GEN. HORVATH PREMIER OF SIBERIAN MINISTRY

London, July 12.—Lieut.-Gen. Horvath, vice-president and general manager of the Chinese Eastern Railway, having declared himself premier of a temporary Siberian Government, has been proclaimed provisional ruler of Siberia, according to a despatch to The Mail from Harbin.

NOBLES SELL ESTATES, FEARING REVOLUTION

Italian Army Headquarters, July 12.—Austrian prisoners confirm the reports that a large number of noblemen are selling off their estates in Bohemia and Moravia because they fear a revolution. It is said that Count Czernin, former Austro-Hungarian foreign minister, has sold for 3,000,000 crowns all his lands in Bohemia and the purchaser was a bank with agricultural interests. It is also stated that Count Henry Clary-Basch, former premier, expressed the opinion in Vienna that a revolution was probable in Moravia and he, therefore, was selling his lands there.

ATTEMPTED ENEMY RAID DRIVEN OFF BY BRITISH

London, July 12.—The official statement issued by the war office tonight reads: "On July 11 heavy rainstorms limited activity in the air on both sides, but our machines carried out reconnaissance work and observation for the first time since the 2nd of July. Nine tons of bombs were dropped on railway junctions behind the German lines. Three hostile machines were destroyed during the day and two driven down out of control. Three of our machines are missing. Night flying was impossible."

## Silk Shirts and Other Interesting Items in Men's Wear

In China and Japan where silk clothing is ideal and light clothing necessary, silk was naturally more expensive than cotton. Since the war began, however, cotton has come into such demand for soldiers' clothing that silk suits have become the least expensive of the two. Now, although this is not the case in Canada, all shirtings have gone up, so that at this pricing a silk shirt, as far as quality and pleasing effect is concerned, is less expensive than one made of ordinary shirting material.

### Men's Silk and Manufactured Silk Shirts, Many Half Price, at \$4.95

Manhattan and Emery Brands That Impress You With Their Quality at First Sight.

True, they should, for one would expect the best kind of a shirt at double today's pricing. But come and judge for yourself, note the patterns that display the best of good taste. And who but can say that a silk shirt—cool, airy and attractive—is the ideal shirt for summer wear? Patterns include colored stripes or all-over designs on grounds of blue, grey or mauve; neat cluster stripes, in tan, blue, green and helio on light grounds; in coat style, with soft double cuffs, and assorted sleeve lengths. Sizes in the assortment, 14 to 17½. Many half-price. See display in Annex Window, Yonge Street, \$4.95.

### Men's Outing Shirts, Each, \$1.25

A lightweight white duck, in sport style, with low roll collar, breast pocket and imitation double cuffs; another style has attached lay-down reversible collar, with the one breast pocket and single band cuffs that button; these are also of white duck, but a little heavier in weight. Sizes in the former 14 to 16 1-2, in the latter 14 to 18. Each, \$1.25.

### Men's Bathing Suits, 75c

In one-piece style with skirt; fasten on shoulder with 2 buttons; navy blue only. Sizes 34 to 44. Today, 75c.

### Men's and Boys' Laundered Collars, 2 for 25c

Laundered Collars, in three or four-ply weight, in heights ranging from 1½ to 2½ inches, including, stand-up, turn-down, lay-down or wing styles; some with close-fitting fronts, others are cut-away. Sizes in the lot, 12 to 18; some styles in ¼ sizes. 2 for 25c, or, each, 12½c.

### Men's Combinations of White Mesh, "Penangle" Brand, Special, \$1.19

In ankle length, with short sleeves; closed crotch and overlapped seams. Sizes 34 to 46. Special, \$1.19.

### Boys' 2-Piece Underwear, Special, Garment, 39c

Shirts or drawers in white or natural mesh, with short sleeves and in knee length. Sizes 22 to 32. Garment, 39c.

### Men's Linen Handkerchiefs, Each, 25c

They are fine Irish linen, finished with a new tape border, 1 inch square, and just the sort most men appreciate. They launder and wear well. Each, 25c.

## EARLY CLOSING

As in May and June, so in July, August and SEPTEMBER, Store Closes at 1 p.m. on Saturdays. No Noon Delivery on Saturdays.

Saturday 1 p.m.  
Other Days at 5 p.m.

### Boys' Wash Suits, Extra Special, Today at 45c

For this item we cannot take phone or mail orders, the quantity being limited. It's a chance to secure a supply at a most remarkable price—and the saving in each case is a considerable one. They are the strong, lasting kind that gives lengthy service, are made of percale, a good washing material, in neat blue and white stripes. They have belt at waist, collar front, and button at front, trimmed with white; knee length pants. Sizes 3 to 8 years. Greatly reduced, today, 45c.

### Boys' Natty Style Wash Suits, Greatly Reduced, 59c

For this item we cannot take phone or mail orders, the quantity being limited. These wash suits are of percale, in brown and white checks, made in the popular short Russian style, have neat collar, belt at waist and knee length. Sizes 3 to 8 years. Greatly reduced, today, 59c.

### We Accept Coupons of Victory Bonds

FOR the convenience of customers interest coupons detached from Dominion of Canada War Loan Bonds will be accepted on or after due date in payment for goods bought in the Store or by mail.

Care should be taken to detach only such coupons as are due, the due date being printed on the face of the coupon.

### Men! Not a Toyo, But a Panama, Special, \$4.75

There's a difference between a "Toyo" Hat (Panama weave) and that of Panama leaf. "Panama" in the hat business today is a much-abused word. Make sure when buying your "Panama" hat that you know the difference between the Japanese Toyo—that has taken the country by storm—and the Panama; also that you get the benefit of the difference in price.

Toyo is a Japanese paper, woven the same as Panama, tough in texture, holds its shape, looks for all the world like Panama in weave, texture, color and style, and has come into such vogue that very few know the difference. Along with a goodly stock of Panamas, we have Toyos also, but the hats here offered are Panama ones, made of South American fibre.

They are blocked in fedora shape, with wide, flaring or drooping brim, with plain black or fancy puggaree bands. Sizes 6½ to 7½. Today, each, \$4.75.

English Boaters of sennit straw, with black corded ribbon, and bow at side; sweatband is well drummed. Sizes 6 to 7½. Today, each, \$1.45.

English and American Plain and Fancy Boaters, with fancy bands, and comfortable sweatband. Sizes 6 to 7½. Special, each, \$2.25.

### Boys' Tweed Hats at \$1.25, \$1.69 and \$2.00

In fedora, with dome fastener, rah! rah!, sailor and telescope shapes, with rolling or drooping brims, which can easily be adjusted to suit the styles and features of the wearer. Black and white pin checks, shepherd's plaid. Among the many shades are included brown and grey stripe effects and

heather mixtures. Sizes from 6½ to 7½ in the lot, but not in each line. Today, special, \$1.25, \$1.69 and \$2.00.

### Kiddies' Hats, Special, 29c Each

These are in rah! rah! shape, with dome crown and flexible brims. In black and white checks, blue and white stripes, linen shade with blue and white overplaid, and a variety of combination color. Owing to the quantity being limited, we cannot take phone or mail orders. Sizes 6 to 6½. Special, each, 29c.

### Men's Suits of Tropical Tweeds, Homespun, Kool Cloths, Palm Beach and Worsted Effects, \$15.00

As the Names of the Cloths Indicate, These Are Summer Suits

Favored for their lightness and neatness, appreciated for their coolness, satisfying in their wearing qualities. Some of them, for instance, those of Palm Beach cloth, may be washed and ironed and look as well after it as before. Undoubtedly there hasn't been much need for suits of this class so far. But "it takes more than one swallow to make a summer"—scorching days may start in with a wild rush any time now—prepare for them, choose a summer suit from the choice selection in the Men's Section. In the lot are:

Greys in light, medium and dark shades, plain chevrons and hairline and medium width stripes. Fawns, browns and many other patterns suitable for summer wear. The coats are in three-button sack model, close-fitting collars, patch and regular pockets. Some have skeleton linings, some are 1-8, ¼ and ½ lined. The trousers have belt loops, cuff bottoms, two side, hip and watch pockets. Sizes 35 to 46. Suit, \$15.00.

### 100 Pairs Men's Khaki Outing Trousers, Special, \$1.95

Of drill material, in two shades, olive and khaki, in outing style to wear with belt; have tunnel loops, cuffs, two side, hip and watch pockets. Sizes 33 to 40 waist, and assorted length legs. Specially priced, per pair, \$1.95.

NEWS OF LABOR

STRIKING TEAMSTERS JOINED BY OTHERS

Men Say They Are Determined to Stay Out Until the End.

The striking teamsters from the Dominion Transport Company, who went out on Thursday, were yesterday joined by thirty teamsters from the Canadian Northern Transport Companies. Those from the Grand Trunk are not on strike and Superintendent Stokes stated his opinion that they would not do so. The teamsters already on strike have signified their intention of remaining in the fight to the last. This was the information given yesterday by Geo. Ward, president of the strikers' committee. Mr. Ward stated that the company had been given a month in which to come to terms with the men. He denied that the company had offered \$5 a month extra in case of illness. "What the company had done," he said, "was to offer a straight bonus of \$5 a month, with the proviso that the men take off no time except by written permission. While it is said that the men are looking for higher pay, an increase from \$70 to \$80 a month, the real reason for discontent is said to be the sentiment of the men at the decision of the company to refuse half holidays or other time off. Officials of the company state that it has been a custom among some of the men to take a day or a half day off whenever they saw fit. This interfered with the work of carrying the freight from the depot. A number of private wagons and others were seen at the yards yesterday, and the company is getting some of the freight away. In the meantime, between a hundred and a hundred and fifty men are on strike. A meeting may be held by the strikers at St. Andrew's Hall this morning.

CIVIC WORKERS WANTED EVIDENCE UNDER OATH

Ben Brooks, C. J. Mitchell and E. Reid, officials of the Civic Employees' Union, stated yesterday afternoon that as the Premier of Ontario had decided to issue power of a crown commission to the board which was appointed to deal with the differences between the city and the employees, the union had decided to resume work at the earliest moment, and to not reconsider its decision of Thursday. "What we wished to be certain of," said Mr. Brooks, "was that the board should have power to subpoena witnesses and swear them under oath relative to conditions prevailing throughout the departments of the city administration." The men generally reported for work yesterday morning, but returned home in many instances and engaged in the great Orange parade. However, wagons were seen in various parts of the downtown section taking away long-standing refuse. Enough men were kept at work at the sewer disposal plants to keep them going. The chairman of the commission which will investigate the grievances of the men has not yet been chosen, but the names of Judge Emerson Costasworth, J. C. O'Donohue, Judge Denton and Judge Snider have been mentioned.

SAY MEN RESIGN FROM POSTAL SERVICE

It was reported yesterday that a number of employees who had been with the postoffice for many years had resigned their positions because they were dissatisfied with the alleged inactive interest of the government in the needs of the department employees. It was also stated that youths of 18 and 19 were being employed, and on one case was instanced in which a youth had put a bunch of mail into one of the city sewers out of disgust. The chairman of the commission which will investigate the grievances of the men has not yet been chosen, but the names of Judge Emerson Costasworth, J. C. O'Donohue, Judge Denton and Judge Snider have been mentioned.

TELEGRAPHERS OF TWO COMPANIES TO MEET

A mass meeting of all the telegraphers in Toronto is expected to be held at Foresters' Hall on Sunday afternoon to consider the advisability of forming a general strike of telegraphers on the principle involved in the fight of the commercial telegraphers against the G. N. W. The meeting was last night by C. E. Hill, general organizer for the Commercial Telegraphers' Union in Canada. The mass meeting on Sunday will include telegraphers from both the G. N. W. and the C. P. R. services, and might, it was said, result in a general sympathetic strike.

POLICE REPORT QUIET ORANGE CELEBRATION

As far as the police were concerned "the glorious twelfth" was the quietest yet. No difficulty was experienced in handling the crowds who watched the parade and everyone, it was reported, was on his best behavior. Prohibition, too, was in evidence, judging from the few who had a little to drink. In West Dundas street street two, two, in Claremont street station two, and in Markham street station there was only one who failed to keep the law in the twelfth of July before prohibition," said an official when spoken to last night. "They used to be so thick that we were at our wits' end to know what to do with them all."

Robert L. Clark Dies Suddenly While on Business in Montreal

Word was received in Toronto yesterday to the effect that Robert Leslie Clark of Edward Clark & Sons, wholesale lumber merchants, died suddenly in Montreal yesterday morning. The body will be brought back to Toronto.

PANAMA AND STRAW HATS

Here's what you get: Panama Hats Reg. \$5.00 FOR \$2.50. We must clear out huge stocks of these hats and the one best way is to offer them at a price that simply impels you to buy. You'll kick yourself later on if you don't buy now when the chance is yours to save so much. It would be good economy to buy two hats when you can get them for the price of one. All hats ranging in price up to \$18 will be cleared out in the next few days at half price. We Close at 6 p.m. Saturday

W. D. DINEEN COMPANY LIMITED 140 Yonge St. At Temperance

WAR VETERANS VETERANS AND PUBLIC HOODWINKED, HE SAYS

Chas. H. Stock, secretary of the Riverdale branch of the G.W.V.A., stated yesterday afternoon that he had positive proof that various firms in the city had literally hoodwinked both the G.W.V.A. and the public in believing that they employed only British or Canadian labor. He had strong proofs of cases in which foreigners were employed on jobs which could well have been taken by returned soldiers, he said. There are many other members of the association who hold the same complaint against some of the manufacturers of the city. Among these is A. A. Ireland, who stated yesterday afternoon that he knew personally of cases in which foreigners were employed at tuffing and lathing, jobs which returned soldiers had some difficulty in tackling. Mr. Ireland has had troubles of his own with foreigners, and recounted an incident at a plant at which he worked and from which he was dismissed. He and many other employees had left the building, and were lining up for their going-out punches when he claims, a great Austrian ran past a lone line and took a place in the line in front of him. He remonstrated. The man struck him in the face. The firm dismissed both parties to the dispute on the ground that this conduct could not be tolerated and that it was difficult to decide who was responsible for the trouble. The G. W. V. A. is taking up Mr. Ireland's case, and will not let it drop until satisfaction has been given to the man who was dismissed.

SECRETARY IS OLD SOLDIER.

The new district secretary of the G. W. V. A. for the Toronto district, J. V. Conroy, of 118 Woodbine avenue, is an old soldier who saw service at the battle of Tel-el-Kebir more than 20 years ago, receiving his first wounds at the age of 15. Quartermaster-Sergeant J. V. Conroy was regimental quartermaster-sergeant of the 20th Battalion during the present war, and has returned from the front only very recently. He is a member of the Central Branch of the G.W.V.A., and his son belongs to the Riverdale branch.

EAT LESS MEAT IF BACK HURTS

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly back-ache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, eat about four ounces of Jads Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jads Salts cannot injure anyone; it makes a delightful effervescent lithia-water drink, which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

TORONTO CHARITIES ARE GIVEN BIG SUM

William Ramsay of Bowland, Scotland, and about thirty years ago a picturesque figure in Toronto, has donated \$600,000 worth of property to local charities and the Toronto General Trusts Company are arranging for the trust. The General Hospital will receive two-fifths of the total, the home for incurables one-fifth and the remainder to charities to be designated by the trustees. The property located to the foundation consists of the northeast corner of King and York, running 109 feet east on King and back to Eard street, the property upon which the Forum Building stands at the corner of Yonge and Gerrard streets, now leased to the Canada Life Assurance Company; the southwest corner of Scott and Front streets and land on Front street near St. Lawrence Market. While all of the property is valuable it is at present producing a small rental, some of it being vacant. Mr. Ramsay, who is still hale and hearty, came to Toronto as a young man in 1854 and opened a grocery and liquor shop on the corner of St. Lawrence Market, facing east Market street. He prospered, moved to Deer Park and became a heavy investor in Toronto real estate. For years he persistently refused to sell any of his holdings and the growth of the city made them valuable. He has two sons and two daughters, one of them being the wife of Prof. J. C. McLennan of this city. Up to the time the war commenced Mr. Ramsay had made yearly visits to Toronto to attend the annual meetings of the Imperial Bank of which he is a director, and to meet his old friends. A few years ago he sold the northeast corner of Yonge and Hayden, which he purchased over forty years ago for a small sum, at a price said to be \$60,000. Mr. Ramsay is one of the largest stockholders of the Imperial Bank, the par value of his stock being in the neighborhood of \$300,000.

CIVIC HEADS EXPECT MEN BACK MONDAY

Street Commissioner Wilson, who had about 750 men out on strike, says he expects they will all be back to work by Monday. Some started yesterday. There have been very few complaints from citizens on account of the non-collection of garbage and the streets, all things considered, are not in such a dirty condition as was expected. Of the 415 strikers in the works department, Commissioner Harris could not say how many had returned yet. He would know Monday. The total amount saved to the city by reason of the strike is in the neighborhood of \$31,000.

ORDER FORM

Have The Morning World mailed or delivered to your home regularly every day. Name Post Office Street Send The Morning World to the above address for month for which find enclosed \$.... Rates Per Day—3 cents the copy. Delivered by carrier, one year, \$5.00, in advance, a saving of \$1.25; 6 mo., \$2.50, a saving of 50 cents; 3 mo., \$1.25, a saving of 21 cents; one mo., 50c, a saving of from 3 to 4 cents. In addition to this saving you will secure service that will deliver the paper to your home every morning before 7 o'clock. Rates—By mail, one year, \$4.00; 6 mo., \$2.00; 3 mo., \$1.00; one mo., 40c. Carrier delivery maintained in Toronto, Hamilton and Brantford.

FIREMEN GET INCREASES.

Members of Kitchener Brigade Are Better Satisfied Now. Kitchener, July 12.—It was announced here today by the city clerk that as a result of a decision of the finance committee, the wages of Kitchener firemen will be considerably advanced in order to cope with the labor situation in the fire department. Several resignations were pending of men who had been long in the service, all of the resignations being due to the low salaries paid. The increase dates first year men \$850, instead of \$750; second year men at \$900, instead of \$840; and third year men at \$950, instead of \$850. The salary of the chief was raised to \$1,400. Chief Guerin stated today that on account of the increase wages he will abandon for a time his recommendation for a two-point system, as the men are satisfied with the advance and the chances of getting more men are better.

THE CIGMAKERS' STRIKE.

Three Hundred Men Now Are Out in Hamilton. Hamilton, July 12.—With about 300 men out on strike of the cigarmakers is continuing here with very little chance of a settlement unless the workers modify their demands for an increase of from two to four dollars per thousand. Firms now affected are the Hilda Cigar Company, Harper-Fresnal and Tuckett's, the cigar department of the latter firm being closed. Indications are that the strike will be a stubborn one and the men will continue out until the bitter end. A meeting was called this morning and arrangements made to issue strikers' pay and form a committee, which will endeavor to settle the dispute with the manufacturers.

POLICE GET RAISE.

Hamilton Commissioners Grant Them Increase of \$200. Hamilton, July 12.—Police commissioners at a meeting held behind closed doors at noon today decided that all the force, with the exception of the chief and the deputy, would receive an increase of \$2 per week. The advance will go into effect immediately.

SHIP PAINTERS MEET.

The marine painters of Toronto held an organization meeting at the Labor Temple last night. Much business was accomplished, and it is expected that the officers will be elected and installed very soon.

DIES IN ENGLAND.

Lieut. Donald P. Gibson, son of A. E. Gibson, Dominion Bank, and grandson of the late Donald Jackson, surgeon United States army, died in Leeds, Eng., following an operation for intestinal obstruction. He was equipment officer of the Royal Air Force, Lieut. Gibson, who was born in Toronto 26 years ago, was on active service about a year and a half. He was on the staff of the Bank of Commerce, Galt, when he enlisted.

POPULATION GROWS IN CITY AND COUNTY

Toronto and York County, despite the drains of the war, are increasing in population as the registration taken last month shows. It is pointed out that in 1911 when the census was taken the population of the county and the city was given as 442,254, which included every living person. In the recent registration the returns showed a total of 443,000, but as no one under 16 years was recorded, and over 60,000 have gone overseas, there is an obvious increase of considerable proportions. From the registration returns it would appear that there are 60,000 people in Toronto who have had some experience in farming.

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength. This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist and guarantee to return the money if it fails. Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely. Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

The Toronto World

FOUNDED 1880. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

SATURDAY MORNING, JULY 13.

Dr. Hastings on Housing.

Dr. Hastings, in his report to the local board of health on the housing question, has laid down several principles with which no one who has the public interest and nothing else in mind can find objection.

Last Wednesday we touched on the matter, suggesting that new houses to be built should be sold, not rented, to approved parties, whose removal to the new houses would leave their previous houses for rent.

Dr. Hastings emphasizes the need of houses in Toronto by showing how many have been pulled down in the last five years. The number is 1,632 and less than half of these were replaced.

German policy is of a different nature, however, and in German East Africa the loyalty of the Askari soldier, as Mr. Lloyd George stated, was due to the fact that this fighting tribe was allowed to lord it over the other natives.

It is on such outlying land alone that satisfactory housing accommodation can be placed, and there should be no effort to cover expensive real estate in the city with small houses which such cheap land is available within the normal radius of the city.

THE NICKEL TRUST—ENGLAND AT LAST GOES AFTER GERMAN INTRIGUE.

Stirring news comes from England that they will make sleepy Canadians wake up. The alien enemies are to be dug out of their holes in that country and put where they can do no more harm.

And now comes the Toronto Globe story of the nickel ore that we have in Canada. The light is buried under a bushel of verbiage about molybdenite, ladies' bracelets and the placer gravels in British Columbia.

The Globe is quite sure that very little platinum is shipped out of the country by the Canadian Copper Co., of the Mendocino Co. It has figured the percentage of platinum in the Sudbury ores at 0.1 per cent.

The extent to which Canada may benefit from the activity of the demand for platinum is probably small. The principal source of supply in this country has been the placer gravels in British Columbia.

Better late than never. The United States has been after the German trust with a sharp stick. The custodian of alien property has seized nickel and other supplies owned by Germans.

Canada certainly does not lead, and we fear she does not even follow. A few veins of coal in the Rocky Mountains owned by a German company were seized the other day, but we think Sir Thomas White could find some German-owned property of greater value near Ottawa.

It is undeniably like this, repeated in the Pacific Ocean and elsewhere, that make the African and Australasian colonies hostile to any proposal that would give them Germans as neighbors.

It is on such outlying land alone that satisfactory housing accommodation can be placed, and there should be no effort to cover expensive real estate in the city with small houses which such cheap land is available within the normal radius of the city.

THE NICKEL TRUST—ENGLAND AT LAST GOES AFTER GERMAN INTRIGUE.

Stirring news comes from England that they will make sleepy Canadians wake up. The alien enemies are to be dug out of their holes in that country and put where they can do no more harm.

And now comes the Toronto Globe story of the nickel ore that we have in Canada. The light is buried under a bushel of verbiage about molybdenite, ladies' bracelets and the placer gravels in British Columbia.

The Globe is quite sure that very little platinum is shipped out of the country by the Canadian Copper Co., of the Mendocino Co. It has figured the percentage of platinum in the Sudbury ores at 0.1 per cent.

The extent to which Canada may benefit from the activity of the demand for platinum is probably small. The principal source of supply in this country has been the placer gravels in British Columbia.

Better late than never. The United States has been after the German trust with a sharp stick. The custodian of alien property has seized nickel and other supplies owned by Germans.

Canada certainly does not lead, and we fear she does not even follow. A few veins of coal in the Rocky Mountains owned by a German company were seized the other day, but we think Sir Thomas White could find some German-owned property of greater value near Ottawa.

It is undeniably like this, repeated in the Pacific Ocean and elsewhere, that make the African and Australasian colonies hostile to any proposal that would give them Germans as neighbors.

A Line of Cheer Each Day of the Year

By John Kendrick Bangs. THE CHART. From Yesterday I hope to learn How I may face the road Today, And when I come to some new turn Choose properly the proper way.

As for Today, I hope to gain From out its meed of joy or sorrow The chart laid down so clear and plain That I shall not go wrong Tomorrow.

everything but the color of the flower of flax can be used to some advantage. The by-products of flax scutching are also most valuable. Tow, the combing of the fibre after it has been separated from the straw, can be used for making sound-proof walls, and for the manufacture of felt, and other similar material.

The manufacture of fibre and subsequently yarn and rough linen, twines or cordage. Every particle of the flax crop can and should be used, and it might be said that the only thing lost in the cultivation of the plant is the color of its flower.

The by-products of flax scutching are also most valuable. Tow, the combing of the fibre after it has been separated from the straw, can be used for making sound-proof walls, and for the manufacture of felt, and other similar material.

CITY OF PRINCE ALBERT DEFAULTS INTEREST

London, July 12.—The Times says the City of Prince Albert, Sask., has defaulted on interest due July 1 on two issues of debentures floated in London in 1913. The first issue was for £102,700, bearing 4-1/2 per cent, and the second for £200,000, bearing five per cent interest. The holders, on presenting coupons for payment, had them returned marked "no funds," which means the city has failed to provide the requisite moneys to pay in full.

In view of the war-time prosperity in the Dominion as a whole the default has caused some surprise among debenture holders.

The City of Prince Albert, Sask., has defaulted on interest due July 1 on two issues of debentures floated in London in 1913. The first issue was for £102,700, bearing 4-1/2 per cent, and the second for £200,000, bearing five per cent interest.

TO BUILD DRYDOCK FOR BIGGEST SHIPS

Enterprise at St. John, N.B. Will Embrace Vessel Construction.

Ottawa, July 12.—More particulars of the contract which the St. John Drydock and Shipbuilding Company has secured from the department of public works, for the construction of a drydock and ship repairing plant at Courtney Bay St. John, were today available. The contract calls for the construction of a drydock which will be of the first class and the largest on this side of the Atlantic. It will, when completed, accommodate the greatest ships of any navy or the largest mercantile vessels now built or contemplated.

The length of the new dock will be 145 feet, and its width at the bottom 125 feet, with forty feet of water over the sills. The control is in the hands of the Canadian Dredging Company, Ltd., of Midland, Ont., which has acquired control of the stock of the St. John Drydock and Shipbuilding Co. It is expected that steel shipbuilding will form an important part of the enterprise, and that keels for two 10,000-ton vessels will be laid within the next year or year and a half. The work on the new drydock, and certain dredging operations in the harbor of St. John, which the company has contracted for, will it is expected, be started within 60 days, and both should be completed within three years. Their contract calls for an expenditure of nearly \$10,000,000.

The length of the new dock will be 145 feet, and its width at the bottom 125 feet, with forty feet of water over the sills. The control is in the hands of the Canadian Dredging Company, Ltd., of Midland, Ont., which has acquired control of the stock of the St. John Drydock and Shipbuilding Co.

THE WOMAN WHO CHANGED BY JANE PHELPS

Helen Gives Her Hostess Pleasure. CHAPTER CXXXII. The library was a massively beautiful room with bookcases running about three sides of it, and an immense fireplace. Wondrous etchings hung on the walls. The furniture was solid and substantial, but so comfortable and the lighting, so subdued, was fascinating.

The business was discussed for nearly an hour, both Mr. Babcock and George occasionally appealing to either Mrs. Babcock or me. I felt so flattered and happy. The unusualness of it all was stimulating, and I realized that I never had appeared to better advantage.

Mrs. Babcock had told us her niece was dining out that night, for which I felt very sorry. "Thank goodness!" it was so nice to have just the four of us.

After they had finished discussing the business matters, they asked if I was musical. George did not wait for me to reply, but at once said I had unusual talent. "Indeed, they are!" he heartily agreed. "And, Helen, if I put that deal over, I shall have you to thank for it. They both were charmed with you."

"I am glad, if I have been of help," I returned, rather stiltedly, yet thrilled by the thought.

Helen Began to Julia Collins. The next day, as I was eating lunch, Julia Collins came into the dining-room, and, as she did before, joined me without being invited, or even wanted.

"I looked for you and George last night! I had some charming people here to dinner. I wanted him to meet them. As I noticed, I noticed it was 'him' she wanted, not 'you.'"

"We dined with Mr. and Mrs. Babcock at their home," I returned. "You did!" her tone expressed surprise. She had not heard the invitation extended to us, the night in the grill; she had been too busy talking to the others.

"Yes, and their home is delightful. It is really gorgeous. The dinner and service were wonderful! We had music afterward; they both play—the violin, she the harp, and—"

"Of course, you shone if you had music," she said in a peculiar tone. "I don't know that I shone, but I do know I was glad I could play. It seemed to give them so much pleasure. I sang for them, also, before we left. She is Scotch, and I sang Scottish songs."

"You must have had a nice time. I suppose George was proud of you." "I hope so," then I changed the subject. "I still wondered at her idea. After I had gone upstairs, I recalled the conversation, and blushed (or shame, I had done nothing but brag) and Julia Collins, much as I disliked her, I knew would not be guilty of such a thing. I was terribly ashamed of myself, and could only hope she would not repeat what I had said."

"When George came in, I knew at once he had seen her and that she had repeated it."

"Aren't they delightful?" I said to George, as we drove back to the hotel in their luxurious limousine. "I don't know when I have enjoyed myself so much."

"Indeed, they are!" he heartily agreed. "And, Helen, if I put that deal over, I shall have you to thank for it. They both were charmed with you."

Cotton Sheets

We are showing an immense variety of Hemmed and Hemstitched Cotton Sheets in every size, width and quality. These are now selling at lowest prices. By buying now you will save considerable before the prices advance.

H. S. Cotton Pillow Cases

Five quality Linen Finish H. S. Cotton Pillow Cases, with fine even thread, which will give excellent wear. Special while they last, \$7.50 per dozen.

White Counterpanes

In Dainty Satin Damask, Mercerized Damask, Embroidered Cotton, etc. as shown in single, three-quarter and double-bed sizes, and are being sold greatly below today's market price.

Wool Blankets and Eiderdown Quilts

are offered at low prices. You can save money by anticipating your next winter requirements now.

Down Cushions, Feather Pillows, Cotton Comforters and Blankets or Summer

are now selling at special July prices. Mail orders receive prompt attention.

JOHN CATTO & SON

TORONTO

Ladies' and Gentlemen's HATS

of all kinds cleaned, dyed and remodeled. Work excellent. Prices reasonable.

U. S. SOLDIER-AUTHOR

WRITES FROM GERMANY

French Army Headquarters, July 12.—A letter has been received by a friend in France from Captain James Norman Hall, the American airman and author of "Kitchener's Mob," who since April, when he was brought down in the enemy's lines, has been a prisoner in Germany. Captain Hall, writing from a hospital in Germany, says:

"During a combat I had the misfortune to break the wing of my aeroplane, and then a shell from a small quick firer hit my motor. My engine was badly broken in landing, so that I am now in hospital, where I am most likely to remain some time."

Capt. Hall adds that he has suffered much with his ankle, but is being most kindly treated.

A year ago Capt. Hall, who single-handed, engaged in a fight with eight German aces over the Chemin des Dames, and was wounded, crashed unaccountably from a height of twelve thousand feet. His life was saved by a machine gun machine falling into a trench in such a way that the wings broke the violence of his fall. He had brought down an enemy aeroplane when captured.

ALTAR AND TABERNACLE

REMOVED FROM CHURCH

Landlord Took Them, But They Were Recovered by Writ of Replevin.

Windsor, July 12.—Armed with a writ of replevin, a bailiff today went in search of and soon discovered one perfectly good altar and tabernacle taken by force from the Church of Our Saviour, a French independent church in Ford of which Rev. Father Durand is pastor. Abraham Adler, who runs a bakery establishment in Ford and who quite incidentally owns a building where Father Durand's church is located, admits he entered the church early this morning and carried away the ecclesiastical fixtures because \$300 back rent due him had not been paid. After carrying the fixtures outside, Adler barred the door and turned the key in the lock.

When the pastor discovered what had occurred, he took legal advice, and the writ of replevin was issued.

NINE-YEAR-OLD BOY

IS DROWNED IN RIVER

Cornwall, July 12.—Harry Cuglar, the nine-year-old son of Mr. and Mrs. Riley D. Cuglar, who live on the Scarborough Farm on Longue Sault Island, was drowned in the St. Lawrence near his home today.

The boy is said to have been a good swimmer. He went to the river with his sister, Lena, who rowed about as the boy was swimming. The girl thought her brother was getting into water too deep for him so she rowed around him telling him to go closer to shore.

Suddenly he sank from sight without making any outcry nor even a motion of his hands. At first his sister thought he was playing in the water, but when he did not appear on the surface in a few minutes, she rowed ashore and gave the alarm. Her father and neighbors hastened the scene and began to drag the river bed and after two hours' work, the body was recovered. Besides the parents are three sisters and two brothers.

Don't Look Old!

But restore your gray and faded hair to its natural color!

LOCKYER'S SULPHUR Hair Restorer

This world-famed Hair Restorer is prepared by the expert chemists, Dr. J. L. Lockyer, L.D., Bedford, London. It can be obtained of all druggists.

The quality of deepening grayness to a younger color in a few days, thus securing a permanent appearance has caused thousands to retain their position.

LOCKYER'S gives health to the hair and restores the natural color. It cleanses the scalp and makes the most perfect hair dressing.

THE WEATHER

Meteorological Office, Toronto, July 12.—(8 p.m.)—The barometer is low high from the Great Lakes to the Atlantic, and the weather today has been mostly fine and moderately warm, the only snow-fine reported having occurred in the neighbourhood of Toronto, in the west it is more unsettled, and showers have occurred in some localities, both in Saskatchewan and in Manitoba.

Minimum and maximum temperatures: Prince Rupert, 46, 64; Victoria, 48, 62; Vancouver, 49, 72; Edmonton, 50, 70; Saskatoon, 56, 86; Prince Albert, 59, 82; Moose Jaw, 56, 84; Regina, 57, 85; Winnipeg, 58, 87; Fort Arthur, 52, 78; Wainwright, 54, 80; Harry Sound, 58, 70; Toronto, 56, 78; Kingston, 54, 74; Ottawa, 54, 74; Montreal, 55, 75; Quebec, 54, 80; St. John, 50, 66; Halifax, 52, 78.

Probabilities: Lower Lakes and Georgian Bay, and Ottawa Valley, Upper St. Lawrence, Lower St. Lawrence, Gulf and North shore—Light to moderate winds, mostly fine and moderately warm.

Maritime—Light winds; fair and warm. Lake Superior—Light winds; mostly fine and warm; some scattered showers in western portion.

Manitoba and Saskatchewan—Warm and mostly fair, with showers in many localities.

Alberta—Northerly winds; comparatively cool, with scattered showers.

THE BAROMETER

Table with columns: Time, Bar., Wind. Rows for 8 a.m., Noon, 2 p.m., 4 p.m., 8 p.m., Mean of day.

STREET CAR DELAYS

Friday, July 12, 1918. Avenue road, Dupont and Yonge cars, southbound, delayed 15 minutes at 12:15 p.m.

Yonge street from Gloucester to Dundas, by Orange parade. Queen cars, westbound, delayed 2 hours 42 minutes at 11:05 a.m. on Queen from Yonge to Dufferin, by parade.

Shor cars, both ways, delayed 7 minutes at 1:55 a.m. on Queen from Bay to McCaul by parade.

Harbord and Belt Line cars, both ways, delayed 8 minutes at 7:30 p.m. at Queen and Spadina by parade.

Harbord and Belt Line cars, both ways, delayed 8 minutes at 7:41 p.m. at Queen and Spadina by parade.

Saturday cars, delayed 8 minutes at 7:42 p.m. at Front and John by train.

In addition to the above there were several delays of less than 7 minutes each due to various causes.

DRAPER BACKS POLICY

TO PREVENT STRIKES

Ottawa, July 12.—P. M. Draper, secretary-treasurer of the Dominion Trades and Labor Congress, stated, regarding the government's statement of policy, that he had read the memorandum carefully and was under the impression that no fair-minded trade unionist or working man in the Dominion could find any tenable reason for not supporting the proposed policy of the government. In fact, he stated that a comparison of the government's proposed policy with that of the one agreed to by the United States Government and the American Federation of Labor, was not materially different.

Mr. Draper was also of the opinion that if the policy enunciated by the minister of labor and approved by the Dominion Cabinet was accepted by the employers and employees much good would result.

Nearly Five Hundred More

Men Leave Niagara Camp

Niagara Camp, July 12.—Five officers and 480 other ranks from the 1st Battalion, 2nd C.O.R., left camp tonight for an eastern point to continue training. The weekly route march was canceled today. Col. H. C. Bickford, D.O.C., inspected the camp and expressed himself as pleased with what he saw here.

WORKMAN SMOTHERED

Caught By Cave-in While Laying a Sewer in London, Ont.

London, July 12.—Peter Woolgar, aged 51, was smothered this afternoon while laying a sewer in Adelaide street, when he was caught in a cave-in. Besides his wife he leaves two step-sons.

CIVILIANS LEAVE ZEEBRUGGE

Amsterdam, July 12.—Reports received from the Belgian frontier today declared that civilians are being evacuated from Zeebrugge and are being moved eastward.

HABEAS CORPUS CASE

IN SUPREME COURT

Important Question of Order-in-Council's Validity Up Before Justice Anglin.

HEARING NEXT THURSDAY

Whole Bench Will Determine Vexed Constitutional Matter Raised by Conscription.

Ottawa, July 12.—The important question of the validity of the order-in-council of April 20 canceling exemptions granted under the Military Service Act reached the Supreme Court of Canada this morning in the form of an application for a writ of habeas corpus for Pte. George Edwin Grey, of Nipissing, who is under arrest because he refused to do an military uniform at Niagara Camp and also declined to be inducted.

After hearing the evidence in chambers, Mr. Justice Anglin consented to the issuance of an order nisi for the writ of habeas corpus, the validity of which will sit on Thursday next, July 18. This was done at the request of Mr. E. L. Newcombe, deputy minister of justice, who had an objection to such an order nisi being raised by F. H. Chrysler, K.C., Ottawa, or Mr. C. C. Robinson, who made the application on behalf of Grey.

As a result this application will be the basis for the settlement by the courts of the highly important matter of the validity of the order-in-council of April 20. There will be no appeal from the judgment of the Supreme Court of Alberta, inasmuch as the possibility of an objection to such an appeal being taken thereby being avoided.

The Applicant is Farmer. In the course of the proceedings before Hon. Justice Anglin, Mr. Chrysler explained that Grey, the applicant for the writ of habeas corpus, is a farmer who had been refused exemption by the local tribunal. He went before the appeal tribunal at Halleyville and second appeal tribunal at Nipissing, and was refused exemption as he remained on the farm. From this decision the military authorities appealed to the central appeal judge and the application was before Hon. Justice Duff on April 20, when the order-in-council was issued. Like similar appeals relating to the classes affected by the order-in-council, it was not proceeded with.

Mr. Chrysler said that Grey contended that the order-in-council was not valid. "We wish," he said, "to have the question of the order-in-council issued under the War Measures Act settled. He is a soldier as well as a farmer, and he is entitled to the same treatment as the other soldiers in the army."

Mr. Justice Anglin referred to the fact that the order-in-council had been passed, and that it was a matter of session. That was an objection to it which he said he would like to hear discussed. He also expressed a desire to see the judgment of the Alberta and Quebec courts.

Mr. Newcombe said that the crown raised no objection to the order-in-council. It was a case, he said, where, if the invalidity of the order of April 20 could be established on behalf of the prisoner, it would be entitled to be discharged from custody. He referred to the importance and urgency of the matter, stating that the judgment of the Alberta court was having an effect all over the country. "It is," he said, "of the most public importance that the question should be settled at rest."

Mr. Newcombe then suggested that the whole question of the validity of the order-in-council as raised by the prisoner should be referred to the whole supreme court. "You think that more expeditious than an appeal from the judgment of the Alberta court?" queried Mr. Justice Anglin.

Mr. Newcombe replied that this would be the more expeditious way of disposing of the matter. It would avoid the question of whether or not an appeal can be taken from the judgment of the Alberta court. It would be necessary to summon parliament in special session should the supreme court declare the order-in-council invalid, and Mr. Newcombe replied that it would.

Some discussion followed as to the date on which the supreme court should convene in special session, and it was agreed to make every possible effort to be ready to proceed with the hearing on Thursday next.

Mr. Justice Anglin agreed that this would be the proper course to pursue. "I could not," he said, "refuse the writ without over-ruling the Alberta court. On the other hand, should I authorize the issuance of the writ an appeal from my order might be taken."

ONE AT KINGSTON

Writ Served on Commander at Barricade Camp.

Kingston, July 12.—A writ of habeas corpus, was issued against Lieut. Col. R. M. Smart, officer commanding the depot battalion at Barricade, to show why Pte. M. M. Whittaker of Newcastle should not be released from the battalion. The writ was received by Sheriff Dawson this afternoon.

LITIGATION CONTINUES

OVER HABEAS CORPUS

According to Gordon Waldron, who is acting for some of the soldier-applicants who are the subject of habeas corpus proceedings for release from military service, the proceedings will be continued until a definite decision is given. Gordon Waldron stated there was no doubt that any special instructions to the order-in-council would be continued until a definite decision is given. Gordon Waldron stated that he had no doubt that any special instructions to the order-in-council would be continued until a definite decision is given. Gordon Waldron stated that he had no doubt that any special instructions to the order-in-council would be continued until a definite decision is given.

DANGER LOOKS IN

EVERY ONE OF US

We Are as Full of Deadly Poisons as a Germ Laboratory.

AUTO-INTOXICATION

OR SELF-POISONING

"Fruit-a-tives" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that auto-intoxication, due to non-action of the bowels, is directly responsible for serious kidney and bladder troubles; that it upsets the stomach, causes indigestion, loss of appetite and sleeplessness; that chronic rheumatism, gout, pain in the back are relieved as soon as the bowels become regular, and that pimples, rashes, eczema and other skin affections disappear when "Fruit-a-tives" are taken to correct constipation.

"Fruit-a-tives" will protect you against auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs.

50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives, Limited, Ottawa.

Issue, which rested on the question as to whether the rights of parliament could be taken away. Lieut.-Col. James George, A.A.G., Toronto, in reply to the states that as far as his department is concerned it was its duty to carry out the instructions from the minister of militia, and that further than that it had no interest in the question.

MUCH WOOL SOLD

AT GUELPH CENTRE

Of 700,000 Pounds Received 100,000 Have Been Sold in Canada.

Guelph, July 12.—Wool is still coming in at the winter fair building, over three carloads having arrived inside of the last couple of days. The total amount sent in so far to be graded amounts to over 700,000 lbs. Of this something over 100,000 lbs. has been sold to the Canadian buyers. The prices obtained have been good, ranging from 60 to 75 cents a pound according to grade.

The local commission appointed at the last meeting of the city council is now in control of the distribution of coal in the city, an office having been opened in the city hall this morning, where all applications for coal must be made on or after July 12. The commission knows exactly how much coal is in military service and how much will be delivered first to those making application who have no coal in their cellars and these permits are for only 25 per cent of their requirements.

When a round of the city has been made another 25 per cent will be given on or after July 17. There are several questions which all applying for coal are required to answer, and means another struggle with many coal cuts they require for one year, what kind, how much coal they had received since the first of April, and what kind of coal they had left from last winter and whom they obtained it from. The answers to these questions are carefully noted and kept track of for future reference to be made when the distribution of coal.

In addition to this the fuel commission has prepared a small pamphlet regarding their distribution and in securing an equitable distribution of coal.

Harper, customs broker, 39 West Wellington street, corner Bay, Adelaide 4622.

AGITATION IN GERMANY

TO SAVE RHINE TOWNS

Geneva, July 12.—Another campaign has been undertaken along the Rhine in order to prevent allied aerial bombardment of Rhine towns. The Landtag of the Duchy of Baden has been asked to pass a resolution requesting the government of the grand duchy to exercise its influence with the imperial authorities to come to an agreement with the government of the grand duchy to assist the aerial bombardments of towns outside the zone of military operations. In a speech in the Landtag Deputy Narun declared that aerial attacks on localities behind the front serve no military purpose, and that only innocent women and children suffer.

In commenting on this new campaign The Lausanne Gazette declares that the Germans since the beginning of the war have bombarded London and Paris with zeppelins and airplanes many more than a hundred times, while the allied forces during three years or various reasons were unable to reply, but did not whine. Now the Germans, it adds, after only a few months of bombardment of their open towns are crying: "Kanzler."

PRESIDENT VEToes

ADVANCE IN WHEAT

Increase in U. S. Price Would Force One in Canada.

BUMPER CROP RAISED

Patriotic Farmers Do Not Depend on Stimulation of Market.

Washington, July 12.—In vetoing the \$28,000,000 annual agricultural appropriation bill because of its amendment giving the government so advanced minimum wheat price at \$2.40 a bushel, the president informed congress today that he did not believe the farmers of America would support a stimulation of price to do their utmost to serve the nation and the world at this time of crisis.

The president said the patriotic spirit of the farmers has been "worthy of all praise and has shown them playing a most admirable and gratifying part in the mobilization of the resources of the country." He added that the bumper crops they have raised this year have relieved "the anxiety of the nations arrayed against Germany with regard to their food supplies."

A fixed minimum price of \$2.40 a bushel, the president said, would increase the price of flour from \$10.50 to \$12.50 a barrel and would put an additional burden of \$87,000,000 this year on the consumer. Such an increase in price, he said, would force a similar increase in Canada, thus enlarging the whole scale of financial operations in this country by a tied government and affecting practically the entire world.

The house is expected to pass the bill tomorrow with the price fixing amendment eliminated, leaving the guaranteed price at \$2.20 a bushel. Some senators from wheat growing states were disposed tonight to urge the senate to pass the bill over the president's veto, while others suggested that the price amendment might be added to the \$11,000,000 emergency agricultural bill to which is attached the prohibition amendment.

Imperial Conference TO CONCLUDE SOON. London, July 12.—According to The Morning Post the work of the Imperial War Conference will be satisfied that there is hope of bringing the situation to a close within ten days or a fortnight. The Imperial War Cabinet sittings may go on longer. Important matters affecting emigration may probably come again before the conference on account of the action of Australia, which is much dissatisfied with the emigration bill, prohibiting providing of steamer passages by any person to a holder of a passage broker's license who has entered into a bond of 25 pounds. The bill also prohibits publication of emigration statistics of the Dominion Governments over these provisions, and The Morning Post understands the colonial secretaries are agreed to the insertion of a clause exempting them from operation of the measure, except the passage broker license, and this point is still being protested.

CANADIANS OBJECT

TO ANY HALF-VICTORY

London, July 12.—The lord mayor of London, Sir Charles Hanson, last night at the Mansion House, entertained representatives of the Imperial War Conference. The company also comprising a large number of other guests connected with the Dominions including the Canadian editors now here. Colonial Secretary Long proposed the toast to the guests, which was responded to by the Maharajah of Patiala and Sir Robert Borden, who, in opening, paid an eloquent tribute to the "chief burden which had rested upon the people of these islands," and an equally generous reference to the work of the British navy.

"I believe, more than ever," continued Premier Borden, "that the Dominion I represent will not be satisfied with an inconclusive or indecisive peace. Germany half-defeated would be Germany victorious. Germany half-defeated means another struggle within 25 years perhaps, under more difficult conditions."

Premier Borden also spoke of the bombing of hospitals at Etaples and the destruction of the Llandovery Castle. "If anyone imagines such acts will have their effect upon the spirit of our people, he greatly mistakes the mind and heart of our great Dominion," he declared.

BIG INDEMNITY CLAIM

Paris, July 12.—Germany's claim for indemnity from Russia amounts to the sum of \$3,622,000,000, according to a report printed in The Berlin Vossische Zeitung, of the work done by the mixed commission named to take up consideration of claims growing out of the conclusion of the Brest-Litovsk peace.

Bitter Opposition Offered

To Bank Charter Renewal

Paris, July 12.—Last night's debate in the chamber of deputies on the measure providing for the renewal of the privileges of the charter of the Bank of France for 25 years beginning January 1, 1912, was characterized by bitter opposition to the bill from the Socialists, who did not let their attack die down with the vote granting the twenty-five year extension. Hardly had the vote been recorded when Albert Thomas, Socialist leader and former member of the war council, proposed an amendment to the effect that the chamber at any time within ten years after the cessation of hostilities could enact a law by which the privileges for the bank could be cancelled at the expiration of the ten-year period after the signing of peace.

GERMAN EMBASSY MOBBED

Rioters Make Violent Attack on Building in Vienna.

London, July 12.—Rioting which occurred in Vienna and other places in Austria following the breakdown of the Austrian offensive culminated in a vicious attack on the German embassy in Vienna, according to the most recent reports from a reliable neutral source, which have reached here. Besides the military and police could intervene much damage to the structure is said to have been done.

Provincial Normal School Results

The department of education announces the results of the courses of training for public and separate school teachers at the Normal Schools at Hamilton, London, North Bay, Ottawa, Peterboro, Stratford and Toronto.

The certificates of the successful candidates and marks of those who failed will be forwarded in due course to the individual addresses.

Those candidates who have failed to obtain standing will be required to attend another season, but they may enter at the reopening of the Normal Schools in January, and take the examinations in June.

In addition to those whose names appear below, interim second-class certificates will be granted to Margaret E. Brown, Florence McBrath (Sister Zephyrina) and Anabel MacLeod on submitting satisfactory proof of British citizenship.

Interim Second-Class Certificates, July, 1918

15¢ PER PACKAGE PLAYER'S NAVY CUT CIGARETTES BEAUTIFULLY COOL AND SWEET SMOKING

How is Your Appetite? Loss of appetite during the summer months is a common trouble, and indicates that the digestive system is out of order. Lacking a healthy appetite many people—especially women—go too long without food, or eat sparingly because they seem to distrust them, and it is no wonder that they complain that they are constantly tired and unable to stand the hot weather. This simply means that the digestive system is not doing its proper work, and that the nutriment that should come from the food is not being distributed to the various organs of the body. In other words the blood is growing thin and watery. You need a summer tonic, and in the realm of medicine there is no tonic can equal Dr. Williams' Pink Pills. Take a short treatment with these pills now and notice how promptly your appetite returns and your power to digest food improves. Your food will then do you good, your strength will return and you will no longer complain that the hot weather tries you out. The best time to begin taking Dr. Williams' Pink Pills is the moment you feel the least bit out of sorts. The sooner you do so the sooner you will regain your old time energy. You can get these pills through any medicine dealer or by mail at \$5.00 a box or six boxes for \$25.00. The Dr. Williams' Medicine Co., Brockville, Ont.

The Kewpie Korner by Kewpiegram. Rose O'Neill. "Mix little drops of water. With little grains of sand And make a prudent war-cake." Says Cook, "and save our land!"

SETBACK IN CORN AFTER FRESH RISE

President Wilson's Veto of Wheat Price Increase Depresses Other Grains.

Chicago, July 12.—Keen demand from millers, together with prospect of curtailed receipts, made corn soar today, but a material setback ensued after announcement that President Wilson had begun drafting a veto of the bill to increase the government's guarantee largely on fear that the close was nervous, 1 3/8 to 2 1/4 cent higher, with August \$1.61, 1-2 to \$1.61 1/2, and September \$1.61, 1-2 to \$1.61 1/2. Oats gained half to 1 1/8 cent and provisions 5c to 10c. Eagerness to buy corn seemed to be based largely on fear that the bill to establish \$2.40 as the minimum price of wheat would automatically become a law. As in such a case, according to some authorities, the use of substitutes, especially corn, must broaden out. Scarcity of good grades of corn and the fancy prices being paid for them tended alike to depress the sentiment until definite knowledge was obtained of the forthcoming veto and of a likelihood that attempts to overrule the veto would fail. Oats rose later, but were barely affected later both by veto news and by rains over western Canada. Strength in provisions resulted from the advance of hogs and grain.

HALTS WHEAT RAISE

Washington, July 12.—President Wilson today vetoed the annual agricultural appropriation bill containing an amendment increasing the price of wheat to \$2.40 per bushel. The president's message said the increase in the price of wheat would add \$2 to the cost of the wheat of flour and would add \$387,000,000 to the price of the 800,000,000 bushel crop of 1918 over the rate of \$1.60 per bushel. It also would increase the price of Canadian wheat, the message said, and would add very materially to the general high cost of living.

GRAIN EXPORTS

War kerosene, No. 2, 1s. 3/4d.

FLED FROM RUMANIA

Widow of Oil Expert is New Living in Sarina.

Sarina, July 12.—Mrs. Walter Stack recently arrived in Sarina from Europe. Her late husband went to Australia as an oil expert from Petrolia about 20 years ago and she accompanied him. Several years ago he became interested in the Rumanian field and about 1910 died. Mrs. Stack remained in that country until the Germans were about to take the Rumanian oil fields, when she fled. For the present she is making her home at the residence of Mr. and Mrs. Hamilton.

Of the 156 pupils who wrote on the entrance examination here 77 passed with honors. With one exception all local students passed.

WOULD CONTROL FUEL

Waterloo Town Council is Investigating Schemes in Other Places.

Waterloo, July 12.—At an important meeting of the finance committee here today, it was decided to investigate various schemes of fuel control at present in vogue in Ontario cities, with a view to establishing some form of fuel control in Waterloo. There was considerable opposition to the establishment of a fuel control in the town. A number of the aldermen being in favor of allowing the dealers to handle the situation. Ald. Ratz, of Kitchener, addressed the meeting and recommended a system in vogue in Ottawa as being cheaper than the Kitchener system. The question will be further discussed by the council on Monday night.

TO VISIT CANADA

Prince Arthur of Connaught Will Arrive in Few Weeks.

Ottawa, July 12.—H.R.H. Prince Arthur of Connaught, on his way home from Japan, toward the end of the present month, is expected to spend some time in Canada, and will, while here, visit a number of Canadian hospitals and training camps.

# SIMPSON'S

## Today---3469 Arrow Shirts in the Most Extraordinary Sale Event of the Season---

Regular \$1.50, \$2, \$2.50 and \$3 Kinds All One Price---

### Quantities and Regular Prices

- 986 Shirts of \$1.50 quality
- 472 Shirts of \$1.75 quality
- 1484 Shirts of \$2.00 quality
- 340 Shirts of \$2.50 quality
- 187 Shirts of \$3.00 quality
- All one price today \$1.39

# \$1.39

Four for \$5.50

You men who are accustomed to paying out \$1.50, \$2.00, \$2.50 and \$3.00 for shirts will find these exact qualities here in authentic styles and patterns.

These are not commonplace "sale" shirts or leftovers or cancelled orders. They're right out of the stock room of the Arrow factory---up to the minute, new, fashionable shirts every one.

EVERY FABRIC, COLOR AND PATTERN THAT YOU COULD WISH FOR. BUT YOU GET MORE THAN COLOR, PATTERN AND FABRIC IN THESE SHIRTS. YOU GET WORKMANSHIP. IT IS WORKMANSHIP THAT PUTS CLASS INTO A SHIRT.

Made by master shirt makers, who have the expertness gained during years of catering to discriminating wearers.

Patterns carefully matched in cuffs---shoulders and fronts. Seams closely stitched, smooth and uniform. They're triumphs in shirtmaking---the finish throughout admits of no criticism. These shirts have character stitched into them, such as only shirts of the better sort can boast.

Plain and fancy hairline and cluster stripes, also two and three tone effects in black, blue, helio, tan, green and gold.

Materials are soisette, crepe, zephyr, Russian cord and twill cloths. Double French cuffs and some laundered cuffs.

Then two, there are sport shirts, plain and striped, and collar attached shirts in plain white.

Sizes 13½ to 17. Different lengths in sleeves to fit long, short or medium arms.

Men will appreciate this feature since perfect fitting sleeves are mighty important to the fit, appearance and wear of a shirt.

Additional selling space has been allotted for the sale---extra salespeople ready for service. It'll be an overwhelming event, because few men will be able to resist the impulse of seeing such fine shirts offered at just \$1.39---4 for \$5.50.

### Today in Simpson's Pure Food Market

Canada Food Control License No. 9-029.
