the issuing agent and of the payee were forgeries, and action was brought against O'Neil.

The chancellor says that the evidence shows that the blank order books were obtained by fraud from the express company, and the first time the matter was brought to the attention of the head office liability was repudiated. The company did in effect nothing to mislead the bank, and were themselves misled by the person who committed forgery in order to obtain the blank book of orders. Then the bank, on the order being presented, cashed it, assuming its validity.

On subsequent presentation by the manager of the local office of the express company at London the money called for by the order, \$50, was paid, but when the head office had knowledge of what was done they asserted the invalidity of the order and brought action to recover what had been paid without consideration and under mistake by the local office of the company.

In these circumstances, the chancellor holds, it would appear that the appeal of the bank should be dismissed, and with costs. The other appeal, he says, should also be dismissed, with costs, as the evidence shows that O'Neil simply identified C. S. McLean, to whom the money was paid by the bank, and his putting his name on the order was for no other purpose.

OLD COMMON SENSE

Change Food When You Feel Out of Sorts.

"A great deal depends upon yourself and the kind of food you eat," the wise old doctor said to a man who came to him sick with stomach trouble and sick headache once or twice a week, and who had been taking pills and different medicines for three or four years. He was induced to stop eating any sort of fried food or meat for breakfast, and was put on Grape-Nuts and cream, leaving off all medicines.

In a few days he began to get better, and now he has entirely recovered and writes that he is in better health than he had been before in twenty years. This man is 58 years old and says he feels "like a new man all the time."

It was expected that there would be strawberries offered, despite the fact that it was not a regular market day, and a number of people were on hand looking for them, but save for one or two sellers for wholesale buyers, there were none offered. There was practically no change in price, however, as the berries will have to be disposed of to make way for others, as this weather will bring them on in ever-increasing quantities.

ENGLISH PICNIC A BIG SUCCESS

Continued From Page One.

The other prizes in this event went as follows: Mrs. Johnson, eight children, second; Mrs. Simmons, third, with six children; Mrs. Jackson, Grey street, with five; John Lamey, 500 Ottawa avenue, with five, and Mr. J. Babbage, with four.

Beauty Contest.
The beauty contest created general interest. The three judges, City Clerk Baker, Ald. Fitzgerald and J. A. Carling, did their work quietly, and a woman on the hill edged when a man came near her for fear the judges had placed her first in the competition. It was not until the sun was going down that the arbiters had the nerve to announce their decision, and when it was done they said away quietly. Mrs. A. E. Lyons, of St. Thomas, was selected as the most beautiful woman on the grounds.

Matrimonial Mart.
The matrimonial mart had a great attraction for the majority, especially some old persons. One large gentleman tried his level best to obtain a partner for life, but the fair young things occupying the chairs were somewhat fastidious in their tastes, and he was told to quietly evaporate, while the crowd gave him the laugh.

After a half-hour's selection, the judges thought they had better allow the candidates to work out their own matrimonial salvation, and refused to stamp their approval on the choice of the afternoon. In any event, it was lots of fun.

The waiting competition brought out a number of excellent dancers, and the first prize was awarded to J. McNeer and partner.

Report of Wreck Exaggerated.
There was a great deal of worry among the picnicers in the afternoon as the report was circulated that a train had been wrecked and seven people killed, with many injured. There were a number of anxious people until definite information came that no person had been hurt. Fears, however, were not allayed until the afternoon trains arrived.

In the evening the Twenty-sixth Band rendered a fine programme of music on the balcony of the Inverleith. The picnicers returned home at an early hour, as a rule.

Considering all handicaps the picnic was a pronounced success, and reflected great credit on the charge. President Sanders, Secretary Wildecombe, and secretary of the sports, R. A. Emery, worked indefatigably to make the picnic a success.

The Committees.
The committees and judges for whom credit must be given for the success of the event, were as follows: Honorary President—Sir John Carling.

Patrons—Sir W. R. Meredith, Major Beattie, M. P., Hon. A. Beck, M. P., His Worship Mayor Stevely, John Laby, Esq., T. H. Carling, Esq., C. B. Hunt, Esq., John Carling, Esq., J. I. Hunt, Esq., Ed. Weld, Esq., R. A. Jones, Esq., Col. John W. Little, M. P., Mr. Smith, City Clerk Baker, A. S. Emery, Esq., and others.

Officers—Past Presidents, E. T. Esery, C. C. and Ald. Neil Cooper; president, J. Sanders; first vice-president, W. Hayman; ex-Ald. Nutkins; treasurer, C. P. Butler; honorary secretary, R. Cadwallader.

Picnic Committee—Secretary Peter E. Wildecombe; secretary sports, R. A. Emery; assistant secretary, F. H. Shaw; W. Smith, J. Bugier, F. Willmot, R. Pococke, W. Richards, Thos. Spetigue, D. Day, R. Foxworthy, J. Gwalchmai, W. Leper, W. J. Garfat, Joseph Lawrence, Ed. Smith, E. Keam, Westlake.

Baby Show—Dr. F. P. Drake, C. B. Hunt and J. A. Hunt.

Beauty Show—Ald. Fitzgerald, City Clerk Baker, J. A. Carling.

Judges of Events.
Races, Etc.—Ed. Smith, W. Cook, Sam Manness, Ed. Davey, W. Nutkins, J. Butler, W. J. Garfat, Ed. Keam, G. Leslie.

Parents with large family—Judge-in-Chief, John Labatt; judge, Ald. N. Cooper.

Baseball—H. E. Spetigue.

Tug-of-War—Secretary Ronald A. Emery.

The Sports.
Hundreds of picnicers attended the sporting events and one of the finest programmes ever arranged for the resort was carried out without a hitch. The first throw, won by Mr. Gramling, of this city, created a great deal of excitement, the spectators having a barrel of fun while it lasted. Mr. Vasey was given the second prize, while Mr. Webb A. E. before receiving a second. He persisted.

Queen of Beauty.
Mrs. E. A. Lynes, of Alexandria street, St. Thomas, was elected the Queen of Beauty, and was presented with a handsome gold ring. Mr. Job Cook, of Wellington street, was the most typical Englishman, and Mr. John Parkhouse, of St. James street, was awarded the second prize. The winner was dressed as John Bull, and was the double of the "proprietor" of England.

Mr. Cook addressed the crowd and stated that he had served in two wars and also that he was chiefly responsible for the English empire, as he had been in the matter up three times in his lodge of the S. O. E. before receiving a second. He persisted.
