Express Soon From Paris To Athens

First Step in Great Project of Railway Connection With Constantinople and Odessa

Paris, Jan. 4.—Announcement that the Acropolis express connecting Paris and Athens will soon be established points to one of the most important steps in the work of reconstruction. It is the first connection between western Europe and the Near East and is the initial step to the larger project of extending the railroad farther east through Constantinople and northward to Odessa. Ultimately it is planned to realize a Bordeaux-to-Bagdad route, which will take the place of the Taurus' scheme of a railroad from Berlin to the city of Haroun-Al-Raschid.

"FIRST PARLIAMENT OF THE IRISH REPUBLIC"

Sinn Feiners to Assemble in Dublin Next Week

Dublin, Jan. 4.—(By the Associated Press.)—The Sinn Feiners will assemble here probably next week, for what they describe as the "first parliament of the Irish Republic."

They will declare, it is asserted, that the recent elections show Ireland's self-determination as an independent republic and will demand that Ireland's case be heard at the peace conference.

Washington, Jan. 4.—Patrick McCarton of Philadelphia, signing himself "envoy of the provisional government of Ireland," announced here yesterday that he had sent a statement to all embassies and legations in Washington informing them that the people of Ireland in December last severed political relations with Great Britain. "December 29 was the date of the parliamentary elections, in which the Sinn Fein element won an overwhelming victory in Ireland. State department officials said they knew nothing of Patrick McCarton."

New York, Jan. 4.—A reception in honor of their election as members of British parliament will be tendered Dr. Patrick McCarton, "envoy of the provisional government of Ireland," General Liam Mellows, and Diarmuid Lynch, known as the "Sinn Fein food director," by the Irish Women's Council at the Hotel McAlpine here on Tuesday night. All three are prominent in the Sinn Fein. Mellows and McCarton were arrested here in 1917 in connection with a conspiracy, said to have been financed by Germany, to cause a rebellion in Ireland on Easter of that year. McCarton escaped, but was arrested at Halifax and brought back here. He was released on bail and still is awaiting trial. "General" Mellows, who gained his title as one of the leaders of the Easter rebellion in 1916, escaped to the United States and was followed by Dr. McCarton, who was known to the Sinn Fein associates as "the great ambassador" to the United States of the Irish Republic. At the time of the arrest of the Sinn Fein leaders, it was declared by the secret service agents that they had conspired with a German agent, who also was taken into custody. Lynch was deported from Ireland last April.

LABOR BUREAUS IN NEW BRUNSWICK

Premier Foster to Have Visit From Labor Department Official in Few Days

The establishment of labor bureaus in New Brunswick now is under consideration and will be discussed by Premier Foster with a representative of the labor department of the federal government who will be in the city in a few days. The arrangements between the federal and provincial governments have not been decided upon but the bureaus will be established by the two governments working in co-operation. It is expected that there will be two or three such bureaus in central locations but neither the number nor the locations have been fixed upon. This project is part of the scheme to prevent unemployment during the period of re-establishment and readjustment. There will be much to be done in Canada and the chief problem may be found in the proper distribution of labor rather than in the lack of work.

PICK HUSBANDS FOR THEM.

London, Jan. 4.—The town council of Petrograd, according to an Exchange Telegraph despatch from Copenhagen, has decided that all unmarried women between the ages of eighteen and forty-five shall be provided with husbands selected by the council. The children of these unions, it is added, will not be allowed to remain with their parents, but will be educated under the control of the Soviet government.

TWENTY THREE OF THE POLICEMEN RE-INSTATED

Three of the Recent Appointees Resign—Force at Present Numbers 66

Twenty-three of the thirty-one dismissed policemen were reinstated this morning into their positions and were sworn in by Magistrate Ritchie. The men assembled this morning in the guard room of the police station, and when the business of the police court was completed, the twenty-three first into court, under the leadership of James Gosline. They were broken up into groups of eight and seven when taking the oath. Following this they formed into line and their names were called. Those present were: Horace McLean, Harry G. Donohue, Jacob M. Colwell, Allan McInnis, Walter Coughlan, John Sheehan, Herman Spiney, Kenneth T. Donohue, Henry Hendrickson, Walter McNeil, John Spiney, Henry B. Young, Michael Downing, Frederick Lobb, S. D. Hamm, James Gosline, William A. Gibby, S. G. Gill, P. Spiney, D. S. Kierstead, F. L. O'Neill, Thomas McFarlane and Samuel Jones. It is said the other eight are also to be given their positions again.

J. H. PULLEN WINS "IN SUIT AGAINST CITY"

Judgment for \$1,288.30 is Given by Mr. Justice Crockett

The case of James H. Pullen vs. the city of St. John was before Judge Crockett in the circuit court yesterday, without a jury. The hearing was adjourned until 11 o'clock this morning when his honor gave judgment for the plaintiff for \$1,288.30. Daniel Muller, K. C., appeared for the plaintiff and Hon. J. B. M. Baxter for the city. The action arose over payment of a bill for painting the city warehouses on Pettibone wharf and the Corporation pier. Mr. Pullen offered to submit the matter to arbitration and, when this offer was not accepted, expressed his willingness, without prejudice to his claim, to accept \$300 less than the amount charged.

SIXTEEN OF 39 DEATHS DUE TO PNEUMONIA AND INFLUENZA

Thirty-nine deaths were reported to the board of health during the week. Of this number sixteen were due to pneumonia following influenza. Dr. Brown, district health officer, expressed himself as surprised at the number of deaths charged to influenza. He is of the opinion that if there is not a subsiding of the disease in the near future the ban will have to be placed on public gatherings in St. John. The list of deaths was as follows: Mitral disease of heart, four; cerebral hemorrhage, one; pneumonia and influenza, sixteen; encephalitis, two; arterio sclerosis, three; paralysis, two; peritonitis, malignant distemper, one; rabies, one; enlarged prostate, epithelioma of face, meningitis, corditis, tuberculosis, malaria, influenza and pulmonary embolism, each one.

RECALL ELECTION MATTER TO BE TAKEN TO COURT?

That the filing of the letter of protest against the swearing in of the new commissioners will not be the end of the matter is the intimation given by some friends of one of the former commissioners.

In addition to the technical grounds on which the procedure in connection with the election is criticized, there is also an allegation that the grounds for recall, particularly in the case of Commissioner Hilyard, were not of sufficient strength to warrant the election and that if the matter were taken into court the whole election might be declared void on that ground alone. Objections having been filed before the new members of the council were sworn in, those who question the procedure say that the commissioners are holding office under protest and that the way now is open for further and more drastic action through the courts. While no one could be found who would say that they were acting in the matter it is intimated that action will be taken through the courts.

SHAKE-UP OF THE VANCOUVER POLICE

Vancouver, B. C., Jan. 4.—A re-organization of the Vancouver police department, which may include the dismissal of certain officials and the suspension of others, is forecast by Mayor R. H. Cole. He said that the fact of so much liquor having been brought into the city illegally, without the knowledge of the city police, proves that there is something radically wrong.

SNOWFALL OF FIFTEEN INCHES

Fredericton, N. B., Jan. 4.—Up to noon today about fifteen inches of snow had fallen in the central part of New Brunswick since Friday morning. Train service today is much interfered with.

Surrender Baden To Allies In Few Days

Germany's Newest Battleship; Find of 170 Submarines Which Were Under Construction

London, Jan. 4.—Germany's newest battleship, the Baden, with a displacement of 24,000 tons and of the very latest type, will be surrendered at a British port within a few days in accordance with the terms of the armistice.

ENOUGH TO EAT AT FIRST BUT THEN COMPLAINTS

Q. M. S. Flood of Toronto Gives Evidence at the Northland Inquiry

Ottawa, Jan. 4.—At the resumption of the inquiry into the Northland charges this morning, Company Quartermaster Sergeant Flood of Toronto said that for the first two or three days the men appeared to have enough to eat. There were some sea-sick, and as sailors for the first time, there was enough. Later, however, there were complaints by the men at every meal. He said that at dinner the whole ration—soup, meat and pudding would be served at once. "What do you say as to the quality of the food?"

PRESIDENT WILSON A CITIZEN OF ROME

Rome, Jan. 4.—President Wilson became a citizen of Rome last night. The ceremony took place in the historic capital designed by Michael Angelo. Assisting in the services were King Victor Emmanuel and Queen Helena, members of the Italian cabinet, members of the diplomatic corps, and municipal and military authorities.

MISS WILSON TO INDIA

New York, Jan. 3.—To establish a Y. W. C. A. training centre in India, Miss Elizabeth Wilson left today for England on the Canard steamer Carmaria. She will prepare for her special work by attending a meeting of the world's committee of the International Y. W. C. A. in London.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

NOVA SCOTIA WOMAN DIES IN SEATTLE, AGED 100

Seattle, Wash., Jan. 4.—Mrs. Penelope Thomas, 100 years and four and a half months old, a resident of Seattle for eleven years, died here yesterday. She was born in Maitland, N. S.

NEW MINE OPENED IN CUMBERLAND AREA

Montreal, Jan. 4.—The opening up of a new colliery in the Cumberland area of the Dominion Coal Company is announced by Mark Workman, president of the Dominion Steel Corporation. He said further development would continue as circumstances permitted.

Every Effort Being Made to Trace Men Reported Missing in War

London, Jan. 3.—(Canadian Press despatch from Reuters' Limited).—In view of inquiries by friends of missing men, the inter-departmental committee of prisoners states that the men were posted as missing only after all possible inquiries by regimental and hospital officers had failed to trace them.

LITTLE WASTE IN ADAPTING THE WAR MACHINERY TO USE

London, Jan. 3.—(Canadian Press despatch from Reuters' Limited).—Mr. Colgate, secretary of the Engineering Executive Committee, says there will be practically no waste in adapting the vast bulk of war machinery in Great Britain to the requirements of commerce. He says the ministry of munitions is buying, selling and transporting machinery from useless districts to productive areas, and this will go far to ease certain aspects of the housing problem.

RUSSIA GOES BACK TO VOLKA

License System Adopted to Obtain Money for Cost of New Army

Vladivostok, Jan. 1.—Beginning the Russian new year, the Kolchak government removes the prohibition on the manufacture and sale of vodka imposed by the late Czar at the commencement of the war. The license system will be adopted, with high excise charges, for the purpose of obtaining money to defray the cost of the new army.

A DRASTIC CUT IN WATER FREIGHT RATES

New York, Jan. 4.—U. S. Shipping board makes drastic cut in freight rates, ranging from 25 to 30 per cent. from Atlantic ports to all continents except Europe.

SOLDIERS PRAISE TRAIN CREWS FOR WORK IN WRECK

Toronto, Ont., Jan. 4.—Soldiers who reached Toronto yesterday in troop trains were unanimous in praise of the work of the train crews in their behalf, following the wreck at Glendyne, N. B., which caused the loss of three lives and injuries to five others. They suggested that some mention should be made of the train crews in the C. E. P. E. who, with his staff, provided hot drinks and food within a remarkably short time after the accident had occurred.

BORDEN OPENS CATHOLIC HUT IN LONDON

London, Jan. 4.—(Canadian Associated Press).—Sir Robert Borden, opening a new Catholic hut at Waterloo Station, said the Canadian Government was anxious in finding employment for those who had lost it owing to the war. He paid a tribute to the people of England, especially the Catholic Women's League, for all they had done for overseas soldiers.

Soldiers In Wreck Say N. B. People Did Not Treat Them Well

Toronto, Jan. 4.—Injured returned soldiers who were in the wreck at Edmundston, N. B., and who arrived here last night, said that the treatment given them by the inhabitants of the country was not at all cordial. "They absolutely refused to have anything to do with us," said one man, "neither offering food nor shelter. We had to shift for ourselves until the hospital train arrived from Quebec, 120 miles away."

Week of Prayer Services Group 1

General Topic: "God's Challenge in the Hour of Peace"
Monday, Jan. 6th—St. Mary's, Anglican—Speaker, Rev. H. C. Fraser. Subject: "God's Challenge to Gratitude."

Prayer Service Thursday, 8:00 p.m.

INCREASE IN PENSIONS

The local pension board has received advice from the head office at Ottawa that increases have been made in allowances to children as well as brothers and sisters of deceased or disabled soldiers. For children and brothers and sisters of deceased or disabled soldiers whose mothers are still alive increases have been made as follows: First child to receive twelve dollars per month, an increase of four dollars; the second child to receive ten dollars and the third and other children of that family to receive eight dollars per month; this latter allowance has remained unchanged.

The Audit Bureau of Circulations audits the circulation of The Evening Times.

THE BOLSHEVIKI

A pamphlet purporting to be issued by the "provisional council of soldiers and workers' deputies of Canada," has been distributed from door to door in Toronto. It tells the people "The time is ripe for revolution and you must rise." In Bangor a circular has been distributed, addressed to workers' saying: "Do not be deceived by the rich men's newspapers. The Bolsheviki government of Russia is the workers' government. All officials are elected, none are appointed. The allied nations' troops should be withdrawn from Russia and Siberia and let them have home rule. Disarmament, universal and simultaneous, and internationalism will prevent future wars. Now is the time to act."

All over this continent the Bolsheviki element, in some places quite strong, in others weak, is planning to bring about anarchy. The destruction of military element in human society to believe that it can enter upon a further campaign of destruction, as has been the case in Russia. Wherever there is a foreign element in this country of the United States there are some Bolshevists, who do not appreciate the freedom the country gives them, and who would destroy its institutions with as little compunction as the Huns felt when they were cutting off the hands of Belgian children. We are quite too lenient with these enemies of the commonwealth. Where they incite to violence to overthrow the established order in a free country they should be hunted down and punished. Their panacea for national ills has been proved to be a poison.

MOTHERS' PENSIONS

Is a system of mothers' pensions workable? It has worked for years in the state of Illinois, and is in operation in a number of other states. It is in operation in the province of Manitoba. The process is simple. There is first a very careful investigation of every case, to be sure that it is a deserving one, and that no attempt is being made to throw upon the public a burden which parents are able to assume. When it is made clear that in the interest of the state the mother should be helped to keep her little home together and give her children a mother's care, a stated allowance is paid her from the funds of the province or state. The allowance varies with the number of children. The latter are thus enabled to grow up in a normal home and secure an education fitting them for productive industry. This is clearly in the interests of the state. In this connection the following article from the Toronto Star is both instructive and inspiring:

"The city of Galt is sending to other municipalities throughout Canada a letter signed by William S. Dakin, the mayor, asking for an active general support of the proposal that pensions be granted to widows with children in order that family life in these cases may be maintained with some prospect of the well-being of these mothers and their young. Mayor Dakin encloses a resolution passed by the city council of Galt, declaring the vital importance of this question to the national life of the Dominion, and petitioning the Dominion government to give the matter the weightiest consideration. A copy of the resolution is being forwarded to the prime minister and to other municipalities, asking them to join in urging the government to action. With the copy of the resolution is enclosed an article from the Star in which was reproduced and commented upon some evidence put forward by Rev. Peter Bryce of this city in proof of the need of pensions for widows with children. There is also enclosed an expression of opinion by the Bishop of Huron in his annual charge, in which he declares strongly in favor of pensioning widows and against the breaking up of homes by placing the children in public institutions. 'A home is the birthright of every child,' declares the Bishop, and 'to separate a mother from her children is at once to inflict upon the mother the bitterest sorrow, and to deprive the children of their natural guardian and the community of one of the most valuable elements in the moral training of the children.' It is too much to expect the widow, who has been left without means, both to bring up the children and earn the living, so that the children must suffer for lack of care or lack of sustenance, or both. 'It is useless to go on shirking a question of this kind, and it is encouraging to find the city council of Galt facing it and sending out the call to other municipalities throughout the country. It is useless to say that widows should not be left with children and without means. They are so left, and they will be so left, and organized society, for its own good, must see about it. As the Bishop of Huron well puts it: 'Not all poverty is due to thriftlessness. Our social and industrial system is such that when a married wage-earner is removed by death in early manhood his widow and orphans are necessarily left in more or less poverty, and when this is the case, it would only seem fair that the system would come to their assistance.' Not

only would it be fair to those concerned, but it would work out to the general advantage."

The fatherly talk of Mayor Hayes at the council board yesterday was a fit beginning of the new year. His worship pointed out clearly the heavy and increasing demands upon the civic treasury, and the questions of grave importance with which the council must deal this year. It is not an easy task that confronts the council. There is need of serious study of the various problems, in order that the best results may be achieved. The year 1919 ought to witness much progressive civic legislation.

The forces of the Bolsheviki continue to gain successes in western Russia. There is still no indication of the course to be pursued by the Allies in regard to Russia, other than that there is a disposition not to intervene if it can be avoided without danger to Europe. But if the Bolsheviki are left free in Russia, will they not be a very grave menace to the whole of Central and Western Europe?

If there is one thing needed to complete the demoralization of Russia it is vodka, and we are told that the Kolyok party has decided to repeal the prohibitory act. There does not seem to be very much choice between this party and the Bolsheviki. It is only a difference of method in getting at the same result.

The Great War Veterans are to be congratulated on the success of their Christmas tree entertainment for soldiers' children. The children were happy, but here and there a widow's weeds reminded the onlooker that this assemblage was not without an element of profound pathos.

Sections of Kings county which did not suffer seriously from the first epidemic of influenza are now facing a serious outbreak. Apparently the disease will linger in the province throughout the winter, and care for one's health is for that reason the more urgent.

The council of the board of trade does well to enlarge the scope of its work and invite a larger co-operation. The citizens should respond and make the board's work more general and more effective for the good of the city.

The illness of Hon. Dr. Roberts followed many weeks of untiring work and deep anxiety in connection with the public health department, and news that he is recovering is a source of general relief and satisfaction.

Yesterday's city council meeting was a real love feast. Mr. McLellan made a graceful and conciliatory speech on retirement, and the new commissioners spoke in the same spirit. The new council is off to a good start.

President Wilson is an idealist, but one who works for his ideals. His phrase, "friendship of the world," expresses a noble conception, worthy of the devotion of the nations.

With a larger police force, and better paid, we may anticipate fewer petty crimes and the prompt rounding up of the boot-leggers.

COLORED SNOW. A study has been made by A. N. Winchell and E. R. Miller of the University of Wisconsin of a shower of dust which discolored falling snow at Madison and elsewhere. According to somewhat scanty reports this shower covered an area of at least 100,000 square miles and probably much more. The total quantity of dust is estimated to have been at least a million tons, and may have greatly exceeded this, perhaps even amounting to hundreds of millions of tons. A study of the character of the dust and of the attendant meteorological conditions leads to the belief that the dust was blown all the way from arid regions in the far southwestern United States, and was therefore transported 1,000 miles or more.

MORE THAN 400 PERFUMES. It is interesting to note that 4200 species of plants are gathered and used for commercial purposes in Europe. Of these 420 have a perfume that is pleasing, and enter largely into the manufacture of soaps, soaps and sachets. There are more species of white flowers gathered than of any other color—1,124. Of these 187 have an agreeable scent.

Next in order come yellow blossoms, with 951, seventy-seven of them being perfumed. Red flowers number 823, of which eighty-four are scented. The blue flowers are of 594 varieties, thirty-four of which are perfumed, and the violet blossoms number 308, thirteen of which are pleasantly scented—The Bits.

Emerson & Fisher Ltd.

LIGHTER VEIN

"Will it be all right to say that France took President Wilson to her bosom?" "Say, rather, to her breast."—Baltimore American.

"How long have you had your cook?" asked the abrupt woman. "More than two years," replied the patient hostess. "My! One of you must be easy to please."

The Pikers Suffer. "Who is that poor fellow with the guards watching him?" asked the visitor to the penitentiary. "Oh, he's a desperate criminal," replied the warden. "He's doing twenty years. He wrecked a train."

"To have so many privileges?" asked the visitor. "Oh, he's a financier," replied the warden. "He is doing two years. He wrecked a railroad."

"Are you in favor of government ownership?" "Yes," answered Senator Sorghum; "on one condition."

"What is that?" "My own great political party must be running the government."

A Mean Remark. "Had men tell no tales," observed the Sage. "Maybe that is the reason why so many widows get to marry again," commented the Fool.

"FLOURLESS BREAD"

Several German newspapers have printed under the title "Flourless Bread" reports of experiments in making bread direct from the grain without first grinding it to flour. This is done simply by soaking the grain in water and kneading it into dough. The war committee of German millers says, however, that this method was tried thirty years ago, but has never been used, except in small bakeries, and the expectations of obtaining a large quantity of bread in this way have not been realized. Using the grain itself, soaked in water, would save about one and one-half per cent. ordinarily lost in dust. Even then what might be gained in weight would be lost in nutrition, as the bran made of grain would contain many impurities.

Twenty-Five Cents is all you need to Join Our Musical Club

Twenty-five Cents Puts a High-Grade Phonograph in Your Home

Think of it! A High-Grade Phonograph For \$28.00

Also Higher Priced Machines on This Easy Payment Plan

Starting at 25c, and continuing as per schedule below, you will soon have it paid for. Remember, in joining this Club you get the best machine made. The only high-grade Talking Machine that will play any record without changing the sound box. Uses either the steel needle or the permanent sapphire ball point, which requires no changing. Come in and let these instruments speak for themselves. You will have fifteen different models to choose from and over two thousand records. Just save part of the money you spend foolishly every week. A single solitary quarter, the price of three cigars, the price of two sandwiches, the admission to any picture show will send one of these high-grade Talking Machines to your home complete. Come here now. A twenty-five cent piece will do the work of a ten dollar bill. You can save twenty per cent if you buy on this club plan or during this sale. We bought before the advance and are giving you the benefit of the low prices. You may never have another opportunity like this one. Anyway, come in and hear the music and let us explain this wonderful saving plan. It costs you nothing to investigate.

Ask for our Easy Payment Plan on pianos. We will make a liberal allowance for your old machine in exchange.

AGE OF MOTHERS BEARS ON TRAITS

Offspring of Young Women Have Better Appreciation of Music—What Tests Revealed

Los Angeles, Jan. 2—Nearly all aviators and radio operators possess musical ability, and were born early in the life of their mother parent.

These were among the recently announced discoveries of Theophilus Fitz of this city, as the result of twelve years of research, during which more than 18,000 tests were made in high schools here and in New York and in colleges and musical conservatories in many parts of the country.

Other facts revealed by his studies, he said, were that the appreciation of rhythm and rhythmic sound was more developed in children born of young mothers than those of mothers of middle age; that dramatic ability was also the result of early motherhood; that men who have high or medium high voices are inclined toward the professions and arts; and that during the last 100 years more babies were born who developed soprano or tenor voices than of the contralto or bass type.

In his studies Mr. Fitz undertook to demonstrate a theory that the quality, quantity and compass of the human voice and the musical aptitude of an individual could be definitely determined during the years of adolescence. His theory, he said, was amply supported by the numerous tests he had made.

Hopeless if Twin.

His diagnosis of the musical aptitude

of a pupil, he said, required no test of the voice, the examination consisting of a series of questions and a few measurements to determine the extent of the resonance cavities of the head.

One series of questions related to physical characteristics, another to educational attainments, and others to temperamental traits.

One of the questions asked was, "Are you a twin?" Mr. Fitz said he had discovered early in his experiments that a diagnosis of the musical aptitude of a twin was impossible.

DAILY FISH BULLETIN

Issued by Canada Food Board

TRANSPORTING FISH

People usually do not think of a trawler and a sled as being vital factors in the fishing business but without mule skimmers and big bob-sleighs the fish production of Lake Winnipeg would be considerably reduced in winter, because each portion of the catch has to be freighted 150 miles over the ice.

A similar situation exists in Alberta and Saskatchewan, and in the Pas district of Manitoba.

THRIFT RECIPES

Issued by Canada Food Board

APPLE AND CARROT CONSERVE

Carrots, diced, 1 quart

Tart apples, sliced, 2

Syrup, 2 cups

Cook the carrots in sufficient water to cover them until they are tender; do not drain them. Add the other ingredients, and cook the mixture until it is clear.

Food Board Flashes

Copies of the Fancy Meat booklet issued by the Canada Food Board are now available and can be had free by writing direct to Ottawa or to any of the provincial committees.

This booklet, which is being widely distributed by the packers, contains recipes for the cooking of the cheaper cuts of meat. At the same time ask for the potato booklet. The two together should help the thrifty housewife in the preparation of many an economical and wholesome meal during the winter months.

EXHIBITION OF CHEESE

Sussex Record—Arrangements are being made by Dairy Superintendent Coleman to hold a cheese exhibit at Sussex in the near future.

Some fine samples of cheese were selected from the makes of the various factories and sent to the New Brunswick Cold Stores. These will be shown here later and awards will be made for the best samples shown. It is intended to make this an annual affair and later the butter makers of New Brunswick will also be given a chance to compete under well defined rules. Such competitions have been held in Nova Scotia for some years and there is keen rivalry there for first honors. The quality of cheese sent from New Brunswick factories has shown a marked improvement during the past two years and the result has been that there is an increased demand for the output, with better prices prevailing.

GIFT TO HIS BRIDE

Hugo Cunliffe-Owen, Tobacco Manufacturer, Marries Miss Helen E. Oliver

Hugo Cunliffe-Owen, the biggest manufacturer of tobacco goods in Great Britain and vice-president of the American Tobacco Company, who was married on Dec. 31 in the Conant Memorial Church in Dudley, Mass., to Miss Helen Elizabeth Oliver of New York, gave his bride a \$4,000.00 check as a bridal gift.

The ceremony was performed by the Rev. Gomer Lewis, pastor of the church, in the presence of about forty relatives and intimate friends from New York and Montreal, N. J. Miss Martha Oliver of Orange, N. J., was the bride's only attendant.

The bride is but twenty-two years old and is a divorcee. Mr. Cunliffe-Owen is forty-eight. It is understood the bride is wealthy in her own right. Her husband is the son of Sir Philip Cunliffe-Owen of England, and is a member of many New York and London clubs.

The Cunard Steamship Company have placed orders with Messrs. Vickers (Limited) at Barrow, England, for the building of several new liners, two of which will be laid down immediately.

A MODEL KITCHEN.

Draught Closet Keeps Odors Away From Living Rooms.

When the housewife boils ham or cabbage, everybody in the house knows it. If the cooking is done in the diminutive kitchenette of a modern apartment, a small edition of a German gas attack is very apt to be the result.

The architect who designed a model kitchen recently installed in Paris, solved the cooking odor problem by borrowing an idea utilized for many years in all well equipped chemical laboratories. Many chemical operations are accompanied by disagreeable and often highly injurious fumes. Such operations are carried on in so-called draught-closets.

The draught-closet of the model kitchen is very similar in construction to the chemical draught closet. It has glass doors through which the progress of the cooking operations in the gas stove can be watched. A slit in the lower part of the glass doors admits air and the heat, steam, smoke and cooking odors escape through a flue placed in the upper part of the cabinet. If the draught-closet in kitchen or kitchenette is properly constructed and provided with a good flue, it will prevent even the odor of corned beef and cabbage from penetrating into the living-rooms of the apartment.—Popular Mechanics.

WOOD CELLULOSE FEED.

Extensive experiments in Sweden have shown that wood cellulose is an excellent cattle feed, and the Swedish

Teach Children to Use Cuticura Soap

Because it is best for their tender skins. Help it now and then with touches of Cuticura Ointment applied to first signs of redness, roughness, pimples or dandruff. If mothers would only use these super-creamy emollients for every-day toilet purposes how much suffering might be avoided by preventing little skin and scalp troubles becoming serious.

Sample Each Free by Mail. Address post-card: "Cuticura, Dept. N, Boston, U.S.A." Sold by dealers throughout the world.

government is pushing its manufacture as much as possible. On account of the difficulties of exportation, Sweden has a supply of about 500,000 tons. The Agricultural Society has requested the government to fix a maximum price for this feed of twenty-two crowns per 100 kilos (\$5.50 per 220 pounds).

Semi-ready Peace Benefit Sale

Will Earn A Thanksgiving

Semi-ready Editorials

From the Semi-ready Special.

The Cost of Wool

The Government fixed the price of war wheat at about three times its average price in peace times.

The price of wool had been left to the "open market" in the matter of price—and it has fluctuated between two and three times the peace-time price. When the British and the United States Governments cornered the wool market, the price jumped to four times the normal price.

The cost of a good suit of clothes is just about twice what it was before the Kaiser went war mad.

The old \$10 ready-made suit value has been replaced by suits at from \$17 to \$21.

Even the \$15 Semi-ready Suits, with their fixed label-in-the-pocket standard of value, have advanced in cost to \$22.50, and promise to be \$25, if costs mount higher.

We have two buyers in England today watching the market, watchfully waiting. Not in four years have we failed to keep in close personal touch with the market.

Sometimes we have been unfairly dealt with by weavers in the matter of quality, but whenever this did occur we sold the inferior cloth to makers who had no established standard of quality.

But the genuine British weaver has kept up his quality standard—

For Semi-ready Tailoring—we have improved the standard of making—and were it not for the huge stock of wools held by the various governments for future needs the price of a good suit or overcoat would not be so high as it is today.

All is Not Wool That Curles

A pure wool yarn, free from old wool and from cotton, is hard to get. They cannot make such a yarn into cloth for home consumption in England.

But for their export trade to Canada, to customers like the Semi-ready Company, who had established a standard and who must maintain it, the War Board issued a special permit to the English weavers.

This is why we are today getting fine wool cloth, worth from 10 to 15 guineas when tailored—cloth which was formerly used almost entirely in London, Paris and New York, where the millionaires would feel slighted if they did not pay \$100 to \$150 for a suit model.

All is not wool that curles—but we have maintained our pure wool standard in the making of all suits of quality—but not in the cheap lines at \$15 and \$18. This we have avoided as a war plague.

What About the Future?

The men's suit trade suffered in war times. With over 20,000,000 extra men wearing uniforms, the civilian trade suffered.

What trade suffers most in war should prosper more in peace.

That these twenty millions will again require civilian clothes, both suits and overcoats, will tend to keep up the price of cloth whilst other wares return to a normal price-level.

Men in the woollen trade say they do not see any prospect of a fall in the price of good cloth until a year after the signing of peace and the demobilization of the vast armies in Europe and America.

To help you to await that day this Peace Benefit Sale is designed, and it will not be for long.

Overcoats and Ulsters For \$19.50

One lot of Semi-ready Overcoats and Ulsters we will sell for \$19.50.

\$25 Ulsters and Overcoats \$20
28 Ulsters and Overcoats 23

Better for You than Tea or Coffee

—and more quickly prepared

CHOCOLATTA

add boiling water and serve

—Compared with the making of tea and coffee the preparation of chocolate in the old fashioned way was rather a difficult proceeding. It required a deft hand and plenty of time and patience.

—But Chocolatta has changed all this. Place the required quantity in a cup and pour in boiling water and you have as fine a cup of chocolate as can be made.

—Drink Chocolatta regularly in place of tea and coffee and note the improvement in your health. Chocolatta stimulates and restores exhausted nerves, is highly nourishing and easily digested.

Chocolatta is compounded of pure chocolate, milk and sugar—three perfect foods. Your grocer can supply Chocolatta in khaki tins.

Army Cantines, Restaurants, Military Hospitals, Institutions and Schools are invited to write for free sample of this economical, nourishing food-drink.

NETHERBY FOOD COMPANY, TORONTO.

Little Red Riding Hood was on her way through the wood to visit her grandmother, when she met a savage-looking wolf.

"Why do you look so white?" growled the wolf.

"I can't help looking white, sir," said Red Riding Hood.

"Mamma just washed me with 'Infants-Delight'."

INFANTS-DELIGHT TOILET SOAP

HAPSBURG'S FALL IS BRIGHT SPOT IN AUSTRIAN TRAGEDY

Can Never Be Restored, Declares Karl Seitz, Leader of Socialists—Entente Loan is Needed

The only bright spot in the "tragedy of Austria," was the release of the country from the Hapsburg autocracy, which could never be restored, declared Karl Seitz, leader of the German Socialists in Austria and president of the National Assembly of German Austria, in an interview given in Vienna.

The fate of German Austria was especially tragic, he said, because she had been accused wrongfully of kindling the war. History would prove he declared, that the German-Austrians had no expansive aspirations against the Slavs, and always had opposed the action which started the war. No country in the world, Herr Seitz asserted, had suffered such brutality and persecution at the hands of the military class as had German Austria.

A federation of nations comprising former Austria-Hungary, perhaps, would be desirable in the interests of capitalism, Herr Seitz continued, but such a thing was impossible for a long time, not only because the Czechs-Slovaks now are fighting against the Germans, but owing to the insuperable difficulties of arrangement of common customs, taxation, financial and traffic systems, and say nothing of the difficulty of language.

Austria, however, cannot exist alone because of her geographical position, and because the arteries of traffic unite her with South Germany and thence with all of Germany upon whom

Big Programme In Playground Work for 1919

The Playgrounds Association will this year ask the city council to restore its former grant of \$4,000. To enlarge the scope of its work, secure unity of control of all the public playgrounds, and to secure if possible a better home for the Boys' Club are features of the 1919 programme.

The monthly meeting of the executive was held last evening, with the president, A. M. Belding, in the chair. Mayor Hayes was among the members present. It was pointed out by H. H. McLellan that they had to improvise some temporary equipment at the Aberdeen playground last year, because money was scarce, and at least \$300 should be spent there next year. Other members said there was also need for improvement on some other grounds, and the chairman added that supervisors should be provided next summer for the new South End and West End grounds and Victoria square, and if possible a neighborhood playground should be secured near the Marsh bridge. After a general discussion it was decided to ask the city council to increase the grant from \$2,500 to the \$4,000 given before the war.

H. H. McLellan, Mayor Hayes, Capt. Mulcahy, R. S. Ritchie and the chairman were appointed a committee to consider the question of a better home for the Boys' Club next winter.

The chairman brought up the question of unity of control of all playgrounds. The ideal plan would perhaps be city control under a director of recreation appointed by the city council, but if that were not at present practicable the control might be vested in the Playgrounds Association, subject to approval of its policy by the commissioner of parks and playgrounds, who with the mayor, is a member of the board.

Mayor Hayes, in the course of his talk about funds for various causes, made a very interesting suggestion. He pointed out that there would be no more Red Cross drives, and that the same would probably be true of several other organizations which had conducted great drives for war purposes, raising very large amounts of money. Would it not be possible, say next fall, to find out exactly how much money would be required for all these local welfare organizations for which grants are now asked, and make one big drive to cover the total. He was sure the citizens would be glad to contribute, and it would increase their interest in the work, and at the same time obviate the necessity

In Public Favor Everywhere—

of making so many separate appeals heartily endorsed by several of the mem- during the year. The mayor's view was bers in the discussion that followed.

Austria, owing to her needs for coal and capital, is dependent for her restoration. The German-Austrian Republic which had not yet been recognized by the Entente as an independent state, Herr Seitz declared, was faced with the greatest difficulties concerning food supply, raw material and capital. It would hardly be possible to maintain this state economically without a loan from the Entente.

Herr Seitz contended that the smoothness and order with which the revolution in Austria had been achieved, had done much to restrain the spread of Bolshevism in Germany.

Entente subjects who had remained in Austria throughout the war had, he said, suffered no ill-treatment from the people of German-Austria, who had no hatred against England, France or America. Herr Seitz expressed hope that with the conclusion of peace any hatred against the Germans in Austria would cease.

THE DEPOSED SOVEREIGN
All Gold Coins in Britain Required in National Interest.

There is disappointment in store for those people who are looking forward to the return of the golden sovereign with the national interests, to continue to use "Bradbury" for some time to come.

It is proposed that all the gold coins in the country shall be scooped up, as it were, into the Bank of England; and a body of financial experts appointed by the government to advise on the after-war problems suggest that all banks shall transfer any gold now held by them to Threadneedle street.

Before the war the Bank of England had about \$8,000,000 in gold in its reserve coffers, and there were another 125,000,000 at the bank and in the hands of the public. It is suggested that for the purposes of foreign trade and for the needs of our reconstruction period an effort should be made to concentrate at least 150,000,000.—Tit-Bits.

THE RAVEN'S WARNING.
Tradition has it that all the calamities which dog the footsteps of the ill-fated Austrian royal family are foreshadowed by the appearance of a raven.

When the Archduke Maximilian departed for Mexico—and execution—a raven followed him on the path, and when the Archduchess Christina left for her unhappy life in Spain a raven hovered over the carriage.

A whole flight of ravens is said to have hovered over the crowning of the late Francis Joseph, and one of the ill-omened birds dashed a peach from the hand of the Empress Elizabeth the day before she was murdered at Geneva.—Tit-Bits.

The motorist, the professional man, and the business man will appreciate the luxurious comfort and smart style of

FREE PUZZLE PRIZE
\$4500.00

In Cash has been Given Away FREE also hundreds of Merchandise Prizes \$200.00 more IN CASH will be Given Away as follows

1st Prize, \$50.00 in Cash. 2nd Prize, \$40.00 in Cash
3rd Prize, \$35.00 in Cash. 4th Prize, \$25.00 in Cash
5th to 9th Prizes—Each \$10.00 in Cash.

TOGETHER WITH MANY MERCHANDISE PRIZES

Herewith will be found the picture of an Aviator who has just dropped a bomb on a pile of shells. At first glance the Aviator and the Explosion appear to be all there is in the picture, but by careful study the faces of several soldiers will be found. There are 7 of them in all. Can you find them? It is no easy task but by patience and endurance can be accomplished.

You may win a cash prize by doing so. Many have done this as will be shown by the names and addresses which we will send you. If you find the faces mark each one with a pin and then cut out the picture and send it to us, together with a slip of paper on which you have written the words "I have found all the faces and marked them." Write these nine words plainly and neatly, as in case of fire, both writing and address are considered factors in this contest.

This may take a little of your time but as you will receive \$25.00 in cash and many merchandise prizes are given away, it is worth your time to make a little trouble over this matter. Remember all you have to do to win is to find, cut out the picture and write on a separate piece of paper the words "I have found all the faces and marked them."

WE DO NOT ASK YOU TO SPEND ONE CENT OF YOUR MONEY IN ORDER TO ENTER THIS CONTEST.

Send your answer in care of our office by Return Mail telling you whether your answer is correct or not, and we will send you a complete list of names and addresses of persons who have won \$250.00 in Cash Prizes in recent contests held by the publishers of this advertisement. Although these persons are entirely unknown to us, they are our referees. An answer from any one of them will bring the information that our contests are carried out with the utmost fairness and integrity. Your opportunity to win a \$250.00 cash prize is equally as good as yours is to win a \$250.00 cash prize in any other contest.

Turn over a new page in your Home Life by purchasing a **Cremonaphone**

THE GREATEST HOME ENTERTAINER

Let your home be as handsome as it may, let it be filled with the best books, the finest furniture—yet, unless you have music in your home, you do not know what real happy home life is. Turn over a new chapter by installing a Cremonaphone—the only high-grade talking machine that plays all makes of records with one universal tone arm. The great outstanding feature of the Cremonaphone is the naturalness of its tone production. No matter what the selection, the Cremonaphone reproduces it true to life. The Cremonaphone Cabinets are made in our own piano factory and have that handsome piano finish that is so much sought after.

Entertain your family and friends with this perfect talking machine. Hear it play the latest song hits and those harmonious melodies that tug at one's heart-strings. Dance to its waltzing one-steps, two-steps, and waltz music.

For the brightness and happiness it makes possible let the Cremonaphone start a new and happier chapter in your home life. Many models to choose from.

VAST EXPANSION OF MEDICAL SERVICE HAD BEEN PLANNED

General Headquarters, American Expeditionary Forces, Nov. 27.—(Correspondence of the Associated Press)—A vast expansion of the medical service of the American army in France was projected before the armistice was signed but the plan was suspended when hostilities were stopped. In addition to the 282,840 beds then ready for use in camps and hospitals 428,722 normal beds and 541,289 expansion beds were in process of construction or procurement in preparation for expected campaigns.

Men FROM 17 TO 60 NOTICE!

These are only some of the medical supplies. Pins and safety pins, sutures probably more than their proportion in casualties. The roll of killed and wounded in doctors and nurses and other branches of the corps is a long one, testifying to the devotion and bravery of these non-combatants.

Keep the Air Moist and Healthful By Using The Radiator Humidifying Pan

Goes Behind the Radiator—out of Sight

Breathing super-heated, dried indoor air produces more headaches, colds, La Grippe and Pneumonia than all other causes combined, declare leading health authorities.

Artificial heat, coming from steam and hot water radiators dries out most of the moisture of indoor air, preventing the natural in-flow and out-flow of moisture the human body should have.

THE RADIATOR HUMIDIFYING PAN offers a natural relief from the injuries of impure indoor air. When filled with water and placed on the back of any steam or hot water radiator, between the radiator and the wall, out of sight, it evaporates the water, rapidly converting the dry, vitiated indoor air into a moist, healthful atmosphere that Nature requires and good health demands. The Radiator Humidifying Pan is made of HEAVY GALVANIZED IRON, 70 FT. WIDE OR CLOSE FITTED RADIA-TORS.

Price \$2.30 Each

LOCAL NEWS

GEORGE L. ROLSTON

The death of George L. Rolston, aged thirty-four, occurred this morning after illness of six months. He is survived by his mother, one brother, A. W. Rolston of St. John and a sister, Ethel, in Bath, Me.

TO ADDRESS VETERANS

Arrangements have been made by Captain G. E. Logan, president of the G. W. V. A., for an address to be given in the veterans' hall by F. A. McKenna, noted war correspondent, at which not only the returned men but also members of patriotic societies will be welcomed.

DEATH OF BOY

The death of Joseph Sheehan took place this morning at St. Patrick's Industrial School. He was aged eleven years and had been ill one week. Death was due to pneumonia. His parents, four brothers, Corp. Frank Sheehan, Arthur, Charles and Harold, all overseas, and three sisters survive. They will have the sympathy of many friends.

SANTA CLAUS ON WEST SIDE

More than 200 Sunday school children in the West Side Presbyterian congregation were treated to sweets and a jolly good time last evening in a jolly packed and the fun was constant. Santa Claus was on hand and did the honors with the children, making encouraging speeches to the while. J. R. Cameron essayed the part and did it well.

FRANCIS C. SPITTEL, JR.

Friends will be sorry to learn of the death of Francis C. Spittel, Jr., which occurred this morning at his home, 70 Queen street, after a short illness of pneumonia. He was a master printer. Mr. Spittel is survived by his wife, one son and one daughter, his parents, Mr. and Mrs. Francis C. Spittel, one brother, John, and two sisters, Mrs. W. C. Dorman and Mrs. Joseph L. Bond, all of St. John. The funeral will be held at half-past two o'clock on Monday.

A GREATLY BEREAVED MOTHER

Mrs. Alexander Davidson of Elliott row is a mother and wife who has been most sadly bereaved of late weeks. A son-in-law and also a son died in Hall's house, succumbed to a long illness, and today a daughter, Mrs. Blackhall, is lying dead in her mother's house. The deepest sympathy is being expressed for the surviving members of the household in their manifold losses and sorrow.

PROMINENT ORANGEMAN COMING

Rev. H. K. Palmer of Guelph, Ont., who is to tour the province in the interests of the Orange order, was expected to arrive in the city yesterday, and plans had been made for a formal reception at the meeting of the county lodge in Orange Hall, Germain street, last evening. Owing to a delay, Mr. Palmer was not able to reach the city yesterday, and this feature of the gathering was missing. The session was devoted to the transaction of routine business.

ESCAPED THEN, CAUGHT NOW

William E. Turner, a Sussex lawyer, is seriously ill with pneumonia as a result of the influenza. Mr. Turner has been putting up a strong fight for about a week. The prevalence of this influenza attendant complications at the present time finally includes the Kings county business in that of an influenza epidemic towns of five or six weeks ago. At that time Sussex escaped with a very small percentage of cases, as the "flu" found fertile soil for a foothold at this latter date. It is thought it has reached its climax by now.

PICTURE LEAGUE EXECUTIVE

The executive committee of the Motion Picture Exhibitors' League of the Maritime provinces will meet in the city on Wednesday with President Walter C. McKay and his secretary. It is expected those present will be W. C. McKay and W. H. Golding, St. John; R. J. McAdam, John F. O'Connell and Geo. J. B. Metzler, Halifax; A. Gaudet, of Prince Edward Island and W. W. O. Penney of Fredericton. The executive session is a quarterly one and considerable important questions are to come before the body.

BURIED TODAY

The funeral of Miss Gertrude T. Donovan took place this morning from her mother's residence, Dock street, to the Cathedral, where high mass of requiem was celebrated by Rev. Robert LeBlanc, who was assisted by Rev. A. P. Allen as deacon and Rev. W. L. Moore as sub-deacon. His Lordship, Bishop LeBlanc gave the final absolution. In terment was made in the new Catholic cemetery.

MRS. GEORGE H. MARSHALL

The death of Mrs. Catherine Marshall, wife of George H. Marshall, occurred this morning at her residence, 428 Main street, after illness of three weeks. She is survived by her husband, two daughters, Hannah Isabelle and Mrs. Vernon D. Henderson of this city; one son, Charles F. Marshall, this city; five sisters, Mrs. Robert E. Wilson, Mrs. Robert Winchester, Miss Sarah and Mary, all of this city, and Mrs. H. E. Hays of Quincy, Mass., and one brother, George H. Paris. Mrs. Marshall was a faithful member of Dominion Lodge No. 18, L. O. B. A., and was a member of the Christian church, Douglas avenue. The funeral will take place on Monday afternoon at a quarter after three o'clock.

YOUNGER THAN THE SUSSEX SOLDIER

St. John Lad Spent 13th Birthday in Barracks and Next in Trenches

The Times-Star quoted an article yesterday from the Sussex Record regarding a soldier who was believed to be one of the youngest who went from Canada. His record is broken by that of Pte. Arthur Connolly, son of Charles Connolly of Exmouth street. This lad enlisted at twelve and spent his thirteenth birthday in barracks here, and his fourteenth in the trenches. He was twice wounded, and posted once as missing when he spent two days in a shell-hole in No Man's Land before he could safely return to his comrades. He was finally invalided home.

This boy was five feet nine in height when twelve years old, which accounts for his passing the physical examination and getting overseas.

WIFE AND CHILD IN MUNICIPAL HOME, FATHER IN JAIL

Children's Aid Comes Across Case Described as One of Worst Yet Encountered by Agent

What turned out to be perhaps the worst case of neglect with which Rev. George Scott of the Children's Aid Society has yet been called on to deal was brought to his attention on Friday by County Policeman Saunders. As a result of their investigations Mrs. Stiles Dunham and her little daughter Annie, six years of age, were lodged in the Municipal Home and later on the husband and father was lodged in the county jail by the policeman and will be called before Magistrate Adams to give an account of himself. What makes the case all the more distressing is that both mother and daughter were ill.

The family, consisting of the father, mother, and two daughters, Florence, fourteen years old, and Annie, six years old, lived in the upper flat of a house about two miles from the city, on the Marsh Road. When the two men called there Friday it seemed hardly possible that anyone was living in the place as the rooms, so far as any could be seen, were bare of furniture of any kind. The policeman had been there before, however, and pushing open a creaky door, revealed a little room where the woman and her little girl were vainly endeavoring to keep warm at a scanty fire in an old stove. It was easy to see that both were ill with heavy colds and under the circumstances it was wonderful they were alive at all. There was no clothing in the house for the little one, who was lying under a dirty cloak round her shoulders she had no clothing.

Mrs. Dunham said that they had lived in that place for the last three weeks. There was no fuel in the house and nothing to eat. Her eldest daughter had gone away that morning and her husband had gone into the city in search of work. He had been working steadily last summer making good wages but all that he gave her was enough to buy food. She did not know what he did with the rest of his money.

No time was lost in getting into touch with Mr. Wetmore and he sent a team from the Municipal Home with bundles of clothing and blankets for the woman and child and in the meantime food was got and was eaten ravenously. Florence was found later on in the evening in the house relatives in Brassey street who declared their willingness to care for her. Some other arrangements could be made. This same family about two years ago when living at Mispec were found in the same condition, if not worse, and the husband took to the woods when Policeman Saunders and Rev. W. R. Robinson went to bring the family in from a shack where they stabled an old horse as well as themselves, and were without proper food, fuel, and clothing. The mother at that time had just given birth to a child, which did not live.

PRIVATE HUGH KENNEY IS DEAD IN FRANCE

Through Three Years of Service at Front, Succumbs To Pneumonia

After three years service at the front, through which he had passed without disaster, Private Hugh Kenney of Hampton has died in France as the result of an attack of pneumonia. The sad news was received on Friday by his parents, Mr. and Mrs. James Kenney of Hampton.

Private Kenney, who was twenty-four years of age when he enlisted in April, 1915, with the C. A. S. C., and afterwards was transferred to the C. A. M. C. A brother, Harold, who enlisted with the 55th, was at the front for two years before being invalided home, after being wounded a second time. Harold recently arrived in South Africa on a vessel on which he is serving. Two other brothers and two sisters also survive.

LAUDER'S MESSAGE TO WIDOWS AND ORPHANS DELAYED IN MAIL

An unfortunate late delivery of mail prevented the wives and orphans of St. John soldiers yesterday hearing a message from Harry Lauder on the occasion of the Christmas tree given them. Mrs. J. H. Tillotson had written Mr. Lauder inviting him to attend. He replied under date January 2 from the Royal Hotel, and his answer did not reach Mrs. Tillotson until this morning at half-past nine o'clock. The noted Scot's letter read:

"Your favor to hand. I regret I have to leave St. John tonight. Give my love to the burms and wives of the lads who fought and won."

Yours sincerely,
HARRY LAUDER.

F. O. GARSON BUYS GYPSUM PROPERTIES IN CAPE BRETON

Frank O. Garson, of this city, has purchased the Victoria gypsum properties in St. Anne, Cape Breton, and is to leave for Philadelphia to meet the present owners and complete the transfer. From Philadelphia he will proceed to Chicago, Detroit and other cities across the border to arrange the organization of a large corporation to undertake the development of the mine on an extensive scale. There is a strong demand for gypsum reported at present and the prospects for the new company are said to be excellent. Mr. Garson, who is president of the Frank O. Garson Company, has proved an aggressive business man in the local field and it may be expected that his enterprise in entering this new line of activity will be marked by equal success.

WEEK OF PRAYER

The Protestant churches of the city will observe the annual week of prayer next week. The city has been laid out in districts for the holding of group meetings of an interdenominational character.

Cooking On The Glenwood E Makes This Work A Pleasure

"I never knew what a pleasure cooking or baking really was until we got a Glenwood E. Range. It is so simple and so accurate, and so certain that it takes this department of housework out of the realm of the disagreeable."

Mrs. Careful Housewife—There are more than 4,500 women in this city who will endorse the sentiment expressed above. The Glenwood E.—"The Range That Makes Cooking Easy"—is all you could demand in a range—simple, plain, no fussy ornaments to require perpetual polishing.

In short, it is the very range you have always wanted, and yours is right here all ready to deliver at your kitchen door. Will YOU join the army of contented Glenwooders?
