## CITIZENS MEETING HELD TUESDAY

A meeting called by Mayor Russell on behalf of the business men, in the Town Hall on Tuesday evening was not as largely attended by the citizens as the purpose of the meeting warranted.

The meeting opened at 8.30, His Worship presided, and George M. Lake was appointed secretary.

The chairman explained that the meeting was called to talk matters of vital importance to the town.

Reference was made to the opportunity afforded to bring the Town of Newcastle to the attention of the Tourists and former citizens. This year being the hundredth anniversary of the rebuilding of the town after the notable Miramichi fire.

Rev. W. J. Bate, Ald. D. S. Creaghan, D. P. Doyle, Stafford Anderson and C. E. Fish took part in the discussion after which a committee composed of Mayor Russell, Ald. D. S. Creaghan and Ald. W. F. Smallwood was appointed to look into the matter and report at next meeting, setting forth the facilities of Newcastle as an industrial and tourist centre.

## Maritime Doctors In Dominion Medical Register

Results of Canadian Medical Council examinations were announced Friday. The following physicians will now have their names placed in the Dominion Medical Register:

Doctors G. Bruce, Shelburne; A. Jarke, Newcastle; J. Cruikshanks, Saint John West; G. Eaton, Truro; R. Roach, Tatamagouche, N. S.; J. Robertson, Halifax; C. Thompson, North Sydney, N. S.; D. Thurber, Millerton, N. B.

## PRESBYTERIAN SERVICES HELD IN CHATHAM

The continuing Presbyterians of Chatham held regular services at 11 a. m. and 7 p. m. last Sunday in the Masonic Hall, with Rev. F. G. Mackintosh the preacher. The congregations at both services were large and those who were present expressed satisfaction. Rev. Mr. Mackintosh at the morning service spoke of sin, of righteousness and of judgment. In the evening his text was "I am not ashamed of the Gospel of Christ."

Prefacing his sermon in the morning Mr. Mackintosh drew attention to the fact that the Presbyterian Church was a democratic church, guaranteeing the freedom of the individual and a church not to be coerced by any combination or clergy.

The pulpit platform was decorated with a beautiful display of flowers, the gift of Mrs. L. J. Tweedie, Mrs.

## Town Topics

Tid-bits on the Tip of Everybody's Tongue

Vol. 2 No 27 NEWCASTLE, N. B. JULY 7 1925 FREE

### New Chocolates

Four additions to the XXX Line! One, and English Fruit Cakes, famous for its name sake, though a confection throughout, not a biscuit. One a daring departure—Banana Cubes. Successful, too, most will say.

Molasses Taffy and Cream Brazil Centres complete the new quartette.

The only time tried favorites remain. New friends are added. Every day orders for Wedding Cakes are coming in and some of the most elaborate, the most striking effects are being worked out for those that order early enough.

## HARKINS HIGH SCHOOL CLOSING

With the Assembly hall of the Harkins' Academy crowded to overflowing, the annual graduation exercises were held Monday evening the principal, Mr. J. H. Barnett, presiding. There were nineteen graduates, fourteen girls and five boys. The Methodist orchestra participated in the program, the various musical members being much appreciated. Rev. A. W. Brown addressed the graduates and his subject was a thoughtful one. Mayor Russell and Dr. Robert Nicholson also addressed the audience and were heartily applauded. Both Miss Eleanor Ball in her song "Misses Maude Quartermain and Mary Crocker in a duet and Miss Mary Crocker in a reading, had to respond to encores.

Miss Helen Tozer in her class prophecy, foretold the future of the graduates and she was listened to with much interest.

Miss Edith Gulliver was the valedictorian, and she rendered an eloquent and impressive farewell to Alma Mater, fellow pupils, parents and teachers.

The stage was tastefully decorated for the occasion and presented a pleasing appearance when entering the Assembly hall.

Mrs. David Ritchie, Regent presented the I. O. O. E prizes for British History to the winners, Arnold Fogan, Grade VIII and Ambury Jarvis, Grade VII, both pupils of Miss Bessie Creamer.

Little Edith Belyea and Roxanne Troy presented the bouquets to the girl graduates.

After the program was concluded a reception and banquet was tendered the graduates and their friends, the teachers of the Academy acting as hostesses. The graduating class of Chatham High School attended the reception as invited guests.

The graduates of the 1925 class are as follows:

George Russell Allison, Elsie Doris Anderson, Richard Gordon Anderson, Daniel Dickison Ashford, Emma Beulah Beers, Ruth Isabel Bishop, Annie Bertha Copp, Ralph Edward Croft, Viola May Dutcher, Catherine Isabella Falconer, Edith Edna Gulliver, Martha Elizabeth Hill, Elizabeth Marion Jardine, John Richard Keating, Margaret Isabel McKay, Hannah, Margaret Miller, Margaret Isabel Stables, Helen Margaret Tozer, Cora Elizabeth Weldon.

Thomas Guy presided at the piano at both services. In the evening Mr. Guy rendered a beautiful tenor solo. The singing at both services was of a hearty congregational nature and was led by a volunteer choir. Presbyterians from Millerton, Loggieville, Napan, Chatham Head, Newcastle, Douglastown and Ferry Road were in attendance.

## TENNIS CLUB EN- TERTAINS VISITORS

The Newcastle Tennis Club entertained the Moncton City Club here on the holiday. Play started at 10.30 but before any events were completed a heavy downpour of rain put a stop to the play. In the afternoon the visitors were entertained with bridge in the Town Hall. With a good deal of work two of the courts were made available for play after tea and the following sets were run off:—

Ladies' Singles  
Miss A. Milligan (M) won from Miss L. Manny (N) 6-2.

Men's Singles  
R. F. Cotter (N) won from R. Allen (M) 6-0.

Men's Doubles  
D. McNaughton and R. Teed (M) won from S. V. Sisson and R. Clark (N) 6-3.

W. Creaghan and J. P. Wood (M) won from J. A. Creaghan and F. Dunn (N) 6-2.

G. Lunast and D. R. Hunter (M) won from Petrie and H. Atkinson (N) 6-2.

Mixed Doubles  
Miss G. Smith and H. Whitford (M) won from Mrs. F. Ball and C. Dickison 6-5.

Miss M. McCurdy and R. F. Cotter (N) won from Miss White and E. Alward 6-2.

Miss Jean Jardine and P. R. Giberon (N) won from Mrs. Allen and A. Taylor (M) 6-2.

On account of the short time available for play only one set was played in each event instead of the customary best two out of three. Five events went to Moncton and three to Newcastle.

In the evening a dance was held in the Town Hall which was thoroughly enjoyed and the visitors left for home in the wee hours of the morning after extending an invitation to the Newcastle Club for a return match at an early date.

## PROTEST AGAINST GRADE VIII EXAM.

If Questions Outside Course Will Be Eliminated, Department Says

FREDERICTON, June 26—Four questions on the paper in Latin which conclude the High School entrance examinations in New Brunswick today were not in the work prescribed for Grade VIII, according to a protest which was filed with Dr. W. S. Carter chief superintendent of education today.

Twelve points out of 50 allowed for the paper, in the nature of a bonus are for questions based on the Grade IX course instead of the Grade VIII course. The Department of Education is looking into the matter and will rectify the error by allowing the remainder of the paper to count for the full 50 marks.

## Passes Amendment To Elections Act

Reduction in the time between nomination day and polling day in the Federal elections was made by the Commons at Ottawa, last week, after considerable opposition had been offered to the measure submitted as an amendment to the Elections Act.

On a standing vote, the section of the bill reducing the time between nomination and polling from 14 to seven days carried by 60 to 48.

# Harkins Academy Grading List

# PAINS IN BACK AND SIDES

## Ended by Taking Lydia E. Pinkham's Vegetable Compound

**Fussler, Sask.**—"For two or three days every so often I would have such pains in my back and sides that I could not do anything—could not even lie quietly in bed, and my head ached, too. I was this way about three years, but was worse after I was married. I was on a farm with not a house nearer than five miles and there was not a person to advise me, as my folks live in Manitoba. My sister-in-law told me about Lydia E. Pinkham's Vegetable Compound and told me to try it. I took her advice and have been thankful for it ever since. After taking the medicine for three months I can say it has helped me a lot and I am doing fine. I am glad to recommend the Vegetable Compound to others and you may publish my testimonial."—Mrs. HELEN BALANOFF, Fustler, Saskatchewan.

Often some slight trouble will cause a general upset of the system. Such symptoms as nervousness, painful times, irregularity, backache and headache indicate some form of female weakness. Women so bothered should give Lydia E. Pinkham's Vegetable Compound a trial. This dependable medicine has helped thousands of women and it is reasonable to expect that it will help you. Try it today. Your druggist sells this medicine.

**Miss Craig's Dept.**  
Promoted to Grade III—(alphabetically)—Joseph Arsenault, George Bowser, William Corbett, William Cobb, Leonard Daly, Morrissy Daly, John Gillis, Florence Kethro, Earle Murray, Elsie Maltby, William McKay, Mary Price, Elmer Taylor, Perley Tracy-Gould, Roberta White, Donald Whelan.

**Promoted to Grade II—**Annie Bell, Keary Creighton, Norman Collette, Helen Delano, Frederick Delano, Robert Dalton, Morrissy Doran, Clarence Falconer, Lillian Green, Ina Geikie, Margaret Gough, Arthur Gremley, Frank Hogan, Robie Hanscum, Sydney Hanscum, Inez Jarvis, Lurena McDonald, Norman McIvor, Vincent McMahon, Lillian Maltby, Mabel Maltby, Carmel Millar, Muriel Millar, Jack Murray, Thomas Morris, Archibald Mullin, Alvin O'Donnell, Willa Theriault, Alfred Weldon.

**Miss Hill's Dept.**  
Promoted from Grade I to Grade II—(in order of merit)—(Eleanor Stothart, Sadie Harriman), (Ned Amy, Jackie Foran), (Doris Brander, Lorna Harris, Leo Muzerall), (Jacqueline Troy, James Chambers), (Raymond Morrison, Doreen Cassidy, Geo. Graham) Edmund Savoy, (George Richardson, Edith Jardine, Billy Hill, Douglas Arsenault, Joseph Godin) (Evelyn Fogan, David Mutch, Robt. Matheson, Mary Wiliston, John Manderson) (Peter Savoy, Annie Graham) (Ivy Hogbin, Percy Obey) (Billy Savoy, Christina Martineau, Olga Watling), George Johnson, Vincent, Stewart, Marion Creighton, (Ressa Chapman, Leo Fallon), Arthur Kameasman, Luke LaTulippe, Mary Williams, Herbert Davidson, Louise Lawrence, Pat Fenelon, Nicholas Mitchell, Harry Obey, Ralph Glover.

**Perfect Attendance for year—**  
Lorna Harris.

**Grade IV—**Sadie Mullin, John Keys, Vincent Tozer, Inez McLean, Ernest Boyle, Cecilia McLean, Charles McLean.

## In Loving Memory

OF  
**Walter Wilmot Mahoney**  
Who died July 8th, 1924, Aged 14 Yrs. (ACROSTIC)

Walter dearest, fare you well,  
Adieu until we meet again,  
Living now where angels dwell,  
Time's troubles past and all its pain,  
Eternal rest in thine today,  
Rest in that land so far away.

When life is past, its trials o'er,  
In joy we'll meet upon that shore,  
Life's labors done, we hope to meet,  
Most dear, to part then nevermore,  
O dearest boy, in joy complete,  
There in high heaven, in rapture sweet  
Memory shall ever fondly dwell,  
Around your name these lines entwine,  
Happy are those who say farewell,  
O happier than those they leave behind  
Now fare thee well, beloved boy,  
Your life now crowned with purest joy.

7-9-24 **MOTHER**

# Will Succeed Hon. Dr. Pugsley

Ottawa, July 2—The appointment by the government of James Friel, K. C. of Moncton, N. B., as commissioner to investigate Canadian claims for indemnity against Germany was officially announced here tonight. Mr. Friel will continue the work carried on by the late Hon. William Pugsley before his death.

# Barnjum Says He Will Build A Paper Mill

Annapolis Royal, N. S., July 2—Frank J. D. Barnjum, victorious Conservative candidate for Queens county in last week's general provincial elections, reiterated his pre-election promise that he would build a pulp mill in Nova Scotia, when speaking at declaration proceedings here today. He said: "I want to say to the people of Nova Scotia that I am going to build a paper mill in Nova Scotia that will provide a market for every cord of wood that is now being exported by the farmers of this province."

# Red Hot July Days Hard On The Bap

July—The month of oppressive heat; red hot days and sweltering nights; is extremely hard on little ones. Diarrhoea, dysentery, colic and cholera infantum carry off thousands of precious little lives every summer. The mother must be constantly on her guard to prevent these troubles, or if they come on suddenly to fight them. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach, and an occasional dose given to the well child will prevent summer complaint, or if the trouble does come on suddenly will banish it.

They are sold by medicine dealers or by mail at 25c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**Behind every package of MORSE'S TEAS there is over Fifty Years of Tea Blending Experience.**

# STILL LOWER

Prices On Firestone Tires

# Riding in Canadian Rockies: A Growing Summer Diversion

Albert H. MacCarthy, will return in time to report to the Alpine Club. Lake O'Hara has been painted by the late John Singer Sargent and by Carl Rungius and Richard M. Kimbel, the two latter are New York artists and members of the artist colony that summers at Banff. Lake O'Hara threatens to rival Lake Louise whose close neighbor it is.

The Alpine Club's main objective this year is to climb Mt. Goodwin, the highest peak visible from the Canadian Pacific Railway, and the ascent will be made from a sub-camp.

Last year's initial Pow-Wow of the Trail Riders of the Canadian Rockies was held in Yoho Valley near Field, B. C. Two days of trail riding and social gathering in a big lodge in the evenings were enjoyed by more than 300 members and novices, the latter qualifying for membership, one of the requirements of which is to have ridden fifty miles over Canadian Rockies' trails. Dr. Charles D. Wallace of the Smithsonian Institution at Washington, D. C., is the honorary president of the Trail Riders' order.

Several hundred trail riders are expected to take part in this year's meeting, which will be held Aug. 2-10 inclusive. The start will be from Banff and Lake Louise by motor to Marble Canyon where the horses and guides will be in waiting for the three days' ride. Program is as follows: first night, tent camp on Goodwin Plateau, 6,500 feet above the valley; second night, tent camp on the shore of Lake O'Hara, rivalling Lake Louise in beauty, but of a wilder type; third night, Tigi Camp beside Lake Wapta and Pow-Wow held in Sun Dance Lodge. There will be a sing-song each night in camp.

Riders must bring either a sleeping bag or two warm blankets. A change of underwear and warm coat or mackinaw for the hours around the camp fire, is all the equipment that is necessary. No grips will be accepted. One pack horse for each three riders. A word of caution, unless one is prepared to rough it he should not ride; but if one delights in the feel of a saddle and pony, he, or she, may be a Trail Rider.

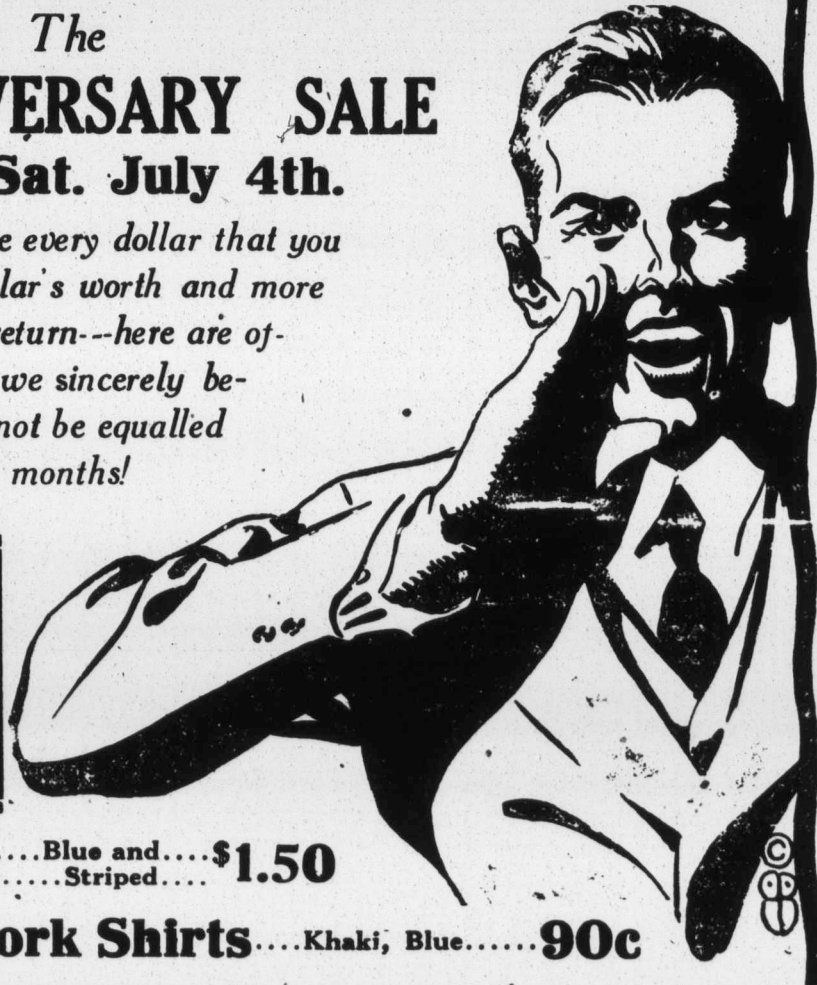

The Rocky mountains Guide Association, if this territory, with the guides at Banff, is looking after arrangements for horses and riders.

STATES SHOULD PAY  
DEBTS TO BRITAIN

London, June 29—The non-payment of some of the Southern States of \$60,000,000 borrowed from British bondholders is made the subject of caustic editorial comment in the Morning Post. The Post bases its attack on a statement in the annual report of the Corporation of Foreign Bondholders just issued:

The council regretted to report that while the Government of the United States during the past year has devoted much attention to the payment of obligations incurred by its Allies in the Great War, no steps have been taken by defaulting states of the Union to recognize or pay their debts.

The Post reminds its readers that these loans were not contracted by the Southern States to fight the federal government but for industrial purposes before or after the Civil War.

"As Americans are now so righteous in these matters and incidentally so rich, we might venture to suggest that it hardly accords with their reputation for higher morality to persist in this default, and as we are paying our big debt to them they should pay their little debt to us."

COOLIDGE HOPES  
TO CUT TAXES  
BY \$400,000,000

Estimates based upon the latest returns from the June 15 tax payments, received by President Coolidge from the Treasury officials, indicate that the surplus for the fiscal year ending Tuesday will run nearer \$250,000,000 than the \$200,000,000 estimated in previous figures furnished to him and used in his speech before the business organization of the Government last Monday.

President Coolidge now feels confident that if the expenditures of the Government are kept down to the lowest figures consistent with efficiency, and the next Congress revises the postal rates to overcome the present deficiency, he can make good his desires to bring about a \$400,000,000 tax reduction in the next Congress.

This is the chief policy—reduction of taxation, to include the scaling down of the surtaxes to 25 percent and a possible decrease in the present normal tax of 2 percent—now before President Coolidge. He believes that he can do nothing of more service to the country than to force down taxes, for, in his opinion, this permit business to expand and will afford needed relief to the masses. He has issued instructions that the actual surplus at the end of the fiscal year shall be furnished to him without delay.

Earl and Lady Haig Continue  
Their Journey to West

Will Stop in Leading Cities En Route to Victoria, B. C.  
---Travel in President Beatty's Car--- Both Earl and Lady Haig Addressed Ottawa Women's Canadian Club.

Ottawa, July 4—Field Marshal Earl Haig and Countess Haig have left on their journey to Vancouver, by special train over the Canadian Pacific Railway. The Field Marshal who has been attending the conference of the British Empire Service League here, had dinner on Thursday with the Prime Minister, Right Honorable Mackenzie King, at Laurier House, and came directly to the train. Earl Haig and the Countess were accompanied to the train by the Premier and by Right Hon. G. P. Graham, Minister of Railways and Mrs. Graham. In spite of the lateness of the hour, there were a large number of ex-service men and other citizens down to say farewell to the former commander-in-chief of the Empire's forces in the Great War. The car occupied by the Earl and Countess Haig on the special was the Killarney, the private car of the President of the C.P.R., E. W. Beatty, the same car as was used by the Prince of Wales on his last trip in Canada. G. A. MacGill accompanied the train as the representative of President Beatty.

The first stop will be at Kenora, where Earl Haig will spend a couple of days and from there he goes to Winnipeg, and then to Regina and Calgary. The party will spend a day or two at Banff and will afterwards proceed to Victoria, returning thence to Vancouver.

With the Field Marshal on the special train there left also for the West thirty of the delegates to the British Empire Service League, who

are returning to their homes in the West.

The suggestion that a women's division be formed in conjunction with the Empire Service League was made by Field Marshal Earl Haig when he spoke to the Ottawa Women's Canadian Club at luncheon in the Chateau Laurier. The Earl and Countess Haig spoke briefly to an audience of 300, one of the largest gatherings of club members held in some years.

"While England owes a deep debt of gratitude to the boys who fought for her, it is to the mothers of the Empire who sent their sons that the greatest tribute should be paid." These were the words of Earl Haig who gave highest praise to the splendid spirit of the Canadian boys in the Great War. The desire to form one organization for the best purposes of all parts of the Empire was evident in Canada, and the need of such organizations as the Canadian Club was very great.

"My heart is so full, just from the reception you have given my husband and myself," Lady Haig said. "Now I turn to the work done by our women during the war. Lady Haig continued. I feel sure it is such as was done in England. I have had a good deal of experience myself of various work, and I know to gain real success they can only accomplish it by working entirely in co-operation with the men. Unity amongst the women as well as the men is the only chance of helping those one wants to. And what an example our men gave us."

Thieves Make A  
Haul From St.  
Peter's in Rome

Rome, July 5—The treasury of St. Peter's repository of the Vatican's priceless collection of religious and historical relics and artistic treasures was violated Friday night when thieves broke into its second room and escaped with a number of irreplaceable objects, estimated to have a money value of from one to three million lire.

The criminals worked carefully, used gloves and left no finger prints. The police have made seven arrests including four painters and two laborers who have worked in St. Peter's and another laborer, Giovanni Bellini, who slept in a room near the scene of the crime. Bellini denies any knowledge of the theft. He says he slept undisturbed Friday night. Nearby residents say they saw three prowlers and heard an automobile during the night.

The thieves were manifestly well acquainted with the treasury and apparently had made careful preparations for the robbery. They forced the door of a store-room adjoining the treasury and then entered one of the chambers where objects precious to the church have been gathered. After leisurely ransacking the room and selecting as booty half a dozen objects that could easily be carried away the thieves made their escape leaving behind a rope ladder electric torches and burglar tools used in their audacious crime.

The stolen objects included an extremely valuable ring set with sapphires and diamonds which is placed upon the finger of the statue of St. Peter in the basilica upon certain occasions, a golden mass given to St. Peter by Cardinal Mercurio Del Val, a golden cross presented by King Alfonso of Spain, a golden cross set with emeralds given by the Republic of Columbia, a golden cross presented by Cardinal Della Volpe, a silver vessel ornamented with diamonds which belonged to Pope Pius IX.

NO DOUBT THAT  
CANADA IS BEST

During the last few years we have heard a great deal about the prosperity of the United States and the hardships of Canadians, and particularly of the Canadian farmer.

There certainly is no denying the fact that Canadian agriculture received a serious body blow with the reaction and the deflation of 1920, but we sometimes forget that farmers of other countries suffered equally if not more seriously from the same readjustment. It is quite true that we have had to take much lower prices for our agricultural products during the last few years than we have had to pay for articles needed by the farmer; and it is also true that taxation is burdensome and that we are badly over-governed. It is also true that the commercial activities and the wealth of the United States has attracted some thousands of Canadians to that country in search of work, whereas immigration to Canada has not been of sufficient magnitude to satisfy the majority of us. But on the other hand when thinking of these things we are apt to forget that this is still a country where it is possible to produce more foodstuffs per man than in almost any other country in the world; that our products are sold in competition with the products of countries where land is much higher in price than in Canada; that our standard of living is as high as in any other country in the world; that the educational facilities in Canada are the equal of any other country in the world; that the climate of Canada taken as a whole is the equal of any other country in the world; that we are associated with the greatest empire that the world has ever known; and that the Canadian people, French, English, Irish and Scotch are the finest people the world ever.

There are some who have tried leaving Canada and who have come back, especially from the United States, feeling that they made a mis-

French Canada Celebrates Its History  
June 24th of every year is the great day of the French-Canadian. In every city and every hamlet of Quebec Province and in the cities and centres of the New England States and in those parts of Ontario and the West where he has migrated St. Jean Baptiste Day is never overlooked. It is well that it should be so and it introduces into Canada an Old-World seventeenth century atmosphere that Canadians as a whole could ill afford to lose, either artistically or historically. Our pictures show some interesting features taken from floats exhibited on this occasion. There is the heroic 17th century farmer defending gun in hand his crops which his father and women folk are reaping. The children on their way to school watch the housewife baking her bread in the old-fashioned oven which is still in extensive use in Quebec Province. The making of maple sugar, an industry developed from the researches of Dr. Sarrasin in 1685, is yet another popular float which always figures in the celebrations.

Silk Hosiery  
We handle HOLEPROOF HOSEIERY Exclusively—because we consider it the best value on the market to-day  
Two Lines at \$1.00  
One, a pure thread Silk plated over artificial silk, ribbed top and full fashioned—Canada's biggest selling Hose.  
Another, a Fibre Silk, a heavy weight Hose with ribbed top—unequaled for long wear  
Our \$1.75 line is the best Pure Thread Silk Hose on the market to-day.

take. Most of them, we believe, have been those who had only been in this country a short time and who, therefore, were not in a position to appreciate the advantages which Canada can offer. Land is what we have in greatest plenty in this country and it is land, therefore, that should be developed most intensively. In the meantime we need rather to boost Canada than to complain about the hard times that war made inevitable. At least we can endeavor to strike the happy medium of constructive criticism, where we feel that criticism is just.

Mrs. Coolidge Had  
Narrow Escape In  
Swampscott, Mass  
Swampscott, Mass, July 3—Mrs. Coolidge, wife of the President, narrowly escaped being run down by a squad of fast moving Massachusetts motor police as they entered the White Court this morning.  
Mrs. Coolidge had just been photographed by George W. Hill, Jr. a New York Times photographer. The photographer saw the motor police approaching at a high speed and called to Mrs. Coolidge and the secret service man, James Haley, to lean aside. This they did and escaped serious injury and probable death. The first police car slid thirty feet before it was brought to a standstill.  
Mrs. Coolidge was very nervous after she had landed on the grass four feet off the roadway. She still carried a bunch of flowers which she had gathered in her morning walk. She thanked Mr. Hill and did not criticize the officer in charge of the motor police. An investigation made by Acting Chief of Police Lahan. He says that the r were wrong in not ordering to at the gate.

steadily larger tonight as firemen dug deeper into the mass of wreckage left by the crash.

At midnight 39 bodies had been recovered, 29 of which had been identified. No one knew how many more might be found. Sixteen persons were in hospitals, four of them seriously hurt. Seven of those identified were women.

Among the bodies recovered tonight was that of Police Inspector Benjamin Alexander. He was believed to have been in the club looking for a member of the underworld wanted by the authorities.

Vandals took advantage of the almost frantic search for bodies tonight to attempt to loot a part of the club's coatroom that was left standing. One man, William Robinson of Malden, was shot in the arm by the police and three others were arrested.

THE ADVOCATE

### Half Year Report Of Failures

Like the returns for the first quarter, the insolvency statistics for the second quarter of 1925 show a larger number of commercial failures in the United States, but smaller liabilities than were reported to R. G. Dun & Co., during the corresponding three months of last year. Numbering 5,451 and having an indebtedness of \$110,916,670, defaults in the quarter recently ended compare with 5,969 for \$128,481,780 in the first quarter and with 5,180 failures for \$10,594,388 in the second quarter of 1924. In point of number, defaults for the second quarter of the current year are 9.5 percent below those for the first quarter, but are 6.3 per cent in excess of the total for the second quarter of last year. The comparison as

### WEDDINGS

**BRIGGS—REGAN**

The marriage of Miss Margaret Josephine Regan, daughter of Mrs. Mary Regan of Newcastle, to Mr. Allan Arthur Briggs, of Chatham, was solemnized in St. Mary's Church Wednesday morning at seven o'clock by Rev. P. W. Dixon, who also celebrated the Nuptial Mass. The bride was gowned in blue poiret twill with blue satin hat. Miss Mildred Vickers was bridesmaid and she wore a suit of blue with hat to match. Mr. Hubert Black was best man.

Many valuable gifts of silver, cut glass and linen were received which testify to the high esteem in which the couple were held. The bride was an employee of the N. B. Telephone Co. the staff of which, presented her with a beautiful China Tea Set.

They left for Fredericton by motor on a honeymoon trip and on their return will reside in Newcastle.

### PERSONALS

W. V. Creaghan, of Moncton, spent the holiday at his home in Newcastle.

Mr. Percy Pedolin, of Ingersoll, Ont., is visiting his sisters the Misses Pedolin.

Mrs. W. R. Cummings of Montreal is the guest of Mr. and Mrs. Alward Grocker, Millerton.

Leonard Sugrue of St. John, is spending a few weeks with his cousin, Kenneth Brown.

Mrs. George Masson and little son of Moncton, spent the week-end with relatives in town.

Mrs. Robt. Astles of Chatham, spent the week-end with her sister Mrs. Roy Dickison.

Mrs. James Herbert, and daughter Mame, of Bangor, Maine, are visiting Mr. and Mrs. Wm. Condon.

Mrs. E. C. Mullin and little daughter Janie, have returned from Redbank, where they spent the past week.

Clarence E. Jones, of Bathurst, spent Dominion Day with his aunt Mrs. Wm. Corbett, Pleasant street.

Miss May Morrison, of Arundel, P. Q. is the guest of her aunt, Mrs. George McConnell, Derby Junction.

Mr. Leslie Allen of Moncton, spent the week-end in town the guest of his parents Mr. and Mrs. A. C. Allen.

Miss Gwen Belyea of the Ladies' college teaching staff, Steakon, Me., is spending her vacation at her home here.

Mr. and Mrs. L. A. Morrison and little son of Dorchester, Mass., is visiting relatives in Newcastle and Trout Brook.

Mr. and Mrs. P. J. Dunn motored from Montreal last week, accompanied by Mr. and Mrs. E. J. Crotte of Bethel, Vermont.

Mrs. Bart Higgins and little son, Harry, of New York is visiting her parents, Mr. and Mrs. Harry Grey, of Douglastown.

Mrs. J. J. Barron of Moncton, was called to Newcastle last week, owing to the serious illness of her father, J. G. Kefiro.

Miss Katherine Maltby and Katharine Mutch left Monday for Sackville to attend the summer school for six weeks.

Miss Katherine Foran of the city hospital Jersey City, N. Y., is spending a month's vacation with her mother, Mrs. John Foran.

Mr. and Mrs. Roy Creamer of St. Stephen, spent the week-end with the former's parents, Mr. and Mrs. Edward Creamer.

Rev. L. H. and Mrs. MacLean, Mrs. O. Nicholson, Mrs. R. N. Nicholson, Mrs. W. F. Copp, Mrs. James Stab-

### OBITUARY

**JAMES PARK**

The death of James Park took place at his home Monday afternoon, June 29th, at Millerton, N. B. after a short illness of heart trouble. Deceased was 68 years of age, and is survived by his widow and one grandson, Earl McGregor, who has made his home with them. The funeral took place on Wednesday afternoon at Presbyterian cemetery, Millerton.

**MRS. NATHANIEL JORDAN**

The death of Annie, wife of Nathaniel Jordan, occurred on July 3rd, at the age of 65 years, after an illness of 15 months. Mrs. Jordan was a life long resident of North Esk. Boom, a member of Presbyterian Church, Whitney, and a daughter of the late Mr. and Mrs. Neil Morrison. She is survived by her husband and two sons, Morrison and Harold at home, one brother John also at home, and one granddaughter Margaret. The funeral was held on Sunday at 2 p. m. Services were conducted at home and the grave by Rev. Wm. Girdwood. Interment in the family lot at St. James Cemetery Newcastle. A large number attended showing respect to one who was well known and highly respected. Mrs. Jordan will long be remembered as a friend of the poor and needy, so sympathetic and willing to extend a helping hand, that perhaps the highest tribute we can pay her is to say we miss her.

The pallbearers were six friends: John McColm, Albert Hutchison, Donald MacTavish, Charles Jardine, Gregory Dunnett and Fred Dalton.

The floral offerings were beautiful and as follows:

Broken Circle-Whitney W. M. S. Wreath-Mr. and Mrs. Albert Hutchison and family.

Wreath-Mr. and Mrs. John A. Good fellow.

Spray-Mr. and Mrs. Thomas Loraine.

Spray-George Loraine.

Spray-Elsie Lorraine.

Bouquet-Mrs. Harriet McLeod.

Cut Flowers-From Mrs. Mann, Mrs. Alfred Baisley, Mrs. Justus Mckay and Mrs. James Brander Jr.

Bell and Co.-Undertakers.

### WILL LIST COUNTRY HOMES FOR TOURISTS

People having desirable homes in country districts, or at seaside places who are offering accommodation for Summer visitors or tourists, are asked to send in their names to the General Passenger Dept. of the Canadian National Railways at Moncton. It is the wish of the Railway that a full list of such places be kept on hand for the information of travellers and they are asking the co-operation of the public, especially those who desire Summer boarders. It is felt that throughout the Maritime Provinces there are many houses where very desirable board could be secured and there is an ever growing patronage awaiting for the farmer who can offer such accommodation. Those interested are invited to send in their names along with some particulars of the accommodation offered, such as location, number of rooms, rates, etc., to the Railway and they will list systematically for the hotel and boarding house guide books published by the Railway.

25-2

### N. B. Brokers Ltd. Had Made Assignment

New Brunswick Brokers, Ltd., with head office in Fredericton has made an assignment to Ernest A. MacKay, official receiver. This assignment according to report has been expected for some time. The total deficiency is stated as \$18,907.32 total liabilities being \$20,321.55 and total assets \$1,414.23. The unsecured liabilities amount to \$18,863.06. de L. Clements was manager of this company. The failure is due to operations in the potato market last summer to a large extent, potatoes being contracted for at a price which the market failed to reach. A custodian has not yet been named.

Many creditors of the company are farmers in York County, Millville, Maple Ridge, Burt's Corner, Bear Island and Lower Southampton are some of the places where contracts were made. Maugerville and Oromocto in Sunbury County also are concerned as well as places as far distant as St. Francis, Me., Campbellton and Havelock.

### NATURE'S WARNINGS

#### Danger Signals That Everyone Should Take Seriously

Pain is one of Nature's warnings that something is wrong with the body. Indigestion, for instance, is characterized by pains in the stomach and often about the heart; rheumatism by sharp pains in the limbs and joints; headaches are a sign that the nerves or stomach are out of order. In some ailments, such as anemia pain is not so prominent. In this case Nature's warning take the form of pallor, breathlessness after slight exertion, palpitation of the heart, and loss of appetite. Whatever form these warnings take, wise people will not ignore the fact that many diseases have their origin in poor blood, and that when the blood is enriched the trouble disappears. Dr. Williams' Pink Pills are most helpful in such cases because they purify and build up the blood to its normal strength. In this way it tones up the nerves, restores the appetite and gives perfect health. Miss Hazel Bernat, of Arnprior, Ont., has proved the great value of this medicine and says:—"I am a young girl and have been working in a factory for the past four years. For two years I had been in such poor health that at times I could not work. I was thin and pale, and troubled with headaches and fainting spells. I doctored nearly all this time but it did not help me. My mother advised me to take Dr. Williams' Pink Pills, and after using them for a while I could notice an improvement in my condition. I used nine boxes and can truthfully say that my health is restored. When I began taking the pills I weighed 97 pounds and now I weigh 114. I feel that I owe my good health to Dr. Williams' Pink Pills and hope other ailing people will give them a fair trial."

You can get these pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

to liabilities is favorable there being decreases of 13.7 and 7.6 per cent respectively, from the figures for the first quarter of this year and the second quarter of 1924. The indebtedness for the last three months is in fact, less than the amounts for the second quarter of all years since 1920.

The statement for June, with 1,745 failures for \$36,701,496 shows fewer defaults than in any previous month this year and the smallest liabilities of all months since last November except March. The June statistics compare with 1,767 failures in May and in that period the indebtedness slightly exceeded \$7,000,000, the average default being \$20,954 against \$21,032 in June. During June, 1924, only 1,987 failures were reported to R. G. Dun & Co., and the liabilities were \$34,029,031, or \$2,602,465 below the present total. For six months ending with June, defaults numbering 11,420, contrast with 10,785 for the first half of 1924, but this year's indebtedness of \$289,398,490 is much below the \$304,459,959 of last year.

### N. B. Potato Men May Lose Market

That New Brunswick was in danger of losing valuable markets for its large potato surplus unless something was done to ensure greater care in harvesting, storing and loading, was the warning given by Geo. E. McIntosh, fruit commissioner for Canada.

The most important export market for Maritime potatoes was Cuba, stated Mr. McIntosh, and yet this market has been abused by the forwarding by growers and shippers of cargoes showing considerable waste from dry and soft rot, caused by mechanical injury through careless handling. Mr. McIntosh pointed out that potatoes affected with deterioration of this nature had no place in grades offered for sale in Canada under the Root-Vegetable Act and were a serious menace to the reputation of this product on domestic and export markets. The situation required quick remedial measures if present markets were to be preserved.

The Department of Agriculture, he intimated, could not be continually intervening in troubles of this nature; and the future of the potato industry rested entirely on the growers and dealers themselves.

#### THE SENATE JUSTIFIED

The Senate has justified its existence during the recent session as never before. It saved the country three million dollars in its amendment to the Home Bank bill and its savings in other directions are estimated at ten million dollars more. As the Senate costs little more than a million a year for sessional indemnities and contingencies. It has saved enough in the Home Bank bill alone to pay all running expenses for six years and in other ways for twenty years more. A year ago Premier King was breathing threatenings against the Senate but finding it would be unpopular in the country to curtail the powers of the Upper House his Senate reforms like many others he has made, resulted in nothing.

### Fall Elections Are Subject Of Talk In Ottawa

The question of a general election during the coming fall is receiving close attention these days from the King Government and the pros and cons are being discussed. It is understood that several of the western ministers, chiefly Hon. Charles Stewart, Minister of the Interior, and the Hon. W. R. Motherwell, Minister of Agriculture, are in favor of a general election on the ground that after the sweep made by Premier Dunning in Saskatchewan the opportunity for the Government and their allies is good and should be taken advantage of as soon as possible. On the other hand the ministers from the Maritime Provinces, Hon. E. M. MacDonald, Minister of National Defence, and the Hon. Arthur Copp, Secretary of State, are not in favor of an election, as they feel that after the result in Nova Scotia the prospects federally are not good.

The ministers and members from the Province of Quebec, however, are indifferent as to the date of the election this year or next year, as they are feeling confident that Quebec will return a majority of Liberals. The ministers from Ontario are inclined to side with the ministers from the Maritime Provinces and hold off until next year. In any case an election could not take place until the middle or end of October. The chief electoral officer requires 30 days at least before the date of dissolution is announced to make certain preparations and 45 days after dissolution is the minimum time allowed by the Election Act for holding an election. This means a total of 75 days, or two months and a half, and it is likely that more time than this will be required.

It is significant that the Prime Minister has asked the members

of his cabinet not to leave the capital for the next two weeks. He, himself does not intend to spend more than a couple of days at Kingsmere and it is believed here that the matter of a general election is receiving close attention from the Prime Minister and his colleagues, and it is believed that a decision must be reached within the next few weeks if any election is to be reached in the coming fall.

A series of daily cabinet councils will be held during the next two weeks, as many matters are to be disposed of. An audit board and a tariff board will have to be appointed, and besides there are eight vacancies in the Senate to be filled. There is also a vacancy on the Board of Railway Commissioners which will be filled from the Province of Quebec. There is also an interesting rumor to the effect that the vacancy in the Senate from Alberta will be filled by the appointment of the Hon. Frank Oliver, at present a member of the Board of Railway Commissioners, and that his place on the board will be taken by Mr. Justice Turgeon, of Alberta who recently conducted the grain investigation. There are several judges to be appointed, notably one in Montreal caused by the death of Mr. Justice MacLennan, and it is stated here on good authority that Mr. Andrew McMaster, member of Parliament for Brome County, has the refusal of this appointment. At the next election, Mr. McMaster will not have a constituency owing to redistribution, and it is understood that the Government has offered him the vacant judgeship. It is said here that Mr. McMaster will not accept the judgeship, and that he will retire altogether from political life, resuming his law practice in Montreal.

### "CASUALTIES" IN LETTERS AND PARCELS

How "casualties" in letters and parcels can be greatly minimized was the subject of an address by U. S. Postmaster General Harry S. New. Mr. New told how 800,000 parcels and 21,000,000 letters went astray during the last year. The sale of orphaned packages brought \$120,000 to the post office, which also turned over to the Government \$65,523.96 in cash removed from misdirected letters or found loose in the mails.

"Postage stamps," said Mr. New, "were removed from letters or found loose in the mails last year, with a value of almost the entire revenue of the postal service in 1924, or more than enough to pay a U. S. Senator's yearly salary. The amount was \$12,165.67. The Dead Letter Office also received \$92,007.54 in three cent fees collected for the return to senders of letters which could not be delivered in all, the revenues of the Dead Letter Office last year exceeded \$283,000 more than enough to have bought outright some of the medieval kingdoms."

"It is interesting to note that of the 803,000 packages mailed their way to the Dead Letter Office annually, 30 percent or 240,900 of them get in that predicament through insufficient or improper wrapping. In the case of the remaining 70 percent the causes for going astray may be ascribed to incorrect and incomplete addresses, or to being unclaimed or returned, as primary causes supplemented by the failure of the senders to respond to notices that the parcels are undeliverable and held for return postage.

"While the revenue from the Dead Letter Office is sufficient to keep that

institution functioning, it is nearly enough to pay the annual bill for support for the 'Nixie.'

A 'Nixie' is a letter or parcel so improperly addressed that it can neither be delivered to addressee nor returned to the sender without special treatment. This special treatment called directory service, costs the Post Office Department, or, in the final analysis, the taxpayer, \$1,740,000. In one city alone it costs \$500 a day to look up addresses. It is estimated that 200,000,000 pieces of mail yearly are given directory service.

"If every one who mailed a letter would put a return address on the envelope, the Dead Letter Office could be closed and a vast amount of money, time and energy saved. There may be some question about the address of a correspondent, but every one knows, or should know—his own address.

"The Post Office Department is not perfect. No organization with 360,000 employees (handling 25,000,000,000 pieces of mail annually) could be perfect. Yet, we are striving for the goal of perfection, and we would like you to co-operate with us and help reduce that appalling dead letter revenue. It can be done, by addressing letters plainly, leaving out nothing that will help the carrier make delivery; by putting return address in the upper left hand corner; by using a strong cord on parcels and stout paper; and by asking the man at the Post-office when you are in doubt."

### TOURIST TRAFFIC TO NEW BRUNSWICK

Up to June 22, 681 Motors Have Entered at St. Stephen

Up to and including June 22nd, 1924, 302 automobiles entered the province at St. Stephen. On that day 33 motors crossed the border, 11 were enroute to Nova Scotia, 2 to P.E.I. and the remainder to New Brunswick, up to the same date this year, 681 motors have entered the province at St. Stephen.

Judging by present indications this year will be a record one so far as the tourist traffic in the province is concerned. Every day, inquires are being received by the officials of the N. B. Automobile Association, regarding the condition of the roads, the hotels and the attractions. One of the most frequent requests being for information regarding good summer hotels along the river. While the scenery of New Brunswick is said to surpass that found in most sections of Canada, the summer hotels are not all that could be desired. It is to be hoped with the opening of the Admiral Beatty and the increase in the tourist trade that good summer hotels will be established throughout the province.

### WON \$5,000 PRIZE IN COMPETITION

Success of Insurance Co. Officer

MONTREAL, June 20—Competing against over four hundred entries in an international competition for the best essay on the development of the electric industry for the ten-year period—1920—1930, David Cowan, of the Investment Department of the Sun Life Assurance Company of Canada, won the first prize, consisting of five thousand dollars.

Ten thousand dollars was awarded in the competition, which was arranged by Bonbright & Co., Inc., New York, bankers, while the names of the prize winners were announced at the National Electric Light Association Convention in San Francisco. The Board of Directors of the American Superpower Corporation served as judges.

David Cowan, winner of the first prize, was born in London, England on October 16, 1903. He attended the Montreal High School, winning the Murray Silver Medal. He is a graduate of McGill University with high honors in economics, political science and French.

In 1920, another prize will be awarded to that contestant whose forecasts of future developments will have been proved most accurate. This prize, offered by the American Superpower Corporation will be \$10,000 cash.

The first three prizes are \$5,000 to David Cowan, of Montreal; \$1,000 to Robert M. Davis, New York City, and \$500 to John Deckendorf, of Milwaukee, Wisconsin. Other prize winners which include in the list some individuals who collaborated on their essay are \$250 each—Reuben B. Sleight of Minneapolis, Minn., Arthur R. Stubbs and Charles H. Churchill, Jr. of Schenectady, N. Y.; C. E. Neil and Charles Donaldson, of New York City; M. L. Sindeland, and P. Sporn, New York City; A. K. Baylor, New York City; C. P. Dunn, Portland Ore.; C. T. Chenery, New York City; Theodore Dwight and Reginald Traverschold, Montclair, N. J.; David Evans, Jr., Montclair, N. J.; Marion J. Verdery, Jr., and Henry Allen Moe, New York City.

\$100 each—F. E. Pierce, and Richard T. Dana, New York City; Merrill E. Skinner, Pittsburgh, Pa.; Paul A. Ryan, Susquehanna, Pa.; Pearson

"Swat the fly" with **GILLETT'S LYE**

A teaspoonful of Gillett's Lye sprinkled in the Garbage Can prevents flies breeding

Use Gillett's Lye for all Cleaning and Disinfecting

Costs little but always effective

Winslow, New York City; Louis S. Davis, Chicago; Chester M. Clark, Boston; Edgar A. Ven Dusen, Poughkeepsie S. Y.; Professor T. H. Dillon, Harvard University; Theodore H. Brown, Stamford, Conn.; and Frank K. Simmons, Woonsocket, R. I.

In addition to the above prizes there still remains the cash award of \$10,000 which has been authorized by the American Superpower Corporation to "that contestant whose paper, reviewed again in 1930, shall appear to have most nearly approximated the facts as they eventuate." Thus, the full list of entries in this contest, still have a chance for the \$10,000 award to be made five years hence.

The Board of Judges found it difficult to decide which of the first two essays was the better, the Canadian contestant winning by a narrow margin. Both men complied closely with the requirements set up by Bonbright & Company in the contest which stipulated that the articles submitted "should comprehend the development of the industry in all its phases," and among other things "should treat, not only of engineering accomplishments but include also matters affecting public relations, finance, markets, transmission and distribution of electricity, its utilization and its effect on the industrial and special structure of the nation."

Robert M. Davis, winner of the second prize, was born in Chico, California, February 8, 1883, attended the Oahu College Honolulu, Hawaiian Islands and was graduated in 1906 from the college of Civil Engineering at Cornell University. He is now Statistical editor of the "Electrical

World." An analysis of the six highest papers showed many interesting conclusions, in many of which there was a surprisingly close agreement. Among the forecasts was a prediction that the cost of electricity would continue to decrease, one of these specifically estimating that the 1930 rates would be 9 percent under those of 1920; that customer ownership would play an increasingly important part in the work of financing the development of the industry; and a prediction that there would be a decided increase in domestic refrigeration by means of electrification, on paper saying that the growth of this business would be one of the outstanding accomplishments of the decade.

Three winners of the first six prizes predicted a tremendous growth in the per centage of the industry controlled through holding companies, one stating that by 1930, 95 percent of the country's generated capacity would be controlled by holding companies. On the subject of farm electrification there was a wider divergence of opinion, two of the six leading contestants stating that there would be a striking increase while two others conceded there would be a substantial increase and another held that farm electrification would play no great part. It was generally conceded that municipal ownership of electric power plants was on the wane.

An analysis of the first six papers showed a close agreement on estimates of conditions as of January 1st, 1930. On estimates of capital invested, for instance, the range was from a low of \$9,450,000 to a high of \$12,000,000,000 and four of the six papers estimated that \$10,000,000,000 would approximate the actual sum.

**Annual Meeting of the  
Miramichi Presbytery**

The 29th. Annual Meeting of The  
Miramichi Presbyterial of The Wom-  
en's Missionary Society convened  
in St. Luke's Church, Bathurst on  
June 23rd. and 24th.

The Committee on Credentials re-  
ported 5 Ministers, 56 Delegates 10  
Officers and 2 visitors present.

A Public meeting was held on Tues-  
day evening when Rev. A. D. Archi-  
bald presided, having charge of de-  
votional services, assisted by Rev. H.  
Rice.

The President, Mrs. J. H. A. Ander-  
son gave a splendid paper telling us  
it was just 100 years since our first  
missionary society was formed in  
Canada in the Province of P. E. I.  
The President's address was retro-  
spective and introspective, giving  
us a clear view of the work,  
the dominant note of which  
was more workers for  
missionary service. A choice selec-  
tion was then given by the choir.

The solo parts being taken by Mr. H.  
Henderson most acceptably. Rev. J.  
C. Mortimer followed with an address  
on Home Missions, giving a compre-  
hensive explanation of the meaning  
of The Kingdom of God and making  
a strong appeal for the setting up  
of the family altar in our homes. The  
business session opened on Wednes-  
day morning the President presiding.  
The devotional service was led by  
Jacquet River Auxillary. The Secre-  
tary, Mrs. O. Nicholson reported No.  
of Auxillaries 40, number of members  
\$80, number of members added 56,  
number of life members added 23,  
total number of life members 201.  
Boxes sent to Mission fields 15. Thank  
offering 25. Copies of Message 579.  
The Treasurer, Miss Cameron report-  
ed money received for foreign mis-  
sions \$4293.59, Home Missions \$1539.  
06, Board Expense fund \$74.85 total  
\$5907.50.

Mrs. MacNairn, Mrs. L. H. Mac-  
Lean, Mrs. MacKinnon, Mrs. Fair  
and Miss Harvey were then appoint-  
ed a nominating committee.

Mrs. MacKinnon presented an ad-  
dress of welcome, and greetings were  
also received from sister societies  
of Trinity United Church of Canada  
and the Baptist Church to which  
Mrs. W. F. Copp responded. These  
expressions of welcome were much  
appreciated and made us feel as  
though we were only one large  
army, working under different Cap-  
tains. The Home Mission Secretary  
reported \$1207.34 had been received  
by her from Auxillaries for Home  
Missions, 20 having reported an in-  
crease in givings for the year.

A splendid paper on "The Church"  
written by Mrs. J. K. MacKenzie  
was read in which she clearly show-  
ed the great benefits derived by  
being an active working member of  
your church.

The impressions of the Wolfville  
Conference were given by Miss  
Gladys MacNaughton who had at-  
tended this Conference and showed  
the value of sending our young peo-  
ple there to gain a wider knowledge  
of the mission work. The devotional  
services of the afternoon session  
were led by Black River, Auxillary,  
this was followed by a Conference  
on Foreign Mission work by Camp-  
bellton Auxillary, led by Mrs. Bruce  
and proved most interesting. The  
speaker took us in imagination to  
all our foreign mission fields and

showed us the very urgent need of  
more workers and how the cutting  
of grants had greatly crippled the  
mission work.

The Secretary of Young People's  
work reported 21 active Mission  
Bands, 3 C.G.I.T. groups and 6  
Young People's Societies with a to-  
tal membership of 532 in our Pres-  
byterial. One of the most interest-  
ing addresses listened to was that on  
C.G.I.T. and Missions" given by  
Mrs H. B. MacDonald in which she  
clearly showed that the four-fold  
life programme of the C.G.I.T. did  
not tend to lessen their interest in  
mission work but rather made of  
them glorified mission band workers.

So wonderfully interesting was  
this splendid address, that it was  
resolved to have it printed in The  
Message.

Another excellent address on "Work  
in Mission Bands", was given by  
Mrs. Gough, in which she gave  
some splendid ideas for holding the  
interest of very young people. It  
was also resolved to have this splen-  
did address forwarded to Mrs.  
Dalgleish for publication in The  
Message.

The nominating committee then sub-  
mitted the following report which  
was received and adopted:—

Hon. President—Miss Archibald,  
Truro, Missionary in Trinidad.

President—Mrs. J. H. A. Ander-  
son, Chatham.

1st. V. President—Mrs. L. H. Mac-  
Lean, Newcastle.

2nd. V. President—Mrs. S. Mac-  
Laughlan, Campbellton.

3rd. V. President—Mrs. T. Harrison  
Black River.

4th. V. President—Mrs. W. R. Mac-  
Millan, Jacquet River.

5th. V. President—Mrs. A. B. Car-  
son, Rexton.

Secretary—Mrs. O. Nicholson, New  
castle.

Treasurer—Miss A. B. Cameron,  
Dalhousie.

Secretary Y. P. Work—Mrs. G. A.  
Rogers, West Bathurst.

Asst. Secretary Y. P. Work—Mrs.  
A. D. Archibald, Bathurst.

Secretary Literature and Reports—  
Mrs Wm. Curry, Charlo.

Secretary Expense Fund—Mrs. W.  
Edge, Loggieville.

The Presbyterial is deeply grate-  
ful to Mrs. Anderson for again ac-  
cepting the office of President and  
are to be congratulated on having a  
presiding officer who not only gives  
her time and talents to the onerous  
duties devolving upon her, but who  
has also a full knowledge of the work  
in connection.

Rev. L. H. MacLean presided over  
the evening session which was also  
a public meeting and led the devo-  
tional services. Splendid addresses  
were heard from Mrs. G. E. Forbes,  
Weston, Ont. and former President of  
the W. M. S. E. D., and Mrs A E  
Armstrong, Toronto. The latter ad-  
dress being made especially interest-  
ing by the use of lantern slides. The  
Convenor of Committee on Resolu-  
tion and courtesies expressed thanks  
to the ministers, session and manage-  
ment for the use of their church, to  
the organist and choir for special  
music rendered, to hostesses for kind  
reception and entertainment, to the  
speakers for their inspiring address-  
es, to our President for the efficient  
manner in which she carried out the  
business and to all others who assist-  
ed in any way in making our Presby-  
terial a pleasant and profitable one.

It was resolved that we as a band  
of Christian women impress upon  
our authorities the necessity of more  
strict enforcement of our prohibition  
law and that we place on record our  
deep sense of the loss we have sus-  
tained in the passing away of so  
many of our faithful workers, remind-  
ing us of the necessity of working  
while it is day "for the night cometh."

**A HIRED MAN  
AT NO COST**

A great many years ago there lived in  
England a man by the name of Jethro  
Tull. He was a farmer and became  
famous by teaching the English people  
the value of thorough tillage of the soil.  
Before and during his time farmers did  
not till the soil very intelligently. They  
simply prepared a seed bed in a careless  
manner, as a great many farmers do to-  
day, and when crops were gathered the  
yields were not very large.

Jethro Tull centered attention on the  
important fact that careful and thorough  
tillage increases available plant food in  
the soil. He did not know why, but he  
did know that when he tilled this soil  
carefully he grew better crops. So he  
began to say and write that "tillage is  
manure," a phrase that made him fam-  
ous. Of course his explanation was not  
the right one, but the practice of it was  
right. The stirring of the subsoil en-  
ables the air to move all about in the soil  
and that air movement renders the lock-  
ed-up plant food soluble and available.  
In other words, while tillage is not man-  
ure, it gives similar results.

Air acts on the soil particles in the  
same manner it does on stone and bricks  
it crumbles them. The agent of the air  
that chiefly does this work is known as  
carbonic acid gas and this gas is a great  
farm helper. It is a hired-man that  
works for nothing. We must not forget  
that air is just as important in making  
the soil comfortable and home-like for  
plants as any of the tools and cultivat-  
ors. Consequently, good drainage, deep  
plowing and thorough harrowing and  
cultivating are all important steps in the  
art of tillage that air tillage also may be  
effective.

The Advocate \$2.00 Yr.

**Take REAL  
Mustard  
to Your  
Summer Home**

Be sure to include one or  
two tins of COLMAN'S  
MUSTARD in the sup-  
plies you take to your  
Summer Cottage or  
Camp.  
Only real Mustard—freshly  
mixed—can give you that  
savory zest and tang in your  
food that you appreciate so  
much. And only real mustard  
—freshly mixed with cold  
water—furnishes real aid to  
digestion.  
Make a note now to "remem-  
ber Colman's Mustard" when  
you leave.

APPOINTMENT MADE

Miss Edna Bell, of the W. S. Log-  
gie Co. Ltd., office staff Chatham.

The Department of Marine and Fish-  
eries at Newcastle made vacant by  
the resignation of Miss Corinae Law-  
lor, Major Barry, the superintendent  
received a telegram from Ottawa on  
Tuesday, notifying him of the ap-  
pointment.

**FARMER'S ACCT.  
BOOK FOR 10c**

The Dominion Experimental Farms  
system has published an extremely sim-  
ple farmer's book. In size and thickness  
it is no larger than a school exercise book  
and is designed to last a complete year.  
To "keep" it needs no special know-  
ledge of accounting; simply the ability  
to write and add; and a record of all  
transactions might be made in an hour a  
week. A few plain directions as to mak-  
ing entries, some aids to taking inven-  
tories, a table of silo capacities and a  
gestation table, are given on the insides  
of the cover.

In the book itself are pages for the en-  
try of receipts and expenditures (both of  
which may be seen at a glance on the  
same page) relative to cattle, horse,  
sheep, swine, poultry, crops and labour  
and there is also ample space for mis-  
cellaneous items. There is a page for  
amounts owed to and by the farm, and  
forms on which may be made inventories  
of land and buildings of live stock  
of feed and supplies, and of machinery.  
Following is a page on which may be  
filled out a summary of the year's busi-  
ness, together with the few directions  
necessary to filling it out intelligently at  
the end of the year. Further, for the  
farmer's information there is a table to  
which to enter acreage and yield of crops,  
aid one in which to keep a live stock  
service record.

It is obtainable from the Publications  
Branch of the Department of Agricult-  
ure, Ottawa, at a nominal charge of ten  
cents. No postage need be placed on  
letters of application.

**Ample Room for  
Each of the Five  
Passengers**

THERE is generous space in the  
new Oldsmobile Coach for both  
front and rear seat passengers. There  
is a full 18 inches between front and  
rear seats and the handsome, Fisher-  
built body is as large and roomy as the  
average sedan. So unusual is the Olds-  
mobile Coach in the completeness of  
appointments that the price must seem  
ridiculously low. Only the combined  
resources of Oldsmobile and General  
Motors could make such amazing value  
possible. A ride in this new Coach will  
prove a revelation to you. Come in and  
try it for yourself.

Lounsbury Co. Ltd

Game between the Night  
Hawks and The Morning  
Stars At 2.30 p. m. Wed.  
July 8th. Moving Pictures  
will be taken of the game.  
Proceeds in Aid of the  
Picnic - Admission 25cts.**

**DONATED TO HIGH SCHOOL**  
At the closing exercises in Har-  
kins Academy Monday evening Mr.  
J. H. Barnett, the principal, an-  
nounced that a ten dollar gold  
piece had been donated to the 1926  
graduate who makes the highest  
standing in the English subjects for  
the year.

**STORES TO CLOSE**  
Beginning tomorrow, Wednesday,  
the merchants of Newcastle will  
close their stores at 12 o'clock, noon  
and will continue to do so during  
July, August and September, there-  
by giving the merchants and clerks  
a weekly afternoon holiday, during  
the summer months.

**INJURED BY BASEBALL**  
Neville Mann, nephew of John  
Whalen clerk at the Queen Hotel,  
was knocked unconscious at the  
Queen's Square diamond Wednesday  
afternoon when a foul ball struck  
him as he stood among spectators.  
The boy was taken away for treat-  
ment but soon revived. Later he re-  
sumed his duties as bell boy at the  
Queen.—Fredericton Mail.

**ACCIDENT TO STR. MIRAMICHI**  
During her down river trip on Wed-  
nesday, with about fifty passengers  
on board, the steamer Miramichi was  
disabled when enroute from Nguac  
to Burnt Church her intermediate  
shaft suddenly broke. She dropped  
anchor until the 'Jubilee' arrived to  
tow her up, reaching Chatham about  
10 p. m.

for the purpose of arranging an  
event for the welfare of Newcastle  
during this summer, which was to  
have been held in the Town Hall  
last night, did not materialize.

### Closing Exercises Derby Superior School

The closing exercises of the Derby  
Superior School, Monday were held  
Monday afternoon June 29th, at 2 P.  
m. in the presence of a large number  
of visitors.

In his opening remarks, the prin-  
cipal, Stanley C. Ross of Fairville,  
expressed confidence that the year's  
work had been rewarded with suc-  
cess and suggested that school work  
might be made even more successful  
by more active interest in school af-  
fairs on the part of the parents.

An interesting program including  
several violin selections by Mr. A.  
C. Crocker, was presented. The pupils  
of the Primary Department taught  
by Sadie M. Bryenton, entertained  
the visitors in a pleasing manner  
with recitations dialogues and skit-  
ing. Miss Bryenton conducted an ex-  
amination in Reading which was  
much enjoyed. The contributions of  
the Advanced Department were of  
a patriotic nature. The principal  
taught a model lesson in History,  
the subject being "Why We Are Can-  
adians." Following was a rendering  
of "The Flag" (Written by Joseph  
Howe) by Olive Brodie; an essay  
"The British Flag", by Audrey Mil-  
ler; Essay, "Confederation," Honor  
McKinley; Essay, "The Value and  
Protection of Our Forests," by Mur-  
iel Close and Walter McLean.

The prizes presented by the Trust-  
ees to the pupils, making the highest  
average in each Department were  
won by Edith Carter, Grade III, and  
Walter McLean, Grade X.

Following the presentation, of  
prizes, a handsome bookstand, with  
an address of appreciation was pre-  
sented, on behalf of the pupils, by  
Ruby Carter and Audrey Miller, to  
Mr. Ross, who has resigned his po-  
sition.

In their remarks the trustees ex-  
pressed satisfaction at the evidences  
of progress in the school, apprecia-  
tion of the worth of the teachers and  
regret that Mr. Ross should have de-  
cided to sever his connection with  
the school.

The exercises were concluded by  
the Flag Salutation and the National  
Anthem.

laby, Melbourne White, Willie Mc-  
Cormick, Ida Murray, Damsie Sprout,  
Lloyd Russell, Mike Maroney, Hir-  
am Russell, Katie Smallwood, Dan  
Fitzgerald, Osborne Russell, Royce  
Anderson.

## Baseball Notes

**Friday Night's Game**  
Newcastle played at Nelson on  
Friday night but the game only went  
two and a half innings, when an ac-  
cident occurred which everyone of  
the large gathering of fans regret.  
English was umpiring balls and  
strikes and Green the bases. Harry  
Graham and Clive Lindon was the  
battery for Newcastle and Briggs  
and Coughlan for Nelson. It looked  
like a real baseball game, each side  
being retired with no scores in their  
initial innings with both batteries  
and in and outfields working in good  
shape. Newcastle was blanked in  
their second and Nelson scored two  
runs in their half. In this inning  
Archibald for Nelson made a nice  
stop and Cecil Murray for Newcastle  
made two lovely catches. In the lo-  
cals third they scored one run making  
it 2-1 in favor of Nelson. Then came  
the fatal half Nelson's third  
Graham was pitching great ball and  
watching the bases in goodstyle.  
He caught one baserunner off first  
and then ran to second and caught  
the man out. Archibald was trying  
the same thing and Graham threw  
to first and the runner was caught  
between first and second. Archibald  
retired to the bench but to the ex-  
treme surprise of every fan, the um-  
pire sent him back to 2nd, calling it a  
balk. This decision immediately  
created the fireworks and pandemon-  
ium was let loose. Everything possi-  
ble was done to get the matter  
settled amicably but the umpire  
called the game in Nelson's favor,  
which was protested by Newcastle.  
The matter will be dealt with by a  
meeting of the league executive  
this week.

**Last Night's Game**  
On Monday night Newcastle played  
in Loggieville, and defeated that  
team by 11 to 2. An interested assem-  
bly were present to see the perform-  
ance. Graham and Lindon were on  
the mound for Newcastle, and Malley  
and Harriman worked for Loggie-  
ville. Green was umpire-in-chief and  
Langdon took care of bases. Loggie-  
ville was unable to do anything with  
Graham's offerings and their lone  
two runs were scored in their 4th  
inning both runs accounted by two  
small hits and a lost ball in the grass  
the fielder being unable to locate it.  
The locals played snappy ball and  
used the stick in fine style. In their  
first they netted 5 runs, in the third,  
one and in the fourth, five. Graham  
had 11 strike outs and Malley 3.  
Chatham played in Nelson last  
night which resulted in a 3-3 tie.

### Three Earth Shocks Were Felt Friday

**SANTA BARBARA, July 4**—Three  
distinct shocks and a number of trem-  
ors did not halt reconstruction in  
Santa Barbara, yesterday. With  
private enterprise activity in the  
business district, the county super-  
visors, in their first session since  
the quake of Monday, hired an archi-  
tect to plan a \$10,000,000 court house  
and a \$200,000 county hospital.

In making a general outline for the  
new building plans the supervisors  
ordered that provision be made for  
a doubling of county business in ten  
years.

Lines at all Red Cross canteens  
were reduced to a minimum during  
all hours of the day, some of the  
branch canteens were closed. The  
Salvation Army closed its canteen  
last night.  
Street car service is promised for  
some sections of the city today.

LIMITED

### GOVT. REDUCES STUMPAGE RATES

The Provincial Government has  
dealt with the requests of the New  
Brunswick Lumbermen's Association  
for a reduction in stumpage rates  
and the introduction of the Quebec  
scale for logging operations upon the  
crown lands of the province as well  
as for a refund on stumpage dues on  
logging operations upon the crown  
lands during last winter.

The government's action was sum-  
marized in a statement as follows:

- (1)—The request for the refund on  
last year's cut was not granted.
- (2)—Regarding the request for the  
introduction of the Quebec scale the  
lumbermen have been notified that  
no change can be made except by  
legislative enactment; therefore the  
government could not deal with that  
matter.
- (3)—In response to the request for  
reduction in stumpage rates reduc-  
tions were made to go into effect on  
August 1 next which would make the  
rates per thousand feet as follows:  
Spruce, pine, hackmatac, cedar,  
\$3.00; hemlock, \$2.25; fir, \$2.50; pop-  
lar, \$2.50; hardwood, \$1.50; ties,  
each 12 cents; spruce, fir and all  
pines affected by fire or budworm  
—one half regular stumpage.

The reductions in the case of

space, pine, hackmatac and cedar  
amount to \$1 a thousand, the old rate  
being \$4 and the new \$3. The reduc-  
tion in the case of fir is 50 cents from  
\$3 to \$2.50. Only in the case of hard  
wood is an increase shown, the rate  
changing from \$1.25 to \$1.50. By far  
the greater part of the lumber cut in  
New Brunswick is made up of spruce  
pine and fir.

### Senior Golf Assoc- iation To Be Or- ganized For N. B.

New Brunswick, is likely to soon  
have a senior golf association, such  
as many of the other districts of  
Canada and the United States have.  
The opening meet will probably be  
held on the course of the Riverside  
Golf and Country Club, St. John,  
the last week in August and will  
continue for three days. A. C. Currie  
is organizer for the western part of  
the province and Hon. C. W. Robin-  
son of Moncton, is looking after the  
matter in this locality.  
The object of the senior associa-  
tion is to enlist all male golfers hav-  
ing reached the age of 49 or over.  
Competitions will be held annually  
in tournament order and there will  
be visitations from club to club.

Let's see!  
Ma doesn't plan on rotting bak-  
ing in warm weather. She buys  
**Royal Milk Lunch  
BISCUITS**  
and really enjoys her summers!  
Ma should worry!
