The copy filmed here has been reproduced thanks to the generosity of:

Manuscript Division,  
National Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Division des manuscrits,  
Archives nationales du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaît sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

TWENTY-EIGHTH AND LAST SANITARY BULLETIN OF MONTREAL.  
 Common Council Hall,  
 Monday, September 1, 1834.

During the last three days the mortality has materially decreased, and the number of deaths, according to the Statements of the Superintendants of the Burial Grounds, is only just what it generally is at this season of the year; but during the above period especially there have been NO INTERMENTS FROM CHOLERA at the Burying-Grounds! The twenty-seventh Bulletin, published on Saturday, and now republished, exhibited the fact for Friday, the 29th August. The Mayor, therefore, thinks it proper to discontinue the publication of the Bulletin, and consequently he announces that this is the last. If, however, the inexorable scourge, which in the short space of seven weeks hath plunged so many families in mourning, should re-appear—which God forbid!—the Mayor will consider it his duty to resume his painful task. Let us, nevertheless, hope that the confidence which the present Bulletin must inspire will be strengthened from day to day by the continuation of the Divine blessing.

There were no interments in the Catholic Cemetery on the 31st.

J. VIGER, Mayor.
