

NEWEST ALLIED SPEARHEAD IS DIRECTED TOWARD FISMES Foe Withdrawal From Rheims to Sossions Foreshadowed Today May See Marne Again Cleared of Huns

Increasing Pressure Renders German Positions Ever More and More Precarious; French, American and British Troops Share in the Latest Gains

WASHINGTON, July 22.—(Bulletin).—French successes for the American forces in their drive between the Aisne and the Marne were reported in General Pershing's communique for yesterday, received today at the War Department. The Americans were driving ahead with undiminished vigor and spirit, the statement said.

More than six thousand prisoners, over one hundred cannon, and many trench mortars and machine guns have been taken by American divisions in the last few days on the Aisne-Marne front, General Pershing reported. This was accepted as meaning that the reference in Saturday's statement to 17,000 prisoners, included those captured by both French and American units.

THE SITUATION

(By the Associated Press.) Increasing pressure on the Rheims-Sossions salient is making the German positions more precarious every hour.

Between the Ourcq and the Marne, French and American troops are making rapid progress. On the eastern flank a new allied spearhead has been driven in the enemy lines near Bouilly, southwest of Rheims. Both movements are pointed toward Fismes, on the Vesle, the main German base within the salient.

Despite German resistance, especially from artillery and machine guns, the Allies are steadily pressing forward, and indications that the Germans will finally have to withdraw to a line from Rheims to Sossions, or along the Vesle, are becoming brighter. Only one small piece of railroad still is in use by the enemy, and this section has no connection with the

main bases to the north. The enemy troops are reported to have small supplies of food and ammunition, and no adequate means of getting more.

In the past 24 hours, most progress has been made in the Chateau Thierry sector, and the enemy has been driven back there about five miles eastward from Belleau, and three miles northward from the Marne at Chateau Thierry.

From the Ourcq to the Marne, the Allied line now runs through La Croix, Griselles, Epieds to Mount St. Pierre on the Marne, where the French have crossed the river. The Allied advance apparently is toward Fere-en-Tardenois, which is under heavy artillery bombardment, and if it continues as it has begun, will soon see the Marne again cleared of the enemy. The Germans now hold but a small portion of the north bank east of Charelevs.

SOISSONS USELESS TO FOE

Another spearhead is being driven toward Fere-en-Tardenois as the Ourcq and the French line are within a mile of Oulch-Je-Chateau, the largest point west of Fere. Between the Ourcq and the Aisne the advance has been less rapid, but the Soissons-Chateau Thierry road, except for small sections here and there, is entirely within the Allied lines. Soissons still holds out but the French seemingly are content to dominate with their guns and thereby render the city useless as a base while saving themselves the danger of a flank which might arise if they held the city.

Next to the advance around Chateau Thierry the most notable development has been the forward thrust by British, French and Italian troops southwest of Rheims. On a

front of six miles an average advance of about one mile has been made, the village of Bouilly and St. Euphrasie and the Rheims and Courmont woods being cleared of the Germans. The allies are meeting with strong resistance and the enemy is reported fighting hard to hold the thrust in check as it is a serious threat to the German troops between the Aisne and the Marne.

The French official statement still continues to report the results of the fighting briefly and calmly. There has been no announcement of any increase in number of prisoners, though it is reported from the battle front that many more have been taken. Four hundred machine guns and thirty cannon were found in the German positions south

of the Marne. Berlin admits a withdrawal north and northeast of Chateau Thierry elsewhere, it says, the allies have been repulsed with heavy losses by the German attacks. Admission that General Foch's counter blow was a surprise is made, but the German staff does not mention definite points where fighting is progressing.

Elsewhere on the Western front and in July there has been no fighting activity in Albania resumption of their movements northward. French and Italian troops have taken the crest of a mountain and in the bend of the Devil's south of Elbasan. Rome reports the total prisoners captured up to July 13 as 2,167.

Yanks Take Woods. London, July 22.—American troops yesterday crossed the river Marne between Charelevs and Gland, east of Chateau Thierry, and captured the wood of Barbillon, according to an authoritative announcement made here today. The Germans are stubbornly resisting the French crossing of the Marne, but the French have succeeded in getting two elements over at Mesy and Comcelles, which are constructing foot bridges under heavy fire. The Germans are using gas shells in large numbers.

With the French Army in France, July 22.—(By the Associated Press).—Frederick Williams, the German imperial crown prince, has been obliged to call for help from his cousin, Crown Prince Rupprecht of Bavaria. Hun divisions from Zemy in north have been hurried down to protect the western flank of the defeated army which has been driven back over the Marne and ejected from Chateau Thierry by Franco-American troops.

Between the Ourcq and the Marne Rivers the French yesterday took 400 prisoners. Amsterdam, July 22.—The withdrawal of our troops to the northern bank of the Marne came as no surprise to well informed circles because the supreme command had confidentially communicated its intention, beforehand, says The Cologne Gazette and adds: The object which the forcing of the Marne had in view was attained. Therefore it did not appear dangerous to retreat locally in order to save unnecessary losses.

AGREE TO INTERVENTION. By Courier Leased Wire. London, July 22.—The Japanese diplomatic council has agreed to the American proposal for joint intervention by Japan and the United States in Siberia, says a Central News dispatch from Tokio under date of July 17. A proclamation will be issued assuring Russia that the country be regarded as independent which is only to be returned to the owners when negotiation with twenty other states has reached a favorable conclusion. Can a country be regarded as independent which before its return must undertake to adopt its policy and economy and consequently its entire social and political life will of an enemy power still ruling its soil, which must guarantee that power against a French, British and American thrust for revenge, and must even be friends of that power, and grant it privileged confidence? International law forbids Germany to retain even a pebble of Belgian streets, and commands Germany to restore Belgium to the conditions before invasion. If Belgium, as a chancellor, add as a state secretary and an ambassador have confessed, an innocent victim of German self-defense. Then we have to ask its forgiveness and not force conditions upon it. This is a question of decency, morality and honor of a nation.

WEATHER BULLETIN Toronto, July 22.—The barometer is quite high along the Atlantic coast and relatively low both north and west. The weather is fine throughout the Dominion except near Lake Superior, where thunder storms are prevalent. The temperature is decidedly high in Ontario and Quebec, elsewhere moderate. Forecasts. Moderate southerly winds, fine with high temperature. Tuesday—light winds, fair and warm.

ALLIES BROKE UP STRONG ENEMY COUNTER ATTACKS ON THE OURCQ-MARNE FRONT

Further Ground Gained By British in the Hebuterne Region, on Front Between Albert and Arras—Successful Operation; Also South of Villers

By Courier Leased Wire. PARIS, July 22.—(Bulletin).—Strong counterattacks delivered last night by the Germans on the front between the Ourcq and the Marne were broken by the Allies, the war office announced today. The Allied positions have been maintained.

The enemy counter blows were delivered in the region of Griselles, seven miles northwest of Chateau Thierry, and Besu St. Germain, four miles north of Chateau Thierry. North of the Ourcq and between the Marne and Rheims, the enemy's reaction was limited to artillery fire. The fire was particularly notable in the region of the woods of Courton and Roi.

GAINS NEAR HEBUTERNE

LONDON, July 22.—(Bulletin).—Further ground has been gained by the British in the Hebuterne region on the front between Albert and Arras, the war office announced today. The British likewise in conjunction with the French, carried out a successful enterprise to the south of Villers Bretonneux, east of Amiens, in which prisoners were taken.

The German trenches were entered during the night by British raiding parties at several points at the front, including Neuville Vitasse and north of Bailleul, and prisoners were taken.

By Courier Leased Wire. The text of the French official statement reads: "During the night the Germans limited their reaction to artillery bombardments north of the Ourcq and between the Marne and Rheims, notably in the region of the Court on and Roi Woods.

"Between the Ourcq and the Marne we broke strong counterattacks by the Germans in the region from Griselles to Besu St. Germain. We have maintained our positions throughout the line."

BRITISH OFFICIAL. London, July 22.—The text of the War Office statement reads: "Further ground was made by our troops yesterday southeast of Hebuterne and a hostile bombing attack in this neighborhood was repulsed. We captured a few prisoners."

"In conjunction with French troops we carried out a successful minor enterprise last night, south of Villers-Bretonneux, capturing a few prisoners and machine guns.

"Our raiding parties entered the enemy's trenches during the night at Neuville-Vitasse a German-sur-La-Loise and north of Bailleul and brought back prisoners. A hostile raid in the last mentioned sector was repulsed. "The hostile artillery was active in the Loivre sector."

SAYS BELGIAN QUESTION ONE OF DECENCY, MORALITY AND HONOR

Max Harden Speaks Plainly in Discussing Hertling's Recent Statement—International Law Commands Germany to Restore Belgium to Conditions Before Invasion.

By Courier Leased Wire. Amsterdam, July 22.—"This is a question of decency, morality and honor," says Max Harden, in discussing in Die Zukunft, the recent statement made by Chancellor von Hertling concerning Belgium. "Can a country be regarded as an independent which is only to be returned to the owners when negotiation with twenty other states has reached a favorable conclusion? Can a country be regarded as independent which before its return must undertake to adopt its policy and economy and consequently its entire social and political life will of an enemy power still ruling its soil, which must guarantee that power against a French, British and American thrust for revenge, and must even be friends of that power, and grant it privileged confidence? International law forbids Germany to retain even a pebble of Belgian streets, and commands Germany to restore Belgium to the conditions before invasion. If Belgium, as a chancellor, add as a state secretary and an ambassador have confessed, an innocent victim of German self-defense. Then we have to ask its forgiveness and not force conditions upon it. This is a question of decency, morality and honor of a nation."

AUSTRIAN CABINET RESIGNS Dr. Von Seydler, Premier, Quits Post and Ministry Follows Suit

By Courier Leased Wire. Amsterdam, July 22.—Dr. von Seydler, the Austrian Premier and his cabinet has resigned, according to private advices from Vienna received today. Emperor Charles, it is added that it is assumed in Reichsrat circles that the emperor this time will accept the resignation. RESIGNATION ACCEPTED. London, July 22.—The entire Austrian cabinet has resigned, says an exchange telegraph dispatch from Copenhagen today. Emperor Charles, it added, has accepted the resignations.

NEW SIBERIAN RULER ALAYS ALLIED FEARS

Does Not Intend to Take Action to Prevent Czechoslovak Progress

FAVORS INVESTMENT

Trotsky Forbids Revolutionary Troops to Give Support to Allies

By Courier Leased Wire. London, July 22.—General Horvath, recently proclaimed provisional ruler of Siberia, says a Daily Mail dispatch from Harbin dated last Thursday, sent a reply to the Allied ministers in Peking, which effectively dispel their fears. The ministers had united in asking him to withdraw his proclamation on the ground that he intended to prevent the progress westward of the Czechoslovak. The general now assures the ministers that far from offering obstacles, he wishes to come to an understanding with the Czechs.

Must Not Support Allies. London, July 22.—Revolutionary soldiers are forbidden in an order issued by Leon Trotsky, Bolshevik minister of war, transmitted by the Russian wireless, to support French and English officers. The order says that owing to the landing of the French and English detachments on the Murman coast and the open participation of French officers with the counter revolutionary mutineers and Czechoslovaks, these are not to be permitted to go from town to town.

The people are instructed to watch carefully all their acts as persons who have been proved capable within the republic of conspiring against the sovereignty of the Russian people. Property Forfeited. Amsterdam, July 22.—The entire property of the former emperor, his wife and his mother, as well as all other members of the Imperial house, has been forfeited to the Russian republic, according to a Moscow message received here. This will include deposits in foreign banks to the credit of the members of the imperial family. A decree to this effect was issued by the Bolsheviks on July 17, it is said.

INVESTIGATES LOCK-OUT. By Courier Leased Wire. Montreal, July 22.—Hon. T. W. Cashner, Minister of Labor, has received complaints to the effect that the Ford Company at Ford City, Ontario, have locked out a number of their employees. The Minister is investigating to ascertain whether the work being done by the company brings it within the meaning of the Industrial Disputes Investigation Act as extended order-in-council to include all concerns manufacturing war supplies for any of the Allies, and if so whether there be sufficient evidence of a lock-out, as stated. If so, it is his intention to institute prosecution for violation of the act as determined by the government a few days ago.

South of Soissons, Americans Advanced to Depth of Two Kilometers

FIGHTING IS HEAVY

Yanks Also Made Five Kilometers Progress North-east of Belleau

ARTILLERY ACTIVE

Only One Railroad Line on Soissons Front Now in Foe Hands

MANY HUNS CAPTURED

By Courier Leased Wire. With the American Army on the Aisne-Marne, Sunday, July 21.—(Night).—(By the Associated Press).—South of Soissons, American troops advanced two kilometers (about 1.24 miles). The Allied artillery has found the range of the Soissons-Chateau Thierry railroad, while American troops also outside the Soissons-Villers-Cotterets railroad. As a result there is only one railroad line in the hands of the Germans south of the line drawn from Soissons to Rheims.

Northeast of Chateau Thierry, northwest of Chateau Thierry, the Americans early Sunday had made an advance of five kilometers. Some of the most terrific fighting since the offensive began occurred between Givry and Vaux, the Germans using artillery and machine guns.

The Allied troops occupied Hill 204, commanding Chateau Thierry, at daylight Sunday and shortly afterwards were pressing through the city. Their progress east and north by the French and Americans continued throughout Sunday.

The Germans north of the Marne were subject to a terrific coming from the Allied artillery to-day. They responded heartily, although unsuccessfully. The Allied artillery men were feeling out the German rear lines with telling effect, making the enemy's rearward action costly. Prisoners captured near Chateau Thierry continued the somdness of General Foch's plan when they declared a German retreat became imperative on account of decreased supplies. Stores of both ammunition and food stuffs were becoming low, they said, and the officers had reported that it was practically impossible to resist. Orders had been issued, the prisoners added, to retreat to a point ten miles north, but the indications tonight were that the Germans would not for long be permitted to remain that close to the Marne for the Allied flanking movement is progressing steadily. Both the railroads and the wagon roads over which the enormous stores for the German forces must pass are so menaced as to make them unusable.

Streams of prisoners were being taken to the rear all day Sunday. Since Thursday the Americans have captured German soldiers representing ten different divisions.

OFFENSIVE OUTH. Paris, July 21.—Commenting on the German withdrawal on the Soissons-Chateau Thierry line, Marcel Hutin in the Echo De Paris remarks: "The offensive continues."

It has needed all the reserves which promised victory to the German people, he says, to attempt to stop the Allied progress which continues nevertheless. The enemy has been forced to resist to the last ounce. He was completely beaten at Chateau Thierry from which he scurried off, permitting a methodical advance up to Sunday night of 15 kilometers.

Several Franco-American units have crossed the Marne. Hutin adds which presages that the river will soon be entirely cleared of Germans.

NORFOLK NEWS

INVENTOR OF THE ALLIGATOR BOAT DEAD AT SIMCOE

John C. West Closes Long Career of Industrial and Civic Labor

A STERLING CITIZEN

Brother of Simcoe Citizen is Awarded Decorations in France

OTHER SIMCOE NEWS

Simcoe, July 22.—John C. West, senior member of the firm of West and Peachy and son, died at his home here yesterday aged 73 years 11 months. Born at Dundas, Ont., of Scotch parentage from Paisley, Mr. West came to Simcoe about 1865. He was first connected with the firm of Jackson Brothers, builders and manufacturers of furniture and building material, and in the capacity of general foreman of the shop.

Later, with Jas. Peachy, as partner a foundry was started on the present site of the now more pretentious machine shop, foundry and boat building yard.

The business of this firm since its inception has been followed with success, and sons have grown up and entered the business.

Two Specialties.

The Alligator boat and upright beam engine put out by this firm have gone to many lands.

The former was conceived by the late Joseph Jackson, M. P. and subsequently sheriff of Norfolk at a time when he required to move timber and had not the water to carry it down stream. He went to Mr. West, as a practical man and the latter produced the boat which progressed on its own steam whether on land or water, and was so satisfactory that many of the type have been shipped to various points in South America and Europe besides supplying the North American demand.

The engine of the present plant is one of the firms type. A smaller model produces the power for the "British-Canadian" office.

Mr. West was a member of the commission appointed to install the waterworks system of Simcoe, and later the council when the sewage system was undertaken. He was the practical man in this work and in so far as his advice was followed, the system has been satisfactory. Where the policy pursued did not agree with his judgement events have already vindicated that he was right. He gave most of the summer of 1913 and 1914 to the town's business, and retired from the deputy-revee when the work was completed.

He married Margaret Elliott, who, almost of the same age survives with four children, S. J. and Charles, and Mrs. Stalker, of Simcoe and Mrs. W. C. Cope, of Toronto.

Interment will take place at Oakwood cemetery to-day with Masonic honors. The funeral will leave the house at 2:30 and proceed to Trinity Anglican Church and thence to the grave. Messrs. Wm. Sutton, Geo. Luscombe, Chas. S. Boyd, H. A. Carter, Geo. A. Curtis and W. P. Price acting as bearers.

Mayor Slicher has requested the council and civic officials to attend in a body.

Real Estate at Victoria
There was a big crowd out at the wedding of the Mrs. Clark farm, otherwise known as the "Anderson Farm," at Victoria on Saturday. Dominion Canners got the 160 acres at \$8,300, and the village property, somewhat more than one acre, with a good dwelling house, was knocked down to George D. McCall at \$2,200. Brother of Simcoe's Decorated in France.

Mrs. J. A. Calder, has just been advised that her only brother, Sgt. Vincent Long, formerly of Bethel, Penn., now overseas with Uncle Sam in the medical service, has been awarded the "Croix de Guerre," the second highest military honors in France, for conspicuous gallantry in bringing in many, many wounded under heavy shell fire. Mrs. Calder has received a letter in French giving details of her brother's absolute disregard for Fritz in the pursuit of

Mrs. Hall, Robinson street, got advice on Friday that Corp. Alex. Hall, one of her six sons in service, is in the hospital suffering from a wound in the head from shrapnel.

Miss Minnie Mather and Miss Gladys Derrickson are off on a two week's visit in Hespeler, Hamilton, Dunnville and other points. Miss Monk and Miss Louie Monk, of Toronto, are visiting their cousin, Miss Haddow. Miss Monk was for two years on active service in Egypt and on the Indian Ocean with the hospital service.

Mr. James Hunter returned to his editorial duties in Toronto this morning after taking a rest with his parents here.

Misses Ola and Florence Beatty, nurses-in-training at Hamilton, are home for holidays.

THREE POLES KILLED

By Courier Leased Wire
Hamilton, Ont., July 22.—Three men were killed and several hurt shortly before noon today when a Hamilton Grimsby and Beamsville car crashed into a drayload of berry pickers at Beamsville. The men were all Polacks, returning from picking berries on Alfred Finbow's farm. The Red Cross car from the Beamsville Aerodrome was pressed into service to care for the wounded. An inquest has been ordered.

On Tuesday afternoon last as soon as the time of the ultimatum had expired the shopmen's committee met and decided to issue a strike call throughout the Dominion involving 30,000 railway employees. Then a bomb fell in the camp. It was a message from the executive council of the railway employees' department of the American Federation of Labor, Washington, giving notice that a strike would entail cancellation of all the railway union charters in Canada. It was the Big Stick and it gave the committee pause. It was deemed necessary once more to take the opinion of the membership and this was done. The result was a vote of 85 per cent. West and the dissolution of the committee.

Before the final adjournments an endeavor was made to have the committee sit until July 25 when the amendments to the McAdoo award are promised. However the western members would not accede to this request, desiring that the war was on and that they were going home to prepare for eventualities.

SEALED TENDERS

SEALED TENDERS addressed to the undersigned and endorsed on the envelope "Tender for construction of reinforced concrete viaduct and steel bridge in the Tascorras Indian Reserve, Counties of Brant and Haldimand, Ont.," will be received up to noon of the 4th of August, 1918.

Plans and specifications may be seen at the Post Office at St. Thomas, Ont., also at the office of the Indian Agent at Watersville, Brantford, and upon application to the Department of Ottawa.

Each tender must be accompanied by an accepted cheque on a chartered bank for 10 per cent. of the amount of the tender, payable to the order of the undersigned, which amount will be forfeited to the person or persons tendering declines to do so, or fail to complete the work contracted for.

If the tender is not accepted, the cheque will be returned.

The lowest of any tender will not necessarily be accepted.

The unauthorized insertion of this advertisement in any newspaper will not be paid for.

DUNCAN C. SCOTT,
Deputy Superintendent General
Department of Indian Affairs,
Ottawa, July 6, 1918.

STRIKE IS AVERTED

Railway Shopmen Will Not Quit Work—Agreement is Reached

By Courier Leased Wire

Montreal, July 22.—There will be no general strike of railway shopmen in Canada as long as the present time. The intervention of the American Federation of Labor, following the action of the adoption by the railway of the McAdoo schedule with amendments last week was sufficient to prevent the sending out of a strike call to railway shopmen's unions throughout Canada. It also had the effect of causing a decided split in the shopmen's committee that had been in Montreal for several weeks negotiating with the Railway War Board. East and West changed the matter for retaining good relations with the American Federation of Labor and the west for taking drastic action immediately. Western representatives, strongly supported by the American Federation, declare that a strike will be called and the American Federation will be defied. At four o'clock Saturday afternoon the shopmen's committee adjourned indefinitely at 10:15 Saturday night the western members who had come to be called the left wing left on the train for Winnipeg. This afternoon returns from the last ballot. These returns clearly showed that it would be impossible to tie up the railways effectively, especially in the east.

For instance in Montreal, itself only one local lodge gave a majority to strike or hand back its international charter, the penalty of such action. On the other hand the west came out strong with a determined strike vote. It is said that 2,800 out of 3,000 shopmen in Winnipeg alone voted for the walk-out. The conflict of opinion is thus sharply defined, the east holding to the international fealty and the west out for independence.

The next move in the long game thus may be expected to come from Winnipeg.

With the adjournment of the shopmen's committee on Saturday the barrier of silence that has been raised throughout the course of the negotiations was finally lowered and it was possible to get at the inside history of the proceedings of the last two weeks.

On July 17 the committee formally notified the War Board that it could not accept the McAdoo award and could no longer delay, gave the Board until one o'clock last Tuesday afternoon to make a new proposal. Over 85 per cent. of the membership had voted to strike if the board would not come to the table. Before the date fixed the railway war board replied to the committee definitely declaring it had said its last word and could go no further than the McAdoo award.

On Tuesday afternoon last as soon as the time of the ultimatum had expired the shopmen's committee met and decided to issue a strike call throughout the Dominion involving 30,000 railway employees. Then a bomb fell in the camp. It was a message from the executive council of the railway employees' department of the American Federation of Labor, Washington, giving notice that a strike would entail cancellation of all the railway union charters in Canada. It was the Big Stick and it gave the committee pause. It was deemed necessary once more to take the opinion of the membership and this was done. The result was a vote of 85 per cent. West and the dissolution of the committee.

Before the final adjournments an endeavor was made to have the committee sit until July 25 when the amendments to the McAdoo award are promised. However the western members would not accede to this request, desiring that the war was on and that they were going home to prepare for eventualities.

At a mass meeting of munition workers at Birmingham yesterday, it was resolved to go on strike Wednesday night, unless the embargo on skilled labour is withdrawn. The statement says the ministry is in close touch with the union leaders, both directly and through the ministry of labor. At Coventry the local committee proposed to an official of the ministry who is holding conferences there to recommend a suspension of the strike notices if the ministry would consent to negotiate a restriction scheme in districts and recommend a national conference to consider the question of the utilization of skilled labor. The ministry's reply said it was not opposed to the discussion and administration of the plan, although the government's "considered

MUNITION WORKERS THREATEN TO STRIKE

Birmingham Workers Will Walk Out Wednesday Unless Embargo on Skilled Labor is Withdrawn—Situation is Serious

By Courier Leased Wire

London, July 22.—The ministry of munitions announced to-night that it had received word that at a mass meeting of munition workers at Birmingham yesterday, it was resolved to go on strike Wednesday night, unless the embargo on skilled labour is withdrawn. The statement says the ministry is in close touch with the union leaders, both directly and through the ministry of labor. At Coventry the local committee proposed to an official of the ministry who is holding conferences there to recommend a suspension of the strike notices if the ministry would consent to negotiate a restriction scheme in districts and recommend a national conference to consider the question of the utilization of skilled labor. The ministry's reply said it was not opposed to the discussion and administration of the plan, although the government's "considered

policy in the matter of the embargo scheme cannot be a matter for discussion."

It also would be prepared to enter into a discussion if representations were made by both the employers and the unions regarding the necessity for a further interference on the British utilization of skilled labor as apart from the embargo. The ministry added:

"The ministry carry on the supply of munition to the troops without the embargo, in cases where its need has been shown and without reasonable power to distribute skilled labor."

The ministry also issued an appeal to-night to the workmen on patriotic grounds to remain at work and lend no aid to a movement which have consequences of the gravest kind. The appeal said that the threatened stoppage of work was not an ordinary trade dispute, but an attempt to overthrow the policy of the state at a time of national danger.

MAY ALLOW BALL PLAYERS TO FINISH PRESENT SEASON

U. S. War Secretary and Provost Marshal May Extend Time Limit

By Courier Leased Wire
Washington, July 22.—Secretary of War Baker and Provost Marshal General Crowder are considering to-day the advisability of extending the effective time of the work or fight order, as it applies to professional baseball players, so as to permit the completion of the season.

New York, July 22.—Secretary Heydler of the National Baseball League, received a telegram here from President Tener, who is at Pittsburgh, announcing that similar arrangements have been made for a meeting of the club owners at Pittsburgh to-morrow. It is expected that a discussion of this season's schedule will be thorough.

Decide League's Future
Cleveland, Ohio, July 22.—The future of the American baseball league is to be decided here at a special meeting of the club owners, called by President Johnson, to take action on the ruling of Secretary of War Baker, that baseball is not essential. Whether the schedule should be continued, was expected to be the principal question to be discussed. However, it is understood that a majority of the magnates favor closing their parks for the duration of the war, and arranging a pennant following the example of the American Association.

Among the first to arrive to-day was Albert Hornum, chairman of the National Baseball Commission, who will attend the meeting.

Mr. John Smith, Auctioneer, Proprietor.

TITLE REFUSED BY LITERARY MAN

John Galsworthy Did Not Want a Knighthood

IS PATRICIAN BY BIRTH

The Action of the Brilliant British Novelist Indicates the Growth in the Old Land of the Democratic Idea Which Is Also Making Headway in Canada at the Present Time.

It is not only among the young and progressive Canadians that the opposition to titles is growing. Even in the Old Land, where there are so many traditions connected with the custom, a strong democratic tendency has been coming into evidence since the outbreak of the present war. It was considered very significant in the Dominion when the late John Ross Robertson, one of Toronto's really great citizens, refused a title. It was even more significant in Great Britain when

JOHN GALSWORTHY

John Galsworthy, perhaps the most brilliantly intellectual of the British novelists, refused a knighthood. Birth and training had fitted Galsworthy to wear a title gracefully, but his convictions were against that sort of distinction in a democratic country. Galsworthy comes of a patrician family. He is a clever and thoughtful man, and he has concerned himself with social problems for many years. Several of his short novels set forth the need of social justice in his own land. He wants a more equal distribution of happiness and opportunity, and in his stories like "The Freeland," he treats the claims of the upper classes with bitter satire. It was Galsworthy's drama, "Justice," that secured some much-needed reforms in the British prison system. If titles were a mark of distinction, Galsworthy would indeed have a right to wear one. But he refused the knighthood because they have ceased to mean anything. Many of the leading intellectuals and progressives of Great Britain praised his decision as another milestone in the march of the democratic idea. Galsworthy's action has been noted in Canada during the past few months in which the opposition to titles has been growing by leaps and bounds. The selfish personal interests and private ambitions of men who have power to defeat progressive ideas may keep back the movement to abolish such arbitrary class distinctions in this young democracy, but liberal thought must triumph in the end.

Nature Lore.

Once started in pursuit of nature lore, we are pretty sure to keep on. When people ask me, "How shall we teach our children to love nature?" I reply: "Do not try to teach them at all. Just turn them loose in the country and trust to luck." It is time enough to answer children's questions when they are interested enough to ask them. Knowledge without love does not stick; but if love comes first, knowledge is pretty sure to follow. I do not know how I first got my own love for nature, but I suppose it was because I was born and passed my youth on the farm, and reacted spontaneously to the natural objects about me. I felt a certain privacy and kinship with the woods and fields and streams long before the naturalist arose to self-consciousness within me. A feeling of companionship with nature came long prior to any conscious desire for accurate scientific knowledge about her works. I loved the dowers and the world creatures, as most healthy children do, long before I knew there was such a study as botany or natural history. And when I take a walk now, thoughts of natural history play only a secondary part; I suspect it is more to bathe the spirit in natural influences than to store the mind with natural facts. I think I know what Emerson means when he says in his Journal that a walk in the woods is one of the secrets for dodging old age.—John Burroughs, in Century.

Russian Prisoners as Tutors.

It is reported that in Germany several thousand women—selected for their youth, energy and attractiveness—are learning the Russian language. Their tutors are Russian prisoners, who are compelled to give lessons. These students are intended to pursue, after the war, the occupation of travelling saleswomen to capture the Russian markets, and descriptive catalogues of German goods are already being prepared in the Russian language for their use in that capacity.—Family Herald.

In the Way. Customer—I hear you discontinued your prescription department. Druggist—Yes. We found it interfered with our regular business.

WILL ENFORCE LEMIEUX ACT

Labor Minister Recommends and Council Orders Its Strict Observance

Ottawa, July 21.—An order in Council has been passed, based upon the recommendations of the Minister of Labor, with regard to the prosecution of employers who cause lock-outs, or employees who strike, without first applying for a Board of Conciliation and awaiting its award. The text of the order in Council is as follows:

"The committee of the Privy Council have had before them a report dated July 19, 1918, from the Minister of Labor, representing that in numerous cases, especially in certain industries, the provisions of the Industrial Disputes Investigation Act of 1907, making it unlawful for any employer to declare or cause a lock-out, or for any employee to go on strike on account of any dispute prior to or during a reference of the said dispute to a board of Conciliation and Investigation under the provisions of that act, have been entirely ignored by one or the other party to the dispute. Recently this course has been more frequently followed, resulting in cessation of work in essential industries, which might have been avoided had the provisions of the said act been observed.

"The Minister further observes that the Federal government has not at any time since the enactment of the statute instituted any legal proceeding for the violation of its provisions, nor have any such been otherwise begun, except in a few cases by private parties, and the Minister is convinced that should the Federal government proceed to enforce the said provisions of the act, it would increase its effectiveness in the best interests of the public.

"The Minister is further of the opinion that an announcement by the government that, immediate steps to this end will be taken would tend to prevent interruption of work and avert the evils caused thereby.

"The Minister, therefore, recommends that such action by the Government as may be necessary to insure the prompt prosecution of any violation of the provisions of the said act should be taken forthwith."

Program Saturday and Monday

FIRST DAY.
 9 a.m.—Organization of Junior Chautauquas.
 3 p.m.—Popular Concert and Entertainment by The Welsh Clew Quartet, featuring Joseph E. Batchelor, Monologist, and George E. Jones, in costume presentation of songs of the London costermonger.

THE SITUATION.

The expected "come-back" of the Germans as an offset to the brilliant counter stroke of the Allies has failed to materialize. Instead after getting over one hundred thousand men across the Marne to the south bank, they have been forced to recross that stream and in the apt language of the Reuter correspondent with the French forces, "No Germans remain south of the Marne except prisoners and dead."

JOHN BULL'S PART

In connection with this war, there has been a great deal of emphasis as to what Scotchmen and Canadians and Australians and the French have done, and now the Americans. All have performed their duty in a most splendid and heroic manner.

FIND A SINN FEINER IN CAMP AT NIAGARA

Local News

AT GRACE CHURCH.

Rev. Dr. Ashton of Olean, N.Y., preached a very inspiring sermon at Grace Church yesterday.

FIREMEN NOT BUSY.

There have been very few fires in Brantford despite the hot spell, the Fire Department having not had a call for two weeks.

TO GIVE OUT TAGS.

Tags for the soldiers' picnic will be given out by Mayor MacBride this evening for the Holmestale district at the Dufferin School.

CUT WEEDS.

Sanitary Inspector Glover stated this morning that the time has come for the cutting of obnoxious weeds in the backyards.

DIPHTHERIA CASE.

A case of diphtheria was discovered on Richardson street to-day and the patient was removed to the isolation hospital.

ELECTED TO COUNCIL.

At the 35th annual general meeting of the Institute of Chartered Accountants of Ontario, held in Toronto Saturday, A. K. Bunnell of this city was elected to the council of the institute.

ACCIDENTS WILL HAPPEN.

In Saturday's issue a typographical error occurred in the advertisement of the Scotland Woolen Mills Company. The ad. read in such a manner as to make it unintelligible. The ad. is repeated today, so that the many who tried to work out the puzzle will find the answer.

LIBRARY CHANGES.

Work commenced to-day on the alterations to be made at the Public Library this morning. As a result the Juvenile Department will be closed for about two weeks. The room now used as a smoking room is to be made over for the juvenile library.

QUESTIONNAIRES.

Youths from 19 to 20 shortly will receive questionnaires from the Ontario military service registrar. Special preparations are being made to get these papers ready. It is stated that the mere fact that a youth receives one of these papers does not necessarily mean that he will be called up at once, as no date has been fixed for summoning these men to the colors until parliament meets and votes more men for the Canadian Expeditionary force. The object of questioning these men is to have all particulars ready when they are called. The differences between these new questionnaires and the old ones are slight, the new papers laying more stress on furnishing particulars.

Removal Sale

In business it frequently happens that when people are forced to go out of business or into larger quarters, a removal sale is held. At such times it is customary to offer goods at greatly reduced prices to Clean Up old stock.

We Are Going to Move--

But there will be no sale of old stock at reduced prices, because we have no old stock on hand. We believe our success has been due to two things—keeping only up-to-date stock in all frames, and mountings, newest forms and styles of lenses. The other reason for our success is our service. It has been our aim to give you the most careful, scientific examination of the eyes that is possible—never to overlook any detail in the designing, making, fitting, adjusting or repairing of glasses that makes for complete satisfaction. For these reasons we believe we have been successful. Our business has outgrown our present quarters. In our new offices we have added facilities and equipment that enable us to give even better service.

After Thursday, July 18th

HOT?—WE'LL SAY SO Brantford Wilted Under the Heat Yesterday—Many Fled From City

With the temperature hitting 92 in the shade yesterday the problem of securing a supply of coal for the next winter was dismissed from the minds of Brantfordites for a day at least. For a willing and sweating populace the immediate need was something to counter the oppressive attack of the heat which rendered people incapable and almost prostrate. Everywhere, everyone was in search of the will-o-the-wisp—a shady nook or cool spot where a breeze could be found. There were some people, when the wave was at its height, with whom even a cyclone would have proved popular. But there were others who found consolation in the thought that it was just five months and four days to Christmas and snow, and still others who sympathized with stokers in a gas house.

Port Dover was the mecca of many Brantfordites, as a refuge from the heat, but even there the sun was at work with unusual vigor and more or less severe cases of sunburn were the lot of many who ventured into the water.

DANGEROUSLY ILL.

Word was received in the city yesterday that Pte. George Clifford Wilbee, 154367 is officially reported dangerously ill in thirteenth general hospital, Boulogne, from gunshot in right thigh. He is the son of Mr. E. Wilbee, 123 Marlboro street, and was formerly employed at Burke Mineral Water Co.

FARMERS' PICNIC.

The United Farmers are holding a great picnic and demonstration at Mohawk Park, Brantford, next Tuesday afternoon, July 23rd. The speaking will begin at two o'clock, when the present condition of national affairs will be discussed. Col. Fraser, Mr. C. W. Gurney of Paris, and Mr. J. J. Morrison will report on interviews with the Government and their attendance at the Canadian Council of Agriculture, following the recent convention of Ontario farmers. The farmers' wives and daughters are to be specially addressed by Miss Griesbach, secretary of the United Farm Women of Ontario. It is going to be a big afternoon for Brantford farmers and Canadian citizenship.

100,000 CARS IN PROVINCE.

The number of motor cars operating in Ontario to-day may be estimated at 100,000. This is considered by the Department of Public Highways as a safe and conservative estimate on which comparison may be based. Of this total, commercial cars form a very small portion, slightly over 5 per cent. Toronto's share in the total registration is about 20,000. Last year 78,195 cars were licensed in the whole province. For the first six months of this year an increase of 22,000 or 28 per cent is shown. What the complete figures will be by the end of 1918 is difficult to say, but they will be at least double the entire figures of 1916, which was 53,359.

NEW CERTIFICATE.

A new certificate has been prepared to be issued to certain men in class one to take the place of the old one, which read, "Exempted till services are required." The new one gives the man's number, name and address, and certifies he is properly registered under the M. S. A. and gives his medical category. The certificate must be carried on the man and surrendered to the O. C. depot battalion when called on to report. This certificate is to be issued to category B men who have exemption disallowed or all other than medical grounds. It will also be issued in the case of men from 20 to 22 years in low categories. The certificate issued with this special certificate will be subject to call without a further hearing whenever they are placed in an available category by re-examination or whenever the category which they are in may be called.

HAD FINE TIME.

Chief Stelm, who returned Saturday from attending the convention of Police Chiefs of Canada, of which body he was elected president, is high in his praise of the hospitality extended to him at the convention. The business of the convention was concluded at Hamilton, an invitation from Mayor Church of Toronto to visit that city was accepted by the chiefs and their wives, and a pleasant day was spent on Friday. The visitors were welcomed by Mayor Church and Chief Stelm, replied briefly. After luncheon they proceeded to the aviation camp, and a motor trip through the city enjoyed. Luncheon was served at the Carlsbad hotel, followed by a boat trip round the harbor, with stops at the Canadian Yacht club and Hanlan's point. In the evening the party was entertained at the Alexandra theatre. Chief Stelm gave high praise to Mayor Church, the city council, Chief Grassett and the police department of Toronto, for their reception of the party. Attorney General Brown of Alberta was a guest of honor at the convention and also on the trip to Toronto.

Grocers and Butchers will be closed all day Wednesday for the big Grocers' and Butchers' Picnic at Mohawk Park. Everybody come.

ORCHESTRA every evening at Russell's. The best of music and the purest of ice cream in the coolest place in town.

LAI D AT REST

ALBERT H. MELLISH.

Yesterday afternoon, the funeral of an old and highly esteemed resident of Brantford took place from the family residence, Edgerton street, to Greenwood Cemetery. Services at 10 o'clock and graves were conducted by Rev. C. E. Jeakins, while the Oddfellows' service at the graveside was in charge of Bro. Charles Page and William Wilkinson. The pallbearers were: Bros. H. B. Adams and Henry Wilkinson, representing the Oddfellows; Bro. William Edwards, representing Wolfe Lodge S.O.B.; and Messrs. Charles E. Hamilton and Angus Macintyre, representing the Veteran Farmers' Association.

MRS. N. NEAR.

The funeral of the late Mrs. Nicholas Near took place yesterday from her late home, Lanford, to Brantford, at 10 o'clock. The services were conducted by Rev. G. W. Downes, and the pallbearers were six nephews of the deceased, Geo. H. Hamilton, Grant Hassey Little of Hamilton, Grant Vansickle of Alberton, Lloyd Vansickle of Aroostook, George Sharpe of Copetown and Edward Heckard of Brantford. The funeral was very largely attended. The floral tributes included the following: Philo, husband and son; gates a-lair, brothers and sisters; spray, Miss Edna Watson; Mrs. Hannah and Annie Burkholder; Miss Epps; wreath, Mr. and Mrs. Wm. Heckard and Emma Bartis; sprays, Mr. and Mrs. J. A. Watton, Mr. and Mrs. B. Sharpe, Evelyn Rispin, Mr. and Mrs. B. Sharpe, Miss May Wood, Lansford Women's Institute, Mr. and Mrs. Boydton, Mr. and Mrs. Madden and Walter, Mr. and Mrs. Harry Cook, Mr. and Mrs. E. J.

TRUE BLUES HELD ANNUAL PICNIC Over One Hundred Present, Including Guests From Galt and Paris

About 100 members of the Loyal True Blues from Galt, Paris and Brantford held their annual picnic Saturday afternoon and evening in Mohawk Park. A very pleasant time was spent in games, etc. A baseball match between members of Galt and Brantford boys was won by Brantford, 17-15.

Girls' race 4 to 6 years, 1st, Doris Stuart, Brantford, Helens Norwood, Galt; Margaret Graydon, Brantford. Girls' race 8 to 12 years, Margaret Whetta, Galt; Lydia Davidson, Brantford.

Boys' race, 8 to 12 years, Bert Spooner, Galt, Kenney McCauley, Brantford. Young Men's race, 100 yds., W. Graydon, Brantford; J. Clark, W. Woodwood, Galt.

Married ladies race, Mrs. E. Fenwick, Miss A. Cochrane, Miss M. Hobson, Galt. Married ladies race, Mrs. Smith, Galt; Mrs. Graydon, Mrs. Smale, Brantford. Ladies' 3 legged race won by Mrs. H. Vansickle and Mrs. Campbell, Paris.

A special prize was given Mr. A. Ling of Galt, who with Mr. H. Fielden, Brantford, and Mr. J. Moss, Galt, had charge of the sports.

PERSONAL

Major S. H. and Mrs. Powell of Niagara Camp were week-end visitors in the city. Mrs. R. Powell of Belleville was a week-end visitor at the home of her son, Mr. J. A. Powell, Marlboro street.

Mrs. J. Buskard and the Misses Clara McIntosh, Margaret Kirby

and May Buskard are holidaying at Port Stanley. Mrs. Jas. F. Golden and baby have returned from a two-months' visit to Racine, Wis., accompanied by Mrs. Jack Golden, of Racine. Miss Gertrude T. Connell was a week-end visitor among friends in Kitchener.

Mrs. Ella Rand of the city clerk's department left today on her mid-summer vacation. Dr. C. H. Sander spent the week end at Preston, where Mrs. Sander and son, Ralph, will remain for another week.

Mr. and Mrs. J. W. Cartwright, of Milton West, announce the engagement of their only daughter, Gertrude Mary, to Mr. W. H. Thresher, organist, of Park Baptist church. The marriage is to take place in August at Hamilton.

Mr. A. M. Overholt, of Sarnia, the new Principal of the Collegiate Institute, has taken the former residence of Dr. Eckel on Brant Ave.

A rumor. A rumor was current today that Rev. Mr. Brown might reconsider his decision to resign from the First Baptist Church. When questioned by The Courier he stated that he had nothing to say.

MUSIC every evening at Russell's. The most cool and comfortable place in town.

LUDENDORFF HAS OUSTED, HINDENBURG

Latter May Be Dead, or May Have Been Removed From Office

By Courier Leased Wire Paris, July 20. (Havas Agency). -General Ludendorff, who up till July 17, had borne the title of quartermaster-general of the German army, has received in a German official statement the title of chief of the general staff. The newspaper points out that the title belonged to Field Marshal von Hindenburg and wonders what has become of him.

Reports have been current during the past two or three months that Field Marshal von Hindenburg was ill. Reports recently stated that he had died. There is some doubt, however, that this last report is true. Late in June it was said he had become involved in a controversy with other German commanders relative to the German offensive on the western front. On July 12 it was reported that his duties had been taken by General Ludendorff because he was ill and unable to participate in the work at headquarters.

Nature's Sweet Restorer. What is the secret of M. Clemenceau's youth? The sobriety of his habits, his Spartan way of life, is partly responsible; but the fresh and eager interest of his mind is more powerful still. He has the precious faculty of Sarah Bernhardt and Napoleon of sleeping at any instant. The fatigue of any journey is relieved by his recreative power, and even a short motor ride affords a few moments of complete repose, a truce in his vast activities. Even when the Allied conferences are being held at Versailles, he sleeps a while after lunch. And from his steat he arises a new man. -Atlantic

FRIGHTFULNESS AGAIN BROUGHT TO U.S. SHORES

German Sea Wolf Which Appeared Yesterday Off the hulled Vessels Without ce For Their Lives

By Courier Leased Wire Washington, July 22. -In contrast to the tactics adopted by the submarines which last raided American waters, the German sea wolf, which appeared yesterday off the Massachusetts coast, torpedoed and shelled vessels without giving the crews opportunity to seek safety in small boats. This fact was accepted in some quarters as indicating that the Germans were undertaking to bring their campaign of "frightfulness" direct home to America in the hope of shaking the morale of the nation. That this attempt would have no more success than the raid of last May and June was the firm conviction of official Washington. Reappearance of submarines in American waters was not unexpected after the finding of foreign-made

mines off the Long Island coast last week. The presence of the sea raider was not accepted by naval officials as proof that it was a torpedo that sank the armored cruiser San Diego off Fire Island last Friday - a possible loss of life of 62 lives. Most officials held the theory that a mine had destroyed the cruiser. In their opinion the submarine strewed mines in the transatlantic ship lane east of New York in the hope of destroying transports bound to Europe with American troops. Thus far, there has been nothing to indicate that more than one submarine is conducting the present raid. Steps to deal with the new raid have already been taken by the navy department, and coast patrols and seaplanes are hunting out the submarine.

CRUISER SAN DIEGO SUNK BY SUBMARINE

Little Doubt Exists at Washington, Though Proof is Lacking

NO U-BOAT WAS SEEN

Washington, July 20. -Belief that the Cruiser San Diego was sunk by a torpedo is expressed in a dispatch from the Chief of Staff of cruiser forces to the Navy Department. The dispatch follows: "The captain of the San Diego reports that he is inclined to the belief that the ship was sunk by torpedoes. There are no conclusive factors, however, on which to base a definite opinion at present in view of the following circumstances: (1) No torpedo was seen. (2) No convincing evidence that periscope was seen. (3) No submarine appeared in spite of the fact that three unarmored rescue ships were in the vicinity for about two hours. (4) Ship was struck on port side about at beam, which discourages mine theory. (5) Weather was fine; smooth sea. Some of the survivors who were landed at the point of Woods were sure that a submarine had been seen and destroyed the undersea craft, but an officer and most of the other sailors said that no submarines had been seen. Varying statements have been made as to the loss of life. Some sailors said that many were killed and others hurt in the two explosions, but word all escaped death or injuries by this cause had been received. The sailors landed from the tanker later were taken to the Brooklyn navy yard where requests for information were referred to the Navy Department at Washington.

Within a few seconds after the first explosion, the cruiser, according to the sailors, opened fire with several guns at objects which were seen rapidly and disappeared fifteen minutes after the first explosion. It went down so rapidly, according to survivors that hundreds of the crew did not have time to get to boats and were forced to plunge over the rails into the water where they clung to improvised rafts until picked up by lifeboats. All agreed that the discipline on board the warship was magnificent. The quartermaster, according to survivors, remained at his post until it was too late to save himself or be saved and calmly saluted hundreds of his comrades as he went down with the ship. A jackie climbed the mast and rescued the cruiser's colors. The flag carefully preserved was brought ashore in one of the small boats at Point of Woods. Immediately after the accident, great naval activity was observable which seemed to strengthen the report that the San Diego had been the victim of an attack by a U-boat. Destroyers, patrol boats and had planes were reported to be taking part in what seems to be a search for undersea craft. Sounds of heavy firing at sea were heard by residents at various points on Long Island last night. Reports were in circulation that other ships had been attacked, but there has been no verification of these rumors.

LESS OPPOSITION TO MILITARY ACT

The decision of the Supreme Court of Canada dismissing the Grey habeas corpus case promises to dispose of the great bulk of the opposition which has developed locally to the enforcement of the recent order-in-Council cancelling the exemptions of all men from 20 to 22 years of age. The Grey case was considered in the nature of a test, and in practically all the hundred cases which are scheduled to come up at Osgoode Hall before Chief Justice Mlock on Thursday are similar. If the local court decides to be bound by the higher court, which is customary, it means that the bulk of Thursday's hearings will have been decided by decision announced in the Grey case, though any variations in the claims of the hundred, as already set forward, will be considered on their individual merits, and not in bulk. In the meantime the authorities will reward the decision of the Supreme Court as final, and all the men who have applied for writs of habeas corpus, will proceed to France in drafts when their turn comes.

THE DESTROYER SINKS SUB.

By Courier Leased Wire. Bulletin, London, July 22. -The British destroyer Marne has sunk a German submarine, says an official statement to-day by the British admiralty.

STEAMER FLOATED.

By Courier Leased Wire. Ottawa, July 22. -The chief press censor announced to-day that the steamer Siberian Prince, which went ashore at Lawrencetown, 15 miles east of Halifax, during a heavy fog on July 2, has been floated and is now safely docked. The damage was slight.

TORONTO MAIL WORKERS QUIT

No Delivery Up To Ten This Morning - Sorters Join the Strike

Toronto, July 22. -Up to 10 o'clock there has been no delivery of mail in Toronto. None of the carriers on their routes and it is reported the sorters have also quit work. In Winnipeg Also, Winnipeg, July 22. -Winnipeg letter carriers went on strike at 7 o'clock this morning. Over 300 postmen are idle here and will continue on strike unless some satisfactory arrangements are made upon a meeting to be held to-day. Not Likely to Last.

Ottawa, July 22. -Strikes of mail carriers in Toronto and Winnipeg are expected here to be of short duration. According to a statement made to Canadian Press, Limited, by Hon. P. E. Blondin, Postmaster-General, this morning, the Government had acceded to the main request of the men in regard to bonus and that only two questions remain for settlement: 1. The appointment of a board of arbitration to decide on all questions which have arisen. 2. Definite promise by the Government of further increases next session.

The bonus granted amounts in all to \$200 per annum, one-half of this being a renewal of last year's bonus. In regard to the question of arbitration, it is indicated here that there is not much likelihood of such a course being adopted, and that the men in regard to bonus. Further, it is felt that the granting of bonus removes the principal question in dispute. However, according to the latest advices received by the Postoffice Department, the men are holding meetings to-night when the position will again be discussed. It will also be taken up at a meeting of the cabinet council called for this afternoon.

WORK PROGRESSING.

Work is progressing at a rapid rate on the Erie avenue pavement. The west side of the car track is expected to be completed by to-night.

OBITUARY

MRS. C. NIXON A sudden death occurred in the hospital this morning, when Mrs. Nixon, beloved wife of Charles Nixon, 82 West street, passed away after a short illness. In addition to her husband she leaves one son, overseas. The funeral arrangements are not yet complete.

WM. HOLLOWAY The death occurred yesterday morning of an old resident of the city, in the person of William Holloway, aged 82 years. He is survived by a widow, one daughter, Susanna at home, and three sons, Richard, of Alberta and William and James, overseas. The funeral arrangements are not yet complete.

MRS. GRISWOLD A sudden death took place near Cainsville last evening, when Mrs. Griswold of Norwich expired of heart failure while walking near the river. She had suffered from the disease for some time. The deceased, who was 75 years of age, had made her home with her son, Harvey Griswold, of Cainsville, since the death of her husband some two months ago. She leaves to mourn her loss four sons and four daughters.

Meallable Team Again At Head of City League

Defeated Motor Trucks Saturday, While Cordage Lowered Verity's Colors in Eight Inning Encounter—Two Games of Fairly Good Calibre.

The unexpected happened in the city league on Saturday afternoon when the Cordage team, loaded for bear, took the league leaders, Verity's Plowmakers, into camp and administered a 5-4 defeat, while Pratt and Letchworth's beat the Motor Trucks 6-3, and thereby jumped back into first place. Verity's displayed a complete reversal of form from that which they have evinced during the past few weeks, and proved easy picking for the Cordage team jammed in the box for the latter team toyed with his opponents almost throughout, allowing only five safe hits, while Pratt and Letchworth's also had considerable on the ball, fanning no less than twelve men in 8 innings, but his team mates gave him poor support, the game went eight innings, as the score was tied three all, at the end of the seventh. The Cordage scored twice in the 8th, and by dint of an eleventh hour rally the Plowmakers succeeded in showing one run across the plate, but were unable to notch the equalizing tally. Price, on second base for the Cordage, played a stellar game, garnering four safe hits in as many times at bat, and accepting 9 feinting chances faultlessly.

Pratt and Letchworth took the lead over the Motor Trucks in the second inning, scoring three runs, and adding three more in the fourth. The muniton men did all their scoring in the sixth, but could equal only half of the Meallable's total, Cook, twirling for the winners, yielded only four hits, although one of these was a circuit clout, by Huff, and another, a triple by Symons. Although the feilding was ragged in both games, the afternoon's sport was of a better variety than has been the rule, and was enjoyed by a fair gathering of fans. The scores:

Pratt and Letchworth		A.B.R.H.P.O.A.E.				
Powell, c.	3	1	2	4	0	0
Slattery, 2b.	4	1	1	1	1	0

is modest but resolute. The operations of the National Council are being loyally supported by officers and men.

Important operations occurred on July 4, in the broken country five to eight southward of Nikolajevsk. The battle front was three miles long. Two thousand Czecho-Slovaks were opposed by an indefinite number of Magyar sailors and Bolsheviks, who placed machine guns be-

hind villagers and factory hands and thrust them into the trenches to fight the Czecho-Slovaks. The battle lasted eight hours. The Czecho-Slovak losses were 43 men killed and 250 wounded. The enemy's losses are not known. Among the thousand prisoners taken are 600 Magyars.

James Trotter, who, for 40 years conducted a jewelry business in Galt died in his 67th year.

CANADIAN CASUALTIES

Ottawa, July 22.—To-day's list of 50 casualties, reports one killed in action, one died of wounds, five dead, four prisoners of war, 24 gassed, 193,481 M. Moulton, Port Egan.

The list for western Ontario: Infantry. Prisoners of War: Lieut. A. C. Dean, Chatham; 644826 F. G. M. Hewitt, Midland, Ont. Gassed—193,481 M. Moulton, Port Egan. Joe Passmore, the only son of William Passmore, of Beaverton, was drowned in Lake Simcoe.

THE NEW CLOTHING SITUATION

The Clothing Market has been radically affected by the war.

This advertisement is to explain what the conditions have been and what they are to-day so you can see why clothing prices have advanced.

War demands must be met. Our own army and the new American army must have wool for uniforms, shirts, underclothing and blankets. And that wool must be made into cloth which is keeping every loom in the country at maximum capacity to supply the demand.

This summer the outfitting of new drafts and re-outfitting of the men already there is the problem of the nation. Nearly every woolen mill is on Government work.

How has this affected civilian clothes?

The demand for such increased quantities has strained every conceivable source of supply and has sent the prices soaring.

The increased cost of clothing to-day is due to the increased cost of wool and the increased cost of labor going into the manufacture of wool and of finished garments.

Is there going to be inadequate supply of clothing for civilian use?

We do not believe so. The whole situation resolves itself into the question of raw material, shipping, and into manufacturing.

More wool is being grown, and ships are being built, but labor shortage has and will continue to be a serious handicap.

This does not mean you will go cold; it means you must be considerate. Buy only the clothes you actually need. This is the spirit behind the request of the Government when it says, "Do not hoard."

So much for conditions. What about Scotland Woolen Mills Clothing?

Three years we sold our clothing for \$15, no more, no less. During the war we have been forced to raise to \$18, no more, no less, and now we have been forced to raise our prices to \$25, \$30 and \$35.

Our policy behind our clothing is to supply the public with stylish, serviceable garments at a reasonable price. This policy works harder for you to-day than ever before. At prices never considered unreasonable for a good suit or overcoat you can secure the Scotland Woolen Mills' clothing with our guarantee behind it.

The price increase from season to season does not tempt you to hoard. You will practice intelligent economy. You will make both sides of your dollar count when you wear Scotland Woolen Mills clothing.

CHOLERA BREAKS OUT IN MOSCOW

Plague Sweeps Russ Capital, Claiming Hundreds of Victims

VLADIVOSTOCK QUIET

Bulletin, London, July 20.—Cholera has broken out in Moscow, according to a Russian wireless message received here to-day. Within the past 24 hours the message says there have been registered in Moscow 24 known cholera cases, 78 suspected cholera cases and 26 cases of stomach disease.

The dispatch says that so far as known 120 cases of cholera have occurred in the Province of Petrograd.

Vladivostok, Monday July 8 (By the Associated Press)—Vladivostok is quiet. The Czecho-Slovaks are assuming responsibility for order here, though recognizing the municipality and county governments. The assistance of all Russian factions in their operations against the Austro-Germans and Red Guards who are opposed to their progress is being refused by the Czecho-Slovaks. It is believed the Red Guards movements are directed by officers of the Central Powers. The destruction of railroad bridges on this side of the Ural Mountains wrecked are now being repaired.

The so-called Siberian Government is not supported by Czecho-Slovaks. Americans here say the evidence in hand shows that Germany is preparing to disorganize Siberian communication. They think the situation is serious.

The attitude of the Czecho-Slovaks is modest but resolute. The operations of the National Council are being loyally supported by officers and men.

That Son-in-Law of Pa's (By Wellington.)

Pa proves that Cedric is an exception.

DEPUTATION TO WASHINGTON TO INTERCEDE FOR BASEBALL

**Audience is Sought
With Wilson to
Explain Game's
Position — Blame
Placed on Pres. Ban
Johnson**

New York, July 22.—In spite of Ban Johnson's edict to close all American League parks after yesterday's games, the Highlanders will play St. Louis at the Polo Grounds this afternoon, and the Boston Red Sox and Washington Clubs will also ignore Johnson's orders and play today. It is also expected that Cleveland will play in Philadelphia as scheduled, as yesterday's second game in Cleveland was cut short so that the players could catch a train back to Shibe Park.

To-day is an open date in the National League, with the exception of the Boston game at Pittsburgh, Cincinnati and Chicago were to have played off two postponed games in a double-header this afternoon, but the games were called off by President Herrmann of the Cincinnati club. There is no intention however to cancel any regularly scheduled games at this time, and Matty's Reds plan to open their next Eastern campaign in Boston on Wednesday.

Johnson's Isolated Position
President Johnson seems to be alone in his wish to close the baseball parks before an effort is made to fill up the ranks with other players. The action of the clubs is in direct violation of his orders. The various clubs would like to continue if it is possible to collect enough players to fill out the ranks of their clubs.

The Kilties will play to-day and Tuesday, and on Wednesday there is an open date in the American League. President Jacob Ruppert and Secretary Harry Sparrow, went to Cleveland last night to attend to-day's conference of the American

League. President Ruppert said that he would not make any statement about the future of the league until after the league meeting. It is known, however, that Johnson's wish to close the parks will meet with strong opposition from the club owners.

It is the disposition of the National League to continue the league race with new teams made up of players under and over the draft age, but Johnson opposes this suggestion from the older league. If it is possible to get the National League presidents together they will hold a meeting in Pittsburgh Tuesday, but if not they will gather in the city on Wednesday.

Cause of Non-co-ordination
The lack of harmony between Johnson and the National League is believed to be an aftermath of the Scott-Perry case, over which the National Commission split. There has been no indication, however, of details pointed out yesterday, that there would be any objection to continuing the game with players who are not in the draft.

While many of the players who come under the Work or Fight verdict have not yet been called by their boards and probably will not be until their turn comes, the clubs have little chance of holding their players because they are all anxious to get into essential employment before they are called.

The American Association closed its season yesterday with double-headers played in four cities, and President Thomas J. Hickey award-

ed the pennant to Kansas City. This action followed a meeting of the club owners in Chicago. They expect to keep their parks closed for the period of the war.

Griffith Would Hang On
Washington, July 22.—Manager Griffith of the Washington American League team said yesterday that the team would continue the season as long as it had players enough and as long as there were other teams playing. The only Washington players so far affected by the work or fight order are Almsmith and Judge.

Enough at Cleveland
Cleveland, O., July 22.—President Jas. C. Dunn of the Cleveland American League Club yesterday sent the following message to Cleveland from Chicago. "We will play a double header with Philadelphia to-morrow, and will then close the ball park for the balance of the season. It is our desire to comply promptly with Secretary Baker's ruling on baseball."

Prompt action on the part of Ottawa Government to prosecute violation of the Industrial Disputes Act is rumored. The purpose is to avoid lockouts or strikes.

Fuel Commissioner Wm. O'Donnell, of Stratford, is having an examination of the people's cellars so as to make the coal rationing effective.

The Kingston Trades and Labor Council has gone on record as favoring the fixing by the Government of prices on commodities sold in Canada.

TWO ARRESTED AT BALTIMORE

Fisher of Toronto, and Parnham of Birds Abuse Umpire Pfirman

Baltimore, July 21.—Sunday baseball was given a black-eye here today when "Rube" Parnham of the Orioles and Fred Fisher of the Leafs were arrested and charged with disorderly conduct. They were taken to a police station and released for a hearing to-morrow upon each depositing \$15.

Neither Parnham nor Fisher was given time to show Umpire Pfirman in the eighth inning of the game, which the Baltimoreans lost, 5 to 3. With Purtell at bat, Parnham and some of the Orioles thought the Canuck swung at a close ball. Pfirman was surrounded immediately and during the argument Parnham shoved the umpire. Then the police escorted Parnham off the field.

"Red" Fisher's Offence.
With Fisher up, Mason pitching, two out and two on, the Leafs objected to a called third strike. As Fisher started for the visitors' bench

The Balance of Trade

Advertising's Responsibility for its Adverse Condition

"Trade follows the Flag" the economists used to tell us.

"Trade follows the Advertising" is the truer and more modern version.

The advertising of yesterday is responsible for a share of the unfavorable trade balance which Canada has in the United States today—the advertising of the American manufacturer which has enabled him to capture a big slice of the Canadian market.

It would be inconceivable, of course, even without advertising, that two peoples living on each side of an invisible boundary line for three thousand miles, speaking the same language, with the same habits, commercial and personal, should not trade with each other. Add to this the fact that this invisible boundary line is pierced by scores of railways and other transportation lines. Put on top, the acknowledged

leadership of the one people in the field of specialized and intensive manufacturing—and cap the climax by the fact that the more numerous, the richer, and the more highly specialized people are the greatest advertisers in the other country.

Is it any wonder that the trade balance swings heavily towards the American side of the international line?

Tariffs will not balance geography, transportation facilities and good and needed merchandise—plus ADVERTISING

Canada has no world balance against her. Canada is selling more than she is buying. Canada has changed since 1914 from a debtor to a creditor nation, but today Great Britain is running a "charge" account in Canada. She will pay her bill after the War, and so this country has not now the gold to pay the United States for the difference between her sales, which amounted to \$230,616,230.00, and her purchases of \$664,219,653.00 in the fiscal year ending March 31st, 1917. That's where the unfavorable trade balance comes in. That's why your Canadian money, or credit, is marked down 2 per cent the minute it crosses the international line.

War Boards may establish their edicts and by artificial restrictions may rectify the situation to some extent, but the people and the manufacturers have a remedy greater in effect than the authority and power of any War Board.

"Buy my goods because they are made in Canada" alone won't win the favor of the Canadian to goods of home manufacture. There must be something more. Even producing goods of like quality and price won't do. The public must know about both the quality and the price. Advertising is the great aid which the Canadian manufacturer needs today—advertising in the newspapers of the territory in which his goods are sold. He likely will find the trail blazed by some American competitor in the same line.

Now while the war is on, and there is no sign of peace—now while the world's master minds are peering into the future to discern the things to come—now when all business, all manufacturing, all trade, is confronted with evolution—which may mean revolution—now is the time for the Canadian manufacturer to win the Canadian people by showing that his goods have other virtues besides being "Made in Canada."

Of course, you can't take care of orders ahead. Of course, you're short of labor and raw materials. Things will change, labor and materials will be in plenty, selling will come back to the basis of perhaps more severe competition than before, and the article which the people have learned to know by name, and are accustomed to use, will be the one they will stick to, and buy, and use, in the days when evolution—or revolution—will come to Canadian business.

And advertising will do more than build your business. It will build your country. It will encourage your countrymen to buy more of their country's products. It will reduce your country's foreign debit balance. For your country, after all, is only the aggregation of yourself and the rest of us. Advertising to-day is therefore the business and the patriotic duty of the Canadian manufacturer and distributor.

he shoved the umpire. The police again were called upon to form an escort.

The trio of tallies the Leafs got in the sixth was a gift. With two out and the bases loaded, Clark dropped Purtell's high fly just as he reached the edge of the infield. This was responsible for a pair of markers, and Onslow's infield hit produced the third. Herche opened the session by hitting to left. Then Reilly went out to Whalen. Parnham developed a wild streak, and Wagner walked. Mulvey made a sensational catch of Callahan's drive near the right field fence for the second out. Lear teased Parnham for another pass, filling the bases.

Instead of Graham taking Purtell's fly or someone telling him to, Clark came tearing in and tried to make the catch. He got the ball in his hands, but then dropped it. Herche and Wagner counted and Lear reached third. Purtell stole

second while Parnham had the ball. Onslow's drive was stopped by Lawry, but the runner beat the throw and Lear counted. Mogan ended the nightmare by flying to Mulvey.

Where the Leafs Win.

The Canucks put the game on ice in the eighth. Parnham couldn't locate the plate for Wagner, who drew his second straight pass. Callahan sacrificed and Lear drove his team-mate home with a long triple to right centre. Purtell hit a grounder to Graham, who tried for Lear at the plate, but the play wasn't even close. He should have tossed out the batter. Onslow then filed to Whalen. Mogan hit to left and Fisher struck out.

Herche filled the bases in the ninth, but the Orioles couldn't score. To make the situation more ticklish, Mulvey fouled out to Howley with three balls and two strikes.

COBB LAUNCHES DRIVE TO REACH 400 BATTING MARK
Leads the American League With Average of .387 This Week

GROH IN NATIONAL
By Courier Leased Wire.
Chicago, July 20.—Helme Groh, Cincinnati, infielder, continued to fatten his batting average during the week in leading in the National League with .368, according to averages released to-day and including games of last Wednesday. Groh now leads his nearest rival, J. C. Smith, of Boston, by 44 points. Charles Hollocher, Chicago, who is appearing in major league company for the first season, is in third place. Max Carey, the fleet-footed Pittsburgh outfielder, continues to lead the league in stolen bases with 40 and Burns of New York maintained his lead in scoring honors, having registered 55 times. Roush of Cincinnati, with 19 sacrifice hits is ahead in this division, while Cruise, his team mate, holds the home run honors with six to his credit.
Cincinnati leads Chicago by one point in team batting with a mark of .271 while New York is one point ahead of Chicago in team fielding with a mark of .971. Leading batters who have played in 35 or more games: Groh, Cincinnati, .368; J. C. Smith, Boston, .322; Hollocher, Chicago, .321; Daubert, Brooklyn, .318; Merkle, Chicago, .315; Trough, Cincinnati, .309; Chase, Cincinnati, .306; C. Wheat, Brooklyn, .306; Johnson, Brooklyn, .306; Bigbee, Pittsburgh, .301.
Such a pace has been set with the bat of Tyrus Cobb, American League batting champion, that at the present rate his batting average will touch the 400 mark before the season ends. The Detroit man has been climbing each week since he struck his gait and boosted his mark 16 points in his last six games. This week he is hitting .387, according to averages released to-day, which include games of last Wednesday. Sieler of St. Louis maintained his lead of five over Cobb in the stolen base department. Sieler's string now is 32 to Cobb's 27. Cobb, however, pushed well ahead in the run scoring column and has a total of sixty runs to his credit. "Babe" Ruth of Boston was pounding out triples during the week, but his mark of 11 home runs remains high. Shean of Boston increased his lead in sacrifice hitting 24. St. Louis tied New York for team hitting with a mark of .262. Boston continued to lead in team fielding with an average of .971. Leading batters who have participated in 35 or more games, are: Cobb, Detroit, .387; Burns, Philadelphia, .344; Sieler, St. Louis, .339; Ruth, Boston, .322; Baker, New York, .322; Graney, Cleveland, .313.

Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!
Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.
Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Rippling Rhymes

The Surprise Party.
Said Kaiser Karl, "My soldiers, hold, I know you're mighty bold; I'm not surprised your feet are cold, since you've no grab to swallow. Our Austria is short of pies, it's stripped of kraut and bacon; there's not enough to draw the flies—It's bare and Gottfussen. But Italy has food to burn, beyond those Alpine craters! The winnerwurst for which you yearn, the prunes and sweet potatoes; You know how Kaiser Wilhelm went and swiped the Russians' hamper. Go, scale the Alps with fell intent, with glowing zeal and ardor! Italians are an easy mark; they'll all stampede together; get at 'em, and skiet now dark, will let in sunny weather." His troops took him at his word (the hint could not be broader), their famished gins began to howl, and started out for food. They thought to find a Russia there, disorganized and rattled, and they would strip the cupboard bare when for a day they halted. But Italy was on her toes, with lust for fight aqiver; she climbed all up and down the fies, and chased them in the river. Survivors of the hosts of Karl fell home, too sick to utter, to scrape again the empty bar! and hunt bones in the gutter.

CATARRH LEADS TO CONSUMPTION

Catarrh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It breaks down the general health, weakens the lung tissues, and leads to consumption.
Hood's Garsaparilla is so successful in the treatment of catarrh that it is known as the best remedy for this disease. It purifies the blood. Ask your druggist for it.

BRANTFORD BEAT A.M.C. OF LONDON

Local Cricketers Won From the Visitors 69-28 on Saturday

SOME GOOD BOWLING

On Saturday last on the O. S. B. grounds under ideal weather conditions, the Brantford Cricket Club played the A.M.C. team of London a fine game of cricket. At 2.40 p.m. the game started in progress. W. Walsh, and Scattergood going in first. The game had not been long started when W. Walsh was bowled and had to retire with 2 runs to his credit, the first wicket falling for 11 runs. J. Thompson came next, he making 10 runs. Scattergood also made 10. C. Smith being the highest scorer for Brantford with 25. The visitors only making 13 runs between them. Captain Elliott was disappointed at having to retire with only 1 run to his credit, he being caught out by Lilleyman, although it was a question whether the ball had not first struck the ground previous to the latter catching it. Umpire Chamberlain did not see the incident and appealed to the A.M.C. umpire, who declared Elliott out. One of the Brantford's old stand-bys, Serret, Winward, of the 2nd C.O.R.'s, was playing, but was soon out for 2 runs. Brantford's innings ended with 69 runs, after having been in progress for about an hour. The A.M.C. team next went to bat and they were a most disappointed team. Had it not been for Stabler making 20 runs they would not have reached double figures, as it was their wickets fell sharp and fast through the fine bowling of the locals. Chas. Smith taking 7 wickets for 17 runs, the last 2 overs being bowled by him without a single run being scored, but 3 wickets fell to his credit during that time. He certainly was in good form and deserves great credit for the able manner in which he officiated, both as bowler and batter. Wyse took the remainder of the 3 wickets with only 15 runs scored against him. He also made a fine showing, and Brantford would have missed him very much if he had not been on hand. The A.M.C. undoubtedly came to win, as they had been in a game this season until Saturday when the Telephone City certainly showed them that it was possible for them to meet with reverses. After their innings had been in progress 50 minutes they were all out for only 28 runs. Brantford thereby were declared victorious by a win of 41 runs. The locals are practicing on Tuesday, Thursday and Friday to get into shape for the match with Hamilton on Saturday next. The old veteran, Tom Chamberlain, could not have officiated better, as umpire. Possibly it was because the match fell on his birthday and he felt good. The scores are as follows:

Brantford C. O.	
W. Walsh, b. Stabler	3
F. Scattergood, b. Arundel	10
J. Thompson, b. Stabler	10
F. Wyse, c. and b. Arundel	8
G. Whitwill, b. Stabler	2
Chas. Smith, not out	25
Serret, Winward, b. Stabler	2
Geo. Elliott, c. Lilleyman, b. Stabler	1
L. Elliott, c. Lilleyman, b. Stabler	0
A. Bees, c. Ledger, b. Stabler	0
G. Hambleton, c. Whitehead, b. Lloyd	7

IT STOPPED MY SUFFERING

Said Mrs. Jaynes, Speaking of Lydia E. Pinkham's Vegetable Compound.

Anderson, S. C.—"I got into an awful condition with what the doctors said was an organic displacement. I would have pains so badly that they would have to get hot clothes on me and give me morphine. The doctor said I would never be any better again. I was in a desperate condition and I would never have my children without it. I knew what your medicine would do for me, so I gave you a trial. I did so and it made me a well woman and the next September I gave birth to a healthy baby boy."
—Mrs. SALLIE JAYNES, 27 Lyon St., Anderson, S. C.

The letters which we are constantly publishing from women in every section of this country prove beyond question the merit of this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound.

WORTH MORE THAN GOLD, SHE DECLARES

Mrs. Trimble Was Nearly Helpless Before She Took Tanlac

"If I could talk personally with everybody who has rheumatism I would certainly tell them to take Tanlac, for I have tried it and it was worth more than gold to me," said Mrs. Rebecca Trimble of 53 Victoria Ave., Eastview, Ottawa, recently. Mrs. Trimble has been a resident of Ottawa for the past twenty-four years and is highly esteemed by all who know her.
"Only those afflicted the same way," Mrs. Trimble continued, "can understand the torturing I have suffered for the past two years with rheumatism. My hips and legs troubled me most, but sometimes the pain would extend around to the small of my back. It was just a constant, terrible aching that seemed to go clean to the bone, and was so severe at times it would sicken me. At times my limbs would swell up twice their natural size, and the muscles would draw up until they felt like they were tied in knots. I couldn't sleep over at all and if I dropped anything I had to get someone to pick it up for me. From last February until May I was so crippled up that I couldn't get out of the house and could just barely hobble around. Sometimes I suffered so I would go several nights without getting a wink of sleep. Nothing relieved me and I sometimes felt that I would never recover."
"I had gotten to where I had little faith in anything to help me, and I didn't believe much of what I read about Tanlac, but I was in so much misery I finally made up my mind to try it. Well, that was one of the best things I ever did. I am on my fourth bottle now and am truly grateful for the relief it has brought me. The swelling is almost gone out of my limbs and the pain is so much less that I hardly notice it any more. My appetite is much better and I don't feel tired out all the time. I am now able to do my housework and was out yesterday working in my garden. I have never taken a medicine that can compare with Tanlac and anyone suffering as I did will do well to try it."
Tanlac is sold in Brantford by Robertson Drug Store, in Paris by Apps Ltd., in Mt. Vernon by A. Yeomans, in Middleport by William Peedle, in Onondaga by Nell McPhaden.

RAISE WAGES OF POSTMEN

Postmaster and President of Union Believes Strike is Off

HOLD MEETING TODAY

Men Getting Less Than \$1.200 Are Offered \$3 Increase

Toronto, July 22.—The Toronto postmen's strike is expected to be of short duration. Indications are that the men will accept the latest offer of the Postoffice Department, which is a meeting this morning and return to work immediately. Postmaster W. B. Lemon is waiting the decision of the men at this morning's meeting before taking any steps to have mail delivered should the strike continue.
Deputy Postmaster-General Coulter of Ottawa yesterday communicated with both Mr. Lemon and Mr. McMorde, Secretary of the Federated Association of Letter Carriers. He made an offer applicable to postmen with dependents. It is that men receiving less than \$1,200 a year, shall at once receive an increase of \$150 per annum, and men receiving between \$1,200 and \$1,500 shall receive a \$100 increase. No mention is made of provision for temporary or single men. The failure of the Government to make the offer applicable to the latter class of employees is believed to be the only matter which the men will discuss this morning.
Postmaster-General Senator Dion also communicated with the association yesterday and asked the postmen to accept the above offer temporarily. He promised that within two weeks the Cabinet would be called together and the whole question of salaries settled.
Meeting This Morning.
In view of the decision of the men on Friday night to not report for duty this morning it was impossible for the officers of the union to take

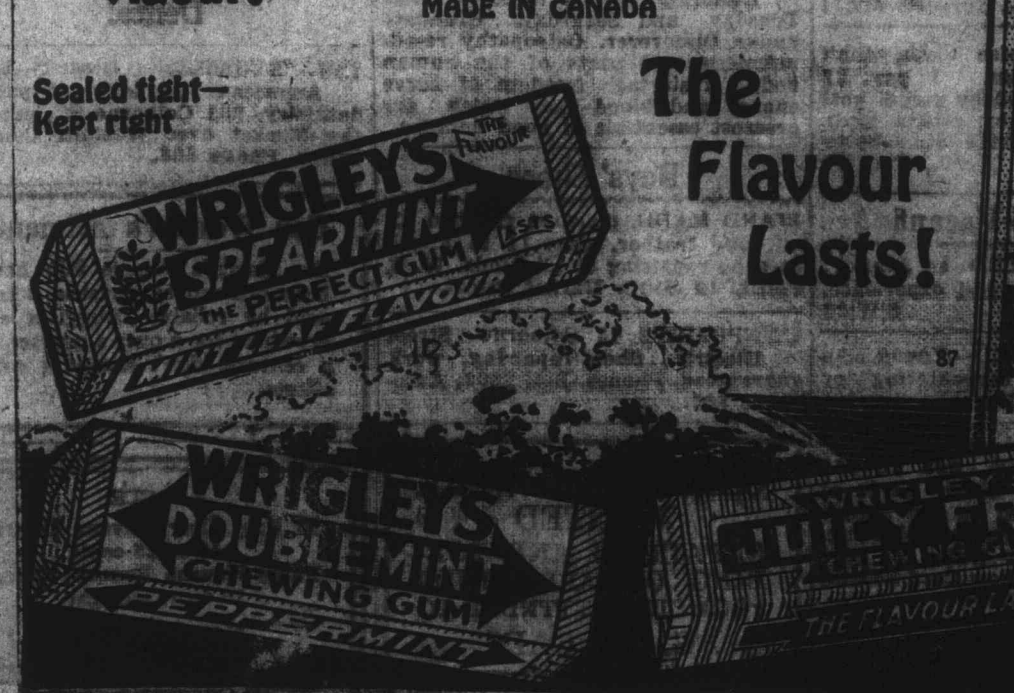

the responsibility of accepting the Government's offer. After a conference last night between officials of the Toronto branch of the Union, it was decided that when the men report at 7 o'clock this morning at the several sub-postoffices they will be instructed to attend a meeting at once in the Sons of England Hall, 758 Richmond street east.
The postmen are asking that the minimum salary be raised to \$1,400, and the maximum to \$1,400 a year. At present they are receiving \$930 a year. Mr. James R. Cuthbertson, President of the Toronto Branch of the Federation, told the press last night. The \$150 increase promised by the Department yesterday would raise the salary to \$1,080.
President is Hopeful.
Mr. Cuthbertson said that the offer would be submitted to the men this morning. He seemed hopeful that the men would return to work, although he emphasized that the decision rested entirely with the postmen. If the offer made yesterday is accepted, and the terms arrived at by the Cabinet two weeks hence are not satisfactory, "they

may look out for us again," Mr. Cuthbertson said. The men, he said, have agreed to stand by the temporary men on the staff.
Alexander Gott, a well-known farmer of Painscourt, near Chatham, owes from effects of a paralytic stroke.

Every 10 Packets of
WILSON'S FLY PADS
WILL KILL MORE FLIES THAN \$2.00 WORTH OF ANY STICKY FLY CATCHER.
