ENLARGING PROVINCES SAYS AMENDMENT TO RESOLUTION NOT REPRESENTATION

After a Lengthy Debate on the Extension of Provincial Boundaries Amendment is Adopted—School Question is Dragged Into Controversy.

OTTAWA, July 13.—(Special.)—The house spent this, the 12th anniversary of the swearing in of the Laurier cabinet, by discussing the proposed extension of provincial boundaries. That the government hit upon the Laurier resolution regarding the extension of provincial boundaries as an expedient to avoid the issue of another Manitoba school question, and to enable the Liberal party to play a double game was the charge made by Conservative members. Sir Wilfrid said the extension had been requested by Quebec, Ontario and Manitoba. There could be no new province to the north because Ungava was quite unfit for agriculture. Northern Ontario was the same and so was part of the district to be added to Manitoba. The timber and mineral resources, while very promising, were uncertain. The B.N.A. Act provided for the extension, Manitoba would be compensated for new lands, Ungava was logically Quebec's. As it would bring no population, the possibility of the larger Quebec affecting the basis of representation was remote, but the attention of Quebec would be drawn to the objection. In view of the Hudson Bay Railway, which made municipal and provincial organization along the route necessary, Manitoba was entitled to the privileges. A difficulty, Sir Wilfrid said, had arisen between Ontario and Manitoba. Manitoba wanted an extension to the longitude of the Mississippi, Ontario wanted an extension to the Churchill River. "We could not agree to the claim of Ontario for a very obvious reason," he said. This was the Hudson Bay Railway, with its terminus at Churchill. If Churchill was the boundary there would be a strip of land, Ontario's fair conclusion, "was that the boundary should be fixed as now proposed along the height of land beyond the Severn River, but this had been impracticable, as that height of land was not by another. This would have led to serious complications. As to Ontario being sacrificed, Ontario had enough of wealth and territory and glory not to begrudge a sister province. This was the Hudson Bay Railway, which would get the old avenues of her fur trade. Manitoba gets 180,000 square miles. The present area is 70,722 miles. As to Quebec, the territory of Ungava is 180,000 miles water and 268,000 miles land. The Ontario territory, Sir Wilfrid thought, was 140,000. "We had always understood," said Sir Wilfrid, "that Manitoba wanted her lands. In the petition brought down the province takes an altogether different attitude and asks a money grant." Sir Wilfrid regarded the claim of \$40,000,000 half yearly and a special grant to public buildings as something of an exaggeration. Manitoba was not a new province, but an old one. Would Like Terms. R. L. Borden objected that the premier had, after all, mentioned no terms, and quoted from The Winnipeg Free Press to the effect that the separate school problem would be left to negotiation. As to Ungava, part of it might have been reserved for either Ontario or Newfoundland, when that island should enter confederation. Mr. Fowler of King's said Quebec's basis of representation was not a fair one. He said that Quebec should get no representation from the new territory, while Dr. Daniel (St. John) wondered why, if the new country was to be added, it was yet good enough for the G.T.P. Hon. William Pugsley, who uttered as attorney-general of New Brunswick had been quoted by Mr. Brunswick, urged that there was no question of representation before the house. The terms of the additions of territory were left to be conferred upon. Discussing the debate on the resolution at the afternoon sitting, Dr. Roche blamed the government for procrastination. A memorial of the legislature of Manitoba, passed last session and presented to the house, left the government without excuse for delay. Compliance with this resolution would have given Manitoba not only a port on Hudson Bay, but one on Lake Superior. The object of the government in proceeding now by way of a resolution instead of a bill was to enable the government to play a double part in the next session. Precursor of Election. "It is a sure precursor of an election between this and the next session," said Dr. Roche. "The educational issue was what the government wished to avoid, so that upon this question it could make one appeal to one section and a different appeal to another. In 1906 new provinces were created. Why were not Manitoba's boundaries extended then? Why, only four days after the session was over, an order-in-council was issued taking Keewatin out of the jurisdiction of the governor of Manitoba and placing it under the Northwest Territories Act. Keewatin was thus placed under the educational clauses of the Northwest Act. Now the government was face to face with another school question and Sir Wilfrid hadn't the courage to face the issue. By staving off the issue it would

SHOT BY HIS OWN HE'D ADMITTED

Dentist Acquitted on Murder Charge May Die as Result of Bullet From Wife's Mother.

NEW YORK, July 13.—Standing within a few feet of the spot where a little more than two years ago he shot and killed his father-in-law, Dr. Jas. Weddell Simpson, a dentist of this city, was shot and perhaps mortally wounded to-day at Northport, L. I., by his mother-in-law, Mrs. Bartley T. Horner, the woman he made a widow. Dr. Simpson's wife, from whom he has been estranged for many months, was near him when the shot was fired, but she did not witness the shooting. Upon learning that it was her husband who had been wounded, she rushed to his side, and he was taken to a hospital. Dr. Simpson had to crawl to a house 200 feet away to have his wound attended to. Statements from Dr. Simpson and from Mrs. Horner as to the circumstances attending the shooting disagree. The dentist says that he had received word that his wife intended to sue him for a divorce, and that he went to the Horner home to talk with her about it. He says he rang the door-bell, and upon receiving no response, peered thru the door-pane. He saw Mrs. Horner, he says, and called to her to open the door. Then, Dr. Simpson says, Mrs. Horner picked up a revolver and shot him. The bullet entered his body above the abdomen and he fell against the door-sill. A second shot was fired at him, he claims, but the bullet went wild. Mrs. Horner does not deny that she did the shooting, but she claims justification. Thru her lawyer, Rogers and Miles, she said that Simpson had several times called at the house, and that his visits were unwelcome. When he came to the house on the morning of the shooting, she said, she ordered him out of the place, and when he refused to go she took up a revolver that was lying on a rack in the hall and shot at him. Constable Hanson, who arrested Simpson in 1905, when the dentist shot Mrs. Simpson's husband, arrested Mrs. Horner this evening. She was charged with felonious assault. After Justice Hawkins had fixed bail at \$5000, Mrs. Simpson, the prisoner's daughter, qualified as bondsman and secured the release of her mother. Justice Hawkins set the hearing of the case for next Wednesday. Mrs. Simpson said the whole she was not satisfied with the verdict. She said she believed her mother was absolutely justified. She said that she had seen the room of the house at the time of the shooting. "When my mother ordered Dr. Simpson out of the place he made as if to put his hand in his pistol pocket," she said. Mrs. Simpson, "Mother believed he was going to shoot her so she shot him."

NO CATHOLIC FOR PREMIER

Orange Pastor at Peterboro Prophecies That Law Will be Passed Barring Them.

PETERBORO, July 13.—(Special.)—Speaking to a monster gathering of Orangemen here to-day, Rev. A. H. Bruce of the Cobourg Baptist Church, said he hoped the day would come when a law would be passed prohibiting a Catholic from becoming premier of Canada. Mr. Bruce is a former pastor of the Park-street Baptist Church here, and his remark created somewhat of a sensation. Mr. Bruce denounced what he termed the aggression of Rome and called upon Orangemen and Protestants to stand together. Other speakers were: T. B. Collins of Millbrook, P. G. M. of Ontario East; G. McCartney, grand organizer for Ontario East; R. H. Holland, Port Hope, P. G. M. of Ontario East, and Rev. Ben. Oillel of Millbrook. To-day's celebration was the largest ever held here. There were over 8000 visitors in the city and the parade was over five miles long. There were 22 lodges, in brass bands and over 35 fire and drum bands. It took the procession over an hour to pass a given point. The weather was ideal until evening, when rain commenced to fall. Quiet Day in Buckingham. BUCKINGHAM, Que., July 13.—(Special.)—The first Orange celebration in the history of Buckingham was held here to-day, when 2000 sons of King William paraded the streets with banners waving and bands playing the popular airs of Ulster. The visiting brethren came in several special trains from Ottawa, Carleton and Lanark Counties. Altogether there were probably 5000 visitors in town, including a few lodges from Thurso and nearby townships. There were 63 lodges in the parade. The pageant, however, was short on white horses and had possible trouble. Mayor Kelly of Buckingham wanted to swear in 20 extra constables, but Detective McCaskill vetoed his plan on the ground that this show of force might enrage the supposed big game. Only one hotel closed for the day, the Campbell House. Father Croteau. Continued on Page 7.

LOTS OF ROOM AT QUEBEC.

Those who have been working in connection with the Tercentenary celebration at Quebec are anxious to remove the impression where it exists that there will not be sufficient accommodation in Quebec to take care of those who desire to go. The tented city will take care of 5000 or 6000 and the arrangements for catering in this connection are in excellent hands. The tents are so arranged that people may fall into groups of almost any size, and as the City of Quebec has provided all necessary drainage and water supply facilities there is no reason why at this time of year people should not be perfectly comfortable in such quarters. It is not generally known, but it may be stated authoritatively that the Chateau Frontenac will be able to provide meals for 1000 people in addition to those who will be lodged either in the Chateau Frontenac or in the various houses they have engaged. Apart from all this there is accommodation to be obtained of varying grades in hundreds of houses and establishments in Quebec. It will therefore be a great pity if those who desire to see the magnificent pageant, military review and the other features of this historical festival should be deterred by the feeling that they cannot be properly taken care of in the matter of hotel accommodation.

Hamilton Aldermen Plead That to Hitch Up With Hydro-Electric Would Hurt the City's Prospects.

HAMILTON, July 13.—(Special.)—The Cataract power grab is to be commensated on Thursday night next at the city council meeting. It was stated at the meeting to-night that the contract was not yet ready, but would be on Thursday, and would be in the hands of every alderman. This, however, will give no opportunity for a comparison of prices with the hydro-electric power commission's figures, which will be ready a few days later. The opponents of the hydro-electric scheme here now take the ground that prices are a matter of indifference to them. Aldermen Lewis and Clark, for instance, both remarked that there were deeper reasons than prices considered. The primary consideration, they allege, is the favorable situation in which Hamilton is placed for the supply of cheap Cataract power to manufacturers. If Hamilton takes any share, they argue, in forwarding a scheme to benefit Toronto or other places it would only be to her own detriment. Hamilton, they think, will have cheaper power than the commission can offer and they say that the Cataract offer of power at \$18 is better than the commission's estimate of \$21 and that \$17.50 a year for arc lamps is cheaper than the \$48.50 estimated by the commission. Moreover, they are skeptical about the offer of the commission to cut the price of household lighting in half. Even if it could be done, it would not be fair to the Cataract Power Co., the plea of the aldermen, and the householders as well able to pay, it is to be supposed, for this alderman's generosity. Ald. Sweeney, as chairman of the power committee, merely reported progress to-night. It was the desire of the committee, he said, to go into the matter very thoroughly. He tried to leave the impression that no Sunday work was done in order to railroad the contract thru, but the facts are too well known. It is expected Messrs. Ross and Abbott will finish their calculations by Wednesday evening. Aldermen McLaren and Jutten moved for a report as to whether the minimum prices charged for incandescent lights in their schedule to users were fair and reasonable, and, if not, what prices would be. He believed the people paid more for minimum charges than they paid for actual light. It was agreed that the report be made on this on Thursday. Discussion arose on the absence of one or two aldermen who could not attend on Thursday. Ald. Sweeney said the absence of Ald. McLaren would make no difference, as the majority of the council had made up their minds to make a contract with the Cataract Power Company, and he thought the city could make no mistake in doing so. He was perfectly satisfied that the property-owners were satisfied. Ald. McLaren, though, if they had a good agreement, and felt that it was a good one, they ought to let it go to the people. Ald. Jutten resented the attitude of Ald. Sweeney, who had made up his mind to complete the deal without the citizens' kick or not. Hon. Adam Beck, who was in the city this morning, announced that the tenders for the transmission line would be opened next Wednesday, and the cost of the line and the commission's prices for power for the various municipalities would be known in a very short time. LITTLE BOY HANGED. St. Catharines Lad is Strangled While Playing on Swing. ST. CATHARINES, July 13.—A little three-year-old boy, son of David Radford of Westchester avenue, was accidentally hanged about 11 o'clock this morning. His neck was caught in the rope of a small swing tied to a fence, and the little fellow was strangled before his position was discovered. Dr. McDonald was summoned, and on his arrival pronounced life extinct. QUEBEC BATTLEFIELDS FUND. MOUNT FOREST WOMAN IS BRUTALLY BEATEN OWENS, OF 3RD WARD AT M'BRIEN'S MEETING

Tramp Attacks Mrs. Henry Harper and Inflicts Serious Injuries—Farmers Capture Suspect. "F. G." Elected President of Association and "E.W.J." Acts as Chairman of Proceedings. The elections of the West Toronto Conservative Association, held in Odd-fellows' Hall, Dundas-street and Sheridan-avenue last night, resulted in a complete sweep for President F. G. McBrien and his lieutenants, the forces led by R. J. Clarke, presidency candidate, being vanquished. The expectation of a keen fight caused the hall to be crowded, but the candidates observed the amenities with a scrupulous if rather disappointing care. Mr. Clarke, who defeated for the presidency and for re-election as secretary, accepted the result in a sportsmanlike manner, and his later election to the executive showed the appreciation of the meeting. The genuine surprise of the night was the appearance of E. W. J. Owens, chairman of the Conservative central executive, and, as such, representative of the ward associations, and the "machine" which the organization seeks to destroy. Mr. Owens, who was given a friendly reception, was invited to occupy the chair, and expressed the sentiment that all Conservative organizations should work in harmony. He was willing to be chairman if the meeting unanimously approved such course. The meeting did. George Gilmore, president of East Toronto Conservative Association, said that the ward associations had outlived their usefulness, whereat the chairman smiled benignly. He also said that public ownership was primarily the platform of the organization, and there was applause. Jacob Cohen urged that all Conservatives should bury differences and stand by the party. The receipts given the candidates indicated clearly how sentiment ran. There were 105 ballots cast for the presidency, Mr. O'Brien easily distancing Mr. Clarke, and W. H. C. Sumnerfeldt. Dr. Cook was the unanimous choice as first vice-president, and Fred Tucker defeated Mr. Sumnerfeldt for second vice-president. A. F. Saunders and Chas. G. Pratt were elected third and fourth vice-presidents respectively by acclamation. By a few votes margin J. M. McGowan wrested the secretaryship from R. J. Clarke. William Craig was the unanimous choice for financial secretary, William Edmondson as treasurer and H. E. Cardinal as chief executive. The executive committee elected was W. G. McBrien, R. J. Clarke, O. J. Green and T. Yates Esq. ALLEGED SHOPLIFTER. Sarah Samuels, 26 years, 626 West Queen-street, and Fanny Goodman, 20 years, 65 University-avenue, were arrested by Detective Sockett, charged with shoplifting. Aged Woman Injured. PETERBORO, July 13.—(Special.)—As the result of tripping over a mat, Mrs. Devenport, aged 73, of Havelock, is in Nicolai Hospital here suffering from a fractured hip. She is rheumatic and tried to get across the room without the aid of a cane. Mrs. Dr. J. E. Sawtell, accompanied by her daughter, Davida, arrived Monday from Kansas City on a visit to Mr. and Mrs. J. A. Smith, 26 Close-avenue, stopping en route at Chicago, Detroit, Buffalo and Niagara Falls.

DAMAGE BY LIGHTNING.

Two Barns Burn in the Neighborhood of Stratford. STRATFORD, July 13.—(Special.)—One of the severest electrical storms that have visited this section this season passed over here at 6.30. The barn of Mrs. John Dubois, who lives about a mile west of town, was completely destroyed, and three horses killed by lightning. The barn also contained 21 tons of hay. The loss will be practically covered by insurance. The barn of Wm. Smith, 5th concession Caradoc, was also struck, and immediately caught fire, and was burned before assistance could be summoned to extinguish the flames. The storm was of short duration, but was the worst experienced in years while it lasted. WRECK VICTIM DIES. John Squire, Injured in Tottenham Disaster, Succumbs to Injuries. The first fatality arising out of the Tottenham disaster occurred last night when John Squire, 1150 West Bloor-street died as a result of internal injuries received in the wreck. Mr. Squire was a passenger on the boat which was wrecked on his way with his son James to visit friends in the north. In the smash his nose was broken and he was injured internally. He died on his way to the hospital, but was forced to come home, arriving in the city a week ago. At his home he was stricken with paralysis, and, after a mile or two, was completely paralyzed. Mr. Squire was 69 years of age and had been in business in the city for many years. He conducted a big wholesale meat business at 1150 West Bloor-street. ARRESTED FOR BIGAMY. Scotchman Accused of Deceiving Young London Woman. LONDON, July 13.—(Special.)—Geo. Henderson, of 60 Cavendish-street, was arrested to-night charged with bigamy and will appear to-morrow. It is claimed that Henderson has a wife and two children in Edinburgh, Scotland. He came to London 18 months ago, and a little while after he met a woman whom he is accused of deceiving. After paying her marriage attention for some months he finally married her only six weeks ago. The young woman has been a resident of London for three years. Previous to her marriage she had been in the employ of a couple of Forest City families as a maid. FATHER AND DAUGHTER DEAD. Jos. Wilson of St. Kitts and Miss Wilson of London Not Long Separated. LONDON, July 13.—(Special.)—Miss Wilson, secretary of the Y.W.C.A. here, died in Victoria Hospital at 3.30 this afternoon, and at 7 o'clock a message came from St. Catharines that her father, Jos. I. Wilson, of St. Catharines, had died at 6 o'clock. Canadian Bowlers Win. LONDON, July 13.—(C.A.P.)—The Canadian bowlers beat Hove by six points to-day.

THE FRENCH TREATY.

Delay in Ratification is Not Abnormal, This Said. (Canadian Associated Press Cable.) LONDON, July 13.—The Standard's Paris correspondent says there is nothing abnormal in the time the French senate's committee is taking on the question of the Franco-Canadian convention. He is assured lately that ratification is a mere question of form. Nobody need be surprised, however, after Flechon Ruzau failed to force the pace of the committee at Mr. Fielding's statement, but it is felt that denouncing the agreement would be leading to a tariff war that would be regrettable in ushering in the Quebec tercentenary fetes. The Standard describes it as a grave crisis, to avert which it calls for a general revision of the archaic tariff of 1822. BODY FOUND IN BAY. 15-Pound Stone Tied Around Neck, But Suicide is Probable. "On account of the ill-health of G. H.," was the wording of a note found in one of the pockets of a man, evidently G. Harris, whose body was found floating in the States from Canada. The department was taking the matter up. Understrapper Decorated Hotel. WINNIPEG, July 13.—(W. A. P.)—It now transpires that the decoration of the Royal Alexandra Hotel on the Fourth of July with American flags and the ignoring of Dominion Day, was the work of a subordinate temporarily in charge. Manager Willis, an Englishman himself, greatly regrets the misdirected zeal of his subordinate during the manager's absence.

LABOR BACKS BRYAN.

Gompers Announces He Will Support Democratic Ticket. LINCOLN, Neb., July 13.—Samuel Gompers, president of the American Federation of Labor, will support William J. Bryan in the coming presidential campaign. In political circles to-day this announcement overshadowed all others, even the arrival of John W. Kern, the vice-presidential nominee. While Mr. Gompers' support was promised to the ticket, he specifically denied any present intention of taking the stump in the coming campaign. Reports gained currency that the labor leader would speak for Bryan, but he made no such announcement. He left Fairview after 15 minutes' interview with Mr. Bryan. At present it is believed there will be no need for Mr. Gompers' services in an oratorical sense and Mr. Gompers does not expect to be called on to speak publicly in the campaign. The Republican convention, Gompers asserts, ignored the demand of labor, while the Democrats acknowledged them in the platform. His course, he says, is clear, and he will do what is demanded of him in the interests of labor as best expressed in the platform adopted at Denver. As the situation is at present, Mr. Gompers' efforts can be better expended elsewhere than on the rostrum. In his interview with Mr. Bryan Mr. Gompers was attended by Frank Morrison, secretary of the federation, and James Dunaway, also a labor leader. TAYLOR'S AWFUL PUNISHMENT. MONTREAL, July 13.—At a meeting of the N.L.L., held here to-night, the case of Fred Taylor of the Capskin-increase team, who assaulted Referee Carling during a match, was considered, and finally it was decided that the total received to-day be \$250,000, with many subscriptions yet to be received. BATTLEFIELDS FUND NOW \$320,000. QUEBEC, July 13.—J. M. Conroy, hon. treasurer of the national battlefields commission, this morning received a cheque from G. H. Machin, assistant provincial treasurer, for the sum of \$100,000, being the amount voted by the Quebec Government towards the battlefields fund. This brings the total received to-day to \$250,000, with many subscriptions yet to be received.

FROM McGRADY'S ALLEY. The story of an adopted family. There is a true ring of sentiment to be found in the experiences of foster-mothers as told in "The August Delineator." One woman, who in the generosity of her heart took to her home a whole family, tells her story as follows:

No, they are not my own children. I adopted them all. Five does and seem a large number, but I didn't see how I could take one without the others.

Where we lived ten years ago, there was a shanty. The McGrady's there were a shifty lot. The man, even known as "McGrady's Alley," there was only one house in the alley and that was an old shanty.

Then one day I was cuddling the youngest McGrady baby on my lap. I heard a cry, but the baby down and rushed out. McGrady was there on a stretcher, and the poor wife was rocking to and fro in agony.

BURBANK'S NEW WATER THE THORNLESS CACTUS

Hard to Believe That It Can Be Put to So Many Uses—Wholesome Food for Man or Beast.

Many and marvelous are the tales told of Burbank's thornless cactus. This new creation in plant life means more to the farmer and stock-raiser than any production of the past century.

A vegetable that bears fruit, it is a plant that is relished by every animal. A feed superior in some or all respects to any now in use.

One is that it not only grows much faster than the wild cactus, but it recovers each season, but the leaves do not bud and reproduce the same season.

Another wonderful thing about the Burbank thornless cactus is the pertinacity with which it clings to life, and its indifference to dryness.

Plants accidentally blown over, mutilated or uprooted, showed no concern in their growth nor deterioration.

Another company is now preparing for its first distribution of plants in spring.

WOMAN: As She Appears for the Public Eye in the News of the Day

Directoire and Greek Gowns the Same

The furore in society which the vogue of the "directoire gown" created is subsiding because people have come to understand its history and its proper value as a style of dress.

To gratify the public curiosity about these gowns, the T. Eaton Company had them on view yesterday in their suit department, displayed on living models. The directoire style has been accepted by ladies of conservative taste, and it was only the fact that extreme types had been worn by some women who aim at the sensational that brought these gowns into conspicuous disrepute.

Meaning of Directoire. The name "directoire" has an interesting history. After the fall of the French monarchy, near the close of the eighteenth century, when the government of France was known as the directoire, educated people were especially interested in Greek civilization, and this being the case the style of costume seen in Greek works of art appealed strongly to the ladies of the period. The directoire gown is simply a revival of the Grecian idea of women's dress. The idea is essentially close draping, which half hides and half reveals the human form in its principal lines and contours. The vogue of the directoire gown in the eighteenth century was a popular movement in the direction of simplicity in female dress.

When this Greek type of costume was revived many years later, it received the name of the period of the French directoire, and it is in the French spelling of the directoire that the gown is known to-day.

Later Modifications. It is worth while remembering that just as the original directoire gowns were in the eighteenth century were modifications of the Greek style in women's dress, so the directoire style now in vogue in Paris and being introduced into the United States and Canada is an adaptation of the earlier styles. Those without a knowledge of female dress or of the history of the directoire gown naturally think it is a radical and undesirable departure in costume-making. It requires but a practical seamstress, however, because the usual goring of skirts and darting and seaming of bodies are absent, and the garment, instead of being fitted to the figure is swathed around in close but graceful folds.

Features of 1908 Gown. The main style features of the eighteenth century directoire gown were scant, clinging skirt lines, with train, high waistline in costumes, wraps and coats, close and small sleeves, long coat-tail back, large revers, large pockets and button trimmings. But in the 1908 styles there is a wide diversity of the clinging type, soft and now a tendency to slightly fuller lines of skirt, waist and sleeves. The fabrics required for the development of this clinging type are of the clinging type, soft and lightweight materials, such as satin, satin liberty and crepe de chine. Without question, it may be said, changes will develop to suit the directoire gown to the present times.

In Society.

Island Baths Equipment. There is every accommodation for comfort and delight at the island swimming baths. Manager Atkinson has the place lit up with electric lights, and the suits are all new and are sterilized. Improved water toboggan incline, specially equipped with rubber rollers, which greatly increase the speed of the toboggan.

The incline is 45 feet long and only 20 feet at the highest point from the ground, so that walking to the top does not become tiresome. The toboggan will shoot anyone weighing from 100 to 200 lbs. out into the water to a distance of 75 to 100 feet.

Ladies should remember that they have free use of the toboggan on any afternoon except Saturday.

Big Reductions in Square Plans. The small sum of from \$75 to \$150 will secure you a square piano in excellent condition, by well-known makers, such as Chickering, Steinway, Haines Bros. and Heintzman & Co. From 50 cents to 75 cents a week is all that is asked in payment for one of these instruments, which are being offered for sale by the old firm of Heintzman & Co. Limited, 115-117 West King-street, Toronto.

Chatham Water Rates by Meter. CHATHAM, July 13.—Every house in the city must in the future buy its water from the city via the meter route. It is necessary to put a stop to the waste of water.

'T WAS A BUSINESS MARRIAGE

Divisional Court Uphold the Validity of the Cornwall Will.

The divisional court yesterday upheld the trial judgment of Justice Anglin in the action brought by Louisa Agnes, second wife of Charles Cornwall, for probate of his will, made 18 months prior to death. Deceased was a large property owner in Leeds County, but died in New York State. His first wife died in February, 1905, and three months later at the age of 79 he married the plaintiff, and a month later made the disputed will. It was claimed he was suffering from senile dementia at the time.

The will is declared to be valid. "Whatever love the testator had for the plaintiff, the marriage on her part was strictly business," said Mr. Justice Britton in giving the judgment of the court. His lordship quotes from a letter written by the plaintiff to a friend: "I had those devilish Cornwall walls as the devil does holy water, and all I can get out of Uncle Charles and all I take for our side of the house, for Min and I, wouldn't you? My teeth are hoarse. If I told all I know the will would not stand law, and the old will would give all to the d—d set, so I must keep ather hotels and the defendants were a sister of deceased and several nephews and nieces resident at Alexandria Bay.

Where to Go for a Vacation. District Passenger Agent McDonald of the Grand Trunk just returned from a visit to the charming Ontario resorts of Muskoka, Lake of Bays and Algonquin Park, and also made a trip to Kawartha Lakes, and reports that hotels and boarding-houses are rapidly filling up and all indications point to a splendid season. If visitors to the Kawartha Lakes, the finest summer resort in Canada, has made its reputation for the past several years, including meals and lodging, from \$3 to \$4 per day, and accommodation at holiday houses at lower rates may be obtained a little farther north. The Lake of Bays has good hotels, viz., Rosville, Wawa and Britannia. The Magnetawan River can take care of the tourists. The Algonquin Park, 2000 feet above sea level, has a new hotel, the Highlands, and reports that the Kawartha Lakes, farther north, with its 1400 islands and good hotels and splendid fishing, will repay you for a visit. Nearer Toronto, the pretty resorts on Lake Simcoe, Barrie, Atherley, Orillia, Jackson's Point and the Kawartha Lakes, with Penelton Falls, Lindsay, Sturgeon Point and numerous boarding houses on Stony Lake are well worth a visit. Illustrated booklets free and all information at Grand Trunk city office, northwest corner King and Yonge-streets.

Boy Sent to Penitentiary Authorities Investigating

The attorney-general's department is enquiring into the circumstances by which a 16-year-old boy, of respectable connections, was lured away from home by an ex-convict and was arrested for vagrancy while sleeping in a box car. Later, some goods were missed from the car and the boy was charged with theft and sentenced to 2-1/2 years in the penitentiary. Three months of the first sentence he served in Guelph jail and three in the Central Prison.

Will Tour the West. F. E. Armstrong, assistant secretary of Presbyterian Missions, will start today on a six weeks' tour of the west in company with Lyman Pierce, whom he will meet in Winnipeg on Friday.

The trip is for the purpose of furthering and spreading the layman's missionary movement and the two disciples will organize the businessmen of the cities and create committees to carry on the work until the autumn conventions will take place in these cities.

The cities in which a week will each be spent are Winnipeg, Brandon, Vancouver, Calgary, Regina, Victoria and possibly two or three more.

Stole Woman's Purse While She Was Travelling.

Chicago, July 13.—White 100 men and boys sat or stood within a comparatively few feet of her and in sight of nearly 1000 others, an unidentified woman fell from the north pier at the mouth of the Chicago River and drowned.

Altho she screamed repeatedly for assistance, not a hand in the crowd that watched her was lifted to assist her.

Instead, gazers stole the woman's hat and purse, which she had placed on the pier beside her, and fled.

CONDUCTOR AND THE FIVER
Former Staffed Letter Into a Street Railway Coffee Pot.

Their lordships the Street Railway Company continue to cultivate the good-will of the public—in this way: B. W. Cherry, 16 Pinehurst-avenue, East Toronto, boarded a King-st. car, and having nothing smaller than a \$5 bill, tendered it to the conductor.

The conductor refused to change it, the Cherry offered to take a dollar's worth of tickets.

Cherry refused to get off the car when ordered to do so and the conductor rolled up his five-dollar bill and stuffed it into the box.

Cherry demanded his change. The conductor (1621) wouldn't give it, but offered a receipt.

Cherry wanted legal tender. On arriving at Scarborough Beach the roadmaster backed up the conductor.

Cherry went to policeman 273 and asked him to arrest the conductor. The officer refused.

"If I had taken \$5 of the company's money you would arrest me?" queried Mr. Cherry.

"I would," replied the officer. At the city hall Cherry, the ratepayer, was told to go to the railway company and get his money. "They don't want your money," said the city hall official.

In the police court he was told to sue the company for loss of time.

Mr. Cherry went to the railway offices yesterday for his money, wondering if there is either civility or justice in Toronto. He got his money and will now sue for one day's loss of time.

A popular idea used to prevail that all teas were pretty much alike, but "Salada" tea is proving a pleasant surprise to thousands of particular tea-drinkers. Sold by grocers everywhere.

BOUGHT STORES BY CHEQUES
And Tried to Collect the Revenue Bank Reported "No Funds."

ST. CATHARINES, July 13.—(Special)—"Get-Rich-Quick" Wallington visited this place on Friday, but wasn't as successful as he usually is in his schemes of high finance.

After banking hours, it is said, a grocer, was approached by a "well-dressed, middle-aged stranger, with a prosperous air"—Wallington to a T—who asked him if he wanted to sell out. He was willing if he got his price, and the stranger tendered a cheque for a substantial amount at the same time remarked, "now, whatever comes in is regarding account, N.S. calling at Quebec, Gaspé, Mal Bay, Percé, Grand River, Summerside, P.E.I. and Charlottetown, P.E.I."

Excursionists swelled receipts and Wallington at night called around to collect. The grocer, who was asked and asked him to call next day. He did at 6 a.m.—but was held off until the bank opened, when the cheque was pronounced worthless.

But Wallington had hiked, satisfied with having been more successful in collecting the receipts on a similar basis of a downtown restaurant.

Quebec Tercentenary. The Grand Trunk Railway System has issued a neat and attractive booklet in connection with the tercentenary celebration to be held at Quebec this month. WALL STREET IRREGULAR BUT PRICES ARE FIRM

Early Advances Are Partly Lost in Later Trading—Local Stocks About Steady.

World Office, Monday Evening, July 13.

Brilliant crop prospects from the West partly account for the speculation in C. P. R. on all exchanges to-day. The price of the shares opened up at an advance in London this morning and the rise was followed at New York and in Toronto. Local operators have taken more kindly to C. P. R. than has been the case for a long time, and are backing both it and its affiliated companies, "Soo" and Duluth. Traction at the Toronto exchange was about as dull as it has been since the latter part of the year. The market was rather flat, but there were some turns on either side of the market and tentative quotations by the pools run very little prospect of being interfered with. Those who are watching the market suggest that the small amount of offerings should mean an ultimate advance in prices, but expect any rally to be a long-drawn-out affair. In the investments several odd lots of Dominion Bank were liquidated to-day, but the offerings were taken care of without interfering quotations.

generally resulting wherever any activity developed. London sent higher prices and followed them up with buying orders approximating 25,000 shares, chiefly Union Pacific and United States Steel common, the strength of which turned traders to the buying side and the list responded with gains on from one to two points. Standard Oil brokers were heavy buyers of United States Steel common, which advanced over a point, with continued favorable reports from the trade. After mid-day the dealings slumped to merely nominal proportions, and in the late dealings profit-taking caused irregular reactions. The closing was dull and irregular.

Speculators see no chance for profits.

World Office, Monday Evening, July 13.

A waiting attitude was adopted by the Toronto Stock Market again to-day. There is a feeling that securities ought to do better, but this is not general, and liquidation is forthcoming in sufficient volume to prevent prices from displaying any buoyancy. The crop outlook in the west has enabled the insiders to make a demonstration in C. P. R. and there is more local trading in this stock now than has been the case for a couple of years. Responsible support is forthcoming throughout the list, but this does not indicate anything more than that public offerings are about taken care of by new outside buyers. Speculators see no incentive for operations under present conditions.

Polled by Conservatives 277,914
Polled by Liberals 182,280
Polled by Independents, Laborites and Socialists 10,014
Majority of government over opposition and Independents 95,634

Toronto News: The official figures of the general elections in Ontario on June 3 last, as shown by the returns to the clerk of the house, place the Conservative majority at 95,634, with two constituencies yet to be counted, namely, Stormont, where the figures have been delayed, owing to proceedings in the courts, and Kenora, where, for some unaccountable reason, the returning officer has so far failed to forward his figures. The opposition, the opposition and Laborites, and Socialists combined, would net the government a majority of 487. If these be correct, the Whitney government's total majority will be 96,121 over the opposition and Laborites and Socialists combined.

SIX PERSONS INJURED.

Automobile Accident at Smithville, Kentucky.

LOUISVILLE, Ky., July 13.—Six persons, five of them well-known society people of Louisville, were seriously injured in an automobile accident early to-day at Smithville.

The party started across a bridge over Salt River, not knowing that a portion of the structure was recently broken by a storm. The automobile dashed 25 feet into the river, turning completely over.

In some unaccountable manner one end of the car rested on an obstruction, thus preventing the party from being drowned.

BRANTFORD T. FARMER KILLED.

BRANTFORD, July 13.—William Prouse, a middle-aged farmer, residing in Brantford Township, was killed at Cainsville this morning. He went to the village to make purchases and later sat down on the Grand Trunk tracks. It is thought he had a fit, which he was subject, and that while lying unconscious on the tracks he was run over by a train.

H.R.H. LAMA OF TIBET

WEIRD PILGRIMAGE

Headed for Pekin, Where He'll Be an Honored Tho an Unwelcome Guest.

PEKIN, Saturday, May 30.—In the spring of 1904 Sir Francis Edward Younghusband of the British army led a British column over the mountain passes of the Himalayas and fought his way into the Holy City of Lhasa. In the eyes of all true Buddhists this was desecration, and ever since then the dala lama, the religious head of the Buddhist faith, and ruler of Tibet, has been a wanderer over Northern China.

He would not stay in his city after the feet of infidels had trodden its sacred streets. Consequently, accompanied by a numerous retinue, he started on his wanderings thru China and Mongolia, an expensive and unwelcome guest at the various cities, where he elected to stop. Now the lama is coming to Pekin, where, as a matter of fact, he will be no more welcome than he was in other cities.

Political expedience, however, will make it necessary for the Chinese authorities to receive him with a show of great courtesy, but they will do their utmost to persuade him to return to Lhasa, and if they can once get him to start for home they will send along a numerous force of troops to see that he reaches there without stopping unduly on the way.

The lama has taken his travels seriously, and has with him a retinue variously estimated at from 500 to 1000 men. This pomp is perhaps fitting for the head of the Buddhist church, but to ascertain such a host in the luxurious manner they expect has been both expensive and troublesome for the Chinese officials, upon whom the lama has descended and demanded hospitality in the name of his high office.

Ever since the dala lama started on his travels the British have tried to break up his caravan and send him back to Lhasa, but without success. The Chinese government desires to reorganize the administration of Tibet, but it can do nothing without the lama's co-operation. The throne is a mystery, has ever visited the dala lama is not really wanted here, in the ultimate hope that it can persuade him to go back home.

No dala lama has ever before left the region of Lhasa, and with one exception was in 1778, when the visitor died of smallpox immediately after his arrival.

The dala lama is 32 years old, and is the thirteenth ruler of the Buddhist church. His personality is shrouded in mystery, and not even his name is known. He is thought to be of the throne does not expect an easy time in getting him to do what it wants. He has been seen by a few foreigners.

British Cattle Markets.

LONDON, July 13.—London cables for cattle are steady at 115c to 120c per pound, dressed weight; refrigerator beef is quoted at 10 1/2-10 3/4c per pound.

GLASGOW, July 13.—Edward Watson and Ritchie report 301 cattle offered, with rather sharper trade at for top steers 12c; secondary and ranchers, 12c to 13 1/2c; bulls, 10c per lb.

Chicago Live Stock.

CHICAGO, July 13.—Cattle—Receipts, about 25,000; market, 10c to 25c lower; steers, \$6.50 to \$8.25; cows, \$3.00 to \$5.75; hogs, \$2.50 to \$3.50; bulls, \$3 to \$3.25; calves, \$4 to \$6.00; stockers and feeders, \$3.75 to \$4.50.

Hogs.—Receipts, 32,000; market strong; choice heavy shipping, \$6.50 to \$7.00; butchers, \$5.50 to \$7.00; light, mixed, \$6.70 to \$7.80; choice light, \$8.50 to \$9.00; packing, \$6.75 to \$6.90; pigs, \$4.50 to \$6.25.

Sheep.—Receipts, about 18,000; market strong; sheep, \$4 to \$4.50; lambs, \$5 to \$7; yearlings, \$4.50 to \$5.75.

Montreal Live Stock.

MONTREAL, July 13.—(Special.)—At the Montreal Stock Yards' West End Market the receipts of live stock for the week ending July 11, were 494 cattle, 665 sheep and lambs, 3711 hogs and 382 calves. While the supply for local consumption

this morning was 1100 cattle, 100 sheep and lambs, 800 hogs and 100 calves. Owing to the more liberal supplies of Ontario grass-fed and northwest range cattle coming forward, a weak feeling continues to prevail in the market and prices have scored a further decline of 25c to 40c per cwt. There was a fair demand from exporters for choice steers on account of the fact that cables from Liverpool on Saturday reported an improvement in the demand for cattle, and noted an advance in prices of 1/4c to 1/2c per lb. on the week, but as choice steers here were very scarce, buyers found it difficult to fill their wants, although they were willing to pay \$6 to \$6.15 per 100 lbs. for such.

A few choice bulls weighing from 1500 to 1800 lbs. each, were bought at \$4c to \$4 1/2c per lb. The extreme heat tended to check the demand from local and outside buyers for butchers' stock and trade was somewhat slow, even at the reduction in price, as the quality of the stock offered was not up to the mark. There were no choice heaves on the market and the top figures realized for the best were 5 1/2c to 5 3/4c and the lower grades sold from there down to 2 1/2c to 3c per lb.

A weaker feeling had developed in the market for sheep and prices are 1/4c to 1/2c per lb. lower than a week ago on account of the very discouraging advices of late from European sources, where prices have scored a sharp decline to 8c to 10c per lb., as against 12c to 14c some two or three weeks ago, consequently the demand here for sheep has fallen off considerably for export account and the outside price now for choice stock is 3 1/2c to 4c per lb., as against 4c to 3 1/2c per pound.

The local demand for spring lambs is so good of which supplies are none too plentiful and prices are maintained at from \$2.50 to \$3 each. Receipts of calves have fallen off very much of late and the undertone to the market in consequence is stronger and for the quality of the stock coming forward \$5 to \$7 each is being paid.

The market for hogs has ruled much stronger since last Wednesday and prices have more than recovered the decline noted on that day, as they were 25c per cwt. higher this morning which was due to a lighter run and the continued encouraging advices from foreign sources for Canadian bacon. The demand was good from packers and dealers and an active trade was done with sales of selected lots at \$7 to \$7.25 per cwt., weighed off the cars.

37 CARS AT UNION YARDS EXPORTERS NOT WANTED

Butchers 25c Per Cwt. Lower Than Last Week—Sheep and Calves Easy—Hogs Firm at \$7 Cwt.

Receipts of live stock at the Union Stock Yards, West Toronto City, were 57 car loads, composed of 77 cattle, 11 hogs, 57 sheep, 12 calves and 37 horses.

The quality of fat cattle was generally good, considering that the bulk of them were grass fed.

Trade generally was in an unsatisfactory condition, being slow, especially for shipping cattle, only two loads being reported as sold for shipping purposes.

At the close of the market there were several loads unsold.

Exporters.

Trade dull, only two loads being reported as sought for export purposes, and they were said to be the best on the market, and bought by Brown and Wilkinson of Galt, at \$5.50 to \$5.75; butchers' to \$4.75. George Rowntree bought some 1200 lb. steers, stall fed, for butchers' purposes, at \$3.50 per cwt.

Butchers.

Heat loads of butchers' sold at \$5 to \$5.25 per cwt.; medium \$4.50 to \$5; common, \$3.50 to \$4; cows, \$3 to \$3.50, with a few good enough for export at \$4 to \$4.25 per cwt.

Feeders and Stockers.

There were none, and none enquired for.

Milkers and Springers.

There were eight milkers and springers on sale, all of which were bought by Fred Rowntree at \$48 to \$50 each.

Veal Calves.

Deliveries light and sold at \$3 to \$3.50 per cwt.

Sheep and Lambs.

Export ewes, \$3.50 to \$3.75; rams, \$3 to \$3.25 per cwt.; lambs, 7c to 8c per lb.

Gunns, Limited, report selects, fed and watered, at the market, \$6.50; and \$6.50 f.o.b. cars, at country points. Drivers reported all kinds of prices as being paid in the country, \$6.75, \$6.50, \$6.25 and \$7 was reported as being paid by Pearson of Hamilton at various points in Western Ontario.

Practically no export cattle.

United States buyers are reported as buying export cattle in the country of best quality at about \$6 per cwt. This is in keeping with the fact that the same class of cattle in Chicago to day is selling at \$4.50 to \$5.00 per cwt.

According to drovers' reports of prices being paid in the country for hogs, values are hovering around the \$7 mark once more.

Exporters are almost unobtainable on either the Union Stock Yards or the old City Market these days. Some of the drovers are sending their own goods over the ocean, as there are no buyers.

AN ARMY FAREWELL.

Colonel and Mrs. Sowton Leaving for Work in India.

Colonel and Mrs. Sowton were given a hearty send off to their new work in India at the Salvation Army Temple last night. The colonel has done good work for the army, having held charge in Scandinavia and the United States before coming to Canada.

He is a good linguist, being proficient in Norwegian, Swedish, Dutch and German, as well as English, for both he and his wife are Scotch.

Last night some 50 cadets, lads and lassies, were told the stations they were to go to carry on the work and the rank they were to hold there. These cadets had passed thru a careful training at the Salvation Army College, and now, in a short time, they will be scattered all over the country. One little miss goes away to the Bermudas. Three were selected to do social work, and six others will rank as sergeants and take charge of cadets at the next session of college.

The speakers during the evening were Commissioner Combs, Col. and Mrs. Sowton, Brig. Taylor and Major Miss Cameron of the college, and Col. Gaskin.

Dundalk Has Big Day.

DUNDALK, July 13.—The Orange celebration here to-day was one of the best in the history of Dundalk. Two special trains brought in about 1500 visitors, who, together with those who drove in from the surrounding country, swelled Dundalk's population to the extent of about 7000.

There were twenty-seven lodges in the procession, which lined up after dinner and proceeded to the town park, where excellent addresses were delivered by Dr. Spruille, M.P., supreme grand master; T. B. Lucas, M.L.A., the resident ministers and others.

Gas Ranges

Don't you wish you could get away with the girls to the cool north country? Did you ever try summering at home? Close the shutters and let the kitchen fire out, sleep on the balcony and live on the verandah. Cook on a gas stove in the summer kitchen. No gas stove? Well, don't stop at the trifling expense of a gas stove. If you have gas in the house or on the street the rest is simple. Contrast the cost with the expense of an average trip to Muskoka or elsewhere.
