

### PARLIAMENT FOR IRISH IF OATH TAKEN

House of Commons Adopts Clause Providing for Oath

### SECOND CHAMBER OF IRISH MAKING

Gov't Charged With Shirking Its Duty by Leaving This Task to the Irish People.

London, Nov. 8.—The House of Commons today adopted two new clauses to the Home Rule Bill proposed by the government, the first providing that both Irish Parliaments shall establish second chambers for the protection of minorities; the second providing that in the event that less than half the members of either parliament are validly elected or fail to take oath of allegiance within fourteen days the King may dissolve the parliament and place the government in the hands of a committee appointed by the Lord Lieutenant.

Irish to Frame Law. The Home Rule Bill came before the committee of the whole House. The clause providing for the creation of second chambers was adopted by 175 to 31. It leaves to the Irish Parliaments the duty of framing the necessary scheme. The government had originally proposed itself to draft the scheme and was today subjected to much hostile criticism for evading the task. The government's critics declared that the Irish Parliaments would not succeed in drafting a successful scheme.

Andrew Bonar Law, the government leader in the House, and Sir Laming Worthington-Evans, minister of pensions, replying to the criticisms, explained that there were insuperable difficulties in the way of the British Parliament attempting the task.

Sir Edward Carson. In the course of the debate Sir Edward Carson, the Ulster Unionist leader, argued that it would have been quite sufficient to provide a second chamber for the Southern Parliament and by a question of fact to bring Sir Laming Worthington-Evans to the opinion that even if second chambers were not established the Irish Parliaments would continue to function.

The minister's amendment to the bill was adopted placing on the Southern Parliament the responsibility for providing funds for Irish Universities.

One Clause Changed. The government's early proposal that all candidates for election to the Irish Parliament must take the oath of allegiance before being nominated which has provoked severe criticism from Irishmen and the Liberals, has been quietly dropped and today Worthington-Evans in behalf of the government moved the new clause to replace it and provide that either Irish Parliament not being properly constituted.

### GASOLINE YACHT GOING TO LABRADOR BURNED AT QUEBEC

Quebec, Nov. 8.—The gasoline yacht "Rosmar," Captain Rhoda, was destroyed here by fire tonight and sunk in the Louise Basin where the vessel was moored. The vessel cleared here for Labrador this afternoon but had to put back to port owing to something going wrong in the engine. The Loddin, the cook, was in charge of the vessel tonight when an explosion occurred and in a short while the vessel was a mass of flames. Loddin was overcome and was rescued from the vessel by Xavier St. Hilaire, a sailor on another vessel who risked his life to save Loddin from certain death.

### JAMES A. WILSON DIES

Moncton, N. B., Nov. 8.—The death of James A. Wilson occurred at the home of his daughter, Mrs. George Colburn, here on Sunday evening after a short illness. He was 72 years of age and was a native of Salisbury. He leaves to mourn two sons and four daughters. The sons are: N. G. Wilson, of the Canadian National Railways, and Leslie of Everett, Mass. The daughters are Mrs. G. Colburn, Mrs. H. C. Miner, Moncton; Mrs. Nellie, of Brookville, N. S., and Mrs. Tobie, of Everett, Mass.

### BAPTIST MINISTER'S CONFER

Moncton, N. B., Nov. 8.—At the conference of the Baptist ministers in the Moncton district here today, the following officers were elected: President, Rev. A. J. Vincent, Sackville; vice-president, Rev. M. Addison, Petticoat; and secretary-treasurer, Rev. W. C. Conroy, Lewisville.

### SENATOR SHATFORD VICTIM OF STROKE

Vancouver, B. C., Nov. 8.—Senator L. W. Shatford, who suffered a paralytic stroke on Sunday, died this morning in the hospital, without having regained consciousness. He was 47 years old, and was appointed to the Senate in 1917. He was a native of Nova Scotia.

### Sub. Chaser Got Rum Runner With Load of Whiskey

American Craft Chasing Bootleggers Carries Long Range Guns, Big Crew.

Ashland, Wis., Nov. 8.—A United States submarine chaser in the West against whiskey runners plying their trade between the Canadian side of Lake Superior and the United States shore today seized a fast motor boat carrying twenty cases of whiskey and arrested the owner. The United States government boat carries a crew of fifteen and is armed with long range guns. She was sent here to stop the smuggling of whiskey to the Bad River Indian reservation.

### ALBERTA GREET HON. MR. MEIGHEN AT LETHBRIDGE

Hon. J. A. Calder Predicts Bright Future for Government-Owned Railways.

### TARIFF TAKES THE "MIDDLE ROAD" NOW

"Moderately Protective" is Premier's Description of the Canadian Policy in Force.

Lethbridge, Alta., Nov. 8.—Hon. Arthur Meighen, premier of Canada, and Hon. J. A. Calder, minister of immigration, tonight addressed here their first Alberta audience. The Massey Theatre was crowded with one thousand or more men and women of the city and district.

Mr. Calder said the old political parties in Canada had met with a process of disintegration, new parties were springing up; a political evolution was taking place. The old political diaries who hoped for re-establishment of old conditions were due to be disappointed.

Believes in Railroads. The minister proceeded to review briefly the record of the Union Government since it came to power. He said that the Government had done valuable practical work in the re-establishment of returned men, and stated that the Canadian pension scale was the highest in the world. The speaker devoted some attention to the Government's financial administration and its railway policy. He said that the Government was "baffled and bemuddled" by old conditions were due to be disappointed.

Mr. Calder said he was a theoretical free trader—if all the world were free trade he would be also. The people had been "baffled and bemuddled" by old conditions were due to be disappointed.

Hon. Mr. Meighen. The Prime Minister in dealing with the tariff said he stood "for a moderately protective" as an essential for Canada, essential that no body of men responsible for their acts could abandon it. There was, said Mr. Meighen, a section of public opinion of Western Canada, which favored free trade. Mr. Crozier was for free trade, but the Canadian Council of Agriculture was for protection. Mr. Crozier paid no attention to the needs of any industry. The council of agriculture said they would give an industry the exact protection required and no more. Of Mr. Crozier, the Premier said, he believed him a man of honor and of sincere opinions. Its only common sense that free trade would drive industries out of Canada declared the Premier.

### BROTHER SUCCEEDS PRELATE

Halifax, N. S., Nov. 8.—His Grace Archbishop McCarthy will leave tomorrow for Prince Edward Island to be present at the reception by way of farewell to Bishop Henry O'Leary, who has been appointed to the See of Edmonton and made archbishop. An interesting fact that he is succeeded at Charlottetown by his brother Bishop Louis O'Leary.

### BOSTON POLICE TO PUT BAN ON ALL COMMON FLIRTING

Boston, Nov. 8.—Flirting on Boston Common will become a dangerous practice after February 1, when plans announced by Mayor Bennett today for the appointment of the city's first women policemen go into effect. The mayor said he had consulted with Police Commissioner Curtis regarding means of ridding the Common of some of the "snappers" of both sexes who have made it a hunting ground, and that as a result eight women would be selected from the civil service lists for appointment to police duty.

### MISS E. MATTHEWS DEAD

Moncton, N. B., Nov. 8.—The death of Miss Emma Matthews, daughter of Mrs. Abraham Matthews, occurred yesterday afternoon at her home in Irish town after a year's illness. Prior to her last illness, she was an officer of the Maritime Home for Girls at Truro. She was a valued member of the Central Methodist Church here and was 22 years of age and is survived by her mother.

### BROKERS ASK EASIER MONEY TO END CRASH

With "Bottom Out of Sugar" Delegation from Exchange Pleads for Assistance.

### PREDICT GREATER SLUMPS TO COME

Dealers Are Told That Reasonable Amount of Funds Will Be Available.

Montreal, Nov. 8.—Following the crash on the local stock exchange today, when after four weeks of almost uninterrupted liquidation, the bottom fell out of the price of the common stock of Atlantic Sugar Refiners, carrying in the debris the prices of all the paper stocks down by from five to ten points, a small committee from the Montreal Stock Exchange members, after the close of trade, took up with the leading banks here the question of money available for market purposes and of rendering less stringent the prevailing money situation.

"Reasonable" Funds Only. Later in the afternoon the committee reported that the banks had assured them that a reasonable amount of funds should be forthcoming tomorrow morning to support the market should the market warrant it.

In banking circles it was stated that any excessive speculative commitments would not be countenanced; the crop financing needs and commercial requirements being of capital importance at the present time. The promise to release a limited amount of funds for market purposes was given in the effort to restore public confidence to standard securities which recent developments on the stock exchange here have been in danger of impairing.

Expect Further Drops. Today's closing prices on the local exchange were mostly at or around the low of the day, thus indicating that the wave of liquidation would largely continue tomorrow and in brokers' offices it was stated that while margin calls should be well met today, further calls were going out in tonight's mail. The action of the leading institutions, therefore, will probably come as reassuring and constructive development to both brokers and their clients.

For story of the crash see financial page.

### PRISONERS FLED WHILE KEEPERS WERE AT CHURCH

Liberty Was Brief, However, for Fair Was Captured in Railway Car Before Night.

### SECOND CRIME TO ANSWER TO COURTS

Repairmen Locked Two in Freight Car and Then Sent for the Police.

Charlottetown, P. E. I., Nov. 8.—Two prisoners in Charlottetown jail, Nash and Stevens, said to belong to Amherst, escaped yesterday when the jailer was in church. They succeeded in removing the outside bar, and escaped keys held the rest. In the evening they were captured at Hampshire, several miles from the city where they had broken into a railway car to get provisions. This car, which was on a siding, had been used by men repairing the road. They came upon the jail breakers before they could get out of the car, locked them in and sent for the police.

East Elgin Nominations. Almer, Ont., Nov. 8.—There were no last minute withdrawals in the East Elgin by-election, and the following were named today as candidates for the National Liberal and Conservative, the Liberal and the Farmer Parties respectively: John Ross Stansell, farmer, Stratfordville; William G. Chaston, teacher, Wexford; and Sydney S. McLeod, farmer, Port Burwell.

### ENGLAND AND JAPAN MAY NOT RENEW THE EXISTING ALLIANCE

Believed if Will Contain Many Material Changes.

London, Nov. 8.—As the negotiations are in progress between Britain and Japan for a renewal of the Anglo-Japan alliance it appears more clearly British is guarding against an alliance which might involve her in war against the United States. In fact I have inside information from the negotiations that she is taking an attitude which in reality is a formal warning to the Japs that in case of such an issue she would be found aligned on the side of the United States. The chances are becoming increasingly greater that Great Britain will not renew the agreement. I learn this is due not only to opposition from the colonies especially Canada, but also to the feeling in administrative circles that the agreement, originally designed against Russia, has outlived its usefulness so far as Great Britain is concerned.

### Back From Brussels

HON. HUGH GUTHRIE

Ottawa, Ont., Nov. 8.—Hon. Hugh Guthrie, Minister of Militia, who reported Canada at the financial conference held under the League of Nations at Brussels, recently, returned to his office here this morning. Mr. Guthrie stated that his trip had been most successful. The conference was largely of an advisory nature, and a report of its proceedings and the conclusions reached, will be submitted to the League of Nations.

Caring For the Fallen. Mr. Guthrie, who personally visited the battlefields in Belgium and France spoke of the work which is being done by the Imperial War Graves Commission in exhuming bodies of soldiers for burial in the cemeteries which have been prepared for them. Bodies, he said, were being exhumed at the rate of about five hundred a day, to be reburied in plots which will receive perpetual care from the commission. It is understood that Colonel R. C. Osborne, former military secretary, who accompanied Mr. Guthrie overseas, has been appointed secretary of the Canadian section of the War Graves Commission.

### WORLD NEWS TODAY

CANADA. Rev. J. O. Spracklin, the minister-officer who killed a man in a raid for liquor near Windsor on Saturday, is freed of all blame at coroner's court.

Windsor, Ont., Nov. 8.—Justifiable homicide was the verdict returned by the coroner's jury conducting the inquest into the death of Beverly Trumble, who was shot by Rev. J. O. L. Spracklin, minister, inspector of the Chappell House at 2:30 o'clock Saturday morning. The verdict was as follows: "We, your coroner's jury, find that Beverly Trumble came to his death from a bullet fired from an automatic pistol by J. O. L. Spracklin, license inspector, in self-defense, about 2:30 a.m. on November 6, 1920, at the Chappell House, in the town of Sandwich."

Two clauses of the Home Rule bill for Ireland are adopted by the House of Commons after lively debate.

New York, Nov. 8.—The City of New York is considering cancellation of all contracts for schools and other public buildings because of testimony given before the joint legislative committee investigating the "building trust." This became known when the board of estimates, at a special meeting, adopted a resolution introduced by Mayor Hylan, proposing an immediate conference with the committee to determine if the evidence in its possession warranted contract cancellation. In its resolution the board expressed desire to co-operate in every way with the committee.

Five witnesses were heard. They were Mrs. Ernest Desjardis, E. Smith and Harold Larke, all of whom were the two doctors that Smith had told them on the morning of the death of Trumble that the dead man had a gun and that he had flourished it in the face of the inspectors. This was in direct contradiction of Smith's testimony that he did not see Trumble with a gun, and that as far as he knew did not have a gun.

Smith was pressed upon this point by Mr. Spracklin's attorney, R. L. Bracklin, and he reiterated his statement that Trumble had no gun, and went so far as to say that if the two doctors swore that he told them on the morning of the tragedy that Trumble had a revolver, he would still maintain that he had not said it.

When all the evidence had been heard, the coroner, Dr. Labelle addressed the jury briefly. He stated he was of the opinion that it had been proved that the bootlegging activities which had been carried on along the border, and which had placed a stigma upon the name of the county of Essex.

Quebec, Nov. 8.—It was unofficially reported here tonight that tentative plans are entertained by the Canadian National Railways to erect a large hotel in Quebec.

### SUGAR FIGHT SENDS PRICE TO 13 CENTS

War. Open and Secret, Raging Now in Montreal's Sugar Camp Over Prices.

### CANADIAN PRICES LOWER THAN AMERICAN

One Wholesaler is Quoting Figures Lower Than Those Prevailing at Dom. Refinery

Montreal, Nov. 8.—There was war, open and secret, today in Montreal's sugar camp. It waged from refiners to wholesalers and to retailers. As a result the selling price of granulated sugar was jammed down to 13 cents net to wholesalers. A further result of the fight was that Hudson, Hebert and Co., one of the largest wholesalers, reduced its selling price to 12.5 cents. Among the retailers the price was variable in quantity, running from 14 cents to 15, 16, 17 and even in some cases 18 cents, but the general price was 16 and 17 cents a pound.

American Sugar Out. United States sugar is now undersold in the Canadian market since it cannot be laid down here to the retailer under 15 cents a pound, after paying exchange, freight and duty.

Hudson Hebert and Co. are now underselling the Dominion Sugar Company which today cut their price to \$18.50 less five per cent, to whole salers, while the above firm are selling at 13 cents flat to retailers.

### SPRACKLIN IS FREE OF BLAME FOR SHOOTING

Coroner's Jury Decides Minister-Officer Shot in Raid Only in Self Defence.

### DEAD MAN HAD GUN IS EVIDENCE

Heavy Guard Prevents Any Demonstration After the Verdict is Given by Jury.

Windsor, Ont., Nov. 8.—Justifiable homicide was the verdict returned by the coroner's jury conducting the inquest into the death of Beverly Trumble, who was shot by Rev. J. O. L. Spracklin, minister, inspector of the Chappell House at 2:30 o'clock Saturday morning. Spracklin, license inspector, in self-defense, about 2:30 a.m. on November 6, 1920, at the Chappell House, in the town of Sandwich."

Crowds which packed the court room in the Sandwich town hall to witness the verdict, were dispersed when the verdict was announced, and when the verdict was announced, dispersed without making any demonstration, which every effort had been made by the heavy police guard in attendance to anticipate.

Had a Gun. Five witnesses were heard. They were Mrs. Ernest Desjardis, E. Smith and Harold Larke, all of whom were the two doctors that Smith had told them on the morning of the death of Trumble that the dead man had a gun and that he had flourished it in the face of the inspectors. This was in direct contradiction of Smith's testimony that he did not see Trumble with a gun, and that as far as he knew did not have a gun.

### Flew Forty-Seven Miles in Fifteen Minutes in D.H.-4

Record Flight from Camp Borden to Ottawa, 240 Miles in 135 Minutes.

Ottawa, Nov. 8.—Some fast flights are being made by Canadian Air Force fliers under the present favorable weather conditions. Captain Johnston, flying from Camp Borden to Ottawa, via Deseronto, a distance of 240 miles, covered the journey in two hours and fifteen minutes. Captain Johnston was flying a D H 4 plane, and on his return to Camp Borden took with him Colonel Robert Leckie as a passenger. Flying from Camp Borden to Toronto on Sunday with Air Commodore A. K. Tyee as a passenger, Major Joy covered the 47 miles in 15 minutes from the time he took the air.

### ALLIANCE WANT COMMISSION TO HANDLE LIQUORS

Executive Will Seek Conference With Provincial Gov't to Solve Problems.

### REV. W. D. WILSON MAY GO TO WEST

List of Names of Those Suitable for a Commission Will be Presented to Gov't.

Special to The Standard. Fredericton, N. B., Nov. 8.—The executive of the New Brunswick Temperance Alliance held a meeting here this evening preliminary to a more important session which will take place tomorrow. Of the meeting tonight but little is known as the executive is not inclined to give out—subjects under consideration. The question of the appointment of a commission under the 1919 amendment to the Prohibition Act, which provides for a department for the distribution of liquors, is said to have been under discussion. The Alliance wishes to eliminate the wholesaler and is insistent upon the commission.

Seeks a Conference. The Alliance will seek a conference with the Government tomorrow and will present to that body a list of names from among which a commission could be appointed that would be acceptable to the Alliance. Other important matters will be discussed. It is understood that the executive also considered questions relative to Dominion legislation on the liquor problem. The Dominion Committee on Legislation meets in Winnipeg early in December and it is probable Rev. W. D. Wilson, Chief Inspector, will attend that gathering and present the views of New Brunswick on Dominion Legislation.

### MAJOR LEWIS WINS ELECTION

Defeated Liberal in North East Toronto by 3264 Votes for Legislature.

Toronto, Nov. 8.—Major Alexander Cameron Lewis, Conservative, was elected to the Ontario Legislature in the by-election in North East Toronto. His plurality over his nearest opponent, Major William Harold Kippen, B. S. O. M. C. (with bar), Liberal candidate was 3224, and his majority over the field of three opponents was 1624. Major Lewis, M. P. Pelect, is secretary-treasurer of the Canadian Deep Waterways and Power Association and was formerly secretary of the Toronto Harbor Commissioners. Following was the vote: Lewis, 3244; Kippen, 4292; Higgins, 1839; Galbraith 369.

The vacancy in North East Toronto seat A was caused by the retirement of Hon. Dr. H. J. Cody, Minister of Education in the late Borden Government.

### PREMIER MAY GO INTO EAST ELGIN TO END CAMPAIGN

Ottawa, Nov. 8.—No confirmation of the report that Prime Minister Meighen will appear a second time in East Elgin riding, in support of the government candidate, can be obtained here tonight, but it is thought to be quite probable that he will do so. Mr. Meighen will speak in Massey Hall, Toronto, on November 10, and will come direct from the campaign to Toronto to keep the engagement. The voting in East Elgin takes place on November 22.

### DR. ROBERT K. ROSS DIES AT YARMOUTH

Yarmouth, N. S., Nov. 8.—Dr. Robert K. Ross, for many years a medical practitioner in St. Stephen, N. B., died here today, aged 77. He was the eldest son of the late Rev. John Ross, who was the first pastor of St. John's Presbyterian Church, this town. Dr. Ross is survived by two daughters. The body will be sent to St. Stephen.

### FOSTER FACES STORMY TIMES IN EXECUTIVE

Council to Meet to Talk of Ministerial Defeats and Prohibition Demands.

### DRY FORCES WILL NOT PLAY FAVORITES

Referendum Victory Stiffens Fighting Prohibitionists Who Insist Upon Enforcement.

Special to The Standard. Fredericton, Nov. 8.—There will be no doing of an interesting nature at Fredericton tomorrow. The Government meets to executive session, and so does the New Brunswick Temperance Alliance. They both convene at the Capital and it is expected the thermometer will be going up.

The brutal and battered government has not a pleasant session ahead of it, if reports and rumors are to be relied upon, and if the Premier gets through without being stricken with nervous prostration it will be because he is blessed with a rugged constitution.

Those Portfolios. There is the vexed question of portfolio distributions which, if the public welfare is worthy of any consideration on the part of the government, must be met and settled. It has been said that Premier Foster will not make any appointments to fill the positions now held by Hon. J. P. Tweed, date and Robert Murray, ministers defeated in the recent election, before the first of the year, or just prior to the convening of the next Legislative session. "Those dear old pals of mine" may be popular in train with the Premier, but he may not wish to part company right away with the right hand man of the Premier, and the sage of Northumberland, but it is believed rather probable that the defeated ministers will be carried much longer, especially when "Dave" is clamouring for the inclusion of the inner circle of the council chamber.

Prohibition Troubles. The New Brunswick Temperance Alliance is a thorn in the flesh of the Government just at the time. They have been wedded in the past but an estrangement is springing up and they are not loving each other as much as formerly. Since the passage of the Prohibition Act, the New Brunswick Alliance has been more insistent in its efforts put forth in the enforcement of the Prohibition Act in certain localities are not pleasing. It is said, to certain government interests. There have been talks of "showing down" this, that and the other, but the demand for a show down has come from the Alliance.

No Chief Inspector. Much has been said regarding the conference of Chief Inspector Wilson with the Premier at the October meeting of the government. It was reported through certain channels that the Premier was insistent on having a definite statement from the Chief Inspector regarding his reported resignation. As a matter of fact the conference were relative to the issuance of licenses to wholesalers which the Chief Inspector refused to do. Mr. Wilson stands pat and refuses to become any licensee under present conditions.

Pronounced Views. It is said the Chief Inspector and the society he represents have pronounced views on the handling of the Prohibition Act, and it is not their intention to be dictated to by any party that might wish to play favorites. No licensee have been issued, and probably none will be until a Government Commission for the handling of liquor has been appointed. The Alliance is determined to have that commission and take a leading part in naming its membership.

Forecast for Today. High temperature and rapid pulsation and heart throbs, the forecast for Fredericton tonight and Wednesday.

### SIAMSE-PRINCE SAILS

Montreal, Nov. 8.—On board the C. P. S. liner Empress of Britain, scheduled to leave Quebec on Wednesday for Liverpool will be H. R. H. Prince Purachatra, of Siam, the commissioner-general of the Siamese state railways, who has been studying United States railroads in that country to see what improvements can be adopted in his own country. The Prince is a half brother of King Rama IV. of Siam and holds the rank of general in the Siamese army.

Ex-M. P. Claims Exclusion is Due to Activity of Big Interests in England.

**WEAR LAGGARDS GET PREFERRED POSITION**

Even "Ireland the Disloyal" Has Rights Not Accorded the Fighting Canadians.

Montreal, Nov. 8.—Hubert Bickerdike, former M. P. for the St. Lawrence division, this city, and once known as "the cattle king" made his name in the Canada Parliament fifteen years ago when he accused the British Board of Agriculture of having in 1892 "simply gold-bricked this country," when they declared an embargo against the exportation of Canadian cattle to Great Britain.

"And I still adhere to that charge," said Mr. Bickerdike today, in discussing the present position. He claims that Britain is not playing straight with Canada in the matter of cattle embargo. There is, he asserts, no cattle disease here, and the fact has been admitted by the departmental heads in England.

**Claims Rule Unfair**

The reason why England still adheres to the embargo with its implication of diseased cattle in Canada, he says Mr. Bickerdike, because the British government is under pressure by interests connected with landed British cattle breeders and Irish cattle raisers, whilst there was also the fact that there were big British interests in the United States packing companies. Thus, he claims, Ireland which is disloyal; the United States which has repudiated the League of Nations; the Argentine which did nothing in the war at all; may send their cattle over to Great Britain, but Canada, which is loyal and spent millions in money and poured out its blood in the war may not.

**GRAIN STILL IN ONTARIO FIELDS**

Labor Shortage So Acute That Some Crops May Be Lost Entirely.

Woodbridge, Ont., Nov. 8.—So great has the shortage of farm labor in this section been that one farmer, totally without help, has set much of his grain out in the fields. Twenty-five acres of mixed grain, oats, barley and wheat are yet to be harvested. Though it is so late in the fall, the grain has not been injured by the weather, and is in almost as good condition as if it had been put under the cover of the barn roof in August.

**DIED IN 90TH YEAR**

Montreal, Nov. 8.—For many years a resident of this city and closely associated with its commercial, religious and political life, Edgar Judge, senior partner of the Judge Grain Company, Board of Trade building, passed away on Saturday night at the residence of his son, Rev. E. H. Judge, rector of St. Matthew's Church, Notre Dame De Grace. Mr. Judge was in his ninetieth year.

**C. P. R. DIVIDEND**

Directors of Canadian Pacific Railway met at Montreal and declared annual dividend of 2 1/2 per cent for quarter to Sept. 30, payable December 31, to record December 12.

Alleged Agent Back from Europe Fails to Shed Any Light on Finances.

**\$20,000 INVESTMENT GREW TO \$45,000**

One Payment of Fifty Per Cent. by Ponzi Reported by the New Witness.

Boston, Nov. 8.—The attempt of the Federal receivers of Charles Ponzi's shattered scheme of high finance to pick up a few more pieces of the missing assets to assist in meeting the millions claimed by creditors was renewed today with Louis Blass, an alleged agent of Ponzi, under examination at a hearing of the Federal court.

Blass, a salesman, just returned from Europe, was asked about a check for \$45,000 which he withdrew while the run on the Ponzi Company was in progress August 8. This sum, he said, represented an investment of \$20,000 made by himself and others, originally placed with Ponzi on May 11, and reinvested as \$30,000 on June 24, after Ponzi had paid him fifty per cent interest.

**Paid Out Profits**

To one of his associates who contributed \$6,000 originally, he said he paid \$10,000 and to another who gave \$19,000 he returned \$16,000.

Denial that he had received any payments as commissions was made by the witness when he was shown letters purporting to be written by him in which commissions of five per cent and ten per cent were mentioned.

"Then if you were paid anything by Ponzi you did not earn it did you?" counsel for the receivers asked Blass.

He answered: "I cannot recollect that I ever did."

**MILLIONAIRE DENIES PERJURY ACCUSATION**

New York, Nov. 8.—George S. Backer, millionaire builder, today pleaded not guilty when arraigned in general sessions court on charges of perjury growing out of his testimony before the Lockwood Commission investigating the activities of New York's alleged "building trust."

After a lively rhetorical battle between opposing counsel, in which Backer's lawyers fought for ten days' stay, and Samuel Untermyer, representing the investigators, held out for immediate trial, Justice Mulneen announced he would hear any motions which are to be made next Monday.

**SOFT COAL TRIAL IS POSTPONED UNTIL JAN.**

Indianapolis, Ind., Nov. 8.—Trial of the soft coal conspiracy case against 122 operators and miners in Indiana, Illinois, Ohio and Western Pennsylvania was continued today until January 16th by Federal Judge A. B. Anderson.

When the cases were called for trial today government counsel said it was not ready to proceed and Judge Anderson immediately undertook an investigation of Attorney General Palmer's connection with them as an effort is being made to learn what orders the attorney general had given regarding the scope of the government's evidence.

T. M. Burns, secretary of the local Board of Health, is spending his vacation in a tour of Cape Breton and other parts of Nova Scotia.

**A COLD PREVENTIVE**

Have you ever come out of a theatre, or church or over-heated room and felt, immediately the cold night air caught your throat and breathing passages, that you were going to catch cold? That is the time to take Peps. Two or three Peps taken at once will prove an unfailing preventive. A cold developed means needless suffering and expense. Safeguard yourself by always keeping a box of Peps on hand.

They are also best for coughs, sore throat and bronchitis. All dealers, 50c. box.

**AUSTRIA IS GETTING AUSTRALIAN WOOL**

Twenty Thousand Bales Sold —Wool Market Shows All-Round Improvement.

(Copyright 1920, by Public Ledger.) Bradford, England, Nov. 8.—The British Government has sold £300,000 worth of wool to Austria. The quantity involved was 20,000 bales of which 9000 bales were acquired on the basis of last month's London prices. The remainder is to be paid at the prices ruling at the first, second and third London auctions of 1921.

Respecting prices, no preference is being given to Austria, the terms are similar to those open to every buyer. There is a general all-round improvement in the trade. The London sales begin tomorrow, American buying orders already have been received. It is expected that good combing wools will be five per cent dearer.

**MONCTON COMING TO PROTEST**

Moncton, N. B., Nov. 8.—At a meeting of the Retail Merchants' Association here this morning it was decided that about fifty local merchants would proceed to St. John tomorrow morning to attend a conference with Sir Henry Drexton, Minister of Finance regarding the collection of the luxury tax.

Among discriminating smokers it is universally agreed that Player's are unequalled for their smoothness and delightful aroma.

### Morganatic Wife Claims Property

#### Greeks Have Novel Legal Problem Through Common- er Widow of Late King.

Athens, Greece, Nov. 8.—The question of the legal rights of Madame Manos, Morganatic wife of the late King Alexander, seems likely to create some difficulty, according to leading jurists of this city.

Her attorney on Thursday last asked the court to remove the seals from the apartments of the dead king, asserting Madame Manos, through her marriage and also because of her approaching motherhood would legally inherit Alexander's property. An attorney acting for former King Constantine then asked the court to suspend action until he had time to institute action in opposition.

Ex-King's View.

He declared Constantine intended to contest that the marriage of Madame Manos and the late monarch was invalid, and that Alexander's property should pass to his father and brothers. Should Constantine take legal action in the premises, the jurists predict, it would constitute an admission that he is no longer King of Greece, as the chief of state, being the dispenser of justice, cannot appeal to the courts. There is some speculation here as to the status in the dynasty of the child to be born by Madame Manos if her marriage should be declared valid.

### Velvet Flowers As Wrist Ornaments

#### Vogue of Artificial Blossoms Just Now as Wreaths and Girdles.

(Copyright 1920, by Cross-Atlantic.)  
London, Nov. 8.—Nothing is more attractive than a dower in the right place. This, with the beautiful artificial flowers which are now made, is increasingly recognized and a flower or two is fixed in every possible position.

This autumn it is rather in bloom of color and odor that most originally is displayed. Evening dresses are hardly complete without a wreath of flowers around the head or a band of them circling the waist. Wreaths may be of shimmering gold and silver flowers and fruits of velvet are also used widely.

The most pleasing and novel use to which flowers have been put this season has been by a famous dress designer. She has used a large velvet flower as a wrist ornament. The flower is a gigantic pink camellia, attached to the wrist by a band of pink velvet and worn with a flimsy dance frock of the same color. There are numerous flowers which could be used for the imaginative as smart wrist ornaments and this adds a finishing touch to any toilette.

### The Cinema.

The beautiful girl had gone up stairs and had just got down when she heard a call for her. She made a dash for her powder box in the dark and found her face and then she went down again to find a gentleman on whom she was anxious to make an impression.

And she did. He was perched at her feet, looking at her with a gaze that said nothing, but she chatted gracefully and had a delightful hour. As soon as she had gone, she rushed to the mirror, as every girl does when her beau leaves, she gave one screw and went off into hysterics. Instead of putting the puff into the powder-box, she had put it into the powdered charcoal used for her teeth.

### DEAD MEN TELL NO TALES

### TODAY'S TALK Living In The Light

By GEORGE MATTHEW ADAMS  
(Copyright, 1920, by The Wheeler Syndicate, Inc.)

I confess a kind of child terror at great storms—the I love them! But I would never choose to live in a country where storms never come.

None of the great forces of Nature is more uplifting than that of the sun. He is a pretty poor sport who would not face his days courageously after having been touched by a billion sun rays on awakening in the morning.

And yet it is only on the bright days that great shadows are possible. It's that way with the most helpful characters—those who have become great. Their paths have been strewn with shadows. Because, you see, it is the shadows which force out the man as he stands boldly against a background of tests.

It takes all kinds of people to make a world, they say, but it takes more kinds of experiences to make a man.

By living in the light, we learn to go thru the darkness.

The sun I like to think of as God's breath—breathing health and sweetness into the world. It is a scientific fact that the rays of the sun are able to kill the most virulent germ—somehow nothing of evil has long under its purifying power.

On the other hand, there is no other power so great in creative force as the sun. It makes all Nature glow—radiant! And we are all happiest on the sunny days.

Let us live in the light. And strive to bring others into it.

### Very Interesting Letter From Japan

#### Miss Riddell, Missionary to Leper Hospital, Writes to Women's Auxiliary.

A very interesting letter from a missionary to the Women's Auxiliary of St. John's (St. John's) church, which held its regular meeting yesterday afternoon. Mrs. John Hay Duggan Dorcas secretary, was present and members were deeply touched by the many pathetic incidents related in a letter from Miss Riddell, who is a missionary to a leper hospital in Japan. Miss Riddell wrote of the children's pleasure taken by some of the women in a doll with a complete wardrobe which was sent in a bale from Canada. She also told of the joy which crocheted silk caps and large cushions gave to the sufferers whose lives are thus prolonged, but who bear their sorrows so bravely helped by the consolation of the Gospel.

The President, Mrs. Alfred Morrissey presided at yesterday's meeting. Miss Sedler gave an excellent Bible study, taking as her subject the mottoes of the Diocese of Montreal and Athabaska. Mrs. Edgar Golding and Mrs. Likely gave short readings on China.

Miss Edith Skinner, president of the Girls' Association, reported on their work announced by tea and a concert to be held this month. Mrs. Morrissey read the report of the monthly board meeting.

### ENGLISH DRAPERS PLAN WELCOME FOR OVERSEAS VISITORS

#### Will Give U. S. Dry Goods Men Trip Through Industrial Centres of Britain.

(Copyright, 1920, by Cross-Atlantic.)  
By HAL S. WHITE

London, Nov. 8.—When the American and Canadian delegates of the Retail Dry Goods Association arrive to make their trip through Great Britain they will find that England under the direction of Lord Carson, has arranged a complete itinerary, through the principal retailing centres of the Empire. It is a return trip for the British merchants made to America and Canada and in every local community where a merchant delegation has already been appointed to see that full arrangements are made for their entertainment.

### Making Great Plans

The Chamber of Commerce and leading merchants are collaborating these arrangements and under present plans the first ten days will be spent in London, where the delegates will be met by the Mayor and the Lord Mayor. Automobiles will be made to points of historical interest and to great trading centers nearby.

Then ten days will be spent in Scotland and Lancashire in hosiery districts, one week in Yorkshire among the textile mills and one week in the midland counties of Birmingham, Stratford-on-Avon and the Chokes. A peasant district will also be visited.

"If possible," says J. E. Quilter, Jr., secretary of the London Drapers' Chamber of Trade, "we hope to give the delegates an opportunity during their visit to tour Ireland for one week. The British merchants feel indebted to American and Canadian delegates for the great kindnesses shown during their trip through America and would like to show these delegates a really good time and to reciprocate by a trip through Great Britain."

### GOLF CHAMP TO MARRY WEALTHY MEXICAN WIDOW

New York, Nov. 8.—Thomas D. Armour, of Scotland, amateur golf champion of France, soon will be married to Consuelo Carreras de Arcoana, it is announced here. Mrs. de Arcoana says she is the widow of the late Rafael de Arcoana, Mexican mine owner, who died last June, leaving an estate valued at more than \$15,000,000. She was denied the right to sue for her share of the millionaire's estate on the ground that there was no marriage.

Mr. Armour, who came to the United States in quest of the amateur golf championship of the country, met Mrs. de Arcoana at New London last month. Mrs. de Arcoana died a sudden death.

### Hospital Aid Tag Day Arrangements

#### Different Committees Report- ed That Their Plans Had Been Completed.

At a special meeting of the Women's Hospital Aid held yesterday afternoon in the Board of Trade Rooms, the arrangements for Tag Day on Wednesday were completed. Mrs. E. Atherton Smith presided. It was announced that Mrs. A. W. Estey will be out of town on Wednesday and a hearty vote of thanks to Mrs. Estey for the beautiful posters she has made was passed. Mrs. James Stirling who has strung all the tags reported that they are ready and Mrs. Duncan Smith gave a similar statement regarding the banks.

Plans Completed.

Reports that all plans are made were received from Mrs. Walter A. Harrison and Miss Puddington of Rothesay. Mrs. A. C. D. Wilson, Mrs. Boban, Mrs. Bertram Smith, Mrs. E. A. Young, Mrs. Carlotta Lee, Mrs. P. E. Williams, Miss Addy and others.

Mrs. E. Atherton Smith told of accompanying Mrs. W. W. White to St. Martins on Sunday where arrangements were made for headquarters for tagging to be done there. At Loch Lomond, Mrs. Barker promised to look after that section. Mrs. Gough will arrange for Silver Falls, Mrs. Southerton for Glen Falls, Mrs. A. M. Magee, Miss Murdoch and Miss Knight for East St. John. Mrs. Price Torryburn to Kingsport and there is a convener for Lunenburg.

### St. Paul's Young People's Programme

#### Unique Entertainment Car- ried Out at School House Last Evening.

A hundred young people of St. Paul's congregation greatly enjoyed a unique entertainment at the school house last evening. "Mystery Night" was the title given the affair, which was arranged by the following committee: F. W. Hewittson, W. C. Peters, Miss Belth Hamlin, Miss Hazel Peters, Miss Peters, Mrs. F. W. Hewittson and Mrs. P. N. Woodley looked after the arrangements.

The proceedings opened with a singing, when a number of popular songs were joyfully sung. Then followed a clever guessing contest, called a "Song Story," in which a story was read, entire sentences being left out by the reader. A pianist played a song, the title of which supplied the missing words of the story. It was required of the guests to fill in the song titles, and prizes were won by E. Hill and Miss Marjorie McColl.

### Amusing Contest.

An amusing contest was that in which photographs of the backs of some twenty members of the congregation had been taken. Those guessing the largest number correctly were Mrs. A. H. Crowfoot and Miss Clara Schofield.

A spelling match was another item on the programme, in which the team captained by the president, Rev. Archdeacon Crowfoot, won from the team captained by E. Hill. The prizes for all contests were judiciously shared.

During the evening the society voted \$25 towards the furnishing of a room in the Nurses' Home. It is planned to start a Choral Club in connection with the society and to give entertainments at the various institutions in the city. Twenty new members joined last evening, and all indications point to a very successful season.

### Do Them Good, Too

The Salvation Army, according to General Booth, is carrying on a great work among the beggars of eastern countries and in Colombo, where they were very numerous, they have almost disappeared. "I will tell you how we treat the beggars," said the general. "We make the beggars work."

### 50 Years Ago

Lord Leverhulme cut the lead of a portrait of himself he didn't like, and the artist is killing. He ought to be pleased, in earlier times disaffected patrons used to cut the head off the artist.

the Surrogate's Court a year ago last September, asserting that she had lived for twenty millions more than a year as his wife. She said their common-law marriage took place April 10, 1918, and that Dr. Arcoana publicly acknowledged and introduced her as his wife.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear, and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache—no struggling for breath at night.

Get a small bottle of Eli's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream to your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

That was fifty years ago. For fifty years this Favorite Prescription of Dr. Pierce's has sold more largely throughout the United States and, moving to Buffalo, he put up what he called his Favorite Prescription, and placed it with the druggists in every State and in Canada.

For over fifty years some of Dr. Pierce's home medicines have been selling over the drug counters, so that more than forty-eight million bottles have been sold during that time. This speaks well for the reliability and value of Dr. Pierce's standard home remedies. Dr. Pierce's Golden Medical Discovery is a blood tonic and strength-builder which contains no alcohol, yet has tonic qualities that have endeared it to the American public.

Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes and jalap, have long been considered a reliable vegetable laxative, in the same way that Dr. Pierce's Favorite Prescription has long been recognized as a tonic for diseases peculiar to womanhood. More recently that wonderful discovery of Dr. Pierce's—namely, Anurie (anti-uric-acid), has been successfully used by many thousands of people who write Dr. Pierce in unqualified terms of the benefits received—that their backache and other symptoms of kidney trouble have been completely conquered by the use of Anurie.

### Hundred Children Heard An Address

#### Interesting Services Held in St. Mary's Yesterday by Rev. W. B. Williston.

A very interesting address was given by Rev. W. B. Williston at the Bible Study Class held at St. Mary's church yesterday afternoon at three. He spoke on the Second Coming of Christ, one of the central doctrines of the church's teaching. These classes will be held at three o'clock daily.

At four o'clock one hundred children assembled and listened with earnest attention to a talk on the Gospel of Truth. At the evening service the sermon was upon the three parables in the fifth chapter of Luke, the Lost Sheep, the Lost Piece of Silver, and the Prodigal Son. Mr. Williston pointed out that all were lost, all out

of their rightful place, unless when they were and separated from their parents. He showed how the Father, Son and Holy Spirit work together for the salvation of men. It is only God who can save, and to be saved man must repent, which means the thing about and leaving behind the things which separate from God.

### WILL RAISE MONEY FOR WORK IN INDIA

#### Charlotte St. Baptist Church Women's Missionary Soci- ety in Session.

The Charlotte Street Baptist church Women's Missionary Society held the first regular meeting of the season last evening, the president, Miss Mary Fullerton, presiding. Reports were received from the various conveners of committees in connection with the convention held last month. The president suggested that the society shall make a special effort to assist in raising the sum of 5,000 for evangelistic work in India. Arrangements for a Canada meeting were made when it is expected that a returned missionary will be present to address members. Plans for the winter's work were discussed.

ST. JOHN, N. B., TUESDAY, NOVEMBER 9, 1920.

WHO IS IN CONTROL?

We learn from Frederick that there is every indication that a "show-down" in prohibition matters between the Government and the Temperance Alliance is expected to be called for this week.

Writing to the subject of the Scottish Act in a recent issue, the Manchester Guardian defines it as being not so much an attempt to abolish the use of alcohol as to "humanize the conditions under which alcohol is taken."

The Alliance seems to think that it is in charge of affairs or not. The impression is that it is the Alliance that really rules the roost, and such a condition of affairs is not regarded as at all satisfactory by the great majority of the people.

A despatch from Frederick says, regarding the reported resignation of Rev. W. D. Wilson from the Chief Inspectorship, that the Treasurer of the Alliance has stated that it was the Alliance's intention to have Mr. Wilson continue as Inspector for the present at least.

WHAT OTHERS SAY

Soviet Machinery. (Kingston Whig) Wherever two or three loaders are gathered together, there is a Soviet.

Will Be Welcomed. (Hamilton Times) Lloyd George may visit Canada next year. His good right hand will have to be in good trim to stand the cold hands that will want to shake it.

Be An Optimist. (Toronto Telegram) Canada is emerging from the after-war muddle with the sun of prosperity shining brightly over her broad domain.

Enforcement of Prohibition with a Gun. The story of the killing of an Innkeeper at Windsor, Ont., by a minister will come as a shock to all law-abiding people, who are under the impression that a minister's duty is to preach the Gospel and not act as a policeman.

That Limestone Quarry. The Honorable James Fletcher Tweeddale, the down-and-out Minister of Agriculture, and member for Victoria until the elections that county threw him overboard, has felt it necessary to rush into print in defence of, or apology for, the purchase of his limestone quarry at Brookville.

Soap Box Orator Methods. The gentle arts of misrepresentation and of demagogic appeal have evidently been carefully studied by Hon. Mackenzie King.

The Vote in Scotland. To describe the result of the recent meeting in Scotland as being a victory for the "dry" is a misnomer. There has so far been no attempt north of the Tweed to stop the manufacture, transportation and sale of all alcoholic drinks, which is what the term "dry" means in the prohibitionists' sense.

Supported, it will abolish the public house, the saloon, the bar, but it will not necessarily affect the club or the private cellar. Magistrates may still license any real restaurant (in a no-license area) and neither clubs, exclusive nor inclusive, nor domestic supplies will be affected.

In olden days the Scotch were a wine-drinking people, much as the Italians (though the wealthy among them may have favored a dash of smuggled French brandy), and their lives, like that in which Ballis Nicol Jarvie argued with the boy in the Australia have sponsored such legislation, which should be sufficient answer.

Mr. King, by the way he has acted and talked, has given added proof that he is unworthy of the position he seeks—the premiership of Canada.

The London Free Press proceeds to dispassionately look at the facts, and points out that under the old methods

of administration from Ottawa the Intercolonial Railway was bedeviled with politics. This was particularly true in the days of the Laurier regime. When the present Government took over the Canadian Northern and incorporated it with the Intercolonial an honest attempt was made to remove the administration from politics.

### STARTING TRIAL OF "BIG BILL" IN ARNSTEIN CASE

"Nicky" Arnstein Ordered Released on Charge of Contempt of U. S. Court.

### REFUSED TO ANSWER ALL COURT QUESTIONS

Charge Against "Big Bill" Furey Is That He Received Stolen Property.

Washington, Nov. 8.—Following the Federal District Court, the Supreme Court today ordered the release of Julius W. (Nicky) Arnstein, who has been imprisoned in New York since August 14, on charges of contempt following his refusal to answer questions put to him in a bankruptcy hearing. Arnstein's name was connected with questions of an alleged "ring" of bond thieves in New York.

### One Trial Postponed

The trial of W. W. Basterday, also indicted for alleged bond thefts, was set over until after Basterday's trial.

### SUPREME COURT IN SESSION TODAY AT FREDERICTON

Several Cases of Local Interest Docketed for Hearing at This Term.

Fred. N. B. Nov. 8.—The November term of the Supreme Court will convene in this city tomorrow when several cases of appeal will be argued before the full bench.

The following is docket for consideration:

**Crown Paper**  
1.—The King vs. William Van Buskirk, Attorney and Barrister, Wilson. Crown case reserved, Hon. Attorney-General for the Crown and Mr. P. J. Hughes for the defendants to argue reserved case.

**Appeal Paper**  
1.—John B. M. Baxter vs. John Mc Kinney; Mr. J. B. M. Baxter to support appeal from order of Mr. Justice Barry. County Court.

1.—Goodfellow vs. O'Brien, Limited; in Washington, D. C., on similar charges had been disposed of.

William J. Fallon, counsel for Arnstein, throughout all the months of his legal battle for liberty says that the Supreme Court verdict meant that his client would now gain his freedom on bail.

Mr. S. B. Hanson, K. C., for defendant to support appeal from Northern District County Court.

**King's Bench Division**  
1.—Keays vs. Doyle; Mr. M. G. Todd, K. C., for plaintiff to move to set aside verdict for defendant and enter verdict for plaintiff, or for a new trial.

2.—Hatfield and Scott Co., Ltd., vs. Canadian Pacific Railway Co.; Mr. E. H. Taylor, K. C., for defendant to move to set aside verdict for plaintiff and enter verdict for defendant, or for a new trial.

3.—Terrell vs. Saunders; Mr. P. J. Hughes for defendant, the like.

### ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is of "Bayer Tablets of Aspirin" which like 18 Karat gold, it positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package in a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer" in the words mark (registered in Canada) of these Manufacturers of Mono-acetylsalicylic acid. While it is well known that Aspirin means Bayer manufacturers, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

### DEAD MEN TELL NO TALES

## Why do People Wake up only Half Rested

ALL day long you are drawing on nervous force stored up during sleep. Then you go to bed, and Nature begins storing up fresh energy for tomorrow. When you wake up only half-rested, you haven't had the right kind of sleep.

Simmons "Waldorf," of specially tempered spring coils. Fine Springs that fit the contour of the body and support the spine in a straight line, insuring perfect circulation and restoring the energy used up in the fatigue of the day.

Simmons Felt Mattresses are the result of twenty-five years' study of equipment for sound, natural sleep. Made of pure, new cotton in clean, sun-lit factories. Used in thousands of fastidious Canadian homes.

And Simmons Pillows, which rest the head and neck exactly as they need to be rested.

Simmons Limited is specializing in *Twin Beds*. One sleeper does not disturb the other or communicate colds and other infections.

Simmons Metal Beds, Brass Beds, Springs, Day Beds and Children's Cribs are the most popular sleeping equipment in Canada today—in the stores of leading merchants right here in town—at prices little if any higher than the ordinary.

If you have any trouble in sleeping soundly—probably your sleeping equipment is at fault.

Wooden beds are apt to creak. Ordinary metal beds often rattle slightly—just enough to set your sleeping nerves on edge.

Or perhaps your bedspring sags or humps—keeps your muscles tense instead of relaxed.

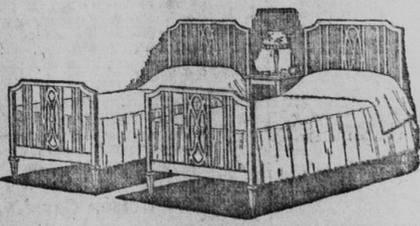

It may be your mattress is lumpy or uneven, or your pillow does not conform to your head and neck.

The Simmonds Metal Bed is *noiseless*. Just as the *sleep-inducing* Spring is a

### FISH DUTIES OF PRESENT SUFFICIENT

Retail Merchants Lodge Strong Protest Against Dominion's Luxury Tax.

Halifax, N. S., Nov. 21.—Sir Henry Dwyer, Minister of Finance and Hon. D. Robertson, Minister of Labor, representing the Federal Tariff Commission spent a busy morning at the Provincial Building here getting the views of Nova Scotia on the question of "protection." Groups of representatives of the manufacturers, the fishing interests, the farmers and the retail and wholesale merchants presented stated cases to the commissioners.

### The Fish Trade

A. H. Brittain, of Montreal, vice president and general manager of the Maritime Fish Corporation, argued the case of the fishing interests. The best interests of the Canadian consumer, well as those of the fishermen, will be served by the continuance of the present duty on fresh fish.

### Against Luxury Tax

The retail merchants, as represented by their committee on the Board of Trade, lodged a protest against the luxury tax, as it presses heavily upon the poorer classes of the population.

### Case for Manufacturers

In his presentation of the manufacturers' case to the commission, W. D. Piercey, of the Piercey Supply Co., said: "As manufacturers we desire the commission to understand clearly that we are not advocates of an unduly high tariff. As an experienced revision of the tariff has taken place since 1907, we anticipate that the investigation now being conducted will reveal some anomalies. It cases are found where protection is higher than necessary, we fully approve of a reduction being made in such cases but we likewise feel that where cases are brought to the attention of the commission in which it is shown that expansion of industries which should be located within the dominion cannot be expected unless there is an upward revision of the tariff covering such commodities then we expect that the government will provide for such upward revision; in other words, we ask for adequate protection for all industries already established within the dominion or which it is reasonable to expect can be successfully established."

### Fertilizer Duties

Miss R. M. Smith, speaking on behalf of the Nova Scotia Fertilizer Co., argued for the retention of the salt tax so far as fertilizers were concerned as well as for the retention of the present protection of ten per cent.

### THE DIPLOMAT OF AMERICAN GAS BUSINESS

Mr. E. Graham, of Dartmouth, Maritime manager of the Consumers Gas Company, strongly urged a change in the present tariff regulations.

"We would suggest that importers of gas meters and gas engines should be required to pay a twenty-five per cent duty on importations, and that they may be given a drawback of 50 per cent when they furnish satisfactory evidence that the gas had been used either for holding traps in the lobster fishery, or as head ropes of fishing nets."

### The Case for the Farmer

Nova Scotia farmers as represented by D. L. Taggart, president of the United Farmers of the province, expressed themselves before the commission as being in favor of a substantial reduction in tariff on articles necessary to agriculturalists. He attributed the "withering" of the agricultural industry and the depopulation of farms in part indirectly to a protective tariff which favored certain industries enabling them to offer better wages and shorter hours than the farms.

Mr. Taggart was in favor of a moderate degree of protection wherever he was convinced that it was absolutely necessary to maintain a natural industry. However, he believed that all manufacturing implements and tools used in production should be placed as near as possible on the free list so that the costs of these might be lowered to the consumer and food production costs reduced. He urged the removal of a ten per cent duty on acid phosphate which was used by the farmer in his raw form. He could not say whether the ten per cent protection was essential to the existence of Canadian fertilizer companies. He pointed out that ten per cent duty at the present price of fertilizer meant nearly three times as much duty as when the tariff was put on.

### The Smaller Industries

R. H. Mackay, speaking for the smaller industries of Pictou County, said they viewed with apprehension any reduction in the tariff.

J. P. Fraser, speaking on behalf of the pork packers of Halifax, said they favored retention of the tariff on hogs and meat products.

### Fears the Republicans

Mr. Taggart expressed some fear as to the possible policy of the Republican Party. "The farmers of Nova Scotia think that the tariff agreement between the United States and Canada should be such that they could depend upon a continuation of the present trade conditions in the United States in respect to natural food products. We fear, however, that if Canada persists in keeping up the bars between the two countries in respect to tariff matters, there is every danger of the new United States administration re-enacting the old McKinley legislation."

Principal Melville Cummins, secretary of agriculture for Nova Scotia, supported Mr. Taggart in his contentions.

Mr. Taggart admitted the association of farmers generally favored a

### EVIDENCE SHOWS PROOF OF WRONG

Divorce Court Concludes Hearing of Josephs Case But Judgment Not Given.

### Special to The Standard

Fredericton, N. B., Nov. 21.—The case of Annie Alvin Josephs vs. Russell Robert Josephs was continued in the New Brunswick divorce court when two witnesses, James A. Simpson, keeper of the Cumberland County jail in Nova Scotia and Herbert M. Sherwood of Bellefleur, N. B., were called.

The former stated that he had gone to Bellefleur to see the defendant and that when he called he had been told by a colored woman that the defendant was out. He met the defendant some distance down the road and the latter stated that he was living with his wife down the road. Simpson had stated "You needn't tell me that as I know better," whereupon the defendant stated that he and his wife had parted and that he was living with the other woman.

H. M. Sherwood, of Bellefleur, stated that he had been asked to get the defendant's first name, as well as that of his wife for the voters' list and he had gone to the defendant's house where he saw the defendant and a colored woman, whom he judged would weigh about 350 pounds. He stated that he had asked their names and had been told the defendant's name was "Hussell" and the woman's name "Maude."

This concluded the evidence in the case and the court stated that proof of the adultery had been given as well as proof of the domicile but that time would be taken to consider where the evidence under the commission was sufficient to prove the validity of the marriage. The plaintiff is a white woman.

### The Houston Line.

The Houston Line freighter Honorus has arrived at Montreal from New York to load for Montevideo and Buenos Ayres, sailing about the 15th. She will be followed by the Hydyspe, which is due at Montreal on the 16th from Glasgow, and which will sail again for South America about the 20th. The latter will be the last sailing of the Houston Line for South America this season from Montreal. This service, which has increased greatly this summer, will be continued from the winter port of St. John, N. B. The original intention was to make this a monthly service, but the large quantity of cargo offering has required the diversion of extra tonnage to this route.

**AROUND THE CITY**

**STRUCK BY LIGHTNING.**  
 The fog alarm building on Saturday was struck by lightning on Saturday and a large portion of the roof was destroyed. No damage was done to the alarm. Repairs will be started immediately.

**ROTARY CLUB.**  
 The speaker at the Rotary Club yesterday was Dr. A. H. Chipman who gave an interesting talk on the ear, nose and throat. Messrs. Culver, Mack and Weyman were appointed a publicity committee for the club.

**EARLY MORNING FIRE.**  
 The residents of 97 Orange St. were awakened early yesterday morning by the smell of smoke and sent in a still alarm. After an hour and a half of hard work the firemen extinguished the blaze which did considerable damage.

**METHODIST MINISTERS.**  
 The weekly meeting of the city Methodist ministers was held yesterday morning in Centenary church. Several matters of routine business were disposed of. Rev. H. A. Goodwin gave an interesting report of the recent social service meeting in Toronto.

**CHARGED WITH ASSAULT.**  
 William J. Buckley was arrested at 320 yesterday afternoon for being drunk on Long Wharf and also for assaulting Andrew Stevens by hitting him in the face. He was arrested by Police Constable Sheehan. One drunk was arrested last evening.

**COUNCIL MEETS THIS MORNING.**  
 The city fathers will meet in session this morning instead of this afternoon to permit His Worship Mayor Schofield and Commissioner Thornton attending the annual meeting of the St. John Exhibition Association, which will be held in the office of secretary at three o'clock this afternoon.

**MINISTER ARRIVES HOME.**  
 Hon. W. F. Roberts, Minister of Health, arrived home at noon yesterday from a trip to Ottawa, New York and Boston. At Ottawa he attended the sessions of the Dominion Council of Health and while in the American cities investigated methods of carrying on public health work there.

**BOARD OF TRADE NOTES.**  
 A directory of the merchants and manufacturers of Yokohama, Japan, has been added to the list at the board of trade that is open for consultation. Hon. R. W. Wigmore has written to the board of trade that he will be glad to discuss the matter of the luxury tax with Sir Henry Drayton on his return to Ottawa.

**HAD CONFERENCE.**  
 A conference was held yesterday morning between representatives of the Freight Handlers' Union and J. M. Woodman, general superintendent of the C. P. R., New Brunswick district. It was said afterwards that the men presented a demand for an increase from fifty-six cents an hour to seventy-five cents, and a change in working conditions, and that Mr. Woodman offered fifty-seven and a half cents an hour, which he said was the maximum price paid along the Atlantic coast. The men said they had no authority to accept the offer and would have to report back to a meeting of the union.

**CATHEDRAL BAZAAR.**  
 The large crowd that attended the Cathedral Bazaar at the Y. M. C. I. last evening were well pleased with all there was to see and enjoy. The large number of attractive booths and the many novelties contained in each kept all in good humor, and every feature of the big fair received a generous patronage. The door prize, a handsome pair of fancy vases, was won by ticket 2204. The flower booth prize, a pair of chickens, was won by Miss Sullivan. Miss McNamara was the winner of the fancy work booth prize, an embroidered bureau scarf and pin cushion. The grocery booth prize, a pair of pumps, was won by ticket 22. The door prize Saturday night, a barrel of apples, was won by ticket 170. Tonight's door prize will be \$10 in gold.

**Celebration of Armistice Day**

**Memorial Service, Smoker, Basket Social and Dance, School Half-Holiday.**

Thursday is Armistice Day and while many other cities, towns and villages throughout Canada and other parts of the world are celebrating the programme in St. John will not be on the lines of an extensive programme.

Mayor Schofield brought the matter up in the meeting of the common council yesterday and after some discussion it was left to His Worship's hands to make arrangements and there is no more royal subject or harder worker during the period of the war than the present mayor and undoubtedly in the short time given him he is doing his best. Speaking to the Standard last night the mayor said that a Memorial Service might be held in Trinity church and special exercises conducted in the public schools. Perhaps something else will come to the front today and St. John will not be behind the times in making "Cease Firing" the order and the great victory of the world's greatest war was won by the Allies and rightly it was decided that the celebration was that for the citizens of the city and that they would participate as citizens now that they were in "civies."

**The Veterans**

At an executive meeting of the Great War Veterans Association held last night, among other matters Armistice Day was mentioned. The brave boys who fought for King and Country will remember the time when "Cease Firing" was the order and the great victory of the world's greatest war was won by the Allies and rightly it was decided that the celebration was that for the citizens of the city and that they would participate as citizens now that they were in "civies."

**The Public Schools**

During the course of the meeting of the Board of School Trustees held last night the matter of Armistice Day was brought up and it was decided that the thousands of pupils in the St. John public schools would be afforded an opportunity to celebrate and an order was given that the scholars be granted a half holiday in the form of one session. Undoubtedly during the morning session at the schools the teachers will point out to the scholars matters regarding the great war and how through the brave efforts of their fathers, brothers, or other relations it was only brought about by the brave efforts of those who fought, bled and died for their country.

**The Organizations**

A number of the organizations in the city have so far not given out any programme for the day which was so greatly celebrated in 1918. The Sons of England an order with many members, have decided to celebrate the event when Marlborough Lodge tomorrow night will hold a smoker in their hall in the Orange Hall, on Germain street and brother members and friends will be present.

The Sons of England in this city have an honor roll of which they are proud for a great many of their members. In fact nearly every man fit to fight for the cause of right went to battle and the casualty list is very large. The war is over and the day it finished will be remembered in, as the programme states, special songs, music and a general good time.

**Princess Pats Band**

The Princess Pats Band, which is none other than the St. Mary's Band of St. John and the only musical organization that went into action in France as a body are celebrating it at the Manor House on Thursday night with a basket social and dance and the Lieut. Governor and Mrs. Pugsley will be the guests of honor. The St. Mary's went overseas twenty-seven strong with the 140th Battalion and after a stay in England announced that they went over to fight and eventually were drafted to the Princess Pats, served with that famous battalion and returned to Canada with the Pats when the war was over. It did not come with the same members as went overseas as some were wounded and others were left there—those who paid the supreme sacrifice, among whom was their beloved bandmaster, Charles Williams. The latter's place was taken by Harold H. Williams, a younger brother, who is now instructor of St. Mary's.

It is possible that something else will spring up before Thursday when the day of all days, that when Great Britain and her Allies were freed from the bondage of a terrible foe and the world was set at peace will be celebrated by others than those mentioned above.

**Steamer Arrives From West Indies**

**R. M. S. P. Chaudiere Brings 144 Passengers and Large General Cargo.**

The R. M. S. P. liner Chaudiere, from the West Indies, docked at the Sugar Refinery wharf yesterday afternoon. On board were 30 first-class passengers, 72 second, and 41 third. The steamer carried a large general cargo, mostly sugar and molasses. The sugar will be unloaded at the Sugar Refinery wharf, and the molasses at the Postmill wharf for Montreal and other destinations.

The first-class passengers were as follows:  
 W. E. Coombs, L. Tuck, Demerara.  
 E. K. Martin, Barbadoes.  
 E. Gregg, St. Lucia.  
 Mrs. Warrington, Miss Warrington, Mrs. Weeks, Miss M. Sweeney, Montserrat.  
 Capt. J. Burnside, J. Maginley, Hon. Chas. Griffin, Mrs. C. Griffin, Miss Kathleen Griffin, Mrs. Alice Griffin, Antigua.  
 Miss Alma Stephens, Miss Lillian Stephens, St. Kitts.  
 Paymaster Capt. C. E. Batt, Mrs. C. E. Batt, Alonso Peniston, Paymaster Lieut. A. Parsons, Bermuda.  
 Excellent weather prevailed during the voyage, which was much enjoyed by those on board.

**School Teachers No Change In The Street Car Service**

**Manager Says Twenty Minute Service Will Remain Until One-Man Car Is Used**

Any one lingering around the head of King street these evenings, when the chilly blasts of fall begin whistling around the corners and makes their presence felt, will hear a quantity of real "cuss" words from the groups gathered to board some particular sea going car of the street railway company which is a long time appearing. Their complaints of the service now being offered by the company are many and some of the things said about the running schedule would not look sweet in print.

**Ask For Increase**

Miss Milligan first spoke in behalf of the delegation in the absence of the chairperson of the teachers' Special Committee, Miss McCluskey, who was unable to attend owing to illness. Miss Milligan read a lengthy petition to the board requesting a general increase in salaries to teachers of all grades, pointing out that they desired to have such salaries that they may live comfortably and be able to save a little for the time when they will have retired. The speaker also claimed that, owing to the enormous increase in the cost of living, the teachers found it difficult to live. Miss McAlary then read the requested schedule of salaries for grade teachers and for supervisors and for teachers on special subjects. The board was then addressed by Miss Wilson, who declared that the claim for increases was based upon two broad principles. One was the cost of living and the other the status of the teacher. The schedules drawn up were not intended only to meet the rise in commodities, but also to give the teachers a desirable one for a life work and the present scale of pay was far from conducive toward augmenting the number of teachers in the schools. The ranks were being depleted considerably. The speaker also contrasted the salaries paid in St. John to those paid in other parts of the province, Montreal and the western provinces, suggesting that consideration should be given to length of service, grade of work, and class of students taught. Miss Holders spoke briefly, asking that higher salaries be paid. The chairman then informed the delegation that the matter would be referred to the finance committee.

**Save Money**

Taking the month of October as an illustration, Mr. McCaulay said, the present schedule saves 2,800 hours for the company, or over \$6,000 in money, and the revenue, as compared with October of 1919, was only \$400 less. He believes that had they been running on the old schedule the extra receipts would not have totalled a fifth part of October's savings, and the expense would have doubled.

The introduction with service of the one man car will keep the men employed and better cater to the riding wants of the public. Mr. McCaulay intimates that if the one man car into service, a schedule of fares in the way of book tickets will be issued which will be more inviting to those obliged to patronize the street car service. Ten minute service at reduced rates should, in the opinion of the company, appeal to the public and carry favor for the one man car. The company hopes later on to get an expression of public opinion on this question.

**CHEIF INSPECTOR HAS NOT RESIGNED**

**Rev. W. D. Wilson Informs The Standard Resignation Not in Hands of Gov't.**

The report published in an evening paper, Monday, that Rev. W. D. Wilson had resigned as chief inspector, is erroneous. Mr. Wilson informed The Standard last evening that his resignation was not in the hands of the government. He is ready to hand in a bill drawn up by his successor and that cannot come any too soon for Mr. Wilson, as he has a more attractive position awaiting him.

**WAS WINNER IN ELOCUTION CONTEST**

Miss Katherine Shepherd was the winner in an elocution contest held at Centenary Church last evening. Other contestants were Miss Eva Hutchinson, Miss Charlotte Calkin, Miss Mildred Bellamy, Miss Clara McDonald. The judges were Rev. Moorhead, Legate and Joseph Kee.

Following the contest a programme was given, which included a piano solo by Arnold Young; vocal solo by Miss Marjorie Turner and J. Stewart Smith.

The pleasant entertainment was arranged by the Young People's Society of Centenary church with Mrs. G. K. Sheils as convenor.

**Both Male and Female Along With Janitors Want More Money.**

The Board of School Trustees held its monthly meeting last night, at which the following matters were presented: Dr. A. Y. Emery, chairman; Geo. E. Day, Thomas Nagle, Mrs. Richard O'Brien, G. Herbert Green, E. R. W. Ingraham, M. Cost, J. D. F. Lewis, A. A. McIntyre, H. Colby Smith, Dr. H. S. Bridges, superintendent of schools, and the secretary, A. Gordon Leavitt.

**Janitors After Increase**

An increase from \$36 to \$45 per month was also granted to the janitors of the Newman street school, and upon motion of Trustee Green, carried by Trustee Nagle, it was decided that the school pupils of this city will have one session only on Armistice Day. The secretary then submitted his report, showing the audit of all books and accounts for the year and his detailed report to the chief superintendent of Trustee Green on the schools in the City of St. John.

**Lease of Property**

Trustee Day brought up the question of the lease of the Simon property on Newman street, in the north end, stating that a lease could be procured for twenty-one years; but on motion of Trustee Nagle, seconded by Trustee McIntyre, it was decided that the chairman should nominate a committee of three for the purpose of taking the necessary steps to have a bill drawn up for presentation at the session of the legislature next power to expropriate this property. Trustee Nagle, Lewis and McIntyre were then nominated by the chairman as a committee to take the necessary action.
