A Prayer

Appointed by the Bishop to be used in all the Churches
in the Diocese of Huron, before the Meeting of the
Synod and also during Session of Synod.

ALMIGHTY and Everlasting God, who hast promised, through Thy Son Jesus Christ, to be with Thy Church to the end of the world: we beseech Thee to be present with the Synod of this Diocese, now (*about to be*) assembled in Thy name. Vouchsafe of Thy great mercy so to direct, govern and sanctify *them (us)* in *their (our)* important work by Thy Holy Spirit, that, through Thy blessing on *their (our)* deliberations, the Gospel of Christ may be faithfully preached and obeyed, and the order and Discipline of Thy Church maintained and handed down unimpaired to those who shall come after us. Grant this, we beseech Thee, through the merits and mediation of Jesus Christ our Saviour.—AMEN.

THE BISHOP'S ADDRESS.

His Lordship then delivered his Annual Address, as follows:

Rev. Brethren, and Brethren of the Laity:

With a grateful remembrance of God's goodness throughout the past year, and with thankful acknowledgments of His many mercies in the present, we meet again for the discussion of Diocesan affairs, and the advancement of Christ's Kingdom throughout the world. In view of the serious illness through which I, myself, have passed, and the mercy of God by which I have been delivered, I desire publicly to celebrate His goodness to me, and also publicly to thank those Clergy and Parishes who so kindly sent me, in my hours of depression, their sympathy and condolence. They will please accept this as my acknowledgment of their great courtesy.

OBITUARY NOTICES.

The Rev. Henry Pahtahquahong Chase has passed away from our midst at the patriarchal age of four score and four years. He died in Sarnia, on the 23rd of March last, after a short illness. He was borne in the vicinity of Belleville, about the year A. D. 1816, and was an hereditary Chief of his tribe. His early education was received at Genesee College, in the State of New York, whence he graduated at the age of twenty-three years, and four years afterward was appointed by Lord Metcalfe to the position of interpreter for the frontier Indians. This position, as also a lieutenancy in the Indian militia, he held for a period of over sixteen years. In A. D. 1860 he received from the Prince of Wales the Queen's Medal. In A. D. 1863 he was admitted to the Diaconate by the Rt. Rev. Dr. Cronyn, first Bishop, and in A. D. 1864, by the same Bishop, was ordained to the Priesthood. His first sphere of usefulness was at Sarnia and Kettle Point. Subsequently he was removed to the Muncey Reserve, where he remained until he was superannuated. After a long life of activity and usefulness, he retired from active clerical labor, and spent the last years of his life in well-merited retirement.

ONE OF THE GREAT DANGERS OF THE DAY.

That in all departments of science and art the most extraordinary advances have been made in our time will be admitted by all. No one can deny, and no one wishes to deny, that everywhere we see progress, refinement and increased facilities for all the ordinary work of daily life. Man can do more business now in one day than our forefathers could possibly do in a month. He can travel more, read more, manufacture more, and sell more in one week than they could in six months. And yet, while all this is undoubtedly true in the world of labor and physical development, in the world of revelation and eternal truth there never was a time, at least in the Christian era, when such fierce and angry storms swept over the path

of the Church as do to-day, and though we well know that the truth itself cannot possibly be overthrown, and that the gates of hell can never prevail against the Church, yet it does not alter the fact that the faith of many may be perverted, and that thousands who otherwise might witness a good confession may be led astray to doubt, if not to deny the truth as it is in Jesus. Under the specious caption of profound learning and advanced criticism, doubts of every kind are thrown on the various books and utterances of the Bible; and the majestic dogmas by which the primitive Church fought the battles and gained the victories of the early ages against paganism on the one hand and heresy on the other, are first challenged and then thrown aside as if unworthy of the faith of those who live in the pure and intellectual freedom of the twentieth century. Among the many and false statements which are made at the present time is this: That revelation and science are in a state of irreconcilable and hopeless antagonism. And as it is assumed that science is not, and cannot be even presumed to be, incorrect, that therefore what is called revelation must be, and therefore the faith of those who have been accustomed to regard the Bible as the one eternal fountain of divine truth is rudely shocked, if it be not overturned. Now, the first question we have to ask is this: What is science itself? That real and indisputable science must be the truth is clear, and requires no evidence to substantiate; but that all that is called science by the world of to-day is really so, or not, is quite another question. St. Paul speaks of the ἀντιθέσεις τῆς ψευδογνώμης γνώσεως—"the oppositions of science falsely so-called," and the science he speaks of as falsely so-called is in existence to-day just as much as it was in his time. The scientists of this century do not at all agree with those of a hundred years ago, and if the present state of affairs exists for another hundred years, the scientists of that time will be exposing to their pupils the mistakes of those of to-day. The truth is, all the sciences at the present time are only in their infancy. They are only beginning to gather up the rudiments of truth. They speak as a child, they understand as a child, they think as a child, but when they all become as full-grown men, they will put away childish things. It is therefore manifestly unfair to ask that the Bible, which is a completed Book, written, too, by the inspiration of God, should be in harmony with all these so-called sciences which, at the best, are only in their childish and infantile stages. As the late Dean of Canterbury has well shown, that if the Bible were to-day in harmony with all the sciences in their inchoate and transitional state, in fifty years it would be in hopeless contradiction to them all.

Making allowance, however, for all this, there still remains something which may be fairly called science, and what I wish especially to note is this: That there are four great points of

dogmatic theology which I wish the Clergy and as of vast and increasing

dogmatic theology which true science most undoubtedly confirms. I wish the Clergy and Laity here present particularly to note them, as of vast and increasing value. They are:

First. The age and antiquity of man.

Secondly. The historical certainty of the Flood.

Thirdly. The reality of Eden.

Fourthly. The creation of the world.

I do not for a moment mean to say there are not many more corroborations which might be pointed out, but for the present I confine myself to these four great subjects.

First. The age and antiquity of man.

It is so often affirmed that man has been on the earth for untold ages, that some have been led to believe that on this point the Bible and science are in hopeless antagonism, for the Bible distinctly teaches that man has been on the earth only about six thousand years. The old Babylonians, for instance, used to say that their first king ascended the throne about B. C. 468,330. Historical criticism has at all times rejected this chronology as incredible. When Aristotle commissioned his disciple, Calisthenes, to obtain for him the astronomical lore of the Babylonians, he found that the observations of the Babylonian astronomers did not go back for 450,000 years, but to 1,903. The ancient Egyptians claimed in the wildest way an empire extending back for over 29,000 years, which, however far of the mark, has been equalled by Baron Bunsen, who, in his work, "Egypt's Place in Universal History," proposes to give to Egypt as the term of her duration from absolute barbarism to civilization a period ranging from 10,000 to 20,000 years. Turning to modern times, "We are told that man is a descendant of inferior animals; that his primitive condition was one of half brutal barbarism; that his rise to the actual position of humanity was through countless ages of progressive development, extending over periods vastly longer than those of sacred history. These doctrines, supported by much plausible show of proof, are given forth by popular writers as ascertained results of scientific research, and we are asked to accept a new Genesis, shorn of all the higher spiritual features of that with which we are familiar, holding forth no idea of individual life and salvation, but only a dim prospect of some elevation of the race as the result of an indefinite struggle for existence in the future." In proof of this we are referred to the skulls of Engis, Neanderthal and Cro-Magnon, the fossil man of Mentone, and other remains of the past. Now, the important truth I wish to emphasize is this, that notwithstanding all the above-mentioned theories, modern science has demonstrated that no human remains are found, except in the most recent formations of the crust of the earth. Geology has divided the whole chronology of animal life on the earth into four great periods, corresponding to

the age of the sedimentary rocks—the Eozoic, Palæozoic, Mesozoic and Kainozoic, the Eozoic being, of course, the most ancient, and the Kainozoic the most recent. Now, science has shown that no human remains have ever been found in the Eozoic, Palæozoic or Mesozoic rocks. There remain, therefore, only the Kainozoic rocks, the most recent as to formation. Now, the Kainozoic rocks are divided, first of all, into three formations, rising from the most ancient to the most modern. These three are the Eocene, Miocene and Pliocene. No human remains are proven to have been found in any of these three, nor in the Pleistocene, which lies above the Pliocene. It is only when we come to the later Pleistocene or modern formations that human remains are actually found. This is a great and important truth, for it shows that geology really confirms the Holy Scriptures and demonstrates the fact that human remains are not found except in recent rocks—in places, in other words, where, from the tenor of Scripture, we might expect them. The theory, therefore, of the immense antiquity of man is utterly false, being opposed both to Scripture and geology.

Secondly. The historical certainty of the Flood.

Geologists divide modern formations into four great periods, which they thus classify. The late learned Dr. Dawson, at one time Principal of McGill College, Montreal, tells us that after the earth had passed through its glacial stage, when its surface had all been swept over and striated by vast fields of ice, there arose another period, called the Post-glacial or Second Continental Age. To this he directs our special attention. In this Age, called the "Continental" from the fact that the continents then were larger than they are today, and the continents being larger, the seas were of course less. It was called the second continental age because such a preponderance of land had existed before and been overthrown. The climate was temperate. Man was represented in Europe and Western Asia by races now extinct, and contemporary with the mammoth and other great mammals now extinct, but also with modern species. This would be the period stretching from the Creation to the Flood, and these men who lived then and whose remains have been found at Engis and Mentone were those whom we call Antediluvians. This period, Sir William tells us, was terminated by a submergence fatal to men and many Mammalia, and covering the land with gravel and silt. This submergence, he says, was of limited duration, and then the continents acquired the form they still retain. That this awful submergence was the flood of Noah there can be no doubt whatever, and thus science exhibits what the Holy Scriptures positively affirm—the reality and positively terrific character of the Deluge.

Thirdly. The reality of Eden.

God wishes to exalt man. He tells us that man was created immediately by Him, and that he came forth perfect from His holy hands. Some scientists, on the other hand, want to debase man, and so teach their unhappy pupils that man did not come forth perfect, but that he was only a gradual development from the Anthropoid apes, and therefore was first found half ape, half man, crunching nuts amidst the dense foliage of some wild primeval forest. Now, Holy Scripture tells us just the opposite. It tells us that God made man in His own image and placed him not in a wilderness, but in a lovely garden, with all that was fair and beautiful about him. Now, geology shows that there was a continental period of warm and lovely climate, when all the surroundings of man would be in perfect harmony with his needs. Haeckel, the German rationalist, assumed for the origin of man a continent which he called Lemuria, and which he says is now submerged under the Indian ocean. It will be observed, however, that he locates man's home close to that region where the Bible history tells us man was originally placed, namely, the vicinity of the Persian Gulf. "Thus," Sir William says, "we are not under any scientific necessity to give up the old and beautiful story of Eden, and that, on the contrary, this better accords with the origin of man than do those hypotheses which have been avowedly founded on scientific considerations."

To conclude this section. The evolution theory as to the origin of man breaks down when tested by the reality of facts. According to the evolution theory, the skulls of these primitive cave men ought to be diminutive to the last degree. But what are the facts? With the exception of the celebrated Neanderthal skull, which stands alone, and is of altogether unascertained date, the skulls of the most ancient European men known to us are comparable with those of existing races. The skull found by Schmerling in the cave of Engis associated with the bones of the mammoth is of good form and large capacity. The skulls found at Cro-Magnon, in France, show a development of brain the European average, whilst the fossil man of Mentone shows a skull of great capacity, with the forehead full and the face of a Mongolian character. Thus science confirms with no faltering voice the plain and glorious truth of Scripture, that man was created perfect, and that in the image of God he was originally made.

Fourthly and lastly. The creation of the world.

It is usual to say that the Bible is not a scientific book, but there is no book which commits itself more definitely to certain doctrines as to the origin of the world and things therein. The Bible opens with an explicit statement on the subject of creation, which forms, as a scientific man has said, the whole basis of its subsequent teaching. It says: "In the beginning God created the heavens

and the earth." It offers no proof of this statement, but places it before us as an initial dogma, to be accepted by faith without any direct evidences. Such being the case, the question arises: What has science to say to this? Does it admit that there was a beginning? Certainly it does, and this it must do, unless it claims for the created order of things an eternity of being, which it never has. All science points to a beginning. Secondly, the Holy Scripture says: "God created." Now, reason forbids an intelligent man saying chance created, because chance cannot possibly bring order out of chaos or elaborate objects filled with evidences of design, and therefore there is no escape from the dogma of Scripture that God, and God only, is the sole Creator of the heavens and the earth. Thus, Sir William Grove, the author of the work which first opened up to the English-speaking world the great doctrine of the correlation of forces, after showing that neither matter nor force can be created or annihilated by man, and that an essential cause is unattainable by physical science, thus concludes that *causation* is the will, *creation* the act of God.

Thus we see that true science confirms these four great dogmas of Biblical teaching:

First. The great truth that God, and God only, was the creator of heaven and earth.

Secondly. The antiquity of man as being absolutely within the limits of Scripture.

Thirdly. The reality of the Noachian flood.

Fourthly. The reality of the Edenic state.

I have brought these matters carefully before you, because I am anxious to build you up in your most holy faith, and especially to emphasize the absolute inspiration of Holy Scripture. In this age, when so many fierce assaults are being made on the credibility of the Bible, and such persistent attempts put forth to undermine the blessed faith of our peoples in the awful holiness and minute accuracy of the Word of God, I would especially charge you, the clergy of this Diocese, by all the sanctity of your ordination vows, and by all your usefulness as ministers of Jesus Christ, to keep whole and undefiled your faith in Holy Scripture as the plenary inspired and divinely-accredited Book of God. I say this for four capable reasons:

First. This Book was believed in by our Lord and Saviour Jesus Christ. He said to His Heavenly Father: Thy word is truth; and to His disciples: The Scriptures must be fulfilled.

Secondly. The Bible is the golden and inspired setting in which is placed the Pearl of great price, and this Pearl is not some costly jewel from the mines of earth, but the glorious Son of Righteousness, whose bright beams alone can illuminate the world.

Thirdly. If the Church of God on earth contains to-day 400,000,000 of professed believers, it is because the Word of God has made them so. St. Peter says: Being born again, not of corruptible seed, but of incorruptible, by the Word of God, which liveth and abideth forever. After this sword of the Spirit has flashed in all the battles of the Lord for nineteen hundred weary years, to give it up for one of man's making would be an awful and fatal mistake.

Fourthly. It is the only Book in all the libraries of the world which will at last be fully vindicated. We hold and teach that it was all written, and only written, by God the Holy Ghost, and though there be in that Book deeps which we cannot plumb and heights which we cannot scale, yet we do well to remember that now we only see through a glass darkly; but the time will come when we shall see it in the light of God's throne, and then shall every word in it be vindicated and upheld.

In conclusion, permit me to urge upon you, the Clergy and Laity of this Diocese, that in your various Rural Deaneries you will all endeavor to cultivate united prayer for the spiritual growth and development of your parishes. Be assured that what this Diocese needs is not so much more gold in her treasury as more of the grace of God in the hearts of the people. We all need to be filled with the Holy Ghost, with His most precious fruits and various charismata, if we are to teach His whole counsel and do His whole work. I would therefore affectionately impress upon you that you would unite among yourselves for this one especial blessing, and be assured that just in proportion as you claim the promise that where two of you are agreed together as touching anything, that you will most assuredly receive it, your parishes will revive, and the work that may have been too much for you in the past will be found possible for you in the future.

THE FINANCIAL OUTLOOK.

Our able and most accurate Secretary-Treasurer has brought in a most gratifying report as to the result of the last year's receipts. He shows how favorable it is in comparison with the past, and how hopeful it is with regard to the future. The total receipts for the year were \$28,495.12, as against \$26,773.85, or a difference of \$1,722.27 in favor of this year. As regards offertories for Diocesan purposes, the difference is only \$66.88 in favor of the year terminating in April, A. D. 1899. I am thankful to record that the number of blanks this year is much less than at any time in the history of the Diocese, and though, perhaps, in some instances they might be larger than they are, yet I am anxious to record the fact that there has been a desire on the part of the Clergy throughout the Diocese loyally to fulfill the law and to bear respectively the burdens that may have been laid upon them.

THE PATRIOTIC FUND.

The exigencies of the present (and, we hope, speedily to be terminated) war have evoked throughout the land a profound and widespread sympathy; and this sympathy has arisen, not merely from the fact that Canadian homes have gladly contributed their contingent to the great army which has so long been struggling for mastery in the veldt and kopjes of South Africa, but from a deeper and still more impulsive power than even the ties of home and the unity of blood. This sympathy of which I speak has arisen from the undeniable fact that the heart of Canada beats to-day as it has ever done in the past, in strictest unity with the motherland. Furthermore, this Canadian nation, borne onward by this veneration and love, desired to demonstrate both to the Throne and Parliament of England that the affection of which we boast is not a mere sentiment, a dream which a dreamer dreamed, but a real and substantive principle which leads us, when the honor and integrity of our empire is at stake, to yield our strongest, our bravest and our best to leave both home and friends, to fight, and, if need be, to die, for the conservation of the kingdom and the triumph of the principles of truth. (And, without expanding this subject unduly, may I not say that there is another and most laudable feeling pulsating and throbbing throughout the land, a feeling, too, of which we as Canadians feel justly proud, that this late outburst of feeling has been a real and tangible expression of the absolute unity of the empire, and that though three thousand miles may separate this land from the shores of England, yet there is one grand vibrating chord running from the head to the utmost limits of the members, making us all one to live and grow together for the glory of God and the advancement of His truth.

THE WOMEN'S AUXILIARY.

I would again draw the attention of the Synod to this noble Association, and wish to say that I cannot too highly recommend it to the cordial support and loving sympathy of the whole Diocese. I would especially draw your attention to the very liberal contributions they have made to the funds of the Diocese in the past year. The amount which the Auxiliary has given in to our Sec.-Treasurer throughout the past year has been \$974.06, which, with all the other work they have done for mission fields abroad, must demonstrate the earnestness of their life and the reality of their self-sacrificing love.

THE WORK OF THE REV. F. E. ROY.

I desire to speak of the thoroughness of the work done by our Diocesan collector, the Rev. Franklin Edward Roy. From all that I have heard, if he were receiving \$10,000 a year for his services, instead of the very moderate grant given him at present, he could

Mr. Roy, forgetting himself and seeking only the good of the Diocese, has worked with an energy and unremitting industry which is beyond all praise. In the two years in which he has been engaged as our collector he has secured the following results :

THE ATTENDANCE OF THE LAITY.

It has often been a matter of regret to me, as doubtless it has been to you, that so few of our Lay Representatives are really present at our sessions of Synod. Last year our representatives numbered 289 members. As far as I could gather, there were only about one hundred present ; that is, there were some 189 absent. This ought not to be, and in order that it may be corrected, I would advise that a committee be struck to take the whole matter into consideration and see if the real root of their non-attendance can be discovered and a remedy be applied. The Church of England is the last Church in this world that can do without its Laity. We wish their counsel, their presence and support, and therefore no effort should be spared to secure their regular and most valued attendance.

THE WESTERN UNIVERSITY.

The Synod is represented in the Senate of this University by three members, nominated by the Bishops of the Diocese, and therefore it is proper to advert to its progress briefly. At the annual convocation, held on the 29th of May last, five students were admitted to the degree of B. A., and one to that of M. A. The honorary degree of D. D. was given to the Rev. Canon Hurst, in grateful recognition of his many and valued services. There were fifty-two students in attendance at the University during the past session, some taking the whole and others only a limited course. I wish to note the fact that the establishment of the Arts course has already led to the uplifting of the educational standard, a consummation greatly to be desired. The value of the University to the general welfare of the Diocese can hardly be overrated. I wish also to state that during the past session 190 services have been taken in the Diocese by divinity students, who have shown the most com-

mendable zeal and devotion. A regular service has been maintained for some years at Crumlin, and lately a new one has been established, with every prospect of success, at Westminster. I sincerely trust that both the University and College will have the heartfelt sympathy and cordial support of the Diocese at large.

ORDINATIONS.

During the year I have held two ordinations. The first on St. Thomas' Day, Thursday, December 21, 1899, in St. Paul's Cathedral, London. The sermon was preached by the Very Rev. the Dean. The candidates were presented by the Venerable the Archdeacon of London.

There were admitted to the Diaconate two students :

1. For the Rt. Rev. the Bishop of Michigan, Frederick Hewitt.
2. Simpson Anhyahkaosa Brigham, now our missionary at Walpole Island.

Ordained to the Priesthood :

1. The Rev. William Richard George, B. A.
2. The Rev. William Edward Virnell McMillan, B. A.
3. The Rev. Thomas Henry Farr, B. A.
4. The Rev. John George Hooper.

The second ordination was held on Ascension Day, May 24th, 1900, in St. Paul's Cathedral, London. The sermon was preached by the Rev. Cecil C. Owen, B. A., and the candidates presented by the Ven. Archdeacon of London. There were admitted to the Diaconate the following students :

1. Edward Appleyard, B. A.
2. William Henry Hartley.
3. Thomas Barto Howard, B. A.
4. Robert Henry Albert Haslam, about leaving for the foreign field.

There were ordained to the Priesthood :

1. The Rev. William James Doherty, B. A.
2. The Rev. George McIntyre Kilty.
3. The Rev. Frederick Charles O'Meara.

CONFIRMATIONS.

During the year upwards of seventy-three confirmations have been held. With the exception of two in Stratford, most kindly taken for me by the Lord Bishop of Toronto when I was sick, all have been held by myself. I also held one for the Bishop of Toronto, at which a large number of candidates were confirmed.

The numbers are as follows :

NEW CHURCHES.

A really beautiful church has been built by the zeal and fidelity of the Elma people under their new Incumbent, the Rev. W. E. V. McMillen. It bears the name of Trinity Church, Elma. The dimensions are as follows: 54x24 feet; capacity, 150; value, \$2,500. The fabric is wholly free from debt. The Incumbent and congregation deserve great praise.

On Thursday, the 7th of June, I laid the foundation-stone of a new church—St. Paul's Church, Kirkton. The fabric will be of stone and brick. Length, 48x32 feet for nave; chancel, 20x16; capacity, 260; estimated cost, \$3,800, towards which subscriptions have been received to the extent of \$3,130, which is most creditable. The Rev. William Stout, the Clergyman of the parish, and the congregation deserve great praise for their zeal and self-sacrifice.

CONSECRATIONS OF CHURCHES.

The following churches, being rendered free from all debt, have been consecrated by me throughout the year :

1. St. Stephen's Church, Gorrie. *Incumbent*, the Rev. A. B. Farney. Consecrated on Monday, September 18th, 1899.
2. St. James' Church, Wroxeter. *Incumbent*, the Rev. A. B. Farney. Consecrated Monday, September 18th, 1899.
3. St. Jude's Church, Mount Brydges. *Incumbent*, the Rev. Thomas H. Brown. Consecrated December 28th, 1899.
4. St. John's Chapel, Brantford. Rector, the Rev. G. C. Mackenzie. Consecrated Sunday, April 22nd, 1900.
5. Christ Church, Port Stanley. *Incumbent*, the Rev. H. D. Steele. Consecrated Whit Sunday morning, June 3rd, 1900.

QUIET DAYS.

The following Quiet Days have been held by me throughout the year :

- First.* At Markdale, for the County of Grey, Nov. 8th.
- Secondly.* In London, for the County of Middlesex, on November 30th.

And now, trusting that God, who giveth to all men liberally and upbraideth not, will give us a sound judgment in all things and make us to abound in love and harmony one toward another, I commit all the subjects which I have brought before you to your earnest and thoughtful care.

Receiving Report of Executive Committee.

The Annual Report of the Executive Committee was presented and printed copies distributed. The printed Audited Accounts were placed in the hands of the members of the Synod at the same time.

Annual Report of the Executive Committee

For the Twelve Months Ending April 30th, 1900.

AS AMENDED BY THE SYNOD.

The Executive Committee beg to present herewith their annual report for the year ending April 30, 1900, and accompanied with it the printed audited accounts and the statistical parochial reports for the same period.

It is with much pleasure that we are able to report that, taking all our circumstances into consideration, the year just closed has been a fairly satisfactory one.

The sum of \$4,690.13 has been received in paid subscriptions towards the Diocesan indebtedness. The regular collections for purposes of the Synod have come within \$16.68 of those of the previous year, which were larger in amount than any of the three years preceding.

The Mission Fund overdraft has been reduced during the year from \$8,691.05 to \$6,589.55, the General Purpose Fund overdraft from \$3,953.50 to \$3,562.60, the See House debt from \$9,827.95 to \$8,423.95, and the balance to the credit of the Widows and Orphans' Fund increased from \$280.10 to \$478.66.

This is the more satisfactory from the fact that the grants made from each of these funds are for a period of 13 months, from the 1st April, 1899, to 1st May, 1900, so that the balances given show our exact standing at the end of the financial year, instead of leaving one month unpaid, as has been the case heretofore, and further, all grants have been paid in full according to the scale adopted at last session of Synod.

Your Committee had hoped to be able to report this year an increase in the amount of the regular Synod collections, but when it is remembered that at the time that these collections were made, large sums were being contributed by all classes for the suffering people of famished India, and also for the Canadian Patriotic Fund, we ought, perhaps, to congratulate ourselves on being able to keep up the standard of the previous year, and that we are able to materially reduce the indebtedness resting upon us.

TOTAL CONTRIBUTIONS.

The total contributions received, including free-will contributions and Synod assessments, amounted to \$28,495.12, of which \$16,498.61 was for Diocesan and \$11,996.51 for outside purposes. The total for the previous year was \$26,773.85, of which \$16,565.49 was for Diocesan and \$10,208.36 for outside purposes.

It will be observed that the increase was altogether for the outside objects, and consisted principally of the Canadian Patriotic Fund collections, which amounted to \$1,963.18.

TOTAL COLLECTIONS FOR DIOCESAN PURPOSES.

(Mission Fund, General Purposes Fund, and Widows and Orphans' Fund.)

These collections, as has been mentioned, are almost up to those of the year before, the difference being only \$16.68. A comparative statement for the past six years is herewith given as follows :

THE MISSION FUND.

The subscriptions, collections and assessments received for this fund show an increase of \$120.43 over the previous year, and amount to \$4,494.48; collections on Bishop's visits, \$80.11; donations, \$110.33; interest from Mission Fund Investments, \$178.42; Sustentation Fund interest, \$2,302.38, and surplus interest from Commutation Fund, \$427.11.

The hearty thanks of the Synod are due to the Huron Branch of the Women's Auxiliary Missionary Association, from which we received during the year \$377.40 towards the current Mission Fund account and \$596.66 towards the debt, a total of \$974.06.

The grants paid during the year amounted to \$6,903.44. This amount includes the grants payable under the old Canon for the period of 4 months from April 1 to August 1, 1899, and under the new Canon for 9 months from August 1, 1899, to May 1, 1900.

We are pleased to be able to report that two parishes have become self-supporting since the 1st of May last, viz., (1) Kingsville, Ruthven and Grangers, and (2) Forest and Theford.

The sum of \$2,114.65 was transferred from the Diocesan Debt Subscription Account, and the overdraft at the end of the year was reduced to \$6,589.55.

COMMUTATION FUND.

There were 18 clergymen who had served over 15 years in full orders in the Diocese entitled to receive grants from this fund in order to bring their incomes up to \$300.00, according to the provisions of Canon 26 as amended at last Synod.

This Canon, however, did not come into effect until the 1st August, 1899, which will explain why in the printed accounts some clergymen received grants from the Mission Fund up to that date and thereafter from the Commutation Fund.

An unexpended balance of \$427.11 was, by our direction, transferred to the Mission Fund.

THE GENERAL PURPOSE FUND.

The amounts credited to this account include subscriptions, assessments and parochial association collections \$3,432.30, a donation of \$5.00, and \$387.70 transferred from the Diocesan Debt Subscription Account. There was paid out for Indian Missions, School Teachers, etc., for 13 months, \$554.90; Special grants for 13 months, \$720.83; Widows of Commuted Clergy for 13 months, \$324.99; transferred to Widows and Orphans' Fund as directed by the Canon, \$765.00; transferred to balance Synod Expense Account, \$187.85. The overdraft is now \$3,562.60, a reduction of \$390.90 during the year.

CANVASS FOR DIOCESAN DEBT.

The work of the Rev. Franklin E. Roy, the Diocesan Agent, has been vigorously prosecuted during the year, with his usual marked success, confining himself principally to the Counties of Grey and Huron.

He has been successful in obtaining up to date, since last Synod, subscriptions amounting to \$4,759.79, of which \$2,626.27 was paid direct to him in cash.

We would call special attention to the small expense account. The traveling and incidental expenses of the agent for the past year, exclusive of salary, have only amounted to \$81.36. This reflects the greatest credit upon Mr. Roy, who has frequently used his bicycle, and has considered the expense of his work in every way. Your Committee feels that Mr. Roy's work has been most successful, and the results have far exceeded expectations. The hearty thanks of the Synod are due to him for the zeal he has manifested, and to the clergy of the various parishes who have so heartily supported his efforts.

We recommend that he

EPISCOPAL FUND.

The interest earned by this fund for the year, less charges for management, amounted to \$2,099.12, and the interest earned and payable to the Bishop from the Award Provision for Bishop and Archdeacon Account to \$1,266.66, making together \$3,365.78. As this amount is all that His Lordship will consent to accept from the Synod, instead of the sum of \$4,000.00, to which he is entitled by resolution of Synod, the very least your Committee can do is to again express its thanks to the Bishop for the gift of the difference between the two amounts, \$634.22.

STATISTICS.

The total number of families returned shows an increase of 292 over the previous year, the figures being 11,613 and 11,321 respectively. Total number of souls, 54,641, as against 54,219 in 1899, and 54,450 in 1898.

The total contributions of the diocese, including contributions for parochial, diocesan and all other purposes of the Church, amounted to \$225,172.95, an increase of about \$20,000 over the previous year.

AMENDMENTS TO CANONS.

The several matters referred to us at last Synod have been considered, and our recommendations regarding same have been placed before you in the Convening Circular.

J. M. McWHINNEY,

Secretary-Treasurer.

Receiving Reports of other Committees of Synod.

1. The Report of the Diocesan Sunday School Committee :

The S. S. Committee beg to submit the following report :

Comparison of results of the annual Diocesan S. S. examination held last Advent with former examinations showed a steady growth in this very important branch of Sunday School work.

The subjects of the examination were certain books of the Holy Scriptures, and the Church Catechism.

One hundred and eight candidates presented themselves for examination; among them were 15 teachers, who all passed, 5 of them obtaining first, 8 second, and 2 third class certificates.

Of 55 senior scholars, 46 passed, 18 obtaining first-class, 17 second-class, and 11 third-class certificates. Of 38 junior scholars, 30 passed, 3 obtaining first, 18 second, and 9 third class certificates.

Twelve parishes competed : St. Paul's and St. Matthew's, London ; Irwin Mission, Petrolia, Delaware, Glanworth, Port Burwell, Zorra, Lucan, Hespeler, Hanover, and Mitchell.

The Committee regret that a larger number of the schools did not take part, as the benefits to be derived from such an examination are very great, and particularly in promoting home study.

Your Committee would suggest that the Clergy bring the matter before the schools early in the year, as the studies would be stimulated by the expectation of the examination at its close.

The motion on page 43, Synod Journal, 1899, which was referred to the S. S. Committee, was carefully considered by them. The Committee would suggest that as one scheme of lessons is now generally used in the Diocese, a quarterly review or examination be held in each Sunday School, and the Committee are of opinion that it would add to the interest of such examinations if exchanges were made by clergymen of neighboring parishes when convenient.

The Committee would respectfully suggest that a collection be made annually, on the second Sunday in October, by each Sunday School in the

Diocese, to meet the expenses and prizes, it being the opinion of the scholar obtaining the highest interest.

The Home Department of some parishes with very favorable results, a valuable adjunct of the Sunday School and produce valuable results.

Sunday School Conventions in Deaneries : Middlesex, Grey, Waterloo, Oxford, and attended, and have been full.

There is a new and valuable work which the attention of the Clergy is called.

The sales last year were \$10,000.

We are glad to know that the Convention will (D. V.) be held in London.

All of which is respectfully

The Home Department of the Sunday School has been introduced into some parishes with very favorable results. A more general use of this new but valuable adjunct of the Sunday School would cover ground not hitherto reached, and produce valuable results.

Sunday School Conventions have been held during the year in the following Deaneries: Middlesex, Lambton, Elgin, Kent, Brant, Huron, Bruce, Grey, Waterloo, Oxford, and Perth. These conventions have been usually well attended, and have been full of interest and very helpful and encouraging.

There is a new and well-assorted stock of books in the Depository, to which the attention of the Clergy and Sunday School teachers is respectfully called.

The sales last year were \$746.19.

ON CANADIAN CLERGY IN GREAT BRITAIN AND IRELAND.

That the Synod of the Diocese of Huron deems it in the interest of the Church of England at large, and only just to the Church in Canada, that the clergy of the Church ordained in this colony should, without special license, be recognized in the mother country, and that all disabilities attaching to the Canadian clergy while there, and obstacles interfering with their ministrations, should be removed, so that such clergy may be recognized in Great Britain and Ireland to as full an extent as if ordained for service in those or any other parts of the Empire. And that the General Synod of Canada be humbly petitioned to take such action as may be deemed advisable or necessary to procure such recognition and the removal of such disabilities and obstacles. And that in the meantime His Grace the Archbishop of Rupert's Land, Primate of All Canada, be humbly requested to bring the matters contained in this resolution to the attention of the proper authorities in Great Britain and Ireland with the object of obtaining the desired redress for the clergy under his Primacy.

ON PROVINCIAL SYNOD SYSTEM AND THE GENERAL MISSION BOARD.

That this Synod considers with deep concern and regret the adverse report and action of the Provincial Synod of Canada upon the memorials of the Diocese of Huron presented to the Provincial Synod at its 18th session relating to (a) the meetings of the Provincial Synod; and (b) the merging of the Domestic and Foreign Missionary Society in the General Board of Missions for Canada; and that in view of such report and action this Synod, without committing itself in advance to any scheme, deems it advisable to appoint a committee to consider the questions dealt with by such report and action, with the object of making less expensive and more useful the Provincial Synod system, and of making more efficient the work of the General Synod of Canada and of the General Board of Missions thereof; and that such Committee (to be composed of two members of this Synod appointed by his Lordship) meet with and consider the proposals of the Committee of the Synod of the Diocese of Toronto in regard to the formation of a Provincial Synod for the civil Province of Ontario, and report subsequently to this Synod thereon, and on such other scheme as to them may seem proper, with the objects before mentioned.

ON SUPERANNUATION AND W. & O. FUNDS OF THE VARIOUS DIOCESES OF THE DOMINION.

That a committee be appointed to enquire into the state of the Superannuation and W. and O. Funds of the various dioceses of the Dominion, and to devise a scheme for the equitable management of a Superannuation and W. and O. Funds for the whole Canadian Church, to be under the control of the General Synod, or otherwise thus to facilitate the free interchange of clergy throughout all parts of the Dominion without loss of status, and to report thereon, together with the proposed Canon, at the next meeting of this Synod, that this Synod may be able to discuss the question prior to its being brought before the Provincial and General Synods.

The Synod adjourned at 5.15 o'clock.

The Synod reassembled at 8 o'clock.

2. The report of the Huron Anglican Lay Workers' Association.

To the Synod of the Diocese of Huron:

The Committee of Management of the Huron Anglican Lay Workers' Association beg to report:—

The intimation to the Synod at its last meeting that a Church convention or congress was contemplated, in which the Dioceses of Toronto, Niagara, and, if

approved, Huron might take this Committee and the Synod's annual diocesan convention omitted for one year. The three meetings in Toronto were discussed, but various resolutions were put up. This conclusion was arrived at after various arrangements.

This year the Association of the clergy and laity of the diocese had a complete success.

Most kind and generous offers were received from the clergy and laity. After full deliberation, Chatham was chosen as the place while the Committee hope to assemble in Berlin.

The Committee have received statistics of the Lay Workers' Association and already about two-thirds of the members and gentlemen who have not yet responded have returned only withheld their returns in part. The Committee thank them for their interest.

Evidence of the influence of the Association is shown in various ways during the year, and information as to our methods of work and a resolution of the Toronto Association and the Helpers' Association in that connection.

It has been suggested that Niagara might be induced to place generally accessible and view has been made to the Niagara Falls.

The expenditure of the Association for the year has amounted to nothing.

All of which is respectfully

ng that a Church convention
 of Toronto, Niagara, and, if

approved, Huron might take part, led to the decision, after conference between this Committee and the Synod Committee on Sunday Schools, that our own annual diocesan convention, held without interruption since 1891, should be omitted for one year. The members appointed by the Synod attended two or three meetings in Toronto at which the proposal to hold a congress or conference was discussed, but various reasons led to the scheme being, for the time, given up. This conclusion was arrived at too late to admit of any change in our own arrangements.

This year the Associated Committees hope to have the hearty co-operation of the clergy and laity of the Diocese in making the diocesan convention a complete success.

Most kind and generous invitations and offers of hospitality have been received from the clergy and congregations of Chatham and Berlin respectively. After full deliberation, Chatham has been chosen as the place of meeting for 1900, while the Committee hope that in the near future they may have the privilege of assembling in Berlin.

The Committee have felt that the time had come for once more collecting statistics of the Lay Work of the Diocese. The clergy have been appealed to, and already about two-thirds of the reports have been received. Doubtless those gentlemen who have not yet responded to the applications made to them have only withheld their returns in order to ensure greater interest and correctness. The Committee thank them in anticipation, as well as those already heard from.

Evidence of the influence of our organization in other dioceses has been shown in various ways during the past year. Among these are an application for information as to our methods and constitution, received from New Brunswick, and a resolution of the Toronto Synod favoring the establishment of a Lay Helpers' Association in that Diocese.

It has been suggested that, at some not distant day, the Diocese of Niagara might be induced to associate with us in holding a convention at some place generally accessible and convenient. A communication with that object in view has been made to the Niagara Synod at its present meeting.

The expenditure of the Association provided by the Synod for the past year has amounted to nothing.

All of which is respectfully submitted,

J. M. McWHINNEY,
 Secretary-Treasurer.

3. The report of the Committee on Lord's Day Observance :

The Committee desires to draw the attention of the Synod to the fact that while the Lord's Day is generally outwardly observed, there is an increasing and often secret profanation of it as proved from the following facts :

Building operations were recently going on in Montreal in two instances upon the Lord's Day, namely, the Merchants' Bank building and the Grand Trunk offices. Hundreds of men upon the different railroads and in the various offices on the lines work seven days a week continuously—not through business necessities, but through indifference to the spiritual needs of the men.

The Montreal Licensed Victuallers' Association recently commenced a movement to open the Montreal saloons on Sundays, under an Act similar to that in vogue in France.

Profanation most dangerous and most degenerating is carried on upon the Lord's Day. We refer to gambling, cock-fighting, drinking and card-playing. That these things take place is no surmise. The police are aware of these practices, and if public attention is drawn to them there is a raid and prosecution. Desecration of the day by boating and picnic parties at watering places, lakeside and summer resorts is now to be witnessed during church hours. We believe that evil effects arise from the sale of Sunday newspapers on the Lord's Day. While *all* these papers are not objectionable, yet the matter in some of them has been characterized by Church Courts as immoral and degrading. The desecration of the day by opening barber shops, confectionery establishments and cigar stores is now to be seen in many places.

Social entertainments for pleasure, in the form of elaborate supper parties on Sunday, are most regrettable. These have greatly increased during the last few years, entailing upon domestics much extra work, preventing their attendance at public worship, and must therefore be looked upon as a profanation of the Lord's Day.

The late closing of stores on Saturday night unfits the greater part of those employed in them for the sacred duties of the Sunday.

An important examination into the constitutionality of the Ontario Sunday Laws is now taking place. Railways and other organizations, which by many of their present arrangements tend to destroy the sanctity of Sunday, are putting up a strong fight against the enactments which prevent Sunday excursions and revels. The decision of the Court upon this point will be awaited with interest.

In view of the foregoing facts, your Committee has come to the conclusion that it cannot better close this report than by referring to the deliverance of the Lambeth Conference upon the subject of the preservation of the sanctity of the

Lord's Day, and the necessity of its preservation for the good of mankind as a day of rest and worship :

1. That the growing laxity in the observance of the Lord's Day, especially the increasing practice of making Sunday a day of secular amusement, threatens a great change in its sacred and beneficent character, and is to be most strongly deprecated.

2. That the most careful regard should be given to any encroachment upon the rest which on this day is the right of servants as well as masters, of the working classes as well as their employers.

All of which is respectfully submitted on behalf of the Committee.

W. J. TAYLOR,
Chairman.

4. The report of the Committee on Temperance :

Your Committee beg to report, and to make the following recommendations:—

1. That the Synod, through its Temperance Committee, invite the co-operation of other temperance organizations with the view to securing legislation in the following directions :

(a) The total abolition of drinking saloons.

(b) The amending of the License Law so as to make the supplying of drink to a drunken man an indictable offence.

(c) The making of habitual drunkenness an offence punishable by law.

2. That in the opinion of this Synod the habit of treating with intoxicating drinks, whether in hotels or in clubs, tends to foster habits that lead to drunkenness, and should be discouraged, both by precept and example, by every member of the Church.

3. Your Committee would also draw attention to the regulation of the present License Law. They think that a more efficient discharge of police duty, backed by active public opinion, would do much to bring about a thorough and loyal observance of the Law.

4. Your Committee also beg to report that they unanimously requested His Lordship the Bishop to send a message wishing Godspeed to the deliberations of the World's Temperance Congress assembled in London, Eng., at the invitation of the Archbishop of Canterbury, and that the following message was sent :

To His Grace The Most Reverend Dr. Temple,

Archbishop of Canterbury,—

The Bishop of Huron and the Temperance Committee of the Diocese of Huron have been much interested in the announcement of the World's Temperance Congress to be held in London this month. They rejoice to hear that the invitation issued by Your Grace has met with a hearty response, and they desire now to wish your efforts and the Conference the richest blessing of Almighty God.

MAURICE S. HURON,
W. J. TAYLOR,
Chairman, Temperance Committee.

Finally, your Committee would call the attention of the Synod to the statement made by Field Marshal Lord Roberts respecting our forces now in South Africa, a statement which cannot but kindle a just pride in the heart of every British subject, viz., "It is the most temperate army that the nation ever sent forth to maintain her cause." This is high testimony to the progress of temperance principles throughout the great Empire, of which, in the goodness

IN THE COMMITTEE.

Clause 29 was amended to read as follows :

20. In order to provide sufficient means to carry on the work of the Diocese, each parish shall be required to contribute to the funds of the Synod a sum amounting in the aggregate to not less than one dollar per annum from every family of the Church in such parish (two or more persons of a common household who depend upon the Clergyman for spiritual ministrations shall constitute a family), and the funds so raised, unless otherwise designated, shall be divided as follows :

To the Mission Fund, four-eighths of the whole.

To the General Purpose Fund, three-eighths of the whole.

To the Widows and Orphans' Fund, one-eighth of the whole.

Any unexpended balance of the General Purpose Fund shall be transferred to the Mission Fund.

In order to more fully promote the general work of the Synod, annual subscriptions and donations shall be collected from each congregation in such manner as shall be deemed most effective, and every endeavor made to augment the resources of the Synod. An annual missionary meeting shall be held, or sermon preached in each church or other suitable place, and a collection made for the Mission Fund of the Diocese. It shall be at the option of the Clergyman to raise the contributions to the Diocese in the way best suited to the condition of his parish, or in the manner following, namely: That, in addition to the annual parochial collection for the general purposes of the Synod, six collections shall be made annually, the proceeds of two of which shall be devoted to the Widows and Orphans' Fund, and four to the Mission Fund.

The collection shall be forwarded to the Secretary-Treasurer of the Synod within fourteen days of being made. It shall be the duty of every Clergyman to give notice of these collections, and to call the attention of his congregation to the importance of their objects, and their claim for liberal support.

It shall be the duty of the Secretary-Treasurer at the beginning of each financial year to notify the Clergyman and Churchwardens of each parish of the amount of their required contribution, basing it on the last statistical report to the Bishop, which report shall contain the number of all the families (as herein-before defined) known to belong to the church in the parish, and the Missions Committee of each Rural Deanery shall act in co-operation with the Clergyman and Churchwardens of each parish in raising the same.

In case of a vacancy in a parish before the close of the financial year, and the parish not having sent in the required amount of assessment, the Rural Dean shall be notified by the Secretary-Treasurer of such neglect.

Address to Her Majesty.

The Hon. Clerical Secretary read the draft of address prepared for presentation to the Queen.

To the Queen's Most Excellent Majesty:

MOST GRACIOUS SOVEREIGN,—It is with profound thankfulness to Almighty God that we—the Bishop, Clergy and Lay Representatives of the Diocese of Huron in Synod assembled—approach your Majesty to offer our loyal and heartfelt congratulations on the commencement of the sixty-fourth year of your illustrious reign.

We recognize the beneficent hand of a Divine Providence in the call to your Majesty sixty-three years ago to ascend the throne of Great Britain and to assume the solemn responsibilities attached to the rule of so vast an Empire.

In the manifold blessings which have attended that event to all who have owned your authority, and to the world at large, we see the ever-present help and goodness of Him in whom your Majesty has constantly avowed an unshaken faith and trust.

And, with your Majesty, we would reverently at this time adore Him who has enabled you, under all the trials and difficulties of your exalted state, to do "that which was right in the sight of the Lord."

It has been the high privilege of your Majesty's loyal people in the Dominion of Canada to share with their fellow subjects in the splendid services and triumphs of your Majesty's arms in South Africa. We deplore the terrible necessity of a war which has brought sorrow and grief to so many homes: but the tender sympathy of your Majesty for the suffering and bereaved, and your maternal interest in all engaged in the field of action, have intensified the hold you have ever had on the love and devotion of the nation, while the gallantry and self-sacrificing purpose with which your army and navy and their colonial brethren in arms have fought side by side in defence of their Queen and the Empire have affirmed that in the highest sense the Sovereign and the people are one.

We pray that in the overruling wisdom of the Great Arbiter the storm and stress of conflict may be soon succeeded by a permanent and glorious peace, and that, in the love of the millions who enjoy the liberty and affection afforded by British law under your sway, your Majesty may long be spared to illustrate in your life the lot of the just, whose path "is as a shining light, shining more and more unto the perfect day."

On behalf of the Synod.

In accordance with the above, I beg to request that you will have the matter referred to in the above resolutions brought before your Synod, and such action taken as the Synod may determine. I have the honor to be

GENERAL ACCOUNTS.

SPECIAL NOTICE.—The attention of the members of the Synod is particularly called to the fact that, although large sums (as seen in the following accounts) pass through the Synod's books during each year, it is only the *Income derived from the Diocese*, together with the interest from the Synod's own invested accounts, that is available for the general work of the Synod; the other sums received are either capital for investment, or the proceeds of special trusts, which have to be applied according to the terms upon which the trust is held.
