30TH YEAR

BORDEN OPENS HIS TOUR WITH STRING REVIEW OF QUEBEC BRIDGE SCANDAL

Tells Audience of 2000 at Campbellford Picnic That it Proves Maladministration of Government.

DOHERTY MAKES A PLEA FOR POLITICAL HONESTY

CAMPBELLFORD, Ont., June 14.—(Special.)—R. L. Borden, K.C., the Conservative leader in parliament, opened his Ontario tour here to-day under exceptionally favorable conditions. The town was gay with decorations, and practically a holiday was observed, the schools being closed and business suspended.

Mr. Borden's party was met by a large deputation at the railway station, and escorted by a band to the centre of the town. At one o'clock, a procession was formed to Ferris Grove, a mile and a half south of the town, where over two thousand people had assembled from all points in the counties of Northumberland and Hastings. J. A. Loucks, president of the East Northumberland Conservative Association, was chairman, and on the platform were: Hon. C. J. Doherty, M.P. Montreal; Hon. W. J. Hanna, provincial secretary; C. L. Owen, M.P. East Northumberland; J. C. Semmling, M.L.A. East Peterboro; Jas. Thompson, M.L.A. East Peterboro; S. Fox, M.L.A. East Victoria. After an address of welcome, Mr. Borden was presented with a bouquet by Margaret Dickson, Mr. Borden was given a hearty reception. He confined himself for the most part to a discussion of the government's mismanagement of the Quebec bridge. The speaker called the "one of these lucky accidents," for the government. He concluded by calling for organization and education within the party, and made an appeal for clean election methods.

He scored the administration in severe terms for its abandonment of all standards in public and social life. The first foundation of the right of any government which claimed the approval of the people of Canada, ought to be common honesty and ordinary business efficiency in the administration of public affairs. These were the things that appealed to the people. In the first place, the responsibility of Dominion Government had been found wanting.

Conservative Policy. The construction of a bridge across the St. Lawrence, at Quebec, had been recognized by both parties for many years as a national undertaking, said Mr. Borden. Sir Charles Tupper had taken that position in 1896, and the attitude of the Conservative party with regard to this great national work had never since varied, and when completed it would be the greatest bridge in the world, yet the undertaking of this great work was promoted by a company constituted of certain estimable persons in this province engaged in professional and mercantile pursuits, few, if any of whom had any knowledge or experience which would inspire any confidence in their management, and the result was an enterprise. The nominal capital stock of this company was \$1,000,000, but until the end of 1903 only \$65,000 was actually paid up, and according to the answer of the government, based upon the statement of the company itself, the directors have received in the \$48,000, of which \$24,000 went to Mr. Parent, the president, the secretary received \$16,800, and the engineer \$4,500. The company had a promise of the following subsidies: From the Province of Quebec, \$250,000; from the City of Quebec, \$300,000, and from the Dominion of Canada, \$1,000,000.

The Bond Guarantees. "In the closing days of the session of 1908," said Mr. Borden, "the government rushed thru parliament a measure by which Canada guaranteed the bonds of this company for \$4,678,000. The act made it essential that the company should increase its paid up capital stock to \$200,000. There was a good deal of juggling with regard to this, and it is doubtful to say the least whether this condition was ever complied with.

"Parliament certainly had then understood that the government would accept every responsibility as to the character and efficiency of the construction, indeed, the government itself had passed an order in council on 21st July, 1902, to obtain the best expert advice in respect to the plans upon which the bridge was being constructed. Objection, however, was made by the consulting engineer of the Quebec Bridge Co., who considered that such a course would constitute a reflection upon him, and the government had receded from its wise determination.

"If," said Mr. Borden, "the government had been so weak and foolish as to listen to the engineer's objection, the fundamental defects in the plans would have been discovered and more than six millions would have been saved to the people of this country. It must also be borne in mind that an able engineer of the department of railways and canals, Mr. Douglas, had carefully considered the plans of the bridge, and had pronounced them unsafe."

Deplorable Incompetence. "On August 29, 1907, the superstructure of the bridge fell, and some 30 lives were lost 'thru most deplorable negligence and incompetence. The piers remained intact and uninjured, but it transpires that they are too light."

"Then consider for a moment the outcome," said Mr. Borden. "The government has introduced and passed thru parliament a measure by which it has taken over the entire undertaking, thus adopting the course after a loss of \$6,000,000, that should have been taken at first. It has, however, treated the Quebec Bridge Co. most generously. It has paid the shareholders the total amount of their paid-up

STABBED IN EIGHT IN GOVERNMENT GROUNDS

John McAdam of Oshawa Will Likely Die From Injuries Inflicted by Ben Sheridan, Who is Now Sought by the Police.

OSHAWA, June 14.—(Special.)—His life hanging by a slender thread, John McAdam, a young man employed in the Roman Catholic Convent here, made an anti-mormon statement to-night to Magistrate Murton, in which he charged Ben Sheridan, his brother-in-law, well known locally as a feather-weight wrestler, with having stabbed him. Sheridan has disappeared and Chief of Police Alf Hinds is scouring the country for him. It is thought Sheridan may have started in the direction of Toronto.

The afternoon statement of McAdam says: "I, John McAdam, make the following statement, knowing that I am in peril of my life, from wounds received this day, and believing that I have no chance of recovery.

"I affirm that Sheridan put me out of his house on Saturday last. I was invited to the convent gardens, and told him that if he came there I would put him out. He came at 6 o'clock to-night and he struck me with a knife or something sharp which he drew from his pocket. I think I struck him first. "His brother, William Sheridan, separated us. I felt blood running down my arm, below the armpit. Then I fainted.

"Billy Sheridan has considerable reputation as a lightweight wrestler and has appeared in several bouts in Toronto. Ben Sheridan, while employed with his brother at Williams' piano factory, has been doing occasional work at the convent. "An autolite which happened along was sent post-haste for medical aid. He also notified the chief constable within 20 minutes of the tragedy, Chief Hinds and a party were on the search for Sheridan, but up to midnight without success.

Chances Are Slim. Dr. J. E. Ford, one of the physicians called, said at midnight that the chances of the wounded man's recovery were very slender. The point of the weapon used, apparently a jack-knife, had been deflected after touching the heart, and had penetrated close to it. "He has a chance and that's all," said Dr. Ford. "His pulse is very weak and it is doubtful whether he will live thru the night."

McAdam is about 25 years of age and has no relatives here. The Sheridans have been here about a year. They are a Scotch family and both young men have borne a good reputation, and have many friends, particularly among followers of athletics.

Col. Farewell, county crown attorney, was seen last night at the Walker House, he having come up from Walsby in the afternoon. He stated that he would leave on the 7.30 train this morning for Oshawa.

G. T. P. MAKES PROGRESS

Annual Report Shows Track Laid Now Totals 760 Miles.

OTTAWA, June 14.—Construction work on the National Transcontinental Railway has made pretty fair progress in the past year, according to the figures of the annual report for the fiscal year ended March 31. To the end of December 312 miles of track were laid, and in the intervening period 198 miles. Each three per cent. of the railway work is now finished and 45 per cent. of the bridging. The mileage of track totals 760, and of sidings 165 miles. A total of 365 miles are graded. The expenditure is \$71,137,093, of which \$53,800,000 was spent in grading, \$1,201,000 in rails, \$8,237,088 in engineering and expenses.

On the Winnipeg workshops the outlay has been \$335,000. District F. McArthur contract, from Winnipeg to Superior Junction, has been opened for regular traffic in August. Operations are well advanced in the Quebec and New Brunswick divisions, and a start is being made at the section on the Niagara district, upon which the work has been held back.

RIOTING IN ROCHESTER

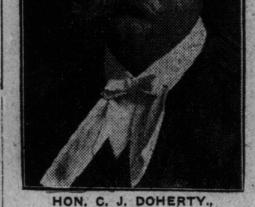

Policeman Drew Revolver and Wounded Two—Reserves Called.

ROCHESTER, N.Y., June 14.—Rioting and disorders in connection with the strike of laborers here have continued thru the day, and to-night police reserves are being called to the parts of the Italian and Polish reserves districts to maintain order. Two policemen who were trying to quell a disturbance in front of the Lucean Theatre this morning were slightly wounded by one of the policemen, who drew his revolver and fired.

DESTRUCTIVE CLOUDBURST

Does Hundreds of Thousands of Dollars' Damage in Berlin.

BERLIN, June 14.—The worst cloudburst in many years caused hundreds of thousands of dollars' damage in Berlin to-night. Cellars everywhere were flooded, and street cars, omnibuses and other traffic stopped. The subway was filled with water. The tables and chairs of outdoor restaurants were swept away. For a time the water was three feet deep in most of the principal thoroughfares. Twenty persons were struck by lightning, but so far as is reported none was fatally injured.

HON. C. J. DOHERTY, M.P. for St. Ann's, Montreal, who is touring Ontario with R. L. Borden.

BAPTIST WALLS SHUT OUT THEOLOGICAL AVIATORS

But at the Same Time Care Should Be Taken to Select Reliable Church Trustees.

To prevent theological breaches or controversies such as have recently cropped up in other denominational meetings, the Toronto District Baptists were exhorted last night in Waverley-road Church by Moderator Geo. R. Roberts of the Toronto Association of Baptist Churches, to have a care as to whom they should select as trustees of their churches.

"How far the deacons fulfil their obligations might be open to profitable discussion at this conference to-morrow," he said, "as it often seems the deacons usurp the pastor's place, but that is another office in the church which has seldom received a due consideration at election time—the trustee. He should not be anyone who can merely write his own name. The church naturally protects its property. It is secured by the deed of the government and the law. If its description were not recorded in detail some unworthy member of the church might claim the property, its doctrine as well as a description of the property must be clearly set forth.

"The congregational polity is similar to our own, and as an illustration of what is possible to occur in case of dissension regarding polity it might be well to note the circumstances that led to a schism that occurred in a Congregational Church in the States lately. The pastor developed into a full-blown theologian. The congregation did not keep pace with him.

"The trustees finally discovered they had an obligation in that charter and took a case into court against the doctrine which was being preached. The judge asked the pastor if he would refrain from certain of his principles of teaching. He would not. The judge then asked the trustees if they would submit. They would not. Then he had recourse to the deed and locked up the church itself, because they departed from the conditions of their deed and forfeited their right to the property.

Can Go to Parliament.

"Doctrinal points in a deed are very important. Some of us may find we have locked ourselves out. But we can go to parliament and get the charter changed. Then we are asked 'Why?' We answer, because there was the inspired word of God—we do not now; there was a time when we believed Christ to be the incarnated Son of God—we do not now; there was a time when we believed He had miraculous power and performed miracles—but we don't now; there was a time when we believed that He was the atoning sacrifice of sin—we don't now; there was a time when we believed He arose from the dead—we are very doubtful about that now."

"And so they ask for a title that would enable them to say and teach just what they believe. "I wonder if that day is coming? In the meantime we are protected by the law. For my part I do not believe that the theological aviators of these times, with their aeroplanes of materialism, their biplanes of universalism, and their dirigibles of skepticism, will ever be permitted to find a landing place on this garden behind the walls of what we call the Baptist Church."

Younger Converts.

Rev. Dr. J. H. Farmer of McMaster University, speaking upon "Evangelism in Our Colleges," said that one hundred years ago, 21 was the age at which most people were converted; now it was 14. So it became more and more incumbent upon the home to do evangelization work. Still he thought the Christian college was the most important agency. Students in these institutions were away from the baser, grosser things of life, but, most important, with a Christian faculty in a Christian college, there was a natural great advantage. The student knew that these gentlemen believed in God and that Christ was their personal Saviour. With philosophy and other deep

The Biggest Story in the World at the Moment

Is the coming Jeffries-Johnson fight. Corner yourself for but one full minute—you who shape and satisfy the wills and wishes of thousands of thinkers. Get down into the heart of this whole thing. What does it all amount to—the mere meeting of a closely-packed crowd, cosmopolitan—American, maybe, to the core—what is the sum total of this burning up of tons of paper and ink months in advance—the worried workings of millions of "dopesters"—what is there about two great, big, brawny men standing up together and trying their fists for a few, long-drawn out, anxious, awful-stressed minutes—two half-naked men beings with padded knuckles and tiger-like trained eyes and ready, rounded, pliant, massed muscles prepared to drive at the opportune second the last concentrated ounce of power and energy into one, telling, final smash, meaning physical glory to one and thousands of quickly-earned dollars to both? What vital truth or fact backs it all?

Every great publisher knows that to the average reader of a newspaper the technical details of such an event as this Jeffries-Johnson fight mean little. But the human-interest story—the psychological conclusions—the painted pictures—the analyzed idea back of this event—will thrill over half the population of the civilized world July 5th.

That's why The World has arranged for Three Thrilling Human Interest Stories from the pen of Rex Beach, author of "The Spoilers," "The Barrier," "The Silver Horde," "Going Some," etc. His magazine story on the Kane-Herman fight at Tonopah, New Year's Day, 1907, was described by the editor of "Everybody's" as "the most virile piece of writing we have had since the first instalment of the Lawson series."

Further announcements daily.

REX BEACH.

SCIENTIST CHURCH 'WAR' MAY END IN THE COURTS

Mrs. Isabella Stewart Seeks Legal Advice—The Charges and Her Reply.

The discussions within the First Church of Christ, Scientist, may yet be straightened out in the courts.

From statements made to The World at her home at 14 Walmer-road, last night, where more than 20 of her supporters had rallied to what appeared to be a council of war, it would seem that Mrs. Isabella Stewart, founder of the church, whose suspension by the board of directors has culminated in an open warfare, will seek redress in the courts of law. Mrs. Stewart declared that she had taken legal advice and returned her answer to the church officials, as far back as 1900, a series of charges against Mrs. Stewart was sent to the Mother Church in Boston, in which she was accused among other things of "poverty, monopoly and mad ambition."

She was encouraging ecclesiastical despotism, violating fellowship, and being guilty of a number of more or less grave offenses against the church in Toronto. On an understanding that error could not cause them to break either in letter or in spirit, the by-laws of the Mother Church provided for the manual given by Mrs. Eddy, the discoverer and founder of Christian Science, and that by forgiving others would themselves be forgiven, this crisis was safely passed.

Scott was at the races in Toronto and returned here a few days ago. For some days past he has been on a spree. Scott and Mrs. McBride had a violent quarrel to-night, and it was a climax to this that he drew a revolver and shot her. It was probably owing to his unsteady physical condition from his prolonged drunk that he failed to kill her. Scott was arrested a few minutes after the shooting.

Mrs. McBride is well known in the city, having lived here all her life. A peculiar feature of her marriage, several years ago, was that a few days after her marriage to Mr. McBride they separated, and she returned to her home here. Her husband is believed to be in Toronto.

DEWART OR DRAYTON?

Who Will Represent City Before the Privy Council?

Should the city send Corporation Counsel Drayton or H. Dewart, K. C., to England to oppose the C. P. R. appeal against the jurisdiction of the Dominion Railway Commission in ordering the construction of the Esplanade viaduct? The board of control at a private conference yesterday did not reach a decision on the point, and will take up the matter again to-day. The appeal against the commission's order, as later sustained by the supreme court, comes before the privy council early in July, and the outcome is of great importance. If the privy council upholds the supreme court, the viaduct must be built. The Grand Trunk gave up the fight after the commission's judgment.

Mr. Dewart represented the city before the supreme court, and this is used as an argument why he should be sent, also the fact that he will be in England on other business when the appeal comes forward. An English counsel will also be engaged.

But why have a special corporation counsel that can do the work, and then farm it out to someone else?

Fell From Window.

PETERBORO, June 14.—As a result of falling from a window in the second story of his residence to the cement walk below, a distance of 15 feet, Coroner Dr. Gray of this city lies in the Nichols' Hospital in an unconscious condition, and is not likely to recover. He is suffering from a fracture to the base of the skull.

A Generous Gift.

KINGSTON, June 14.—William Macdonell of the C.N.R., honorary colonel of the 48th Regiment, has sent \$1000 to Colonel Sylvester, to be devoted to purposes of benefit for the volunteers.

Continued on Page 7, Column 1.

ANGLICAN CLERGY NEED HIGHER SPEEDS

Special Committee of Synod Will Try to Strike a Standard—Synod Votes to Extend Representation to Smaller Parishes.

When is a clergyman properly remunerated? At the opening session of the Anglican Synod yesterday afternoon in St. James' Parish House, Hon. S. H. Blake said that in Toronto diocese \$128,000 was paid in stipends to 206 clergy—an average of \$312.62, and commented: "I think this question one of great moment, and I believe that the laymen of this diocese would like to have a statement from the synod showing a list of a reasonable schedule of stipends for city and outside clergy. It does not like to hear it commonly said that the ministers in the country are not sufficiently well paid, and I myself will do all in my power to have a standard established rectifying this apparent injustice."

Rev. Lawrence Skye believed that the question was not whether or no the salaries should be raised, but that the question was how the money to be obtained to enable this raise. "I would be willing to give up one week to go out into the country educating the parishes along the lines of giving," said he.

The clerical side of the question was set forth by Archdeacon Warren of Peterboro. "There is a general feeling among the clergy," said he, "both in the country and in the city that the stipends at the present time are just up to the standard. Most of the country clergy receive \$800 and a house as a minimum, but some of them do not. I consider it impossible for a country clergyman to live and keep a horse and other necessities for conveyance on this sum. A man in the city receiving the minimum \$300 can no more than live and pay his rent or taxes, and all the other expenses of city life which are sure to occur. I believe that the synod should adopt a standard in order that the clergy will not be called upon to make any further unnecessary sacrifices in the carrying out of their duties."

The motion that a special committee, nominated by the local bishop, be appointed to deal with augmentation of clerical stipends was then passed in order that the committee appointed: Archdeacon Warren, Archdeacon Cody, Archdeacon Ingles, Canon Allen, Rev. Lawrence Skye, Rev. H. V. Thompson, F. Mortimer, J. Y. Ormsby and S. Casey Wood.

To Enlarge the Synod. One of the most important pieces of legislation undertaken by the synod in many years was decided on last evening in amending that part of the constitution.

SUES SUFFRAGETTES

Claims Damages Because They Helped Strike That Broke Him.

NEW YORK, June 11.—Mrs. O. H. P. Belmont, Miss Inez Millholland and other well-known suffrage leaders were made defendants in an odd suit filed in the United States circuit court to-day, in behalf of A. Sitomer, a shirtwaist manufacturer. Sitomer alleges that he has driven out of business by the recent strike of shirtwaist makers, and asks \$50,000 damages of the suffragettes who gave moral and financial support to the strike. The women's trade union gave and the whole case is named as co-defendants.

Will Heed the Warning.

OTTAWA, June 14.—As a result of the Montreal Herald tragedy, the building inspector here will examine all water towers on Ottawa buildings, but it is thought that the whole case constructed and supported sufficiently.

A RETROSPECT.

June 15, 1215: The Magna Charta was signed at Runnymede, England. June 15, 1765: The Canadians re-took Montreal. June 15, 1846: Lord Palmerston, for Great Britain, and James Buchanan, for the United States, concluded a boundary treaty. June 15, 1875: In Montreal, the Presbyterian Church of Canada, in connection with the Church of Scotland, the Canada Presbyterian Church, the Presbyterian Church of the Lower Province, and the Presbyterian Church of the Maritime Provinces, in connection with the Church of Scotland, the Canada Presbyterian Church, and the Presbyterian Church in Canada.

ABOUT PANAMA HATS.

Recent advices from London and New York show that the Panama hat is more popular than ever this year. Strange to record, the wholesale dealers in South America predicted a falling off in the demand, with the result the first of July will see a real shortage of genuine Panamas. In New York to-day there is a noticeable scarcity. The Dineen Company have at present a very large supply of these hats on hand, but if the present call for them continues, the stock will not last long. The Dineen Company wishes to call the attention of men requiring Panamas this year that they should look for genuine Panamas. It means a larger choice, for Panama hats are all made by hand individually, and are, therefore, not of uniform quality. Store open every evening until 11 o'clock.

Look Your Best on This Day.

When you go to New York on the Toronto World's excursion on Thursday, June 23, just one week from tomorrow, you will want to be properly clothed and look your best. At Oak Hall's big new store, at the corner of Yonge and Adelaide-streets, you will find everything in clothing that is newest and best, with styles strictly in accordance with New York's latest fashions. There is an elegant big stock to select from, so you are certain to get exactly what you desire.

Now for the Good Old Summertime Trade in Seasonable Garments.

THE warm spell has made a rush for lighter-weight clothing and we have been busy as nailers. We have the finest system for keeping garments in all Canada—every article being hung in dust-proof, all-glass cabinets, easy of access and always on view.

to the test and invite criticism. Also we have a big, bright, roomy store, and you are not cooped up in an artificially-lighted dungeon as some stores are.

Your Special Attention is called to our two and three-piece Outing Suits, priced from \$7.50 to \$25.00, embracing all the correct fabrics and tones for summer wear.

Other Seasonable Garments are Auto Coats, \$1.75 to \$20.00; Gaberdines, \$15.00, \$18.00 and \$20.00; White Duck and Khaki Trousers, \$1.25, \$1.50 and \$1.75; Flannel Trousers and Homespun Effects, \$2.50 to \$7.50. White and Fancy Waistcoats, a magnificent showing, priced from \$1.00 to \$6.50, and exclusive patterns in the better lines.

We can make your summer life enjoyable and our best efforts are at your service.

OAK HALL CLOTHIERS ONLY J. C. COOMBES, Manager. Cor. Yonge and Adelaide Sts.

HAMILTON HAPPENINGS ANOTHER BIG STEEL WORKS FOR HAMILTON

Charter Obtained by Canada Steel Company—Details Being Kept Dark by Promoters.

HAMILTON, June 14.—(Special.)—Hamilton is to have another big steel company, but so far as anyone here knows, it is pretty much of a "dark horse" proposition yet.

Who is behind it, what particular class of work it is going to turn out, or where its site will be, are matters which are being kept dark by the promoters.

John Duff & Son have been formed into a company with a share capital of \$250,000. Heretofore only a partnership existed. At present no material change in the business is expected.

The electrical workers and their bosses have not yet reached a settlement of their trouble. The bosses have offered the men 30 cents an hour, which is a considerable advance over the old scale, but the men refused to accept it.

The parks board this afternoon made an inspection of the parks system, to see what improvements are needed. Some properties in connection with the north end and mountain parks were looked over, with a view to buying them for extension purposes, but no decision

DENTISTRY

Dr. W. A. Brethour 250 Yonge Street, Phone 21, 264. Open Evenings. (Over Sellers-Gough)

HAMILTON HOTELS

HOTEL ROYAL Every room completely renovated and newly carpeted during 1907. \$2.50 and up per day. American Plan. 637

was arrived at. The work of filling in the north end park will be gone on with during the summer months, and in the fall it will be graded.

Negotiations, it is said, are under way which, if they are successful, will materially change the character of a portion of East King-street. Some time ago Stanley Mills & Co. purchased a block of property which stretches from 105 to 119 East King-street. It is now understood that the Dominion Power and Transmission Company is anxious to acquire this block of property and intends, if it gets it, to build a theatre upon it.

The Cataract Power Company has been aware for some time past of the fact that its track accommodation at the terminal station will sooner or later become hopelessly inadequate. Indeed at times it falls short of the accommodation required even now.

As this is the feast of St. Anthony of Padua, this morning several hundred Italians attended a solemn high mass at St. Mary's Cathedral at ten o'clock. The mass was sung by full adult and boy choirs, and was celebrated by Rev. J. Bonomi, assisted by Rev. Dr. Walter and Rev. F. J. Hinchey as deacon and sub-deacon, respectively. J. Maloney was master of ceremonies. The church was beautifully decorated with banners and flowers. The sermon of the mass was preached in Italian by Rev. J. Bonomi.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Rates \$1.50 to \$2 per day. Thos. Hanrahan, proprietor. Phone 1465. 135 1/2

The Midway Train to Pittsburgh, "The Duquesne Special." Pennsylvania Railroad, leaves Buffalo 1:10 p.m. daily; arrives East Liberty 8:20 p.m.; Pittsburgh 8:30 p.m. Parlor car and dining car service. Other fast trains. 135 1/2

Deserter Surrenders. OTTAWA, June 14.—Robert Roberts to-day gave himself up to the local police with the explanation that he was a deserter from B Battery, Kingston. He asked to be sent back and is being held pending the arrival of an officer from the R.C.H.A.

The Pageant Plans. The plan is now open at the Bell Piano Co.'s Yonge-street store for seats for the Q. O. R. pageant, to be held June 18, in connection with the semi-centennial reunion. The sale is remarkably satisfactory and many of the old boys have arranged for their seats beforehand.

ANGLICAN CLERGY NEED HIGHER STIPENDS

Continued From Page 1.

situation relating to the representation which shall be allotted to each parish, at the annual meeting of the synod. Chancellor J. R. Worrell outlined a new scheme, by which each congregation in a parish would be represented, whereas at the present time only each parish which may have two or three mission churches is represented. By this new arrangement, each congregation will have a delegate who can go back to his fellow members and officially report what is being done at the annual meeting of the synod. This new scheme will mean an addition of 108 new members to the synod each year.

J. R. Roaf, K.C., considered that the motion did not go far enough in attaining the desired end of fuller representation, and moved in amendment that each mission, whether conducting a weekly or fortnightly service, or mission holding services for a limited part of the year, should come under this new system. It showed that the conditions which were overlooked in the original resolution, should not be shut out from representation when they were worshippers in the parish.

Several of the delegates considered that the question was too great a one to hurry over at this meeting, and moved an amendment that the entire matter be left with a committee for further consideration. The amendment was lost by a vote of 61 to 55, and the original motion carried. Debate on different clauses of the new part of the constitution was adjourned until this morning.

Mission Reports. The report of the board of management of the Missionary Society of the church in Canada was submitted by Provost Macklem. It showed that additional expenditures along missionary lines for the year had amounted to \$12,000. The transfers of missionaries in the foreign field, however, meant a temporary reduction in the expenditures of the board. During the past year \$68,000 has been donated to Canadian dioceses, \$35,566 has been given to foreign missions, and \$15 to immigration schemes.

Provost Macklem quoted the missionary receipts for all purposes for the past three years, showing steady increase in givings as follows: 1907, \$102,185; 1908, \$118,228; 1909, \$123,206. He considered that owing to the present prosperous condition of the country the goal of \$150,000 aimed at for this year should be easily obtained.

In speaking to the report, Frank E. Hodgins, K.C., referred to the great demands which were from time to time being made upon the synod for contributions to the work being carried on in the Northwest, and expressed a desire that information should be submitted stating the amount required for the next five years. If this amount were then set up as a goal to which

the people might work, they would respond in a very substantial manner. Would Print Statistics. Considerable variance of opinion was expressed as to the cost of having the diocesan statistics printed in detail of the synod journal, in order that the different parishes might see what was being done in the way of givings. Rev. F. Wilkinson, the head of the movement, said that it could be done for \$100 anyway; but W. S. Batton, the secretary, said that he had made enquiries and that it would cost in the neighborhood of \$1300. There seemed to be some misunderstanding in regard to the question, and it was referred back to the executive to gather further information.

Re-elections. Two clerical and two lay members were elected to the board of management of the M.S.C.C. as follows: Archdeacon Ingles, Rev. Canon Macklem, Hon. S. H. Blake and Dr. N. W. Hoyle. The two honorary secretaries, Archdeacon Ingles and W. S. Batton, were re-elected for another term.

According to custom morning prayer and holy communion were observed at 11 o'clock in the cathedral. At this service Bishop Sweeney delivered a strong charge to the delegates, in which he reminded them of the seriousness of the work which lay before them.

\$2.60 to Muskoka Lakes and Return, Saturday, June 25. The Grand Trunk Railway System offers for the opening tourist season a popular excursion via the favorite way, viz., Muskoka Wharf, to all points on the Muskoka Lakes, passing Lakes Simcoe and Couchiching, the Severn, and the delightful ride from Cleveleys, Port Cockburn. All points will be visited for above price, and tickets will be good for four days. The new trip June 25, leaving Toronto 12:15 noon. Select the Grand Trunk route and no other.

Information at city ticket office, northwest corner King and Yonge-streets. Phone Main 4299. While the city worries about its drinking water, thousands drinking pure York Springs water. Are you?

GEN. BADEN-POWELL TO INSPECT BOY SCOUTS

Distinguished Soldier Expected in Canada in August—Interest Deepens in Movement.

OTTAWA, June 14.—(Special.)—General Baden-Powell, the distinguished soldier, is expected in Canada in August next to inspect the boy scouts. On the even of his departure for England, Earl Grey named Capt. R. J. Bird, military secretary of the Dominion Rifle Association, to be general secretary for the Dominion of Canada branch of General Baden-Powell's boy scouts. This work has been performed for some time past by Lord Lansborough, military secretary of his excellency. It is reported that interest in the movement is becoming more general and Dominion and provincial councils are being appointed to look after the work.

The soldiers at the Niagara camp will not have their straw hats this year. At the militia department it is stated that the ship bearing the hats from Mexico to Canada has met with an accident and will not arrive in time.

HUNG BY HIS TEETH FOR FORTY-FIVE MINUTES

Apparatus Balked and Carried Dancing Wire Artist Back to Middle of River.

NIAGARA FALLS, N.Y., June 14.—Niagara's first international carnival nearly came to a sad end early tonight, when Oscar Williams, a local steeplejack, who essayed a trip across the gorge on a wire, hung at the base of the cataract, sustaining his weight by his teeth, came to a stop when above the middle of the river, and hung 45 minutes until rescued by the Maid of the Mist.

Williams' apparatus began to balk soon after he left the American shore, and when it struck the upgrade to the Canadian side, he came to a stop, and then swung back to the middle of the wire, which cleared the river by 125 feet, just over the swift power tunnel of the Maid.

Wiremen from this city rigged a pulley with rope and sent it out to him. Hand over hand he made his way to the deck of the Maid of the Mist, which had taken position below him.

CROSSING ALL RIGHT

Railway Board Advise a Settlement in Colborne Township Case.

GODERICH, June 14.—Following the action of the Ontario West Shore Railway in replacing the crossings of their railway at Erving, torn up by the farmers of Colborne Township, the township council made application to the Ontario Railway and Municipal Board to have the crossing removed, and A. B. Ingram, H. N. Kitzner and H. C. Small, secretary, were here yesterday to deal with the matter. The board never gives up its duty in the right place, and advised that the dispute be settled, in the meantime withhold a formal decision.

Fifteen of the men who tore up the road are being criminally prosecuted.

FALLS CLAIM VICTIM

Jumped into River From Luna Island Bridge and Was Carried Over.

NIAGARA FALLS, N.Y., June 14.—At the height of carnival day festivities at noon to-day, an unknown man jumped into the river from Luna Island bridge before the eyes of thousands of people, and was swept in a twinkling over the brink of Luna Falls, which never gives up its dead.

Almost within arm's length was a bridal couple from Detroit, who described the suicide as a man of fifty years, 200 pounds in weight, or dark complexion, close cropped black mustache, wearing dark clothes.

An attempt to rescue the body at the cave of the winds failed.

NO ONE TO BLAME

"We find that John Anderson came to his death as a result of injuries received by being struck by a street car on the Kingston-road on May 25, and we exonerate the motorman from any blame," was the verdict arrived at last evening by the jury assembled under Dr. McCallum at the morgue.

TEN MONTHS FOR INCENDIARIES

OTTAWA, June 14.—Mrs. A. Carr and Silas Cornish of Ashtown, Que., who pleaded guilty to setting fire to two buildings there on May 10, were to-day sentenced by Judge Goyette at Hull to ten months' imprisonment. The cause arose out of spite, Mrs. Carr employing Cornish to fire the buildings.

BISLEY TEAM OFF

OTTAWA, June 14.—Twenty-two Canadians representing what is thought to be the finest rifle shooting team that ever left Canada's shores will spend July 4 on the Bisley ranges. The contest that they will participate in starts that day and will last two weeks. The team sails from Montreal at 3 a.m. on Friday, per SS. Tunisian.

Where City and Country Meet

You have to go a long way from Toronto to get beyond quick access to all its comforts, benefits and attractions. The advantages of living in

LAWRENCE PARK

include fresh air, pure air, beautiful surroundings, more room, more liberty, freedom from the rush, noise and dirt of the city, and still leave you within a few minutes ride on the trolley from the city's theatres, stores, concert halls, receptions and all your friends. Living in Lawrence Park is just as good as living in the city in many ways—and ten times as good in all other ways.

If You Like Suburban Life—Buy a Lot in Lawrence Park

Prices are more favorable now than they will ever be again. Next time you are up Yonge street "north," as far as Glen Grove stop and look through the Lawrence Park property.

EATON'S DAILY STORE NEWS

An ideal gift is the EATON Piano—guaranteed for 10 years

Keep in mind the EATON Watch. Its name its guarantee.

Choose Her Wedding Gifts at EATON'S

THE bride who considers economy in making her wedding preparations will find EATON'S her greatest satisfaction as the place to come to—the Store to go from completely furnished; for she who fills her trunk here is sure to be well equipped at the very smallest outlay of money. Or those more fortunate brides who need not consider price will take delight in selecting from the equipment "de luxe" which our very extensive preparations afford. Included in this category are French hand-made bridal sets (see particularly the beautiful Madeira conceptions), brides' and bridesmaids' ready-to-wear dresses and gowns, wedding millinery—practically every requisite in raiment and accessories, even to the bridal bouquet and jewelry for gifts to the assistants.

EATON'S is the BRIDE'S store, and on this page are listed a few of the many suitable gift suggestions the various displays offer.

French Clocks—Beautiful and Accurate

"French" clocks are the standard of excellence in the timepiece line. Their scientifically exact mechanism, with all the most advanced improvements, may be seen through their plate glass cases; they are as ornamental as if designed purely for beauty. The frames are made of a special gold-plated, emery-finished metal.

Clocks of Our Own Importation—give the following splendid values:—

- \$7.50, \$9.25 and \$11.50 for French traveling clocks, glazed top, sides and front, have jeweled escapements, etc., and are cased in leatherette; written guarantee given with every clock; within the city limits our experienced clockmakers will set them in place and regulate them.
- \$18.00—Heavy beveled glass sides and a gold-plated frame about 12 inches high; this clock has a mercury-filled pendulum and high-grade action; the strike is semi-hourly on a cathedral gong; this is a good grade for gifts at weddings, etc. The same style, smaller, \$16.00. A third size \$14.00
- \$35.00 and \$30.00 clocks, with a plate glass top, are unusually interesting, as every part of the beautiful French movement is in full view \$30.00 and \$35.00
- \$32.50—An enameled frame of exquisite design, about 12 inches high, has an extended base and top, enamel inlaid pillars, inlaid dial and pendulum; the quality of the movement is fully up to the beauty of the case.
- \$43.00—More massive in style, 12 inches high, with heavy enameled columns of a Renaissance type, has a gold-plated dial with sunk numerals, an oval mercury-filled pendulum; this is an excellent example both of the decorative and mechanical genius of the French.
- \$50.00—Framed in Roman gold, with burnished, fluted columns, ornamental top and white dial, contrasted with polished steel hands; this clock has a mercury pendulum, and is in every way a high-grade timepiece.

Suggestions for Acceptable Wedding Gifts in Fancy Bags

Why not give the bride something that will add to her traveling comfort while on the honeymoon trip? 'Twould be a constant reminder of affection, and something useful as well as ornamental.

We suggest but a few of the many to be found in this section Thursday, such as Gold Mesh Bags, German Silver Bags, from \$1.50 up; Seal Bags, \$5.00 up; Fancy Beaded Bags, \$2.50 up; Jewel Cases, from \$5.00 up; Traveling Companions, from \$3.50 up; Caloris Bottles, at \$1.00; Thermos Bottles, \$3.50; Elegant Cut Steel Belts, \$3.75 up; Jeweled Buckles, \$1.00 up; Clothes and Hat Brushes, in leather case, and very new is an Auto Coat in a pigskin case.

—Main Floor, Yonge St.

Souvenir Books for Weddings

They are specially gotten up for wedding souvenirs, and are always beautiful reminders of the occasion.

"Our Wedding," with beautiful, embossed flower design on cover, white silk back, tied with silk cord; each leaf has a suitable decoration and verses from the poets, and there are pages for the bride's and groom's names, certificate of marriage, guests' names, list of gifts, remarks, etc. Price, boxed \$4.50

"Wedding Bells," in blue cloth binding, with cover design in silver, favorite suitable passages from the poets, with beautiful illustrated pages, spaces for the invitation, bride's and groom's names, the bridesmaids, the presents, the guests' autographs, remarks. Price \$9.00

"Our Wedding," in beautiful white padded silk binding, illustrated by Frances Brundage and May Sandheim, with selections from the poets and spaces for bride's and groom's names, lists of presents, signatures of bridal parties, description of dresses, visitors for first "at home." Price, in box \$2.50

Better edition, in padded white moire silk \$3.50

"Wedding Memories," a handsome volume, in padded white moire silk, with hand-painted decoration on cover and beautifully illustrated selections from the poets. Price, in box \$3.75

—Main Floor, James St.

Home Fittings and the Wedding Gift

No greater problem looms up before the newly wedded pair than the furnishing of their home; especially is this so in hangings and upholsteries; we are well equipped to supply all kinds of curtains, as, for instance, the making of corner seats and cosy corners; they are made to order to fit their surroundings in style and size; they are a great addition to the home, and save buying several chairs; estimates will be given at any time. Prices between \$10.00 and \$75.00

Lace Curtains are Appropriate

Swiss, Brussels and Arabian Curtains, 50 inches wide, 3 and 3½ yards long, in white, ivory or linen colors, have a splendid range of new designs, all of them extra quality net, all lace work being fully finished by hand; dining-room, den or drawing-room windows could be handsomely decorated by a choice from this lot, and at a greatly reduced price. Thursday at \$5.85

—Third Floor.

Rugs for Wedding Gifts

An advantage is the privilege of exchange, which will enable the recipients to match other rugs or carpets easily.

Wilton Dag Dag Rugs, with fringed ends, 36 x 72 inches, handsomely designed, in greens, fawns, pink and red; show beautiful floral borders, with neat medallion centres, in prettily contrasted shades; a soft, pliable rug, that lies well over the carpets. Each \$7.75

Mohair Rugs, in rich, soft self colors; blue, crimson, green and old gold; are handsome parlor, dining-room or library rugs; well bound, and will not roll up at the ends. Each \$5.50

English Axminster Rugs, fringed at both ends, 36 x 72 inches; are a heavy quality with a wool back; very attractively designed in floral and paneled effects, rich colorings, in greens, fawns, reds, etc., and a close pile renders it a durable wearing quality. Each \$5.25

—Third Floor.

Furniture that Carries a Wedding Gift Suggestion

- 3-piece Parlor Suites, upholstered in silk tapestry \$18.00
 - 3-piece Parlor Suites, upholstered, new patterns of silk tapestry \$29.50
 - Parlor Arm Chairs and Roman Chairs, upholstered in silk or velours \$4.75
 - Parlor Arm and Arm Rockers, choice designs, best quality silk coverings \$12.50
 - Parlor Tables, mahogany finish \$4.25
 - Parlor Tables, pedestal kind \$7.25
 - Music Cabinets, in mahogany finish \$13.00
 - Parlor Cabinets, mahogany \$15.75
 - Pedestals, mahogany and quarter-cut oak \$3.75
 - Pedestals, genuine mahogany \$12.25

 - Cheval Mirrors, mahogany finish \$23.00
 - Rattan Arm Chair and Rocking Chair \$3.25 to \$9.00
- Fourth Floor.

THE T. EATON CO. LIMITED

Baseball Montreal 6 Toronto 3 Bowling Second Day At Granite Fight Camp Gossip

Note and Comment

It was officially announced yesterday that the Coney Island J. C. races would open all right Friday at Sheepshead Bay, which means that Governor Hughes has delayed signing the directors' liability bill.

The stake events for the meeting are: June 17, Double Event and Suburban Handicap; June 18, Daisy Stakes and Coney Island Handicap; June 20, Introductory Steeplechase and Swift Stakes; June 21, Foam Stakes; June 23, Sheepshead Bay Handicap; June 24, Grass Selling Stakes; June 25, Beacon Steeplechase, Great Trial Stakes and Coney Island Jockey Club Stakes; June 27, Advance Stakes; June 28, Surf Stakes; June 29, Long Island Handicap; June 30, Mermaid Stakes; July 1, Pansy Stakes; July 2, Vernal Stakes and Commonwealth Handicap; July 4, Independence Steeplechase, Double Event and Lawrence Realization.

The Lawrence Realization, with \$10,000, is the biggest purse of the season in New York State. The Suburban is the same as the Brooklyn, with \$6,000 added money.

Horsemen returning to New York from these parts, say the reduced schedule is a handicap, inasmuch as they have been compelled to remain idle a week at a time. These tourists are authority for the statement that Delorimer Park, formerly an outlaw half-mile track, cleaned up \$26,000 in profits on a seven days' session that preceded the meeting at Blue Bonnets, Montreal. They further say that there will be continuous racing in Canada next year, as several small tracks will receive recognition in the schedule.

According to numbers, Canada, Queen City or Granite will win the first lawn bowling tournament of the year. They have each two links left with Victoria and Oakland also in the running. The competition will be reduced to the semi-final stage this afternoon.

These slumps occur to the best regulated ball teams. They're now in the doldrums and must get a favorable breeze one of these days, the goodness knows the pitchers blow up often enough.

As Lundgren has not been used yet, it is presumed he is waiting for Newton, Smith, Corey or Carroll, and must therefore be a long way below form.

Here's more intercontinental rugby: The All American Rugby football team composed of representatives of the State Universities of Nevada and California, and of Leland Stanford, Jr., University, have just arrived in Sydney, N.S.W. The Americans will meet various teams of the New South Wales Rugby Union.

KYFFIN THOMAS DEAD.

(Canadian Associated Press Cable.) ADELAIDE, June 14.—Evan Kyffin Thomas, one of the best-known journalists in South Australia, died to-day. He was a proprietor of The Register, The Observer, of which he was also editor, and of The Evening Journal. He came of an old Welsh family. He was one of the delegates to the Imperial Press conference in London in the summer of 1909, on his way to which he visited Toronto and other Canadian cities.

AN IMPERIAL CENSUS.

(London Associated Press Cable.) LONDON, June 14.—In announcing the second reading of the census bill Mr. John Burns stated that communications had been occurring with the colonies with a view to the institution of an imperial census, approximately on the same lines, throughout the empire simultaneously.

Injured in Runaway.

Albert Carns was severely injured about the arms when the horse, which he was driving, attached to a Canadian Transfer wagon, became frightened at a train at Sunnyside at 6.30 last evening and bolted. The wagon collided with another vehicle and Carns was thrown to the roadway. He was removed to his home at 952 East Gerrard street in the police ambulance.

Take the wife to dinner at the King Edward Hotel. Excellent menu, table d'hôte. One dollar. Good orchestra.

The remains of the late Jas. Howard Reeves, bartender at the Daly House, were interred in the Necropolis. Wreaths were sent by the Bartenders' Union, Mercury Athletic Club, Daly House and also by many of his numerous friends.

President Lichtenstein Here.

President Lichtenstein of the Montreal Baseball Club witnessed the ball game yesterday, and was tickled at the showing of his Royals.

Amateur Baseball.

The Elliott Business College and their old-time rivals, the Central Business College, had a very interesting game of ball on Monday evening, the score being 13-1 in favor of Elliott.

The Dox Valley League is composed of the strongest teams available in the east.

The Dox Valley League is composed of the strongest teams available in the east and two good games are always on the card, and as a natural result, a large crowd is always on hand.

Final Game at the Island.

The final game of the present series on the home grounds will be played at the island to-day between Toronto and Montreal, and there is bound to be a hot contest for the title.

Boys' Union Games.

The Boys' Union games, postponed from last week, will be held Saturday. The program: 10 yards, 40 yards, high jump, broad jump, walk and cup race, three competitions in each.

SIXTEEN PLAYERS USED BY MANAGER KELLEY

Rochester, Jersey City and Providence Winners—Leaf's Down to Third.

The Leafs were very bad in certain spots in the second game of the series between the Kellyites and the Royals, and these spots not only made the locals look like a dirt, dence Java, clean pack, but cost us the game, for the Royals, much as we regret to report, captured the second tussle by a score of 6 to 3.

Three home runs inside the grounds were the features of the game, and two of these fell to the wily wags of the visitors. This was not a bad thing to have, for, for Manager Joe took it upon himself to give the scorers a busy afternoon by using sixteen players in the game, four of these taking a turn at the bat, and each were scored upon, the Royals getting two of them.

McAllister caught his first game of the season last night, and he was called upon to handle the situation in the first inning, when he was charged with one error, but it was thru with it, the Royals being the victors in the game, when he left the field when it caught McDonald.

Montreal was up fighting from the second inning, when they scored one, Jimmy Jones being the hero of the hour, as he duplicated over second, Smith then pulled over first, counting Jones, Kruehl hit into a double-play, but Wiggs, the Hunter, the first batter in the third, knocked out the Royals, and the game was made Hunter had crossed the platter for the second time, and he was relieved Newton after Hunter's bludge, no more scoring resulting till the fifth, when the Royals scored again.

LACROSSE NEWS AND GOSSIP

Marsh Will Play Point for Caps Against Indians Saturday.

It's been many a moon since there has been so much enthusiasm over lacrosse as there is in Ottawa at present. Usually the natives only warmed up to the game about the last of the season, a sample of which was last year, when they defeated the Capitals and Toronto in the last two games of the year.

It will take a good team to beat us, said Manager Charlie Quette of the Indians last night, and I think we will take some measure on Saturday, even if they have induced George Marsh to get out again to play point. My team is going to be very good indeed, and I think the home is still the weak part of it, but we have the players on the attack.

Nationals, the league leaders in the Big League, will be expected to be in the Capital defence will have one of the best days of their careers Saturday when they face us.

The plan for the Capital-Tecumseh game at the island on Saturday will open tomorrow morning at 8 a.m.

It is hardly likely that George Finlay will be able to play for a couple of weeks.

The Senior C.L.A. series will open on Saturday with Tecumseh at Hamilton and St. Kitts at Young Toronto.

Bobby Pringle, who learned the game with Charlie Quette at Markham, will be on the Cap line-up Saturday against the Indians.

The Hamilton team to play the Senior C.L.A. series on Saturday at Hamilton, will likely be: Goal, Battersy, Hamilton, Hocking, Saunders, Robinson, Rennie, (Gr.), Philip (Q.C.), Kalk (Alex.), Hayes (C.C.), Richardson (R.), MacDonnet (C.C.), Wylie (Rush), Rowan (C.C.), Loughheed (K.B.), MacKenzie (Can.), Irving (C.C.), Armstrong (Can.), Moore (Can.), Armstrong (Can.).

Jeff Only Painting. BEN LOMOND, Cal. June 14.—To-day's program at the Jeffries training camp shows nothing more thrilling than a coat of red paint on the canvas floor of the outdoor ring, a gymnasium and a workout by the ex-bullfighter, and a mock trial involving the theft of a goose.

The day's chronicle would have been almost a blank had not Jeffries come to the rescue of the newspaper correspondents by doing the painting himself, and by accompanying his smear of the canvas with a disquisition on the proper way to prepare a prize ring.

The big fighter skipped slyly thru a handball series with Corbett in the ring, winning two out of three games. He went from the court to the gymnasium, putting in a busy session with the training apparatus.

Jacobson Wins Two More. Managers and Jacobson played four more games of their match at the club rooms last night, resulting in two wins for Jacobson and two draws. The first two games were from the 11-16, 24-17, the second two opening 11-15, 21-17. The last game was won by Jacobson on the following next stroke: Black man on 1, 5, 9, 14, 23; white on 12, 18, 25, 30, 31.

Jacobson won with the whites by playing 22-17, followed by 24. The score now 3 wins and 3 draws in Jacobson's favor. The match is for \$100 a side and a handsome trophy donated by Fred Foster, the well-known East Queen-street optician. Play will be resumed at the clubrooms to-morrow night.

Baseball Notes. Manager Ed. Barrow of the Montreal Club yesterday signed Pitcher Cleary, who used to be with Buffalo. Cleary wished a great game over in Buffalo and drew his salary for the week, and thinks he has come back to his old-time form.

Reports that were going the rounds about waivers having been asked on Jimmy Jones covered two or three months ago, when Manager Barrow asked for waivers on Joyce, Jones and a couple of others, the real man being Joyce, who has since been disposed of. Outside of Joyce, the others were a blind.

Jimmy Jones knocked one down to Fitz yesterday that rung the bell on the knee-cap, forcing him from the game. The Leafs are down to third place, but the first three are all bunched.

For Saturday Night's Race. A telephone message was received by Tom Eak Monday afternoon from J. W. Lawrence, who is the manager of Fred Meadows, that Lawrence would like each man entered in the twenty-mile relay race to put up \$100 each as a sweepstake. Wood will have the speed to carry the other teams off their feet. Other admiring things, and they are coming down to race. Fred Hawk and Allen Hawk, a fast pair, who are taking the place of Hans Holmer and Svanberg. James J. Barry, who is the promoter of these races, is giving the Toronto public the best racing that can be secured, and the island Saturday night will be the greatest yet seen in Toronto. An added attraction will be a 100 yards whipstap handicap race, with the fastest Toronto dogs.

Off to the Fight. Arrangements are being made to run a special Pullman sleeper from Montreal June 22 and Toronto June 27 to San Francisco, to arrive there July 1 in time for the Jeffries-Johnson fight, July 4. This will also enable him to witness the Ketchel-Langford bout, July 7. Particulars can be obtained from B. H. Bennett, C. & N. W. Railway, 44 Yonge street.

Krauman's German Grill. Special business men's lunch at 11.30 a.m. to 3.00 p.m. Steaks and chops all day. Corner King and Church. (German cooking.)

Probably your own family physician would tell you that it will do you good to take a glass of beer with your dinner. For he must know the value of the weakest digestion, even from this pure and thirst-quenching brew.

Hilliard Lang vs. Paddy Lavin

(10 ROUNDS) AT BUFFALO THURSDAY JUNE 16th T.B.C. Excursion via Grand Trunk Ry. \$2.00 Return

Special Train leaves Union Station, 5 p.m. Returns at 11.30 a.m. Tickets good to return Friday, June 18.

With the Fighters

SAN FRANCISCO, June 14.—After the day's outing Jack Johnson yesterday, he got down to real work to-day. He was on the road for the usual twelve miles in the morning, and although it had not been his intention to box in the afternoon, he sparred four rounds with Al Kaufmann.

The work was not strenuous, however, as the champion evidently held himself in. "Why should I box hard?" he said. "I am in condition and down to weight. I weigh only 215 pounds, and as I will be boxing every day, I don't want to make much exercise just now."

According to Tom Flanagan, Johnson will continue his road work to within a week of the fight. It was learned to-day that Marty Cutler, one of the sparring partners, had left camp without warning. Ever since Cutler was knocked out by Johnson as a matter of discipline he has nursed a grudge, and his departure was no surprise to the camp.

Jeff Only Painting. BEN LOMOND, Cal. June 14.—To-day's program at the Jeffries training camp shows nothing more thrilling than a coat of red paint on the canvas floor of the outdoor ring, a gymnasium and a workout by the ex-bullfighter, and a mock trial involving the theft of a goose.

The Toronto World

FOUNDED 1880. A Morning Newspaper Published Every Day in the Year. WORLD BUILDING, TORONTO. Corner James and Richmond Streets. TELEPHONE CALLS: Main 5308—Private Exchange Connecting all Departments.

MAIN 5308 Is The World's New Telephone Number. WEDNESDAY MORNING, JUNE 15, 1910.

IT IS TORONTO'S AND CANADA'S TURN.

There was a short story in our reality and building column of Monday that will bear repetition. It sought to give a reason why Toronto was destined to be a great city and, therefore, that the real estate outlook was bright. It was to this effect:

The remarkable growth of the eastern cities of the United States, which set in forty to twenty-five years ago, of New York, Boston, Philadelphia, Buffalo, Chicago, and then Cleveland and a score of other places, was primarily due to the opening up of the western States of Ohio, Indiana, Michigan, and later on, of Illinois, Iowa, Wisconsin, Dakota, Kansas, etc. As these new states were settled by the thousands and thousands of new settlers that rushed into them, millions and millions of dollars came from them to the eastern cities for goods, and a little later on millions and millions more every year in the way of interest on eastern investments in these western states. Millions flowed from the west to these eastern cities and towns, and they all grew like magic.

The same thing is now coming to Canada: Manitoba, Saskatchewan, Alberta, British Columbia, even the territories, are now sending millions of dollars each year to Toronto and other Ontario cities and towns for manufactures, for goods, and also as interest on investments; so are they to Montreal and places east of Ontario. And this flow from the west is bound to grow and to add to the greatness of cities like Toronto.

The people of the United States from their experience, know the value of such a flow of dollars from the abundant west, and they would like to see the Canadian stream diverted to the south and southeast.

But our business is to keep our lines of trade full east and west, to improve our railway lines between our east and the west and to keep our own trade for our own people.

Toronto is growing into a great city. It draws much from the west. It has a new source of revenue in New Ontario, in the silver belt, in the clay belt, if we open them up to the full. Let us widen the narrow neck around the big lake and let us keep close touch with our own west.

"HOW THESE CHRISTIANS LOVE ONE ANOTHER."

If those who claim to be Christians would only act as Christians should, there would be no evangelization problem before the church.

The exceeding bitterness with which some professing Christians assail others because they happen to hold different views makes more people apathetic towards the churches than any other influence. Of course, as long as people think that what one believes is of more importance than what one does, such a state of affairs is likely to continue.

It is, after all, conduct and not creed that counts. "He that doeth the will shall know of the doctrine." When men make the exhibition of intolerance and uncharity that they do, the outside world must be pardoned if it concludes that these people can know very little about true doctrine. When discussions over doctrine arose, and there is very little record on such points, the disciples, according to the New Testament, were always directed to questions of conduct. How do men like Joseph Tait and Rev. Dr. Cleaver and their supporters expect to spread Christianity when they exhibit such fruits of their creed as the public have seen during the sessions of the Methodist Conference?

From the church, people expect a higher standard of gentleness and kindness than, in ordinary circles of life. But if any member of a club attacked another member as Rev. George Jackson has been attacked, the brawler would be expelled. In a club, however, no one would ever dream of making such an attack.

It is all very well to say that a church is not a club. A church is simply an ecclesia, a society, a club, as far as that goes. It has aims and objects somewhat different from those of some clubs, but there are societies which are fulfilling the object of the original ecclesia much more faithfully than many of the churches. Many of these shall come from the east and the west and from the north and the south and shall sit down in the Kingdom of God, of the very great astonishment, no doubt, of those who undertake to administer the laws of that Kingdom, without practising its first principle.

Be these things as they may, and

We do not for a moment undertake to say what the members of any church should do, there can be no doubt about the effect upon those outside the church. It will not induce them to enter it.

The great body of the members of the church recognize the necessity of keeping up with the march of knowledge. The minority which represents in modern churches the same spirit which denounced Galileo and burned Giordano Bruno and persecuted the prophets in all ages, must be borne with in all meekness and patience. But we do not think they should be allowed to resort to crucifixion, however conscientiously they may be routed in their darkness.

Victoria College has over its stately entrance the noble motto: "Ye shall know the Truth, and the Truth shall make you free." We may be very sure that the men who refuse freedom to others have little knowledge of the Truth, and little confidence in its matchless power and authority. For it is mighty, and it will prevail. It is hard for the persecutors to kick against it, and we must be considerate for them until they understand.

The most important appurtenance of constitutional government in a maritime country like Britain is quite appropriately the Great Seal. In Canada, where our inland waters are the features of our colonial empire, we follow the Great Beaver.

We do not hear anything from Lindsay this week. It was understood that the Lindsay Warder would start something, and J. D. Flavell would stand by and umpire the proceedings. Has the dope been effective in other quarters as well as in the water?

City water is once more certified pure. Families which have been relying on the boiled product of the tap for the soup course must go to the meat market again. And 337 took a bath on Monday. It was cleaner to stay out before that.

In a Cincinnati school it has been found possible to endow a boy with a mind, or more properly, to cultivate the faculties through which his mind could manifest itself. It must be on similar grounds that The Globe justifies its confidence in our present form of civic government. We are training the aldermen. But it comes high.

Commercial Expansion Follows Annexation.

If for one reason more than another there should be a desire for a suburb to the east of the city it is the activity in real estate and building which has followed every addition made to the city in recent years.

The latest evidence of this is Dear Park, which suburb was started for twenty years but immediately it became part of Toronto, it took on new life and from a mere village is now an active business section of the city.

The same might be pointed out in regard to East Toronto and the surrounding town, both of which were thriving towns before they became part of the city, but since their assimilation, a wonderful difference has been witnessed in the commercial expansion in each instance.

It is fair to assume that the same thing would occur in North Toronto just as soon as it felt the vigorous pulse of the business movement of the city. This fact is recognized by the storekeepers of the town and they are among the strongest advocates of its annexation to their present municipal identity for one of larger dimensions.

The World has received many compliments because it is taking up the question of expansion of the city to the north and the following communication, which was received yesterday, speaks for itself:

Editor World: Your interview published in to-day's issue just about voice the sentiments of the majority of the residents of this town. Our town council seem to be quite incapable of signing up the necessities of this growing community. A change in our government would be hailed with delight by the ratepayers. We have asked for drainage for some time, and no sign of anything being done in the matter. Our water supply is so short that our lawn water has been stopped, and we are at the limit of our supply for domestic purposes, and they do not know where to get more. Our roads are in bad condition, and nothing is being done to put them in proper shape. Our car service is execrable; no time table adhered to, and we never know when we can get a car. Things could not be worse mismanaged than they are, and we are all crying out for a change. Annexation to the city seems to be the only remedy, and we are looking to it as a remedy and the only one in sight. Ratepayer.

North Toronto, June 14.

Banqueted Dr. Michell. HUNTSVILLE, June 14.—Dr. W. Michell, who was a member of Sir Ernest Shackleton's exploring expedition in search of the south pole, was the guest of honor at a banquet given by the Canadian Club of this town last night, and delivered a highly interesting address.

Are You Planning a Vacation Trip? If so, why not take advantage of the delightful outings offered by the Richelieu and Ontario Navigation Co. to Montreal, Quebec (the ancient and historical) and the famous Saguenay River. Steamers Toronto and Kingston leave daily except Sunday at 3 p.m., and after July 1 daily, passing through the 1000 Islands in daylight and connecting with observation steamers running the Rapids of the St. Lawrence. For further particulars call at new ticket office, 46 Yonge-street, corner Wellington-street.

The evening dinner table d'hôte at the King Edward Hotel is very popular with the smart set. One dollar, Music 6 to 8 p.m.

Ensignette Leads

Owing to its many superior advantages over all other Cameras, taking good pictures even in poor light, simplicity of making enlargements to Postal Size, with best Lens, most compact, smallest set of sizes, daylight loading, and taking times and instantaneous pictures—the Camera which is far in the lead, is the

ENSIGNETTE Letter from Boston, Mass., April 18th, 1910: "I cannot tell you how pleased I am with the Camera and its results. I consider I have the best machine that can be bought."

United Photo Stores, Limited 15 Adelaide Street East. Also at Montreal, Ottawa and Quebec.

TEACH SELF-RESTRAINT TO SAVE THE CHILDREN GEN. FRENCH WILL SEE TROOPS IN SHAM FIGHT

Address of Dr. A. D. Watson at Annual Meeting of the Canadian Purity Education Association. Rattle of Musketry Will Be Heard Around Niagara to-morrow—Notes of the Camp.

The annual meeting of the Canadian Purity Education Association was held last evening. "Only those who are physically sound should assume the high office of parenthood," said Dr. A. D. Watson, in his presidential address. "Self-indulgence results in the birth of weak and puny offspring. Self-restraint is the greatest lesson that every parent should teach to his child if he would not destroy him. The route, the dilettante, the grafter, these are the chief enemies of the nation. The self-reliant, robust, unsophisticated, hard-muscled, clean-blooded toilers, upon whom these parasites look down with insufferable airs, are of infinitely more value to the nation, and of more significance to the future."

"We must equip our youth with a better knowledge of life-laws than were available to us in our early youth. They will need it more. We must not continue neglecting our children in the school and out, printing degrading literature and corrupting pictures, housing masses of the people in unsanitary surroundings, pouring sewage into the lakes and drinking contaminated water. "Governments are in sympathy with the best interests of the people, but are not warranted in proceeding far in advance of public opinion. Just how they may help, those in power are eager to learn. Till associations such as ours are prepared to submit matter and methods, surely they should not expect governments to be aggressive in these movements. All churches and congregations cease to carpet their floors and cushion their seats, till they make it possible to admit the message of sunlight, we cannot expect governments to meddle with the souls of the good people who live amid the dim lights, and breathe the miasma of a sanctimony that leads swiftly and surely to the adventures of the world to come."

The present needs of the association are chiefly headquarters and a periodical. A total membership was reported of 574, and a cash balance of \$108.00. In addition to the regular monthly meetings, which are held in Guild Hall, Toronto, the association will endeavor, during the coming year, to hold educational meetings monthly, if possible, in all churches that are open for this work.

Officers elected are: Honorary president, Rev. Dr. Crumphy, Winnipeg; president, Dr. A. D. Watson; first vice-president, Dr. G. Gray, Windsor; second vice-president, Dr. J. E. Hett, Berlin; treasurer, Dr. W. J. Fletcher; recording secretary, Dr. L. S. M. Hamilton; corresponding secretary, M. Wildcock; treasurer, J. M. Williams; field secretary, M. Fedore Langton; Toronto, Advisory board, Dr. E. B. McKenzey, Rev. Walker J. Southern, W. L. Clark, Lexington; Rev. W. V. McNeil, J. Wallis, Dr. Bruce Smith, Dr. Harley Smith, Rev. W. J. Pedley, Rev. Lawrence Skely, J. W. L. Foster, Rev. Dr. C. W. Gorrie, Winnipeg; Rev. Dr. Turnbull, Committee—Finance—Mrs. M. A. Foster, Mrs. Wm. Oldright, J. F. Williams, W. Ed. Suithers. Literature—Dr. Jennie Gray Wildman, M. Feodore Langton, Dr. L. S. M. Hamilton, Dr. E. Burt Sherratt, J. F. Wildman, W. Ed. Suithers.

AVIATION INJUNCTIONS DIS-SOLVED. NEW YORK, June 14.—The United States court of appeals late today dissolved the temporary injunction against Glenn H. Curtiss and Louis Paulhan, the French aviators, in the suit for infringement on aeroplane patents, brought against them by the Wright Co., controlled by the Wright Brothers.

No More Torture From Eczema

Relief Quick and Cure Certain When DR. CHASE'S OINTMENT Is Used. There is no form of itching skin disease which can defy the extraordinary curative powers of Dr. Chase's Ointment.

This is a strong statement and is only made of this preparation of experience with the use of this preparation in the most horrible cases of eczema which you could imagine. Relief from the terrible itching comes within the first few applications, and then it is a question of patiently applying the ointment and watching the natural process of healing which is set in operation by this great healer.

There are lots of cures to refer to, but what you want is actual relief by your own case, when you will soon realize that there is no disputing the wonderful healing power of Dr. Chase's Ointment. If you have Eczema or any form of itching skin disease, let an hour pass before sending for this treatment. Get a box, all dealers, or Edmanson, Bates & Co., Toronto.

SENSATION THAT THRILLS Holden Loops the Loop and Gives His High Dive at Hanlan's.

One of the most sensational acts ever presented in this city is to be seen every afternoon and evening at Hanlan's Point, when the famous Holden, who is known as the earth's most daring performer, makes his terrific dive and dives thru space.

Holden for the past year has been giving his exhibitions in Europe, where he created a tremendous sensation. Holden's performance consists of two separate acts; one is riding down a steep incline, at the foot of which he loops the loop. The other part of his exhibition consists of making a fearful dive from a small platform 150 feet high, into a small tank. Holden practically risks his life four times a day, when he gives his thrilling performance, every afternoon and evening, absolutely free to all.

Another special feature that is of great interest to ladies and children is the Dog and Pony Circus. This is the comic mule and the monkey who dips the dips in his automobile. The racing dips is the most exciting aerial ride ever constructed. All who visit Hanlan's Point should make this trip thru the air.

AT OSGOODE HALL ANNOUNCEMENTS.

June 14, 1910. Motions set down for single court for Wednesday, 15th inst., at 11 a.m.: 1. Re Standard Mutual Co. 2. Re Forth Mining Co. 3. Salmon v. Spain. 4. Holmes v. Ontario I. & S. Co.

Peremptory list for divisional court for Wednesday, 15th inst., at 11 a.m.: 1. Ward v. Eastbury. 2. Hichrist v. G. R. 3. McCabe v. National. 4. Juntz v. Silver Springs. 5. Town of Innesport. 6. Bennesworth v. Toronto Ry.

Non-Jury Assizes (No. 1) Peremptory list for non-jury assize court at city hall for Wednesday, June 15, 1910: 20. Atkinson v. Carberry (continued). 21. Ares v. Bullen. 22. Ryan v. Mackin. (No. 2.) 44. Scott v. Marchant's Bank. 23. Campbell. 22. Brake v. Welch.

Crayer—Graveson Smith, for plaintiff. J. T. Loftus, for defendant. An appeal by plaintiff from order of master in chambers of 12th inst., dismissing motion for judgment for defendant. Costs dismissed. Costs in the cause. Keenora—J. Jennings, Hudson Bay Co. v. W. C. A. Moss, for Hudson Bay Co. W. C. Mackay, for defendant. Motion by plaintiff for order for payment of \$2000 less costs. Order made. Referring to tax these costs. Appellants to save costs these applications.

Divisional Court. Before Meredith, C.J., Teetzel, J., Middleton, J. Gamble v. Township of Vaughan—W. H. Lennox, K.C., for plaintiff. J. W. Murray, K.C., for defendant. An appeal by Vaughan, and a cross-appeal by plaintiff from the judgment of Clute, J., of 10th March, 1910, by consent of counsel, as placed at foot of list.

Dawson v. Fraser—D. O'Connor, K.C., for defendant. T. Magee (Ottawa), for plaintiff. An appeal by defendants from the judgment of the master at the estate of Esther P. Nelson. Adams v. Elliot—Howick Township, County of Huron, for \$8625, which amount she states was found due her by County Judge Doyle, on June 9, 1910. This amount is claimed from the estate of Sophia E. Harris, which defendant is executor. The Northern Ontario Bank has issued a writ against the International Electric Company, Limited, of London, Ont., for \$1400 and interest, counter to be due on promissory note of June 23, 1906.

The Northern Lumber Company of North Toronto, New York, is suing Wm. Gilae & Son, Limited, of North Bay, for a declaration that they are the owners of 62,800 feet of white pine timber in the Township of Harrow. District of Algoma.

Conservative Picnic To-day. The steamer Arzyle will make two round trips to-day between the city and Long Branch, leaving Bay-street wharf at 2 and 4 p.m. Returning will leave Long Branch at 5.30 p.m. Those intending taking in the picnic should go by the Arzyle and avoid the crush on the cars. The return fare is only 25 cents.

PREDICTIONS HAVE BEEN FULFILLED

EDSON

Edson Property Being Resold for Over Double What Was Originally Paid For It.

Those who have been following our advertisements know that we have held from the outset that Edson real estate would be a money maker for investors. Our predictions have already come true, though the city was only put on the market last January by the G.T.P., as the following telling record of some of the re-sales made in the business section of the city show:

Table with columns: Property, Purchase Price, Cash Paid, Sold For, Profit. Rows include Lots 1 and 2, Block 7, Lots 11 and 12, Block 7, etc.

The above are only a few illustrations. Many others might be given, and all can be verified by the official records. Those who sold ARE RE-INVESTING FURTHER OUT in the city in order to get the advantage of the rise in prices when the rush for business and home sites begins in earnest, which it will as soon as the railway reaches the city. The value of real estate is a matter of supply and demand. HAVE THE SUPPLY when the demand begins. That's how to make money.

IS THE WILL IN COFFIN?

Body Will Be Exhumed in Order to Find Out. KINGSTON, June 14.—(Special.)—An order to exhumate the body of the late Joseph George, who died May 3, has been granted by Judge Price, to determine if his will is in the coffin. The will has been missing since his death, but it is known that he made a will in 1908. Mrs. George is anxious, as her husband said she would be well provided for. The estate is worth about \$30,000. The heirs and expectant beneficiaries declare that the will has been done away with, and they will block administration of the estate as long as they can.

Floating Palaces—Great Lakes. Ask about the five boats each week. Canadian Pacific Lakes Service—Owen Sound—Sault Ste. Marie—Port Arthur—Port Williams—any Canadian. Paid agent will tell you. The Toronto ticket office is at the southeast corner King and Yonge-streets.

Old Age Pensions. PARIS, June 14.—The government has decided that it will be impossible to apply the workmen's old age pension law, which will cost the treasury more than \$25,000,000 annually, until the last quarter of 1911.

SCIENTISTS' CHURCH WAR MAY END IN THE COURTS. Continued From Page 1.

posed of by a majority vote by ballot of the members of the church.

The officials say that Mrs. Stewart has declined to take advantage of this.

She says she has not been allowed to do so, the officials declare that they have treated her with the utmost consideration.

Reply to Charges. To this, Mrs. Stewart's answer is emphatic, and she supports it by copies of the correspondence which she produces.

She declares that she was notified of the charges and met the directors in February, when, after a long and heated debate, she was supplied with a copy of them.

She declares that to be trivial, trumped up and untrue.

To the charge that she has tried to prevent members from contributing to the support of the church, she declares that she has never done anything of the sort, but has even continued her own support both by cash, work and attendance.

To the charge that she has striven to influence the votes of members at the election of January last, she says that it is because she raised her voice against this practice that the point is taken, and that the facts upon which it is sought to be proven weigh against her accusation rather than against herself.

She now declines to put herself upon the mercy of the congregation, because she says that by resigning membership to those who are not known to be in line with themselves, the directors have "packed" the vote.

She declares that she has refused to meet her accusers, from the very moment she was furnished with a copy of the charges she tried to arrange a meeting, refusing one date offered by reason of an important previous engagement, but offering two others, which were ignored.

She also says that she had attended two business meetings of the congregation and asked for a hearing at both, which under bylaw 34 were meetings at which the matter might properly be dealt with.

But it is upon bylaw 23 that she bases her chief claim and, observing the recent statement of the directors, she says that by-law 30, which reads: "Members at all meetings shall be guided by the spirit of divine love," has also been broken.

The members of the board of directors are: C. R. Moore, Norman Giendinning, William Hall, James Humphrey, Allan Leadley and J. M. Jackson.

Tattoo and Review Day. Thursday next is the big night at Niagara Camp, when the tattoo takes place. Niagara Navigation Co. will have a special moonlight excursion at 50 cents for the round trip, leaving Toronto 8:30 p. m., returning leaving Niagara 19:15 p. m.

INSPECTORS BLAMED FOR REAL DISASTER

Exceeded in Size and Success Similar Functions of Farmer Years.

Carelessness Alleged to Be Common—Nine Bodies Taken From the Ruins.

MONTECAL, June 14.—(Special.)—Altho' a score of hundred men worked at The Herald ruins all to-day, but five bodies have been recovered, four being Laura Amesse, forewoman; Frances Juliette Beaudry, and the fifth, which has not been identified.

Four more bodies were taken from the Herald cellar this evening, and identified as Reuben Morrison, Ethelma Fern, Jennie White and Beatrice Campbell, making nine in all taken from the ruins.

As far as can be ascertained there are 29 bodies in the ruins. In addition to the names published this morning there are the following victims: Dorothy Ward, aged 16, 1438 Simard-street; Mary Ann Murphy, 22 St. Patrick-street.

Mrs. Olive Hart, 4 Conway-street. Reuben Morrison, steno-typist. Misses Gundy.

A coroner's inquest will be begun tomorrow on the bodies of the four whose names are unknown.

Everyone is asking the cause of the disaster, and as might be expected, the inspectors are coming in for a great deal of criticism. It was only the other day that one official stated that Carleton Place, which was the cause of the front wall being veneered with marble a few years ago said it would be a crime to turn the shell into an hotel.

President Brienly is in receipt of telegrams of condolence from all over the country, and this morning Sir William Laurier and several of his colleagues called and expressed their sympathy.

At the meeting of the board of control the members called on Mr. Chausse, the building inspector, to give his opinion on the disaster. He was, however, unable to give a definite view as to the cause, and the controllers instructed him to start to work on a complete report of the matter.

Had Mr. Chausse reported, that some time ago he had made a thorough inspection of the building, but he had never written a report and as a result of his investigations, when the Herald Company purchased the building, the architect had gone over the whole structure and found that, in his opinion, it was in a state in which it then was, it was a newspaper office. Mr. Chausse is reported to have said that he would secure all the plans and would submit them to the board as soon as possible.

Controller Wanklyn, speaking as an engineer of the probable cause of the catastrophe, said he was assured that the collapse of the tank was not the first cause. The water tank had been in position for approximately three years, and it had been solidly put up with all due consideration to the weight-bearing capacities of the building.

He stated that he had seen some exterior work done on the building, but that he had not seen the interior of the structure and thus brought down the huge tank about 100 feet.

The mayor, speaking on the subject of overhead tanks, was of the opinion that none should be permitted to be erected in the city, unless the foundations reaching to the cellar of the building.

Council Will Take Action. There is in the city no by-law governing the installation of such tanks or sprinkler systems. Some years ago the city committee took the matter up and discussed the advisability of having some such regulations, but nothing definite was done. It is ascertained that, as a result of yesterday's disaster, the city council will take action on the subject.

A great many stories of heroism are reported, but no tribute can be too high for Laura Amesse, the forewoman in the bindery, who lost her life in the fire. Thruout the horrible period of the time when the flames lapped to the top of the building, she kept her presence of mind. When she had seen the last girl climb out of the window and onto the ladder, she returned to the doomed building to seek others whom she could save. It was then that she met her fate. With the flames already scorching her hair, she urged the young girls to run to safety on the front ledge of the building. She assured the panic-stricken girls that she would be with them, and spread an atmosphere of calm where terror reigned.

The other girls called frantically at her to follow them, and shaking the fire that was already burning her dress, she dashed into the flames, oblivious of the fact that the floor onto which she ran had given way, and undoubtedly the brave young woman pitched to her death six storeys below, among the ruined mass of debris and seething fire.

Miss Amesse was a favorite among the girls in her charge. She had arranged a little theatre party for Saturday afternoon, and the girls working under her were looking forward to the pleasure.

One of the most pathetic of the many pathetic scenes was the terrible sorrow of Jeanette Simpson, who was to be a bride in three weeks, and now she will wear crepe instead of white veil. Her fiancé, R. Morrison, wished to change his position and went to The Herald office yesterday to apply for work there. When the crash came he was caught in the swirl of debris and has not been seen since. Miss Simpson stayed all night long, refusing to go away, and would not even say anything.

Another sad case was Jennie White, who was to be married in two months to another employe of The Herald. He escaped, but when he searched for his wife to be, he found that both she and his sister had been buried deep in the ruins.

CLERICAL VOTE DEFEATS
ARMSTRONG ON DR. JACKSON

Armstrong Amendment Carries
After Dr. Cleaver is Heard in
Arraignment of Professors.

By a vote of 130 to 118 the Toronto
Methodist Conference yesterday
endored the resolution proposed
by Armstrong, seconded by H. L. Lovering
of Coldwater, and the heated debate
over Rev. George Jackson's book,
"Studies in the Old Testament," was
brought to a close. The original
resolution of Rev. Dr. Cleaver, seconded
by E. E. Bull, asking the general
conference to exclude so-called "heretical"
doctrines as contained in the book,
was overruled by the vote of the
broader worded Armstrong amend-
ment, with a narrow majority of 14.
The laymen's vote was more than two
to one against the amendment, but the
heavy ministerial vote in its favor
saved the day for the adherents of Mr.
Jackson. The laymen's vote was: Yeas
134, nays 39. The clerical vote was:
Yeas 14, nays 104.

Rev. Dr. Armstrong addressed the
conference first. He objected to Dr.
Cleaver's resolution because it men-
tioned the name of a brother in con-
struction. He said "I do not wish to
open up our colleges or pulpits to
heresy, but to be sure that we are
definite on fundamental lines, on the
essential doctrines of our faith."
"But let us not quarrel on the points
of disagreement when the essential
principles are firmly established. I
was educated in an ultra-conservative
college and yet I never was taught
there to refrain from investigating
truth with an open mind. I was or-
thodox up till yesterday; anyhow, Justice
MacLaren says I was."

Stand on Essential Principles.
Dr. Armstrong: "I won't have
read Dr. Jackson's book without being
satisfied. It contains fine construc-
tive paragraphs as were ever uttered
in this conference. What is the teach-
ing of the book? I turn to the opinion
of Rev. W. T. Davison of Richmond
College, England. He says that the
authorities on the Old Testament. He
says the addresses are valuable as put-
ting in readable form the gains to
be had from studying the methods of
modern criticism. Dr. Jackson dwells
upon the constructive, not the destruc-
tive, element of modern criticism. I am
willing, and we all ought to be, to be
bound by the essential doctrines of our
church, or step out. But as to the
settings of truth wherever found, we
ought to demand liberty."

Dr. Armstrong was loudly applauded,
as was Dr. Cleaver, the next speaker,
who said: "Rev. Dr. Armstrong's
statement means absolutely nothing
so far as the question at issue is
concerned. The substance of his amend-
ment has been embodied in the work
of the general conference for years.
As for Mr. Parsons, I don't care
but the attitude he takes regarding
my resolution is extreme. I'm sure Mr.
Parsons wouldn't want to crowd me
out of the Methodist church or crowd
himself out. We must compromise."

Arraignment Victoria.
"The charge that Victoria College
professors are in the same boat with
Dr. Jackson, is a mere no-debate. They
have intimate children of their own
guilt. I have two children, graduates
of Victoria College, and if I had had
my present light on the doctrines
taught there my children never would
have gone to Victoria. I'm sorry to
say it, brethren, but it's true, that a
large stream of students are going out
from Victoria College, ruined for life
as far as their religious faith is con-
cerned." (Cries of "No, no!")

Rev. Dr. Burns rose to a point of
order. This was practically an ar-
raignment of the professors and
should not be allowed, he said.
Dr. Hincks: "You may take down
what Dr. Cleaver says. If he utters
a slanderous charge, let it be
recorded."

Dr. Cleaver: "We must take the
bitter with the sweet. Surely the
church which employs the professors
has a right to its professors to
conform in their teachings to the doc-
trines that the church believes to be
true, and not to preach any doctrines
that the church disapproves."
"In my youth I was a member of the
church. At first I shot indiscrimin-
ately at a flock of crows, but I never
hit one. I had to aim at one particu-
lar crow. We don't question the
fact that there is one grain of strychnine
in a pound of good meat will kill."

Electing Delegates.
The ministerial delegates elected
yesterday to attend the general con-
ference at Victoria, B.C., are: Rev. F.
L. Brown, Rev. R. Bowles, Rev. W. C.
Hagar, Rev. Dr. Rose, Rev. Dr. G.
Geman, Rev. Dr. J. C. Spear, Rev. C.
W. Watch, Rev. Dr. A. Sutherland,
Rev. Dr. J. A. Long, Rev. Dr. A. C.
Crawley, Rev. J. Paul, Rev. Thos.
Dunlop, Rev. T. E. Bartley, Rev. N.
B. Burns, Rev. John Locke was elect-
ed first reserve delegate. The other
reserve delegates are: Rev. J. Red-
ditt, Rev. C. E. Manning, Rev. J. F.
McLaughlin and Rev. J. F. Ockley.
Another is to be elected to-day.

The second report of the Laymen's
Association was adopted by the con-
ference yesterday afternoon. Among
the recommendations are that: A mis-
sionary committee be formed, the de-
velopment of missionary interests. That
the salaries of ordained married min-
isters be \$300, and of unmarried of
\$200, exclusive of house keeping.
Liskeard and Bradford districts
sent resolutions to the conference en-
dorsing the proposed church union,
while Owen Sound district opposed it.

THE HARDEST PART
OF BUILDING A HOUSE IS
MAKING UP YOUR MIND TO TRY
PARSONS ESTATE

For those who have the thrift and the energy, the possession of a home is one of
the easiest things. All you have to do is to buy a lot in the

on our special Easy Terms, made for the benefit of workmen. You get possession at once.
Your next step is to arrange for materials for building a house. You can easily, or with a
little help, lay your foundations, get up your walls, and have it ready to live in before summer is over.

Will You Try? Yes

First go and see which lot you want in the Parsons' Estate, north end of Dufferin street, then
arrange the purchase on our easy terms.

Lots, \$4 to \$12 Per Foot—Terms, \$10 Down, \$5 Monthly

Send for our booklet describing our plan and showing pictures of houses
built in above manner.

Dovercourt Land, Building and Savings Company, Limited
24 Adelaide Street East Tel.—Main 7280

REGINA, Sask., June 14.—Another
variation of the scheme for the gov-
ernment-owned elevator system was
advocated before the commission this
morning by Walter Simpson of the
Regina district. Mr. Simpson thought
the only remedy for the farmer was
to operate all the elevators in the province,
thus making the elevator system
a government monopoly. Rather than
ask the government to enter upon a
scheme for the building of elevators to
compete with the line elevators, which
scheme he was convinced would be
a failure, he would be better
to recommend that nothing be done at
all and that the system be left as it is
at present.

As the farmers are recognizing that
all their grievances cannot be reme-
died by the action of the provincial
authorities and that there are many
things that only can be dealt with
by a national government, the Grain
Growers' association has been con-
sidering means to bring these matters
more forcibly to the notice of the Do-
minion authorities, and in pursuance
of this purpose there is a movement
on foot to organize a monster demon-
stration of farmers to meet Sir Wilfrid
who visits the west this summer.
Those who are responsible for the sug-
gestion have been bringing together
thousand farmers and to get up a mon-
ster procession to march, headed by a
band, and present their demands to the
premier.

There is an excellent demand for
houses of all classes in Toronto at the
present time. Every section of the city
is showing a movement, and local
dealers are reporting that in some in-
stances there are not sufficient dwellings
on offer in particular districts to
meet the demand.

One real estate man discussing this
question with The World, stated that
he was finding great difficulty in ac-
quiring houses for his customers.
There was an active demand, but
people who are looking for a certain
kind of house would not be satisfied
with anything else, and for this reason,
while enquiries were perhaps better
than ever, there was not an overly large
amount of business being done. Prices
in many instances were being held at
what seemed very high figures and this
was holding things back also.

A large number of people who have
been seeking houses in the spring, had
not been satisfied and for this reason,
if for no other, real estate men are
looking for an active trading during
the fall season.

The Royce-avenue Presbyterian
Church are erecting a two-story and
attic manse on Perth-avenue, near
Royce-avenue. It will cost \$3600. Ellis
& Conroy are the architects.

Dr. E. C. Burson has taken out a
building permit for the erection of a
two-story manse at 174-176 Victoria-
street. It will cost \$17,000. C. P. Bond is the architect.

The Canada Foundry Company are
putting up a brick addition to their
foundry near the King-street subway.
It will cost \$1500.

William Robinson has taken out a
building permit for the erection of a
five pair of two-story brick dwellings
on the west side of Sheridan-avenue
near Dundas-street. They will cost
\$20,000.

It is announced that the property
formerly occupied by the Toronto
Plate Glass Co. at 171-175 Victoria-
street will be occupied by an auto-
mobile factory. This property was
sold a short while ago for something
like \$60,000. The land has a frontage
of 87 feet and a depth of 115 feet,
which brings the price to slightly un-
der \$1000 a foot.

The old Murray residence at 166
Crecent-read has been sold to Frank
Wood, of Ballie, Wood & Croft, for
\$32,000. The house is 100 x 35 feet and
the whole property is assessed for \$21-
580.

Presentations.
At a garden party under the aus-
pices of the Woman's Alliance of the
Unitarian Church, held in the grounds
of the Bayview Beach, the pastor,
Rev. Mr. Hutcheon, was present-
ed with a club bag and Mrs. Hutch-
eson and Master Allen Hutcheon with
purses of gold. They leave on Friday
for the British Isles, and will also visit
Berlin during the sessions of the
convention of delegates of the Liberal
churches. Mr. Hutcheon will be home
for the first Sunday in September.

PLANS FOR IMPROVEMENT OF UNIVERSITY AVENUE

Park Commissioner Outlines Scheme of Boulevards and Driveways.

Four sets of plans for the improvement of University-avenue were submitted to the parks and exhibition committee by Park Commissioner Wilson, with the result that the committee will look over the ground in a body next week.

Two plans contemplate the construction of a double line of street railway tracks on the avenue from Queen to College-street, and another across the avenue on a line with Agnes-street since the building of these lines has been approved by the Ontario Railway Board. The other plans have in view the possibility that tracks may be kept off University-avenue.

Plan number one, showing a wide boulevard in the centre and wider roadways on each side, will cost \$35,000 to carry out.

Plan number two is for a double line of roadway in the centre, with a main driveway of 23 feet on the west. This means an outlay of \$18,000.

Plan number three looks to the acquisition of all property on the east side of the avenue by some public body for public use, except the block between Agnes and Edward-streets, where the MacLean Publishing Co. are to erect a factory, the company agreeing to build a factory which will harmonize with the general plan. It is estimated that this plan would cost the city \$42,000.

Plan number four contemplates a wide boulevard on the east side at a cost of \$30,000.

The committee recommended that the city lease Balm Beach Park at the extreme east end of East Toronto for five years, the conditions being that the city pay for the upkeep and remit the taxes. The property, which is at the corner of Malvern-avenue and Swanwick-avenue, is about 150 feet square, and is in the hands of a board of trustees. It has been neglected by the late owner many years ago to be maintained in perpetuity as a tennis and bowling green. The trustees have steadily refused to hand over control to the city, but Ald. Phelan said they had so far refused to consent to lease it. The city applied to the legislature last session for power to acquire it, but this was refused.

In view of the disaster in Montreal due to the collapse of a water tank, the fire and light committee yesterday ordered by Ald. Hamblin to report on the regulations governing such construction in Toronto, altho Chief Thompson's explanation largely relieved apprehensions.

In reply to Ald. Hamblin's query, the chief said he had no further responsibility for the safety of such tanks after inspecting their erection, the city architect being charged with the duty of further inspection. The bylaws provided that the steel supports must be of four times the strength actually needed to hold up the tank. He was satisfied that there was no local danger from this source.

Ald. Maguire, who was a witness of the Montreal tragedy, said he had been told that dampness had rusted the bolts of the steel beams, and that the eastern city was to pass a bylaw which would compel tanks to be placed on four brick walls. This was being done with tanks on up-to-date buildings.

Exits in Theatres. A discussion on fire exits in theatres was started by Ald. Hamblin, who said he had been informed that there was no outlet from the upper gallery of the Princess Theatre. The chief stated that excellent exits were afforded from the galleries as well as the ground floor, and that he could not understand the alarm made on that theatre.

The chief promised to report within two weeks on a site for a fire station in Deer Park. The residents want matters hurried up.

Robert Green, assistant on the engine at Yonge-street station, has been appointed to succeed Ellis Mack, who died on May 27. Messrs. Gilling and Macdonald have been appointed to the vacancies in the department created by the death of Robert McGill, May 12, and the resignation of Fireman Keating on May 1.

\$1500 for Y. M. C. A. George A. Arbuthnot, secretary of Central Y.M.C.A., renewed the request that the city contribute \$2000 towards the expense of entertaining the delegates to the international convention of the Y.M.C.A. to open on June 20 and last three days. In granting only \$1500 it was pointed out that the committee is allowed only \$5000 for reception purposes for the whole year.

Mr. Warburton said it would cost the local organization \$8000, including the expense of sending officers to Britain to arrange for the coming of old country delegates.

It was agreed that the committee should act with the local Y. M. C. A. chairman as to the disposition to be made of the money. Mr. Warburton suggested that the city send a representative to the meeting of the Knights of St. John at Sandusky, Ohio, next week, in an effort to capture next year's convention for Toronto. Richard Pryor, Toronto, grand president of the local order, said it would mean bringing 10,000 plumed knights and an equal number of other visitors. The committee wanted Ald. Maguire to go, and he promised to think it over.

Insurance Man Coming. Ald. Maguire and McCarty were entrusted with the duty of planning the city's entertainment to delegates to the convention of the Life Underwriters' Association of Canada, who meet here Sept. 5-8-7. Between 200 and 300 insurance men are looked for. They will probably be treated to a drive and visit to the exhibition, the cost not to exceed \$300.

The reception to the members of the Real Estate Exchange, Houston, Texas, will be an expensive affair. The committee was advised that the Texans will arrive here on a Sunday in August en route to Boston and desire arrangements made so that they can attend church in a body. Ald. Maguire and McCarty will see to this.

Thomas Bengough, who is to attend the meeting of the Chartered Stenographic Reporters' Association at Denver in August, was authorized to demerit the disciples of Pitman to come here in 1911.

Mr. Forman Overworked. Assessment Commissioner Forman told the board of control yesterday

INLAND NAVIGATION.

NIAGARA RIVER LINE

Buffalo Niagara Falls Toronto.

Effective June 6th, daily, except Sunday. Leave Toronto 7.30, 9, 11 a.m., 2, 3.45, 5.15 p.m.

NIAGARA CENTRAL ROUTE

St. Catharines, Niagara Falls, Buffalo, Welland

The steamer Garden City leaves Yonge St. Wharf daily (except Sunday) at 4.45 p.m. Leaves Port Dalhousie at 8 a.m.

Niagara Falls International Carnival June 14th, Niagara Falls, N. Y., and return, Niagara Falls, N. Y., and return, June 15th.

THOUSAND ISLANDS

Shooting the Rapids To Montreal and Quebec and Saguenay River Ports.

Low rates for round trip, including meals and berth. Steamers leave 3.00 p.m. daily, except Sunday, after July first daily.

HAMILTON

50c. Return ON WEDNESDAY

Modjeska and Macassa

Leave Toronto at 9 a.m., 2 and 7 p.m. Leave Hamilton at 8.30 a.m., 2.15 and 6.30 p.m.

NORTHERN NAVIGATION CO.

GRAND TRUNK ROUTE. Sailings of passenger steamers from Sarnia to Soo, Port Arthur and Duluth.

Sailings from Collingwood 1.30 p.m. and Owen Sound 11.45 p.m. City of Midland Wednesdays and SS. Germanic Saturdays for Soo and Georgian Bay ports.

STEAMER ARGYLE

Commencing Thursday, June 9th, will leave Bay St. Wharf on Tuesdays, Fridays at 5.00 p.m. for Whitby, Oshawa, Bowmanville and Newmarket, and on Thursdays at 5.00 p.m. for Port Hope and Cobourg.

NORTHERN NAVIGATION CO.

The summer schedule on Lake Superior route goes into effect June 22. Sailings from Sarnia every Monday, Wednesday and Saturday at 3.30 p.m. Georgian Bay route leaves Saturday 1.30 p.m., Owen Sound 11.45 p.m., Wednesdays and Saturdays.

A New Appointment.

Acting on Mr. Rust's advice, the board recommended that E. L. Cousins, resident engineer of the G.T.R. middle division, be engaged in the place of T. W. Thornhill, who has resigned the position of assistant engineer on special work. Mr. Cousins' salary will be \$290 per month.

Controller Spence proposes that the city provide \$1000 a year to pay a police magistrate to stay on duty every night until 12 o'clock to receive applications for bail, to get over the great difficulty persons arrested at night have in obtaining bail bonds, which also cost \$1.25.

CAN'T MOVE THE HOUSES

Because of Trolley Wire—A Peculiar Situation. Who is responsible for the fact that for eight weeks two wooden houses have obstructed Morley-avenue at the intersection of Queen-street? This is a point which W. H. Hodgson of 22 Morley-avenue is curious about.

Mr. Hodgson yesterday applied for a police court summons to compel the offending parties to remove the house. He was asked to ascertain first who is to blame.

It is a three-cornered puzzle. The city sold the cottages, which stood on the property to be used for the sewage disposal site. The purchaser, a lady, wished to transplant them north of Queen-street, and all went well until Queen-street was reached. Then it was found that the houses would not pass

PASSENGER TRAFFIC.

THE TORONTO WORLD'S EXCURSION

To Niagara Falls, New York City, Buffalo and . . . NEW YORK CITY

Via Niagara Navigation Company's Boats to Lewiston, Gorge Route to Niagara Falls, Lehigh Valley R. R. to New York City, or all rail route, G. T. R. and Lehigh Valley R. R. to New York.

THURSDAY, JUNE 23rd

Tickets good to return from New York up to Saturday, July 2nd, and on any Niagara Navigation Company boat up to July 23rd. Excursionists can remain over at Buffalo or Niagara Falls either going or returning.

FARES: By Rail and Boat From Toronto to New York and Return - - - \$12.35

All Rail From Toronto to New York and Return \$14.25

Every World reader who purchases a ROUND TRIP TICKET TO NEW YORK CITY at The Toronto World Office will be provided with proper credentials so as to secure special rates at the Hotel Arlington or Hotel Bristol.

Both of these hotels are delightfully located for just such parties as will go to New York with The World in June. The Arlington is at 25th-street, the lower end of the shopping and theatre district. The Bristol is at 49th-street. The Arlington is very conveniently located for shops, the Bristol for theatres. Both have every line of transportation close at hand—elevated, subway and surface lines.

This will be the greatest excursion of the year. Already a large number of World readers, both in and outside the city, have signified their intention of being present. There is more real solid enjoyment to be had in and around New York in June than anywhere else on earth.

BUY YOUR TICKET AT THE WORLD OFFICE and secure all the benefits to be had on the trip. You can make your Pullman reservations any time now, but take a little friendly advice: "Decide quickly, and don't wait too long."

TIME OF LEAVING TORONTO

To NEW YORK via ALL RAIL. LEAVE TORONTO 12.15 noon, due in Buffalo 5.05 p.m. Leave Buffalo 6.00 a.m., due in New York 7.30 a.m.

LEAVE TORONTO 4.32 p.m., due in Buffalo 8.00 p.m. Leave Buffalo 9.00 p.m., due in New York 8.30 a.m. Pullman Sleeper on this train Toronto to New York Double berths \$2.50, full section \$5.00.

LEAVE TORONTO 6.10 p.m., due in Buffalo 9.55 p.m. Leave Buffalo 11.30 p.m., due in New York 11.00 a.m. Pullman sleeper from Buffalo to New York. Double berths \$2.00, full section \$4.00.

The Excursion tickets good on the regular fast trains leaving Niagara Falls on June 23rd at 4.12 a.m., 7.52 a.m., 4.05 p.m., 7.00 p.m. and 8.57 p.m.

Train leaving Niagara Falls at 7.52 a.m. leaves Buffalo at 9.30 a.m.

Train leaving Niagara Falls at 4.12 a.m. does not go to Buffalo.

To NEW YORK via NIAGARA LINE and GORGE ROUTE. LEAVE TORONTO at 11.00 a.m. Arrive Niagara Falls 2.30 p.m. Leave Niagara Falls 4.00 p.m. Arrive Buffalo 5.05 p.m. Leave Buffalo 6.00 p.m. Arrive New York 7.30 a.m.

LEAVE TORONTO 2.00 p.m. Arrive Niagara Falls 5.30 p.m. Leave Niagara Falls 7.00 p.m. Arrive Buffalo 8.00 p.m. Leave Buffalo 9.00 p.m. Arrive New York 8.30 a.m.

LEAVE TORONTO 3.45 p.m. Arrive Niagara Falls 7.10 p.m. Leave Niagara Falls 8.57 p.m. Arrive Buffalo 9.55 p.m. Leave Buffalo 11.30 p.m. Arrive New York 11.00 a.m.

LEAVE TORONTO 5.15 p.m. arrive Niagara Falls 8.45 p.m. Leave Niagara Falls 8.57 p.m. Arrive Buffalo 9.55 p.m. Leave Buffalo 11.30 p.m. Arrive New York 11.00 a.m.

Special arrangements have been made for excursionists desiring to make the trip by day. Tickets by rail or boat to Suspension Bridge may be used previous to the 23rd, and the train taken at Suspension Bridge, Niagara Falls, N. Y., or Buffalo on the morning of the 23rd. First train leaves Suspension Bridge at 4.05 a.m.; Niagara Falls, N. Y., 4.12 a.m., arriving in New York at 5.13 p.m. Second train leaves Suspension Bridge at 7.45 a.m.; Niagara Falls, 7.52 a.m.; Buffalo, 9.30 a.m., arriving in New York at 9.38 p.m. First train does not go via Buffalo.

Tickets by both rail and boat from Toronto to Suspension Bridge are good for 30 days; from Suspension Bridge to New York, 10 days, from June 23rd. Tickets from Suspension Bridge to New York, or from Buffalo to New York, must be used on the 23rd.

Further information may be obtained from The World's Excursion Manager, Toronto World Office. Main 5308.

TICKETS NOW ON SALE AT THE OFFICE OF THE TORONTO WORLD

World readers outside of Toronto desiring to take this trip should remit by express or postoffice orders, making orders payable to World Newspaper Company, Limited, Toronto, Ont.

A SUMMER SALE at SIMPSON'S

The Weather Man says that Summer is here at last. We have said all along that summer would be here at last. So there's nothing new about that. We have been holding an enthusiastic Summer Sale for over two weeks. And the fact that in the west the thermometer has registered 90 degrees within the last few days doesn't influence us in the least. We decided to move the bulk of our Summer Goods in June, and we began on June 1st. Irrespective of rain and cold we have carried out our Summer Sale Programme to the letter. Every day we have placed Summer Goods on Sale at prices which have tended to forestall the wave of hot weather now sweeping over the continent. And we will continue to do so until the end of the month. Summer Sale Shopping will be all the more attractive now that real summer has actually arrived.

Summer Sale of Wash Dresses for Girls

340 only Girls' Tub Dresses, fine ginghams and percales, three pretty styles, a splendid variety of colors to choose from, one-piece and jumper styles in the lot, fancy braid and buttons; jumper has pretty white lawn separate waist; other styles have high or Dutch neck; sizes 10, 11, 12, 13, 14 years. Regular prices were \$1.59 and \$1.75 each. Thursday, choice at 69c each.

108 only Girls' Dresses, fine white lawn, waist and skirt trimmed with fine eyelet embroidery, skirt has two wide tucks and deep hem, waist and sleeves tucked, long sleeves, collar and cuffs of fine Val. lace; sizes 10 to 14 years. Regular price \$2.25. Thursday clearing at 98c.

Do You Remember This Old Corner?

THIS was the building at the corner of Queen and Yonge streets, in which the Robert Simpson Company business was done away back in the 80's. The Wanless Jewellery Store was a near neighbor in the block. To-day of all the stores which stood between Queen and Richmond the Wanless Building is the sole survivor of the 80's. And soon it, too, is to go. We are preparing to pull it down and rebuild it uniform with the great new Simpson store of steel and terra cotta.

First, though, we must clear away the stock we have in the old store at present. That's the chief thing at this moment. To-morrow we'll take

OUTING SHIRTS
