#### Reports of Engagements Unconfirmed

#### CONFLICTING RUMORS

#### Both Sides Claim Successes But Neither Seems to Have Made Much Progress--Strict Censorship of News to Be Maintained

London, Oct. 20.—No serious fighting has yet been reported from the seat of war. The Montenegrins have captured Flava and Gusanje, and the Greeks have occupied Elassona, but these are regarded as minor affairs in which no real resistance was offered.

On the Serbian and Bulgarian fronts the situation is little changed. An unconfirmed report says that the Bulgarians have captured Kerk-Klaseh, but, like many similar reports, this is probably untrue.

From both Constantinople and Sofia are issued constant denials of successes claimed by the respective opponents, for instance, an official statement comes tonight from Sofia declaring that all the reported Turkish invasions of Bulgarian territory are mere inventions, while on the previous day the Turkish government took occasion to deny the capture of a large number of Turkish troops by the Montenegrins at Tuzli.

This campaign of misrepresentation has become so serious that the authorities at Sofia have issued a decree threatening summary punishment by martial law to those who circulate such invasions.

The Serbian advance in the direction of Ukup encounters little resistance. It is reported that the Serbs are being slowly transferred from Nish to Vranja. In this district heavy rains are impeding the operations.

Start for the Front.

Large numbers of war correspondents and many military attaches are starting for the front tomorrow. They will work under the greatest difficulties, owing to the severe restrictions imposed.

According to a Belgrade despatch the Bulgarian government declines to permit military attaches to join the general staff.

Sofia, Oct. 19.—Three Turkish warships opened a bombardment of Varna today, directing their fire against two Bulgarian torpedo boats in the roadstead. The range was ten miles, and the shots were ineffective. The Turkish ships then withdrew.

Athens, Oct. 19.—The Greek army standing after four hours' fighting today dislodged the Turkish troops from near the Trezian frontier. The Greeks then occupied Ellassona. Two battalions and two batteries crossed the Arh River into Epivros and occupied the heights of Grimbovo. Detachments of Cretans have arrived at Athens.

Sofia, Oct. 19.—In taking the town of Mustapha Pacha, the Bulgarians commenced operations at two points simultaneously. General Trafiar attacked the right wing of the Turkish forces and occupied the village of Koutrale, which dominates Mustapha Pacha.

The Turks were forced to fall back into Mustapha Pacha, and this also they were soon compelled to do. As they retreated they blew up the railway bridge over the river Maritza, cutting off communication with Adrianople.

Turke Suffer Reverse.

Vienna, Oct. 19.—According to late advices from Podgoritza, 2,000 Turkish irregulars, while proceeding from Flava to Berana to attempt to recapture that city, were ambushed by a strong detachment of Montenegrins. After a desperate fight in which many of the irregulars were killed and Sabir Bey, commander and 250 of his men were recaptured, the irregulars were routed.

Athens, Oct. 19.—On the occasion of the success of the Cathedral in Sofia for the foreign minister sent to Premier Venizelos a message congratulating him on the opening of the struggle of the alliance for the successful organization of which he gives credit to Greece.

Prince Andre and Prince Christopher went to the front today. Prince Andre will fit out a hospital at her own expense.

The government have introduced a bill for the free entry of food during the war. The police have closed all the theatres.

Palerino, Oct. 19.—The steamer Macdonald, with Greek recruits aboard, has arrived from New York. She is under command of the four destroyers which Greece purchased recently in England. The destroyers joined the Macdonald at Alesira, where they shipped crews.

Sofia, Oct. 19.—The noted Macedonian leader Stambouly, it is reported,

### CELEBRATED JULY FOURTH

#### Dynamite Instead of Nitro-Glycerine Used in Akron and Explosion Was a Failure.

#### McMANGAL SENT TO PROCURE FUSE.

#### Forwarded it to His Colleagues Through the Mails.

Indianapolis, Oct. 19.—The delivery through the mail of a package which the government charges contained dynamite, used to blow up a building at Akron, Ohio, on July 4, 1910, was described by R. G. Floyd, postmaster at Cleveland, Ohio, today in a witness stand in the "dynamite conspiracy" trial.

He testified from records that the package sent by Eric McManis to Chicago was received by special delivery at the home of Peter J. Smith, an Iron Workers' Union official in Cleveland.

According to the government, Herbert S. Hockin and McManis had taken to Cleveland and Rochester, Pennsylvania, on a passenger train, a quantity of nitro-glycerine to carry out orders from J. J. McNamara that there must be a fourth of July celebration at Akron, McManis in his confession said he had been selected to do the work, but Smith and George "Nipper" Anderson, also a defendant, protested, and he had promised the fee of \$200 for doing it to someone else.

It was discovered that McMangal's confession, which is embodied as part of the prosecution's charges, that only McMangal knew how to use nitro-glycerine, and that there being no fuse McMangal was sent to Chicago to forward fuse from his home.

The package arrived in Cleveland July 4, Mr. Floyd testified.

An explosion in a building under construction by an employee of some union labor, occurred in Akron on the same day, but the damage was slight.

#### NEW BANK FOR CAPITAL

#### Bank of Commerce Will Open Branch in Fredericton—Junior Football Fans Elated—W. D. Yerxa's Funeral.

Fredericton, Oct. 19.—The Canadian Bank of Commerce is to open an agency in Fredericton at an early date, so that the forecasted amalgamation of the Bank of Nova Scotia and the Bank of New Brunswick will not reduce the number of banks in this city.

C. W. Hallam, manager of the Bank of Commerce was here on Saturday, and during the afternoon closed a lease for the recently remodelled quarters in the Howe property, Queen street. The new bank will be further west than any other bank in the city.

The amalgamation of the Bank of Nova Scotia and Bank of New Brunswick would mean that the Bank of New Brunswick's fine and practically new building on Queen street will probably be used, and the Bank of Nova Scotia's office in the Chestnut building, opposite City Hall, will be closed.

There is much rejoicing among High School students over Fredericton High School's double victory on their football team's trip to St. John's and Roby's. The two wins ensure Fredericton High School the championship and possession of the silver cup of the Interscholastic Football league.

The funeral of the late W. D. Yerxa took place from the deceased's late residence at Nashvaakia today and was the largest seen there for a long time. The Fredericton Boys were in charge, and many Orangemen also attended. Fredericton lodge Knights of Pythias attended in a body as did also the deceased's fellow employees at the Gleason office. Rev. J. P. Pennington conducted the services at the pickard burial ground.

### J. A. Telfer Expert For the Maritime Provinces

#### PROGRESSIVE POLICY

#### Dominion Government Takes Steps to Promote Industry in Eastern Canada--R. E. Harding Tells of Results of Sheep Sales

Fredericton, Oct. 19.—Announcement is made that J. A. Telfer, who has been conducting a large sheep farm at Markhamville, Kings county, has been appointed as sheep expert for the Maritime Provinces in the policy inaugurated by Hon. Martin Burrell minister of agriculture in the Borden government.

Mr. Telfer is well known throughout the province and has been a prominent figure in farmers' conventions since he removed to New Brunswick from Ontario several years ago. He has sold out his sheep farm at Markhamville to the Nova Scotia and British Colonization Company, who during the recent sheep sales in this province purchased 19 head as well as this week buying 35 sheep which were to have been sold at Woodstock next week.

The Sheep Sales.

The sales of sheep have been carried on by the Dominion Sheep Breeders' Association as part of Mr. Burrell's policy to encourage sheep raising. The first grant made for the purpose was \$15,000 and later this was augmented by \$18,000 more. R. E. Harding, of Thordale, Ont., had charge of the sales in the Maritime Provinces and he was at the Bathurst House last evening. About 600 rams and 150 ewes were brought to the Maritime Provinces in 12 cars, he said, while 22 car loads were shipped to British Columbia to be sold under similar circumstances.

Mr. Harding was engaged for two months in buying the animals before coming to the Maritime Provinces for the sales. He said today that the average cost of the animals had been about \$30 for the rams and \$12 for the ewes, handed at the place of sale, and he didn't believe that much more than half, if that much of the cost price, was received for the animals at the sales. "However," said Mr. Harding, "these sales were not carried on to make money, but to get good stock placed where sheep farming can be profitably carried on and thus stimulate the industry. I think we have been successful in doing that."

The only sale Mr. Harding conducted after that here was at Bathurst, where 29 sheep were sold for a total of \$221, about the poorest of the sales. All the 16 sales held in the Maritime Provinces. About the best prices were received at Hunter River, N. B., where \$102 was paid for 14 sheep. The Prince Edward Island prices were all better than those in New Brunswick and Nova Scotia, and Mr. Harding is of the same opinion as other officials that the sales were held about a month too early to realize the best prices.

Mr. Harding will leave this evening for his home in Ontario.

### REMAINS OF NORWEGIAN SEAMAN RECENTLY RESIDENT OF HALIFAX FOUND AT CALAIS

#### Was Probably Drowned.

Special to The Standard.

St. Stephen, Oct. 19.—The body of Arthur Anderson, a native of Bergen, Norway, but recently living in Halifax, was found drowned in one of the Calais docks yesterday afternoon. Anderson was twenty-two years of age and shipped as a seaman on the schooner Moonlight, Captain Andrew Martin, in New York, arriving in Calais on Monday last.

That was the last seen of him. He went aboard the vessel, all of them the worse for liquor. One of the party belonged in Calais and another left the vessel with him to see him to his home. Anderson being left on board alone, the captain being at his home in Calais. He was then leaning over the side of the vessel relieving an overcharged stomach, and that was the last seen of him.

For several days it was supposed that he had either joined some other vessel or was at some sailors' boarding house. On Tuesday the Moonlight was moved to another wharf. Saturday afternoon two men in a boat found the body of the unfortunate young man deeply imbedded in the fats directly under where the vessel was carried under the wharf. The body was carried to the wharf and the body forced into the data by the weight of the vessel. There were no marks of violence.

Letters were found in his pocket from Norway and written in English, and two written in Danish from friends at 136 Edward street, Halifax.

### DEATH TOLL IN WISCONSIN

#### Report on Obituaries at the Baptist Convention Occasioned Touching References to Departed Members.

Special to The Standard.

Moncton, N. B., Oct. 20.—At the afternoon session of the Baptist Convention Rev. L. O. Todd, Mrs. S. Bursey, ministerial wife who died in India, Miss Annie Laura Park, Mrs. A. G. Stovell, Rev. D. McIntyre and Rev. A. S. Lewis, and after prayer by Rev. W. Smallman the report was adopted.

The election of officers for the ensuing year was then proceeded with as follows: President, Rev. W. C. Goucher, D. D., Wolfville, N. S.; first vice-president, N. B. Smith, Halifax; second vice-president, R. Gordon, Charlottetown; third vice-president, Rev. A. J. Anderson, St. John; fourth vice, Rev. E. R. Mason, Portmouth, N. S.; editor Year Book, Rev. R. J. Colpitts, Kismet Ridge, N. B.; secretary treasurer, Dr. H. H. Coleman, M. B., Moncton. The installation then took place and Rev. Mr. Manning delivered his farewell address, after which reports on western missions and Grand Ligne work were submitted.

Mission Reports.

The evening session was devoted to home and foreign missions, interesting addresses being delivered by Rev. W. Porter, representative of the home mission board; Rev. M. E. Fletcher, field secretary of the eastern section of the foreign mission board, and J. W. Spurgeon, retiring chairman of the eastern section of the foreign mission board gave his farewell address.

Rev. David Hutchinson, D. D., of St. John was the preacher of the convention sermon at the Baptist convention Sunday morning. His text was the 14th verse of the 1st chapter of the 1st epistle of Peter.

He said in part, "The text occurs in that section of Isaiah's prophecy concerning which the Euthenian Eunuch enquired of him: 'Spake the prophet thus in the prediction? Isiah testifies beforehand of the suffering of Christ and the glory that should follow.' The chief glory of Christ will consist in the travail of His soul and being satisfied."

The prophet first describes the suffering which he will undergo, and then says you hear, the painings you see, and the crucifixion you look upon, and the physical sufferings of the Saviour. Not so with the prophet. It

### GENEROUS GIFT OF JAMES H. DUNN TO THE CATHEDRAL

#### Former New Brunswicker will Provide Entire Cost of New Chimes and Clock—Had Previously Donated \$8,000.

Fredericton, Oct. 20.—James H. Dunn of London, England, has given an additional \$2,000 to Christ Church Cathedral, making a total donation of \$10,000 to procure the new chimes as well as clock for the Cathedral.

It will be remembered that some time ago when Mrs. J. D. Hazen, wife of the Minister of Marine and Fisheries, was in England, Mr. Dunn made a donation of \$8,000 through her to the Cathedral to provide for the new chimes. This gift was received with much pleasure by His Lordship Bishop Richardson and the Anglican Church people of the diocese and the people generally of Fredericton were warm in their appreciation of Mr. Dunn's generosity and Mrs. Hazen's thoughtfulness.

Mr. Dunn has since donated the additional \$2,000, making a total of \$10,000 which will provide the new complete chime of 12 bells and a new clock. Dr. T. Carleton Allen, chancellor of the diocese, said today that the plans do not call for an illuminated dial for the clock in the Cathedral spire, as was at one time suggested. About \$2,000 had been raised by the Cathedral congregation to go toward the cost of the new chimes and clock, but Mr. Dunn said that he would prefer to pay the entire cost himself, so that the other funds will be donated to restoration work of the Cathedral.

Mr. Dunn is a New Brunswicker having been born at Bathurst, but now resides in London, England, where he has become a leader in the financial world, being the head of the well known firm of J. H. Dunn & Co. He visited New Brunswick this summer and was given a civic reception at Bathurst, and while there added to his already generous donations to the hospital there which he had endowed.

New York, Oct. 19.—Miss Maud Malone, a suffragette, tried to break up the Academy of Music, Brooklyn, in which the Democratic candidate for Governor, Mr. Wilson, was tonight to give a speech. She was arrested and taken to the police station on a charge of disturbing the peace.

### "CRISIS" HAS A HOLIDAY

#### Bourassa's Visit to Ottawa Only New Development on Saturday—T. Chase Casgrain Slated for Portfolio.

Special to The Standard.

Ottawa, Oct. 20.—The so-called ministerial crisis had a day off on Saturday, the premier and several of his colleagues finding time for a journey over the golf links. Except that Hon. Bourassa visited the capital Saturday and presumably obtained first-hand information of Mr. Monk's determination to leave the government, there were no happenings.

The resignation of the minister of public works will not become effective in all probability until Tuesday, as H. R. H. the Duke of Connaught is not expected to reach Ottawa till tomorrow night.

T. Chase Casgrain, of Montreal, chairman of the Canadian section of the international joint commission on waterways is looked upon as the most likely man to succeed Mr. Monk in the cabinet. He would, of course, have to leave the international commission. Whether or not the prospective vacancy on the commission is to be filled at once has probably not yet been determined.

Mr. Monk, it is believed, will retain his seat in Jacques Cartier for the present at least.

A New Wrinkle

Probably you never heard about the Burroughs extra Total Button. On some of the big machines, for instance, that will handle two columns of eight or nine figures at the same time, you may want to take a total of one set of columns and don't want to take a total of another; we meet that—with the extra Total Button.

Again, you can be adding in both sections of the machine, but you can total in either section that you want to—just another advance step in adding machine construction that most manufacturers never thought anything about, but we have to meet all conditions.

Let us show you.

Servia's Declaration.

Belgrade, Servia, Oct. 19.—In the presence of the troops at Nish, yesterday, King Peter read a long proclamation explaining the causes of Servia's declaration of war against Turkey. He declared that the condition of the Servians in Turkey had been for many years "absolutely intolerable."

"When an attempt was made in a collective note to obtain a pacific settlement," continued the proclamation, "the response was fresh massacres of our brethren and atrocities and violations against Servians on the frontier. For this reason, with the help of God, I ordered my valiant army to take up arms for the holy war, for liberty, for our brethren and for the progress of the Kingdom of Servia."

After reference to the loyal support of the allies in the common cause, the proclamation concludes: "I ask you, dear brethren, to assist with your hearts and all your strength my valiant army. Long live my dear Servian army."

A Sacred Cause.

Sofia, Oct. 19.—King Ferdinand has issued a proclamation to the army, in which he declared: "Having failed in ameliorating the suffering of our brethren in the Ottoman Empire, supported by our beloved nation, we have ordered our brave army to cross the frontier and engage in the struggle against our historic enemy. Our work is sacred in the cause of humanity. I am sure that the men of all ranks in the army will be inspired by the importance of their mission and justify the hopes of the nation in them. Forward with the aid of the cross and your arms, may God in His justice support our rights."

Constantinople, Oct. 19.—The war office denies the Montenegro reports of the capture of six Turkish battalions and a large quantity of munitions at Tushi. It admits, however, that there has been no serious fighting on the Bulgarian frontier. Everywhere the Turkish forces are showing alertness and determination not to be caught napping.

The compositions of composer Liszt promise to be popular in the concert seasons. Well, there is no denying that they are pleasant to listen to.

It is generally agreed that the presidential campaign will not be in full swing until some time in October. Then, it is assumed, if the "split-brother" do not make the walk in rice it will be because the walk is out of commission and cannot be rung.

TO PLACE BAN ON NEW SLIT SHIRTS

Washington, D. C., Oct. 18.—Prominent society women of Washington eagerly read in the newspapers about the new style skirt proposed by Lady Duff Gordon on her arrival in New York. To one feature of it they object, and that is the slit in the skirt just above the knees so that the latter are exposed to the sight of the cur-

"I should imagine that such a skirt would be too much even for Washington," Mrs. William H. Delacy, wife of Judge Delacy declared. "I would not wear it, and I do not think that the women of Washington will wear it. I should not think that it would be worn any place. It is immodest, besides being vulgar."

The embarrassing position of a woman wearing the skirt in a street car was explained by Mrs. John C. F. Bell, a member of Washington society. "But can you not just see a woman with one of those skirts on sitting down in a street car?" she said. "Her knees would be sure to come through the slits, and even though they did not further rip the dress they would be exposed there to the idle stare of every man in the car. Besides it would give her a cold."

"Of course there is no real harm in exposing the knees," I understand, however, that the women wearing the new skirts are supposed to wear socks, and have the naked knees on view. Believe me, no one will do that here."

FOOTBALL IN THE STATES; RESULTS OF GAMES SATURDAY

Cambridge, Mass., Oct. 19.—Harvard scored its easiest victory of several seasons over Amherst today, piling up 46 points to Amherst's none, on a rain soaked field. The crimson attack included nearly everything possible under the revised rules, while its defence was impervious. Amherst did not score a single first down. The crimson back field was one of great power, despite the absence of Captain Wendell, because of injury. Brickley, who scored three touchdowns for Harvard, tore through the Amherst defence as if it were so much paper, and further added to Harvard's total by two field goals. He failed on three other tries, the ball being heavy. H. Hardwick bucked his way for considerable crimson gains and secured two touchdowns. Swarthmore substituted, was sent over the line for Harvard's last score, after the crimson had come down the field with the aid of effective rushes and a twenty yard forward pass. Harvard used this latter method of offence four times, twice successfully.

PRINCETON DEFEATS SYRACUSE. Princeton, N. J., Oct. 19.—Princeton completely outclassed Syracuse this afternoon and when the slaughter was over had piled up 62 points to none. It was again a case of the visitors' weakness rather than the Tigers' concentrated strength which was responsible for the size of the score. SWARTHMORES DEFEAT SAILORS. Annapolis, Md., Oct. 19.—Showing a

mastery of the forward pass in so great a number of variations as to keep their opponents guessing from start to finish, Swarthmore's football team this afternoon defeated the midshipmen by the score of 21 to 0.

MINNESOTA VS. NEBRASKA. Minneapolis, Oct. 19.—University of Minnesota as a football eleven defeated Nebraska by a score of 2 to 0.

MICHIGANS WINS IN OHIO. Columbus, O., Oct. 19.—The University of Michigan football team defeated the Ohio State University football eleven on Ohio field here this afternoon, 14 to 0.

YALE WINS FROM WEST POINT. West Point, N. Y., Oct. 19.—After two successive years of defeat Yale regained her football supremacy over West Point in a fiercely fought game on the cadet parade grounds today, by a score of 6 to 0.

BROWN'S BEEF WON. Providence, R. I., Oct. 19.—Brown's beef overwhelmed University of Pennsylvania's speed thirty to seven, in a smashing old fashioned game of football here today.

CORNELL IS OUTCLASSED. Ithaca, N. Y., Oct. 19.—Pennsylvania State outclassed Cornell in the annual football game of the two colleges here today, and won 29 to 0.

CANADIAN FOOTBALL RESULTS

Montreal, Oct. 19.—The McGill football team this afternoon defeated the aggregation from Toronto University for the past three years champions of Canada, by a score of 28 to 7. The locals outclassed the visitors at all stages. Never has a Toronto football team sustained so severe a defeat at the hands of a McGill fourteen. The victory was a welcome one as McGill was beaten in Toronto in the opening game of the season, and the win today makes them even with Toronto for the championship.

McGill had not won a game from Toronto since 1909, when at the tail end of the season, after Toronto had already clinched the championship they defeated the Toronto team by 9 to 7.

OTTAWA DEFEAT TIGERS.

Ottawa, Oct. 19.—The Ottawa fourteen defeated the Hamilton Tigers in an interprovincial football match today by a score of 12 to 7.

TORONTO DEFEATS MONTREAL.

HIGH SCHOOL TEAM DEFEAT COLLEGE BOYS

The Frederick High School football team continued its triumphant run by defeating the Rotheray College fifteen by a score of 3 to 0, in a fast and closely contested game. The game which was an interscholastic league fixture, gives the yellow and black athletes a good grip on the championship.

WANDERERS DEFEATED.

Halifax, Oct. 19.—The Cornwall football team yesterday defeated the Wanderers 19 to 6.

WILL NOT RUN AT HALIFAX.

Thomas Coward, the local runner, is ill at the home of his mother on King street, suffering from a severe cold, which he contracted while running in the Every Day Club's race at St. John last Saturday. It is understood that he has withdrawn his entry from the Halifax Herald road race on Thanksgiving Day on account of his illness.—Gleaner.

COMPLETELY CURED

OF DYSPESIA

'By the Use of Co-Dyspepsia Tablets'

We are continually hearing from grateful people who have had experiences like that of Miss Alice E. Cooper, of Niagara Falls, Ont., who writes: 'I wish to express my gratitude to you for the benefit I received from your most wonderful Co-Dyspepsia Tablets. Having taken other medicines without having received the slightest relief, I heard of your Na-Dro-Co-Dyspepsia Tablets and thought I would give them a trial. I have been completely cured of dyspepsia. It will be only too pleased to advise any one troubled with dyspepsia to give them a fair trial.'

Na-Dro-Co-Dyspepsia Tablets not only give the immediate relief from heartburn, flatulence, acidity of the stomach, and biliousness, which is so much needed, but if taken regularly for a few days or weeks they completely cure the most aggravated cases of stomach trouble. When for you can get a box from your druggist, they go on suffering. National Drug and Chemical Co. of Canada, Limited, Montreal. 144

There was little evidence of the bull

pool which was said to have been formed yesterday, although there appeared to be a fairly adequate support from scattered sources. Sentiment is now more two-sided as a result of the relatively attractive price level, many investors contending that cotton is likely to be remembered, as she reviewed the work of the past eleven months in the cotton market, and in the year among the telegrams. In closing the sale has been made to a local party and the object of his purchase is not yet known.

THE POTATO CROP.

(Campbellton Tribune.) The farmers in this vicinity this year have a record crop of potatoes. Most of them are really unable to store them. The price nevertheless seems to keep up, \$1.25 per barrel being bid for them. A drop in price is anticipated.

## MR. MONK'S RESIGNATION.

The announcement that Mr. Monk will resign from the Cabinet on the ground that personally he stands committed to an appeal to the electorate on the question of an emergency contribution to the British Navy, has made the situation clear in at least two important particulars. The country now knows that as a result of the Conference with the British Government Mr. Borden will recommend a direct contribution to strengthen the British fleet. Mr. Monk's position is also clearly defined. His personal relations with his colleagues in the Cabinet are cordial and friendly. He realizes the necessity of an urgent vote to meet the gravity of the situation, but having given a pledge that the electorate should first be consulted he retires from a sense of duty.

In the light of recent developments a review of the political situation, which appears in the Toronto Telegram, is worth quoting. Under the caption "The Resignation of Mr. Monk," the Telegram says:

"WHAT WILL BORDEN DO in view of Hon. F. D. Monk's resignation from the Ministry of Public Works in the Dominion Government?"

"That is one question. The other is: WHAT WILL LAURIER DO in view of Mr. Monk's resignation?"

"The English-speaking Liberals have been taunting the Conservatives with their acceptance of the Monk-Bourassa leadership. These Liberals will be accepting that leadership themselves if Sir Wilfrid Laurier affixes the image and superscription of the Opposition to the Monk-Bourassa scheme of warfare upon the naval policy of the Borden Government.

"The Monk secession, minus the help of Sir Wilfrid Laurier, is powerless.

"The Monk secession, plus the help of Sir Wilfrid Laurier, is powerful only if there are enough Quebec Nationalists supporting the Borden Government, and if these Quebec Nationalists unite with the Laurier Liberals in sufficient numbers to ensure a parliamentary vote of want of confidence in the Borden naval policy.

"AND THEN WHAT?"

"An appeal to the country to judge between the Borden policy of immediate naval aid to Britain and the tactics of the Laurier-Monk-Bourassa alliance.

"There can be no uncertainty or doubt as to the nation's verdict on a straight issue as to whether R. L. Borden is to be Premier of Canada or the powers of that high place are to be exercised by F. D. Monk or Henri Bourassa.

"The subsequent proceedings would not be healthy for Sir Wilfrid Laurier's English-speaking followers, if Sir Wilfrid could effect a junction with Mr. Monk's parliamentary supporters in sufficient numbers to force a general election on the naval issue.

"Cowardice would have encompassed the Borden Government in the troubles and difficulties of the naval issue.

"Courage has enabled Mr. Borden to unload the troubles and difficulties of that issue on Sir Wilfrid Laurier. The Monk resignation reveals R. L. Borden as a strong man armed in the power of his resolve to be faithful to Canada's honor and true to Canada's interest in the naval safety of the British Empire. Mr. Borden may regret the departure of Hon. F. D. Monk and be prepared to accept with equal regret the withdrawal of other friends and supporters. But Sir Wilfrid Laurier has still greater occasion to regret the consequences of R. L. Borden's courage. The issue raised by the Monk resignation will be best let alone by Sir Wilfrid Laurier. That issue can only be touched by Sir Wilfrid Laurier in such a way as to complete the ruin of himself and party.

"The naval issue is out of politics.

"That issue has no further terrors for R. L. Borden, no further profits for Sir Wilfrid Laurier. Canada's Premier has 'dished' his adversaries, and the good work has been done not by the politics of smartness, but by the higher, nobler politics of sincerity.

"On the naval question R. L. Borden has taken the right road. The Borden Government and its followers will find that the right road is occasionally the easiest road to travel on even in politics. The policy of offering Britain a direct contribution of \$30,000,000 will supply R. L. Borden and his party with an experience that must illustrate in their own history the truth of the poet's words:

"And more than once in our rough island story  
"The path of duty has been the way to glory."

## TRAFALGAR DAY.

The anniversary of Nelson's victory at Trafalgar will be celebrated today throughout the Empire. Flags will fly from the public buildings and children in the schools will be reminded of the stirring events of 1805 which established Great Britain's supremacy on the seas with all that it implies. It is of interest to note that in the Mother Country the Executive Committee of the Navy League recently made a public appeal for the fuller observance of Trafalgar Day throughout the Empire. A similar effort in 1911 to achieve this object was crowned with great success and the League hope confidently that this year the manifestation of patriotic feeling will be even more widespread.

How fully the Navy League realize the importance of bringing to the knowledge of the people all that the supremacy of the Navy means to the Empire is well expressed in a recent communication from the Secretary of the League to the Naval and Military Record. He writes:

"The particular desire of the Executive Committee of the Navy League is to bring home to the mind of the British people the dominating significance of sea power in our National and Imperial life; to make more completely understood the close relationship which exists between our Imperial prestige and the efficiency of the Navy, and to impress the popular imagination with the fact that the Navy is our great and only national insurance, and that upon its unassailable strength the continuance of our industrial vitality and our commercial vigor depend.

"The memory of Nelson recalls all that is finest in British naval tradition, and the commemoration of his great victory at Trafalgar must continue to exercise a powerful influence upon the mind of the people of the whole Empire.

"The Executive Committee earnestly suggest—  
(1) That on Monday, the 31st October next,

wherever possible, public meetings should be held and addressed by prominent local people. These meetings should be entirely non-party in character, and confined solely to an appeal for widespread recognition of a vigorous naval policy as a vital necessity of the nation's existence, and as the best means to do honor to the memory of Nelson.

(2) That school fetes and demonstrations by school children should be organized, so that the mind of the rising generation should be directed towards the realization of what the name of Nelson recalls.

(3) The decoration of public buildings by flags and scrolls bearing the ever-treasured legend, "England expects that every man will do his duty."

(4) The encouragement of the exhibition of flags and suitable mottoes on private houses.

"The Navy League confidently hope that the public response to the appeal will be of such magnitude that in very few years Trafalgar Day may be raised to the position of a great national naval festival."

This anniversary has long lost all tinge of unfriendliness to France. It is noteworthy that but two months ago the British Government entered into a new naval alliance with the Republic and that her fleets are now concentrated in the Mediterranean for the purpose of protecting her own and Great Britain's interests. The Entente Cordiale is a very practical understanding for the mutual benefit of both countries. France is the nation among all the European Powers with whom Great Britain co-operates in her policy of Naval Defence. The combination of these powerful fleets will go far as a guarantee of the world's peace.

## DOMESTIC FRUIT INSPECTION.

The extension and reorganization of the fruit inspection service is one of the achievements of Mr. Burrell since his appointment as Minister of Agriculture. The result has been seen this fall in the most efficient fruit inspection Canada has ever had. At the last conference of the Dominion Fruit Growers great stress was laid on the importance of the proper grading and marketing of fruit and the need for more extended inspection, especially at points of shipment and in the case of fruit coming in from the United States. As far as possible the idea of the fruit growers has been followed in the reorganization.

The Dominion has been divided into five inspection districts, the Maritime Provinces, Quebec and Eastern Ontario, Western Ontario, and the Prairie Provinces and Alberta, Columbia. In addition to the five chief inspectors fifteen temporary inspectors have been added to the staff. In the past Canadian export fruit was closely inspected, with the result that Dominion fruit stands high in the markets of Great Britain and Europe. Despite continual requests for better domestic inspection, the late Government neglected to improve the arrangements for inspection for domestic consumption. The local buyer both in the East and the West was thus at the mercy of unscrupulous dealers. The change which has been effected has given the domestic market almost as close inspection as is given in the case of the export fruit.

## THE LATE MR. GEORGE ROBERTSON.

A figure notable in the past civic and political life of St. John has passed away in the person of Mr. George Robertson, who was for some years Mayor of the city, and was twice elected as its representative in the Provincial Legislature. In all civic enterprise for the well-being and betterment of St. John the late Mr. Robertson took a prominent part. His faith in the city's future never failed. His belief that a dry dock was essential to the equipment of this port, and his untiring efforts to that end, will be long remembered. It was a small source of satisfaction to his many friends that in his lifetime this project was undertaken and his wish realized.

As a citizen the late Mr. Robertson won the respect and esteem of the community in which he lived. He was a man of fine character who did not hesitate to express his views on all questions of public interest. In his business life he held a reputation for honor and integrity. Illness caused his retirement from active participation in public affairs some years before his death, but to the last he took a keen and lively interest in the progress and prosperity of the city he loved so well. To his sorrowing family the citizens of St. John will extend heartfelt sympathy in their bereavement.

## Current Comment

### A Benefit to the Empire.

(Montreal Star)  
Nine out of ten misunderstandings can be traced to lack of knowledge. At no time in the history of the British peoples has it been so vitally necessary that they should understand not only one another's policies, but one another's purposes. Canada, Australia, South Africa need not only uncolored reports of the industrial, economic and political reports of Great Britain, but they need them sufficiently detailed to contain something of the life and spirit of the various movements.

### In Mexico.

(Hamilton Herald)  
Felix Diaz, a nephew of the man who ruled Mexico for thirty years, is the latest revolutionary Mexican leader. It would not be surprising to learn that multitudes of Mexicans—tired of the anarchy that has prevailed in their country since Porfirio Diaz was deposed, and yearning for the internal order which he maintained with an iron hand—are flocking to the standard of the younger Diaz in the hope that the new revolutionary movement will put the great old soldier-statesman back into power.

### Sympathy!

(Moose Jaw News)  
R. L. Richardson made his opponents go some, which is something to his credit; but he was up against a man who could go. The truth is that so good a newspaper man as R. L. should have known better than expect to win on such a worn out nag as Reciprocity.

### One is Enough.

(Ottawa Citizen)  
Sir Wilfrid has been giving to the people of Toronto the various reasons why the Liberal party did not win in the last general election. These are seventeen in number. The first is that they couldn't. The rest do not count.

### Not Easily Evicted.

(Toronto Mail and Empire)  
It is true that the Turks are foreigners and trespassers in Europe, but they are squatters whose eviction will not be easily carried out by the Balkan States in their new Balkan capacity.

### A Northern Aspect.

(Athabasca Landing News)  
Three inches of snow are reported at Cobalt, Ont., but the pluck and the pansy and the stately sunflower are still blooming at Athabasca Landing.

OBITUARY  
Richard A. Estey.

Fredericton, Oct. 19.—The death took place at Victoria Hospital this morning of Richard A. Estey, one of the best known lumbermen on the St. John river, as the result of two paralytic strokes. He was born in Fredericton sixty-three years ago. For over thirty years he was engaged in the milling business and also conducted lumber operations on an extensive scale on the St. John river and its tributaries, particularly the Tobique. He had been a member of Hiram Lodge, F. and A. M., for many years. He was a widower and is survived by one son in British Columbia and two daughters, Mrs. Geo. Currie, St. John, and Mrs. Bedford Phillips of this city. Three sisters, Mrs. David Hatt and Mrs. William Fowler of this city, and Mrs. H. E. Bond of Toronto, also survive.

James G. Reid.  
James G. Reid died suddenly on Friday evening at Amherst. He was a native of Green Head, Pictou County, and was engaged in the tailoring business in St. John prior to the great fire, but moved to Amherst in the year 1879. He enjoyed the respect and confidence of all citizens. He is survived by his wife, four sons and four daughters. The sons are Charles, St. John; J. Frederick, Amherst; Arthur, Montreal; and Guy, Halifax. The daughters are Mrs. W. A. D. Stevens, Moncton; Mrs. T. Q. Dowling, St. John, and the Misses Haud and Mabel at home. Mr. Reid was a worthy citizen whose death is generally regretted.

J. Edmund Ratcliffe.  
J. Edmund Ratcliffe, for many years a fireman in the employ of the St. John Railway Company, died at his home on Edmund street, yesterday, after a short illness. The deceased was born at Upper Loch Lomond, June 15, 1855. He is survived by a widow, one

GOVERNMENT HOUSE FOR NEW BRUNSWICK. Movement Started for Establishment of Official Residence.

It has been announced that a movement was started at Fredericton lately for the establishment and maintenance of an official residence for the Lieutenant-Governor of the province. Sir Howard Douglas, Chapter of the Daughters of the Empire, initiated the movement. The following memorial has been prepared and will be circulated for signature:

TO HIS HONOR THE LIEUTENANT-GOVERNOR IN COUNCIL: The memorial of the Subscribing Resident Ratepayers of the Province of New Brunswick humbly sheweth:

That the re-establishment of an official residence for the Lieutenant-Governor of this province, befitting the dignity of his office as regarded by your memorialists as desirable and as a matter well worthy of the consideration of the Executive Council of the Legislature of the province.

Your memorialists believe that in all the other provinces of the Dominion dignified and suitable residences for the respective Lieutenant-Governors are established and maintained, and they feel strongly that New Brunswick should not fall in this respect to evidence and maintain its loyalty and respect for the representative of the crown. The inconvenience and humiliation that must have been experienced more than once by the government on occasions of state and social functions by reason of the lack of a suitable residence for the executive head, strongly emphasize the necessity of remedying this condition.

Your memorialists therefore pray that you would be so good as to direct the Lieutenant-Governor now standing vacant by reason of the beauty of its situation, the nobility of its proportions and the historical reminiscences surrounding it, eminently suited for the purpose for which it is desired. And your memorialists believe that the putting in repair of the edifice and the re-establishment of the same as an official residence for the Lieutenant-Governor would meet with the hearty approval of a suitable residence for the people of New Brunswick.

Your memorialists therefore pray that you would be so good as to direct the Lieutenant-Governor now standing vacant by reason of the beauty of its situation, the nobility of its proportions and the historical reminiscences surrounding it, eminently suited for the purpose for which it is desired. And your memorialists believe that the putting in repair of the edifice and the re-establishment of the same as an official residence for the Lieutenant-Governor would meet with the hearty approval of a suitable residence for the people of New Brunswick.

McClary's Wanted to Die Because He Was Robbed. Montreal, Oct. 19.—Because he was robbed of \$500 and thus prevented from going home to join the Bulgarian troops in the war on the hated Turk, Ganech Huzarf jumped into the St. Lawrence river last night, but was saved by the police. A laborer on railway construction, he had saved \$500. Then the war broke out, and the proclamation of King Ferdinand yesterday was the touching of the match to the powder of his patriotism. He decided to leave tonight for Bulgaria and accordingly went to the bank and drew out his \$500. This he put in his pocketbook and went to Bonaventure station to get a train. On board, his pocket was picked and in despair he tried suicide.

It's not the money I care about, but I cannot go home now to fight the cursed Turks," he told the officer who rescued him.

THE C. P. R. and Allan Line. Montreal, Oct. 19.—The formal taking over of the Allan Line by the C. P. R. will shortly be announced. All preliminary work in connection with the transfer has been completed and an official announcement of actual transfer will shortly be forthcoming. A special cable received here says: "The joint stock companies registered in Edinburgh of the Allan Line Steamship Company shows that the Royal Trust Company of Montreal holds 57,637 shares, the total being 625 shares. St. Montague Allan is registered as holding 500 shares. Allan Bros. and Company is the title of a separate company.

Utility Pavements. Apparently some citizens think that a lot of waste paper is an adornment to the newly paved portions of Charlotte and King streets.

How He Escaped An Operation And Was Completely Cured of Piles of 14 Years' Standing by Dr. Chase's Ointment.

Mr. Chas. Beauvais. Doctors say that about one person in every four suffers more or less from piles, and who can imagine a more annoying, torturing, disagreeable ailment? After trying a few treatments without success, and as the ailment grows worse, the medical doctor is consulted. An operation he says, is necessary. For a time of the suffering, expense and risk to life itself, and hesitate before taking such a step. In many thousands of such cases Dr. Chase's Ointment has made a more annoying, torturing, disagreeable ailment? **PROSPERITY.**  
The profits of these outside companies have grown with the prosperity of the country at a far more rapid rate than their cost of doing business. The Canadian Pacific in being the sole beneficiary of these rapid increases in profits is able to show a total increase in earnings which more than offsets the increase in expenses.

In 1912 the Canadian Pacific spent \$12,000,000 for additions to and improvements in its main line and 32,500,000 for additions and betterments to its branch lines and for certain additions and betterments to office buildings and to telegraph lines. Of the total amount spent, the Canadian Pacific has paid for sidings and for additional tracks. Most of the remainder was spent for improvements having to do with terminals and terminal facilities.

The Canadian Pacific needs at present not so much for additional lines—although we may be sure that the policy of developing the country by the building of branch lines will not be curtailed in any way—as for more equipment. This is, of course, just as it should be, since since crops are being moved as rapidly as cars can be supplied. The Canadian Pacific has not only given orders to its own shops up to their full capacity for equipment, but has ordered equipment from the United States, deliveries of which are at present delayed by the press of work in American shops. Crop prospects in Canada are very good indeed.

Notwithstanding the competition that the Canadian Pacific will have to meet from the Grand Trunk, the Canadian Northern, and the Canadian Northern, it is in an unusually strong strategic position as regards rate reduction by government commissions. It is hardly likely that the Canadian Government would reduce rates below what would yield a fair return to either the Grand Trunk or the Canadian Northern, but a fair return to either the Canadian Northern or the Grand Trunk the Canadian Pacific can earn a very substantial return. In other words, it has such a long start of its competitors and a monthly thereafter, for freight and passenger rates apply to it.

**BIG BOOM LOOKED FOR IN WOODSTOCK**  
Expected Valley Railway and New Car Works Will Mean Much For Town—Personal Notes

Woodstock, Oct. 18.—Rev. Fathers Horan of Calais, Coughlin of Johnville and Bradley of Florenceville were the guests of Rev. Father McMurray yesterday.

Misses Alice McGinley and Margaret Denney of Johnville were the guests of Mrs. Thomas Dunphy on Wednesday and Thursday, the former going to Montreal for a brief visit and the latter returning home yesterday.

The engagement is announced of Miss Alma Parent of Grand Falls to William C. Jarvis of Fredericton. The wedding is to take place at Grand Falls on Monday, October 21.

Supt. A. V. Harshaw returned yesterday from Toronto. Mrs. Harshaw and Miss Harshaw are still visiting there.

Miss May Clarke, manager of the local branch of the Western Union, returned yesterday from a pleasant visit to Boston. Miss Florence McLaughlin, who has been relieving Miss Clarke, left for her home in St. George yesterday.

Miss Helen McManus, who has been visiting in New York, returned home yesterday.

Miss Hazel Wilson is visiting Mrs. S. A. Baker in Fredericton.

Mrs. Frank Plumer will be at home to her friends on Wednesday and Thursday afternoon, Oct. 23rd and 24th, in Connel street.

Richard L. Cronkrite and Wooster B. Cronkrite, Southampton, made a business visit to town yesterday.

Julian E. Long of Long Settlement, secretary of the Centreville exhibition, was in town yesterday in connection with the recent fair.

Miss Glenna McQuarrie, trained nurse, of Portland, Maine, with her sister, Miss Cassie McQuarrie, of Mount Pleasant, are spending a few days in town.

James T. Turnbull of the C. P. R., St. Andrews, spent yesterday in town on his way to Perth.

During the recent visit of A. R. Gould, contractor for the Valley Railway, arrangements were made for the purchase of the Trotting Park and adjoining land by Mr. Gould, from the Agricultural Society, at a price of some \$15,000, about \$10,000 of which goes for the purchase of the park, under the terms agreed upon between Mr. Gould and the town council, viz: that when the railway works for the St. John and Quebec and Valley Railway are established here the town will refund the money to the St. John and Quebec Railway. The deed of the Trotting Park and adjoining land is expected to be recorded shortly. This should set at rest all doubts as to what the deed works will be established, and should mean a big boom for Woodstock. The different papers, which were forwarded to Ross Thompson for his signature, are expected back today, when they will be sent to A. J. Gould for his signature, and finally will be signed by J. N. W. Winslow and recorded, the property coming into the possession of the St. John and Quebec Railway inside of ten days.

**PROPERTY TRANSFERS.**  
The following transfers are recorded:  
George Corbett to D. H. McDonald, property on City Road.  
Ellis and Louisa, to R. M. King, property on North Side King Square.  
J. P. Gleason and A. M. Bouillon, property at the Narrows.  
Samuel McClelland to M. F. Padington, property at corner King and Union streets, St. John.  
D. H. McDougall to S. A. Thomas, property on City Road.  
Christina McInerney to A. Chamberlain, property on King street east of Union Square has been taken over by Kenneth T. Donahue, who has already taken charge and intends making a number of extensive changes to the place. Mr. Donahue is a young man with plenty of ambition and his many friends wish him all success in his new venture.

**BARNESVILLE NOTES.**  
Barnesville, Oct. 19.—Joseph McFall an aged resident, passed away yesterday evening at his home. Although Mr. McFall had not been in the best of health for some time, death came as a great shock to his aged wife, who was with him alone when the end came. He was confined to his bed for three days. All was done for him that loving hands could do. He leaves to mourn a widow and one daughter, Mrs. John Vaughan, who has the sympathy of a large circle of friends.  
Mrs. Victor E. Gowland, who spent the last two weeks with her sister, Mrs. Robert Hastings, left on Wednesday for her home in Salisbury.  
Mr. and Mrs. George Somerville and son Ronald, St. John, have spent the last week with Mrs. Somerville at the home of Mrs. Somerville's mother, Mrs. Mary F. Marowan.  
William Connor, a former resident but who has made his home in Fairfield, the last year, is here renewing old acquaintances.  
Miss Wilson of St. John, is visiting her aunt, Mrs. Mary Hay and her sister, Mrs. Rachel Johnstone.  
A number of men have been very busy the past week erecting a new monument around St. Barnabas' Episcopal church graveyard, the generous gift of Mrs. Rachel Johnstone. The members of the congregation wish through your columns, to express their thanks for this very liberal gift of this esteemed lady.  
Charles Reynolds has sold his farm and is now disposing of his stock. Mrs. Reynolds and family are going to remain here for the winter.  
Miss Alice DeBow, of Upperton, is visiting her friends, the Misses Maud and Mabel Sherwood.  
Mrs. Harvey Baird, Upperton, spent a few days of this week with her parents, Mr. and Mrs. John H. Sherwood, at 25 E. Eley, of St. John, arrived here on Wednesday accompanied by his wife and child. He will administer the Lord's Supper tomorrow in the Reformed Presbyterian church.  
Much praise is due the ladies who so ably assisted to prepare St. Barnabas' church for thanksgiving service and all others who assisted by sending flowers, fruit and vegetables.  
Mr. and Mrs. J. L. Steels went to St. John yesterday.

**PERSONAL.**  
Mr. and Mrs. James E. Cowan, of West St. John, arrived home Saturday on the steamer Calvin Austin after a few weeks of a delightful trip to Boston and New York.  
Mrs. J. M. Roche and Miss Long, of West St. John, arrived home on the steamer Calvin Austin, Saturday.  
Mrs. Fred Wesley and Miss McCole, who have been visiting in Boston, returned home on Saturday.

**FUNERAL OF LATE GEORGE ROBERTSON**  
Very Large Attendance and Impressive Services at Burial Yesterday of Prominent Citizen

Many of the citizens of St. John paid a last tribute of respect to the late George Robertson yesterday afternoon when, besides representatives from St. Andrew's Society, Miss McKenzie, the session of St. Andrew's church and the staff of the Dominion Savings Bank, a long cortege of friends followed the body to its last resting place. The funeral procession made a sad but impressive scene, being made up of not only intimate friends, but of many citizens who walked to show the high esteem and respect in which they held the memory of one who had always held an honored place in the community.

Preceding the hearse the members of St. Andrew's Society walked in a body, being followed by the staff of the Dominion Savings Bank and the representatives of Clan McKenzie, W. H. Thorne, Judge Forbes, John White, Mr. Harding, Thomas McAuliffe and S. P. McAvour acted as pallbearers, and immediately following the hearse were the mourners, Wm. T. Robertson, Struan Robertson, S. A. Corbett, Thomas Stothart, Dr. Murray MacLaren, J. S. MacLaren, Edward MacLaren and James MacLaren.

The funeral service was held at the late residence, 249 Princess street, where Rev. Gordon Dookie, M. A., conducted the ceremony. During the service a quartette from the choir of St. Andrew's church, consisting of Mrs. Curran, Mrs. McNeill, Fred McKean and Mr. Barbour, sang the Rock of Ages. Rev. Dr. McVicar conducted the service at the grave.

Although it was requested that no floral tributes should be sent to the Session of St. Andrew's church and the staff of the Dominion Savings Bank each presented a wreath, while other flowers were received from intimate friends and from the immediate family.

Mr. Bowder Writes That Films Taken in New Brunswick Have Turned Out Well

A. Bowder, the representative of New Brunswick in the Great Britain, has written to the local immigration department, stating that the British and Colonial Cinematograph Company is much pleased with the views secured by its representative who was out here a few weeks ago, pronouncing that they have "very good and of an interesting nature." He also wrote that he had persuaded a party of young men who intended to emigrate to Canada to change their minds and come to this province. He states that there are many farms available here and that New Brunswick farmers wishing help should make arrangements with him or Mr. Glickson at the present time of the year, if they wanted to secure skilled farm workers.

Pure beer is food and tonic.

G. Beck (Bierbrauer, 1881, No. 8) finds that  
"beer in light bottles deteriorates more quickly than beer in dark bottles when exposed to the direct sunlight."

His tests were continued for three weeks and proved that beer in light bottles had acquired a very disagreeable, nasty taste and flavor and was unfit for consumption.

The Brown Bottle with Schlitz is not a fad. Its use is based on scientific principles.

We have adopted every idea, every invention, every innovation that could make for purity.

Schlitz is sent to you in Brown Bottles to protect its purity from the brewery to your glass.

Why don't you make Schlitz in Brown Bottles your regular beer?

THE WEATHER
Maritime—Moderate winds; fine and cool.
Toronto, Oct. 20.—The disturbance which was centered in Quebec on Saturday has passed off into the Atlantic and pressure is now highest in the St. Lawrence valley and northern states. Rain has fallen generally in Nova Scotia and locally in the Lake Superior region and light local snow flurries have occurred in Saskatchewan. Elsewhere the weather has been fair.

To Extend Duke Street Water Main. The water department has made arrangements to extend the Duke street water main to supply the new factory being built by the Canada Truss Company.
To Meet This Afternoon. St. Monica's Catholic Immigrant Society will meet this afternoon, at 4 o'clock at the C. M. B. A. hall, Union street. The present membership of the society is 600 and this number will probably be largely increased in the near future.
Drunk Bumped His Head. Saturday morning George Stewart, a Prince Edward Islander who resided on Mill street by Policeman O'Neil for being intoxicated. The islander during his staggering about had bumped his head against something hard with the result that he sustained a severe cut over the eye. Dr. D. E. Barryman was summoned to the central station and found it necessary to close up the wound with a couple of stitches.

Special to The Standard. Halifax, Oct. 20.—President J. Y. Payzant, of the Bank of Nova Scotia, confirms the statement from St. John that the Bank of Nova Scotia and the Bank of New Brunswick will be merged. There will, he says, be a new issue of stock.
The agreement made by the directors of the Bank of Nova Scotia and the Bank of New Brunswick relative to the amalgamation of the two institutions will be dealt with at meetings of the shareholders of both banks on Monday, Dec. 10th. The basis of the agreement is that the shareholders of the local institution shall receive one share of the capital stock of the Bank of Nova Scotia for each share now held in the Bank of New Brunswick, and a bonus of \$100,000 to be distributed pro rata among the shareholders of the local bank.
The market quotations of the Montreal stock exchange place the value of the shares of the Bank of Nova Scotia at \$265 and those of the Bank of New Brunswick at \$258.
Employees Protected. The Bank of Nova Scotia undertakes to employ all the officers and employees of the Bank of New Brunswick, and to place them on its position list. Until the amalgamation is effected the Bank of New Brunswick will continue to pay its dividends at the rate of 15 per cent. Thereafter the shares of the Bank of Nova Scotia in exchange for shares in the Bank of New Brunswick will carry a dividend at the rate of 14 per cent.
The Directors' Statement. In a statement issued to their shareholders on Saturday, the directors of the Bank of New Brunswick say the reasons that influenced their action were the need of additional capital to open branches in the West, and the difficulty of securing new capital, as well as the heavy initial expenses of opening new branches, and the fact that the increasing competition was reducing the earning power of the bank.
The directors' statement was as follows:
BANK OF NEW BRUNSWICK.
St. John, 19th October, 1912.
TO THE SHAREHOLDERS:
Your Directors have for a long time been convinced that if the Bank of New Brunswick was to maintain its earning power its capital would have to be very largely increased so that it could extend its branches and establish itself in the larger western cities. Recent experience has shown that it is difficult to secure new capital and it takes time and heavy initial expenses to place branches in cities on an earning basis. So many avenues for the employment of capital are now available for investments, which though not so secure as bank stocks yield larger returns with the result that bank shares have lost their

old time popularity as an investment. During the past few years Banks with large capital and branches extending to the Pacific have invaded our territory, intensifying the keen competition in banking. Under these conditions your directors have found it increasingly difficult to maintain the Bank's earnings. Thus while our percentage of profits in 1906 was 15.41 per cent, it gradually fell to 16.90 per cent in 1911.
With these conditions before your directors they took into consideration a proposition made by the Bank of Nova Scotia to amalgamate the two institutions and have decided to recommend to the favorable consideration of the shareholders the enclosed draft agreement to attain that end. If you deem it wise to adopt this agreement each shareholder who receives one share of the capital stock of the Bank of Nova Scotia for each share now held in the Bank of New Brunswick and a further sum of \$100,000.00 will be distributed pro rata among the shareholders of this Bank.
The capital stock of the Bank of Nova Scotia when the allotment of stock recently issued is paid up will be \$5,000,000.00 and its reserve will then be \$9,000,000.00. It has branches in every important city in Canada, in Newfoundland, the West Indies, and in a number of the cities of the United States, and is of undoubted strength and resources. For many years its shares have sold higher than those of any bank in Canada.
Your directors in recommending this amalgamation desire to say that they are impressed with the fact that the Bank of Nova Scotia is a Maritime Province Bank, as over 75 per cent of its stock is held in the Maritime Provinces. Further its traditions and methods have been similar to those followed by the Bank and our shareholders, customers and staff, and under these circumstances feel assured of a continuity of the policy of the Bank.
If the agreement with the Bank of Nova Scotia is adopted, the amalgamation it is expected will be consummated on the first day of February next. The Bank of New Brunswick will continue to pay its dividend at the rate of thirteen per cent. (13 per cent) until the amalgamation is effected. Thereafter the shares of the Bank of Nova Scotia received in exchange for shares in the Bank of New Brunswick will carry a dividend at the rate of fourteen per cent. (14 per cent).

LABOR MEN MAY OPPOSE REQUEST TO ABOLISH TAX TO CELEBRATE THE TRAFALGAR VICTORY
Representatives of Longshoremen Expected to Appear Before Council This Afternoon in Opposition to Shipping Federation
One of the matters which will come before the meeting of the common council today, is the memorial of the Montreal Shipping Federation, protesting against the tax of \$7.50 on ship laborers coming to work in the city from Montreal, and outside points. The Shipping Federation ask that the tax be repealed. It is expected that representatives of the longshoremen's union will appear to oppose the abolition of the tax, as they feel that inasmuch as they have to pay taxes for the upkeep of the city, they should not be compelled to enter into competition in the labor market with outsiders who pay no taxes.
The school trustees will probably send a delegation to the meeting to discuss with the council the matter of buying land and erecting a new school building in the North End. The council will deal with the question of whether or not it is advisable to proceed with the construction of the proposed sewer in Union street between Charlotte and Carmarthen. This will be a concrete construction and some of the commissioners think the season is too late to start the job.
A communication will be received from Hon. J. D. Hazen stating that engineers of the department of public works are now engaged in preparing a full statement of the reasons why the Courtenay Bay breakwater was not started further down the bay.

Under the provisions of the Bank Act the agreement is not binding until approved by the shareholders at a special meeting called for its consideration.
We enclose herewith copy of notice calling this special meeting and proxy for your signature. In case you are unable to attend the meeting personally, please sign and return the proxy at once to the Bank.

HEAVY STEEL GIRDS FOR THE NEW THEATRE
One Massive Beam For Proscenium Arch Here Saturday — One For Balcony Will Arrive Soon
That the new Keith theatre being built on King Square will be constructed substantially may be judged from the fact that eight and four ton girders will be placed in position possibly this week.
The four ton beam arrived on Saturday from the foundry of MacKinnon Holmes & Co., of Sherbrooke, Que., while the other for steel work. The smaller girder will be used as a support in the proscenium arch. The heavier girder will be used in the balcony and will be installed later.
Work on the building is going along with a swing. Following the placing of the proscenium arch girder the roofing of the stage will be commenced. The trouble caused by a steady inflowing of water into the excavation has been overcome. The water will be collected in a sump, directly under the stage. Pipes will be laid to a large storage plant in another part of the theatre, and the water pumped into the tank to be used about the theatre for all except drinking purposes.

Much Demand for Dredge Workers. W. E. Jones, of Detroit, and D. J. Dolan, officials of the International Dredge Workers' Association are in the city paying a visit to the local union. The former has during the past few weeks visited the unions in Upper Canada and reports the different lodges in a flourishing condition. In Canada the association has a total membership of about three hundred. The St. John union was established about a year ago, and already numbers over eighty members. With the big dredging contract in connection with the Courtenay Bay development it is expected that the number of dredge workers will be considerably increased owing to the additional dredges which will be brought here for the job. All over the United States and Canada, Mr. Jones said, there seems to be plenty of work for laborers, and in some parts of the Dominion the demand for dredge workers is considerably in excess of the supply.
ABORN OPERA SEAT SALE. The sale of seats for the great events of next Wednesday and Thursday will begin at the Opera House at 10 a. m. today. The Aborn Opera Company's spectacular production of "Bohemian Girl" represents the largest theatrical enterprise ever brought east of Montreal, and St. John is the only city in the maritime provinces to be visited by the company.

St. George's Society Will Hold Smoker Tonight in Observation of Nelson's Victory at Trafalgar
St. George's Society will celebrate Trafalgar Day by holding a smoking concert in the rooms of the Temple Club, Masonic Hall, Germain street, this evening. A fine programme has been prepared for the occasion. Dr. Silas Alward will deliver an oration on Trafalgar Day, and J. Twining Hart will recite Admirals All. Among others who will take part in the programme are C. A. Murray, D. B. Pigeon, Fred McKeay, E. W. Bonnell, A. C. Skelton, Osborne Sheppard, Arthur Rennie, Mr. Layton and Mr. Garret.
In honor of the day, His Worship Mayor Frink, who is president of St. George's Society, will fly St. George's flag from City Hall.
Appropriate references to the day and its lessons will be made in the public schools.
