ALLIES HOLDING CONFERENCES DAILY

Representatives Abandoned Sunday Rest to Consider Problems Coming Today.

London, March 6.—The German delegation will meet the allies tomorrow at what may prove to be the final conference for a settlement of reparations. Interest for the present centres in the outcome of the meeting yesterday between Dr. Simons the German foreign secretary and Premier Lloyd George and Brian and other French ministers at Lord Curzon's house.

GERMANS ARE READY

It is understood that Dr. Simons indicated what the Germans desired to reply tomorrow to the allied ultimatum. This was considered at an informal conference of the allies after the meeting with Dr. Simons.

The British Prime Minister went to Chequers Court for the week end and M. Louchere, the French minister of liberated regions, went there today to see him. They returned to London together and Mr. Lloyd George supposed a meeting of the Supreme Council which began shortly after seven o'clock this evening and continued for two hours. Those attending included the Prime Minister and Lord Curzon and Mm. Briand, Luchere, Berthelot and Doumer, in addition to representatives of Italy, Belgium and Japan.

Conference Very Important

The discussions were not finished when the council recessed for dinner. The matter was considered important that Baron Hayashi had to be called from the country to attend.

During the dinner recess it is understood there were further communications with the German delegates and when the supreme council re-assembled it was asserted that the serious discussion were only then beginning.

FACE UNDER CLOTH

One of the pair wore a handkerchief in such a manner as to partially hide his face. It is thought that the robbers ordered Mr. Sabine to throw up his hands as they entered his store, and that he did not take it seriously but looked on it as a joke. Before he had time to cry out he was mortally wounded and he fell to the floor.

No trace of the murderers had been found at a late hour tonight. It is believed by the police that they are the pair who have been committing numerous hold-ups in the past week or two in this city.

SEARCHING FOR WEALTH HID IN BRITISH GUIANA

Party of Three Expect to Spend Year Looking for Diamonds.

HOPE TO DISCOVER SOURCE OF SUPPLY

Will Also Study Geology of Country and Capture Birds and Animals for Zoo.

New York, Mar. 6.—Two young Americans sailed from this port recently for South America to search for a vast store of wealth supposed to lie in the "chimney" of the diamond deposits of British Guiana.

The expedition is under the patronage of Harvard University and the Smithsonian Institute of Washington, for which it will carry on geographical explorations.

Before his departure on the Brazilian steamer Uberaba, Mr. LaVarre outlined details of the adventuresome project.

After provisions are provided at Georgetown the expedition will board a canoe homeward with a crew of a dozen to twenty men and laborers.

Establishing headquarters in the granite country 170 miles up the Marowari River, which empties into the Essequibo, the diamond hunters will begin work on the mining.

Somehow near every spot where diamonds are found in considerable numbers there must be a "chimney," explained Mr. LaVarre.

He added that the quality of stones taken from the vicinity where his party will work points to a "chimney" as rich or richer than those of the South African diamond fields.

Animals which will be taken for the Washington Zoological garden in a certain area near the Venezuela border.

Macbeth Up To Date In New York

Shakespeare's Play With "Jazz" Setting Shown—Futurist Scenery.

By BEN DEACON.

Macbeth, the play which has been some weird things done in the New York, Mar. 6.—New York has named of art, but the limit was probably reached this week when a particularly "modern" producer took the work of a great classic playwright.

The critics were practically unanimous in condemning its freakishness. They declare the futurist scenery makes it difficult to concentrate the mind upon the lines of William Shakespeare or appreciate the interpretation of them given by an excellent company led by Lionel Barrymore and Julia Arthur.

Macbeth is left to the imagination by Mr. Jones. A series of curtains with various fantastic set pieces as adjuncts represent the scenes in which the action of the play occurs.

Plain hanging backgrounds are used to "indicate" practically everything. The courtyard at Inverness is merely a table with an ironing board on it, resembling a decayed molar set.

San Salvador, Republic of Salvador, March 6.—Costa Rican troops attacked by Panamanian forces in the region of Golfo Dulce, on the western end of the Isthmus, routed the Panamanians, who numbered more than 1,000.

Berlin Opens War On Typhus Cooties

Emigrants on Way to America Bearing These Germ-Carriers Regarded With Alarm

By S. B. CONGER.

Berlin, Mar. 6.—Germany has a typhus problem of her own as well as for the United States in connection with the eastern emigration passing through Germany en route to German, Dutch and Berlin ports.

The main danger threatens from former Russian-Poland and Galicia, many of whose inhabitants, though personally immune through generations of exposure, carry in their blood the germ of disease.

Just take a look at the opening scene. The stage is draped with heavy black curtains. Nothing even faintly suggests a beach. Suspended in the center are three masks which glare down at a ring around which are gathered the three figures which are the main characters in the play.

Toronto, Ont., March 6.—It is said that "Pussyfoot" Johnson, the American prohibition advocate, who lost an eye during an encounter with students in England some time ago, is coming to Ontario to take part in the referendum campaign, but an official announcement to this effect has been made.

ECHO OF WHITLEY RIOTS HEARD IN ENGLISH COURTS

Surrey Court Council is Being Sued by Shopkeepers.

COMMISSION TO TAKE EVIDENCE HERE

Merchants Claim Compensation from Canadian Authorities Was Not Sufficient.

Gulfport, Surrey, Eng., Mar. 6.—An echo of the Whitley riots was heard in the King's Bench Division of the Law Courts today when a commission was authorized by Mr. Justice Coleridge to proceed to Ottawa for the purpose of taking evidence in connection with an action brought against the Surrey County Council for damages sustained by six storekeepers of "Tin Town" at the time of the Canadian military riots in 1918-19.

The commission will take evidence here and at Ottawa. The claimants are not satisfied with the compensation made by the Canadian authorities.

Canadian government had given the claimants what they thought they were entitled to after a full enquiry. "They have had their bite at the Canadian authorities," Sir Richard said.

### LOW WATER IN RIVER MAY STOP TIMBER DRIVES

Bathurst District With Moderate Snow Fall, May Have Log Troubles.

### MOTHER RECEIVES SON'S WAR MEDAL

C. J. Melanson is Appointed Collector of Customs at Bathurst.

Last week saw the end of the logging season, and according to expert testimony it has been the best season for the past twelve years. The moderate snowfall and the remarkably clear weather combined to make the logging conditions almost ideal.

The Bathurst Lumber Company had fourteen camps in the woods, as against twelve last year. This, unfortunately, does not mean a larger cut than last year; on the contrary the cut is considerably less; but the extra camps were necessitated by the quantity of logs lying cut and left over from last year.

Water May Be Low. While the conditions for logging were the best possible, doubts are being expressed in regard to the conditions of the forthcoming drive, the fear being expressed that the lack of snow, while favoring the logging operations, will react against the subsequent operation of driving.

Receives Son's Medal. Mrs. Nicholas Lavigne has just received the 1914-16 star won by her son, the late Sergt. Joe Lavigne, who was wounded early in the war and who died as a result of his wounds after returning to St. John.

New Customs Officer. It was officially announced this week that Mr. Cleo J. Melanson had been appointed to the position of Collector of Customs for Bathurst. He has been employed in the Customs department for several years, and had familiarized himself with the work, and since the position became vacant several months ago, he had been carrying on the work of the collector.

### Ice Floes Off Coast Break Up

Furious Gale That Began Sunday Afternoon is Driving Field Ice Out to Sea.

Sydney, N. S., March 6.—Hope of a complete break-up of the ice jam in the Gulf and Cabot Strait and an early opening of navigation, is held out by a furious gale which commenced here about four o'clock this morning and has been blowing from the southwest ever since. Reports from the coast towns are that the whole ice field has moved out.

At New Waterford where the floes were piled against the coast on Saturday, there is blue water as far as the eye can reach. The ice jam reports the pack broken up, and only scattered floes visible on the horizon. Master mariners report the drifting Arctic ice fields near Cape Breton and off Newfoundland the worst they have ever seen.

### Alex. Johnston To Go Back To Marine

Special To The Standard. Ottawa, Ont., March 6.—It is stated here tonight that Alexander Johnston has been re-appointed to the position of deputy minister of marine. Mr. Johnston left the department some time ago to accept a position with the then proposed British Empire Steel corporation.

### Typhus In Fugitives

Spalato, Dalmatia, March 6.—The remains of General Baron Wrangell's forces who are scattered along the coast and in the interior, are fighting typhus and other diseases in the various camps in which they are quartered. Thirty-one of them died yesterday in the camp at Sinj, to the north of Spalato, where are 460 of the refugees.

FINED FOR KILLING DEER. Wilson's Beach, N. B., Mar. 6.—Following instructions received from the Chief Game Warden, D. J. Cripps, of Chatham, special game warden, proceeded to Wilson's Beach on Campobello Island and secured a conviction against a resident there for killing deer which are protected by law on the island until 1923. The fine was \$100 and costs.

### Passenger Train Jumps The Rails

One Person Injured in Derailment Near Campbellton When Delay is Nine Hours.

Special To The Standard. Campbellton, N. B., March 6.—The east bound limited left the rails this morning west on Campbellton, Quebec. The damage was not serious. One passenger was injured and the train was delayed nine hours.

W. D. Duncan, chairman of the bridge committee, will leave for Ottawa on Tuesday with a delegation from the Province of Quebec. It is expected that the Dominion Government will place a sum in the estimates this session for the much needed bridge.

### NO NEW CLUES IN MURDER OF CAPTAIN PERRY

Eight Witnesses Are Examined But No Evidence That Identifies the Slayer.

### COURTSHIP WAS SHORT AND SWEET

Charwoman Declares No One in Perry House Expressed Desire to Get Murderer.

Yarmouth, N. S., March 6.—The inquest on the death of Captain George Perry, who was murdered near the back door of his home on February 25, was resumed last night. Eight witnesses were examined, but nothing having a direct bearing on the crime or the identity of the assassin, was brought out.

They did not see Mrs. Perry or her daughter. Thomas Nickerson was also recalled. He said he remembered that Captain Perry and his wife were separated about twenty-five years ago. He also told of Captain Perry's meeting with his (Perry's) wife when she was Miss Burrage, of St. John. Captain Perry told him the courtship was short and sweet. He was introduced to her one evening, and the next day he went to sea. After an absence of six months he returned to St. John and met Miss Burrage, and after twenty minutes' conversation they became engaged, and shortly after they were married.

Char Woman's Evidence. Beatrice MacKinnon, a colored woman, was called to the Perry home on the morning after the tragedy to clean the place up. While there she was told that Captain Perry had been killed. Mrs. Perry had told her she did not know who committed the deed. The witness said she thought it curious that no one in the Perry house expressed the hope that the police would find out who committed the crime.

The Verdict. After all the evidence was in the jury tonight returned the following verdict:

(1) The late Captain Perry died while lying on a sofa in his kitchen at or about 12 A. M. of February 27th, last where he had shortly before been placed by Dr. C. A. Webster and assistants.

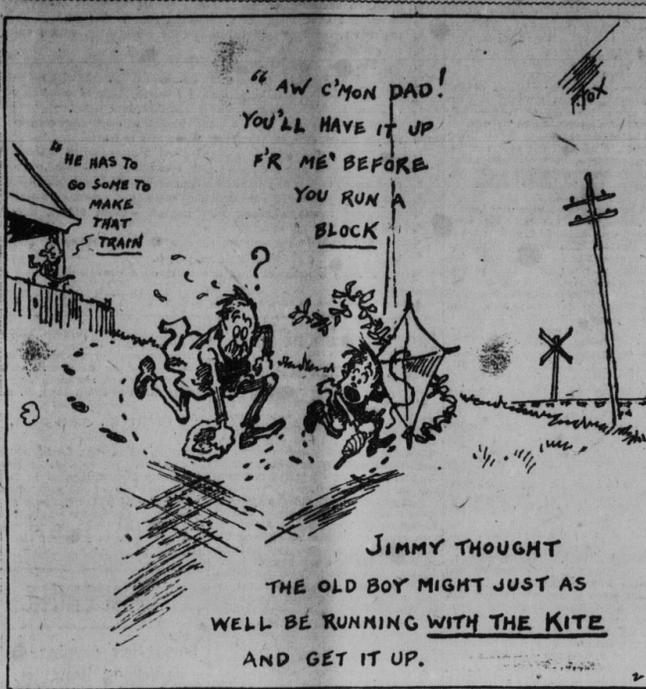

(2) Captain Perry's death was caused by having been brutally and murderously assaulted in the back door vestibule or storm porch of his residence, between 10 and 11 o'clock P. M. of February 26th, last by some person or persons unknown.

(3) The murder was premeditated and executed with malice aforethought.

(4) The murderer was concealed in the back door vestibule awaiting Captain Perry's return home, and upon opening of the outside door and the stepping inside of the victim the murderer struck a blow with a round or blunt instrument across the forehead and base of the hair which felled him after which two other murderous blows were struck on the back of the head causing fracture of the skull which later on caused death.

(5) The victim was then pitched or dragged out on the ice and left there where he was found at or about 11:30 P. M.

(6) The coroner's court wishes to place on record its strong condemnation of the inhuman act of leaving

### Newfoundland Is Ice Surrounded

Field Ice and "Growlers" on All Sides is Report of Ship Captain.

Halifax, N. S., Mar. 6.—"Ice conditions on the coast of Newfoundland were the worst I ever experienced," said Captain Mitchell of the Red Cross liner Rosalind, which arrived here today from St. John's.

### Smallpox Case Is Found In St. Stephen

House Has Been Placarded and an Official of Health Department is Due Today.

Special To The Standard. St. Stephen, March 6.—A mild sensation has prevailed around town since the evening service in the Churches, a reported case of small pox. The suspected victim is a Mrs. Bourgeois who with her family moved here from Grand Falls about one year ago and has been occupying a tenement house on Water Street at the Cove.

Mrs. Bourgeois had been ill about a week, and a physician, who had been called late this afternoon, placarded the house for smallpox. An official of the Provincial Board of Health is expected in town tomorrow. Some anxiety prevailed for a time among patrons of a restaurant because of a report that one of the waitresses was a daughter of the house. This was an error for the daughter was employed in the kitchen but has been at home since the mother was first taken ill early in the week.

Captain Perry outside on the ice one or more hours after he was found there wounded, and for the very indifferent attitude on the part of those whose duty it was to minister to him in this, his hour of need.

(7) This jury further recommends that the Crown prosecutor use every means available, sparing neither time or expense to bring the murderer to justice.

Cord Wood Cheaper. A lumberman of lumbering, that of cutting fire wood for fuel, saw a revival during the past winter, and although the supply was a plentiful one, the price per cord ranged between \$8 and \$10.

### LUMBERMEN HAD FINE WINTER TO WORK IN FOREST

Labor Was Plentiful, and Wages Lower So Large Cut Has Been Made.

### WOOD FOR FUEL IS CHEAPER TOO

Ice Cutters Busy Getting in Stocks Before the Spring Break-up.

Gagetown, N. B., Mar. 6.—This striking break-up of winter conditions is causing a great deal of inconvenience to farmers and lumbermen, who counted on two or three weeks' more of cold weather, in which to finish up the winter's work. Busy scenes were witnessed in the vicinity of the station when dozens of teams owned by members of the Agricultural Society were hastening to load up their spring supplies and fertilizer for transportation across the river before the ice becomes dangerous for heavy loads.

The past winter has been an ideal one for the lumbermen, and some of the crews who have been working in the woods claim they have not lost a day all through the season. This is a fortunate circumstance from more than one point of view, as in other years an early break-up of the hauling would have meant the majority of the lumbermen with only about two-thirds of their cut ready for the stream. Then, also, the prevailing lowered prices of lumber will be offset to some extent by the reduced expense of operating this winter. "Off-days" have been few, or none, and there has been no surplus snow to handle. Labor has been plentiful, and wages lower. J. Willard McMulkin, of Upper Gagetown, finished about two weeks ago; Reid Brothers have concluded their winter's operations at Upper Hampstead, and J. Medley White, who has been lumbering at Lawfield for W. J. Scott of Fredericton, brought his work to a close last Saturday and returned to Fredericton, after cutting about 1,500,000 feet. Coy & Nordrup, of Sussex, have been sawing all winter for Fox Brothers, at their mill in Lawfield, and the cut lumber is being hauled in to Gagetown, where it is being piled in an open field back of the town for shipment later in the season. Last year about 3,000,000 feet were cut in this vicinity, and this winter, while the cut does not reach these figures, it is much larger than was expected last autumn.

Those who were fortunate enough to get their ice harvested before the heavy snowfall of three weeks ago are congratulating themselves now that the soft weather has begun to work on the ice with fatal results. The snow, however, it is a case of "now or never," have been working during the past two days to get in their summer's supply.

### Maine Votes Cash For Campbellton Bridge

Twenty-Five Thousand Dollars Granted for the International Highway Bridge.

Fredericton, N. B., Mar. 6.—Hon. J. E. Michael, of Edmundston, received word while attending the meeting of the Provincial Government here that the State of Maine had passed a bill providing for that state accepting responsibility for one-half of the cost of the proposed new international bridge across the St. John River between Madawaska, Maine, and N. B., that Governor Baxter had agreed to sign the bill as passed.

Some time ago the State of Maine passed \$25,000 towards the sub-structure of the bridge; the Dominion Government have agreed to pay one-half of the cost of the bridge, and, in fact, the contract had been awarded to D. C. Burpee & Son, of Devon, at an estimated cost for the entire structure of \$250,000 when the work, which was just getting under way some months, was suddenly tied up.

Hon. Mr. Michael expressed himself as confident upon receipt of the news from the Main capital at Augusta, that this season would see the construction of the new international bridge and declared it would be a great boon to business on the Upper St. John, where it had been advocated since as far back as 1899 and '70. "This new bridge will connect up the shortest direct route by highways for automobile traffic from Boston and New England points through to Quebec."

FARMERS BUY SHOP. Woodstock, March 6.—The United Farmers have bought the property and blacksmith shop of Sam. Coulthard, who has been retained to manage it. Shareholders of \$10 and over in United Farmers' stock have all their work done at a special charge, while others pay the usual fee for home shoeing and such work. They are also negotiating to secure a carriage factory.

SCHOONER ASHORE. Jonesport, Me., March 5.—The schooner Clarence Trahan, of Meteghan, N. S., bound east from New York, dragged ashore at Hall's Island, off this port today. The three Falls coast guard crew boarded the vessel and were hopeful tonight of floating her on the next high tide.

### CHILD CRUSHED TO DEATH UNDER LOAD OF TIMBER

Newcastle Child Loses Life When Attempting to Have Ride on Side of Load.

### STAKE BROKE AND LOG ROLLED OFF

One Was Killed Instantly, While Companion Was Injured Seriously.

Special To The Standard. Newcastle, March 6.—On Saturday afternoon a sad fatality occurred here when little Isabella Black, five years of age, daughter of Mr. and Mrs. Allan Black lost her life. Together with a little playmate, Alta Woods, she was playing in front of her home when a team loaded with birch logs, driven by Ephraim O'Brien, came along. Eager for a ride the children climbed on the side of the sled and only went a few rods when suddenly the sleds gave a lurch and one of the stakes giving away the logs rolled on top of the two children. The logs were quickly lifted, the children carried to a nearby house and a physician summoned. It was found the little Black girl had been instantly killed, and the Woods girl badly injured.

BRAZIL BUYING WARSHIPS. Rio Janeiro, Mar. 6.—Brazil is considering the purchase from Great Britain of the dreadnought Agincourt, which has been offered to this country by the British Government. The Agincourt, 27,500 tons, was being built in a British yard for Turkey when the war broke out. After Turkey had joined the Central Empire, work on the vessel was completed and she was christened the Agincourt.

AGED MAN MISSING. New York, Mar. 6.—A city-wide police search was instituted today for Abraham Brown, 100 years of age, missing since yesterday. His 75-year-old daughter, with whom he lived, said he was accustomed to taking long morning walks, was very active, and she feared he had met with foul play.

## THE CATTLE EMBARGO

The constituency of Dudley last Thursday rejected the Government candidate, Sir Arthur Bowen, mainly on the cattle embargo question. On Friday the immediately adjoining constituency, Mosley, returned a Government candidate by acclamation. How is this to be accounted for? It does not seem too much to assume that the question of cheap or dear meat would be quite as vital to one set of electors as it would to their neighbors immediately next door.

A circular letter has been sent to this country signed by one Harry Moss of the Salfington Abattoirs, which starts off as follows:—  
"Take the embargo off Canadian 'fat, store and mitch cattle and you give employment to tens of thousands of men and women in England. Your hands will be naturally fertilized by your some-killed meat, would cost you 23 per cent. less than now, your tanneries, leather, glue, fat, bone, oil and numerous other trades would 'open up' to utilize the by-products of 'slaughtered animals and give employment to countless unemployed.'"

As a piece of cheap clap-trap the circular from which the foregoing was quoted will take some beating. It is evidently part of the campaign which is being waged in England to get the embargo removed. Does it not strike the average reader that if removing the embargo would produce even one quarter of the benefits enumerated, the British Government would quickly realize the fact, and see to it that the people got these benefits? Does it not strike one again that if such benefits are to be derived by the slaughter of cattle over there, that it would be a good thing to slaughter them over here? Employment is wanted for thousands in this country now, the lands of this country need naturally fertilizing worse than any other; we want tanneries, glue factories and all the other trades that the by-products of the slaughter house create, in the worst possible way. If all these sort of things are to be available to Englishmen as a result of slaughtering the few thousand Canadian cattle which would be shipped over there for feeding purposes, why not feed and slaughter them here, and let Canadians have all these immense benefits for themselves? Moreover, it costs considerably less to ship carcasses overseas than it does live cattle.

Is it to the advantage of Canada to supply the meat market of the cattle market of Great Britain? That is the question which should have prime consideration in the controversy on the embargo. To supply meat to Britain means that the fattening will be done on this side of the ocean, that Canadian feed products will be used for the purpose, that Canadian labor and Canadian capital will be profitably employed in the packing industry and that shipping problems will be simplified, and that Canadian farmers who are calling out for cheap fertilizers, will get the best there is in this line by feeding stock at home.

Sir Charles Tupper was always regarded as an astute, wide-awake statesman and he was of the opinion that this embargo was more of an advantage to Canada than otherwise. Why should Mr. Smith, chairman of the Canadian Live Stock Board and one of the best known Ontario farmers and one of the oldest M. P.'s representing an agricultural constituency, propose a question in the House that the removal of the embargo would not be in the best interests of Canada? He should know what he is talking about. If Mr. Manning Doherty wants a trip to England, by all means let him have it; but if he thinks anything he may say is likely to carry much weight with the British authorities, he is doomed to disappointment. English sentiment is that the country has nothing to gain by removing the embargo; neither on the face of things has Canada.

## REDUCED RAILWAY FARES

Railway travellers and would-be travellers will be glad to learn that the Canadian railways are contemplating to return to the pre-war arrangement of special reduced rates for holiday travel. This is an obvious effort to increase revenues by inaugurating lower fares, because under the ruling of the Railway Commission, the higher rates now in force could be maintained. In view of the fact that the cost of running a train is just precisely the same whether there are twenty-five passengers on board or two hundred, it is obviously good business to attract as many passengers as possible; and from a business standpoint it would be more profitable to carry a hundred passengers at 50 cents than twenty-five at \$1. Many more people would travel than do travel if only the railway fares were not so high, and this is particularly

the case at holiday times. To many people there is something alluring in the idea of a cut in prices, no matter how little it may be in point of fact. Where an ordinary return fare of, say \$5, would not cause very much additional traffic at holiday time, a reduction to \$2.50 would probably bring large numbers; not so much because there is a saving of \$1.50, but simply because there is a "cheap fare."

This principle does not only apply to railway fares, but to everything else. When the price of an article or commodity, or the cost of a service reaches a level where it discourages consumption or demand, then the process of raising that price defeats its own purpose. Merchants have found this out to their cost. The problem faced by labor is fundamentally much the same. In making demands for increased wages the men and their leaders evidently did not consider—and it is to be doubted whether the Conciliation Board did either—the relation of labor cost to the finished product and the market therefor. Consequently the situation which developed in regard to many products was that increasing costs raised prices and reduced consumption and unemployment naturally followed. Labor leaders must consider the problem of the wage factor in relation to producing goods at a cost where consumption will be increased and the unemployment problem solved.

## CARRYING FIREARMS

The London Free Press considers the amendments to the Criminal Code which now call for a permit to own firearms, other than shot guns owned prior to October 16th, 1920, to be "a harsh law." We must disagree entirely with our London contemporary, and we believe further that shot guns should be included. Wherein lies the hardship? Any reputable citizen can easily get a permit; those that are not reputable should not be allowed to carry firearms at all.

But why only a permit? Why not a license for which a fee should be paid? The country needs revenue in the worst possible way, and a considerable sum could be raised by requiring a fee of say \$1 for the right to carry firearms. No one uses them except for pleasure, therefore they are luxuries, which can be done without. It is a fact of course that for years there has been a law requiring permits to carry revolvers, but no one ever thinks of getting a permit because he knows he'll never be asked for it. If there was only one-tenth as much energy exhibited by the representatives of the law in hunting down those illegally in possession of revolvers as there is in nailing out a long-neck of gin, we might expect some results; but a thug with a revolver on his hip is passed by, while an innocent man with a flask of whiskey is at once taken in charge. If every one alike were compelled to procure a license before being allowed to carry firearms of any description there would be less likelihood of the many shooting accidents one hears of so continually.

## PIPES FOR WOMEN?

There is a good deal of talk about women taking up the smoking of pipes. Of course they have smoked pipes in other times, and it has been noted by travellers that ladies past the age of seventy-five smoke pipes gracefully. The recent talk, however, is of modern young women and brier, rather than clay, pipes. We can tell any young woman who contemplates abandoning the cigarette for the pipe that there is a great deal of buncombe about pipes and the comfort that is supposed to result from their smoking. In the first place, a pipe burns the tongue of a novice, and a new pipe often burns the tongue of a veteran. A pipe is an instrument of torture to its owner until it has been smoked half a dozen times. Nobody smoking a pipe is permitted to sit in a restaurant or any other properly conducted place where the feelings of sensitive persons are considered. A pipe is supposed to emit a delightful odor, and it does—but to the smoker only. Other persons are repelled. Ninety per cent. of the nonsense spoken and written about the pleasure of smoking a pipe comes from young men who strike a pose. They are always talking and writing about their pipes. Rarely does the devotee of the cigar or the cigarette bore other persons with the details of his tobacco habit. There are thousands, millions, of men who really enjoy smoking a pipe. Most of them have been at it for years. But nobody who has tried smoking in all its forms pretends that a pipe is as luxurious and aromatic as a cigar or as clean, inoffensive and harmless as a cigarette. The ladies would do well to wait until they are seventy-five before taking up the pipe.

A dead millionaire's obituary is worth about as much to him as his money.

## WHAT OTHERS SAY

**A Modifying Factor.**  
Rev. Ben Spence, of Toronto, who is somewhat of a specialist in this line, says the Quebec liquor control bill is rotten. The description is not elegant, but the observation should be considered as qualified by the fact that Mr. Spence never was known to admit that any good thing could come out of Quebec—Victoria Colonist.

**Ferry's Valentine.**  
Cartoonist Sam Hunter excelled himself in depicting the love missive received by Premier Drouin, which runs thus: "Oh, Ernie don't say, I'm here—my valentine abide. I do not seek your hand or heart. I only crave you: 'HEDE.' Ernie (mourningfully) 'I know the smart Aleck that does that.' And so did 'little Perry.'"—Hamilton Spectator.

**Well Off.**  
Senator Robertson, Minister of Labor, says that from October to January, there were about 133,000 persons out of employ in Canada, in the United States, there were three millions. If we had had as severe an unemployment situation, three times as many Canadian workers would have been laid off.—Toronto Mail and Empire.

**The Youngsters Who Read.**  
Dr. L. S. Toronto's librarian, says the best-read boys and girls in Toronto live in "The Ward," Toronto's foreign settlement. This sort of foreign settlement, this sort of foreign-born is a matter of common observation in Western Canada. The native-born will have to look to their laurels.—Calgary Herald.

**Farmer Finance.**  
The legislative correspondent of The Farmer's Sun gives some disquieting particulars in regard to the Drury Government's financing and describes the situation as serious. The Sun says that since November 13, 1919, when the Drury Government came into power, loans aggregating \$66,000,000 have been floated. The Sun describes this figure as "startling" and says that the statement of terms on which the loans were floated. Outside of a Dominion Housing Act loan of \$4,250,000, which carries six per cent interest, none of the loans bear less than 5 1/2 per cent, and some bear over six per cent. There were 19 loans in all aside from that of the Dominion Government, and only half of these were placed above par, the highest price being a shade over 104 1/2 for \$5,000,000 carrying six per cent, the actual rate of interest in that case working out at 5.21 per cent. A loan of \$10,000,000 extending over 10 1/2 years, carrying six per cent, placed at a shade above 98 3/4, making the interest rate 6.28 per cent. Another loan of \$16,000,000 for 15 years, at six per cent, was placed at 92 1/4, making the actual interest charge 6.31 per cent.

The Sun says: "When the Great Province of Ontario, which proudly boasts 20 odd years ago that it had no debt, has to 'sell' a 15 and 20 year bonds at six per cent, and guarantee the birth of debt, the situation is indeed serious."—London Free Press.

**A BIT OF VERSE**  
**PROGRESS.**  
We're builders of a better world, we are working for a plan  
That seeks to make this good old earth a better place for man;  
And though we blunder on the way, and though the road seems long,  
We've driven much of care away and made more time for song.

The world is better than it was ten thousand years ago,  
Though in the way we reckon time, it doesn't count that progress slow;  
Yet there have stretched a million years when little joy was known,  
And even human hearts, it seemed, were like the flint and stone.

Out of the darkness men have groped and sought to reach the light,  
Ages of wrong have come and gone and before the birth of right;  
And in some vague and distant way all men have tried to see  
A vision of a better world and serve that world-to-be.

**THE LAUGH LINE**  
**Resolute Virtue.**  
Old Man—Yes, sir, I've smoked for twenty-nine years and then all of a sudden I quit.  
Young Man—What brought about the change after so many years?  
Old Man—Went to work in a gasoline plant.

**Nothing Fancy.**  
There came into a church a man who informed the sexton that he wished to be married on a certain day.  
The sexton inquired the man's name, and it was given him.  
Then he said: "And your dance?"  
The man shook his head.  
"We are not going to have any of that," he replied, "it will only be a quiet affair."

**Quiser Trade.**  
"Yes, my friends," said the lecturer, "in China human life is considered of very little value. Indeed, if a wealthy Chinaman is condemned to death he can easily hire another man to die for him. In fact, many poor fellows get their living by acting as substitutes."

**A Narrow Squeak.**  
Two gentlemen riding on a train were both very much intoxicated.  
First Gent: What time is it?  
Second Gent: (after extracting a matchbox from his pocket with much exertion and gazing at it intently) Thursday.  
First Gent: Great Scott! I've got to get off here.  
It's all right for selfish people to indulge in self-admiration; otherwise, they wouldn't get any kind.

I was sitting on our front steps Sunday afternoon waiting for something to happen and thinking of different things that came, and all of a sudden Mary Watkins came out of her house all dressed up looking grave and started to walk up the street with her hands in her muff, me thinking, Gosh, G.

And as soon as she got around the corner I quick got up and walked after her like a perch catching up to her by accident, saying, O Hello Mary, was you doing, taking a walk?  
Yes, sed Mary Watkins.  
With she kepp on doing, and I started to wawk alongside of her and tried to think of something else to say without being able to think of anything except the same thing, which I sed it, saying, Taking a wawk?  
Yes, sed Mary Watkins.  
And we kepp on wawking alongside of each other with neither of us saying anything, which I tried to think of something else and accident, thinking, G, she's acting dumb today.  
And we wawked about 2 more blocks without any conversation happening, my thinking, Heck, this is fearful.  
Which it was, and we wawked about 5 more blocks without any happening, and I sed, O I jest remember something, excuse me. And I quick turned around and started to wawk back quick like somebody remembering something, feeling better than wen I was wawking with her on account of not having to think of anything to say.  
And I went back and sat on our front steps agen and kepp on waiting for something to happen.  
Proving it takes at least one to make a conversation.

## New Experiment in The St. Lawrence Trade

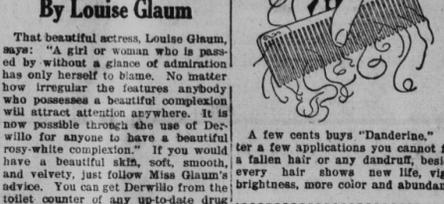

Montreal, Mar. 4.—A sharp contrast is noted this season in shipping prospects which are extremely good in the passenger business, very gloomy in freight. Interest is being taken locally in an experiment which the C. P. O. S. will carry out in the late summer in this connection.

The proposal is to run the two Empress liners practically without freight or with very little. A two-day turn round is all that is allowed the Empress of Britain and the Empress of France during six voyages. Both liners have proved themselves to be very fast, but commencing on July 8 they will have to race every voyage until the third week in September. To keep up to schedule every week will be necessary. Starting with the Empress of Britain, she arrives at Quebec July 28 and is scheduled to leave July 30.

The Empress of France arrived at Quebec August 11 and leaves August 13 and the two day margin stands thus for the four voyages following, up to September 24.  
The Empress of France which has been laid off for some time, will be back in the Atlantic again March 11 on her first run to St. John, N. B.

### Boys' Conclave

Seventy Boys Assembled at Y. M. C. A.—Enjoyed Supper and Addresses.

The monthly Taxis Boys Conclave proved a popular attraction Saturday evening when some seventy boys comprising squares from Fairville Baptist, St. Marys, Ludlow Street, Portland, St. George, Waterloo, and Main Street church gathered together at the Y. M. C. A.

The boys provided their own suppers and sat down to "some spread." Rev. Dr. Farquharson, Presbyterian port chaplain delivered an address on "The Boy and His Church." A. E. Stevenson, chairman of the St. John Boys Work Board presided at the supper table, and following the meal, the assistant chairman, R. H. Parsons, presented a number of badges won by the boys.

Red Honors for aquatics went to George Love, Gordon Robertson, A. Copp, R. Roberts, W. Giggey, F. Howard, R. MacLennan, G. Dykeman, D. MacLaughlin.

Hanning, White Honors—J. Owens, W. Donohoe, R. Codner.

Jumping, White Honors—F. Cowan, C. Sears, J. Linton, W. Nice, G. Waring, W. Posson, R. Codner.

Blue Honors—J. Owens, Red Honor—W. Donohoe, A. Bodding, H. Henney, W. Ritchter.

Following the presentation of badges the boys adjourned to the gym floor where a series of group games were played. The Fairville boys secured the highest number of points and the Ludlow Street boys were second.

In two basketball games that followed, St. George's were defeated by the Portland boys by a score of 10 to 3, and the Fairville boys were victorious over the Ludlow team by a score of 6 to 5.

### MEN ARE FREED AFTER MIDNIGHT TO AVOID CROWD

Departure from Jail Marks Close of Sensational Episode in Manitoba's History.

LABOR LEADERS OUT OF PRISON

Five Winnipeg Strike Chiefs Finish Terms and Are Free Once More.

William Ivens, George Armstrong, John Queen, R. J. Johns and W. A. Pritchard, imprisoned nearly a year ago on charges in connection with the Winnipeg strike of 1919, were released from the provincial jail a few days ago, half an hour after midnight. This is the last act of a prosecution which began with a trial lasting about 60 days and which caused Dominion-wide interest.

Ivens, Queen and Armstrong, who were elected to the legislature as members for Winnipeg at the general elections last summer, were sworn in at once before the clerk of the house.

"We were released immediately on the completion of our term of our own request," declared John Queen, M. L. A. "After our long absence, the first thought of all of us was to get home to our wives and families as soon as possible. We know if we waited till morning, the crowd that would have been there to greet us on our release would have meant considerable delay before we could have got home. We, therefore, asked the governor to make arrangements to release us as soon as the sentence was completed, which he very graciously did."

It was about 12:30 o'clock in the morning when the imprisoned men, except the two colleagues left the jail. No one was there to meet them, except the motor car which had been called to carry them to their homes. They all proceeded at once to their homes without communicating with any of the labor members.

Although the released prisoners remained at their homes, their telephones were busy almost incessantly. The telephone of W. Ivens, especially, was in constant use. All the labor members were in a peculiarly excited state that their treatment in the provincial jail had been all that could have been desired, bearing in mind the fact that the jail is a place of detention.

### Married Fourteen Times in Three Years

Brides Are Scattered, it is Alleged, All the Way from Maine to Virginia.

New York, Mar. 6.—Married fourteen times in three years, a deserter from both the army and navy, and now serving a term in the naval prison at Portsmouth, N. H., comprises the alleged war record of Harold Hammond, 29 years of age. This was revealed yesterday in an amendment proceedings brought by the first and second wives of the man.

The court was told that Hammond enlisted in the army in the fall of 1917, and shortly afterwards deserted from Fort Ethan Allen, Vt., and came to this city, where he was married.

The following day he was arrested and sent back to his command. Then he deserted the army and enlisted in the navy under an assumed name. Once in the navy, he lived up to the precepts of sailor and had a sweet heart in every port, a good many of them he subsequently wedded.

Hammond's attorney said he "married girls all the way from Maine to Virginia," and he declared "married twice on the same day."

### ACTORS SUE FOR PAY

New York, Mar. 6.—Claims of back pay for members of Miss Ethel Barrymore's "Deceases" company are pending before the Actors' Equity Association, and will come up for arbitration this week.

They date from the latter part of January, when the company was forced to leave Cincinnati because of arthritis rheumatism and go to a hospital. They have been brought against the Frohman Amusement Company, which produces Miss Zoe Aka's play.

The star, who is still in Flower Hospital here, has not herself put in any claim for pay. Exclusively of Miss Barrymore, there are thirteen players affected. The arbitrators will seek to determine whether the play was closed for good when Miss Barrymore was taken ill, or whether the cast was laid off pending a resumption of the tour, with consequent back pay accruing. Miss Barrymore was reported to be considering making her next appearance on the stage in "Clair de Lune," by her sister-in-law, Mrs. John Barrymore, while those close to her were said to be favoring a continuance in "Deceases."

In arbitration proceedings George C. Trimble will represent equity while Miss Barrymore's attorney will speak for the Frohman company.

### Claims Government Breaks All Pledges

Liberals Declares Party Will Cling to Power Until Thrown Out of Office.

Brampton, Ont., March 6.—Fred F. Pardee, M. P., West Lambton, addressed the Liberals of Peel county at a convention here Saturday when William J. Lowe, a local cattle buyer, was chosen as the Liberal candidate in the next federal election. Mr. Pardee accused the Dominion Government of having broken all its pledges. The government of the Hon. Arthur Meighen knew that it was doomed.

Mr. Pardee declared, but it was going to bring in a redistribution bill in the hope of retaining power by strengthening urban ridings.

### Hands on to Power

"In this way," Mr. Pardee said, "the Tory party hopes to live again, through some sort of ingenious juggling of the corners. The Liberal government is absolutely determined to hang on to office until it is thrown violently out."

Mr. Pardee referred to the adoption by the party in power of the name National Liberal and Conservative party as a subterfuge to give the impression that it is still a union government.

### Lodge Is Re-Elected

Washington, March 6.—Senator Lodge of Massachusetts, floor leader and other Republican officers of the Senate organization, were re-elected yesterday without opposition.

### OBITUARY

Mrs. Margaret Duplessis

The death of Mrs. Margaret Duplessis took place Saturday morning at her home in Central Hillside, Sunbury county, after a long illness. She was the wife of the late Christopher Duplessis and was highly respected in the community. She leaves one son, Manly, at home, and one daughter, Mrs. Wilford, at Howard of West St. John. The funeral will take place today from her late residence.

Mrs. Alberta D. Bailey

The death of Mrs. Alberta D. Bailey occurred at her home, 28 Wentworth street, early Sunday morning, after an illness of a few days from pneumonia. Mrs. Bailey was a native of New Brunswick, and had spent most of her life here. She was a most kind and hospitable person, and was highly respected in the community. She leaves one son, Manly, at home, and one daughter, Mrs. Wilford, at Howard of West St. John. The funeral will take place today from her late residence.

### Funerals

The funeral of N. C. Scott took place yesterday afternoon from his late residence, 99 Douglas avenue.

The funeral of Mrs. Mary Earle was held Saturday afternoon from the Mission church to Fernhill. Service was conducted Saturday morning by Rev.

## Fundy Chapter Tea And Sale

Large Attendance at G.W.V. A. Rooms Saturday—Delightful Programme.

A "Spring Tea" held by the Fundy Chapter, I.O.G.E., on Saturday at the G.W.V.A. rooms, Wellington Row, was pronounced a delightful entertainment by those attending. The large room was elaborately decorated in white, yellow and green, with daffodils. The tea table was covered with a silver basket containing daffodils and pussy willows. Home cooking novelties, candy, also articles made by returned soldiers were on sale at tables prettily decorated with white and blue. Presiding at the table was Mrs. George K. McLeod, vice-president of the Municipal Chapter, I.O.G.E., and Mrs. Richard Hooper. Miss Alice L. Fairweather is regent of the chapter.

## FEMININE MOVIE INSPECTOR APPOINTED

At the recent executive meeting of the National Council of Women a special committee was appointed to cover the moving picture industry. In Baltimore the women's organizations have gone still further. Miss Margaret Hunsanowski, a teacher at the University of Maryland, has been selected as the first woman moving picture inspector. Though she will work under the direction of the Maryland Board of Movie Censors, she is not a state employee, but is responsible to the Women's Civic League, says The Toronto Telegram.

## Greatest Religious Painting of Art

Rev. F. S. Dowling Draws Lesson from Millet's Great Masterpiece.

In continuing the series on "The Cross in Modern Art," the Rev. F. S. Dowling, in St. Andrew's church last evening took as his subject, "The Angelus," by Jean Francois Millet. The speaker pointed out that ancestry and environment are two very important shaping forces in human life, and especially marked in the lives of great men. Creative genius is not the product of ancestry and environment, but rather works in an atmosphere created by these influences.

## Chocolate Pudding

Beat one egg, add a little salt, two table-spoonsful of sugar, three table-spoonsful of baking powder, a cup of milk, two squares of melted chocolate and a table-spoonful of butter. Pour into a well greased mould and steam three hours. Cover well and serve with a hard sauce.

## Corn Cake

Mix a cup of flour, a cup and a third of cornmeal, half a cup of sugar, a table-spoonful of shortening, a cup and a half of sour milk, a table-spoonful of soda, half a table-spoonful of butter, one egg and a little salt. Bake in a moderate oven thirty minutes.

## The Religious Painting of Modern Art

The minister pointed out that this picture, while not a Bible scene, nor specifically a religious subject, has been spoken of as the greatest religious painting in modern art. It is just a simple scene from life as the artist knew it, but here we see Work, Love, Worship, all being woven into the warp and woof of daily life. And is this not religion in its finest and most attractive form? To open our eyes to the beauty and truth of such life, and to endure privation, want and suffering for many, many years.

## Ladies! Secret To Darken Gray Hair

Bring Back its Color and Lustre with Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrous. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

## Love Predominates

Second, Millet redeems his figures from the monotony of toil, by making them man and wife, companions in the field, linked together by the tender bonds of human love—love for each other, for their children, for their home, and love for their whole environment. This human, homely love that permeates the peasant's life was very beautiful to the painter; all work in the life of the peasant is wrought in the spirit of love.

Wrought in Love and Reverence. Third, worship. It is the close of the day's toil. The sound of the bell in the distant church tower is heard. The figures lean down their implements of toil, and facing each other reverently.

## AS A WOMAN THINKETH

By HELEN ROWLAND (Copyright, 1920, by The Wheeler Syndicate, Inc.) Man's Inconsistency

Why he wanted to marry her; Because she seemed so appealing and helpless and womanly. Because her little nose was charmingly up-tipped. Because she was fragrant and frilly and always the "last word" in clothes. Because she "adored" dancing with him, and they kept step beautifully. Because she wore the most becoming hats in the world. They are attempting to introduce legislation that will place reactionary elements now in power, and at the same time avoid antagonizing the Dutch women who are going to vote in the parliamentary elections for the first time in 1922.

## BELGIAN BILLIARD CHAMPION DEFEATED

New York, March 6.—Jaka Schaefer of San Francisco defeated Edmond Horemans, Belgian billiard champion, in their 4800 point 18.2 baize time match by winning the final ball last night, 400 to 118.

## NEW FORMS OF CENSORSHIP

An entirely new form of moving picture censorship for the Government of Saskatchewan has been proposed by a provincial official as a substitute for the present board of moving picture censors. The plan suggested is that a committee of men and women at Regina, the Capital of Saskatchewan, be organized to view the first presentation of a picture at local theatres and pass upon the subject after its first screening.

## U. N. B. TEAM HERE ON NEXT FRIDAY

University Basketball Team Will Try Conclusions With Y. M. C. A. Seniors.

U.N.B. basketball team are to play the Y.M.C.A. Seniors here next Friday night. The game will be the last appearance of the Seniors this season after a series of twenty games in the City Basketball League and in outside games in which but one defeat was ever scored against them. In that time they played the Moncton Y.M.C.A. squad and the Wanderers, leaders of the Halifax City League. The college boys from Fredericton have always given the local boys a good run for their money and it is believed that next Friday's game will prove no exception. A bumper house is being looked forward to.

## 'SHORT' COVERING ONLY FEATURE OF WALL STREET

Market Stagnates With Little Interest in Regular or Speculative Stocks.

## BOND DEALINGS WERE VERY LIGHT

Total Sales of Day Aggregate Only Slightly Over \$5,275,000.

New York, March 5.—Trading on the stock exchange during today's short session was dull almost to the point of stagnation. The only feature of more than passing interest were supplied by several of the rails and prominent specialties, in which shorts felt impelled to cover.

The same technical reasons applied to Mexican Petroleum, Atlantic Gulf and various of the favorites, most of which were under persistent depression in the early part of the week. Moderate buying of motors and the preferred shares of such inactive issues as Railway Steel Springs, American Woolen and American Agricultural Chemical infused additional steadiness to the list, substantial gains prevailing at the close. Sales amounted to 165,000 shares.

### Bond Sales Light

Dealings in bonds were light, but a trifle more varied and irregular as to trend. Reading bonds followed the upward course of the stock, but most other issues, including the Liberty group and Internationals retained their recent uncertain tone. Total sales, part value, aggregated \$5,275,000. The actual condition of the clearing, however, showed a decrease of almost \$17,900,000 in loans and discounts and an increase of almost \$21,400,000 in net deposits which offset the decrease of the previous week. Reserves contracted by about \$10,350,000, however, reducing the excess to slightly less than \$4,000,000. Weekly reports of commercial agencies and other mercantile authorities emphasized the degree of caution manifested by leading business interests of the country.

### RAW SUGAR MARKET

New York, March 5.—The raw sugar market was quiet at 4.34 for Cuban cost and freight equal to 5.77 for centrifugal. No sales were reported. The market for refined was steady and unchanged at 7.75 for fine granulated. Several refiners are still out of the market, while others are limiting business to soft grades only. There was no sales in the future market and closing prices were unchanged. March 5.94; May 5.88; July 5.40 and September 5.58.

### THE FISCAL YEAR OF THE DOMINION TEXTILE COMPANY

The fiscal year of the Dominion Textile Company comes to an end on March 31st and, according to gossip on the street, the financial statement will be entirely satisfactory to shareholders. A good deal will depend on the working out of the final figures on the depreciation which must be allowed on the inventories of raw materials and made up goods, according to market conditions, as they will be around the end of April when the report is issued. Unless, however, the market takes a further drop, it would not be surprising if the company showed as good a record of profits as it did a year ago when these amounted to \$1,701,244. It is almost certain that the company will show sales exceeding those of last year and they may even run ahead of the record established two years ago.

On the unlisted market on Saturday New Brunswick common sold at 19 and N. A. Pulp at 4.4. Providence is quoted at 68 to 66, Laurentide power 64, B. Dryden 25; A. Swan Power 15; B. Shelton 7 1/2.

## Breweries And All Papers Soaring Again On Montreal Market

Howard Smith Took 8 1/2 Point Jump, Retaining Most of Advance at Day's End.

Montreal, March 6.—Features of the market in listed securities on the local stock exchange Saturday were the increased buying of Breweries and Abitibi, both of which were much stronger and the general recovery of the paper group. Of the latter Howard Smith led with a maximum rise of 8 1/2 points to par of which 6 1/4 were retained at 88. Borden moved up 4 3/4 points to 123 and held its gain. Abitibi was up 1 1/2 points to 83. Wayagmack added a point at 76. Spanish common and preferred were short up fractions, as also were Brompton and Laurentide.

Some New Gains. Other good gains took in Canadian General Electric which duplicated its high of two days before at 117, and closed 2 1/4 points up at 114 1/4, and Canadian Car on sales of only forty shares gained two points at 35. Substantial loss was shown in Breweries preferred, which sold down five points at 90. Other losses were scored by St. Maurice paper down a point at 92. Steamship and sugar each a fraction each.

### Unlisted Bond Market.

While the unlisted bond market was not so active during the past few weeks, prices were well maintained, and there was again a scarcity of offerings of Government and Provincial bonds payable in American funds. Public Utility bonds are also in good demand, such as Canadian Light and Power, Northern Ontario Light & Power, Southern Canada Power, etc.—the last two advancing slightly in price. Montreal Tram & Power 6 1/2, 1924, sold between 100 1/2 and 100 3/4. Government of Newfoundland 5 1/2, 1929, moved up to 100 1/4. We look for a maintenance of the strong tone in the bond market, and a resumption of the recent activity with better general conditions.

## GOSSIP AROUND THE MARKETS

The South American Gold & Platinum Company, on the San Juan River, Colombia, regarded as one of the largest producers of platinum in the world, is now operating on a commercial basis, after nearly ten years of development.

It is proposed to spend \$10,000,000 of new capital on new industrial enterprises in Australia, according to Sir Joseph Cook. About \$1,500,000, it is estimated, will be invested in the wool and textile industries.

Following closely on the heels of the many recent consolidations of banks in Cleveland comes announcement of the organization of the Midland Bank, Cleveland, with a proposed capital of \$5,000,000 and a surplus of \$1,000,000, to be headed by Wm. F. Shorer as president, who is widely known throughout the country on account of his prominence in the affairs of the American Bankers' Association and the 1917-18 he made as president of the First National Bank of Zanesville, Ohio, from which he has now resigned.

The prisoners in the Tiverville jail broke out night before last and are still at large. They had been acting dissatisfied for several days.

## Unlisted Market For Week Listless And Featureless

Declines Registered in Many Stocks and Few Traders in the Market.

Special to The Standard. Montreal, Mar. 6.—The unlisted market was again dull and featureless this week, says Balfour White & Co. New Brunswick common lost 4 points, selling at 18, and the preferred sold at 7 1/2—a loss of 1 1/2 points, and is now offered at 7 1/2 bid—an advance of 1/2 point and a half. Dryden is offered at 23, and there has been very little trading. Matagami Preferred and Common remain unchanged. North American Pulp is 4 1/2 bid, and sold at 4 1/2, which is about last week's figure.

Cuba-Canadian Sugar Preferred is unchanged, offered at 81, and the Common is 7 1/2 bid—an advance of 2 1/2 points. Southern Canada Power Preferred remains unchanged, offered at 70, and the Common is 67 1/2 bid, with no stock offered under 64 1/2, and Belding Corticelli is 79 bid, with stock offered at 74—the Common issues of both these companies remaining unchanged. Western Grocers Preferred remains 67 1/2 bid, offered at 70 1/2. Cockshutt Plow Preferred gained 1 1/2 points, and is now 58 1/2 bid, with no stock offered under 52. Southern Canada Power Preferred remains unchanged, and the Common is slightly stronger, 49 1/2 being bid and 53 asked. Tals company shows an increase in earnings practically every month, and the stock is very well held.

### Loews Issues.

The Loews issues were weaker practically the only trading being in Loews Metropolitan Common with a few trades at 5 1/4. Loews Montreal Preferred is offered at 70, and Loews Ottawa Preferred offered at 72. Montreal Oil is weaker, offered at 50 cents—60 cents being bid for 200 shares. Canadian Woollens Common is offered at 40, and the Preferred lost 4 points, being offered at 88. There are many rumors in circulation this week regarding the probability of the company cutting the 5 per cent dividend which they are at present paying on the Common, which would seem to be in the interest of the shareholders as the company will strengthen its position until the unsettled condition of the woolen market is cleared up. Holdings are being sold, and in rather dull National Brick Common sold freely at 9 1/2 and 9 3/4. There was a little trading in Famous Players Preferred with a few shares of common stock, selling between 78 and 82.

6% General Mortgage Bonds Series "A" (this issue)	Closed	2,250,000
	10,000,000	2,000,000

\$250,000 First Mortgage Bonds mature 1st April of each year 1921-1929 inclusive. These annual reductions in funded debt, together with annual cumulative sinking fund of 3% on General Mortgage Bonds, rapidly increase the equity behind this issue.

Complete prospectus, copies of which will be mailed on request, contains a letter from the President of the Company, from which he summarizes as follows:

Fraser Companies, Limited, is one of the largest manufacturers in Canada of easy bleaching and bleached sulphite pulp, spruce lumber and cedar shingles. The business has been in successful operation for over forty years.

Bonds will be secured by direct mortgage and charge on all fixed assets and properties of the Company, now owned and hereafter acquired by it, and by a floating charge on all other assets of the Company, subject only to \$2,250,000 par value of First Mortgage Serial Bonds, the mortgage securing which is closed at the amount now outstanding.

Annual cumulative sinking fund of 3% will commence in 1923—sufficient to retire the entire issue of Series "A" Bonds before maturity.

Timber areas—1,822 square miles leasehold and 210 square miles freehold timber limits, estimated to contain 1,760,000,000 ft. b.m. saw logs and 4,650,000 cords pulpwood. Company in addition has leasehold cutting rights on 900 square miles of privately owned lands.

Company owns and operates two pulp mills, at Edmundston and Chatham, N.B., and twelve saw mills in New Brunswick and the eastern portion of Quebec. Each of the Company's mills is located in convenient proximity to the area from which its logs are obtained.

Annual output—Edmundston Mill—Bleached Sulphite Pulp..... 54,000 Dominion Mill—Easy Bleaching Sulphite Pulp..... 18,000 Total Pulp Production..... 72,000 tons

Lumber—130,000,000 ft. b.m., annually. Shingles—168,000,000 pcs. annually.

Plant and Property Valuation—\$14,000,000 against \$4,250,000 of Bonds outstanding, including this issue.

Net Liquid Assets (Working Capital), after deducting all current liabilities and including the proceeds of this issue, will be in excess of \$4,000,000.

Average Annual Net Earnings, after depreciation, available for interest charges on these Bonds, for the five years ended December 31st, 1920, were \$741,450, over four times interest charges on General Mortgage Bonds now to be issued.

Net Earnings, after depreciation, for year ended December 31st, 1920, available for interest charges on General Mortgage Bonds, amounted to \$1,276,301, nearly eight times interest charges on General Mortgage Bonds now to be issued.

## Featureless Day In Winnipeg Pit Drops Much Recent Gain

Cash Demand is Less Urgent and Premiums Decline—No Outside Export Inquiry.

Winnipeg, March 5.—Today's short session was a typical week-end one—quiet and featureless. Wheat prices were inclined to be easier after five days of steady advances, but the volume of business was very light, with no outside export inquiry reported. The close was 7 1/2 to 1 1/4 cents lower. The only demand was for wheat and premiums declined. Coarse grains operated in sympathy with wheat, all showing a decline.

Memorial Service At Trinity Church

Tablet Unveiled in Memory of Theodore Matthew Who Was Killed in Action.

A service of beautiful simplicity took place yesterday morning at Trinity Church when a tablet in memory of Robert Theodore Matthew son of Dr. Gordon Matthew and Mrs. Marjorie who gave his life overseas was unveiled with appropriate ceremony. The tablet, a handsome one of brass, is placed on the south wall of the Church and bears the following inscription: "In loving memory of Lieutenant Robert Theodore Matthew, 60th Battalion, Victoria Rifles of Canada, C. E. F., born at St. John N.B. July 17th, 1913. Killed in action at Hill 60, Ypres, Belgium, August 12th, 1918 and laid to rest in the Hamelchapel Military Cemetery, Belgium. For King and Country."

Rev. Canon Armstrong made the dedicatory prayer and the unveiling was done by H. A. Stinson a close personal friend of Lieut. Matthew. Several Yearbook sounded the Last Post. Hymns chosen for the service were "Jerusalem the Golden" and "For All the Saints."

Lieut. Matthew as a boy attended Trinity Church. The tablet in his honored memory has now been added to those placed on the walls of this historic place of worship in commemoration of the men of this congregation who answered the call of duty and made the supreme sacrifice.

Two Strong Sermons By Rev. Bowley Green

Large Congregation at Main St. Baptist Church to Hear Distinguished Speaker.

Two strong sermons were preached by Rev. Dr. Bowley Green, of Moncton, at Main street Baptist church yesterday. In the morning the address was on the story of "Dives and Lazarus," the title being "The Man at Your Gate." In the evening, before a very large congregation, Dr. Green preached on Death and Judgment. It was shown that death is an appointment with God, which no one can break. Earthly appointments may be broken, but this one must be kept. Only God knows the time, but when He calls man must answer. Death means to the Christian but to be with the Father. Judgment Day Necessary. Many people would be glad to leave miserable conditions on earth, but for the uncertainty of what is to follow "after that." In all peoples and races, even the most degraded, there is a belief in God, in sin and in an after life. Savages try to propitiate the God whom they feel sure exists. A Judgment Day is necessary so that wrongs may be righted and justice done. The preacher pointed out that God had planned no place for lost souls. It is not His desire that there should be one lost soul but that all shall be saved. Destiny is determined by character and character by our own choice of good or evil. At the close of the service the ordinance of the Lord's Supper was observed. Services will be held each evening this week at which Dr. Green will speak.

ST. JOHN BOY FOUND IN FREDERICTON

George Barnett, Aged Nine, Taken Care of by Police for Wandering About.

George Barnett, a nine-year-old boy, was found wandering the streets in Fredericton Friday night and taken care of by the police. He said his parents resided in Halifax and he was brought to St. John some months ago by a man, and had been living with a family named Howe, on Broad street. The boy said he wanted to see his mother and had started for Halifax. He walked to Westfield Beach from St. John and took the train.

Chief of Police Finlay got in touch with Chief Smith of St. John and learned that the boy had been seen on an errand Friday morning and did not return. The youngster was sent home from Fredericton by the conductor Saturday morning.

This is the fourth time that the Barnett boy has been picked up by the police for wandering about at night. About a week ago he was given in charge of the police when found in the Standard office about one o'clock in the morning. He was taken before the police magistrate when it was learned that his case would be looked into. He was finally sent home and for the fourth time wandered away.

BUSINESS AGENT MAKES STATEMENT

Alfred Shepherd, business agent of the Steamship Lines and Cable Fishers, Sealers, Horsing and Cleaners' Union, Local 1039, informed The Standard yesterday that there was no trouble between men of his union and the Carpenters' Union on board the S. S. Cabotia a few days ago. He says Local 1039 have a signed agreement with all the steamship companies to this class of work, that he found the Carpenters' Union on board the ship; that the offer to place union men on the job was rejected, and on the matter being reported to the steamship agent, the non-union men were made to stop work.

Mr. Shepherd further states that the union men were not employed and the ship is to be fitted out with stails which she reaches Portland, Me. He says the union wage in St. John is sixty cents an hour, while in Portland it is ninety, and further that the lumber can be obtained cheaper in St. John than in Portland.

Unveiling of An Honor Roll

Impressive Ceremony at Marsh Bridge Mission—Addresses and Music.

In the presence of a large gathering at the Marsh Bridge Mission yesterday afternoon the unveiling of an Honor Roll for the men who went overseas took place. The ceremony was a very impressive one including the sounding of the Last Post in memory of three members of the Mission who gave their lives in the great war. A touching incident occurred when the Union Jack covering the table was withdrawn by Winifred Allice South, whose father, George South, was one of those paying the supreme price in defense of King and country, the others being William Peacock, Henry Wilbur Graham and Frederick Foley.

Rev. R. A. McLaughlin, superintendent of the Sunday school was in charge. The proceedings opened with the singing of "Stand Up, Stand Up for Jesus," followed by prayer led by Rev. Robert Orisk. After hymn "There's a Royal Banner" a violin solo was given by Morton L. Harrison. Rev. H. A. Goodwin then read the lesson for the day and made a brief address on its teachings. A violin solo by Harrison Morgan was followed by the singing of "My Own Canadian Home" by the school. Orchestra selections were rendered by Morton L. Harrison, Mrs. Charles Morgan and Harrison Morgan.

Chief Justice McKeown. Hon. Chief Justice McKeown, in a very eloquent manner spoke of the occasion for which all present had assembled, referring feelingly to the men, who at the call of duty had not hesitated but had left homes and dear ones to join in the battle for freedom and right. He paid a high tribute to those who had fallen on the fields of France and Flanders.

The Honor Roll was then unveiled by Winifred South, Rev. H. A. Goodwin speaking a few impressive words. All present stood while Trumpeter Robert Pollock, of the 4th Stages Battery sounded the Last Post. The closing prayer and benediction were pronounced by Rev. H. A. Goodwin.

The hall was well filled, among those present being Major Norman McLeod and a large number of friends of the soldiers connected with the Mission. The following names are on the Honor Roll: George South, William Peacock, Henry Wilbur Graham, Frederick Foley, Harold James Ward, Charles Smith, Roy Foley, John E. Moore, Walter H. Graham, Edward C. Graham, E. J. Donald, William C. Winchester.

Identify Property Taken From Cottages

Seven Men Accused of Breaking and Entry Given Hearing at Hampton Saturday.

Wilfred Warren, Fred Sheffer, Kenneth Sabine, Arthur J. Davis, Frank Williams, Percy Wilkin and Theo. Sabine were given a preliminary hearing before Justice J. P. Spry at Hampton Saturday on the charge of breaking, entering and larceny. They are suspected of having broken into the curb store at Westfield and also of having broken several cottages at Woodman's Point. The accused entered a plea of not guilty and five witnesses were called. Robert Crawford, provincial detective, conducted the case against the respondents.

Identify Property. Mr. Corbett testified to the affair which took place at his store, and told of the revolver shots fired at him when he attempted to give chase after routing the burglars. Several of the accused are suspected of breaking into. Owners of cottages broken into identified some of the property taken off the premises and their names which had been left at the cottages. The respondents were remanded until Friday next for further examination. Detective Donahue also gave evidence.

SAILOR DIED FROM INJURY

Inspectors Crawford, Journey, Henderson and Thompson made a raid on the William street property Saturday and found two empty whisky cans, a large glass jar full of alcohol, another full of Jamaica rum, another with cheap whiskey, as well as several bottles of liquor.
