LIKE A CAPRICIOUS CHILD

Autumn Flits From One Sort of Weather to Another

Today It's Cool and Fine---

Tomorrow It's Wet and Blustery

It's the Time of the Year When the Two-Purpose Tweed Coat Proves Its Worth

For it Affords Warmth and Comfort in Chilly Weather and Reliable Protection in Wet Weather

Moreover It's Good Looking in Style and Appealing in Pattern and Shade

The First Item is an

"EATON-Made" Rubberized Tweed Coat at \$20.00

Listed first because of the tailoring, the good style and value it offers.

It's of Union tweed, in a rich green and ox-blood mixture

One has a choice of two models---the full fitting slip-on style or the all-around belted model. Both have patch pockets and convertible lapels, cuff effect on the sleeves, and taped seams which are sewn and cemented. Sizes 35 to 44. \$20.00.

At \$20.00

is another Rubberized Tweed Coat of union wool and cotton materials, offering the choice of a brown check pattern or a medium grey with flecked effect. The former is cut single-breasted with all-round belt; the latter is double-breasted and has half belt. Both have close-fitting collars, convertible lapels, and two outside pockets. Seams are sewn, cemented and taped. Sizes 35 to 44, but not in every color. Price, each, \$20.00.

At \$27.50

are Tweed Raincoats, rubberized, in the popular slip-on style. They are shown in wool tweeds, in attractive check pattern of either medium grey with pattern in darker grey, or in rich brown with ox-blood thread making the check. These coats have the inner surface of plain rubber. Seams are sewn, cemented and taped. Collars are close-fitting, convertible lapels, cuff effect on sleeves and two slash pockets that fasten with buttons. Sizes 35 to 44. Price, \$27.50.

At \$25.00

is a Coat of rubberized tweed of union wool and cotton, in dark grey, with a faint thread stripe and in fawn. The model is double-breasted, with all-around welted waist seam, slash pockets, convertible lapels, seams sewn, cemented and taped. The inner surface is plaid patterned. Sizes 35 to 44. Price, \$25.00.

Your Umbrella

Is It Ready for the Rainy Season?

Men's Cotton and Silk Mixed Umbrellas, on strong, close-rolling frames, fitted with neat case; handles in crook or opera shape, some plain, others trimmed with nickel or bakelite; all are well finished. Each, \$4.00.

Another Umbrella, similar to above, but with better quality covering and with silver mounted handle. Each, \$6.00.

Men's Silk Umbrellas, with extra close-rolling paragon frame, neat-fitting case, and attractive handles (suitable for engraving), of malacca, partridge wood, snake wood, ebony and other woods, with ivory, 14k gold, silver and horn trimming. Price, \$18.00 to \$35.00.

—Main Floor, Yonge St.

Rubbers and Rubber Boots

May Be Obtained on the Second Floor, Queen Street

At \$1.25 are Men's First Quality Light-weight Rubbers, in recede, round toe and other standard styles—soles are corrugated. Sizes 5½ to 11.

At \$1.20 are Men's Sole Rubbers of light weight and in recede and round toe styles. Sizes 5½ to 11.

At \$4.10 are Knee-height Rubber Boots, with extra heavy corrugated rubber soles. Sizes 6 to 12.

Also at \$4.10 are Light-weight, Brightly-finished, Knee-height Boots for city wear. They're specially reinforced to stand hard wear, and the soles are corrugated. Sizes 6 to 11.

—Second Floor, Queen St.

Young Men's Fall Topcoats in Fly Front, Slip-on, Semi-Fitting and Body-Fitting Models

Form a Varied Selection to Choose From

At \$20.00 are Coats of union wool and cotton, in the much-liked three-button fly front style, with snug-fitting collar, notched lapels and the regular pockets. They are fully lined with good-wearing Italian twill. Sizes 35 to 44. Price, special, \$20.00.

At \$30.00 is a Full-fitting Slip-on Overcoat for young men in a union and wool and cotton brown mixed tweed, in Scotch plaid-like pattern. This has slash pockets, notch lapels and is lined in yoke and sleeves—a coat of smart, graceful style. Sizes 35 to 44. Price, \$30.00.

At \$32.50 is a Particularly Desirable Overcoat for the man or young man of somewhat conservative taste in dress. It is among the newest arrivals this fall. It is semi-fitting, of wool and cotton cheviot tweed, in a medium dark shade of grey. Cut in the three-button fly front style, it has soft roll lapels, notched and two regular type pockets with flaps. This coat is fully lined with Italian twill. Altogether it is one of dressy conservatism in style and color. Sizes 35 to 44. Price, \$32.50.

Young Man's Fall Weight Overcoat is shown at \$33.50, designed in one of the advanced types of the season, the Winthrop. It is body-fitting, with all-round welted waist seam, slash pockets, close-fitting collar, wide peaked lapels and natural shoulders. The material is brown and fawn wool and cotton tweed in a neat heringbone twill. The lining is Italian twill. Sizes 35 to 44. Price, \$33.50.

AFTERNOON CONCERT at 2 p.m.

THE T. EATON CO LIMITED

DISHONESTY IS CHARGED AGAINST CROWN MINISTER

Liberal Leader Makes Direct Accusations Against Hon. G. Howard Ferguson—Hearst Not Forgotten.

The Liberal nomination of ex-controller John O'Neill and J. Walter Curry, K.C., in Southeast Toronto, at Broadway Hall last night, was a spectacle of political enthusiasm sustained at high pitch by a succession of highly sensational charges from the platform. Charge after charge was hurled against some of Sir William Hearst's cabinet, till the speaking became a veritable chain of impeachment.

The Liberal leader, H. H. Dewart, spoke with unworded heat and fury in charging Hon. Howard Ferguson, declaring that if returned to power, with access to the official records, he would produce full proof of public dishonesty.

Mr. Dewart repeated and elaborated his former charge, that the minister of lands, forests and mines denies in 1916 granting nickel lands to the Canadian Copper Company—the Canadian name of the International Nickel Company—when hundreds of acres of additional nickel lands were being added to the holdings of the company.

"From that day to this," he said, "there has not been one word of apology from Hon. Howard Ferguson, and not one word from the premier himself. The premier has not replied for three years, during which his minister has been held up to the public; nor has he had the common honesty to dismiss from his cabinet a man who has disgraced him."

Dishonest Inspection.

This charge was followed immediately by a brand new charge of a dishonest system of inspecting and scaling logs by which only half of what is cut is scaled. Mr. Dewart said: "I ask Hon. Howard Ferguson to throw the books of the department open to me, and I will undertake to show him within seven days the record of dishonest scaling and dishonest inspection. So long as Sir William Hearst remains in his government this dishonest servant of the public, Sir William Hearst will himself be judged for maintaining his association with him."

Next minute forth came a charge that hundreds of mining claims have been staked on the north shore of Lake Superior, from which logs of white timber have been cut and exported as pulpwood to the United States.

Other charges crowded thick and fast, notably one that the campaign funds of the government and the minister of lands, forests and mines are being levied upon the lumbermen of the province at the present moment.

"Nor did the press escape. Mr. Dewart accused the newspapers of suppressing his election declarations on temperance.

Hon. Finlay Macdonald, Hon. Shea, W. McGarry and Premier Hearst

before the government and legislature. The government would not assist in prosecuting.

"That," he said, "was the charge made then. It is the charge that is capable of being made today."

The matter was brought up in the house by Mr. Rowell with regard to the Niagara association in restraint of trade. At that time the charge was made that the government had not given assistance in prosecuting. I wish to explain again, said Mr. Curry, that the government named the late Mr. N. Murphy as my assistant. You all knew Mr. Murphy as an honorable gentleman. But he was then in his declining years. I wrote to Mr. Rowell and took full responsibility for every item of all those charges. In my letter to Mr. Rowell I made the statement, 'I was and am of the opinion that the agreements in each case were similar and that in each case there was sufficient evidence to show that they were intended to be and were agreements in restraint of trade and that they unduly enhanced prices.'

Mr. Curry next repeated his statement that the International Railway was declared in the association list of customers approaching an election and had to pay higher pre-election prices.

He repeated the pitiful plea of the manufacturer who wrote to the association in Toronto: "Don't put me on the street." I then said to the magistrate I am Irish enough to go running after the members of that association. (Loud applause.) That was the evidence in a case in which the government counsel advised there was no ground to set a conviction. (Shame.)

"Was the reason that there were other combines that were involved? There is no doubt about it." (Loud applause.)

Will Vote "No."

Speaking on the temperance issue he said: "I am one who feels that the present is a time when this subject is of first importance to the vast majority of the people of this province. So far as I am concerned I intend to vote 'no' on the referendum question."

A voice from the audience—Ontario does not intend to be run by the Methodist Church.

Mr. Curry: I have not the honor to belong to the Methodist Church. I do not know what bearing that has upon the question. So far as I am personally concerned it has no bearing whatever upon it.

Mr. Curry went on to say that the O. T. A. had helped the public efficiency in time of war and it was logical to suppose it would work for efficiency in time of peace.

Speaking on the question of combines in restraint of trade, Mr. Curry repeated in effect his former utterances. He said he had been reminded, however, that it is rather late in the day now to talk of events in 1906.

"Is it ever too late in the day to right wrong? he asked. (Cries of no.) If conditions as they existed then were wrong have they not since grown more wrong? Is it not a greater wrong when prices have increased very much more than what they were?"

He read out the record of the charges of profiteering made at his instances when county crown attorney, when the details had been brought

Dewart is making a great personal sacrifice in this country. And I believe it alone from the sense of duty that body looked citizen-of-gift duty that every good citizen must feel bound to play a part in the government of his province. I will never more sincere. As I went on to say, 'in playing a part in behalf of the people of this city and province, to whom I shall give conscientious service. That is what I will do. I am not going into the sins of the government or its members. Any thing I may say will be said in a decent way. I don't believe there is any doubt that a change of government is coming, and that Hartley Dewart will be the next premier of Ontario.' (Applause.)

Speaking of his experience as a member of the board of control with the Ontario government, Mr. O'Neill said: "The representative of the city of Toronto look like counterfeits when they go up to Queen's Park looking for favors. They act as if they were anti-croakers." (Laughter.)

Inefficiency and Dishonesty.

H. H. Dewart got a wild reception and spoke with great energy. He paid tribute to the speaker in Southeast Toronto.

Proceeding, he said the Hearst government pretends that it is because of what the government has done. There are two types of thought represented in the province. One is the type of inefficiency and other the type of dishonesty. The type of inefficiency is represented by the attorney-general. The type of dishonesty is represented by the failure to recognize his duty in connection with the prosecution of combines. He totally neglected the evidence presented by Mr. Curry.

"I am glad," said Mr. Dewart, "that I have a man with the courage of Mr. Curry, willing to devote his energy to the service of the country."

Dishonest and Corrupt.

Mr. Dewart continued: In Hon. Howard Ferguson we have today the type of what is dishonest and corrupt in public life. He knows that corruption influences the public life of this province, and so long as Sir William Hearst will stand for a man without moral ideas as a representative in his government he must himself be classed with Hon. Howard Ferguson.

Mr. Dewart charged that there was dishonesty in every department of the government which Mr. Ferguson had administered. He referred particularly to the nickel discussion in 1916 and to Mr. Ferguson's statement on the public platform that no more nickel lands were being alienated.

"One would think that a statement of that kind coming from a minister of the crown would carry the stamp of authority or at least of honesty. But when the record was got at it was seen that hundreds of acres were being granted to the Canadian Copper Company. Mr. Ferguson's reply was that the grants were made to individuals; but the individuals were men named Hisebeck and Nichols, both employees of the Canadian Copper Co.

Mr. Dewart pursued Mr. Ferguson's record in the forests department, and he said the lumbermen of the province, Gray and Tully, are today made to pay to the campaign funds of the

party and of Mr. Ferguson. This is an example of how the public dishonesty of the province under Mr. Ferguson is manifested.

Mr. Dewart spoke of Hon. Finlay Macdonald as "the indolent man of toll." (Laughter.) He boasted of having spent \$200,000 on the system under which the price of some fish was reduced.

Alliances With Pulpit.

On the temperance question, Mr. Dewart charged that Sir William Hearst is at the present moment trying to make an alliance with the pulpit to serve his political interests on the score of moral reform.

DR. JOHN HUNTER STATES PLATFORM

Four Noses, Development of Resources and Science Are Planks.

Dr. John Hunter, who has been frequently mentioned as Liberal nominee for Parkdale riding, has issued the following statement to the party leaders of the constituency, which, he states, is the only platform on which he will consent to allow his name to be placed in nomination.

"I. Prohibition is the greatest factor in this election. I will vote 'No' on every question on the ballot paper, and if elected will most strenuously oppose every effort that may be made in the legislature, or out of it, to secure any license for the sale of intoxicating liquors as a beverage.

"2. Our fertile lands, our forests, mines, and the scientific knowledge in the possession of the people of this great province provide us with opportunities for development that cannot be over-estimated. If elected I shall make every effort to have all resources developed to the full limit of our abilities.

"3. Sir Adam Beck has set a splendid example in the development and sale of Hydro-Electric power. He cast aside all party bonds and set to work to do something worth while. I shall follow his example utterly regardless of any party leaning."

It is understood the above statements have been accepted by the officials, and that Dr. Hunter's name will go to the convention.

Special Guelph Committee To Report on Radial Plans

Special to The Toronto World.

Guelph, Ont., Oct. 7.—The chief matter discussed by the city council at their lengthy session Monday evening was the proposed Radial Railway, and the best method to adopt in order to put the road in proper condition and to provide adequate service. Ald. Westby stated that the loss this year would be over \$25,000. The outcome was that the report of the board of consultants was adopted and a resolution passed providing for a committee composed of three representatives from the city council, chamber of commerce, Trades and Labor Council and Retail Merchants' Association, to discuss the matter shortly and present a report to the council on the best method to be adopted.

NORTHWEST TORIES MEET

Conservatives Discuss Plans for Coming Fight at the Polls.

An organization meeting of Northwest Toronto Conservatives was held in the committee room at 506 West Bloor street last night, when plans were discussed regarding the coming election. Col. Henry Brook, who presided, said they had splendid candidates, and every effort should be made to make sure that they obtained the fullest support. Southwest Toronto would be a particularly severe contest, and as no doubt a good deal of strength would be concentrated there, where the Liberal leader's followers would put up the best fight they could, the Conservatives would require many voluntary workers for the other city ridings.

Among the speakers were Captain Joe Thompson, Ald. Nesbitt and Col. Pratt.

IS INDEPENDENT CANDIDATE.

Kingston, Ont., Oct. 7.—Dr. Wm. Spinkers of Wolfe Island, is stumping Frontenac county as independent candidate in contest for seat in the Ontario legislature for which Mr. Rankin, Conservative, present member, and Wm. Fawcett, Wolfe Island, are also running.

R. A. Norman is Conservative Candidate in Prince Edward

Pictou, Ont., Oct. 7.—One of the largest mass meetings ever held in the county for the Conservatives was in Pictou on Saturday, the 4th instant, when Mr. R. A. Norman was selected as the candidate to represent the Conservative party in the county of Prince Edward.

U.F.O. of Lennox County Nominate Claude Brethin

Napanee, Ont., Oct. 7.—At a convention of the U.F.O. for the county of Lennox, held this afternoon, in the town hall before a large attendance, Mr. Claude Brethin, a young man of about 25 years of age, son of General Manager Kirkwood of the Grand Trunk Railway has intimated that the company will first submit the matter of the crossings to the Dominion Railway Board.

Say Kitchener Will Approve Of Grand River Ry. Deviation

Kitchener, Ont., Oct. 7.—It was announced here today that the city would approve of the plans of the Grand Trunk Railway for a deviation of their freight line in the South Ward, provided the railway company would sign an agreement practically granting the Hydro Rail priority in the matter of crossing the Grand River. Kirkwood of the Grand Trunk Railway has intimated that the company will first submit the matter of the crossings to the Dominion Railway Board.

INJURIES PROBABLY FATAL.

James Newstead, aged 8, who lives on Metcalfe street, received probably fatal injuries while, in company with a number of other children, he was climbing over a pedlar's wagon on the west side. According to eyewitnesses, the lad, after getting partially on the side step of the wagon was jolted off when it started to move, and was thrown underneath the rear wheels, where he was caught. He was rushed to the Hospital for Sick Children in the police ambulance.

Found Kitchener Will Approve Of Grand River Ry. Deviation

Kitchener, Ont., Oct. 7.—It was announced here today that the city would approve of the plans of the Grand Trunk Railway for a deviation of their freight line in the South Ward, provided the railway company would sign an agreement practically granting the Hydro Rail priority in the matter of crossing the Grand River. Kirkwood of the Grand Trunk Railway has intimated that the company will first submit the matter of the crossings to the Dominion Railway Board.

LET THE PEOPLE VOTE ON STADIUM

Is Mayor's Attitude When Council Members Desert His Standard.

This Rosedale matter has been made a football of. I shall not bring it up again this year. I have met so much opposition in the board of control and council.

The following statement was issued by the mayor yesterday afternoon: "In September and November, 1918, I submitted a policy for civic recreation centres to the sportsmen of the city at the sportsmen's patriotic dinner, held at that time. I also submitted my policy to the city council."

"I am sorry that the city council, after having voted on the policy by 17 to 4, favored its decision. I think the people should express their opinion at the polls."

"The matter should be submitted by way of a question, so that the ratepayers may express their opinion on the by-law."

"I am sorry I have not had the support of some of the members of the council all year, not only on this occasion, but on many other matters of public policy."

"The opponents of the grand stand at Rosedale grounds are trying to draw red herring across the track by saying a car line should be built in the district and a new Glen road bridge."

"At the polls the people carried the by-law for a civic center for Rosedale and the legislature validated it in 1914. A few selfish people, however, came down to the city council and thwarted the project."

"Mr. Harris has frequently called attention to the fact that a new North Glen road bridge is necessary and in 1914 strongly recommended that an item of \$310,000 be inserted in the estimates for this purpose. This matter was referred to in the mayor's inaugural address in 1914, and the will of the people was urged to be carried out in this connection."

"My ruling was right and the city solicitor agrees with me."

WITH THE GREAT WAR VETERANS

NO U.V.L. CHARTER? Rumors Rife That Government May Refuse Alleged Infringement on G.A.C.

Rumors are rife in veteran circles that the recently formed United Veterans League will be unable to secure a charter for a number of reasons, principal among these being the fact that their charter is almost identical with that of the G.A.C.

Thanksgiving Day is to be made a day of big celebration in all the Toronto military hospitals. An appetizing spread will be put on as well as program of entertainment. Anyone who desires to help the men along may send cakes, candy, or pie for the occasion.

Sir Robert Falconer Holds Out Hopes for Student Soldiers

Sir Robert Falconer, who returned to the city yesterday from Ottawa, where he submitted plans for the re-establishment of the student soldiers before the parliamentary committee, stated that although no promises were made to him, he thought that the matter would not be lightly considered.

NOT RIVERDALE G.W.V.A. CANDIDATE. Sergt-Major McNamara, D.C.M., who was nominated as a candidate in Riverdale riding by the G.W.V.A. constitution, declared that the great difficulty facing the government was the many demands being made.

LABOR NEWS NO MORE QUICK STRIKES R. J. Fleming Believes J. T. Gunn Will Call No More Lightning Strikes.

James T. Gunn, business manager for the Electrical Workers' Union, whose alleged action in ordering a strike of the electrical employees of the Toronto Railway Company on the evening of Sept. 27, is nothing to say yesterday regarding the chairman of a court of inquiry into the matter, as you observe, 'a sub judge' he said. However, he stated he had no fears nor qualms as to the results, despite the fact that Judge Barron had been selected as chairman.

Metal Workers of Kingston Return to Work This Week Special to The Toronto World. Kingston, Ont., Oct. 7.—The strike of metal workers at the Canadian Locomotive Works, which is the Kingston chief industry, is over, and citizens are rejoicing. The strike started on May 9, and this morning the plant resumed operations for the first time. The strike involved 850 men and the bulk of them will be back at their work by the end of the week. The men are accepting the company's offer, which is 54 hours pay for a 45-hour week. This means a ten per cent. increase in wages.

REV. WM. IVENS IS NOMINEE OF WINNIPEG LABOR FOR MAYOR Winnipeg, Oct. 7.—Rev. Wm. Ivens, one of the strike leaders now out on bail awaiting trial on charges of sedition, was selected at a labor convention last night as a candidate for mayor. J. Furner was also nominated, but Ivens secured the majority of votes by a small margin. The convention was called under the auspices of the ex-soldiers and sailors' labor party and the Dominion labor party.

REV. W. IVENS COMING. Alfred Mance, secretary of the Toronto Trades Council, stated last night that Rev. William Ivens, famous during the Winnipeg strike as its leading spirit, would remain in Toronto about two weeks, and that he had come to the city uninvited. Rev. Peter Bryce of the Ontario Heterodox League stated that the league had issued no invitation to Mr. Ivens, but that he would be welcome as a champion of prohibition.

Founded 1880. A morning newspaper published every day by the Toronto World Newspaper Company of Toronto, Limited.

Telephone Calls: Main 5308-Private exchange connecting all departments.

Branch Office—31 South John St., Hamilton, Telephone, Regent 1846.

Daily World—3c per copy; delivered, 5c per month, \$1.35 for 3 months, \$2.50 for 6 months, \$5.00 per year in advance; or \$4.00 per year, 4c per month, by mail in Canada (except Toronto), United Kingdom, United States and Mexico.

Sunday World—3c per copy; \$2.50 per year, by mail.

To Foreign Countries, postage extra.

WEDNESDAY MORNING, OCT. 8.

An Example of Railway Leakage.

The Empire Mall, in an article on "Nationalization Fallacies," incidentally discloses some of the reasons why government operation of railways in Britain is so wanting in success.

This is only one example of methods which would ruin any system of management, and are nothing more or less than a form of capitalistic sabotage.

Tomorrow is clean-up day, and all good citizens are expected to have a clean bill of health for their cellars, their lanes, their back lots, their vacant real estate, and all other property over which they have authority.

Canada stands the highest in the world for her fire losses. Last year's losses in such matters, and her fire bill and her consequent insurance bill are immoderately high.

Inducement to the Family Man. Sir William Hearst's announcement of a reduction in the assessment for a married man with a family over and above the reduction given a married man without a family will be very welcome.

WILLS AND BEQUESTS. R. H. Hill, a carpenter, who died in Toronto on Sept. 8, left his estate, amounting to \$5778, to his three sons and a daughter.

The gift in the present case is no doubt welcome. The high cost of living makes any rebate to the family man welcome.

The Soldiers' Gratuity Plan.

All the objections raised by various organs to the alleged cost of the proposed gratuity scheme for returned soldiers, estimated, for example, by The Globe at well on to a billion dollars, fall rather flat before the statement of the Great War Veterans' Association.

Such a sum represents a mere trifle as compared with the actual cost of a few months' more war, and there will be few who will consider the proposal unreasonable.

The plan is applicable to all military and air forces, mercantile and naval marine, V. A. D.'s, nurses, imperial reservists, and other services.

Should All Be in Same Boat, Says Ida. BY IDA L. WEBSTER. When the city council voted to suspend the salary of Commissioner Boyd, they did well.

Clean-Up Day. Tomorrow is clean-up day, and all good citizens are expected to have a clean bill of health for their cellars, their lanes, their back lots, their vacant real estate, and all other property over which they have authority.

Canada stands the highest in the world for her fire losses. Last year's losses in such matters, and her fire bill and her consequent insurance bill are immoderately high.

Inducement to the Family Man. Sir William Hearst's announcement of a reduction in the assessment for a married man with a family over and above the reduction given a married man without a family will be very welcome.

WILLS AND BEQUESTS. R. H. Hill, a carpenter, who died in Toronto on Sept. 8, left his estate, amounting to \$5778, to his three sons and a daughter.

John-Marrin v. Quality Canners—A. W. Langmuir, for plaintiff, appealed from order of master-in-chambers, directing inspection and particulars. M. L. Gordon, for defendant, Reserved.

MOONLIGHT AND MONEY

BY MARION RUBINCAM

AN AMBITIOUS PROJECT.

They both exclaimed together, "Oh look!" Then they both laughed. Louise said, "Isn't it a dear?" and Harry suggested they go out more closely. So they followed the few hundred feet of roadway and paused at its quaint little gateway.

It was, as Louise said, the dearest little house. It stood a little way beyond the village, and it had a large lawn around it, and one magnificent maple tree. It was like some wonderful old English cottage, transplanted into a new world and set down on the outskirts of a modern suburb.

Harry laughed and held open the door for her. "I don't know whether I ought to let you remain about it," he told her. "Why not?" Louise wanted to know, as she stepped into the hall. "We can't afford it," he reminded her.

baum, for petitioner, Mary Ann McGinnis, obtained order superseding lunacy order of Aug. 12, 1915, and for payment to her of money in court. Meldrum v. Martens—Argument resumed from yesterday with same parties. Re Coleman v. Toronto & Niagara Power Co.—W. G. Thurston, K.C., for Coleman, appealed from majority award of arbitrators, who allowed \$2500 damages for easement over Burlington Country Clubhouse property.

Algonquin Park. The autumn months are delightful in Algonquin Park. The "Highland Inn" situated on the shores of Cache Lake offers splendid accommodation at reasonable rates.

There are two incentives here—to return Sir William to power, and to increase the numbers in Ontario families.

THE DAY AT OTTAWA

By TOM KING

Ottawa, Oct. 7.—Hon. C. J. Doherty, minister of justice, introduced two bills in the house of commons this afternoon, which formulate the temperance policy of the Union government.

They are designed to give every province complete control over the manufacture, sale and importation of intoxicating liquor. When they become law will be up to every province to decide whether it desires to regulate the traffic or abolish it altogether.

However, it must be remembered that the Scott act is Dominion legislation. In the plebiscite, the Dominion voters' list must be used, and, at present, there is no high list in existence, nor is there any bill in effect until a federal franchise act is passed at the next session of parliament.

BANK PURCHASES IMPORTANT SITE. Southwest Corner Queen and Church Bought by Bank of Nova Scotia. A deal has been closed whereby the southwest corner of Queen and Church streets came into the possession of the Bank of Nova Scotia.

LAW SCHOOL RESULTS. The following candidates have passed the second year Law School examination for the summer session: J. R. Cartwright, W. W. McLaughlin, V. W. Price, I. M. Macdonnell, T. M. Clay, J. E. McVeigh, K. J. Crocker, C. F. Moore, W. J. Hatrick, G. A. Phillips, J. A. Howard, L. Kerr, W. G. Bowles, G. A. Phillips, J. C. Doherty, L. E. Rock, R. C. O'Donoghue, R. I. Moore.

G. A. SMITH REPORTS ON CADET CORPS. Senior Principal of High Schools Shows Desirability of Training. G. A. Smith, senior principal of high schools, reported to the board of education regarding cadet corps as follows:

FIRE PREVENTION! EXTRACTS FROM Royal Proclamation. Whereas there is also every year in Canada a deplorable loss of human life as a result of fire, and it is desirable for the well-being of the nation that a greater regard for the sanctity of human life be inculcated.

CLEAN UP! ONTARIO FIRE PREVENTION LEAGUE, INC. Ontario Fire Marshal's Office, Department of Attorney-General, Parliament Buildings, Toronto. GEORGE F. LEWIS, Sec.-Treas.

ST. MICHAEL'S WIN FROM DE LA SALLE

Referee Refuses to Allow Goal From Try in First Interscholastic Game.

The first of the interscholastic rugby games in the junior series of the O. R. F. U. was played yesterday at St. Michael's College, when the home team, captained by S. B. B., but the latter kicked a goal from a touch down just after the whistle blew which Referee H. D. Gwynne refused to allow, or led the end of the first period, 3 to 0.

The Ottawa will likely have Walter Gilhooley at center half to do the kicking against the Argos on Saturday next. He has seen with the second Ottawa, and is considered a find. Eddie O'Leary, the plugging wingman, and Jess Abelson will likely be in the line-up.

A Montreal despatch says: President W. E. Wing of the Montreal Rugby Club stated last night that the club had voted against Martin Kilt playing for Ottawa on Saturday. The Montreal club executive are not satisfied that Kilt had been reinstated, and have placed the matter in the hands of the governing body of the governing body of rugby.

The Ottawa Football Club, at a meeting decided to change the dates of their matches with the Hamilton Tigers. They will play the Tigers on Saturday, Oct. 17, instead of the date originally fixed for Oct. 10. The Hamilton club on Saturday, Oct. 10, was made at the request of the Ontario Rugby Union, which has been asked to play on Saturday, Oct. 10, for the celebration in honor of His Royal Highness the Prince of Wales.

Excelsiors practice tonight at Varsity campus at six o'clock. Every one who expects to get in the game against Central on Saturday night should be on hand ready for a stiff workout.

Excelsiors and Central Y. meet in an O.R.F.U. fixture at Trinity campus on Saturday afternoon, at 2.30. These two teams have been running a series of matches in the city championship last year. This should be a hard, fast game.

Central Y. practices tonight at 5.30 and will have a chalk talk Friday night at the gym.

Heffernan and DeGruchy were prominent figures at the T. R. and A. A. practice at Army Grounds last night. Heff. showed lots of speed and will probably be used in the holiday game at the Ontario Grounds on Saturday. Heff. kept the large squad hustling for over an hour and it will not be a surprise if he is selected to do so in the O.R.F.U. championship.

Rapid and Efficient Delivery

ABILITY to fill rush orders is often the secret of business success. Speed—service—reliability—are embodied in the Ford Motor Truck. It brings the distant suburbs—the adjoining rural districts—to your door. You may often arrange to haul return loads at a profit. Satisfies your customers and yourself.

One-Ton Truck (Chassis only) \$750, F. O. B. Ford, Ontario. Buy only Genuine Ford Parts. 700 Canadian dealers and over 2,000 Service garages supply them.

TORONTO DEALERS: A. D. GORRIE & CO., LTD. 205-215 Victoria St. EASTFORD SALES & SERVICE STATION 202A Queen St. East. W. C. WARBURTON & CO. 670 Bloor St. West. PARKDALE MOTORS 1453 Queen St. West. TORONTO MOTOR CAR CO. 54 Jarvis St. OAKWOOD GARAGE 1121 Davenport Road.

SUCCESS OF HYDRO CREDITED TO BECK

which the work had been carried on with and without that force success could not have been attained. Credit was also due to the public spirit shown by the municipalities. The government had also shown its faith in public ownership by furnishing money to carry on the scheme. Sir William said that while on one platform in London Hartley Dewar had praised Sir Adam, his (Dewar's) friends in London were getting out a candidate to defeat the Hydro here. He had declared that he had taken four years to destroy the man who had ruled Germany, and must destroy the man who was ruling this province. That was the character of the man who had ruled Germany. He had declared that he had taken four years to destroy the man who had ruled Germany, and must destroy the man who was ruling this province.

of the legislature, declared that temperance had been good for the province in the time of war, and should be equally good in time of peace. Charles Calder, South Ontario, praised the agricultural record of the government. Dr. Kaiser, Ottawa, favored abolishing the saloon forever.

VERBAL REACTION. Mrs. Clancy was a very sarcastic woman, and it is probably due to the fact that she had a falling out with her friend, Mrs. Murphy, who lived in the apartment just under her. One day while Mr. Clancy was feeling particularly mean she looked down from her window and saw Mrs. Murphy also enjoying the scenery. She could not resist the temptation to take a shot at her. "Oh say, Murphy," she called down in deep sarcasm, "why don't ye take your ugly mug out in the windy that'd give the neighbors a change they'd like." Mrs. Murphy looked up. "Well, now, Mrs. Clancy," she slowly said, "it was only this mornin' that I did that very thing, an' the policeman came a org' an' whin he saw the monkey he bows an' whin he said: 'Why, Mrs. Clancy, whin did ye move down stairs?'

Hiawatha Handicaps To Head-Over-Heels

Jamaica, Oct. 7.—Following are the results of today's races: FIRST RACE—Three-year-olds and upwards, selling, one mile and seventy yards: 1. Hindooistan, 108 (Buxton), 1 to 1.5, 2 to 3 and 4 to 5.

SHIPBUILDERS PLAN AMERICAN ENTENTE

Scheme Involves Initial Outlay of Millions in Canada on New Shipyards.

Canadian Press Despatch. Montreal, Oct. 7.—A great North American shipbuilding entente between Canada and the United States is foreseen as a result of the visit to Montreal of David Rodgers, shipbuilder executive, general works manager of the Skinner and Eddy Corporation of Seattle.

DOMINION REGIMENT FOR HOME BRIGADE

London, Oct. 7.—The London correspondent of The Manchester Guardian intimates that the suggested establishment of a battalion or regiment of Dominion guards for an addition to the home brigade has been found impracticable, but possibly the idea of attachment of recognized Canadian, American or South African units may be attainable, the pressenting considerable difficulties.

Brantford Y.M.C.A. Celebrates Burning of the Mortgage

Brantford, Ont., Oct. 7.—With the institution free of debt for the second time in 32 years, the Y.M.C.A. held a celebration tonight when the mortgage was burned following a banquet. Two years ago, under the leadership of Ernest Cook, Brantford, the campaign for \$22,000 was successfully finished over the top. All but two thousand of the subscription had been paid and the directors put up the balance.

BULLDOGS COMEBACK

Misses—Now, Bridget, there's no use of further argument as to how the dish should be prepared, but our ideas on the subject are so different that it is evident no one or the other of us is crazy.

BULLS AND BONES

Bull—Did you see that story about doctors making soldiers cough bullets from their heads?

CANADIAN PUBLIC HELPS ENTERPRISE

Outstanding Feature Regarding New Film-Producing Concern.

CANADIAN PICTURES

Successful Working Out of Present Plan Will Bring Dominion Ahead.

The way in which the general public has expressed its willingness to support a Canadian film-producing concern is one of the outstanding features in connection with the launching of Canadian Photo-Play Productions, Limited.

Men who have watched the growth of the industry from its infancy and who have followed it closely are the ones who are eager to grasp opportunities for Canadian development to a greater extent than any other class of the community, but it seems that they are not alone in the numbers of persons who have kept an eye on the Canadian field.

There has never been a business that has grown with such leaps and bounds as that devoted to motion pictures. Ever since D. W. Griffith produced "The Birth of a Nation" it has been conceded that motion pictures are a real and a thrilling entertainment.

PERCENTAGE BASIS CONCEALS PROFITS

Board of Commerce Not Satisfied by Clothing Firm's Statements.

Colonel Price, the examining counsel to the board of commerce commissioner, sprang two new ideas upon an unsuspecting public yesterday. In the first place he said the present cost of clothing would come down if the state would supply the manufacturers with a sufficient supply of wool. Everyone in court began at once to handle their clothes just to try and find out exactly where the "wool" part came in. It might be that everyone had heard so much about cotton in the overall inquiry that the wool idea came as a surprise.

The colonel's second idea may have some bearing in the solution of the real cause for the high price of everything. He said that for some time he had had a suspicion that there was a nigger in the woodpile somewhere in the financial statements presented to him by the manufacturing and other firms. They all seemed to average their overhead expenses on a percentage basis. A good way to cover up profits was to average expenses and overheads on a percentage basis and not on the actual figures of cost. As an example, he gave some figures produced by the Cathart Company, who, in 1913, added 3 per cent. to each \$30.00 article for overheads, etc. That same article now cost \$9, and although the overheads, etc., had not gone up, the percentage added was 27 cents. The colonel thought that if this question is enquired into a solution of why prices were above normal might be discovered.

Hold a Monopoly.

Charles F. Fell, secretary-manager of the Cathart Manufacturing Co. of Hamilton, said they obtained their material from Canadian Cottons Ltd., who practically held a monopoly. In 1913 overall sold for \$12.35 per dozen. In 1914 they were \$20.00 per dozen, and today the price is \$31.00 per dozen. The cost of the material for the overall sold in the past year 14c per yard, and today was 45c per yard. Labor had gone up from 50 to 60 per cent. Their profit was \$2.84 per dozen.

When Mr. Fell produced a tabulated statement of his firm's working expenses, Colonel Price complained of everything being worked out on a percentage basis and thought the working expenses and overheads were far too high. The commissioner took a hand in the proceedings at this juncture and said all expenses seemed to be bunched on a safe basis as to leave sufficient margin that it might be necessary to cover. No one had as yet explained to the board what "overhead" really meant. Mr. Fell agreed that he could fully explain its meaning. The Cathart overhead worked out on a 3 per cent. basis of about \$7,000 per annum. The paid-up capital of the company in 1913, the witness said, was \$60,000, and they made a profit of \$44,000 on the year's working. In 1913 the capital was \$35,000 and they made a profit of \$22,000, and this year they had so far made a profit of \$7,000. When the capital of the company was increased part of its addition was paid out of profits.

Abnormal Profits.

Addressing the witnesses, Colonel Price said the profits were abnormally large and the operating expenses too high. The percentage system of averaging cost was used, perhaps unintentionally, to cover up certain profits. This system would explain how various profits have been covered up in the many financial statements the board had received. The commissioner said he guessed that the profits were hidden in these overhead charges, which the witness retorted: "How could you hide profits in a balance sheet?" To which question there was no answer, and no one thought of suggesting the calling in of an experienced accountant to explain really what "overhead" meant. The financial statement put in by the Cathart Company was as follows:

Turnover...	\$190,251	\$357,502	\$157,102*
Wages	27,390	38,692	16,960*
Bad debts ..	302	371	91
Net profit ..	12,870	44,324

*Six months.

Different Prices.

J. A. Hough of the Hough Overall Manufacturing Company denied that all manufacturers sold at the same price, although they nearly all purchased this material from the same people—Canadian Cottons. Colonel Price read a letter the board had received, in which a small manufacturer of dry goods said that when applying for Singer sewing machines the price is

The Great Non-Acrobatic Tonic Stimulant

WEEPING ECZEMA SOON RELIEVED

A Perfect Treatment for This Distressing Complaint.

Wasing, Ont.
"I had an attack of Weeping Eczema, so bad that my clothes would be wet through at times.

"For four months I suffered terribly. I could get no relief until I tried 'Fruit-a-lives' and 'Sootha Salva.' The first treatment gave me relief. Altogether, I have used three boxes of 'Sootha Salva' and two of 'Fruit-a-lives,' and am entirely well.

"G. W. HALL"
Both these sterling remedies are sold by dealers at 50 cents a box, six for \$2.50, or sent on receipt of price by Fruit-a-lives, Limited, Ottawa. "Fruit-a-lives" is also put up in a trial size, which sells for 25 cents.

advanced beyond reason. He also complained that 10 per cent. was demanded on time sales, and that boys were sent to make repairs at \$1 an hour—a profit of 50c. He concluded by stating that as he owed the firm money he could not give his name. As Mr. Hough was a big user of Singer machines, the colonel asked him if such was the case, and he replied that the raising of the price of the machines was a "perpetual performance." In 1914 the machine cost \$35; now the price was \$50.

R. G. Long of Bob Long Overalls said prices in 1918 varied a lot, and he got what he could for them. He sold some for \$22.50, some at \$24.00 and up to \$30.00 per dozen. In 1913 he sold the articles for \$12.00. He claimed the price of overalls was not high; they were the cheapest suit of clothes on the market.

Cost of Suits.

J. MacGowan of T. Eaton Company gave evidence as to the cost of manufacturing suits, and said the overhead per suit was placed at \$17.4. A suit sold in Chicago for \$30.50 cost here \$42.65, owing to duty (33 per cent.), carriage and exchange—it advanced the cost 48 per cent.

Mr. McKinnon of Simpson's said Canadian advances in price had been greater than American advances. There was a price of \$2 to \$2.50 in the 1918 prices of 80 suits. He added that Montreal people were able to manufacture cheaper than Toronto firms, and denied that cheaper power helped them at all. "People demand better clothing," he added. "The cheaper lines are not in demand." They almost implored the board to appoint a special superintendent to devote his entire time in Saskatchewan to the work of Canadianizing the non-English-speaking element. They pointed out that the band had ample funds at its command.

This was too radical a proposal for the other members and even the westerners from Alberta and Manitoba thought that the general superintendent of missions for Saskatchewan ought to be able to handle the foreign settlements as a part of his work.

The Saskatchewan delegation maintained that it was urgent but the board declined to take action.

Graduates Working Hard For War Memorial

Professor de Lury goes to Sarnia on Thursday in the interests of the University war memorial fund, the object of which is to raise \$500,000 to perpetuate the war record of the 5,830 university men who donned the khaki in the world war. On Thursday night the professor will speak at a county organization meeting and on Friday evening he will speak to old Alumni and friends at Chatham.

It is expected by Mr. R. A. Cassidy, who is in charge of the campaign, that the county organizations will be completed this week. All Western Ontario has already been organized and the campaign "fighters" are at work now on the eastern countries. It will only be a matter of a short time until all Ontario is thoroughly organized and the canvass proper is well under way. Graduates and former students of the U. of T. have got together in great style across the border and already vigorous organizations have sprung up in Detroit and Cleveland.

"We are with you, Toronto; go to it" is the encouraging assurance that has been received from these places.

LOOKING TOWARDS CANADA. CAPTAIN OF OLYMPIC COMING.

Members of the chamber of commerce of Cleveland are coming to Canada looking for industrial centres, and when in Toronto they will be entertained by the city and the board of trade.

FAMOUS COMEDienne DEAD.

London, Oct. 7.—The death is announced of Maggie Duggan, the famous comedienne.

"JIM"

JIM was a lineman before the war. It was difficult to find a uniform broad enough across the shoulders for him when he "joined up" in 1914.

Jim found army discipline hard at first, but picked up the "war business" very quickly. He was one of the first of the "trench raiders," a Canadian contribution to the art of warfare. Jim seemed to bear a charmed life. Time after time in the dead of night Jim jumped into a German trench, spreading fear and disaster, and returned safe and sound.

But one fell night his luck gave out. He stepped into a stream of machine gun bullets. When consciousness came to him again, far in the rear of our lines, he was horrified to find his right leg missing.

During the ensuing months Jim's progress was — Clearing Station, — Boulogne, — "Blighty" and Home—Canada.

The shock of the operation left Jim pretty weak for a time. He was content to sit idly in a chair in the sun. But this grew tiresome after a bit. When he began to think about getting back to work he realized that a lineman with an artificial leg was rather impractical. That was his trade. He had spent years at it. And now he was barred from following it.

At this critical juncture, the Department of Soldiers' Civil Re-establishment came forward and with knowledge and experience pointed the way out.

After long and earnest discussion, it was mutually decided that the nearest thing to his old trade was that of a telegrapher despatcher. If Jim couldn't any more string wires on the poles he could learn to send

the messages over the wires that the other fellow put up. So under the direction of the D.S.C.R. telegraph instructor Jim studied and perfected himself as an operator. This accomplished, the D.S.C.R. quickly found him a position.

Jim is all right now. He's contented as only a man who works can be contented. He is earning more money than before. His enthusiasm is high for the D.S.C.R., which gave him the training whereby he is again an independent and prosperous citizen. After all, it was for Canada that Jim fought and suffered—and Canada is only too eager to repay Jim and every man impaired in body or health through service to his country.

The records of the Department of Soldiers' Civil Re-establishment contain endless details in the matter of re-training ex-soldiers—a disabled farm laborer is now a machinist; a carpenter who lost four fingers on his right hand is now a draughtsman at a good salary; a former plasterer is now a printer. So it goes—a long and interesting record of men deprived of limbs or impaired in health—equipped with training and knowledge, now following new and suitable trades.

This great nation-wide organization of the D.S.C.R. requires a considerable expenditure. To meet its expenses a part of the Victory Loan 1919 is to be used. But its maintenance, until every disabled ex-soldier is fitted with a vocation enabling him to earn for himself an adequate and independent living, is one of the most sacred obligations that Canada has to discharge. Support to the limit of your ability—the

VICTORY LOAN 1919

"Every Dollar Spent in Canada"

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

ASK EXTRADITION OF COUNT BISMARCK

Accused of Having Fourteen Inhabitants of French Village Shot as Example.

Paris, Oct. 7.—The extradition of Count Otto von Bismarck, grandson of the famous German chancellor, has been demanded of the German government at the instance of court-martial authorities at Lille, according to the correspondent of The Excelsior. Eight other Germans are also to be extradited, the writer states.

Count Bismarck is accused of having had 14 inhabitants of the village of Vicogne shot "as an example," and of burning several houses there. Similar charges are preferred against the others whose extradition is demanded.

The newspapers announce that the list of German officials and other persons to be delivered to the allies for trial is now practically ready for submission to Germany. The papers point out that the lists do not contain the name of the former emperor of Germany, who is to be dealt with separately.

LARGEST SEIZURE

Inspectors at Smith's Falls Take Over Freight Car Containing \$20,000 Worth of Liquor.

Brookville, Ont., Oct. 7.—One of the largest seizures of liquor since the O.T.A. was passed was made yesterday at Smith's Falls, when inspectors A. G. Sykes and F. B. Taber, of Brookville, seized a freight car which was in transit from Montreal to Yorkton, Sask. The car contained one hundred and thirty large boxes, each containing three, four or five cases of whiskey and sixteen apple barrels, each containing a 20-gallon barrel of alcohol. The value of the shipment is estimated at between fifteen thousand and twenty thousand dollars. The liquor was billed as shipped by Bolvin, Wilson and Company, Montreal, to the Canada Pure Drug Company, Yorkton, Sask.

FUEL CRISIS IN PARIS WILL SOON BE PASSED

Paris, Oct. 7.—General Gassouin, head of the railway branch of the ministry of war, is reported to have promised the municipal council of Paris that the crisis in the fuel situation would be passed in a fortnight. Albert Clavelle, minister of public works, declares that canal in the war zone have been repaired and that the completion of demobilization should allow the railroads to run more cars, which he says will ameliorate the situation. The substitution of petroleum for coal in several industries is being seriously considered. A committee of German experts who have visited the mines of northern France which were devastated during the war, believe that it will take from two to eight years to restore them to their former condition, according to The Gaulois.

WAS NOT INSTRUCTED TO WITHDRAW SQUADRON

Washington, Oct. 7.—Rear Admiral Andrews, commanding American naval forces in the Adriatic Sea, has not been instructed to withdraw his patrol from the Dalmatian coast, Secretary Daniels said today. If the ships have been withdrawn, Mr. Daniels added, Admiral Andrews acted on his own initiative as he did in landing bluejackets at Trau. The secretary added that the navy department had received no advices from the admiral on the subject.

Next Ontario C. E. Convention To Be Held in Toronto

Ottawa, Oct. 7.—By a vote of 28 to 10, which was finally made unanimous, Toronto was chosen by the Ontario Christian Endeavor convention yesterday for the 1920 national convention, which is to be held in May or June next year.

WAS FATHER OF PYTHIANISM.

St. John N.B., Oct. 7.—John Beamish, the "father of pythianism" in the British Empire, died at his home here last night. He brought the Order of the Knights of Pythias to St. John from the United States and a New Brunswick Lodge No. 1 was the first within the British fold.

LONGSHOREMEN OUT AT NEW YORK DOCKS

Leaders of Union Are Attempting to Get the Men to Return to Work.

New York, Oct. 7.—The strike of longshoremen which has been on and off at various ports along the Atlantic coast for several weeks, took a definite turn here today, when 7,000 or 8,000 workers at the Chelsea Improvement Company piers and the docks of the International Mercantile Marine, the White Star, Red Star and American and Atlantic Transport Lines walked out. Later nearly 1,000 more men employed at the Royal Mail Steamship Company, the Panama Line and the Morgan and Southern Pacific piers quit work.

Officials at the piers admitted the serious extent of the strike, which is for higher wages and a "rest" hour.

Leaders of the Longshoremen's Association declared the strike was unauthorized and that efforts were being made to get the men to return to work. Meanwhile, as a result of the cessation of loading and unloading ships, the piers are becoming congested and shipping is being impeded. Ten vessels, including the liner Baltic, were being loaded when the strike was called.

The Carmania of the Cunard Line, which was due to sail today with 1,200 passengers for Liverpool, postponed its departure until tomorrow. The longshoremen's strike stopped the bunkering of the liner.

CLAIM THE CAPTURE OF 15,000 BOLSHEVIKI

London, Oct. 7.—The capture of 15,000 Bolsheviki during operations around Yonozh by General Denikin's troops is claimed in a communique received by wireless from the general headquarters today.

BOLSHEVIKI ABANDON DVINSK

Stockholm, Oct. 7.—An intercepted Russian Bolsheviki wireless message from Moscow confirms the report that the Bolsheviki have been forced to abandon the town of Dvinsk, between old Russia and Poland, says a telegram received here from Reval. The red troops evacuated the place after they had been defeated in violent fighting.

AUSTRALIA'S EX-PREMIER IS CALLED BY DEATH

Sydney, N.S.W., Oct. 7.—Alfred Deakin, former premier of Australia, died today.

Mr. Deakin was prime minister of Australia from 1903 to 1908, with the exception of a short period when the Labor party was in power in the Australian federal parliament in 1904. De-feated on a division in November, 1908, Mr. Deakin again assumed control of the federal government in June, 1909, at the head of a coalition of free traders, protectionists and anti-socialists, formed against the latter party.

He was completely defeated in the general elections in April, 1910, and resigned as premier.

NEW IRISH BILL ON DOMINION LINES

London, Oct. 7.—Parliamentarians say the Irish bill will be the feature of the new session of parliament, and the cabinet is now considering one drafted on lines of Dominion home rule, but with suggested alterations that any county may stand out, or Ulster counties be all included and have their own secretary of state.

EDITOR OF HARPER'S DEAD IN NEW YORK

New York, Oct. 7.—Henry Mills Alden, editor of Harper's Magazine since 1889, died at his home here today after a long illness. He was 82 years old.

Claimed Von Der Goltz Has Joined Bolsheviki

Copenhagen, Oct. 7.—Gen. von der Goltz, commander of German forces in the Baltic provinces, whose activities there have recently been sharp exchanges between the allied powers and Germany, has, with his staff, joined the Russian Bolsheviki forces, according to a Berlin despatch to the Petrograd Telegraph Agency. There is no confirmation of the report obtainable here.

R. R. Farrow is Appointed Commissioner of Customs

Ottawa, Oct. 7.—It is announced that R. R. Farrow, for the last 13 years assistant commissioner of customs, has been appointed commissioner of customs and deputy minister of the department of inland revenue. Mr. Farrow has been president of the Dominion Lawn Bowling Association.

MRS. VANDERBILT GETS DIVORCE

Newport, R.I., Oct. 7.—Mrs. Kathleen Nelson Vanderbilt was granted divorce from Reginald C. Vanderbilt after a hearing by depositions in the superior court today. She was awarded custody of their 15-year-old daughter, Cathleen. Mr. Vanderbilt did not contest the case, although represented by counsel. Mrs. Vanderbilt contended that her husband deserted her in 1913, when she and her daughter were left in Paris without funds. No claim for money settlement was made.

OLDEST CAB DRIVER DIES.

Kingston, Ont., Oct. 7.—Probably the oldest cab driver in Canada in point of service passed away here this morning in the person of Richard Boyd, who died following a stroke of paralysis. Deceased was 71 years old and born in this city and at the age of 19 commenced to drive a cab, and thus he had completed 55 years of this service.

The Real Issue!

Defeat of the Ontario Temperance Act Means Return of the License System

The magician directs his audience to fix its gaze intently upon something else in order that his dexterous fingers may the more easily practise to deceive.

THE APOLOGISTS for the Liquor Traffic loudly protest that they are "absolutely opposed to the return of the old license system." At the same time they ask you to vote "Yes" to question No. 1 which, if carried by the affirmative, means a return to the Liquor License Act.

They have deliberately stated in their advertising that "the repeal of the Ontario Temperance Act does not mean a return to the general sale of spirituous liquors."

Don't be fooled by this camouflage.

As the terms of the old License Act permit the general sale of spirituous liquors, it naturally follows that this statement is a transparent effort at camouflage.

The Bars Must Not Return!

The Temperance Referendum Act, 1919, specifically provides for the return of the old license system. What could be clearer or more to the point than the language of the statute? It plainly states that if there is a majority voting "Yes" on the first question that—

"The Ontario Temperance Act shall be repealed.... and the Liquor License Act.... shall be revived and shall be in force in Ontario.... and shall have effect until altered or modified by lawful authority as if the Ontario Temperance Act had not been passed." (See any copy of the Act for full text).

In a recent speech, Premier Hearst, the framer of the Act, interpreted question No. 1 as follows:—

"If Question 1 on the referendum ballot is marked 'Yes' by a majority of the voters, Ontario will return to the wide-open bar and liquor store as it was before 1916. If anyone is quoting me as saying anything different, then he is quoting me wrongly.

What will be the Situation after the Referendum?

—If a majority vote "Yes" on question No. 1.

The Ontario Temperance Act will be repealed. On the day that this Act ceases to exist, the Liquor License Act comes into force.

The Traffic will again be licensed to sell all kinds of intoxicating liquors, as it was before Sept. 16, 1916.

The bars will come back.
The saloons will flourish.
Liquor stores will re-open.
The old "boozie" conditions will return. It will be a black day for Ontario.

—If a majority vote "No" on question No. 1.

The Ontario Temperance Act will continue in force. The danger of resurrecting the old Liquor License Act will have passed once and for all.

The Ontario situation will continue as it exists to-day—except in so far as it may be modified by Dominion legislation, or by an amendment to the Ontario Temperance Act in case a majority vote "Yes" for questions Nos. 2, 3 or 4.

The way to prevent any of these amendments from introducing intoxicating beer or spirituous liquors into Ontario is to vote "No" on every question.

What Will Happen If Majority Vote "No" on Question No. 1, and "Yes" on others?

- (a) If a majority vote "Yes" on question 2—then the Ontario Temperance Act will be amended and 5.46% beer (proof spirits) will be sold through Government Agencies.
- (b) If a majority vote "Yes" on question 3—Then 5.46% beer (proof

spirits) will be sold in standard hotels even in localities formerly under local option where a majority vote favors such sale.

- (c) If a majority vote "Yes" on question 4—Then we will have all kinds of liquor sold by Government Agencies.

Don't be fooled! Don't let your attention be distracted from the true issue by the arts of camouflage! Don't be misled into believing that the defeat of the Ontario Temperance Act will merely mean the so-called "light" beer License Act. Mark your ballot with

Four X's - One X only under each NO

Be sure you answer every question. Be sure you mark your ballot with an X after each question under the word "No," or your vote will be lost to Temperance.

Ontario Referendum Committee

JOHN MACDONALD,
Chairman.

D. A. DUNLAP,
Treasurer.

ANDREW S. GRANT,
Vic-Chairman and Secretary

Here's Your Chance to MAKE MORE MONEY! Most millionaires at one time had no more money than the average workman. J. Pierpont Morgan says: "The foundation of wealth is the first hundred dollars wisely invested." Harriman, the railroad magnate, says: "One good investment is worth a lifetime of savings." Westinghouse, who at one time offered a half interest in his airbrake for \$2500.00, and whose company now pays millions annually in dividends, says: "Five thousand Americans are worth a million each because they invested their earnings in new things." Why toil forever? Your savings, wisely invested, will earn more than you can earn by labor. Ontario OAKOAL CO., Limited, 43 Scott St., Toronto, Can.

SPECIALTIES LEAD UPTURN IN STOCKS CAN. LOCOMOTIVE AND BRAZILIAN UP

Motor, Equipment, Leather and Food Issues Advance in New York.

New York, Oct. 7.—Specialties dominated today's very lively stock market for a time, the movement comprehending a variety of issues whose technical position and high price levels usually restrict dealings to limited proportions.

Activity centered in the motor, equipment, leather, food and miscellaneous group, where a new high record was made by Texas Co. Mexican Petroleum, General Motor, Kelly Springfield Tire, Endicott Johnson and Worthington Pump.

U.S. Steel was conspicuous throughout the session for its backwardness. At no time did it advance more than a fraction, reacting 1/4 points. It closed at a slight loss, as did a few affiliated shares.

Harvester, Baldwin Locomotive, General Electric and Westinghouse led the strong equipments; Hide and Leather preferred, Central Leather, American Woolen, Industrial Alcohol, Sears-Roebuck, May, Department Stores, Woolworth, Associated Dry-goods and National Lead being included among the other strong stocks.

Demand for rails was again limited to minor or secondary shares, and shipments were prominent during the early and intermediate stages of the session, but fell back later, when Atlantic Gulf temporarily lost most of its advance.

Investments contributed to the strength of the bond list, with traction, international also ended high, but Liberty issues were quiet and steady. Total sales (par value), \$11,875,000.

Wall Street Views Tomenson, Forwood Co. received the following New York wire yesterday: The high priced industrials are referred to as the aristocracy of the stock market.

Home Bank in Windsor The Home Bank of Canada has opened a branch office in Windsor, Ont., under the management of John Bain, former manager of the Walkerville branch.

Former Advances More Than Five Points to Highest Price on Record.

Canadian Locomotive and Brazilian stock out prominently in yesterday's active trading on the Toronto market. Nearly 6500 shares were dealt in as compared with less than 1900 on Monday, the strong market in New York exerting an influence upon Toronto and Montreal and encouraging fresh manipulation of specialties.

The great bulk of trading in the live loans was in the Victory issues of 1933, which, however, showed no change, closing at 103 3/4.

New York, Oct. 7.—There was a very strong market on the New York curb today and especially in the industrial division, where many important advances were scored.

The feature of the week in wholesale circles is the shortage of goods. Cooler weather has created a brisk retail demand for seasonable clothing and gentle furnishings.

Wholesale clothing manufacturers are working to capacity and prices are advancing, with inferior woolen materials only available.

Wholesale provisions, live and dressed hogs are steady, and the market for dried and smoked meats fairly active.

Wholesale hardware there is a fair country trade, but city business is quiet. Heavy goods and iron wares are dull.

EXHIBITION OF ROYAL CHINESE ROBES

Opens Today on the Fifth Floor

One hundred and fifty gorgeous robes, comprising the wardrobe of the late Emperor Kwang Hsu and the Empress Dowager Tzu Hsi and their court. This extraordinary collection of Imperial gowns, typifying Oriental magnificence, came into the possession of the Robert Simpson Co. from republican authorities after the overthrow of the Empire. They are to be presented by this store as a gift to the Royal Ontario Museum, Toronto.

The splendor of the materials alone—gay colored silks and satin, fur and fabrics woven from pure gold thread—are in themselves a revelation. The embroideries and exquisite hand painting are quite beyond anything in the decoration of modern gowns—they represent infinite patience along with a skill that is difficult to realize. In many cases the patterns are so perfectly worked on both sides of the cloth that it is impossible to tell one side from the other.

Milady of to-day, skilled as she is in obeying Fashion's slightest dictate, will be amazed to find that no such obedience was required of the great Manchu ladies. For at the former centre of Chinese royalty Fashion did not dictate, or rather, she had dictated once for all, sometime between the years 1740 and 1750, and from that time the cut of Chinese Court robes never varied.

More ground for common understanding would be found in the change of summer and winter costumes. But here, too, the modern woman, be she ever so much a slave to fashion, has more freedom than her Manchu sister. For as summer approached, the lords and ladies of the Chinese Court, on the day fixed by the imperial edict, changed their fur-lined coats for light silk or gauze gowns, no matter what weather the thermometer might indicate.

The Simpson Store invites you and your friends to come today and following days to view this wonderful exhibit.
