The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol ➡ (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

RESOLUTIONS

*Passed by the Church Society of the Diocese of Huron; sanctioned
and approved by the Bishop of the Diocese.*

Moved by the Rev. G. J. R. Salter, M.A., seconded by Rev. F. W. Sandys, D.D.:

Whereas it frequently happens that persons from various parts of the Diocese, and from other Dioceses, make application for assistance in building Churches, Parsonages, &c., to the Clergy and Laity of the Church throughout the Diocese, without any recognized authority and proof of the facts of the case for which application is made:—Resolved, therefore, that the Bishop be respectfully requested to establish as a rule in the Diocese that no Clergyman or Layman be permitted to collect money for any Church purpose beyond the bounds of his own mission, or to proceed to any other Diocese for the same purpose, without the sanction and approval of the Bishop, given as a heading to his Subscription List; and that it be the duty of such Collector to communicate with each Clergyman before he makes a collection in his Parish: and that, on his return from his collection tour, every person collecting shall present his Subscription List to the Bishop, and account for all moneys received. And further, that no person from any other Diocese shall make collections within this Diocese without first obtaining the sanction of its Bishop, under his hand and seal.

Moved by the Rev. F. W. Sandys, D.D., seconded by the Rev. G. J. R. Salter, M.A.:

Resolved, That inasmuch as great inconvenience and loss arise from the delay that too often takes place in making the collections for the Church Society and transmitting them to the Secretary, the Clergy are therefore requested to make the collections on some Sunday during the month appointed for each Collection, and to see that they are forwarded without delay to the Secretary.

Moved by the Ven. Archdeacon Brough, A. M., seconded by G. Ryland, Esq.:

Resolved, That all applications for grants of money, books, &c., shall be submitted for the consideration of the Standing Committee previous to action by the Society thereon.

Moved by the Rev. J. Gunne, seconded by the Rev. J. Walker Marsh, M. A.:

Resolved, That no change shall be made in the Constitution of this Society, unless notice has been given at the previous quarterly meeting; and, further, that all proposed changes of the Constitution shall be brought before the Standing Committee for them to report upon.

Moved by P. Roe, Esq., seconded by Ven. Archdeacon Brough, A.M.:

Resolved, That the Lay Representatives of the Synod be considered *ex-officio* members of the Church Society, in so far as to enable them to attend and take part in all meetings of the Church Society, which may be held during any week in which the Synod meets during their term of office as members of the Synod.

Moved by Rev. G. J. R. Salter, M. A., seconded by Rev. John McLean, M. A.:

That, seeing it is absolutely necessary for the successful working of the Church Society and the furtherance of the various objects embraced by its Constitution, that all parts of the Diocese should co-operate: Be it therefore resolved, That no assistance be given to any Parish or Congregation unless all the collections are regularly made by such Congregation, and a Parochial Association established in connection with the same, from which collections are annually made for the Society; and, further, that the Bishop be respectfully requested to apply the same rule to the S. P. O. K. Fund, for assisting in the building of Churches in the Diocese.

RESOLUTIONS

PASSED AT THE SIXTH ANNUAL MEETING, HELD ON
THE 22ND JUNE, 1864.

The Annual Meeting of the Church Society was held in the City Hall, London, C. W., on Wednesday evening, June 22nd, 1864. The Chair was taken by the President, the Right Rev. the Lord Bishop of the Diocese, at 7: 30 o'clock, P. M. The Bishop read the appointed prayers. The Secretary read the Report.

Moved by L. Lawrason, Esq., seconded by Venerable Archdeacon Brough, A. M.,—

Resolved, that the Report now read be adopted and printed for circulation.

Moved by A. Lefroy, Esq., seconded by Rev. St. George Caulfeild, LL.D.,—

Resolved, that the heartfelt thanks of this meeting are due to Almighty God, not only for the favor vouchsafed to this Society, but also for the peace and prosperity with which our country has been blessed during the past year.

Moved by J. Beard, Esq., seconded by Rev. J. P. DuMoulin,---

Resolved, that while we are cheered by the measure of success and increased prosperity which have attended the labors of the Church Society during the past year, still the wants of the Diocese call for greater exertion on the part of all true lovers of our Church.

Moved by the Right Reverend the Lord Bishop of Rupert's Land,
seconded by Ven. Archdeacon Hellmuth,---

Resolved, that the unprecedented success of our great religious Societies in England during the past year, notwithstanding the many apparently discouraging questions which have disturbed the public mind, not only calls for congratulation on our part, but should also stimulate us, in proportion to our means, to emulate those in our Fatherland who support those noble Societies.

Moved by the Rev. G. M. Innes, seconded by Rev. E. E. Newman,--

Resolved, that the thanks of this meeting are due and are hereby given to the Collectors throughout the Diocese who have so ably supported the Clergy in forwarding the important objects of the Church Society.

Moved by the Rev. J. W. Marsh, M. A., seconded by the Rev. J. Smythe, B. A.,---

Resolved, that the thanks of this meeting are due and are hereby given to his Worship the Mayor and the members of the Corporation for the free use of the City Hall this evening.

SIXTH ANNUAL REPORT

OF

THE INCORPORATED CHURCH SOCIETY

OF THE

DIOCESE OF HURON.

In reviewing the work of the past year, and presenting their Sixth Annual Report, the Standing Committee are gratified by being able to state that the returns made exceed those of any previous year since the formation of the Church Society; and, as they readily acknowledge that without the blessing of Almighty God all their labors would be vain, so they feel that to Him their gratitude for the success of the past year is due; to Him, therefore, in the first place, they would render their unfeigned and heartfelt thanks.

The past year although it bid fair at one time to be a season of unparalleled fruitfulness, still in the harvest returns did not altogether realize the fond expectations of the farmer, and, in fact, in many places, the staple crop was by no means good, and the yield poor. The Committee are, therefore, under these circumstances, the more gratified at the increased success which they are able to report; and they can

only believe that this is due both to a larger and increasing feeling of the duty which lies upon all, and more especially at this time, to make a better return to Almighty God for the blessings of peace and prosperity which have been mercifully vouchsafed to our country, at a time when wars and rumors of wars are filling almost the whole earth, and also to a better appreciation by Churchmen in the Diocese of the objects and operations of the Church Society.

Looking, however, to the *means* employed, which have helped to produce the gratifying increase in our income, the Committee believe that it is mainly due to the larger number of collectors engaged, and to the more general interest which has been taken in this part of the work. While, therefore, feeling grateful to those who have so kindly exerted themselves for the Society in past years, they hope another year will witness some return of Parochial Association collections from every congregation in the Diocese, as this would certainly yield increasing returns for future years.

PROPOSAL FOR INCOME.

The income for the past year, derived from collections and subscriptions, is \$7,775.56, being \$619.34 more than last year, and \$4.15 greater than the income of the third year, which was the largest that the Society had previously received.

The Committee, as has been their practice in past years, call the above *the Income*, without reference to a much larger amount of money which has been received from dividends on investments and other sources, as will be seen by examining the accounts published in the Appendix. By doing this, the Committee can each year compare the returns made, and thus show what the Diocese itself is doing to forward the objects of the Church Society.

GENERAL PURPOSES FUND.

The sum received for this fund was \$4,396.57, which, with the balance in hand at the beginning of the year, has enabled the Society to make grants to Churches, Parsonages and Sunday Schools, to the amount of

\$2,091.63, besides carrying \$400 to the credit of the Widows' and Orphans' Fund, being \$5 for every clergyman in the Diocese, and \$500 to the credit of the Mission Fund.

In consequence of the large amount granted during the past year, the Committee will be unable to recommend any more grants to Churches or Parsonages until the Quarterly Meeting in March, when the Parochial Association collections for the current year will come in. The balance to the credit of this fund is only \$936.90, to meet grants already promised and the current expenses of the Society.

WIDOWS' AND ORPHANS' FUND.

The income from the Diocese for this fund was \$528.60; this, with \$917.81 interest on investments, together with \$522 received on capital account, and \$400 from the General Purposes Fund, and the balance in hand at the end of last year, has enabled the Society to pay \$600 in pensions and \$1581.24 for investments, leaving \$208.84 balance in hand.

By the mercy of our Heavenly Father, no further claims have been brought against this Fund; for although one clergyman—the Rev. Arthur Mortimer, who had been incapacitated for duty by ill health for some years, and was on the superannuated list—has been called away by death during the past year, still, owing to the favorable circumstances in which his widow and family are left, no claim has been made on this fund.

The present position of this fund is such, that it is thought that alterations can be safely made in the present By-Law regulating its management. The Report of the Special Committee appointed for this purpose will be submitted to the Incorporated Members at the ensuing Quarterly Meeting.

DEPOSITORY.

Again, on last Thanksgiving Day, a collection was called for by the Bishop for this fund, which produced \$325.30. Prayer Books and Hymn Books are supplied at a low rate by means of this fund, and

during the past year a large number have been sold. The balance to the credit of this fund is \$387.93, besides the stock of books on hand.

MISSION FUND.

The income derived from the Diocese for this important branch of the Society's work, during the past year, was \$2,525.09; this, together with the balance in hand at the end of last year, and \$500 received from the General Purposes Fund, has enabled the Society to contribute \$2,502.74 towards the support of the ministrations of the Church in various parts of the Diocese; and no less a sum than \$911.50 towards the work among our red brethren—the native Indians—who still dwell within our borders.

Unless, however, greater exertions are made to support this fund, it will be found inadequate to sustain the present staff, not to say to help to increase the number of the Clergy, for which urgent calls are being made from different parts of the Diocese.

The present balance on hand is small, and is gradually diminishing each year, as will be seen by referring to past Reports; and the demands on the General Purposes Fund have lessened the amount which could be spared from it for the work of the Mission Fund.

SOCIETY FOR PROMOTING CHRISTIAN KNOWLEDGE FUND, FOR BUILDING CHURCHES.

During the past year the S. P. C. K. has changed its mode of making grants towards churches. Each application has now to be made separately to the Society. All applications, however, have been favorably received, and they continue to give assistance, though somewhat diminished, to all who apply recommended by the Bishop.

The balance to the credit of this fund is \$794. This, except a small sum, has been received for special churches, and of course belongs to the parties for whom it was sent, and will be paid to them so soon as they are ready to receive it.

In this, however, is included a legacy of \$200 left by the late Dr. Hall, of Hall's Mills, for the benefit of the Hall's Mills Church. This is a way of assisting the Society, in its general or special work, which the Committee hope to be called on more frequently to acknowledge as years pass away, and the ability of individuals in our country enables them to emulate the worthy deeds of that noble band who are enrolled on the books of our venerable Societies in England.

Again the Committee have to acknowledge the assistance which the Societies in England contribute toward the work in this Diocese; and, in fact, were it not for the assistance so kindly given by the Society for the Propagation of the Gospel and the Colonial and Continental Society, much of the missionary work which is being performed in this Diocese would have to be left undone. The Committee, therefore, sincerely trust that this assistance will be continued for some time to come; for, so long as the immigration of the poorer classes continues, as for some years past, so long we shall require assistance to provide them with the ministrations of religion; for, although they are welcomed among us as useful and desirable additions to our population, they are, as a general rule, unable for years to contribute much towards the support of the Church. Seeing, then, the great and increasing wants of the Diocese, the Committee cannot bring themselves to think that these Societies will withdraw the assistance which is now given, and which is profitably employed, so long as there is so much to be done and so little means within the Diocese for carrying on this important work.

TRUST FUNDS.

The statements of the Trust Funds, and of the funds of the Society proper, have been separated, as will be seen by referring to the Appendix. The Committee will now briefly glance at the two great Trusts administered by the Society.

COMMUTATION FUND.

The capital invested in Debentures is at present \$265,549, which is

less than the sum reported last year. This, however, is caused by the temporary loan of \$3,200 to the interest account, in order to meet the salaries due from this fund. As soon as the anticipated arrangements with Hamilton and St. Thomas are completed, this will be returned, and a large addition made to the capital of this fund.

The interest has been able, by means of the loan from the capital, to pay all the salaries in full.

In the course of the present year the Committee hope to see the arrangements with Hamilton and St. Thomas completed; and although, from the necessity of the case, the Society has become a party to the proposed arrangements, the Committee cannot but feel that the position occupied by those municipalities is very far from creditable to themselves, and most injurious to the character of our country; and it is to be hoped that no other municipality amongst us will be found occupying so humiliating a position.

The Committee hope that ere long the municipalities will be restricted by Legislative enactment from the unlimited power of issuing Debentures.

EPISCOPAL FUND.

The capital of this fund shows a gradual improvement, mainly owing, during the past year, to the repayment of \$2,400 borrowed by the interest account. This was effected, by means of the lands received from the Society for the Propagation of the Gospel in Foreign Parts, as per resolution of this Society at the Quarterly Meeting last June.

The interest derived from this fund is still less than the claims upon it, and will probably continue to be deficient for some years. The accounts in the Appendix will show its present position. In a few years, however, as certain moneys which will yet be brought to the credit of this fund can be made available, its position will be such that the endowment for the Episcopate will be in a satisfactory and healthy position. In the meantime, everything is being done to make this fund, as far as possible, adequate to meet its claims.

The Committee would now, in conclusion, in view of the wants of the Diocese, again urge upon each member of the Church, within our bounds, the necessity of greater exertion to support and forward the objects of the Church Society; and when we view the signs of the times—the evident restlessness and uneasiness seen in all countries, indicating the near approach of stirring events; the sad and cruel war raging so near us; the rumors of further trials, borne on the wings of almost every wind; and the flood of scepticism and infidelity which prevails in all countries, and is now beating against the very walls of the Church itself—they cannot but say, both to themselves and to every true lover of our Zion, in the inspired words of the wisest of men, "Whatsoever thy hand findeth to do, do it with thy might; for there is no work nor device nor knowledge nor wisdom in the grave, whither thou goest."

All which is respectfully submitted.

A P P E N D I X.
