SAYS BOOK OF GENESIS READS LIKE HISTORY

Rev. R. Hobbs Submits Higher Criticism to Court of Common Sense.

Rev. R. Hobbs, pastor of Gerrard Street Methodist Church, preached last evening on "The First Eleven Chapters of Genesis, in the Light of the New Testament. In outlining the leading events in those chapters, he said they "read like history" to all ordinary Bible students.

The preacher then called on several officials to read 25 or 30 passages from the New Testament from the sayings of Jesus and the parables and events referred to in the first eleven chapters of Genesis.

Surely, he said, this was not a matter of a tempt in a teapot. It was more like a storm at sea, or of carrying war into Africa. This was as it should be, for the importance of the question demanded that all serious-thinking Christian men should become profoundly concerned and alarmed when men were tampering with and destroying faith in foundation truths. Indeed he was led to exclaim: "They have taken away my Lord, and I do not know where they have laid Him." In their modern methods of scriptural interpretation there was little, or nothing, about "The Word of the Lord" coming into me, saying—or "Thus saith the Lord," or of the One whose word is called the word of God speaking to the people down thru the ages. "They leave little or no room for the supernatural or the holy man of God who spoke as he was moved by the Holy Spirit! Inspiration in its highest and best sense with him is gone, or reduced to a mere human elation; the prophet—the seer—the double-sighted—were reduced to men like themselves. And even the divine and unselfish Lord, "who spoke as never man spoke," is degraded to the same level, for they say that he quoted scripture like the others teachers of his day.

But the preacher held that "He taught as one having authority and not as the scribes." It seemed to him that the lowest court of appeal to which scriptural interpretation could be submitted was that of common sense, a sense which many, and to say do not possess. Hence the serious problem arising in all such cases was "what will they do for a guide in the absence of common sense?"

MR. MACKAY IN OWEN SOUND.

Hon. A. G. MacKay is in Owen Sound for a few days attending the session.

Arm Amputated.

WINNIPEG, March 14.—(Special.)—Saturday afternoon John Dunlavy, aged 35, was crushed while coupling cars on the transcontinental, north of Oliver. His arm was amputated at the shoulder, and he is doing well. Dunlavy came last year from Dugald, Ont. His wife is in Ireland.

Linumna Electrocutted.

ST. JOHN'S, Que., March 14.—Johnny St. John, aged 18 years, in the employ of the St. John's Electric Light Company, was electrocuted this afternoon. He grasped a wire with his bare hand, causing his death. The deceased leaves a widow and two small children.

WHERE ARE KINRADES? COUNSEL ASKS POLICE

Stopping Place in Hamilton Not Known—Rev. Dr. Lyle's Sermon on Present Conditions.

HAMILTON, March 14.—(Special.)—The police working on the Kinrade murder mystery admit that detectives, at the instructions of the attorney-general's department, are keeping tabs on the movements of Miss Florence Kinrade, and that a sleuth follows her wherever she goes, wherever the whereabouts of the family is something that is somewhat of a secret. Even George S. Lynch-Staunton, K.C., who has been retained by Mr. Kinrade, apparently does not know, for this evening he telephoned to the police headquarters to find out where they were taking the police say that no steps have been taken yet to open up the sewer leading from the Kinrade home.

A GREAT RAGE AND WHAT HUMAN INTEREST!

The Baby Contest With About Ten Days to Go Yet, Borders on an Excitement, But There's No Panic, Everybody Happy and Expectant.

So interesting is this Borden Baby Contest growing that there's hardly a half hour passes that the baby contest editor of "The Toronto Sunday World" has not from one to half a dozen confident parents with the cherished picture and more cherished hope that her baby will be one of the fortunate ones when the ten good judges have made their selections of those 50 and odd pictures of babies who will have won distinction and a prize.

good pictures that it has really been a pleasure to see them coming to the baby contest editor's desk. What pardonable conceit most folks have that their baby has all the charms to go for beauty and comeliness, health and good nature, smartness and cunningness! Who'd care a cent for a mother who didn't just about clutch her baby as a marvel, and it's just such confidence and this pride in one's own baby that is keeping the Borden's Baby Contest the "stirring event" of the calendar.

All Canada is having a part in the outcome, and all Canada is putting out a baby beauty show that would outwit and outmatch an all-world or an international contest. Keep the interest kept to the last minute—the last baby entered may be the one to get the first prize—and if you have not grown to the enthusiastic point yet get your baby ready first to-day, and find your way to the baby contest editor of The Toronto Sunday World.

The contest closes Saturday, March 27, at 2:30 p.m. to give jurors plenty of time in the city \$1.50 per day, and those coming from other parts of the district \$2, as the jurors from outside the city were supposed to be at greater expense than those residing within the limits.

Saturday morning the English-speaking city jurors, one of the panels, on being discharged and going for their pay, found that they were to get only nine days' pay at \$1.50 per day, while their rural colleagues were to get \$2 a day for twelve days.

As all had served the same number of days a strong protest was raised at the result, and the city taxmen getting pay for eleven days at \$1.50.

At Massey Hall. The Canadian Temperance League meeting in Massey Hall was largely attended. The chairman, Mr. J. A. attended. The Royal Templars of Temperance, made a short optimistic address. Among those on the platform were Mr. W. H. H. D. Ferguson, Rev. Dr. Chown, Rev. Littlehale, Mr. John Armstrong, Mr. J. S. Robertson and A. W. Martin. The speaker was Hon. Oliver W. Stewart of Chicago.

New Record Sale In Simpson's Shoe Dept.

A new boot and shoe sale record was established last Saturday by the Robert Simpson Co., Limited, when at the close of the day the sales amounted to \$10,000 worth of men's, women's and children's fine footwear.

The occasion was the grand opening of the whole second floor of the company's new building. On this floor are now four departments, spaciouly and beautifully housed, namely: boots and shoes, silks and dress goods, millinery and ladies' underwear. But while the occasion was in the interest of all four departments, the outstanding feature and inducement for the public was the extraordinary values offered by the Robert Simpson Co., Limited, in men's and women's boots and Oxford shoes.

The stock embraced fresh lines of high-grade Canadian and American boots and shoes, and also a special line of the celebrated and elegant "Queen Quality" shoes. The regular prices ran high as \$1.00 a pair—and all were offered at the real astounding low price of \$2.49 a pair.

It was no wonder then that the new beautiful and spacious boot and shoe department of the Robert Simpson Co., Limited, was the most popular of the new departments, and that the stock was sold in a matter of hours.

A program of more than ordinary merit is promised by Manager Shea for this week. Alice Lloyd, the noted and talented actress, will head the big list of good things. Miss Lloyd is considered one of the best of the great artists who have been induced to come over from England.

The joint recital of Madame Emma James and Mr. Emilio de Gogorza is the most charming event of the concert season. They come to Massey Hall two weeks from to-night. The sale of seats begins next Monday.

One of the season's record weeks is looked forward to by Manager Henry of the Gaiety Theatre, beginning to-morrow when the ever-welcome "Morning Glory" and a mammoth company of merry-makers will be seen in the most attractive, presenting the superior new American immigration inspector's office, and from all reports, the very best of the dramatic class by itself, called "In Zululand."

"The Witching Hour," which will materialize on the stage of the Princess Theatre to-night, is a play of the highest quality. The originality of the plot, the beauty of the construction, the novel treatment of scientific problems, taken in consideration with the absolute devotion from the best track of spacecraft, a combination of such strikingly superior place "The Witching Hour" in a dramatic class by itself. It has proven a sensation wherever given representation.

The Star offers "The Rollickers," a farce comedy, which acts all this week. They are using the farce comedy that make York and Adams famous. The farce comedy they toured the farce comedy houses. Will H. Colan and Nat S. Jerome have stepped into their shoes at the city office, northwest corner King and Yonge-streets, Phone Main 4209.

Play a Factor in Freeing Woman. A large number of people in Chicago firmly believe that Augustus Thomas' strange repulsive drama, "The Witching Hour," which she Messrs. Shubert will present at the Princess Theatre to-night, is a play of the highest quality. The originality of the plot, the beauty of the construction, the novel treatment of scientific problems, taken in consideration with the absolute devotion from the best track of spacecraft, a combination of such strikingly superior place "The Witching Hour" in a dramatic class by itself. Duperow, and other officers of Integrity Lodge, after which the meeting was closed and refreshments were served, interspersed with toasts, songs by the Integrity quartet, and Bro. Britton.

Public Amusements

The demand for seats for Mrs. Pike in "Salvation Nell," in which she will commence her week's engagement at the Royal Alexandra Theatre to-night, has been enormously large, and everything promises that this will be the most successful engagement this talented actress has ever played in Toronto. This will be the only opportunity Canadians will have of seeing Mrs. Pike this season. The tenement-house scene, which is said to be one of the most elaborate ever put in place in this city, and which remains for the week the scene being placed in front of it with the assistance of other "drops" and scenery. Only a Saturday matinee will be given.

An indoor entertainment that is said to be better than a three-ring circus is "The Top of the World," a musical extravaganza that will be presented for the first time in this city at less than dollar-five prices at the Grand this week, opening with a special matinee to-day.

A comprehensive production of eleven elaborate and varied stage settings, ingenious mechanical and electrical effects, embracing a story full of human interest and a grand sentiment, refreshing comedy of the latest vintage, and thrilling adventures on land and sea in the "False Friends," the offering at the Majestic this week, opening the engagement with a matinee to-day.

A program of more than ordinary merit is promised by Manager Shea for this week. Alice Lloyd, the noted and talented actress, will head the big list of good things. Miss Lloyd is considered one of the best of the great artists who have been induced to come over from England.

FUNDS FOR MISSIONS

St. James' Cathedral Congregation Reminded of Easter Offering. Before commencing his sermon at St. James' Cathedral yesterday morning, Canon Welch made a very earnest appeal for a large offering this Easter for the general mission fund, for which a personal canvass is now being made. "Last year the splendid sum of over \$18,000 was raised, no less than \$300 of this being placed on the plates on Easter Sunday.

At the Top of the World

Judging by the number of letters received in connection with the question as to who were at the top of the world to-day, a great deal of interest was taken in "The World Contest," Bailey and Austin, the principal comedians with "The Top of the World" at the Grand this week, and who have left the decision with the contest editor of "The World," as there were so many different personages mentioned that the task to them was too difficult.

Excluding crowned heads and governors, it was decided to award the first prize (a box at the Grand this evening) to S. J. Adams, 136 Empress Crescent. His selections are as follows: Signor Marconi, inventor wireless telegraphy; Andrew Carnegie, philanthropist and judge of men; Orville Wright, achievements in aviation; Thomas A. Edison, inventor.

The second prize (also a box for this evening's performance at the Grand) was awarded to Mrs. E. O. Burnett, 76 Manning-avenue, for the following selections: King Edward; Emperor William of Germany; Arthur Wilfrid Laurier, premier of Canada; William Taft, president of the United States.

The prize winners may obtain the tickets any time to-day at "The World" office.

THEATRICAL FOLK EXEMPT

Shouldn't Come Under Provisions of the Alien Labor Law. The Theatrical Stage Employees' Union decided yesterday afternoon to lodge a protest with the immigration inspector employed by a theatrical company, who was turned back at the border some time ago.

The firm belief of the union is that the theatrical employees, as well as actors, are exempt from the Alien Labor Law. They have sent a letter to the American immigration inspector in Toronto to be forwarded by him to the authorities at Washington.

A committee was formed yesterday with full authority to act and they will endeavor to find out how the theatrical employees stand in regard to the alien labor law.

The question is going to be carried to Ottawa also, in order to get further enlightenment on the subject. A reception committee was also formed for the A. F. of L. convention.

At a meeting in the Labor Temple yesterday, President W. Hogg in the chair, it was agreed to give to local authority the question of the legislation on Tuesday morning to oppose the bill referring to billboards, etc.; President W. Hogg, secretary, Farlington and John Morrison.

The president explained that Evan Fraser, M.L.A. for Welland, has introduced a bill to give to local authorities power to regulate and control all billboards, painted signs or other advertising notices in any public highway or on any other such place, exempt being given to owners of real estate, who may be allowed to erect a board on a vacant lot, advertising sale of same.

REFERENCE TO THE ELECTORS.

The new provincial government bill requiring all franchise grants and contracts for public services of more than one year's duration to be submitted for electoral ratification, is in close sympathy with the general movement in the United States for direct nomination of candidates for public offices. In both instances the object is to get away from the special interests that found it easier to control small bodies, supposed to be representative, than to influence by other than legitimate argument the masses of the people.

On Friday Senator Robert M. La Follette of Wisconsin, one of the earliest and most determined advocates of direct nomination, spoke in his favor before the Civic Forum at Carnegie Hall, New York. In the course of his address he declared that the greatest danger menacing republican institutions to-day is the overwhelming control of city, state and national legislation by the wealth and power of public service, industrial and financial corporations.

LENTE LECTURE AT TRINITY

The Lenten lecture at Trinity College last Saturday was delivered by Prof. Campbell of Queen's University. He took for his subject, Francis Rabalais, the well-known but little-known Cure of Meudon, many of whose phases have passed into the current language of literary France and who was the direct inspirer of such works as Culliver's Travels and Tristram Shandy in English literature.

RELIGION AND THEOLOGY

Rev. Dr. Jackson Points Out the Relationship. "As the hart pantieth for the water-brooks, so my soul pantieth after thee O God." Prefacing his remarks with these words, Rev. George Jackson spoke last night in Sherbourne-street Methodist Church on the subject, "Why ought I to be religious?"

PETITION FOR CORRIGAN

Many Kingston Citizens Ask Clemency for Ex-Conductor. KINGSTON, March 14.—(Special)—The building trades council have passed a resolution condemning the board of trade in opposing an eight hour day bill and will put forth every effort possible to have the bill passed. A petition has been placed in circulation asking for mercy in the case of Conductor Corrigan and is being largely signed.

Blunoz in Canadian Spring weight

This Serge is the finest product we have ever been able to produce at the price. Made of fine Australian wool, and woven to our special design. Blunoz Serge is specially made for Canada and for Canadian weather conditions. It won't shrink!—not a bit! And it will hold its color in the hottest weather—when the sun takes off its coat and gets real torrid, or horrid.

Blunoz Serge Suits, \$22. Here—and here only.

EATON'S DAILY STORE NEWS

The New Season's Showing of Men's Black Suits

Most men have enough good buying sense to prompt them to discriminate in clothes buying—and the staple black suit particularly demands careful choosing.

It requires the best of tailoring and superior materials to give a touch of distinction to the black suit. It is, then, a matter of consequence to men who do discriminate that

The "EATON-BRAND" Suit

Is cut from high-class materials, specially imported. Is cut by hand, each suit singly. Is tailored largely by hand—the shoulders hand-padded, collars hand-felled, the lapels hand-modeled, button-holes hand-worked.

It's tailoring of the soundest and most reliable kind, and should appeal to all particular men. It assures the perfection of fit—and a high degree of style attractiveness.

Shown in the lighter weight materials for Spring and the latest single-breasted models at various prices—

- AT \$16.50—Imported English clay twilled worsted serge—fine finish. Good quality twilled Italian linings 16.50
AT \$18.00—Imported English black vicuna cloth, nice soft finish. Single-breasted sack coat with broad lapels and vent in back. Best of Italian linings 18.00
AT \$20.00—Fine black vicuna cloth—imported English material. Three-button sack shape. Best Italian body linings 20.00

"Eatonian" Serge Suit a Surprising Value at 12.50

A black twilled English material made specially for us with a soft finish that will not gloss. Excellently tailored in dressy single-breasted sack style. This 12.50 suit offers better buying than any man ever knew for

REV. R. HASSARD DEAD

One of the Pioneer Methodist Ministers of Ontario. ORANGEVILLE, March 14.—(Special)—The death took place last evening of Rev. R. Hassard. He had not been in good health for some time past, but notwithstanding was up and around until within a week. So little was anything serious apprehended that his son, Dr. Geo. Hassard of Harrow, Ont., who had been with him on Saturday, felt his condition to be so satisfactory, that he decided at his father's express request to take a run home for a few days.

PASTEURIZED

FIREMAN'S LEG BROKEN AT ESPLANADE BEAZE

Another Clings to Wall When Ladder Slips—Old Adams' Elevator Burned.

Robert Falconer of hose 16 had his left leg broken and "Daddy" Gates of hose 1 was as near to death as any man wants to be, during a blaze which destroyed the old Adams grain elevator at the foot of West Market-street on Sunday afternoon.

Left Clinging to Walls. Meanwhile hose 1 from Bay-street had been preparing to take a branch to the roof of the burning structure from the roof of the annex, some 20 feet lower. Gates had just reached the roof when the buildings swayed, the ladder went beneath and left him clinging to the wall.

Chief Thompson directed operations with Director Willers assisting, and had two engines at work. The fire was confined to the elevator and annex, in which were stored the empty soft coal cars, as well as a lot of hay, valued in all at over \$10,000.

When Lord Halifax spoke in the pan-Anglican congress, he spoke of the "evangelical party" of the prayer book, which was "the party of the future."

Protestantism. They should undertake an active propaganda of their principles, flinging aside all apology for their position.

MYTHOLOGY AND SCIENCE. Rev. R. J. Hutcheon's Views on the Present Controversy.

Rev. R. J. Hutcheon of the First Unitarian Church preached last night the first of a series of five sermons on higher criticism, which will be summarized from week to week in the World.

THEATRES NOT CHRISTIAN Because Plays Are Given That Are Too True to Life.

Rev. C. O. Johnston preached to a congregation which included every part of the street Methodist church last night on the theatre. The sermon was based on two texts: "He that is not for Me is against Me," and "The tree that is not good cannot bear good fruit."

Assault Knocked Out. Samuel Corbett, a pretty husky fellow, was knocked out by a blow on the head received by the police here last night when he was charged with assaulting Frank Eckhardt, who was charged with assaulting John Kelly in the eye when he and Corbett were together on the street.

Suppose instead of that they had seen the murder at Hamilton, thought of some people would have seen that sight so far "only known to have been seen by one wretched girl now on a trial for her life." If evil existed let as few people see it as possible.

PLACE OF PROTESTANTISM HEARD 333 CASES

Rev. W. H. Vance Utters a Warning as to Influences Which Seem to Be Gaining Ascendancy.

"The Church of England was Protestant at the reformation, it was Protestant for a century and a half, but that event; it was Protestant at the beginning of the last century; it is not now a Protestant as it should be."

Orders Held for Promptness. It will not be out of place to say a word about the method of disposing of business under the Canadian Railway Act. The 333 cases, if the commissioners and parties mean to follow ordinary law court procedure, would have occupied perhaps two years instead of six weeks, and even then the judgments would have been pending, as some of the cases involved immense sums of money.

PLAN IS BEING PREPARED FOR THE NEXT MOVEMENT

New York Leaders Have a Difficult Problem on Hand—Speculation Light at Toronto Exchange.

World Office.
Saturday Evening, March 13.
Short of much of the usual manipulation New York stocks have had the most inactive week for more than a year. Point fluctuations each day, and even less, were about the limit of the active shares, while greater changes only occurred in oddities such as Hocking iron in an upward direction, or as the same might be said of the lead, in Erle in the opposite way. The leading interests have brought about this deadlock for the purpose of shaping up a new movement and the period of inactivity will not be broken until they change it. That another bull movement is contemplated cannot be doubted, but it will depend upon the present state of the outstanding speculation whether a preliminary dip will not precede the advance.

If any rally had been under way during the week, two incidents would have proved advantageous as stimulants. These were the decision against a two-cent rate in Missouri and the decision against a two-cent rate in Illinois. The only inference to be drawn is that there is a sufficient outstanding short interest to take care of the liquidation, and that unless the balance of power is altered, such a change in the trend of prices is likely to occur. The public are pretty well committed to the long side with the market against them in the large majority of instances.

No cognizance has yet been taken of the strength of the market, and the Chicago figures of grain in the farmers' hands, as published on the 10th inst. The same might be said of the gold shipments, which are still intermittent and may run into a sum before completed. The important factor about the market, however, is the tariff. It is essential that greater attraction be made for imports, and this may be done by the tariff. The tariff is a bigger tariff than has been in vogue in the market is not public confidence in the degree, and a profit-taking speculation from outsiders is being kept in check by the tariff. The tariff is a bigger tariff than has been in vogue in the market is not public confidence in the degree, and a profit-taking speculation from outsiders is being kept in check by the tariff.

There has been almost no speculation at the Toronto Stock Exchange since the week, the market having lapsed into a period of inactivity. The market is not public confidence in the degree, and a profit-taking speculation from outsiders is being kept in check by the tariff. The tariff is a bigger tariff than has been in vogue in the market is not public confidence in the degree, and a profit-taking speculation from outsiders is being kept in check by the tariff.

Holders of speculative shares appear to be well satisfied with the state of the market and are not liquidating in any great extent. This has given the market a certain stability, but in a chief strength to quotations. The market is not public confidence in the degree, and a profit-taking speculation from outsiders is being kept in check by the tariff. The tariff is a bigger tariff than has been in vogue in the market is not public confidence in the degree, and a profit-taking speculation from outsiders is being kept in check by the tariff.

The most satisfactory part of recent operations has been the steady demand for the investment securities. This is all the more marked because of the lack of demand for bonds. Consumers' shares, Bell Telephone and the banks and trust and loan companies' shares have been substantially supported, whereas when made having usually shown small advances on previous transactions. In a speculative way this market still relies upon New York

manipulative elements miscarry, an attempt may be made to-day or Monday to raid the stock market, because of the fear of a radical tariff report to be submitted to congress the first part of next week. Should such an attempt result in failure a rush to cover may be witnessed. We believe the next big move will be upward. The latest information should inspire caution, but on a conservative buying opportunities of the most attractive sort should be presented, especially in the railroad list. Information is bullish on R. I. preferred and Interboro preferred. Professionals may select Steel, Amal, Erie, R. G. or Third Avenue as targets in a planned attempt to drive the financial Bureau.

The shortage having been further depleted active stocks are more susceptible to successful bear attacks. The Erie situation is a menace, but no more so than the copper trade with surplus metal supplies piling higher each day. Some concern is felt lest corporations find it necessary again to resort to short covering. Traders look forward to Monday possibilities of a commodity clause decision, Tuesday probabilities of a ways and means committee report. If favorable a quick jump in R.G., other coolers and to some extent in the list would be likely, but, except for Steel, would be a temporary, while unfavorable outcome of these issues would mean a severe decline. No great business improvement is expected. The tariff and labor matters are nearer settlement. Rumors of a Steel div. cut will be more pronounced during the next six weeks. The steel wages with regard neither to independent concerns nor to profits. On rallies set for turns at least leading active stocks.—P. W. C.

Ontario Man's Suicide.
BUFFALO, March 14.—Matthew Benedict Saturday night drank a bottle of acid and died in a yard adjoining 72 Day's Park, where his wife resided.
They separated two weeks ago. Mrs. Benedict told the police, because she had been told he had another wife at St. Regis Falls.
Benedict came to Buffalo from Brantford, with the intention of effecting a reconciliation. The couple were married in Detroit four years ago.
Benedict was 32 years of age and was born in Cornwall, Ont.

WRECK AT ST. THOMAS
THREE PERSONS INJURED
Engineer and Fireman of Freight Train, and a Woman Passenger Victims of Collision in Yards.

ST. THOMAS, March 14.—(Special.)—Wabash Engineer Thomas Arnum, Fireman Thomas Cade, and a woman, Mrs. Terweiger, Elmira, N.Y., were seriously injured in a wreck here in the Grand Trunk-Wabash yards this morning.
The railway men hurt were on freight engine 1331, ready to take west-bound freight. The engine was on the Wabash passenger train No. 4, which should arrive from the west, due at 1:30 a.m. The passenger came in on the Grand Trunk, and was on the engine at the time of the collision.
The engineer and fireman of the freight engine, while a steam whistle on the Wabash engine was blowing, the engine was struck by the passenger train. The engine was struck on the side, and the engine was thrown overboard. The engine was struck on the side, and the engine was thrown overboard.

There has been almost no speculation at the Toronto Stock Exchange since the week, the market having lapsed into a period of inactivity. The most satisfactory part of recent operations has been the steady demand for the investment securities. This is all the more marked because of the lack of demand for bonds. Consumers' shares, Bell Telephone and the banks and trust and loan companies' shares have been substantially supported, whereas when made having usually shown small advances on previous transactions. In a speculative way this market still relies

COBALT---Mining Markets Begin Show Signs of Improvement---COBALT

Definite and Decided Turn For Betterment Commenced

Irregularity in Mining Shares the Result of Professional Dealings—Floating Supply of Stock Reduced.

World Office.
Saturday Evening, March 13.
Several cross movements have provided the mining markets with considerable business during the week, but on the whole price changes have not been altogether satisfactory to shareholders.

A good proportion of the week's trading came from professionals, who formed the selling side of the market. These tried several drives against certain issues, and circulated rumors to aid their efforts, but the operations were far from being successful.

The most effective pressure occurred in Temiskaming and Beaver, and the least against Chambers-Perland, which advanced under investment buying on the recent news from the mine.

Circulation of rumors regarding dividends on Temiskaming, although entirely untrue, has had the effect of dislodging some stock from the hands of timid holders. The company has declared the regular quarterly dividend, and there never appeared to be any good reason why it should do so.

Dividend declarations of 15 per cent. for the quarter on Crown Reserve, and three per cent. on the City of Cobalt, has not been of much benefit to the market owing to the irregularity in the prices of the general list, but both of these are satisfactory from the standpoint of holders and will later prove of interest.

Tightly rumors are still afloat in regard to Beaver, but those who know the affairs of the company deny that there is any truth in them.

Towards the end of the week it began to be seen that liquidation had pretty well exhausted itself. Investors have taken advantage of the low prices which have ruled recently, and most of the floating stocks have been picked up in this way.

News from the Cobalt camp and from the newer mining centres has been highly favorable, and with the opening of spring bigger developments are promised in all directions.

The action of Nipissing and La Rose is direct evidence of a broadening of interest in the States, and local sentiment a strong effect upon local sentiment.

Irregularity with weakness has pervaded the market for nearly two months and it is now seen that a definite and decided turn for betterment has commenced.

LIVERPOOL, March 13.—John Rogers & Co., Liverpool, quote to-day: United States steers, from 13 1/4c to 13 3/4c; Canadian 12 3/4c to 13 1/2c; cows and heifers, 12c to 13c; bulls, 10c to 11c. Trade is slow and the market firm.

Conditions at the City Cattle Market, as regards the price for feed, as revealed last week in the suit in the assize court, have called forth the following communications:
Editor World: I read your editorial, "Investigate the Cattle Market" in Saturday's issue, and like you, I think there is need for it. At present I am a citizen of Toronto, but have been engaged in the business of the live stock trade in Ontario. I am acquainted with nearly all the drovers of the province, and have, I think, a fair knowledge of their desires as to the feeding privileges at the City Market.

NEW YORK, March 13.—Statement of the attitude of the anthracite coal operators on the question now before the United Mine Workers of America, was given out to-day by the operators' committee of seven.
By impossible to grant them without increasing the price of coal to the consumers," says their statement. "This is the only way to meet the demand for coal. Under a strict application of economic law, the present condition of business would compel a fixed at a high level, but they are assured that the minimum of wages should be put into effect."

PROPERTIES WITH REAL MERIT

OPERATORS

The present opportunities for investing in real mining properties of real value have never been surpassed in the history of the great silver camp. This is but natural under present conditions—every day bringing forth new and valuable discoveries in the great silverland. Our business is to secure these properties direct from the prospectors and men in the field, and our representatives on the ground have enabled us to secure some of these on very favorable terms and at reasonable prices. We have a splendid list of properties ranging in value from \$500 per claim to \$250,000. The former are usually claims staked during the winter on which calcite leads are found in the diabase around Obuskon. Spawning and Hanging Stone Lakes. These properties are practically undeveloped, and when the snow leaves and real prospecting takes place, may produce some of the wonders in the camp. The higher-priced properties show mineral in place, and range in value from \$100,000 to \$250,000. We endeavor to secure an engineer's report on all silver properties, as well as owners' statements. We also insist on responsible title conditions. If advertised list does not contain what you want, write or wire us—without obligation—your desire to invest, and we will endeavor to satisfy your requirements.

REAL MINING PROPERTIES

We have been successful in securing several of the best mining properties in the heart of the rich diabase ridge on which the famous mines of Gowganda are situated. These are not snow-staked claims—secured in winter—but properties located last fall when formation and other conditions that mark valuable mining properties were visible to prospectors and mining engineers. Development has proven the merits of these properties, and native silver in quantity is visible to the naked eye. Some of these properties are still in the original owner's hands, and these are claims we believe offer the greatest opportunities to shrewd investors. If you want to buy a real mine at a fair price, we can deliver the same.

PROSPECTORS

We have unexcelled facilities for handling mining properties, and have an extensive clientele, in Canada, the United States and Great Britain. This clientele is daily increasing, and we are desirous that it should. In order, however, to maintain the position of leadership we have established for sale of mining properties, we believe it advisable to state openly so that all claim-holders may understand the information we have forwarded to many prospectors who have written us to sell their claims.

MAPS

Our new map of the Montreal River district contains nine townships, with the names and locations carefully marked. It is the best yet issued and was specially prepared for our customers. Sent post-paid on receipt of \$1.25.

MAPS

Every prospector, owner and broker should have one of our latest Gowganda maps. They are complete and will be mailed upon receipt of \$1.25.

MAPS

We also have separate maps of the various townships, the price of which is 75c.

WAR RUMOR DENIED

Nicaragua and Salvador Have Not Claimed According to Cables.

NEW YORK, March 13.—The Presidents of both Nicaragua and Salvador deny that there has been any outbreak of hostilities between the two countries. Messages of inquiry were addressed to-day by the Associated Press to General Zelaya, president of Nicaragua, and General Figueroa, president of Salvador, concerning the reports of warlike activity between the two republics, and the foreign replies have been received.

MANAGUA, March 13.—"The reports of war between Nicaragua and Salvador are without foundation. Peace reigns in Nicaragua."

SLAIN BY THE BLACKHAND

A MARTYR TO HIS DUTY
How Detective in Charge of the Italian Bureau in N. Y. Police Dept. Met Death in Sicily

NEW YORK, March 14.—No crime in years has so stirred the people generally and the police, as has the assassination of Lieut. Joseph Petrosino of the New York Police Force in Palermo, Sicily. By many Petrosino is considered a martyr. He had received numerous threats that unless he ceased his efforts against the Black Hand, the Camorra, the Mafia and other Italian conspirators and criminals he would meet his fate, and he often predicted to his friends the fate that befell him Friday.

Petrosino was 48 years old, and became a member of the "find" of Inspector Alexander Williams. Williams was attracted by the active and bright young Italian, and he often spoke of using him in the Italian colonies, where crime was frequent and hard to trace. His arrests have run into the thousands, while his convictions have been proportionately large. The Black Hand crimes had recently received much of his attention and his trip to Italy was in furtherance of his idea to establish secret bureaus there that would keep the police here informed at once of criminals migrating to the country, so they could be kept out. He was also arranging whereby known Italian criminals now here could be deported, especially those who had been freed on bail.

Petrosino was shot to death at 9 o'clock Friday evening under shadow of the trees of Marina Square, Palermo, Sicily. Whether he was lured there or not is unknown, but it is believed that Petrosino, who during his stay in Sicily has been indefatigable in searching up record of Sicilian criminals, had gone to the square in the hope of securing information.

He was attacked at the corner of the deserted square by two men, who fired three shots at him. The biggest was streaming from him he clung with one hand to the grating of a nearby window. He managed to draw his revolver and fire one shot and then fell to the ground.

"Its Only a Cold, A Trifling Cough."

Thousands have said this when they caught cold. Thousands have neglected to cure the cold. Thousands have filled a consumptive grave through neglect. Never neglect a cough or cold. It can have but one result. It leaves the throat or lungs, or both, affected. Dr. Wood's Norway Pine Syrup is the medicine you need. It strikes at the very foundation of all throat or lung complaints, relieving or curing Coughs, Colds, Bronchitis, Asthma, Croup, Sore Throat, and preventing Pneumonia and Consumption.

It has stood the test for many years, and is now more generally used than ever. It contains all the lung healing virtues of the pine tree combined with Wild Cherry Bark and other potent remedies. It stimulates the weakened bronchial organs, allays irritation and subsides inflammation, soothes and heals the irritated parts, loosens the phlegm and mucous, and aids nature to easily dislodge the morbid accumulations. Don't be unbugged into accepting an imitation of Dr. Wood's Norway Pine Syrup. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cents.

"Mrs. J. Brewster, Grafton, N.S., writes:—'Two winters ago I suffered severely with a very bad cold and asthma. I was so bad I could not get my breath, and very often thought I would choke. My husband became very much frightened, and got me a bottle of Dr. Wood's Norway Pine Syrup and it gave me almost instant relief. I can recommend it to anyone having the least kind of a cold.'"

On the "Origin of Religions," the subject of the Lenten lecture in the Women's Art Galleries to-morrow at 4.15, G. A. Lathrop, 1897, former part of a student of the subject of long standing. "Comparative Religion" is one of the new subjects in the thought of the last generation, and forms part of all modern university research. Mr. Lathrop's view is a broad one, and far from being hostile to any existing faith seeks the common origin of the one faith that lies behind all spiritual aspiration.

WE mention to-day a silk waist at \$3.95 and a lawn waist at \$1.75.

The designs are exclusive to this store. They are free and full across the shoulders while conforming perfectly to the models for 1909. Long sleeves, of course.

At \$3.95—chiffon taffeta, half-inch tucks, pointed tucked collar—silk-covered buttons—navy, myrtle and brown, sizes 34 to 42.

At \$1.75—lawn waist, all over Swiss embroidery, pin tucks, new high collar—sizes 34 to 42. Two little beauties!

New Dress Nets for 1909

TRAVELERS from abroad report that scarcely a dress or suit is to be seen in the fashionable promenades and shops of Paris, London and New York which does not show a yoke and sleeves, or at least a yoke of net, generally touched with colored bandings to match the costume.

We have at least half a thousand different designs and qualities of the very newest effects from Saxony. Remember us when you think of net.

Plain Bretonne Nets, in white, ivory and ecru, 36 and 72 inches wide. Per yard, 25c to \$1.00.

Tucked Bretonne Nets, in white, ivory and black. Per yard, 75c to \$1.50.

Embroidered Bretonne Net, with cluster of tucking, in white, ivory, ecru and black. Per yard, \$1.00 to \$2.00.

Chantilly Dress Nets, in black, 44 inches wide. Per yard, 85c to \$3.00.
